Big Dance In Roswell To Swell Baby Milk Fund

Extensive preparations are being made by Alex Sarad, new manager of the Gilder Cafe, for a benefit dance July 3rd. The proceeds of this affair will go to the "Baby Milk Fund" of that city, and being of such a worthy nature, is expected to be accorded a record attendance.

Bryan Osborne's four-piece orchestra, than which there is no better in the Pecos Valley, will furnish music for the occasion. The spacious Gilder dining room is roomy enough to accommodate a large crowd, and is cool and comfortable. Preparations are being made to care for visitors from Artesia and the lower valley, all of whom will be assured of a "grand and glorious time."

Mr. Sarad since taking over the management of the Gilder dining room has shown himself capable in every sense of the word; service and cuisine of the best. He will be present at the Baby Milk Fund dance to see that all is well.

THE ADVOCATE EDITOR TAKES LIFE PARTNER

The following is taken from the Baird (Texas) Star.—

On Wednesday, June 18th at high noon a very pretty wedding was solemnized at the College Heights Baptist Church, Abilene, when Miss Mae Harris became the bride of Mr. Walter Martin, of Artesia, New Mexico.

The wedding march from Lohengrin was played by little Miss Nell Hill, niece of the groom. Miss Gladys Reddell as bridesmaid, wore a frock of soft gray crepe with orchid trimmings and carried an arm bouquet of gladiolus. Mr. Raymond Reed, of Baird, was groomsmen.

The bride was in dark blue traveling suit embroidered with beads. Her hat and accessories were of gray. She carried an arm bouquet of roses and cape jasmine.

The beautiful ring ceremony was said by Rev. C. A. Powell, pastor of the College Heights Church, in the presence of relatives and some of the more intimate friends of the couple.

Mrs. Martin graduated from Simmons College in the class of 1917 and since that time she has been teaching. Two years ago she taught in the Baird Public School and during the past year she was a member of the faculty of Palasades, Colorado.

Mr. Martin graduated from Simmons College in the class of 1917 and since that time has served Callahan county treasurer and at present is editor and part owner of the Advocate, of Artesia, New Mexico.

Mr. and Mrs. Martin left immediately by automobile for the mountains of northern New Mexico, where they will spend a short honeymoon before returning to Artesia.

DON'T LET GEORGE DO IT

A Straight From The Shoulder Talk by C. W. Bartlett, President of the Artesia Chamber of Commerce.

Somebody has started the report that Roswell business men would subscribe ten thousand dollars to help Artesia raise that \$22,000 for the purpose of building a refinery and pipe line that Messers Flynn, Welch and Yates propose putting in within the next six months and those who are inclined to "LET GEORGE DO IT" are patting themselves on the back because they think they will not have to share with other Artesia citizens in raising the money necessary to insure the refinery for Artesia. Up to the time of writing this article (Wednesday, June 25th) the committee appointed by the Artesia Chamber of Commerce to solicit funds for the refinery and pipe line, have failed to receive any direct information that would give them a lead to the name of any Roswell citizen who has offered to subscribe a single dollar to this fund, reports to the contrary notwithstanding.

Roswell citizens want to see the refinery located at Artesia and no doubt they would lend a helping hand if they were asked to do so. Artesia hopes, and expects to raise that \$22,000 without outside assistance and if each and every business man and property holder will give to the limit, we can proudly say that "WE DID IT" instead of "LETTING GEORGE DO IT."

If we should fail to locate this refinery in Artesia, we will be like the man who missed his train and felt like kicking himself while he stood on the depot platform, watching the train disappear DOWN THE LINE until nothing but a mere speck of the rear end was in sight: DO YOU want to see Artesia go DOWN THE LINE instead of UP THE LINE?

Right now is the time to act, don't wait for the committee to call on you for your subscription but notify them at once that you stand ready to do your share. Two hundred twenty subscriptions of \$100 each would raise that \$22,000. We surely must have in Artesia, that number of public spirited citizens.

IF YOU WANT TO SEE YOUR PROPERTY DOUBLE IN VALUE;
IF YOU WANT TO SEE YOUR BUSINESS DOUBLE IN VOLUME;
IF YOU ARE PUBLIC SPIRITED AND WANT TO SEE A BIGGER AND BETTER ARTESIA, SUBSCRIBE TO THE LIMIT— OPPORTUNITY KNOCKS AT YOUR DOOR—ARTESIA HAS THE CHANCE TO GO FORWARD INSTEAD OF STANDING STILL— WHAT ARE YOU GOING TO DO ABOUT IT?
If you are a quitter and don't believe in progress, follow the man who says "LET GEORGE DO IT," he's on his way to the graveyard and nobody who has an ounce of pride in his system, is going to stop him.

WE ARE GOING TO RAISE THAT \$22,000 BY JULY 1st. Are YOU going to do your share?
Other industries are seeking to locate in Artesia. A plant representing the investment of more than fifty thousand dollars is knocking at our door right now and representatives are in Artesia today, waiting to see what Artesia is going to do about the refinery. If we lose the refinery, we are going to lose many other big things that go to make a prosperous city.

And how about the farmers who are located in the territory surrounding Artesia? If Artesia grows and our population and business enterprises increase, you are going to share in our prosperity because farm lands and everything connected with farming is bound to increase in value. So I say to the farmer, come on in and help make this community more prosperous.

May Build Cotton Seed Mill Here— Crops in Good Shape

Bill Bartlett took Mr. Clark and partner, who are here from Dallas looking after a location for a cotton seed mill, out to the Cottonwood county Tuesday to interview the cotton farmers of that section in regard to the production of cotton seed.

W. R. Hornbaker, manager of the Alfalfa Growers association, which has shipped out over 200 cars of alfalfa this season, reports that the price is three dollars higher this year than last at this time, being \$16.25 net to the grower. The commercial hay of the second crop will be greatly reduced, since about one third of the acreage is being allowed to go to seed and another third is being stored leaving only about one third to be marketed.

The cotton crop is in a very promising condition on the whole. Over nine thousand acres were planted, out of which something like five hundred acres have been lost on account of the hot, dry weather.

CONVENTION GETS UNDER WAY TUESDAY NO CHOICE MADE YET

Delegates Brought to Their Feet When G. O. P.'s Are Denounced—Open Platform Fight Will Likely Be Made.

NEW YORK, June 24.—Forgetful for the moment of its bitter rivalries over candidates and policies, the Democratic national convention began its sessions in the Madison Square Garden today with a militant demonstration of party enthusiasm.

Meeting only to go through the formalities of effecting a primary organization, the delegates indulged in a 20 minutes old time Democratic demonstration in honor of Woodrow Wilson and cheered to the echo a keynote speech in which Senator Pat Harrison pleaded for party harmony and a reconsecration to the undaunted principles of democracy.

Then, after three hours of oratory and noise making, the convention adjourned until tomorrow, leaving its committee to work out details of its organization while the managers for the score of candidates for the presidency continued their preparations for battle.

Not a single voice was raised in protest or debate at any stage of the proceedings. Picking their words and making their plans warily, party officials steered the convention away from the dangerous passages that lie in its course and left it to the committees and to later sessions to develop the full force of the conflicting currents that are moving beneath the surface.

OPEN PLATFORM FIGHT

Aside from the contest over the nomination which appeared to have undergone no material change during the day, the most difficult of the convention's problems rest tonight in the hands of the platform committee, which began its labors immediately after its appointment at the opening convention session. Far into night its leaders battled over prohibition, farm relief, foreign policies and the klan issues with no agreement in sight.

The rules committee speedily put an end to the much discussed move to do away with the old rule requiring a two-thirds vote of the convention to nominate. Like many similar abrogation proposals in the past, it collapsed when it reached the stage of action. Only three votes—all from states instructed for McAdoo—voted to throw the long established rule into the discard. Before the credentials committee, the McAdoo forces won a victory by securing a convention seat for a McAdoo alternate who will vote in the absence of one of the delegates from Oregon. A contest involving 11 delegates from Minnesota was thrown out after only brief consideration.

I. O. O. F. MEMORIAL SERVICE

The annual Memorial Service of the Odd Fellows' Order was held at the Baptist church last Sunday evening, Rev. Simmons preaching the memorial service. The members of the different branches, whose memories were honored this year were the Past Grandmaster, Givans of Las Vegas, Mrs. Aleshire, of Lake Arthur, past president of the Rebekah Assembly, Fred Linell, member of the local Encampment and Rebekah Lodge No. 11 and Fred Halsey, who was a member of the Artesia Encampment and both the Subordinate and Rebekah lodges at Hope. Decoration of graves in Woodbine cemetery preceded the service.

Now Ready To Shoot the Ill. No 3 Well Says Report

Results of Shot Will Be Closely Watched by all Local Men. Several New Wells Spud in This Week and More Located.

The Tigner-Windsor well in sec. 14, twp. 17-28, is drilling a very hard caprock formation at 1823 feet. Judging from the log of the Illinois No. 3, this caprock should be about eighty feet thick and about forty feet of this hard formation has already been penetrated by the Tigner-Windsor drill, and is making only about 5 to 8 feet per day of twenty-four hours.

It is expected that the Illinois No. 3 oil sand (called the Yates sand) will be found directly below this caprock in the Tigner-Windsor, and local oil men are predicting and oil producer that will equal or surpass the Illinois No. 3.

The Tigner-Windsor has looked good all the way down and has had better oil and gas showings than the Illinois No. 3 at the same depths.

The Illinois No. 3 in Sec. 32, Twp. 18-28 will be shot this week, the exact time depending on the arrival of the "soup wagon" and shooter from Texas.

As the No. 3 is a good commercial well, without shooting, it is expected that something extra good will be developed by shooting. The hole is now standing practically full of oil and flows by heads part of the time through the tubing. The oil is 37 gravity and worth \$2.00 per barrel. Two additional 250 barrel storage tanks for the Illinois people arrived over the Santa Fe, Tuesday, and were moved to the No. 3 well, yesterday, making a total of 1000 barrels of storage at the well. In addition to above, the Illinois people are moving out a 2000 barrel storage tank.

Oscar Howard et al in Sec. 22, Twp. 18-27 has been awaiting the completion of a water well, before spudding in, but expect to commence drilling operations about today or tomorrow. They are moving a National rig to N. W. 1/4, Sec. 2, Twp. 19-26.

Vandagriff & Smith spudded in a well, Saturday, in Sec. 8, Twp. 18-27. Pitcher well, in Sec. 12, Twp. 18-27, which was delayed for some time, on account of repair work, resumed drilling, Monday at 1550 feet.

Brainard No. 1 in Sec. 29, Twp. 17-27 is down 940 feet. Mr. Sharp, field man for the Pure Oil Company of Columbus, Ohio, arrived in the field yesterday. This company made a detailed survey of this field a few weeks ago, through their geologist, Mr. Wasson.

Mr. Keyes, a prominent Kentucky oil man, has been the guest of Mr. and Mrs. V. S. Welch, during the past few days. Mr. Keyes is highly pleased with the oil outlook, east of the river.

Colonel Taylor, a noted California geologist, representing big California and New York oil interests, spent several days going over the field, east of the river. His report is said to be very favorable.

The Illinois people are expecting two additional cars of machinery and equipment to arrive this week.

A drilling outfit is being moved to S. W. corner of Sec. 29, Twp. 17-29. Field operations are in charge of Arba Green of Miami, Oklahoma. This location is about three miles S. E. of the Tigner-Windsor and is the farthest east test to date.

Several additional wells are to be spudded in, east of the river, within the next few days. Locations will be announced later.

We have received several inquiries regarding the "shooting" of the Blue Bird at Carlsbad but we are unable to obtain any authentic information regarding this well.

M. Holman of Bronson, Kansas, drilling contractor, is here spending several days in the field. Mr. Holman has several drilling outfits, to ship to the field, as soon as satisfactory drilling contracts are closed.

The Pure Oil Company of Ohio has been closely watching this field for several weeks and are said to have a block of acreage and drilling location, east of the river and south of the Illinois block. Mr. Dawes, Republican nominee for Vice President is at the head of the Pure Oil Company. Other major companies that are said to be planning test wells south and southwest of the Illinois block are the Humble and the Arkansas Fuel Oil.

Tigner No. 1, Sec. 34-18-27, which snudded in Monday is now drilling at 150 feet.

tractions of the Weed country and they have the pictures to prove it. R. O. Rodden made a number of views of the prospective camp sites and these pictures may be seen at the G. C. Mann Drug store here. Anyone who would not be pleased with these views, must indeed be hard to suit.

HALSEY CASE TESTIMONY

STORY VARIES FROM FOSTER'S

Mrs. Fred Halsey, who is on trial for the murder of her husband was kept on the witness stand practically all day Wednesday, going on at 10:45 and remaining until court adjourned at six o'clock. Her story varies in many instances with that of Foster's which he previously testified to. Following the long and tedious examination by her attorney, Robert C. Dow, she was subjected to a vigorous cross examination by Attorney Fuller, special prosecutor in the case. Only one time did she leave the stand, other than at regular recesses, and that was allowed when her attorney stated that she had been ill the night before and all that day, and needed to lie down. She was away possibly thirty minutes.

ADMITS MEETING FOSTER

Mrs. Halsey admitted meeting Luther Foster in Gene Perdue's restaurant on those occasions as testified to by various state witnesses. She claimed she was there the first time to collect some money from Perdue, who owed her for a calf. She said that Perdue told her "Come back here I've something to show you," and upon accompanying him to the bedroom in the rear, she found Foster. Foster asked her to sit down, she said, but she told him "I can't, Fred is here and he'll be in here on top of you in a minute." In a moment, she testified, she left.

VISITED RODEO GROUNDS

During the Christmas holidays, Mrs. Halsey said, she was called several times on the phone by Foster, but that the conversations were limited to talk of attending the dances in progress at Hope. She said that each time, Foster invited them to the dances, but she refused each time.

One day following the holiday season, Mrs. Halsey stated that she and one of the small children started in to Hope for some groceries. On the way she met Zack Teal who hailed her and informed her she had a flat tire. He also said that he had started to the Halsey ranch. She claims Teal said "Foster's at the fair grounds, drunk and crazy, and wants to see you." She said that she replied to Teal that she could not meet him, whereupon she was told that Foster was so drunk, and in such a crazed condition that he would likely go to the ranch. Teal insisted that she go, the witness said, and volunteered to exchange cars; that he would repair it and come along in a short time. She went to the rodeo grounds and found Foster drunk. "What's the matter?" she asked. "You know what the matter, I came back here to see if you're going to live with that man." She told him "Yes," whereupon he replied "You know what I told you--I'm going to free you from that man if it takes the lives of all three of us. You know what I told you--I'm the wildest buck that ever crossed the Rio Grande."

Mrs. Halsey's testimony corroborated that of her daughter regarding Teal asking to borrow her gun, and that she did not let him have it.

HER VERSION OF OFFER TO KILL

Zack Teal came to the ranch on the afternoon of March 13th, the witness testified, and remained overnight, and until noon the next day. She had been with her husband in the field the morning of the fourteenth, she said, but returned to the house about eleven to see about getting dinner. Teal accompanied her to the meat house, as formerly testified to, and carried a pan of sausage for her. While she was cutting some steak from a quarter of beef that had been given them by Teal, she said he remarked "What did Fred say about the beef." She told him he had said "It's a little fresh. Was still hot when we went and got it, and I think Zack must have stolen it." "Well it ain't any of Fred's business if I did steal it," she claimed Teal replied "Fred had better keep his mouth shut, or you'll find him hanging from that streaked face horse's side." She claims he then continued "Say I've got something to tell you--keep it forever and ever Foster offered me \$1000 to kill Halsey."

Mrs. Halsey stated she ordered Teal off the place with the admonishment that she was going to tell Fred. She said Teal had never returned.

Mrs. Halsey said that her husband went armed after she told him of the threats made against his life, thus accounting for the fact that he was armed on the night of his death.

"GET YOUR GUN, WE'LL SHOOT IT OUT"

On Tuesday before the tragedy the following Sunday, Mrs. Halsey said that she saw her husband and Foster meet on the streets of Artesia, and that her husband said "I hear that you and Teal are planning to bump me off--if you are, just get your six shooter and we'll shoot it out." She said that Foster said "I plan on leaving town soon after the election."

CAME TO GET MARRIED

Mrs. Halsey said she and Mr. Halsey came to Roswell to get married the fifth of October, last year, but that she was nervous and afraid and the wedding was postponed. They were finally married November 7th.

KEPT FOSTER UP

Mrs. Halsey testified to have loaned Foster various sums of money. "Whenever he asked for it" she said. The first check, which she said was given to him a few days after they met, was for \$100 with which to buy clothes. She said that she had let him have not less than three hundred dollars, and a diamond pin. Thursday, June 19th.

MRS. HALSEY RESTS CASE

Opening of court was delayed about an hour this morning while attorneys for Mrs. Halsey conferred with the court and counsel, in private. Morning session opened at ten o'clock and Mrs. Halsey resumed the stand for about thirty minutes, after which time her case was closed. Neither Foster nor Archer offered a rebuttal, but Foster was called to the stand to answer one question which was overlooked by counsel in direct examination.

The state's rebuttal is expected to be finished today and argument begin not later than tomorrow morning.

MRS. HALSEY DIDN'T KNOW ARCHER

During her short stay on the stand this morning Mrs. Halsey said that she did not know Archer--did not know there was such a man--until he was brought to Carlsbad under arrest for the murder of her husband. She stated that just before Mr. Halsey had been murdered they had been planning a trip to California.

PREMONITION OF DEATH

Testimony was produced this morning to show that Fred Halsey had a premonition of disaster. Mrs. Halsey testified that he had talked with her about "something happening" and that if it did, what she should do toward taking care of her future.

TESTIFY TO COUPLE'S HAPPINESS

Mrs. Will Taylor, Miss Audrey James, Mrs. R. L. Burns and Chas. Rascoe, all of whom had previously testified, were recalled and testified that from the demeanor of the couple, Mr. and Mrs. Halsey were attached to one another.

Chain Luckey, resident of Hope, was called and testified that he was at the Halsey home on Monday night following the murder. Attorney Dow asked him to "State whether or not Kathryn Halsey said anything to him that night about guarding the house." Upon objection by state's attorneys, the question was not allowed to be answered.

FOSTER MAKES LAST DENIAL

Luther Foster, who made blanket denials to all that had been testified to against him, when he was first called as witness in his own behalf, was recalled for about five minutes this morning and denied that he had ever made any sort of proposition to Zack Teal to have Fred Halsey killed. He stated that he had never had a dispute of any kind with Fred Halsey during his lifetime, and that their relations were at all times friendly.

SHORT HAND REPORTER TESTIFIES

Mrs. Marie Baldy, short hand reporter employed in the district attorney's office, testified as to the correctness of questions that had been presented, as being contained in a statement made to the district attorney before the grand jury, by Bertie Gardner and Cordelia Kelly, when the present indictment was returned. The contents of these statements have been dwelt on, at length, during the trial. They were made under oath, but in the case of both, the statements made at that time differ materially from the testimony of these two witnesses on the stand.

STATEN ALIBI ATTACKED

Staten's testimony before the jury a few days ago was to the effect that he returned to the Perdue restaurant about eleven o'clock on the night Fred Halsey was murdered, and found Claude B. Archer. To the grand jury he stated that he left the Perdue restaurant "Sometime after eight o'clock and that he did not stay until the place was closed."

CHILD TELLS DIFFERENT STORY

Bertie Gardner, testifying in Archer's behalf a few days ago said that she did not reply to the note she received from Perdue after he was placed in the Artesia jail. This note was delivered, she said, by Mrs. Kelley's small daughter, May Kelley. Little May went on the stand and said that there was a return note and that she accepted from Mrs. Gardner and delivered it to Perdue in jail.

"FOR GOD'S SAKE GENE DON'T TELL"

Perdue was called and stated that the note was in reply to what he had said he was going to do. He stated

that his note contained information to the effect that he was going to "tell all he knew." Perdue says the return note read "For God's sake Gene don't do that. If you will hold off a few days, we think we can produce evidence which will get you both out. If you do what you say you're going to, we can never look on your face again."

WIFE SAYS PERDUE INVALID

Mrs. Perdue testified that her husband's physical condition has been very poor for several years, and that it was at the time Fred Halsey was murdered. He is unable to be on his feet for long at a time, and can walk no great distance.

PHYSICIANS SUBSTANTIATE TESTIMONY

Doctor H. A. Stroup of Artesia and Doctor W. C. Matthews of Roswell both testified that they had treated Perdue for chronic ailments for several years, and that in their opinion he could only walk a short distance, and that would bring excruciating pain. They both said that in their opinion it would be impossible for Perdue to walk as many as eighteen miles without having to go to bed afterward that it would be practically impossible for him to walk that distance.

Perdue was recalled at this time by Attorney E. P. Bujac and admitted that since last Saturday, when he was released from jail, that he has been walking twenty blocks daily, to and from the courthouse. Doctor Matthews was then recalled and admitted

E. A. Hannah and Ed Stone returned Tuesday from Weed, where they went with Mrs. Stone and the two boys. The latter will spend the summer at Weed in order that Mrs. Stone may get relief from hay fever.

Rev. J. H. Walker, Mrs. Walker and son, Charles, arrived home Sunday from Tucumcari, where they attended a Methodist Training School for Sunday school teachers. Early last week Mr. Walker was taken sick with an attack of appendicitis and was in the hospital several days. He was able to come home on the train Sunday and the others came through in the car. He is improving rapidly at present.

Thus he summed up the connection Foster bore her marriage to Fred Halsey, and afterwards.

FROM BEGINNING CONSTRUCTS STORY

Mr. Fullen started his argument at 11:10, having asked for only five minutes following Judge Osburn, that he might get his papers together. His talk will continue into the afternoon, immediately following which the case will be turned over to the jury.

In constructing his detailed account of what must have happened, according to the evidence, Mr. Fullen brought out new meanings; new interpretations and new force to the letters, telephone calls, meetings and even the testimony which has been introduced in the case by both the defense and the prosecution.

In speaking of the telephone calls, which he said extended up into March, instead of only during the holidays, Mr. Fullen asked: "Which do you think was the purpose of these? Was it an invitation from Foster to attend the dance—was it that he wanted to count out that three hundred dollars that Mrs. Halsey claimed he owes her—or was it to move the pawns a little farther, each time, in the game they were playing, and which culminated in the death of Fred Halsey on the night of March 30th?"

Mr. Fullen, in that speech and manner that acclaims him one of, if not the best prosecutors in the entire southwest, unfolded a cowardly, diabolical plot, on the part of the three defendants, to take Fred Halsey's life that rivaled any mythical tale of cold blooded, merciless cunning and scheming that one could hear. Frequent reference was made to "The wildest bet that ever crossed the Rio Grande," which title, Mrs. Halsey claimed on the stand that Foster bestowed upon himself at one time when he was threatening her life.

The Man Who Succeeds

Give me the man who can hold on when others let go; who pushes ahead when others turn back; who stiffens up when others weaken; who advances when others retreat; who knows no such word as "can't" or "give up"; and I will show you a man who will win in the end, no matter who opposes him, no matter what obstacles confront him.

Sincerity

Remember this little rule for success: Let your every act start from a sincere interest in the thing to be done, never from the mere desire to impress others with your personality. Sincere motives are the firm foundations upon which actual accomplishments are built. Conceited motives are the shifting sands upon which failure is built. —Lowell Tillmore.

TEACHERS EMPLOYED TO DATE

The secretary of the school board, Mrs. Manda, is very busy these days communicating with prospective teachers, investigating credentials. Less than half the faculty has been supplied up to the present, but the Board has several excellent teachers in prospect, besides those already engaged. In the high school, Miss Alice B. Miller, Mathematics; Miss Dora Russell, Spanish; and Mr. Mahrens, Manual Training having signed their contracts for next year.

Miss Isabelle Duffy of Norman, Okla., a niece of Mrs. G. M. Winans, has been elected to the chair of History. Miss Duffy is one of this year's graduates at the University of Oklahoma.

Mr. Floyd will be principal of the Grammar school again and the Misses Linna McCaw and Pearl Henderson have also been employed for that building.

Mrs. Harold Howard has been elected principal of the Central building and Mrs. Floy Hartzfield has been re-employed. New teachers already secured for this building are Miss Harriet Rose and Miss Leona Allenger, both of whom come from Loving. Miss Allenger will be in charge of the Spanish American room.

Miss Nellie Gray, who recently moved here from Missouri, has also been employed for this building. She is at present attending summer school at Las Vegas.

EGGS AND QUILT WILL SET MAJESTIC AROAR

Two of the most exorciatingly comic elements that this year will see on the silver sheet will be seen for the first time Friday night at the Majestic theatre, where William Russell's new William Fox production, "Times have Changed," will open an engagement of two days. Mabel Julienne Scott is in support.

These are eggs and a quilt. The quilt is an heirloom of an aristocratic New Jersey family. The head of the family worships it. An irresponsible young scion of the family lends it to a friend.

A wily Italian letters explosives on his egg wagon for protection against careless motorists.

"THE HEART RAIDER" WILL APPEAL TO ALL SCREEN FANS

Filled with thrills from start to finish, Agnes Ayres' new Paramount star picture, "The Heart Raider," will be on view at the Majestic Theatre for two days beginning next Monday. Mahlon Hamilton, a popular screen and stage player, is leading man and heads an excellent supporting cast.

The story deals with a headstrong young woman of wealth who has advanced ideas and rather too much independence. She boasts that she will cause a rich bachelor and woman hater to take her in his arms, and she has a difficult time in making good her boast. Before the bachelor realizes that he loves the girl, there is an exciting runaway, a thrilling pageant, a night swim to a yacht, a storm and exciting rescue at sea. Of course, all ends happily, but until the final climax, the fate of the heroine, played by Miss Ayres, is in doubt. It is just such a picture as the average screen fan will enjoy. The supporting cast is excellent.

WHY PRODUCTION ON PICTURE WAS HALTED

Work halted on the "Ruggles of Red Gap" production when Edward Horton, his head in his hands, rushed off the set groaning audibly. Many laughable things not shown on the screen happen in a motion picture studio. This one is too good to keep. The picture was "Ruggles of Red Gap," which is the big feature at the Majestic Theatre next week, and James Cruze, the producer, had instructed Ruggles ((Edward Horton) to make intense love to Emily Judson (Fritzie Ridgeway.)

"Put fervor into your words," demanded Cruze. "Say something that shows you are terribly in love with her."

The camera began grinding. "For you," emoted Edward Horton, grabbing words on the spur of the moment; "for you I would sacrifice friends, ambition, honor, fortune, career—nay, more."

But here Fritzie Ridgeway, also choosing her words at random, interrupted. "Since when did you get all these lovely things?"

Chaos! Ernest Torrence, Loti Wilson, Charles Ogle and Louise Dresser, all featured players in the picture, roared. The scene was ruined. And Edward Horton groaned and left the set.

Had Ample Chance to Notice.

RUIDOSO NEWS

Alf Coll and family came down from Ruidoso Tuesday to spend a fortnight at home.

A Sunday school shed has been constructed in which a school of fifty members meets every Sabbath. There are often preaching services by visiting clergymen.

While walking near Ruidoso Creek, Catherine Kinder fell and broke both bones in her left forearm. The bones were set by Dr. Jannis, of El Paso,

who is an instructor in the School of Mines and spends his summer vacations at this popular resort.

This resort is enjoying a building boom. Some ten or fifteen cabins have already been built this year and Mr. Dan Eipper finds himself constantly busy. There are now two excellent hotels, the Ruidoso Lodge and the Navajo Inn, both of which charge \$3.00 per day.

Mrs. William Pistole is occupying the Coll cabin while she is having one built for herself. The Pistoles landed at San Francisco from Honolulu in March. Some time ago they went from California to New York by boat. After a few days in the metropolis, Mrs. Pistole left the colonel there and started for New Mexico, where she will spend the summer. She has her daughter, Ruth's, little baby boy with her.

HALSEY CASE

(Continued from first page)

place at counsel table, Sheriff Peck grouped seven officers in chairs about them. Another could be seen at each of the exits, and at convenient places about the room. When it came time to remove the prisoners to their cells, Mr. Peck placed handcuffs on each man and linked him with one of his deputies. Thus they filed out, officers in front and prisoners in the rear, as well as linked beside them. No chances were taken whatever.

Mrs. Halsey has been accorded every possible consideration by Sheriff Peck. Each day, she was allowed to come into court unfettered; relieved of the embarrassment of steel upon her wrists.

FOSTER'S SISTER BREAKS DOWN

As the words sounding the death knell of Luther Foster echoed through the silent courtroom a sister, who sat on a front bench beside other relatives of this defendant, completely gave way and had to be carried from the room. Her moans of weeping could be heard for several minutes as she went slowly down the flight of steps and away from the courthouse. Relatives of Mrs. Halsey were also in the courtroom, but no man or woman claiming either kinship or friendship with young Archer have been present throughout the long and tedious trial. Who and where his relatives are, no one knows, he stands alone; friendless and in a strange country.

JUDGE THANKS ATTORNEYS AND JURORS

Judge Brice took occasion yesterday afternoon to express appreciation of the way in which the four attorneys: Colonel Bujac, Judge J. G. Osburn, Harry C. Maynard and James Bujac, have conducted the defense without hope or expectation of financial remuneration, having been appointed to the case by himself. He said he knew they had been subjected to hardship and inconvenience, leaving their business, but that he felt they had done their very best and he, as well as everyone, appreciated their efforts.

The court complimented the manner in which all attorneys have gotten along in the case, saying that he believed he had never had the privilege of presiding over a case before where there was so little friction between attorneys.

Mr. Maynard responded in behalf of the attorneys, with a word of appreciation to the court for his leniency, patience and consideration. Each attorney has expressed himself as extremely well pleased with the court in this case; that he has been fair, as always, and exceedingly considerate of counsel at all times.

USUAL TEN DAYS GIVEN

Immediately prior to adjournment, Judge Brice announced that the attorneys would be given the usual ten days in which to file motions for a new trial, and court was adjourned until 9 a. m. Wednesday morning. No mention was made as to when sentence would be passed upon the three defendants. There can be only one: They shall hang by the neck until they are dead; for there is no middle ground; no penitentiary sentence.

Additional Halsey case testimony will be found on page 3.

HONORING THE GRAHAMS

An informal reception was held at the home of Dr. and Mrs. J. J. Clarke last Saturday afternoon from three until six o'clock in honor of Dr. and Mrs. Dale Graham, of Columbus, Kansas, who were guests at the Clarke home. A goodly number of the old friends called during the afternoon and enjoyed renewing the old friendship reminiscing of the old days and discussing the many things that have occurred during the thirteen years since the doctor moved away. The reception was held upon the spacious veranda, which was cool and pleasant despite the hot weather prevailing, and here refreshments of punch and wafers were served by the hostess.

Dr. and Mrs. Clarke entertained again in the evening in honor of their guests, this function being a bridge party, at which three tables played. The later hours of the evening were devoted to dancing. Simple refreshments were served. The guests on this occasion were, besides the guests of honor, Messrs. and Mesdames Bigler, Yates, S. D. Gates, and Wallace Anderson and Mrs. E. J. Brooks.

SUNDAY SCHOOL CLASS PICNIC

C. Bert Smith's Sunday school class of young people, married and single, had its regular monthly social affair on Tuesday evening. The function this time was a picnic, which was held at the Bruce place east of town, the splendid big trees and grass and abundance of water making it an ideal spot for an out-of-doors affair. After supper the company whiled the evening away until bedtime telling ghost stories of such a harrowing nature that the younger folks were afraid of their shadows. It was a lovely spooky time.

GRAVES DRAWS THE FORD CAR

Interest ran high the last evening at the tent show. A perfectly good new Ford touring car was to be given away after the second show to the person holding the lucky number. The holder of the first number drawn proved to be mighty unlucky, for he was not there to claim the prize which fell on the second drawing to Mr. L. G. Graves, an employee of the McCaw tailor shop. Mr. Graves preferred the money to the car and \$350 was turned over to him by the Hefner Co.

Mrs. Alice Seulmeyer and three boys, who had been visiting her sister, Mrs. Dave Beckett, and family, left Sunday to visit other relatives at Hope. Mrs. Seulmeyer's husband was one of the unfortunate men, who perished in the big snow storm last December, while hunting sheep on their ranch, near Corona.
