ARTESIA, NEW MEXICO, THURSDAY, JULY 16, 1936

NUMBER 29

Watts Announces for the Office of District Attorney

Watts, Roswell attorney, announced his candidacy for office of district attorney of the democratic district, subject to the action of the democratic caucus on August 8, 1936. Mr. Watts is the son of Mr. and Mrs. Edmond Watts, well known of that section. Mr. Watts is a practicing attorney of several years, also has held office here for some time and enjoys quite a wide acquaintance here.

G. T. WATTS

Watts, a native of New Mexico, was born in Otero county in the year 1899. I lived in Hope, New Mexico, for a number of years, attended both grade and high school. I graduated from the New Mexico Military Institute in 1917 and thereafter I attended the University of New Mexico and the University of Oklahoma two years graduated from the Law Department of Cumberland University. Since I graduated from law school, I have lived in Roswell and been engaged in the practice of law in the courts of the judicial district and other parts of the state.

At the democratic primaries held in county last March, I received this office a majority of the vote. I will give my best talent to the duties of the office, will demean myself in respect as an upright citizen and lend my aid to the enforcement of the law to the best of my ability.

Respectfully,
G. T. WATTS.

ANS OF FOREIGN WARS MEET TONIGHT

A meeting of Linell-Vogel Post 3347 VFW tonight at the hall at eight o'clock Thursday 16th. Past Department Commander Cash Austin will meet at 7:30. All members and overseas veterans who want to date with Veterans of Foreigners are requested to attend meeting.

PAUL OTTS, Adjutant.

Each Employee Is Owned Near Ft. Sumner on Monday

Men While Attempting Ford Stream; Body Recovered Tuesday about 30 Miles South of Sumner.

Taylor, about thirty, an employee of the Bar-Z ranch, twenty miles south of Ft. Sumner, was killed by Sheriff L. C. Barnhart of De Baca county to have died while crossing the Pecos river on horseback Monday.

He was unharmed. He was in Las Vegas Monday night when he was killed. The body was recovered Tuesday about 30 miles south of Ft. Sumner by a searching party headed by Sheriff L. C. Barnhart. The body was washed up in a trench. Funeral services were held at Ft. Sumner.

Eddy County Singing Convention At Rocky Arroyo Well Attended

The Eddy county singing convention and barbecue at Rocky Arroyo Sunday was well attended, more than 300 people were present and many from out of the county. The Meadow Sisters of Portales were the featured soloists of the convention, aided by singers from practically every community in Eddy county.

At the conclusion of the song service election of officers was held, resulting in the reelection of the former officials, including: Bill Bynum of Carlsbad, president, and A. D. Hill, Sr., of the Cottonwood, secretary and treasurer. The next meeting of the convention will be held at Otis the second Sunday in September.

Candidates File For Democratic Primary Aug. 8

Total of Sixteen District and County Candidates File With Committee; Heavy Registration Is Prospect.

Sixteen candidates for district and county offices have filed their names to enter the Eddy county democratic primary on August 8th, it was learned from unofficial sources yesterday. Tuesday, July 14th, was the deadline for filing as a candidate in the coming primary.

The number of candidates this year is less than usual with the prospects of less interest in the primary, unless some one or two of the races grow warmer or unless more personal interest is developed. Inasmuch as this is presidential election year, there is a strong possibility that the general election in November will draw more votes in the county than the primary August 8th, an unusual situation for this section. The prospects for a heavy vote in the November election will be enhanced if the republican party places a ticket in the field this fall.

The line-up for the democratic primary includes two candidates for district attorney, two for commissioner of district 2, one for commissioner district 3, one for commissioner district 1, two for county superintendent of schools, one for county clerk, one for county treasurer, three for probate judge, two for assessor, and one for sheriff.

Some election officials look for a heavy registration over the county, exceeding that of 1932, which was in excess of 6,500. Taking into consideration the increase in population here and at Carlsbad, a total greater than 6,500 may be expected, but officials here do not believe the total potential vote will reach 8,000, which has been predicted in some quarters. Carlsbad is estimated to have registered an estimated 3,000 votes already and may reach 3,500. No figures are available on the registration here, which in 1932 reached approximately 1,700 and which could be boosted to 2,000 if anything like a 100 per cent of the voters could be registered.

Capt. Roy Vermillion of the state police force spent the week-end here with his family.

Young Democrats Perfect League

Set July 29th As Next Meeting Night; Invite Young People.

A called meeting of the Artesia Young Peoples Democratic League convened at the American Legion hut last evening. Paul Crockett, chairman, presided and explained the purpose of the meeting. A report on the constitution and by-laws was given by C. D. Ransberger, chairman of this committee. At the conclusion of the report, it was moved and adopted that the report be accepted, which completed the working organization of the league.

Chairman Crockett expressed appreciation for the use of the building and also expressed a hope that no damage would be done to the Legion hut during any meeting. Membership committee appointments were completed and July 29th was announced as the next meeting night, with an invitation to all young people to attend, who are interested in furthering democratic principles.

J. L. Truett, former chairman of (Continued on last page, column 1)

DEMPSEY IN SANTA FE

Reaffirmed adherence to "true" democratic party principles accompanied the statement Saturday by Representative J. J. Dempsey that he was a candidate "for what and under what conditions remains to be determined by the people themselves."

The congressman arrived in Santa Fe Saturday morning from Washington having finished the trip west from Columbus, Ohio, by train. He started back in his automobile with Mrs. Dempsey, but said the heat was too much.

Wedding Announcements, printed or engraved—The Advocate.

M. C. Ross, Former Kansas Man, Buys City Bakery Here

Negotiations were completed on Friday by M. C. Ross, formerly of Lindburg, Kansas, for the purchase of the City Bakery from C. C. Prior, and the new owner took charge of the bakery immediately.

Mr. Prior, the retiring owner of the City Bakery, said he had made not plans for the future except to rest up and recuperate. Mr. Ross, the new owner, who comes to Artesia highly recommended, stated he would make no changes in the operating personnel of the bakery immediately. He will devote much time and effort to the manufacture of a quality loaf of bread and to a high quality bakery pastries. Although some changes in the arrangement of the interior of the bakery are contemplated, these may not be made before at least another week.

Mr. Ross was employed as a chemist and a bakery service man by a Kansas flour concern for a number of years. He first visited Artesia several weeks ago and was so impressed with the outlook here he started negotiations for the purchase of the City Bakery.

He has changed the name of the bakery to the Ross Baking Co.

Roswell Man Kills Sister Then Himself On Tuesday Evening

The Spanish-American settlement at Roswell was the scene of a murder and suicide Tuesday evening when Mariano Espinosa, aged 36, shot and killed his sister, Josefita Espinosa, aged 36, and then turned the gun on himself. No motive could be found for the act. Espinosa was in the room with his wife and two sisters and was apparently in a good humor. Suddenly he is said to have pulled a small pistol, a .38 calibre, shot his sister then himself.

Rains On Upper Pecos Insures Farmers Water

Heavy rains in De Baca county brought the Pecos river down bank full Monday evening and washed out a bridge near San Antonio, on the Rio Grande river, it was reported here Tuesday morning. The water supply in Lake McMillan and at Lake Avalon was further augmented by rains in the Rocky Arroyo, Seven Rivers and Pinon sections. The water supply in the reservoirs had dwindled to about one irrigation for the project farmers and not only threatened the Carlsbad crops, but threatened fishing in the Eddy county waters. Estimates said Monday evening that about ten feet of muddy red water was passing under the river bridge east of Artesia. The gauge at the river east of here read ten feet Monday evening. Observers said another six-inch rise would have caused the Pecos to overflow.

Heavy rains also fell in the Fort Sumner area and added to the rising waters. In the meantime the drought in the mid-west appeared to have definitely broken as rain fell from Texas to the Dakotas.

CHAVES PRIMARY DATE IS FIXED

Chaves county democrats meeting at Roswell Saturday fixed the primary date at August 18th, ten days behind the Eddy county primary. Candidates for district attorney had their assessment slashed to \$50.00, a cut of fifty per cent.

Casabonne Wool Clip Brings Best Price of Season

Wool shipments from Artesia will be greater than was at first anticipated, it was announced at the Bullock warehouse Monday, following the sale of the Casabonne Brothers of Hope clip on the previous day, amounting to 63,000 pounds. In addition to boosting the total amount of wool handled here, the Casabonne Brothers clip brought the highest price paid for wool during the present season.

It is also anticipated that wool approximately 40,000 pounds of wool will be received here before the season has finally ended. In this event the total sales here will be boosted beyond the 300,000 pound mark.

The Casabonne Brothers clip, purchased by a representative of Sheldon and Company, was loaded out for Boston Monday.

Hope Faculty Is Chosen At Board Meeting Saturday

Another Teacher May Be Added Later; New Bus Route Is Expected To Increase The Present Enrollment.

Appointments were made by the Hope Board of Education to complete the faculty of the Hope public schools at a meeting held Saturday evening. Newly appointed teachers are Miss Mildred Puckett of Hope, Miss Merle Craig of Hamilton, Texas, who were given positions in the elementary school, and Miss Anne Klassen of Las Vegas, who will teach English and Spanish in the high school department.

With the addition of Miss Klassen, three of the five teachers in the Hope, high school will have master's degrees. They are: Supt. Edwin C. Hawkins, master of arts degree in education, Colorado State College of Education, Greeley, Colorado; Miss Anne Klassen, master of science degree, Kansas State Agriculture College, Manhattan, Kansas, and Merle Ogle, who receives his master's degree at Greeley during the 1936 summer session.

Other high school teachers are: Frank Curry, A. B., New Mexico State College, vocational agricultural instructor, and Edward Madison, A. B., instructor of commercial subjects. Other teachers in the elementary grades are: Miss Hildegard Kietke, Miss Alma Lane and Miss Marjorie Johnson. All elementary grade teachers are classified as seniors in college, and all teachers within the schools have had previous teaching experience with a single exception.

A new gymnasium, fifty by one hundred feet in dimension, is under construction which is expected to add much to the meagre facilities of the present school plant. Need of additional classroom space and probably an additional teacher in the high school during the coming school term is anticipated by the board of education because of the newly-established high school bus route which will bring fifteen or twenty pupils each day from the mountainous area west of Hope as far as Elk postoffice. A new direct highway to the mountains being built by WPA forces makes the new school bus route possible; contract for the latter was awarded to Lee Reeves of Elk by the Chaves County Board of Education.

GOP To Meet In Duke City Aug. 17

Albuquerque Selected As Place For Nominating Convention.

SANTA FE—The republican state central committee yesterday selected Albuquerque for the state nominating convention, the convention to open August 17, and heard National Committeeman Cyrus McCormick renew his attack on Gov. Clyde Tingley.

Santa Fe was favored as the meeting place, but facilities were not available to handle the convention crowd. A number of the committee members yesterday were forced to seek rooms in private residences.

Tingley, he said, is undesirable as governor of the state "because of the people around him," people, McCormick said, whose reputations have been smeared by accusations in the courts.

The governor took offense, McCormick said, about some things McCormick previously said. "We want to get rid of the kind of people around Tingley," he said. "You know the kind I mean."

COMMITTEE TO ATTEND MEETING AT CLOVIS

The Farmers Protective Association will send representatives to the Farmer's Holiday Association executive committee meeting at Clovis Saturday. The two associations in a joint meeting are expected to work out a joint legislative program to be presented to the next state legislature. William Dooley of Artesia, president, and R. E. Coleman of the Cottonwood community, plan to attend from here.

M. E. Baish returned last week from an extended business visit to eastern points, including New York and Pennsylvania.

Reese Scores Political Powers; Seeks Reelection Dist. Attorney

G. L. REESE, JR.

Worm Control Project To Be Started In Co.

Three Meetings Scheduled To Explain Purpose of Project; Meeting Here On Saturday, July the 18th.

A screw worm control project will be inaugurated in Eddy county and meetings are scheduled in three communities to explain the project. The meetings of interest to farmers and ranchers will be in charge of Edward L. (Bud) Williams of Roswell. The first meeting will be held at Carlsbad this afternoon at 2:00 p. m. The second will be held at Hope tomorrow, Friday, the 17th, at the school house, and the third here on Saturday afternoon, July 18th, at the American Legion hut.

The following press release explains the chief purpose of the project:

The Bureau of Entomology and Plant Quarantine, division of screw worm control, under an appropriation of the last congress, is starting their educational program in New Mexico. W. H. Tolbert has been appointed state supervisor, with C. J. (Bill) Hyatt of Deming, district supervisor for the southwestern district, Emmett Isaacks of Las Cruces for the south-central district, Edward L. (Bud) Williams of Roswell, southeastern district, and Weldon Glass, Tucumcari, the northeastern district. Educational programs will be held in the north-central and northwestern parts of the state during the year by the state supervisor.

The purpose of this educational program of the Bureau of Entomology and Plant Quarantine in cooperation with other federal, state and local agencies, is to get farmers and stockmen to practice the known, approved methods of preventing screw worms, and to inform them thoroughly on the proper methods of treating infested animals. It is expected that the adoption of these practices will reduce the number of infested animals, reduce the number of deaths, and restrict spread of the pest by preventing development of big populations of screw worm flies. As a further safeguard in restricting spread of the pest, special efforts will be made to prevent the distribution of the pest through shipment of infested animals. Persons shipping livestock from infested sections as well as those who receive animals from infested areas will be informed on methods of screw worm control.

Conoco Oilers Defeat Van Horn, Texas, Nine Sunday, Score 4 to 1

The Conoco Oilers opened the home season here Sunday by defeating the Van Horn, Texas, team four to one. One of the largest and most enthusiastic crowds seen here in several years turned out to witness the initial game and watched an interesting game; much more interesting than the score would indicate.

Negotiations are underway to play either Loving or Roswell here Sunday. It was said Loving would likely furnish the opposition for the coming game.

Typewriters for rent—Advocate.

George Reese, Jr., popular district attorney, today announced his candidacy for the democratic nomination for reelection, roundly scoring Joe Johns, county treasurer, for alleged maneuvers in attempting to defeat him.

Reese is well and favorably known to most voters in Eddy county, having lived at one time in Artesia, and for the past three years has been a resident of Carlsbad.

He has been identified with the various Masonic lodges and civic clubs of his residence for a number of years.

Reese resided for a number of years at Roswell, where his father is a well known attorney, and as a boy he was reared at Portales, so that for the past thirty-three years eastern New Mexico has been his home.

A graduate of Portales high school, of the New Mexico Military Institute, and the University of California, Reese began his practice of law in January, 1925. Since that time, he has been active in the practice in Artesia, Roswell, Lovington and Carlsbad.

His brother attorneys and the various judges of the state hold him in high esteem as a lawyer and a citizen.

Reese's formal announcement follows:

"In asking for the support of the Eddy county voters for a second term as your district attorney, I realize that there are many of you with whom I am unacquainted and that it will be impossible for me to contact you before the primary. The duties of my office have been such that I have had to spend all my time attending to them and although I once lived in Artesia and have lived in Carlsbad most of the past three years, most of my new acquaintances have been made in my office or on official business.

"In stating my qualifications for (Continued on page 5, column 2)

BITTEN BY BLACK WIDOW SPIDER FRIDAY

Charles Janicka, resident of the Dayton community, was the victim of a black widow spider bite Friday. The bite proved to be very painful, but a physician was called in time to prevent any serious complications. Mr. Janicka is recovering nicely, according to a report yesterday by Dr. H. A. Stroup, the attending physician.

Monument District Continues In Lead In the Oil Activity

Gets Eleven New Wells and Three Completions; Two New Wells For Eastern Eddy County Are Staked.

The Monument district in Lea county again led the oil activity of southeastern New Mexico with locations made for eleven new wells and three wells completed. Two locations were staked in Eddy county, three in the Eunice area and one in the Jal sector.

The biggest well of the week was finished in the Phillips No. 3 of the Amerada Oil Co., sec. 1-20-36, in the Monument field. On a seven hour test the Amerada producer made 1,004 barrels of oil flowing natural, or better than 143 barrels an hour from a total depth of 3892 feet.

The Amerada Oil Co., also drilled in two other producers in the Monument field, these being the Lanehart No. 2, sec. 6-20-37, which made an initial production of sixty-five barrels per hour with 4,000 cubic feet of gas when tested at 3905 feet, and the State No. 2-P of the same company in sec. 29-19-37, which on an initial production test ran 473 barrels of oil in nine hours through tubing.

In the Eunice field, the Continental Oil Co., Lockhart A-18 No. 5, sec. 18-21-36, was completed for an average flow of seventy-five barrels an hour, flowing through a three-quarter inch choke on tubing.

The Gulf Production Corp., added its Stuart No. 1, in sec. 10-25-37, to the production column in the north Jal field, Lea county, which tested at the rate of 217 barrels in twenty-four hours from 3431 feet.

In the Jal sand belt, the Southern Oil Co., brought in its Vaughn A-15 No. 1, sec. 15-24-36, for an initial production of twenty-two barrels per hour through a tubing test.

GRAVE THREATS

After six years of inactivity and indifference, the Roswell Record, acting as a mouthpiece for a few selfish Roswell business men, has suddenly grown alarmed over the lack of a hard-surfaced road to Lea county and the subsequent loss of business to the Pecos valley and New Mexico. The Record, an independent paper, with republican leanings, has issued a grave threat on this, an election year, to the state administration and one would infer there is a doubt about Tingley getting the Record's vote.

Now since the Roswell business men are to make a good will tour down the valley on July 29th, it would undoubtedly further the good will of the two communities if the Artesia business men could hear a logical explanation as to why the hard-surfaced road should be constructed east from Roswell to Tatum, rather than coming down a paved road to Artesia and going east to Lovington, both roads practically the same distance from Roswell.

We have never heard why the forty-five miles of paved road from Artesia to Roswell could not be used in furnishing an outlet to the Lea county oil area. Neither have we heard a logical reason why the Eddy county oil field, next in importance to Lea county, should be left without an adequate highway outlet. For twelve years now the Eddy county oil fields have been paying an oil royalty into the state treasury and into the federal government. During this time thousands of dollars have been paid in oil royalties and in addition the two oil refineries here have been paying an average of approximately \$2,000 per month in gasoline taxes to the state. Gasoline taxes are used to build and maintain highways in New Mexico. Is there a logical reason why a natural resource that has furnished the state this much revenue should be denied the use of any of this revenue? And further is there any logical reason why oil operators in Eddy county, many of whom live in Roswell, should have to use a country road to get to and from the scene of operations and continue to develop a natural resource which has made a substantial contribution toward building what highways we have in the state?

Highway 83, running east to Lovington, bisects the most important oil districts in Eddy county. The mineral potentialities of the section served by highway 83 have hardly been scratched. Shall we hamper the oil development of the oldest and one of the best oil productive sections of the state to build a political road for Roswell?

We would like to hear a sane and sensible discussion of the question from the republican political mouthpiece. Also the Roswell merchants who have been getting a good slice of trade from the Artesia area might be interested in making their position clear on this matter. The Eddy county oil fields have been served by country roads long enough. Roswell will profit by showing the proper cooperation.

NEEDS FRIENDS

In speaking of the present per well oil allowable for New Mexico, W. S. Patterson, Santa Fe oil operator, says:

"A new pool is in the process of being opened in southeastern New Mexico which will undoubtedly be immediately tied onto the pipe line system, and unless a greater allocation from the compact states pro-ration committee is secured the daily allowable production per well in this state will again have to be reduced. The maximum now allowed any well is 97 bbls. daily. New Mexico has always religiously observed the pro-ration rules and never has run a barrel of hot oil, while the other states in the compact have in times past repeatedly indulged in orgies of exceeding their allowable production. New Mexico has been under pressure the past year by reason of necessity of drilling a lot of additional wells in proven territory in order to save the leases; many expiration dates on these leases occurring during the present year. Forced drilling is the cause of the present situation. Under the circumstances, wouldn't it be a splendid friendly gesture if the other states in the compact would say: 'New Mexico, you have maintained a clean record during all these hard years, and so we are each going to chop a little off of our allocation so as to give you relief—we are going to permit you to run 25,000 barrels more per day.' Perhaps they will do this very thing. It would seem that New Mexico has earned it."

RAILROAD WEEK

July 13 to 18 is railroad week in America. The week is being observed to further the cause of the railroads. Perhaps the railroads are not as important to the development of a community as they once were because of competition from other methods of transportation, but rail connections are still essential to the life of the thriving trade areas. Few of us would like to live in a section of the country not served by a railroad.

And there is still a fascination in seeing the "iron horse" in operation and in riding the trains. No other method of transportation save possibly the airplane furnishes the same glamour and the same interest as does the train drawn locomotive.

HELP!

There is a matter of community interest that should be investigated. Somebody has evidently administered chloroform to a group of enterprising business men who were going out to raise funds for the proposed lighted softball and football field. The last word was that these men had almost reached their goal, but the goal was suddenly dropped and the silence grows oppressive.

Now here is an opportunity to do some real sleuthing as to who administered the chloroform and why.

CLEAN UP

A visitor observed the other day, "It looks like you fellow have been using fertilizer in growing tumble weeds in the vacant lots around here." He meant, of course, our weed patches appear to be too healthy to grow without fertilization.

It would be a splendid thing if all of the citizens would do as a few have done, clean their premises of weeds and trash and thus add to the general appearance of the city as well as the health of the community.

Chislings

One man who recently had his teeth extracted, says the operation is not only painful, but it looks like his chin and nose are going to touch in spite of the dickens, now that he had his teeth out.

You know these Indian calendars the Santa Fe railroad has been putting out. Well, a lady came in the other day and wanted the advertising cut off of her calendar and said: "You know these calendars are typical of the Santa Fe. The figures are all sitting down."

We think we have a right to howl about the menace of speeding autos in Artesia when some of our so-called slow pokes go out in Arizona and get fined for driving too fast. You might be surprised to know who the other offender was. He was surprised too, in fact, he sorter balked when the police office asked him to sign a blank and opposite the blank was the wording "prisoner's name."

Chemical definition of women: Woman: Symbol, WO, a member of the human family.

Occurrence: Can be found wherever man exists. Physical properties: Boils at nothing and may freeze at any moment. Melts when properly treated. Very bitter if not used correctly.

Chemical properties: Violent action when left alone by man. Highly explosive and likely to prove dangerous in inexperienced hands.

Bill says his girl is not the doll type—she doesn't say "mamma" when he squeezes her.

In the old days you could tell that a young couple was engaged to be married by the ring on her finger. Nowadays you can tell by the fact that she stops getting out of the car to ring the doorbell—and sits there blowing the horn instead.

The transport was shoving off for the Orient. Two little flappers were waving good-byes from the dock. "I think it's a shame," said one, "to send all those nice Marines to China. What will they do there?" "What'll they do!" replied the other. "Ain't you ever been out with a Marine?"

A polite motorist, passing thru a western village, wishing to show proper respect for the village ordinances, accosted a street corner policeman.

"What is the speed law here, please?" "Ain't got none," replied the cop; "you fellers can't get thru here any too fast fer us."

What Rogers Said to Post

By CHARLES D. HAVENOR

The newshawks and the cameraman, Each with the other vie, To build upon those fateful words, 'How Post and Rogers Die.' O laggard pen, O feeble scribe, To miss what means the most, The epic that no man may know— What Rogers said to Post.

That nimble wit, that homely sage, His voice forever stilled, The silent, cagey, daring Post Who tens of thousands thrilled, Together at life's journeys end, Deep in the Arctic night, And side by side as they would wish, To start that greater flight.

As men are called to meet their God And seconds intervene, Each clock tick seems a century With all one's life between. 'Twas then the great philosopher Would choose to cheer his host A smile, an epic farewell in— What Rogers said to Post.

All praise be to the Eskimo And to his grueling dash, Across the ice to bring the news, That made the headline flash. And to Joe Crosson, Arctic ace, His sad and daring flight, 'Twas fitting that he bring them home, No other had the right.

What you or I may feel would be An epic last farewell, Dare not ascribe to Dear Old Will, Nor angels thoughts foretell. 'Twere better that within each heart, There dwell a silent toast, And let it be a worthy one— What Rogers said to Post.

CAUSE HUGE LOSS

ALBUQUERQUE—John C. Gatlin, district agent of the biological survey, said Saturday predatory animals were responsible for an approximate loss of \$525,831.50 to New Mexico ranchers in the last fiscal year.

An estimated three per cent or 70,110 head of sheep and one-half of one per cent of the states' cattle or 4,955 head, were slain, he said. Hunters, ranchers and others killed 5,354 predatory animals during the year, the department report showed.

New Registration Rules Important

Eddy county voters were urged last week by L. R. Conarty of Carlsbad, chairman of the county democratic central committee, to register for the forthcoming primary and general election, whether or not they have been registered before.

New rulings, said Conarty, make it imperative for all voters to register anew. It will be impossible for the registrars to copy all registrations this year.

Registration booths are held open only on Saturdays, from 8:00 a. m. to 7:00 p. m., and July 25th is the deadline, giving them only three remaining days on which to register.

Women cannot register in their maiden names, according to the new ruling, but must use their husband's name and initials.

Two witnesses to the registration are required this year, Conarty explained. Last year only one was required.

Formerly, Conarty said, the registrars could copy old books, but the new rulings make it confusing, and unless the voter registers personally, he may be left out this year.

A husband can register for his wife, or his wife for the husband, or parents may register for their children, Conarty said, but it will be better for every voter to register personally to assure himself that the proper number of witnesses will be on the registration and his name properly recorded.

Registration will be good both for the county primary, August 8, and for the general elections in November.

SPEAKS ON RAILROAD WEEK

Tuesday, Rotarians were addressed by E. M. McElroy of Clovis, transportation inspector, on "Railroad Week." In telling of the accomplishments of the railroads of America, Mr. McElroy laid special stress on the safety features of the railroad and of the 100,000 accidents last year, only one occurred in railroad and this was classed as a freak accident. "Speed with safety and certainty of service is today's keynote of the progress of western railroads," Mr. McElroy stated.

The speaker also stressed the improvements made by both the passenger and freight service and called attention to the luxurious appointments now offered in the passenger service and of the free pick up and delivery service offered the business houses.

H. G. Watson, president, announced a full selection of committees to serve the Rotary club another year would be made soon. Visitors in addition to Mr. McElroy were C. O. Brown and Bill Bartlett, both of Artesia.

Nursing is the most popular profession among Chinese women.

WPA Funds Used For School Bldgs.

Looking back over the first nine months of Works Progress Administration operations in New Mexico, Lea Rowland, state administrator, was able to report that his organization not only gave work to as high as 14,000 men and women, but that ninety-four per cent of the funds allocated went to schools, public buildings, parks and other structures which will be of lasting benefit to the state.
Of each dollar spent in that period—October 1, 1935, to June 30, 1936—about sixteen cents was used for building schools.
Five cents went to other public buildings, such as city halls, libraries, and the Carrie Tingley hospital for Crippled Children at Hot Springs. A little over forty cents went for highways and streets.
The rest of the dollar was divided as follows: parks and other recreational facilities, five cents; conservation, such as flood control, dams and malaria control, nine cents; public utility projects, such as water supply, water purification and sewage disposal, twelve cents; and women's projects, including sewing garments for relief clients, seven cents.
A total appropriation of \$4,635,000 was handled at an administrative cost below the established limit of ten per cent, Rowland reported. The administrative cost was 9.2 per cent.
Three hundred projects were completed during the nine months—an average of more than one every day.
Operations were underway on 266 projects in the last week of June.
Workers completed seventy-five new school buildings, many of which relieved overcrowding or replaced antiquated structures, which overburdened school district could not have replaced otherwise. Fifty more school buildings were under construction.
The number of persons employed varied, reaching a peak of 14,000 persons in the week ending February 21. The minimum was 7,300 in the week ending May 22. Latest figures show 8,230 men and women at work.
Funds for the period were allotted to the following projects, either completed or underway: 187 highway and street projects; 161 public buildings, including schools; 25 recreational projects; 45 conservation projects; 23 public utility projects; 30 educational projects; 40 sewing projects; 37 sanitation projects; 14 projects for assisting the commodity division, and several miscellaneous projects.
In comparison with the total which the Works Progress Administration spent in providing labor, cities, towns, counties and other local agencies sponsoring the projects contributed for materials a sum equal to 22 per cent or approximately \$1,015,000.

ALFALFA HAY CUTTING

The third cutting of alfalfa hay will soon be underway in this district with prospects fine for a splendid yield. Hay continues to move at \$7.50 to \$8.00 per ton.

Besides adding to the appearance of the kitchen, meals can be prepared easier, quicker, better.

Lakewood Items

Mrs. M. C. Lee, Reporter
Whicher Angell and family visited relatives here Sunday.
Betty Jo Hnulik is visiting her grandparents, Mr. and Mrs. John Norwood, this week.
Mr. and Mrs. Albert Lee, son Rex and Mrs. M. C. Lee attended the show in Artesia Saturday.
Mrs. R. L. House, little son Glenn and Mrs. M. C. Lee ate dinner at the Taylor Ross home Sunday.
Mr. and Mrs. Ernest McGonagill and family and Sadie Belle Lewis spent Saturday afternoon in Artesia.
Mrs. Colon Hawkins returned from Seminole, Texas, Sunday. She had been visiting relatives there the past ten days.
Mrs. Turner and family from Dayton are spending the week with the Alfred Woods family. Mr. Woods is farming on the R. L. House place.
Miss Jewel Ross is visiting with her aunt, Mrs. Chas. Tally and family at Cloudercroft. Miss Ross will probably remain with her aunt all summer.
Lakewood ball players went to Atoka Sunday afternoon where they played a game with Atoka. The game was close, the score being 9 to 11 in favor of Lakewood.
R. G. Adams is laid up from a fall from his horse, as the horse shied from a piece of paper the saddle cinch broke and Mr. Adams fell on his back and sides probably fracturing some of his ribs as his side is very painful.
Forrest Lee and Tom Price moved about one hundred head of cattle from Forrest's place here to his ranch west of Lakewood. There have been some good rains at the ranch recently and cattle are doing very well there.
Mr. and Mrs. I. W. Floyd last week made a trip by automobile to Elida where they visited their daughter, Mrs. Bob Gushwa and family. They went from there to Clovis where they attended a stock sale and visited another daughter, Mrs. Dena Bybee and family. They returned by way of Lovington where they visited their son Dick and wife before returning home.

TWO HELD FOR THEFT

Woodrow Gilliland of Roswell pleaded guilty to the theft of an auto trailer when arraigned before Frank Richards, justice of the peace, at Carlsbad Saturday and was bound over to the action of the Eddy county district court under \$750.00 bond. Gilliland's alleged accomplice, Ross E. Brown, is being held until his age is determined. Brown says he is seventeen years old. The two were arrested in Roswell by Sheriff Dwight Lee, whom he found in possession of a trailer stolen south of Carlsbad.

Personnel Farm Program Is Same

According to W. A. Wunsch of State College, the agricultural conservation program in the state will maintain the same administration during the next six months under which it has been working in the past months. All regularly elected county and community committeemen in the various counties under the program as elected formerly will continue to hold office until January 1, 1937, provided they qualify as members of the county associations.
In order to be a bona-fide member of a county association a committeeman must be an actual producer, making his income from the farm and living in the community which he serves.
He must have signed a work sheet under the program, and if he disqualifies himself by failing to sign a work sheet, a committeeman must relinquish his office and an election be held in the community which he represents. The election will be held in accordance with the method which was used in the first election. The alternate who was elected in the past election will hold office until this election is held.
Any committeeman, either county or community, can be removed from office by the county committee if he fails to perform his duties as outlined in the articles of association. When such a removal is effected, a regular election must be held to fill the office vacated.
In elections held now, only members of the association, producers who have signed work sheets, will be eligible to vote. There shall be no voting by proxy.

TO IMPROVE THE HEALTH PROGRAM

Dr. O. E. Puckett of Carlsbad, district health officer, who returned from a meeting of the state health board in Santa Fe Monday, announced a more extended health program for the district. The district will also be aided by more federal money this year.
Women operate twenty-one brick and pottery plants in Great Britain.

Ten of Seventeen State Oil Tracts Sell For A Total of \$8,095.10

Ten out of seventeen oil lease tracts offered by the state land commissioner were sold at the monthly auction sale at Santa Fe, July 10th, and netted the state \$8,095.10, including \$50.00 filing fees.
Tract 1, consisting of 1,080 acres and located in twps. 9-10-11, ranges 28-31-36, sold to Ed W. Owen of San Antonio, Texas, for \$323.00.
Tract 2, consisting of 860 acres and located in twps. 12-13-17, sold to William Spruck of San Antonio, Texas, for \$111.00.
Tract 3, consisting of 400 acres and located in 18, ranges 29-31, sold to Ralph Gallinger of Hollywood, California, for \$107.00. There were no bids on tracts 4, 7, 8, 9, 12, 14, 16.
Tract 5, consisting of 400 acres and located in 20, ranges 30-31, sold to Ralph Gallinger for \$117.00.
Tract 6, consisting of 1,040 acres and located in 15-35, sold to Cary P. Butcher of Midland, Texas, for \$3,642.50.
Tract 10, consisting of 1,680 acres and located in 18-34, sold to The Texas Company of Houston, Texas, for \$1,797.60.
Tract 11, consisting of 800 acres and located in 19-34, sold to Ed W. Owen for \$801.00.
Tract 13, consisting of 160 acres and located in 20, ranges 34-35, sold to the Shell Petroleum Corp., for \$302.00.
Tract 15, consisting of 400 acres and located in 17-36, sold to Ralph Gallinger for \$427.00.
Tract 17, consisting of 400 acres and located in 23-19-35, sold to Ralph Gallinger for \$427.00.

AMERICAN LEGION AUXILIARY MEETING

The July meeting of the American Legion Auxiliary was held at the hut Monday afternoon with about thirty members present. Mrs. Frank Smith, second vice president, presided in the absence of the president.

July is Trophy and Award month. Mrs. Frank Seale, as chairman of the above committee, was in charge of the program.

The call to the 15th annual convention of the American Legion Auxiliary, to be held in Clovis, August 7 and 8, was read and delegates and alternates elected. Those elected to represent the Artesia unit were: Mmes. John McCann, William Linell, Frank Smith, Jess Truett, Frank Linell, P. V. Morris, Dick Vandagriff and Aleck McGonagill. Alternates were: Mmes. Calvin Dunn, John Lively, John Runyan, Sy Bunting, C. R. Baldwin, B. N. Nuncy, Dan Watson and J. H. Naylor.

Mrs. Francis Painter, chairman of the nominating committee, read the report of her committee, the following were nominated for officers of the local unit for the next year: Mrs. John McCann, president; Mrs. Earl Bigler, first vice president; Mrs. Calvin Dunn, second vice president; Mrs. Howard Whitson, secretary; Mrs. William Linell, treasurer; Mrs. T. S. Cox, corresponding secretary; Mrs. Frank Linell, chaplain; Mrs. Sy Bunting, sergeant at arms, and Mrs. Frank Smith, historian.

MISS JERNIGAN HONOREE AT AFTERNOON PARTY

Miss Gladys Thompson and Miss Peggy Brainard entertained with a lovely afternoon party at the Thompson home Friday afternoon from 3:30 to 5:30 p. m., naming Miss Elsie Jernigan as honor guest.

The Thompson home was beautifully decorated with summer flowers. Guests brought their knitting and enjoyed games at quartet tables on the lawn during the afternoon. Miss Jernigan, who will enter business college at Lubbock, Texas, this month, was presented a beautiful week-end bag by the hostesses and their guests.

Misses Thompson and Brainard served peach parfait and individual angel food cakes to the following guests: Misses Jernigan, Betty Jo Brainard, Catherine Douglas, Pat Walker, Dawn Hornbaker, Margaret Mahone, Joan Wheatley, Virginia Gates, Helen Meredith Gates, Nina Mae McLean, Glenna McLean and Virginia Lee Glasscock of Hope.

QUARTERLY MEETING OF BTU

The Baptist Training Union of the First Baptist church was host to the Pecos Valley Association here Sunday afternoon and the six churches of the association were well represented. The subject of the program was "Faith in the Victory in Living With Others," and the program rendered included: Devotional by the Rev. S. V. Perry of Loving. Report of the State BTU Convention by Miss Jennie Beth Bishop of Artesia. Extension Work by Miss Opal Mabry of Carlsbad. A quartet selection by Messrs. Fred Cole, P. G. Woodruff, Burton and Edgar Bishop, and an address on the subject of "Having Faith in Mankind," by the Rev. Julian Atwood of Roswell. Departmental conferences followed the regular program. Representatives were present from Roswell, Hagerman, Carlsbad, Loving, Hope and Artesia.

FORTNIGHTLY BRIDGE CLUB

Mrs. Charlie Martin entertained the Fortnightly Bridge club at her spacious farm home Tuesday.

A fried chicken luncheon was served at one o'clock and followed by five rounds of contract in which Mrs. Lewis Story was the winner of high score.

Guests were Mmes. C. R. Baldwin, Frank Seale, J. B. Atkeson, John Lanning, Albert Richards, Hollis Watson, C. R. Blocker, William Linell, Lewis Story, I. L. Spratt, J. M. Story and Mrs. John Beckett of Wilmington, California.

FAMILY DINNER AT MUNCY HOME SUNDAY

Mr. and Mrs. Harve Muncy were host and hostess at a family dinner at their home Sunday at noon, laying covers for sixteen. Those present were: Nevil Muncy and family, Herbert Muncy and family, Mr. and Mrs. George Williams and daughter of Lovington, Mrs. John Beckett of Lovington, Miss Geraldine and Nadine Howeth of Wilmington, California, and Miss Rachel Adele Swift.

Ireland has most spinsters.

JOY-WESTALL

A quiet but impressive wedding was solemnized Friday, July 10th, at Carlsbad when Miss Willah Mae Joy of Elk became the bride of George Westall of Artesia.

Mrs. Westall is the daughter of Mr. and Mrs. W. R. Joy of Elk, well known ranchers of that part of the country.

Mr. Westall is the son of Mr. and Mrs. Glen Westall of Maljamar, also well known.

Mrs. Westall was beautifully dressed in a baby blue suit with blue accessories. Her going away outfit was of white crepe with white accessories.

The young couple left immediately on an extended trip for interesting parts in Texas, Arizona, California, Oregon, Washington and Canada. On their trip returning home they will visit parts in Montana, Wyoming and Colorado.

The wedding date of Mr. and Mrs. Westall occurred on the 26th wedding anniversary of her parents.

Mr. and Mrs. Westall will be at home to their many friends at Maljamar where Mr. Westall is in business with his father.—Contributed.

HUSTLER CLASS PARTY

Mrs. Veda Tope and Mrs. Frank Herbold were co-hostesses in entertaining the Hustler Sunday school class at the home of Mrs. Tope Wednesday evening.

Various games furnished a full evening's entertainment. The hostesses served ice cream and cake to about fifteen guests at the close of a delightful evening.

VIERNES BRIDGE CLUB

The Viernes Bridge club met with Mrs. Owen Haynes Friday afternoon.

At the close of a pleasant afternoon Mrs. Ed Gillispie was awarded high score prize, the hostess second high and Mrs. Boone Barnett, consolation.

C. E. Notes

(Dale Rowland, Reporter)

Several of our Endeavor members and one of our sponsors are enjoying the Young Peoples Conference this week in the Sandia mountains near Albuquerque. Those who took advantage of this opportunity were: Harold Bradshaw, Ruby Rowland, Lawrence Coll, Marion Coll, Florine Muncy, and the Rev. and Mrs. Thomas Massie.

Our president, Alvin Hadley, substituting for the scheduled leader, treated us with an excellent lesson Sunday evening, although he insists that he spent very little time in preparing it.

Glad to see Garland Stuart back to C. E.

We welcome Olin Wodside and his friend to Endeavor.

The wandering boys come home! We all gazed with awe Sunday evening at the two boys who have just returned from the Texas Centennial.

By consulting the C. E.'s most efficient gossip, I find that the boys became very interested in two Polanders of the fairer sex while at the Centennial.

C. E. Proverb: "We love 'em because we can't kiss 'em"—by the one and only Cecil Fletcher.

Seems like old times to have Mrs. Dunn with us as sponsor again. We want to see you every Sunday evening, Mrs. Dunn.

Marjorie, you can't learn much at Endeavor when you are sitting outside in a car.

Won't annoy you with any stale jokes this time, but just wait until next week.

Let's see everyone out to Christian Endeavor Sunday.

Locals

A daughter was born to Mr. and Mrs. Robert Woods of Hope Friday.

B. F. Montgomery of Carlsbad, candidate for probate judge, was greeting the voters here Monday.

Deposits of the Lea County State Bank at Lovington passed the million dollar mark on the recent call.

R. N. Thomas of Otis, candidate for county superintendent, is spending the week here in the interest of his candidacy.

Judge J. B. McGhee of Roswell held a short session of the Lea county district court at Lovington Tuesday and Wednesday.

Ray Zumwalt is substituting for Carl Henderson, county sanitarian, while Mr. Henderson is attending a health school in California.

Mrs. C. A. Edgerton of Raymondville, Texas, left last week after a visit with her brother, Sy Edgerton and Mrs. Edgerton.

A daughter was born to Mr. and Mrs. H. L. Phipps Sunday. Mr. and Mrs. Jess Withers report the birth of a daughter Monday.

F. P. Harris of Abilene, Texas, spent from Friday until yesterday visiting his daughter, Mrs. W. C. Martin and Mr. Martin and family.

C. E. Mann returned the first of the week from Long Beach, California. Mrs. Mann and daughters remained for a stay of several weeks.

D. W. Runyan returned Tuesday evening from a visit of a fortnight with his daughters, Mrs. Harold Keinath and Mr. Keinath and Mrs. Sally Lanning of Glendale, California.

Mr. and Mrs. Veto George of Los Angeles, California, arrived last Friday for a visit with his brother, Pearly George, and family. Mr. George is a former resident of Artesia.

Misses Elizabeth and Sallie Page of Los Angeles, California, sisters of Mrs. J. Hise Myers, arrived Friday and will spend the remainder of the summer here with Mr. and Mrs. Myers.

Miss Betty Jo Garrett of Dexter spent the past week with her cousins, Riley and June Brown. They returned with her yesterday morning to spend a few days visiting at Dexter.

Mr. and Mrs. C. J. Dexter drove over to El Paso, Texas, last week to attend to business and to visit Hugh Burch. Mr. Burch, a former patient of the Homan Sanitarium, is reported to be improving.

Lauren E. King of Salida, Colorado, nephew of Dr. H. A. Stroup, left Saturday after spending most a week here visiting the Stroup families. He made the trip thru the Carlsbad Caverns Friday.

Mr. and Mrs. J. E. Skipper and son Charles of Quannah, Texas, were week-end guests of Mr. and Mrs. C. R. Blocker. They were accompanied through the Carlsbad Caverns by Mrs. Blocker Saturday.

Mr. and Mrs. Francis Boyce and daughter Esther, Mrs. Tope and two daughters, Bety Irene and Minerva Mae, Margaret and Marjorie Clowe and Mary Elizabeth Daugherty spent the week-end in the Sacramento mountains near Weed. They also visited Camp Mary White.

Mr. and Mrs. D. C. Blue and family visited with Mr. and Mrs. Howard Birdwell of Alamogordo Sunday at the Artesia Sacramento camp. Miss Dorothy Birdwell, sister of Mrs. Blue, and Miss Pauline Iles of Inspiration, Arizona, returned with the Blue family and will visit here for a few days.

Olen Eipper, Jr., of Wilmington, California, nephew of Mrs. G. C. Kinder, and grandson of Mrs. Nancy Eipper, arrived the latter part of last week. He accompanied his cousin, Miss Natilee Filbert, to Ruidoso Saturday where they will spend the remainder of the summer with their grandmother, Mrs. Eipper.

Mrs. Hardy Abernathy, Miss Mary Ellen Lawrence of Thomaston, Georgia, Mrs. W. L. Wright of Wichita Falls, Texas, and Mrs. B. P. Thigpen of Childress, Texas, are guests of Mrs. B. B. Thigpen and son James, Mr. and Mrs. Lloyd Vaughn and Mr. and Mrs. Ben Dunn this week. Today the visitors made a trip through the Carlsbad Caverns.

Mr. and Mrs. M. J. Sandmier and son Earl J. Sandmier and family, all of Miami, Oklahoma, stopped here the first of the week for a visit with Mrs. Sandmier's brother, Owen Campbell and Mrs. Campbell and family. While in the valley the visitors went through the Caverns and drove up through Cloudcroft en route to Raton and Colorado Springs, Colorado.

THE LAMP IN THE WINDOW

SACRAMENTO ITEMS

Mrs. Purdy of Roswell is spending some time in her father, Geo. B. Jewett's cabin.

Melvin King of Cottonwood is spending the week with John Nihart of Sacramento.

Miss Helen Schrader of Cedarvale, Kansas, visited in the J. R. Spence cabin Sunday.

Mr. and Mrs. Jack Spence of Alamogordo visited Mr. and Mrs. J. R. Spence Sunday.

Mrs. Watkins and children of Artesia are occupying the C. C. Kemp cabin at Sacramento.

The Rev. Mitchell, pastor of the Weed circuit, is now holding a series of meetings in Cloudcroft.

Geo. B. Jewett of Roswell spent Saturday night in his cabin. He also visited in Sacramento Sunday.

Mrs. Tom Ehart and children were visiting their sister and aunt, Mrs. Roy Calkings, Sunday afternoon.

Mr. and Mrs. Will Walden and daughter Betty of Lake Arthur were visiting the Niharts in their cabin Sunday.

A fine rain has fallen in this part of the Sacramento mountains. It put a smile on the faces of the farmers and ranchers.

Messrs. Gentry and Ras Robertson were called Monday afternoon to Alamogordo on account of the illness of their mother.

Mrs. Arthur and children attended Sunday school in Sacramento last Sunday. The Arthurs are building a nice home near W. W. Buckner's.

Mr. and Mrs. A. D. Hill, Sr., and grandson Oscar of Cottonwood were visiting Tuesday in the J. R. Spence cabin on the Methodist assembly grounds.

Mrs. J. A. Brown returned Monday from Oklahoma City, Oklahoma, where she spent a fortnight visiting with her sister, Mrs. O. W. Anderson and family.

Mr. Bullock, manager of the Boy Scout camp, was attending to business in Sacramento Sunday. He reports plenty of rain and also reported twenty-seven boys in the camp.

H. L. Cortney of Mescalero visited Saturday night and Sunday in the home of Mr. and Mrs. Ras Robertson. Mrs. Cortney and three daughters are visiting their aunt and sister, Mrs. Robertson.

The people of Sacramento were entertained Tuesday by several selections by the Meadow Sisters of Portales. While here the four sisters inspected the assembly grounds and buildings also the Portales church cabin.

We have forms to comply with the Social Security law—Advocate.

Cottonwood Items

(Bonnie Rowland, Reporter)

J. H. Felton is on the sick list this week.

Mr. and Mrs. Dallas Golden visited on Cottonwood Friday afternoon.

Mr. and Mrs. Ray Zumwalt are visiting his folks at Nogal, in Lincoln county.

Miss Bonnie Belle Bradley is home from Roswell where she has been employed.

E. P. Malone and family left Tuesday on a fishing trip to Corpus Christi, Texas.

The 4-H club met Tuesday afternoon at the church, with most of its members present.

Harry Manda and family of Gallup are visiting with the Carl Manda family this week.

Tom Terry and family enjoyed Sunday dinner with Mr. and Mrs. L. C. Brunderitt and daughter.

Mr. and Mrs. Dub Andrus of Hagerman visited with Mr. and Mrs. Glenn O'Bannon one day last week.

Bonnie and Ferne Rowland were guests of Minnie Opal and Helen Parker Wednesday and Thursday nights.

The Meadow Sisters of Portales gave a musical program at the church during the Rev. Butler's revival.

Robert Payne, who lives on a ranch west of Lake Arthur, visited over the week-end with Harvey and Harry Nelson.

The Rev. Butler and family and Miss Minnie Opal Parker were guests of Monroe Howard and family to Sunday dinner.

Cottonwood Ladies Aid was postponed for this month. It will meet next month at the home of Mrs. Glenn O'Bannon, with Mrs. Monroe Howard as co-hostess.

The Chemical Cure

Since a chemist proved that a cause disease, chemists sought for a compound which would cure disease. Many antiseptics have been which kill bacteria in the body. But when attempts are use the same chemicals to bacteria in the human body attempts have failed over and over. Either the antiseptic is as poisonous to the body as the bacteria or else the latter way inside some organ which septic cannot reach. The hundreds of failures to the chemical cure the search exists. A very few brilliant keep up the hopes and the unwearied efforts of chemists. Most notable among successes is the discovery in of salvarsan. Ehrlich had captured 605 different compounds of arsenic before he called the one which he called salvarsan and which we now call arsphenamine. This chemical compound possible the elimination of what is probably the world's plague. The fact that we rapidly neglected to take full advantage of the discovery does its scientific value. One fact about arsphenamine that it does not kill the of syphilis in the laboratory when it is in the animal

German chemists began where Ehrlich also began, the dye compounds have one which seems sometimes infections with the streptococcus. English research workers confirmed the German report. How the cure is effected now. The new compound work in the test tube but beside the animal body. The report is true that an chemist has determined formula of that compound by the body itself which is immune to disease, then announcement deserved bigger than it was given. For this American research the research of the chemists there is waiting a dis of tremendous moment. The cure is not the simple of bacteria that Ehrlich expected. But it is no de- The pioneers of chemistry worked in vain.

(Continued from page one)

the office I may say that I have lived in eastern New Mexico for thirty-three years, practically all of my life. I am a graduate of Portales high school, New Mexico Military Institute, and the University of California. My actual practice of the law began in January, 1925, but my acquaintance with law practice began when I was a boy in the office of my father, who since 1925 has practiced at Roswell, and who has been a respected citizen and a lawyer of recognized ability in eastern New Mexico since 1904.

"As your district attorney for the past term, I have gained much valuable experience and want you to know that I consider the duties and responsibilities which attend the office to be of the utmost importance to you and I consider the office one of the most difficult to administer. When one is called upon to deal with the lives and liberties of his fellow man he cannot have too much understanding, judgment and experience. When he is called upon to protect the property of citizens and tax payers he must be willing and able to work without stint because every person charged with crime must be proven guilty 'beyond a reasonable doubt,' and a district attorney must be not only a lawyer but at times he must assist in ferreting out the facts and evidence in the case.

"The official action which a district attorney takes is not always popular, yet he cannot permit this consideration to influence him and be true to his oath not only as a lawyer but as a district attorney and public servant. About the only course open to any district attorney who does his duty is to be fair and impartial, do right as he sees it, and close his mind to political considerations. "I have attempted to follow this course and while I may have made mistakes they have been honest ones and I know that my record as district attorney is one for which I can be thankful. As you know there are three counties in this district, Eddy, Chaves, and Lea, and with the able assistance of Mr. Lake J. Frazier at Roswell, who is my assistant, more business has been successfully handled during my term than has ever been handled by any district attorney's office in this district.

"The costs of handling the business have been materially reduced and since most of the court fund is paid out for witness fees, and salary and expenses of the district attorney, the reduction in costs is to a considerable extent the result of my efforts. When I took office the court funds of the various counties were depleted and only a few hundred dollars were available in one or two of my counties. "Now there is in excess of \$10,000 in the court fund of each county and this has been accomplished without any additional tax levies and more court has been held. Sometimes errors are made in the trial of criminal cases which result in the cases being reversed by the supreme court and sent back for a new trial at additional expense to the taxpayers and with convictions more difficult. Some of these errors are chargeable to the district attorney and some to the judge.

"I inherited four of such cases all of them homicide cases and was fortunate enough to secure convictions in all of them on the second trial. "Since I have been district attorney there have been only two criminal cases from this district reversed by the supreme court. One of them was a test case from this county and it resulted in a great simplification of the rules of criminal pleading and when the case was reinstated the defendants plead guilty without another trial. "The other case was from Chaves county and in that case the judge and I both thought that under the law a person should not be permitted to put out poison for dogs even to prevent depredations, but the supreme court held otherwise. In view of the lack of reversals in this district it has come to be recognized that when a person is convicted here he stays convicted.

"In addition to the ordinary duties of my office which have always been handled expeditiously, I have accomplished one task of which I feel I can be justly proud. When I took office I lived in Lea county and while there I became familiar with the fact that the only tax which the oil companies were paying was the regular ad valorem tax on less than fifty per cent of the market value of the oil which they produced.

"None of the equipment located upon producing leases or used in connection with the production of oil was taxed. I took the position that under the law this property was taxable the same as other tangible property and that it was the duty of the state tax commission to value and assess it. The commission refused to act and I instituted a mandamus action against it to force action. That case was decided in my favor and then the oil companies sought to enjoin assessment of this property in the federal court.

"After an adverse decision the oil companies appealed to the U. S. circuit court of appeals and eventually our own supreme court set-

led the question and ordered the tax commission to value and assess the property not only for this year but for five preceding years.

"It is conceded that if a proper valuation is placed upon this property by the commission it will result in the collection of something like a quarter of a million dollars in back taxes in Lea county and at least \$30,000 in Eddy county. I received no extra compensation for my services in the cases and was not asked to bring the suits by anyone, but I felt that my duty to the tax payers and property owners required it. I won the case but lost the primary election in Lea county.

"It is perhaps fortunate for my candidacy that the nomination does not depend upon the total vote in the district. The nomination is actually made by a district convention composed of delegates from the three counties. Any candidate who receives a majority vote in any two counties receives the nomination regardless of the total number of votes in the district.

"Therefore if I can carry Eddy county and Chaves county I will receive the democratic nomination. "You may think that I am trying to brag on myself in this announcement, but such is not the case. I merely want the intelligent voters to be appraised of a few facts about my office so that I can have a 'square deal' and I feel that this course is necessary in view of certain local conditions which exist.

"You will recall that a few months ago, our county treasurer, Joe Johns, was tried for operating illegal gambling games, consisting of a roulette wheel, dice tables, chuck-a-luck, poker, slot machines, black jack, etc., in connection with the American Legion convention in Carlsbad. The undisputed testimony at that trial showed that Mr. Johns and one Orville (Gravy) Swartz, procured the 'concession' on a basis whereby they were to furnish everything and for their helpful interest in the convention they were to receive fifty per cent of the profits after first paying the expenses of operating.

"Mr. Johns admitted that agreement and that he had assisted in the arrangements but testified that he was acting merely to help the Legion and his 'friend' Swartz; and that he was not to receive any part of the proceeds. He admitted that at the time of the raid by the officers he told me that the money was his and that the gamblers were merely working for him and that he would be responsible for them.

"He also admitted that he had helped check the 'take' each night during the operation but stated that he was doing this mere to assist his 'friend' Swartz, who was also present and helping to check. The Legion had its own 'checker' and I leave it to you whether our county treasurer was financially interested or not. Incidentally Mr. Johns is not a member of the Legion and is not an ex-service man.

"In view of these facts I want the voters to know that before the trial I was told that if I tried Johns I would be defeated for reelection; that Joe Johns was a political power in Eddy county and that no one could be elected with his opposition.

"I know that Joe Johns believes this because after the primary in Lea county he told me himself that he had procured by opponent to run and was paying a part of his campaign expenses; that he (Joe Johns) had 'beat' me in Lea county and he would 'beat' me worse in Eddy county. I also know that Johns spent considerable time in Lea county before the primary working for my opponent and that he spread the word among the 'night club' operators, would-be gamblers and saloon men that my opponent was for an 'open town.' There was no registration in Lea county and they all voted. I also know that Mr. Johns is actively working for my opponent in this county.

"I do not believe that I would ever have been called upon to take any action with regard to the gambling at the convention if it had not been for Johns. I have learned that the boys were warned several times not to continue the open gambling, but in my opinion Joe Johns thought that he was big enough and powerful enough politically to do as he pleased.

"In my opinion Mr. Johns has made a good county treasurer for a couple of terms and prior to that he made a good sheriff for a couple of terms and in between times he has rendered good service to the county as a deputy 'this' or 'that,' but if the time has come in Eddy county when the people will countenance one of its public officials openly operating an illegal gambling game and then because of prosecution permit that official to tell them how to vote, either directly or indirectly, I want to find it out. So much for Mr. Johns.

"I regret that this announcement has been so long but I felt that I had no other way to get the facts to the people. I merely ask that you give due consideration to my record as district attorney, that you consider my qualifications for the office, that you consider the qualification of my opponent and vote for whom you consider the best man for the office.

Sincerely yours,
GEORGE L. REESE, JR.

CCC Camp News

(Camp DG-41-N Co. 2842, Lake Arthur, New Mexico) (Contributed)

We won the game with Dark Canyon Saturday, July 11th, by a score of 11 to 19. It was a mighty close game with the score changing back and forth several times. The other game was played with Mayhill Sunday afternoon, July 12th. This was also a very interesting game, the final score being 6 to 3. Both games were played here at camp. The team is looking forward to a hard game Saturday which is to be played at Carlsbad with Dark Canyon for the championship of the Carlsbad sub-district. We have high hopes of winning this game which will put us in first place in the sub-district and a trip to El Paso to play in the district tournament.

A dance was held here in camp Friday night, July 10th. Excellent music was furnished by Knowles' Orchestra of Lake Arthur. This dance was sponsored by the Assistant Leaders club, which was organized last week.

W. L. High, foreman, returned from his vacation last Friday.

Dr. Hinkly is installing a new bench lathe and a band saw. These are to be used by his manual training class.

Foreman Gossett's crew has started a new project. The members of the crew are building fence for Mr. Runyan who furnishes the material. Nute Epps taught the leaders the proper method of setting corner posts and braces when he was here last week. The method he demonstrated has an added feature in that the slack in the wires can be taken up any time in the future by simply tightening the brace wires at the corners.

ROASTING EARS ON MARKET

The first of the home-grown roasting ears were placed on the market here this week. A quantity of corn will be ready for market shortly.

Locals

Miss Ella Bauslin, Mmes. Mary Abbott and Will Gray visited in Roswell Tuesday.

Mrs. Ferris Arnold of El Paso is here visiting her parents, Mr. and Mrs. Beecher Rowan.

Frank Seale was home over the week-end. He will return the latter part of this month to move his family to Lubbock.

Mr. and Mrs. Cecil Brownlee of Compton, California, visited Mr. and Mrs. Walter Douglas and Miss Mary McCaw here last week.

The Rev. A. J. Cox, who has been ill for several years at his home here, is reported critically ill at this time with little hope of his recovery.

Mrs. Jessie Morgan and daughter, Miss Ruth, left today for a visit with Mr. and Mrs. Willis Morgan and infant son in Albuquerque.

Mr. and Mrs. D. C. Blue and children moved into the L. P. Evans house which was formerly occupied by the E. T. Jernigan family, Wednesday.

Mr. and Mrs. William Linell and children spent Saturday and Sunday in the Capital mountains and returned home by the White Sands near Alamogordo.

Charles Baldwin, son of Mr. and Mrs. C. R. Baldwin, is spending the week as guest of Sammy Buchannan at the Buchanan ranch home near Roswell.

Mr. and Mrs. John Lanning and children expect to leave Saturday for a few weeks vacation trip. They will visit Mrs. Sallie Lanning and daughter Mary Lou at Glendale, California, and Mr. Lanning's sister and brothers at other points in California.

Claimant names as witnesses: Walter Duncan, of Hagerman, N. M., Len A. Gibson, of Lake Arthur, N. M., J. B. Champion, Robert J. House, both of Artesia, N. M. PAUL A. ROACH, Register.

NOTICE OF THE APPOINTMENT OF EXECUTORS

Notice is hereby given that we, the undersigned, were duly appointed Executors of the Estate of Lidia Anderson Bruce, deceased, by the Hon. P. J. McCall, judge of the Probate Court of Eddy County, New Mexico, on the 15th day of June, 1936, and that all persons having claims against the Estate will present them and file same with the clerk of the said Probate Court, within one year of the said appointment, as provided by law, or the same will be barred.

HILAND G. SOUTHWORTH DELLA SOUTHWORTH. 26-4t

NOTICE STATE ENGINEER'S OFFICE

Number of application RA-1938 Santa Fe, N. M., June 25, 1936.

Notice is hereby given that on the 22nd day of June, 1936, in accordance with Chapter 131 of the Session Laws of 1931, A. L. Jackson of Artesia, County of Eddy, State of New Mexico, made application to the State Engineer of New Mexico for a permit to appropriate the shallow ground waters of the Roswell Artesian Basin to the extent of 1000 gallons per minute by the drilling of an 8 inch well approximately 200 feet in depth, located in the W 1/4 SW 1/4 NW 1/4 Sec. 2, T. 17 S., R. 26 E., N. M. P. M., to be used for the irrigation of 120 acres of land described as being 80 acres in the S 1/2 NW 1/4 and 40 acres in Lot 3 of said Sec. 2.

Any person, association or corporation deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source may file a complete sworn statement of their objections substantiated by affidavits with the State Engineer and file proof of service of a copy thereof upon the applicant with the State Engineer on or before the 4th day of August, 1936, the date set for the State Engineer to take this application up for final consideration unless protested.

NOTICE STATE ENGINEER'S OFFICE

Number of Application 0706 Santa Fe, N. M., June 22, 1936

Notice is hereby given that on the 10th day of June, 1936, in accordance with Section 26, Chapter 49, Irrigation Laws of 1907, W. F. Culbertson of Clouderoft, County of Otero, State of New Mexico, made formal application to the State Engineer of New Mexico for a permit to change the point of diversion of 31.38 acre feet of water per annum as declared in Declaration No. 0706 and granted by U. S. Court Decree No. 712 by abandoning the diversion of said water in NW 1/4 Sec. 23, T. 16 S., R. 12 E., N. M. P. M., from 3 springs on south side and 1 spring on north side of Cox Canyon, a tributary of the Penasco River, and by diverting the same amount of water from the Penasco River at a point which bears S. 26°13' E., a distance of 4542.13 feet from the NW corner Sec. 8, T. 16 S., R. 16 E., being situated in the SW 1/4 SW 1/4 of said Sec. 8, said water to be diverted thru the Cleve No. 0 Ditch to Lots 11 and 10, T. 15 S., R. 16 E., and there respectively used for manufacturing and stock water purposes in accordance with Application No. 0706 for Permit to Change Place and Method of Use.

Any person, firm, association or corporation deeming that the granting of the above application would be truly detrimental to their rights in the water of said stream system shall file a complete statement of their objections substantiated by affidavits with the State Engineer and serve a copy on applicant on or before the 21st day of August, 1936, the date set for the Engineer to take this application up for final consideration unless protested.

NOTICE STATE ENGINEER'S OFFICE

Number of Application RA-1363 Santa Fe, N. M., July 1st, 1936

Notice is hereby given that on the 12th day of February, 1936, in accordance with Chapter 131 of the Session Laws of 1931, R. E. Coleman of Lake Arthur, County of Eddy, State of New Mexico, made application to the State Engineer of New Mexico for a permit to appropriate the shallow ground water of the Roswell Artesian Basin to the extent of 1500 gallons of water per minute by the drilling of a 16 inch well approximately 250 feet in depth, located in the SW 1/4 SW 1/4 SE 1/4 Section 28, T. 16 S., R. 26 E., N. M. P. M., for the purpose of irrigating 120 acres of land described as being 80 acres in the S 1/2 SE 1/4 and 40 acres in the NE 1/4 SE 1/4 of said Section 28.

Any person, association or corporation deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source may file a complete sworn statement of their objections substantiated by affidavits with the State Engineer and file proof of service of a copy thereof upon the applicant with the State Engineer on or before the 10th day of August, 1936, the date set for the State Engineer to take this application up for final consideration unless protested.

THOMAS M. McCLURE, State Engineer. 29-3t

Rice, deceased, has been filed in said cause, and under order of said court, said court will at 9 o'clock A. M., on the 17th day of August, 1936, in his court room in Carlsbad, Eddy County, New Mexico, proceed to hear and to determine the heirship to said decedent, the interest of each respective claimant thereto and therein and the persons entitled to the distribution thereof.

And you and each of you are hereby cited to then and there appear and show cause, if any you have, why said final account should not be approved, settled and allowed and said administrator discharged, and why said estate should not be distributed and distribution closed.

The attorney of the administrator is S. E. Ferree, whose post office address is Artesia, New Mexico.

Witness the Honorable P. J. McCall, Judge of Probate of Eddy County, New Mexico, and the seal of said Court this 27th day of June, 1936. R. A. WILCOX, County Clerk. (SEAL) 27-4t

NOTICE OF PENDING SUIT

STATE OF NEW MEXICO: To B. B. Ratliff, L. C. Wilson; T. C. Calley; David L. Elms; and Clyde Mellard, and if dead, their heirs; and all unknown persons and any unknown heirs of such persons, if deceased, who may claim any title or interest adverse to plaintiff.

You, and each of you, are hereby notified that there is a suit pending against you in the District Court of Eddy County, New Mexico, wherein Mrs. Mae M. Ament is Plaintiff, and you, and each of you are defendants, being Suit No. 6203 on the docket of said Court; That the object of the suit is to quiet title to the East One-half (1/2) of Section Fourteen (14), in Township Seventeen (17) South of Range Twenty-one (21) East, N. M. P. M., in Eddy County, New Mexico.

You, and each of you, are further notified that unless you answer or otherwise enter your appearance in said suit, on or before the 20th day of July, 1936, judgment will be taken against you by the plaintiff, and that J. B. Atkeson, of Artesia, New Mexico, is attorney for the plaintiff.

IN WITNESS WHEREOF I have hereunto set my hand and official seal this the 29th day of June, 1936. R. A. WILCOX, Clerk. (SEAL) 27-4t

ST. ANTHONY CATHOLIC CHURCH 504 S 9th St.

Sunday services: 7:00 a. m. Mass—English. 8:30 a. m. Mass—Spanish.

CHRISTIAN SCIENCE SOCIETY 613 West Main St.

10:15 a. m. Sunday school. 11:00 a. m. Sunday services.

"Life" is the subject of the lesson-sermon which will be read in all Churches and Societies of Christ, Scientist, on Sunday, July 19th.

The golden text is: "This is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent." (John 17:3)

Among the citations which comprise the lesson-sermon is the following from the Bible:

"All the paths of the Lord are mercy and truth unto such as keep his covenant and his testimonies." (Ps. 25:10)

The lesson-sermon also includes the following passage from the Christian Science text book:

"The understanding, even in a degree, of the divine all-power destroys fear, and plants the feet in the true path—the path which leads to the house built without hands 'eternal in the heavens.'"

CHURCH OF CHRIST Corner 7th and Grand Ave.

Our meeting continues with very fine interest and attendance. We are indeed grateful for the fine cooperation given by the people of Artesia and trust it will result in much and lasting good. We are having a service at the church building, corner 7th street and Grand avenue, every morning at 10:00 during this week. The night services continue at the Central school auditorium each evening at 8:00. We urge you to attend both of these services. The regular Bible classes will meet Sunday at the Central school auditorium. The meeting will close Sunday night, so lay aside everything and attend this week.

Poultrymen Keep A High Standard

Good quality and prices for eggs continue thru the warm weather for the experienced poultryman, says W. M. Ginn, extension poultryman. On the other hand, the poultryman who does not know the rules or does not follow them in the poultry business finds both the quality of the product and the price which he receives lowered during the warm months.

Some of the precautions which the experienced poultryman takes are of interest to those who wish to secure better prices for their eggs and also to those who find price and quality dropping during the summer months. First, the high quality producer disposes of the roosters as soon as the breeding season is over, thus producing infertile eggs. Good breeding stock is maintained by securing chicks from breeders whose chickens have established records for large eggs.

Then, this poultryman gathers the eggs often, sometimes as many as three times a day, and markets them at least three times a week. When the eggs are being kept for market, they are stored in a cool place such as a cellar. As soon as they are collected, they are placed in wire baskets for a few hours so that the cool air can circulate and cool them before they are put into egg cases. They are candled, the spotted, cracked, dirty and small eggs being removed from the quality group.

THE PIG CROP REPORT

An increase of about twenty-nine per cent in the spring pig crop of 1936 over the very small spring crop of 1935; a prospective increase of about fourteen per cent in the number of sows to farrow in the fall season of 1936 over the number farrowed in the fall of 1935; an indicated increase of about twenty-four per cent in total farrowings in 1936 over the total of 1935; and a moderate increase in the number of hogs over six months of age on June 1, 1936, over the number a year earlier are shown by the June 1 Pig Crop Report of the United States Department of Agriculture.

In most cities, fire alarms do not go direct to the firehouses but to a central station which relays them to the various company quarters.

Truth Reeves is improving nicely after an appendicitis operation.

Mr. and Mrs. E. L. Cox made a business trip to the valley Monday.

Mrs. W. A. Reeves and Lee Reeves were Alamogordo visitors Monday.

Messrs. Lee and Lonnie Reeves and Misses Mildred Strader and Madie Reeves were Roswell visitors Friday.

Mildred Strader and Oleta Adams of Snyder, Texas, are spending several weeks with Mr. and Mrs. J. W. Harwell and family.

A miscellaneous shower was given at the home of Mr. and Mrs. W. A. Reeves for Mr. and Mrs. L. A. Reeves Saturday night. Many beautiful gifts were received. Punch and cake was served to about fifty guests.

Mr. and Mrs. J. W. Harwell, Mr. and Mrs. Austin Reeves, Messrs. Lee and Lonnie Reeves, Ernest Harwell, Tommy Harwell, Lynn Strickle, Misses Mildred Strader, Oleta Adams, Madie and Truth Reeves had a picnic at the Girl Scout camp Sunday.

The Club met at the home of Mrs. Will Culbertson Thursday. A very delicious dinner was served to the following: Mmes. Leslie Bates, Oris Cleve, A. L. Cleve, Bernard Cleve, Earl Paxton, Jack Vickers, Boyd Williams, Austin Reeves, H. J. Powell and Lorne Reeves and Miss Rachel Powell.

Killer Hangs 33 Minutes In Dying

SAN CARLOS, Arizona—Boastful Earl Gardner, three times a killer, hanged from a government gallows for thirty-three minutes Monday at dawn while armed men stood guard as a warning to tribesmen not to interfere.

Gardner, 31 years old, who insisted that the government hang him for killing his wife and infant son, met a horrible death. His body struck the side of the trap as the trigger was sprung and dangled there as the helpless victim groaned and kicked.

Those in charge of the execution talked of dropping him again, but decided against it. Every minute for twenty minutes the physician made an examination and shook his head that Gardner was not dead.

SEEK FUNDS TO REMOVE REEMPLOYMENT OFFICE

In a special meeting at Carlsbad Monday the Eddy county commissioners voted to appropriate money for the removal of the district re-employment office from Roswell to Carlsbad, provided money can be reallocated from the indigent fund and R. A. Wilcox, county clerk, was authorized to contact Fay Guthrie to determine if it will be possible to obtain money from that source.

County Farmers To Pay Cost of Administering New Farm Program

Chevrolet Sales Reach New Peak

In a statement analyzing Chevrolet's success during the first six months of 1936, which saw new records established for four different months, and for the second quarter and the first half of the year, William E. Holler, vice president and general sales manager of the Chevrolet Motor Company recently gave credit to the company's nation-wide organization of 10,000 dealers.

"The dealers share with the product itself and the manufacturing organization that has had to reach new production peaks to supply the demand, in the credit for breaking records that have stood ever since 1928 and 1929, the boom years of the industry," said Mr. Holler. "The end of the first half of the year finds Chevrolet dealers in a position to carry on profitably during the second half of the year. They are in a particularly favorable position with regard to used car stocks which they have reduced by 44,500 units during the last four months, in spite of the great number of cars taken in trade during these peak sales months.

"Until this year, the best first six months' period of any year in the history of Chevrolet company was that of 1928, with a total of 582,964 new car sales. This year, to the end of June, total new car sales were 664,794, a gain of 81,830 over the old record."

LUMBER IMPORTANT INDUSTRY IN STATE

ALBUQUERQUE—Strange as it may seem to the uninitiated, the lumber and wood products industry in New Mexico is the product of one of the greatest of the state's natural resources.

Over ninety-seven million board feet of lumber alone were cut from the forests of New Mexico in 1934, data compiled by the Bureau of Census showed.

Distribution was made to twenty-three states, Canada, and foreign countries. Over forty-three million board feet were used locally by the people of the state. In addition many cords of wood, not classed as lumber, were taken for domestic use, and in addition considerable volume of poles, fence posts, and other products were taken.

New Mexico exported twenty-one thousand board feet of lumber to Canada, and one million and one-half board feet to other foreign countries.

IMPROVES SPEECH

A British speech teacher predicts that the anti-noise drive in New York will improve speech because New Yorkers will not have to shout to make themselves heard.

The local county administrative costs of the 1936 agricultural conservation program incurred by the county agricultural committees, which are the boards of directors in charge of the county associations, will be paid by participating farmers, as was done in the former wheat and corn-hog adjustment programs, says W. A. Wunsch, in charge of the program in New Mexico.

The county setup is composed of a county committee, community committees, compliance supervisor, secretary, and other office help. Additional administrative expense is incurred thru the purchase of supplies. Supplies and equipment used in connection with the program in the counties will be rented or purchased by the county association.

All or part of these expenses will be deducted from agricultural conservation payments to farmers in the county. This action was authorized in senate joint resolution 291 which amended the soil conservation and domestic allotment act.

This method of handling the local costs proved satisfactory under the former adjustment programs, as the fact that local expenses come out of the county payments is an incentive to reduce local administrative costs and enable farmers in the counties where administrative costs are low to benefit by larger payments under the agricultural conservation program.

In determining the rates of payment, this method of handling the county expenses will be taken into consideration.

TINGLEY TO TOUR

SANTA FE—Gov. Clyde Tingley said Monday he expected to resume his tour of New Mexico Roosevelt-Garner clubs soon. He is stressing registration of voters, regardless of their party, he said. Monday night he was in Albuquerque for the railroad week parade.

First Barrel of Oil Is Applied To Street Here On Tuesday

The first surfacing applied to the WPA street project was finished Tuesday, when a barrel of heated oil was applied to the street in front of Dr. Loucks Garage, at the corner of Quay and First. City officials explained that while this was the start of the street surfacing program, the oil applied Tuesday was in the nature of an experiment and would be left standing for some ten days before inaugurating the regular surfacing program.

Substantial progress is being made by the street crew in putting on the second coat of gravel and the work of placing the gravel is expected to be completed shortly. About fifteen day more will be spent in laying curb and gutter before the curb and gutter project is finally completed.

Eddy County Farm News

H. L. Hidewein of State College, assistant state director of extension, visited a number of Eddy county farmers Tuesday in company with Fred Barham, county agent, in the interest of county extension work.

Fred Barham, county agent, has established office quarters in the V. L. Gates building on First street and will be here each Wednesday to assist farmers with extension work and with the new soil conservation program.

Cotton acreage in Eddy county is increased this year 3,000 to 4,000 acres over last year, according to estimates from the county agent's office. Last year the total acreage was approximately 22,000 acres and this year it is estimated the acreage will be 25,000 to 26,000 acres.

Young Democrats—

(Continued from first page)

the Eddy county democratic central committee, was invited to explain the purposes of the young democratic league. Mr. Truett congratulated the young people present on their commendable action in organizing for work and assured the members that their interest in politics was not only according to the American traditions, but was a form of patriotism which proves one's interest in the welfare of his or her community, and it assures the selection of more efficient public officials.

G. T. Watts, Roswell attorney, made a brief address and explained the workings of the league thru-out the nation. Young people are due sixty per cent of the credit for the organized interest in the party. Under the present conditions many young men and women are holding responsible positions formerly held by men and women much older. The speaker urged that efforts be made to secure a 100 per cent registration and commended members of the league on their initiative in organizing.

Following the speaking, refreshments were served to sixty present. Dancing was enjoyed for the remainder of the evening.

Monument Dist.—

(Continued from first page)

The Republic Production Co., is building roads for two tests, one in eastern Eddy county in the Jackson pool, the Russell No. 6, sec. 18-17-31, and one in the Jal district, the Crosby No. 2, sec. 28-25-37. Another location has been made in eastern Eddy county in the Jenkins No. 2-A, sec. 21-17-30, of the D. & B. Oil Co. New wells staked in the Monument field include: Tidewater Oil Co., State 2-H, sec. 32-18-37; Gulf Oil Corp., Martin No. 1, sec. 25-19-36; Gulf, Graham State C-6, sec. 25-19-36; Gulf, Phillips No. 2, sec. 31-19-37; Amerada Oil Co., Weir No. 6, sec. 35-19-36; Amerada, State 2-V, sec. 36-19-36; Repollo Oil Co., Phillips 3-A, sec. 31-19-37; Tidewater Oil Co., Anderson No. 1, sec. 8-21-37; Continental Oil Co., Anderson No. 1, sec. 11-20-36; Humble Oil and Refining Co., State-Aggies No. 3, sec. 31-2-37; Gulf Production Corp., Matthews No. 3, sec. 6-29-37.

In the Eunice district the Gulf Production Corp., has staked its Leonard No. 1, sec. 22-21-36. The Continental Oil Co., its Meyers B-4 No. 13, sec. 4-21-36, and Jim Brown, the Owen No. 1, sec. 8-21-36.

Locals

Houston Felton, father of James Felton of the Cottonwood community, was brought to the city Wednesday ill with typhoid fever. He is being cared for at the home of Mrs. V. E. Briscoe.

Miss Marsha Naoma Hatch, daughter of Senator and Mrs. Carl A. Hatch of Clovis, spent from Saturday until Wednesday as a guest of Miss Elsie Jernigan. Miss Hatch joined her family for a vacation on the Ruidoso upon leaving here.

Mrs. E. V. Briscoe received the announcement recently that her grandson, James Briscoe, son of W. B. Briscoe, former residents of Artesia, now of Oklahoma, won first place in the one mile race in an athletic contest. James attended the local high school at one time.

Mr. and Mrs. Cecil Brownlee and children of Compton, California, visited friends here the latter part of last week. Mrs. Brownlee will be remembered as Miss Margaret Shattuck when she lived here several years ago. They are spending this week with relatives in Cloudford.

Mrs. John Beckett and daughter Miss Geraldine, who are visiting here, drove to Lovington Wednesday with Mrs. Beckett's sister, Mrs. George Williams and family, where they will visit for a few days. They also expect to visit Mrs. Dan Beckett and the Walter Pendleton family at Jal before returning here.

VETERANS ATTENTION!
Cash Austin, department commander, will meet with Veterans of Foreign Wars tonight at 8:00 p. m. at I. O. O. F. hall. 29-1tc

12-Day Heat Wave Takes 3,000 Lives

CHICAGO—Cooling rains edged farther into the drought land from the northwest Tuesday and pushed slowly eastward toward the heat-oppressed regions where Tuesday's loss of more than 1,000 lives placed the twelve-day torrid spell's toll near 3,000.

Floods of cool air and rain struck south-central Minnesota and the twin cities area, tempering an eleven-day heat wave which cost the state 560 lives. The nationwide toll was 2,996.

A terrific wind storm and rain lashed Norwood, Minnesota, damaging property, Minneapolis was drenched. Temperatures at St. Paul fell from 107 to 87 and St. Cloud, Minnesota, from 104 to 78.

The St. Paul airport observer said a twenty-four miles an hour wind was blowing from the northwest, pushing the cooling mass east and south.

Cottonwood Farmers Hold Meet and Discuss Rural Electrification

A mass meeting of the Cottonwood farmers was held at the Cottonwood gin Tuesday evening for the purpose of organizing a community local of the Farmers Protective Association and to take preliminary steps to apply to the rural electrification administration at Washington, D. C., for the extension of that service into the Cottonwood and Artesia areas.

Attending from Artesia were Messrs. S. S. Ward, Leslie Martin, William Dooley, H. A. Denton and F. L. Wilson.

A local Farmers Protective Association, with an enrolled membership of forty-five members, was organized.

The following committee on rural electrification was selected: E. C. Jackson of Lake Arthur and I. S. Reser, R. E. Coleman and Carroll Jackson of the Cottonwood. Additional members from Artesia and Atoka are to be added later.

A mass meeting of local farmers is scheduled to be held at 8:00 p. m., this evening at the Liberty Hall.

TWENTY THOUSAND BASS PLANTED

Twenty thousand fingerling bass were planted last week in the Pecos river, it was announced at Carlsbad. Fifteen thousand were placed in the river in the Loving section and five thousand were planted in the six mile dam near Carlsbad.

The Great Salt Lake, Utah, has a surface area approximately six times that of the Dead Sea in Palestine.

Locals

Mrs. William Dooley and daughter, Miss Helen, of Kansas City, Missouri, arrived the latter part of last week for a few days visit with her husband and daughter, William Dooley and Miss Florence Dooley. They were accompanied by a young gentleman, a friend of the family.

Mr. and Mrs. N. B. Jones of Nevada, Missouri, arrived Sunday and are guests at the Tom Heflin and Vernon Bryan homes. Mrs. Jones is an aunt of Mrs. Bryan. Their daughter, Miss Jennie Beth, who has been visiting in El Paso, joined her parents here the first of the week.

Mr. and Mrs. Frank Seale had as their guests Sunday Mr. and Mrs. E. D. Nichols, their daughter Aberdeen and son Payton, Mrs. Larr of Little Rock, Arkansas, and her daughter Miss Mildred Larr of Columbus, Ohio, accompanied them from their home in El Paso and visited with Mrs. Turner at the Spratt home while in Artesia.

Mr. and Mrs. Harry Manda and two children of Gallup arrived Saturday and are spending this week here with his parents, Mr. and Mrs. F. A. Manda. They were in Clovis for a reunion of Mrs. Manda's family before coming here and accompanied several of the Golden family through the Carlsbad Caverns Wednesday.

Mrs. Walter Douglas left Friday for Phoenix, Arizona, to attend the summer session of the Arizona State Teacher's College. Mrs. Douglas was accompanied by Mrs. Murphy Hayhurst, who will also attend the State Teacher's College and Mrs. Hagan McCaw, who will spend several weeks visiting her mother, Mrs. Fanning, at Flagstaff.

Mr. and Mrs. Keith McCrary and children of Albuquerque, accompanied by Mrs. G. U. McCrary and little Violet Shipp, returned Sunday from a few days visit in Austin and Corpus Christi. Their small daughter, Patsy Jean, who has been in school in Austin, returned with her parents. Violet Shipp remained for a few weeks visit with relatives in Austin.

Cash Austin of Farmington, and a son-in-law of Mr. and Mrs. Jeff Hightower, who has been a patient at the Veterans hospital in Albuquerque for many months, arrived here Saturday for a visit at the Hightower home and the Stanley Blocker home in Carlsbad. Mr. Austin has visited several near-by towns while here in the interest of the VFW organization.

Chaperons were once known in England as "gooseberries."

Lightning Burns Mayhill Youth

Willie Sturman, aged 25, resident of Mayhill, was struck by lightning while working on the highway near Cloudford Saturday morning. He suffered severe burns on the left side of his body, extending from his shoulder downward. Although painfully injured, he never lost consciousness and was rational when brought here for medical attention.

He was rushed here by Carrie Curtis and later carried on to Carlsbad for medical hospitalization. It was said Sturman was assisting in graveling the road about two miles east of Cloudford when the accident occurred.

It was later learned that Mr. Sturman was not working on the highway near Cloudford, but was at the home of Lee Brantley in the Mayhill community at the time of the accident. It was said Sturman was on the back porch cleaning mud from his feet when lightning hit. He was rendered unconscious from the shock and a physician from the Mayhill CCC camp was hurriedly summoned. The physician, it was said, worked over Sturman for some time before he regained complete consciousness.

Scattering Showers Last Week Cool the Summer Weather

Scattering showers, some of them near cloudbursts, brought relief from the heat to residents of eastern New Mexico last week, while the middle west continued to swelter. While Artesia got little more than a sprinkle Friday night and Saturday morning, showers fell over southeastern New Mexico localities on the last three days of the week. Thursday night a cloudburst hit in the eastern portion of the county, near the mine of the United States Potash Company and is said to have washed away part of the equipment. On the same day a heavy rain fell in the Weed vicinity in the Sacramento mountains. Friday afternoon a driving shower fell at the Swift ranch six miles west of Artesia and traveling southward drenched the Seven Rivers community. Motorists traveling north at the time of the rain said the downpour was so hard, windshield wipers failed to clear the moisture and some motorists found it expedient to stop their cars until the rains passed.

Late Rains Bring Smiles To Farmers, Ranchers of Area

Good rains continue to fall over eastern New Mexico and bring smiles to farmers and ranchers. Yesterday afternoon a rain amounting to approximately a quarter of an inch or .21 of an inch, fell here, covering a scope of country several miles wide. The moisture was heavier in the oil field section and made travel slow. Practically every section of the country has been visited by moisture within the past week.

NEW CIVIL SERVICE PROCEDURE STARTED

WASHINGTON—New procedure under which all persons "blanketed" into the civil service first must pass tests, was established by President Roosevelt Monday.

IS there anything more satisfying, more succulent, more truly American than creamed chicken and waffles—

waffles crisp and brown on the outside, soft on the inside—done to a turn! They say Thomas Jefferson ate waffles in Holland, and liked them so well that he had a waffle iron sent to him upon his return home.

Monticello Waffles
2 1/2 cups sifted cake flour; 2 1/2 teaspoons double-acting baking powder; 2 teaspoons sugar; 2 egg yolks, well beaten; 1 1/2 cups milk; 2/3 cup melted butter; 2 egg whites, stiffly beaten.
Sift flour once, measure, add baking powder and sugar, and sift again. Combine egg yolks, milk, and butter; add to flour mixture, beating until smooth. Fold in egg whites. Bake in hot waffle iron. Serve with creamed mushrooms, chicken, or sweetbreads. Makes five or six 4-section waffles.
