NUMBER 19

Wells In Field Racing Big Pay

Centered On The Ohio And Shell Phillips Petroleum Build Casinghead Lea Field.

New rigs dot the field of the race for the big pay. It is predicted that fifty rigs will be in the field within a short time, if the present boom continues. Two of the rigs are being operated by the Bowers sector and will be producing oil until they are being the Ohio No. 1, Northrop in the 38, which developed a million foot flows of oil and the other rigs. Tools were hung in the latter flow, but the cleaned and workmen rotary. The State No. 1 Oil Co., in the SW 1/4, 32-18-38, developed a foot flow of gas at a rate of 3,138 to 3,144 cubic feet per hour. An oil break, which made a 17 hours. The oil was killed with mud and is now being worked under way below 3,175 feet.

West northwest of the Fisher-Lowree-Penn No. 1, is reported abandoned after having encountered water at 4,750 feet. Staked.

Conditions have been staked in the Texas Prospecting completed digging the State No. 1-C, 330 north line and 330 feet line of sec. 25-18-37, and Fuel Co., has been set for its No. 1-C, set from the north line from the east line of the California Co., is set for its State No. 1, set from the north line and the east line of sec. 25-18-37. Getty Oil Co., is re-made a location for NE sec. 30-18-38. In Henderson and Dexter road to their Parke NE corner NWNW The Humble Oil and Gas Co. has skidded the rig No. 2 in the NWSE after drilling to a depth of 105 feet and moved.

Build Gas Plant from the Phillips Petroleum now looking over the county field with a view of natural gasoline plant. Pacific Coal and Oil Co., announced its intention of building a natural gas plant on pp. 23-36. The Phillips built the first casinghead in the Artesia field to be state.

MAKES FINE IN THE MUSIC AT AMARILLO

From the music con-amarrillo last week came from our young people and Saturday. The parts and scores were for last week's issue. Increasingly extending in these contests to music festival, so that contestants took part.

Large enrollment, our had something to re- we feel proud of the made.

As follows: Miller, 1st class—Violin. Blair, 2nd class—Sight piano. Miller, 2nd class—Piano. Miller, 2nd class—Piano. Baker, 1st class—Trombone. Caw 3rd class—Clarinet. Collins, 3rd class—

1st class by one point. was one of the three class in violin.

P. V. ORCHESTRA IS TO GIVE PROGRAM HERE ON SUNDAY, MAY 4th

The Pecos valley high school chorus and valley orchestra will give a program at Artesia Central school auditorium, Friday, May 2nd, at 8:15 p. m.

The combined valley choruses with members from Artesia, Dexter, Lake Arthur and Roswell will sing "The Builder" by Cadman and "God Is a Spirit," by Bennett (two state inter-scholastic contest numbers).

The chorus conductors will be Miss Thompson of Dexter and Miss Oakes of Artesia, who have taught public school music in the valley schools longer than any public school music supervisors.

There will be numbers by Carlsbad talent and numbers from other towns, which will be more definitely announced later.

This program is sponsored by the Artesia schools and will be free. The public is cordially invited.

HEALTH DAY PROGRAM WILL BE GIVEN HERE ON THURSDAY, MAY 1

May Day, May 1st, is child health day, and the American Legion Auxiliary is sponsoring an appropriate program for this occasion. The program will start promptly at 1:30 p. m. at the City Park. Children from both the Central school and the Junior high will participate in the event, which will consist of a May Pole and naturalistic dances. After the park program, a parade will be formed to travel down Main street. The parade will consist of health floats from the various firms and organizations of the city. The committee announces that any firm, individual or organization may enter a float. Prizes totaling \$15.00 will be awarded to the two floats, which best carry out the health idea. The prizes will consist of \$10.00 for first place and \$5.00 for the second place. Early reports indicate that the interest will be very gratifying.

It was announced that all pupils on the honor roll in both the Central and Junior high schools will march in the parade in a body.

Any one who is interested in any phase of the health day program, may obtain further information by calling Mrs. Frank Seale, president of the local auxiliary.

The names of the children in both the Central and Junior high, who are on the honor roll will appear in our next issue.

SIX CAUGHT FISHING WITHOUT LICENSES

M. Stevenson, deputy game warden, paid the Lakewood region a visit over the week end and brought in six people Monday morning, who were arraigned for fishing without licenses before S. W. Gilbert, justice of the peace. Four paid fines and two plead not guilty and had their trials set for May 15th.

APPRAISMENT FINISHED

The Eddy county board of tax appraisers has finished its labors. The board completed its work, Thursday two days after the scheduled time. Eddy county is expected to show a normal increase in taxable valuations over the past year. It was said here that Carlsbad alone would show a normal increase of \$250,000 while Artesia will show an increase of approximately \$50,000.

TO REPRESSURE FORTY WELLS

Flynn, Welch and Yates are rigging up a well in the Artesia field in the center section 28 which will be drilled as a preliminary step toward the installation of a gas pressure system on approximately forty wells. The well which will be drilled is known as the key well and will be used as a key to supplying gas from the Phillips casinghead plant.

WILL MOVE OFFICE

Dr. Edward Stone, former city clerk, will move his office from the city hall to the Gilbert and Collins building, where he has established office quarters for jewelry repairing and optical work.

PRE-SCHOOL CLINIC

Dr. O. E. Puckett, county health officer, announces that he will be in Artesia, Tuesday from 10:00 a. m. to 4:00 p. m. to hold a pre-school health clinic. All parents are asked to bring their children 6 years and under.

MISS ROSALIE PRICE IS FATALLY INJURED ON SOUTH 1ST. STREET

Given First Aid Here And Rushed To Carlsbad To A Hospital—Body Shipped To Corsicana, Texas For Burial.

Miss Rosalie Price, niece of Mrs. M. W. Evans, was fatally injured Friday evening near 7:30 p. m., on South First street when she stepped in front of a speeding automobile. Miss Price, with a number of Girl Scouts had started on an outing and were riding in a truck near the McCann Service Station. Miss Price got out of the truck and accidentally stepped in the pathway of an auto running at high speed. The impact was terrific and the unfortunate girl was thrown several feet. She sustained a broken leg, a broken arm, a gash in her forehead and a deep cut in her back. The name of the party driving the car was not learned. It was said that the car was occupied by three boys from Carlsbad.

Miss Price was given first aid here and rushed to a Carlsbad hospital where attending physicians gave her a fifty-fifty chance to recover. At first she appeared to rally somewhat, but later grew worse and died about 6:00 p. m. Sunday evening.

A short funeral service was held here Tuesday morning between 11 and 12 o'clock, Rev. Harold Scoggins, officiating. After the funeral service the body was taken to Pecos by the local undertaker, Owen McClay and shipped to Corsicana, Texas, where burial was made.

PUSSY CAT ADOPTS PUPPY

T. F. Wilson of the Cottonwood lays claim to having a democratic cat. Recently a stray puppy came to the Wilson farmstead. Mrs. Pussy cat promptly took the puppy, carried him to a cotton seed loft in the barn and is now mothering the puppy along with a litter of kittens. Such things have happened before, but are rare. It goes to show that Mrs. Pussy is oftentimes very democratic in selecting her children.

TWO BLOOD HOUNDS BOUGHT

Officers have purchased two blood hounds for use in this section of the county, it was said, last week. The hounds purchased from a ranchman west of here have already been delivered.

CAR ACCIDENT

Dick Burnett had the misfortune to collide with Mrs. Will Linell near the Linell home on Missouri avenue Sunday. The result was a broken wrist for the boy and a badly damaged car.

LEA COUNTY TO HAVE PRIMARY INSTEAD OF CONVENTION—REPORT

Lea county democrats will have a primary instead of a convention. This action was taken at a meeting of the county central committee, some two weeks ago says the Lovington Leader. The recent decision to hold a primary was made after considerable discussion, during which time the committee decided to rescind its early action to have a convention. The date of the first primary will be June 2 and June 30 for the second primary should a contest develop.

CHAMPION SNAKE CATCHER

John Alston, employee of J. T. Stagner on the Lawrence ranch, is probably the champion snake catcher of this section. Mr. Alston started catching rattlers after a hair raising encounter, during which time a big rattler struck at him twice. Mr. Alston was working out in the field and happened to disturb a rattler before discovering the snake's presence. Mr. Rattler, retaliated by striking at both pant legs, the second time Mr. Alston did some tall kicking and put the rattler a safe distance away.

Now the snake catcher is retaliating on the snake tribe by catching them with a forked stick and has succeeded in capturing ten, which have been placed in a barrel.

STATE SUPREME COURT SUSTAINS LOWER COURT IN THE OIL LEASE CASE

Atlantic Oil Producing Co., Wins Mandamus Action Against Commissioner In Interpretation Of State Leasing Law.

SANTA FE—The state supreme court Monday affirmed District Judge Reed Holloman in holding that the New Mexico law contemplates a full five-year oil lease in exchange for old converted leases instead of a new lease for the unexpired term only.

The case marked another victory for the Atlantic Oil and Producing company whose test suit was brought against Land Commissioner A. D. Crile. Dr. Crile had contended that the new leases under the conversion section should be for the unexpired term of the existing lease.

The supreme court decision was unanimous. It was written by Justice Watson with the other four judges concurring.

Many applications for oil leases within the restricted area have been held in abeyance pending the supreme court decision.

The argument hinged upon interpretation of the words "in lieu of same," as written by the 1929 legislature into Article Fourteen which governs conversion of old leases for new ones.

The syllabus by the supreme court outlining the points upon which the decision was based, read:

"1. Unless there is ambiguity in a statute, construction is uncalled for."

"2. Chapter 125, Articles 2 to 14 of the 1929 statutes plainly provide that surrender of state oil lease issued prior to March 23, 1927, entitled the holder to a new lease for a term of five years."

"3. The provision that the new lease is to be 'issued in lieu of' the lease surrendered is not sufficient to render the statute ambiguous and to support the contention that the term of the new lease shall be merely the unexpired portion of the original term."

"4. Chapter 137, Article 9 of the 1925 laws providing for the surrender of old lease and issue of new lease for the unexpired term of the surrendered leases was amended by the 1927 legislature Chapter 46, Article 3 providing for surrender of old leases and issuance of new 'in accordance with the term and provision of this act,' and the latter act was repealed by the 1929 legislature, Chapter 125, Article 20 which act by Article 14, provided for surrender of leases issued prior to March 23, 1927 and that 'new leases in the form authorized herein shall be issued in lieu of same.'"

"Held. The repeal of the amendment provision, accompanied by a substitute therefor, did not revive the original provision."

REMODELING WORK TO START SOON ON THE TELEPHONE BUILDING

Joe A. Clayton has been awarded the contract to remodel the building at Third and Main streets, purchased several months ago by the Mountain States Telephone Company. It was announced here yesterday. The remodeling plans call for stuccoing the exterior and rearranging the interior. Repair work is expected to start tomorrow and will be completed within about a month.

Other improvements in the local phone system includes the installation of a common battery system, some new cables and new lines in the rural districts. It will take several months to complete the improvement program contemplated, it was said.

BLINDFOLD DRIVER TO BE HERE SOMETIME SOON

Rube Perkins, the blind fold driver, was here Tuesday arranging to make a blind fold drive on Main street. Mr. Perkins plans to drive from Amarillo, Texas here and while in Artesia will give a lecture to the school children on "Safety Week." His complete itinerary will be announced later.

IMPROVEMENTS AT THE PHILLIPS GASOLINE PLANT

A crew of ten men from Berger, Texas, arrived here last week and are installing a bubble tower and changing absorbers at the Phillips casinghead gasoline plant in the oil field. The new absorber known as the Tulsa type will turn out a cleaner gas and enable the company to get a better absorption. The installation of the new machinery is expected to be completed within the next ten days.

I. O. O. F. ANNIVERSARY PROGRAM WILL START TOMORROW MORNING

Everything is in readiness for a prompt start of the I. O. O. F. anniversary program tomorrow morning at 10:00 a. m. Preparations have been made to care for at least 200 visitors. All valley lodges are expected to have a representation present and numbers of Oddfellows from various parts of the state have indicated that they will be present. Reservations have been made for 150 at the banquet to be held in the roof garden of the hotel tomorrow evening beginning at 6:00 p. m. J. H. Davis of Tacoma, Washington, deputy grand sire is expected to arrive in Artesia today.

Probably the chief feature of the program is the Rebekah play entitled "One Minute Till Twelve," which will be presented tomorrow evening at the Central school auditorium.

APRIL 30 IS THE FINAL DATE FOR ENTERING THE COTTON CONTEST

The Cotton Contest sponsored by the Artesia Chamber of Commerce, winners of this section and interested individuals, needs your support. Its a good thing for every one in our section and deserves your support and assistance.

In the first place the prizes are very attractive and whoever the winner is will be well repaid for his time and effort. There are no entrance fees whatsoever to be paid. There is no restriction to individual effort and the purposes of the contest are in the interest of the entire community. The Chamber of Commerce gave considerable thought to the details of the contest and planned in such a manner that the benefits will reach every individual in the section regardless of his or her connections.

Why not give the contest a boost? The final date for entry is 6:00 p. m. April 31st. Only 9 more days, but plenty of time if you will only help out. If you are a cotton grower call at the Chamber of Commerce office and enter your tract in the contest. If you are not familiar with the details ask questions and it will be a pleasure to assist you.

If you are in business why not ask your farmer friends about making an entry? Its to your advantage as well as his. Picture the results of the contest if some grower finds that he can raise 3 bales of cotton on one acre of land in our section. Imagine if you can the publicity that will follow. The increased demand for land and the attendant increase in value. Picture what it will mean to the entire section when we can offer a uniform long staple cotton from the entire district, a quality staple in sufficient quantity to justify a premium for staple. Picture the results as applied to the entire section when every cotton grower profits by the record kept by the winner. Surely the contest deserves your support. Talk it over with everyone who visits your store, perhaps he has not given the proper consideration to the project.

If you are a cotton raiser you should be interested. It is to your advantage and costs you nothing. The conduct of the contest, is fair to everyone and your fellow farmer, perhaps yourself will be the judge. Why not call at the office of the Chamber of Commerce and file your entry! If you want more information it will be a pleasure to answer your questions and assist you in every way. Why not enter the contest? Remember 6:00 p. m. April 30th is the limit for entries.

LOCAL OIL OPERATORS ATTEND FT. WORTH MEET

Six oil operators, Messrs. William Dooley, V. S. Welch, Martin Yates, C. J. Dexter, R. H. Henderson of Artesia and George Etz of Roswell, attended a meeting of the Independent Petroleum Association of America, which convened in Fort Worth, Texas, Friday and Saturday. The association re-affirmed its stand for a tariff on oil and for the modification of executive order no. 338, relative to the exploration for oil and gas on government land.

Wirt Franklin of Ardmore, Oklahoma was reelected president of the association, along with practically all of the former officials. Van S. Welch, Sr., of Artesia was reelected national vice-president from New Mexico and Messrs. C. J. Dexter and William Dooley of Artesia and Geo. Etz of Roswell, were selected as directors for the New Mexico unit. A number of states have already completed state organizations.

North Eddy Dists. Show Big Gains In 1930 Census

Preliminary Figures For Artesia Gives The City's Population at 2,476—May Go To 2,500 In The Final Count.

The population of Artesia is placed at 2,476, according to a report received from the office of the district census supervisor at Roswell. These figures are preliminary and subject to correction. It was indicated here that an effort will be made to check the count on at least part of the district. The count does not include residents of the Lanning addition which is out of the city limits. The population of this district numbers approximately 100. Opinions have been expressed here that the population will run over 2,500 when the full count is in. The 1920 population of Artesia is given as 1,115.

Cottonwood and Oilfield

Two other district in north Eddy county also show a gain of more than 100 per cent. The population of the Cottonwood district is given as 977, in a recent preliminary report, as compared with 344 in 1920. There are 142 farms, listed in the Cottonwood community. The preliminary report just announced here gives the population of the oil field at 306. There are eight farms listed in this district. There is no comparative count available for this district in 1920, as the oil field did not exist at this time.

COTTON PLANTING

Preliminary estimate indicate that about 60 per cent of the 1930 cotton crop in the middle valley has been planted. Approximately a fourth of the cotton planted is up. Another ten days to two weeks will see practically all of the cotton planted.

REAL ESTATE TRANSFERS

Tom Heflin has purchased lot 1 in block 26 on West Main street and plans the erection of a new dwelling at an early date. W. B. Glover, living southwest of Artesia and Jess F. Cook, living on a 25 acre farm southeast of Artesia have traded places. Mr. Glover will move to the farm, formerly owned by Mr. Cook and Mr. Cook will move to the Glover property in town.

FIFTY HEAD OF SHEEP KILLED NEAR ROSWELL

Fifty head of sheep were killed Monday night on the range northeast of Roswell by dogs, it was reported Tuesday by Sheriff Harry Thorne.

Farmers, the sheriff said, have complained that dogs have been victimizing their turkeys, geese, and hens for the last few weeks.—Roswell Dispatch.

SEVERAL VALLEY TEAMS TO PARTICIPATE IN ROSWELL TRACK MEET

Fourteen teams have been announced at entrants in the Pecos Valley Track and Field meet to be held at the Military Institute field at Roswell on Saturday.

Those entered in the meet includes eight senior teams and six junior teams. The seniors are N. M. M. I. Colts, Roswell high school, Albuquerque high school, Dexter high school, Hagerman high school, Lake Arthur high school, Artesia high school, and Carlsbad high school.

The juniors are N. M. M. I. juniors, Roswell juniors, Roswell Junior high school, Dexter juniors, Hagerman juniors and Artesia juniors.

According to the rules, only three men from each school may compete in each event. As many as desired may be certified in each event on the entry list, and in the preliminaries six men only will be qualified for the finals. All senior events will be run first.

All juniors must be under sixteen years of age, and entries must have been filed by April 21. First three points, second two points; third, one point.

WHAT'LL WE DO WITH 'EM?

A man, his wife and child recently arrived in Artesia broke. They were on their way to Hobbs and had "hitch hiked" their way from Missouri. They had been told of the wonderful things that awaited them in the new oil town, plenty of work and good wages.

They expected the Artesia people to help them along their way. People like this, who often times give ear to wild stories, usually have the conception that the "pastures are a little greener," farther on. They rarely investigate the word of mouth stories, about the conditions in such and such a locality. The chances are they will be disappointed when they arrive at Hobbs and find two men for every job.

Others have arrived here penniless in the past few months. Others too have been en route to the new oil fields. Recently a bunch landed here, who declared that they must have something to eat. They would work for their grub, but would steal rather than go hungry. The resources of the community chest have been taxed as never before to care for the penniless traveler, who stops here temporarily en route to the promised land.

As one member of the community chest puts it, "We have not advertised for help nor given any misinformation about the Lea or Eddy county oil fields, this being the case, should we be obligated to feed the wayfarer, who has heard a wild tale about the oil field work?" If the community had been guilty of such practice, then we might feel obligated to care for those who land in our midst.

The enthusiastic young man entered the offices of the Western Drilling Co.

"What sort of a chance is there," he asked, "for a young man beginning at the bottom, to work his way up?"

"Not much," said Dexter. "We're contractors for digging wells.

SPEEDING

Sixty miles an hour in the city limits is too fast to drive a car; it's too fast to operate a car even on the open highway, unless your car is absolutely safe and there is clear vision ahead. Observers, who saw the car that struck the fifteen year old girl Friday night say that if it was going a mile, it was going sixty miles per hour. It may be that the future generations will finally see a time that it will be comparatively safe to operate a car in the towns, villages and cities at a speed of sixty miles per hour, but until such time arrives it will be hazardous and the speed limit should be regulated. It is probably true that the present generation can operate the present model car with a measure of safety at a greater speed than was possible ten years ago, even so a car going at sixty miles, is traveling at a faster rate than the average motorist can think.

IN A RUT

Every business or occupation has to meet the changing conditions or face failure. No business to-day can be operated exactly as it was ten years ago. This applies not only to the merchant or to the farmer, but to the professional man as well. It may be hard to change, but if the business man keeps his head above the water, he must be alert to the new conditions, time brings about.

Revolutionary changes have been made in farming just as in other occupations. It is no longer true that a man needs only a strong muscle and a strong back to make a success. Head work pays in farming just as other occupations. One of the most serious objections advanced to growing cotton as the principal crop is due to the fact that the cotton farmer sometimes gets in a rut. He looks to the cotton crop as his only income and never stops to figure what other lines he might engage in profitably. In some portions of the south, the average cotton farmer is never out of debt. As soon as he pays the mortgage on one crop, he turns around and mortgages the next crop when planting time comes.

ANCIENT IRRIGATION DITCHES

Irrigation canals dug in the days following the Spanish conquest are still being used to water farms and ranches in New Mexico and Arizona, according to facts revealed by the census of irrigation now being taken in connection with the 1930 decennial census of the United States. Other old ditches opened amid great hardships by the Mormon pioneers in Utah are reported to be still operated much as in the time of Brigham Young.

In certain parts of the southwest remains may be seen of irrigation ditches which were dug by an unknown race many years before Columbus discovered America. More recent canals in use by the Indians during the sixteenth century are still supplying water to the farms of the region, according to the census officials.

EXPENSIVE

An old lady in Chi, traded her slightly used husband for an automobile, on the ground that even if she had to crank it, it would not kick her in the back. This may be a good bargain, but as in the case of the gent, whose hose supporter dragged as he followed the groom down the aisle, it isn't the first cost so much as the upkeep. Some cars are as expensive to maintain as a husband.—Santa Fe New Mexican.

PRESBYTERY UPHOLDS RULING

Men will continue to serve the Presbyterian church as ministers if other presbyteries vote as the Pecos Valley Presbytery did in Clovis last week. A move to permit women to be ordained as ministers of the church failed to meet the approval of the Clovis meeting. The present law of the church forbids the ordination of women as pastors, but a move had been made to repeal the existing ruling by a popular vote.

GRADE CROSSINGS TO BE ELIMINATED AS SOON AS IT IS POSSIBLE

SANTA FE—The State Highway department is committed to the policy of eliminating grade crossings as rapidly as possible, according to a bulletin issued recently.

During the past year, there were 13 grade crossings eliminated on the state highway system; 2 by the building of an underpass and an overpass, and 11 by relocation of the road. The first 2 are at Cambray and Suwanee, the crossings eliminated by relocation are as follows: 2 near Hatch, 3 between Los Lunas and Belen, 2 near Newkirk, 2 between Tucumcari and the Texas line, and 2 between Des Moines and Granville.

During the present year, the grade crossings that will be eliminated by the construction of overpasses and underpasses according to present plans, are located at Grants, Domingo, Belen, Scholle, La Joya, Logan, Wagon Mound, Raton, south of Raton and Lordsburg. Besides these 10, there will be 3 other grade crossings eliminated by relocation of the road, one near Scholle and 2 between Belen and Socorro.

Reflex signs which flash when headlights shine in them are being added to other warning signs at all other grade crossings. A special sign truck has been at work erecting additional warning signs, including these reflex signs, on highways in the southern part of the state for the past month and will cover all highways as rapidly as possible, the bulletin states.

"What is your average tip?" asked Mr. Rockefeller.

"One dollar," promptly replied the porter.

As he left the train, the oil magnate handed a dollar to the dusky fellow, who beamed as he exclaimed:

"Thank you, suh. Thank you. You is the first gentleman to ever come up to the average."

ACCIDENTS ARE KILLING SAYS A SAFETY BULLETIN

According to statistics from authentic sources of the state department, fatalities resulting from automobile accidents are the largest cause of accidental deaths in the United States. In 1929, the number of deaths from automobile accidents increased 13 per cent over the preceding year, while the number of accidents increased only 2 per cent.

More than 2 per cent of all accidents are due to the terrible death toll, of 35 persons in 1929, there are 35 more to every one that is killed there is the terrific waste, estimated at \$900,000 a year by the National Automobile Club. This amount is equal to the total receipts of the state from the U. S. tax on accidents have decreased 21.5 per cent between 1928 and 1929. Manufacturers have to pay to insist upon

an intensive campaign of first education among children in a decrease of fatal accidents in other cities where such have been pushed. The death-rate from automobile accidents has been lessened in children and adults. It is, but success depends upon the cooperation of all agencies and indifference to safety which have become. Most individuals believe that the other person is the next victim. Not until they bring injury or death to the family is the average citizen to the pressing importance against this enemy carelessness, over-confidence, speeding, intoxication, driving, glaring headlights in the auto left unrepaired, all of which may be the cause of the percentage of accidents.

The dinner speaker had talked for ten minutes. In the meantime, he continued, "I feel that I have eaten any more I would like to talk."

At the far end of the table came a waiter: "Give me a sandwich."

LOCALS

J. C. Floore was a Carlsbad visitor Sunday.

O. E. Wyatt was in from Maljamar Monday.

Dr. G. W. Griswold, of Roswell was a visitor in Artesia, Friday afternoon.

Messrs. J. F. Wasson and G. W. Jones were transacting business in Artesia, Monday.

Omer Kersey of Alamogordo was visiting friends and attending to business matters here Monday.

V. D. Bolton, attended a regional meeting of the Chevrolet dealers in El Paso, Texas, the first of the week.

Mr. and Mrs. Medcalf, of Hope, spent Sunday here with their daughter, and son-in-law, Mr. and Mrs. Edington Gage.

E. H. Perry, S. S. Ward and Lewis Story returned from El Paso where they were in attendance at a Masonic meeting for a day or two.

Miss LeVon Brown, Mr. Allen and others drove to Carlsbad Saturday to see Rosalie Price, who was at the point of death in the hospital following the car accident Friday night.

Among those who were present at the celebration in Hobbs Sunday were Mr. and Mrs. Leon Barker, Mr. and Mrs. Walter Douglass, the Misses Effie and Mary McCaw, Mr. Neely and Elvie Barker.

William and Stewart Compton came home Thursday from the State University for the Easter vacation, bringing with them Chester Russell, who is an assistant instructor in the school. They all returned to Albuquerque on Sunday.

Mesdames E. H. Perry, E. M. Phillips, J. M. Story and Ralph Shugart were in Carlsbad Saturday to see Mrs. M. W. Evans, who was there with her young niece, Rosalie Price, the victim of a terrible auto accident, which terminated fatally Sunday evening.

Mrs. A. L. Allinger returned Friday from Albuquerque, where she had been with her son, Alvin and wife. Mrs. Alvin Allinger, who was critically ill with poisoning following the birth of her little son, was able to leave the hospital a few days before Mrs. Allinger's return.

Mr. and Mrs. G. R. Brainard will drive to Roswell this afternoon to be present at the opening of the splendid new \$25,000 Woman's club house. From there they will drive to Tularosa on Friday morning to attend the meeting of the Fourth District Federation. They will be accompanied from Roswell by Mrs. George Ruoff, of Albuquerque, past president of the state federation, also by Mrs. J. D. Atwood, president of the Roswell Woman's club.

THE LINDBERGS MADE NEW RECORD IN FLIGHT ACROSS THE CONTINENT

NEW YORK—"We" have another record, a cross-continent flight faster than anybody else.

Taking off from Glendale, California, just at daybreak Colonel and Mrs. Charles A. Lindbergh Monday brought their new brilliant scarlet and black monoplane to a three point landing on Roosevelt field, where the Colonel took off for Paris three years ago this spring. The arrival was 48 minutes before the day was done.

The approximate distance was 2,500 miles, the flying time 14 hours, 23 minutes, 27 seconds, the average speed 172 miles an hour. A stop was made at Wichita, Kansas, of 22 minutes and five seconds for fuel, but not food. Lunch prepared at Los Angeles, was eaten in the air.

Although the Colonel disclaimed any new record, the time of the flight was 3 hours, 15 minutes and 29 seconds faster than it had ever been flown before. Captain Frank Hawks, last June 29, flew from Glendale to Roosevelt field in 17 hours, 38 minutes and 56 seconds, non-stop. The fact that he and Mrs. Lindbergh made a stop, the Colonel pointed out, technically made their flight not one to compare with that of Captain Hawks. Captain Hawks himself, however, and probably everyone else except the Colonel accepted the flight as a new record.

Two miles and more in the air much of the way they had flying helmets as Easter bonnets.

"Yes sir," panted the new herder. "I got all the sheep in, but I had to run some to get those lambs."

"Lambs? I have no lambs. Let's see what you got," was the answer. Looking into the shed, the astonished owner saw 14 panting jack-rabbits.

U. S. MEAT PRODUCTION DECLINED SLIGHTLY IN '29

A slight decrease in total meat production and consumption in the United States last year as compared with 1928 is reported by the Bureau of Agricultural Economics, U. S. Department of Agriculture, which places total production of dressed meat, not including lard, at 16,803,000,000 pounds in 1929 as compared with 16,955,000,000 pounds in 1928.

The 1929 total is made up of 6,065,000,000 pounds of beef compared with 6,082,000,000 pounds in 1928; 816,000,000 pounds of veal against 814,000,000 pounds in 1928; 699,000,000 pounds of lamb and mutton as against 671,000,000 pounds; and 9,223,000,000 pounds of pork against 9,387,000,000 pounds.

Of the total 1928 production, 66.56 per cent came under federal inspection. The remainder was composed of the farm kill and the commercial slaughter not government inspected. Some of the latter is inspected by state and local authorities, but the quantity so inspected is not known. Goat meat, the production of which aggregated about 1,000,000 pounds in each year, is not included in the total.

REV. GEORGE R. RAY DEAD

Rev. George R. Ray, former resident of the Pecos valley who died in Long Beach, California, some ten days ago was buried in Roswell, Saturday. Rev. Ray formerly lived here, but more recently made his home in Roswell.

CHRYSLER ELECTS NEW BOARD OF DIRECTORS AT A RECENT MEETING

All the present directors of Chrysler Corporation were re-elected recently at the annual meeting of the stockholders held at the Corporation's Highland Park plant. Total shares represented at the meeting in person or by proxy amounted to 74.24 per cent of the number of shares outstanding and 48.49 per cent of the number of stockholders—one of the largest representations of stock at any company's annual meetings.

The directors elected were: W. P. Chrysler, J. S. Bache, Harry Bronner, Waddill Catchings, Hugh Chalmers, Delos W. Cooke, Allen F. Edwards, J. E. Fields, Byron C. Foy, B. E. Hutchinson, E. F. Hutton, K. T. Keller, W. Ledyard Mitchell, Harold E. Talbot, Jr., E. R. Tiner, F. M. Zeder.

Mr. Chrysler's report to the stockholders, which was read by B. E. Hutchinson, vice-president and treasurer, who presided, pointed out that the Corporation's products are now for the first time competitive in price and value with any automobile on the market, and the company is in the best strategic position in its history to take full advantage of the resumption of business activity on a normal basis.

Mr. Chrysler said: "While the purchase of automobiles by the public during the past several months has been restricted and reflects the current uncertainty regarding the immediate future of general business, an examination of the fundamental factors underlying the situation tends to be reassuring. Compared with the average for the past six years, retail deliveries of all motor cars in the United States, for the best year, 1929, were 21 per cent above the average, and for the poorest year, 1927, were 13 per cent below.

"This indicates a stabilized demand for motor cars, and a market which in point of variation from normal would compare favorably with most of the major industries of the country for the same period. The number of passenger cars in use in the United States has in recent years increased at the rate of about five per cent per annum. The replacement of worn out cars retired from use each year is an even more important market for new cars. Adding to these the requirements of the export market, there is every indication that the average demand for automobiles during the next five or six years should substantially exceed the average annual volume of production during the past five or six years.

"The position occupied by the automobile in the social and economic life of this country today is such as to make it unlikely that anything could seriously disturb this demand, and unless the economic stability and future progress of the United States as a whole can be successfully challenged, it is difficult to see how the present recession in the automobile industry can be regarded as anything but temporary."

The Misses Helen Green, Ruth Russell and Estelle Hogins returned to the State University at Albuquerque Sunday, after spending the Easter vacation with home folks. Arba Green made the trip with the young ladies both ways. Mrs. Green accompanied them on the return trip to Albuquerque. The Misses Russell and Hogins visited at the home of Dr. Russell their brother and uncle.

THE CHURCHES

FIRST CHRISTIAN CHURCH
6th and Quay Streets
Ralph Waldo Emerson, Pastor

We are happy to welcome Mrs. Rowland, who placed her membership in the church Sunday morning.

9:45 a. m. Bible school.
All children be present and sing in the Junior choir.

11:00 a. m. morning worship. Sermon subject—"Paul's Message to the Church Officers."

7:30 p. m., evening service, sermon subject—"The Tabernacle." This is an evangelistic sermon. Come and take part in our song services led by Cecil Roberts.

CHRISTIAN SCIENCE SOCIETY
613 W. Main Street

Sunday services at 11:00 a. m.
Wednesday services at 7:30 p. m.
Subject of the Bible lesson for Sunday, April 27, 1930 is—"Probation After Death."

In this lesson the following scriptural selection is found: "For since by man came death, by man came also the resurrection of the dead." (1 Cor. 15:21).

Also the following citation from Science and Health with Key to the Scriptures, by Mary Baker Eddy, page 593. "Resurrection. Spiritualization of thought; a new and higher idea of immortality, or spiritual existence; material belief yielding to spiritual understanding."
Visitors always welcome.

FIRST BAPTIST CHURCH

Our Easter services were well attended. Mrs. Fred Cole rendered a very fine solo. The pastor brought a message on the "Resurrection of Christ." Everybody seemed to enjoy the services. The high school glee club sang for us at the evening hour to the delight of all who heard them. We appreciate the help of this glee club very much.

Last Sunday morning we had the largest attendance and the best Sunday school we have had for some time. We have reorganized our school, and elected a number of new teachers and officers. With the warm spring weather and our new organization we should grow right along from Sunday to Sunday. Let all our members resolve to attend and also try to enlist others and it will be no trouble to grow.

Next Sunday morning the pastor will speak on the subject—"Highways and Hedges." At the evening hour the subject will be—"Just Outside the Gate." Our choir and orchestra are bringing us some good music. We appreciate very much the splendid help they are to all our services. The music is a great part of the services. Do not forget our Bible school at 9:45 a. m., and the young people will find a warm welcome in our B. Y. P. U. organizations at 6:30 p. m. each Sunday evening. You will find a warm welcome in all our services.
R. PETERSON, Pastor.

FIRST PRESBYTERIAN CHURCH
Fourth and Grand
Rev. John P. Sinclair, Pastor
Phone 249.

Sunday, April 27th, 1930.
9:55 a. m. Sabbath school.
11:00 a. m. Morning worship.
Sermon subject—"Salvation Outside

of the Visible Church."—There are devout believers not identified with organized religion, but they would be better if they would learn to work in fellowship with their brethren. This will be a short study of the story of Cornelius the first Gentile convert to Christianity, when Peter was challenged with making Christianity a world religion or keeping it confined as a racial culture.

6:45 p. m. Junior and Intermediate Christian Endeavor Societies.

7:30 p. m. evening worship. Anthem by Junior choir. Music by the church orchestra. Sermon subject—"A Model Mayor Who Was An Old Time Mason."—Find him in the Bible. A message on behalf of civic righteousness. The ideals of the city are inseparably linked up with the citizens.

Wednesday, April 30th, 7:30 p. m. praise, prayer and Bible study in the Acts of the Apostles, chapter 14. A man attending church draws with him his family and his friends; gives new courage to those doing church work, and has that satisfaction which comes to a man when he has done his duty."

METHODIST EPISCOPAL CHURCH SOUTH
Rev. Harold G. Scoggins

"The large church with a warm welcome and a helpful gospel."

Sunday school attendance reached still another high record Sunday, when there were 202 present at the Sunday school session. It is expected that next Sunday morning the attendance will set still a higher mark. Sunday school at 9:45 a. m.

At 11:00 a. m. there will be observed the annual Sunday school day program when the whole school will take part in presenting "An Increasing Purpose," program, arranged by Sadie Mai Wilson. There will be no sermon but each age group will have a part from the younger children in the primary ages to the oldest adult.

There will be no service at the evening hour as the pastor begins the work of teaching a week's course in the Roswell church. This school is scheduled to begin Sunday evening.

Aubrey Watson has moved in a house from the Ohio camp and placed it upon the lots, just west of Tom Ragsdale's on Missouri avenue. He is planning to make quite an addition to the building and fix it up in good shape for a permanent residence.

Stephen and Frank Lanning, of Inglewood, California, were in town Monday, coming down from Roswell where they are visiting their parents, Mr. and Mrs. S. A. Lanning. Their mother seems to be failing rapidly and the boys came on from the coast to see her.

L. Rabb underwent an operation for appendicitis Saturday at St. Mary's hospital in Roswell and is reported to be progressing satisfactorily. Mr. Rabb has been working above Roswell for some time past and the family is planning to move to that place at the close of school.

George Grober, geologist, accompanied by Mrs. Grober, has been here the past fortnight, coming from California. They leave today for Hobbs and Pecos, and from Texas will go on to North Dakota. R. D. Compton, an old California friend is accompanying them to Hobbs and Pecos and is expected home Sunday.

LOCALS

Senator and Mrs. Z. B. Moon made a business trip to Roswell yesterday.

Mrs. George Deane returned Sunday from a visit with friends in Carlsbad.

Superintendent and Mrs. C. R. Bernard, of Lake Arthur, were shopping in Artesia Saturday.

Mr. Bates of El Paso, manager of the telephone company, has been here this week on official business.

J. H. Bridgeman of Hope, stopped off in Artesia for a short time Monday, while en route to Roswell.

Mrs. Lloyd Simon was in from Maljamar Tuesday visiting her mother, Mrs. Attebery, and shopping.

Mr. and Mrs. L. L. Clark of the Peoples Mercantile Co., visited Mrs. Clark's parents at Plainview, Texas, over the week end.

Mrs. Robert Ohnemus is enjoying a visit this week from her mother, Mrs. W. Y. Grimlan, and son, Jack, also two smaller children, from Portales.

Mr. and Mrs. J. A. Clayton moved back from Carlsbad Friday and are at the home of his parents, Mr. and Mrs. Joe Clayton until they can get a house.

Dr. and Mrs. I. Z. Brown, accompanied by their daughter, Miss Bertha, also another daughter, Mrs. R. P. Harvey, and son of El Paso, were here from Leuders, Texas, from Thursday until Saturday visiting their son, Otis Brown and family.

Mesdames Albert Richards and John Richards returned from a trip to Oklahoma City, Monday night. They stopped on the way home in Portales, where Mrs. Albert Richards, as president of the American Legion Auxiliary for the state, made a visit to Carl McDermott Unit.

Mrs. Murphy Hayhurst and children, who have been at the home of her parents, Mr. and Mrs. L. G. Syferd, since the birth of the new baby, returned to their home at Lower Penasco Sunday. Her mother and brother, drove up to the hills with them returning that evening.

Mr. and Mrs. E. H. Perry enjoyed a visit from Sunday until yesterday from Mr. and Mrs. A. B. Johnson, and son Bobby, of Del Rio, Texas. On Monday, Mr. Perry and Mr. Johnson left for Santa Fe returning Tuesday. On Tuesday Mrs. Perry, Mrs. Johnson and Bobby, Mrs. C. O. Brown and her young nephew, Philip Mersfelder, who is here visiting from Logan, New Mexico, made a trip to Roswell.

HUGE CONSTRUCTION PROGRAM

WASHINGTON, D. C.—Construction contracts totaling more than \$303,000,000 awarded during the first three months of the year were interpreted by administration officials Monday as reflecting the appeal of President Hoover for increased building stabilization.

The total was announced by Secretary Lamont of the Commerce Department with a statement that it was the highest for that period in five years and an increase of 55 per cent over the first quarter of 1929.

Contracts for public buildings totaled \$32,337,000 as compared with \$24,318,000 in the corresponding period of last year. Lighting systems awarded contracts aggregating \$20,458,000 as against \$5,864,000 in the first quarter of 1929, an increase of 249 per cent.

An increase of 128 per cent was

noted in railroad construction, the figures being \$70,648,000 for the first three months of this year and \$30,973,000 for the same period of last year. Contracts for hospital and institutional construction moved upward from \$22,588,000 last year to \$39,364,000 this year.

Contracts for park development gained 127 per cent, waterfront development 73 per cent, water supply systems 70 per cent, incinerators 60 per cent and bridges 47 per cent.

Decreases of 55 per cent in the construction of railways, buildings 28 per cent in park buildings, 14 per cent in sewerage systems and three per cent in educational buildings were reported.

**FIRST ELECTRIC CHAIR
SENTENCE FOR N. MEX.**

LORDSBURG.—The first sentence to the electric chair in the state of New Mexico was pronounced Satur-

day by Judge Carl P. Funifon in district court, upon Victor Araiza and Rafael Hernandez.

The two men were found guilty of first degree murder for the fatal shooting of Lyman Garrett, Hidalgo county deputy sheriff, on February 3.

Frank Patton, former assistant attorney general, who was appointed by the court to defend the accused men, at once made a motion for appeal to the supreme court. The motion was granted.

Friday, July 9, was the date set for the execution.

Beauty of line and mechanical excellence

BEAUTY has been built into the graceful flowing lines of the new Ford and there is an appealing charm in its fresh and varied harmony of color. Yet more distinctive even

than this beauty of line and color is its alert and sprightly performance. " " " "

As days go by you will find that it becomes more and more your favorite car to drive—so responsive, so easy to handle, so safe and comfortable that it puts a new joy in motoring.

The city dweller—the farmer—the industrial worker—the owner of the spacious two-car garage in the suburbs—to all of these it brings a new measure of reliable, economical service.

Craftsmanship has been put into mass production. Today, more than ever, the new Ford is "a value far above the price." " " " " " " " " " "

FORD MOTOR COMPANY

Social Activities

ROGERS—JERNIGAN

Miss Elizabeth Rogers and Mr. Harry Jernigan were quietly married in Roswell last Friday afternoon at 5:30. The nuptials occurred at the parsonage of the Southern Methodist church with the pastor, the Rev. R. C. Edwards, officiating. The ring ceremony was used and the couple were unattended. The bride was charming in a pink georgette dress. The young couple remained in Roswell until Sunday evening, when they returned and are staying at the home of the groom's parents, Mr. and Mrs. E. T. Jernigan, for the present.

Mr. Jernigan is a line rider for the Illinois Pipe Line Co., and they will make their home in the company camp as soon as improvements which are in progress on their house, can be completed. The bride is the second daughter of Mr. and Mrs. Charles Rogers, southeast of town and was born in this community. Like the groom she is a graduate of Artesia high school, having finished last year, a year later than the groom. Both young people have many friends who wish them happiness and prosperity in their marital life.

ROSWELL DISTRICT MEETING

The annual meeting of the Roswell district Methodist Missionary Society was held in the Artesia church last Thursday with a delicious two course luncheon served in Sun-school room at noon by the members of the local society.

Mrs. J. H. Jones, president of the District, presided at the meeting which was well attended by delegates from Roswell, Hagerman, Hope and Carlsbad. Mrs. R. O. Cowan gave the address of welcome from the Artesia Society and Mrs. I. C. Dixon, local president, discussed the problem of the "membership" campaign. Rev. Scoggins, pastor of the Artesia church, favored the meeting with a vocal solo, which was listened to with appreciation. Other outstanding numbers on the program were the "Bible Hour," by Dr. Moore of Roswell, presiding elder, "Our Missionary Outlook in the Foreign Fields," by Mrs. R. C. Edwards, wife of the Roswell pastor, and "Promotion of Missionary Education," by Mrs. J. O. Cox, wife of the pastor at Carlsbad.

DISTRICT FEDERATION MEETING AT PORTALES

Artesia was represented at the meeting of the Third District Federation in Portales last Saturday by Mrs. G. R. Brainard, state treasurer, Mrs. G. U. McCrary and Mrs. Earl Darst, delegates, from the Artesia Women's club. Mrs. Brainard representing the local club in addition to the state treasurer's office. Mrs. McCrary gave the club report and also extended to the federation a cordial invitation to meet in Artesia next April. The invitation was gratefully accepted and Artesia will entertain the organization for the second time in ten years. Among those present at the Portales meeting were Mrs. Ruoff, of Albuquerque, past president of the state federation, Mrs. Tom Charles, present state president and Mrs. E. B. Lewis, corresponding secretary, both of Alamogordo. An excellent program was given and the attendance was quite gratifying. Mr. Brainard drove the ladies to Portales.

P. E. O. MEETING

The regular meeting of the Sisterhood was held at the Morgan home last Friday afternoon, with Miss Ruth Morgan as hostess. Mrs. S. W. Gilbert, president, was in charge of the program, which was devoted to New Mexico art. Miss Merrill Bradley gave a most informing paper, with illustrations, upon the "sand paintings" of the Navajo Indians. The remainder of the afternoon, with the exception of refreshments, was devoted to preparing for the state meeting in Roswell, when Chapter J is to put on a model meeting.

EASTER EGG HUNT

The primary department of the Baptist Sunday school had an Easter egg hunt on the church lawn Saturday afternoon. The superintendent, Mrs. B. D. Wilson, and two of the teachers, Mrs. Noel Meeks and Mrs. Fred Cole, were present and gave the children a happy time, which included a party after the eggs were all found. There were refreshments and games to amuse the little people. Two mothers Mrs. Virgils Wells and Mrs. Dale Gleghorn were also there.

"CHEVIE SIX" BRIDGE CLUB

The club met with Mr. and Mrs. Tex Henson at the Mann home last Thursday evening. Playing followed a seven o'clock dinner. Mr. and Mrs. Fred Cole were the only substitutes.

Social Calendar

TELEPHONE 217

THURSDAY (TO-DAY)

The Methodist Missionary Society will hold a combined business and literary meeting at the home of Mrs. J. H. Jones at 2:30 p. m.

FRIDAY

The Young Mothers' club will meet with Mrs. Lydia at 2:30 p. m.*

TUESDAY

The Passtime club will meet with Mrs. Raymond Schoonmaker at 2:30 p. m.

Fortnightly Bridge club will meet for one o'clock luncheon with Mrs. Frank Seale.

THURSDAY (NEXT WEEK)

The Christian Ladies' Association will meet with Mrs. Ballard Spencer at 2:30 p. m. Missionary meeting. The Presbyterian Aid Society will meet at the church at 2:30 p. m.

The "Chevie Six Bridge club will meet with Mr. and Mrs. W. Leslie Martin at 7:00 p. m.

SCHOOL BOARD ENTERTAINED

The second year home economics class gave its final luncheon of the year yesterday, when it entertained the members of the school board with their wives and husbands, also some of the high school faculty, the superintendent and principal of the high school with their wives.

The luncheon was given in the sewing room at twelve o'clock and the school theme was featured in the decorations. The guest lists were tiny double slates with the guest lists inside and the nut cups represented little red school houses. The girls acted as hostesses being seated with the guests at quartette tables. All of the girls cooked, served and entertained. Covers were laid for Messrs. Robertson, Paris and Fred Cole, and Mesdames Frank Manda and V. L. Gates, of the school board, with Messrs. Manda and Gates, Mesdames Robertson, Paris and Cole, Messrs. and Mesdames Kerr and Bird, and Miss Ruth Morgan, of the faculty, and the members of the class—Lilla Jackson, Catherine Filbert, Ruth Wilde, Thelma Mitchell, Ruth Graham, Mary Corbin, Mattie Mann and Buelah Beth Terry.

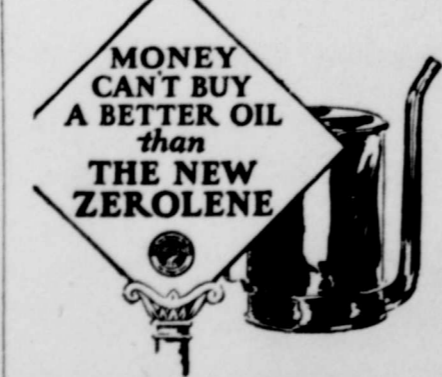

AFTERNOON TEA

Mrs. S. S. Ward and Mrs. Harold Scoggins were at home to the ladies of the Methodist church and other friends at the Ward residence from three until five o'clock yesterday afternoon. The Ward home, which has been recently rearranged in the interior and redecorated made a charming place for the party. The living room was attractive with a profusion of lovely roses and dining room in which huge bouquets of sweet peas graced the buffet and dining table at which tea was served. Tall yellow cathedral tapers gave an attractive finish to the table. During the first hour Mrs. George Frisch and Mrs. Ike Keller poured and Mrs. F. G. Hartell and Mrs. Martin Yates performed the same service during the later hour. Two daughters of Mrs. Ward, Mrs. J. S. Ward and Mrs. Robert Rehn, of Roswell, assisted by passing the refreshments in the dining room. Miss Catherine Clarke at the piano played softly during the afternoon. A large number of ladies were present at this lovely social function.

GIRL SCOUT PICNIC

The scout troop, of which Miss LeVon Brown is leader, had a picnic out at the scout well southeast of town last Friday evening.

HOPE JUNIOR-SENIOR BANQUET IN ROOF GARDEN

The Junior-Senior banquet of the Hope high school was held in the roof garden of the Artesia hotel on Monday evening. Among those present was Miss Ella Brown of Artesia, home economics teacher in the Hope school. The people of Artesia and surrounding territory miss no opportunity to show their practical appreciation of our beautiful hotel.

EASTER EGG HUNT

The teachers of the junior department of the Methodist Sunday school Mesdames Reed Brainard, L. W. Feemster and John McCann, assisted by Mrs. I. C. Dixon, gave the pupils of the department an Easter egg hunt and party at the home of Mrs. J. G. Littlejohn last Saturday afternoon. Following the egg hunt there were games and ice cream cones and cookies to make the afternoon a joyous occasion.

THE FIRST BRIDGE CLUB

The First Bridge club resumed its meetings this week Tuesday afternoon after the Lenten vacation. The meeting was at the home of Mrs. Martin Yates, who served delicious refreshments to the members and two substitutes, Mesdames F. G. Hartell and Beecher Rowan.

EASTER EGG HUNTS

Mrs. Pete Loving and Mrs. Paul Otts, teachers of the beginners and primary department in the Church of Christ Sunday school, gave their children Easter egg hunts at their homes last Saturday afternoon. The little folks had fun playing games as well as following the trail of the Easter rabbit.

FRESHMAN CLASS PICNIC

The Freshman class with their sponsors, Miss Alice Rader, Miss LeVon Brown and J. Clark Bruce, had its annual spring picnic somewhere in the great open spaces last evening.

DINNER PARTY

Mrs. Laura Welsh, who has just gotten settled in her house after returning from the east, entertained a few friends at dinner last evening, at seven o'clock. The dinner was in two courses and covers were laid for Mr. and Mrs. R. G. Knoedler and children, Mr. and Mrs. D. E. Buckles and the hostess.

EASTER EGG HUNT

The primary department of the Methodist Sunday school observed the customary Easter festivities with an egg hunt on the church lawn on Saturday afternoon. The superintendent of the department, Mrs. Harold Scoggins, with the teachers, Mesdames Kinder, Wittkopp, Joe Richards, W. E. Ragsdale and Edington Gage and Miss Katherine Filbert, were in charge of the party. After the eggs were found the children played games and the ladies served cookies, which the children ate with the eggs. There was about fifty children present.

12 IN 1 BRIDGE CLUB

The 12 in 1 Bridge club was entertained by Mrs. George Williams of Maljamar, last night at the home of her parents, Mr. and Mrs. Harve Muncy, of Artesia. Substituting were Mr. and Mrs. Elza Swift. Mrs. S. B. Barnett won high score for the ladies and Rocky Kile high score for the gentlemen. Refreshments were served at the close of a delightful evening's entertainment.

"Your Home Should Come First"

RECITAL

Mrs. Lu Eyek Corbin presented her pupil Miss Ruth Bigler in a piano recital at St. Paul's Mission Monday evening, assisted by Miss Florence Oakes who delighted the audience with two violin numbers. Miss Oakes was accompanied by Miss Ruth Morgan.

Flowers and ferns were effectively used making an attractive background and Miss Bigler was at her best before a large and appreciative audience. Her style was good especially were her technique and tone excellent and interpretation wonderful for so young a musician. The following numbers were rendered: Rondo—Op. Fifty-one No. One—By Beethoven
Nocturne—by Greig
Wedding Day—by Greig
June—By Tchaikowsky
Waltz, C sharp minor—by Chopin
Barbara Allen—by Paul Bliss
Golly Wog's Cake Walk—by DeBussy
The Juggler—by N. Louise Wright

SECOND EVENING BRIDGE CLUB

At seven o'clock Wednesday evening, dinner was served cafeteria style to the Second Evening Bridge club, Mrs. Jeff Hightower hostess. The only substitutes were Mr. and Mrs. Stanley Blocker.

23 DIE VIOLENT DEATHS IN N. M. DURING MARCH

SANTA FE—Twenty-three people died violent deaths in New Mexico during March, figures released by the state bureau of health show.

Of this number six were killed by automobiles and five were shot. Other forms of violent deaths: Suicide 1; food poisoning 2; burns 1; drowning 2; fall 3; mine accident 1; railroad accident 1; other external violence 1. Delayed reports show that in December five people were burned to death and 1 killed in an automobile; in January 1 person drowned and 2 were killed in an automobile accident and in February two were accidentally killed by firearms.

YOUTH GIVEN PARDON BY GOVERNOR DILLON

SANTA FE—Chas Russell Guynes was given a conditional pardon Tuesday by Governor R. C. Dillon. Guynes, who is 18, was sentenced from Chaves county in February this year to serve two to three years in the state prison. Clemency was recommended by District Judge G. A. Richardson.

R. G. Knoedler and E. A. Hannah were in Carlsbad Tuesday on Masonic business.

Mrs. E. R. Jamison was here from Roswell yesterday visiting her friend, Mrs. Grant Knepple.

Clyde Nihart, rural mail carrier of Lake Arthur was transacting business here yesterday.

T. H. Flint of San Antonio, Texas arrived Sunday for a visit with his son, W. E. Flint and family.

Clint Cole drove to Roswell yesterday morning to consult an eye specialist. His wife accompanied him.

CARD OF THANKS

We take this opportunity to thank our friends and the different organizations for the beautiful floral offerings and many kindnesses shown us at the time of the tragic death of our loved one.

Mrs. M. N. Price, Mr. and Mrs. M. W. Evans and Glenn Evans.
19-1tc

The Woman's Guild of St. Paul's church will serve a cafeteria lunch downtown on Primary Day—from 11:30 to 2:00—The menu and place will be announced later—Plan on eating your noon meal there when you come down to vote. 19-3tc

Announcement Cards, blank or printed—The Advocate.

CARD OF THANKS

I wish to thank my friends for loyal support given me in the city election for city clerk. My best efforts toward the duties of the clerk's office will turn for your loyal support. PAUL A. 19-1tc

HOOVER WARNS AGAINST EXCESSIVE EXPENCES

WASHINGTON, D. C.—Congressional leaders have received letters from President Hoover that are understood to warn against excessive appropriations as a threat to the slender surplus in prospect for this and the next fiscal years.
The presidential communications were sent to Senator Jones of Washington and Representative Wood of Indiana, chairman of the senate and house appropriations committee. Neither would reveal the contents of the letters, beyond saying that they dealt with appropriation matters.
Jones indicated, however, an intention of making his letter public soon, by reading it into the Congressional Record. He said he felt that the information it contained should be given to the people.
Twice before Mr. Hoover has called the attention of congress to the condition of the national treasury and warned that appropriations should be held down to a minimum, if a deficit is to be avoided.

Mr. and Mrs. C. Bert Smith visited in Roswell Sunday and Monday.

R. E. Doty, of Albuquerque, division manager of the Standard Oil Co., was attending to business matters here over the week end.

A FORMER ROSWELL DENTIST IS AGAIN INDICTED BY JURY

Dr. Milton A. Grissom, for many years a prominent dentist of Roswell, is in jail in Carrizozo following the return on an indictment by a Lincoln county grand jury charging him with murder in the second degree, in connection with the death of a young girl, formerly living at Elida, New Mexico.

The indictment alleges that the offense was committed at the summer home of Dr. Grissom on the Ruidoso, the allegation being that Dr. M. A. Grissom performed an allegation upon the young girl, who died at the Grissom home on the Ruidoso last January.

Bond in the case has been set at \$5,000 pending the trial. The aged dentist had made no attempt to secure the bond to-day.

Dr. Grissom was found guilty here on April 24, 1929 of murder in the

second degree in connection with an alleged illegation operation on a young woman of Dexter and was sentenced to serve not less than 39 and not more than 47 years in the state penitentiary.

An appeal was taken to the state supreme court and the bond of Grissom was reduced from \$15,000 to \$4,500, the latter bond being made.

Lincoln county officials said this morning that Dr. Grissom would probably be arraigned on the charge against him to-day. Grissom was placed in jail at Carrizozo Saturday by Lincoln county officials who went to his home on the Ruidoso and made the arrest, following the return

of the indictment.—Roswell Record, Monday.

FRANK EDWARDS DIES

Mrs. Frank Linell received the sad news yesterday morning that her brother, Frank Edwards, passed away at his home at La Junta, Colorado yesterday morning, the 23rd, at half past one o'clock. Mr. Edwards had been bedridden for many months and his demise was expected at any time. Mr. Edwards was a resident of Artesia for a number of years, but a few years ago moved to Colorado. A widow survives.

Path o' Friendship

I am proud to be a-tellin'
Of a PATH (not very wide)
From my neighbor's little dwellin'
To the place where I abide!
It's a path that wasn't laid there
Out of bricks, in pattern neat—
But it's daily bein' made there
By the tread of friendly feet.

It's a gentle, silent token
Of a Friendship warm and true,
That I hope may not be broken
"Till our days on earth are through!
It's a sign of hands extended
When the hour of need was nigh—
It's a sign of something splendid;
Something gold can never buy!

You can have your fancy pickets
All around your velvet yard—
You can screen it in with thickets,
You can have a gate that's barred.
But for me—no fence I'm needin'—
I've a yard that's open wide
To the paths that may be leadin'
From my neighbors to my side!

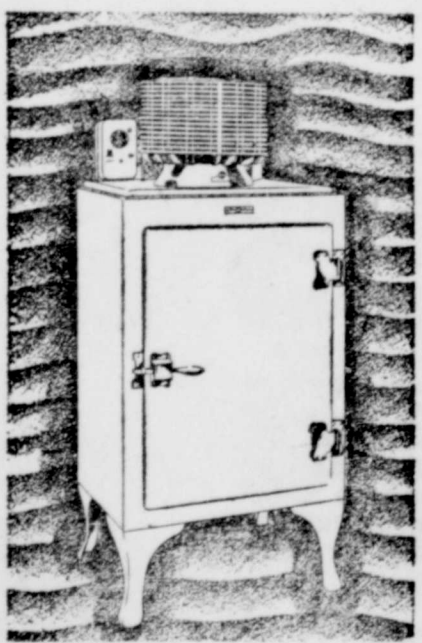

DROWNED IN WATER YET IT RUNS

TONS of water surge futilely against the General Electric Refrigerating Units in dealers' windows throughout the country. From coast to coast people are witnessing an astonishing demonstration of the unfailing reliability of General Electric Sealed-In-Steel Refrigerating Units. Drowned in torrents of water—they are operating quietly, efficiently, perfectly.

Dramatically General Electric shows why not one owner has ever spent a cent for service. No other mechanical refrigerator could withstand the test. Its mechanism bathed in oil and hermetically sealed in steel—is unaffected by air, dirt and moisture. The General Electric is trouble-proof and worry-proof.

The cabinet is of all steel construction—porcelain-lined. Its movable. Built up on legs—it has a free-vision base that permits true kitchen cleanliness. Freezing rapid. Food storage capacity is greater. High efficiency and lower power requirements cut operating costs. Here is the most helpful and least expensive household servant you can have. Ask us to prove these advantages to your complete satisfaction.

"The thing that goes the farthest toward making life worth while
That costs the least and does the most, is just a pleasant smile."

GOOD THINGS TO EAT

When the days are hot and you do not feel like eating a meal, yet you need stimulation for your tired body, try a nourishing drink, such as:

Fruit Egg Nog.—Beat the white of an egg until stiff, add gradually one-half tablespoonful of sugar and one-eighth teaspoonful of salt and one-half of the juice of an orange. To the beaten yolk add another half-tablespoonful of sugar, the juice of half a lemon and the rest of the orange juice. Put some chipped ice in a glass, pour in the first mixture, then gently stir in the second, and serve at once.

Egg Milk Shake.—Beat three eggs until light, add four tablespoonfuls of sugar, one teaspoonful of vanilla, one fourth teaspoonful of salt, a few grains of nutmeg and cinnamon and three cupfuls of milk. Stir until dissolved, then beat well. Serve cold.

French Caramel Custard.—Take four eggs, six tablespoonfuls of sugar, one cupful of milk. Separate the egg yolks and whites, beat well. Add four tablespoonfuls of sugar to the yolks. Make a caramel with two tablespoonfuls of sugar melted and browned and a little boiling water to dissolve; one-half cupful is sufficient. Pour this into a mold and add the beaten whites, milk and yolks. Bake in a pan of water until firm. Turn out on a platter after it is well chilled and serve with or without sauce.

Creamed Chicken With Mushrooms.—A cupful or less of chicken added to mushrooms which have been cooked in butter, add then to a rich cream sauce seasoned with a bit of chopped green pepper, makes a nice dish to use the bits of leftover chicken and at the same time provides a dainty dish.

It is surprising how much more flavorful many of our foods are made by the addition of a bit of sugar. Our best meat cooks add a pinch or more to all roasts and stews of meat; a bit added to almost all vegetables is an improvement, especially corn, peas and beans, which sometimes lack sweetness.

Porch Is Made Livable With Small Touches

The passing of winter is marked by the siren call of spring for all to come outdoors.

The porch may have suffered unwanted hardships through the wintry months, but it can readily be made quite a livable place with a bit of ingenuity. E. Helen Dunbar supplies several suggestions in an article for the March issue of the People's Home Journal. Outlining the points to be considered in adding dignity and comfort to the living porch, she says:

"People are becoming more and more eager to get out-of-doors, so let us make the most of porches, however hopeless they may seem at first. No porch exists which cannot be made more livable and attractive at the same time. The principal things to keep in mind as fundamentals, no matter what kind of a porch engrosses attention, are first to secure some privacy by the use of awnings or even simple Japanese screens, second to make the porch comfortable and inviting, the chairs must be carefully selected for comfort first of all, and, third, to make it colorful and very gay and happy, with plenty of little intimate things about so that it has some personality of its own."

LOCALS

J. C. Floore, Jr., of Carlsbad, spent Easter here with his parents.

Mr. and Mrs. Elmer Folkner, of the Majestic cafe, made a trip to Hobbs Monday.

Mrs. Charles Ransbarger and Mr. and Mrs. Charles McNeal motored to Roswell Friday.

Mr. and Mrs. R. L. Wright, of Carlsbad, spent Easter with Mr. and Mrs. W. H. Cobble.

Rev. J. D. Terry was taken seriously ill Tuesday and, we understand his children have been sent for.

S. S. Ward expects to ship out a car of bulls to Woodward, Oklahoma, Friday, where they will be placed on grass.

Mrs. Nola Phillips was in from Maljamar Monday visiting her parents, Mr. and Mrs. J. H. Jones, and doing some shopping.

Mr. and Mrs. W. P. Cox drove over to Hobbs Sunday and visited the Chapman family, former Artesia residents, until Tuesday.

The biology class of the high school, with their teacher, Mr. Wilkins, were out on the Cottonwood yesterday afternoon on a bug hunting expedition.

Mrs. Mary Abbott drove to Roswell Monday taking with her, Mesdames Lucy Robinson, J. G. Littlejohn and John Michael, and her father, Ira Stephens and S. C. Lynes.

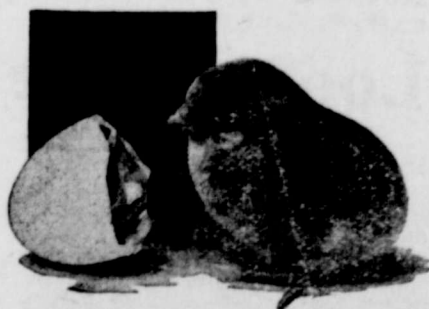

Mrs. Howard Byrd and children of Carlsbad, are spending the week here with her mother, Mrs. R. E. Horne. Miss Katherine Blakey spent Sunday with her sister, Mrs. George Harrell in Roswell.

Mrs. Buford Wrather and baby arrived yesterday from a visit to Eastland, Texas, and will be the guests of her sister, and brother-in-law, Mr. and Mrs. Dave Beckett, for a few days before going on to their home at Belen.

Mrs. G. U. McCrary left yesterday afternoon for a visit to her son, Keith, and wife, at Portales, taking with her, her two tiny granddaughters who had been here since Saturday. After a few days' visit there she expects to go on to Fort Worth, Texas, to visit her daughter, Mrs. Tom Shipp and family, and will be absent about a month.

Wisdom of Antoninus
For a man can lose neither the past nor the future; for how can one take from him that which is not his? So remember these two points: First, that each thing is of like form from everlasting and comes round again in its cycle and that it signifies not whether a man shall look upon the same things for a hundred years or two hundred, or for an infinity of time; second, that the longest lived and the shortest lived man, when they come to die, lose one and the same thing.—Marcus Aurelius Antoninus (121-180 A. D.). "Meditations."

TRIPLE TESTED

CONOCO Gasoline is actually tested dozens of times in the process of refining—but it is called Triple Tested Gasoline, because of all of these tests covered into three main tests—for starting—acceleration—power!

These are the things that motorists want—and are entitled to get—from the gasoline they use. A gasoline may be ever so powerful—but if it is not volatile enough to start the motor quickly and give rapid acceleration in traffic—it will not satisfy today's demands. An easy starting, swift acceleration, are mere snares if they are not backed up with power for every need—economical power!

CONOCO Gasoline meets all three of these important practical tests—that's the reason so many people insist on Triple Tested—

SUPPORT W

THAT NEVER HAPPEN
By GENE BYRNES

COTTON CONTEST WILL SOON CLOSE--GROWERS URGED TO ENTER NOW

When the Artesia Chamber of Commerce, cooperating with the various cotton gins of the Artesia area as well as other institutions and individuals, sponsored the cotton contest they had several things in mind. The contest itself was calculated to be of interest and value to every citizen in this section. The rules, as published in a former issue of the Advocate, were clear and no entrance fees were charged. No strings are tied to this contest and it should have the cooperation of every one interested in their business, farm or individual welfare.

Primarily the contest is intended to find out the best and most profitable methods of raising cotton. By keeping a careful record of the five acre tract and by comparing the yields of the various tracts we will be able to ascertain the most profitable methods.

In the second place we hope to encourage the growing of long staple cotton. Statistics issued by the various agencies concerned with our cotton situation show that the greatest demand and consequently the best prices are for long staple cotton. Yet the production of long staple cotton is short of the demand. Again a standard long staple cotton, grown exclusively, in a given section will enable the buyer to pay the premium that the staple would be entitled to. A mixed staple naturally brings the lowest price and if we concentrate on long staple in the Pecos valley we may reasonably expect a premium if we offer that type of cotton.

It was also intended that the contest will bring about a better understanding of the value of proper fertilizer in this section. The chances are that several types of fertilizer will be used in the section and with the keeping of records on these tracts we will be able to compare the results of the various tests and ascertain the best fertilizer to use. In addition one man's test will be the basis of another man's profit. It will tend to do away with promiscuous experiment and permit us to adapt a more intelligent system of fertilization.

Again we hoped to repay the contestant for his time and special effort he has applied to his tract. The prizes offered are very attractive and there is no obligation attached

to the contest. The requirements are very few and limited. No fees of any kind are attached. Only a complete record is expected. The contestant is free to handle his project in his own way and the cooperation of the county agent is extended to every one without question. Why not enter the contest today. List your entry at the Chamber of Commerce office and ask any questions you like if there is anything about the contest you do not understand.

Remember all entries must be in by 6:00 p. m. April 31st, 1930.

Frank Hollis, of Pampa, Texas, was here Sunday calling on his old friends. He was on his way to visit the Carlsbad Caverns.

New Tire News

A STARTLING NEW IDEA in BALLOON TIRES! GREATER STRENGTH WITHOUT NEEDLESS WEIGHT. 12% LARGER CUSHION OF AIR. INCREASED MILEAGE WITH IMPROVED AIR-CUSHION RIDING COMFORT. MORE BEAUTY. MORE STYLE!

The new, easy-riding **FEDERAL** Tire, in addition to long mileage and air-cushion, riding comfort, offers modern style and dressy appearance. The elimination of needless weight and bulk permits smoother and more harmonious lines. Even the new and exclusive **FEDERAL** full-contact "rim-wide" tread, while scientifically designed to give perfect traction and silent running, is more refined.

It wont cost you anything to look. You are under no obligation. See these **New FEDERAL DOUBLE BLUE and DE LUXE** before you buy your next tires, and you'll be surprised—the price is in reach of every car owner.

Pior Service Station

Eastern New Mexico's Largest Tire Store

This Is WHY

There are three times as many Frigidaires now in use as any other make of electric refrigeration.

ALL PORCELAIN ON-STEEL

Every household Frigidaire is finished inside and out with Porcelain-on-steel. It won't rust, scratch, peel or blister. It is beautiful and stays beautiful always.

SURPLUS POWER

Every Frigidaire has the surplus power to keep food safely cold even on hottest days.

THE FAMOUS "COLD CONTROL"

With Frigidaire's surplus power, the "Cold Control" makes possible extra-fast freezing of ice cubes or desserts.

UNIT AT THE BOTTOM

The mechanical unit is in the bottom of the cabinet out of the way. This arrangement provides a flat, unusual top and adds to the beauty of the cabinet.

THE NEW HYDRATOR

Wilted vegetables are revived and fresh vegetables stay fresh in the Frigidaire Hydrator. It ends the need for using covered pans or dishes for this purpose.

ELEVATED FOOD SHELVES

Because the mechanical unit is at the bottom all shelves are conveniently elevated. No stooping is necessary.

QUIET OPERATION—ALWAYS

Recent improvements and refinements make permanently quiet operation one of the outstanding advantages of Frigidaire.

LOW FIRST COST—LOW OPERATING COST

The economies effected by quantity production make Frigidaire prices low. Operating cost is little because the motor runs only a small part of the time.

FRIGIDAIRE is sold with a definite guarantee, backed by General Motors.

And still more important to you as a purchaser is the fact that year after year Frigidaire continues to give satisfaction—long after the guarantee has expired.

If service should be required it is rendered instantly and without removing the machine from the premises.

were hiring an employee for your own business wouldn't you consider experience and competence first of all! Why not apply for the same thing to public business?

Arma Toffelmire Powers
Candidate for COUNTY CLERK

Your vote at the primary May 15th for the following reasons:

EXPERIENCE: Four years as Deputy County Clerk and seven years in the law office of a well-known attorney. Knows every detail of the office and has the time and patience of the people, making for prompt and courteous satisfaction a regular fact.

ATTENTION: Any lawyer in Eddy, Chaves or Mora Counties will tell you how splendidly the office has been conducted. Any person who has ever had business at the office, knows of the prompt and courteous service received. She was graduated from Carlsbad, graduating from the Carlsbad High School in 1918.

REPUTATION: The policy of the office is and has always been to serve the people of all parties with the same careful attention. The work is correct to date at all times.

**MORE THAN 300 ARE
KILLED IN FIRE AT THE
OHIO PENITENTIARY**

COLUMBUS, Ohio—More than 300 persons in Ohio penitentiary were killed by smoke and fire in one of the most appalling disasters in American history Monday night.

Trapped in their locked cells, the victims had no chance of escape. The fire, as well as other blazes in the prison yard, was believed of incendiary origin.

After a struggle of several hours with loose convicts who refused to go to their cell, soldiers and guards got the situation in hand and all was quiet in the prison enclosure at midnight. Then the work of removing the dead to the State Fair Coliseum was begun, and investigators into the disastrous blaze were started.

Under the glare of flood lights, turned into the prison yard, the scene was one of appalling tragedy. Here, on the damp grass, covered by blankets, lay the bodies of several hundred men who, trapped in their locked cells, went to death like rats in a trap. Smoke suffocated a majority of the victims. Some were killed by fire.

Warden Preston E. Thomas was in consultation with state officials at midnight, planning his investigation. Practically all sources agreed that the first fire, as well as other blazes in the prison yards, were started by prisoners.

After the prison yard was cleared national guards trucks were taken into the prison. They were to be used to carry the bodies of victims to the coliseum in the State Fair Grounds.

Warden Thomas and Director of Welfare Hal M. Groszold ended their preliminary investigation at 1:30 a. m. They heard testimony of guards and inmates. They said no official statement would be issued at this time, and that the inquiry would be continued tomorrow.

The great toll of life was not reflected in the estimate of property damage by the fire prison officials and fire department heads said the damage would be about \$11,000.

Chief Ijams, of the Columbus fire department, was among the first outsiders to get into the blazing cell blocks. He said the fire spread so rapidly that guards on duty there had little or no opportunity to unlock the cell doors. Warden Thomas rushed four guards into the blocks with cell keys but before they could get to work on the doors they were overcome by the dense smoke and carried out by convicts.

The fire chief said there was no electric wiring in the block, and he felt confident the blaze was of incendiary origin.

**OBSERVE MAY 1st, AS
CHILD HEALTH DAY**

May 1 has been set aside by the president as Child Health Day. Let us fall into line, says the A. & M. College. Through agricultural extension work we encourage the growing of better crops and of better farm stock. But our job would be incomplete did we not urge that our most precious crop—the children of today—be given the proper health background that they need in order to be happy and successful men and women of tomorrow.

It is not enough to have an interest in this big project just for his one day. It is a steady, every day proposition that must last thru the first few years of a child's life at least. In fact, it must begin before the child is ever born. The mother must have the proper care, correct diet, necessary exercise, freedom from worry. In short, her big job is giving the child a fair start in life by taking the proper care of herself. Then after the child comes there are a few simple rules to follow:

The correct habits of eating, sleeping, etc., must be formed. The habits of a child act as a mirror, showing off the good or bad training given by the parents.

Regular and long hours of sleeping and rest should be had. To keep a child up after its regular bed time to amuse the family or to entertain the guest is an injustice to the child. The child must have plenty of sunshine and air. Whether awake or asleep this is a necessity and will do much to prevent disease.

But above all, the child needs the proper food—simple food that is well cooked and has variety. This will take time, knowledge and patience on the part of the mother. The child on the farm is indeed fortunate. Most of the things his health requires are free as the fresh air he breathes. He may have plenty of exercise, rest, recreation, water, sunlight and the right foods—milk, vegetables and fruits. All he needs is the correct supervision and training. If the farm mother will give as much thought and study and care to the raising of her children as her farmer husband does the raising of his chickens, cows and pigs she will be as successful in her line a friend husband is in his. The finest heritage of any child is health.
