

Artesia Advocate

The Advocate answers the demand for a constructive advertising medium in the middle valley.

TWENTY-SEVEN

ARTESIA, NEW MEXICO, THURSDAY, NOVEMBER 13, 1930.

NUMBER 48

Quiet East Section

Co., Hardin No. 3 Proven Area North Quarter and P. Gets A Well.

Water part of the Hobbs well, chief interest is in the out-post wells and in the wells of other sections. Aside from the wells in the Hobbs field, there were edge wells, the one at the north end of the field has not been commended from the operation.

Outstanding new production from the Hardin No. 3 of the 1329 feet from the 2310 feet from the 19-18-38, which came in early part of the week.

The Tidal well in the western area one quarter north. Drilled to completion after considerable delay. The Texas and Pacific Co., State No. 2-G, in the south line and the east line sec. 25-18-38 and Pacific well drilled to 4208 feet, being run a developed, which took ten feet deeper and is flowing at the rate of 100 barrels daily.

The Nobby Cleaners is a new business institution for Artesia recently opened up on Main street by Dick Vandagriff. Mr. Vandagriff has leased the building formerly occupied by Tommy's Sandwich Shop. He is well known to many of the residents of this section, having operated the Nobby Cleaners here some two or three years ago.

7,472 WETHER LAMBS ARE SHIPPED OUT OVER WEEK END TO COLORADO

A total of 7,472 head of wether lambs were loaded out of the Artesia and Lakewood pens the first two days of the week, bound for pasture near Ft. Collins, Colorado. The lambs purchased by Culp Bros. Sheep Co., went to A. C. Kluber of Ft. Collins. The 1,986 head that were shipped out Sunday were owned by eleven shepherms of the Hope section as follows: E. A. Cox, J. C. Saunders, R. N. Teel, B. Mill, John Teel, George Teel, Charles Cole, Dick Carson, J. W. Stevenson, Richard Jones, H. W. Horrell. Monday's shipment included lambs from three growers: E. P. Tatman, Weddige Brothers and J. P. Cauhope. Saturday, Willard Bates and Ben Hill loaded out 2,000 head of lambs from the pens at Lakewood.

BRUNKS COMEDIANS TO WINTER HERE

The Brunk's Comedians, who Saturday night finished a week's engagement in Artesia, will establish winter quarters here, storing the tent and other show paraphernalia. Practically all of the actors and actresses have left for their respective homes. A few orchestra members remained here for a week or so to play for dances. Brunk's will open in Artesia next March with new plays. The exact time of the opening of the show has not been made known.

NEW MEX. OIL MEN'S PROTECTIVE ASS'N. TO HOLD ANNUAL MEET

William Dooley, secretary of the New Mexico Oil Men's Protective Association, has issued a call for the annual meeting of the association, which will be held here Saturday, December 6th. At this meeting new state officers will be elected in addition to the executive committee and advisory board. The meeting will be opened with a banquet. A splendid program is in preparation. Those who expect to attend should notify Mr. Dooley so that the proper reservations may be made for the banquet.

JACKSON-BOLTON TO SHOW NEW CHEVROLETS IN SHOW ROOM SAT.

Saturday morning, Jackson-Bolton Chevrolet Co., will have on display eight new model Chevrolets, in their show room. The new model Chevrolet promises to be an eye opener, according to V. D. Bolton, and represents a distinct improvement in appearance over all former models. The new 1931 model Chevrolets have been placed on the market this year some six weeks in advance of any former model and will be shown by all valley dealers on the 15th.

The 1931 Chevrolet six makes its debut Saturday with 106 improvements over the 1930 model. Fundamentally the new models embrace the same features, which has made the six popular, however, scores of improvements have been added, designed to increase the smartness, performance, safety and durability of the new model.

Chief among the improvements, which puts the 1931 model in the class with some of the higher priced cars is an increased wheelbase of more than two inches, a higher radiator, fully insulated front compartment, newly designed hardware, new steering mechanism, increased strength in crankshaft, redesigned clutch, improved spring construction. The accumulated improvements means a safer, better performing and longer lasting car.

COMMISSIONERS COURT MEETS

Eddy County Commissioner's court convened at Carlsbad Monday to make an official canvass of the election returns. The business of the court consisted principally of routine matters.

NOBBY CLEANERS OPEN

The Nobby Cleaners is a new business institution for Artesia recently opened up on Main street by Dick Vandagriff. Mr. Vandagriff has leased the building formerly occupied by Tommy's Sandwich Shop. He is well known to many of the residents of this section, having operated the Nobby Cleaners here some two or three years ago.

JUAN MORENO DIES OF INJURIES RECEIVED IN CAR ACCIDENT SATURDAY

Thrown Over Top Of Ford Roadster In Collision—Cars Badly Wrecked, But No One Else Seriously Injured.

Juan Moreno, 21, died at the St. Mary's hospital at Roswell Sunday night at 11:00 p. m., as result of injuries sustained in an automobile accident, which occurred about two miles north of town on Saturday night. Moreno, received a broken chest, a broken arm and a fractured skull when he was thrown from the rumble seat of a Ford Roadster in a collision with a Chevrolet coupe driven by Ed Bowman, son of Roy Bowman. Five people who occupied the Chevrolet and two people, who occupied the Ford Roadster driven by Alfredo Oroso, escaped serious injury. Both cars were badly wrecked in the head on collision.

Moreno, who occupied the rumble seat, was fatally injured when he was thrown clear over the Ford roadster, landing in front of the two cars. It was said that Ed Bowman, driver of the Chevrolet coupe was picked up unconscious a few minutes after the accident. Reports as to the cause of the accident are conflicting. One says that the Chevrolet coupe was on the left side of the highway when the crash occurred, while another is to the effect that the Ford was occupying the left side of the highway without lights. It is evident that neither car was running at a great rate of speed as both cars held the road in the head on collision.

BURNS FATAL TO CHILD

Robert Hayden Smith, age 3, son of Mr. and Mrs. Hayden Smith, died at the Sisters' hospital in Carlsbad Sunday, and was buried here Monday. The child's death is the result of burns suffered on November 3rd, when his clothing caught fire and he was seriously burned before the flames were extinguished.

APPLE TREE IN BLOOM HOPE MAN EATS FRESH CORN ON XMAS DAY

Speaking about unusual occurrences, which may happen once in a life time, have you heard about E. B. Bullock's apple tree? An apple tree near Mr. Bullock's garage blossomed out in full on November 11th. The tree, an early June variety, had just about as many blooms on it Tuesday as it did last spring. It is probable that this is the first instance on record in the middle valley where fruit trees bloomed out full in the middle of November. At least the blooms on Mr. Bullock's apple tree are considered very unusual and have attracted much attention.

Mr. Bullock requested us to kill the above story after listening to one related by Lee Glascock, Hope sheepman, yesterday. Mr. Glascock whose veracity has never been disputed says that he pulled green roasting ears on the 25th of December, several years ago. Frankly we'll admit that a little thing like an apple tree in full bloom during the middle of November does not compare with gathering roasting at Christmas time.

Since thinking the matter over, we've decided to start "A Liar's Column." P. S. An Advocate representative saw an apple blossom bouquet from the Bullock apple tree yesterday and on the same date the linotype op. says he "et" some roasting ears gathered from somewhere close around here, so we would not be surprised if the Artesia grocers don't offer some green cheese pulled off the moon in the near future.

NOVEMBER CATTLE DELIVERIES

Shipment of all calves contracted for November delivery is expected to be in full swing within the next week. P. Moody, Texas cattle buyer shipped out three cars of mixed range cattle yesterday to the market at Kansas City. The Plains Cattle and Sheep Co., Sam Williams, A. C. Zach Taylor and others have made delivery on approximately 1,000 head of calves to a ranch below Hobbs, where the calves will go on grass. Good calves are bringing as high as \$27.50 per head.

ARTESIA TELEPHONES CUT OVER TO THE NEW SYSTEM SATURDAY

Mountain States Co., Hold Open House Monday Evening—New Phones To Replace Old Equipment Rapidly As Possible.

Cranking either telephone or cars belongs to the dark ages, so far as residents of Artesia are concerned. Cranking of telephones was discontinued Saturday when the Mountain States Telephone Co., cut over on the new system. The future home of the Mountain States Telephone Co. at the corner of Third and Main was formally opened to the public Monday from 3:00 to 9:00 p. m., when visitors were permitted to inspect the new switch board and equipment.

New telephones will be installed as rapidly as possible over town, according to Gail Hamilton, manager. Installation of the new phones will be completed within a couple of weeks. It will be impossible to give the best service until such time, as the new telephones have been connected.

Several Mountain States Telephone Co., officials out of El Paso attended the formal opening of the new office, Monday evening. Visiting officials included M. E. Bates, El Paso; state traffic superintendent; T. H. Clark, El Paso, traffic supervisor; W. P. Kissell, El Paso, New Mexico-El Paso plant superintendent; J. A. Kelly, El Paso, state plant supervisor; E. L. Duffy, El Paso, state plant construction supervisor; C. R. White, El Paso, Western Electric foreman. Several Roswell people were also present for the occasion. Present were: Frank Markl, manager of the Roswell exchange, Mrs. Frank Markl, Miss Lundgren, chief operator at Roswell, Mrs. Paul McCutcheon, Mr. and Mrs. R. W. Boebinger, Mesdames McCutcheon and Boebinger, presided at the punch bowl in serving refreshments.

Loose-leaf Binders, Special Ruling and Stock Forms.—The Advocate.

LOCAL LIONS CLUB REORGANIZES WITH SEVENTEEN MEMBERS

The Artesia Lion's club, which disbanded during the summer months has been reorganized. A reorganization of the local club was perfected last week by Lion Holcomb of Dalhart, Texas, special Lion organizer and the club will start the fall season with seventeen members. Details connected with the reorganization plans were discussed at a meeting of the club held Friday noon in the Artesia hotel roof garden. Paul A. Otts, secretary has issued a call for all local Lions with their wives to assemble at his home next Monday evening.

The next regular club meeting will occur on November 28th, at which time, the election of officers will likely be held. Artesia Lions have planned an active year and will sponsor a "Do Your Christmas Shopping Now, Trade at Home, Help Make Artesia Grow" move. Two hundred stickers bearing this slogan have been ordered by the club and every business house in town will be asked to display one or more of these stickers. Artesia Lions have also agreed to sponsor the donation of magazines to rural communities. I. C. Keller, is chairman of the magazine committee and anyone wishing to contribute magazines to this cause, should leave the magazines at Peoples Mercantile Co. The principals of rural schools should call and get the magazines for distribution to the children.

The roster of the Lion's club includes the following members: Paul A. Otts, jeweler and city clerk; M. G. Schultz, J. C. Penney Co., O. H. Brown, Mann Drug Co.; C. A. Bulot, National Supply Co.; Noel R. Meeks, Alfalfa Growers Association; E. J. Little, McAdoo Drug Co.; T. C. Bird, principal Artesia High school; Clint Cole, Joyce-Fruit Co.; I. C. Keller, Peoples Mercantile Co.; R. W. Dunn, Texas Company; C. R. Vandagriff, Tailor Shop; C. E. Speck, Safeway Grocery; Ray Bartlett, The Majestic Theatre; J. R. Brown, Artesia Hotel Coffee Shop; Fred Cole, Citizens State Bank; Les Barnes, Quality Bakery; Rev. J. P. Sinclair, pastor Presbyterian church.

Woodstock Typewriters for sale at The Advocate.

DAN WEBB RESIDENCE DESTROYED BY FIRE LAST SATURDAY NIGHT

The three room residence belonging to Dan Webb, located east of the railroad tracks was burned to the ground Saturday night near the hour of 8:30. The cause of the fire has not been determined so far as known. There was no one about the house at the time the fire occurred. The tenant, Mrs. Jackson was attending the show, at the time the blaze started. The dwelling was practically burned up before the fire department arrived on the scene. Both the dwelling and contents were fully insured, it was said.

FORD SHOW WILL BE STAGED HERE IN BIG TENT NOVEMBER 21-22

Residents of Artesia and this county will have an opportunity to "visit" the great plants of the Ford Motor Company through the medium of a sound motion picture to be exhibited in Artesia next week, J. R. Attebery, manager of the Artesia Auto Co., local Ford dealer, announced yesterday.

The movie will be a part of a Ford show to be held beginning November 21 and continuing through November 22, in a large tent one block south of the post office. The show will be open to the public free of charge from 9:00 a. m. to 10:00 p. m. each day.

Those who visit the show will be able to learn not only how the Ford automobile is manufactured in quantity production, but to obtain some idea of the vastness of the Ford enterprises. Mr. Attebery pointed out. They will see how coal and iron are obtained from Ford-owned mines and transported to the plants in Dearborn, Michigan, in Ford-owned railroad cars; how lumber is cut in the Ford forests and carried in Ford lake ships; and how in the manufacture of the car various by-products are utilized for making fertilizer, charcoal briquets, chemicals and other things.

Besides the motion picture, the show will include a number of special exhibits revealing step by step how various parts of the car are made, a cutaway truck chassis, and a Tudor body cut in half to reveal the details of its construction. A feature of the show will be a display of the full line of Ford passenger and commercial cars. Arrangement for the show were made by the local dealer in cooperation with the Ford dealers in nearby towns and the Denver branch of the Ford Motor Company.

JAMES STAGNER MADE CITY ATTORNEY CARLSBAD

James Stagner, former Artesia boy has recently been appointed city attorney of Carlsbad, succeeding E. K. Neumann, attorney general elect. Mr. Stagner will take his office Saturday.

LIGHT INFESTATION OF PINK BOLL WORM FOUND IN CHAVES CO.

Light infestations of the pink boll worm have been found in both northern Eddy county and Chaves county during the past two weeks by representatives of the federal quarantine board, it was learned here yesterday. The farming section southeast of town seems to be the principal area affected in this end of the county, although some suspicious looking specimens from the Cottonwood community have been sent away for verification. Two additional infested areas in Chaves county were located during the past week, the localities being Hagerman and Dexter. But whether or not Chaves county cotton will be placed under orders requiring all shipments to be fumigated, was not made known, however, such action is likely to follow.

The trash inspection machine used by the quarantine board is still located here and is running trash from the Chaves county gins.

D. D. Sullivan of Wellsville, Missouri, arrived here yesterday to spend a few days looking after property interests. Mr. Sullivan, a former resident is well known to many of the old timers of this community.

C. J. Dexter is in Roswell today attending to business matters.

An Oil Field Worker Shot In Jal Cafe Yesterday

T. C. Taylor Shot 5 Times—A. H. Coleman Placed Under Arrest And Is Taken To Jail At Hobbs To Await Trial.

T. C. Taylor, 50, oil field worker whose home is said to be in Roswell, is dead and A. H. Coleman, his slayer, is being held in the Hobbs jail, as a result of a shooting which took place in a restaurant at Jal yesterday, according to the Roswell Dispatch.

Taylor was shot five times. Four of the bullets penetrated his abdomen and the fifth, fired after the wounded man still kept his feet, struck him in the face, according to reports from those who saw the shooting.

The wounded man remained conscious for two hours after the shooting, but died on his way to Hobbs, where he was being taken for medical treatment.

The two men were said to have engaged in a fist fight in the restaurant. Coleman left and came back later with a gun. Coming to blows again, Taylor is alleged to have cut Coleman on the back of the head with a knife, and the shooting then began.

Coleman probably will be taken to Lovington pending filing of charges. Judson G. Osburn, district attorney, was notified of the slaying last night by Lea county officers who were in charge of Coleman. The Chaves county grand jury which convened at Roswell yesterday will engage his attention for the next few days.

Taylor is survived by a widow and three children. The family, said to be living in Roswell, could not be located last night.

LIGHT RAINS PAST WEEK

Light rains have fallen over this section and on Tuesday intermittent showers fell over this vicinity. On this date the precipitation here measured .9 inches. The high temperature during the storm period was 63, while the low registered 32 degrees, according to R. W. Bruce, weather observer. Heavy dews and light frosts have alternated over this area for the past ten days, but the cold has not been destructive to vegetation.

Heavy frosts have occurred in the Sacramento mountain section for more than two weeks.

THE BAPTIST STATE CONVENTION IN ROSWELL

All past attendance records were broken when the nineteenth annual convention of the Baptist association for New Mexico was held at Roswell. Tom Lampkin, of Albuquerque, was elected president; Dr. J. M. Doughty, of Tucumcari, first vice president; F. M. McCamy, of Anthony, second vice president; H. C. Reavis, of Albuquerque, secretary. Among the local people who attended the Baptist state convention in Roswell over the week end were: Mrs. C. M. Cole, Herman Cole, Mr. and Mrs. B. A. Bishop.

TAXES DUE

State and county taxes are now due and will be delinquent after December 1st, according to tax notices received during the past week from R. E. Wilkinson, county treasurer. Taxes generally are lower this year than last. Tax paying time in Chaves county has been extended to January 1st, due to the fact that the tax rolls were received late.

COMMUNITY CHEST AND CEMETERY DRIVE MADE—\$1400 RAISED

The Artesia Community Chest and Cemetery drive has gone over in a great way, according to all available reports of the drive. At this time it is not known whether all of the district has been canvassed or how much work remains to be done, but indications point to the fact that the success of the drive is assured.

The committees in charge of the solicitation feel reasonably sure that the goal of \$1400 has been reached.

BREAKS

Large numbers of football fans will follow the results of the various contests from now until the close of the season. Practically every fan understands the term "breaks" and what they mean to the game. Breaks do play an important part in every football game just as they play a part in other sports and even in life itself. Breaks do not always just happen, they are many times planned. Local football fans fully realized what breaks mean to a football game when they stood on the side lines last Friday and witnessed a visiting payer, race 65 yards for a touchdown after he had intercepted a pass. In this particular case, the breaks would have meant nothing to the particular player, if he had not been ready and waiting.

Sometimes in life's race, we occasionally hear of a man ready to quit, because the breaks are against him. Apparently he spends all of his time thinking of his own misfortunes, rather than concentrating a little energy on planning how to take advantage of the next break that may come his way. We capitalize on the breaks of life if we are willing to put in a little time for training and as long as we play the game, we may expect the breaks. The man who is beaten is the man who quits before the game ends.

We would not be surprised if the republican party in New Mexico is making interesting plans regarding the senatorial election four years hence. The party undoubtedly will be as silent toward the election of Senator Cutting then as Senator Cutting has been silent toward the candidates of the party this year. A sort of a "it-for-tat."

The guy that said, it would come out of it by November, must have meant the toe would come thru the sock.

THE BIG MERCHANT AND HIS ADS

Many small-town merchants are making a sad mistake in believing that they are going to save expenses by cutting down, or cutting altogether their advertising while times are hard. They are playing into the hands of the mail order concerns and the big town merchants. The big business firms are increasing their advertising, and as a result will get a large percent of the business which belongs in the small towns, and should go to the small town merchants. When times are good, the big merchants spend only 3 per cent of their total sales in advertising; but when times are hard, they increase their advertising appropriations to 5 per cent of total sales. And the big merchant has discovered that he gets more from his advertising dollar by investing it in the newspaper. —Lovington Tribune.

THE PENDULUM SWINGS

Politically the pendulum has swung back and those who predicted that Al Smith had permanently disrupted the democratic party in 1928 will have another prediction coming. What happened to New Mexico is just a chapter of what happened in the nation and what would have occurred on a greater scale had 1930 been the presidential election instead of 1932. Whether or not the republicans are wholly or partly responsible for the present financial condition of the nation, the people are dissatisfied and have clearly evidenced this dissatisfaction at the polls. In a popular form of government such as we have, the ballot box is the voter's chance to even the score for some things he does not like. What changes two years will bring depends altogether on developments.

NOT SO GOOD

The fact that the strength of the two dominant political parties appear to be about equally divided in the national congress, isn't to be looked upon as a pleasant situation according to some political observers. Either the republicans or the democrats should be in control of congress, if we may expect the national legislative body to measure up to its full responsibilities, they say. As congress now stands, it will give an opportunity for too much buck passing. If the president is not supported, the republicans will lay the blame on the democrats in the next presidential campaign or if the democrats were in control, they could assume full responsibility and answer for all good, bad or indifferent legislation in the next campaign.

REMEDIAL LEGISLATION

In thanking his constituents for the support in the recent election, Dennis Chavez, New Mexico's new congressman makes the statement that he is for New Mexico and will support the president when he believes the president is right, regardless of political affiliations. In this view we think Mr. Chavez is absolutely right. Mr. Chavez, although the democratic nominee, is congressman for the state at large and should put the welfare of the state as a whole above party politics.

Opposing any sort of legislation, merely on the grounds that it is sponsored by the opposing side with a view to discrediting the administration, is poor policy and belongs to the dark ages.

Wheat went to the lowest level in 23 years on the Chicago market Monday. Looks like it might be well to follow the suggestion of William McAdoo, former secretary of the treasury and feed the wheat to the poor this winter.

Speak softly now—
Make no wisecracks
Under this stone
Lies Tobacco Tax.—Swiped

Beets, turnips and carrots will keep well if stored in boxes or barrels and covered with slightly moistened sand. Add a littel water from time to time to keep the sand from drying out.

Darkened nests in the poultry house prevent the birds from acquiring the egg-eating habit. These nests are built out from the wall so the birds enter them from the rear, and have a door in front which is opened for gathering the eggs.

Haul and load alfalfa hay in fair weather, advises the U. S. Department of Agriculture. In fall or winter much alfalfa hay that was properly cured and sweated arrives at the market wet, damp, or hot, because it got wet in hauling or loading. Hay wet or dampened in this way sometimes heats and molds when packed tight in box cars, even though freezing temperatures prevail while it is in transit.

Immunization is the only known means of preventing hog cholera, according to Dr. U. G. Houch, hog cholera expert of the U. S. Department of Agriculture. This preventive treatment is especially important when there is an outbreak of the disease in a community. In cases where the vitality of the hogs in a herd has been lowered by insufficient feeding, parasites, inclement weather, or subvirulent diseases, it may be advisable to give the serum alone to protect the animals temporarily and then give the virus-serum treatment after they have regained normal condition, says Doctor Houch. Hogs should be immunized at the first sign of hog cholera in a community.

The best time of year to select breeding turkeys is in November or December, before most of them are sold for the Thanksgiving and Xmas markets. Good breeders have large frames, a broad back, and deep body with full, well-rounded breast. Other points of importance are a full, bright eye, a broad head, and stout legs set well apart and not too long. Above all, choose birds that are vigorous. In the north, turkeys need covered roosting sheds during the winter months. They can stand considerable cold but should not be exposed to dampness.

HARRY PLINSKY DIES

Harry Plinsky died this morning at 2:45, as a result of typhoid fever, at his home at the rear of the Wyman place. Funeral arrangements have not been completed, pending receipt of word from relatives in Kansas, who were notified.
Mr. Plinsky, who was about 35 years of age, came here from Artesia about two years ago. He formerly lived in Kansas and was a plumber by trade.
He is survived by a wife and a daughter, Henrita, aged 13, who reside here.—Carlsbad Current-Argus, Tuesday.

CARLSBAD PIONEER DEAD

Y. R. Allen, pioneer of the Carlsbad section died at San Antonio, Texas, Sunday afternoon. Mr. Allen and family lived in Carlsbad for a number of years up to 1925.

A woman in the suburbs was chatting over the back fence with her next door neighbor. "We're going to live in a better neighborhood soon," she said. "So are we," volunteered Mrs. Nextdoor, confidentially.

"And there, son, you have the story of the great war."
"Yes, Dad, but why did they need all the other soldiers?"—Snelling Bulletin.

LOCALS

Mr. and Mrs. A. T. Woods were Roswell visitors Friday.

John Michael was at home from Hobbs over the week end.

Mrs. J. H. Long spent last week in Carlsbad with her daughter, Mrs. Joe Morosi.

Noble Littlejohn was at home from the Military Institute at Roswell over the week end.

Mrs. C. W. Bartlett of Carlsbad, spent Monday here visiting at the home of her son, Ray Bartlett and family.

G. L. Reece, Sr., Roswell attorney spent Tuesday afternoon here, looking after matters connected with a water suit on the Cottonwood.

Mr. and Mrs. Walter Douglas, Mr. and Mrs. Dick Attebery and Mr. and Mrs. Lloyd Simon of Maljamar composed one of the deer hunting parties, this week.

Mr. and Mrs. W. A. Hickox and son, Duane, of Emporia, Kans., are visiting Mr. and Mrs. Clinton Rice. Mr. Hickox came to go to the mountains in search of big game.

J. J. Buel informs us that he has the best cotton crop this year that he has grown since he started raising cotton. Mr. Buel expects to gather 90 bales of cotton from 70 acres.

Mr. and Mrs. P. A. Willis and family of Fort Worth, Texas, are spending the week here and are looking over this section with a view of locating. Mr. Willis is interested in the sheep business.

Mr. and Mrs. W. R. Schoonmaker of Hobbs, former residents of Artesia stopped off here Saturday for a short visit with friends while en route to Augusta, Kansas, where they expect to visit Mr. Schoonmaker's parents for a few days.

Mrs. J. H. Jones returned last Friday from Carlsbad, where she had been all week caring for her daughter-in-law, Mrs. A. W. Jones, who was quite ill. She brought the latter with her and yesterday accompanied her to Clovis, to which place the family is moving from Carlsbad.

Misses Gladys and Ina Cole, who are attending Montezuma College at Montezuma, this state, spent a day or so at the Baptist convention at Roswell and drove down for a brief visit with home folks over the week end. They were accompanied to Artesia by Miss Dora Pearl Tinsley, a school mate at Montezuma.

Dr. and Mrs. W. L. Bryan left Tuesday morning for an extended stay in eastern points. They will first visit relatives at Corsicana, Texas and spend some time visiting in Alabama and Florida. Later Dr. Bryan expects to take a Chiropractic post graduate course at Oklahoma City, Oklahoma. Dr. Fowler will take care of Dr. Bryan's practice here during his absence.

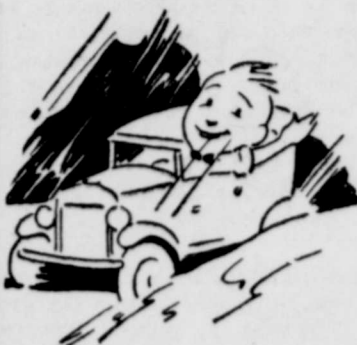

The fatal word had just been spoken. The rejected suitor was standing before her listening to her elaborate explanations of her decision.

"I trust that I have made myself sufficiently plain," she said.
"It's only fair to give nature the credit for that," he murmured as he retired in good order.—Calgary Herald.

THE HOBBS CASINGHEAD PLANTS ARE TURNING OUT A BIG GAS SUPPLY

HOBBS—The Phillips Petroleum Company and the Shell Oil Company each having a casinghead gasoline plant near Hobbs are turning out a total of some 40,000 gallons of gasoline a day.
The Phillips plant, which cost nearly a million to construct, employs about 160 men, and produces about 20,000 gallons a day. The Shell plant's output is practically the same as that of the Phillips company.
Both casinghead plants are shipping their gas to blending plants whose product goes from there to the general market. The Shell plant at Hobbs began operations a month ago and the Phillips plant has recently been completed.

You can't be really comfortable in your car without a real heater. And we have a real car heater for you. It's the improved Hot Water Arvin—the finest ever made by an organization that has built millions of car heaters. It uses the heat from the water system of your car—and how it heats! PRESBYTERIAN GIRLS MEETING

The Intermediate girls of Mrs. Russell's class met at her home last Tuesday evening. The first part of the evening was spent in making bandages for the church Missionary Society. The girls proved themselves capable in this, their first experience in this sort of work for the overseas mission work of the church. The girls made and rolled three dozen bandages. Later the girls made fudge and so ended a happy and profitable evening. Those present were: Jeanne Wheatley, Marjorie Kerr, Mattie George, Mona Sinclair, Dawn Hornbaker, Grace Sinclair, Martha Sinclair and Mesdames Sinclair and Russell.

Typewriters for rent at Advocate.

AMERICAN LEGION AUXILIARY

A good attendance of members made the monthly meeting of the Auxiliary at the home of Mrs. John Michael last Monday afternoon very interesting. The program consisted of a brief account of the organization of FIDAC in Rome, read by Mrs. E. N. Bigler. Very satisfactory returns were reported from the election day dinner, and further plans were discussed for raising money to finance the convention. To this end it was voted to divide the unit into five divisions, which will proceed to "get busy" after Christmas and raise the necessary amount.

A handsome gift was presented to the retiring president, Mrs. Frank Seale, for her untiring efforts to make the Auxiliary a success. The position of the date between Halloween and Thanksgiving gave inspiration for the blending of the two holidays in the decorations and refreshments of pumpkin pie with whipped cream and coffee. Incidentally it was voted to donate the ten cents fee for refreshments to the purchase of silverware for the use of the organization. Mrs. Pearl Morris joined with Mrs. Michael in entertaining the unit on this occasion. The next meeting will be with Mrs. Will Linell with Mrs. Rocky Kile, joint hostess.

YOUNG MOTHERS' CLUB

The Young Mothers' club met with Mrs. Les Barnes last Friday afternoon for its regular meeting. The program upon "Child Training," was given by Mrs. Ben Dunn, and there were the usual games and refreshments. Two visitors were present, Mrs. Gillespie and Mrs. Roy Muncy.

P. E. O. SISTERHOOD

The P. E. O. Sisterhood held its regular meeting at the home of Mrs. Chester Russell last Friday afternoon. The program consisted of an excellent review by Mrs. Ralph Shugart of that fascinating book, "The Americanization of Edward Bok." The hostess served delicious refreshments.

SURPRISE BIRTHDAY PARTY

Mrs. J. H. Jackson surprised Mr. Jackson last Sunday with a fine turkey dinner, served in three courses, the occasion being his birthday anniversary. Covers were laid for Mr. and Mrs. R. L. Paris, Mr. and Mrs. Arba Green, Mrs. Laura Welsh, Mr. Jackson and the hostess.

TACKY PARTY

The ladies of the First Evening Bridge club entertained their husbands and a number of other friends at a tacky party at the V. L. Gates home last Thursday evening. The regular supper was served and the marvelous costumes worn by club members and guests made the party an amusing affair. After supper the usual bridge game was enjoyed. The guests were Messrs. and Mesdames Van Welsh, L. N. Kremer, Landis Feather, S. D. Gates, Ray Bartlett and G. R. Brainard.

WEEKLY VIOLIN CLUB MEETS

The Violin club, led by Miss Egbert, held its weekly meeting at the home of Miss Jeanne Wheatley. Miss Egbert's topic for the afternoon was "Harmony." Two violin solos were rendered, one by Mary Ann Miller and one by Jeanne Wheatley. The class was very profitable and interesting. At the close refreshments were served by the hostess. The next meeting will be held at the home of Miss Catherine Clarke.

THURSDAY (TO-DAY)

"Chevie Six" Bridge club will meet with Mr. and Mrs. T. C. Bird at 7:30 p. m.

TUESDAY

Mrs. M. A. Corbin will entertain the First Bridge club for Mrs. E. J. Brooks, at the regular time, 2:30 p. m.

The Idlewhites Bridge club will meet with Mrs. E. M. Phillips at 2:00 p. m.

WEDNESDAY

The Grand Worthy Matron will be here and the Star will have meetings at 2:30 and 7:30 p. m. All stars are urged to be present.

THURSDAY (NEXT WEEK)

The Methodist Missionary Society will meet with Mrs. L. W. Feemster at 2:30 p. m.

METHODIST MISSIONARY SOCIETY

The monthly business meeting of the society was held in the church last Thursday afternoon. The annual election of officers was held and resulted in a number of the old officers being retained for the coming year. The list chosen embraced the following: Mrs. John McCann, president; Mrs. H. A. Stroup, vice president; Mrs. Will Benson, corresponding secretary; Mrs. Harold Scoggins, recording secretary; Mrs. Ike Keller, connectional treasurer; Mrs. George Frisch, local treasurer; Mrs. Reed Brainard, superintendent children's work; Mrs. Lee Vandagriff, superintendent of publicity; Mrs. Grover Kinder, superintendent social service; Mrs. E. B. Bullock, superintendent supplies; Mrs. L. W. Feemster, superintendent local work; Mrs. Grant Knepple, agent for the Missionary voice; Mrs. R. O. Cowan, superintendent mission study.

Plans were made for a cooked food and rummage sale, which will be held next Saturday, beginning at 10 a. m. Proceeds to be used for support of a student at Pharr institute.

SECOND BRIDGE CLUB

The Second Bridge Club held its regular meeting with Mrs. E. N. Bigler, who served a two course luncheon at one o'clock. Substituting were Mesdames Chester Russell and Frank Seale.

BRIDGE PARTY

Mesdames J. M. Story and Lewis Story entertained six tables of bridge at the home of the latter last Friday afternoon. The house was profusely decorated with handsome chrysanthemums and dahlias and refreshments were served in two courses.

PASSTIME BRIDGE CLUB

The Passtime Bridge club met with Mrs. John Dunn on Tuesday afternoon with Mrs. Lewis Story, Mrs. J. J. Harvey of Maljamar, Mrs. Jim Nellis and Mrs. Ben Dunn substituting. Mrs. Nellis won high score and Mrs. S. B. Barnett consolation. Delicious refreshments were served.

JUNIOR WOMEN'S CLUB

The Junior Women's club held its regular meeting at the Central school with the president, Miss Catherine Clarke, presiding. Among other business a constitution and by-laws were adopted. The Christmas seal sale, which the Juniors have taken over, also their Christmas card sale came in for considerable discussion. Cooperation of the public in both of these enterprises will be appreciated by the club. Mrs. Roy Muncy, a very pleasing speaker, gave an amusing little reading, which was much enjoyed. There were two visitors, Mrs. Sidney Woods and Miss Ruth Scott. The next meeting will be the second Wednesday in December.

NOTICE

Foot Specialist Dr. F. H. Terhaar, from Roswell passes through Artesia every Tuesday evening. If you have any sort of foot ailment and need treatment make your appointment at the McAdoo Drug Store. 48-1tc

Buy your Christmas Cards from the Junior Women's Club and help build a club house.

COTTON FORECAST IS PLACED AT 14,438,000 BALES NOVEMBER 8TH

WASHINGTON—A reduction of 48,000 bales in this year's cotton crop from that indicated a month ago was shown Saturday by the department of agriculture's November report which placed total production at 14,438,000 bales of 500 pounds average gross weight. This is approximately 390,000 bales smaller than the quantity of cotton ginned last year.

The yield this year is nine tenths of a pound smaller than the average for the last ten years, the indicated production being 154.2 pounds per acre.

WASHINGTON—Cotton production this year was estimated today by the department of agriculture from condition existing November 1 to be 14,438,000 running bales, compared with an estimate of 14,486,000 bales a month ago and 14,828,000 bales ginned last year.

The indicated crop by states include:

Texas 4,175,000.
New Mexico 100,000.
Arizona 165,000.

WASHINGTON—Cotton ginned prior to November 1 from the growth of 1930 was announced Friday by the census bureau to have totaled 10,863,601 running bales, including 333,581 round bales, counted as half bales, and 10,461 bales of American-Egyptian.

Ginnings to November by states include:

Arizona 61,192; New Mexico 49,178, and Texas 3,293,085.

COTTONWOOD ITEMS

(Miss Alma Bradley, Reporter)

Bill Sterrett made a business trip to El Paso last week.

Austin Worley, son of Mr. and Mrs. H. B. Worley, who has been ill for some time is now much better.

Mrs. Floyd Senter of Pampa, Texas was visiting at the home of her parents, Mr. and Mrs. Oscar Pearson Monday.

Mr. and Mrs. W. Knowles of Kyman, Oklahoma are visiting at the home of Mr. Knowles sister, Mrs. Glenn O'Bannon.

Mrs. Glen O'Bannon and little daughter, Mary Frances drove to Carlsbad Saturday to visit relatives, they returned home Tuesday.

The P. T. A. met at the Upper Cottonwood school house Tuesday afternoon, November 11, 1930. A nice program was given which was enjoyed very much.

The Cottonwood Woman's club met at the home of Mrs. E. P. Malone last Thursday. The business meeting was held later some of the members cut patterns. Then refreshments of hot chocolate and cake were served.

Among the men and boys who went hunting this week were, J. I. Funk and son, Joe Bill, Monroe Howard and son, Truman, Will Waldrip, Robert Vogel, H. R. Rambo, Houston Felton, Victor Parker and son, Ray, E. P. Malone and son, Ernest, Glenn O'Bannon and son, Douglas.

WHAT WE WILL DO AND WILL NOT

We will not buy United States Steel at 150, but we will buy it at 250, a little later on. Same stock, same country, same management, same everything; the only thing that changes will be US.

As Anatole France says, "It has always been man's destiny to fall into contrary excesses, and the recovery from those excesses, is always labored and prostrating." The excesses are OURS.

And Shakespeare: "Men construe things after their fashion, clean from the purpose of the things themselves. We mess up the facts by squeezing our hopes and fears in between them."

Wrote Descartes: "Good sense is, of all things among men, the most equally distributed; for everyone thinks himself so abundantly provided with it that those even who are the most difficult to satisfy in everything else do not usually desire a larger measure of this quality than they already possess." The greatest gift from heaven, good sense, yet none of us pray for it, having already an abundance.

Is it any wonder that we who cannot run a peanut stand offer to run the world; that we who cannot invest \$5.00 wisely will jump to invest \$5,000; that we who know what is wrong with our industry strive with might and main to make it wronger? (Herman, look up that "wronger;" shouldn't it be "more wronger?"—Spinal Colyums)

W. B. Hissom of Tulsa, Oklahoma is attending to business matters in Roswell today.

Advocate Want Ads Get Results!

LOCALS

Ben Graham of the Maljamar section was attending to business matters here yesterday.

Jim Nellis and daughter, Margaret, and Frank Tigner have been hunting near Pinon this week.

Mr. and Mrs. Marvin Jones and two children, of Clovis, were guests at the R. G. Knoodler home Friday and Saturday.

Mesdames Perry, J. M. Story, C. O. Brown, E. M. Phillips and J. H. Jackson motored to Roswell yesterday afternoon.

Mrs. Fred Cole returned Tuesday from Temple, Texas, where she had been for several weeks and underwent two sinus operations.

Robert Anduss is here from Oklahoma visiting his sister and brother-in-law, Mr. and Mrs. Jim Haskins at Phillips Petroleum camp.

Mrs. Ballard Spencer is visiting her parents on the ranch in the Capitan foothills, while Mr. Spencer is hunting in the mountains.

Mrs. D. L. Grimm, Mrs. C. R. Vandagriff and Mrs. Myron Bruning spent Armistice Day with Mrs. Jim Haskins at the Phillips Petroleum camp.

Mr. and Mrs. Wallace drove to El Paso Sunday for a visit with relatives. They were accompanied by Mrs. Frank Wilson, who went over for medical treatment.

Mrs. Lake Martin came in last Monday from Texas, where she had been for several months and is the guest of her late husband's parents, Mr. and Mrs. D. S. Martin, near Dayton.

Mr. and Mrs. Harry Woodman have returned from their trip west, Mr. Woodman to San Francisco, California and Mrs. Woodman to Phoenix, Arizona, where she visited her mother.

M. A. Corbin and Mark, Jr., Perley George and daughter, Mattie, and Carl Bildstone went to Dunken Tuesday quail hunting. They report good luck but cooked and ate their quarry on the way home.

Senator and Mrs. Z. B. Moon drove to Carlsbad Sunday to see Mrs. Irvin Martin and new baby girl, and also Mrs. Will Riley of Hope, who is also at St. Francis hospital recovering from an appendicitis operation.

Dr. Miller, of Oakley, Kansas, an old friend of Dr. Stroup, with a party of three others, spent last night here on their way to the Carlsbad Caverns. They also plan to hunt turkeys in the mountains before returning north.

Thurman Davidson, former resident, came through here from Hobbs to go hunting in the mountains. Yesterday word was received from Mrs. Davidson that their small son, was dangerously ill with pneumonia and friends got busy trying to locate Mr. Davidson.

WANTS USED CLOTHING

The Methodist ladies want used clothing for the rummage sale Saturday. If you have any clothing which has been discarded, the ladies will appreciate the favor if you will notify them.

Highways Built to Last

The Roman highways have endured to the present time because their foundations were 4 and 5 feet deep and made of various types of stone suited to the locality, principally limestone and lava.

Heavy Burden for Dead

Mayan Indians of British Honduras rarely bury their dead in coffins because of the belief that a dead man would have to carry the coffin as a burden to heaven.

Too Smart for Him

When a professional philosopher gets married he admits to the world that he has met somebody smarter than himself.—Washington Star.

FIND GASOLINE POWER CHEAPER THAN ANIMALS

SOCORRO—Gasoline produces horsepower at one-tenth the cost at which the horse can produce it, and fuel oil supplies man power at one-hundredth the cost of employing the man. These are the findings of Dr. G. O. Marrs, of New Mexico School of Mines, who has been studying power costs compared to sources.

Dr. Marrs figures that the average person develops about one-tenth horse power while at manual labor at a cost of \$10,000 per horsepower per year.

The horse himself will develop a scant horsepower for \$3,000 per horsepower per year. Gasoline will produce the same amount of power for \$300 and fuel oil will produce it for \$100.

Water power is regarded as the cheapest in general use, but it is not always available. Gasoline, at a cost as high as 22 cents per gallon, pays for itself because of its lightness and ease of transportation to places difficult of access. Both gasoline and fuel oil, Dr. Marrs believes will be applied with the most efficiency to small power plants.

COOKED FOOD AND RUMMAGE SALE

The Methodist ladies will hold a cooked food and rummage sale in the Dr. Clarke building, Saturday beginning at 10:00 a. m. 48-1tc-3i

CHRISTIAN SCIENCE SOCIETY

613 W. Main Street

Sunday services at 11:00 a. m.
Wednesday services at 7:30 p. m.
Subject of the Bible lesson for Sunday, November 16, 1930 is: "Mortals and Immortals."
In this lesson the following scriptural selection is found: "As we have borne the image of the earthly, we shall also bear the image of the heavenly." (1 Cor. 15:49).
Also the following citation from Science and Health with Key to the Scriptures, by Mary Baker Eddy, page 292: "Truth will be to us the resurrection and the life, only as it destroys all error and the belief that mind, the only immortality of man, can be fettered by the body and life be controlled by death."
Visitors always welcome.

METHODIST EPISCOPAL CHURCH SOUTH

Rev. Harold G. Scoggins

"The large church with a warm welcome and a helpful gospel."
Attend upon the ministry of God's word in both Sunday school and in worship with the general congregation. Attendance has been good. Sunday school last Sunday showed a slight increase over the previous Sunday.
9:45 a. m. Sunday school. George Frisch superintendent.
Morning worship 11:00 a. m. Sermon theme: "God The Father Almighty."
Epworth League at 6:00 p. m.
7:00 p. m. Evening worship, sermon theme: "Thy Speech Betrayeth Thee."
Orchestra rehearsal, Tuesday evening at 7:30 p. m., Miss Egbert director.
Tuesday and Friday evenings 7:30 choir rehearsal, Miss Katherine Ragsdale, director.
Sunday evening, November 23rd. 7:00 p. m., Sacred Concert with music furnished by both choir and orchestra, the entire congregation and the general public is given a cordial invitation to attend.

THE CHURCH OF CHRIST

One Block West of Central School

Last Lord's day we had a large attendance at Bible school in spite of the weather. We are glad to see and welcome several visitors at our services.
Our sick sister, Miss Bertha Rose who underwent an operation two weeks ago is getting along nicely, and we hope for her speedy recovery. The members of the Church of Christ, here, appreciate the interest taken and the kindness shown her by friends from other churches. She will enjoy seeing her friends, if you are in Carlsbad, she is at the St. Francis hospital.
We are glad to announce to his many friends that Brother Wainwright begins a series of meetings at Hope next Lord's day, November 16th, lasting ten days. It will be worth your time and the trip over to hear him.
Bible school at 10:00 a. m.
Preaching at 11:00 a. m.
Communion at 11:30 a. m.
A hearty welcome is extended to all.
The Ladies Bible class meets at the church every Thursday. They have their lesson and spend a social hour sewing and quilting. They have several orders to fill now for people and they request all who can, to come and help. Visitors are always welcome. The meeting hour is 2:00 p. m. or earlier if possible.

CHURCH OF THE NAZARENE

W. A. Henry, Pastor.

"Church where you are never a stranger."
Sunday school 9:45 a. m. C. J. Wilde, superintendent.
We have a class for every age and a good teacher for every class. Send your boys and girls to Sunday school Sunday.
Morning worship 11:00 a. m.
Children's services 3:00 p. m.
N. Y. P. S. 6:00 p. m.
Evening service 7:00 p. m.
Evangelistic service.
Tuesday evening cottage prayer service.
Wednesday evening, teachers' training class at the parsonage.
Thursday evening, mid-week ser-

LAKE ARTHUR ITEMS

Miss Ella Ohlenbusch

George Evans and Miss Viva Owens were united in marriage Monday.

D. Ohlenbusch and R. McCastland made a business trip to Roswell Monday.

Mr. and Mrs. Steve Mitchell and family moved to Roswell Wednesday.

B. F. Hughes left Friday afternoon for Tucumcari, where he will spend the winter with his daughter.

Roy Vermillion, Mr. Doyle and Jim Smith went deer hunting Sunday. They expect to be gone 10 days.

John Cravens and family left Wednesday morning for Pecos, Texas, where he will assume a position in the oil field.

Mr. and Mrs. Steve Mitchell motored to Roswell Monday and visited their relatives, Mrs. Holdman and family.

Miss Montine Pate returned to College at Las Vegas Tuesday morning after a short visit with her parents, Mr. and Mrs. Pate.

Superintendent Bernard, Miss Ruby Smith, Mrs. Bertha Ewing and Miss Brewer, attended the N. M. E. A. in Albuquerque last week. They left Wednesday and returned Sunday.

Mrs. J. B. Crook gave a birthday dinner in honor of Mesrs. J. B. Crook and C. R. Nail. Those present were, Mrs. A. Russell, Mrs. J. B. Clark, Mrs. C. R. Nail and sons, Paul Russell and the honorees.

The Luthern members of Dexter and of this community assembled at the Ohlenbusch home Tuesday evening. Rev. W. H. Bewie of Austin, delivered a sermon on the subject, "The Book," and Rev. C. F. Schmid, of Albuquerque had charge of the music.

Mr. and Mrs. Ned Hedges honored Mr. Hedges' mother Thursday at noon by entertaining at a family dinner her daughters and their children. Those present were, Mr. and Mrs. Will Walden and children, Mrs. E. C. Latta and sons, and Mrs. M. D. Menoud and children. Mrs. Hedges left on the afternoon train for San Diego, California, where she will spend the winter with a daughter. She was accompanied by her granddaughter, Ruth Walden, who will also spend the winter there with her uncle, Forest Walden.

J. W. HARVEY DIES

John Westley Harvey, age 79, died at his home in Lake Arthur, November 5th, following an extended illness. Mr. Harvey came to New Mexico twenty years ago and has lived in the Lake Arthur community continuously since that date. Mr. Harvey had been in poor health for a number of years and took his bed last June, from which time he could never regain his strength.
Funeral services were conducted Friday afternoon by Rev. Z. B. Moon of Artesia. The deceased is survived by five daughters, Mrs. Mayfred Dunn of Spalding Sask, Canada, Mrs. Madge Popnoe, Bellflower, California; Miss Thula Har-

vice at 7:00 p. m.

Wednesday, November 19th, Rev. J. C. Henson of Bethany College, Oklahoma, will be here for one service. The public is invited to hear this man, who is the leading educator of our church.

FIRST PRESBYTERIAN CHURCH

Fourth and Grand
Rev. John P. Sinclair, Pastor
Phone 249

Sunday, November 16th, 1930.
9:55 a. m. Sabbath school.
11:00 a. m. Morning worship.
Sermon subject: "The Desire for Devine Fellowship." Is it true that the only lasting satisfactions are to be found in the religious realm? It religion dope or stimulant? Augustine said centuries ago, "Our hearts are restless and they will ever remain so until they find rest in Thee, O Lord." Is this still true? Come and hear about the real and lasting satisfaction.
5:45 p. m. Orchestra rehearsal.
6:15 p. m. Christian Endeavor, Junior and Senior Endeavor Societies.
7:00 p. m. Popular peoples' service. Anthem by Junior Choir and special music by the church orchestra. Sermon subject: "Joseph, 4th sermon of series. "Joseph and His Brethern." A remarkable study in retribution and forgiveness. The downward tug is as persistent as the upward lift but in the end the call of goodness and God will win.
Wednesday, 7:30 p. m., meeting of Sabbath school workers and Bible study group.

"The enforcement of law will be a commanding if not dominant issue in the United States for decades until we have solved a situation that is challenging but not alarming to red blooded citizens. The eighteenth amendment did not cause the existing lawlessness but it revealed it by lifting off the lid of license under which the liquor traffic and its criminal product had long sheltered themselves."

WE THANK YOU!

DR. MERA ENDS HIS ARCHAEOLOGICAL WORK

With assurance that an expedition would return next year to make a more comprehensive survey and study of this region in an archaeological way, Dr. H. P. Mera, assisted by Deric Nusbaum, have finished their work for the season in this area for the Laboratory of Anthropology at Santa Fe, in cooperation with the Smithsonian Institute, at Washington.

The present survey has occupied more time than has been given by other scientists in the past, and has revealed a field of study that is absorbing in interest. Being preliminary in nature, it has covered not only caves of the Guadalupe but camp sites of areas near to them, mesal pits, and camp sites east of the Pecos river.

All work was done under permits from various government departments interested in the lands where the work was done, and permits from the state for work on state lands.—Current-Argus.

PICKED UP ON MAIN

A fire alarm Monday proved to be false. It was caused from a bonfire in the back yard of Fred Cole. Fred was burning an accumulation of Whiz Bangs and Police Gazettes, preparatory to the arrival of Mrs. Cole the following day.

Two young gents came in the other day and insisted on buying some shot gun shells. Said our outfit looked like a hardware store. The worst blow was the idea of having them class us with R. G. Knoedler, Mark Corbin, C. Bildstone, et al.

We turned our thermos jug into a white mule jug since our friends refuse to drink the hard cider we had on tap for our customers.

COOKED FOOD AND RUMMAGE SALE

PORTALES HI DEFEATS ARTESIA 13 TO 0 IN SEASON'S BEST GAME

The Portales Rams continued their winning streak by defeating the Artesia Bulldogs on the local gridiron Friday afternoon by a score of 13-0. The game was hard fought and both teams displayed the best brand of football seen this on the local field this season.

Artesia kicked to Portales, who lost the ball on a fumble. Hill and Brown then plunged the line for Artesia, advancing the ball within the five yard line, where it was lost on a fumble. Portales started to return the ball by line plays, but again fumbled, the ball being recovered by Artesia. The Artesia backs again advanced the ball within the ten yard line for the second time within the first five minutes of play. The third fumble of the game gave the ball to the Portales eleven, who fumbled again, losing the ball. Artesia could not push the ball over the goal line and a pass into the end zone was knocked down by Portales. After a series of end runs and line smashes, the Portales eleven advanced the ball within the thirty yard line, when the quarter ended.

A few minutes after the second quarter started, Patterson took the ball on a fake play and went thru tackle for ten yards and the first touchdown. King failed to kick goal for the extra point, leaving the score Portales 6, Artesia 0. Portales received the ball, but soon lost it on downs. Artesia then commenced to gain by smashes and a pass from Brown to Norris was successful, placing the ball on the twenty-five yard line. The ball went back and forth down the field, first in possession of the Rams, then the Bulldogs. With less than one minute to play in the first half, Brown attempted a pass to Spivey, which was intercepted by King, of Portales, who raced across the field for sixty-five yards and a touchdown, just as the timer's whistle blew. King then kicked goal for the extra point making the score 13-0 in Portales' favor.

The second half was a hard fought contest with neither side being able to penetrate the scoring territory, but both teams paying an excellent brand of football. It was sensational and hard work for both elevens thrilled the large crowd of spectators. Artesia's passing attack was not very successful as the Portales secondary defense were prepared for it and were successful in keeping the ball out of the air.

The last quarter started with Artesia in possession of the ball but backed up against the goal line. Brown and Gates commenced to smash the line for long gains and Burch circled the end for a nice gain which placed the ball in the middle of the field. Many substitutions were made by both teams at this stage of the game. Artesia then opened up a passing attack, which began to function. Five completed passes in seven attempts put the ball within the five yard line, but the game ended with Artesia ready to score in one or two more plays.

Both teams made excellent gains by running plays, although the Artesia team excelled in yardage from passes. Artesia attempted thirteen forward passes and completed eight of them. However Portales intercepted three of them, one of which resulted in a touchdown. Portales completed one pass out of two attempts. Artesia made fourteen first downs, while the visitors did just as good by making twelve first downs, principally from running plays.

King and Patterson at halfback positions and Vaughn, husky tackle.

REV. H. G. SCOGGINS IS COMMISSIONED IN THE RESERVE CORPS

Rev. Harold Grant Scoggins, local Methodist minister, has been commissioned a first lieutenant, chaplain, in the officers' reserve corps, according to information from headquarters, 410th Infantry, U. S. Army, in Roswell.

Chaplain Scoggins is especially fitted to perform the duties of an army chaplain, having had considerable active service overseas during the World War, giving him the finest acquaintance with the life of the soldier under war conditions. Following the armistice, Chaplain Scoggins served in the office of the chief of chaplains, A. E. F., France.

As a part of the professional examinations passed by Chaplain Scoggins for appointment in the reserve corps, he submitted a thesis on the social side of education, which is said to have been an especially meritorious piece of literary work.

deserve much credit for the victory by the visitors. The entire team, although outweighing Artesia several pounds per man played an excellent game of football. Brown and Hill were the most consistent ground gainers for Artesia with Smith and Spivey doing good line work. Traylor had his hands full handling the charging Vaughn.

Portales is picked by followers of the sport as the outstanding team of the eastern side of New Mexico and if they continue their winning streak, will have a just claim to the state title. They play Clovis Thanksgiving day in another important fracas. Artesia will meet Carlsbad on Turkey day.

Lineups:

Artesia	Position	Portales
Leflar	LE	Bullock
Vaughn	LT	Smith
Jones	LG	Goodell
Minor	C	Syferd
Maxwell	RG	Wheatley
Watts	RT	Traylor
Hilliard	RE	Spivey
Smith	Q	Brown
King	LH	Burch
Patterson	RH	Norris
Kirksley	F	Hill

Substitutions—Copeland for Maxwell; Kerr for King; Lackey for Jones; Foster for Hilliard; Slaton for Copeland. Artesia—McLean for Wheatley; Yates for Hill; Perry for Goodell; Wheatley for McLean; Juarez for Wheatley; Hill for Norris.

Referee—Scoggins, Southwestern; Umpire—Eubanks, Texas Tech.; head linesman—Cole, Simmons; Field Judge—Burch, Texas.

T. C. DUPONT WIDELY KNOWN FINANCIER PASSES AWAY TUESDAY

WILMINGTON, Delaware — T. Coleman Du Pont, one of the most prominent members of the Du Pont family of Delaware and long identified with the national and state organizations of the republican party died at his home Tuesday. He was 66.

Mr. Du Pont was a former U. S. senator, former republican national committeeman, former president of the E. I. Du Pont de Nemours and company, and was widely known as a financier and philanthropist. Death resulted from a throat affection of long standing.

For the last two years he lived in retirement, his business interests being looked after by his son, Frank V. Du Pont, of Wilmington.

Mr. Du Pont is survived by his widow, the former Miss Alice Du Pont, whom he married in 1889; three daughters, Mrs. Hollyday S. Meeds, of Wilmington, Mrs. C. Douglas Buck, wife of the governor of Delaware and Mrs. John Willcox Donaldson, Jr., of Irvington-on-Hudson, now in Europe; and one son, Frank, president of the Equitable Trust company of Wilmington.

Mr. Du Pont was a cousin of Pierre, Lammont, Irene and Alfred I Du Pont, members of the Du Pont family active in the affairs of the E. I. Du Pont de Nemours and company.

CHRISTMAN HOME

James Christman, who arrived home last week from Shamokin, Pennsylvania to visit with his family has been doing some stunt flying in his American Eagle plane over Artesia. Mr. Christman, who was a pilot instructor at the Shamokin airport, is home for the winter and plans to conduct a school for students interested in flying.

Among the difficult feats, which Mr. Christman has performed in his local exhibitions is flying upside down with a 90 horsepower motor and making a slow loop. Flying upside down is rather difficult to do except with a powerful motor of 300 horsepower or more.

FINDS RELIEF GIVES KONJOLA ALL THE CREDIT

San Antonio Man Searched For Five Years For Relief—New Medicine Does The Work.

"I was troubled with stomach ailments for five years," said Mr. J. B. Wicks, 913 Avenue B, San Antonio. "Nervousness was also an ailment that worried me. I took a lot of medicines over this period of time but Konjola was the only one to help. I was very careful what I ate because of gas pains. Back pains, too, were troublesome. I did not always sleep well at night and was losing my appetite. I lost weight steadily."

MR. J. B. WICKS

"My appetite began to improve almost from the beginning of the Konjola treatment. I ate heartily without the dreaded gas pains and back pains were leaving. My nervous condition, also, was greatly relieved. Now after a two weeks treatment, I feel better than I have in years. I have gained three pounds in the last eight days and I give Konjola all the credit."

And so it goes—the same glad story whenever this great medicine is given a chance to make good. Konjola is recommended for ailments of the stomach, liver, kidneys and bowels, and rheumatism, neuritis and nervousness.

Konjola is sold in Artesia, New Mexico at Palace Drug Store, and by all the best druggists in all towns throughout this entire section.

What A Woman 44 YEARS OLD Should Weigh

Are You Getting Fat?

These are authentic figures—look over the table below—if your weight and height match them—congratulate yourself—your figure is a shapeless one—free from fat—weigh yourself today.

Ages 40 to 44

4 Ft. 11 Inches	126 Pounds
5 Ft. 0 Inches	128 Pounds
5 Ft. 1 Inch	130 Pounds
5 Ft. 2 Inches	133 Pounds
5 Ft. 3 Inches	136 Pounds
5 Ft. 4 Inches	139 Pounds
5 Ft. 5 Inches	143 Pounds
5 Ft. 6 Inches	147 Pounds
5 Ft. 7 Inches	151 Pounds
5 Ft. 8 Inches	155 Pounds
5 Ft. 9 Inches	159 Pounds
5 Ft. 10 Inches	162 Pounds

Weights given includes ordinary indoor clothing.

If you are overweight cut out pies, pastries and cake—also candy for 4 weeks—then weigh yourself again—Go light on potatoes—rice, butter, cream and sugar—eat lean meat—chicken, fish, salad—green vegetables and fruit.

Take one half teaspoon of Kruschen Salts in a glass of hot water every morning before breakfast—This is the easy, safe and sensible way to take off fat—an 85 cent bottle of Kruschen Salts lasts 4 weeks—Get it at McAdoo Drug Co., Mann Drug Store, Palace Drug Store or any drug store in the world—You'll be gloriously alive—vigorous and vivacious in 4 weeks.

Southwestern PUBLIC SERVICE Company

THE PRO LAW CAUSES 22,127 ARRESTS SINCE THE FIRST OF JULY

WASHINGTON, D. C.—Enforcement of the national prohibition laws during the month of October resulted in the arrest of 4,948 persons, making a total of 22,127 arrests for that cause since last July first.

Figures made public by the prohibition bureau of the department of justice Tuesday showed that at the end of October there was 23,188 criminal prohibition cases pending while during the month 407 persons were convicted, 5,893 pleaded guilty and 1,186 were acquitted or their cases dismissed.

The statement said that since the start of the fiscal year last July 929 persons have been convicted, 12,657 pleaded guilty and 2,262 had been acquitted or their case dismissed.

During the month the average of jail sentences imposed was 206 days and the average fine \$125. The total jail sentences for the month amounted to 733,422 days and the fines to \$576,936. Since last July 1, the jail sentences have totalled 1,499,146 days and the fines have aggregated \$1,383,338.

The number of cases pending showed a drop of approximately 800 as compared with September 30, but the bureau explained this was caused by elimination of state cases which some deputies were including in their reports on federal charges.

The statement showed that during October 419 permanent injunctions were issued against bootleggers, 242 judgments for forfeitures secured, and 613 automobiles seized. During the month prohibition agents captured 1,676 stills and 6,153 beer fermenters. The beer captured amounted to 469,313 gallons while they confiscated 125,364 gallons of distilled spirits.

These seizures brought the total since July 1, to 3,282,394 gallons of beer and 427,850 gallons of distilled spirits.

DUTCH SHELL IN OFFER TO REDUCE CRUDE IMPORTS

CHICAGO, Illinois—A movement for a cut in oil production was given impetus before the convention of the American Petroleum Institute Monday by an offer from the Royal Dutch Shell Company to decrease its imports from Venezuela, "if satisfactory freight arrangements can be made."

The Royal Dutch announcement preface a committee meeting to consider a report recommending a cut in production of 100,000 barrels a day for the next six months.

Officers said the proposed reduction was deemed necessary in view of the fact that recently, for the first time since automobiles became a factor, there has been no increase in the consumption of gasoline.

The institute has been considering for more than a year some system whereby supply could be regulated in accordance with demand, and said it saw a solution in cooperative action subject to approval by state regulatory bodies.

Jimmy (watching something tasty going into the sick-room)—"Please, Ma, can I have the measles when Willie's done with them?"

DEXTER MAN STABBED AT DANCE; ALLEGED ASSAILANT IS HELD

ROSWELL—Odie Taylor, of Dexter was near death Saturday as a result of wounds received in a cutting affray at a dance near Dexter early Saturday morning. W. A. Caddell is being held in the county jail at Roswell in connection with the attack.

Taylor was brought to the hospital suffering from knife wounds over the heart, in his side, and in his back. No charges were filed against Caddell, as officers are waiting a report on Taylor's condition.

POLITICAL COMPLEXION OF CONGRESS DOUBTFUL

Subject recounts the final returns of the election Saturday showed national congress to be divided as follows:

The house:
Republicans, 218.
Democrats, 216.
Farmer-Labor, 1.
The senate:
Republicans, 48.
Democrats, 47.
Farmer-Labor, 1.

Recounts are being demanded on a number of close results on which the republican house majority rests. The republicans also may seek to take away some seats gone democratically by a handful of votes.

Even the senate result still is under the shadow of a possible recount demand in Minnesota, where Senator Schall was re-elected over strong democratic opposition.

TOM KNOWS HIS HOME

E. C. Henderson contributes a Tom cat story for the Believe it or Not, department, this week. Mr. Henderson has a Tom cat eleven years old. Two years ago Mr. Henderson moved to the Sangster farm and carried the cat to the new home. Then he moved to the Smith farm and after remaining on the Smith farm for about a year, Old Tom became insulted because he was kicked out of the house one day, and walked seven miles back to the old home. Mr. Henderson and family missed the cat, but did not learn of his whereabouts until Mrs. Henderson happened to go over to the Henderson farm after some rose cuttings.

Send your mail-order Christmas Cards back and buy them from the Junior Womens Club and help them build a club house.

claims against said estate are hereby notified to file same with the County Clerk of Eddy County, New Mexico, within one (1) year from date of said appointment, as provided by law, or the same will be barred.

ESTABAN BERNAL, Administrator.
48-4t

FINANCE OF THE STATE PENITENTIARY ARE IN GOOD SHAPE--REPORT

If Warden P. J. Dugan is replaced as superintendent of the state penitentiary, his successor will find the institution in good shape, a survey indicates.

There are approximately 1,000,000 brick and tile piled in the yard now awaiting sale. There are some 130,000 tile valued at \$65 per 1,000, some 120,000 scratch brick valued at \$25 per thousand, 100,000 glazed brick valued at \$20 per thousand and some half million common brick worth \$13 per thousand.

In the last four years, Warden Dugan has constructed new brick kilns, installed a new brick plant, built a new hospital, installed a laundry, and renovated the entire plant.

On the outside he has put numerous plots of ground near the walls under cultivation and reaps a heavy yield in corn, cabbage and various garden and field produce.

He raises more than enough hogs to supply the institution with pork. In going over the plant Thursday, he pointed out the cribs full of corn, a 100 yard row of beets covered over with earth to protect them, and a big stack of fodder. "There's enough feed to carry the stock over until spring," he said.

N. M. JUDGES IN RADIO AUDITION CONTEST DALLAS

Las Cruces—Mrs. Clarabel Fischer Walker of Santa Fe and the Reverend Benjamin Franklin Butte of Las Cruces, have been named by E. L. Freudenthal as New Mexico judges in the southwest district finals of the National Radio Audition to be held at Dallas, November 14 and 16.

Mrs. Frances Allen of Las Cruces and Nicolas Escjada of Santa Fe are the New Mexico contestants. The contest will be broadcast over Station WFAA, Dallas.

STATE EDUCATIONAL ASSOCIATION TO MEET IN SANTA FE IN 1931

Election of Raymond Huff, Clayton, as president of the N. M. E. A. for 1931, selection of Santa Fe for the next year's convention, and passage of four amendments to the association's constitution was completed at the final session of this year's State Educational convention Saturday morning at Albuquerque.

A total registration of 2885 for the year's session was reached. This is an increase of 300 over last year's registration.

Mr. Huff received 900 votes to 348 for Miss Lela Manville. The other offices of the association were uncontested. Miss Jennie Kenny was elected vice-president; R. J. Mullins, treasurer and Mrs. Edna Rousseau, for the three-year term on the executive committee, and E. A. White for the new created four year term.

This four year term was created by the passage of an amendment to the constitution providing for the additional member. The executive committee formerly consisted of six members, three elected from the association, the president of the association, the immediate past-president and the state superintendent of public instruction.

The other three amendments created two kinds of membership, acting or voting memberships, and associate memberships, and fixed the dues for the active membership at \$3.00 and associate memberships at \$1.50.

MAKE EARLY ORDERS FOR NURSERY STOCK

The importance of using good, reliable nursery stock can not be too strongly emphasized, says H. C. Stewart of the New Mexico Agricultural College. At this time of the year many farmers are planning their fall and spring tasks. If tree and shrub planting are a part of the program, an effort should be made to get orders to the nursery as early as possible. This should mean the securing of a better grade of plants than if ordering is put off until just before planting.

Only varieties which have proven their adaptability in the locality should be planted. If the farmer does not have this information, it can be had from local orchardists or the county extension agent.

The farmer who orders early has the advantage of a better and more complete stock from which to select. By waiting he may have to take undesirable varieties and stock which is inferior. The nurseryman will generally be glad to hold stock until the farmer is ready to plant, or the farmer may have the trees shipped immediately and on arrival place them in a cool cellar, or heel in where they will be protected until ready to set in the field.

In purchasing nursery stock, the farmer should remember that it will be several years before he will be able to determine from the characteristics of the fruit itself whether the trees are true to name. Therefore, care should be exercised in choosing the nursery from which to order. The best place to secure good trees is from a nursery which has a reputation for propagating and selling only the very best, true-to-name stock that is free from disease and well grown. If there is a local nurseryman, give him first consideration.

POULTRY ASS'N. TO HOLD THIRD ANNUAL MEETING

The New Mexico State Poultry Association will hold its annual meeting at Roswell, Saturday, December 13. A large attendance is expected as Roswell is located in and near a big poultry section.

A very interesting educational program is being prepared in addition to the business side of the meeting. Speakers will discuss a number of factors that are vital to the industry.

An added attraction will be the Chaves County Poultry Show. The meeting is being held on the last day of this show. Since all awards will have been made previous to the time of the meeting, those in attendance will see the show at its best.

The State Poultry Association was organized at Albuquerque three years ago and held its first annual meeting there the following year. Last year the meeting was held at Clovis.

The aim of the Association is to lend assistance in any manner possible to improving poultry conditions in the state, thereby making poultry raising more profitable. Every thinking person knows that much more can be accomplished toward improving conditions in an organized way than by each poultryman working independently. Of the projects the Association has fostered, poultry accreditation has made by far the greatest progress. Since accredited work was started three years ago, it has grown until over two-thirds of the total hatching capacity (nearly one-third of a million) of the state will be hatched from accredited flocks during the coming year.

 To read carefully all that our advertisers have to say.

INSIDE INFORMATION

Raw chopped celery is good in fritters.

Tomatoes, fresh, raw, or canned, are a good source of vitamins, A, B, and C. Include them very frequently in your menus. Give tomato juice to young children and even to babies.

Under no circumstances should milk be placed in a refrigerator in an open pitcher, bottle, or other uncovered container. It should be tightly stoppered and should not be opened until immediately before use. If only a part of the bottle of milk is used, the cap should be replaced.

The temperature of the home refrigerator, in the milk compartment should be kept at or below 45° F. if possible. Refrigeration is used to retard the development of bacteria in milk, and above this temperature, bacterial growth is very rapid, causing changes to take place in the milk that may render it unfit for food.

French pancakes are often served for dessert. Make a batter consisting of 2 eggs, 1½ cups of milk, 1 cup of flour, 1 teaspoon of sugar, 2 tablespoons melted butter, 1 teaspoon baking powder and ½ teaspoon salt. Bake on a hot griddle in rather large cakes. When done, spread each one with a mixture of butter and any preferred jelly, roll like a jelly roll and sprinkle with powdered sugar. Serve immediately.

TOP COURSE FOR SOUTH HIGHWAY

SANTA FE — The New Mexico highway commission on November 24 will let contracts for three new highway projects. They are:

Federal aid project 68 re-opened, involving a concrete and steel bridge 323 feet long over Cuchillo Creek on U. S. 85 two miles north of Hot Springs.

No. 882 eight miles between Santa Fe and Albuquerque beginning at the end of the pavement seven and one-half miles north of Algodones and extending toward Santa Fe. The project involves grading, minor drainage structures, one bridge of 1160 foot spans, one railroad overpass of steel and concrete, to prepare the highway with surface suitable for oiling.

The third project is number 132-A on state road number 2 between Carlsbad and Lakewood, eight and one-half miles north of Carlsbad for about fourteen and one-quarter miles of top course.

U. S. TAKES STEPS TO AID PRISON HEALTH

Plan Close Scrutiny of Penal Institutions.

Washington, D. C.—What is believed to be the most extensive effort ever made to apply the latest approved findings of modern medical science to treatment of both human physical and mental ills is being undertaken this year by the United States public health service in the federal penal institutions.

Under authority of an act of congress signed recently by President Hoover, the health service is gradually taking over supervision of the health and mental problems of the 12,000 men and women prisoners in federal institutions. Prisoners at Leavenworth and Atlanta penitentiaries and at the Alderson (W. Va.) woman's prison have already been placed in charge of health service physicians.

Study Mental Ailments.

Emphasis is placed by the health service program on the mental well-being of prisoners as well as on their purely physical disorders. It is hoped through careful treatment under modern psychiatric methods to restore many prisoners to useful citizenship.

Progress is being made meanwhile on construction of two narcotic farms where drug addicts, comprising one-third of the federal prison population, can be segregated from other prisoners. Selection of a site near Lexington, Ky., has been announced for one of the farms and a second is to be built in the West.

Federal prisoners hereafter will be given a painstaking examination when they are committed to discover their physical condition and also what knicks in their mentality or character are responsible for their having chosen a career of crime. In the case of first offenders, or those who are regarded as promising subjects for treatment, expert psychiatric care will be provided to aid them in rehabilitating themselves.

Plan Outside Aid

The program will not end when the prison door clangs behind the prisoner. In most sections of the country a combined probation and parole officer will be available to aid those released to overcome the handicap of their prison record.

New probation officers are now being appointed throughout the country under an expanded appropriation of \$175,000 voted by congress at the last session. The Justice department expects to have 51 such officers on duty by November 1. At present there are only 15 probation officers and no parole officers in the federal prison system.

Treatment of prisoners in this way and expansion of the parole system is part of the general federal prison program adopted by Sanford Bates, federal superintendent of prisons. Meanwhile, the government is proceeding with a \$6,000,000 prison-building program expected to aid greatly in relieving present congestion in federal prisons.

Then and Now

"Fifteen of my first active years were spent in Kansas," said W. F. Jensen, now residing in Chicago, "and, like all Kansans, I have the fondest feelings for the dear old state.

"Thirty years ago Kansas was happy but rated poor. It still is happy, but is now eating cantaloupe for breakfast.

"I recollect a business trip connected with the early creamery development. In the year 1900, to a little town in western Kansas, where I stayed at the best hotel. On entering the dining-room for breakfast I was met by a prim little lady who asked me where I wanted to sit—at the 25-cent table or at the 50-cent table. This aroused my curiosity and I asked what the difference was, and received the answer that, at the 50-cent table I would get an orange and at the 25-cent table I would not. I still remember sitting down at the 25-cent table and enjoying a breakfast of oatmeal, ham and eggs, cakes and coffee.—Chicago Post.

NOTICE TO TAX PAYERS

Your 1930 taxes are now due and payable and will become delinquent December 1st, when a penalty will be added. R. E. Wilkinson, County Treasurer. 48-3tc-2i

If vanity does not entirely overthrow the virtues, at least it makes them all rotter.—Rochefoucauld.

People who love to call a spade a spade are always dragging the conversation over to the subject of spades.

Announcement Cards, blank or printed—The Advocate.

WHY Era of Skyscraper May Be Nearing End.

If the reader is of that restless turn of mind that makes him wonder what everything will be like 100 years from now, he may have the assurance of an architect, writing in the American Architect, as to the tallness of city buildings. The prophet, who is Francis Keally, asserts that the increasing use of the airplane had doomed the skyscraper type of construction, because the extra high building is an extra hazard to safe and convenient air traffic. He visualizes cities using the tops of buildings for airplane parking and sees the airplane as a method of transportation as common and generally utilized as the automobile today.

Business men who speed to the office today will literally fly to the office in 2030. Of course, when they decide to fly home they will not want the business of taking off complicated by 100-foot picket fence of towers. So Mr. Keally thinks there will be no skyscrapers, just mile after mile of flat-topped buildings of uniform height.

It sounds reasonable. But if the next 100 years' progress may be judged by that of the past 100, whoever makes any predictions about what the world will be like then is taking a long chance that the future will discredit him. While it is not now in sight there may, in time, be a transportation development that will make the air plane seem as old-fashioned as the ox-cart seems today.—Fort Worth Star-Telegram.

Why Explosives Differ in Results Produced

The bureau of mines says that the idea that black powder works upward and dynamite works downward is only an apparent effect. Repeated experiments have shown that in case of all explosives the tendency is for the explosive effect to be exerted in all directions about the center of the explosive. When explosives are exploded in the open and apparently unconfined, such differences seem to occur, because when dynamite is exploded upon the rock, the rock is shattered; which black powder is exploded upon the rock apparently no effect is produced upon the rock. The fact is that both of these explosives are confined at the time of explosion by the invisible atmosphere about them. When they are exploded, however, the dynamite explodes at a rate enormously greater than that of the black powder. The gases which are produced upon its explosion are therefore given off so fast that they become confined by the air about them and therefore they exert pressure upon the rock sufficient to break the rock. In the case of the black powder the gases are given off so slowly that, like the gases from a chimney fire, they mingle with the atmosphere and therefore the pressure exerted by the exploding powder upon the rock is too little to produce any breaking effect.

Why Elk's Teeth Are Taboo

The custom of wearing elk's teeth purely for ornamental purposes has drawn forth a protest from government officials. The United States biological survey has recently circulated a bulletin throughout the western states calling attention to the disastrous effect the custom was having upon the now dwindled herds of these animals. Two of these teeth cost the life of one of these interesting animals and the number of them in this country at the present time is so small that it is only a short time before they will be wiped out entirely. Thousands of elk have been sacrificed to this questionable custom.

Why Heat Stimulates Brain

Making ones' head into an electric heater in order to think better and more rapidly has been successfully accomplished in Germany in recent experiments, according to Modern Mechanics Magazine. Currents were carefully applied to the living brains of men and animals by means of electrodes outside the skull. By testing muscular responses and other bodily actions it was discovered that such internal heating greatly stimulates the activity of the brain and makes other actions of the nervous system more active and effective.

Why Bakers Protested

In its campaign to persuade the people of Germany to eat more rye bread, and thus save the German farmers, the ministry of agriculture proposed a regulation compelling the bakers to use 60 per cent rye flour in all their wares. The bakers of the country, however, foreseeing the difficulty they would have in trying to sell fancy cakes and pastries made mostly of rye, rose up in denunciation. The following day the ministry of agriculture withdrew its proposal.

MANY DEER HUNTERS IN HILLS AFTER BUCK FEW ARE SUCCESSFUL

Large numbers of deer hunters are in the hills this week barring the bushes for a buck. Even though only a small percentage succeed in bagging their buck, venison is expected to grace several tables in town this year. Local hunters in many instances were joined by out of state visitors.

An unusual number left early to be on the grounds at the opening day of the season, the 10th. Several hunters loaded out Friday and had picked the camp spot, pitched the tent and had everything in readiness for an early start Monday morning. Among the local hunters who journeyed to the hills during the early part of the season are: Irvin Martin, Charles Martin, Ned Martin, Owen Campbell, Van Welch, Sr., Van Welch, Jr., Sig Iverson, Rube Wallingford, Russell Schneider, Bill Schneider, Mr. and Mrs. C. R. Blocker, Mr. and Mrs. Albert Richards, and John, Richards, Dunn brothers, Rube and John, Pat Reddy, Fred Knowles, D. I. Clowe, Dick Vandagriff, Roy Williams, E. C. Higgins, S. O. Higgins, A. M. Archer, Mr. and Mrs. W. T. Haldeman, Alf Coll, Britton Coll, Roy Spivey, Buford Gray, Orval Gray, W. C. Gray and D. N. Gray, left Saturday morning for the Gaudalupes in search for big game.

More Hunters

A few more hunters who have gone after their buck are, Dr. H. A. Stroup, J. W. Bradshaw, Clifford Bradshaw, Victor Buel, two visitors from Oklahoma, Jess Truett, Jim Haskins and Messrs. Gelwick, Senter and Walbridge, friends of Dick Vandagriff, from Oklahoma, Nevil Muncy, Roy Muncy, Earl Darst, C. A. Bulot, S. B. Barnett, A. L. Mount, E. H. Perry, Allen Perry, C. E. Daniels, Howard Gissler, Ed Willingham, George Blakeney and possibly others whom we were unable to get.

Big game hunters it seems have not made the usual quick returns. A few successful hunters have trekked in from camp, while others are staying in camp until their companions are able to bag the limit. Among the early hunters to return with bucks were: George Gage, Richard Wheatley, Messrs. Boone Barnett and C. A. Bulot bagged a partnership ten point buck, others were Harry Senter of Bristow, Oklahoma, Jess Truett, C. R. Vandagriff and W. J. Haskins. The four successful hunters are remaining in camp until other members of the party, Messrs. A. G. Gelwick of Bristow, Oklahoma and Harry Walling, get a buck each. Messrs. J. K. Wallingford and W. C. Brooks are also among successful hunters and these gentlemen are remaining until the other members of the party make it 100 per cent.

Other hunters who got a buck were Joe Clayton and John Lanning.

JACKSON HERE

F. E. Jackson of El Paso, Texas, field service director of the Southwestern Irrigated Cotton Growers Association, spent a short time here yesterday, looking out after the shipping of cotton to the association. Mr. Jackson estimates that about ninety per cent of the present cotton crop on the Carlsbad project will be handled through the association, while approximately 50 per cent of the cotton grown in this end of the county will be sold thru the association. Mr. Jackson is especially well pleased with the cooperation given the association in this section and also on the turnout secured on cotton shipped from this section.

Why New Alloy Is Valuable

A new metal alloy which combines the lightness of aluminum with the hardness of steel has been developed at Stockholm by Johan Haerden, a Stockholm engineer. The material can be rolled and forged and is impervious to all corroding acids. In engineering and aviation circles in Sweden, it is believed that the alloy will be of great benefit to airplane manufacturers, especially in hydroplanes, on account of its resistance to salt water.

Why It Is Penknife

The term penknife, now used to mean a pocketknife, is a relic of the time when one of the uses of the knife was to mend quill penpoints.
