Hope Claims Distinction Over Boise City as First Bombed

Eddy County Town Has Experience Four Days Before Panhandle City—No Damage Is Done in Early Morning

Boise, Okla., that it was the first of the United States to be bombed by the Japanese. Residents of Hope insist that their town should have the distinction of being the first in the state to be bombed. On Friday morning, July 12, at approximately 10:30 a. m., a Japanese bomber landed in a vacant lot 100 feet from the telephone office, 110 feet from the printing office and 125 feet from Musgrave's.

The bomb buried itself in the ground to a depth of about three feet. This bomb had hit a store owned by Mrs. B. G. Fuller and damaged property would have resulted in possible loss of life. It is believed that the bomber was a B-25 Superfortress. It was reported that the bomber was flying at an altitude of 10,000 feet. The pilot was seen to be playing a joke on the town. He dropped a bomb which did not explode. The bomber then flew over the town and dropped a bomb which did explode. The bomber then flew over the town and dropped a bomb which did not explode. The bomber then flew over the town and dropped a bomb which did explode.

Ray Cowan, retiring secretary-treasurer, gave a splendid report of the activities of the last year and Jimmie Wallace, new secretary-treasurer, gave a financial report. The committees appointed by Hayes:

Hayes Names Lions Standing Committees

Ralph Hayes, who last week was installed new president of the Artesia Lions Club, announced his standing committees at the weekly luncheon meeting Wednesday noon.

Sees Sergeant Stuart In India as His Plane Takes Off

This wartime world is getting smaller and smaller, but times flies too fast to take advantage of it sometimes, according to a tale told by Sgt. Earl Schneider while here visiting his sister, Mrs. Hester Terpening. Sergeant Schneider related that as his plane was taking off in India recently, he looked out a window and noticed that it was speeding past T/Sgt. D. C. (Doc) Stuart, son of Mr. and Mrs. Austin Stuart of Artesia. He was unable to attract the attention of Sergeant Stuart, however. Sergeant Schneider left here Friday after a ten-day furlough for St. Joseph, Mo., to enter officer training. He returned shortly before his furlough from India and China.

Apply for New "A" Books by Saturday's Mail

Automobile operators of North Eddy County have only until Saturday, July 17, to make application for renewal of their basic "A" gasoline ration books, in order to be assured that they will receive their new books in the mail by the time they go into effect July 22, it was announced by J. S. Ward, local gasoline rationing member of the Eddy County Price and Ration Board.

Operators failing to mail their applications to the local service office of the board so as to reach the office by Saturday will have an indefinite waiting period before they can be served, as extra help assisting in issuing the new books will go off duty the night of July 19.

Must Endorse New Gas Ration Stamps on Face

Motorists who are now receiving their new gasoline ration books must endorse all of the coupons in their books immediately, the state Office of Price Administration said. The endorsement consists of writing their current automobile license numbers on the face of the coupons instead of on back of coupons as previously.

Tax on Cigs and Snipes Goes Into Effect Today

It's too bad, but it will cost two pennies more to replace that half-filled pack of cigarettes today than it would have yesterday, and a refill on that chewed-up snipe will be upped a penny, that is if the smoker is flush enough to spend more than six cents for his El Rops.

Understanding Lack Retards Locker Plant

Great Interest Is Shown, but Rent Checks Lag

Although the sale of advance rentals for the proposed Artesia freezer locker plant is progressing reasonably well, it is not going as fast as Thomas & Coleman had hoped, probably because of lack of understanding of the proposition, Dale Thomas and R. E. Coleman, the partners, said this morning.

Seek to Increase Daily Allowable in Eddy Pools

The New Mexico Oil Conservation Commission gave notice today in three legal publications of an equal number of hearings to be held in Santa Fe, Aug. 3, two of which have to do with increasing the well allowances.

Shares Fate

Chaplain F. B. Howden, Jr. of Roswell and Artesia, chaplain of the 200th Coast Artillery, Anti-Aircraft, and Pvt. Milton M. Northcutt of Artesia, a member of the same regiment, were among the New Mexicans reported during the last week to have died while prisoners of war of the Japanese government.

Private Northcutt is the fourth North Eddy County man reported during the last few weeks to have died in Japanese camps, while Captain Howden is the sixth in the Artesia circle.

Economics Paper By Kerr Gives Enlightenment

A comprehensive discussion on "The Relation of Certain Theories of Economics to Governmental Expenditures With Special Reference to Public Education" was given Tuesday noon by W. E. Kerr, superintendent of schools, at the weekly meeting of the Artesia Rotary Club.

Kids May Swap Pooches for Show Tickets

Through cooperation of Artesia police, boys and girls and Ray Bartlett, manager of the Ocotillo and Valley Theaters, there should be a decrease in the number of stray and untagged dogs in the community within the next week.

Scouts Enjoy Annual Camp in Mountains

Twenty-eight North Eddy County Boy Scouts are among more than 200 enjoying a week of roughing it at Camp We-Hin-Ah-Pay in the Sacramento Mountains this week.

Signal Corps Men Salvage Pre-Glider Telephone Line

A Negro detachment of the Signal Corps from Ysleta, Tex., headquartered in Artesia from Friday to Monday while tearing down the telephone line strung last fall to the pre-glider school location southeast of town.

Funds Drive For Honor Roll To Start Soon

Members of the joint Lions-Rotary committee for the erection of an honor roll adjacent to the city hall have deferred a drive to collect funds until they have completed plans and specifications for the board and have determined about how much it will cost, which will be the amount they will attempt to raise.

Coins Will Buy Cigarettes for Men Overseas

Bottles are being placed in various places of business in Artesia this week in the American Legion post's collection of funds to send cigarettes to men in foreign service, which will cost only a nickel a package.

Good Sized Crowd Hears Dr. Dyer at Meet Here Sunday

More than 100 visitors from out of town and local citizens heard Dr. Gus W. Dyer here Sunday afternoon at a state meeting of the Club for Constitutional Government of New Mexico. He delivered an interesting and instructive address on "American Constitutional Democracy or Labor Dictatorship."

Three Prisoners of Japs Are Moved To Asia Mainland

Sgt. Claberon Buckner of Hope, Pfc. Roy C. Castleberry of Artesia and Cpl. Penix Fletcher of Hagerman, formerly of Artesia, prisoners of the Japanese, have been moved from the Philippine Islands to Hosen Camp, Mukden, Manchukuo, on the mainland of Asia, in that part of the Japanese-held territory formerly known as Manchuria, according to messages from the War Department to relatives the last few days.

Church Struck, City Darkened By Lightning

Lightning running in on a wire to the transformers of the plant of the Southwestern Public Service Company threw the city into darkness at 10:20 o'clock Friday evening, while another bolt struck and somewhat damaged the frieze of the helix cupola of the First Baptist Church.

Capt. Howden, Pvt. Northcutt Die in Japanese Prison Camps

Names of Episcopal Rector Here and at Roswell and Artesia Volunteer Are Added to Growing Casualty List

Capt. Frederick B. Howden, Jr. of Roswell and Artesia, chaplain of the 200th Coast Artillery, Anti-Aircraft, and Pvt. Milton M. Northcutt of Artesia, a member of the same regiment, were among the New Mexicans reported during the last week to have died while prisoners of war of the Japanese government.

Private Northcutt is the fourth North Eddy County man reported during the last few weeks to have died in Japanese camps, while Captain Howden is the sixth in the Artesia circle.

Captain Howden was rector of St. Andrew's Episcopal Church in Roswell and St. Paul's Episcopal Mission in Artesia and was on leave of absence to serve as an Army chaplain.

He was granted leave about a year prior to hostilities to serve with the 200th and he went to the Philippine Islands with the regiment in September, 1941.

Shares Fate

Mrs. Howden, who lives in Roswell with their three children, Teddy, Alfred and John, was notified last Feb. 20 that her husband was a prisoner of war. It was just a year since she had heard from him. The message from the War Department notifying Mrs. Howden of his death came Sunday.

Ted Howden, as he was known to his many friends in the Pecos Valley, came to Roswell eleven years ago to take his first charge, although he had been assistant rector in El Paso prior to that. Besides the churches at Roswell and Artesia, he was rector of the Episcopal Mission at Glencoe. He was the son of the late the Right Reverend F. B. Howden, Episcopal bishop of New Mexico.

Among the friends of Captain Howden were many young people outside of his church circles, for he took a great interest in them. An accomplished swimmer and a qualified Red Cross swimming instructor and life saver, he taught many young men and women of the Pecos Valley to swim.

Private Northcutt was a son of Mrs. Fannie Jane Pennington of Artesia. He was born in Texas, Oct. 27, 1918, and came to Artesia in 1933.

He was farming when he volunteered for a year of training early in 1941. After training at El Paso, he was shipped to the Philippines in September of that year and he was with the New Mexico regiment when the islands fell. His mother was notified last April that he was a prisoner of war. The message of his death came Saturday afternoon.

Surviving him are his mother; his step-father, W. J. Pennington of Artesia; two sisters, Mrs. Nanie White and Mrs. Irene White of Carlsbad; three half-brothers, W. J. Pennington, Jr., and L. V. and John Doyle Pennington of Artesia, and a step-brother, Raymond Pennington of Lakewood. A half-sister preceded him in death.

Artesians Are Named to State Oil Committees

A number of Artesia men were appointed on committees of the New Mexico Petroleum Industries Association by the executive committee at a meeting in Albuquerque Monday, it was announced by F. E. Chapman, chairman.

Japs Are Moved To Asia Mainland

The local appointments: Federal taxation committee, Joe W. Lackey; post-war planning for the New Mexico petroleum industry, R. O. Anderson, Johney Cockburn and Jim Ferguson; production, Johney Cockburn and M. E. Baish.

Refining, Walter P. Luck and Nolan Horton; liquefiable petroleum products, R. A. Shugart, Fred Brainard and N. N. Muncy; marketing, E. W. Allen; transportation, Jim Ferguson and Brown Coffman.

It's Time to Plan for Christmas Packages to Prisoners of War

A number of Boy Scouts from Texas and New Mexico Sunday in Artesia, and went to Camp We-Hin-Ah-Pay in the Sacramento Mountains, to be gone a week. Mrs. Douglas O'Bannon has as her guest her sister, Mrs. Edger-ton of Dallas, Tex., who is on her way to Los Angeles, Calif., where she will join her husband. He is in the Army Air Forces.

Mrs. L. C. Privetts of Hagerman and Mrs. Leonard Privetts of San Diego, Calif., visited their daughter and sister, Mrs. Melvin Mayberry and Mr. Mayberry last week.

The Cottonwood Community Ex-tension Club will hold its regular meeting next Tuesday at the home of Mrs. Fred Chambers, with Mrs. Melvin Mayberry hostess. The new county demonstration agent, Miss Elsie Kunkel, will be present.

Mr. and Mrs. James Thigpen of this community accompanied some friends from Artesia to Clouderoft Sunday.

Cpl. Billy Felton of Salt Lake City, Utah, and Gene Felton, seaman second class, of San Diego, Calif., were called here last week because of the serious illness of their sister, Peggy Felton. They will leave the last of this week for their post of duty.

Another inch of rain fell on Cottonwood Friday night, which totals up to about nine inches in the last month. The grass and weeds on the ranches are growing well and the crops are all good, but labor is still scarce.

Mrs. Pete Prentice and sister, Mrs. Earnest Mahan, and her chil-dren returned home Sunday from Portales, where they visited friends several days.

The meeting of the Ladies Aid Society has been postponed from July 15 to July 22. The date was changed because Red Cross sewing was late, but it will be ready next week. Every member of the society is urged to be present at this all-day meeting, which will be held at the church. Come and bring your lunch.

The mid-summer season is not too early for Eddy Countians to think of the Christmas of American prisoners of war.

As it takes from four to six months for a food package made up at Red Cross food packing center to reach a prisoner of war in a European camp, preparations are now under way for making up a special Christmas package for American prisoners of war and civilian internees, according to the Prisoners of War Bulletin that has come to the North Eddy County Red Cross chapter. These bulletins are being distributed to next of kin of prisoners of war.

Contents of the Christmas packages will be such as to remind prisoners of former Christmas seasons spent under happier circumstances and of the fact that even if they cannot be with their relatives and friends this year, their relatives and friends are with them in spirit.

Latest Japanese regulations, the bulletin says, permit each civilian internee in Japan proper to dis-patch one letter a month of not more than 100 words in English. Efforts are being made to obtain an increase in the number of let-ters which may be sent.

The number of cards or letters that can be mailed by prisoners of war in Japan and Japanese-oc-cupied territory is determined by the authorities in each camp.

The lack of writing paper in Germany and Italy is said to be so great that many prisoners of war, eager to continue their stud-ies, have been obliged to use the wrapping of cigar packages for making notes. The Swedish Red Cross was appealed to and sent 40,000 notebooks for prisoners of war in Germany and Italy and an additional 100,000 notebooks and 200,000 sheets of writing paper were promised for early shipment to the International Red Cross committee for similar distribution.

Writing paper and notebooks cannot be included in next-of-kin parcels from the United States, according to the American Red Cross. Special paper for prisoners of war letters is provided by the German and Italian authorities.

News Briefs of the "Sunshine State" Gleaned From Many Sources

Lt. James Stevenson of Alamo-gordo made it safely back to Brit-ain from a recent heavy bomber pounding of St. Nazaire, but he gave the boys some anxious mo-ments meanwhile. His plane was one of two which landed at other fields from the formation of bomb-ers which delivered the Flying Fortresses' ninth attack on the Nazi U-boat base. Lieutenant Ste-venson's ship went down in the channel during an earlier raid on France.

New Mexico's property valua-tion for 1943 climbed to \$351,678,-189—highest in twenty-two years—Chief State Tax Commissioner Harold B. Sellers reported to Gov-ernor Dempsey. The commission's valuations for the year compared with \$338,480,688 in 1942, an in-crease of \$12,197,501. Railroads provided the only category in which a drop in valuations was noted this year. Because of the aban-donment of ninety-three miles of railroad in the state, the valuation on the carriers dropped from \$75,-814,922 in 1942 to \$74,364,426 this year. The report said that prop-erty valuation in the counties, made by county assessors, came to \$186,830,953. This was an in-crease of \$3,533,669. The years valuations recorded the greatest increases in producing mines, with

oil and gas well production regis-tering the second largest gain. No figures were released immediately on the valuations of individual corporations. Valuations by vari-ous categories, with their increas-es over last year, included: Tele-phone and telegraph \$6,648,597 and \$414,671; public utilities, \$12,167,-213 and \$591,578; pipelines \$11,-836,654 and \$811,634; producing mines \$34,143,693 and \$5,932,573; non-producing mines \$790,624 and \$56,058; oil and gas well equip-ment \$5,782,209 and \$79,909; oil and gas well production \$16,267,-954 and \$2,124,926; banks \$2,846,-866 and \$102,974.

El Vado Lake in recent days has been "as good as it has ever been" for fishing, State Game Warden Elliott Barker reported. He said persons fishing from the bank with minnows got their lim-it in many instances. The river below the lake, however, was not so good, he said.

Deputy State Game Warden Ho-mer Pickens said the Game De-partment is receiving almost daily complaints about damages wrought by beaver in Rio Arriba, Taos and Mora Counties. As a result, Pick-ens said, Deputy Game Warden Tommy Holder at Raton has been instructed to do some live trap-ping this summer with the aim of transplanting the too-numerous beaver in northern streams to other habitats. Last winter a record trapping netted 1,000 beaver and Pickens said, "We thought we had

the situation well in hand." At the rate of increase indicated, Pick-ens expressed belief the beavers some day might become one of the department's chief sources of income. One pelt sale, he said, brought in nearly \$10,000.

Suit for \$7,500 damages was filed in Federal District Court in Santa Fe last week against the Hill Lines, Inc., by George W. Smith of Ohio as the result of the traffic death of Smith's son, Sgt. Thurston L. Smith, at Clovis last Jan. 15. The action related that young Smith, stationed at Clovis with the Quartermaster Corps, was in an Army vehicle, which was in collision with a Hill Lines truck. The driver of the truck was charged with criminal negligence in failing to stop his machine. Sergeant Smith was thrown from the Army vehicle and died between 30 and 60 hours af-terward, the suit stated.

Warm weather thirst quenchers

When that old, red mercury starts climbing toward the top of the ther-mometer, be ready with thirst quenchers that will buoy up your spirits! Simple to plan, simpler to make. Casual coolers . . . special occasion beverages . . . nourishing milk drinks that serve as part of a meal—any one of them will prove to be a welcome pickup when energy seems to be at low ebb. Don't let Mr. Mercury catch you unprepared!

SUGAR SYRUPS

One of the first requisites of cool beverages is the sweetening that can be added in-stantly. It stretches the sugar supply, too, because it blends with the drink completely. Have some on hand. Combine 1 cup sugar with 2 cups water, stir until dissolved, then boil rapidly for 10 minutes. Cool and store covered in the refrigerator until needed.

FRUIT ADES—Oranges, lemons and grapefruit are tops among thirst quenchers ingredients. But don't forget other fresh fruit, too. Press the juice from ripe plums, peaches, apricots, nectarines or berries by forcing the fruits through a food press or coarse sieve. Mix the juice with water . . . or for that added sparkle, mix it with plain carbonated water. Add sugar syrup to taste, and serve frosty cold.

MILK SHAKES—HOME STYLE

When a light snack is in order, serve it in the form of a nourishing milk drink. Mix chilled milk with sugar syrup and flavoring, or with molasses, honey or corn syrup. A dash of plain carbonated water will give it that "ice cream soda fizz," and a bit of nutmeg dashed on top will add just enough spice.

FOR MORE ABOUT COOL DRINKS be sure to get your copy of Family Circle Magazine at your Safeway this week, and read Julia Lee Wright's article entitled "Cool Drinks for Warm Days." You'll find hot weather ideas galore.

GOOD NEIGHBOR POLICY

"In the field of world policy I would dedicate this nation to the policy of the good neighbor."

Although enunciated for the first time in 1933, the seeds of the "Good Neighbor Policy" were actually planted during the preceding administration.

First and foremost among the changes effected was an abandonment of the policy of intervention, under which the United States, under the guise of upholding the Monroe Doctrine...

A thrill-packed, heart-rending behind-the-scenes story of Russia's stalwart guerrilla warriors...

"The Boy from Stalingrad" opens in a small wheat field four youngsters, three boys and a girl, are forced to burn their crop to prevent the onrushing German hoarders from making use of it.

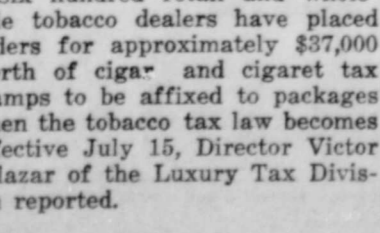

Harassing the Germans at every turn, the heroic kids sabotage the Nazi tanks, hurl grenades whenever they can steal them, mutilate the enemy rifles and, in general, create the impression that a vast force of Russian partisans is still holding the village.

New Mexico had 3,156 Negroes in 1940, as compared with the same 1942 period, Gov. John J. Dempsey said. The governor, who was busy studying agencies, budgets prior to a meeting of the state finance board, released these comparisons for the first half year as against the same period a year ago: Liquor Division receipts, 1943, totaled \$453,713 against \$315,610, gasoline tax collections, 1943, \$1,936,150 against \$2,488,939 a year ago; expenses, 1943, \$52,464 against \$86,540; drivers' license sales, less refunds, 1943, \$160,480 against \$181,951; expenses 1943, \$21,285 against \$38,137 in the first six months of 1942.

Col. E. L. Lusk, chairman of the Chaves County Rationing Board, had a very red face. He sent in his application for his new "A" book for gasoline, but the form was not filled out correctly. Workers at the board office promptly sent the application back with the request that he try again.

The Soil Conservation Service is aiding bean growers of Bernalillo, Santa Fe and Torrance Counties battle a Mexican beetle infestation with equipment and trained help. Cecil Pragnell, county agent, reported. Tom Horton, Santa Fe County, heads the campaign.

Livestock owners expressed an opinion today that steps to control rabies should be taken at the next session of the New Mexico Legislature. A communication pointing out the prevalence of rabies and other state's legislation will be forwarded to Dr. James R. Scott, health director, they added.

Operating expenses of the State Liquor Division, Gasoline Tax Division, and Drivers' License Division have shown considerable decrease.

The Army, sons of Mr. and Mrs. Huston Felton, were called home because of the serious illness of their sister, Mrs. Peggie Felton, who underwent an appendix operation. She is reported to be somewhat improved. Also here is her sister, Mrs. Frank Cogdell, and daughter, Barbara, of California, who arrived two weeks ago.

Richard E. Hedges, pharmacist's mate second class, who is stationed at San Diego, Calif., in the Navy, attached to the Marine Corps, was at home on a fifteen-day furlough visiting his parents, Mr. and Mrs. Ned Hedges, and family and other relatives and friends. He left Monday for San Diego and was accompanied by his mother and sister and a brother, who will visit several days there. A picnic at Clark's Lake was given Sunday in his honor, when relatives met in a party. They enjoyed a spread lunch at noon and enjoyed swimming and playing in the lake in the afternoon. Completing the picnic, they all enjoyed homemade ice cream. Guests were Mr. and Mrs. Will Walden and daughters, Misses Wilma and Betty, of Lake Arthur, Russell Marsheck of Roswell, Mr. and Mrs. M. D. ARTESIA CITY COUNCIL

Does The Artesia Community Want FREEZER LOCKER STORAGE?

We realize everybody is very busy and short-handed and the many promises that have been made regarding signing up for lockers show a semblance of interest, but such waiting is certainly hampering the actual starting operation to serve the patrons.

Before a priority permit can even be granted, 80 per cent of the users must be signed and paid in advance—even before the Priority Board will consider the application. So therefore, if we want the Freezer Locker Storage at any time in the near future, more interest will have to be taken immediately.

Locker rentals subscribed to date are in the First National Bank in escrow, pending the completion and readiness to start operations before the rental subscriptions will be cashed. Otherwise your original check will be returned to you.

Regarding the possibility of reducing the locker yearly rental, as soon as we start operations and can determine the operating cost, if we are justified, we will immediately reduce the rental cost and return the difference, and in no wise wait until the two-year period expires. We will start back with the first month.

IF YOU WANT IT, ACT NOW!

Advantages to You

Although freezer locker plants were in operation before the war, they have a more important part to play today.

They are definitely tied in with the war effort, in that they provide an economical way in which to preserve and use more of the vegetables raised in "Victory Gardens" just when you want them, to kill chickens and other poultry at the most economical time and save them for use when desired, and to freeze and save meats and other edibles.

From a dollars and cents standpoint, Artesia's freezer locker plant will be a saving. From a convenience standpoint its value will be inestimable.

The pleasure of having vegetables out of season and of being able to have just what you want when you want it will be great. The use of a freezer locker plant is not hoarding; it is patriotic.

Enjoy Garden-Fresh Vegetables . . . All Winter!

Have fresh vegetables throughout the winter by storing the fruits of your Victory garden in a food locker. A scientifically controlled temperature is maintained. Access at all times.

What Will the Rent Be?

Frankly, we do not know as yet! But we do know that it will not be more than \$37.50 for two years—possibly less.

The proposition is simple: You hand us your check for \$37.50—the cost of a \$50 maturity value War Savings Bond—and we place the check, uncashed, in escrow at the First National Bank.

When the plant is assured for the community, the amount will be invested in a War Saving Bond, made out to you as the first name, and Dale Thomas or R. E. Coleman as the second.

These bonds will be retired only as needed to pay for the plant or its operation.

SIMPLE, ISN'T IT?

THOMAS & COLEMAN
