

Construction Is Started Trans-Pecos Pipe Line

Line to be Completed in About Seventy Days— Oil to be Loaded at Houston for a New Italian Refinery.

Stockholders of the Trans-Pecos Pipe Line Co., which was formed and organized last month to serve the oil districts of Eddy county and western Lea county, met last week and effected an organization with the election of the following officers and directors: F. A. Hornaday, of San Antonio, Texas, president; Albert T. Woods, of Artesia, vice president; C. A. Barbour, of Houston, Texas, secretary-treasurer; W. S. Elkins, Houston, secretary-treasurer; Mrs. Laura Watson, Artesia, assistant secretary; Terry A. Hornaday, Artesia, resident manager. Directors in addition to the officials named are: Gen. James A. Harley, of San Antonio.

Officers will be maintained here and at San Antonio and Houston, Texas. Terry A. Hornaday, resident manager will make his home here and plans to move his family here at the close of school in June. Equipment for the construction of the line was unloaded here last week and some line supplies have also arrived, preparatory to starting work on the line. F. A. Hornaday, president, who spent several days here last week, attending to details connected with the beginning of the projected state officials hoped to have construction done within seventy days from the time work was actually begun. The main line will be thirty-two and a half miles in length from the Maljamar district to the Lynch station in Lea county. The line will be fed with seven and a half miles of 4 1/2 inch pipe, used as a gathering line.

The oil to be transported through the Texas line from Lea to Houston, Texas will be loaded on a tank car and sold to the Italian government. The oil will be sent direct to a new Italian refinery at Treviso, Italy.

Pipe Line May Cause Drilling Rush Northwest

It was reported Tuesday, but unconfirmed that Mason Oil Company, opener of a new Delaware pool on the Kyle ranch in Loving county, Texas had already started construction of a 4-inch pipe-line leading from the field to the junction of the Paso-Tex pipe-line and the Atchison, Topeka and Santa Fe Railroad. Maps show the junction to be in section 26, block 56, township 2, N. in northern Reeves county, about ten miles southwest of the Mason pool.

Mason will build a station at the junction with facilities both for loading rack on the railroad and a tie-in with the Paso-Tex line. The Paso-Tex 8-inch line, running from the Hendrick field in Winkler county to El Paso, also serves the Wheat pool in southern Loving county, the only other Delaware producer in the West Texas district.

An intensive play for Delaware production extending northward into Eddy county, New Mexico, and south into Pecos county, Texas, was precipitated by the Mason No. 2 Kyle discovery well, drilled in last January and completed this week for 299.5 barrels of high-gravity oil daily flowing through 5 3/16 inch casing, with total depth of 3,910 feet and six inches. Location for west and south offsets to the pool opener have been staked by Mason and Stanolind, respectively, and other wells are expected to be started soon by Argo Royalty.

Stagner Heads Eddy Bar Assn.

Attorney James W. Stagner, of Carlsbad, and a former resident of Artesia, was elected president of the Eddy County Bar association at an organization meeting last week at Carlsbad; G. U. McCrary, of Artesia, was elected vice president, and Barney I. Burns, executive secretary-treasurer.

Before the business meeting was held, the group enjoyed a dinner.

Shearing Spring Mohair Clip Is Stopped by Cold

The start of the spring shearing of the mohair clip in the Pinon section was stopped by snow and inclement weather. Goat raisers were making preparations to start the shearing when the storm hit and two herds had been sheared, it was understood here. Shearing operations will be general over the Pinon and Queen district within the next two weeks, if the weather permits and will be completed by the early part of April. While the quality of the mohair is good, the quantity may be light due to the fact that mohair has lost some of its oil. However, if the moisture brings green vegetation as expected, green grass and weeds will restore some of the oil in the clip.

The present clip has been contracted at a price of fifty-five and sixty-five cents, fifty-five cents per pound for adult hair and sixty-five cents per pound for kid hair. The total clip for both Queen and Pinon is expected to run in the neighborhood of 100,000 pounds.

Threat Made of Special Session

Tingley Threatens Extra Session Unless Legislature Passes Tax.

SANTA FE.—Gov. Clyde Tingley, acting decisively to insure funds for relief of the poor in the state, yesterday morning hung the threat of a special session over the heads of the 13th assembly deadlocked over the severance tax rates on oil and natural gas.

The executive announced at his regular press conference he had started work on a special message to the legislature regarding raising of revenue with the statement, "All indications are that the Senate and House have reached an agreement on revenue raising measures."

Meanwhile the conference committees of the house and senate appointed to try and arbitrate the differences between the two houses apparently had failed to reach any compromise between the two per cent rate demanded by the house on oil and gas and the one per cent decided upon by the upper chamber.

The Governor's announcement in written form, did not sufficiently name the severance tax proposal as the reason for his action.

Asked directly whether he referred to this measure, he said emphatically: "I do."

"With the time for adjournment getting close immediate action must be taken to insure New Mexico's continuance of social security activities, help for the aged, the blind, crippled children, and unemployed relief."

Social Security Cards Should Be Kept, Protected

SAN ANTONIO.—Social Security account number cards, now in the hands of approximately one million workers in Texas, Louisiana and New Mexico, should be protected against damage or loss, Oscar M. Powell, regional director of the Social Security Board, said today.

"These cards, which indicate that the worker has established an old-age benefits account, should not be subjected to frequent handling, and it is not necessary for employees to carry their cards with them at all times," Powell declared in response to inquiries from many workers.

"These cards, which indicate that the worker has established an old-age benefit account, should not be subjected to frequent handling, and it is not necessary for employees to carry their cards with them at all times," Powell declared in response to inquiries from many workers.

"Employees should report their assigned account numbers to their employers as soon as they have received their cards. Immediately thereafter, the card may be put away in a safe place until such time as it is needed."

Miss Margaret Egbert and Miss Mary Egbert, of Alamogordo, sisters of Mrs. Howard Whitson drove to Artesia Saturday evening and spent the night with the Whitsons. They returned to their home on Sunday accompanied by Mrs. Egbert, Miss Jane Egbert and Sonny Egbert who had been with Mrs. Whitson since Friday.

Taps Sounds for Old Civil War Vet Saturday

Wm. Daugherty, Aged 95, Dies Following Short Illness. Funeral Held at Baptist Church on Monday Morning.

Taps sounded Saturday morning at 9:50 o'clock for William Daugherty, aged 95, one of the two surviving Confederate veterans of this section and believed to be the oldest living Anglo of southeastern New Mexico. The death of Mr. Daugherty, due principally to old age was rather sudden. Friday he complained of pains in his chest and shoulder and after a physician administered a hypodermic, he slept for nine hours; rallied and regained consciousness and sank again to die peacefully.

Born in 1841 in Lee county, Virginia, Mr. Daugherty was in many respects a remarkable character and vividly recalled incidents which occurred during the Civil war and the reconstruction days immediately following the war. At the outbreak of hostilities he enlisted in Company A, 64th Virginia Infantry. He served in the Virginia for a year and a half and engaged in some of the hardest fought battles of the early part of the struggle, before being captured and sent to a federal prison in Chicago, Illinois. Here he was quartered for two years and a half and saw the war take its toll. Many of his companions died of contagious disease and of scurvy, but because of his physical condition he survived to be released and sent home at the close of hostilities.

Coming west he lived for a time in Missouri and Nebraska before drifting to Texas where he lived for several years before coming to the Pecos valley in 1908. He first landed at Carlsbad and hearing that Levi Muncy, father of the Muncy brothers and E. S. Bishop, father of B. A. Bishop and also a Confederate soldier and native of Lee county, Virginia, lived here, Mr. Daugherty decided to move here and has resided here practically all of the time since then.

The deceased is survived by two daughters, Mrs. O. S. Matton of Artesia and Mrs. Abbie McKinney of Cora, Nebraska who was here to attend the funeral services. The services were held at the First Baptist church Monday morning at 9:00 o'clock with the Rev. P. G. Woodruff, pastor officiating. Interment was made in the Woodbine cemetery.

SOUTHWESTERN MAKES EXTENSIONS

The Southwestern Public Service company has recently completed extensions to serve fifteen new customers in the rural district southeast of Artesia. The extensions consisting of three new lines, serves residents, principally in the Atoka community. Two new extensions have also been completed to the lines in and near Artesia, which makes a total of five and a half miles of new lines.

BLACKTOPPING STARTS

Streets under the blacktopping project were scarified the first of the week, preparatory to the application of oil. The project will include about seventy blocks and will be completed within about three weeks, if favorable weather prevails. The curb and gutter crew is also rushing to complete the curb and gutter work, which covers the same district.

A painting crew was working here Monday, repainting the Phillips service station, at the corner of Texas and First streets.

Messrs. and Mmes. C. J. Dexter and J. W. Berry plan to leave Saturday for Los Angeles, California to spend a week transacting business matters.

Junior Basketball Tournament To Be At Loving Saturday

The Eddy county junior basketball tournament will be held at the Loving school gym, Saturday, March 13th, it was announced at Carlsbad. Schools participating in the tournament will include Carlsbad junior high school, Hope junior high school, Cottonwood, Maljama, Otis and Lakewood.

Plaques will be awarded the winners and ribbons will be given the runnersup and individual stars.

Miss Mary Evans is ill at her home.

Folkner's Cafe Moved To New Location at Main and Roselawn

Folkner's Cafe was moved Sunday from the location west of the Sanitary Barbers to the old First National Bank building, corner Main and Roselawn. The new quarters have recently been renovated and repainted and a complete set of new fixtures are en route to be installed, probably the latter part of the week.

The new location provides more floor space and is conveniently located. Table and counter service will be given in short orders or regular meals. Folkner's cafe has stocked a select line of liquors and beers, retailed in connection with the cafe service.

See Folkner's announcement in this issue.

S. E. Ferree Rites Are Held Sunday

Rites for S. E. Ferree, pioneer attorney, who died suddenly on the night of March 3rd, were held at the First Methodist church Sunday afternoon at 2:30 o'clock with the Rev. John S. Rice, pastor officiating. Members of the Masonic lodge took charge of the body at the conclusion of the church services and the Masonic ritual was said at the graveside. Visiting Masons were in attendance from Roswell, Carlsbad and Hagerman.

Mr. Ferree, long a member of the Masonic order remained faithful and active in the lodge work until the last. He took a deep interest in the welfare and activity of the local lodge and his place as secretary will be hard to fill.

Friends and old timers will remember Mr. Ferree for his droll humor, for his cheerful outlook on life and for his devoted activity to the political cause in the republic party. There was no hypocrisy in his words and actions. He was a republican of the old school and made no apology for his belief in individual initiative. He was just as positive in his stand on community matters. When arguments grew too warm and there was a chance for conflict growing out of hot words, his sense of humor often turned the tide and the impending conflict turned into good natured merriment.

When tragedy overtook him he bore it silently. Few of his closest friends ever knew of the tragic happenings that came into his life. He took them as a matter of course and kept them to himself. And thus he set a good example for others to follow. Certainly Artesia is a better place for his passing this way.

A brother, Dr. George P. Ferree of Chenoia, Illinois, who arrived for the funeral services will remain here a few days, assisting Mrs. Ferree in straightening her business affairs. Mrs. C. H. Smith of Kalamazoo, Michigan, sister-in-law of Mrs. Ferree, also arrived for the funeral services and will spend a month visiting at the Ferree home.

Out of town friends attending funeral services Sunday included: Judge J. B. McGhee, J. D. Atwood and George Threlkeld of Roswell; T. C. Horne, Joe Wertheim, H. J. Heine, Jim McCall and Mrs. Stanley Blocker of Carlsbad; C. G. Mason of Hagerman; Mr. and Mrs. Jessie Funk and Mr. and Mrs. I. S. Reese of the Cottonwood and Mr. and Mrs. Griggs of Kirksville, Missouri.

SERIES FARM MEETINGS OVER COUNTY PLANNED BY THE COUNTY AGENT

County Agent Fred Barham of Carlsbad Monday notified producers of a series of farm meetings to be held over the county for the purpose of explaining the 1937 agricultural conservation program and the differences between the 1936 and 1937 programs.

On Friday, March 12th, at 2:00 p. m., a meeting will be held in the district court room at Carlsbad for south Eddy county farmers. Saturday, March 13th, at 2:00 p. m. a meeting will be held at the Legion hut for farmers of this district and on Monday, March 15th, at 7:30 p. m. a meeting will be held at the Hope school for the Hope farmers.

Farmers and ranchers are urged to attend the meeting nearest their place of residence.

Eddy-Chaves Oil Wells Interest to Local District

Three Wells Staked The Past Week—Monument Is Still Center of Lea County Activity for Period.

Except for staking new wells in Chaves and Eddy county, nothing particular of interest has developed in the southeastern oil sector except routine drilling activity.

Flint Production Co., has staked a location for Flint 1-B, sec. 20-17-30 (exact location not known as to footage of well) Murchison has also staked an east offset to the original well, the new location is State 1-B, SE sec. 16-17-31. Materials are being moved for a new well in Chaves county, the English and Harmon, Billingslea No. 1 in the SE sec. 9-15-29.

A wildcat well has been added to the production column in Lea county while another is drilling out casing plug preparatory to making a test. Magnolia Petroleum Co., State 1-G, NE sec. 24-17-34, is cleaning out following a shot of 580 quarts of nitro glycerine and is said to be swabbing seventy barrels daily. In eastern Lea county, Brown and Reynolds, Parcel No. 1, sec. 8-21-38, is drilling casing plug at 4200 feet, with the hole bottomed at 4373 feet.

The Monument district continues to lead the area both in new wells completed and new locations staked. Among the larger wells finished in this district was the Byrd No. 4 of the Amerada Petroleum Co., NW sec. 12-20-36, which was drilled to 3885 feet and flowed at the rate of 520 barrels in six hours. Also in the same district, the Continental Oil Co., drilled in its State A-17, No. 3, SW sec. 17-19-37, which flowed at the rate of fifty eight barrels an hour from a depth of 4025 feet. Also the Repollo Oil Co., Byrd No. 3, SW sec. 11-20-30, which made an initial production of 291 barrels in seven hours flowing from 3890 feet.

In the Eunice district, Gulf Petroleum Corp., completed its Houston No. 4, SE sec. 7-21-36 for 285 barrels in eight hours, flowing natural.

In the sand belt, Skelly Oil Co., finished its Sims No. 2 in the SW sec. 3-23-37 for an initial output of 390 barrels in eleven hours.

Maljamar Oil and Gas Corp., recently finished a nice shallow producer in its Balsh No. 8, NW sec. 21-17-32 with a twenty quart shot of nitro at 2353 feet. The (Continued on last page, column 5)

THIRD PETITION

A third petition was circulated among the local tax payers Monday, calling for a bond election to finance the Artesia school district's part of funds for the construction of a consolidated senior-junior high school building to be built as a PWA project. The other two petitions circulated here were declared illegal because they were addressed to the school district rather than the City of Artesia and a third petition was drawn up on the advice of the school board's attorneys.

HEREFORD SALE

Sixty Hereford cattle will be auctioned by the Eastn New Mexico Hereford Breeders association at Roswell Monday, it was announced at Roswell yesterday. Col. Fred Ruppert of Kansas City will serve as auctioneer and a number of Hereford breeders of eastern New Mexico including Austin Reeves of Elk will participate in the show.

Mrs. A. D. Hill Sr., of the Cottonwood vicinity, is able to be about again after an extended illness. She has been able to get about with the use of crutches. She is still taking mineral baths at Hagerman, which have been very helpful.

Allowable Increase of 5,600 bbls. Goes to Eight Lea Pools

The increase of 5,600 barrels of the daily allowable totaling 103,200 barrels for New Mexico for the first half of March went to the eight Lea districts, while the allowable for the local areas of 3,065 barrels daily remains the same, detailed figures received here last week revealed. Also the 500 barrel daily allowable for the Gettysburg pool in Eddy county. Eight pools in Lea county were granted a daily production of 98,590 barrels with a top well allowance of ninety-three barrels per day.

Court Trial To Be Presented Here Friday, March 12

"Charged with Murder" is the title of a thrilling drama to be given at the Central auditorium Friday night, March 12, 7:30 o'clock.

The setting of the play is in a court room. The following people will take part in this play: Judge, E. B. Bullock; prosecuting attorney, R. S. Lowe; defense attorney, Richard Rockwell; sheriff, Hollis Watson; bailiff, Edgar Bishop; star witness, Mrs. Tom Hall, Mrs. J. E. Robertson; clerk of the court, J. B. Elder; fingerprint expert, Thomas Massie; little girl witness, Mary Elizabeth Owens; the defendant, Virgil G. Reyer of the Anti-Saloon League.

The defendant is charged with the murder of his own wife. If you have never attended a murder trial you won't want to miss this for it will be conducted in a realistic manner. There will be no admission charge. The play is sponsored by the Artesia ministers association.

Record Snow and Rainfall in Area

Heavy Snow Blocks Travel in Mountain Area—Over 1.60 Inches Rain Here.

The best spring moisture in years fell here last week, the thirty nine hour storm ended Friday morning bringing over an inch and a half of moisture to this immediate vicinity. Starting the night of March 3rd, a slow rain fell here almost continuously until shortly after 8:00 a. m. Friday morning. Last Thursday morning the rain gauge read .42 of an inch and Friday morning read 1.12 inches. The reading was made at 7:00 a. m. and about .06 of an inch fell after the reading.

One of the heaviest snows in twenty years fell in the Sacramento mountains west of here, blocking highway traffic on highway 83 for several days. The only mail service to run west was from here to Hope, where six inches of snow fell. Several motorists stalled at Charley White draw, five miles west of Hope in an effort to pull the heavy snow. The snow gradually grew heavier toward the higher altitude. Thirty inches was reported at Weed and about thirty two inches at Cloudercroft. Captain reported thirty inches, Ruidoso, twenty four inches, Hondo, fourteen inches.

Rain fell as far south as El Paso, Texas. The thermometer hit the freezing mark Friday night with a low of thirty two degrees. The early fruit crop, however, is not believed to have been seriously damaged. The timely moisture will be of material aid to the ranges. Already weeds and spring grass have started coming through.

Chrysler Motor Co. Turns to Courts In Strike Fight

The Chrysler strike—with 60,000 wage earners idle—turned to the courts yesterday while negotiations continued.

A circuit judge ordered strikers to answer Saturday to the corporation's plea for an injunction to oust the "sit-downers" from nine Detroit plants.

Homer Martin, president of the United Automobile workers, said the company was "making the same mistake that other corporations have made—that of endeavoring to institute law by injunction."

The action was similar to that taken by General Motors at Flint, Mich., where strikers held plants in defiance of injunctions and citations for contempt of court.

Almost at the same time it was announced that final agreement on issues which remained after resumption of work following the General Motors strike was tentatively reached and probably would be formally announced today (Thursday).

WORK STARTS ON THEATER BUILDING

Monday workmen commenced razing the old Folkner cafe building to make room for Artesia's new theater, yet unnamed. The new structure to be one story will occupy an entire twenty five foot lot. Construction on the building will be pushed to completion as rapidly as possible, Ray Bartlett, said here Monday.

District Court Session Opened At Carlsbad

Several Pleas Entered—Criminal Arrangement Lorus Suspect Sentenced to Life Imprisonment on Plea Car Theft.

Judge J. B. McGhee opened a session of the Eddy county district court at Carlsbad Monday. Sentence will be passed on all the defendants, who entered pleas of guilty on criminal arrangement. The following pleas were entered: Demtro Gonzales pleaded not guilty to charges of entering and robbing a house here.

Victor Marcus Acosta, pleaded not guilty to two counts; buying stolen property and aiding and abetting in a theft.

Ben Knight pleaded not guilty to failure to keep records on property bought as junk.

Fidi Leos pleaded guilty to stealing an automobile belonging to E. M. Brickley of Carlsbad.

J. L. Sterling, charged with stealing watches and jewelry from the home of Roy Ingram on the Cottonwood, plead not guilty.

Valentine Wilson plead not guilty to charges of assault with a deadly weapon.

Lorius Suspect Sentenced Wayne Scott, 24 years old, long a suspect in the Lorus case, was sentenced to life imprisonment on an habitual criminal charge when he pleaded guilty to car theft late Monday.

Sheriff Dwight Lee said that Scott's record showed that he had served terms in the Texas state prison for major crimes, and that he had a long criminal record.

Scott was arrested nearly a year ago at Alamogordo on charges of stealing a car owned by Willie Bindel, Carlsbad farmer. The car was found in Alamogordo.

Jack Martin, 19 years old, was sentenced to serve from eighteen to thirty six months in prison late Monday when he pleaded guilty to burglarizing the Carter Tobacco company, of Carlsbad.

City Council to Seek Buildings Restrictions Soon

To further the construction of substantial buildings in both the residential and business districts, the City Council has under consideration tentative restrictions, prescribing the approximate cost and type of building to be erected, it was learned here last week. These restrictions will likely be embodied into an ordinance and will be made in accordance with the enabling act, which permits cities and towns to regulate the type of building to be erected.

It might also be interesting to mention that the need for some sort of restrictions has been agitated here for several months and that it was recently discovered here that a law now exists which will permit cities and towns to regulate and prescribe the type of buildings to be erected in the city limits.

According to the tentative draft of the ordinance the business district of Artesia shall be: First street to city limits, both directions. Second street: Chisum to Quay. Third street: Quay to Texas. Fourth street: Quay to Texas. Fifth street: Quay to Texas. Chisum street: First to Roselawn, Texas street: First to Fourth street. Quay street: First to Fourth street.

The proposed restrictions for the residential district is as follows: District 1: All property front Mosley street and all of the city limits (Continued on last page, col. 3)

Mrs. Louis Angell Escapes Rattler

Mrs. Louis Angell narrowly escaped death Wednesday when she stepped from the north end of a porch at her home, in the Lakewood community, and brushed against a large rattlesnake that had evidently crawled from beneath the front porch to bask in the warm sunshine.

Omer Divers and A. Y. Wailles, of Carlsbad, who had called at the Angell home, made short work of the rattler by shooting him a number of times with a .22 calibre rifle.

THE ARTESIA ADVOCATE

ESTABLISHED AUGUST 29, 1903

THE PECOS VALLEY NEWS and THE ARTESIA AMERICAN

MARTIN & BLOCKER, Publishers
W. C. MARTIN, Editor

PUBLISHED EVERY THURSDAY AT 314 WEST MAIN STREET, ARTESIA, N. M.
Entered as second-class matter at the post office in Artesia, New Mexico, under the act of congress of March 3, 1879.

LOW SALARIES

In listening in on a conversation the other day, the subject drifted around to the salaries of school teachers and it was asserted the salaries paid school teachers in this section were much lower than paid in other parts of the state, particularly in the north and west portion of the state. This charge has been made before and there must be some truth to it.

And we are living in the richest part of the state. And you may be interested to know that from authentic sources comes the information that Eddy and Lea counties now pay \$125,000 of the \$135,000 free text book fund of the state.

Still the politicians from the northern part of the state want to sock our natural resources by soaking the oil and potash companies for a heavy severance tax. We said politicians from the northern part of the state, rather we should say the two chief agitators are from Roosevelt county, a potential oil county. One is a politician and a showman, who has been sucking a political tit every since he has lived at Portales and the other is gunning for the governorship two years, hence so we understand. Anyway these politicians are trying to strike a popular cord with the voters and incidentally get more money for the Portales Junior College.

Our troubles with financing schools, building roads and other expenses incidental to caring for an increasing population does not worry them. And the peculiar part of it is (as this is written) while one branch of the government, is subsidizing one industry, the state government is trying to squeeze every penny possible out of another industry. And the present attitude of most of the state officials isn't conducive to the development of the natural resources of the state.

Neither the potash nor the oil industry know where they are today with reference to the amount of taxes they must pay. Such an assurance would certainly be a stabilizing factor in the development of our natural resources, but such an assurance has not been forthcoming or it it has, it has been regarded as another political promise. Oil men have said they were willing to pay a reasonable tax; at the same time they would like to have the assurance that the tax agreed on would not be hiked.

AMERICAN LEGION FIGHTS FOR SAFETY

The Americanism commission of the American Legion, long active in the cause of traffic safety, has released two talking-slide-films dealing with that vital subject. Entitled "Inertia" and "The Other Fellow," they are an important contribution to promoting wider understanding of the cause and cure of the traffic accident problem.

"Inertia" is an interesting and unusual presentation of why it is necessary to exercise care at the wheel of a motor car. It describes the physical laws of motion and how they affect automobile driving. It emphasizes that we are so accustomed to the power plant we call the automobile that we consistently tend to undervalue the force it harbors.

The second film, "The Other Fellow," is a dramatic treatment of community responsibility for traffic accidents. Not the other fellow, alone, but all of us are responsible for the mounting toll of death and injury because of failure to discharge responsibilities of enforcement, engineering, education, self-discipline. The film describes how a number of American cities are coping effectively with their traffic problems, and shows that any community, with intelligence and determination, can do the same.

The films were made possible by the financial support of trade groups within the automotive industry, and produced with the cooperation of the National Bureau of Casualty and Surety Underwriters. Six hundred copies of the productions are being distributed country-wide through state departments of the American Legion. The Legion is showing the films to its members and will arrange showings for other interested groups in the community.

It is peculiarly fitting that the great organization which grew out of a carnage should now be engaged actively in a war the primary purpose of which is to save lives.

CHANGES TIMES

The passing of two of Artesia's best known citizens the past week brings fourth some interesting reflections. Both have seen the nation pass from the ox cart to the airplane as a mode of transportation with the various other modes of transportation developed in between. We wonder if some of the present generation, who are fortunate enough to live to a ripe old age might have the same said about them, when they pass on, or will it have to be recorded that the present generation will witness the height of progress in our national life and see a decline. This of course is in the future, but the blood of the hardy pioneers coursed through the veins of the two late citizens, S. E. Ferree and William Daugherty. Many of the present day generation have missed the personal inspiration of the lives of great pioneers, who personally experienced the hardest of the hardships. The examples of some of the early day settlers have undoubtedly had a wholesome influence on those who followed and this influence is reflected in one of the most brilliant periods of history.

WHY NOT BE FRIENDLY?

Life is too short to be wasted in saying mean things about other people. Did you ever try to go a whole week without speaking unkindly to anybody? It isn't easy. It's astonishing the number of harsh things we say without actually meaning to make others uncomfortable.

Try to take a generous view of other people's actions; even if you can't bring yourself to think kindly, at least control your tongue. It is nearly all a matter of habit. You get in the way of making spiteful remarks without realizing how much harm it does you. Just try the scheme of refraining from unkind criticism for a week. It can't hurt you, and it may do a world of good.—A. O. M. P. News.

JOB PRINTING AT THE ADVOCATE

Chislings

The young hopeful of the house was playing out in the yard when he had the misfortune to tear his pants. His mother, seeing what had happened, ordered the young man into the house and had him take off his pants while she sewed them, telling the four-year-old to remain in the house while the mending was being done. When the work was completed she couldn't locate the young man. Noticing the cellar door was open, she walked quietly over to the door and asked: "Are you running around down there without any pants on, you young rascal?" "No," came a gruff voice: "I'm from the water department and am here repairing this frozen water meter."

Testimonial—A man entered a barber's shop for a haircut. The barber mentioned that his client's hair was getting thin on top. "Why not try a bottle of my wonderful hair restorer?" he urged. "It's only a quarter."

The customer did. A week later he returned to the shop. "Well," asked the barber, "how did you find the hair restorer?" "I left the bottle on the kitchen table, and my wife, thinking it was a new kind of furniture polish, started to use it," the other replied. "How much do you charge to shave a side-board?"

Customer: "To what do you owe your extraordinary success as a house-to-house salesman?" Salesman: "To the first words I utter when a woman opens the door: 'Miss, is your mother in?'"

A negro minister was preaching on the horrors of hell. "There shall be weeping and wailing and gnashing of teeth," he prophesied. "But ah ain't got no teeth," moaned Mandy. "Teeth will be furnished," the minister assured her.

A fat lady stepped on the scales, not knowing it was out of order, and put in her penny. The needle went up to 75 pounds—and stopped. An inebriated gentleman who was watching intently, staggered. "My God!" he said "She's hollow."

Blow: "There I was, cast away on a desert island with a lovely woman." Glow: "What did you do for food?" Blow: "Darned if I can remember."

The only difference between the difficult and the impossible is that the impossible takes a little more time. When he sneaked in at three With guilt in his eyes, She asked him no questions—She knew all the lies.

Of course you've heard the story of the relief client who was so accustomed after years of unemployment to having everything done for him that he went out and married a widow with three children. Rocking chairs are becoming popular with the sit down strikers. Well, you have heard of folks rocking cars out of mud holes. Now Eph Bullock is hurt at the Advocate and says he feels mighty ignorant after reading in the last issue about being in Artesia twenty six years and only being absent

BRILLIANCE and PROTECTION

WOOD or METAL

For use on

To meet the demand for high quality aluminum paint, The Lowe Brothers Company has developed a line that is unexcelled for use in finishing coats or priming under Aluminum or other paints. They give excellent service on any surface of wood or metal, are heat resisting, may be used for exterior or interior work and cover about 1,000 square feet per gallon, one coat.

TO ORGANIZE SOUTHEASTERN NEW MEXICO LIVESTOCK ASSOCIATION IN COUNTY

A new livestock association has been launched for this area. It is known as the Southeastern New Mexico Livestock Association and has for its object the interests of the live-stock growers in this section. It is recognized that the industry has local problems peculiar to this section which can be best looked after by a local organization.

A meeting will be held at Tatum Monday morning at 10:00 o'clock, March 8 and at Lovington at 2:00 o'clock in the afternoon of the same day for the purpose of explaining the work of the association and securing members. All people in the county interested in the livestock industry are urged to be present at one of these meetings.

The headquarters of the organization are in the Bankhead hotel at Roswell. The executive committee is composed of Fields Walker, J. J. Lane and John Lusk—Lovington Leader.

MUSIC FESTIVAL POSTPONED

The Great Southwestern Music Festival, which was to have been held at Roswell this month, with the final program in the Carlsbad Caverns, has been cancelled because of the influenza epidemic, according to E. L. Harp, school band director, and chairman of the festival. He said the festival would be held next year.

from business one time. Says it looks like he never was out of Artesia. We investigated about this and the truth is Eph has only been out of town twice in the twenty six years. Both times he went to Hope.

And more about these sit down strikers. Dave Runyan has offered to pay \$500 on the cost of the corner lot by the old First National Bank building so the Spit and Whittle club can have a permanent home. Out in California, Chet Dexter's home town, they had a sit down strike in a pie factory and the strikers refused to eat their own product and went hungry instead.

You have heard of the man about town. Curley Williams is it. When my vacuum cleaner went to the bad and electric ice box got to making too much noise, Curley came to see me, took a yard stick from behind the refrigerator and blew a sox out of the cleaner and now everything is ok.

It's farther between filling stations in the Ford "60"

THE 60-horsepower Ford V-8 engine was first developed for Europe, where fuel costs are high. Two years' usage there proved its unusual economy.

When the "60" came to this country this year, the Ford Motor Company made no mileage claims—waited for facts, written on American roads by American drivers.

Now Ford "60" owners are reporting averages of 22 to 27 miles on a gallon of gasoline. That makes it the most economical Ford car ever built!

Best of all, the Ford "60" is just as big and roomy—just as handsome, sturdy and safe—as the famous 85-horsepower Ford V-8. And it sells at the lowest Ford price in years.

If you want a big car for a small budget—a car you can drive with pride and profit—see the thrifty "60" soon!

Forms for Making Returns
Forms for filing returns of income for 1936 have been sent to persons who filed returns last year.

Forms may be obtained upon request, written or personal, from the offices of collectors of internal revenue and deputy collectors.

The return must be filed with the collector of internal revenue for the district in which the taxpayer has his legal residence or principal place of business on or before midnight of March 15, 1937.

COUNTY AGENT AT LARGE NAMED FOR EXTENSION

LAS CRUCES—Richard Buevans of Las Vegas was appointed agent at large Monday for the state extension service.

He will be loaned to the state farm bureau for organization purposes, working with the state committee composed of G. A. Feather, F. J. Rigney and James Poe.

Roswell Basket Champ of Dist.

The Roswell high school cage team are the basketball champions of district 5. They won the right to represent the district in the state tournament at Lordsburg Friday and Saturday, by defeating Lake Arthur 19-17 in the finals at Roswell, Saturday night.

Dexter defeated Artesia 21-20, in a hard fought game for the consolation flight championship game, which saw Rice the high point man for Artesia with twelve points.

Other results: Lake Arthur 18, Hobbs 12. Roswell 22, Hobbs 20. Artesia 25, Hope 21. Dexter 24, Capitan 15.

The Artesia quintet was eliminated by Roswell 30-21, in the first round of the district 5 basketball tournament at Roswell, Friday.

From the start of the tourney, the results provided few upsets and the favorites remained in the fighting. The scores by rounds: First round: Lovington 25, Corona 17.

Second round: Lovington 27, Jal 15. Vaughn 2, Hondo 0 (default). Hobbs 16, Lovington 15.

Final district high school scores in New Mexico: District 1—Des Moines 27, Spring-er 12.

District 2—Santa Fe High 30, Santa Fe Indians 18.

District 3—Socorro 27, Albuquerque 25.

District 4—Lordsburg 43, Hatch 37.

District 5—Roswell 19, Lake Arthur 17.

District 6—Portales 12, Floyd 9.

District 7—Tucumcari 25, Endee 15.

District 8—Gallup 28, Ft. Wingate 26.

APPEARANCE NOT ONLY KEY TO QUALITY IN LIVESTOCK, SAYS BLACK

Breeding and fattening experiments at the United States Range Livestock Experiment Station, Miles City, Montana, indicate the unreliability of present methods of judging breeding beef cattle by physical appearance only and emphasize the value of records of performance, reports W. H. Black, in charge of beef-cattle investigations in the Bureau of Animal Industry.

Two carefully selected Hereford bulls—from the same sire and with dams that were cousins—were used on two groups of Hereford cows, one group scoring considerably below the other.

Although the lower-scoring bull was mated with the poorer cows, calves from both groups averaged about the same in individual excellence. The quality inherent in the lower-scoring bull and cows was even more evident in the feed lot, where calves from this group made 11 percent greater daily gains and 6 percent more efficient gains.

These tests, cooperative between the United States Department of Agriculture and the Montana Agricultural Experiment Station, seek to develop superior strains of Herefords adapted to the northern great plains.

Many similar tests by the bureau of animal industry indicate a big difference in the breeding value of animals that outwardly are very much alike. Pigs from a purebred Chester White boar averaged two more per litter, 11 percent greater daily gains, and ate 36 pounds less feed for each 100 pounds of gain than pigs from another boar of the same breed and similar appearance. These results emphasize the probable genetic differences between the two boars, as well as the sows to which they were mated, since the sows were litter sisters and were essentially equal in individual excellence.

Twenty-nine daughters of a purebred Rambouillet ram weighed more at weaning, still more after shearing as yearlings, and produced an average of 2 pounds more wool than 21 daughters from another purebred Rambouillet very much alike in appearance.

Lumbering is Important Industry of Southeastern New Mexico Now

(U. S. Forest Service) Few persons in southeastern New Mexico other than those directly connected with it, realize the size and importance of the lumber manufacturing industry on the Lincoln National Forest.

Since the lands now a part of the Lincoln National Forest have been under the supervision of the National Forest Service a definite plan has been followed in harvesting the stand of timber produced on these lands.

Lumbering is being carried on, on the Gallinas, Capitan, White Mountain, and Clouderoft and Pecos ranger districts. The last two make up the Sacramento division and the most extensive operations are on this division. Douglas fir, white fir, or balsam, ponderosa pine, Mexican white pine and Englemann spruce are the principal kinds of lumber produced and the estimated stumpage of the above varieties on the Sacramento division is 1,446,010,000 board feet.

It is possible to get an intelligent idea of the value of this great natural resource. There are approximately twenty sawmills cutting forest, state, and private timber on this Forest, with an annual cut of approximately 31,200,000 board feet of lumber per year and it is estimated that the entire lumbering industry on this Forest supports between five and six hundred families.

SCHOOLING COSTS CHEAPER

R. H. Grissom, educational budget auditor, told a conference of county school superintendents at Santa Fe Friday that it is "evident we can keep a boy in school for 12 years for less than we can keep him in the reform school for two years and in the penitentiary for five years."

FORMER ARTESIA PUPILS ON HONOR ROLL

ALPINE, Texas.—Two former pupils of the Artesia schools, Rena D'Arcy and Marinelle Coggin, recently made the honor roll at Sul Rose State Teachers College.

SOCIETY

MONTHLY MEETING OF AMERICAN LEGION AUXILIARY AT HUT

The American Legion Auxiliary met at the Hut on Monday afternoon for the regular monthly meeting with Mrs. Ben Pior in charge of the program, the theme of which was "Community Service". This was carried out in a very interesting manner. Betty Brown and Lloyd Wilkinson gave a very clever and timely dialogue entitled, "Mumps", "Workmen", a reading, was given by Master C. B. Strebeck. In keeping with the approaching St. Patrick's birthday, Mrs. Alex McGonagill gave a dissertation on "St. Patrick", and Mrs. Ben Pior talked on the "Shamrock". The business meeting was then opened and presided over by the president Mrs. John McCann. The Fidac chairman reported that the material and instructions for the Fidac contest had been presented to the schools and the work on these papers had been started. Members voted to buy two dozen chairs to be used in the Hut. Delegates who were sent to the mid-year conference of the executive board, and presidents and secretaries conferences, which was conducted in Albuquerque gave reports. The report on the executive board meetings was given by the fifth district president, Mrs. Ben Pior. Mrs. Julia McGonagill told of the Saturday afternoon meeting of the presidents and secretaries. The report on the banquet and addresses at the El Fidal hotel on Saturday night was presented by Mrs. McCann. Mrs. Irvin Martin gave a resume of the Sunday morning meeting and banquet which ended the conference.

Mrs. McCann told of a visit with Sid Cox, one of the Artesia veterans, who is in the Albuquerque Veterans hospital and is much improved.

A donation of one dollar was allowed for a library ticket to be given to some deserving person. The Auxiliary will entertain the American Legion boys with a party at the Hut on the seventeenth of March, celebrating the eighteenth anniversary of the American Legion. Mrs. N. L. Naylor was appointed custodian by the president. After the transaction of the business the hostesses for the afternoon Mmes. Ruby Pior, Mable Bunting and Mittie Hamill served a delicious St. Patrick's plate and coffee to those who were present.

ROTARY ANN BANQUET

One of the most enjoyable social affairs of the week was the Rotary Ann banquet served in the roof garden of the Artesia hotel Tuesday evening. About fifty five Rotarians, Rotary Anns and guests gathered for the banquet and heard an inspirational address on the "Fourth Dimension of Rotary" or international peace discussed by Jim Moore of El Paso, Texas.

Carl Wilder also of El Paso, Texas led the group singing of several popular songs. Miss E. Webster and R. N. Hardy both of Carlsbad entertained the gathering with a demonstration of tap dancing. Dan White Jr., president of the El Paso Rotary club talked on the coming district conference to be held in El Paso on April 23 and 24 and extended a cordial invitation to members of the Artesia club to attend.

Jim Moore, connected with the ROTC of El Paso, the main speaker gave one of the most helpful addresses ever heard here in the "Fourth Dimension of Rotary" or international peace and international understanding. Mr. Moore one of the best informed men on international affairs as well as military affairs warned his hearers of the disarmament campaign which is being conducted by the radical element in the United States and said the radical element which had grown in influence and in numbers since the World War was the worst menace to the nation and Americanism existing in the nation today. These radicals represent a force that would tear down the government, the American institutions and ideas and would substitute communism instead, he said.

The speaker referred to the means that were being utilized by the Rotary clubs and other civic organizations, which were international friendship and international understanding. One of the chief aims of Rotary should be to guard against radicalism and its spread in the nation.

"Rotary's interest in peace can be reduced to arbitration between the individuals", he said.

Visitors present in addition to those mentioned above were Cooper Malone of Artesia, adopted member of the Rotary club from the Artesia high school, B. A. Bishop, also of Artesia, and Bill White of El Paso, Texas.

EVENING PARTY HONORS TWO

A lovely evening party was given by Miss Cecelia Rehberg and Mrs. Bill Naylor at the home of Mrs. Naylor on Wednesday honoring Mrs. L. F. Naylor and Mrs. Maxine Arnold. Fifteen guests enjoyed the hospitality of Miss Rehberg and the co-hostess, Mrs. Naylor. The evening was spent playing auction. Mrs. Irene Palmer was the winner of the high score and Mrs. French Gray of the low. Mrs. Naylor was presented with a handkerchief shower and Mrs. Arnold a gift prize. Guests who enjoyed the evening with the honorees were Mmes. J. O. Woods, Harvey Yates, Baxter Pollard, Glenn Naylor, Irene Palmer, French Gray, Lawrence Carroll, S. A. Lanning, and Misses Elaine Feemster, Margaret Birnie, Glenn Polk, Alice Geysler. The hostesses served a tasty refreshment course at the close of the evening.

METHODIST LADIES ELECT DELEGATES

Mrs. J. E. Robertson, Mrs. J. S. Rice, were elected delegates and Mrs. Crowell Allen and Mrs. Roger Durant, alternates, to attend the annual conference of the church which will be held in Las Cruces early in April, at the meeting of the Methodist Missionary society last Thursday afternoon. The regular business meeting was conducted at this time. Those present were Mmes. Mahone, McCann, Frisch, Durant, Ragsdale, Reed, Brainard, Robertson, Rice, Herboldt, and Gormley.

Confederate Vet Celebrates 90th Anniversary 2nd

(Delayed)

Seven of the eight children of the Rev. and Mrs. J. D. Terry with a number of grand children, other relatives and friends gathered at the Terry farm home on March 2nd to help the Rev. Terry celebrate his ninetieth birthday. It was a joyous occasion for the honored guest, who is nearing the century mark and who is the last of the surviving Confederate soldiers of this section. Mrs. Beulah Terry Evans of Lafayette, Georgia presented her father with a cake baked by Mrs. Branningan of Lafayette. Mrs. S. O. Higgins, another daughter baked the birthday cake, which was shared with about thirty five friends and relatives.

Among the children present to wish the honored guest many more happy birthdays were: Mr. and Mrs. Witt Terry and family of Rosston, Oklahoma, Mark Terry and son, Tom Witt, also of Rosston; Mrs. Beulah Terry Evans of Lafayette, Georgia, Mrs. N. R. Stroud of Altus, Oklahoma; Mr. and Mrs. S. O. Higgins, Mr. and Mrs. Tom Terry and family, Mr. and Mrs. Paul Terry and family. Other guests included Mrs. J. A. Clayton, a grand daughter and Mr. Clayton and family and the Rev. and Mrs. Bowden of Lake Arthur.

BRIDGE-LUNCHEON AT HOME OF MRS. CHARLIE MARTIN

The beautiful new home of Mrs. Charlie Martin was the scene of a very pretty St. Patrick's party on Tuesday when the members of the Fortnightly bridge club met for luncheon and contract. All appointments were in the spirit of the approaching holiday. Two substitutes were bid to enjoy the afternoon with the club members. These included Mmes. Ben Pior, and Harold Bruton. Members who filled the remaining tables were Mmes. C. R. Baldwin, Ray Blocker, J. B. Atkeson, Lewis Story, Hollis Watson, Albert Richards, Dick Attebery, Leslie Martin and G. W. Booker. Mrs. Booker was the high score winner.

P. E. O. NAMES OFFICERS

The meeting of the local chapter of the P. E. O. was held at the home of Mrs. R. L. Paris on Friday afternoon, the occasion being for the purpose of electing and installing officers for the ensuing year. New officers will include Mrs. W. E. Kerr, president; Mrs. Mark A. Corbin, vice-president; Mrs. Leslie Martin, recording secretary; Mrs. Donald Marshall, corresponding secretary; Mrs. William Linell, treasurer; Mrs. L. C. Reynolds, chaplain; and Mrs. T. H. Flint, guard. After the ceremonial the hostess served refreshments.

EPISCOPAL GUILD HAS STUDY COURSE

"Return to Religion", by Lenke, was the topic for discussion of the fourteen members and guests of the Episcopal Guild at their regular meeting on Thursday afternoon. Mrs. J. K. Wallingford was hostess at her apartment in the Artesia hotel. The review of certain chapters of the book was made by Mrs. N. M. Baird. Devotionals were led by Miss Adelle Coll. Prior to the program a business session was held. Guests of the Guild were Mmes. Johnson, Dexter, Van Welsh Jr., Hardeman and Miss Baade.

ST. PATRICK'S PARTY

Four tables of bridge were assembled at the home of Mrs. John Fullilove on Wednesday afternoon when the hostess gave a very lovely party carrying out the St. Patrick's motif in color scheme and appointments. The winner of the high score prize was Mrs. Herman Dick Jones. Consolation went to Mrs. Howard Stroup. Those guests hidden to the affair were Mmes. Stanley Carper, Leon Clayton, Marshall Rawley, Herman Dick Jones, Arthur Paton, Carl Folkner, J. E. Keith, Crusy Corkran, Paul Russian, J. S. Mauer, Fletcher Collins, Howard Stroup, Reed Dowell, Vernon Bryan, and S. A. Lanning.

Fatigue is Nature's Warning!

Fatigue is nature's warning of depleted energy. It is a command to rest so that the body may rebuild and refresh itself. Pleasant tiredness after exercise or exertion is natural. Continued exhaustion is unnatural, perhaps symptomatic of anemia.

Do not neglect the warning of run-down energy. Consult a physician for scientific methods of restoring abundance of vitality.

PALACE DRUG STORE PHONE NO. 1 ARTESIA, N. M.

YOUNG SOCIALITES MEET SATURDAY EVENING

Miss Jane Shugart had as her guests on last Saturday evening, members of the Young Socialites club and one substitute. The evening was spent playing games. Miss Catherine Louise Williams won a prize for being able to remember the highest number of objects in a memory game. The young ladies who attended the affair were Misses Catherine Louise Williams, Wanda Story, Sybil Pior, Mary Baird, and Peggy Hamill, of Hope, who was the house guest of Wanda Story over the week end. A two course supper was served by the hostess.

GRAND CHAPTER O. E. S. MEETS IN SANTA FE

The Grand Chapter of the Eastern Star will meet in Santa Fe from March 17th-20th with convention headquarters at the La Fonda hotel, and all meetings at the Scottish Rites Temple. This session will be dedicated to New Mexico's first grand matron, Mrs. Elizabeth Warren and the first grand secretary Mrs. Minnie Miller. Those who will represent the Artesia chapter will be Mrs. Etta Douglas, worthy matron, Arba Green, grand patron, and Mrs. Jessie Morgan, grand secretary. Others who will attend are Mrs. Jesse Funk, Mrs. Zama Reed, and Mrs. Ada McCann.

BRIDGE OF THE MONTH HAS LUNCHEON

The Artesia hotel was the meeting place of the Bridge of the Month on Friday afternoon when Mrs. Mary Evans was hostess at a luncheon-bridge. Several guests enjoyed the afternoon with the hostess and the regular club members. Mrs. C. J. Dexter won the high score award, and Mrs. Ted Flint, second. Those who substituted were Mmes. C. J. Dexter, Fay Hardean, J. K. Wallingford, and Ted Flint. Members who were present were Mmes. Kenneth Williams, Herman Terry, D. A. Miller and L. P. Evans.

LITERARY CLUB ENJOYS BOOK REVIEW

Mr. and Mrs. Thomas Massie were hosts to the Literary club last Friday evening at their home. A most interesting program was given by Mrs. Leslie Martin, who reviewed "A Return to Religion" by Henry Lenke. Those who enjoyed the review and the discussion which followed were Messrs. and Mmes. N. M. Baird, W. C. Martin, Leslie Martin, Thomas Massie, and Jack Spratt. At the close of the evening the hostess served delicious refreshments.

VIERNES CLUB WITH MRS. FOSTER

On Friday afternoon Mrs. Joe Foster entertained the members of the Viernes Bridge club at her home. All members were present. Mrs. Boone Barnett won the high score and Mrs. Andy Compary second. Light refreshments were served at the close of the afternoon.

REBECCA LODGE INITIATION

J. William Taylor was the initiate at the meeting of the Rebecca Lodge at the lodge hall on Monday evening. Mr. Taylor is a resident of Maljamar. The work was put on before a record attendance, after which refreshments were served.

FRIDAY EVENING BRIDGE ENTERTAINED BY MRS. LOWELL NAYLOR

Two tables of contract bridge were assembled at the home of Mrs. Lowell Naylor on Friday evening when she was hostess to the members of the Friday Evening Bridge club. The high score honorees went to Miss Cecelia Rehberg and second high to Mrs. Harvey Yates. Mrs. Irene Palmer was the only substitute. Those members of the club who enjoyed the evening were Mmes. J. O. Woods, Lawrence Carroll, Glenn Naylor, Harvey Yates, Steve Lanning Jr., and Misses Cecelia Rehberg, Elaine Feemster and Mrs. Irene Palmer. A refreshment course was served by the hostess.

PRESBYTERIAN MISSIONARY SOCIETY

In lieu of the proposed covered dish luncheon and all day meeting of the Presbyterian Missionary society, the group held an afternoon meeting at the church on Thursday afternoon, at which time chapters from the book, "The Negro in America," were reviewed by Mmes. W. E. Kerr, V. L. Gates and Miss Emma Clark. Scriptural selections were chosen dealing with international relations, and read by Mrs. Kerr.

MRS. ELZA SWIFT GIVES BRIDGE LUNCHEON

A lovely luncheon was served to the members of the Miercoles Bridge club on Friday afternoon at the home of Mrs. Elza Swift. Contract was played after the luncheon by the eight guests who were present including Mmes. Dick Attebery, Hollis Watson, Lloyd Simmons, Lewis Story, C. R. Baldwin, A. P. Mahone, Ray Bartlett and Ben Pior. The high score was won by Mrs. Hollis Watson.

DELTA SIGMA EPSILON MEETS AT LAKE ARTHUR

The Pecos Valley alumnae club of the Delta Sigma Epsilon, met with Mrs. Don Riddell at her Lake Arthur home on Tuesday evening for a business and social session. Mrs. John Lane assisted the hostess in serving a delicious refreshment course. Mrs. John Rowland Miss Maurine Lewis and Miss Jennie Beth Bishop of Artesia were present at the meeting.

MEMBERS OF THURSDAY AFTERNOON BRIDGE MEET WITH MRS. LAPSLEY

The home of Mrs. M. A. Lapsley was the meeting place on Thursday afternoon for members of the Thursday afternoon Bridge club. The hostess used the St. Patrick's idea in tallies and refreshments. Mrs. Lapsley was the holder of the high score, Mrs. Andy Compary, second high and Mrs. W. R. Schoonmaker, low. Those substituting guests who enjoyed the games of contract with the regular club members were Mmes. C. R. Baldwin, Fred Daugherty and Andy Compary.

AFTERNOON OF SEWING AT CHRISTIAN WOMEN'S MEETING THURSDAY

A number of members of the Christian Women's association, and several guests enjoyed an afternoon of sewing when they met at the home of Mrs. W. H. Ballard on Thursday. The report is that a great deal was accomplished at this meeting.

W.M.U. POSTPONES PROGRAM

Due to the inclement weather of Thursday last, the planned program of the W. M. U. was postponed until today. It was to have been the Royal Service program. Those of the ladies who were there conducted a business meeting.

CARD OF THANKS

We appreciate very much the sympathetic interest and the kind ministrations of our friends, in the death of our husband and brother. We shall always cherish your thoughtfulness. We especially appreciate the beautiful flowers.

MRS. S. E. FERREE,
10-1tc. GEORGE P. FERREE.

CARD OF THANKS

We wish to express our sincere thanks for the kindness and sympathy of our friends and neighbors during the illness and death of our father and grand father, Wm. Daugherty. Also for the beautiful floral offerings.

Mr. and Mrs. O. S. MATTESON,
Mr. and Mrs. FRED KNOWLES,
10-1tc.

NOTICE STATE ENGINEER'S OFFICE

Number of application RA-1576. Santa Fe, N. M., March 2, 1937.

Notice is hereby given that on the 26th day of February, 1937, in accordance with Chapter 131 of the Session Laws of 1931, Jesse L. Funk, of Lake Arthur, County of Chaves, State of New Mexico, made application to the State Engineer of New Mexico for a permit to appropriate the shallow ground water of the Roswell Artesian Basin to the extent of 480 acre feet per annum by the drilling of a 12 1/2 inch well approximately 250 feet in depth, located in the NW 1/4 SW 1/4 of Section 18, Township 16 South, Range 25 East, N. M. P. M., for the purpose of irrigating 160 acres of land described as being the S 1/2 NW 1/4 and the N 1/2 SW 1/4 of said Section 18.

Any person, association or corporation deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source may file a complete sworn statement of their objections substantiated by affidavits with the State Engineer and file proof of service of a copy thereof upon the

Cottonwood Items

(Bonnie Rowland, Reporter)

The Cottonwood Boy Scout patrol will meet Thursday night at seven o'clock, at the school house.

Little Buddy Dewayne Parker, small son of Mr. and Mrs. H. V. Parker, was on the sick list last week.

Mr. and Mrs. J. O. Garner from near Artesia spent Sunday with their daughter, Mrs. Paul Zeleny, and family here.

R. P. Bailey, who recently moved from this community to Malaga, was here last Thursday attending to business matters.

Mrs. B. D. Kimbrough and children from Lake Arthur visited last Sunday with her sister, Mrs. Orville Worley and family.

The Cottonwood boys' and girls' basketball teams will enter the Eddy county grade tournament to be held at Loving, New Mexico, March 13.

Robert Payne, who lives on the Diamond A Ranch, spent last week end in the C. W. Nelson home as a guest of Harvey and Harry Nelson.

Dennis Bivens, son of Mr. and Mrs. K. A. Bivens, left Saturday for a visit with friends in Pasadena, California. He plans to be gone ten days.

The Cottonwood Inter-Class Basketball tournament will be held here this week. A team composed of high school girls will also play the grade girls' team.

Gene Cooke, who is spending this school year with his grandparents, Mr. and Mrs. F. E. Tucker, visited during the week end with his mother, Mrs. Ben Thompson, of Artesia.

Mrs. Clovis Taylor, formerly of this community but who recently moved to near Dexter, was brought home last Wednesday from the St. Francis hospital in Carlsbad where she had been seriously ill for several days.

Mr. and Mrs. V. W. Worley visited Sunday in Carlsbad with her parents, Mr. and Mrs. Bryan Whitely, there. The Whitelys have recently returned from California, where they have been located for the past two months.

Cottonwood Woman's Club will meet April 1st at the home of Mrs. G. G. Golden with Mrs. Roy Middleton and Mrs. J. C. Gressett as her co-hostesses. Mrs. Dorothy Hanny, the district home agent, will discuss "Cosmetics and Personal Charm" at this meeting.

Mr. and Mrs. Clarence Pearson, Clarence Melvin Pearson, Alma Lynne Pearson, Mr. and Mrs. C. W. Nelson, Harry and Harvey Nelson, Mrs. O. A. Pearson, Marguerite Nelson, and Betty Colene Shrock were among those who went to Lovington and Tatum last Saturday to see the Lake Arthur high school team play.

Among those from this community who attended the district high school basketball tournament at Roswell last Friday and Saturday were Mr. and Mrs. K. A. Bivens and son Hollis, Miss Marjorie Bell Funk, Douglas O'Bannon, Melvin Bivens, Stewart Box, Mr. and Mrs. Oscar Pearson, Mr. and Mrs. C. W. Nelson, Dennis Bivens, Harvey and Harry Nelson, and Mr. and Mrs. Clarence Pearson.

The Cottonwood Woman's club had its regular meeting March 4, at the new farm home of Mrs. J. T. Terry. Mrs. Dorothy Hanny of Carlsbad was present for this meeting. She had planned to discuss "Cosmetics and Personal Charm", but as many members were unable to come because of the disagreeable weather, she postponed this discussion until the next meeting, which will be April 1, at the home of Mrs. G. G. Golden. Mrs. Hanny announced that a sewing machine clinic would be held at Artesia April 6. The cleaning and adjusting of twelve machines will be demonstrated at this time. She also announced that a one day recreational school would be conducted by Miss Emma Hawk, state club leader, in Carlsbad March 27. The 1937 year books were distributed they are quite cleverly designed and are smaller than usual in size this year. At the business meeting it was decided that club membership would no longer be limited. Miss Bonnie Rowland was elected as club reporter, succeeding Mrs. J. I. Funk. The remainder of the afternoon was spent in filling out a "Program Planning" bulletin for our community. At the refreshment hour, the hostess, Mrs. T. J. Terry, assisted by her daughter, Mrs. Orval Gray, served delicious cake which carried out the St. Patrick motif, and hot coffee to the members and guests.

applicant with the State Engineer on or before the 12th day of April, 1937, the date set for the State Engineer to take this application up for final consideration unless protested.

Lake Arthur Items

Mrs. Clarence Evans, Reporter

Mrs. Ellington and Miss Perce were in Artesia Monday.

Lake Arthur received about two and a half inches of rain last week.

H. R. Frankentine of California was transacting business here the first of the week.

Mrs. Iray Beasley was guest of Mr. and Mrs. Howard Beasley in Roswell over the week end.

The G. R. Pate home is scene of happy family gathering this week, several of the out of town children are here.

Howard Hadlock and Paul Richards of Stanley were visiting their sisters, Mrs. L. E. Dohner and Miss Lucile Richards last week end, and attending the tournament in Roswell.

A large number of people from here took in the tournament and we are proud of Lake Arthur's basketball record. The team and their coach have enjoyed a splendid season.

Mrs. Jess Huff served a birthday dinner Sunday to a large number of guests, celebrating the birthdays of her husband, her daughter, Miss Blondell, and Walter Knowles.

CAMP-O-RAL DATES

Dates for the tenth annual Camp-O-Ral for the eastern New Mexico council of Boy Scouts will be April 28-29-30. P. V. Thorson, Scout executive, announced Monday. The camp will be held at Lake Van, Dexter, as it was last year.

According to Thorson, an attendance of between 600 and 700 from the entire eastern area is expected.

Plans also are underway in this area for the National Jamboree, to be held in Washington, D. C., June 30th to July 9th. It is desired to send a delegation of two troops from this section. It will mean that sixty-six Scouts and six leaders will make the trip.

COUNTY BIRTHS-DEATHS

Forty-five births were recorded in Eddy county during February compared with 28 deaths, a check of county records at Carlsbad revealed.

Carlsbad's report showed a total of 27 births and 15 deaths, and Artesia 16 births and 10 deaths.

Births and deaths in other communities were: Loving, two births, Malaga, two births, Hope, two deaths, and Lakewood, one death.

BILLS KILLED

William Dooley, secretary of the Eddy County Farmer's Protective Association yesterday received a letter from Milton R. Smith, Eddy county representative saying that house bills 141, 142, 143 and 40 and committee substitute for house bill 29 were all killed Monday. The workmen's compensation bill was passed with few changes, Mr. Smith said.

Typewriter Ribbons—The Advocate

ducted by Miss Emma Hawk, state club leader, in Carlsbad March 27. The 1937 year books were distributed they are quite cleverly designed and are smaller than usual in size this year. At the business meeting it was decided that club membership would no longer be limited. Miss Bonnie Rowland was elected as club reporter, succeeding Mrs. J. I. Funk. The remainder of the afternoon was spent in filling out a "Program Planning" bulletin for our community. At the refreshment hour, the hostess, Mrs. T. J. Terry, assisted by her daughter, Mrs. Orval Gray, served delicious cake which carried out the St. Patrick motif, and hot coffee to the members and guests.

LOCALS

A daughter was born to Mr. and Mrs. Sterling Rainwater Tuesday night.

Jack Spratt was the dinner guest of the John Lannings, at their home, on Sunday.

A car of mules was shipped out of Artesia Tuesday to George Bell at Deckherd, Tennessee.

Mr. and Mrs. J. B. Muncy returned Sunday from a week's stay in Hot Springs, this state.

Mr. and Mrs. Leslie Martin left yesterday for a short visit to relatives and friends at Abilene, Tex.

Mr. and Mrs. H. B. Bruton and son Warren Lawell, of Laddonia, Missouri are house guests of the Albert Richards.

Mrs. L. B. Feather is a patient at St. Mary's hospital in Roswell, this week following a minor operation Monday.

Mr. and Mrs. Skelt Williams of Lovington spent the day yesterday visiting with Mrs. Williams' parents, Mr. and Mrs. Tex Polk and old friends.

Miss Katherine Ragsdale, T. H. Caudell and Mr. and Mrs. Lynn Buford motored to Hobbs on Sunday where they were the guests of Mr. and Mrs. Henry Caudell.

M. Stevenson, deputy game warden of Roswell, visited here briefly yesterday en route to Carlsbad to aid J. Stokely Ligon, game specialist in trapping some quail.

Mr. and Mrs. F. A. Miller of Melrose are spending a few days here visiting friends and relatives. Mr. Miller is employed on the F. W. and Y. well, which is being drilled near Melrose.

Mr. and Mrs. C. A. Britt and daughter, Thelma Holden, of Los Angeles, California arrived the first of the week for a visit with Mrs. Britt's brother, R. M. McDonald and Mrs. McDonald.

George Westall of Maljamar, employe of the Maljamar Oil and Gas Corp., was painfully hurt Tuesday, when a truck slipped from the jack as he lay beneath the machine and injured his shoulder. Fortunately he escaped with no serious injuries.

W. F. Culbertson and H. A. Trice of Elk were transacting business here yesterday. Mr. Culbertson, owns and operates the saw mill just this side of Elk. At the present time he says his mill is kept busy in an effort to supply the demand for mountain lumber.

Mrs. J. J. Clarke, who has been a patient at Hotel Dieu hospital in El Paso, Texas for the past ten days is expected home Sunday. Dr. Laurence Clarke of Hobbs drove over for a short visit Friday and with his brother Dr. John Clarke Jr., drove back to Hobbs Saturday evening for his father, Dr. J. J. Clarke Sr., who spent Sunday here.

LOCALS

Mr. and Mrs. C. O. Brown were in Clovis on Monday attending to business affairs.

Mrs. A. L. Neatherlin was in from the ranch south of the oil field shopping and visiting friends Tuesday.

Olen F. Featherstone, El Paso, Texas oil man is spending a short time here transacting business matters.

A belated announcement was received Saturday of the birth of a son to Mr. and Mrs. Edwin McCaw on February 28th. Mrs. McCaw a patient at the Emergency hospital, was able to return home Saturday.

W. E. Simmons, formerly of Big Spring, Texas who has visited here a number of times in recent months is moving his family to his farm, southeast of Artesia and near the parents of Mrs. Simmons, Mr. and Mrs. Sam Hale.

Mr. and Mrs. W. B. McCrory accompanied by Owen Campbell left Saturday for Temple, Texas, where Mr. Campbell and Mrs. McCrory will go through the Scott-White clinic. They expect to return later in the week.

The regular monthly meeting of the Eddy county board of education was held Monday. The principal item of business transacted was the payment of bills. C. J. Dexter of Artesia, board member attended the session.

W. E. McClay of Bonduant, Ia., arrived Sunday evening for a visit with his niece, Mrs. R. M. McDonald and sister-in-law, Mrs. Owen McClay. Mr. McClay will spend several days here visiting and looking after property interests.

Mrs. L. F. Naylor and Mrs. Effie Wingfield will leave on Sunday for Longbeach, California. The plan now is that Mr. and Mrs. Lewis Story will drive them to Los Cruces where they will be met by Frank Naylor who will accompany them on to California.

J. A. Brown, Advocate linotype operator for the past two years left with Mrs. Brown Saturday morning for Clinton, Oklahoma where they will make their new home and where Mr. Brown will be employed on the newspaper operated by his brother-in-law.

Dick Vandagriff, former resident of Artesia is seriously ill at his home near Bartlesville, Oklahoma according to word received here yesterday by his daughter, Mrs. W. F. Lindsey. Mr. and Mrs. Lindsey had just returned from the home of her father, when news reached here of his serious condition.

In Society

GIRLS' AUXILIARY MEETS

The Girls' Auxiliary of the First Baptist church met with Oriena Martin yesterday afternoon. After a short business meeting a program was given and a social hour followed the program. Members present were: Estelle Ashton, Nellie Mae Barnett, Elizabeth Eubank, FoDell Grimlan, Mary Ruth Hearn, Ella Louise Hiatt, Lucia Hnulik, Helen Fae Holley, Lujuanna Mon-schke, Hazel Sanger, Drotha Stuart, Dorothy Mae Wake and the hostess, Oriena Martin.

SEWING CLUB MEETS ON WEDNESDAY AFTERNOON

An afternoon of sewing was enjoyed by seven members of the Nimble Thimble club and three substitutes at the home of Mrs. Paul Bomar Wednesday. Mrs. Charles McCool was made a new club member. The hostess served a salad and sandwich course to Mmes. J. S. Mills, A. H. Whitner, Ray Pate, members and Mmes. Ed Gillespie, Lynn Buford, Charles McCool, substituted.

Interesting Meet for N.M. Cattlemen

ALBUQUERQUE, New Mexico.—A. D. Brownfield, president of the New Mexico Cattle Growers' Association in speaking of their annual convention at Raton, March 26 and 27 says "There is no fellowship equal to that of the range men" and while we expect to make this convention a big "get together" meeting, we are also preparing a very interesting and we trust profitable program.

L. M. Pexton of Denver will talk to the cattlemen relative to the livestock situation as he sees it from his position as vice president and assistant general manager of the Denver Union Stockyards Company.

Frank Worden, state land commissioner, will discuss with the cattlemen their land problems as affected by the rules and regulations of the state land office.

Arthur Jones, chairman of the state Bankers association will discuss agriculture as it applies to livestock interests.

Dr. Ray Fife, president of the State College will talk on the "Agricultural College Program."

Others speakers are Hon. Clyde Tingley, Albert K. Mitchell, president of the American National Live Stock association, H. W. Mathews of Swift and company, and Mr. W. A. Wunsch, executive secretary of the Soil Conservation division of the AAA for New Mexico.

GOVERNOR SIGNS BILL

Saturday Governor Tingley signed the bill authorizing the payment of \$50.00 per month to Miss Elizabeth Garrett, composer of the state song, "Oh Fair New Mexico."

Chaves, State of New Mexico, made application to the State Engineer of New Mexico for a permit to appropriate the shallow ground water of the Roswell Artesian Basin to the extent of 285 acre feet per annum by the drilling of a 12 1/2 inch well approximately 250 feet in depth located in the SW 1/4 SE 1/4 SW 1/4, Section 3, Township 16 South, Range 25 East, N. M. P. M., for the purpose of irrigating 95 acres of land described as being the N 30 acres of the SE 1/4 SW 1/4, 60 acres in the S 1/2 SE 1/4 and 5 acres lying S of Cottonwood Creek in the S 1/2 NW 1/4 SE 1/4, all being in the said Section 3.

Any person, association or corporation deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source may file a complete sworn statement of their objections substantiated by affidavits with the State Engineer and file proof of service of a copy thereof upon the applicant with the State Engineer on or before the 12th day of April, 1937, the date set for the State Engineer to take this application up for final consideration unless protested.

THOMAS M. McCURE, State Engineer.

County Payment Rates Approved

The county average payment rates for general diversion under the 1937 Agricultural Conservation program and the county average soil-building allowance rates for both diversion farms and non-diversion farms were announced this week to the county A. C. P. committee by W. A. Wunsch, executive secretary of the State A. C. P. committee. These rates vary according to the productivity of the land. They are separate from the allowance provisions for commercial orchard and vegetable land and for noncrop pasture land and from the cotton diversion payment rate which is five cents a pound.

The county committee in each county will establish the cropland acres and the general soil depleting and cotton soil depleting bases for all farms in the county. A productivity index will also be established for each farm in the county.

When the crop bases and productivity indices have been established for all farms by the county committee, the county and community committees will be in a position to tell the producer exactly how much money he will be able to earn on his farm or ranch under the 1937 Agricultural Conservation program. The farm rate will be obtained by multiplying the county rate by the productivity index for each farm. The amount which the farmer can earn can then be calculated. The committees will have the information in regard to the soil building practices approved for the county and the rates established for each practice.

This year the producer will know exactly how much money he will receive for each acre he diverts and for every acre on which he performs soil building practices. This will eliminate the condition that existed in the 1936 program in that the farmer did not know how much money he was going to receive for complying with the program until he received his check.

More and more farmers are shifting from old-fashioned farming methods that encouraged soil erosion to conservation farming practices that save the soil, says the Soil Conservation Service. A few years ago, some farmers needed a lot of encouraging to make the shift, but now they are beginning to alter their practices without any urging at all. For example, one farmer cooperating with the service in South Carolina, recently requested a change in his agreement with the service to allow strip cropping of seventy-one acres of his farm not required by the contract. Observations of results on neighboring farms had convinced him of the effectiveness of strip cropping.

ELECTRIC Refrigerators

Again remarkable improvement has been made in Electric Refrigerators. In the 1937 models there are new style, beauty, convenience, speed, dependability and economy.

Each of these basic features has been given careful attention from the viewpoint of the customer, and in spite of increased manufacturing costs, both labor and material, prices have not been increased.

You will enjoy seeing these new Electric Refrigerators at your dealer's store. You will marvel at the ingenuity of the people who worked out the various minute but important details of these new electric refrigerators.

CHRISTIAN SCIENCE SOCIETY
613 West Main St.

"Substance" is the subject of the lesson-sermon which will be read in all churches and societies of Christ, scientist, on Sunday, March 14th.

The golden text is: "If we hope for that we see not, then do we with patience wait for it." Rom. 8:25.

Among the citations which comprise the lesson-sermon is the following from the Bible: "But as it is written, eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him." (I Cor. 2:9.)

The lesson-sermon also includes the following passage from the Christian science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "If divine love is becoming nearer, dearer, and more real to us, matter is then submitting to spirit. The objects we pursue and the spirit we manifest reveal our standpoint, and show what we are winning."

FIRST CHRISTIAN CHURCH

Announcements for the week: Thursday (this week)—6:15 Church night. This is a meeting scheduled and announced for last Thursday night, but which was postponed one week because of bad weather. There will be a fellowship supper beginning at 6:15 followed by a program by the Friendly Fellowship group, in charge of Mrs. Thomas Massie.
Sunday—9:45 Sunday school, C. O. Brown, superintendent.
11:00 a. m. Morning worship, including communion and preaching. Beginning a series of three sermons on the theme: "He hath set eternity in their heart." The subject of the first sermon will be: "Becoming Worthy of Immortality." March 21st, the subject will be: "What Is Death?" And on Easter Sunday: "The Great Transition." Come and let us consider this universal theme together.
6:00 Junior Christian Endeavor, in charge of Chester Lapsley.
7:00 Young people's service. Marjorie Rowland, leader.

Monday—Just after school. Junior choir with Mrs. J. W. Lanning.
Wednesday—7:00 Choir rehearsal at the church.
THOMAS MASSIE, Minister.

CHURCH OF CHRIST
Corner 7th and Grand Ave.

The remodeling of the building at the corner of 7th Street and Grand avenue began the 8th. The work will progress just as fast as possible and should be ready for use in the very near future. During the building program the meetings of the church will be held in the Junior High School gymnasium.

Crop Improvement Ass'n. Grows Fast

During the past year much interest has been shown thruout the state in the formation and organization of locals of the New Mexico Crop Improvement association, according to Tom Reid of the New Mexico State College.
During the year county associations were reorganized in Quay, Harding, Curry, and Roosevelt counties, and the counties of Bernalillo, Torrance, Taos, and Valencia were organized for the first time into active county associations. Just recently the counties of Santa Fe and Socorro have completed organization work and are planning on a very progressive program for the future.

At the present time the New Mexico Crop Improvement association has membership or county associations in twenty three counties of the state. This represents approximately ninety percent of the agricultural area.

The large amount of interest recently shown can be attributed chiefly to the increasing demand for high quality planting seed. Then, too, the people of the state are seeing the importance of making available, within our own boundaries, pure seed of all crops and their varieties that are of importance. Thru this means every farmer within the state has a definite source of pure seed which has proven its adaptability and performance. This will supply their own needs and eliminate, to a very large extent, the necessity of purchasing each year from other states seed which sometimes is adaptable and sometimes is not.

During the past few weeks numerous. We appreciate very much the kindness of the Board of Education and Superintendent Kerr in extending to us the use of the Junior High gymnasium while our building is being remodeled. We also appreciate the kind interest and cooperation of all of our friends in Artesia in making this program possible.

The mid-week meetings will be held from house to house as well as the Ladies Bible class. Announcement will be made at the place of meeting.

Regular Bible school, preaching, and communion services will be held each Sunday at the Junior School gymnasium. We invite you to attend.

ALLEN E. JOHNSON, Minister.

EPWORTH LEAGUE DAY

The Epworth League of the Methodist church will present a program Sunday evening at the church hour, 7:30.

Harold Hannah will preside. Mrs. E. J. Foster, Helen Gates and Joe Hannah will make talks about the young people's work of the Methodist church. Miss Dorothy Gilmore will play a violin solo. Miss Elnora Gage will sing. The adults of the church are urged to attend this service and show a cooperative spirit. The public is invited.

JOHN S. RICE, Pastor.

Hope Items

Miss Frances Johnson, Reporter

Two and one half inches of moisture fell at Hope during the recent snow and rain.

Mrs. Buck Wilburn and daughter, Wilhelmina, were Artesia business visitors Monday.

Paul Otts, of Artesia, conducted services here at the Church of Christ Sunday morning.

Ernest Landreth of Odessa, Texas, was a week end visitor in the home of R. T. Mellard.

Carl Greer moved his family from the Allen residence to the Willie Wood house Monday.

Mrs. Paul Cobble and children of Artesia, are here spending the week visiting her sister, Mrs. Joe Young.

Mrs. John Turner of Artesia was here several days this week the guest of her sister, Mrs. Emmett Potter.

Charlie Hannah returned Sunday from Capitan where he has been several days attending to business.

Joe Puckett is assisting in the work of remodeling the church building of the Church of Christ in Artesia this week.

Joe Plowman returned Monday evening from American Falls, Idaho, where he has been several days attending to business matters.

Mr. and Mrs. J. B. Leck and Miss Adine Shelton visited Mrs. Leck's and Miss Shelton's mother, Mrs. Ida Shelton at her home here Sunday.

Mr. and Mrs. Charley Prude of Ft. Davis, Texas arrived here Monday to visit Mr. Prude's uncle, Judge C. G. Prude and other relatives.

Mr. and Mrs. Lloyd Crockett are the parents of a new son, James Lloyd, eight and one-half pound baby, born at the Bill Glasscock home Monday.

Mr. and Mrs. Ben Miller left for Hollywood, California, Tuesday where they will visit their daughters, Mrs. Gordon Bumgardner and Miss Bly Miller.

Mrs. Guy Crockett, who has been here over two weeks visiting her parents, Mr. and Mrs. George Teel, plans to return to her home in Ajo, Arizona Thursday.

Mrs. J. M. Summers, who has been here from Roswell visiting her daughters, Mrs. Will Scoggin and Mrs. J. C. Bumgardner, returned to her home Monday.

Mr. and Mrs. Dee Swift returned home Saturday from Canoga Park, California, where they visited the past month with their daughter, Mrs. Cal Beckett and family.

Glenn Stevenson of Pinon has

merous requests for planting seed have been received from several states, and the present outlook for high quality planting seed for the crop year 1937 is not very promising. Due to the continued efforts of the Crop Improvement association, several new crops and varieties of crops are being contemplated for certification during the coming year. These are: Wheat-Turkey Red and Komar; Oats-Texas Red and Colorado Thirty seven; Grain sorghum-Manko.

Ranch Fenced Coyote Proof for Antelope

A coyote proof pasture is ordinarily the best place possible to raise antelopes. Such did not prove the case at the Peveler ranch near Tatum. A few sections were enclosed by a coyote proof fence, and there were nineteen antelope fenced in.

The land already seriously affected by drouth was over-grazed by sheep until nothing whatever remained for the antelope to eat and they could not escape from the pasture. Ten antelope died of starvation. The ranch owner caught up two and put them in a pen to try to save them by feeding.

District Deputy M. Stevenson went out, and with the rancher's help, caught up the remaining live animals, nine in all, built a corral for them, and they are now being fed in an effort to save them. Mr. Stevenson writes about this very unusual case as follows: "I picked up nine in all and

recently finished drilling a water well on the W. W. Hardin ranch southwest of Hope and brought in a good supply of water at seven hundred feet.

Mrs. Cliff Longbotham who has been ill here at the home of her parents, Mr. and Mrs. Ben Miller, was removed to her ranch home on the Penasco Monday much improved in health.

Mr. and Mrs. A. J. Santo and Mr. and Mrs. Talbot Santo and family left Tuesday morning for Albuquerque where they will locate on a resettlement project. They have been residents of Hope and vicinity practically since its beginning.

Mr. and Mrs. Buz Tarrant and Mrs. Tarrant's mother, Mrs. Langford were over night visitors here Saturday night on their way home from Brady, Texas where Mrs. Tarrant and Mrs. Langford have visited the past two months. Mr. Tarrant drove to Brady for them early last week.

built a pen at the Peveler ranch and put them in it. It looks like they are going to eat and make it fine. I am going to take them out some more feed tomorrow and will see how they are getting along then. Some of them seemed to be pretty stout and others were pretty weak and poor.

"The ones we have in the pen are all does with the exception of one yearling buck. This is the first time I have ever known of that many antelope being caught and put in pens. Of course, I do not know if they will all live as the weather has been very cold the last few days.

"I never saw a pasture that had been eaten off so closely as there was absolutely nothing left but the rocks."—New Mexico Magazine.

LARGE ATTENDANCE AT BASKETBALL TOURNAY

Among the Artesia young people who were at the basketball tournament in Roswell last Friday and Saturday were Misses Dorothy Berry, Nina Mae McLean, Mamie Bell Terry, Marjorie Funk, Cora Lee Ansley, Elenora Gage, Vivian Haldeman, Mary Evans, Annadelle Williams, Louise Rice, Margaret Company, La Jauna Frazier, Helen Merideth Gates, Lela Bess Mann, Margaret Mahone, Betty Joe Brainard, and Messrs. Lloyd Evans, J. H. Ansley and others.

company and Eppenauer Drilling company.

The Terry county wildcat, W. L. Pickens et al. No. 1 Lewright, at last reports had drilled to 4,888 feet in lime, with no shows reported. Observers reported progress slow due to hard formation, with only about one foot of hole being made each hour. The test, located in section 1, block C-37, public school land, in the southeast part of the county, is on a geophysical high and also on a trend play resulting from the Albaugh discovery well in Dawson county ten miles to the southeast.—Midland Reporter Telegram.

WELCH ON COMMITTEE

The committee on balance of supply with demand of the Independent Petroleum Association will convene at Tulsa, Oklahoma March 12th for a business session and luncheon, it was announced Tuesday. V. S. Welch of Flynn, Welch and Yates is a member of the committee.

FORD ZONE MEETING

Thirty five Ford dealers and representatives from seven localities in eastern New Mexico attended a zone meeting held here Friday and heard M. D. Brown, branch manager of the Denver, Colorado branch discuss the 1937 Ford program. A representative of the McCann Erickson advertising agency of Denver, also discussed the advertising program.

A business meeting followed the luncheon served at noon for all dealers and representatives. C. M. Houk ad J. R. Attebery were among those attending from the Artesia Auto Co.

STAR GROCERY CHANGES OWNERSHIP

J. S. Sharp, who has operated the Star Grocery here for the past twelve or thirteen years announced yesterday that the grocery had passed to his sons, Glen and Merrill Sharp. The new owners will continue the same policy of operations he said.

Mr. Sharp said he had made no future plans, except to spend some time in straightening up his business affairs.

City Council—
(Continued from first page)

north of Mosley street, no restrictions.

District 2, \$1,500: Chisum street from Roselawn avenue west to city limits.

District 3, \$1,500: Texas street from Fourth street west to city limits.

District 4, \$2,500: Main street from Sixth street west to city limits; Quay street from Fourth street west to city limits; Richardson street from First street west to city limits; Missouri avenue from First street west to Ninth street; Dallas street from First street west to Ninth; Washington street from First to Ninth street.

District 5, \$5,000: Corner Washington and Third streets, south on Third and where Third should be to Center street west to Sixth street, thence north to Washington, thence east to Third street.

District 6, \$1,250: Second street from Washington street south to Center street.

District 7, \$1,500: From corner Ninth street and Missouri, south on Ninth to city limits, thence north to Missouri, thence east to Missouri and Ninth streets.

No restrictions are placed on all blocks east of the railroad tracks.

The ordinance would seek to regulate the distance of residences from the sidewalk, also the distance between houses. It would prohibit the moving in of residences or business buildings from out of the city without the approval of the building inspector or council. Would regulate the construction, location on property, etc., of all apartment houses. It would also include section 2 of ordinance No. 1935 of the fire ordinance as follows: "No wall, structure, building or part thereof shall hereafter be built, enlarged or altered, in the City of Artesia, until plan of proposed work, together with a statement of the materials used, shall have been submitted to the building inspector (or other designated official) who shall, if in accordance with the provisions herein contained, issue a permit for the proposed construction, upon payment of proper fee."

Association Holds Annual Meeting

Meeting Here Tuesday Was Well Attended—Dividend is Distributed.

The annual membership meeting of the Artesia Alfalfa Growers association which was held at the company's office here Tuesday was well attended.

I. S. Reser, called the meeting to order and the auditors report was read by Secretary, W. Leslie Martin. After which the manager, W. R. Hornbaker, gave an interesting report of the year's business operations. The Association's annual operations showed a net profit for distribution of \$53,859.25 besides setting aside the usual reserve of \$4,000.00.

The distribution of this profit had previously been voted by the directors and was announced at this time as follows: On cotton ginned, \$4.35; on cotton sold, .65; on hay sold, .20; gasoline, per gallon, .4; distillate sold, .01; kerosene sold, .01; lub oil, per gallon, .04; greases, per pound, .02.

After having made these distributions there still remained margins to pay an additional stock dividend of two percent thus bringing the regular guaranteed dividend of five percent up to seven percent.

The Association ginned during the season, 7,887 bales of cotton, sold 12,142 bales, distributed more than two hundred thousand gallons of gas and many other products. A patronage dividend of five percent was also paid on all merchandise sold at retail during the year.

Two directors were elected, Tom Terry for the Cottonwood district and Chas. Martin for Atoka district each to succeed himself.

Discussions of the report and subject of policy were made by G. R. Brainard, R. M. Middleton, Emil Bach, W. Leslie Martin and Wendell Sterrett.

KNOWING YOUR GADGETS

In the matter of rewinding motors, fixing electrical appliances etc., Dr. Loucks knows his "gadgets". Most any time you go down to Doc's place you may find two or three tables piled high with electric motors and wires and you may wonder if it isn't the job of a magician to put all this stuff together, but after watching Doc work awhile you cease to worry about where he may place all of the wiring and other gadgets, as you may see an old motor being rewired and made ready for service.

Yes, it takes everybody to make a world and Dr. Loucks fills his niche in working over electrical things and in making old motors like new.

WAGES HIKED

"Big steel" announced a wage increase for thousands of its skilled and semi-skilled workmen Saturday while labor disputes tied up production in various other industries in scattered districts.

Carnegie-Illinois Steel Corporation, the biggest subsidiary of the U. S. Steel Corporation, disclosed the new wage hike, a flat ten cents an hour, to be effective March 16. It said it would apply to the higher working classes—hourly, tonnage and piece-work employees—and would benefit about 93 percent of the company's 120,000 employees.

Earlier in the week the company announced a ten cents an hour increase and a forty hour week for common labor.

MRS. HEFLIN'S BROTHER DEAD

Mrs. Tom Heflin received word Tuesday of the death of her brother, Louis Unzueta of Mexico City, Mexico had died in a Temple, Texas hospital after a brief illness. Mr. Unzueta was carried to the hospital a week previous to his death to undergo observation. At the time it was believed his condition was not serious.

His sudden death was a shock to friends and members of the family. The body was taken back to Mexico City for burial.

Mr. and Mrs. J. S. Bauslin, cousins of Miss Ella Bauslin, from Hagerman, spent Sunday afternoon visiting Miss Bauslin.

ENDORSE CROP INSURANCE

WASHINGTON.—Farm leaders from a dozen states endorsed crop insurance in testimony before a Senate committee Monday, although several committee members and witnesses said such legislation might be ruled unconstitutional.

One witness answered this suggestion by pointing to President Roosevelt's court reorganization program as improving the possibility for favorable court decisions on such farm legislation.

Emil Loriks, president of the Farmers Union of South Dakota, expressed the opinion that "liberalizing the court as advocated by President Roosevelt" would help to attain objectives of the farm groups which are seeking better agricultural conditions.

Mrs. J. H. Holomon expects to leave Saturday for Shreveport and Plain Dealing, Louisiana for an extended visit with relatives.

Mmes. Buford Chunn of White Deer, Texas and Perry Johnson of Groom, Texas arrived Monday to spend several days visiting their parents, Mr. and Mrs. George Frisch.

HOSIERY

Glamorous Super-Sheer Spring Shades

79c TO \$1.29

MAPLE CREAM, PEANUT BRITTLE, CRACKER JACK, MARSHMALLOW, NOUGAT.

Sheer flattery, we call it. The amazing things these miracle-working hose will do for your legs. ANNOUNCING....

CHANGE IN OWNERSHIP OF THE

★ STAR GROCERY ★

EFFECTIVE MARCH 10th, the Star Grocery passed to the ownership of my sons, Glen and Merrill Sharp.

I wish to take this opportunity to thank my friends and customers for their patronage and past favors and to ask a continuation of patronage for the new owners.

There will be no changes in the policy of the grocery. The new owners will, I am sure, endeavor to give the best service possible. Again I thank you.

J. S. SHARP
