eminently fitting that we, as the duly authorized and elected representatives of the democratic party in Eddy County, should, while counseling as a unit, and with minds keened by the adverse criticism of our opponents of whom many are men without a party, not only re-affirm the principles which made our party great but which are now, through a great party leader leading a people, oppressed by years of republican misrule out of the wilderness into the light.

To review the many events of the past two years would be out of place at this time. History has been made more rapidly during the past two years than during any previous two years in the history of our government. The story of the displacement of The Rule of the Interests by The Rule of the People under the direction of that great and wise statesman Woodrow Wilson is being told in the columns of our newspapers from day to day. This period of transition, in which the voice of the humble worker is heard louder than ever before, marks the change in this government from the rule of aristocracy to the rule of democracy. Knowing our leaders as we do, with unbounded faith in their fidelity and judgment, we feel confident that the passing of this transitory stage in the life of our government will bring with it the dawn of a new era in the life of American citizenship as an era of unprecedented prosperity.

The acts and criticisms of those who were once accustomed to regard the portals of our national legislative halls as private property we condemn and resent. As sheep without a shepherd, one faction of a one time formidable party, is now casting about, urged on by powerful interests, in search of a leader. Like wolves which have been separated from their prey, their howls are heard from coast to coast. Another faction, fathered by the most notorious demagogue in history, under conditions as revolting as those responsible for the existence of the brothel and the gambling den, about to sink into an inglorious oblivion through the insincerity of its platform.

On the other hand, our party presents a more solid front today than ever before in its history. In spite of many party leaders, of many persons attending an abject resolution in administration of many persons both at home

and abroad involving also the most delicate task of treating with a people torn into domestic shreds but struggling to preserve an entity under adverse conditions, we find ourselves today in a position to demand a continuance of office and on the achievements thus far attained, we feel that the work and policies of President Wilson must be endorsed, not only by the democratic party but by all right thinking and fair minded people.

Our state, still in its infancy, has grown lusty under a wise and capable leadership. Having been weaned from a federal teat to which it had clung through a long period of drought and dead grass, it has been brought through that trying and dangerous period to a healthful and wholesome existence through the resourceful and intelligent treatment administered by a capable governor assisted by a corps of faithful and efficient administrative officials. Throughout this constructive period, the most trying and the most dangerous in the life of any state, Governor McDonald has been firm and courageous and to his firmness and courage he has added a breadth of intellect which has placed our new state in an enviable position in the great Sisterhood of States. To Governor McDonald we feel that we owe our hearty support and that it is due him, as the leader of the democracy in our state that we pledge our unflinching loyalty. To Congressman Fergusson, for the manner and dignity in which he has represented our state in the Halls of Congress we extend our endorsement and for standing by the heads of the administration.

To our county officials who have given of their untiring energy in the administration of the affairs of this unit of our state government we would express a sense of pride and in the conduct of our county's affairs we feel that in spite of handicaps which, at times would appear almost unsurmountable, these officials have so governed themselves that they are entitled to the recognition which we feel they deserve at the hands of the public, as capable, honest officials with eyes singular to the welfare of the people to whom they owe their offices.

In recounting then, the achievements of our party, as a national factor, in state, county and precinct, we offer the following:

**Be it Resolved by the Democratic Central Committee of Eddy County in Convention Assembled,**

That, as democrats and as citizens we unhesitatingly accord to our party leaders, in national, state and county affairs, the right to feel that we, as co-workers with them should give them our support in all matters pertaining to the welfare of the whole people and that we bend every effort to sustaining the strong hand of our president Woodrow Wilson, than whom no greater democrat ever lived; that we pledge to our Governor, William C. McDonald, and our Congressman, the Hon. H. B. Fergusson, our undivided support and that as democrats working together for a common cause, we put forth our best efforts to preserve the unity of our party in Eddy county and to make of it a greater and a stronger democratic party.

The Chairman announced the next order of business to be that of taking up the matter of selecting a date for the holding of a primary election to nominate two candidates for members of the State Legislature from Eddy county and a Judge of the District Court of New Mexico. It was the order of the day, August 17, 1914.

At this time, while the able demagogues and flatterers of government of the people are busy in the way of our party leaders, of many persons attending an abject resolution in administration of many persons both at home

primary in Eddy county and the Judicial primary in Eddy county, and the Chairman was delegated with power to confer with the Chairmen of the committees from the other counties in this district and endeavor to have the Judicial primaries throughout the district held on August 8, 1914.

The committeemen were instructed to hold a convention in their respective precincts on the day of the primary and elect delegates to a county convention to be held in the District Court Room in the town of Carlsbad on August 11, 1914 for the purpose of selecting 10 delegates to the State Convention. Each precinct to be allowed three delegates to the county convention and in addition thereto one delegate for every fifty votes or major portion thereof cast for the Hon. H. B. Fergusson in the general election in the year 1912.

For the purpose of defraying the expenses of holding the primary election the candidates for District Judge will be assessed \$100.00 and the Legislative candidates will be assessed the sum of \$15.00 each which fees must be paid to the treasurer of the committee not less than ten days prior to the date of the primary election.

G. M. Cooke was elected treasurer of the committee.

It was moved and seconded that three judges be appointed to hold the primary election in each precinct, two of whom shall act as clerks of said election, each judge to be paid the sum of \$2.00 for his services. The motion was carried by unanimous vote, and the following judges were appointed for their respective precincts:

(List of Judges will be printed next week.)

On motion duly made, seconded and carried the rules for conducting the primary elections held in the years 1911 and 1912 will govern the manner of holding this election.

Moved by Merchant and seconded by Beeman that the usual pledge to support the ticket nominated be printed on each and every official ballot cast at this election, that the same be underscored and that any mutilation of the pledge on any ballot shall invalidate the same and the judges of the election are hereby instructed not to count any ballot on which the pledge is mutilated.

Committeeman J. M. Wood from precinct No. 4 tendered his resignation as a member of the committee which was accepted and on the recommendation of Mr. Wood, Mr. Farris Heath was elected to succeed Mr. Wood as a member of the committee.

A vote of thanks was tendered by the committee to Dr. W. C. Cowan for the valuable services as chairman of this committee during its tenure of office and the Chairman instructed to tender to him an expression of appreciation and a committee for his efforts in that capacity during the previous campaign.

The delegates adjourned to meet August 11, 1914, at which time a canvassing of the primary election.

G. M. COOKE, Chairman, Eddy County Democratic Central Committee.  
John B. Harvey, Secretary.

## SHOWS DEFICIT IS FALSE ALARM

UNDERWOOD PRESENTS FIGURES WHICH GIVES \$30,000,000 SURPLUS FOR YEAR.

## BIG INCOME TAX FUND

HOUSE ADDS \$500,000,000 FOR WORK OF COLLECTING REVENUE UNDER NEW LAW.

Washington.—Fortified with official figures from the Treasury Department Democratic Leader Underwood told the House Saturday there would be no deficit in government finance and that any prediction of one was a dream based on wishes sprouting from political antagonism.

In an analysis of the financial situation, he said the total receipts of the fiscal year ending June 30 aggregate \$733,000,000, plus of \$30,000,000 and a half year's operating tax.

That did not include the expenditures, estimated at \$335,000,000, he declared, and that the receipts would practically pay the canal receipts would be expenses.

Underwood's speech was of the Senate's amendment to the revenue bill to the treasury fund for collection of income tax from \$1,000,000 to \$100,000,000, which the House finally passed.

Underwood explained that the bill was for the collection of the income tax from personal corporations trying to evade the tax.

"For next year, he said, we can be assured that we have \$100,000,000 from income tax even if no more corporations are collected than was collected last year, more proportionately with the increase."

Underwood said that receipts were producing the \$22,000,000 more than the \$22,000,000 had expected, and the Treasury Department had reported the figures of the total receipts of the current year just ending.

Income and corporation receipts \$309,000,000, Internal revenue \$309,000,000, estimated at \$312,000,000.

Customs receipts \$292,000,000, estimated at \$270,000,000.

Miscellaneous receipts \$57,000,000, estimated at \$59,000,000.

## "WOMAN SUFFRAGE INEVITABLE"

Speaker Pledges Support When Women from Thirty-eight States Visit U. S. Capitol.

Washington.—Speaker Clark told a delegation of women from the National American Woman's Suffrage Association that "woman suffrage is as inevitable as the rising of tomorrow's sun."

"For six thousand years," said the speaker, "men have been trying to run the world and some think they have made a bad mess of it. I hope that when you women run it, you'll improve on it. I think woman suffrage is inevitable."

Mrs. Antoinette Funk of Chicago said the delegation wanted their petitions sent to the senators by messengers.

"I will do that for you," said the vice president, and calling pages he ordered the petitions distributed.

## "Give Us a Democratic Postmaster."

Under the above head two weeks ago the Advocate made statement of facts in regard to the need of a change in the postoffice at this place.

In justice to the applicants for the office it is necessary in view of certain statements made by persons who have no regard for the truth and who desire to misrepresent the facts, to state that the article referred to was written by the editor without the knowledge of either of the applicants for the postoffice here or anyone else. Any statements made by any one, be he "prominent democrat" or any one else, to the effect that someone other than the editor of this paper wrote the article are absolutely untrue, and are made with the desire to misrepresent the facts.

The matter stated in the article cannot be disputed. The editor of the News, whoever may be filling that position, not being able to offer any defense, very studiously avoided reference to the matter contained therein, and endeavored to divert the attention of its readers by an effort to make sport of this paper and by a lot of silly rot that is not worthy of any attention by us.

It is not the purpose of the Advocate to belittle the News or to make any unjust attacks upon its owners. Neither is it our purpose to engage in a series of wrangling articles with its publisher. It was and is our purpose to effect by perfectly legitimate means the early retirement of the present incumbents in the post office and secure the appointment in their stead a Democrat. The Advocate will be satisfied with the one who is selected if he is a loyal and competent Democrat.

By reference to the sub-head of this paper the names of its owners may be ascertained. And while our name appears as editor we assume entire responsibility for everything that may appear as emanating from that source. It has been our experience to have been engaged in the newspaper and printing business the greater part of the last twenty-five years. Our efforts have been rewarded with success in every instance. But we have never used our paper to bolster ourself into office and then "run the newspaper to keep the office."

## Install Big Motors

In the last issue of the Advocate it was stated that an oil engine had been placed at work on the levee side place south of town. It should have said that a motor had been installed. The motor is a big 30 horse power machine, driven from the plant at Artesia, which is a model plant in every particular. There is no kind of power that is so satisfactory as electricity when the power is always ready as it is here. The Advocate has had a motor in this office for more than a year and besides always being ready it has been in use about half as much.

The party who power himself in should congrats himself if he is so located that he can use electricity.

## REVEALS POLITICAL PLOT

ASSASSINATES  
AUSTRIAN HEIR AND  
ANNOUNCED IN SERBIA.

## WHY IMPERILED

OF FRANCIS AND MATE  
EN TO VIENNA, WHERE  
PEROR PLANS FUNERAL.

Western Newspaper Union News Service.

London, June 30.—The tragedy that has befallen the ill-fated house of Hapsburg, according to news reaching London, was the result of a carefully prepared Serbian nationalist plot in revenge for the annexation of Bosnia and Herzegovina, which defeated the dreams and aspirations of creating a greater Serbia.

The assassins of the Archduke Francis Ferdinand and his wife have confessed that the plot was matured at Belgrade. The terrible event is only another illustration of how well justified is the anxiety always present in the minds of European politicians and diplomats about the unstable conditions prevailing in the Balkans and even in the dual monarchy itself.

The anxiety is considered likely to increase during the short period before the aged emperor who alone is believed able to hold together the heterogeneous components of the Austro-Hungarian empire, finally disappears from the scene. He has been displaying his customary strong character in his latest bereavement and excellent health.

Serbian riots are already occurring in various parts of Austria as well as at Sarajevo.

Washington.—President Wilson sent following message of condolence to Emperor of Austria-Hungary:

"I am deeply shocked at the atrocious murder of his imperial and royal highness Archduke Francis Ferdinand, and of his wife, at an assassin's hands, in extension of your majesty, to the royal family and to the government of Austria-Hungary. The sincere condolences of the United States and people of the United States, and an expression of profound sympathy."

The duke of Teck, accompanied by a military mission, in-marshal of the British fleet, and the King George at the funeral of Archduke Francis Ferdinand.

The bodies of Archduke Francis Ferdinand and his wife, the Archduchess Sophie, were conveyed to Sarajevo by special train to Metkovic, Dalmatia. From there they were transferred to a warship, which sailed for Trieste under the escort of a squadron. A special train was sent to Vienna, where the bodies were placed in the chapel of St. Charles, and the public will have to pass through the interment will be made.

Reports for Walsenburg.

Walsenburg, Colo., June 30.—Persistence have been widely circulated about the coal strike zone. Hostilities will be reduced. Mine guards and strikers are engaged in a general celebration of the fourth of July. Military reports that the rumors have to do with the important men and horses from the north, which, they declare, is necessary equipment.

## ATTACK CARRANZA.

Reported Ready to Strike at in Supreme Control.

Mex.—General Villa, following latest clash with Gen. Carranza in Torreon and is withdrawing his entire army back from Zafra. Friends predict that Villa war on the Carranza forces control of the Constitution. He said the campaign had been abandoned and that before he took the he would have a conference with Carranza. Carranza is non-committal, but his attitude is one of open defiance, and it is certain that Villa will be placed in supreme control of the rebel army.

Control of about 8,500 men within a radius of fifty miles of Torreon that outnumbered by 3,000 the number of the rebel fighting force. The garrison at Juarez is scattered along the border and has control of all the ammunition of the rebels.

## ELFEGO ERSTWHILE DOVE OF PEACE

### NOW THE STORMY PETREL OF G. O. P.

(From the Santa Fe New Mexican.)

Albuquerque, June 23.—The Honorable Elfego Baca, known to fame as counsel for General Jose Inez Salazar and the dove of Republican Peace in Bernillo county, has shed his pigeon role and now appears as a full-fledged stormy petrel pecking away at the flabbergasted ears of the G. O. P. Elephant. There is little doubt that his alleged double cross of Baca is going to cost Andrews something. In the first place, Baca is going to fight Andrew's nomination to the limit even if the Republican state convention ends up in a free for all riot. It is unlikely that Elfego, even if he joins forces with B. S. Rodey, which is a violent supposition, can prevent the nomination of Andrews; but but his announced intention and determination to go out and fight Mr. Andrews if he is nominated assures that any forlorn hope Mr. Andrews might have of election is nipped in the bud. Elfego Baca has a considerable following in New Mexico which will be able to make things interesting for Andrews.

Altogether the Republican party doesn't know exactly where it is "at". Editor Paul A. F. Walter of the Morning Journal, has fully committed that leading Republican paper when it is right to Mr. Andrews, as the candidate who will assemble the strength of the standpatters, progressives, prohibitionists, socialists, free traders, protectionists, Democrats, near Democrats, Methodists and Knights of Pythias, and the fact that the proprietor and one editor of the Journal and Mr. Andrews are drilling for oil together over near Carlsbad, further makes it certain that the Journal will support Andrews, who Editor Walter says is backed by Catron, Bursum, Spiess, Springer and other well known leaders of the Progressive Old Guard. There appears to be no doubt that these eminent radicals and their newspaper organ will put Mr. Andrews across as nominee.

It is believed that Mr. Rodey whose demand for a statewide primary has met with a deafening silence, will run as an independent candidate; it is quite possible that Mr. Baca will do likewise. While little has been heard from the Progressives, it is well known that they have two or three very strong, able and popular men groomed for the nomination, who will make some inroads on the Democracy among those of the faithful who are dissatisfied with Ferguson. Meanwhile the Democratic generals are counting on the triple split in the Republican party to assure the re-election of Ferguson, whose popularity and campaigning ability are well known. The one thing clear in the very mixed situation is that Mr. Andrews is going to receive the most spectacular walloping of his career and that at least for once the Journal has been led by the oil fever into falling off on the wrong side of the fence. It is pointed out however, that the Walter paper always carries a stepladder which enables it to scale the fence, even a few days before election, so that after all the condolences are due Mr. Andrews. The latter has not denied Baca's charge of double cross. While Baca has announced his intention of talking against Andrews until his tongue grows thin, those who are familiar with his powers are confident that it will stand the strain with no perceptible diminution in thickness. Also no one denies that Baca has a genius for publicity and cute way with him as exemplified in his announcement of the forthcoming magazine on "Morning Journal Bull." Mr. Andrews has had a rubber on the floor of the week and the campaign, which as per conducted in a day have it will spring tomorrow in the announcement of the Eagles are also

## Atoka Items

Believing in the saying "Give credit to whom credit is due", we wish to say that one of the best farmers in this community is W. T. Gissler. A hard worker, honest and conscientious in his dealings, he is looked up to and respected. He has been on the Stromberg place over four years and few owners would take better care of a place than he has this one.

Miss Alice Atterberry has been employed to teach the higher grades in the school for next year. Miss Atterberry comes highly recommended, having taught for seven years in Artesia.

Mr. M. W. Evans of Lake Arthur seems to be buying considerable hay these days. R. L. Smith does the grading. Atoka's old reliable buyer, Mr. Ray is also on the ground every day.

Word continues to come that Mrs. R. L. Smith, who left a couple of months ago, to visit relatives in Texas, is still confined to her bed.

The Sunday school had its semi-annual election of officers last Sunday.

We wish to remind the Editor of the Advocate that we no longer refer to it as the Spur or Red Top but as Atoka.

## Trade In Artesia

The question "Trade in Artesia" is probably considered from various standpoints and views. I think we are all aware that the dollar, which buys for us the necessities of life, is worth a hundred cents, when it is kept within our midst and jurisdiction.

I think the merchant ought to be honest with his customers and in attempting to feature his interest must not forget the interest of the second party. My thoughts go back to the grasshopper days and to the scant assortment handled by the merchants of that time. The contrast with today is as great as the tallow candle and the electric light.

We need the good farmers of this community and we need the good merchants also. They both contended with the disadvantages of the grasshopper days and shoulder to shoulder they have made Artesia and surrounding country what it is. Now the turning point has been reached. The farming of the past will not do today and the stores are entirely different also. If we send our money away how can we expect our community to keep up to the standard and we spend our money elsewhere. Now as I look back on the past and remember all the money that I spent elsewhere, I realize my big mistake. Nine times out of ten you can get better results from your money at home than you can elsewhere. When I think the merchant isn't fair and just with me I am going to tell him so. I am not going to pay him but what is fair and I honestly believe that the merchant will do the right thing in promoting the welfare of the farmers.

I am one for a better Artesia and one who is going to keep that dollar within our midst.

John B. Harvey, Secretary of Committee.

The resignation of Chairman W. G. Cowan was read and same accepted by the committee.

On motion duly made, seconded and carried the committee now proceeded to elect a chairman to succeed Chairman Cowan.

G. U. McCraay was elected chairman by acclamation. Chairman elect McCraay accepted the chairmanship in an appropriate and enthusiastic speech and took charge of the meeting.

The following resolution was read and introduced by Dr. J. J. Clarke and on motion duly made and seconded the same was carried by a unanimous vote of the committee:

"Whereas, At this time, while irresponsible demagogues and the enemies of government of, by and for the people are loud in their criticism of a national democratic administration and prating of the woes and ills inflicted upon the people of our great nation by reason of so-called Democratic misrule, it is

eminently fitting that we, as the duly authorized and elected representatives of the democratic party in Eddy County, should, while counseling as a unit, and with minds keened by the adverse criticism of our opponents of whom many are men without a party, not only re-affirm the principles which made our party great but which are now, through a great party leader leading a people, oppressed by years of republican misrule out of the wilderness into the light.

To review the many events of the past two years would be out of place at this time. History has been made more rapidly during the past two years than during any previous two years in the history of our government. The story of the displacement of The Rule of the Interests by The Rule of the People under the direction of that great and wise statesman Woodrow Wilson is being told in the columns of our newspapers from day to day. This period of transition, in which the voice of the humble worker is heard louder than ever before, marks the change in this government from the rule of aristocracy to the rule of democracy. Knowing our leaders as we do, with unbounded faith in their fidelity, intelligence and judgment, we feel confident that the passing of this transitory stage in the life of our government will bring with it the dawn of a new era in the life of American citizenship as an era of unprecedented prosperity.

The acts and criticisms of those who were once accustomed to regard the portals of our national legislative halls as private property we condemn and resent. As sheep without a shepherd, one faction of a one time formidable party, is now casting about, urged on by powerful interests, in search of a leader. Like wolves which have been separated from their prey, their howls are heard from coast to coast. Another faction, fathered by the most notorious demagogue in history, under conditions as revolting as those responsible for the existence of the brothel and the gambling den, about to sink into an inglorious oblivion through the insincerity of its platform.

On the other hand, our party presents a more solid front today than ever before in its history. In spite of many pitfalls placed in the way of our administrative leaders, of the consequences attending an absolute revolution in administrative policy, of many perplexing problems both at home

and abroad involving also the most delicate task of treating with a people torn into domestic shreds but struggling to preserve an entity under adverse conditions, we find ourselves today in a position to demand a continuance of office and on the achievements thus far attained, we feel that the work and policies of President Wilson must be endorsed, not only by the democratic party but by all right thinking and fair minded people.

Our state, still in its infancy, has grown lusty under a wise and capable leadership. Having been weaned from a federal teat to which it had clung through a long period of drought and dead grass, it has been brought through that trying and dangerous period to a healthful and wholesome existence through the resourceful and intelligent treatment administered by a capable governor assisted by a corps of faithful and efficient administrative officials. Throughout this constructive period, the most trying and the most dangerous in the life of any state, Governor McDonald has been firm and courageous and to his firmness and courage he has added a breadth of intellect which has placed our new state in an enviable position in the great Sisterhood of States. To Governor McDonald we feel that we owe our hearty support and that it is due him, as the leader of the democracy in our state that we pledge our unfailing loyalty.

To Congressman Fergusson, for the manner and dignity in which he has represented our state in the Halls of Congress we extend our endorsement and for standing by the heads of the administration.

To our county officials who have given of their untiring energy in the administration of the affairs of this unit of our state government we would express a sense of pride and in the conduct of our county's affairs we feel that in spite of handicaps which, at times would appear almost unsurmountable, these officials have so governed themselves that they are entitled to the recognition which we feel they deserve at the hands of the public, as capable, honest officials with eyes singular to the welfare of the people to whom they owe their offices.

In recounting then, the achievements of our party, as a national factor, in state, county and precinct, we offer the following:

### Be it Resolved by the Democratic Central Committee of Eddy County in Convention Assembled,

That, as democrats and as citizens we unhesitatingly accord to our party leaders, in national, state and county affairs, the right to feel that we, as co-workers with them should give them our support in all matters pertaining to the welfare of the whole people and that we bend every effort to sustaining the strong hand of our president Woodrow Wilson, than whom no greater democrat ever lived; that we pledge to our Governor, William C. McDonald, and our Congressman, the Hon. H. B. Fergusson, our undivided support and that as democrats working together for a common cause, we put forth our best efforts to preserve the unity of our party in Eddy county and to make of it a greater and a stronger democratic party.

The Chairman announced the next order of business to be that of taking up the matter of selecting a date for the holding of a primary election to nominate two candidates for members of the State Legislature from Eddy county and a candidate for Judge of the Fifth Judicial District of New Mexico, also, the matter of selecting delegates to the State Convention which will meet in the city of Albuquerque on August 17, 1914.

August 8, 1914, was the date

set for holding the legislative primary in Eddy county and the Judicial primary in Eddy county, and the Chairman was delegated with power to confer with the Chairmen of the committees from the other counties in this district and endeavor to have the Judicial primaries throughout the district held on August 8, 1914.

The committeemen were instructed to hold a convention in their respective precincts on the day of the primary and elect delegates to a county convention to be held in the District Court Room in the town of Carlsbad on August 11, 1914 for the purpose of selecting 10 delegates to the State Convention. Each precinct to be allowed three delegates to the county convention and in addition thereto one delegate for every fifty votes or major portion thereof cast for the Hon. H. B. Fergusson in the general election in the year 1912.

For the purpose of defraying the expenses of holding the primary election the candidates for District Judge will be assessed \$100.00 and the Legislative candidates will be assessed the sum of \$15.00 each which fees must be paid to the treasurer of the committee not less than ten days prior to the date of the primary election.

G. M. Cooke was elected treasurer of the committee.

It was moved and seconded that three judges be appointed to hold the primary election in each precinct, two of whom shall act as clerks of said election, each judge to be paid the sum of \$2.00 for his services. The motion was carried by unanimous vote, and the following judges were appointed for their respective precincts:

(List of Judges will be printed next week.)

On motion duly made, seconded and carried the rules for conducting the primary elections held in the years 1911 and 1912 will govern the manner of holding this election.

Moved by Merchant and seconded by Beeman that the usual pledge to support the ticket nominated be printed on each and every official ballot cast at this election, that the same be underscored and that any mutilation of the pledge on any ballot shall invalidate the same and the judges of the election are hereby instructed not to count any ballot on which the pledge is mutilated.

Committeeman J. M. Wood from precinct No. 4 tendered his resignation as a member of the committee which was accepted and on the recommendation of Mr. Wood, Mr. Farris Heath was appointed to succeed Mr. Wood as a member of the committee.

A vote of thanks was tendered by the committee to Dr. W. C. Cowan for his valuable services as chairman of this committee during his tenure of office and the secretary instructed to notify Dr. Cowan of appreciation of the committee for his efficient work in that capacity during the previous campaign.

The committee adjourned to meet August 11, 1914, at which time a meeting will be held for the purpose of canvassing the returns of the primary election.

G. U. McCRAAY,  
Chairman Eddy County

The gate receipts were \$40,000.

## SHOWS DEFICIT IS FALSE ALARM

UNDERWOOD PRESENTS FIGURES WHICH GIVES \$30,000,000.00 SURPLUS FOR YEAR.

## BIG INCOME TAX FUND

HOUSE ADDS \$500,000.00 FOR WORK OF COLLECTING REVENUE UNDER NEW LAW.

Western Newspaper Union News Service.

Washington.—Fortified with official figures from the Treasury Department Democratic Leader Underwood told the House Saturday there would be no deficit in government finances and that any prediction of one was a dream based on wishes springing from political antagonism.

In an analysis of the government's financial situation, he announced that the total receipts of the government for the fiscal year ending June 30 would aggregate \$733,000,000, leaving a surplus of \$30,000,000 and that with only a half year's operation of the income tax.

That did not include Panama expenditures, estimated at \$35,000,000. Next year, he declared, Panama expenditures would practically pass away and the canal receipts would pay running expenses.

Underwood's speech was in support of the Senate's amendment to the legislative appropriation bill to increase the treasury fund for collecting the income tax from \$1,000,000 to \$1,500,000, which the House finally agreed to. Underwood explained that the increase was for the collection of the income tax from persons and corporations trying to evade it.

"For next year," he predicted, "we can be assured of collecting more than \$100,000,000 from the income tax even if no more proportionately is collected than was collected this year, and more proportionately will be collected."

Underwood said customs receipts were producing the current year \$22,000,000 more than the administration had expected, and that the Treasury Department had reported to him these figures of the total revenues for the current year just ending:

Income and corporation tax \$75,000,000 which had been estimated at \$95,000,000.

Internal revenue \$309,000,000, estimated at \$312,000,000.

Customs receipts \$292,000,000, estimated at \$270,000,000.

Miscellaneous receipts \$57,000,000, estimated at \$59,000,000.

### "WOMAN SUFFRAGE INEVITABLE"

Speaker Pledges Support When Women From Thirty-eight States Visit U. S. Capitol.

Washington.—Speaker Clark told a delegation of women from the National American Woman's Suffrage Association that "woman suffrage is as inevitable as the rising of tomorrow's sun."

"For six thousand years," said the speaker, "men have been trying to run the world and some think they have made a bad mess of it. I hope that when you women run it, you'll improve on it. I think woman suffrage is inevitable."

Mrs. Anoinette Funk of Chicago said the delegation wanted their petitions sent to the senators by messengers.

"I will do that for you," said the vice president, and calling pages he ordered the petitions distributed.

### SAYS ANGELES IS HUERTA SPY.

Rebel Agents Declare Cabinet Officer Sought to Use Villa as Tool.

Washington.—Alfredo Breceda, private secretary of General Carranza, leader of the revolutionist forces in Mexico, issued a statement here charging that Gen. Felipe Angeles had stirred up the recent contention between Carranza and General Villa, and that Angeles was in reality an agent of General Huerta.

Breceda's statement, issued after a long conference with Luis Cabrera, one of General Carranza's representatives here who is earnestly working for participation of the Constitutionalists in an informal peace conference with delegates to the Niagara Falls mediation, admits a breach in the Constitutional ranks that probably cannot be healed.

**AND SAVE YOUR WATER**  
Think of the Immense Loss by Seepage and Evaporation

Water cost money and wasted water is wasted money. The loss by seepage alone in dirt ditches amounts to from 1 to 60 per cent of the total water pumped per mile. In some soils over half of the water is lost before it reaches the place where it is needed. By using this pipe all the water delivered is used, there is practically no waste. Worth considering, isn't it?

WHY does our A-1 Surface Irrigation Pipe stand the hard usage to which it is subjected better than any other pipe, riveted or otherwise?

BECAUSE it is made with a lockseam set down under 3500 pounds pressure, which requires no soldering to make it water-tight. (Soldering will break loose by jarring and hard knocks.)

A-1 Pipe was awarded first prize at Fresno and Santa Clara County Fairs in 1912.

**"Give Us a Democratic  
Postmaster."**

Under the above head two weeks ago the Advocate made statement of facts in regard to the need of a change in the postoffice at this place.

In justice to the applicants for the office it is necessary in view of certain statements made by persons who have no regard for the truth and who desire to misrepresent the facts, to state that the article referred to was written by the editor without the knowledge of either of the applicants for the postoffice here or anyone else. Any statements made by any one, be he "prominent democrat" or any one else, to the effect that someone other than the editor of this paper wrote the article are absolutely untrue, and are made with the desire to misrepresent the facts.

The matter stated in the article cannot be disputed. The editor of the News, whoever may be filling that position, not being able to offer any defense, very studiously avoided reference to the matter contained therein, and endeavored to divert the attention of its readers by an effort to make sport of this paper and by a lot of silly rot that is not worthy of any attention by us.

It is not the purpose of the Advocate to belittle the News or to make any unjust attacks upon its owners. Neither is it our purpose to engage in a series of wrangling articles with its publisher. It was and is our purpose to effect by perfectly legitimate means the early retirement of the present incumbents in the post office and secure the appointment in their stead a Democrat. The Advocate will be satisfied with the one who is selected if he is a loyal and competent Democrat.

By reference to the sub-head of this paper the names of its owners may be ascertained. And while our name appears as editor we assume entire responsibility for everything that may appear as emanating from that source. It has been our experience to have been engaged in the newspaper and printing business the greater part of the last twenty-five years. Our efforts have been rewarded with success in every instance. But we have never used our paper to bolster our self into office and then "run the newspaper to keep the office."

**Install Big Motor**

In the last issue of the Advocate it was stated that an oil engine had been placed at work on the McBride place south of town. We should have said that a motor had been installed. The motor is a big 30 horse power machine, driven from the plant in Artesia, which is a model plant in every particular. There is no kind of power that is so satisfactory as electricity when the power is always ready as it is here. The Advocate has had a motor in this office for more than a year and besides always being ready it has been only about half as expensive.

The man who needs power should congratulate himself if he is so located that he can use electricity.

## PLAYER REVEALS POLITICAL PLOT

**STUDENT CONFESSES ASSASSINATION OF AUSTRIAN HEIR AND WIFE PLANNED IN SERBIA.**

## MONARCHY IMPERILED

**BODIES OF FRANCIS AND MATE TAKEN TO VIENNA, WHERE EMPEROR PLANS FUNERAL.**

Western Newspaper Union News Service.

London, June 30.—The tragedy that has befallen the ill-fated house of Hapsburg, according to news reaching London, was the result of a carefully prepared Servian nationalist plot in revenge for the annexation of Bosnia and Herzegovina, which defeated the dreams and aspirations of creating a greater Serbia.

The assassins of the Archduke Francis Ferdinand and his wife have confessed that the plot was matured at Belgrade. The terrible event is only another illustration of how well justified is the anxiety always present in the minds of European politicians and diplomats over the unstable conditions prevailing in the Balkans and the dual monarchy itself.

The anxiety is considered likely to increase during the short period before the aged emperor who alone is believed able to hold together the heterogeneous components of the Austro-Hungarian empire, finally disappears from the scene. He has been displaying his customary strong character in the face of his latest bereavement and seems in excellent health.

Anti-Servian riots are already occurring in various parts of Austria-Hungary as well as at Sarajevo.

Washington.—President Wilson sent the following message of condolence to the emperor of Austria-Hungary:

"Deeply shocked at the atrocious murder of his imperial and royal highness Archduke Francis Ferdinand, and consort, at an assassin's hands, I extend to your majesty, to the royal family, and to the government of Austria-Hungary, the sincere condolences of the government and people of the United States and an expression of our own profound sympathy."

London.—The duke of Teck, accompanied by a small military mission, including a field marshal of the British army, will represent King George at the funeral of Archduke Francis Ferdinand.

Vienna.—The bodies of Archduke Francis Ferdinand and his wife, the duchess of Hohenberg, were conveyed from Sarajevo by special train to Metkovic, Dalmatia. From there they will be transferred to a warship, which will proceed to Trieste under the escort of a squadron. A special train will carry the bodies to Vienna, where they will lie in state in the chapel of the Hofburg and the public will have opportunity to pass through the palatine. The interment will be made at Arstetten.

Extra Troops for Walsenburg. Walsenburg, Colo., June 30.—Persistent rumors have been widely circulated throughout the coal strike zone stating that hostilities will be renewed between mine guards and strikers under cover of a general celebration of the Fourth of July. Military authorities deny that the rumors have anything to do with the importance of the strikers and the men from Walsenburg, which, they declare, is ordered as necessary equipment.

## TO ATTACK CARRANZA.

**Lieutenant Reported Ready to Strike Put in Supreme Control.**

Mex.—General Villa, following latest clash with Gen. Carranza's entire army back from Zala's friends predict that Villa will take over the Carranza forces control of the Constitution. He said the campaign had been abandoned and that before he took the case he would have a conference with General Carranza. Carranza is non-committal, but his attitude is one of open defiance, and it is stated that Villa will be placed in supreme command of the rebel army.

General Carranza has control of about 8,500 men within a radius of fifty miles of Torreón, and that outnumbers by 3,000 the remainder of the rebel fighting force, including the garrison at Juarez and the guard scattered along the border. He also has control of all the arms and ammunition of the rebels and is really worth while.

Wife of Minister Declared Insane. Fort Collins, Colo.—On testimony that she threatened to burn up her sixteen-year-old daughter Marguerite, Mrs. John Hoelzer, wife of the German pastor at Loveland, was brought here and adjudged insane in the county court. She was committed to state asylum at Pueblo.

Three Die in Kansas City Fire. Kansas City.—Edward Monahan, 53; Leo Jessen, 34, and Nicholas Schmitt, 66, were burned to death and their bodies destroyed in a livery stable.

## ELFEGO ERSTWHILE DOVE OF PEACE; NOW THE STORMY PETREL OF G. O. P.

(From the Santa Fe New Mexican.)

Albuquerque, June 23.—The Honorable Elfego Baca, known to fame as counsel for General Jose Inez Salazar and the dove of Republican Peace in Bernalillo county, has shed his pigeon role and now appears as a full-fledged stormy petrel pecking away at the flabbergasted ears of the G. O. P. Elephant. There is little doubt that his alleged double cross of Baca is going to cost Andrews something. In the first place, Baca is going to fight Andrew's nomination to the limit even if the Republican state convention ends up in a free for all riot. It is unlikely that Elfego, even if he joins forces with B. S. Rodey, which is a violent supposition, can prevent the nomination of Andrews; but but his announced intention and determination to go out and fight Mr. Andrews if he is nominated assures that any forlorn hope Mr. Andrews might have of election is nipped in the bud. Elfego Baca has a considerable following in New Mexico which will be able to make things interesting for Andrews.

Altogether the Republican party doesn't know exactly where it is "at". Editor Paul A. F. Walter of the Morning Journal, has fully committed that leading Republican paper when it is right to Mr. Andrews, as the candidate who will assemble the strength of the standprters, progressives, prohibitionists, socialists, free traders, protectionists, Democrats, near Democrats, Methodists and Knights of Pythias, and the fact that the proprietor and one editor of the Journal and Mr. Andrews are drilling for oil together over near Carlsbad, further makes it certain that the Journal will support Andrews, who Editor Walter says is backed by Catron, Bursum, Spiess, Springer and other well known leaders of the Progressive Old Guard. There appears to be no doubt that these eminent radicals, and their newspaper organ will put Mr. Andrews across as nominee.

It is believed that Mr. Rodey whose demand for a statewide primary has met with a deafening silence, will run as an independent candidate; it is quite possible that Mr. Baca will do likewise. While little has been heard from the Progressives, it is well known that they have two or three very strong, able and popular men groomed for the nomination, who will make some inroads on the Democracy among those of the faithful who are dissatisfied with Ferguson. Meanwhile the Democratic general are counting on the triple split in the Republican party to assure the re-election of Ferguson, whose popularity and campaigning ability are well known. The one thing clear in the very mixed situation is that Mr. Andrews is going to receive the most spectacular wallowing of his career and that at least for once the Journal has been led by the oil fever into falling off on the wrong side of the fence. It is pointed out however, that the Walter paper always carries a stepladder which enables it to scale the fence, even a few days before election, so that after all the condolences are due Mr. Andrews. The latter has not denied Baca's charge of double cross. While Baca has announced his intention of talking against Andrews until his tongue grows thin, those who are familiar with his powers are confident that it will stand the strain with no perceptible diminution in thickness. Also no one denies that Baca has a genius for publicity and cute way with him as exemplified in his announcement of the forthcoming magazine on "Morning Journal Bull." Mr. Andrews has had his rubber ones half soled this week and is fully prepared for the campaign, a large portion of which as per custom will be conducted in a stage whisper.

Rumors here today have it that Editor Walter will spring a sensation tomorrow in the form of the announcement that the Baptists, Elks, Eagles and Modern Woodmen are also for Andrews. Your correspondent, however, could not confirm this report today.

## ATOKA ITEMS

Believing in the saying "Give credit to whom credit is due", we wish to say that one of the best farmers in this community is W. T. Giesler. A hard worker, honest and conscientious in his dealings, he is looked up to and respected. He has been on the Stromberg place over four years and few owners would take better care of a place than he has this one.

Miss Alice Atterberry has been employed to teach the higher grades in the school for next year. Miss Atterberry comes highly recommended, having taught for seven years in Artesia.

Mr. M. W. Evans of Lake Arthur seems to be buying considerable hay these days. R. L. Smith does the grading. Atoka's old reliable buyer, Mr. Ray is also on the ground every day.

Word continues to come that Mrs. R. L. Smith, who left a couple of months ago, to visit relatives in Texas, is still confined to her bed.

The Sunday school had its semi-annual election of officers last Sunday.

We wish to remind the Editor of the Advocate that we no longer refer to it as the Spur or Red Top but as Atoka.

## TRADE IN ARTESIA

The question "Trade in Artesia" is probably considered from various standpoints and views. I think we are all aware that the dollar, which buys for us the necessities of life, is worth a hundred cents, when it is kept within our midst and jurisdiction.

The first cash return to the United States for the hundreds of millions spent on the Panama canal was recorded from collections on barge traffic begun on May 18, transporting cargoes because of the congestion of freight traffic on the Panama railroad. They were mostly composed of sugar from Hawaii. On that business the tolls in May amounted to \$7,356.12, on the basis of \$1.20 per net ton.

Private dispatches received at the Pan-American union reported the death of P. Ezequiel Rojas, minister from Venezuela, at Atlantic City, N. J.

### Deafness Cannot Be Cured

by local applications, as they reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
