## Skelly No. 1 Well Proves Sensation of the Field

### Skelly Well Proves Sensation of the Field

**Washed to Lease to Care of the Oil— Flows by Heads Every Thirty Minutes—Bit Sand Four Feet.**

By heads every thirty minutes the Skelly No. 1 well, on the Bullah Lynch permit in the sec. 22-17-31 eastern Eddy appears to be the best producer completed in this area. The well at this time is only at the rate of about 100 barrels per day, the fact that the pay has penetrated a distance of four feet with oil coming through casing leads production to the opinion that the well will pump 500 barrels without being deeper or shot. The oil in the Skelly means a westward extension to the westward being one of the largest in the country. Drilling through the 640 feet the Skelly test at the attention of geologists as the formation showed the formation was running 215 feet higher than the Maljamar with the elevation being 4000 feet and the Skelly 3960 feet. A check of the red sand also showed the formation to be higher than the Skelly carrying some oil of the large amount of gas encountered in the Mal-

skelly well is located on a permit permit the controlling interest in the 11-14-15-16-21-22-23-26-27-33-35, all in Twp. 17, Range 31 E. This is the sixth producer to be completed by the Skelly interests in this area. While considerable change has changed hands since the well was made by C. V. Lee of Pueblo Oil Co., who purchased it from Shugart the Edw. C. Shugart, consisting of the W 1/2 Sec. 1, N 1/2 Sec. 17, N 1/2 Sec. 17, Range 31 E. The completion of the Skelly and the filling up of the lime in the Jones No. 1 on the Beeson permit in the SW 1/4 of Sec. 33-17-30, this well an excellent chance of being on last page, column 4)

obtaining several good shows the new producer went into the time carrying some shale at a rate of 3470 feet steel line measured. From this pay the hole was filled 2500 feet in oil to flow Monday noon. Tanks were placed to the lease and after the head was installed the well was turned into storage. No permit will be made to drill the well according to Superintendent Beeson for at least a week, but believed to hinge on a pipe line although the officials of Maljamar Oil & Gas Corporation seemed several days ago that arrangements had been made with the Pipe Line Co. for the laying of a pipe line to the new pool with a production charge of five cents per barrel.

Members of the high school faculty are: H. C. Hall, superintendent commercial department; Allen Johnson, science and language; Prof. Burgess, social science and mathematics; Miss Mildred Doss, English and language; Miss Ima Fuchs, English and history. The grade teachers are: Miss Birdie Riley, 7th and 8th grades; Miss Stephens, 6th grade; Mrs. E. A. Smith, 5th grade; Miss Elizabeth Johnson 3rd A and 4th grades; Mrs. J. W. Reed, 2nd and 3rd B grades; Mrs. W. P. Riley, primary and 1st grades.

HON. JOHN MORROW  
Nominated for congressman.

### CHAS. ADAMS DIES IN GALLUP FROM SELF INFLICTED WOUNDS

Family Lives in Artesia and Was Well Known Here—Burial Will Probably Be Made at Albuquerque Today.

The death of Charles Adams, well known to all of the earlier residents of Artesia was a shock to the entire community. Mrs. Adams, wife of the deceased, who has made her home here for several years, received a telegram Saturday night stating that the condition of her husband was very low. Details contained in the telegram were very meager and little was known as to his actual condition, except that he was suffering from two self inflicted wounds. Mrs. Adams received a telegram Sunday stating that her husband died from the effects of the wounds, Sunday morning at Gallup. She and the children left Tuesday for Albuquerque, where it is understood burial will be made today.

Mr. Adams had been identified with the cattle industry of this section for a number of years. He served as foreman of the Turkey Track ranch for sometime and was also an employee on the ranch of S. S. Ward. Details of the tragedy enacted in a Gallup hotel is contained in the Albuquerque Journal of Sunday.

GALLUP.—Charles Adams was still alive late Saturday, but there were no hopes for his recovery. He left a note written on the back of an envelope saying, "This will square all my earthly accounts." He had been very despondent for several days.

### HOPE SCHOOLS OPEN MONDAY—MAY ADD A TEACHER TO FACULTY

The Hope public schools opened Monday with a very satisfactory attendance. The high school faculty has been practically complete, although arrangements are under way to secure an additional instructor in that department.

### VOTERS MUST REGISTER

Attention is called to the fact that every resident who expects to vote in the general election must register. The registration books are now at the office of Gilbert and Collins. The registration period extends from now until ten days previous to the general election in November.

### DWIGHT MCCREE PREACHES

There was a good attendance of old friends at the Methodist church last Sunday morning to listen to the preaching of Dwight McCree and mark with pleasure the splendid progress he is making in preparation for his chosen work in life. Dwight has been a student the past year at the Southern Methodist University at Dallas, Texas, and won a scholarship at the same school for this year by his superior scholarship, his grade ranking A. Artesia is always glad to do honor to its youth, who make such creditable showings in school and also in the school of life.

J. T. REID  
Who resumed his duties as superintendent of the Artesia public schools Monday.

E. P. EAVES  
Principal of the Artesia High School.

### Nine Hundred Head Horses Sold to Go to Old Mexico

Probably the largest horse sale ever made in the valley was completed yesterday when H. M. Maple and associates, of El Paso, Texas, closed a deal for approximately nine hundred horses and mares. So far as we know the number involved in this sale is the greatest ever disposed of in this section even in the days when old Dobbin reigned supreme and horse sales were an every day occurrence. The approximate consideration was not learned, although it is known that the total sum of the sale will run several thousand dollars.

Arrangements have been made to drive the bunch of horses through to El Paso, it is understood, where they will be sent to Old Mexico, some to be put on the ranges and others will be turned to the Mexican government.

The territory covered in the purchase of the animals includes from Carlsbad north to the Honda. Two generals of the Mexican army were in the party visiting Artesia yesterday, but their names were not learned.

### COTTON PRODUCTION PLACED AT 15,166,000 OVER THIS SECTION; REPORT LOWERS PRICE

WASHINGTON, D. C.—A cotton crop of 15,166,000 bales of 500 pounds gross weight is indicated by the September 1 condition which was 59.6 per cent of a normal, the department of agriculture announced yesterday.

If developments during the remainder of the season are as unfavorable to the crop as in the three years of greatest decline in the last ten, a total production of about 14,104,000 bales might be expected, the crop reporting board announced, but should conditions be as favorable as during the three years of greatest subsequent improvement, an out-turn of about 16,379,000 bales might result.

The preliminary estimate of abandonment of acreage for the season on the basis of September 1 reports was placed at 1,991,000 acres, or 3.5 per cent of the 38,898,000 acres in cultivation on June 25, leaving for harvest this season 47,207,000 acres. The September 1 condition indicates a yield of 153.6 pounds per acre, as compared with 154.6 pounds a fortnight ago and 167.0 pounds the final yield last year. A total production of 15,248,000 bales was indicated a fortnight ago on the August 16 condition, which was 63.5 per cent of a normal. Last year's crop totalled 16,103,679 bales and the September 1 condition was 56.2.

### LIGHTNING FIRES A DWELLING NEAR HOPE. BUILDING TOTAL LOSS

Lightning struck the residence belonging to J. W. Board, situated near the highway east of Hope, Tuesday afternoon about 2:30 o'clock. The lightning set fire to the building and completely destroyed it within a short time. The residence was occupied by John Grant, but none of the Grant family were at home when the fire broke out. The residence was a total loss. It is not known whether the property carried insurance.

### GENERAL RAINS FALL OVER THIS SECTION; DOES DAMAGE TO CROPS

This section has been visited by a number of good rains within the past ten days. Artesia received the heaviest rain, Tuesday afternoon and night. A good shower fell here Tuesday afternoon and continued intermittently during the night. Heavy rains are reported in the vicinities of Dexter and Hope and above Roswell Sunday night. The shower also covered the greater part of western Lea county.

The Hope, Dexter and Cottonwood communities received the greatest share of moisture during the early part of the week. Between five and six inches of rain fell in the Dexter section Sunday night and about six inches west and south of Hope. A number of residents report that they saw boxes of apples floating down the Pecos south of here, after Sunday night's rain. Charley Powell, of the Cottonwood community is said to have lost a number of bales of alfalfa hay during a rise on the creek Sunday night.

Eagle draw west of Lake Arthur inundated several farms during the heavy rains Sunday night. While the rains will be beneficial to the range conditions, they have been rather detrimental to the farmers. Hay recently cut has been damaged by the heavy rains and the farmers stated that they can hope for little benefit to the cotton crop in its present stage. Probably the worst feature of the rains is that they have washed much of the leaf worm poison from the stalk.

### ESTABLISHES BRANCH AT PANHANDLE, TEXAS

Ed Carr, superintendent of the New Mexico Glycerin Co., returned from Panhandle, Texas, this week, where he went to assist in establishing a branch station for the New Mexico Glycerin Company. This is the first branch to be located out of New Mexico by the company. Jim Crow will be in charge of the station.

### SIXTEEN ELECTRIC STOVES SHIPPED INTO ARTESIA THIS WEEK

The largest single shipment of electric stoves ever received in the Pecos Valley was unloaded at Artesia this week. The shipment consisted of sixteen stoves or a half a car load. These stoves were sold during the Hot Point demonstration here August 22nd to 24th and were by far the largest number to be disposed of at any town in the valley. A number of homes over town are being wired this week, preparatory to the installation of these stoves.

### SCHOOLS OPEN MON. ENROLLMENT SHOWS INCREASE OVER 1925

Opening Program is Given At the H. S. Auditorium Monday Morning — Two More Teachers May Be Added to Faculty.

Monday marked the twenty-second annual opening of the Artesia public schools. School work has moved along nicely and indications point to the most successful year in the history of the Artesia schools. One surprising condition developed in the enrollment during this week, which showed an increase over last year. Although the schools are somewhat crowded at present, this condition will be met with an additional supply of teachers, expected to take charge of the overflow.

Monday morning a very enjoyable program was held at the high school auditorium and was largely attended by patrons and ex-students of the Artesia High School. The program rendered follows:

- Song, "America—Audience.
- Prayer—Rev. John Sinclair.
- Devotional—Rev. C. C. Higbee.
- Piano Solo—Miss Josephine Wiseman.
- Reading—Miss Vida Dettler.
- Cornet Solo—W. H. Washam.
- Trios—Mesdames Corbin, Wheatley, Gates.
- Announcements.
- Benediction—Rev. L. F. Powell.

### OIL SCOUTS FOR MAJOR COMPANIES MEET AT ROSWELL EACH SAT'DY

Much interest is attached to the weekly scout meetings held in Roswell each Saturday. Major company scouts have arranged to meet each Saturday at the hour of 9:30 a. m. in the Chamber of Commerce rooms at Roswell. New scouts coming into the field are invited to attend.

The following scouts were present at the meeting held there last Saturday morning: Messrs. Reynolds, with the Indian Territory Illuminating; Neil, with the Texas Company; Plummer, with the Pure Oil Co.; Hanagar and Davis, with the Empire Oil and Gas Co.; Keys, with the Standard of California; Bedford, with the Gypsy Oil Co.; Carr, with the Sinclair Oil Co.; Bundy, with the Prairie Oil and Gas Co.; Miller, with the U. S. G. S.; O. P. Gilbert, with E. M. Treat and Co.; Smith, with the Pure Oil Co.

### BUYS INTEREST IN DRUG STORE

Mr. and Mrs. Tucker Collins have recently moved to Hagerman, where Mr. Collins has purchased an interest in the McAdoo drug store there and has been made manager of this concern at Hagerman. Mr. Collins was formerly employed by the Mann Drug Company. Mrs. Collins was formerly Miss Francis White of Artesia. They have a number of friends here who wish them well in their new venture.

### KILLS HUGE RATTLER

Saturday while walking west of town, Mrs. V. S. Welch succeeded in disposing of a huge rattler. The snake measured about six feet and had thirteen rattlers. Mrs. Welch located the snake after walking within about two feet of where it lay coiled. The tell-tale rattler informed her of the peril and stepping quickly aside Mrs. Welch sent the reptile to its happy hunting ground with a .45.

### A. T. Hannett Nominated at the Las Vegas Convention

Hannett First Governor to Receive Nomination for a Second Term—Two Pecos Valley Residents Gets a Place on Ticket.

EAST LAS VEGAS.—Democrats remaining in Las Vegas to complete work of the state nominating convention which ended its floor work at 1:30 o'clock Saturday morning, are enthusiastic over prospects for victory at the polls for the ticket nominated, which is as follows:

- Governor, Arthur T. Hannett, Gallup.
- Lieutenant governor, Lorenzo Delgado, Las Vegas.
- Secretary of state, Miss Juanita Fortune, Socorro.
- Treasurer, Warren R. Graham, Albuquerque.
- Justice of the supreme court, Charles R. Brice, Roswell.
- State auditor, Sabine Olivias, Abiqui.
- Attorney general, R. C. Dow, Carlsbad.
- State superintendent of public instruction, Mrs. A. L. White, Las Vegas.
- Commissioner of public lands, E. B. Swope, Albuquerque.
- Corporation commissioners (long term), Al S. Roughton, Albuquerque; short term, Eloy Trujillo, Taos.

Leaders of the party point out that each of the nominees has been long in the public eye through tenure of public office either state or county.

Three of the candidates, Congressman John Morrow, Governor A. T. Hannett and State Treasurer Warren R. Graham, were elected by the party two years ago. Five of the candidates are now holding state positions to which they were appointed by Governor Hannett. These are E. B. Swope, land commissioner; R. C. Dow, assistant attorney general; Al S. Roughton, rate clerk of the state corporation commission; Eloy Trujillo, corporation commissioner, and Sabino Olivias, chief clerk of the corporation commission.

The remaining four candidates on the ticket now occupy county offices as follows:

Lorenzo Delgado, sheriff of San Miguel county; Mrs. A. L. White, superintendent of San Miguel county schools; Charles R. Brice, judge of the fifth judicial district, and Miss Juanita Fortune, clerk of Socorro county.

No district nominations authorized by the convention call have yet been reported, but will probably be completed Saturday after the meeting of the state central committee which was partially elected as the last order of business before the convention in the night session.

Twelve of the thirty-one counties had not officially reported the selection of members of the state central committee Saturday morning, convention secretary, Coke Johnson (Continued on page 7, column 1)

HON. A. T. HANNETT  
A. T. Hannett is the first Governor of New Mexico to receive the nomination of his party for the second term.

## STATUTES FOR THE CONTROL OF DOGS (State Health Department)

With rabies prevalent in some parts  
of the state and likely to appear else-  
where, it may be helpful to reproduce  
the statutes now on the books, relat-  
ing to the control of dogs. The fol-  
lowing sections are taken from the  
1915 code.

"Sec. 3564. Animals running at  
yarge—Dog license. Fiftieth. To  
regulate, restrain, and prohibit the  
running at large of horses, cattle,  
swine, sheep, goats, geese, and dogs,  
and to impose a license fee upon  
dogs."

"Sec. 218. Dogs—License required  
—Penalty.

"Sec. 193. Every incorporated city  
town or village, shall collect a tax  
of one dollar (\$1.00) per annum  
upon each male dog, and two dollars  
(\$2.00) per annum upon each female  
dog for municipal purposes, and any  
person who shall keep upon his  
premises any dog, male or female,  
without having paid the tax to the  
proper officer of the city, town or  
village, shall be guilty of a misde-  
meanor and shall be fined in the  
sum of ten dollars (\$10.00) together  
with the costs of prosecution.

"Sec. 219. Id.—Damages for in-  
juring sheep:

"Sec. 194. If any dog shall kill or  
injure any sheep, the owner or keep-  
er of such dog shall be liable for all  
damages that may be sustained there-  
by, to be recovered by the party so  
injured before any court having  
competent jurisdiction, and it shall  
be unlawful to keep such dog after  
it is known that the dog is liable  
to kill sheep, but it shall be the  
duty of the owner to kill the same.

"Sec. 220. Vicious dogs:

"Sec. 195. It shall be unlawful for  
any person to keep any dog known  
to be vicious and liable to attack and  
injure human beings, unless such  
dog is securely kept so as to prevent  
injury to any person; and it shall  
be unlawful to keep any dog which  
may have shown any symptom of  
madness or rabies.

"Sec. 221. Id.—Killing:

"Sec. 196. It shall be the duty of  
all persons who may be the owner  
or keeper of any such dogs, the  
keeping of which is declared to be  
unlawful, to cause such dog to be  
killed, and any failure to comply  
with this provision of this section,  
after knowledge of the owner or  
keeper, of the fact, which rendered  
such keeping unlawful, shall subject  
such owner or keeper to a fine of  
ten dollars (\$10.00) and costs, and  
each day's failure to comply with  
the law may be held a separate of-  
fense.

"Sec. 222. Id.—Running at large  
in municipalities:

"Sec. 197. Each of said municipal  
corporations shall make provision by  
ordinance for the seizure and killing  
of all dogs running at large and  
not claimed or harbored by any per-  
son on their premises.

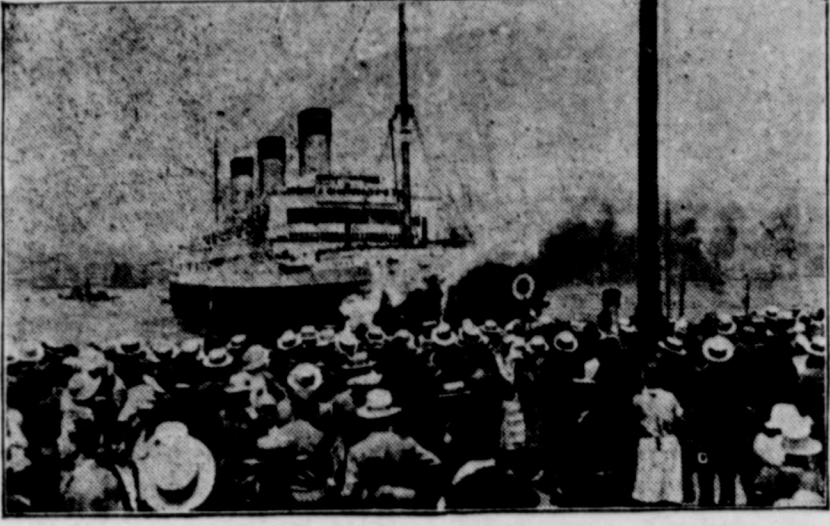

"Sec. 223. Id.—Municipal ordi-  
nances:

"Sec. 198. All of said municipal  
corporations are authorized to pro-  
vide for the enforcement of this ar-  
ticle by ordinance.

## COMMUNITY BUILDING

There is no longer any argument  
to the statement that the citizenship  
of a town plays a large part in  
moulding its future destiny. There  
exists a peculiar relationship between  
each resident to the community and  
the community itself.

A sketch of the development of a  
town or community may be likened  
to the biography of the individual;  
in many respects the two are similar.  
Yet the existing similarity is not al-  
ways recognized by the people. The  
tides in the affairs of the town are  
much the same as experienced by  
the individual.

**THE YANKS ARE COMING!**  
Three thousand strong, they sailed on the White Star liner Majestic Saturday, July 17th. This beautiful picture shows the world's greatest ship pulling into the stream loaded to the rails with American tourists headed for Europe.

## FARM EXHIBITS RIVAL THE MERRY-GO-ROUND

Educational exhibits are replacing the carnival feature to a great extent at New Mexico county fairs. Specialists from the New Mexico A. & M. College have been called upon to judge the agricultural and women's exhibits at twelve county fairs to be held in September and October.

Exhibits consisting of photographs of the various phases of the work, will be sent by the College, the Forest Service and the Bureau of Biological Survey, to the fairs at Raton, Albuquerque, Belen, Clovis, Las Cruces and Roswell.

Fair dates at the present time stand as follows:

Colfax county, held at Raton, September 8, 9 and 10.  
Quay county, September 16 and 17.  
Bernalillo county, Albuquerque, September 21, 22 and 23.  
Valencia county, at Belen, September 23, 24 and 25.  
San Miguel county, at Las Vegas, September 23, 24 and 25.  
Lea county, Lovington, September 24 and 25.  
Rio Arriba county, held at Lindrith, September 24 and 25.  
Harding county, September 28 and 29.  
Curry county, at Clovis, September 30, October 1 and 2.  
Torrance county, held at Willard, October 5, 6, and 7.  
Dona Ana county, Las Cruces, October 6, 7, 8 and 9.  
State club contest, held at the college, October 12, 13 and 14.  
Chaves county Cotton Carnival, at Roswell, October 14, 15 and 16.

A big reduction in Shaughnessy Olivinit—We can now wear all we want. Mrs. Schenck, 512 W. Richardson. 8-26-4tc

Advocate want ads get results.

If an individual strives for develop-  
ment we say he is ambitious. If he  
puts forth great effort we say he is  
energetic. If he knows what he  
wants, no ordinary obstacle will stop  
him, yet he must face difficulties.  
The road to success is not paved and  
the manner in which he faces the  
various trials in life will depend  
largely upon his determination to  
succeed.

Mistakes made by the citizenship  
of a town are not so likely to occur  
as in the life of the individual. It is  
naturally assumed that the combined  
judgment of a number of persons is  
better than any one person, yet num-  
bers can make a mistake the same  
as one.

There are many times in the life  
of an individual that errors are made,  
but does the ambitious individual let  
a single mistake stop him? If he  
did the road to success would hardly  
be started. Not so with a town, for  
if an error is made in an effort to  
push on, we find a few who are al-  
ways ready to throw up their hands  
and quit. Apparently they can never  
get over the one mistake and conse-  
quently join the ranks of the knock-  
ers, spending what little energy they  
have left in telling the stranger what  
an awful bone has been pulled and  
how the community can never survive  
the blow.

Its an old, old story this success  
business and as true as it is old,  
but some never have learned and  
never will. But to the ordinary man  
or woman, who has a desire for am-  
bition, the story of overcoming dif-  
ficulties has a gripping fascination.  
We like to hear of the man who won  
out despite the obstacles along the  
way. Its for this reason that Babe  
Ruth is idolized by the baseball fans;  
that Abe Lincoln is one of the out-  
standing characters of history; that  
Thomas A. Edison is admired and  
that there is something intensely in-  
teresting in the life of every great  
man, who arose from the common  
ranks.

After all if the individual is honest  
with himself, the truth of the busi-  
ness is that he can not charge any  
one mistake with his failure to rise  
to a better position in life, despite  
the fact that it might have caused  
him serious inconvenience, entailing  
probably a great financial loss or  
possibly privation and suffering. The  
greatest mistake of the ordinary in-  
dividual is that somewhere down the  
line he has failed to grasp the oppor-  
tunities as they came his way and  
failed to make the proper use of  
his time. All of us could make con-  
siderable improvement if we were al-  
lowed to live over our time again.

As it is with the individual, so it  
is with the town.

**LILTS O' LOVE  
AND LAUGHTER**  
By Judd Mortimer Lewis  
**THE UNIVERSAL APPEAL**  
I sort of like old melodies,  
The dreamy sort of things  
That comes to us out of the past  
And snuggles up and sings  
Till our heartstrings, vibrate,  
Start to echo their tunes,  
Like the smell of old time perfumes  
Wakes the souls of bygone Junes.

I know that marks me old-fashioned,  
That jazz is the thing today;  
Drums and cowbells an' triangles  
Mizin' in the wild hooray,  
Till, seems like the whole world  
shimmies  
Like a fat pup with a flea;  
And it may be that jazz music  
Gets a wiggle out o' me.

But I've noticed when the jazzers  
Cut out all the jazzy things  
And unfold some old-time sweetness,  
Whiter than an angel's wings,  
Cuttin' out the drums an' cowbells,  
An' the fiddle's jazzy squeaks,  
The whole audience applauds it—  
Though they's tears upon its cheeks.

## PHILOSOPHIN

When some married people say  
they never scrapped in all their life,  
I exclaim in admiration, and wink at  
my freckled wife. Then I holler,  
"Balance corners!" an' the four of us  
sashay. We could say we've never  
scrapped none, but it's wrong to lie  
that way.

## AN EDITOR'S WARNING TO BORROWERS

Once upon a time a nickel-nurse  
sent his kid to borrow the neighbor's  
paper, and the kid upset a hive of  
bees and soon was covered with  
bumps. His father ran to help him  
and caught his chin on a clothesline  
and sprained his back and fell and  
broke a twenty-five dollar watch.  
The clothes pole fell over the car  
and smashed the windshield, and  
mother, rushing out to see what oc-  
casioned all the excitement, upset a  
five gallon churn of cream into a  
basket of kittens, drowning all of  
them. The electric flatiron burned  
through the ironing board while she  
was out of the kitchen, setting fire  
to the house, and the firemen broke  
all the windows and chopped a hole  
in the roof. The baby ate a jar of  
pickles and got cholera morbus, and  
the doctors bill was \$15. The daugh-  
ter ran away with the hired man dur-  
ing the excitement, the dog bit a  
neighbor's kid and the calves ate the  
tails off of four night shirts on the  
clothes line.—Lordsburg Liberal.

We have a complete line of samples  
of social stationery—Artesia Ad-  
vocate.

Calling cards, 100 for \$1.75, pan-  
eled stock.—The Advocate.

## HOW

**EFFECT OF SUNLIGHT ON  
GERMS IS MADE USEFUL.**  
For a long time scientists have  
known that sunlight kills germ  
life. This knowledge has been  
put to practical use in many  
different ways. But science  
does not know yet just why  
sunlight kills germs. The pub-  
lic health service, assisted by  
the bureau of standards, has  
been doing some valuable work  
along this line. It had been pre-  
viously established that the  
germ-killing power of sunlight  
came largely from the actinic  
or invisible rays of the sun. For  
the experiments these rays were  
produced in regulated quanti-  
ties. The health service sup-  
plied many different species of  
germs for the experiments. One  
type, bacterium colicommunis,  
is the kind most frequently  
found in sewage-tainted water.  
In some cases the germs died  
in less than one second after  
being exposed to the rays. After  
a long series of tests the sci-  
entists in charge of the work, W.  
W. Coblentz and H. R. Fulton,  
worked out the mortality pro-  
duced by each different wave  
length of the invisible light  
waves.

## DEMOCRATIC TICKET

For Representative, 19th District:

District No. 3:  
H. G. WATSON,  
Loving.

## Moving Picture Funnies

Cut out the picture on all four  
sides. Then carefully fold dotted  
line 1 its entire length. Then dotted  
line 2, and so on. Fold each section  
underneath accurately. When com-  
pleted turn over and you'll find a  
surprising result. Save the pictures.

## GLIMPSES OF THE PAST

From the files of the Advocate,  
September 11, 1914:

Mrs. Ed Howell and children are  
expected home in a few days from  
Washington.

Chas. Daugherty has been quite  
sick at his home near Dayton for the  
past week.

Miss Anna and Virginia Pardon  
came in last Friday after a three  
months visit in Kentucky.

Several Artesia business men will  
attend the good roads meeting to be  
held at Lakewood tomorrow.

I. N. Corrington is among the  
grand jury members from Artesia  
attending court at Carlsbad.

D. L. Bales and family will leave  
Friday morning for Binger, Okla-  
homa, to make their future home.

J. R. Ray, a well known citizen of  
the Roswell community, died at his  
home at 313 North Missouri last  
Tuesday night.

The Cottonwood school will open  
Monday for an eight months term.  
Mrs. A. A. Kaiser has been elected  
principal and Miss Dovie Reynolds,  
assistant.

Feemster and son, Robert, daughter, Mrs. Margaret Ellis, came in by auto Saturday from Moran, Texas, where Mrs. Ellis and Robert had been with their father this summer. After a visit here Mr. Feemster will return to Moran, Texas, where Mrs. Ellis and the baby will be with her mother this week.

## RANGE CONDITIONS FOR THE MONTH OF AUGUST

State Summary—Very dry over part of state during July and August. Ranges and crops show marked deterioration, but little shrinkage in livestock to date. Local showers have helped some sections, particularly in the southeast. Winter feed will be scarce in some localities, as a result of the drought.

Northwest—La Plata: Livestock in Colorado for summer; in good flesh; plenty of hay for winter feed; few lambs contracted; less cattle than for years.

Northcentral—Costilla: Stock now in hills; range good there, but short on prairies and winter feeding will be necessary. Dulce: Cattle fat; shipments started about October 1; lambs will probably sell at about 10c. July and August drought will force some early cattle sales. Rosa: Hay crop short; cattle shipments will be about usual; more lambs than last year; dry summer. Dawson: Hay stocks and business outlook for stockmen good. Raton: Grass good and prospects good for hay and corn.

Tierra Amarilla: Plenty of winter feed, more hay, wheat and oats than previous years. Cimarron: Plenty of winter feed; calves later than usual; late rains will damage grass.

Northeast—Albert: Plenty of winter feed. Clayton: Less feed than last year; steer calves, \$30; 1s, 6 1/2 cents; lambs 10 to 14 cents; cows very slow; grass good; need rain. Wagon Mound: Very dry; plenty of grass and feed for winter; hay being cut; demand and prices for cattle and sheep good; most lambs contracted at 10 cents; some holding for 11 cents. Optimo: Prices calves, \$20; 1st, \$35. Ocate: Good rains all season; harvesting good crops; few stock left; Gascon: hay stocks best in three years and grain prospects good; no sales, movements or contracts reported. Guy: Very dry; ranges deteriorating; cattle good; late rains will damage grass.

West-Central—Aragon: Demand for hay and stock slow. Datil: Lots of weeds; stock fine, but no winter grass and very dry. San Marcial: Feed fair, but need rain; stock in good shape; no contracts, or movements; plenty of hay in some sections, but winter feed short in others. Socorro: Plenty of hay but little stock; no cattle for sale; only wether lambs at 10 1/2 cents; ewes, \$10 to \$12. Gallup: Very dry; prospects for winter range poor.

Central—Santa Fe: Winter range and feed outlook favorable; cattle and sheep market off. Belen: No movement to market now; winter feed good; outlook for cattle business good; cows \$35; 1s, 6 cents. Bluewater: Some hay; range feed is scarce; cattle business outlook none too good; prices fair.

East-Central—Las Vegas: Lots of grass but few stock; opportunities good for stock business. Cowles: Conditions best in years. Chrysalis: Plenty of feed and outlook for good times for stockmen. Buchanan: No hay and feed except in irrigated sections. Lambs contracted 10 1/2 to 11 cents; calves, \$25. Pastura: Sheep and cattle contracts better than last year. All holding ewe lambs. Santa Rosa: Need rain; feed crops will be short; most lambs and some steers contracted. Vaughn: Wether lambs sold; corn short; cane fine; only local trading in ewes; few cattle at market; some local trading; prices good; winter feed outlook better than last year. Texico: No rain since June; grass dry, local showers only; winter feed prospects poor. Kenna: Lots of winter feed; cattle and sheep in good shape; range short, but will be helped by recent rains; contracts for steer calves; November 1, at \$27.50; expect heavy cattle movement this fall. Portales: Prices little low and few cattle going to market. Grady: Crops fair, but need rain. Clovis: Movement light; feed plentiful; outlook for cattle slow; for sheep fair. Tucumcari: Local showers, but need general rains to insure winter grass and feed. Logan: Expect light movement this fall; abundance of grass and feed for winter; no movement and little local trading; calves will change hands locally only, since they are worth more at home than on the market. Nara Visa: Plenty of feed; prices fair; no shipments; good rains. Fort Sumner: Dry spell; grass short; hay, \$10; steer calves contracted at \$25; cattle demand slower.

Southwest—Cutter: Very little rain and unless more comes will have to move cattle to grass; no wild hay; all steers and calves will be moved that can be sold. Deming: Cattle in excellent condition, but range spotted; few cows at \$4.75 to \$5 per hundred; outlook best in years; most ranchers will sell calves; steer calves, October contract, \$25; outlook best in

years. Silver City: Outlook for cattle business good.

South-Central—Glencoe: Irrigated crops good, but dry land in spots only; steer calves contracted, December 1, at \$25; outlook good, but need more rain; need buyers; no feed sold; Salem: Cattle good; ranges understocked; need buyers for stock cows; Picacho: Lambs sold, \$6.50; ewes, \$10.70 for October delivery; to be kept on range; grass good. Las Cruces: Outlook good; winter feed excellent. Ancho: Winter feed fair; prices under 1925; no feed but grass. Mesalero: Very little July rain and fall grass damaged; cattle fat on early grass.

Southeastern—Hope: Ranges fairly well covered by showers; wether 10c; ewes, 11c; and old ewes, \$5. Carlsbad: Rains spotted; stock in good shape; hay being stored for better prices; very dry in some localities good calves, \$25 January delivery. Caprock: General range conditions best in years. Roswell: One-half of lamb crop sold at 10c; ewes, \$10.50; cull ewes \$4.50 to \$5. Need rain; range spotted, but old grass fair; calves moving slowly at \$25; steer calves \$27.50. Hagerman: Plenty of hay and feed; steer calves contracted, November 1, at \$25; heifers, \$22.50; and stock cows and calves at \$50.

Fall and Winter Is Proper Time to Paint

An excellent time for interior and exterior painting is during the fall and early winter months. Surfaces are dry, and in good condition. If properly prepared, to receive paint or varnish. Sun and moisture are two of the greatest enemies to any paint film. A painted exterior will stand the cold of winter much better than it will the hot rays of the summer sun. In the spring exterior surfaces have in them the maximum amount of moisture. They have gradually soaked up the snow of winter and the early spring rains. This moisture may not be apparent, but drawn out by the sun it is destructive to paint film, and frequently results in a blistered surface. When you encounter blisters in a paint job, do not blame the paint, but look for the presence of moisture.

The fall and winter months are ideal for interior decorating. When surfaces have been properly prepared, drying conditions are good, since the warm atmosphere of the house is free from humidity and dust.

There is another factor in the situation. Painters, at this season, have more time than during the "spring rush," and working conditions are more comfortable than during the hot weather. A real painter takes pride in his work. He dislikes to slight a job. During the fall and winter, painting will be done better because the men are not so hurried as they are in the busy season. Taking all this into consideration, coupled with the fact that property owners have from 10 to 20 per cent of the total cost by painting in winter, it is self-evident that this is the season for better painting.

Badly Behaved Tourists

Robert Louis Stevenson's tomb on Mount Vaea, Samoa, which had been badly defaced by tourists scratching their names on it, has been renovated by the administrator of Samoa, who is greatly indignant at the childish treatment of the grave. All the marks have been removed from the tomb, and the cement has been washed.

## J. C. LUIKART'S WATCH FOUND ON TOP OF PORTALES BUILDING

The valuable watch that was stolen from the J. C. Luikart home here late in May, was recovered today at Portales. It was found lying on top of the Portales high school building when workmen went up to see about repairs before the opening of school. Mr. Luikart's name inside the watch served as positive identification. Officers there reported the find to Clovis officials and the owner went down to get his property this afternoon.

As similar robberies to those in Clovis were pulled off in Portales and Roswell that same week, it has always been supposed the same party did the job. Since then the Portales and Roswell jewelry has been recovered from a suspect arrested in Lubbock, but Mr. Luikart's watch was not in the loot found then. The finding of the watch on top of the Portales school only deepens the mystery. —Clovis News.

CASUAL HAZARDS - No 3

### FOUR ARE INJURED IN AUTO COLLISION NEAR PORTALES

PORTALES, N. M.—Four persons were injured in an automobile collision on the Portales-Clovis highway five miles from here Sunday night, the drivers of one of the cars not stopping and being arrested in Clovis. The injured are: William Watts, his sister, Miss Watts, and the two Misses Holder. Mr. Watts sustained a broken collar bone, his sister a broken ankle, one of the Misses Holder a broken collar bone and the other injuries to her head. The latter is still unconscious. Those under arrests at Clovis are Bascom Howard, a Mr. Johnson, John Langston and a Mrs. Robinson. According to the story of the injured people, the car of those arrested came up behind them at a high rate of speed and struck their car, hurling it down an embankment. The Howard car, it is alleged, did not stop and word was telephoned to Clovis to arrest the occupants on their arrival there. The injured people were brought to a hospital here.

The Valley's largest shipment of Electric Stoves was received in Artesia this week.

### LOCALS

Mr. and Mrs. I. C. Dixon were Roswell visitors Tuesday.

Bob Henderson returned the first of the week from a short stay in California.

Lewis Gage left Tuesday for a business and pleasure trip to his old home in Arkansas.

Mr. and Mrs. C. E. Mann and little daughter, Janice, spent Sunday and Monday in Roswell.

Mr. and Mrs. J. D. Josey, of Hope, spent a few hours shopping in Artesia yesterday morning.

Morgan J. Davis, of Roswell spent a few hours here Tuesday afternoon attending to business matters.

Mrs. Wiley and Mrs. Baker, who the infant son of Mr. and Mrs. Jack Allbright, of Artesia, won first prize in the baby show at Roswell Monday.

Cavett Jackson, who has been ill with typhoid fever for several weeks, is improving and is able to sit up in bed a little every day.

have been visiting their parents, Mr. and Mrs. Milton, for some time, returned this week to their homes in Arizona.

Mrs. Charles Adams and children left Tuesday to attend the funeral of Mr. Adams, who died in Gallup last week and was buried in Albuquerque.

Roy Iriek, of Plainview, Texas, was a business visitor here Saturday. He has recently completed the major portion of a sewer contract for Santa Fe.

J. E. Robertson, president of the Artesia Rotary Club, and R. L. Paris left this morning to attend the State Rotary meeting at Alamogordo. Their families accompanied them. After the close of the convention they will go on to El Paso for a short visit.

Miss Jean McCaleb, former teacher in the Artesia high school, who has been seriously ill in an El Paso hospital following an operation, is reported to be much improved. Miss McCaleb was taken violently ill while at her summer cabin on the Ruidoso and was rushed to El Paso for treatment.

Miss Ruth Russell, after a week's visit here with her brother, Dr. Russell, and wife, left Sunday for Albuquerque to resume her duties in the library at the State University. Miss Russell came here from Campaign, Illinois, where she was a student of library science at the Illinois State University the past summer.

Orval Gray received a letter Monday from his little friend, "Bitsie" Yates, who is in the Barnes Hospital at St. Louis, Missouri, stating that he was getting along nicely. "Bitsie," who with his parents, Mr. and Mrs. Martin Yates, Jr., were visiting relatives at Mexico, Missouri, became suddenly ill and was taken to Barnes Hospital for treatment. It is hoped he will soon be able to return home.

Miss Mary K. Sands, who was instructor in English in our high school a couple of years, has been here the past week visiting Mrs. R. L. Paris and numerous other old friends, and left this morning with the Paris and J. E. Robertson families for Alamogordo, en route to her home in Las Vegas. Miss Sands attended summer school at the University of California at Berkeley, and after a short visit at home will proceed to Dillon, Montana, where she will be an instructor in the State Teachers' College for the second year.

Woodstock typewriters for sale—Advocate Office.

Everyone cordially invited to these services.

### LAKE ARTHUR ITEMS

(Mrs. Alva Spence, Reporter)  
The heavy rain last Monday drowned a number of hogs for Charlie Foster.

Miss Thomas, of Dexter, spent the week-end here as a guest of Mrs. V. J. Burks.

Collin McKinney left this week for Albuquerque, where he will attend the University.

Mr. and Mrs. James Hill came home this week from Alpine, Texas, where James has been working.

Miss M. S. Bailey, of Artesia, came in last week and will teach the seventh and eighth grades here.

Miss Velma Asher came in Friday from Canyon, Texas, to resume her duties here as teacher in the high school.

Mr. and Mrs. W. A. Hamilton left this week with William for Tucson, Arizona, where William will attend college.

Mr. and Mrs. Redman Pate are preparing to leave for Canutillo, N. M., where they will make their future home.

Miss Evelyn Bullock, of Artesia came in last Friday to begin her duties here as primary teacher in the school.

Tom Ridgeway and Joe Brennon are preparing to open up a cafe in the building occupied by R. R. Beasley last year.

Mrs. V. J. Burks left this week for Canutillo, Texas to join Mr. Burks, and they will make their future home there.

Miss Berniece Powell, of Slater, Missouri, came in Saturday and will teach the third and fourth grades in the public school here.

A. V. Flowers and son, Baker, left Saturday for Las Cruces, where Baker will enter the State A. & M. College at that place.

W. A. Stroup and Jim Watts, of Tulia came over last Friday to get a truck load of apples, they secured same and left Tuesday.

Mr. and Mrs. Harp, of Roswell, were in town Wednesday for the purpose of re-organizing the orchestra and teaching music here.

Fred P. Hines, of the State Teachers College in Las Cruces, will be principal of the high school here this year, teaching science and Spanish.

Mrs. Margaret Anderson and son, Paul, of Albuquerque came in last week, and Mrs. Anderson will teach the second grade here in the public school.

Mrs. B. C. Moots came in last week from Chicago, and other northern points, where she has been visiting all summer. She will spend the winter here.

The members of the young peoples class of the Methodist church gave a farewell party to William Hamilton and Collin McKinney last Monday evening at the home of Mr. and Mrs. D. A. Bradley, six miles west of town. The evening was spent in the usual enjoyable games and repartee, after which delicious refreshments were served. All the guests wished these two honorees much success and pleasure in this next year of school work.

School opened Monday morning with the largest enrollment of pupils ever attending school in Lake Arthur. We believe we have a splendid faculty this year and backed by the hearty co-operation of the patrons there should be no reason why an unusual record of achievement should not lie before us. With the new school building nearing completion, furnishing satisfactory conditions with comfort and convenience, we feel that the student body, the faculty and patrons do appreciate this new ad-

**COTTONWOOD ITEMS**

Mrs. A. C. Hill spent Sunday afternoon at Hagerman.

Mrs. Monroe Howard's reported quite ill this week.

Alma Norton returned to her home yesterday from Los Angeles.

Frances Nelson went to Hagerman today, where she will make among old friends.

Mrs. Lawrence Wilde and of Artesia were visiting in the Cottonwood Friday.

was given by James Novis Novis home Saturday night. enjoyable time is reported

**In the Kitchen with 6 Famous Cooks**

**SIX TRADITIONAL NEW ENGLAND DISHES**

(Ed. Note: This is one of a special series of articles contributed by 6 Famous Cooks. Their recipes are "different." Cut them out and paste them in your cook book.)

Probably no section of the country is as famous for its traditional dishes as New England. The eating of beans and brown bread has become almost a rite in many of those old homes.

Miss Lucy G. Allen, head of the well-known Boston School of Cookery, has spent all her life in New England. She has taught hundreds of women cooking in her classes, and has written many cook books, among them "Choice Dishes for Clever Cooks," and "Table Service."

She has contributed to this unusual cooking series recipes for six typically New England dishes.

**Boston Bake Beans**

It's the preparation and the slow cooking which makes Boston Baked Beans superior to all others.

Pick over one quart of pea or kidney beans, cover with cold water and soak overnight. In the morning drain, cover with fresh water and simmer until the skins begin to break. Drain again. Wash and score a three-inch cube of fat salt pork. Put the beans in a big, earthenware beanpot. Bury the pork in the beans, leaving the rind exposed.

Mix one tablespoon of salt, one tablespoon of molasses, three tablespoons of sugar, and one-half teaspoon of dry mustard; add these seasonings to one cup of boiling water and pour over the beans. Then add enough boiling water to cover the beans. Cover the beanpot, put in hot oven and bake six or eight hours, uncovering the last hour of cooking.

**Steamed Brown Bread**

For a most delectable meal, serve steaming hot brown bread with the beans. It's a prime combination. Many folks like to eat calsup with the beans. Here's the original New England Brown Bread:

Mix two cups cornmeal, one cup of rye meal, two teaspoons of soda, two teaspoons of salt, one-half cup of molasses and about three and one-half cups of milk. Let stand for one hour, stirring occasionally. The bread is better, if the meal swells before the mixture is put into the tins. Butter baking-powder tins, fill a little over one-half full, cover and steam several hours.

**And Chowder**

A hearty dish, liked especially by men, is fish chowder. It's economical, too. Buy a four pound haddock, skinned with the head left on. Remove the fish from the backbone, cut into two inch pieces and set aside. Put the backbone broken in pieces and the head into a stewpan, add two cups of cold water, bring slowly to the boiling point and cook twenty minutes. Put into the chowder kettle an inch and a half cube of fat salt pork cut into small bits, and fry out.

Add one sliced onion and fry for five minutes. Add three or four medium sized potatoes cut in thin slices. Strain the stock from the fish bones over the potatoes and cook until they are soft.

Add the fish and simmer ten minutes, then add one quart of milk, one tablespoon of salt, one-eighth teaspoon of red pepper, three tablespoons of butter and either three or four pieces of pilot bread or six or seven cooking crackers. The longer a chowder can simmer or stand before serving the better it will be.

**Codfish Balls**

Wash one-half pound of salt codfish and cut into small pieces using kitchen scissors to make one cupful. Wash and pare potatoes and cut into pieces the size of an English walnut to make one and one-half pints. Cook the fish and potatoes together in boiling water until potatoes are soft.

Drain thoroughly through a strainer, return to kettle and shake over the fire until the moisture is evaporated. Mash thoroughly, add one-half tablespoonful of butter, one egg well beaten and one-fourth teaspoon of pepper. Beat well with a fork to make fluffy and add salt if necessary. Drop by spoonfuls into deep fat and fry.

**Pumpkin Pie**

Pumpkin pie when made right is a real delicacy. And this recipe for it is especially good. For a more elaborate dish it may be served with whipped cream.

For the pastry, measure two cups of flour unsifted and sift with one-half teaspoon of salt. Cut in, using two knives, three-fourths cup of lard. Add three-fourths cup of medium cream mixing with a knife. Chill before using.

For the filling, mix one and one-half cups of cooked and sifted pumpkin, with two-thirds cup of white sugar, one teaspoon of grated nutmeg, one-half teaspoon of salt, two eggs slightly beaten and two cups of milk or if liked rich, use part cream.

**Nice Brown Doughnuts**

Try frying sour milk doughnuts according to this good New England recipe of Miss Allen's. The kitchen will be a most attractive place to all members of the family when they smell these tempting doughnuts.

Beat until light one whole egg and one egg yolk, add gradually three-fourths cup of sugar, beating all the time. Mix three-fourths teaspoon of salt, one teaspoon of grated nutmeg and two cups of flour.

Mix one half teaspoon of soda with one half cup of sour milk having the milk rather rich. Add milk and flour alternately to the egg mixture, roll and pat out, handling as little as possible, then cut and fry in deep fat.

**HANNETT PARDONS TWO**

SANTA FE, Sept. 7.—At the recommendation of the Board of Penitentiary commissioners, sitting as a board of pardons, Governor Arthur T. Hannett today issued orders of commutation of sentence on Jesus

**Chavez and Oscar Starnes.**

Chavez was sentenced from the district court of Sierra county in April, 1920 to serve in the state penitentiary for a term of from forty to fifty years. By the executive order his sentence was commuted to from twenty to forty years.

Starnes was sentenced early this year by the district court of Grant county to a term of from two to five years. His sentence was commuted to from one and one-half to five years.

FOR THE  
**New Perfection Stove**

**Boston couldn't teach the West a thing**

MRS. KATE B. VAUGHN  
Los Angeles

MRS. BELLE DEGRAF  
San Francisco

MISS LUCY G. ALLEN  
Boston

—not in this unusual cooking test recently conducted by six famous cooks, in which Boston and Pacific Coast experts participated

**I**N Boston, traditional seat of learning, and in Los Angeles and San Francisco—youthful cities—famous cooking experts have just participated in a nation-wide test of the Perfection Stove.

When results were compared, Boston could not teach the West a thing, for, independently, the West had reached the same conclusion! That conclusion was an enthusiastic recommendation of the 1926 model Perfection Stove.

**Three Famous Cooks**

Miss Lucy G. Allen, director of the Boston School of Cookery, represented Boston in the test. The West was represented by Mrs. Kate B. Vaughn, home economics director, Los Angeles Evening Express, and Mrs. Belle DeGraf, San Francisco, home economics counsellor. Read what they say about the Perfection's performance.

**A Steady, Even Flame**

"I baked beans for eight hours," said Miss Allen. "In all that time the Perfection flame did not vary. Not once did I have to adjust the wick."

"I had a similar experience," said Mrs. DeGraf, "while roasting lamb. There was not the slightest creeping or crawling of the flame."

"The Perfection surely is dependable and convenient in every detail."

"And the time for cooking is practically the same as with gas," commented Mrs. Vaughn. "The utensils were clean and soot-free, too. The long Perfection chimneys burn the oil completely before the heat reaches the cooking."

**Perfect Agreement**

These are just a few of the remarks made by the widely-separated experts. Conservative New England, after thorough tests found many other superior Perfection features to tell the West about. But it was unnecessary. For the West had discovered them, too.

Every one of the six famous cooks in the test proved Perfection's efficiency to her own satisfaction.

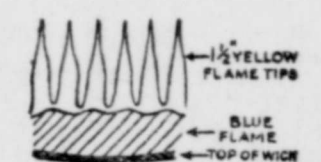

**It Will Please You**

You, too, will be well pleased with cooking on a Perfection. See the newest Perfections at any dealer's. All sizes, from a one-burner model at \$7.25 to a five-burner range at \$130.00.

## Care Used In Assembling Engines

THE many parts which make up the Buick engine are shown being assembled. Each has passed through many operations and undergone exacting tests before being declared fit to go into assembly.

The pistons have been ground to limits of one thousandth of an inch and have been graded into three classes, according to whether they are a fraction above perfection, a fraction

below it, or just about right.

The cylinder bores have also been accurately finished and graded in the same manner. During the assembly operation the workmen will fit certain grades of pistons to certain grades of cylinder bores, in order to get as perfect a fit as possible. This is but one example of the care taken in assembling the engine.

When completely assembled, the engines undergo a block running test of several hours duration. They are then taken to a silent room, where expert testers listen intently for any noises that would indicate imperfection at any point. Having passed these tests successfully, the engines are then moved by conveyor to another part of the factory for assembly into a car.

## SOCIAL ITEMS OF INTEREST IN AND AROUND ARTESIA

### DINNER FOR CHARLES WALKER

Mrs. L. W. Feemster entertained at twelve o'clock dinner Friday complimentary to Charles Walker and his friend, Morris Shillinglaw, of Las Vegas. The other guests were the Misses Kates Cowan and Glenda Gray. The boys left for home Sunday.

### MR. AND MRS. HAROLD KEINATH HONORED

Mesdames John Lanning and Lewis Story were the hostesses at a delightful bridge party last Wednesday evening in honor of Mr. and Mrs. Harold Keinath, of Burbank, California, who have been visiting relatives here for the past month or so. Light refreshments were served by the two hostesses. The company included besides the honor guests, Messrs. and Mesdames Landis Feather, Will Linnell, Albert Richards, Walter Ferriman and Aubrey Watson, Mrs. M. E. Baish, Messrs. Lanning and Story and the hostesses.

### BABY "SHOWER"

A number of the friends of Mrs. M. E. Baish gave a "shower" for her baby daughter, Margaret, at her home last Thursday afternoon. The guests carried refreshments of ice cream and cake with them, which they proceeded to serve after the "shower" was over. Those present were Mesdames Reed Brainard, Landis Feather, Harold Keinath, Walter Ferriman, L. P. Evans and John Lanning.

### MISS JONES HONORED

Miss Lucine Jones was the honor guest at a bridge party given by Miss Velma Smith last Friday afternoon. Flowers were used as favors and refreshments of ice cream and cake were served. The guest list included besides the honoree, the Misses Flo Marshall, Leah McClay, Nellie Gray, Glenda Gray, Katherine Clarke, Evelyn Stone, Esther Morgan, Ruth Morgan, Margaret Tarbet, Eula Bee Clayton, Viola Pearson, Ruth McFadden of Roswell, and Mary K. Sands of Las Vegas, and Mesdames Elan Gage, Landis Feather and John Lanning.

### DINNER PARTY

Mr. and Mrs. C. M. Cole were hosts at a turkey dinner last Friday at noon in honor of the newly-weds, Mr. and Mrs. Fred Cole. The dinner party included the members of both the Cole and Mann families, besides the bridal couple, Mr. and Mrs. C. E. Mann and daughters, Mr. and Mrs. Lewis Cole, Rev. and Mrs. Simmons, and Messrs. R. G. Knoedler and Simpson Albright and the immediate members of the Cole household.

### LEGION AUXILIARY MEETING

The regular meeting of the American Legion Auxiliary will be held next Monday afternoon at half past two o'clock at the home of Mrs. H. A. StROUP.

### RECEPTION FOR FACULTY

The council of churches of Artesia has planned a public reception for the faculty, pupils and patrons of the schools to be held in the Methodist church Saturday, September 11th at 7:30 p. m. A meeting to make arrangements was held in the Presbyterian church Tuesday after-

noon when the following tentative program was drawn up.

Address of welcome by Mayor to be responded to by one of the new members of faculty.

Solos by Mrs. Farris Powell, Mrs. King, Mrs. Fred Cole, Mrs. M. Yates. Instrumental selection, Mr. Harp. Readings, Miss Helen Hutcheon, Miss L. Schnoor, Mrs. Hale.

Ten minute talks on the following: (1) "Why do we want co-operation between the church and school?"—Rev. C. C. Higbee, president council of churches.

(2) "How can the church help the school?"—Supt. of schools, J. T. Reid.

(3) "How can the school help the church?"—One of the city pastors. The remainder of the evening will be spent in getting acquainted. Refreshments will be served.

The following committees were appointed to make arrangements: Refreshments—Mesdames Olds, Wheatley and Graham. Serving—Mesdames Sherman, C. Pior, B. Ballard, A. M. Tarbet, G. A. Threlkeld, R. O. Cowan, I. C. Dixon, L. W. Feemster, C. M. Cole, D. Reser, F. Donahue, J. J. Clarke, and Miss Amy Wilde.

It is hoped that the public will make a point of being present and thus helping to promote co-operation between the schools and the community.

### REBEKAH CELEBRATION

The Rebekah Lodge will celebrate the 75th anniversary of the founding of the order on Friday, the 24th, with a picnic in the park at seven o'clock. All Rebekahs and Odd Fellows and their families are cordially invited to attend and bring well-filled baskets.

### MANN—COLE

The social event of the season was the marriage of William Fred Cole and Miss Zanaida Evelyn Mann, which took place at the Baptist church last Thursday evening at seven o'clock.

Three ushers, Messrs. Garland Rideout, Clint Cole and Louis Cole lighted the large yellow candelabra, which adorned the chancel and these furnished just the right illumination, while Miss Helen Mann, at the piano, played softly "O, Promise Me," and "Love's Old Sweet Song." (Just a Song at twilight, when the lights are low). Mrs. V. L. Gates rendered "As the Dawn," by Cantor and Mrs. Knooihuizen followed with "Ruth," by Hartland, adapted from the biblical story of that name and which is a late wedding song.

The music changed to the "Lohengrin" wedding march and the bridal party advanced down the two aisles and took its place before the altar, which was beautiful with a profusion of ferns, yellow dahlias and white asters banked against it and surmounted by the yellow candles.

Two ushers, Tom Edward Bullock and J. C. Floore, Jr., advanced down the right aisle and the bridesmaids, the Misses Vesta Frisch, Ruth Young and Virginia Atteberry down the left aisle. Two little flower girls, Lela Bess Mann and Jean Knooihuizen, charming in yellow organdy over yellow silk slips, followed carrying baskets of flowers to strew in the path of the bride.

Then came the little ring bearer, Janice Mann, very sweet and dainty in white net over white silk and carrying the ring in a rose. The bride followed upon the arm of her father, C. E. Mann, who gave her away and was met at the altar by the groom and his best man, his brother, Herman Cole, who advanced up the right aisle. The officiating minister, Rev. Arthur Boyd, an uncle of the bride, came out from the study and awaited the bride and groom at the altar, where he performed the

### CONVENTION DATE CHANGED

Of interest of the local members of the Woman's Club is the announcement in the change in the date of the state convention to be held in Carlsbad. The following clipping is taken from the Carlsbad Current:

Local committees of the Woman's Club have been advised by Mrs. Taylor, president of the Federated Woman's Clubs of New Mexico, that it was necessary to change the date of their convention in Carlsbad. The dates are moved back one day, and will be October 13, 14 and 15.

Mrs. Taylor's letter states that she expects a record attendance at this convention and that a splendid program is being worked out. A number of local committees are working to make the entertainment program an unusual one.

Calling cards, 100 for \$1.75, padded stock.—The Advocate.

beautiful ring ceremony. The bridal party then left by the right aisle to the strains of the Mendelssohn wedding march.

The bride was beautiful in cream georgette embroidered in rhinestones and pearl beads, white satin shoes, white satin train and beautiful silk lace veil with coronet adorned with orange blossoms. She carried a shower bouquet of white rosebuds and baby's breath.

The pianist, sister of the bride, Miss Helen Mann, wore green georgette over gold silk, and the bridesmaids, in attractive gowns, formed part of the beautiful picture that the wedding presented. Miss Frisch was gowned in orchid georgette, Miss Young in yellow georgette and Miss Atteberry in changeable rose taffeta. Each carried an arm bouquet of yellow roses.

Following the ceremony the bridal party retired to the Mann home, where a reception was held, the bridal party, the two immediate families, the out of town guests, and a few very intimate friends being present. Light refreshments were served and the bride and groom left shortly afterwards for a brief trip to Roswell. The real honeymoon trip was postponed, on account of the recent illness of the groom, until the last of the month, when they will take an extended trip to various points in Texas. In the meantime they are at home to their friends on West Dallas street in an attractive house, which the groom had ready furnished for his bride and into which the wonderful array of beautiful and useful gifts fit nicely.

The marriage unites two of Artesia's most prominent young people. Both have spent most of their lives here and enjoy the friendship and esteem of the community, which has watched them develop from childhood into wholesome young manhood and womanhood. The bride is the eldest daughter of Mr. and Mrs. C. E. Mann. After graduating from high school she studied at Simmons University, Abilene, Texas, graduating from the musical department last June. She is the possessor of a beautiful soprano voice, which has added much to the music of the Baptist church, in which she became a bride.

The groom is the eldest son of Mr. and Mrs. C. M. Cole. After graduating from high school here, he too graduated from Simmons University and is making good as assistant cashier of the Citizen's bank. They begin their wedded life with the good wishes of the entire community.

The out-of-town guests at the wedding were Rev. Arthur Boyd and Mrs. Myrtle Knooihuizen and little daughter, Jean, of Plainview, Texas, uncle, aunt and cousin of the bride, also two cousins of the bride from El Paso, Texas, Mrs. Monroe Bowers and Miss Ruth Young.

## T AND P RAILR'DS MAY BE FORCED TO OPERATE MIDLAND RAILROAD

In as much as the Midland and Northwestern railway company offers a possible outlet for this section, now that oil development has taken a decided turn for the better, the following article, clipped from the Lovington Leader, will no doubt be of interest to many readers of the Advocate.

AUSTIN, TEXAS.—Motion to dismiss the suit brought by the Texas and Pacific Railway Company with reference to rehabilitation of the Midland and Northwestern Railroad has been filed in the federal district court here, according to Earnest May, assistant attorney general.

On August 9, the Texas and Pacific filed a petition asking that the railroad commission, Attorney General Dan Moody and May be restrained from taking any action to compel it to rehabilitate and operate the Midland and Northwestern, unless and until the Interstate Commerce Commission enters such an order.

The suit will likely go to trial in September.

The Texas Railroad Commission, November 10, 1924, ordered the Texas and Pacific to repair and operate within ninety days the Midland and Northwestern, which runs from Midland to Seminole, a distance of sixty-five miles. The railroad has never complied with this order, but twice has sought unsuccessfully permission of the Interstate Commerce Commission to abandon the Midland line.

Following the ignoring of the commission's order, the attorney general filed suit in the district court of Travis county asking for a receiver for the Texas and Pacific and for a court order compelling it to rehabilitate and operate the road.

Mr. May said his motion would set forth granting of the petition of the Texas and Pacific would violate section 256 of the judicial code, which provides that no court of the United States can enjoin proceedings of a state court, except in bankruptcy.

The petition of the Texas and Pacific avers that the Midland and Northwestern was operated for two years and eight months at a loss of \$181,447. The petition also avers that \$353,580 would be required to reacquire the right-of-way and to rehabilitate the road, that the Texas and Pacific would have to pay Midland and Northwestern debts of

## Work and its Reward

By O. Lawrence Hawthorne

Do your work!  
No matter what the task may be,  
Attack it with heroic zeal.  
Be not content until you see  
Accomplishment, until you feel  
That satisfaction gained alone  
Through sense of duty nobly done;  
So is your honest value shown,  
So is appreciation won.

Do your work!  
Not just the labor specified,  
But with a willing heart do more.  
Let loyal service be your guide!  
The joys of life are waiting for  
That man who never fails to do  
His very best, and he will find  
Untold reward in purpose true  
And self-respect and peace of mind.

\$370,725 and that \$125,000 would be required annually to operate the road.

Rails and other track materials were furnished by the Texas and Pacific for the building of this railroad, and in part payment the Texas and Pacific accepted a lien. When the short line began to lose money, a court foreclosure was affected, giving the Texas and Pacific control. Since the Texas and Pacific gained control, Texas authorities have sought unsuccessfully to compel operation of the Midland and Northwestern.

Folsom. Valencia, Ramon Baca y Chavez, Midardo Sanchez, J. A. Padilla and Mrs. H. Baca. John B. McManus was re-elected chairman of the democratic state central committee at the meeting held Saturday morning. Mrs. Francis E. Nixon resigned as chairman of the committee. Her place has not yet been filled. District conventions reported to the state central committee were: For district attorney first judicial district, David Chavez, of Santa Fe. For district judge of the third judicial district, Numa C. Frenger of Las Cruces. State senator in the fifteenth judicial district including Lincoln, Otero, Socorro and Torrance counties, D. H. Jamison. The third district delegates recommended that Gov. Hannett appoint Mr. Frenger to serve the unexpired term of Judge Mechem upon his retirement.

# LOCALS

Mr. and Mrs. Ossie Coalson spent Sunday and Labor Day at Lovington. Cook Ironside No. 1, NE¼ sec. 10-20-29. Shut down at 2040 feet.

Mr. and Mrs. G. M. Clark returned Tuesday from a two weeks' visit to Texas.

Mr. and Mrs. Crownover and little son, of Roswell, were Artesia visitors yesterday.

A. C. Kimbrough has been on the sick list this week, but is able to be out again.

Charles Shorey and family have returned from Wisconsin, where they spent the summer.

Mr. and Mrs. Hegeman and Mr. and Mrs. George Threlkeld were Roswell visitors Monday.

Mrs. Alva Spence and daughter, Ocie, of Lake Arthur were shopping in Artesia yesterday.

Miss Lorita Linell was the guest of Mrs. Jim Chambers in Roswell the first of the week.

Miss Ella Brown will attend the State Polytechnic School at Lubbock, Texas the coming year.

Miss Violet Tigner, of Roswell, is spending this week here with her sister, Mrs. Frank Miller.

The C. V. Lee family returned Saturday from a visit to Denver and other points in Colorado.

Mr. and Mrs. Ralph Shugart and little daughter, Jane, spent Sunday and Labor Day in Roswell.

Mr. and Mrs. C. Bert Smith and Miss Effie McCaw attended the style show in Roswell last night.

Messrs. W. P. Riley, Dick McDonald and L. O. Miller were among the Hopites to spend a short time here yesterday.

Mrs. Will Gray expects to leave the last of the week for Rush Hill, Missouri, on account of the illness of her father.

J. W. Dennis and family, of Roswell, were week-end visitors of Mr. and Mrs. Bob Caraway. Mrs. Dennis and Mrs. Caraway are sisters.

Mrs. A. F. Phillips, Mrs. Una Hutecheon and little daughter, Helen, and Miss Alma Norton attended the style show in Roswell last night.

Advocate want ads get results.

Mr. and Mrs. Earl Collins drove over to Las Cruces last Sunday with Mrs. Collins' sister, Miss Edna Page, who matriculated at State College.

Mr. and Mrs. Frank Linell went to Santa Fe Sunday and after attending the Labor Day celebration there, went on to Albuquerque for a few days.

Mr. and Mrs. L. L. Feather drove to Roswell Sunday afternoon with Miss Shirley Feather, who went to resume her work as teacher of Spanish in the high school.

Rev. and Mrs. C. C. Higbee and Miss Gladys Cowan were in Roswell five days last week, attending the Teachers Training school for Methodist Sunday school teachers.

Mrs. Tom Ragsdale, who returned from an El Paso hospital a short time ago, was not progressing satisfactorily so Mr. Ragsdale took her back to El Paso last Friday.

Mr. and Mrs. J. H. McCreary, who have been visiting relatives and old friends here for several weeks, expect to leave tomorrow for their home at San Pedro, California.

Wilton Tarbet and J. W. Withers left last Wednesday for San Diego, California, where they will attend the State Teachers College. The boys stopped off and took in the Grand Canyon on their way west.

Mr. and Mrs. Arthur K. Garwick, of Dallas, Texas, were here the first of the week visiting Mrs. Garwick's cousin, Wallace Anderson and wife. They went to El Paso yesterday to visit Mr. and Mrs. Joe Anderson.

Mr. and Mrs. Albert Richards were among those who went to Roswell Monday to hear the famous orchestra from Old Mexico, which is touring the United States. It was part of the entertainment put on by the Kiwanis club to raise a milk fund for Roswell.

The Methodist Missionary Society held its monthly business and social meeting at the home of Mrs. G. B. Dungen, Green Valley Ranch, last Thursday afternoon. The refreshments consisted of watermelons and more watermelons, in which Green Valley Ranch specializes, which were served out under the trees.

# NOTICE OF SALE

In the District Court of Eddy County, New Mexico.

CITIZEN'S STATE BANK OF ARTESIA, A BANKING CORPORATION, PLAINTIFF.

VS. J. A. MILTON, JOYCE-PRUIT COMPANY, A CORPORATION AND V. L. GATES, DEFENDANTS. No. 4245.

Whereas a judgement was entered in the District Court of Eddy County, New Mexico in the above entitled and numbered cause on the 20th day of July, 1926, by the terms of which certain mortgages therein mentioned were foreclosed, and by the terms of which a certain landlord's lien therein mentioned was foreclosed, and the defendant, J. A. Milton, was adjudged to be due and owing to the plaintiff, Citizen's State Bank of Artesia, the sum of \$610.03, principal, interest and attorney's fees and it's costs therein; and said defendant, J. A. Milton, was adjudged to be due and owing to the defendant and cross-complainant, V. L. Gates, in the sum of \$1997.25 principal and his costs therein; and said defendant, J. A. Milton, was adjudged to be due and owing to the defendant and cross-complainant the sum of \$1419.00, principal, interest and attorney's fees and it's cost therein. And, whereas, the said order directed the sale of the following described property, to-wit:

All restaurant equipment, including tables, range, silver ware, entire restaurant equipment in building known as May's Coffee Shop, including all stock of merchandise,

for the satisfaction of the said judgements, as aforesaid, and the further cost of carrying this said order into effect, after giving notice of such sale in accordance with the law.

Now, therefore, notice is hereby given that in accordance with the order of said judgement and decree, I will offer the said property for sale at public auction at the front door of May's Coffee Shop Building in the Town of Artesia, New Mexico, on the 11th day of October, 1926, at

the hour of 10 o'clock on said day, and then and there sell the same to the highest and best bidder for cash, to satisfy the said judgement indebtedness, and the further costs of carrying this said order into effect, the total amount of said judgement indebtedness to date being \$4026.28, principal, interest and attorney's fees, and the costs accrued to date. Witness my hand this 9th day of September, 1926.

E. S. SHATTUCK, Sheriff. By H. L. Jones, Deputy.

# MALJAMAR

## The New Town in Lea Co.

### ON THE ARTESIA-LOVINGTON HIGHWAY

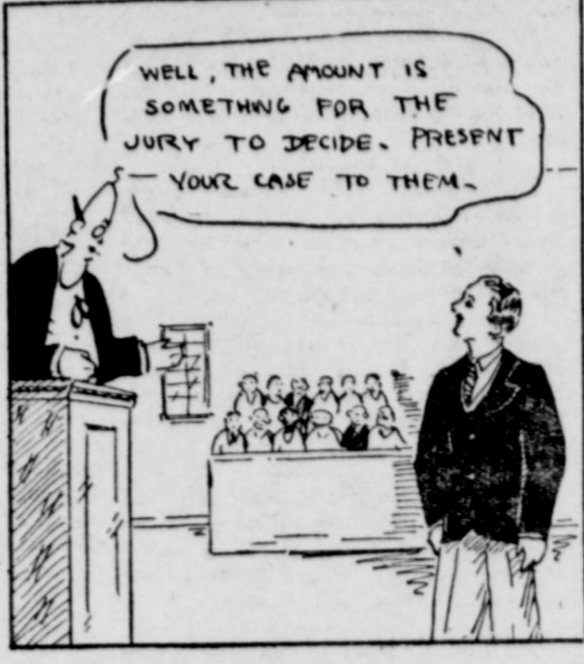

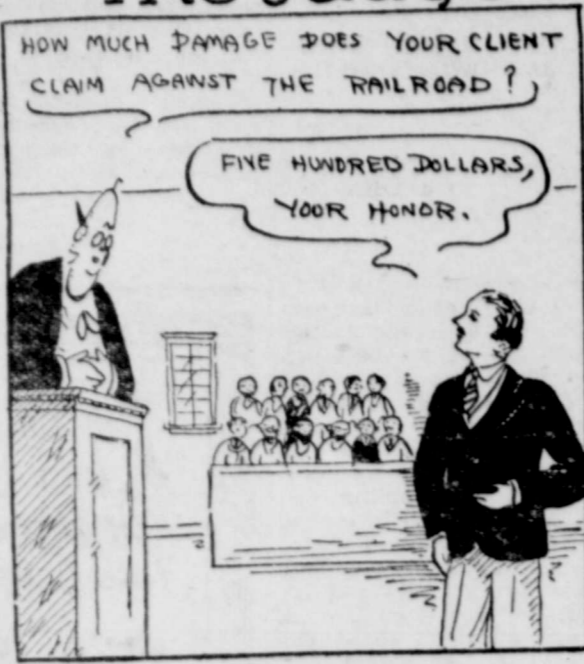

Maljamar, located under the rim of the cap-rock and just east of the Mescalero sands, in Lea County, is expected to be the fastest growing town in the southwest within the next sixty days. Located forty-five miles east of Artesia and approximately thirty miles west of Lovington, the new town lays in the center of what now appears to be the largest oil field in the southwest. With Lea County producing areas extended five miles west by the bringing in of the Skelly Oil Co's. No. 1 on the Buela Lynch permit in Sec. 32-17-31, the Maljamar pool is conceded by big company scouts and land men to have great possibilities. With two producers, ten wells drilling and twenty locations made, Maljamar will provide homes for the workers, scouts and oil men, who in the past have been forced to drive to Artesia. A water well is being drilled, a school house has been erected and contract closed for the construction of a new hotel and the lumber is now on the ground. Stores, a filling station, picture house and residences will soon be under construction. Gas for the town will be provided from the Maljamar's No. 1 producer, which is making ten million feet daily. A wonderful opportunity now presents itself to the investor. Proper restrictions will assure you of splendid environment. Lots are now offered to the public. Some of the most prominent oil men, bankers and business men have already purchased lots. Lots purchased now will re-sell rapidly. This chance may never come again. Buy, and buy now. Terms will be made to purchasers.

## CRAWFORD HOTEL AT CARLSBAD IS TO BE ENLARGED

A real estate transaction of considerable importance to the future development of Carlsbad was closed Thursday when A. J. Crawford, owner of the Crawford hotel, acquired three lots of an additional seventy-five foot frontage for the extension of the present hostelry. Present plans provide for a new concrete building, three stories in height with a capacity of not less than seventy-five rooms, each with private bath. The new lobby will extend the entire width of the building and will merge with the lobby of the present hotel structure. The new building also will contain the dining room, and no expense will be spared to provide the best furnishings in any hotel in the southwest.

Additional hotel facilities are required at Carlsbad to accommodate the increasing number of tourists to New Mexico's Carlsbad Cavern. The local hotel has been taxed to capacity since April 1, when management of the Carlsbad cave national monument was assumed by the national park service. The increasing number of conventions at Carlsbad also made necessary the requirement for additional hotel accommodations. Thirty-six hundred and eleven tourists have visited the Cavern from August 1 to 26, and conservative estimates of tourist travel for the season of 1927 are four to five thousand visitors monthly.—Carlsbad Argus.

## ARTESIA YOUNG PEOPLE GO TO COLLEGE

A large number of young people have either gone or are going soon to some higher institution of learning for the coming winter. Perhaps the first to leave was Miss Dora Russell, who went two or three weeks ago to the California State University at Berkeley.

C. O. Brown left Saturday for Albuquerque to take up the work of the senior year at the State University.

Miss Bess Ward left Tuesday for Peoria, Illinois, where she will be with her sister, Mrs. Whitcomb, and attend the Bradley Polytechnic school.

Dwight McCree will go back to the S. M. U. at Dallas.

Miss Bertha Richards will return to the Texas Woman's College at Ft. Worth.

Miss Leona Allinger will return to the State Teacher's College at Greeley, Colorado, where she attended summer school.

Miss Helen Bullock will enter the State Teacher's College at Canyon, Texas.

Miss Katherine Clarke will go next week to Kansas City, Missouri, where she will be a sophomore at St. Theresa's College.

Tom Edward Bullock, Elwood Kaiser of Loving, Wesley Sperry and Vernon Clayton will go to Oklahoma University at Norman.

Miss Anna Frances Jackson will leave the last of the month, for Seattle, Washington, where she will stay with her sister, Mrs. Earl Beck, and enter the Junior class of the State University. In this connection we might state that Mr. Beck is employed in the Teaching profession in Alaska, being in the employ of the federal government and having entire charge of a district. He was superintendent of a school in that territory last year and returned home this summer intending to remain. But the government made him such a good offer that he went back to the work in July.

The Misses Vesta Frisch and Vella

## DAYTON ITEMS (Mrs. W. H. Rambo, Reporter)

Gladys Burrows was the guest of her Dayton friends Sunday.

Dayton got a very nice rain Sunday night and another Tuesday.

Hugh McClure and son, of Clovis, returned to Dayton Sunday.

R. C. Horner and wife were visitors at the Epworth League Sunday night.

J. C. Turnbull and son, Harry, have been working on the Dayton school building and grounds.

L. R. Kerr and Walter Hayworth, who are working in Carlsbad, were home for a few days this week.

John Foulkes and family moved to Dayton Monday and will occupy the second floor of the Oil Flier.

Misses Lizzie and Frankie Waites spent few days in Carlsbad with their sister, Mrs. Culpepper, last week.

The Lakewood school truck started Monday, taking twenty-three pupils, eight from Lakewood and fifteen from Dayton.

J. H. Gordon and son, Earl Poiner, and Mr. Smith, left for Weed Saturday morning returning Monday and report the roads in a rough condition.

Will Marable and family of the Penasco returned Tuesday morning from their trip to the White Mountains, where Mrs. Marable spent her childhood days.

Thursday Mr. Stone and wife, of Ft. Stockton, Texas, stopped in Dayton for a short time on their way to visit with Mrs. Stone's sister, Mrs. J. J. Thompson, of Artesia.

A small son came to make his home with Jap Marable and wife Tuesday of last week. Mother and son are at the Eddy Hospital at Carlsbad, both are reported doing nicely.

The Dayton public school opened Monday with an attendance of thirty-five pupils and two teachers. Miss Frankie Waites is teacher of the primary classes to the third grade and Miss Kaiser is teaching the third fourth and fifth grades. All pupils above the fifth grade are taken with the high school pupils to Artesia on the Lakewood truck.

The plump little girl who said she ate like a canary almost fell off her perch when her little brother exclaimed: "Yes, you eat a peck at a time."

Some say that the blonde is the most notable achievement of modern chemistry. Many a woman has dyed studying it.

## REPUBLICANS ATTENTION!

There will be a meeting of the Eddy county Republican candidates and the county and precinct committeemen in Artesia, Chamber of Commerce room, Tuesday afternoon at 2:30 o'clock.

All Republicans are invited to attend this meeting.

## This Means Dollars in Your Pocket!

The present administration has pulled the state out of debt. The tax rate has been kept down. Good roads have been built without the stigma of government. School teachers are being paid in full. The business-like administration of the affairs of the state has brought millions of new capital into New Mexico. Herited deficits of state institutions have been wiped out and every institution has been placed on a firm, efficient financial footing.

YOU CAN'T AFFORD TO CHANGE THE DEMOCRATIC ADMINISTRATION—THE BEST BUSINESS ADMINISTRATION NEW MEXICO HAS EVER HAD

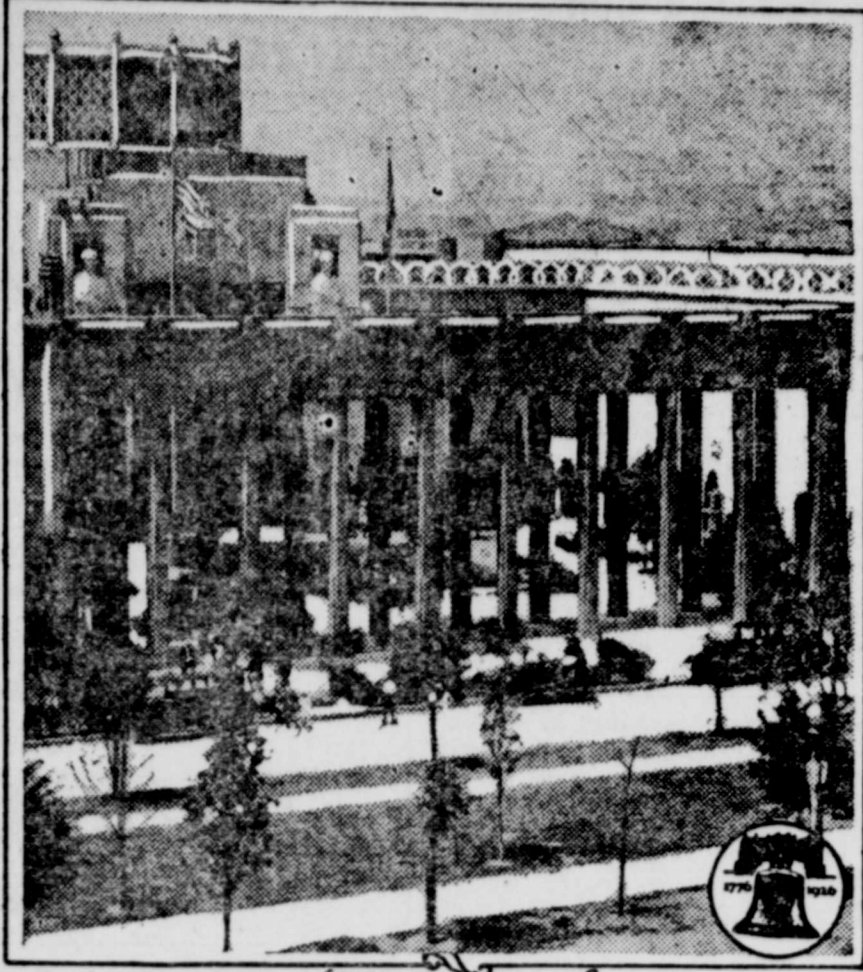

**Manna From Heaven**

MARTHA M. WILLIAMS

(Copyright.)  
 She laid down her fiddle with a  
 She had not dreamed it car-  
 ambushed in the grape arbor  
 every foot of the garden she had  
 safe and happy until across  
 notes she heard: "Stop  
 notes!"  
 calls herself a Christian! My  
 Only a step-aunt, thank  
 Peggy muttered.  
 get, go see about the big yel-  
 ches. It's time they were  
 They'll all squinch up to  
 if you try to dry 'em real  
 Pen boomed. Peggy was  
 wanted to keep away from  
 tormentor as long as  
 But she dared not leave the  
 telling what would happen  
 chance Kiddums spied it.  
 it tight in her shrouding  
 almost ran through the  
 lost herself under the bur-  
 trees. She laid down the  
 and dambled nimbly up the  
 of the row.  
 she reached for the finest  
 upon the farthest tip of a long  
 balance, and went swishing  
 getting no worse hurt than to  
 But the man suddenly  
 from sleep in the long grass,  
 could not know that. He  
 ward her, saying eagerly yet  
 "Are you hurt? Sure?" as  
 her head. "Lucky—falling  
 trees like  
 would be headed in, more than  
 would cost only one crop."  
 wouldn't say that if you knew  
 Peggy answered. "She  
 late frost costs her even  
 mp."  
 my spirit's eye, of course, I'd  
 see her," said the stranger  
 "Think you could persuade  
 me stay a fortnight?"  
 chance. She'd call the dogs  
 and you home with me," said  
 "Still, if you came a good  
 her dinner-time, asking just  
 the, offered pay for it, which  
 take, though she'll want to,  
 her cookin' and her beau-  
 house, she'll ask you to  
 supper, then to stay on over-  
 after that it's up to you how  
 long."  
 "I'm Royal Reed—at  
 service."  
 Peggy Fane—be sure you  
 I don't tell you any more.  
 loves to introduce herself—  
 saying it will help your cause,"  
 interrupted.  
 later Peggy said to him in  
 early encounter: "You are a  
 the stage. A great one. How  
 charmed the uncharnable?"  
 see. I think it is by un-  
 of your presence," Reed re-  
 his eyes twinkling. "Honestly,  
 she regards me as manna from  
 he went on. "Can't say I  
 either. Doubt if ever be-  
 has had the joy of feeling  
 completely eclipsed youth,  
 charm. She's 'felt she had it  
 thirty years at least. Now, to  
 come true—well! Imagine it.  
 bit infatuated with me—  
 tick it for a minute. But her  
 is so swollen she sees nothing  
 perspective. I'd be sorry for  
 she were only a little kind to  
 you mind about me," Peggy  
 said gallantly. "Just watch out  
 Kiddums. He trusts no-  
 he saw us talking together  
 he would tell Aunt Pen!  
 mad because she's giving  
 speech money, since I'm doing  
 work of drying."  
 to think of your hands all  
 and rough," Reed said, catch-  
 in his own. "I dare not ask  
 go away with me now, but I  
 come back soon—and so vouch-  
 hope you will be glad to go  
 out it?"  
 think you know!" Peggy mur-  
 mured than the fading dawn  
 was. It was too much—heedless  
 she be clasped and kissed her,  
 saying softly: "My own darling!  
 my own!"  
 "My own—she b'long ter my  
 Pen," Kiddums, in night shirt,  
 tousled, his eyes gleaming  
 through his thatch of tow.  
 "I'm goin' ter fetch her right  
 she kin see you two a-car-  
 minutes later they got the sur-  
 of their lives, in the shape of  
 Pen, not raging, but smiling  
 and holding out a hand to  
 she said: "Well, I done it!  
 out just like I thought.  
 I clapped eyes on you, young  
 here you for rich John Reed's  
 went to school with him forty  
 back. Know men—how they al-  
 rated worst way what they  
 they had no chance to get. So  
 you off from Peggy—all the  
 want' you to have her. She's a  
 child. I love her for all my scold-  
 ing!" Reed interrupted. "And

**Pennsylvania's Contribution to the Sesqui**

Here is the Keystone State building at the great Sesqui-Centennial International Exposition at Philadelphia, celebrating 150 years of American Independence. In this huge structure Pennsylvania is displaying her progress from the arrival of Penn to the present day. The building is one of the handsomest on the big exposition grounds and has proved a rendezvous for hundreds of thousands of people who have come from near and far to see the magnificent exhibits established by forty-three of the leading nations of the world. The Exposition continues until December 1.

**STATE TAX REDUCED  
 ONE HALF MILL FOR  
 THE YEAR OF 1926**

SANTA FE.—J. E. Owens, chief tax commissioner, Tuesday announced that the tax commission had certified the state tax levy for 1926 at 5 mills, a reduction of 1-2 mill over the levy of the state levy for general state purposes. This levy is used for the upkeep of state departments, state institutions, salaries of officials, and contingent expenses.  
 The state levy is divided into three parts, one for highways, one for schools, and one for general purposes. The state highway levy was set last Saturday at one mill, the same rate as has been in effect since 1922. The school levy was kept at one half mill, the same as in the previous year, while the levy for general purposes was reduced from four to three and one half mills.  
 Mr. Owens stated Tuesday that although tabulation had not been completed, the estimated reduction of state taxes throughout the state would average one dollar on the thousand, making the tax seven dollars on the thousand rather than \$8.05 as was the case last year. He further estimated that the county reduction would amount, on the average, to one half mill, making a total reduction on all taxes, state and county, approximately one mill. With an assessed valuation in the state of \$318,000,000, this would approximate a total reduction of between \$300,000 and \$350,000.  
 The state tax commission will be in session for several days discussing the assessment on franchise, which comprises the tax on capital stock.

**WESTBROOK WELL  
 IN WINKLER COUNTY  
 TEX. STILL FLOWING**

The Westbrook well in Winkler county, Texas, which recently caused considerable excitement with its possibilities, and then had trouble with water, is now flowing oil again. Casing was run in, and cemented, which resulted in a good shut-off. After bailing the hole dry, and cleaning it out, they now run a bailer and a half an hour of good oil. Estimates now conservatively give the well the possibility of producing forty to fifty barrels daily.

Considering the trouble they had with the water, which forces the oil back, they are considered to be quite lucky to get this oil. It also has chances of bettering this mark.—Pecos (Texas) Enterprise.

That Uncle Sam collects \$92,000 a year in postage for the return of mail sent to the Dead Letter Office?  
 That 200,000,000 letters are given this service?

And do you know that this vast sum could be saved and the Dead Letter Office abolished if each piece of mail carried a return address and if each parcel were wrapped in stout paper and tied with strong cord?  
 Every man knows his own address if not that of his correspondent. Have it printed in the upper left-hand corner of the envelope.  
 This information is given out by the Boston Post Office in an attempt to get people to give more attention to their mail.  
 Pack and wrap carefully, address correctly, and, most important of all, put your return address on the package or letter.—American Mutual Magazine.

**STATE GAS TAX IS OPPOSED BY THE FEDERAL ASS'N.**

The September meeting of the Federal Business Association was held Friday noon at Albuquerque. Among those attending were John W. Wilson, U. S. district attorney; B. C. Hernandez internal revenue collector; Juan C. Machuca, immigration service inspector; Charles H. Stearns, deputy prohibition administrator, and R. R. Gibson, regional manager, of the U. S. Veterans Bureau. Other members represented the U. S. Biological Survey, the Forest Service, Indian School, Indian Irrigation Service and Bureau of Animal Industry.

The question of the state gas tax was taken under consideration again by the association, which feels that an injustice is being done the various federal departments which must pay the tax on their gasoline, although the United States government already is taxed through Federal Aid Projects on state roads.

Quantity purchases of gas was also discussed, and a committee appointed to consider contracts with various gasoline producing companies whereby all gasoline used by local federal offices may be purchased in large single orders at a considerable saving. Mr. Stearns announced that grain alcohol seized by agents of his department was available to any federal agency on application. The meeting was adjourned by President H. F. H. Robinson of the Indian Irrigation Service after further discussions on various phases of cooperative purchasing.

**Turning Corn Into Dairy Feeds Urged**

**Surplus Crop Fed to Cows Will Relieve Farmer.**

Farmers who are worrying about the surplus of corn and the relatively low price of their product just now can secure as much as \$1.25 a bushel by turning this corn into dairy feeds and market the dairy products.

"By marketing their surplus corn in the form of dairy products," says M. D. Munn, president of the National Dairy Council, who has been conferring with leaders in the dairy industry and bankers on the question, "this corn will return the farmer about \$1.25 a bushel based on the average price of dairy products in 1925. By so doing we will not upset the balance of grain produced by having corn consumed in the form of corn meal mush, bread or muffins in place of a bushel of wheat. At best we can only eat a given amount of bread and cereals, and an increased consumption of one form of bread necessarily decreases the consumption of another."

While corn meal mush and milk is palatable and healthful and should be freely eaten, it does not constitute an effective way of consuming the surplus corn. Milk and its products are the most healthful foods we have, and by consuming more of these people will have better health, be more efficient and at the same time directly assist in relieving the farmer of his burden of surplus corn providing they will feed it to the dairy cows in a properly balanced ration.

"If the public is really willing and anxious to help in relieving the farmer of this corn surplus burden," says Mr. Munn, "he can best assist by increasing the consumption of milk, butter, ice cream and cheese and at the same time be more healthful and efficient. The properly balanced ration for the dairy cow includes corn meal, corn gluten feed, together with ground oats, barley, bran, cottonseed meal, beet pulp, etc. This corn gluten feed is a by-product from the manufacture of starch and sugar from corn. Therefore the consuming public can further assist by using more corn sugar and less imported cane sugar."

**FARM RADIO NIGHT**  
 WGY, General Electric Station,  
 Has Weekly Agricultural Program.

Every Monday night at 7 o'clock WGY, the Schenectady, N. Y., station of the General Electric Company, broadcasts a special agricultural program. National authorities on agricultural matters are brought to the microphone and present informative material which may result in increased revenue from the soil and from stock. Leaders in the National and State Grange, professors in agricultural colleges, officials in the national and state departments of agriculture, are all taking advantage of talking directly to the men who are most interested in, and will be most benefited by the information they have to offer.

O. M. Kile, agricultural economist and writer, weekly provides WGY with a letter which generally outlines Washington matters of interest to the farmer. The well-known farming magazine, the American Agriculturist, presents a weekly budget of farm news. One of the most important features is a weekly farm and market review prepared by the New York State Department of Farms and Markets. With the season for spring planting approaching these agricultural periods are of particular interest to the farmer, not only from the immediate benefit he gets from the information offered but from the new sources of information which are opened up for him by the various speakers.

In addition to these weekly Monday evening talks for the men of the farm, WGY offers twice a week, Monday and Thursday afternoons, home economics talks for women by members of the faculty of New York State College of Home Economics.

**NEW MEXICO AUTO CLUB INCORPORATED**

SANTA FE.—Papers of incorporation were filed Saturday with the office of the corporation commission by the Automobile Club of New Mexico. The corporation will have 10,000 shares of stock of par value of \$1.00. Principal officers will be in Santa Fe. The corporation is formed along the same lines as the automobile clubs of other states and will be to promote interest in automobile activities in general. The United States Smelting, Refining and Mining Exploration company, incorporated in Maine, with principal offices at Portland, applied to the commission Saturday for permission to do business in the state. The corporation has a capital stock of \$50,000, of which \$45,000 has already been issued. The principal offices in the state will be at Pterro, with L. M. Kniffin, of that city, as state agent.

**Church to Have Clinic**  
 Dr. Thomas W. Jeffrey, pastor of the Central Methodist church of Spokane, Wash., plans to install a clinic for the physically ailing in his church, and if possible arrange for the issuance of a weekly newspaper to tell his members what is going on. The idea is to make of a church a practical social agency. Doctors who have membership in the church will be asked to operate the clinic as their special contribution to the work of the church.

**NEGRO WOMEN IS FATALLY SHOT IN ROSWELL THURS.**

Ruby Hicks died at St. Mary's hospital Thursday night at 8:30 o'clock as a result of wounds inflicted by Mrs. Alberta Eckles. The shooting occurred at 7:30 o'clock Thursday night at the corner of First and Virginia, five bullets from a .32 automatic revolver being placed in the body of Miss Hicks.

Dutch Eckles, husband of the woman charged with the crime of first degree murder in connection with the death of Miss Hicks, was shot one time in the leg. Mrs. Eckles emptied her automatic, firing seven shots in rapid succession, five of which entered the body of Miss Hicks and one of which entered the leg of her husband, the other going astray. Miss Hicks was rushed to St. Mary's hospital and died in an hour. A formal complaint, charging murder, was filed Friday morning against Mrs. Eckles, who is now in the county jail.

Immediately following the shooting Mrs. Eckles rushed to the sheriff's office and gave herself up to officers, turning over to them the gun and a letter which she contends was the cause of the fatal encounter. The gun is a new, pearl handle .32 automatic pistol, and the letter, signed "A Friend," was about what might have been expected from any unsigned epistle.—Roswell Record.

Mrs. C. T. Schenck has returned from her study of Interiors in New York City and is ready to help you. 8-26-4t

How To  
Conquer Worry

"Today is the tomorrow you wor-  
ried about yesterday." This is one of  
the best known wall-mottos in  
America. You may see it in the  
office of your lawyer, your banker,  
your grocer, your doctor.

It tells a story so marvelous that  
only those who do not think will fail  
to see its tremendous importance in  
helping to solve one of the greatest  
problems of life.

Worry is the enemy that robs  
business of its enthusiasm, home life  
of its joy, health of its blessings,  
life of its pleasure.

Worry is the most senseless of the  
numerous bad habits of man. Intoxi-  
cation furnishes a temporary exhi-  
laration; smoking has its sedative  
influence; war produces mechanical  
and scientific improvements; laziness,  
when not carried to excess, is benefi-  
cial; but worry, like fear and  
hate, destroys without upbuilding,  
and consumes without producing; its  
product is destruction minus nothing.

No good can come of it. It attacks  
the mind that should be free for  
thought that helps and for action  
that builds; and it makes its attacks  
at times when its presence is most  
dangerous.

Worry paralyses. No brain can  
function freely when that fatal force  
seizes upon the imagination. Even  
muscles fail to do their duty when  
worry is at work.

Fear stalks at the heels of worry  
and whispers new alarms into the  
ear that anxiety has made attentive.  
Ill-nature and ill-health, often even  
insanity, overcome those who might  
easily avoid them by refusing to lis-  
ten to the suggestions of worry.

To overcome worry do not trust  
to argument alone; work and laugh-  
ter are its more successful foes.  
Worry can not enter the mind en-  
thusiastically bent upon a task. Men  
who are fighting for their lives do  
not worry, they haven't time. Worry  
does not come during a fight. It  
precedes the fight and weakens the  
fighter.

Professional worriers confuse worry  
with caution and try to make  
themselves believe that the two are  
identical. They are not. Worry is  
the enemy of caution, for caution  
suggests activity, means of preven-  
tion, and methods of combat. Worry  
is fruitless; caution is valuable.  
Worry is caution made helpless and  
ineffective by fear.

He who would conquer worry  
needs most to learn one of the first  
lessons in psychology—the law of  
substitution. One cannot make rules  
to outlaw worry. He must substitute  
something for it—work, play, movies,  
novels, newspapers, and most of all,  
a consuming interest in everything  
that is going on in the world.

Worry cannot attack the mind  
busy with something else. You can  
conquer worry by substitution, for  
the mind has room in it, fortunately,  
for only one thing at a time.

The next time anything worries  
you, forget it by putting something  
in its place. Work is the best reme-  
dy, for it is easier to drive out care  
by work than by play; but we can't  
work all the time, and sometimes,  
but not often, worry is caused by  
overwork.

Practical men and women seldom  
worry; for worry is the most imprac-  
tical thing in the world. Practical  
people decide whether their state  
of worry is due to overwork, idleness,  
or indigestion, and conquer it by sub-  
stituting whatever form of activity  
they need.

TO BE EXACT

The witness had been cautioned to  
give more precise answers.  
"We don't want your opinion of the  
question," the judge told him. "We  
want it answered—that's all."  
"You drive a wagon?" asked the  
prosecuting attorney.

"No, sir, I do not," was the de-  
cided reply.  
"Why, sir, did you not tell my  
learned friend, but a moment ago  
that you did?"

"No, sir, I did not."  
"Now, I put it to you, my man,  
on your oath. Do you drive a  
wagon?"

"No, sir."  
"Then what is your occupation?"  
asked the state's attorney, in des-  
peration.

"I drive a horse," was the reply.  
—Florida Highways.

How Trains Are "Run"  
As the average train passenger  
flashes by station after station, passes  
and meets other trains, and arrives  
safely at his destination and on time,  
he is, no doubt, unconsciously grateful  
to the conductor and engineer who pil-  
oted the train. But very few people  
who travel on trains know or give  
thought to the fact that there is a  
"power behind the throne" which  
made the tracks clear and gave them  
uninterrupted passage. Back of every  
train movement is the train dispatcher.  
From him crews receive their orders,  
and upon his instructions trains are  
run. There are over 6,000 train dis-  
patchers in the United States who  
started in when they were young men  
and have become dispatchers only  
through long years of hard work and  
study.—Pathfinder Magazine.

ATTORNEY GENERAL SARGENT  
LEAVES CAPITAL FOR FISH-  
ING TRIP WITH COOLIDGE

The above photo shows Attorney  
General Mr. John G. Sargent with his  
luggage photographed just before  
he left the Capital for his home in  
Vermont where he will spend four  
weeks with Mrs. Sargent. The At-  
torney General, who is a great fish-  
erman, will visit the President at his  
camp and hold an unofficial fishing  
contest, he said, before leaving.

How Natives of Somali  
Deal With Man-Killers

Libbah, the lion, helps to make many  
reputations in Somali. So long as he  
will leave the karias (native encamp-  
ments) alone, the men are quite ready  
to leave him alone. But lions, espe-  
cially when aging and unable to catch  
game with ease, are apt to begin prey-  
ing on straying or sick camels. This  
leads to frequent raids on the stock.  
Then a herder disappears, and it be-  
comes only a question of time when  
shrieks on a dark night proclaim that  
the lion has forced a zareba (stock-  
ade) to satisfy his taste for human  
blood.

Victims will now be taken regular-  
ly, and as long as the man-killer lives  
no one knows when his turn will  
come. The men at this stage band to-  
gether to track the lion to his lair in  
daytime. Once found, they mob him,  
galloping round in circles, shouting,  
hurling spears, till they get him dazed  
and confused, when a picked man,  
choosing his moment, rushes in like a  
torador to administer the coup de  
grace.—Cornhill Magazine.

In 1925 a very large city in Michigan  
was badly infested with mosquitoes.  
Fly-Tox in carload lots was sent  
there by express to supply the de-  
mand. These people insisted upon  
the wonderful product Fly-Tox, de-  
veloped by the foremost research in-  
stitute of its kind in the world. Get  
Fly-Tox at your retailer, always in  
bottles with the blue label.

Fly-Tox tonight and sleep in comfort.

Fly-Tox the kitchen and pantry  
against ants and other insects.

Good taste and good health  
demand sound teeth and  
sweet breath.

The use of Wrigley's chew-  
ing gum after every meal takes  
care of this important item of  
personal hygiene in a delight-  
ful, refreshing way—by clear-  
ing the teeth of food particles  
and by helping the digestion.

The result is a sweet breath that  
shows care for one's self and con-  
sideration for others—both marks  
of refinement.

DID YOU EVER STOP  
TO THINK?

By E. R. Waite

THAT home money kept working  
at home helps to make prosperity for  
all.

THAT money spent away from  
home just helps to make some other  
city prosperous.

THAT when all home money is  
working at home, every industry,  
every commercial enterprise and  
every institution in the city will  
record the stimulus; the whole city  
will gather new strength and there  
will be prosperity such as the city  
has never seen before.

THAT putting home money to  
work in the home city is the most  
practical and fruitful way of man-  
ifesting loyalty to the home city.

THAT the loyalty that counts for  
most is when the people spend their  
money where it will do the most for  
the common good. When money is  
spent in the home city it stays on  
the job, working for all.

THAT people should practice civic  
loyalty, which means that no com-  
modity should be bought elsewhere  
when it can be bought at home.

CIVIC LOYALTY CONSISTS OF  
MORE THAN VERBAL BOOSTING.  
BUY AT HOME!

How Indian Cures "Cold"

When a Glacier park Indian catches  
cold he drinks hot herb tea and packs  
himself in his outdoor sweat bath,  
which is about as near to nature a  
contrivance as is possible, the Indian  
department informs us. Willow boughs  
are bent so that each end is in the  
ground four feet apart, forming a  
framework. A fire is built in the cen-  
ter of a pile of stones on the ground.  
Hides and blankets are put over this  
framework of boughs and when hot  
the fire is withdrawn and the patient  
steps in, with a pail of water. He  
keeps sprinkling the water on the hot  
stones, getting an ideal vapor sweat  
bath. "Heap heat" and his cold is  
gone.

Three figures which mean  
extra motor car value

Buick motor cars are now desig-  
nated by their wheelbase length.  
Series One Fifteen has 114½ inches  
of wheelbase. Series One Twenty is  
120 inches from axle to axle, and  
Series One Twenty-eight measures  
128 inches.

Many cars, several inches shorter  
than Buick and without advantages  
offered by Buick design, are priced  
considerably higher.

Compare the wheelbase length of  
other cars to Buick, before you  
spend your money.

# Saturday

### FIRST BALE OF COTTON PICKED BY JENKS; WAS BRO'T IN SATURDAY

The first bale of cotton to be gathered in this section was brought to the Alfalfa Association gin here Saturday by W. F. Jenks. Owing to delays in testing out the machinery at the new gin, the bale of Mr. Jenks was not ginned until Monday afternoon. C. A. Buchanan, living on the C. A. P. ranch, southeast of Artesia brought a bale to the Farmer's gin here Monday afternoon, which was ginned shortly after his arrival. Mr. Buchanan's bale being the first to be ginned here this season.

It is understood that a premium will be given the grower of the first bale, following the custom as made during the past few years by the business men of Artesia. Whether both bales will be placed on Main street and auctioned to the highest bidders, is not known at this time, however, arrangements are underway to have the bale of Mr. Buchanan auctioned off. The staple obtained in the new crop of cotton is said to be very good and the price will likely range above the average.

Several other farmers were due to arrive in town yesterday with cotton and it is anticipated that all gins will soon be running full time. The leaf worm, which for a time threatened to cut short local production, have been brought under control in practically every section and it is hoped that little damage will be experienced during the remainder of the season.

Farmers determined not to be out done have lost no time in spraying their cotton, it is for this reason that the work of the leaf worm has been effectively checked.

**The Enrollment.**  
The school enrollment at the close of school Tuesday was 706, of which 281 were in Central, 232 in Junior High and 193 in High School. This is an increase of 43 pupils over what

### SIX INCHES OF RAIN FALLS IN SECTION NEAR HOPE SUNDAY

Heavy down pours are reported in several places during the past week. A small section in the Hope community, near the Penasco river appears to have received the heaviest shower Sunday evening, which resembled a severe water spout. About six inches of rain fell on the Lee Glascock place and caused considerable damage by washing. All of the hay recently cut and waiting to be baled was swept away, likewise many sheep on this farm were reported to have been washed down the river, but none were lost, according to reports.

Heavy rains west of the north highway interfered with the traffic between here and Roswell Monday. Many who attended the labor day picnic at Roswell were held up by high waters between Dexter and Hagerman. A concrete dip just this side of Dexter reached flood proportions and delayed numbers of motorists. Part of the abutment on the new bridge over the Felix just north of Hagerman was washed out, but did not entirely stop the traffic.

### CHAS. ADAMS DIES IN GALLUP FROM SELF INFLICTED WOUNDS

(Continued from first page) He is well known throughout the southwest, especially in the Carlsbad, Artesia and Alamogordo districts.

F. H. Adams of the Franciscan Motors company of this city, a brother of Charles Adams, left early Saturday morning for Gallup in a race with death to his brother's bedside.

According to M. G. Keenan, of Albuquerque, secretary of the cattle sanitary board, Mr. Adams was in good health and apparently in the best of spirits when he visited the sanitary board office here Sunday.

### Too Late to Classify

Will take a limited number of pupils in expression. Phone 9F2. Mrs. J. C. Allbright. 9-9-12

we had at the same time a year ago. This increase is mostly in the High School and the first grade at Central, the latter having enrolled 92 children. By grades the enrollment is as follows: first, 92; second, 58; third, 51; fourth, 63; fifth, 55; sixth, 61; seventh, 66; eighth, 50; freshman, 84; sophomore, 49; junior, 32; senior, 28; Mexican room, 17.

The board thought the enrollment would be less this year than 'ast and therefore employed two teachers less—27 in all. But it was necessary to get some substitutes to help take care of the crowded enrollment. These were Miss Leona Allinger, who will go away to college soon, and Miss Ruth McFadden, who is an applicant for the work permanently if the demand continues.

### EDWARD SPITZ, PIONEER RESIDENT OF N. MEX. PASSES AWAY SAT.

Mr. and Mrs. E. N. Bigler and daughter, Miss Ruth, departed for Albuquerque Saturday after receiving a telegram Saturday morning announcing the death of Mrs. Bigler's father, Edward Spitz, which occurred Saturday morning. Mr. Spitz had been in poor health for several months, but his condition was reported to be normal in a letter received by Mrs. Bigler the morning of her departure.

A short history of the life of Mr. Spitz was contained in the Albuquerque Morning Journal of Sunday is as follows:

Edward Spitz, one of the oldest pioneers of New Mexico, died at 8 o'clock Saturday morning at his home in the Eller apartments after an illness of about two months.

Mr. Spitz, who was connected with Louis Ifield in business, had been in poor health for the last several years but kept on with his work until two months ago. He would have been 82 years old October 8. He is survived by his wife, Emma Spitz, a daughter, Mrs. Lillian Bigler of Artesia and a brother, B. Spitz, the postmaster. Ernest Spitz of the Charles Ifield company is a nephew.

Mr. Spitz was born in Bohemia in 1844 and came to America in 1861. He came to New Mexico in 1863, during the covered wagon days and went into the mercantile business with the firm of Ifield Brothers at Santa Fe, where he remained until 1875, when he moved to Rio Arriba county and opened a branch with Louis Ifield. He remained in Rio Arriba until 1878 and then opened a branch with Louis Ifield in Albuquerque and continued with Mr. Ifield until the time of his death.

Although in poor health, Mr. Spitz time and again refused to be pensioned by Mr. Ifield, coming down to work when it was most ill-advised for his health's sake. Even after he was confined to his bed, he asked that his books be brought him, so that he might continue with his work.

The pioneer seldom talked about himself or his affairs and it was learned that he had been in Washington the night Abraham Lincoln was shot. This incident took place on one of his eastern trips for the Ifield firm.

Those connected with Mr. Spitz in any way have nothing but highest praise for him. Mr. Ifield said, "He was always a man of great principles, a staunch and loyal friend; his character was of the highest and his integrity was absolutely unquestionable. He was a very devoted husband and father."

### FIRE AT HORNBAKER HOME

Fire, which broke out in the residence of W. R. Hornbaker, south of Artesia yesterday morning, came near proving disastrous. The blaze is reported to have originated from an oil stove in the kitchen, but was brought under control before the arrival of the fire department. Some of the wood work in the kitchen was burned and the interior slightly damaged by smoke.

### STATE ENGINEER TO LOOK OVER HOPE PROJECT

State Engineer Neal was due at Hope yesterday to begin a survey of the proposed new water supply for the Hope farmers. Sites will be surveyed on the Penasco river for the purpose of putting down artesian wells. A new reservoir has

### MANY LOCALS ATTEND THE THREE-DAY MEET I. O. O. F. ENCAMPMENT

A number of Artesians returned the first of the week from the Ruidoso, where they went to attend a three day meeting of the I. O. O. F. encampment and witnessed the higher degrees of this order conferred on a number of candidates in the open.

Among those attending were: C. Bert Smith, grand scribe; E. A. Hannah, past grand patriot; T. E. Hinshaw, A. B. Coll, S. E. Ferree, D. N. Gray, E. C. Gray, Ed Conner, Ross Conner, Abe Conner, Victor Buel, Louis Schnoor and W. A. Martin.

A number of ladies visited the camp for an outing during the meeting, among whom was Dr. Lura L. Hinshaw, of Artesia.

### SKELLY WELL EXTENDS POOL FIVE MILES TO THE WEST

(Continued from first page) making a producer. Should Kenneth Wooley be successful as everyone is hoping it means that eastern New Mexico has one of the greatest potential oil fields in the country.

With the Skelly in, interest will turn to the No. 1 of Bruce Sullivan in the SE 1/4 of Sec. 1-18-31, which drilled out of the salt at 2040 feet, the Maljamar No. 1, Grace Mitchell in the SW 1/4 of Sec. 5-17-32 and the Ohio Oil Co. No. 1 on the Wm. Mitchell permit in Sec. 18-17-32.

In the Artesia pool the Decum Development Co. are cleaning out their No. 1 on the Vandagriff permit in the center of Sec. 5-17-28, following a shot run in the 2250 foot sand. A small producer will probably be made. Flynn, Welch & Yates are completing their No. 51 in the NW 1/4 of the NE 1/4 of Sec. 28-18-28, it being shot today from 2090 to 2120 feet.

West of Lake McMillan the Hamilton Petroleum Co. have a good chance to make a well in their No. 1 Billings in Sec. 12-19-26, which has picked up a sand at 1125 feet. Casing is being cemented and the well will be drilled in during the coming week. Phillips & Welch have started another well in the SE corner of the NE 1/4 of the SW 1/4 of Sec. 18-18-28, it being down 300 feet.

Another location to be made on the cap-rock is the No. 1 of The Exploration Co., of San Angelo, Texas. They have ordered rig timber to the NE 1/4 of Sec. 25-19-35.

### PREVENT TYPHOID

Practical measures for the prevention of typhoid fever are known. They have been tested in many different parts of the world and in every instance, they have proved effective. It is, therefore, within the power of any community of intelligent persons to fix its own typhoid fever rate.

Typhoid fever prevalence depends upon insanitary conditions in respect to the disposal of human excreta. The improvement of sanitary conditions in Eddy county is one of the vitally important problems confronting us, both as individuals and as a county.

In Carlsbad and Artesia, all property in reach of the sewer should install water flush toilets. In small villages and in the country, sanitary toilets should be made. They cost but little and may save a long spell of typhoid fever.

The health department can furnish plans that meet the requirements of the state and will "ake pleasure in discussing the plans with anyone.

Advocate want ads get results.  
Advocate want ads get results.

also been proposed and the site will likely be surveyed by Engineer Neal before his work is completed there.

### MALJAMAR TOWNSITE COMPANY STARTS OFF WITH BANG TUESDAY

The Maljamar Townsite Co., made an auspicious start this week. Twenty lots were sold the first day they were offered to the public. The improvement program now underway is being pushed as rapidly as possible. Four truck loads of material left here yesterday for the new hotel, soon to be constructed in the heart of the business district. The hotel will not be anything fancy according to the owners, but will be a substantial one story structure, 44 by 56 feet.

Drilling is now progressing on the town's first water well. Other improvements are expected to follow.

With two producers, ten wells drilling and twenty locations made, Maljamar will provide homes for the workers, scouts and oil men, who in the past have been forced to drive to Artesia.

### SUFFERING FROM SPIDER BITE

Jim Simpson, pioneer ranchman, living east of the river, who was bitten by a spider last Sunday a week ago, is reported to be in a serious condition. He was resting fairly well at the last report, although his condition is still regarded as grave.

### A CORRECTION

In the ad of Ferriman & Son, appearing on page 9, it was erroneously stated that both daytime and evening dresses would be included in their special offer on new fall dresses for Friday and Saturday. Evening dresses are not included in this sale, neither are the wool dresses offered on sale.

### HIGHWAY EX NOW SURFACE THE DEEP SANDS

The worst of the road on the oil field section to the Maljamar county is now in cond. Approximately one and of the portion of and of the deep sands has The highway grader now working full time the grade along the re three miles of grade.

On account of a show trucks, the surfacing somewhat delayed, is now used to haul g tension to the highway be completed within days.

### PRIZE GARDEN

Under the auspices of the Extension Department of Club thirteen boys at the Junior High School prizes in having the this summer. The de much gratified at the by the children and the garden division, M states that the depart into action earlier hope for still greater young folks. The prize vegetable garden was ley Bullock. Charley of several articles of Boy Scout canteen, w sented by the Joyce-Virginia Hawkins w prize for the prettiest and received a box of fine linen handkerchie given by the Peop Company. The prize play last week.
