The following communication has been anded in by an old citizen and a veteran of the Mexican war. It is an honest senti-ment, and will no doubt be perused with in-herest by our ''model' legislature:

Alamo Memorial Association A meeting of citizens is called to assemble at the Alamo literary hall at 8 o'clock this evening to organize a memorial association whose object will be the erection of some whose object will be the erection of some appropriate memento to the memory of the heroes of the Alamo. Ladies are especially invited to be present. The movement is encouraged by many leading citizens, and will undoubtedly be vigorously pushed. Every one invested with the least spirit of gratitude for the achievements, and heroic life and death of Crookett, Bowie, Travis and their brave comrades, will certainly lend, cheerful assistance in this important matter.

One of these coaches is now on the way to this city. It was constructed in the company's shops at Benficklin.
