Attention Retailers Association
The Association meets next Friday night 8:20 will be in session about 30 minutes. Bring names and addresses of all parties who have left the country, and also left unpaid bills that are not receiving proper attention. These names will be published in a state bulletin and sent all members of the association in the state. Any member may now have ratings by phoning this office. B. Stephenson, Sec.

Insects that Pester Stock
DO more harm than just the discomfort they cause. Cattle and horses worried by the pests lose flesh and vitality. Cows give less milk and horses do not work as well as when their energy is wasted in fighting insects. Use our

Retailers Association---Commercial Club.

It has been decided that these two organizations will assist each other, especially in numbers in working out problems for the town and country.

Hereafter the two organizations, until it is tried out, will meet the same night, the second and fourth Friday nights each month. The Retailers Association will meet at 8:20, and the club at 8:45. The retailers will transact business, they have pertaining to that department, and then come in with the club meeting.

The road through the deep sands will be again discussed and a further effort made to put it through.

The following from the Record is self explanatory:

"J. C. Johnson, W. N. Johnson and Mr. Dunmore, all Lovington men, who have just arrived in Lake Arthur from Roswell, where they took their wool to market, loaded out Monday for Lovington with lumber for the new Baptist church that is being built at that place. The church is to be 36 x 40."

The Commercial Club now has an elegant place to meet, open, roomy, well ventilated and well lighted both day and night, and accessible. The advertising committee will begin classified advertising in a modest way, and branch out from that as they are able, also several dailies, and a number of magazines will be found regularly on the club tables for the convenience of members when they have spare moments up town.

The Retailers Association have under consideration a trade excursion to the mountains, which will visit all the settlements with a view of convincing our neighbors on the hill that Artesia is a good place

to sell their products and buy supplies. But first some inducement for their coming must be offered by the merchants before the excursion is pulled off.

No Cannery this Year.

The building of a canning factory for Artesia this season will be abandoned. The building committee having decided the crop in sight would not justify its construction of factory this year. Mr. Pearman, of the Lakewood cannery, and President of the Lakewood National Bank, has just notified parties in Artesia that the factory at that place will take care of tomatoes being grown in this vicinity.

Lampton---Clark.

The marriage of Miss Mae Clark, daughter of the late Mr. and Mrs. Thomas J. Clark, of Plaquemines Parish, to Mr. Wallace S. Lampton, of Algiers, was celebrated on Thursday morning, June 27, at 5:15 o'clock at a nuptial mass in the Church of the Holy Name of Mary. The ceremony though simple was very impressive, and was performed by Rev. J. Delare, S. M. The gorgeous marble alters of the Church of the Holy Name of Mary were ablaze with waxen tapers and electric lights, and the sanctuary was adorned with palms and ferns.

The bride was attended by Miss Hattie Butcholz, as bridesmaid who was attractively gowned in white marquisette, while the groom was attended by Mr. Peter Rupp, as groomsman. The bride, a charming young lady, walked in leaning on the arm of her cousin, Mr. Thomas Tully, who gave her in marriage.

She was handsomely attired in white embroidery mull trimmed with Irish point lace. The bridal party wore large Panama hats trimmed in lace and ribbon.

On account of the recent bereavement in the family the wedding was very quiete

Breakfast was served at the residence of Mrs. M. Gallager aunt of the bride in Vallett Street, in which only the bridal party and relatives participated.

The young couple left at 8 a.m. for Galveston, Tex. where they will spend their honeymoon. On their return they will reside with the brides aunt in Vallette Street.—New

Orlean's La. Picayune.

The bride is a sister of Dr. J. J. Clark and is a very charming young lady. She has visited in Artesia and is quite popular in society circles.

Happy Hour Club.

The Happy Hour Club met June 19th at the home of Mrs. J. E. Hogue, about twenty members being present. The afternoon was spent in pleasant conversation, needlework and music. After a short business session the hostess served delicious refreshments and at a late hour the Club adjourned to meet July 17th at the home of Mrs. L. N. Brownlee.

Social Entertainment

At the pretty home of Mr. H. T. Boyd, Monday evening a very unique social was tendered to the B. Y. P. U. and a large number of their friends in the form of a "Three Sided social." The guests were met at the door by the three hostesses, Miss Myrtle Boyd, Miss Jennie Atteberry and Miss Anna Pardon.

A musical program was then rendered, consisting of three numbers: Miss Mann gave a piano solo which displayed her rare talent as a musician.

Mr. Kaufman sang in his usual pleasing manner, while little Miss Zanada and Helen Mann delighted their hearers with a duet.

Progressive conversation and a guessing contest in form of Automobile Romance held their attention until they were shown to the lawn, which was prettily lighted with Japanese lanterns, where refreshments were served and games played until a late hour.

Woodrow Wilson, a progressive democrat, will be the next President.

Congressman George Curry has given it out that he will be found lined up with his Rough Rider friend. Aside from a conscientious view of the matter this choice will place him in the biggest crowd in his party in New Mexico. George loves company and he knows it's going to be mighty lonesome drifting along with the old party in this state during next four years.

A call to the people of the United States who are in sympathy with the third party movement has been issued requesting that they send delegates to a national convention to begin in Chicago on August 5th. The call is signed by representatives of committees of more than forty states. Persons from all political parties are invited to participate. The new party as yet has no name. This third party movement will split the old Republican party as it has never before been divided, while the participants cannot and do not now hope for success in this campaign they will develop sufficient strength to defeat the regular nominees.

The Artesia baseball boys sustained defeat at Pecos this week. They will play Roswell next Saturday and Sunday. It is now a tie between Artesia and Roswell. This game will decide the inter-city contest.

There is something doing all the time at Portales these days. That section is being more extensively advertised than ever before and much development is being made. A great electric power plant has been installed and many individual smaller plants are in operation all pumping from the shallow water strata underlying the valley. Visitors from all over the country are being attracted to that section.

R. J. Bigelow was in town from his home at Lakewood last Saturday. He has contract to make a test well for oil southwest of Dayton and stated that it would be several days before they can begin work on the well. The contract was given to his firm by Mrs. Williams, of Ohio.

The sugar beet tests being conducted in this vicinity seem to be meeting with fair success and the different patches are growing nicely, some individual beets now weighing more than one pound each.

Did you know Geo. Z. Cowan? He is reported to have died in New Mexico about Jan. 1, 1912. The information is wanted for an only sister. He was about 60 years old and had been a hard drinker for many years. Address H. S. Comer Fairfax, Minn.

An electric railway system for the Pecos Valley, extending from Roswell south, is not a far distant realization and its construction will increase land and property values, add many thousand people to our valley, and make more rapid the development of this wonderful valley.

A bunch of Artesia sports pulled off a "10 Round Contest" at the Majestic theatre several nights ago between Campbell and McHorse, which resulted in a slugging match in which Campbell was seriously hurt, being unconscious for some time after the fisticuff. He sustained serious injuries about the head and body and may not recover. It is reported the town council will pass an ordinance that will prevent the re-occurrence of such an affair which has disgraced the good name of Artesia.

**THE BEST SERVICE AT
FAIR RATES**

The most valuable tele-
phone service is the service
that makes communication
possible with the greatest
number of people. That is
the significance of the term
universal service. The great
Bell System approaches
very nearly this ideal con-
dition. If you have a Bell
Telephone, you are connect-
ed with a system that serves
twenty million people. Isn't
that worth while?

And isn't it some satisfac-
tion to know that the rates
you are paying are only suffi-
cient to cover operating ex-
penses, and pay a fair rate
of interest on the investment?
No bonds on which to pay
interest; no water in the
stock; in fact, and here's the
big thing that commends The
Mountain States Telephone
and Telegraph Company,
for every dollar of capital
stock issued, there is \$1.15
invested in plant.

Isn't that eminently fair
to the public.
