

ARTESIA ADVOCATE

The largest circulation of any newspaper in the Pecos Valley is guaranteed advertisers. We solicit an investigation.

Publication devoted to the interests of New Mexico and Pecos Valley in general and ARTESIA in particular.

SEVENTY-THREE

ARTESIA, NEW MEXICO, THURSDAY, NOVEMBER 20, 1924

NUMBER FORTY-SEVEN

Hannett Still Leads in the Count of State Returns Mon.

Count of the Votes Counting to Mix Up in Miguel County—Representatives and Senators Given.

FE.—That A. T. Hannett, elected governor of New Mexico by a majority of 200 majority, democratic headquarters announced finally pending only the canvass by the canvassing board, which will be held next week.

Despite, they say, of the count-mandel Otero, republican, of not cast in precinct 3 at Las Alamos 40 republican votes have been cast by Navajo at Tochatchi, McKinley

contests is prevalent, including intention of Otero to election of Hannett in court, of the democrats to contest Indian votes in McKinley which cut Hannett's plurality by 25 and defeated the demagogue for county treasurer representative. Opinions given by prominent republican attorneys to the Indians could not legalise the two state chairmen an agreement that neither try to vote Indians.

Absentee Votes Lacking.

Reported 14 absentee votes for Rio Arriba county failed to and his county majority remains at 1,257. The secretary of office Monday had received county canvassing boards' certificates today. That of was filed with a minority of County Commissioner Seneno, who protested against a hundred non-existent precinct 3, for Otero, giving plurality of 271, and against the majority of the No. 10 books were received in the Geromino precinct, San county, either by the secretary county clerk, and the demagogue they carried that pre-emptive votes. On the basis of the hundred missing votes in all, the republican county in San Miguel were elected Cleofes Romero, defeated by Delgado, fusionist, by six of the office of sheriff.

Women will sit in the next week, the results show—Mrs. H. Coe, democrat, in the Mrs. R. Larkin and Mrs. H. Arriba, republicans, in the house. There will be eight for- members, belonging to both par- in the house 10 with previous

returns available, the legisla- the as follows:

The Senate.

Miguel—Urbane Lucero (R), Miguel and Mora—Juan A. (R), Miguel and Guadalupe—L. C. (R), Arriba—M. D. Esquebu (R), on last page, column 3)

BALES HAVE BEEN SHIPPED OUT OF HERE

BALES ON YARD

Two hundred bales of cotton been shipped out of Ar- to market points. About bales or better remains on to be shipped yet. This needs that made by 1923 by hundred bales and represents money value.

OTHER DONATIONS MADE TOWARD A COMMUNITY CHEST

are still going forward on the city chest, mentioned in the of the Advocate. Through sight we failed to mention of the churches and other or- which had started a do- for this purpose. The funds made up will be turned over to charity organization, which organized here some years ago. A. Stroup is president, Dr. J. secretary, assisted by Mrs. Stroup, Mrs. Earl Bigler and A. Corbin, who constitute a of directors.

the churches are working on city fund and some have al- raised a nice donation. The church has raised to date the Nazarine church \$17.55, church has a nice sum, amount is not known at this Other churches have started on, but the amounts have announced. The American will give \$50.00, the Rotary also be in line for a generous to this cause.

Cotton Drops. Hay Market Is Steady

Cotton which was selling at 24.75 on the streets this morning took a fifty point drop over night. The cause of the drop was not made known.

Hay: Choice \$22.00, grade No. 1, \$20.50, standard, \$18.59. The hay market remains comparatively steady on the basis of last week's quotations.

Poultry and produce: Eggs, 50 cents, fryers, 16 cents, hens heavy, 14 cents, cream, 33 cents, hides dry, 9 cents. The turkey market has not opened except for local consumption.

HOT TIME IN KINGDOM OF SAN MIGUEL OVER THE RECENT ELECTION

Official Count Is Stopped for the Eighth Time. Mrs Chacon Gets Poll Book From Santa Fe. Crowds Angry.

EAST LAS VEGAS. — Romero's brother, Cleofes, has been defeated by Lorenzo Delgado for sheriff of San Miguel county by six votes—even with the famous 100 stolen votes of precinct 3 counted and no count at all taken on Delgado's 30 majority in precinct 11. The climax of the long battle was a dramatic one.

Saturday afternoon in the famous Leahy-Romero court room at Las Vegas, Commissioner York in the chair, announced that the board would now adjourn. Senator Sam G. Bratton, democratic counsel, protested and offered certified copy of the poll book of precinct 12, bearing the great seal of New Mexico upon it, to replace the "lost" book. It was refused. Senator Bratton stated that Secretary of State (Mrs.) Chacon would arrive within 30 minutes with her original copy. Attorney Renehan insisted that the republicans would object to canvass from this copy. York said he couldn't wait all year for it anyway. Lino Romero and Captain Thornton rushed out for Mrs. Chacon. Argument of counsel kept the board from adjourning for a couple of minutes. The crowd pressed forward, resentful of this effort to refuse to count legitimate votes on a mere technicality.

Then "Mrs. Chacon is here!" Lino ran "interference" for her, clearing a gangway through the packed court room and Capt. Thornton escorted the (Continued on last page, column 4)

SANTA FE OFFICIALS PASS THROUGH HERE ON ROAD INSPECTION

Some of the prominent Santa Fe officials passed through Artesia Monday afternoon en route to Carlsbad on a road inspection tour. The private car of the company was attached to the passenger due here at 2:35 p. m.

The officials included: H. F. Ingram, vice president of the A. T. & S. F., F. H. Meyers, general manager, C. E. Meyers, divisional superintendent, T. B. Gallaher, general freight and passenger agent. The officials were met at the train by Myron Ferriman, Dr. J. J. Clarke and Dr. C. Russell. All of the head men of the Santa Fe, it is stated, have become interested in the oil development near here and made numerous inquiries about the work now under way in the field.

CARLSBAD WILL HAVE BIG NOVELTY DANCE FOR THANKSGIVING

Announcements are out this week for a big novelty dance at the Armory in Carlsbad, Thursday the 27th.

The affair promises to be the biggest event of its kind this season. The management is arranging for a large crowd and elaborate preparations are being made to see that everybody has a big time.

Favors, in the form of horns, paper hats, confetti and various noise making devices have been ordered to give out to the dancers. There will be eats and sweet cider, they say.

A section of the spacious armory will be prepared with tables, lights, etc., so that those who do not care to dance, may have an evening of bridge.

Troop B will hold a turkey shoot on the indoor rifle range in the armory basement, and patrons will have the advantage of this diversion also.

PURCHASES RADIO

E. G. Hartell has bought a new radio from R. G. Knoedler of the Joyce Fruit hardware department, and is now enjoying nightly concerts.

THANKSGIVING DANCE

A Thanksgiving dance will be held at the American Legion hall Friday evening, November 28th. Music by the Lemps orchestra. Good music and a good time will be provided for all. Don't miss this one. 11-20-ltc

FORTUNES OF LEAP YEAR

MARGARET ANN MARGERY JANE

Folks, meet the Clowe twins, Misses Margaret Ann and Margery Jane Clowe, daughters of Mr. and Mrs. D. I. Clowe of Artesia. Now there is nothing unusual about a birth of twins, but the fact that these two young ladies made their appearance on the 29th of February this year, is a unique event worth recording, but the redeeming part of this fortune of fate is that Mrs. Clowe will only have to fuss with a birthday dinner every four years instead of every year as is ordinarily the case.

While Mr. Clowe admits the young ladies look exactly alike, he contends that the better looking one resembles her paw. He is generous enough however, to allow Mrs. Clowe to claim all of the good qualities now apparent in both youngsters.

AMOUNTS SHOWN TO BE EXPENDED BY ALL OF THE COUNTIES IN STATE

Tax Payers Ass'n. of State Give Out Figures Showing Approximate Expense of Each County. Appropriations to be Made.

The taxpayer's Association of New Mexico has just completed a compilation which shows the total amount to be expended in all counties of the state for various purposes in 1925. These amounts are shown to be as follows:

General County	\$340,327
Court House & Jail repairs	25,990
Salaries	562,715
Special Audits	11,954
Interest	216,960
Sinking	128,054
Judgments	37,546
Courts	206,346
Certificates of Indebtedness	4,780
Wild Animal Bounties	11,974
Schools	4,583,114
Roads and Bridges	846,438
Health	100,185
Agricultural extension	94,250
Indigents	51,854
TOTAL	\$7,222,478

The amount \$7,222,478 represents the total of all county appropriations for 1925 under the budget estimates approved by the State Tax Commission. These appropriations will be met from miscellaneous revenues amounting to \$1,976,651.00 and from proceeds of the 1924 general property levies amounting to \$5,245,827.00. In order to have the latter amount net, however, it was necessary to levy a total for county purposes of \$5,632,454.00. It should be kept in mind that state, municipal and school district special taxes are not included in these figures; neither are the levies on special classes of property.

UPPER STORY SIPLE BUILDING LEASED TO BALLARDS LAST WEEK

The entire upper story of the Siple Building on the post office corner has been leased to Ballard and Ballard of the Hardwick hotel. The deal was closed last week, between A. T. McCarty of Los Angeles, California, owner of the building and Mr. Ballard and son of the Hardwick hotel. While some of the rooms will be retained for offices, the total number included in the upper story will be eighteen.

The second story will be remodeled and renovated, additional baths will be installed and more furniture will be added. These rooms will be used primarily to take care of the overflow expected at the Hardwick later in the season. The rooms will be modern in every way, steam heat and other up to date facilities will be used. The rooms according to Mr. Ballard will equal or excel any rooms in either Carlsbad or Roswell. The new management will assume control about the first of the year it is understood.

A CORRECTION

Miss Givens corrects us on an article appearing in last week's Advocate with reference to the removal of the grammar school pupils to the Methodist church. While they were moved to the church building temporarily after the fire at the junior high building, they had been moved out of the church building before this article appeared.

Boost But Tell the Truth and Help Us

Many visitors look upon the actual resources of New Mexico as exaggerated. This condition is especially true of the oil development, which has been brought about by some of the lease peddlers who have magnified the production of the field in order to sell acreage.

The results have had an ill effect of course, because many investors have had no opportunity to investigate the rumors. Those who have taken the time to come in and make a personal investigation have been more than pleased with the outlook in the field.

EDUCATIONAL WEEK IS OBSERVED BY THE SCHOOLS OF ARTESIA

Educational Week Has Been Observed by all of the Schools Over the Country. Schools Give Program.

Educational week has been observed the various days including the illiteracy day, the constitutional day, and visitors day. During visitor's day, which was Wednesday, a program was given at the high school before a number of visitors, by the high school faculty. The visitors were also invited into the class rooms where they were privileged to hear the teachers conduct their classes.

Visitors day was held at the grade schools also.

I AM EDUCATION. I bear the torch that enlightens the world, fires the imagination of man, feeds the flame of genius. I have wings to dream and might to hand and brain.

From out the deep shadows of the past I come, wearing the scars of struggle and the stripes of toil, but bearing in triumph the wisdom of all ages. Man, because of me, holds domination over earth, air and sea; it is for him I leash the lightning, plumb the deep and shackle the ether.

I am the parent of progress, creator of culture, molder of destiny. Philosophy, science and art are the works of my hand. I banish ignorance, discourage vice, disarm anarchy.

Thus have I become freedom's citadel, the arm of democracy, the hope of youth, the pride of adolescence, the joy of age. Fortunate the nations and happy the homes that welcome me.

The school is my worship; here I stir ambitions, stimulate ideals, forge the keys that open the door of opportunity. I am the source of inspiration.

(Continued on last page, column 4)

MANY HUNTERS GO TO HILLS IN QUEST OF THE ELUSIVE DEER

About half of the population of Artesia apparently is out in the hills in pursuit of the "elusive deer" as one paper puts it. Several left early in the week for the Sacramento mountains and will spend the week hunting deer and various other kinds of game.

We were not able to secure all the names of the parties out this week. A few of the hunters include: Aubrey Watson, Frank Donahue, John and Rube Dunn, Carl Cunningham, Van Welch, McCaw brothers and M. Ferriman, Sid Cox, Jess Truitt, Dick Vandagriff, John Vandagriff, Austin Brown, Walter Graham, Ralph Rogers, Ray Bartlett, Max Coll, Earl Bigler, Chas. Shorey and Ray Sipple.

ARTESIA COUPLE WEDS

Justice of the Peace F. H. Richards has had an unusual run of weddings the past few days. Another Artesia couple to be married by him last week was Connie Vanoy Horner and Winnie Lee Tieshenraberger, on Wednesday afternoon.—Carlsbad Argus.

UNION SERVICES TO BE HELD AT METHODIST CHURCH THANKSGIVING

The usual Union Thanksgiving service will be held this year at the Methodist church with the sermon by Rev. L. R. Simmons, pastor of the Baptist church. The church going people of Artesia, as well as those who are not in the habit of going to church, are reminded that this is the time of the year when we are requested by our leaders of state and nation to assemble in a service of Thanksgiving and praise expressing our gratitude to Almighty God for his blessings during the year. Those having the service in charge have endeavored to select an hour, 10:30 a. m., which it is believed will be the time when there will be the least conflict with other engagements of the day. All citizens and visitors in our city, irrespective of creed, or no creed, are urgently requested to arrange their affairs of that day so that they may meet in this service.

BIRTHDAY PARTY

Little Miss Neville Simmons celebrated her tenth birthday anniversary with a party yesterday afternoon, after school. Some eight of her girl friends assembled at her home and passed an hour or so in playing games on the lawn. Refreshments of lemonade, cake and candy were served by Mrs. Simmons. The girls participating in the party were Carrie Elizabeth Cowan, Nelda Wilson, Mary Smith, Lilla Jackson, Violet Ohnemus, Glennis Smith, Elizabeth Gage and the little hostess.

Pipe Line to Stimulate a Big Drilling Campaign

Additional Wells to be Drilled to Bring Production Up to the Maximum for Pipe Line. Illinois No. 7, Spuds In.

Several new wells have spudded in this week and activity has increased as the pipe line into Artesia nears completion. The Illinois Company spudded in on their No. 7, Wednesday of this week and will run the well to completion in order to help supply the pipe line production to the maximum. This well is 550 feet west of well No. 3, in the NE 1/4 NW 1/4 of Sec. 32-18-28. Illinois No. 6, 550 feet north of well No. 3, drilling at 1400 feet. This well will possibly be completed by next week.

Keys et al., of Kentucky have assembled drilling material on the SE 1/4 NE 1/4 Sec. 19-18-28. A standard rig will be used and drilling will be commenced soon. A. F. Phillips, who is at present with the Illinois Company will have charge of the operations.

Drilling on the Rotary-Illinois No. 1, in the NE 1/4 of Sec. 30-18-28 which suspended operations last week on account of the death of Mr. Rogers and the injury received by the field superintendent L. G. Wiley will be resumed in the next few days. Mr. Cordey Boler of the Rotary Company is expected to arrive in Artesia this week.

Mitchell-Walker have skidded the rig from the No. 1 location to their No. 2, 500 feet north of No. 1, in Sec. 28-18-28. Drilling operations will commence early next week. This firm has another rig coming for their No. 3 well, the location to be made probably in the northwest corner of the present holdings 28-18-28.

Brainard No. 1, in Sec. 29-17-28, drilling below 1100 feet.

Holeman et al, Royal Duke No. 1, SW 1/4 NE 1/4 of Sec. 29-18-28, drilling below 1200 feet.

Ohio Oil Co., Francis Tracy permit spudded in Wednesday on their deep test southeast of here. The well is located 350 feet east and south from the northwest corner of the NE 1/4 of Sec. 34-21-26. Elevation 3452 feet.

Roswell No. 1, New State Oil Co., in Sec. 4-18-28, drilling at 2145 feet. Owing to the formation encountered little progress has been made during the past week. Gas and oil continue to show in good quantities. The gas rich in oil can be seen escaping from the top of the casing. This well encountered a rainbow oil showing Wednesday. The drill is now in a hard sandy lime formation and indications look favorable.

Etz No. 1, Oscar Howard et al. in Sec. 22-18-27, drilling at 2350 feet. This location is east of the river.

Daughterly No. 1, William Dooley in Sec. 3-17-27, drilling at 450 feet.

McClay No. 1, Thos. Flynn, in SW 1/4 Sec. 28-17-27, drilling below 450 feet.

M. M. Miller, et al., have finished (Continued on last page, column 3)

THREE AMENDMENTS CARRY IN COUNTY—SHERIFF LEADS COUNT

All three of the amendments voted on in the general election carried by a good majority, the third amendment received the largest vote, 748.

Official reports of all Eddy county precincts show Sheriff E. S. Shattuck leading the ticket in number of votes, with 1832 to his credit. County Clerk Shepherd followed next with 1820. In competitive races, John W. Armstrong for attorney general lead, with 1185 more than his republican opponent.

ROAD BOND ELECTION CARRIES BY A GOOD MAJORITY SATURDAY

The road bond election went over despite the fact that many feared it would be defeated. Very little interest was taken here and judging from the vote in the county many other places must have faced the same situation. Out of 116 votes polled here, 12 votes were cast against the issue while 104 voted for the bonds. One thing apparent was the lack of lady voters.

The vote of the county it was understood here was 500 to 50 for the bond issue. Carlsbad polled the largest number of votes according to the voting strength while Artesia came next.

The road when built will connect the greater part of Eddy county's highway running south with a hard surface road. It is understood that the county in Texas adjoining Eddy will make an effort to connect a good roadway to Pecos, Texas. In the course of time it is hoped that all the highway running north and south through the county can be connected.

MRS. MOORE GUEST OF HONOR

Mrs. Frank Donahue entertained at a party last Thursday afternoon, complimentary to Mrs. Moore, who is back from California. The afternoon was devoted to games and music. In and advertising guessing game, Mrs. Corbin won first prize and Mrs. Lowry, the consolation souvenir. Delightful music was furnished by Mrs. Moore upon the piano, also by Mrs. Yates and Corbin, who sang, Mrs. Ferriman accompanying. Dainty refreshments completed the afternoon's enjoyment. The guests, chiefly old friends of Mrs. Moore, were Mesdames Morgan, Gilbert, J. H. Jackson, McClay, Hewitt, Floore, Corbin, Yates, Lowry, Ferriman and the honor guest.

TELEPHONE NO. 7

Republican papers over the state
have admitted the defeat of Otero,
after running his picture as the next
governor of New Mexico.

A few hours after Ma Ferguson
was notified of the election results, a
baby girl at Port Arthur, Texas was
named in her honor, the first woman
to be nominated governor of any state.

A boy eighteen years old who had
burned seven barns belonging to
Henry Ford was set free to be turned
over to Mr. Ford, who will put the of-
fender in a special training school.

Wall street in New York went wild
last week, the boom reaching its peak
Thursday. Cotton had the most sen-
sational advance, but was not felt so
much here. The boom is said to be
partly due to the after effects of the
election.

Game wardens at St. Louis are look-
ing for airplanes reported to be catch-
ing ducks in a swinging net. One re-
port says that out of a bunch of thirty
ducks only a few escaped. The war-
dens have issued instructions to have
the planes shot down if they can be
found.

THE PUSUITS OF PEACE MORE DANGEROUS THAN WAR

"The American death-toll from ac-
cidents amounts to 1,462 per week or
209 per day. Automobile accidents
and injuries head the list with 262
deaths per week and 37 deaths per day
in Continental United States. Then
come falls with 254 deaths per week
or 36 per day and drownings with 134
deaths each week or 19 for each day.
There are 128 killed each week in rail-
road accidents, or 18 per day. These
are lamentable facts of destruction of
valuable lives and a frightful price
for carelessness, apathy and deficient
knowledge." (Metropolitan Bulletin.)
Automobile accidents head the list.
Railroad crossings are especially fatal
to autoists. Most drivers seem to feel
that they have the right of way, until
the train refuses to stop or to turn
out.

THE FUNDAMENTAL IN TOWN BUILDING

Past experience has revealed that
the merchant or business man who
wants to see his town parties is not
going to patronize mail order houses
and other concerns when the same
goods may be purchased in Artesia at
practically the same figures, when
freight or express charges are added
and time element is considered in mak-
ing out the order. Money spent at
home is the first fundamental way a
town may start to grow. Other things
will be added if we pull together, but
the man who disregards the first prin-
ciple in town building, can not com-
mand the respect of his fellow busi-
ness man when it comes to hard pulls
where co-operation is needed.

The business man who kins on the
prices charged by his fellow townsmen
in nine cases of ten needs to look
about his own house, to compare the
price he charges, the profits made
with the other fellow.

It sometimes serves to create the
impression that the kicker is grafting,
that he has lost confidence in the other
business men afraid they are trying
to follow the same policy.

The general opinion is that goods
can be purchased here, as cheap or
cheaper than many valley towns and
the added satisfaction that the buyer
may see just exactly what he is get-
ting is argument enough for Artesia.
One or two instances have been
brought to light where parties who
have habitually complained about the
prices charged in Artesia, yet they
are known to be charging just three
times the pre-war values for what
they have to sell.

THE NEW CODE

At the recent session of the New
Mexico Educational association a set
of resolutions were adopted designed
as the frame-work for the correction
of the present school code at the hands
of the incoming state legislature.
The recommendations include:
"To give the state board of educa-

tion the power to appoint the state
superintendent of public instruction.

"To have the county school superin-
tendent appointed by the county board
of education.

"To fix the minimum salary of the
clerk of the county board of education
at \$1,200 instead of \$900.

"To strike out of the school code the
provision which reads: 'After deduct-
ing school balances, anticipated ap-
pointment of common school current
funds, delinquent tax collections and
all other credits, the state tax com-
mission shall certify to the boards of
county commissioners before Septem-
ber 1 of each year the net amount to
be raised by the tax levies and the rate
thereof.'

"To eliminate the provision applying
surplus funds as credits on school
budgets.

"To authorize boards of education
to borrow money at a maximum rate
of eight per cent instead of six in
cases necessary for school mainte-
nance not to exceed 90 days.

"To change the daily average num-
ber of pupils required for each
teacher in the rural schools to 20 in-
stead of 25, and in municipal schools
to 30 instead of 35.

"To provide for the election allow-
ance for transportation in any school
district in the state where there are
not enough pupils to justify the es-
tablishment of a school.

"To provide for the election of
municipal school board members for a
term of six years, not more than two
members to go out of office at any
one time."

The new code has brought forth
some criticism, while a large part of
the resolutions has been deferred and
passed over by the ordinary person.
Just what is needed at this period
with the schools facing the present
financial situation is problematic.
First of all it seems to us, is the im-
portance of putting the schools back
on a cash basis. Then the other im-
provements will be added. The cash
basis can not be reached soon if the
expenses are to be increased.

The Roswell News makes the fol-
lowing comment:

"The average person will be in-
clined to defer to the practical
knowledge and experience of the edu-
cators as to most items, but it is not
likely that the average person will
take first three seriously. They come
under the head of the people's busi-
ness. The first and second are clearly
unconstitutional, by decisions already
made, and it is most improbable that
the assembly will consider the submis-
sion of amendments covering them.
This paper, for one would oppose both
with all of the steam at our command.
"The third is also what might have
been expected from the viewpoint of
the educator who is all the time trying
to boost the remuneration of every-
body in the most remote way connect-
ed with the schools. Any man or
woman, with a lick of sense could per-
form the work of the school clerk
with two days a week, and \$900 a year
is too much even to pay for that. A
dozen competent persons in Roswell,
for example, would be glad to have the
job at \$900. To pay another cent is
just simply to soak the taxpayer in the
eye again.

NINETY-NINE YEAR SENTENCE GIVEN TO WILLIE LAST FRIDAY

Friday in the district court, N. W.
(Buster) Willie, entered a plea of
guilty to second degree murder, and
was sentenced by Judge Brice to serve
ninety-nine years in the state peni-
tentiary. He was taken to Santa Fe
the last of the week by Sheriff Shat-
tuck, who returned Monday night.

It was reported, shortly after Willie
waived preliminary examination a few
days ago, that he would enter a plea
of guilty to a second degree charge, if
given an opportunity, before this
term of court.

He killed a negro woman, Grace
Duffy, at Loving, on Thursday, Oct.
16th, in a fit of jealousy.

Judge Brice also heard guilty pleas
on liquor cases on Friday, Miguel
Martinez entered a plea of guilty on
liquor charges, and was given a ninety
day sentence, \$200 fine and costs, it
being his second offense. Ramon
Samaniego, charged in the same case
with Martinez, also entered a plea of
guilty, and was given a fine of \$200
and costs. This was his first offense.
Pablo Naborette entered a plea of
guilty to a whiskey charge and drew
\$200 and costs.

Judge Brice heard several minor
civil matters Thursday, Friday and
Saturday, and he returned to his
home at Roswell Saturday evening.—
Carlsbad Current.

THOSE OIL FIELDS

An interesting incident has recently
been brought about. Carlsbad used to
claim the oil field lying east of Ar-
tesia, however, as time goes on they
have become more generous and refer
to it as the Pecos Valley field. Since
the Ohio Oil Co., has moved in
not far from Carlsbad, the terri-
tory adjacent thereto was im-
mediately dubbed the "Carlsbad field,"
and was sometimes referred to as the
Carlsbad oil field, even before oil was
struck, which looks like an instance
where the cart is before the horse.

Now if drilling actually proceeds
within the city limits of Artesia what
shall we name it? To come out and
call it the Artesia field would be to ad-
mit that Artesia had something over
the neighboring city and this would
never do. No doubt one of the Carls-
bad papers would offer a large prize,
say \$50,000 for a name and perhaps
we would have an opportunity to get
our finger in the pie.

SEARS ROEBUCK WILL SELL NO MORE FIRE ARMS THROUGH MAIL

CHICAGO, Ill.—As a matter of
public protection, in view of increased
crime, throughout the country, and
especially in Chicago, Julius Rosen-
wald, chairman of the board of Sears,
Roebuck and Company, announced
Saturday that the mail order house
has discontinued the sale of all forms
of fire arms.

CHRISTMAS CARDS—Engraving,
embossing and printing—Artesia Ad-
vocate.

SCENE FROM "CAPPY RICKS."

"Cappy Ricks," the famous comedy
drama based on the Peter B. Kyne
stories read by millions in the Satur-
day Evening Post, and the play in
which Thomas Wise and William
Courtney played for a full successful
year at the Morosco Theatre, New
York, and five months at the Cort
Theatre, Chicago, will be presented
by the New York Players on our Ly-
ceum course. Watch for the date.

GLIMPSES OF THE PAST

From the files of the Pecos Valley
News November 21st, 1907.

Ferris Heath was down from Hager-
man Sunday visiting home folks.

The First National Bank is repair-
ing their room and otherwise house
cleaning.

The social at the Christian church
was postponed from Tuesday to Fri-
day of this week.

Auther Simmons left Tuesday for
Jacksonville, Mo., where he will make
his future home.

Jones Bros. are closing out their
stock of general merchandise and will
return to Louisiana.

S. S. Ward, manager of the Felix
Cattle Co., of Roswell was down last
week looking after business.

Hugh M. Gage and W. L. Whitaker
were over from Hope Saturday and re-
mained until Sunday morning.

Mrs. C. O. Brown returned home
last week from Bovina, Texas, where
she has been visiting her sister.

Miss Georgia Kissinger has secured
a position in the Lakewood schools and
will leave for that place next week to
begin work.

The railroad between Carlsbad and
Pecos was opened Monday and the lo-
cal office received word to take busi-
ness from south of Carlsbad.

Died Monday, November the 18th,
1907, little Blanche, daughter of Mr.
and Mrs. Henry Boughman, who live
about two miles north of town.

Bill Lawson, lately employed in the
Artesia Machine shop, left yesterday
on the south bound local for Durango,
Mexico, where he will work in a boiler
shop.

F. C. Knowles received word Mon-
day that his father living at Crecent
O. T. was dead and left on the train
Tuesday. Mrs. Knowles left Monday
morning.

Last Sunday evening at 2 o'clock
Mr. John Teel and Miss Mary Trimble
were united in marriage at the home
of the brides parents at Hope, Judge
Jas. R. Cannon officiating.

For work on the Dayton reservoir,
the company is paying \$5.00 for a man
and his team. A man alone receives
\$2.50 per day for his services. There
is little need for destitution in the val-
ley.

FIRST CLASS PIANO TUNING

By graduate of piano tuning at the
institute for the blind in New Mexico,
also had training under instructor
recommended by the blind school of
Oklahoma. This training is backed up
by six years of actual experience. I
expect to be here all the winter. Your
patronage appreciated. Phone Cun-
ningham's Barber Shop.

ORANGE AND BLACK

Assembly, Nov. 12, was taken in by Miss Raguse. The school rang with the sound of music from the throats of the students. The teacher who wished to sing, must have had her wish.

Contest is being staged at the school to see which class can sell the greatest number of annuals. To be selling the most, a prize of one-half dollar will be given. The person selling the most, an annual will be given. Everyone should buy an annual, and we hope that will be sold.

November 13, the home economics club held its first monthly meeting. The short business meeting, the members present learned more in the line of gossip, and they enjoyed the many games.

Delicious refreshments of ice cream and cake were served.

Basket ball tournament proved an interesting event to all students. A. H. S. The Junior boys won with such vim and vigor they made us almost sure they would retain their pennant. They succeeded in defeating the seniors and the freshmen boys.

The freshmen boys defeated the sophomores and were surprised of everyone when the seniors defeated the sophomores. The sophomores and freshmen from the contest because they had lost two games. This left the seniors and freshmen to take the race for the pennant. The seniors were determined that the pennant should adorn their wall, and the freshmen were determined that it should come to their room so naturally the game proved to be the fastest and most interesting that has ever been played on our court. By a hard fight, the juniors succeeded in getting the higher score, eight, while the freshmen had but one lower.

Girls are coming along equally interestingly. The prospects look bright for the sophomore girls. The school of it in next weeks paper tournament is not finished yet.

Search warrant is being issued for the finding of the many sponge that mysteriously disappeared from the locked door of the home economics pantry. Some one was there when they risked eating cakes.

Many Can Answer These Questions?
 Why are there secret groups around the school buildings?
 Why do people meet at different times in town on some nights?
 Why are dresses and suits worn by some of the characters in school?
 Why is the carriage, the accident the talks of some of the important students and so closely?
 There is only one answer to these questions. That is—Friday Nov. 21, last night at A. H. S. Everybody your friends and enemies and "two-bits." Admission 10 and

P. WESTERN PACIFIC TAKE OVER D. & R. G. R.

EVER, COLO.—Formal possession of the Denver & Rio Grande is expected to pass into the hands of representatives of the Missouri Pacific and the Western Pacific late Saturday, according to reports representing the various interests in the railroad sale. The morning behind closed doors chambers of Judge J. Foster of the United States district court hearing on a petition of injunction filed by Howard Palmer, bondholder of the Rio Grande road. Palmer is said to represent holders of approximately one-half of the \$38,000,000 in first mortgage and refunding bonds on the road recently was ordered at an upset price of approximately \$18,000,000.

Palmer today representation by Symes today represent Palmer's contention in his fight to the sale of the road to the two roads. Palmer alleges the sale is too low.

ARN O' LONDON WRITES
 "Don't pass this way again, it's no matter what I do: it's the pasture, spoil the track, it's not care a hang for you. Broken bottles, empty tins, and the road you've got to take, don't pass this way again, it's not care what mess I make."

Just luff and luff at Cappy at the high school auditorium on Nov. 2nd. 11-20-ltc

NEW MEXICO AND UNITED STATES CROP REPORT FOR NOVEMBER 1, 1924

CORN—An average yield of 20 bu. per acre indicates a production of 4,420,000 bushels this year. Of this, 182,000 bushels, or 72 per cent is of merchantable quality. From last year's estimate of 3,324,000 bushels, 3 per cent, or 10,872 bushels remains on farms, compared with 12,000 bushels remaining on farms last year. Of the 221,000 acres, 77 per cent was harvested for grain; 5 per cent for silos; and 18 per cent for forage.

In the United States 2,477,538,000 bushels is indicated, compared with an estimate of 3,054,396,000 bushels last year. Of this year's production 63.2 per cent, or 1,565,804,000 bushels is of merchantable quality. 101,934,000 bushels of last year's crop remains on farms at this time, compared with 83,357,000 bushels last year.

BUCKWHEAT—An indicated production of 15,520,000 bushels is estimated for the United States this year, compared with 13,920,000 bushels last year.

WHITE POTATOES—An average yield of 70 bushels per acre for the state indicates a production of 210,000 bushels, compared with 150,000 bushels last year.

For the United States 454,119,000 bushels is the indicated production.

DOMED DRILLING SYNDICATE EXPECT A PRODUCING WELL WITHIN A DAY OR TWO

The crew of the Dome Drilling Syndicate at Pecos expect to complete the shallow well on the Bell lease within the next day or so. Considerable difficulty has been met with in shutting off the water in this well, and as it is now within a few feet of completion every precaution is being taken to insure water being shut off before drilling into the sand.

It has been necessary to pull and reset the casing several times, as well as pump great quantities of mud back of the casing in order to shut off, all of which has taken a great deal of time and consequently delayed completion within the time expected, but no further difficulty is anticipated, and it is believed that a perfect shut off has now been made, and that this well will be completed within the next forty eight hours. The log checks perfectly, and the indications are such that the management and crew are confident of a real producer.—Pecos Enterprise.

EVOLUTIONISTS WILL FIGHT THE HARDSHELLS

SAN FRANCISCO, CAL.—At a mass meeting which overflowed the main auditorium of Native Sons' Hall, a campaign was formally launched here last night under the auspices of the recently organized Science League of America to combat efforts of opponents to the theory of evolution to prevent instruction on that subject from being given in public schools and colleges.

Among the speakers at the meeting were Luther Burbank of Santa Rosa, California, "plant wizard," Dr. David Starr Jordan, Chancellor of Standard University, Dr. William E. Ritter,

noted biologist, C. S. Mundell, formerly a congregationalist minister, and Maynard Shipley, president of the league. The meeting was presided over by John D. Barry, a newspaper

man. All of the speakers emphasized their belief that evolution did not antagonize or conflict with religion.

ARTESIA ALFALFA GROWERS ASSOCIATION

LOCAL

W. E. Ragsdale and wife spent Sunday afternoon and evening in Roswell.

Miss Bess Ward was the week-end guest of Miss Viola Pearson on Upper Cottonwood.

C. G. Prude, ranchman living on the upper Penasco was a business visitor in Artesia Tuesday.

Mrs. George Welton left last Saturday for a few weeks' visit with relatives in St. Louis.

Mrs. Beemis is here from Roswell for a few weeks' visit with Mr. and Mrs. Thornton Ferson.

Mr. and Mrs. G. M. Winans left the first of the week by auto for a visit to Ft. Worth, Dallas and Waco, Texas.

Born to Mr. and Mrs. Rex Wheatley on Tuesday an eight pound girl. Mother and baby reported to be getting along nicely.

R. G. Knoedler drove over to Littlefield, Texas Sunday on a short trip. He was accompanied by his wife and small son, Charles Mack.

W. R. Hornbaker, manager of the Artesia Alfalfa association has been ill with an attack of the flu, but is reported better at the last writing.

Mrs. Preston Dunn, accompanied by her daughter, Miss Alice and son, Harold, spent the week-end at Portales visiting her son, Ben Dunn, and wife.

Mr. and Mrs. Albert Richards, accompanied by their guest, Mrs. Virginia Mack, of Oklahoma, left yesterday for a hunting trip to the mountains.

Miss Harriet Rose, who went to her home at Loving last Thursday on account of illness, returned Monday evening and is again at her post in the Central school building.

W. M. Green, of Oklahoma City, a former resident of the Valley who owns property interests in the Hope country is spending a few days visiting in that section this week.

S. E. Waskom returned last week to Long Beach California, after a week's visit to his daughters, Miss Martie who teaches one of the fifth grades, and Miss Vivia who attends high school.

Upper Cottonwood held a most successful pie supper in the school house last Friday night. \$144 was realized from the supper, with which a stove, curtains, etc., will be purchased for the school house on the Eddy county side of the county line.

AT THE CHURCHES

METHODIST CHURCH

Sunday school at 9:45 a. m. M. A. Brown, Superintendent. The attendance and interest was unusually good last Sunday. Make it better next Sunday.

Preaching Service at 11:00 a. m. The attendance at our morning services continue to increase. Room for more.

Epworth Leagues each meet at 6:00 p. m. Evening worship at 7:00 p. m. Prayer meeting each Wednesday at 7:00 p. m.

The Union Thanksgiving service will be held in our church at 10:30 Thanksgiving morning. Rev. L. R. Simmons, pastor of the Baptist church, will preach the Thanksgiving sermon. All are urged to attend.

The church has something for you larger than business, more attractive than social life, more important than pleasure, better than you can find elsewhere—Come and see. Don't stay away because you think you will not be missed; God misses you and your worship. Come on, let us all go to church.

JAMES H. WALKER, Pastor.

BAPTIST CHURCH

Sunday school, 9:45 a. m. Preaching, 11 a. m. Subject, "The True Foundation."

4 B. Y. P. U's. Meet at 6:00 p. m. Preaching service, 7:00 p. m. Subject, "When Money Becomes a Curse."

L. R. SIMMONS, Pastor.

Dick Eaton, stockman from the Hope community was in town Tuesday.

Willard Griffin, who has been here attending high school, left yesterday for a visit with his home folks at Elk.

Dudley Rogers and wife, returned last week to Hastings, Nebraska, after a month's visit with his parents, Mr. and Mrs. Silas Rogers, and other relatives.

Hollis Watson, Rich Carter, W. H. Beeman and others from the south end of the county were in Artesia Saturday in the interest of the road bond election.

W. E. Scroggins, of Hope was in town with cotton Monday. Mr. Scroggins states that the cotton can only be classed as fair this year as most of the cotton land is new ground.

See our samples of Engraving—Artesia Advocate.

WHAT THE RED CROSS IS DOING IN VARIOUS PARTS OF THE COUNTRY

The life saving program of the American Red Cross has been a very definite contribution to life saving work in the southwest.

During three years work 5411 persons have qualified as life savers. In 1921 and 1922, 879 qualified. In 1922 and 1923, 1552 qualified. In 1923 and 1924, 2980 qualified. It is interesting to note the comparative increase in membership during this three year period. This shows that remarkable progress has been made by Red Cross chapters in promoting life saving in southwestern division which includes the states of Arkansas, Colorado, Kansas, New Mexico, Missouri, Oklahoma and Texas.

Several chapters have used the part time life saving director through the summer months and school year. Dallas, Texas goes on record as being the first chapter in the division to employ a full time director of life saving for the summer months, June, July and August. This year many chapters are making provision for a full time director during the summer.

With the increased number of chapters adding life saving to their program, there arose a great need for a leadership course in swimming and life saving. This course consisted of twenty hours of instruction in both theory and practice in the following subjects: technique, administration, water recreation, physiology and hygiene, first aid, additional organization and administration, canoe craft and boatmanship. The purpose of this course is to develop leadership for the Red Cross Chapters, community playgrounds, camps beaches, swimming pools, country clubs, etc. All courses given were conducted under the auspices of the Red Cross chapters. The course was given at the following places: University of Oklahoma, Norman, Oklahoma; Southern Methodist University, Dallas, Texas; State College for Women, Denton, Texas; University of Missouri, Columbia, Missouri; Lake Worth, Fort Worth, Texas, twelve Red Cross chapters being represented there.

In addition to these courses, there were four special courses consisting of ten hours work given at Girl Scout Leaders Training Camp, Medina Lake, Texas, and for the Physical Directors at Temple, Texas. Under the administration of the different army camps, the following C. M. T. C. and R. O. T. C. students were qualified during the past summer: Fort Sam Houston, Texas, 35 and Fort Sill, Oklahoma, 85.

It is expected that the coming summer season will be marked by even a greater enthusiasm for the life saving program than in the past.

BLAME THE PASTOR

If your church is on the bum,
Blame the pastor;
If your members will not come,
Blame the pastor;
Don't take hold and do your part,
Don't help give the thing a start,
Show 'em all that you are smart,
Blame the pastor.

If the programs are a frost,
Blame the pastor;
Don't help put the thing across,
Blame the pastor;
If the gospel's not what you like,
Threaten to go on a strike,
Don't help for the love of Mike—No,
Blame the pastor.

When you get a bill of dues,
Blame the pastor;
When you're asked to help, refuse,
Blame the pastor;
Let him do it—he gets paid—
Why should he be seeking aid?
That is why his job is made—
Blame the pastor.
Roy Neal, Kansas City.

A big stirring event December 2nd happening right here in Artesia 11-20-Itc

She glided into the office and approached the editor's desk. "I have a poem," she began. "Well?" fumed the editor, with a look intended to annihilate. "I have a poem, she calmly repeated, "on 'My Father's Barn,' and "Oh," interrupted the editor, "you don't know how greatly I am relieved. A poem written on your father's barn! If I ever happen to drive by your father's barn I'll stop and read it." Pick-up.

A minister expostulated with a rent hog who had made unreasonable advances in rent on some of his poor parishioners (so the story goes). "If I want to hear you preach, I'll go to church where you should do your preaching," angrily replied the landlord. "And if you were where you should be you would hear me next Sunday, whether you wanted to or not—I preach at the penitentiary," retorted the exasperated minister.—Exchange.

Take out some laughing insurance if you see Cappy Ricks at the High school auditorium. 11-20-Itc

NINE DEFENDANTS PLEAD NOT GUILTY WHEN ARRAIGNED

Nine defendants indicted at the last grand jury in this country were arraigned Saturday before Judge Charles R. Brice at Roswell and each entered a plea of not guilty.

Those arraigned were C. R. Chinn, charged with practicing osteopathy without a license; W. B. Taylor, charged with larceny; J. B. Deason, charged with disposing of mortgaged property; Severo Sanchez and Frank

Sanchez, charged with robbing A. Wood and J. B. Wood, charged with the manufacture of liquor; Otto Witt, Velpe Douthitt, James C. and Grover Tullis, charged with facing brands on 41 meat cat property of Edgar Williams.

Because of the fact that the fund in this county is at this time depleted, no regular November term will be held. It is probable enough money will be in the fund to have the regular term month.—Roswell Record.

I have purchased the Beaver Second Hand Store and will carry a line of GOVERNMENT HARNES CLOTHING, ETC.

in addition to the line of second hand articles already in stock.

Propagating Plants by Use of Cuttings

Frame Which Uses Sunlight as Source of Heat Is Good.

(Prepared by the United States Department of Agriculture)

The propagation of plants by the use of cuttings is one of the oldest methods known, and until recently it was considered necessary for the best results that the rooting work should be carried on in a well-equipped greenhouse, using steam coils to supply bottom heat. The lack of such equipment, however, and the expense of providing it, have been serious objections to any widespread use of vegetative propagation except with plants easily rooted out of doors. This has been overcome to a considerable extent by the development by the United States Department of Agriculture of a propagating frame which uses sunlight as a source of bottom heat. It has been found to give excellent results with the plants experimented with, including most of the standard citrus root stocks, as well as the newer hybrids.

The method and the experimental results are described in Department Circular 310, "The Solar Propagating Frame for Rooting Citrus and Other Subtropical Plants," just issued. The construction of the frame is simple and the method is economical and offers considerable promise for other groups of plants, especially of subtropical character. The use of the solar rooting frame is obviously best adapted to the warmer portions of the country having a relatively large amount of sunshine.

A copy of the circular may be secured, as long as the supply lasts, from the United States Department of Agriculture, Washington.

CROSS RAISES \$10,000,000 IN 21 DAYS FOR RELIEF

disasters, such as the earthquake, prove the wisdom of the people in maintaining the Red Cross as their national international relief agency. The Red Cross for duty in the latest of emergencies was also by test.

record shows: Sept. 3, Prest. Holidge assigns the duty of raising \$10,000,000 to the American Red Cross. Sept. 4, Red Cross Chapters in 250 communities given fund allocations; Sept. 12, fund totals \$5,563,000; Sept. 17, fund nearly \$8,000,000. President announces formal closing campaign; Sept. 27, fund passes \$10,000,000 mark. In business days the Red Cross performed the duty entrusted to it while keeping a steady stream of relief supplies going out from Pacific ports to the stricken in Japan. Thus was the confidence of the American people in their Red Cross justified and the wisdom of their preparedness to cope with unprecedented relief emergency proved.

BAPTIST WOMEN SEEK \$22,000,000

SACRIFICIAL EFFORT IS BEING MADE TO RAISE THEIR FULL SUBSCRIPTION TO 75 MILLION CAMPAIGN

NEW PROGRAM PLANNED

Provision Made For Support Of General Causes Through Canvass of Members November 30—December 7.

Under the leadership of the Woman's Missionary Union, auxiliary to the Southern Baptist Convention, the Baptist women of the South are seeking to raise \$7,000,000 in additional

MISS KATHLEEN MALLORY Corresponding Secretary, Baptist Woman's Missionary Union

cash between now and the end of the year for the Baptist 75 Million Campaign, thus matching their subscriptions in 1919, when the program was launched, with actual payments, it is announced at Baptist headquarters. The women were asked to assume responsibility for \$15,000,000, or one-fifth of the goal of the Campaign, but their subscriptions went far beyond this.

Their original goal of \$15,000,000 in cash had been reached by the women June 1, 1924, and under the leadership of Miss Kathleen Mallory, corresponding secretary of the Woman's Missionary Union, they are making extra efforts to meet their pledges as well as their quota. Thousands of Baptist women throughout the South are practicing self-denial in many ways in order to make special contributions to the missionary, educational and benevolent enterprises embraced in the Campaign, while other thousands who have already paid out their subscriptions are making special thank offerings that the goal may be reached. Reports indicate that thousands of Baptist men as well will redeem their subscriptions in full during this year.

Large Results Obtained

indicating some of the results that had been realized from the Campaign up to May 1, 1924, the general headquarters reports that the foreign mission force has been increased over 100 per cent, while as many persons have been baptized on the foreign fields in the five years of the Campaign as there were church members there at the outset of this program after 75 years of missionary effort. In the realm of home missions the 1,170 workers report the baptism of 203,532 persons, organization of 1,095 new churches and 3,383 new Sunday schools, and the completion of the \$1,000,000 Church Building Loan Fund.

An average of 2,734 state mission workers have been employed during the Campaign who report 240,686 baptisms, organization of 1,646 churches and 3,035 Sunday schools, and the erection or repair of 2,331 houses of worship. Into the 119 Southern Baptist schools, colleges and seminaries the Campaign has put \$7,528,485 in permanent improvements, \$2,910,420 in maintenance, and \$2,732,231 in endowment, while \$1,277,021 has been employed in the cancellation of outstanding debts.

Old Preachers Aided

As a result of the Campaign more than 1,000 aged preachers and their dependent ones have been helped; \$4,464,000 has been put into 19 Baptist orphanages caring for 4,000 homeless boys and girls; while the number of Baptist hospitals in the South has been increased from 12 to 24.

In order that there may be no let-up in the support of the general missionary and other causes fostered by the denomination at the close of the 75 Million Campaign, plans have been perfected for the projection of the 1925 Program with the week of November 30-December 7, when an every-member canvass will be made of the 28,000 Baptist churches of the South for the support of state, home and foreign missions, Christian education, ministerial relief, hospitals and orphanages next year. These are the same interests that have been embraced in the Campaign but they will be supported in the future on the basis of annual subscriptions from the members of the churches rather than on a five-year pledge.

Want \$15,000,000 Next Year

Reports reaching the general Campaign headquarters are to the effect that organizations have been set up throughout the territory of the Southern Baptist Convention looking to the completion of the old Campaign through the redemption of the pledges, and the successful launching of the new program through the taking of subscriptions for next year at the same time. It is the hope of those charged with the leadership in these programs that a minimum of \$15,000,000 will be raised for the general denominational enterprises in 1925 and that each year thereafter there will be an increase over the preceding year.

LOCALS

Miss Zanaida Mann has been on the sick list the past week.

Chas. Rogers was marketing cotton in Artesia Saturday.

Sid Cox returned Sunday from a few weeks' stay at Ft. Bayard.

Mr. and Mrs. Dahl DeGeer left last week by auto for a trip to Oklahoma.

P. V. Morris and wife were called to Illinois last week by the death of his sister.

Miss Mary Katherine Coffin, of Hope, was the week-end guest of Miss Leona Allinger.

Mr. Green and wife, of Roswell, spent Sunday here, guests of Mr. and Mrs. Louis Storey.

Mrs. George Frisch and daughters, Miss Mildred and Margaret, spent Saturday in Carlsbad.

Geo. R. Wray, of Roswell, a former Artesia resident was transacting business in Artesia Tuesday.

Mr. and Mrs. M. C. Lee and son, Albert, were up from Lakewood Saturday trading with our merchants.

A. Hnulik, a prosperous farmer of the Artesia community, was a caller at the Advocate office Saturday.

A daughter was born to Mr. and Mrs. Charley Martin at the Artesia hospital Monday afternoon, the 17th.

Mrs. Bernard Cleve and little son have been here from Elk the past week visiting her parents, Mr. and Mrs. D. S. Martin.

W. L. Patterson, a former employee of the Advocate, returned to Artesia last week after a visit to El Paso, Benson, Arizona and other points.

B. J. Lampton started to-day by auto for San Antonio, Texas, where he will visit his son, Ben, and family. G. U. McCrary accompanied him.

The Advocate has recently installed a steel filing cabinet, purchased through Owen McClay, local furniture dealer, made by the Globe Wernicke Co.

Mrs. Moore, who is here from California, went the last of the week to Roswell, where she will be the guest of Mrs. Jo Jacobson for a week or ten days.

S. S. Ward shipped out 1060 head of steers and heifer calves to Swearingen Texas where they will be put on grass. The shipment was made Tuesday of this week.

Mrs. Irvin Martin is visiting her parents, Mr. and Mrs. Tom Rinyan on the ranch at Trails' End, while Mr. Martin is hunting in the mountains with Paul Terry.

Fred Knowles, Jr., drove in from Belle Plain, Kansas Sunday and was accompanied by several other men, all of whom have gone to the mountains in pursuit of the elusive deer.

Rev. Simmons went to Albuquerque Tuesday to attend a meeting of the Board of Montezuma College. Mr. Simmons was elected a member of the board at the state convention in Clovis last week.

Grant Knepple and wife were in town from Lakewood Saturday. They were accompanied by their daughter and their son and his wife, who were here from Wichita, Kansas visiting their parents.

Tom Runyan of the upper Penasco country was in town for a few hours Saturday. Mr. Runyan, who is the head of the C. A. Bar ranch, owns extensive cattle and sheep interests in the vicinity of Elk. While the cattle business is not overflowing at present, sheepman are enjoying a period of prosperity according to Mr. Runyan.

Ward Cave and family arrived the first of the week from Globe, Arizona where they have been living for a number of years. They are delighted to get back to the Pecos Valley and expect to make Artesia their permanent home.

Mrs. L. M. Terrill has returned from an extended visit to points in California. Mrs. Terrill left here over a year ago and spent a few months in Pasadena, Cal., the remainder of her stay she spent with her sister, Mrs. Nora I. Gatewood at Long Beach, California.

The Episcopal Guild held an all-day meeting at the home of Mrs. M. A. Corbin last Thursday at which time arrangements were completed for the forthcoming Christmas bazaar. This will be held on Saturday, December 6th in the Brainard and Corbin Building.

N. H. Patterson, of Woodward, Oklahoma, was an Artesia visitor the first of the week. Mr. Patterson who owns oil interests in the vicinity of the field, pays Artesia a visit occasionally. Mr. Patterson says he always likes to come to this part of the country for a short vacation.

J. T. Ross, Jr., and Sam Collins, of Lakewood were Artesia visitors Saturday. Mr. Ross states that the lake near town is gradually filling up and will soon be full again. It will be remembered that the lake went practically dry during the summer or the nearest it has been for several years which was due to the heavy demand for irrigation purposes by farmers near Carlsbad.

Mr. and Mrs. Floyd Rupert, who were residents of Artesia some eight or nine years ago, arrived Tuesday from Medicine Lodge, Kansas and are guests of Mr. and Mrs. W. A. Bryan. They were accompanied by Gilbert Grove and two other friends. Mr. Rupert is on his annual trip for the deer hunting and with the other men will spend some time in the mountains, while the ladies of the party visit Mrs. Bryan.

REPUBLICANS TO HAVE 245 IN THE HOUSE

WASHINGTON, D. C.—With the return of official figures from the 20th Pennsylvania congressional district, showing the election of a democrat where unofficial returns had given the seat to a republican, the party line up in the next congress complete, stands as follows: Republicans, 245; democrats, 185; farmer-labor, 3; socialists, 2.

In the present congress, with all vacancies filled, the standing is as follows: Republicans, 222; democrats, 209; farmer-labor, 1; socialists, 1; independents, 1.

"The editor who can please everyone is not suited for this earth, but is entitled to wings," says an exchange. "Human nature is so constituted that some of our readers would like to have us feed them on scandal; some would like to have us tell the unvarnished truth about them, while others would kill us if we did. Others feel so darned guilty they think every item on general meanness is a slap at them personally. This we cannot help—if the shoe fits, they may wear it for all we care. Our aim is to treat all respectfully and not advertise the faults of anyone. We all have our share. It is a comforting thought to us to know that the Lord himself did not please everyone while on earth."

LEGAL ADVERTISEMENTS

STATE OF NEW MEXICO, NOTICE OF PUBLICATION, OIL AND GAS LEASE OF PUBLIC LANDS, EDDY COUNTY

Office of the Commissioner of Public Lands, Santa Fe, New Mexico.

NOTICE is hereby given that pursuant to the provisions of an Act of Congress approved June 20th, 1910, the laws of the state of New Mexico, and the rules and regulations of the State Land Office, the Commissioner of Public Lands, will offer for lease for the exploration, development and production of oil and gas, at public auction to the highest bidder, at 11 o'clock a. m., Wednesday, December 10th, 1924, in the town of Carlsbad, County of Eddy, State of New Mexico, at the front door of the Court House therein, the following described lands, to-wit:

- N $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 5, SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 12, E $\frac{1}{2}$ NW $\frac{1}{4}$, Sec. 14, SW $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 2, Twp. 17S., Rge. 27E., N. M. P. M.
- NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 4, SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 22, Twp. 17S., Rge. 28E., N. M. P. M.
- NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 16, Twp. 18S., Rge. 27E., N. M. P. M.
- N $\frac{1}{2}$ SE $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 1, E $\frac{1}{2}$ NE $\frac{1}{4}$, W $\frac{1}{2}$ NW $\frac{1}{4}$, Sec. 4, Twp. 18S., Rge. 28E., N. M. P. M.
- NE $\frac{1}{4}$ NW $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 30, Twp. 19S., Rge. 26E., N. M. P. M.
- NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 14, SW $\frac{1}{4}$, S $\frac{1}{2}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 23, Twp. 19S., Rge. 27E., N. M. P. M.
- NE $\frac{1}{4}$ Sec. 16, SE $\frac{1}{4}$ Sec. 4, Twp. 17S., Rge. 28E., N $\frac{1}{2}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 24, Twp. 17S., Rge. 27E., Lot 3, Sec. 2, N $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 16, Twp. 18S., Rge. 27E., E $\frac{1}{2}$ NE $\frac{1}{4}$ Sec. 16, Twp. 19, Rge. 26E., N. M. P. M. containing in all 1,919.93 acres.

No bid will be accepted for less than \$500.00, which shall be deemed to include and cover the first year's rental for said land, and no person will be permitted to bid at such sale except he has prior to the time set thereof, deposited with the Commissioner of Public Lands, or with his agent in charge of such sale, cash or certified exchange to the amount of the said minimum bid. Deposits of all unsuccessful bidders will be returned. The deposits of the successful bidder will be held by the Commissioner of Public Lands, and by him applied in payment of such bid, but if the successful bidder shall fail to complete his purchase by paying on demand any balance due under his purchase including the cost of advertising and the expenses incidental to said sale, then in that event such deposit shall be forfeited to the State of New Mexico as liquidated damages. The lease will be made for a term of ten years and as long thereafter as oil and gas in paying quantities, or either of them is being produced from said land by the lessee and shall be made in substantial conformity with oil and gas lease form No. 35 on file in the Office of the Commissioner of Public Lands, copy of which form will be furnished on application of any person interested.

The successful bidder shall be required by the terms of said lease to begin actual drilling of a well upon some portion of said lands, with an adequate drilling equipment within one year from the date of the lease, and to drill the same to a depth of 2500 feet, unless oil and gas, igneous or metamorphic rock shall be encountered at a lesser depth.

The Commissioner of Public Lands reserves the right to reject any or all bids.

Witness the hand and official seal of the Commissioner of Public Lands, of the State of New Mexico, this 20th day of September, 1924.

JUSTINIANO BACA,
Commissioner of Public Lands,
State of New Mexico.

NOTICE OF SALE OF WATER WORKS BONDS BY THE TOWN OF ARTESIA, NEW MEXICO

NOTICE IS HEREBY GIVEN that the Board of Trustees of the Town of Artesia, New Mexico, will on the 4th day of December, 1924, at the hour of seven o'clock P. M., offer for sale and sell the negotiable coupon bonds of said Town in the amount of \$15,000.00, for the purpose of securing funds for the enlargement, improvement and extension of the system of supplying water for said Town. Said bonds will bear date December 1, 1924, and will be payable at the option of said Town twenty (20) years after date, and absolutely due and payable thirty years after date, bearing interest at the rate of six per centum (6 per cent) per annum, payable semi-annually, said bonds being of the denomination of Five Hundred Dollars each, and the principal thereof and the interest thereon being payable at the interest banking house of the National Bank of Commerce in the City of New York, U. S. A. Sealed bids therefor will be received by the undersigned Town Clerk up to said time. All bids must be accompanied by a check certified by some chartered bank in the amount of \$750.00, payable absolutely to the Town of Artesia, New Mexico. These bonds will be sold to the highest bidder, except that the Board of Trustees of said Town of Artesia reserves the right to reject any and all bids. In no case will said bonds be sold at less than par and accrued interest at the date of delivery. Bonds to be furnished by the purchaser.

THE BOARD OF TRUSTEES OF THE TOWN OF ARTESIA, NEW MEXICO,
By
M. H. FERRIMAN, Mayor.
Attest:
EDWARD STONE,
Town Clerk.
Section 9. All ordinances, by-laws and regulations of the Town of Artesia, in conflict with this Ordinance, are hereby repealed.

Section 10. This ordinance shall be and remain irrevocable until said bonds, principal and interest, shall have been fully paid, satisfied and discharged.

Section 11. This Ordinance shall be in full force and effect from and after five days from the date of its publication as required by law.

Passed and approved this 23rd day of October, 1924.
(SEAL)
M. H. FERRIMAN, Mayor.
ATTEST:
EDWARD STONE, City Clerk.

NOTICE OF SALE OF REAL ESTATE UNDER FORECLOSURE DECREE
In the District Court, Eddy County, New Mexico.

D. D. AITKEN, Plaintiff.
Vs.
F. B. Collins Investment Co., of Oklahoma County, Oklahoma, The Receiver of the F. B. Collins Investment Co., of Oklahoma County, Oklahoma, F. B. Collins and Nellie S. Collins, F. G. Tompkins, L. C. Tompkins, A. W. Wilde, Lawrence Wilde et als., Defendants.
No. 3902.
NOTICE is hereby given that by virtue of the terms of the Final Decree of Foreclosure and Sale, entered by the District Court of Eddy County, New Mexico, in the above styled and numbered cause and against said defendants in said cause on the Civil Docket of said court, the undersigned will offer for sale and sell to the highest bidder for cash, at ten o'clock A. M. on Monday January 29, 1925 at the front door of the court house in Carlsbad, New Mexico, the following described property, situate, lying and being in Eddy County, New Mexico, to-wit:

The N $\frac{1}{2}$ NE $\frac{1}{4}$ Sec. 21, township 17 South range 26 East N. M. P. M., less 6.05 acres more or less, described as follows, to-wit: Beginning at the South East corner of the North East Quarter thereof, Thence North on section line 655 feet; Thence in a South West direction to a point 800 feet West of the said South East corner of the South line of the North East Quarter of the North East Quarter of said above mentioned section thence East 800 feet to the place of beginning, containing 74 acres more or less together with all and singular the lands, tenements, hereditaments and appurtenances thereunto belonging or in any wise appertaining, or the reversion and reversions, rents, issues and profits thereof.

Notice is further given that the amounts awarded in said decree and to be realized at said sale are as follows: Principal note with interest notes and interest calculated to date of sale, \$4,799.63; Attorneys fees, \$473.10; Special Master's fee, \$25.00; accrued court costs, \$18.50; amount expended by plaintiff for bringing abstract to date for purpose of suit, \$25.00; Total \$5,341.23, together with all costs of sale. The terms of the sale are that the purchaser must pay cash at the time the property is struck off to him.
IN WITNESS WHEREOF I have hereunto set my hand this 15th day of November, 1924.
BELLE McCORD, Special Master.

INDUSTRIAL REVIEW
NEW MEXICO WEEKLY

The Election is Over and Business can Again Return to a Normal Basis. All of which Illustrates That Operating Industries and Regular Employment are More Vital to Community Prosperity than Politics.

New Mexico's mine products totaled \$12,232,000 during 1923, as compared with \$5,989,446 in 1922, according to department of interior.
Cimarron—Unusually good alfalfa crop in this vicinity.
Hos—Movement under way for construction of dam in Glorietta canyon for water storage and power.
Farmington—Good headway being made on construction of new hotel.
Tucumcari—Deep water test well being drilled on Sisney ranch.
Holman—School building being repaired.

Roy—California Company's well comes in as gasser on Flocksheim ranch 20 miles north of here.
Portales—Grain crop in Roosevelt county unusually heavy.
Clayton—St. Mary's hospital of Chicago may establish tuberculosis hospital here.
Carlsbad—Otis Gin and Warehouse Company to build addition to seed house.
Roswell—Cotton harvesting well under way.
Albuquerque—New fire station nearing completion.
Las Cruces—Farm Bureau Marketing Association sells pool of cotton consisting of 170 bales.
Maxwell—New sugar factory placed in operation.
Farmington—Oil struck in Beautiful Mountain test well, 50 miles southwest of here on Navajo Indian reservation.
Lordsburg—Duncan Valley Potato Growers' Association, organized this year, sells 205,200 pounds of potatoes for season.
Gallup—Contract let for construction of \$75,000 Elks' club building.
Fort Sumner—Pecos river bridge being repaired.
Sundance—Double tracking of Santa Fe line between Albuquerque and Gallup to be completed soon.
Albuquerque—Imperial Laundry installs new equipment valued at \$75,000.
Aztec—Drilling to begin on several leases in this section.
Las Cruces—Rotary Club behind movement to establish largest game protective association in southwest.
Stanley—Operations resumed at San Pedro mines, 18 miles north of here.
Tucumcari—Contracts let for constructing road and bridges between this place and Cap Rock.
Mora—Road being improved between this place and La Cueva.
Gallup—Methodist church to be extensively improved.
Santa Rosa—Oil well to be drilled west of here.
Tucumcari—New water mains being installed.
Fort Sumner—Fort Sumner Oil Company, new concern, to drill on lease in Buffalo creek district.
Portales—State street being paved.
Springer—Standard Oil Company brings in gasser on Jaritas ranch 14 miles east of here.

EDDY COUNTY HOSPITAL MAY HAVE TO CLOSE

The Eddy County Hospital association met in regular session last Monday afternoon, and unless something can be done to relieve the financial stress under which the institution is laboring, officers say the hospital must be closed.
Mrs. J. D. Hudgins, of Carlsbad, is president of the association, Mrs. E. S. Kirkpatrick, of Carlsbad, secretary and treasurer, work with a board of directors, composed of several business men and women of the county. According to officers, the institution owes \$2100, over and above the mortgage on their building, and there is not more than \$1000 in sight from all sources of income.
In this amount is included \$500 due from the state and \$200 from the county. The remainder is represented as outstanding accounts which are considered good.
Mrs. Hudgins said that a large number of accounts were due the hospital, and that if all were paid there would be funds sufficient to liquidate all indebtedness, but that repeated efforts on the part of the management and board of directors have proved unavailing in collecting these various accounts.
The Eddy County Hospital association has functioned for a great number of years; has ministered to the needs of the sick, faithfully and well, and is due a continuance of operation.
Cappy Rioks will provide you with real entertainment at the High school auditorium December 2nd. 11-1tc

STATE BRIEFS

**QUAY COUNTY SHEEP
BRING IN \$13,450**
The sheep delivery season in Quay
county is between October 25 and No-
vember 2nd. Our sheep men delivered
in Montoya and in Tucumcari between
those dates 2,330 lambs and ewes,
which were purchased by Colorado
buyers and shipped to that state for
feeding.
The sum of outside capital brought
into the state and which will be dis-
tributed right here in Quay county
from the shipments totals \$13,450.
And besides this neat little sum there
was in the neighborhood of three or
four thousand dollars paid into the
pockets of our sheep men for wool.

STORE ROBBED AT PORTALES
Last Saturday night the store of
White & Son was entered and quite
a lot of tobaccos, cigarettes, can goods
etc., were taken. Sheriff Davis' of-
fice force got busy and Tuesday Ted
Williams and Glen Langston went out
to the road camp and arrested four
young men on suspicion. They are
now in the county jail waiting the
action of the grand jury, which is in
session and will probably get to this
case today. There was quite a lot of
the food found in the camp of these
men, and is being held as evidence.
The store was entered by prizing up
one of the back windows.—Portales
News.

**H. R. BUSTLE IS
ARRESTED AT CLOVIS
ON BAD CHECK CHARGE**
The sheriffs office at Clovis on
Tuesday of last week arrested H. R.
Bustle at Farwell on a charge of is-
suing bad checks there about two
weeks ago. Bustle was at one time in
the grocery business on South Main
street. It is alleged that he issued bad
checks before leaving here suddenly
about two years ago.

**OLD RESIDENT IN RIO
ARRIBA IS FOUND DEAD
IN HIS AUTOMOBILE**

ALBUQUERQUE.—George R.
Becker, of Thama, N. M., an old resi-
dent of New Mexico, was found frozen
to death yesterday in his automobile
on the mountain road between that
place and Antonio, Colo., according to
word received here today. Mr. Becker's
body was found by a searching party
from Chama, which had been looking
for him for four days.
Thama is a small town between
Chama and Antonito.
The body is to be taken to Denver,
Colo., where he has relatives, for
burial.

**STATE CATTLE SHIPMENTS
IN OCTOBER ARE BIGGEST YET**

ALBUQUERQUE.—Cattle ship-
ments from New Mexico during
October were the heaviest in the history
of the state, according to the
secretary of the Cattle Sanitary
Board. Approximately 130,000 cattle
were sent to other states, the
majority of the shipments being to
market. Shipments by districts fol-
lows:
Springer, 9,409; Clayton, 9,875;
Tucumcari, 12,354; Alamogordo, 9,553;
Roswell, 10,756; Bloomfield, 178;
Deming, 8,317; Albuquerque, 6,568;
Santa Fe, 1,494; Rincon, 2,524; Carls-
bad, 6,172; Lovington, 7,656; Cimarron,
4,246; Vaughn, 3,970; Columbus,
9,984; Silver City, 6,401; Jal, 1,879;
Amistad, 4,246; Portales, 13,000; Mis-
cellaneous, 1,431.

**MAN AND WIFE ARE
HELD UP IN GARAGE
AS THEY PUT UP CAR**

LAS VEGAS.—M. Siegal and wife
were held up by three men in the
garage in the rear of their home on
Eleventh street just as they were
about to put their auto away for the
night, one of the men searching Mr.
Siegal while the other two stood
guard. Mr. Siegal stated to the police
that it was so dark that he could
hardly see the men and doubted if he
could identify them if he saw them
again. The affair created a distur-
bance and a neighbor armed with a
shotgun came on the scene and drove
the men away. It is said that two of
the men had revolvers in their
hands. Nothing of value was secured
by the robbers.

**SILVER CITY HUNTERS
LOOKING FORWARD TO
GOOD BIG GAME YEAR**

SILVER CITY.—Local sportsmen
are looking forward to a most success-
ful hunting season and hundreds are
now getting their fire arms in shape
for the opening day November 20. It
is said that there are plenty of deer
and turkey in the near-by mountains
and while everyone is entitled to their
limit every effort will be made to see
that no violations of the game laws
occur. Foresters report that all kind
of wild game is now on the increase
and the local sportsmen's league is
doing everything in its power to see
that this condition continues. The
local association is now one of the
liveliest in the state and if all the
sportsmen of the state would do as
much as the local boys, New Mexico
would soon be one of the greatest
big game sections of the country.

**ALL IS READY FOR
DOUGHNUT FESTIVAL**

The Roswell Hardware Company
has made all preparations for hand-
ling the big crowd on next Saturday,
November 22nd. This occasion is
their Fourth Annual Doughnut Festi-
val. The Valley folks always look
forward to this affair. There will be
500 Doughnuts and 25 gallons of Cof-
fee, and every guest will be served
between three and eight P. M. There
is no charge whatever to this Festi-
val, and no one will be expected to
purchase a thing. All the Roswell
Hardware Company wants you to
do is to come, meet your friends and
enjoy yourself.

**DID YOU EVER STOP
TO THINK**

THAT a new era of development is
dawning for the city of ambition.
THAT most cities are grooming
themselves to enter this new era of
progress.
THAT they will be surprised when
they see what they can do when they
try.
THAT they are not spending time
thinking of the glorious past, but
planning for the glorious future.
THAT things will happen through
direct efforts of a "never die spirit"
to do.
THAT many in the small town class
will grow into the city class.
THAT every individual should think
of the responsibilities resting upon
every person in a growing city and
get fully prepared to do their share.
THAT the men who shudder at the
thought of spending some of their
time and money toward the home city,
will be in a bad way indeed.
THAT they will be very unpopular,
in fact so unpopular that they no
doubt will find it convenient to move
to some city that is numbered among
the dead, where they will feel at home.
**MEN WHO ARE NON-PROGRES-
SIVE, SELFISH, STINGY AND ARE
PULL-BACKS, HAVE NO PLACE
IN A LIVE CITY.**

**HOW A DAIRY HERD
HELPS THE FARMER**

The dairy herd conserves and even
increases soil fertility, assuring good
yields of farm crops in future years.
At the same time the herd provides
a sure, prompt, and profitable outlet
for grains and roughages grown on the
farm. Land that supports good dairy
herds becomes richer year by year,
whereas land devoted to raising grains
and hay for market soon becomes sad-
ly depleted, unless carefully managed
and unless commercial fertilizer is
purchased. Every ton of corn sold off
the farm, worth in normal times about
\$20, takes with it \$3.50 worth of plant
food; every ton of wheat, worth \$35,
takes \$17; every ton of butterfat,
worth about \$1,000, takes only 49 cents
worth of plant food, meanwhile, the
herd is returning many times this
amount in fertility.—Agricultural De-
partment, Union Pacific System.

Here lies the body of Samuel Jay,
Who died maintaining his right of way;
He was right—dead right—as he sped
along;
But he's just as dead as if he'd been
wrong.
—The Tribune Note Book.

vocate.

We have a complete line of samples
of social stationery—Artesia Ad-
vocate.

**RADIO STATION KOB
STARTS NEW SERVICE**

The New Mexico College of Agricul-
ture and Mechanic Arts Radio Station,
KOB, in co-operation with the state
highway department, has recently in-
augerated a new highway report ser-
vice. The report is for the benefit of
travelers by auto over the main high-
ways of the state, and is broadcast
twice daily, following the time signals
and official U. S. weather bureau re-
ports at 12:00 noon and 10:00 p. m.
Chambers of commerce and garage
owners throughout the state have
agreed to co-operate to the extent of
copying the reports as transmitted
and posting in prominent places for
the benefit of the public and tourists.
To facilitate the making and re-
ceiving of reports, the main roads of
the state have been arranged and
designated by numbers. Each district
highway engineer makes a weekly re-
port on a standard form to the high-
way office at State College on the con-
dition of the roads in his district and
the length of time required to drive
over them. These reports are com-
bined into a single one giving the
radio number of the road, the terminal
cities, the road's condition, including
general remarks, and the time re-
quired to drive over the road. The
combined report is the one broadcast.
Any changes in condition of any road
reported on, occurring between the
weekly reports, are immediately tele-
graphed in and are entered on the com-
bined report.
To assist in receiving and posting
the road reports broadcast, the state
highway department is distributing
large tourist maps of the state, with a
complete outline of the road system.
Space at the bottom of this map is
provided for the posting of daily re-
ports. This is a printed form issued
in blocks, with each road numbered
and named in the order it is broadcast.
By this means it is only necessary
for the receiver to fill in the blank
spaces with the required information,
and attach to the map in some con-
spicuous place. Chambers of Com-
merce, garages and many private in-
dividuals throughout the state have
indicated their interest in this ser-
vice, and plan to utilize it.

CHRISTMAS CARDS.—Engraving,

NEW BUILDINGS NEAR COMPLETION. WILL BE VALUABLE ADDITION

Three new residences in Artesia have been almost completed and will soon be ready for occupancy. The residences including the Ragsdale apartment will accommodate four additional families and possibly more. One frame residence up main street will probably be finished this week, another new residence near the City park will probably be ready for occupancy within a few days. The Ragsdale apartment across from the new garage building has all of the outside work finished. A few finishing touches added to the walls and another layer on the concrete floors will see the building complete. The new garage building, which is being built by S. S. Ward of Artesia is going up at a rapid rate. A driveway has been provided for in front and is being constructed on the order of some of the most modern garages to be found in the larger cities. All of the front wall is up and the concrete work will be finished on the walls by the end of the week. Enough doobies have been made to finish the rear walls and the next few days will complete the construction work on the side walls. The building to be occupied by Dunn's garage will be moved into as soon as it is ready.

ALFALFA SEED PRICES ARE UNCHANGED

Alfalfa seed movement was fairly active in many districts during the two weeks ending Nov. 4. More than one-half of the crop has left growers' hands. Movement has been slowest in southwestern Nebraska, Colorado, and Montana.

Growers have been selling freely in a majority of districts at prices that averaged about the same as two weeks ago, that is \$15.65 per 100 pounds, basis clean seed. Considerable variation in prices was noted, some prices being higher than others lower than, and still others the same as those of the preceding two weeks. The recent trend was slightly downward.

Growers in portions of Utah were offered on Nov. 4 about \$14; in northern Kansas mostly \$14.50; in southwestern Kansas, \$14.90, and in southeastern Kansas \$16.30, marked declines in these two districts from prices of two weeks ago; in western Nebraska, \$16.25; in Texas, New Mexico, Arizona, and Colorado, about \$15; in northern Wyoming \$16; in western South Dakota, \$17.50; and in Montana, \$17.75.

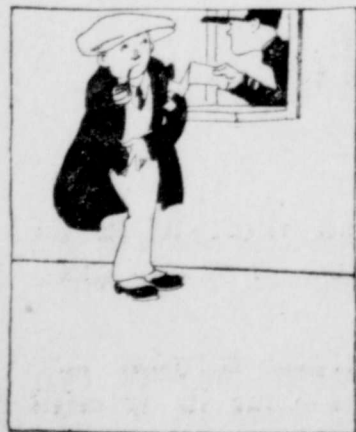

During October 38,800 pounds of alfalfa seed was permitted entry compared with 638,800 pounds last year, 1,668,600 pounds two years ago, and 1,157,700 pounds three years ago.

The latest figures of the seed branch of the Canadian Department of Agriculture indicate that 3,000,000 pounds of alfalfa seed was produced in Ontario and 180,000 pounds in southern Alberta.

The production of alfalfa seed in France is expected to exceed the good crop of last year. Upwards of 17,000,000 pounds probably was produced in that country this year and much of this will be available for export. Best grades of French and Italian alfalfa seed were being offered on October 25 at about \$19 per 100 lbs., c. l. f. New York (l. e. \$23 duty paid) but lower prices are anticipated. This price is considerably higher than American-grown seed can be bought at, hence little or no choice seed is being purchased on this basis at the present time.

Approximately 2,000,000 pounds is expected to be carried over in Argentina after the present sowing requirements of that country have been taken care of.

The ever-increasing use of the telephone necessitates more advertising. The careful housewife consults the ads in the newspaper before picking up the phone to give her order. Even if she does not use the phone, the same street car fare or a few more steps will take her to a where she knows she will find what she wants. The wise merchant advertises—Exchange.

Before You Buy a Ticket

Come around and let us put your name on our subscription list and receive the Advocate regularly.

You will want to keep in touch with the OIL DEVELOPMENT in the Artesia field as well as all the local news from your home town—\$2.00 per year in New Mexico, \$2.50 in other states.

Artesia Advocate

LOCAL

Dr. Bewley has been sick with grippe the past week.

Bert Smith was in Roswell Tuesday attending to business matters.

Mrs. Sidney Cox and Dick Vandagriff, Jr., accompanied their husbands on their hunting trip to the mountains.

Eldridge Solomon is among those who are tramping over the hills in quest of deer, also Preston Dunn and Rube Dunn.

J. W. Nicholson, proprietor of "Our Store," is expected to return from a trip to the eastern markets the latter part of the week.

D. L. Newkirk, former editor of the Peos Valley News of Artesia, was an unsuccessful candidate for state superintendent of schools of Arizona, on the republican ticket at the recent election.

F. S. Donell, of Albuquerque and A. R. Sweet, consulting engineer from Los Angeles, California, are here this week in the interest of the oil development.

The P. T. A. has decided not to begin serving the hot lunches on Dec. 1, if the weather continues as it is at present. Hot lunches will begin when ever the weather gets cold enough to make it desirable.

ELECTION PROCLAMATION

To qualified voters of the Lake Arthur Drainage District: I, M. W. Evans, Chairman of the Commissioners of the Lake Arthur Drainage District in accordance with law, fixing the time for the election of commissioners, and by virtue of authority in me vested by law, do hereby proclaim and declare that a regular election of three members of the Board of Commissioners of the above named Drainage District in Chaves and Eddy counties of the state of New Mexico, in place of M. W. Evans, E. P. McCormick and C. E. Mann, whose terms are now expiring as members of said Board. Said election is to be held in the town of Lake Arthur, New Mexico in the office of M. W. Evans on December 2, 1924, between the hours of 9 A. M. and 6 P. M.

Judges, G. R. Pate, John Lane, and Charles Foster. Clerks, Bob Allison and Mrs. Ned Hedges.

No list of candidates has been filed with the secretary of the Board of said election. All qualified electors within the Lake Arthur Drainage District will be entitled to vote and any persons residing in Chaves and Eddy counties, who is an owner of agricultural land within the said drainage district will be entitled to vote.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the secretary of the district to affix the seal of the District hereto, this, the 20th day of November, 1924.

(SEAL)
M. W. EVANS,
Chairman.
C. E. MANN,
Secretary.

NOTHING BUT HEALTH

Fat Mrs. Doe went out to swim. In a mud bath for her health; The health it came and she was thin. But it took friend hubby's wealth.

ORIGIN OF STYLE

Customer: "Have you got any leather belts?"
Shopkeeper: "No but we have some college hat bands."

WILD WEST IN EAST

Friend: "What's the idea in cutting all these notches on your steering wheel? Keeps your hands from slipping, I suppose?"
Autoist: "Nope—Western habit of mine. Every notch—another pedestrian run down."

PIPE LINE TO STIMULATE BIG DRILLING CAMPAIGN
(Continued from first page)
moving rig on the location in Sec. 4-22-27 and have derrick erected ready to spud.
California No. 1, Burgess and Goodale, on the McCrary permit in Sec. 30-18-28 have finished setting 10 inch casing and resumed drilling Wednesday morning. Numerous difficulties have handicapped the progress of the well, but the officials hope to proceed at a rapid rate now until the well is completed.

The Muir interests have located a well and begun drilling on the NW 1/4 SE 1/4, Sec. 9-10-26, north of Roswell. The Dansinger Oil and Refining Co., of Wichita Falls, Texas have made a location in Sec. 16-8-27, north of Roswell. Drilling operations have already started.

The Amarillo Globe makes the following statement about the activities of the Valley Oil Corporation:
Valley Oil corporation of Amarillo has started two wells on sections 22 and 27 in township 19, range 27. The concern is moving tools shipped from Amarillo to a third location in section 13, township 18, range 27. The last location is in the heart of the field and practically surrounded by completed producers.

Two officials of the Magnolia Oil Co. are in Artesia this week looking over the developments in the field.
Lester Peckenough No. 1, Eureka Oil Co., Oscar Howard, in Sec. 2-19-26, in the oil sand at a depth below 1085 feet.

GO EASY THERE

He: "Have you ever been on a petting party?"
She: "I most certainly have not."
All of which sounds very proper until we take this opportunity of telling you his name was Not.

PEDESTRIAN VIEW

Logic: "motor cars make us lazy."
Practical: "I disagree with you neighbor! It used to take me 14 seconds to get across the street. Now I can do the distance in 3 flat."

Out at Nunn, in Weld county, Colorado, at the harvest jubilee a ball game was staged between the candidates on the republican ticket and the candidates on the democratic ticket and was umpired by a LaFollette follower. We'll bet the "umph" would have had both teams lose if he could.

Yes, putting a placard in the window is "advertising"—to about the same extent that crossing the street is "traveling," sarcastically remarks A. V. Butcher in the Altoona, Kansas Tribune.

HOT TIMES IN KINGDOM OF SAN MIGUEL OVER THE RECENT ELECTION

(Continued from first page)
heroine with the "papers" before the commissioners. The crowd cheered. A desperate effort was made by Attorney Renehan and by Commissioner York to refuse the poll book. Severo Lucero, independent and minority member of the commissioners' board, arose and put the issue.
"We are here to count the honest votes of honest citizens and we have here the honest record," he said. "My colleagues are about to refuse to count it. I am glad there are these people of San Miguel county to see what has been going on and to see how my colleagues perform their sworn duty as commissioners. I, for my part, am not here to steal elections, but to take an honest canvass of the vote cast. I move we count the vote from precinct 12."

Before the interpreter could get it all into English the crowd went into an uproar of cheering with calls of "Si, si!" and "Yes, yes!" all over the room.

"Let us all be calm about this," said Judge Bratton.

Mr. Renehan interposed an objection. The tenacity of the grim faces of citizens, about to see their right to voice in free government violated, increased and the people pressed closer to the front.

Commissioner York eyed them for a second and then: "We'll count the book," he said in a weak voice.

But not so the effort to count 100 non-existent votes in precinct 3, nor the plot to eliminate the democratic precinct of San Geronimo (No. 11), for Chairman York adjourned the canvassing board in the middle of a sentence where in Senator Bratton was attempting to get the floor.

"This floor will neither consider nor discuss any further concerning any precinct whatsoever," said Mr. York. "It stands adjourned!"

But there had been no motion for adjournment nor vote on it. Arbitrary John had merely so decreed. Severo Lucero, strangely like Danton of the French revolution, protested, and Jesus Maria Quintana moved adjournment and it was carried.

And so the 8th postponement of a discussion of the discrepancy in precinct No. 3 is a permanent one until such time as a court, in contest, and also, it is rumored, in a criminal investigation, may open the question again. Also precinct 11, whose poll book the judges of election assert was delivered to the county clerk, was never counted, and the citizens of San Geronimo who voted a 25 to 30 democratic majority, were deprived of their right of voice in government on the excuse of a lost poll book which few people actually believe to have been lost.

It is understood that certificates of election will be issued upon the totals shown on the check sheets despite the following facts:

Precinct 3 shows 100 more votes than there are names in the poll book and the actual figures show that they have been changed.

Precinct No. 11, with about 30 majority for the democrats, is not being counted at all.

Only 3 absentee votes were produced, though at least 46 citizens state that they voted as absentees on November 4th. One of these was Louis Armijo, District Judge elect, whose vote wasn't counted. No record was taken, in any precinct, of the total votes cast as provided by law.

EDUCATIONAL WEEK IS OBSERVED BY THE SCHOOLS OF ARTESIA

(Continued from first page)
tion; the aid of aspiration. I AM IRRESISTIBLE POWER.
BETTER SCHOOLS LEAGUE

Education Week brings home to Americans the astonishing fact that this country ranks highest amongst enlightened nations in percentage of illiteracy. The Better Schools League calls timely attention to this amazing fact and gives these figures in proof:

Percentage of illiterates (persons ten years of age or over unable to write in any language, not necessarily English) in the United States, 6; Germany, two tenths of 1 per cent; Denmark, two tenths; Switzerland, five tenths; England, one and eight tenths; France, nearest to the United States in this discreditable showing, stands only four and nine-tenths per cent. Illiteracy is not confined to any one section of our country but it is heavier in rural communities than in the larger cities. Nor is it to be attributed to the foreign-born for their are twice as many native-born illiterates as those of alien birth.

There are two major reasons for this condition. First, failure of too many communities to realize the importance of education and to subordinate their support for lesser civic enterprises. Next, the lack of accessibility to schools in sparsely settled communities. The Better Schools League is working in co-operation with rather than in competition with the other existing national organizations in its efforts to make attainable improvement in individual situations. Thus aid in organizing the best means for financing, equipping and conducting schools is given; a clearing house for the school activities of the nation is provided; and an agency familiar with the problems both of city and country schools is at hand.

One of the obstacles depriving the young of a fair educational start in life is inadequacy of school funds. It seems strange, says the Better Schools League, that at a time when we are beginning to estimate the real worth of things any community should be so indifferent in its support of its schools. Only a failure to realize what education means can explain such indifference. It seems so obvious that our schools are the instruments with which we build Americanism and breed better Americans, that they are our first line of defense against ignorance and anarchy; that they bring to our youth the equipment and training for greater ability and usefulness.

Our educational system, nationally, is fine. Communities, however, which do not measure up to our national

SY IS WITH US AGAIN

L. G. Syferd, proprietor of Sy's Cafe, who prides himself on being a successful hog raiser, has arranged to butcher his crop this year, fifty in number we believe and will retail the meat out to his customers. See his ad in this issue.

If you can't luff don't go to see Cappy Ricks, High school auditorium December 2nd. 11-20-ltc

standard and intellectually starve their young are contributing to educational delinquency. Our public schools are a common interest; they benefit all. Therefore, to make them easily accessible is a duty for which every man and woman is responsible. The means to develop better minds and healthier bodies should be neither denied nor stinted. Community interest in education should either be aroused or kept keenly alive. Schools must not be put on starvation rations. No tax money can be more usefully spent than for education. Such communities as find the local burden too great have a remedy in legislative measures to equalize school revenues. Leaders in every community should realize that makeshift schools are a crime; insanitary schools, a menace; poor equipment, a waste.

The country school is probably the richest field for improvement. The 1920 census shows one state with 69,000 illiterates, 60,000 of whom are in the rural districts. Is it any wonder that country boys and girls are lured to the cities where their craving for better education can be gratified? Country school districts can shut off the stream flowing to the cities by supplying modern educational facilities. Where the need is for aid and counsel of those experienced in school administration these are easily to be had.

The problem of school improvement is purely a local one. If there is insufficient provision it is the fault of the community. We are living in a period of higher costs, but incomes are larger too. The community should adjust itself to the new order of things. Education is the cheapest thing it can buy. Education Week is a good time to take stock of local conditions and outline policies of improvement.
