Arval Talley, 14-year-old youth of east of Artesia, is in the city jail here, awaiting arraignment in uvenile court before Judge J. B. McGhee on a charge of having shot with a 16-gauge shotgun about 4 o'clock Saturday afternoon during a quarrel his foster mother, * Mrs. Eugena Talley, who is recovering in St. Francis Hospital, *

Mrs. Talley, officers said, was shot when a shotgun in the hands of her foster son, which she was attempting to take from him, was * discharged, the load going through the fleshy part of her hand and * entering the inside of her thigh.

She was administered first aid * by Dr. H. A. Stroup after considerable loss of blood, and then * rushed to the hospital, where a blood transfusion was made Saturday night.

Mrs. Talley is said to be out of danger and recovering nicely. The son was arrested by J. C. Floore, constable, and was held for Judge McGhee by Judge W. H. Ballard, justice of the peace.

NOT TILL SUNDAY

Through a misunder-standing with the sponsors of the "Tell Why Contest," which appeared in last week's issue of The Advocate, contestants' letters will be honored bearing postmarks no later than Sunday, Dec. 4, instead of Dec. 2 as published. A CHANCE TO REDEEM ONESELF

We are not particularly philanthropic, chiefly because we cannot afford to be, so perhaps we shouldn't condemn others who do not give freely when a worthwhile cause comes along.

But it seems to us that the Red Cross, that organization which will come to your aid and my aid if and when disaster overtakes us, should have the whole-hearted support of everyone the nation over.

The Red Cross roll call for North Eddy County went over the top, so far as past performance is concerned, but \$656.57 is a puny and third Thursday. amount, especially when compared with the figures given in last week's Advocate that more than 1,000 workers here draw a weekly community. We welcome you to labor has to be hired. This is a payroll of more than \$30,000.

Something is wrong and it is not the roll call committe, which worked hard, made a house-to-house canvass and surpassed any year

When disaster comes, station in life means nothing to the Red Cross. And sometimes disaster permanently wipes out station. Then Sunday morning with classes for erator's own labor over a longer the bit the Red Cross can do seems mighty high and welcome.

That is why everyone who possibly can spare \$1 should join

But this year's drive is over. All there is left to do now is to remember next year and in the meantime buy plenty of Christmas seals sold for another cause which is equally worthy to fight out a disease, which, like other disasters, knows no station in life.

POSTENTRY ON THANKSGIVING

Many editors last week listed reasons they were thankful, among which prominent was the thought that they live in America and not in Europe-especially Germany.

But Doc Kirby of The Portales Tribune inserted a sad note, only to wind up in a more cheerful thanksgiving. Said he:

You know, I wish Ole Lady Luck would smile on me for a while. just for a change and quit kicking me in the seat of the pants. "Under the bludgeonings of chance my head is bloody but unbowed" but the "slings and arrows of outrageous fortune" are beginning to get

A relapse put me back in bed again in each month. and caused much more suffering than the original operation. I still | Church school every Sunday at haven't tried out the new shotgun.

While still sick in bed I lost my excellent stenographer and bookkeeper to the New Deal. She received a civil service appointment and went to work for the Social Security Commission at more money than I could afford to pay her. This wasn't bad and I was glad that she had the opportunity for a better job, but the bad part was that she had to quit with only two days notice, which left the office in a jam. On top of this, my foreman is quitting and is putting in a competitive business here.

So this is Thanksgiving, is it? Well, I'm thankful my wife and baby haven't run off and left me, that neither my home or business has burned, and that the C. I. O. hasn't organized a sit-down strike in my shop . . . But I'd better "knock on wood!"

THE CHANCE FOR ERROR

Even the self-styled "World's Greatest Newspaper" with all its staff has trouble publishing an accurate newspaper. Last week it was saying "Beg Your Pardon" for publishing a picture of the wrong person with an obituary and for crediting a Chicago address as the home of a gangster who had long since moved from the locality. No newspaper deliberately makes mistakes. Expensive checking and

double checking is done in an effort to eliminate all errors. Some day when you are "lost for something to do" sit down and count the number of names which appear in one issue of The Union. You will be astounded at the number of chances there are for error in our modest-sized community weekly. Perhaps you may be a little more charitable towards the editors the next time they occur.

We welcome the criticism of the some 8,000 people who read The Union each week. Unless mistakes were called to our attention they might slip by unnoticed by our staff and we might repeat the same error. We are only too willing to rectify any mistakes. In the meantime, while striving towards an error-free paper, we are glad our readers are each week so interested in reading the news and advertising columns of The Union that our mistakes never pass unnoticed .- Fayette County Union, West Union, Iowa.

Nazi Germany has finally reached her peak. The name of Jehovah, God of Israel, was on Saturday ordered erased from the churches of the nation. Has he merely felt that he has enriched the country for others, or has he dollars? One hopes that the latter is the case . . that the youth has emerged from a CCC camp with a greater sense of social responsibility and of national obligation. If that is true, a CCC enrollee gains far more from his schooling and experience than the youth who seeks an education only to better himself in the world.

FACE to FACE, Your Mileage Merchant can frankly give you these same straight reasons for positive winter starting and big oil savings

with your engine OIL-PLATED...

more than an

oil-change!

TEE how refreshing it is, the way Your Mileage Merchant—here in the paper

and at his Conoco station-backs up his statements about Germ Processed oil. It brings you more than an oil-change, because right after it is pumped up from the crankcase like any oil, it does something any oil cannot do. Energized by the Germ Process — patented — it bonds to every working part and stays up lastingly in the form of OIL-PLATING, Even grindstones can scarcely remove OIL-PLATING, so it

certainly cannot drain down while your

car stands cold - no matter how long.

Therefore the instant you want to start up, every engine part swiftly and safely slides into action on its ready OIL-PLATING—the lubricant that plainly can't be held back by any cold; that can't hold back your battery. The quick starts tell you there's no grinding wear in your OIL-PLATED engine.

It won't get hoggish with your Conoco Germ Processed oil, another good straight reason for you to change to Your Mileage Merchant today.
