RAY DEAUTREMONT IS CAPTURED BY OFFICERS SAYS A RECENT REPORT

Another story has reached Artesia concerning the capture of Ray Deautremont of the Deautremont brothers wanted in connection with the train robbery at Siskiyou, Oregon October 11, 1923. The following article appeared in the Albuquerque Journal Sunday.

Arrest is Made in an Oklahoma Town—Man Confesses After he is Caught—Wanted for Train Robbery.

McALESTER, OKLA.—A man giving his name as Ray Deautremont, and who, police say, confessed to having participated with two of his brothers in the holdup of a Southern Pacific train at Siskiyou, Oregon, on October 11, 1923, in which three trainmen were killed, was arrested here today and is being held for Oregon authorities.

TO SELL POWER PLANT AT CARLSBAD SOON—ALL HOLDING WILL GO

U. S. District Judge Neblett has signed an order of sale in the case of Max E. Mueller, plaintiff, vs. Carlsbad Light and Power Co., directing Receiver William F. Murphy to sell all the real and personal property of the insolvent incorporation in his hands, including power and dam, power house, and machinery, transmission lines, poles and fixtures, ice plant, laundry plant and equipment, electrical supplies, office furniture and fixtures together with water and rights and franchise with the city of Carlsbad.

MISS WILLIAMSON INJURED

Little Miss Tylene Williamson, daughter of Mrs. Hester Williamson, received an injury when she fell off of an awning on the east side of hotel Gibson, Saturday morning. Two physicians were immediately summoned and examined her injuries. The little girl was bruised, but fortunately not otherwise seriously injured. She was resting well at the last report and it is hoped will soon be out again.

WHO HAS TRIED A FERTILIZER? WE SHOULD HAVE PURE SEED

If any farmer has tried the use of a commercial fertilizer in the Valley we would like to know about it. Only one instance where a fertilizer was used has been called to our attention and that was on the C. A. P. ranch, where eighteen acres of ground was fertilized from feeding pens. The results of this test, which were very gratifying has already been published. So far as known a commercial fertilizer has not been tried in this community, but cotton growers who want to enrich the land to increase the production are becoming interested.

The matter of a commercial fertilizer has been brought to our attention by P. P. Mann, who formerly was a successful cotton grower in the east. Mr. Mann states that practically all the farmers of the cotton land in the section of his former home enriched the land by a fertilizer and he believes that it could be used in the Valley with success.

Numerous discussions have arisen about the best variety of cotton for the Valley. As the matter stands now a number of varieties of cotton are grown which makes it almost impossible for the grower to obtain pure seed of any kind from the gins. The great need as practically all of the farmers will agree is to eliminate some of the varieties now raised. We would suggest therefore that the farmers let it be known if you think you have the best variety so that a few of the other kinds of seed can be eliminated. We shall be glad to hear from the farmers on this subject and will donate all of the space you want for a discussion of this matter. If you can not write and say what you want to, come to us and we will do it for you, but let us hear what you think about the proposition.

Shop Early; Greeting Cards Going Fast

We have all heard about the slogan "Shop early for Christmas" and no doubt believe that it is the right and proper thing to do. But let us remind you here that there is another matter just as important. If you expect to get a supply of our greeting cards, now is the accepted time. As the holiday season draws near, many folks are taking advantage of the wide variety of patterns we offered in the greeting card line and will be able to get what they want because they have ordered early. Many of the pretty cards can not be had because the stock has already been exhausted. Get your cards today and avoid disappointment. This is the last call.

LABOR FEDERATION AT EL PASO MEET ELECTS SAM GOMPERS AGAIN

Convention One of Peace and Harmony Says Report—Gompers Heads Organization for Forty-Third Time.

EL PASO.—Samuel Gompers, completing sixty-three years of service in the American labor movement, Tuesday was unanimously re-elected president of the American federation of labor, a post he has held every year but one since the organization of the federation in 1881.

Closing in his seventy-fourth year the forty-fourth annual convention of the organization which the darling flights of his boyhood imagination conceived more than a decade before the federation came into being, Mr. Gompers, militant, erect, looking to the future dedicated himself anew to the prosecution of his work.

"I have but one ambition," he said to the convention. "I want only to be of service in whatever way I can to the progress and advancement of the American labor movement."

When he resumed, he spoke not as the "grand old man of labor," honored and acclaimed by his co-workers, but as the vigorous, fighting leader of the American Federation of Labor, again ready for the fray.

MAIL YOUR CHRISTMAS PACKAGES EARLY SAY POSTAL AUTHORITIES

One of the important features in the "Shop Early, Mail Early" campaign, which is being put on throughout the country by the post office department, is the proper addressing and securely wrapping of Christmas packages. When you wrap your Christmas packages, wrap them securely, put your address in the upper left corner, so, if by chance, it should go astray, it can be returned to you and not sent to the dead letter office. The good folks of our community last year helped to bring joy and happiness to hundreds of thousands of postmen and clerks. Let's do our shopping early and mailing early again this year, so that we may again enable the postmen and the post office clerks to eat their Christmas dinners home with their families and at the same time assure ourselves of having our Christmas presents delivered to our friends in order that they may be opened on Christmas morning.

NEW TRUCK LINE TO OIL FIELD

Gene Rowland, a recent arrival here has started operations on a new truck line to the oil field. Mr. Rowland has two Nash Quad trucks with trailers and is equipped to do heavy hauling. Mr. Rowland reports that business has been very satisfactory during the past few days. He secured the contract to haul the pipe for the pipe line now under construction.

Several Oil Wells Will Be Ready For The Pipe Line

Drilling Wells Will Extend Over Hundred Miles in the Valley—Two Wells Will Reach Pay Sand Soon.

We have had a number of calls recently for logs of the various wells printed and bound in booklet form. We shall be glad to make up a supply, but the expense incidental to printing the logs will necessarily be great. If interested you will favor us by merely dropping the Advocate a card stating that you want a book.

Several additional producing wells will be ready to turn into the pipe line when completed. The Picher interests have informed us that they expect to shoot their No. 1 in Sec. 12-18-27 soon and will also begin active drilling on their No. 2 located 250 feet from the SE corner of the section.

Drilling wells in the valley now extends over the territory covering more than 100 miles in length, which includes the two new locations north of Roswell, south to the Blue Bird well near Carlsbad.

Illinois No. 7, 550 feet west of well No. 3, in sec. 32-18-28, drilling below 400 feet.

The Mitchell-Walker interests will spud in on their No. 2 today, 500 feet north of their No. 1, in Sec. 28-18-28. The rig for well No. 3 has arrived and is being moved to the location, which has not been announced yet.

Holeman et al. Royal Duke No. 1, in SW 1/4 NE 1/4 Sec. 29-18-28 drilling below 1550 feet. Drilling progress has been somewhat delayed on account of some minor repairs, but this well will run the Illinois No. 6 a close race for the pay sand, which will be reached within a few days if no further delays are experienced.

HORNE HAS NARROW ESCAPE FROM BULLET ON WAY TO CARLSBAD

Monday as R. E. Horne, of Artesia was driving to Carlsbad in his auto a bullet struck the windshield of his car and shattered the glass, passing within about six inches of his head and went through the rear curtain. Mr. Horne did not hear the sound of the bullet as it passed his ear, nor the report of the gun owing to the noise of the car engine.

MEXICAN SHOT SAT'DY AS HE IS COMING FROM A DANCE

Mexican was shot, one of the brothers, as four Mexicans returning from a dance at Lake Saturday night at a late hour. The shooting is said to have occurred according to evidence out in Justice court here. The wound made by a bullet not thought to be serious, entered the right limb of the arm and passed through the upper part of the limb. The report of the affair was not until Sunday morning about which when Deputy Sheriff M. Phillips, assistant district attorney from Carlsbad made an inquest of the case at the preliminary hearing here Monday morning. Raymond Demanda, who was alleged to have done the shooting, was arrested and cost by Judge S. W. after several witnesses called that the revolver shot was

ONE-SIDED PHILOSOPHY

Send out of town for everything you buy. It is true that the business men help to support the schools by taxes, contribute to a fund to rebuild a residence in case of a disaster by fire, still all of these good things are offset by the thrill you get when you open up the mail order package. Besides in dealing with the home merchant you have a chance to see what you get and have a come back in case something goes wrong while in dealing with a mail order house you stand a chance to be stuck.

SPEAKING OF QUESTIONABLE THINGS

Some men in every town are ready to knock every enterprising effort and a few have made the expression that the results of advertising are questionable. Of course we are ready to admit that some forms of advertising are questionable. You can not string a line of hot air and get the proper results in this day and time. Advertising must be backed by the truth.

FALSE ECONOMY

Among all the ups and downs of life there is one struggle that is common to us all: that is the constant need for determining where expenditure should stop and saving should begin. We have heard a lot about false economy; also a lot about forming the saving habit in public and private affairs. There is a happy medium to be found, and wise is the man and lucky the governmental unit that finds it.

DID YOU EVER STOP TO THINK

THAT the best judges of the merits of merchandise are the people who use them.
THAT it is no pleasure for a shopper to visit a store where the stock looks like a lot of scrambled merchandise, and to be waited upon by a grouchy clerk.

THAT it has a bad effect on them, and they leave with their minds made up to shop elsewhere.
THAT with a few experiences, it doesn't take long for them to learn that the store of advertised goods carries clean stocks of reasonable merchandise and that their clerks are courteous.

THAT the stores that advertise always carry snappy quality merchandise at popular prices.
THAT many of these stores advertise sales each season, in order to reduce their stocks or to get rid of odds and ends of good merchandise.

THAT at these sales they give superior goods with perfect service, at money-saving prices.
THAT people who really appreciate good goods cheap, should jump at the chance to buy at these sales.

THAT there is something fascinating about advertised sales, because at them you have such a great opportunity to secure real bargains.
AT THESE SALES YOU OFTEN FIND GOODS THAT YOU HAD THOUGHT YOU COULD NOT AFFORD. AT PRICES WITHIN YOUR REACH.

STATE BRIEFS

ORPHANS HOME DEDICATED

On Friday of last week the formal dedication of the new home of the New Mexico Baptist Orphan's Home took place at three o'clock p. m. Several hundred visitors from over the state were present at this ceremony, having driven down from Clovis where they were in attendance at the New Mexico Baptist Assembly.

The doors of the beautiful new home were thrown open to all visitors who availed themselves of this opportunity to make an inspection of the building.
The modern fire proof building has just recently been completed, and electric lights were only turned on the day of the dedication.

Here every convenience of the care of children has been provided. Every child in the home being adopted by some church or organizations of the state, is provided with comfortable clothing which enables them to make an appearance equal to other children in the town and school.—Portales News.

FARMINGTON PIPE LINE SURVEY STARTED THIS WEEK FROM RATTLESLAKE

FARMINGTON—Work of making the survey for the big pipeline from the Rattleslake oil wells to this city was started this week and the earliest date possible. The Mutual Oil Company which recently purchased a half interest in the interest belonging to S. C. Munoz, is financing the work and will superintend the work of laying the pipe. The total length of the line will be about thirty miles and where completed will give this city two lines, the other coming from the wells on the Hog Back Dome. There is a rumor that the company will erect a refinery to handle the output of the Rattleslake wells in this city, a site having been selected for the plant.

SMALL BOYS ASSIST IN CAPTURE OF THIEF

Two small boys assisted in the capture of two alleged auto thieves at Deming, when they saw the men taking gasoline from a pump. The boys wrote the number on the license on the sidewalk with a piece of chalk and then notified the sheriff. The men are being held for a hearing.

THREE SUSPECTS HELD IN CONNECTION WITH DES MOINES ROBBERY

RATON.—Mike Cunica, Andreas Cunica and M. Randolph, the two former living in Arfax county, were placed under arrest yesterday and brought to the local jail in connection with the recent bank robbery in Des Moines. An investigation is being made of the men's connection with the affair, based upon the fact that it is known that the robber communicated with these men before the safe was robbed. Randolph, it is said has a court record in several cities in the country.

IMPROVEMENTS WILL BE MADE ON THE STORRIE PROJECT AT LAS VEGAS

LAS VEGAS.—Thomas Conway, who has just returned from a meeting of the board of directors of the Las Vegas Land and Water company, in Los Angeles, announces that many improvements will be made on the big Storrie project near this city during the coming year which will make it bigger and better than ever before. Due to the rather poor year on the project, plans have been made to carry all purchasers of land over the winter who are unable to make the payments on their land and in this way give them a chance to make good during the coming season. The irrigation system will be made larger so that the using of the water will be more convenient for the farmers and everything possible done to improve the mesa and help those who have done so much to make it one of the finest projects of the kind in the state.

L. J. MITCHELL, NARA VISA TEACHER BREAKS NECK

L. J. Mitchell, principal of the Nara Visa public schools, met with an accident Monday morning which cost him his life, falling down a short flight of stairs at the school building, colliding with the door facing at the bottom of the steps and breaking his neck.
The deceased was talking to a group of school children at the head of the steps and turned to move away, lost his balance, plunged down the steps. He was dead when the physician, who was hurriedly summoned, after he failed to get up, arrived on the scene.—Tucumcari News.

SITE SELECTED FOR OIL REFINERY AT FARMINGTON

FARMINGTON.—Selection of a site for the first oil refinery to be established in New Mexico was made here the last of the week by A. D. David of the Mutual Continental Oil company. A plant with a capacity of 250 barrels per day is to be installed at once and it is hoped to have it in operation in the next ninety days. This will be the first unit and the plant will be so constructed that additional units can be added from time to time. Work on the new plant will be under way by the first of the week.

HIGH POWER RADIO

Superpower broadcasting is the latest phase of radio development. Commenting on the possibilities of developing these high powered stations, David Sarnoff, vice-president and general manager of the radio corporation of America, says that "such stations located twenty-five to fifty miles away from a city will not interfere with broadcasting of local stations.
"Progress in radio necessarily means progress both in broadcast transmission and broadcast reception. Super-broadcasting will deserve the sanction of the government, the public and the radio industry itself. I hope that wire line net works and radio relay systems for interconnections of broadcasting stations will be fully developed side by side with super-broadcasting, for I think that such parallel lines of equipment will react favorably on each other and insure the speedy production of equipment embodying the best of these systems or possibly continuing all of them.

"The problem of super-broadcasting, like any other department of progress, will be steered upon the principle of public service. Ultimately, performance, not opinion, will determine the direction of progress in the radio art."

Mr. Nafe, of El Paso, realtor was here during the week looking over the various trades being offered for El Paso property.

Mrs. Coffin's brother came in a few days ago and went out hunting and became confused in the canyons and it was feared for awhile he had lost his way. But he finally stumbled in without any serious effects.

WE HAVE THE DROP ON SCARLET FEVER

Within the short period of a year, the research workers have discovered the germ that causes scarlet fever and have developed a vaccine to prevent it and serum to use in treating it. There is also a simple skin test for determining whether a person is immune. One of the prominent manufacturers of biologicals is putting these products on the market. So that the health officers may obtain them through the regular channels. Children may be protected against scarlet fever in much the same manner as they are now being vaccinated against diphtheria. We are hopeful that a few years may see scarlet fever declining as rapidly as diphtheria is now doing in many of our counties.

Meanwhile, we have even stronger grounds for enforcing the regula-

tions for the control of this disease, since we know that the infection can be carried in the nose and throat, both by the sick and well. Since children are susceptible to scarlet in greater proportion than adults, it is reasonable and proper that persons exposed to the disease should not mingle freely with children.

'MUFFLED VOICES' IN WOODEN BOX FROM 'MAMA' DOLLS

LOS ANGELES.—Moses Washington, negro truck driver, last night hastily deserted his long wooden boxes and telephoned police when he heard muffled voices coming from one of the boxes.

Officers hurried to the scene and opened the box which Washington insisted contained either a dying or already dead victim of foul play.

They found it snugly packed with a consignment of "mama" dolls. Each time the truck bounded over a rut in the road the dolls, their mechanical lungs compressed by the jolt, sighed in union, "Ma-a-ma."

Epworth Leagues Devotional meeting, usual hour, 6:00 p. m. Evening service at 7:00 p. m. Prayer meeting each Wednesday at 7:00 p. m.

Wanted—More non-skid religion. If you go to church it will prevent you from becoming lopsided, unfair and unkind in your judgment of men. You are wanted and needed at the Methodist church next Sunday at all the services announced. Strangers and visitors accorded a special welcome.

JAMES H. WALKER, Pastor.

BAPTIST CHURCH

Sunday school, 9:45 a. m. We are planning for one of the greatest Christmas programs we have had in a long time. There are just four more Sundays until Christmas. Beginning with the first of next year we will enter into a state contest with a number of other Sunday schools over the state on the six point record system. We urge that all the members of each class begin attending and bring someone with you and help Artesia be the winner in the contest.

Preaching at 11:00 a. m. B. Y. P. U., 6:00 p. m. Preaching at 7:00 p. m. L. R. SIMMONS, Pastor.

PINNED UNDER CAR MORE THAN HOUR

SANTA FE.—C. Goddard, El Rito, civil engineer, and C. A. Bernies, Moline, Wisconsin, spent an hour under an overturned auto at Little La Bajada hill before rescue came. They were driving here from Albuquerque with only a lantern hung from the radiator to light the way, when the car struck a culvert and turned upside down in a ditch alongside the road. Both men were pinned underneath. Santa Reans, who came along an hour later in another machine, righted their car and pulled them out. Neither man was injured.

CHILDREN NOT INFERIOR

involving 20,000 high school representing every state in the show that farm children make progress than other children in high school. This is true because of the unusually good progress of farm girls. The facts show also a higher percentage of farm than of other girls are enrolled in high school. The percentage of elimination from high school is lower. Unconceded remarkable sex differences of ability between farm boys and girls, therefore, we must abandon the ancient myth that the farm is decaying and that all the children have migrated to the cities. Materialists who have sought to improve rural education by raising the bogey of decay of the farm and have advanced a program to keep the most intelligent of the farm must seek another leg to stand on. The farm stock is still intelligent. It is yet education need not fear to offer to farm children an unbiased liberal education and permit, even encourage so minded, and fitted to opportunity wherever it beckons for it be upon the farm or in the cities or trades.

'MUFFLED VOICES' IN WOODEN BOX FROM 'MAMA' DOLLS

LOS ANGELES.—Moses Washington, negro truck driver, last night hastily deserted his long wooden boxes and telephoned police when he heard muffled voices coming from one of the boxes.

Officers hurried to the scene and opened the box which Washington insisted contained either a dying or already dead victim of foul play.

They found it snugly packed with a consignment of "mama" dolls. Each time the truck bounded over a rut in the road the dolls, their mechanical lungs compressed by the jolt, sighed in union, "Ma-a-ma."

Wanted—More non-skid religion. If you go to church it will prevent you from becoming lopsided, unfair and unkind in your judgment of men. You are wanted and needed at the Methodist church next Sunday at all the services announced. Strangers and visitors accorded a special welcome.

JAMES H. WALKER, Pastor.

BAPTIST CHURCH

Sunday school, 9:45 a. m.

We are planning for one of the greatest Christmas programs we have had in a long time.

There are just four more Sundays until Christmas.

Beginning with the first of next year we will enter into a state contest with a number of other Sunday schools over the state on the six point record system. We urge that all the members of each class begin attending and bring someone with you and help Artesia be the winner in the contest.

Preaching at 11:00 a. m. B. Y. P. U., 6:00 p. m. Preaching at 7:00 p. m. L. R. SIMMONS, Pastor.

PINNED UNDER CAR MORE THAN HOUR

SANTA FE.—C. Goddard, El Rito, civil engineer, and C. A. Bernies, Moline, Wisconsin, spent an hour under an overturned auto at Little La Bajada hill before rescue came.

They were driving here from Albuquerque with only a lantern hung from the radiator to light the way, when the car struck a culvert and turned upside down in a ditch alongside the road. Both men were pinned underneath.

Santa Reans, who came along an hour later in another machine, righted their car and pulled them out. Neither man was injured.

CHILDREN NOT INFERIOR

...involving 20,000 high school representing every state in the show that farm children make progress than other children in high school. This is true because of the unusually good progress of farm girls. The facts show also a higher percentage of farm than of other girls are enrolled in high school is lower. Unconceded remarkable sex differences of ability between farm boys and girls, therefore, we must abandon the ancient myth that the farm is decaying and that all the farm children have migrated to the cities. The farm children who have sought to improve rural education by raising the bogey of decay of the farm and have advanced a program to keep the most intelligent farm must seek another leg to stand on. The farm stock is still intelligent. It is yet educable. We need not fear to offer to farm children an unbiased liberal education and permit, even encourage, so minded and fitted to opportunity wherever it beckons. It is upon the farm or in the professions or trades.

RECEIVED TOO LATE FOR PUBLICATION LAST WEEK

Mrs. R. E. Horne is recovering from a severe illness.

Mrs. Emmett Sale and children are visiting her mother in Roswell while Mr. Sale is in the mountains on a hunting trip.

A. T. Floyd and wife, of the Cottonwood, are rejoicing over the birth of a son at the Artesia hospital Tuesday evening. The youngster weighed eight pounds.

Mr. and Mrs. Ben McCune, who had been visiting their relatives, Mr. and Mrs. J. A. Bruce for a few days, departed Monday for their home at Wellington, Kansas.

THREE TABLES AT BRIDGE

Mrs. Jeff Hightower entertained an additional table, besides the regular Second Bridge club, on Tuesday afternoon. Delicious refreshments were served in two courses. Those present besides the regular members were Mesdames Corbin, Reading, Phillips, Rowan, Feather, Clarke and Jernigan.

COTERIE CLUB

After a vacation, caused by indisposition of members, the Coterie club resumed its regular meeting this week, holding a session on Tuesday afternoon at the home of Mrs. J. B. Atkeson. A Mark Twain program was given by Mrs. H. A. Stroup, also a preliminary feature in which all joined. A delicious salad course was served.

Mr. and Mrs. H. L. Muncy have moved in from the ranch to their home on Roselawn avenue, which they have greatly improved recently.

Mr. and Mrs. Bert Muncy and children spent the week-end at their ranch near Elkins. The object of their trip was to move their furniture here from their ranch.

HE'D MAKE THE SACRIFICE.

Are you in favor of doing away with silver cups for golf prizes this year?

I certainly am. I never hope to win one of those things anyhow.

AN INTERESTING MOMENT IN "CAPPY RICKS"

The New York Players, one of the
biggest attractions on our Lyceum
course, will present "Cappy Ricks," a
comedy-drama taken from Peter B.
Kyne's famous stories in the Satur-
day Evening Post.

Nearly everyone has read this story

of the sailor man, an officer in Cappy
Ricks' fleet, who dared to follow his
own conviction and as a result found
himself fighting his former boss and
the father of the girl he loves.

A big human battle, in which the
younger man wins the fight, the wo-

man he loves and the admiration of
Cappy himself.

Many will remember "Cappy Ricks"
as the play in which Tom Wise as
"Cappy" and William Courtney as the
Captain who wouldn't give in, played
with such wonderful success.

FEDERAL FARM CENSUS
FOR THE UNITED STATES
WILL START IN DEC.

WASHINGTON, D. C., Nov. 15.—
The department of commerce is
about to take a census of agriculture
covering the crop year of 1924 and
relating to conditions on or near Janu-
ary 1, 1925. This is the first cen-
sus of agriculture to be taken mid-
way between the decennial censuses;
the act of congress authorizing it is
based on the belief that, with rapidly
changing conditions in agriculture,
there should be a stock-taking as of-
ten as every five years. The work of
taking the census will begin on Decem-
ber 1, and it to be completed on or
before January 31. As rapidly as
possible after the receipt of returns
statements will be released for the
press, by the census bureau at Wash-
ington, relative to production of the
principal farm crops and the values
of farm properties, including land,
buildings, machinery, and live stock.

The enumeration will require the
services of 15,000 to 20,000 enumera-
tors acting under the direction of 212
supervisors, who have for the most
part been selected from the em-
ployees of the bureau of census and
the department of agriculture. Em-
ployees of the forest service will se-
cure the census returns for most of
the farms within the National forest
reserves in Arizona, California, Colo-
rado, Florida, Idaho, Michigan, Minn-
nesota, Montana, Nebraska, Nevada,
Oregon, South Dakota, Tennessee,
Utah, Washington, West Virginia and
Wyoming.

Sample questionnaires are being
widely distributed to the farmers, to
familiarize them with the information
soon to be called for by the enumera-
tors. In addition to the usual in-
quiries relative to production, values,
and farm expenses, the schedule calls
for the amount of taxes paid by the
farm operator on farm property, in-
cluding real estate tax, personal
property tax, and special assessments.
It is important to ascertain just what
the burden of taxation resting upon
the farm really is and how it com-
pares with the amount of taxes paid
by other interests. This may point
the way to a more equitable adjust-
ment of the tax burden.

Heretofore the census of agricul-
ture has always been taken in con-
nection with a complete census of
population. This time it will cover
the farm population only, showing
the number of persons living on the
farm, including the family of the op-
erator and the farm laborers and
their families. These persons will be
classified as under or over ten years
of age and as white or colored.

The extent to which farm opera-
tors used the purchasing and selling
facilities of farmers' organizations
will be brought out by two inquiries;
one calling for the value of products
of the farm sold through farmers'
marketing organization, and the other
calling for the value of all farm sup-
plies purchased from or through a
farmers' organization. An additional
index to the marketing conditions
will be brought out by answers to in-
quiries as to the kind of road adjoin-
ing the farm, whether concrete, brick,
macadam, gravel, improved dirt, or
unimproved dirt, and the distance to
the nearest market town. Through
inquiries of this character the census
seeks to secure information relative
to conditions upon which to a con-
siderable degree the success of farm
operation depends.

NEW MEXICO

WASHINGTON, D. C., Nov. 15.—
The department of commerce has
completed the preliminary organiza-
tion of the field work on the census of
agriculture for the state of New Mex-
ico, and announces the names and ad-

resses of the supervisors of the two
districts into which the state has been
divided for census purposes, together
with the probable number of enumera-
tors, number of farms in 1920,
and the names of the counties in each
district, as follows:

District No. 1.

Supervisor, R. F. Hare, Federal
Bldg., Las Cruces, New Mexico.
Number of enumerators, 93.
Number of farms, 1920 census,
12,734.

Counties (15): Bernalillo, Catron,
Dona Ana, Hidalgo, Luna, McKinley,
Rio Arriba, Sandoval, San Juan, San-
ta Fe, Sierra, Socorro, Taos, Valencia.

District No. 2.

Supervisor, R. F. Hare, Federal
Bldg., Las Cruces, New Mexico.
Number of enumerators, 109.
Number of farms, 1920 census, 17,-
110.

Counties (16): Chaves, Colfax, De
Baca, Curry, Eddy, Guadalupe, Hard-
ing, Lea, Lincoln, Mora, Otero, Quay,
Roosevelt, San Miguel, Torrance,
Union. (That part of Eddy county
within the boundaries of the Carlsbad
project will be canvassed by Lewis E.
Foster, of Carlsbad, N. M., and the
parts of Dona Ana and Sierra within
the boundaries of the Rio Grande pro-
ject will be canvassed by Wm. J. Ball,
of El Paso, Texas.)

TAX-EXEMPT SECURITIES
BURDEN BUSINESS

The unrestricted issuance of tax-
exempt securities to the extent of
billions and billions of dollars has
meant wasteful and extravagant ex-
penditures by states and municipal-
ities. It has driven those who would
have otherwise invested their money
in industrial enterprises and pursuits
which would have employed a host
of labor, to put their money into
places where its returns would not be
taken away by taxation.

Out of it all, however, has come
some good, for it has widened the
security market and brought an army
of small investors into the taxable
securities field—those with incomes
not affected by the high income sur-
taxes.

It has brought about ownership of
great industrial undertakings and
public utility properties by the many
instead of ownership by the few.

LETTER OF THANKS TO
THOSE WHO TOOK PART
IN DEFENSE DAY TEST

Fort Sam Houston, Texas,
November 17th, 1924.
The Editor, Artesia Advocate, Ar-
tesia, New Mexico.

My dear Sir:

The Corps Area Commander has
requested me to express to you his
sincere appreciation of the splendid
cooperation rendered by you through
the medium of your paper in giving
such liberal publicity to the subject
of the Defense Day Test.

The results obtained in the English
Corps Area have been most gratify-
ing and clearly indicate that the
majority of the people were enthus-
iastically interested in the Defense
Day Test. By their active participa-
tion in Defense Day programs they
have clearly shown that they stand
wholeheartedly for preparedness and
endorse the National Defense Act and
efforts of the government to improve
the National Defense.

It is fully realized that, had it not
been for the liberal and wide pub-
licity of the Eighth Corps Area, the
results obtained would have been far
less satisfactory than they actually
were, due to the lack of general in-
formation of the purpose and aims of
the National Defense Act and the re-
sultant Defense Test.

The Corps Area Commander fully
realizes the publicity accorded this
subject by your paper largely contrib-
uted towards making the Defense
Day test in your community a suc-
cess.

Letters of appreciation have been
sent from these headquarters to all
persons known to have taken a lead-
ing part in Defense Day activities.
As such action could be based only
upon reports received, it may be that
some persons who did effective work
have not received letters. Therefore
the Corps Area Commander has re-
quested me to trespass once more
upon your kindness by asking that if
practicable, you publish this expres-
sion of his sincere appreciation and
gratification for the patriotic efforts
made by all those who in your com-
munity assisted in the success of the
Defense Day program.

Sincerely yours,
JOHN F. PRESTON,
Colonel, General Staff,
Chief of Staff

Main and Third Streets, Artesia, N.M.

ARTESIA STREETS ARE MARKED THIS WEEK GET YOUR STREET NO.

Artesia will have all of the streets and alleys marked in a short time. Work on painting and erecting the signs at the intersection of each street has been started by the McCallum Sign Co. All of the streets intersecting Main were completed early in the week and the other parts of town is now practically finished.

Mr. McCallum stated that the work is made possible by the donations from the different firms and everybody agrees it will fill a worthy need. If you do not know the name of the street you live on just step to the corner and take a look at the sign.

N. M. BUREAU TO GET DATA ON 30,000 FARMS

LAS CRUCES.—R. S. Hare, state supervisor of census is preparing to gather facts concerning agriculture in the state of New Mexico.

Applications for the appointment of special agents to take the agricultural census have been sent out for signatures of those desiring the positions. Both women and men are eligible for service, with preference being given to former service men, according to instructions received by Mr. Hare from his department.

About 230 enumerators will be needed to carry on the work gathering data on the 30,000 or more farms of the state.

Dona Ana county has 2,200 farms, according to recent estimate. According to the 1920 census, the number was 1,041. Enumerators employed in taking this census will be paid by the government from 50 cents to \$1.50 per farm, the rate varying according to conditions affecting accessibility and convenience. Only about two persons will take the census in Dona Ana county due to the recent reclamation service census of all farms in its project area. Five clerks will assist Mr. Hare in editing the records submitted by the census takers. It is expected that the census will be completed by February 1.

LAFOLLETTE TURNED TIDE TO PRESIDENT IN NEW MEXICO VOTE

SANTA FE.—The LaFollette electors polled a vote ranging from 9222 to 9543 in New Mexico, according to the first complete returns on how the Wisconsin senator ran in this state, announced by Mrs. Soledad C. Chacon, secretary of state.

The Coolidge electors drew from 54,411 to 54,745, and the Davis electors from 48,394 to 48,482.

The apparent conclusion to be drawn from these figures is that the LaFollette candidacy enabled president Coolidge to carry New Mexico. The vote for Coolidge was approximately that drawn by the Republican state ticket.

BANK CLOSURES

SANTA FE.—The Farmers & Stockmen's bank has been closed at Estancia, Torrance county, according to a report by telephone. Checks received on this bank by State Treasurer Warren R. Graham's office have come back stamped "reported closed." The Estancia bank had deposits of \$156,171.58, according to its last published report, dated October 10. It was capitalized at \$50,000 and had a surplus of \$8000.

The officers were Willie Elgin, president; John Burton, active vice president; Leo Douglas, cashier. The Farmers & Stockmen's was the first bank reported closed since August 27, when the Farmers State bank at Moriarity, also in Torrance county, closed its doors. It was organized May 14, 1917.

Black and White Now Used for Sports Wear

The most strikingly smart effects are accomplished in black and white with the sports outfits. In an exclusive shop dealing largely in tailored things and outing garments is an imported suit in black flat crepe, in which several chic features are established. The skirt is plain, with an inverted box plait in the front and one in the back giving freedom of movement at the bottom, and ornamented with silk arrowheads. The jacket, of almost strictly "box" shape, is worn over a waistcoat of black and white striped silk, with ascot tie of white crepe.

Bizarre but Smart

The scarf now ties on the back of the left shoulder. The sash ties in front. The bracelet is worn high on the upper arm. The necklace is worn over one shoulder—and the combined effect is bizarre, but smart.

Items of Social Interest In and Around Artesia

REBEKAH MEETING

The Rebekah lodge is arranging to make a donation of table linen to the Odd Fellows' Orphans Home at Roswell and the members of the order have been meeting at various homes to prepare the articles. Last Thursday evening the meeting was held at the home of Mrs. C. M. Cole, the ladies having a pleasant social time while they sewed and the hostess serving refreshments.

ALL-DAY MEETING

The ladies of the Christian church held an all-day meeting at the home of Mrs. Alf Coll last Thursday for the purpose of sewing for their Christmas bazaar. A sumptuous dinner was served. Incidentally the day happened to be the thirtieth wedding anniversary of their president, Mrs. Jeff Hightower, so Mr. and Mrs. Hightower became the honor guests at the feast.

BRIDGE PARTY

Mrs. Phillips entertained three tables at bridge last Friday afternoon, serving a delicious salad course at the close of the playing. Those present were Mesdames Hightower, Yates, Bigler, C. W. Williams, Rowan, Hegeman, Reading, Corbin, Ferson, Joe Anderson and J. H. Jackson.

SPECIAL PROGRAM AT THE BAPTIST CHURCH

Saturday evening at 7:30 members from Montezuma college at Las Vegas entertained a good crowd at the Baptist church. The Montezuma male quartette rendered several selections and the songs were followed by a short address by Dr. Moore, member of the Montezuma faculty. Seventy five or eighty scenes in and around the college buildings were shown on lantern slides.

Dr. Moore and the male quartette went to Roswell Sunday where a special program was rendered there. These programs are given at the various churches over the state in connection with a campaign to raise \$30,000 for Montezuma.

ANNIVERSARY DINNER

Mr. and Mrs. E. T. Jernigan entertained with a turkey dinner at six o'clock last Wednesday evening. The dinner was given in honor of the thirtieth wedding anniversary of Mr. and Mrs. Jeff Hightower, which occurred the next day. The other guests, besides Mr. and Mrs. Hightower, were the Misses Jack Hightower and Lucille Morris.

THANKSGIVING DINNER

Mr. and Mrs. Jeff Hightower are entertaining at turkey dinner to-day, their guests being Mr. and Mrs. Harvey Reading, Mr. and Mrs. J. P. Lowry, Mr. and Mrs. M. A. Corbin and Mark Jr., Mr. and Mrs. E. T. Jernigan and Harry, Melvin and Elsie Jernigan, Miss Maxine Rowan and Miss Moore and Guy Reed Brainard.

THE WOMAN'S CLUB

The subject of "Home Decoration" was ably presented by the Home Economics department of the club at its regular meeting yesterday afternoon. Mrs. Hightower, chairman of the committee, gave a talk upon "Exterior Decoration," in which she was assisted by Mrs. Albert Blake. Both talks contained many helpful suggestions concerning the location, grounds, structure and means of securing the most satisfactory home for the means and effort expended.

Mrs. C. Bert Smith discussed the subject of "Interior Decoration" and showed how harmony and beauty of the interior of the home may be secured. Many useful ideas were given in the paper.

In the absence of the president, vice-president and secretary, the treasurer, Mrs. Otis Brown, presided at the meeting.

SUNDAY SCHOOL CLASS PARTY

Mr. A. L. Allinger entertained his Methodist Sunday school class of boys with a party at his home last Tuesday evening. Lively games played out of doors and within the house made the evening an interesting one for the boys and gave them a keen appetite for the bountiful refreshments served by Mrs. Allinger.

THANKSGIVING NEWS

J. E. Robertson and family and R. L. Paris and family will take their Thanksgiving dinner with them and drive out to their ranch, northwest of town, to spend the day.

Mr. and Mrs. Warren Collins will entertain at Thanksgiving dinner Mr. J. L. Collins, Earl Collins and wife and Mr. and Mrs. Gail Hamilton and little daughter, Ruth.

Mr. and Mrs. Thornton Ferson will have with them for Thanksgiving dinner today their guests, Mrs. Bemis of Roswell, and Messrs and Mesdames Joe Anderson and Wallace Anderson.

Mr. and Mrs. M. H. Ferriman will have a family dinner today at which will be present besides their immediate family, Walter Ferriman and family, Mrs. C. W. Welton, George Welton and Mr. James Warner, of Winter Haven, Florida, who arrived Friday from Ohio to visit his sister-in-law, Mrs. C. W. Welton, and other relatives.

Mr. and Mrs. Frank Thomas are entertaining at dinner today, the company including Mrs. Thomas's mother Mrs. Sarah Gray, Mr. Ed Gray, W. C. Gray and family, Dave Gray and family, Mr. and Mrs. C. Bert Smith and John Lanning, wife and baby.

ORANGE AND BLACK

Many parents and patrons of the school responded to the call of "visit the school day" Nov. 19th. An interesting program was given in assembly on this day, which showed the work that was being done in the class rooms. Miss Morgans home economics class prepared a quick breakfast and sang a clever song about the many benefits of milk. The typing class under the direction of Miss Reeves, typed a lesson in rhythm with their new method, victrola record demonstration. Miss Russell with her spanish class gave an interesting lesson conducted entirely in spanish. Clarence Eaton made a quick project in manual training, explaining each step in his work. The boy's and girl's glee club sang some numbers to show the wonderful work being done by Miss Raguse.

Some copies for the literary section of the annual have been lost. Will the finder please give them to the most distracted literary editor or editor-in-chief.

Miss Russell has been elected sponsor of the Junior class.

The Sophomore Girls basket ball team did as prophesied by retaining their pennant. The same teams that won the pennant last year were successful in keeping them this year. We wonder if the track pennants will stay in the Sophomore room, ???

Excitement reigned at the high school, Friday night and why? It was stunt night, of course. The orchestra opened the entertainment and then came the post graduate stunt.

A mournful wedding took place in which the tall groom and the short bride uttered the oaths of wedlock and were united with handcuffs and chains.

A soprano solo followed the wedding, accompanied by sobs of the grief stricken relatives and the victrola.

The Freshmen stunt was second. More grief—for down the aisle of the auditorium came a funeral procession of darkies. The coffin was placed upon the stage by its bearers and the mourners assembled to mourn and sing negro songs. In the midst of this the corpse sat up in the coffin and all were terrified to see their mourned friend alive.

Then the faculty came. The men were dressed as country girls and the girls as country boys. They fished at a miniature pond from which were taken many curious fish. We learned many things about our various school mates.

The Senior stunt was a love lyric in letter in which all the dialogue was spelled out. The villain was killed, the lover escaped from jail and all ended very happily.

The Junior stunt came next. This was a play—then the lamp went out, acted in pantomime. The rejected suitor was stung when the clock struck and defeated by the hero. The heroine's mother swept into the room with her broom, while the heroine turned a little pail. All ended happily.

Vice-presidents named, in the order of their rank are: James Duncan, Frank Dufy, William Green, T. A. Rickert, Jacob Fischer, Matthew Woll, Martin F. Ryan and James Wilson.

Daniel J. Tobine continues in the treasurership.

In a two-hour morning session, the convention Tuesday reaffirmed the federations stand for American participation in the world court of international justice and asked appointment of a special congressional joint committee to investigate charges of violence in Porto Rico.

N. Y. TRIBUNE IS INDICTED

NEW YORK, N. Y., Nov. 25.—The federal grand jury today returned an indictment against the New York Tribune company, publishers of the Herald-Tribune, alleging the unlawful printing and publishing of parts of the income tax returns.

The indictment was obtained by United States Attorney Hayward at the request of Attorney General Stone. No individuals were mentioned in the indictment.

IN THE SPOT LIGHT

L. P. Evans tried all last week to tune into Kaiser Bill's broadcasting program. Bill was silent.

Postmaster Hanna says business has become so rushing around the post office that he thinks they will employ a cat to lick the stamps.

Dutch Hornbaker says that the Alfalfa Association will ship cotton to Australia. He thinks maybe the natives have decided to wear clothes.

Parties who went with Aubrey Watson deer hunting say they do not know which was the most excited when Aubrey jumped a buck, Watson or the deer.

Joe Bates ruined another matrimonial prospect the other day. He told a lady that he though she had a very nice shine. The lady thought he referred to her nose when he was talking about her shoes.

Frank Donahue states that while deer hunting in the mountains he shot a buck between sundown and dark. We did not know before that this was the deadly spot on an animal.

Bill Grisham, local manager of the Western Union Telegraph Co., was out on the streets Wednesday morning looking for a safe cracker to help open his office safe. So far as known not a yeggman responded.

STUNT NIGHT AT HIGH SCHOOL ATTRACTS A CROWD FRIDAY NIGHT

The annual stunt night, given by the Artesia high school last Friday evening was probably the most enjoyable program ever held on an occasion of this kind. An audience which taxed the capacity of the spacious auditorium were entertained every minute of the program from the start at 8:00 p. m. until the close at 9:45.

The high school orchestra rendered the first number on the program. The orchestra, which was organized sometime ago is under the direction of Miss Raguse, head of the music and art department of the high school, is a very excellent organization of high school players. Several popular numbers were rendered during the evening's entertainment. Equally as delightful were the renditions of the boys and girls glee clubs of the high school, also under the direction of Miss Raguse.

The first stunt, which was staged by the post graduates of the Artesia high school, represented a wedding. The ceremony, which was a farce of course, was carried out into detail, even to the reception of the bride. It was a laughable affair, especially the part of the ceremony where a chain and hand cuffs were used to hook the happy bride and groom together.

The second stunt, that of the freshmen, who put on a negro funeral, displayed an unusual amount of originality. For a comedy this stunt was not surpassed. The "dead nigger," who ever he was could certainly act dead, when placed in a real coffin, despite the fact that he did come alive at the proper time.

The junior stunt, which won the first prize was chuch full of amusing stunts from beginning to end. The play read by a member of the class, was literally but silently acted by four other members. The clock struck, the tables actually turned, the light went out and many other incidents happened in succession, which made the audience wonder what next.

The senior stunt, which won second prize, was a play where the characters used various letters of the alphabet as a mode of conversation. Represented in the play was the mother, hero, daughter, the villain and the sheriff. The comic acts of the different characters were enjoyed by the entire audience.

The faculty stunt, representing the old fish pond, appeared to be a favorite spot with many faculty members, who were dressed as true fishermen should be. Practically everything was caught out of the pond except a husband.

The sophomore stunt, the last but not the least, included a variety of stunts and some very amusing ones. Follow Me Chicken, I'm Full of Corn," brought forth a burst of applause from the audience.

THANKFUL

Again on Thanksgiving Day we are reminded of the many blessings we have been privileged to enjoy, of the many good things which have come our way and of the part we have been permitted to take in building up this great southwest. We hope as another Thanksgiving season comes around that we shall be permitted to perform a wider and greater service to our fellow citizens.
