ARTESIA, NEW MEXICO, THURSDAY, MARCH 20, 1930.

NUMBER 14

Still Center Activity County

Wells Start In Oil Men Watchments On One P. Area—Eddy

The county continues to hold its own in the oil activity in New Mexico and developed to increase with drilling. Two locations in the Hobbs area, one mentioned last week, the McKinley No. 1, operated by the McKinley Oil Co., and the Hobbs No. 1, operated by the Hobbs Oil Co., are in the SW 1/4 Sec. 16-23-36, offset No. 3 of the Texas well developed 9,000 feet to 3,360 feet and promising for the big next 300 feet. Drilling below 3,450 feet. It has been registered outcome of the Arnold-Dexter in the Eddy area, which encountered sulphur water at 2,283 feet. Preparations have been made for a county test, which may be held in the territory, this being the F. W. & Y. NE SE sec. 19-19-28, at a depth of 2,283 feet.

OFFICIAL PERSONNEL OF NEW MEX. OIL MEN'S ASS'N. IS COMPLETED

William Dooley, secretary of the New Mexico Oil Men's Protective Association, announces the complete official personnel of the association, which has recently been completed with the selection of the advisory board. The association is now in the midst of a membership drive and expects to add several hundred members to the roster before the close of spring. The advisory board is composed of oil men from various parts of the state and follows: James McDowell, Albuquerque; V. S. Welch, C. J. Dexter of Artesia; W. A. Moore, Frank Dauron and D. D. Bodie of Carlsbad; E. E. Jack of Clovis; Hugh A. Roberts of Elida, Dr. H. E. Elliott of Fort Sumner; Perry Coon of Gallup; H. B. Wright and M. B. Stevens of Las Cruces; J. S. Eaves and B. A. Christmas of Lovington, Paul M. Jones of Portales; Keith Crouse, F. E. Levers, A. N. Etz, Ross Malone and S. P. Hanifin of Roswell; T. N. Espe, Frank Staplin and L. E. Elliott of Santa Fe.

PARK BOARD

Afternoon, C. E. Mann, who presented a new city park composed of Mesdames W. S. Williams and M. Mrs. Frank Miller was named on the board. The new board is expected to be very active in the welfare of the city. The plan of improvement.

ARTESIA DAIRY GIVEN OK

The Artesia Dairy has been given an OK as a producer of grade A raw milk by representatives of both the state and United States health departments. Tuesday Paul Fox, of Santa Fe, state sanitary engineer in company with Dr. Clarence Smith with the United States Health Department and Dr. O. E. Puckett, county health officer, visited the Artesia Dairy and were highly pleased with the recent improvements made by the management and the sanitary conditions. The Artesia Dairy has been rated a grade A dairy, meeting the requirements of the U. S. Public Health Service.

Woodstock Typewriters for sale at The Advocate.

BASKET PICNIC TO BE HELD AT MAYHILL TO CELEBRATE NEW ROAD

Citizens of Mayhill have extended an invitation to the citizens of Artesia through the Artesia Chamber of Commerce to attend a basket picnic to be held at Mayhill, Sunday, March 23rd, commemorating the completion of the new highway from Cloudercroft down James canyon to Mayhill. The Cloudercroft Mayhill stretch of road, twenty miles in length, leaves only about ten miles of rough road between Artesia and Cloudercroft to be worked, the rough road lying between Elk and Mayhill. Local citizens are hopeful that the roughest portion of this road may be eliminated before the heavy tourist travel begins. It is hoped that a number of local residents will be able to attend. Bring your baskets.

PLANS UNDERWAY FOR HOLDING PECOS VALLEY I. O. O. F. ASSOCIATION

Members of the Artesia Odd Fellow and Rebekah lodges with a few invited guests enjoyed a joint social at the old American Legion hall Monday evening. Refreshments were served and the lodge members and guests enjoyed bridge and dancing until a late hour. The proceeds of the entertainment will be applied toward defraying the expenses of the 19th anniversary of the Pecos Valley Oddfellow Association which will be held here the 25th of next month, commemorating the 111th anniversary of the order of Independent Odd Fellows. Monday evening's social was preliminary to extensive plans, which are in the making to entertain the largest number of visitors ever seen at a gathering of this sort. Included in the list of visitors will be a number of distinguished Odd Fellow officials. Among these are: J. H. Davis, of Tacoma, Washington, special deputy grand sire; T. L. Monroe, of Clayton, grand master of New Mexico; Mrs. Margaret Jackson of Tucumcari, president of the Rebekah assembly; O. E. Silver of Albuquerque, grand patriarch. The valley anniversary meeting will also include a state conference of Odd Fellow officials.

WEDNESDAY MARCH 29TH DESIGNATED AS CLEAN DAY FOR ARTESIA

Wednesday, March, the 26th has been designated as "Clean Up" day for Artesia, under the direction of George Frisch, general chairman of the campaign. A free pass to the picture show will be given to each student who presents a certificate from the Chamber of Commerce showing that he or she has cleaned up a lot before the date of the campaign. These statements can be secured from the Chamber of Commerce office and are given through the courtesy of the Majestic Theatre. On clean up day every merchant is requested to close his store not later than one p. m. and remain closed until at least four p. m. Most of the merchants who have been interviewed in regard to this movement have displayed a decided willingness to cooperate in every way and we hope to be able to show that we all have the interests of the community at heart by doing our bit.

STORES WILL CLOSE FROM 1 TO 4 P. M.—TRUCKS WILL CANNASS DISTRICTS TO HAUL OFF TRASH—COMMITTEES TO MEET TUESDAY.

The following telegram received by V. S. Welch this morning is self explanatory: VAN S. WELCH, Vice President Independent Petroleum Ass'n. of America, Artesia, New Mexico.

AMENDMENT LOST BY VOTE OF 37 TO 30—FIFTY CENT DUTY ALSO LOST BY FOUR VOTES—THE INDEPENDENTS FOUGHT GOOD FIGHT.

The oil tariff amendment lost tonight by vote of thirty to thirty-seven after which Pine offered amendment of fifty cents per barrel and twenty-five per cent ad valorem refined products which lost by a vote of twenty-eight to thirty-two. Upon my return to Oklahoma and as soon as same is convenient expect to call general meeting of the association at some central point for general reorganization and formation of further plans to carry on this fight and other arrangements for general good of industry. We fought a good fight.

OIL TARIFF FAILS TO PASS SENATE AFTER A BITTER FIGHT ON FLOOR

Press dispatches from Washington throw further light on the tariff fight as follows: Eight democrats and 21 republicans supported the oil duty proposed by Senator Thomas, democrat, Oklahoma. There were 18 republicans and 20 democrats in opposition. The Thomas amendment was defeated previously by a vote of 39 to 27. Senator Thomas had assailed the lobby committee during the debate for "raiding private offices" in its investigation of the activity of the independent oil producers for a tariff. Charges of vote trading were raised as the senate investigators struck back.

MORE TREES FOR FIRST STREET

The general committee consisting of J. H. Jackson, Dr. H. A. Stroup, George Frisch, Walter Douglass and Mesdames J. J. Clarke, Jess Truett and C. R. Blocker, recently appointed by the Chamber of Commerce on the tree planting campaign, met with the city council last evening. The purpose of last night's meeting was to secure the aid of the city in caring for the trees that might be planted along the highway. There is no practical plan by which the city might aid the movement this year. It was decided to encourage the property owners to plant and care for more trees and to concentrate on the planting of trees along First street. Chinese elm has been recommended as the most desirable tree for planting in this section. Any property owner or others interested in the planting of trees may obtain information relative to the price, etc., by calling any member of the committee.

ATTEND GRAND LODGE AND GRAND CHAPTER

E. A. Hannah, R. G. Knoedler and Arba Green with a fellow Mason from Hope left Sunday to attend Masonic Grand Lodge in Clayton this week. Mr. Green remained to be present at Grand Chapter of the Eastern Star, which convened to-day at the same place. The other men are expected home this evening. The Artesia Star is being represented at Grand Chapter by Mrs. Jessie Morgan, grand secretary, Mr. and Mrs. E. H. Perry and Mrs. Arba Green.

DR. LOUCKS REPAIRS GARAGE

Workmen are repairing and remodeling the garage building of Dr. Loucks on South First Street. The exterior of the building will be rebuilt and the interior repaired. Quite a number of improvements will be added.

HOTEL COFFEE SHOP UNDER NEW MANAGEMENT

Messrs. Richards and McMinn, who have operated the Artesia Coffee Shop for the past several months have sold their interest in the establishment to J. C. Tume, formerly of Sweetwater, Texas. Mr. Tume is an experienced coffee shop man and formerly operated the Wright hotel dining room at Sweetwater.

ICE TRUCKS ON DUTY

The Southwestern Public Service Co., has recently remodeled and repainted two ice trucks and the trucks are now ready for service. Regular runs will be inaugurated in residential section when the demand justifies.

SPRING MOHAIR CLIP IS COMING IN RAPIDLY FROM PINON-AVIS DIST.

The spring clip of the Pinon-Avis Angora Goat Association will soon be finished and the clip is being brought in rapidly now. More than 12,000 pounds has been stored at the Bullock warehouse and the bulk of the spring wool crop will be stored within the next five or six days. Both the quantity and quality of the spring crop will compare favorably with the clip marketed here last fall, which amounted approximately 130,000 pounds. The entire amount will be offered at public auction, the date of which will be announced later.

DATE SET AFTER COMMITTEE MEETING HERE TUESDAY—DISTRICT CONVENTION TO BE HELD AFTER PRIMARY TO CERTIFY NOMINEES.

Thursday May 15th, was the date set for the democratic primary in Eddy and Chaves counties, by a committee meeting in the office of Judge G. U. McCrary at 3:00 o'clock Tuesday afternoon. The Eddy county committee favored an earlier date, but owing to the fact that politics in Chaves county have been rather inactive until the present time, it was agreed that May 15th was the most logical date for both counties. Candidates receiving the majority or plurality in Eddy county will be certified as the democratic nominee by the county chairman to the district convention, which will be held at a later date. A district convention is made necessary this year owing to the fact that Lea county has adopted the convention system and will hold no primary as heretofore. The committee representing Chaves county at the meeting held here Tuesday included R. F. Ballard, of Roswell, county chairman and ex-officio member of the committee, Lea Rowland and J. C. Gilbert, both of Roswell. The Eddy county committee was composed of G. U. McCrary, county chairman, James Stagner, of Carlsbad and J. H. Jackson, of Artesia. A copy of the agreement between the respective committees of the two counties follows:

CHAMBER COMMERCE TO AID IN COTTON GROWING CONTEST

The greatest cotton contest ever held in the state of New Mexico will be sponsored by the Artesia Chamber of Commerce. The purpose of the contest is three fold. First it is the desire of the Artesia Chamber of Commerce to prove to the world that our farms are as productive as those found anywhere else in the country. Second we wish to ascertain the best methods of farming by demonstrating that the best yields are the result of careful planning, preparation, planting, cultivation and selection of the best seed. Third we wish to encourage every farmer in establishing a cost record system in his farm operations. Every farmer entering the contest will be asked to keep an accurate record of all costs, including labor, cost of seed, fertilizer and handling. To encourage entrants in this contest it is proposed to give the largest cash prize ever offered in this section. All details will be published in the next issue of the Advocate. Rules and regulations will be published at that time, but it is requested that every one interested file his entry with the manager of the Artesia Chamber of Commerce this week. If any citizen of this section is interested in aiding in the contest, the Chamber of Commerce will be glad to receive any cash donations to the prize fund. Farmers having tenant operators can encourage better methods by assisting the Chamber of Commerce financially in this undertaking. Select your five acre tract, buy only long staple seed and wait for details in the Advocate next week.

LAKE ARTHUR ATTENDS HIGH SCHOOL DAY AT THE CAVERNS

The Lake Arthur school had a large delegation at the High School Day at the Carlsbad Caverns, over the week end. About fifty students and teachers made the trip. Among the teachers were Miss Lillian Paris, senior sponsor; Miss Mae Brewer, Miss Ruth Smith and Mark Matley.

ELEVEN HUNDRED AND FIFTY TWO STUDENTS GO THROUGH CAVERNS

Governor R. C. Dillon's jubilee day in the Carlsbad Caverns brought eleven hundred and fifty-two students and teachers of eastern New Mexico high schools to Carlsbad. Also there were representatives of the University of New Mexico, and New Mexico Normal University. The tourists who joined the party brought the number of visitors to 1,328. In the big room of the cavern a brief welcome was extended by Superintendent Thomas Boles to which Governor Dillon responded. The quartette from the New Mexico Normal University sang. Governor Dillon led the party which made the first use of the new cavern trail which does away with a switch back in the tunnel at the jumping off place.

MAY 15TH IS DATE SET FOR PRIMARY FOR EDDY-CHAVES

Thursdays May 15th, was the date set for the democratic primary in Eddy and Chaves counties, by a committee meeting in the office of Judge G. U. McCrary at 3:00 o'clock Tuesday afternoon. The Eddy county committee favored an earlier date, but owing to the fact that politics in Chaves county have been rather inactive until the present time, it was agreed that May 15th was the most logical date for both counties. Candidates receiving the majority or plurality in Eddy county will be certified as the democratic nominee by the county chairman to the district convention, which will be held at a later date. A district convention is made necessary this year owing to the fact that Lea county has adopted the convention system and will hold no primary as heretofore. The committee representing Chaves county at the meeting held here Tuesday included R. F. Ballard, of Roswell, county chairman and ex-officio member of the committee, Lea Rowland and J. C. Gilbert, both of Roswell. The Eddy county committee was composed of G. U. McCrary, county chairman, James Stagner, of Carlsbad and J. H. Jackson, of Artesia. A copy of the agreement between the respective committees of the two counties follows:

CITY ELECTION

The date of the city election has been set as Tuesday, April 22nd. At this time a mayor and four aldermen will be elected under the new form of government. A city ordinance, is being published in this issue, which gives the divisions and subdivisions for the respective wards. So far the coming city election has attracted little interest.

CHAIRMAN DEMOCRATIC CENTRAL COMMITTEE OF EDDY COUNTY.

JAMES W. STAGNER, Democratic Central Committeeman. R. F. BALLARD, Chairman Democratic Central Committee of Chaves County. LEA ROWLAND, Democratic Central Committeeman.

IT'S HARD TO KEEP A GOOD MAN DOWN

Judge G. U. McCrary, chairman of the Eddy county democratic central committee tried to turn in his resignation the other day at a committee meeting in Carlsbad, but nobody seemed to be willing to accept the resignation, so Judge McCrary had to keep his job. Now he is wondering what the bunch had against him. We think, however the fact that the committee handed the job of county chairman right back to the Judge is pretty good evidence that he is an efficient county chairman.

WHAT ARTESIA NEEDS

What Artesia needs most of all, if the town develops as we hope that it will, is to build up within the corporate limits, rather than trying to spread over the country side by the various additions. A town with the residential and business section built compact has a distinct advantage over the town that may be scattered over two or three sections. A paving program, a sprinkling district and various civic improvements can be maintained much easier, where the buildings are grouped close together. Another thing that is badly needed is to amend or fix the delinquent tax law so that a home builder may be able to buy a choice residential or building site, without having to go the outer edges of town. It appears as though Judge Jackson has hit on a possible solution in advocating the organization of an improvement association. Whether or not the improvement association will undertake an extensive building program remains to be determined, but it may pave the way for a prospective home owner to buy a homesite and thus add to the revenue of the state and county.

Harris—"What's the matter, old boy?"
Lydon:"I just heard a good recipe for home brew, and I haven't any home."

A COUNTY TRAFFIC OFFICER

That reckless driving and traffic violations have become of serious concern to the people of this section, is shown by the recent report of the Eddy county grand jury. Investigations made of alleged reckless driving etc., has led to the jury to make an urgent plea that a traffic officer be secured at the earliest practical time and until such time as a special officer can be secured, the jury recommends that the auto violations be looked after by the sheriff's department and the local officers.

A DEMOCRATIC YEAR

1930 looks like a democratic year in state politics, according to observations made by many political forecasters. Democratic leaders are concerned chiefly with the problems of finding a standard bearer who will prove popular in all parts of the state. Gubernatorial timber isn't lacking if the suggestions made from various parts of the state mean anything. Among the possible candidates who have been prominently mentioned include Dr. J. J. Clarke, of Artesia; Col. Sellers of Albuquerque, who says that he is willing; Judge A. A. Kiker of Raton; Judge Carl A. Hatch of Clovis; Arthur Seligman of Albuquerque; J. F. Hinkle of Roswell and John Morrow of Raton.

NEW NAME FOR CAVERN UNLIKELY

While a few residents of the lower valley have become somewhat alarmed over the suggestion of the Denver Post that the name of Carlsbad Caverns be changed, most people do not take the suggestion seriously. It would be rather a difficult task to change a name that has been as widely advertised as the Carlsbad Caverns, especially in view of the fact that the name has become rather firmly established in the minds of the people for miles around. Regardless of whether or not a more appropriate name could be found, we believe that any change attempted would be detrimental to the fame and popularity of the caverns at this time.

FARM RELIEF

Judging from the present market situation, the national farm relief isn't going to relieve the farmer. It may have the opposite effect. Like any other group of people, the relief of the farmer is largely up to his own efforts and the relief in this particular section is dependent upon a wider diversification. As long as many farmers refuse to be "tied at home," with a bunch of cows, chickens and hogs, choosing rather to take a chance on one crop and live out of a paper sack, just that long will they be looking for relief.

In this connection the Clovis News Journal remarks: No legislation ever devised by the mind of man can nullify the inexorable law of supply and demand. That law may be checked in its operation for a short time, perhaps, but in the long run it is bound to prevail. It is rather generally conceded by this time that the recent farm relief act can not and will not of itself make good times for the farmer. It is well that the Farm Board has frankly stated this fact. It is impossible to legislate against economic folly.

About all the new law can do is to bring home to the farmer that he must adopt the same methods that have been found effective in promoting the welfare of industry and business, in the practical interpretation of those terms.

Unless farmers solidly organize and stay organized, they are doomed to occupy an inferior position in the world in which all other classes combine and cooperate for mutual protection in their respective fields of activity.

The motorist called the nearest garage. "Hello," he said, "I've turned turtle. Can you do any thing for me?"

"I'm afraid not," came the sweet feminine reply. "You've got the wrong number. What you want is the zoo."—Christian Advocate.

INSIDE INFORMATION

Group all early-maturing crops together in the truck garden and immediately after harvest turn down or remove the plant remains and plant a different crop in their place.

Cloth or pads for straining milk should be used only once as it is difficult to sterilize them after use. They may be purchased from any dairy supply house at a reasonable cost.

Spring greens that grow wild will soon be available for the trouble of picking them. Dandelion, poke, mustard, land cress and various others are valuable in the diet and appetizing as a change.

It is a help in training a small child to dress himself, if the fastenings of his clothes are always found in the same place. Buttons for trousers should be placed where he can reach them easily and in the same place on all his trousers.

To clean upholstered furniture, use either a vacuum cleaner or a brush. A soft brush is best for velvet and velour, a stiffer brush for tapestry, and other strong, firm materials. When convenient, take upholstered furniture out of doors occasionally and beat with a flat carpet beater.

For variety in menus in which pork is the main dish, good flavors are celery, cabbage, cymbings, green peppers, parsnips, sweet potatoes, apples and pineapple. These may be cooked in any of the ways you are accustomed to serving them, and used singly or in combination.

The vogue for tomato cocktails, made of the juice of canned tomato, seasoned with celery, onion, horseradish and salt and pepper, is excellent because it adds to the day's supply of three valuable vitamins—A, B and C. These vitamins are retained by tomatoes even when they are cooked or canned, and the inclusion of tomato in the diet is recommended by all nutrition specialists.

MANDAMUS SUIT OF ATLANTIC OIL CO. IS POSTPONED AGAIN

Suit of the Atlantic Oil Producing company against the state commissioner of public lands has been postponed until some time after March 24, it was stated Saturday by Herman Crile, of Hurd, Crile and Webb, of Roswell.

The case is a mandamus action involving an interpretation of the 1929 law. According to the memorandum, the question involved is whether, under section 14, of chapter 125, 1929 law, the holder of an oil land lease can surrender his old lease and receive in place a new lease for another five years, or whether he may

renew his lease claim only for the remainder of the unexpired time limit of the old lease.

The case was set for hearing on March 14 before the state supreme court. Due to the sudden illness of Associate Justice Parker, the case was postponed until after March 24.

The suit is a test case under the new law, and of vital importance to oil interests in the state. The Atlantic company has extensive holdings in New Mexico.

Aged Mountains
The Great Smoky mountains in eastern Tennessee and western North Carolina are believed by some scientists to be among the oldest in the world.

Author Unknown
It is not known definitely who wrote "The Girl I Left Behind Me" or the year in which it first appeared. It was sung so long ago as in 1700.

PENNEY SALES SHOW GAIN

Gross sales of the J. C. Penney Co., for the month ending February 28th were \$11,196,696 as compared with gross sales for the same months of 1929, of \$9,377,897. The gain over last year was \$1,818,798 or 19.39 per cent.

In its annual statement for 1929, the J. C. Penney Co., reported 1372 stores in operation at the close of the year with 125 new stores scheduled for opening this year. Present report shows 24 stores opened in the first two months.

Commenting on the sales report, E. C. Sams, president, said, "These gains are a reflection of general buying in the dry goods field in every state of the United States as compared with buying of last year."

"They would seem a discount to a very definite degree certain statements regarding business recession and to point to a stabilization of general conditions on a favorable basis."

Commenting on the sales report, E. C. Sams, president, said, "These gains are a reflection of general buying in the dry goods field in every state of the United States as compared with buying of last year."

"They would seem a discount to a very definite degree certain statements regarding business recession and to point to a stabilization of general conditions on a favorable basis."

"The comparison of gain for this year over 1929 when studied in connection with the some situation last year is especially illuminating. It reveals a per centage increase in sales on a strictly comparative basis for the first two months of the year three times as great as that of the year previous."

Gross sales of the J. C. Penney Co., for the month ending February 28th were \$11,196,696 as compared with gross sales for the same months of 1929, of \$9,377,897. The gain over last year was \$1,818,798 or 19.39 per cent.

In its annual statement for 1929, the J. C. Penney Co., reported 1372 stores in operation at the close of the year with 125 new stores scheduled for opening this year. Present report shows 24 stores opened in the first two months.

Commenting on the sales report, E. C. Sams, president, said, "These gains are a reflection of general buying in the dry goods field in every state of the United States as compared with buying of last year."

"They would seem a discount to a very definite degree certain statements regarding business recession and to point to a stabilization of general conditions on a favorable basis."

THE CLUB MATINEE

The Women's club gave a successful matinee last Monday afternoon in the Central school auditorium, under the capable director, Mrs. G. U. McCrary, assisted by club members and several young people. Every home talent play demonstrates the fact that there is much buried talent in every community, and the entertainment of Monday afternoon was no exception to the rule. All who took part did well and had their share in making the show go over big. The outstanding feature was the playlet, "That Blonde Person," with Mrs. Ralph Henson in the leading role, in which she acquitted herself very creditably. Mrs. Arba Green as the Irish washerwoman supplied the humorous element and was very good in the part. Mrs. Stanley Blocker as the sister, Mrs. Veville Muncy and Mrs. Earl Darst, as the two officious friends and Mrs. Carl Joiner as the stylish maid completed this excellent cast.

A number of specialties contributed to the success of the afternoon. A charming Dutch windmill dance, the first number on the program, was given by the courtesy of Miss Neil Wilkinson of the Junior high school. The small girls taking part in this were Elsie Jernigan and Mary Ann Miller. Mrs. Keith McCrary, who was here from Portales, very kindly consented to give a delightful Irish reading, "Between Rounds," by O. Henry. There were two attractive, colorful, numbers, "Chile Con Carne Eyes," in which Mrs. J. G. Littlejohn enacted the title role with three young men—Carroll Graham, Dare McLean and Autie Sanders, the others in the cast, and a Spanish dance put on by Miss Louise Compton and Cavitt Jackson. The closing feature was a minstrel-ette, "A Negro Family," arranged by Mrs. Fred Brainard, who took the part of the negro mammy, Mrs. Littlejohn, was the negro father, Mrs. W. E. Kerr, the swell daughter, Miss Jimmie King, the big boy, and the three little "chillun," were: Dorothy Berry, Joan Littlejohn and Helen Meredith Gates, who all made a hit as funny "cullud" folks, and whose part was one of the most popular in the entertainment. Rev. Harold Scoggins preceded the minstrel-ette with two popular negro songs, "Rockin' in the Wind," and "Mighty Lak a Rose." He was accompanied by Miss Catherine Clarke, who played for all of the musical numbers.

There was a very good attendance, the proceeds of the matinee will be divided between the Harriet Donahoo scholarship loan fund for girls and the club building fund.

BULLOCK-CLAYPOOL

The following item with reference to the marriage of Miss Jessie Glynn Bullock, daughter of Mr. and Mrs. E. Bullock, of Artesia, to Mr. Daniel E. Claypool, which occurred at Fort Worth, Texas, Saturday, is taken from the Fort Worth Star Telegram: Miss Jessie Glynn Bullock, niece of Mrs. Andrew Hemphill of West Seventh Street, was married Saturday evening to Mr. Daniel E. Claypool, son of Mr. and Mrs. D. E. Claypool of Fifth Avenue. The bride is the daughter of Mr. and Mrs. Edward Bullock, of Artesia.

The ceremony, which was said by Dr. C. S. Wright, was attended by only a few intimate friends and relatives.

Preceding the wedding, Mr. Hemphill sang, "Because," accompanied by Mrs. F. L. Snyder at the piano, who also accompanied Mr. Brooks Morris in a violin number. The bride's sister, Miss Helen Bullock, played the bridal chorus from "Lohengrin" as the couple entered together.

A profusion of greenery was used at the altar, tall floor candelabra holding white cathedral tapers, with the note of simplicity making more effective the ceremony.

The bride wore an afternoon frock of beige chiffon with long soft lines and carried a bride's bouquet with a shower of lilies of the valley.

An informal reception was held after the wedding, yellow and green being featured in the decorations. Misses Allie Barcus and Bullock and Mesdames W. S. Barcus and Snyder assisted in serving the guests.

Mr. and Mrs. Claypool will make their home on Meadowbrook Drive.

THE YOUNG MOTHERS' CLUB

The club considered the traits of children as presented in a paper given by Mrs. C. A. Bulot at the regular meeting last Friday afternoon. Little Earl Cole, the five year old son of the hostess, Mrs. Louise Cole, received a number of presents from the other children of the club members in honor of his birthday anniversary. The refreshments of ice cream and cake served by the hostess were in the pretty St. Patrick colors.

FRIDAY

The P. E. O. Sisterhood will meet with Mrs. H. A. Stroup at 2:30 p. m. for its regular meeting.

Postponed meeting of the Methodist Missionary Society at the home of Mrs. Harold Scoggins at 2:30 p. m.

TUESDAY

The Idlewhiles Bridge club will meet with Mrs. Billy Cox for one o'clock luncheon.

THURSDAY (NEXT WEEK)

The Sunshine class will have a covered dish luncheon at the home of Mrs. Fred Brainard at 12 o'clock.

ST. PATRICK'S DINNER

William Dole, who always welcomes the opportunity for "wearing of the green," entertained the other officers of the Mesa Oil Co., and their wives at a St. Patrick dinner, on Monday. The dinner occurred at half past twelve o'clock in the dining room of the Artesia hotel. A long table was beautifully decorated in the St. Patrick colors exemplified in green candles, shamrock favors, green ribbons and other appropriate symbols. Covers were laid at this table for the following, who thoroughly enjoyed the sumptuous four course dinner: Messrs. and Mesdames G. R. Brainard, Martin Yates, Beecher Rowan, W. A. Moore, of Carlsbad, Miss Nola Naylor, secretary-treasurer for the company and the host, Mr. Dooley.

The Mesa Oil Company's office in the hotel was also handsomely decorated in green on St. Patrick's day.

BIRTHDAY PARTY

Mrs. Howard Williams entertained a number of little folks at the Williams home on 805 West Missouri, Saturday afternoon, honoring the 7th birthday of her daughter, little Miss Catherine Williams. A few of the mothers accompanied their children to the party and enjoyed the afternoon playing bridge. The little folks played a number of games after which refreshments of ice cream and cake were served.

Among the guests present were: Wayne Truett, Jack Denton, Ray Lewis, Albert Linell, Billy Williams, Mary Baird, Sybil Pior, Wanda Story, Louis Story, Jr. Dorothy Wake, Reba Atkins, Shirley Watson, Joan Littlejohn, Jane Shugart, Anna Mae Scoggins, Dorothy Bob Compary, Dorothy Linell.

CLUB MEETING AND BIRTHDAY DINNER

At the meeting of the "Chevie Six" bridge club at the home of Mr. and Mrs. T. C. Bird last Thursday evening, Mrs. Bird, "killed two 'Birds' with one stone," by serving a special birthday supper in honor of Mr. Bird. The supper was in two courses and was served with a charming St. Patrick setting of green favors, tally cards, etc. Mr. and Mrs. J. Leslie Martin were new members at this meeting. There were no substitutes present.

MARRIED AT CARLSBAD

Virgil Chester and Miss Viola Walters, both of Artesia were quietly married at Carlsbad Saturday. Mr. and Mrs. Chester will make their home in Artesia.

THE SECOND BRIDGE CLUB

The club were entertained at a two course luncheon at one o'clock at the home of Mrs. Aubrey Watson on the occasion of its regular meeting last Tuesday. There were two substitutes, Mrs. P. J. Phillips and Mrs. Leslie Martin.

EASTERN STAR INITIATES

The Eastern Star held a special meeting last Thursday evening for the purpose of initiating two candidates, Mrs. Davis of Carlsbad and Mrs. Van Welsh, Jr. Refreshments of sandwiches, cake and coffee were served in connection with a social hour. There were several guests from Carlsbad, two of the members who had not been present at a meeting for fifteen years. They were Mr. and Mrs. Joe Wertheim, former residents, who moved to Carlsbad at that remote period. The others from Carlsbad were: Mrs. Harrison and Mrs. Ruth Nye.

FORTNIGHTLY BRIDGE CLUB

The club was entertained at one o'clock luncheon at its regular meeting at the home of Mrs. W. C. Martin on Tuesday. There were four substitutes, Mesdames E. M. Phillips, Russell, J. H. Jackson and Ralph Henson.

THE PASSTIME BRIDGE CLUB

The Passtime Bridge Club were guests of Mrs. Lapsley at their regular meeting on Tuesday afternoon. Mrs. Ted Everts was the only substitute and won high score. The consolation score fell to Mrs. Henry Paton.

MRS. RICHARDS VISITS LEGION AUXILIARIES

Mrs. Albert Richards, department president of the American Legion Auxiliary, left Tuesday on an official visit to Corona, Las Vegas, Raton and other points in the northern and eastern sections of the state. She was accompanied by Mrs. A. C. Kimbrough.

BRIDGE PARTY

Mr. and Mrs. G. R. Brainard were hosts to two tables of bridge at their ranch home, southeast of town, last Friday evening. Following the playing a two course supper was served. The guests of Mr. and Mrs. Brainard were Messrs. and Mesdames Henderson, Yates and Dexter.

BIRTHDAY DINNER PARTY

Peggy Brainard was twelve years old Sunday and the event was properly celebrated with a dinner at the home of her parents, Mr. and Mrs. Reed Brainard, on the ranch southeast of town. Grant Scoggins also claims the same birthday and he was included in the festivities, having a splendid agel food cake with candles, similar to Peggy's. The friends and relatives, who were present to assist in celebrating the event were Peggy's grandparents, Mr. and Mrs. C. V. Brainard, Rev. Scoggins and Grant, Mr. and Mrs. J. E. Robertson and small son, James, Dawn Hornbaker, Laura Elizabeth Bullock, Glenna McLean and Martha Sinclair.

BIRTHDAY LINE PARTY

Grant Scoggins celebrated his birthday anniversary with a line party at the picture show Friday followed by refreshments at the Palace Drug Co. The children composing the party besides Grant were Peggy Linell, Donald Pior, Norma Meyers, Edith Sinclair, Johnnie Sinclair and James Robertson.

"Your Home Should Come First"

ROTARY ANNS HONORED

Wit, humor, a spirit of fun and frolic pervaded the atmosphere at the St. Patrick banquet given by the Rotary club in the roof garden of the Artesia hotel Tuesday evening as a courtesy to the Rotary Anns. The Rotarians gave up their dearly prized right of speech on this occasion and allowed Rotary Ann to talk. And she seized this rare opportunity and took off the high lights among the local Rotarians and even Baron Auriemma, came in for his share of attention. She told Irish jokes in honor of St. Patrick and altogether made the evening an interesting one for Rotary. Mrs. C. Bert Smit presided for president "Steve" and introduced the speakers among whom were: Mesdames Yates, Russell, Paris, Corbin and Miss Catherine Clarke. A Rotary Ann committee, Mesdames Gilbert, Paris, Corbin, Russell and Smith arranged the entertainment which also included a formal program given by the following: musical ensemble—Cavitt Jackson, Kenneth Compton, Thelma McCaw, Grace Sinclair, Edgar Bishop and Miss Catherine Clarke, accompanist; vocal solos, Mrs. J. K. Wallingford, and Rev. Scoggins; dance by Misses Wyoma Phillips and Louise Compton, and Dutch dance by Elsie Jernigan and Mary Ann Miller.

The table decorations were in lovely green and white colors of spring and the dinner was in three courses.

ST. PATRICK TEA

The regular meeting of the Woman's club yesterday afternoon took the form of a tea honoring the patron saint of the Emerald Isle, St. Patrick. The tea was at the home of Mrs. R. D. Compton, which was beautifully adorned for the occasion and made a very attractive setting for this social function of the club. The dining table, from which the tea was served was especially beautiful with its tall green cathedral tapers, and centered with a large bowl of lovely sweet peas, which were used lavishly in decorating the spacious home. The tea was in charge of Mrs. J. H. Jackson, who was assisted by Mrs. F. G. Hartell and Miss Catherine Clarke, who poured, and the Misses Louise Compton and Wyoma Phillips, who passed the refreshments.

An attractive program was arranged by the hostess, Mrs. Compton, and consisted of the following numbers: violin solo with piano accompaniment,—Kenneth and Miss Louise Compton; piano solo and encore—Miss Catherine Clarke; readings—St. Patrick's Day; cornet, violin and piano—Cavitt Jackson, Kenneth and Louise Compton; dance—Little three-year-old Lois Clark; dance—Misses Louise Compton and Wyoma Phillips, accompanied by Miss Grace Sinclair, who also played for the dance by baby Lois; and piano solo and encore—Miss Louise Compton.

A short business session of the club followed the tea. One new member was admitted—Mrs. Charles Ransberger. It was voted to devote the proceeds from the entertainment given by Mrs. McCrary on Monday afternoon to the club building fund and it was also voted to donate \$10 to the Harriet Donahoo Scholarship Loan fund for girls.

STATES WILL \$50,000,000 AYS IN 1930

D. C.—The plans for counties to spend for highway construction in 1930, than was spent in 1929, were cited by the department of agriculture as evidence of the enlarged construction program to relieve unemployment.

Expenditures for highways by state and the department's bureaus reported, total \$937,500,455 for local roads and

Expenditures for highways by state and the department's bureaus reported, total \$937,500,455 for local roads and

Expenditures for highways by state and the department's bureaus reported, total \$937,500,455 for local roads and

ONE'S BENT IS A GOOD AMPLE OF THRIFT

us, President American Thrift.

a survey was made of young men who had been out of college for years and it was found that a large percentage of them were in one position or another for ten years. At the end of their period they seemed to be satisfied and their real production had then begun. One of the survey commentaries was: "We were constantly in the average low position in their first ten years."

that inquiry among young men would show a tendency—i. e. that they would waste many years before settling down to the work which they seem fit to do.

worst forms of waste are those which follow a profession or business which you are unfitted to follow. Attention recently was given to the story of a successful young man who began studying law at the age of 18. He had wasted fully five years before he finally went to work in his professional profession.

Every young person early in life should have a definite idea of the line of work they wish to follow. As their aspirations are the result of their aptitude for the work, and not of parental interference or limitation, lack of background or some other factor of life make it seem impossible for the young person to follow their desires. In most cases, a serious waste of time and money goes by before the young man finally settles down to the type of work for which he seems to have fitted himself.

Remember that herein lies a lesson. What could be a more serious form of waste than to spend years in a type of employment which does not harmonize with your aptitudes? Seldom, if ever, is a man made by those who do not work and love of work is not a natural aptitude, but a task being performed. Have a worthy ambition for a particular line of work and are you performing it for years in some other employment, you are wasting your opportunity. There can be no concentration and effort where one has no definite work. The ingenuity, the indomitable determination and the great success come only to those who are performing a serious task which they love and for which they are created by nature.

MAN WAS FOUND UNCONSCIOUS FRIDAY

Land, who wandered away from his home on the upper Rio Grande last night and who was found in an unconscious condition in a field, regained his consciousness this morning and was expected to recover, according to word received Saturday.

Physicians were unable to determine the cause of Land's condition and said that unconsciousness was the result of complete exhaustion that he would probably recover within a few hours if he had been found.

Land was found by a posse searching for him, was approximately two miles from his home, lying face down and in an unconscious condition.—Roswell Record.

Typewriters for sale by the advocate.

TOURIST TRAFFIC PICKING UP

SANTA FE—Inquiries received by the Chamber of Commerce from prospective tourists indicate that the tourist traffic during the coming season should be fully as numerous as last season or perhaps greater, John DeHuff, secretary, reports.

Immediately after the stock market crash the usual fall and winter tourist traffic fell off throughout the country. In some sections it has not recovered since, but the predictions of pessimists that tourist traffic in the southwest will fall short of last year's record, are not justified by present indications, Mr. DeHuff declared. The Santa Fe Chamber of Commerce is receiving the usual number of inquiries for this time of year. Many of them are asking for transcontinental routings through New Mexico.

"During the past week I have answered a number of inquiries from

people here in Santa Fe, some of them recent arrivals, who want information for their friends planning to come to the state in the near future," Mr. DeHuff said. "Yes, there is no doubt but that tourist travel is picking up after the recent slump caused by the market crash."

"A larger percentage than usual of the inquiries are for information about hunting and fishing. These are easy to answer, since the state offers such wonderful opportunities along this line."

"I have just sent the U. S. highway 66 association pictures and descriptive material of the cities and tourist attractions along this route from Chicago, through St. Louis, Springfield, Tulsa, Amarillo, Tucumcari, Santa Fe, Albuquerque, Grants, Thoreau and Gallup, and thence west through Arizona to Los Angeles. This material will be used in a 32 page booklet the association will publish this month. This highway, running

through some of the most beautiful scenic country in the nation, rich in historical interest as it is in natural resources, bisecting New Mexico from east to west, is growing in favor among transcontinental motorists."

OIL LEASES ON MARCH 10th GAVE STATE \$12,813

SANTA FE—Oil leases brought \$12,813.90 at the monthly auction held March 10, the state land office announced Thursday.

Bids by other than the original lessees were received on nine of the 20 tracts which were put up subject to preference rights; bids on all but one of the 10 leases not subject to these rights.

The highest offer was \$5 an acre for tract No. 19.

COMPARE VALUES BEFORE YOU BUY AN AUTOMOBILE

*Low charges for distribution of the new Ford
save you at least \$50 to \$75 in addition to
the many savings in making the car*

THESE are days when every dollar counts. The period of reckless spending is over. People are going back to the good old-fashioned principles of thrift and economy. Value is again being carefully considered.

Nowhere is this more important than in the selection of an automobile. For the purchase of a car represents a considerable investment. It should not be decided on hurriedly, but only after analyzing every important factor that concerns cost, value and performance. The time to do this is before buying—not afterward when it is too late.

ON THE basis of cost, performance and the actual comparative worth of every part, the new Ford is a value far above the price you pay. It is made of better materials and with greater care and accuracy because of the recognized efficiency and economy of Ford manufacturing methods.

The value of these methods is known and understood by millions of people. It is not generally realized, however, that these same principles of efficiency and economy are applied also to every step in the distribution of the Ford car. The low cost of selling, financing time payments, etc., means a direct saving to you of at least \$50 to \$75 in addition to the money saved by Ford economies in making the car. There are definite reasons why this is so.

(1) The Ford dealer does business on a smaller margin of profit because of the greater number of

cars he sells. His discount or commission is the lowest of any automobile dealer. The difference in your favor, ranging from 25% to nearly 50%, comes right off the price you pay for the car.

(2) No expensive extra equipment is needed when you buy a Ford. The car leaves the factory ready for use. The f.o.b. price includes a Triplex shatter-proof glass windshield and an extra steel-spoke wheel, in addition to four Houdaille double-acting shock absorbers and fully enclosed four-wheel brakes. Any accessories you may wish for your individual taste are sold considerably below the usual prices.

None of these charges for selling, financing or accessories is marked up or increased to cover a high trade-in allowance on a used car.

Get all the facts, therefore, before you buy and figure out just what you are getting for your automobile dollars. Go beyond the f.o.b. price and find out how much more you pay the dealer than the dealer pays at the factory. Analyze the used-car allowance. Compare all charges—item for item—value for value.

WHEN you do this you will have a new appreciation of what the Ford Motor Company and Ford dealers are doing to keep down the cost of Ford cars. You will also know why it is possible to put so much real value into the new Ford and still retain the low price. The money you pay goes for value in the car. It is not wasted in excessive costs in manufacturing or selling.

FORD MOTOR COMPANY

RULES, REGULATIONS GOVERNING THE COMING DEMOCRATIC PRIMARY

The following rules and regulations, governing the coming democratic primary were adopted at a meeting of the central committee at Carlsbad last week.

1. The County Chairman shall appoint three judges in each voting precinct, as recommended to him by the Chairman of the Precinct Committee, to act as judges of the primary.

If no recommendation be made by the Chairman of the precinct committee prior to fifteen (15) days before the primary date, then and in that case the County Chairman shall name such judges.

In the event that the parties named as judges to hold the primary in the respective precincts are not present at the hour named for the holding of said primary, then if any of the said parties are present at the hour of opening of the polls at the various voting precincts, the voters present shall select from qualified electors other judges who shall hold the primary at the voting precinct; and the three judges named in each of the voting precincts shall name two parties to act as clerks.

2. Each judge of election shall be sworn upon his oath before some person, where possible, duly authorized to administer oaths in the State of New Mexico, (if not, the judges may swear in each other), preserving the written oath duly signed and executed as above.

The form of the oath to be taken shall be as follows:

"That he will support the Constitution of the United States, the State of New Mexico, and that he will fairly and impartially conduct the election primary of which he has been appointed a judge, without prejudice or favor to any person or candidate according to the Rules and Regulations prescribed by the Executive Committee of the Democratic party of Eddy county, New Mexico."

3. No one shall be allowed to vote unless he shall be a legal voter in the precinct in which he offers to vote on the day of the next ensuing general election. The qualifications of a legal voter being that as fixed by the Statutes of the State of New Mexico, being a citizen of the United States, over the age of twenty-one (21) years, a resident of the state of New Mexico one year, of the County of Eddy ninety days and the precinct in which he offers to vote thirty days next preceding the general election to be held in November 1930.

In regard to doubtful voters, the rule shall be that they must either be upon a previous registration list in Eddy county, or present their naturalization papers to the judges, or present to the judges a written oath that they are citizens of the United States, qualified to vote under the general election laws of the State of New Mexico at the next ensuing election and a democrat.

4. Each qualified voter in order to entitle him to vote in the primary election must be a democrat and agree to support the Ticket as nominated in this primary, at the next general election.

5. The judges of the election primary shall have control of the vote and pass upon the right of all applicants to vote under the rules herein provided. Everyone offering to vote shall be subject to challenge by any qualified elector. If anyone whose vote is challenged shall be rejected, his vote shall be placed in an envelope, and the applicant or someone at his request shall write his name across the envelope and the envelope shall then be marked "rejected" for the reason that the applicant (here state the facts for such rejection across the envelope) and all votes so rejected by them and sealed up, shall be sent with other papers and ballots under seal or padlock, to the chairman of the democratic executive committee, and shall be considered and disposed of at the time the members of the executive committee meets to canvass the return of the election primary, and declare the results, and then they shall be placed with the regular votes from that precinct, and those that are rejected by the executive committee shall at once be destroyed in the presence of the public.

6. No one shall be allowed to vote outside his own precinct except when he shows to the satisfaction of the judges that it is impossible or impractical for him to be in his own precinct, and he must show good and satisfactory reasons for not being in his own precinct and that he has not voted in any other precinct at this election-primary.

7. At any time prior to twenty (20) days previous to the time specified for holding the primary election each candidate for office shall submit in writing, to the Chairman or Secretary of the Eddy County Democratic Committee, which shall be kept on file by him, his declaration which shall in substance be, that he submits his name to the decision of the Democratic Primaries and will abide by the result and support all nominees made thereat, and finally certified by the county executive committee under their rules.

8. The ballots used in the primary election shall be printed upon plain white paper about three inches wide, and those candidates who have qualified as above stated, shall have their names printed upon said ballot in the order in which they are qualified.

No printed matter shall appear on the official ballot except the names of the candidates, with a square opposite the office for which they are running, the proper heading and instructions for voting the ballot and the pledge. Said instructions shall read as follows: "Place a cross in the square opposite the name of the candidate for whom you wish to vote." The pledge shall read substantially as follows: "I am a Democrat and agree to support the Ticket as nominated in the primary at the next general election."

It shall be the duty of the County Chairman to have delivered, at the time of the opening of the polls, to the proper officers holding such primary election, all necessary ballots.

Each voter, at the time and place of voting, shall procure from the judges of the election, a ballot as mentioned above, and from no other source and must then and there, in the presence of the officers of the election, yet in private, make out and privately mark his ballot, and no vote shall be received unless the party offering to vote it shall at the time and place of voting, get the ballot from the officers of the election make it out and vote it, as above specified, even though the voter does not care who sees his ballot. The officers of the election shall see to it that each voter does not take the ballot away from the voting place and that no one knows how the voter voted. Provided, that if the voter is incapacitated or cannot mark his ballot and requests assistance in making out his ballot he may select one of the judges (and no one else) to assist him in making out his ballot. No ballot shall even be received until the voter complies with the above requirements, as to receiving his ballot, making it out and voting the same.

Colored ballots only, shall be used for sample ballots, and electioneering purposes, and no pasters shall be allowed on the official ballot, but blank lines shall be placed so that any name can be written in by the voter for any candidate to be nominated.

9. Every candidate to be voted upon shall be voted for in each precinct of the county.

10. Each candidate who has qualified hereunder shall have the right to select one man who shall have the right to be present as challenger during the election, and with the judges and clerks of the election during the counting of the ballots to see that his interests are properly protected.

11. During the count of the ballots it shall be the duty of the judges of the election to see that all names voted for on the ballot are called correctly and that they are correctly tallied by the clerks of the election, and such count shall be positively conducted.

12. The judges of the election in each precinct shall keep in writing two separate lists of the names of the voters. Also two tally sheets showing the number of votes cast for each candidate and for what office. These shall be made on the day of election.

One list of the voters and one tally sheet shall be retained by the judges holding the election and promptly mailed to the Secretary of the County Executive Committee. The other list of voters, together with the tally sheets and the ballots, shall be deposited in the ballot box and securely locked or sealed and promptly transmitted to the Secretary of the County Executive Committee at Carlsbad, New Mexico, who shall deliver same, locked or sealed as originally done by the judges of the election, to the County Central Committee when it meets to canvass the vote.

The lists of the voters and the tally sheets shall be signed by the judges and clerks of said election and they shall certify in their official capacities that they are true and correct.

In case the ballot box from any precinct is transmitted by messenger, the messenger shall certify that the ballot box is in the same condition as when received by him, and that the same has not been out of his possession.

13. On the sixth (6th) day after holding said election, at the hour of 10:30 o'clock, a. m., the Democratic Central Committee shall meet in the City of Carlsbad, New Mexico, with the Chairman and Secretary of said Committee to canvass the returns made by the election officers. For that purpose six (6) members of the committee in person, and not by proxy, shall constitute a quorum.

In case any candidate shall contest the election, he shall give notice in writing of said contest to all other candidates for that office before the day set for canvassing the returns, and the said committee shall, in that event, immediately proceed to consider such contests and is authorized and empowered to recount the ballots and to take such action as it may seem proper and best to decide such contest and to declare the nominee.

14. The members of the County Central Committee shall not be voted upon or elected at this primary election.

The County Chairman and the County Secretary shall notify each Precinct Secretary to call a meeting in mass of the voters of his precinct at the same time the delegates are elected to the County Convention, to name the precinct committee from each of such precincts for the ensuing term. Said list of names to be certified at once to the Secretary of the County Central Committee, and those persons chosen as members of the County Central Committee to take office immediately after the County Convention.

The County Convention shall be called by the Chairman and Secretary of the County Central Committee, and the date is to be fixed by them in the call. But in case no call is made within thirty (30) days after the primary, then any delegate to the convention may call the same to meet within fifteen days, and not earlier than five days after such call. The County Convention shall ratify the results of the primary election, and shall certify the names of the Democratic nominees to the proper State of County officers.

The County Convention shall elect a Chairman, Vice-Chairman and a Secretary of the Democratic Central Committee. The County Convention shall also elect delegates to the State Conventions, which delegates shall also be delegates to all District nominees.

The Chairman of precinct committees shall have the right to appoint and fill any vacancies in his precinct committee, and when certified by him to the County Chairman, shall be effective, and if he does not appoint to fill vacancies, then the County Chairman shall appoint.

15. Each precinct in Eddy County shall have one Precinct Committeeman for each twenty-five (25) voters or a major fraction thereof cast for the Democratic candidate for Governor at the last previous election, provided however, that no precinct shall have less than two (2) committeemen.

16. At any meeting of the County Central Committee, no member of

LOCALS

John Lanning and family were here from Roswell Sunday visiting home folks.

Messrs. Willis Morgan and V. D. Bolton were visitors at Pecos, Texas yesterday.

H. C. Holcomb, watchman at Lake McMillian was a pleasant caller at the Advocate office Tuesday.

Mrs. Cecil House and two children, of Carlsbad, have been visiting Mrs. S. B. Barnett this week, coming up on Sunday.

Reid Brazell, assistant superintendent at the refinery left last Sunday with Mrs. Brazell for Ohio, where he has a better position.

Mr. and Mrs. R. C. Withers spent Monday and Tuesday at the new town of Eunice, in Lea county, where there was some special oil promotion activity this week.

V. E. Eubanks, formerly of Roswell has been employed by the McAdoo Drug Co., as pharmacist and is now on duty. Mr. Eubanks has moved his family here.

Conrad Hatch was here Sunday from Acme, Texas, guest at the home of his father-in-law, S. G. White. Mr. and Mrs. White also enjoyed a visit from their daughter and son-in-law, Mr. and Mrs. J. E. Montgomery of Roswell Saturday night and Sunday and their daughter, Mrs. R. L. Collins of Hagerman, on Saturday.

Mr. and Mrs. Charles Renfro and the latter's brother, Russell Spivey, spent the week end here with their parents, Mr. and Mrs. Tom Spivey. Mr. and Mrs. Renfro, are both instructors in the high school at Melrose and came over with ten members of the senior class for the high school trip through the Carlsbad Caverns.

Mrs. Laura Welsh, who has been spending the past year with her children in the east, arrived Tuesday from Madison, Wisconsin, where her son, Dr. Edward Welsh, is taking a post graduate course with a view to

the said committee, or any other person or persons shall hold more than two (2) proxies of any member or members of said committee, for the purpose of voting on any question coming before any meeting of said committee.

17. The polls of the election primary shall be opened by the judges of the election at 8:00 a. m., and closed by them at 6:30 o'clock p. m., on the 15th day of May, A. D. 1930.

18. The official ballot to be used in the 1930 primary shall be consecutively numbered, the number appearing on the upper right hand perforated corner of the ballot, and a blind or concealed number shall be printed on the upper left hand corner of the ballot. It shall not be necessary to begin with number one for each precinct or voting box, but the Secretary shall maintain a record of the numbers of the ballots issued to each precinct or voting box.

The corresponding number of each ballot shall be entered, in consecutive and numerical order on both poll lists at each voting place by the judges or clerks of the election, against the name of the person voting.

Passed and approved by the Eddy County Democratic Central Committee at Carlsbad, New Mexico, this 12th day of March, A. D. 1930.

ATTEST:
RAY SOLIDAY,
Secretary.

receiving a degree in medicine. Mrs. Welsh plans to remain here and will move into her house on west Main street about April first.

Mrs. A. L. Allinger spent a short time the past week visiting her son, Alvin and wife of Albuquerque, returning home Sunday. Mrs. Allinger went to Albuquerque with Mr. and Mrs. White of Carlsbad. Mr. White, who is principal of the Carlsbad high school, is a member of the national executive committee in charge of basketball activities, which held its meeting there last week.

HAPPY WOMAN TELLS HOW SHE LOST 19 POUNDS OF FAT IN 2

During October a woman in Montana wrote—"My first bottle of Kruschen Salts lasted almost 4 weeks and during that time I lost 19 pounds of fat—Kruschen is all you claim for it—I feel better than I have for years."

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning for "It's the little daily dose that takes off the fat." Don't miss a morning. The Kruschen habit means that every particle of poisonous waste matter and harmful acids are expelled from the system.

At the same time the liver, kidneys and bowels are cleaned up and the pure, fresh living Nature's six life giving organs carried to every organ, and fibre of the body is followed by "that Kruschen of energetic health and vigor is reflected in brighter skin, cheerful vivacity and a young figure."

If you want to lose fat, get an 85c bottle of Kruschen from McAdoo Drug Co., druggist anywhere in America, the distinct understanding must be satisfied with money back.

The McAdoo Drug Co.

FIRST BAPTIST CHURCH

We had good services with very good attendance at all services last Lord's day. We appreciate the interest manifested by our people. The solo rendered by Mrs. Fred Cole at the morning hour was very much appreciated and greatly enjoyed by all.

We desire to call the attention of our people again to our convention at Roswell beginning next Tuesday evening. It will continue until Thursday noon. A very fine program has been arranged with some of the best speakers to the south speaking. We hope to have a good delegation from this place.

Next Sunday morning the pastor will speak on, "The Way That Wins." At the evening hour the subject will be, "The Way to Heaven." At the morning hour we will have good music furnished by our choir and orchestra. You will greatly enjoy this music. At the evening hour our junior choir will have charge of the music. Last Sunday evening our young people rendered a good program of music which we greatly appreciated, and the pastor brought a short message on heaven. We extend to you a warm invitation to all our services.

B. Y. P. U. s at 6:00 p. m.
R. PETERSON, Pastor.

KONJOLA WINS TRIUMPHS EVERY DAY EVERYWHERE

New And Different Medicine Welcomes Any Test — Results Are What Counts.

Results are what count: mere words and promises mean nothing. Konjola has won fame and friends just by making good, and that is the medicine sufferers want and should have. Imagine the joy of Mr. Raymond Schmidt, R. F. D. No. 1, Sedalia, Mo., when he was able to say:

MR. RAYMOND SCHMIDT

"Though I know it to be true I find it hard to believe Konjola in just three months, ended my sufferings of nine years duration. For that long time I suffered from indigestion, constipation, kidney trouble and catarrh. No food agreed with me; every night I had to get up numerous times, and the catarrh certainly added to my misery. In those nine years I tried no end of medicine and treatments, and everyone was a miserable failure. But how different with Konjola! Week by week I grew better, and in three months I was my old self again. To me Konjola is the most wonderful medicine in the world, and I recommend it with all my heart."

Konjola is sold in Artesia at Palace Drug Store, and by all the best druggists in all towns throughout this entire section.

Good News

for people who like good ice cream --

WE ARE pleased to announce that we have obtained Desert Gold Ice Cream from El Paso for our friends and customers. This is a wonderful product, far different and better than any other we have ever seen. With a higher cost price, and the added cost of transportation, we are paying a great deal more for this Desert Gold Ice Cream to secure for you a product of unsurpassed quality. We believe it is worth the greater cost, and we know you will be delighted with its goodness. Forget your previous ideas of what is good Ice Cream, and try Desert Gold. Your first experience will be a revelation!

CONOCO ARTISTS TO BROADCAST LINCOLN COUNTY WAR THURS.

The Lincoln County War, a bitter factional fight in New Mexico in the early seventies, is the background for the Conoco Advertisers' radio playlet of the western country Thursday at 10 p. m. (CST) over the NBC network.

Billy the Kid, one of the most famous outlaws of the old west, who when he was still a fearless youth of 18 carried several notches on his gun to record the killings in which he had figured, is one of the principal characters in the radio playlet, entitled "A Romance of the West." It tells graphically the story of the three days of continuous battle which finally ended a bitter factional strife centering around the small town of Lincoln. There is woven into the sketch an interesting love story, illuminated by the chronicle of the bravery of a settler's daughter who is finally won by one of the participants in the Lincoln County War. Special musical effects have been devised to lend a convincing sound background to the action, and there is a touch of comedy, too, in the character of the pioneer wife who owned the only piano for miles around, and was ready to defend it with her life from damage during the fighting.

MICKIE SAYS--

How to Raise Poultry

By Dr. L. D. LeGear, V. S.
St. Louis, Mo.

Dr. LeGear is a graduate of the Ontario Veterinary College, 1892. Thirty-six years of veterinary practice on diseases of live stock and poultry. Eminent authority on poultry and stock raising. Nationally known poultry breeder. Noted author and popular lecturer.

CAPONS PUT PUNCH IN POULTRY PROFITS

"How about a nice capon?" inquired the butcher in an effort to be helpful. The prospective purchaser reddened slightly and shook his head. After browsing helplessly around for an embarrassingly long time he finally compromised on a rolled roast.

As the customer went out the butcher's shoulders were shaking with poorly suppressed mirth. "Darn fool!" he chuckled, "Bet ten bucks that guy didn't even know what capon meant. Did'ja notice how he blushed when I suggested it?"

I had to agree with my friend the butcher that the gentleman probably did not know what a capon was and that he chose something else in a vain effort to hide his embarrassment. I knew him to be a successful business man and one who rather prided himself on his knowledge of fine foods. Nevertheless, it was plain that capon was something entirely outside his experience. I would have been willing to wager, too, that this man's case was a typical one.

That was nearly two years ago. To-day, although the market is capable of absorbing far more capons than are being offered for sale, it would still be safe to say that a great many people do not know what a capon really is. Here, in short, is a virgin field with such tremendous rich possibilities that one must gasp in amazement on realizing that it is practically unworked.

I believe that poultrymen are themselves to blame for this state of affairs. Many of them refuse to practice caponizing at all and those who do so merely produce capons as a side line. For that reason, the supply has always been too small to justify any attempt at educating the general public into appreciation of the most delectable food this old earth has ever known. At least there has been nothing better since the catering establishment on Mount Olympus ceased serving Nectar.

Of course, this condition will not last forever. Poultry raisers are not going to stand around forever doing nothing once they realize that capons will bring 50 cents a pound or more when ordinary poultry is going for little better than half that much. Sooner or later they will get tired of seeing this golden stream slipping by them and they will start raising capons in earnest. In the meantime if all poultrymen everywhere who have never before attempted raising capons will give it a fair trial, just once, there is no question but that they will be confirmed converts forever after.

Incidentally, capons make excellent foster mothers for baby chicks, that is, they can be easily taught to care for and brood a bunch of newly

hatched baby chicks and do it as well or better than a hen will. A capon being larger, will hover from twenty to thirty chicks and they can protect their chicks from hawks, etc., much better than a hen. The capon feathers are longer, softer and more abundant than that of a hen and his wing spread considerable greater. His amiable disposition fits him admirably for the task and releases the hen for laying.

Caponizing, which is simply removing the reproductive organs of young male birds, is a very simple operation. A ten year old boy could soon learn to do it quickly and successfully and failures are practically unknown once the trick is mastered. Moreover, learning need not entail any appreciable loss. The first practicing can be done on dead birds and even if one or two should bleed to death, they are just as good for the table as if killed intentionally. Even if such birds represented a total loss, however, the sacrifice would be wiped out by added profits on the first few successfully caponized. Not only does the capon weigh much more than a cockrel of corresponding age, but its flesh is so much finer in quality as to command a far higher price per pound.

It would be useless for me to give detailed instructions here. They could hardly be made clear without extensive illustrations and, besides, excellent instructions are furnished with all sets of instruments. But just a word about instruments—buy the best. The difference in cost between the very best instruments and the least desirable ones is just a few cents after all. The extra profit on one capon that would have been lost with inferior instruments will repay the added investment many times over.

Almost any breed of fowl may be used, although there would be little gained in caponizing the small breeds. The best for medium sized capons are Plymouth Rocks, Rhode Island Reds and others running about the same average size. These when caponized will run from 2 to 4 pounds heavier than the average fowl not so treated. Larger breeds of the so-called Asiatic strains (Brahmas) will rival turkeys in size (12 to 16 pounds) but—oh, what a difference! There never was a turkey half so tender and toothsome as even an average capon.

It is manifestly impossible, in an article of this kind, to deal extensively with the habits, or methods of feeding and handling capons, nor should it be necessary. If, however, I can arouse sufficient interest in the subject to get poultrymen—amateur and professional—thinking and talking about capons, it will not be long before the public is much better supplied with a wonderful viand that they ought to know more about.

Editor's Note—If you are interested in instruments for caponizing, write to Dr. LeGear in care of this newspaper.

Japanese Islands

The principal islands of Japan are Hondo, Shikoku, Klushu, Hokkaido or Yezo, Formosa or Taiwan, Kurile Island and Luchu Island.

One Squeak in Each Group

Cheerfulness lubricates the axles of the world. Some people go through life with a continuous squeak.—Chicago Post.

Loose-leaf Binders, Special Ruling and Stock Forms.—The Advocate.

THE OIL STOCKS STRONGER

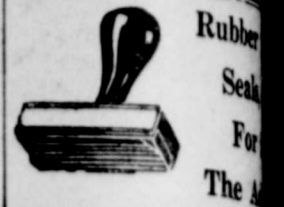

The petroleum industry appears to be on the upward trend, with oil stocks in the substantial oil companies gradually rising. The slight advance in the price of crude oil in the California fields and a growing demand for crude oil has caused a favorable reaction in the petroleum industry. Another stimulating fac-

tor is the likelihood of the senate passing a duty on oil.

AMONG THE BULLOCK PIGS

Among the pigs shipped out by E. B. Bullock Friday to El Paso, was one that weighed 850 pounds and two sows that tipped the scales at over 500 pounds each.

Loose-leaf Binders, Special Ruling and Stock Forms.—The Advocate.

ONE THIMBLEFUL - A DAY'S FEED FOR ONE CHICK!

THINK OF IT! One tiny thimbleful... all the feed a chick can put in its little crop in one day. On this tiny bit it must live... grow... build bones... build muscles... start feathers. Think of the job feed has to do!

They must depend on feed for so many things! They get them all in Purina Chick Startena (mash) or Purina All-Mash Startena Chow... 12 different ingredients in every thimbleful. Cod-liver oil... dried buttermilk... alfalfa flour... granulated meat... these and eight others are there!

These 12 ingredients... think how carefully they must be mixed to make every thimbleful alike. Purina Startena and All-Mash Startena Chow are mixed over and over again... 960 times just to be thorough! You will find the same care taken with Baby Chick Chow (scratch)... to be fed with Startena until your chicks are six weeks old... and with Purina Growena (mash) and Purina Intermediate Hen Chow (scratch)... to be fed from then on until the pullets are laying at 16 weeks.

How little feed a chick eats... just one thimbleful a day... yet how important it is... how much depends on it... the chick's very life... its growth... what the pullets will do for you next fall and winter when eggs are sure to be worth good money. You can afford to feed only the best... Purina Poultry Chows.

Chevrolet announces

A NEW

SERVICE POLICY

The Chevrolet Motor Company and its dealers are pleased to announce a new service policy—one of the most liberal ever offered on a low-priced automobile.

Put into force as a written agreement given to the purchaser by the Chevrolet dealer when the car is delivered—it offers the following provisions:

- 1 Every Chevrolet owner receives his car from the dealer in perfect condition—thoroughly lubricated, properly adjusted, and ready to operate efficiently from the first mile of ownership.
- 2 Every Chevrolet owner is entitled to free inspection and adjustment of his car at the end of the first 500 miles of usage.
- 3 Every Chevrolet owner is entitled to free inspection of his car every 1000 miles thereafter, so long as the car is in operation.
- 4 Every Chevrolet owner is entitled to free replacement of any part which may prove defective in workmanship or material, within the terms of Chevrolet's standard warranty. This includes both parts and labor.
- 5 Provision number 4 will be carried out by any Chevrolet dealer in the United States. As a result, the Chevrolet

owner may travel to any part of the country, with assurance that the warranty on materials and workmanship will remain in force.

This new policy constitutes proof of Chevrolet's high quality—for such liberal provisions could only be made in connection with a car built of fine materials and exacting standards of workmanship.

Back of this policy, and assuring successful operation, is one of the most complete and efficient service organizations in the world.

There are more than 10,000 Authorized Chevrolet Dealer Service Stations in the United States alone. Each employs skilled mechanics thoroughly trained in Chevrolet Service Schools. Each has specially designed tools and machinery developed exclusively for Chevrolet service work. And each has on hand, at all times, an adequate stock of genuine Chevrolet replacement parts.

Chevrolet's flat-rate charges, including both parts and labor, are the lowest in the industry on many service operations.

In considering the purchase of a low priced automobile, think what this means—in terms of lasting satisfaction as well as in increased economy.

Chevrolet cars range in price from \$495 up, f. o. b. factory, Flint, Michigan

ENGRAVING AT THE ADVOCATE

Do not wash eggs for incubation.
If the shells are dirty, reject the
eggs, or scrape the dirt off with a
knife.

Wheat bran contains much phos-
phorus, a medium amount of pro-
tein, and is of a bulky nature. These
characteristics make it a valuable
ingredient of all dairy rations.

More than 104 billion dozen of
eggs were marketed in 1928 through
nine cooperative egg marketing as-
sociations. All the larger associa-
tions are west of the Mississippi riv-
er. In the east such cooperative as-
sociation are numerous but do not
handle large volumes of business.

You can't count your chickens be-
fore they're hatched if an incubator
or hen is used, but you can count
them if day-old chicks are bought
from a good hatchery. Each year
more and more farmers are buying
day-old chicks instead of incubating
the eggs. If you buy chicks, be sure
to get them from a reliable breeder
who has healthy stock and whose
hatchery is managed under sanitary
conditions. Chicks should be order-
ed early so they can be delivered
in March or April. Late-hatched
chicks rarely do as well as early
hatched ones.

"Livestock owners are cautioned
against placing dependence on allur-
ing claims for medicinal cures or
remedies for infectious abortion,"
says Dr. J. R. Mohler, chief of the
bureau of animal husbandry, U. S.
Department of Agriculture. "Money
spent for such products is likely to
be wasted, not to mention possible
injury that may be done to live-
stock."

It was formerly thought that com-
mon salt was essential in the success-
ful culture of asparagus but no ex-
perimental work has conclusively
shown this to be the case. It has
been shown repeatedly, however, that
a good supply of potash in fertilizers
is of great value. It is true that
asparagus does not seem to be in-
jured by considerable amounts of
salt, but at the same time, neither
is it particularly benefited by it. The
best fertilizer treatment to give as-
paragus is a complete mixture mod-
erately high in nitrogen and phos-
phorus and high in potash.

Dairymen could reduce their feed
bills materially if they would grow
and feed more protein in the form of
legume hays, says the U. S. Bureau
of Dairy Industry. An acre of clover
hay will furnish three times as much
digestible protein as 1 acre of timo-
thy hay and an acre of alfalfa hay
nearly 7 times as much. In cost per
100 pounds of crude digestible pro-
tein, alfalfa hay may even compare
favorably with the high protein con-
centrates, such as linseed meal and
cottonseed meal.

Cattle or sheep affected with foot
rot should be promptly separated
from healthy animals, as this disease
spreads rapidly. In the early stages
thorough cleansing of the affected
foot and an application of a carbolic
acid solution (1 ounce to a pint of
water), clean stabling, and laxative
feed will often remedy the trouble.
Preventative measures consist in
cleaning and disinfecting quarters
where affected animals have been
stabled and avoiding infected pre-
mises and pastures. Cattle and sheep
in big herds are more liable to foot
rot, says the U. S. Department of
Agriculture, and the disease seems to
spread more rapidly where animals
are kept closely confined.

ANNUAL CHURCH MEETING

Wednesday, March 26th, is the an-
nual meeting of the Presbyterian
church. Ladies' Aid will serve sup-
per at 6:30 p. m. Meeting at 7:30
p. m. Reports of the various or-
ganizations will be presented and
plans for the new church year for-
mulated. There will be some special
music, a reading, and a debate en-
titled, "Shall the constitution of the
Presbyterian church be so altered as
to allow women to be eligible for the
offices of elders and pastors?" This
important question is now before the
various Presbyteries of the church
in response to an overture sent down
by the general assembly which met
last May in St. Paul, Minnesota. If
a majority of the Presbyteries vote
for the overture it will become the
law of our church. In order that
the local congregation may hear both
sides of the argument two of the
elders will debate the question.
This will be the fourth annual
meeting that the present pastor has
had the honor of presiding over and
indications are that it will be one
of the best.

ORDINANCE NO. 1
AN ORDINANCE ORGANIZING
THE CITY OF ARTESIA BY
DIVIDING THE TOWN OF AR-
TESIA INTO FOUR WARDS

WHEREAS, the Town of Artesia,
Eddy County, New Mexico by pro-
ceedings had according to law, has
changed to the City of Artesia, and
WHEREAS, the Proclamation of
said change has been issued by the
Governor of the State of New Mex-
ico, and has been published and
posted as required by law, and
WHEREAS, It is necessary for the
purpose of organizing said Town of
Artesia into the City of Artesia;
that the territory within the bound-
aries or limits as described and set
forth in said proceedings and pro-
clamation, be divided into not less
than four wards, therefore,
Section 1. Be it ordained by the
Board of Trustees of the Town of
Artesia, that the territory as describ-
ed within the limits or boundaries in
the proceedings and proclamation, be
divided into four wards. That each
of the said four wards shall be
bounded as follows:

FIRST WARD
All that part of the City of Ar-
tesia lying South of the center of
Quay Avenue and East of the center
of Fifth Street, and extending South
to the center of the intersection of
Fifth Street and Park Avenue; thence
West to the center of the intersection
of Park Avenue and Heath Avenue;
and thence South along Heath Ave-
nue to the center of the intersection
of Heath Avenue and Center Avenue.

SECOND WARD
All that part of the City of Ar-
tesia lying North of the center of
Quay Avenue and East of Fifth street
and extending North to the intersec-
tion of Fifth Street and Adams Ave-
nue; thence West to the intersec-
tion of Adams Avenue and Easy
Street; and thence North along the
center line of Easy Street extending
to the northern City Limits.

THIRD WARD
All that part of the City of Ar-
tesia lying South of the center line
of Quay Avenue and West of the
center of Fifth Street, and extending
South to the intersection of Fifth
Street and Park Avenue; and thence
West to the center of the intersec-
tion of Park Avenue and Heath Ave-
nue, the same being the southern
boundary line of the City Limits.

FOURTH WARD
All that part of the City of Ar-
tesia lying North of the center of
Quay Avenue and West of the center
of Fifth Street, and extending North
to the center of the intersection of
Fifth Street and Adams Avenue;

thence West along Adams Avenue to
the center of the intersection of
Adams Avenue and Easy Street;
and thence North along the center
of Easy Street to the Northern City
Limits.

Section 2. That this Ordinance
shall be in full force and effect after
its passage, approval and publication.
Passed, adopted, signed and ap-
proved this the 19th day of March,
1930.

Only
3 MORE DAYS
to see our Special
Frigidaire Hydrator
Demonstration

OUR special demonstration of the Fri-
gidaire Hydrator ends at 10 P. M.
next Saturday. Don't miss this oppor-
tunity to see the Hydrator actually in
use. See how it makes even wilted veg-
etables crisp and fresh... how it keeps
them that way until used.
And, while you're here, examine the
beautiful cabinets in Porcelain-on-steel
inside and out. See the famous "Cold
Control" in operation. See how it
speeds the freezing of ice—how it en-
ables you to make a wide variety of froz-
en desserts that require extreme cold.

And don't fail to taste the new and
different salads and desserts we're serv-
ing. Don't forget to ask for your free
copies of our two new recipe books. If
possible, come in today. We're open
evenings until 10 o'clock.

SPECIAL OFFER
until Saturday, March 22nd
We are prepared to make a liberal special offer to
all who buy Frigidaire during our 9-day demon-
stration. Let us tell you about this offer. Let us
tell you about our easy payment plan. Come in at
your first opportunity. We will be open evenings
until ten o'clock every day of the demonstration.

LEGAL ADVERTISEMENTS

IN THE PROBATE COURT OF EDDY COUNTY, NEW MEXICO

IN THE MATTER OF THE LAST WILL AND TESTAMENT OF ELLA L. GARDINER, Deceased. No. 633

NOTICE

TO WHOM IT MAY CONCERN: Notice is hereby given that an instrument purporting to be the Last Will and Testament of Ella L. Gardiner, Deceased, has been filed for probate in the Probate Court of Eddy County, New Mexico, and that by order of said court, the 5th day of May, 1930, at the hour of 2:00 o'clock p. m., in the court room of said court, in the City of Carlsbad, New Mexico, is the day, time and place set for hearing proof on said Last Will and Testament.

Therefore, any person or persons, wishing to enter objections to the probating of said Last Will and Testament, are hereby notified to file their objections in the office with the County Clerk of Eddy County. Given under my hand and seal of my office on this the 1st day of March, 1930. (SEAL)

THELMA T. LUSK, County Clerk. 12-31

COMMISSIONERS PROCEEDINGS

BE IT REMEMBERED, that the Board of County Commissioners of Eddy County, New Mexico, met in regular session on the 4th day of February 1930, at ten o'clock a. m., pursuant to adjournment had on the 6th day of January, 1930, and the following proceedings were had:

Present: C. E. Mann, Chairman Marvin Livingston, Commissioner Dist. No. 1. C. W. Beeman, Commissioner Dist. No. 3. Joe Johns, Sheriff. Thelma T. Lusk, Clerk.

Permission was granted to E. T. Carter to use some of the old lumber from the La Huerta Bridge, lumber to be distributed under the supervision of Mr. Livingston, and not to exceed one hundred twenty-five timbers, all of said lumber to be used on a public road.

J. F. Joyce appeared in behalf of the Queen people as to the completion of the concrete slabs on Rocky Arroya. He was advised that the work would be done as soon as funds were available.

Contract was made with John Moritzky to prune trees on court house block and to cut down about thirty trees, the price for the completed job to be \$185.00, the County to remove the wood after being cut.

The Chairman of the Board of County Commissioners and County Clerk are hereby authorized to sell and execute a warranty deed to not to exceed thirty acres out of N 1/4 W 1/4 NE 1/4 of Sec. 13, T. 17-S., R. 25-E., N. M. P. M. at not less than \$10.00 per acre.

It is hereby made the order of the Board that warrants No. 12745 to 12829 inclusive be issued in payment of claims this day allowed.

Whereupon the Board adjourned, subject to call. C. E. MANN, Chairman Attest: THELMA T. LUSK, Clerk.

BE IT REMEMBERED, that the Board of County Commissioners of Eddy County, New Mexico, met in regular session on the 25th day of February, 1930, at nine-thirty o'clock a. m., pursuant to adjournment had on the 4th day of February, 1930, and the following proceedings were had:

Present and presiding: C. W. Beeman, Chairman Pro Tem. Marvin Livingston, Commissioner Dist. No. 1. Thelma T. Lusk, Clerk. Joe Johns, Sheriff.

Mr. S. R. Cloud, Representative of the Pauly Jail Building Company appeared before the Board to assist the Commissioners in a proper inspection of the jail equipment recently installed by his company. After due examination and with the assistance of H. F. Bock, plumber who made tests for the Commissioners, the Board finds the entire installation satisfactory with the exception of one door which the Pauly Jail Building Company agree to remedy at an early date.

Whereupon the Board adjourned, until the 4th day of March, 1930. C. E. MANN, Chairman Attest: THELMA T. LUSK, Clerk.

BE IT REMEMBERED, that the Board of County Commissioners of Eddy County, New Mexico, met in regular session on the 4th day of March, 1930, at ten o'clock a. m., pursuant to adjournment had on the 25th day of February, 1930, and the following proceedings were had:

Present and presiding: C. E. Mann, Chairman. Marvin Livingston, Commissioner Dist. No. 1. C. W. Beeman, Commissioner Dist. No. 3. Joe Johns, Sheriff. Thelma T. Lusk, Clerk.

It was ordered by the Board that the butcher's bond given by Fred Tipton in the sum of \$1,000.00 be approved and ordered filed in the County Clerk's office.

In order to carry on Extension work in Eddy County, it was unanimously decided by the Board of

LOCALS

Homer Dunagen was here from Roswell Saturday on business.

O. J. Dunken of Pinon was attending to business matters in Artesia Friday.

S. S. Dalgren of Dexter was attending to business matters here the first of the week.

Superintendent and Mrs. C. R. Bernard of Lake Arthur were shopping in Artesia Saturday.

Mr. and Mrs. Neville Muncy and daughter, Florine, visited Mrs. Muncy's parents in Roswell Saturday.

Mr. and Mrs. J. K. Wallingford, of the Artesia hotel, returned Sunday from a short trip to Amarillo, Texas.

Mr. and Mrs. Martin Yates and baby son, John Asby, drove to Roswell Sunday to see Harvey Yates, at the Military Institute.

Mr. and Mrs. Keith McCrary and children were here from Portales over the week end visiting Keith's parents, Judge and Mrs. McCrary.

W. B. Glover returned home from Texas Monday, where he had been for the past seven months. Mr. Glover has been contracting and building houses for a sister during his absence.

Miss Vesta Frisch, who is teacher of Home Economics at Carrizozo, spent the week end at home. Miss Frisch came over from Carrizozo with the high school pupils and went thru the Caverns with them Saturday.

Mr. and Mrs. H. A. Denton were called last week to Newcastle, Texas by the death of Mrs. Denton's mother. While they were there a brother-in-law of Mrs. Denton, Samuel Hardy, also passed away. Mr. and Mrs. T. H. McCombs accompanied the Dentons to Texas.

Mr. and Mrs. Johnnie L. Cooper of Cooper, this state, were visiting friends here over the week end. Mr. Cooper, who is a graduate of the Artesia high school was formerly employed by the grocery department of Joyce-Fruit Co. He now has a position as mail carrier near Cooper.

Rev. Cox and wife, who recently returned from an extended stay in Texas, were "pounded" bountifully by the members of the Church of Christ last week. The pounding occurred at the home of Mr. and Mrs. Paul Otts. Mr. and Mrs. Cox are staying here temporarily while looking after repairs on their house on west Richardson. Mrs. W. S. French will move into the house about April 1st. Mr. and Mrs. Cox will be located in Hope, when they leave here.

TYPEWRITERS

New Woodstocks and Coronas, Rebuilds in all other makes at The Advocate.

County Commissioners that an expenditure of \$300.00 be authorized to cover the necessary expenses of a County Agent from the 1st day of March, 1930 to June 30th, 1930; and it was also agreed by the Board that the sum of \$1,500.00 be included in their budget for the year beginning July 1st, 1930 to June 30th, 1931 to cover the expense account of a County Agent for that period, if possible at that time.

It is hereby made the order of the Board that Warrants No. 12830 to 12899 be issued in payment of claims this day allowed.

The re-flooring of the La Huerta and Black River Bridges having been completed to the satisfaction of the Commissioners, it was ordered by the Board that payment of \$375.00 be made to cover the contract price and the expense of extra work and hauling in connection therewith.

Whereupon the Board adjourned, subject to call. C. E. MANN, Chairman Attest: THELMA T. LUSK, Clerk. 14-11

DEXTER HATCHERY TO BE READY TO OPEN IN FEW DAYS--REPORT

The Egale Creek and Dexter Hatcheries are to be re-opened shortly, State Game Warden Edgar L. Perry announced Saturday. Both have been closed during the winter.

No eggs are to be set out at the Eagle Creek plant, said Perry; instead 100,000 young trout are to be taken from the Lisboa Spring hatchery, on the Pecos, and transplanted to Eagle Creek. The Eagle Creek hatchery is thirty-five miles east of Carrizozo and it is planned to have the shipment of trout in the troughs there by April 1.

Repairs have been made at the Dexter plant and it will be ready to

re-open in a few days. It is a warm water fish hatchery, the only one of its kind in the state.

CERTIFIED SEED PAYS TO PLANT

Some very important deductions may be made from the recent survey of cotton grown by members of the Southwestern Irrigated Cotton Growers' Association, says G. R. Quesberry of the New Mexico Agricultural College. The results of this survey would indicate that certified seed of the highest type always pays. This does not necessarily mean that the price for seed determines the quality of the cotton produced. Much of the high priced uncertified seed sold in the state the past year produced the poorest cotton.

The most uniform staple produced by any group of farmers was that grown from first and second year College seed. Two of these growers in the Dona Ana county association average 99.2% with 1 1/2 inch

and better staple and 98.2% strict middling and better. 100% of this cotton was hard. Naturally this condition will not be maintained by all growers but it definitely shows what may be expected by planting pure seed of a known strain on good land and careful ginning of cotton.

The reports from this survey, as a whole, do not indicate quite as high a quality of cotton produced in 1929 under irrigation in the southwest as during previous recent years. This condition was no doubt due in a large degree to the very adverse growing conditions during the season. The irregularity in grades and staples was common to all strains of Acala and other varieties, although Acala averaged much better in this respect than other varieties.

The most uniform cotton and the longest staples were gotten from certified College Acala grown by members of the New Mexico Cotton Improvement Association. At one gin, which is patronized largely, if not altogether, by growers who grew

nothing else but the College Acala, uniformly better grade of cotton was shown than by any other gin at this gin own their own gin house and practically grow a gin certified cotton.

**THE AUTO DEATH TOLL
LAST YEAR REACHES
A TOTAL OF 31,500**

SANTA FE—Motor vehicle accidents caused the death of 31,500 persons in the United States during 1929. This appalling figure is by far the largest annual death toll exacted by automobiles yet recorded. It represents a 13 per cent increase over 1928.

In the decade between 1918 and 1928 the death rate from motor vehicle accidents increased from 9.3 per 100,000 to 20.3 per 100,000. These figures are quoted by a bulletin of the State Highway Department from the statistics of the National Safety Council. The bulletin continues, "since motor vehicle registrations in the United States increased only 8 per cent during the year, the growth of fatal accidents can be attributed only in part to a larger number of cars in use. The unfortunate fact is that accidents are increasing much more rapidly than the use of automobiles. Furthermore, the ratio of fatal accidents to population increased considerably in 1929 over the preceding year."

"Of the 31,500 killed in auto accidents last year, over half were pedestrians. The total here given places motor vehicle accidents as representing one-third of all accidental fatalities. In the past ten years, the number of such fatalities has increased three hundred per cent. It is estimated that nine hundred million dollars were wasted last year thru the careless operation of motor vehicles."

"The figures in every part of the nation agree in placing the major share of the blame upon disregard for the fundamental rules of safety. In New Mexico, sixty-five per cent of the 101 fatal auto accidents of 1929 were due to carelessness, intoxication, recklessness and speeding."

"In some few states and cities, a determined and intensive safety first campaign resulted in a decrease of accidents. Oregon, Rhode Island, Delaware, Wisconsin and Vermont showed slight decreases. California automobile fatalities increased 20 per cent, New York and Ohio increased 17 per cent. New Mexico showed one of the highest rates of increase, the deaths in 1929 being nearly 50 per cent greater than in 1928. The state of Washington showed a net reduction of 5 per cent, as a result of intensive safety first education. The Chicago Motor club reports that its safety first campaign has been reflected in a decrease of adult fatalities of from 710 in 1928 to 637 in 1929. This club concentrated upon saving children's lives and 41 fewer children were killed by autos in 1929 than in the year before. This shows what can be done when all agencies, especially the newspapers, schools and radio stations, cooperate properly in safety education."

"The State Highway Department will intensify its work along the line of safety education during the coming year. At least one safety bulletin per week will be sent out, and it is hoped that with the cooperation of the state newspapers and other agencies, the shocking number of deaths due to motorist's liability in New Mexico will be substantially decreased," the bulletin concludes.

**FLOWERS AND SHRUBS
BEAUTIFY THE HOME**

Nearly every home, no matter how grand or how humble, can have a few flowers, shade trees, or some ornamental plants, says Dr. F. Garcia of the New Mexico Agricultural College. In proportion to the cost, nothing adds more to the joy, comfort, or value of the home than a few ornamental plants.

Seeds and plants of an adapted nature can be secured at a small cost and a few plants can be grown by utilizing the waste water where there is not an abundance of water for irrigation. Select only plants that are suitable for dry land conditions and do not winter-kill easily. Do not plant more than can be watered and kept growing; use good fertile soil and give the plants a fair chance.

Two trees best adapted to New Mexico conditions are the non-bearing Russian Mulberry, which is well adapted for lower and warmer localities, and the Chinese elm, which is adapted to practically all localities in New Mexico.

Evergreens adapted for planting singly, in groups, or in hedges, include the red cedar, arbor vitae, euonymus and the Arizona cypress. Good perennial shrubs for New Mexico include the spirea, althea, lilacs, honey suckle and crepe Myrtle. Herbaceous perennial plantings might include the shasta daisy, dahlia, canna or chrysanthemum. The English ivy, honeysuckle and Virginia creeper are good vining plants. A long list of annual flowering plants might be given but the following are some of the hardiest: zinnias, cosmos, sweet peas, snapdragon, marigold, petunia and verbena.

EARLY CHICKS' BETTER
Early chicks get more attention—grow out better—start laying earlier and make you more money says the current issue of the Purina Poultryman.

Late hatched or "hot weather" chicks are harder to raise and seem more susceptible to chick diseases. Early chicks get more attention and just naturally come through better and get into production quicker, which in the end means they start laying right at the time of year when egg prices are high.

Late hatched broilers usually fall on a glutted market and have to be sold at a discount. Late hatched pullets start laying when egg prices are on the decline. So it's mighty good to remember to order your baby chicks early.

Announcing The Artesia Hotel Coffee Shop

UNDER THE MANAGEMENT OF

Mr. Charles Tune

formerly in charge of the dining room of the Rice Hotel in Houston, Texas, and also associated with the culinary department of the Hotel Hussman of El Paso.

Mr. Tune is experienced in the operation of Coffee Shops, specializing in merchant's lunches at 50c per plate and Sunday dinners, which will satisfy the most fastidious housewife.

G. A. RICHARDSON IS A CANDIDATE FOR THE OFFICE OF DIST. JUDGE

Judge G. A. Richardson, of Roswell, announces this week as a candidate for re-election to the office of district judge of the fifth judicial district. Judge Richardson, a pioneer attorney of Roswell, is well and favorably known in the eastern slope of the state. What we might say by the way of introduction to Judge Richardson is doubtless known to all of the older residents. He has given years of service to the people of eastern New Mexico, both as a practicing attorney and public official, during the time that he has served the people, he has established an enviable reputation, not only as a jurist, but as a lawyer as well.

The duties of the office of district judge were not new to Judge Richardson, even before his first term in this office, as he had previously served this district as judge several years ago. His experience on the bench and with the conditions of this section has particularly fitted him to render a high class service to the people of the Pecos valley, should he be returned to the judgeship in the coming democratic primary.

We commend the candidacy of Judge Richardson to the folks of this section. He will appreciate your consideration.

LAKE ARTHUR ITEMS Mrs. Ned Hedges, Reporter

MRS HARVEY DEAD

Mrs. J. W. Harvey, age about 72 years, passed away Thursday morning at her home in Lake Arthur following an attack of heart trouble. Mrs. Harvey came to Lake Arthur in the early days with her family. She leaves besides her husband to mourn her passing, six children, sixteen grandchildren and two brothers, two of the daughters, Mrs. Fern Russell and Mrs. John Lane live in Lake Arthur and were with their mother when the end came, another daughter, Miss Thula Harvey, of Sibley, Iowa, arrived in time for the funeral service. The other children are: Mrs. I. B. Popnoe, of Bellflower, California and Mrs. A. H. Spalding of Saskatchewan, Canada, and a son Norman J. Harvey of Foxhome, Minnesota. The brothers are Charles P. and Ernest C. Symonds, both of Tampa, Florida. The funeral service was held at the Methodist church Friday afternoon at three o'clock, Rev. Jones officiating, burial was made in the Hagerman cemetery.

Word has been received here that a fine son was born to Mr. and Mrs. Fred Hineson, February 28th, at Seagraves, Texas.

CARD OF THANKS

We wish to thank all of our friends for their kind help and sympathy during the illness and death of our dear wife and mother.

J. W. Harvey, Mrs. Fern Russell, Miss Thula Harvey and Mrs. John Lane. 14-ltc

Mesdames I. C. Dixon, John McCann and Harold Scoggins returned last evening from Amarillo, Texas, where they had been the past week attending the Missionary Council of the Methodist Church, South.

CHARLEY LOWE, NEGRO FATALLY SHOT LAST THURSDAY EVENING

Chas. Lowe, negro, age about 50, was fatally shot by R. O. Fowler, another negro, at the Lowe home in north Artesia, Thursday evening about 8:00 p. m. Fowler who had been employed on the Rogers farm, southeast of Artesia had recently moved his family into the Lowe home. Trouble started when Lowe quarreled with a girl, who had been making her home with the Fowler family. Some words had passed between Lowe and the girl, who were in the front yard, when Lowe is said to have threatened her. At this point, Robert Fowler, son of R. O. Fowler ran between Lowe and the girl and Lowe is said to have fired a shot at Young Fowler. The senior Fowler appeared on the scene and opened fire on Lowe, with a .45 automatic revolver, firing four shots, three of which took effect in Lowe's body, two entered his body near his breast and one ball passed through his right leg and lodged in his left leg. Fowler gave himself up to officers immediately after the shooting, while Lowe was brought to the office of Dr. R. K. Hoover for medical attention and where he died about four hours later. Justice S. W. Gilbert conducted an inquest over the body of Lowe Friday morning. The verdict of the jury was that Fowler had shot Lowe in defense of his family. Fowler was taken to Carlsbad and placed in the county jail, where he will await the action of the Eddy county district court.

Lowe is survived by a wife and several children living at Austin, Texas.

Eel's Second "Heart"

The eel has in the tail a lymphatic sinus—that is an inclosed open space filled with lymph. The sinus pulsates and is, therefore, sometimes called the caudal heart. The sinus, however, is a simple structure and does not have the complex mechanism of a true heart.

Honor in Defeat

The privilege of going out with the honors of war is very generally accorded to a garrison surrendering after a brave defense. It permits the soldiers to carry away their arms and in some cases to march out with drums beating and colors flying.

(© 1929 Western Newspaper Union.)

There are three kinds of people. In the world—the will's, the won'ts and the can'ts. The first accomplish everything, the second oppose everything, and the third fall in everything.—P. T. Davidson.

THE EFFICIENT KITCHEN

Now-a-days with the colorful kitchens and breakfast nooks so common, it seems trite to talk of kitchen conveniences.

But there are thousands of homes yet where the housewife walks miles to prepare and serve a meal, where the kitchen stove, sink and table are hardly within speaking distance. These old fashioned kitchens are still far too common, and they are treasures, too, for by remodeling one may have a small kitchen with equipment conveniently placed and a cosy breakfast nook with benches that push under the table when not in use, leaving space for ironing or dressmaking, with good light and every convenience.

The proper arrangement of kitchen equipment is not a passing fad, but a most serious problem, worthy of thought and planning.

Where the kitchen is small the work table covered with zinc or with a porcelain top stands in the center of the room, over it is arranged a hanging shelf with place for the much used utensils to hang underneath. The shelf may contain the pretty jars for salt, sugar and such condiments used in every day cooking. This table with shelf may be placed against the wall, if it is more convenient in the smaller home; then the sink, stove and table are all within easy reach, saving much walking.

Hang the measuring cups and small things within easy reach and always place them there. When dishwashing, if the cupboard is near the sink, the dishes may be wiped and placed on the shelves without another handling, which saves many hours in the space of a year.

A large tray or a tea wagon for removing soiled dishes from the table, and carrying food to and from the dining table is a great step-saver. The handy boy with his tools can make a very good tea wagon, as many have done in the schools.

The small rubber kneeling pad used for so many things these days, is also a fine thing to stand on when ironing to save the tired feet.

Neenie Maxwell

CARBON PAPER—The Advocate

MRS. J. W. MARABLE DIES AT EDDY COUNTY HOSPITAL ON TUESDAY

Mrs. J. W. Marable, age 24, wife of J. W. Marable died at the Eddy county hospital in Carlsbad, Tuesday afternoon, following an illness of two weeks. Mrs. Marable was well known here, having lived in the Artesia community practically all of her life. She was formerly employed by the Citizens State Bank and Gilbert and Collins. Last year Mr. and Mrs. Marable lived on the Marable farm south of town. Recently, however, they had been making their home in Carlsbad.

Funeral services were held in the Baptist church, yesterday afternoon, Rev. R. Peterson, pastor officiating. Burial was made in the Woodbine cemetery.

Mrs. Marable leaves to mourn her loss, a husband and two small sons, a father and mother, Mr. and Mrs. J. W. Cobble, two sisters, Misses Jaunita and Effie Jean and four brothers, M. F., James, Paul and Lynn Cobble.

REVIVAL MEETING WILL START AT CHRISTIAN CHURCH SUNDAY

Beginning next Sunday, a series of evangelistic services will be held in the First Christian church under the direction of the new pastor, Ralph Waldo Emerson.

Mr. Emerson, a member of the Emerson evangelistic party of Kansas City, Missouri has been engaged in evangelism and lecturing work for several years and has held many meetings with splendid success.

The services of one of the best song leaders in the Christian church have been secured especially for this meeting. Mrs. Joseph L. Hayes, who represented the Emerson party in the North American convention of the Christian church at Kansas City, a year ago, will arrive Saturday to take full charge of the music.

Mrs. Hayes besides having a splendid voice, has also the rare gift of a charming personality and is a favorite of people of all ages. One feature of her work is the junior choir which she will train.

According to present plans she will give a concert at the close of the meeting.

This meeting is not for one particular group of people, but is being held for the best interests of the entire community and should prove a personal benefit and spiritual help to everyone in Artesia. To all people of all ages, is issued a special invitation to come to take part in the gospel of Jesus Christ as it is recorded in the New Testament of the book of all books.

SHIPS OUT SHEEP

Bryant Williams of Hope, expects to ship out nine cars of sheep to market Saturday. Irvin Martin will ship out a car of cattle on the same date.

THE INTER SCHOOL BASKETBALL TOURNEY

The 8-1 boys won first place in the boys division and the 7-2 girls won first place in the girls division, in a recent inter-school basketball tournament held at the Central gym Friday. Banners were given the winners. The sportsmanship award, a banner went to the two teams in room 7-1. Bennie Juarez was awarded a banner for being the best all-around player, this award was based on sportsmanship, team work and skill. The best all-around girl player was Lois Fanning.

TEACHERS MEET POSTPONED

On account of the fact that some of the principal speakers were unable to attend, the Eddy county Teacher's Association meeting, which was scheduled to have been here Friday, has been postponed, according to an announcement made yesterday by Superintendent W. E. Kerr. No definite date has been set for the meeting.

PETIT JURY DISMISSED

The petit jury, which was ordered to report at Carlsbad Monday for duty were dismissed by Judge Richardson, subject to call. The jury was to have sat in on criminal cases the first of the week, but the attorneys reported that they were not yet ready for trial.

Mr. and Mrs. J. D. Long of Los Angeles, California, are spending a few days here attending to business matters.

J. C. GILBERT ROSWELL ATTORNEY FOR JUDGE 5th JUDICIAL DISTRICT

J. C. Gilbert of Roswell, announces his candidacy for judge of the fifth judicial district composed of Eddy, Chaves and Lea counties in this issue of the Advocate. Mr. Gilbert came to Roswell in 1897 and has lived in Roswell continuously for twenty-five years and has been engaged during the time in the profession of law. Mr. Gilbert is a democrat, and as to his democracy, there can be no doubt, and he has stood the test and proved to the people of this state and district to be a true democrat. For more than 16 years he has been a member of the state democratic central committee, and this fact alone, should be sufficient for an endorsement as a faithful democrat, and while he is a partisan in politics, he never let his politics interfere with his business nor friendship; and as a partyman, when the nominations are made, he supports his ticket, and when the elections are over, he accepts the results and lend his time and assistance to the making of a good government. It would be no mistake to nominate and elect him to this high office, for he has the ability to fill the office and administer the law as it should be. There can be no doubt that in all matters that would come before him in the court, the same would be settled fairly, impartially, and with promptness; something that is needed in court. He has, by his work and integrity, built up a large lucrative practice and has been retained in some of the most important cases before the courts of this state and with success.

Mr. Gilbert is what is known as a self-made man, and from childhood, has made his own way; and his success, he contributes to the loyalty of his friends, who have as he says, "always stood by him." It is truthfully said of him that he has never defended a bootlegger, car thief, or

rapist; something that few can say; and no worthy woman, without funds, appealed to him in vain for aid as an attorney. He has a wife and a growing one daughter and three a tax-payer in every one of the district. He has a large experience over the district, and are not personally acquainted with him, have heard of him, upon the solicitation of these friends and acquaintances he has entered this race to appreciate the support of

REV. EMERSON LECTURE ON LAW ENFORCEMENT

CARBON PAPER—The

Beauty Is Power

It opens doors that nothing else can open. It lets one out of the prison that shyness, awkwardness, self-consciousness build about one. It opens locked doors to romance and love.

Much experience has taught us that only a small percentage of women will give an hour a day to the care of their skin, but if they would give fifteen minutes daily to the faithful use and application of Elizabeth Arden Preparations, the result would be generous beyond belief.

At your convenience we would appreciate the opportunity to discuss with you the Ardens preparations and treatment.
