

ARTESIA ADVOCATE

J. R. HOFFMAN, Editor and Manager

ARTESIA, NEW MEXICO, DECEMBER 2, 1921

VOLUME 20 NO. 2

THE OIL FIELD

KAN-NEW MEX NO. 2.

Martin Yates who is the manager of this well states that he is still having a little trouble with water. It has seemed almost impossible to get the water cased off. All sorts of schemes have been tried and the casing has been pulled and reset just fourteen times to date. Martin is halting between two schemes as a last resort, either one of which he feels sure will accomplish the purpose: One is to insert another small casing and the other is to shut the water off with cement then drill through the cement.

The drill is now a little more than fifty feet in a stratum of hard sand with a good saturation. Every one who has seen the sand thinks the indications are very favorable for a well. Another hundred feet or so will tell the story.

THE LINCOLN WELL.

The Lincolns have been working off and on all summer and fall in trying to lift the old casing from their No. 1 well. Owing to its corroded condition, they have not yet succeeded. They will continue the effort at odd spells during the winter and if still unsuccessful, they will drill a new hole by the side of the old one. They say they feel sure of the necessary financial assistance to resume work in earnest early in the spring.

NEW WELL AT CAP ROCK.

The Lincolns announce that they have closed a contract with a Kansas City corporation known as the South West Petroleum Co. to drill a well at Cap Rock due east and about forty miles distant from Lake Arthur. The arrangements were made for this undertaking by H. T. Crisp of Kansas City who spent a week or ten days here some six weeks ago. We are informed that the drilling company has deposited a good bunch of money which is to be drawn against for expenses.

KAN-NEW MEX NO. 1

Manager Crockett is still busy with preparations for the resumption of activities at this well. The machinery has been put in working order. A carload of coal received and the drill will start next week. It has not started already. It is the intention to drill this well down to what is known as the Queen sand.

MEXIA'S LATEST IS ESTIMATED AT 10,000

Mexia, Texas, Nov. 22.—(Special)—The Magnolia Petroleum Co.'s No. 1 Thompson well, which is located 1,600 feet west of the big Desenberg well, hit pay sand at 7,912 to 3,045 feet and is estimated as being a ten thousand barrel well.—Petroleum Refiner.

Reports from the California fields are that conditions there are again normal following the ending of the oil field workers' strike. Most of the men who went on the strike have been taken back to work.—Petroleum Refiner.

England does not seem to have any luck in tests for oil which have been made under government auspices. The last test to be given up is that of West Calder in Scotland.—Petroleum Refiner.

CEMETERY ASSOCIATION MEETING.

The Cemetery Association met at the City Library on Nov. 14th. The meeting was called to order by the president and the names of Mrs. Story and Mrs. Floor added to the membership. The secretary was instructed to pay all bills due and the annual reports of committees were given.

The improvement committee reported the following:

Planted 40 elm trees, new fence built on the south and west sides and added new posts and rebuilt that on the east side. Mr. Lanning has agreed to build and keep in repair the fence on the north side. Both the circle and the lawn at the house were ploughed, leveled and planted with Bermuda sod. Cannas and dahlias were reset in the circle and dahlias planted along the front drive from the tool house north.

The disbursements for the year ending Nov. 1921, were \$627.90.

The annual election of officers was held with the following result:

President, Mrs. G. R. Bralnard. Vice President, Mrs. J. P. Lowry. Secretary, Mrs. Story. Treasurer, Mrs. M. A. Corom. The following committees were appointed:

Care of Lots, Mrs. Bishop and Mrs. J. H. McCrary. Sale of Lots, Mrs. Lowry. Improvement, Mrs. Cecil and Mrs. Polk. Entertainment, Mrs. Polk and Mrs. Dor.

The Association has at present twelve active members.

MRS. J. B. CECILL, Secretary Pro. Tem.

C. A. Sipple has been in Colorado on business the past week.

WILL INCREASE PROPERTY VALUES 100 PER CENT TO PAVE

"The paving of the streets in Artesia will increase the values of property in Artesia one hundred per cent." The above remark was made by Mr. Van Welsh, who is here looking after the interests of the Illinois Producers and Refining Company's interests.

He also said he did not see why any property owner of Artesia should be opposed to paving.

ADVERTISING.

That Word "Afford."

(Sanford (Fla.) Herald.)

When a merchant talks about "affording" advertising, he is getting ready for the live merchant to take his trade away from him. People do not "afford" advertising any more than the man who needs a suit of clothes "affords" them. It is not a question of "affording" advertising, it is a vital necessity.

TOYAH BELL IS INCREASING AS WORK GOES ON

The Toyah - Bell, the discovery hole in the Pecos field, shows an increase in its production every day. Its actual capacity now is twice what it was a few days ago.

The increase in the oil flow that is coming from the well by heads is showing rapidly as the sand and water that have retarded the flow are removed. The sand bridges the hole every time when a good flow heads over the top. It then has to be bailed out and it is stated by B. Ramsey, manager of the company that as soon as this sand is under control the oil will flow continuously.

It is already, however, a good paying well.

Great crowds go to the site of the well every day and hundreds have witnessed the oil flowing, during the past few days. Prominent officials of the Santa Fe Railroad Company, who visited the well this week, started on their return trip home and after reaching the Arno station, several miles from the well, could witness the oil going over the derrick from there.

Business men and other oil men of the Pecos field have utmost confidence in the ability and integrity of Mr. Ramsey, who is managing the drilling of the Toyah Bell and are of the opinion that he is working cautiously and carefully and that the time being spent in making the well flow continuously is necessary because of the sand that has continued to bridge over, but which is gradually decreasing in its menace to the oil's effort to reach the top. He is a man of conservative manners. He doesn't talk for publication except answer to direct questions, so he is regarded by those who know him, as a matter-of-fact man,—one of the calibre and appearance who makes the impression of a real hard working mining engineer. He leaves the impression that he is after the money that the actual production of oil in paying quantities from his well will provide.

Furthermore, Mr. Ramsey declared, when questioned Friday morning just before this paper goes to press, that he plans to drill other wells on their holdings in the vicinity of the Toyah Bell. He said work on new locations will begin as soon as the Toyah Bell is put in good shape and the oil is entering the market.—Pecos Enterprise.

EPISCOPAL GUILD BAZAAR

will then be opened in the same store on Saturday, December 3rd. Hand-made, dainty gifts, handsome rugs, Jellies, Cakes and Candies.

NEW MEXICO HAS A BOOTLEGGERS TRUST.

New Mexico has one of them. No not a Klu Klux Klan society, but a real bootleggers' association.

The organization is in one of the small towns of the state, and was discovered by prohibition agents several days ago.

The size of the organization is unknown but it is believed to contain all the whiskey dealers in the town, and the members respond to meetings like magic.

When prohibition forces enter the town a big white flag is hoisted on the top of the city's main hotel. It is the signal for all bootleggers to congregate. When officers entered the town recently, the flag sailed up on the flagpole. In a few moments, the manufacturers of moonshine held a mass meeting.

Orders that all stills and whiskey be hidden at once, and that all members go in seclusion were given by someone who is believed to be the president of the order. The warning to evade the prohibition officers was followed out, with the result that the agents returned to Albuquerque without making an arrest.

Secrecy surrounds the workings of the order and methods of obtaining admission.—Albuquerque Herald.

Buy advertised merchandise.

LEE HIGHWAY PARTY HERE ON WAY WEST

El Paso Herald.

Dr. S. M. Johnson, manager of the Lee Highway association, reached El Paso Wednesday night, en route west to the Pacific coast, locating the best possible "three per cent" road from Washington, D. C., to San Francisco.

Dr. Johnson is accompanied by Mrs. Johnson, his son, R. P. Johnson, executive secretary of the Lee Highway association; M. O. Eldridge, field engineer for the American Automobile association, and W. C. Davidson, of the New Mexico highway department. At the Arizona line he is to be met by a representative of the Arizona highway department. On arrival here he received a telegram from Gov. Thos. E. Campbell inviting his party to Arizona and Phoenix.

Dr. Johnson and party were met here at the Del Norte by DeWitt A. Bandeen, manager of the chamber of commerce; G. A. Martin, president of the El Paso Automobile club, and Jack Ronan, president of the Young Men's Business League, and the highway was discussed.

Favor Hitting El Paso.

Dr. Johnson said resolutions had been adopted at Roswell and Alamogordo, with his approval, suggesting the routing of the highway from Alamogordo to Newman, through New Mexico. At Newman, the new El Paso concrete highway now under construction, will give connection to El Paso. The El Pasoans pledged Dr. Johnson every possible aid from here.

"We have the backing of the United States good roads officials," said Dr. Johnson, "in selecting the most feasible short line across the southern part of the United States to the Pacific coast. The Lincoln highway across the northern part of the country will be built, everyone feels sure, and there will be another across the south. We are sure it will be the Lee Highway and we have the pledge of assistance from the government and from the American Automobile association. The president of our association is Herbert Hoover's assistant. Other government officials are in our official personnel. We have perfected a splendid organization east of El Paso to Washington, to show a solid front in congress for our road. It is going to be built and built soon."

Arizona to Get Three Roads.

Mr. Eldridge said that because of the fact that the new federal highway measure permitted the government to pay 75 per cent of the cost of road construction in Arizona and New Mexico, because of the large amount of public lands there, three highways could easily be constructed across Arizona. He thought these would be the present northern or Needles route, the present Bankhead route, across the southern part of the state, possibly continuing west from Tucson through Ajo to Yuma, and another route across the center of the state, possibly through Clifton to Globe and thence either by Superior and Florence to Phoenix or by the Roosevelt dam to Phoenix.

Dr. Johnson and party left here with Lordsburg as their first stop. From there they go by way of Globe to Phoenix, thence out to California by way of Blythe.

The party presented G. A. Martin with a wild turkey gobbler killed in the White mountains Wednesday.

OIL WELL SUPPLY CO. OPENS BIG BRANCH HOUSE

That the Waggoner Oil Supply Company, with headquarters at Ft. Worth, means business in opening a hundred thousand dollar branch house in Pecos has been verified by the arrival of cars of material and supplies this week.

Actual work has already begun on the building and a lot of the supplies to be carried here are already being unloaded.

Representatives of the company were here two weeks ago and closed a deal for the Drummond property just south of the Texas & Pacific tracks and across the street east of the Orient Hotel.

R. W. Davis is the manager of the Pecos branch house of the company and is already here getting the building in shape and the supplies unloaded. Two cars have arrived and three more are en route now, with others still to follow later. With Mr. Davis is M. B. Smith and both are from Breckenridge, where they have been with the Waggoner people's house there. Mr. Davis' wife will arrive later. The first shipment of supplies consists of stems fittings, bailers, wrenches and engines.—Pecos Enterprise.

The Advocate Phone No. 147

ARTESIA HIGH LOSES TO ROSWELL

LOCAL BOYS PLAY SENSATIONAL GAME OF FOOTBALL IN THE FIRST HALF OF GAME.

YEAGER IS STELLAR PERFORMER.

The Artesia high school football team lost to the fast Roswell high school aggregation on last Friday in a football game by the score of 29 to 0. The score does not represent the class of ball played by the local lads. The cold north wind, which filled the atmosphere with a fog of dust and capped the Artesia boys very much as they intended to attack the upper valley lads by means of a passing game. This was impossible during the storm. Artesia attempted no forward passes and Roswell only attempted two passes. One of these was intercepted by H. Cole and Manda blocked the other.

During the first half, neither team was able to cross the goal line. The heavy Roswellites would advance the ball near the goal, only to be stopped by coach Adam's "Bulldogs" who in turn would advance the ball until near their opponents goal. Often Clyde and Fyfe would be forced to kick out of danger for their teams.

Yeager, stellar left half-back was a strong factor in the attacking force of the Artesia squad, until he was forced to retire from the game with a wrenched hip in the latter part of the second quarter. H. Cole was substituted in his place. The cold north wind chilled the men during the intermission between halves, as they huddled together on the gridiron. The Roswell men were taken into a warm building. When the second half started, it could be plainly seen that the locals were weak from the cold and the grueling contest of the first half. Fyfe, star quarter-back for Roswell, carried the ball across the line for two touchdowns and booted the ball between the goal posts for a field goal. T. Skeen also scored a touchdown in the third quarter. The Artesia lads warmed up in the last quarter and began to hold the husky Roswell lads. Fyfe kicked an on-side kick which rolled across the goal line and was recovered by T. Skeen for the last touchdown, a few minutes before the final whistle.

Sloan, diminutive end, played a sensational game until his ankle was turned in the third quarter. Manda, who substituted at his position proved a tower of strength with his six feet and four inches of bone and muscle. Stoldt at center and Captain Bullock at right half, also showed great football ability.

Fyfe, T. Skeen and Stone were the outstanding stars for Roswell, although some of her many substitutes outplayed the regular men.

The Roswell Record contained the following article, "Artesia has the best high school team seen on the Roswell gridiron this year, and they played the local team to a standstill during the first half. The Artesia backfield is fast and works together in great style."

This game closed the season for the local team as no team could be scheduled for a Turkey day contest. The record during the year has been very good, considering the class of the teams met in action.

Lineups:

Roswell	Position	Artesia
Dimmitt	L. end	Davis
Stone	L. tackle	Turknett
McCreary	L. guard	Welsh
Goodwin	Center	Stoldt
W. Skeen	R. guard	Brown
Rabb	R. tackle	Jackson
Howard	R. end	Sloan
Fyfe	Quarter	C. Cole
Kelly	L. half	Yeager
T. Skeen	R. half	Bullock
Rector	Full	Clyde

Substitutes for Artesia: H. Cole for Yeager; Manda for Sloan; Polard for Davis; Clayton for C. Cole.

Parties knowing themselves indebted to the Artesia Advocate take notice that they must settle account by Dec. 31, 1921. All unpaid accounts at that time will be placed with an attorney for collection. Having decided to make a change we must have all accounts settled by that date.

Resp.,

J. H. Hoffman, Mgr.

Artesia Advocate.

HOPE AND ARTESIA REPRESENTED AT LAS CRUCES

Hope and Artesia Chamber of Commerce send representatives to Las Cruces to be present at the National Park meeting to be held in that city November 3rd, Saturday. Rev. Z. G. Moon and W. P. Riley go as representatives from Hope and Atty. J. H. Jackson and D. J. J. Clarke will represent Artesia.

DISCRIMINATES AGAINST EX-SERVICE MEN AS POSTMASTERS.

Postmaster General Hays holds that the law giving preference to ex-service men in Federal appointments does not apply to postmasters.

The Yarmouth, Kans. Light says that most any man can be an editor. All the editor has to do is to sit at a desk six days a week, four weeks in a month and twenty-four months in a year and edit such stuff as this: Mrs. Jones of Cactus Creek let a can opener slip last week and cut her foot in the pantry. John Doe climbed on the roof of his house last week looking for a leak and fell, landing on his back porch. While Harriet Green was escorting Miss Violet Wise from the church social last Saturday night, a savage dog attacked them and bit Mr. Green on the public square. Mr. Frank, while harnessing a broncho last Saturday was kicked just south of his corn crib.

SAYS PRESIDENT MERELY CHANGING NAME OF LEAGUE

BORAH DECLARES HE "RECOGNIZES" THE CONTINUING "ASSOCIATION OF NATIONS." THINKS HARDING IS WRONG.

Washington, Nov. 27.—The continuing "Association of Nations" which, according to reports, President Harding has foreseen as a possible outcome of the armament conference, "will be the old League of Nations under another name," Senator Borah, Republican, Idaho, declared, in a statement issued tonight. Senator Borah's statement follows, in part:

"The proposed association of nations has not yet been reduced to form nor yet defined. But from what one can gather here and there, it is the old League of Nations under another name. It will be engaged in doing the same kind of things that were proposed by the League. It is not what you call it, but what it is that counts. "Fundamentally and in the practical workings of the Association of Nations, it will not differ from the League of Nations. I see no reason, therefore, why the forty three nations which have signed the league would be asked to abandon it and transfer their names to an Association of Nations. If we want to go into this kind of a proposition, there is no reason why we should not experiment with the one they have.

"It is claimed by the advocates of the league that the present league has been of much service to Europe. If so, there is no reason for asking Europe to scrap the old league and try a new one. If we are going into Europe we ought to go in. If we are not, we ought not to be handing her a new league every ninety days. She will likely conclude that after the next presidential election she would have another league. I see no difference whatever in joining the present league and joining another league by a new name."

Project Interesting.

London, Nov. 27.—The London Times in an editorial, described as very interesting, President Harding's reported prospect for prolonging the national conferences with a view to the possible development of an Association of Nations. Its interest adds the Times, is not lessened by the assurance that it is merely President Harding's personal suggestion.

GOV. COX'S HOME GOES DEMOCRATIC, TOO.

Dayton, Ohio, the home of ex-Governor Cox, also played an important part in the Democratic landslide of November 8, electing the first Democratic mayor since 1912. Under the Dayton charter, the candidate for commissioner receiving the highest vote becomes mayor. Frank Hale, straight Democrat, and the only candidate nominated as such, led his nearest competitor by 5,000 votes. Thus the homes of the two presidential candidates in the last election, Dayton and Marion, are now under Democratic local government.

Many smaller towns in various sections, heretofore Republican, went Democratic at the late election, the returns from which were not published in the metropolitan press.

AN OIL WELL FOR LEA COUNTY

F. A. Manda of this city made a contract the first of this month with Lincoln Brothers to drill an oil well for the South West Developing Co., east of the Cap Rock in Lea county where they have forty seven thousand acres of state land leases. They are starting with a 12 inch hole so as to make a deep test if necessary. Some of the noted geologists claim that they will strike the oil sand at about 1,200 feet.

The Lincoln brothers are old experienced drillers and have one of the best rigs in the country for making deep tests. They won't have the artesian water to contend with which has been a great hindrance to drilling in this locality.

Mr. Manda is looking after the drilling and the company's interests and will have headquarters in Artesia. He says they are going to strike the mother oil pool and not to be surprised to see a stream of oil running down over the Cap Rock in the near future.

RAILROAD RATES AND SALARIES

At a time when the question of railroad rates and wages has been brought to the attention of the people by a discussion of the Railroad Funding bill, and by the recent threatened strike of employees, Representative Parks (Dem., Ark.) has made some illuminating remarks and presented some interesting and valuable statistics on the subject.

He asserts that when the peak of high prices was passed and every business was charging off its losses and endeavoring to begin anew, the railroads were the only concerns that refused to take their losses along with the rest of us. As a contributory cause of unemployment he cites that the lumber industry in his state, giving employment to thousands, has been almost destroyed on account of freight rates; that it cost as much to ship a carload of lumber as it does to manufacture the lumber and get it ready for shipment.

He gave the following instances of shipments of fruit:

A carload of cantaloupes shipped to Pittsburgh, sold for \$385.20, freight \$381.18; after deducting drayage, commission, crating, etc., the grower received \$38.17.

On a carload shipped to Chicago, which sold for \$417.60, the freight, commission, etc., was \$371.86, leaving \$45.74 for the grower. He cited other cases in which express rates were as proportionately exorbitant as the freight rates.

After referring to the recent reduction in wages of railway employees of 12 per cent last July, he quoted the Labor Board as stating that the average day's wages of all classes of railway employees was \$4.54. In contrast to this, he gave a list of salaries of railway officials, first calling attention to the fact that President Harding received \$75,000 a year as the head of a great nation, and seemed satisfied with his pay and his place. The following are extracts from the list:

J. N. Dickinson, Receiver, C. R. I. and P. Railway, \$120,732.90.

R. S. Lovett, Chairman, Ex-Com. U. P. Railway, \$104,104.16.

J. Kruttschnitt, Chairman, Ex-Com. S. P. Railway, \$88,860.00.

A. H. Smith, Pres. New York Central Railway, \$78,360.00.

F. D. Underwood, President Erie Railway, \$77,950.00.

Walker D. Hines, Chairman, A. T. & S. F. Railway, \$77,210.00.

E. F. Ripley, President A. T. & S. F. Railway, \$75,400.00.

William H. Truesdale, President D. L. and W. Railway, \$75,399.88.

Hale Holden, Pres. C. B. and Q. Railway, \$65,000.00.

A. J. Earling, President C. M. & S. P. Railway, \$75,319.00.

Samuel S. Rae, President Pa. Railway, \$75,460.00.

In addition to this, Representative Parks cites a long list of other salaries in the \$60,000, \$50,000, \$40,000, \$30,000 and \$20,000 classes.

The relation of these salaries and of freight rates to the question of taxation, cost of living and to the great problem of unemployment is obvious.

Representative Parks declares that reduction in pay of railway employees should begin with the highly paid officials and not with the mechanics and day laborers.

LANDLORD TO JAIL

New York, Nov. 17.—Samuel Josephson, landlord, was sentenced by the court of special sessions to pay a \$250 fine and spend thirty days in the workhouse for failure to supply hot water to a tenant. The tenant, Benjamin Sheinman, testified Josephson had cut off the hot water in an effort to compel him to vacate his apartment.

Revival Meeting.

Will commence at the Lower Cottonwood School House on Dec. 3th. Opening service at 11 o'clock a. m. Night service at 6:30 every night.

Special music by the Artesia Methodist Sunday School orchestra. Rev. R. F. Davis will do the preaching.

THE ROAD TAX VANISHES.

One of the phases of the new tax law which is keeping County Assessor Joe Johns and assistants working overtime in the extension of the rolls, is the fact that the old \$3.00 road tax is removed from the zone of speculation and becomes an established fact so that it will not now be collected from the easy marks only. It is placed among the real estate and personal taxes, and must be paid as of equal standing. Assessor Johns will list all those making no property returns who are eligible to the tax, and they will have to pay it. He maintains a discreet silence as to whether the tax will be listed against the women voters.—Carlsbad Argus.

EL PASO FAVORS PAVING

J. S. Major of El Paso who recently signed for paving Main street in Artesia made the following remark in a letter to the President of our Chamber of Commerce. "Artesia cannot afford to let Carlsbad pave her streets and not do it herself."

Martin Yates was a business visitor to Roswell the first of the week.

Electric Shoe Repairing

I now have a lot of men's work shoes at \$2.00 to \$2.50, also some ladies shoes at \$2 to \$3. Several pairs of children over shoes, all these shoes well worth the price asked. See me for a reasonable share of your work, will appreciate same by doing you good work at prices that will appeal to all who reason.

HIGH SCHOOL NOTES

An Assembly was called Monday morning at 10 o'clock. Mr. Adams made several announcements concerning our school work.

A gift of venison was made to the High School Faculty by Mr. Pascoe. On last Monday the Domestic Science girls, under the supervision of Miss Ethel Bales, served the High School Faculty with the following menu:

Venison Steak. Baked Potatoes
Fried Apples
Fruit Salad
Coffee and Cake

A happy event of the past week among the High School boys and girls was a Barn Dance at Manda's Farm.

A bunch of jolly students of the High School enjoyed a pie supper at the Lower Cottonwood last Wednesday night.

Last week the Cottonwood truck turned over with its load of children. The truck was just a few yards from the school building when the accident happened. Fortunately no one was seriously hurt, but bumped heads and bruises were on display next day.

Miss Elizabeth Solomon entertained, Sunday, several High School girls at one o'clock dinner. The girls reported that the gracious hospitality of the Solomon home was never more gracious.

One of the Clovis teachers, Miss Mary Elizabeth Walker, spent the week end with Miss Kemp. They were school mates at Randolph Macon.

The advertising manager of the Annual, reports work in progress.

The Manual Training department is working on articles for their sale on December 17th.

There are a number of embryo stenographers in Artesia High School if one can judge from the work and interest shown in the Commercial department.

All the teachers at the Central Building had programs last Friday. Quite a number of visitors were present.

Our new flag at the High School is much larger than the old one, so that we are more than ever impressed by the beauty and majesty of "Old Glory".

Stunt night has been postponed in deference to the Library Benefit of December 2nd.

The Dramatic Club held its regular meeting Thursday night. Miss Josephine Parker is proving herself an able president.

The speaker at Wednesday's Assembly was Fred Brainard, an alumnus of A. H. S. of whose athletic fame we are quite proud. His subject was Athletics.

State Highway Engineer Gillett, last week advertised for bids for the completion of the twelve miles of road now unfinished of the Lovington-Carlsbad highway, the part to be completed connecting the present terminus of the highway with the state road across the sands.—Carlsbad Argus.

The Presbyterian Ladies' Aid will hold a bazaar December tenth.

IN THE PROBATE COURT OF EDDY COUNTY, NEW MEXICO. IN THE MATTER OF THE ESTATE OF WILLIAM W. MAJOR, DECEASED.

No. 448
NOTICE OF APPOINTMENT OF EXECUTOR.

Notice is hereby given that on the 10th day of November, 1921, I, John S. Major of Artesia, N. Mexico, was, by the Probate Court of Eddy County, at a regular day of the November, 1921 Term, duly appointed Executor of the Estate of William W. Major, Deceased, and that I have duly qualified as such Executor.

All persons holding claims against said Estate are hereby notified to file same with me, as Executor of said Estate, within the time required by law and all claims not so filed will be forever barred.

Dated this 28th day of November, 1921.

12-23 JOHN S. MAJOR, Executor.

REMEMBER to ask your grocer for Calumet Baking Powder and be sure that you get it—the Indian head on the orange label. Then forget about bake day failures. For you will never have any. Calumet always produces the sweetest and most palatable foods. And now remember, you always use less than of most other brands because it possesses greater leavening strength.

Now Remember—Always Use

CALUMET BAKING POWDER

There is no waste. If a recipe calls for one egg—two cups of flour—half a cup of milk—that's all you use. You never have to re-bake.

Contains only such ingredients as have been officially approved by U. S. Food Authorities, is the product of the largest, most modern and sanitary Baking Powder Factories in existence.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Big Jo Lumber Company

LOST CHILD IS FOUND.

The little three year old daughter of Wm. Guillion, living near Weed, wandered away from home Sunday morning and was not found until Monday afternoon. Searching parties from Weed and Mayhill were organized and commenced an immediate search. A party of hunters from the Pecos valley, it is reported, found the little one near Bear Springs, suffering from hunger and exposure.—Alamogordo Cloud-crofter.

Planes consumed the old Johnson building, one of the oldest residences in this community, Wednesday afternoon. Outside of the pecuniary loss, Mr. Young the present owner will not be greatly inconvenienced as friends were on hand to provide for the welfare and comfort of his family as neighbors should.—Hope Press.

IN THE PROBATE COURT OF EDDY COUNTY, NEW MEXICO. No. 447.

IN THE MATTER OF THE ESTATE OF LOU W. ROTHMAN, DECEASED.

NOTICE OF APPOINTMENT OF EXECUTOR.

Notice is hereby given that on the 10th day of November, 1921, I, George M. Winans of Artesia, N. M., was by the Probate Court of Eddy County, at a regular day of the November, 1921 Term, duly appointed Executor of the Estate of Lou W. Rothman, Deceased, and that I have duly qualified as such Executor.

All persons holding claims against said Estate are hereby notified to file same with me, as Executor of said Estate, within the time required by law and all claims not so filed will be forever barred.

Dated this 28th day of November, 1921.

12-23 GEORGE M. WINANS, Executor.

NOTICE FOR PUBLICATION.

046837
Department of the Interior, U. S. Land Office at Roswell, N. M. Notice is hereby given that Miles R. Chotes, of Lakewood, N. M., who, on February 27, 1920, made Homestead Entry No. 047837 for S½ S½ Section 4, Township 23 S., Range 25 E. N. M. P. Meridian, has filed notice of intention to make final Commutation Proof to establish claim to the land above described, before S. W. Gilbert, U. S. Commissioner at Artesia, N. M., on the 31st day of December, 1921.

Claimant names as witnesses: George Louis Howell, Walter McDonald, Dwight M. Lee, James Howell, all of Lakewood, N. M. EMMETT PATTON, Register.

Z. B. Moon, secretary of the Hope Chamber of Commerce, has returned from Amarillo where he has been looking after the dairy business. He made a contract with the Mistletoe Creamery for a station here. Lee Jones has been designated as local agent, and the farmers agreed to begin with 100 cows and gradually increase the number and quality of their herds. W. A. Whately of the International Harvester Co. of Amarillo has placed an agency with Lee Jones for cream separators to assist the dairymen.—Hope Press.

Francis G. Tracy, a member of the Western States Reclamation Association; Samuel I. Roberts, representing the Pecos Water Users Association, and Miss Effie V. Hart, representing the Hi-Line Canal association, left this week for Salt Lake City, Utah, to attend the meeting of the Western States Reclamation Association, scheduled for early next week. The meeting will be held for the purpose of preparing a program of activities for the coming year, when Congress will consider matters of vital interest to the irrigated west.—Carlsbad Argus.

Between the Banks.

The Woman's Club.

The old mission churches built by the Spanish padres in the southwestern part of the country in its early history was the subject of study at the postponed meeting on Wednesday. These old buildings are but another feature which is making the southwest attractive to the tourist and spreading the fame abroad. The leaders, Mesdames Wheatley and Atkeson, made their program of especial interest by showing slides of mission churches of New Mexico, Arizona, Texas and California.

History and romance of New Mexico will be started at the next meeting, when the books "Bid Bend." and "The Blood of the Conquerors" will be received.

Tex Polk has returned from a business trip to Tucson, Ariz.

The Art Exhibit, previously advertised has at last arrived and can now be seen at McClay's furniture store.

Lost Bees By Fire.

W. R. Atkeson last Monday lost fifty stands of bees by fire. The fire is supposed to have been started by school boys throwing cigarette stubs into the grass.

Rev. and Mrs. R. F. Davis and Mr. and Mrs. J. H. McCreary were Thanksgiving guests of "Dad" Taylor on his ranch east of the Pecos. They returned home Saturday.

Mr. and Mrs. O. L. Stacy of Huerfano, Colo., are visiting at the home of Mr. Stacy's parents, Mr. and Mrs. T. S. Stacy of this city. They will spend the winter here.

Miss Annie Bogle has returned to her home in Centerville, Tenn., after a visit of several months at the home of her aunt, Mrs. Sallie Brown and other relatives.

PARDONS FOR 3 PRISONERS.

Pardons were granted by Governor Mechem to Iron S. Rowe, Eddy county; Howard Haynes, Union and Gleen Blake, Union, yesterday afternoon. Rowe was sentenced to serve from 4 to 5 years. Haynes from one and one-half to three, and Blake from one to one and one-half. Their crimes were not given. Judge C. R. Brice, the trial judge, saying Rowe was ignorant of the law he broke, and 200 leading citizens of Eddy county recommended clemency for him, the governor said, and a large number of prominent and reliable citizens of Union and San Miguel counties asked the governor to pardon the other two. The penitentiary board also recommended clemency for the three.—Carlsbad Current.

Mrs. D. L. Hornbaker of Hutchinson, Kansas, is at the home of her son, W. K. Hornbaker. She will spend the winter here.

Saturday, December 10th, 2 P. M.

SEVENTIETH BIRTHDAY.

Last Tuesday was the seventieth birthday of W. M. Todd, much to the surprise of all who have witnessed his activities and buoyancy, and he received numerous gifts and congratulatory messages from friends and relatives at his former home.

The pleasure of the occasion was considerably lessened, however, by the information that Mrs. Todd, who was visiting at Lincoln, Neb., had been obliged to submit two days before to a hurried operation for gall stones. The operation was successful and the danger point believed to be safely passed.

CLASSIFIED

Found:—A purse on Thursday. Owner may have same by calling at Solomon's store and describing. Also paying 25c for this notice.

**101 YEARS OLD,
HE BETS ON RACES,
FOLLOWS 'PONIES'**

Vancouver, B. C., Nov. 26.—"Dad" Quick was shaking hands with old friends at the recent race meet here and incidentally was "betting his head off". He is said to have cleaned up neatly.
"By and by I may reform," chuckled "Dad" Quick. "But a young man ought to be allowed his little fling at gambling."
101 Years Old.
He was 101 years old last month. He was born in England a little too late to number George III among the kings he might have met. He emigrated to the United States about the time they put the first passenger train on the rails in England and helped Elias Howe in 1844 make the first six sewing machines the world ever saw. He fought on the side of the north through the civil war.
He has "followed the ponies" all over the continent. He admits being a "born gambler". He hates pari-mutuel machines, but he plays them as hard as he used to play the books because there's nothing else to play on the western tracks.
The centenarian owns a little saddle shop on Powell street, in Vancouver, and works at his bench every day. Racing saddles are his specialty and orders reach him from as far away as Brazil and Australia. "Dad" Quick's saddles are known all over the United States and Canada.

Big Pre-Inventory Sale

AT THIS SEASON OF THE YEAR, due to the extremely mild weather, we find our stocks on many articles of Dry Goods and Wearing Apparel entirely too heavy, and to reduce this surplus before taking inventory, we are going to sacrifice our profit and in many instances much more. Plainly speaking, if prices will move this merchandise, just at the time most needed by the customer, we will accomplish that end. It will be impossible, even to mention in this small circular, the many items which will be placed on sale at Big Reductions. You cannot afford to miss this.
