

North Eddy Boys, Girls Take Share At Show

North Eddy County boys took the share of honors with their heavy class at the third annual county fair and Future Farmers Club "Achievement Day" on the courthouse grounds at Carlsbad Saturday, while the girls' share was won by the members of the county from both parts of the county in the clothing and foods division.

A new record was hung up by the grand champion calf of the heavy class, which was sold under the hammer at 70 cents a pound to the Eddy County Company. The 970-pound calf brought \$697.

Ray Savoie of Artesia, who was the grand champion last year, brought in his best calf in this year's show, weighing 1096 pounds and took the heavy class. His calf was sold to the Otis Gin & Warehouse at 27 cents a pound. His record when it sold for \$29,496.

George Roberson of Carlsbad, who entered livestock, brought in a 65-cent pound before he was bought by the Elks Club of Carlsbad last year.

Norman Prude of Artesia displayed the third-place calf in the heavy class at 1038 pounds. It brought 27 cents and was bought by Foundation Investment Company.

Fifth place in the light-calf class went to Roy Savoie of Artesia, Henry's brother, and brought 24 cents from Grand Cafe. It weighed 912 pounds.

The light calf entered by Richard Howell of Lakewood took sixth and sold to Union Cafe at 29 cents. The calf weighed 833 pounds.

Eighth places in both the heavy and light classes went to North Eddy County boys. Fred Savoie, brother of Henry and Roy, received 26 cents a pound for his heavy calf of 970 pounds from Purdue Mercantile of Loving, while Tommy Price of Lakewood was paid 27 cents a pound for his 902-pound calf by the American Bank of Carlsbad.

Bill Johnson and James Garner of Artesia had the ninth-place calves and both brought 25 cents a pound. Johnson's 1077-pound animal sold to the Corner Grocery of Carlsbad. The Artesia Alfalfa Growers Association purchased the 902-pound calf entered by Garner.

Tenth place for heavy animals went to Alfred Porter of Artesia, who sold his 970-pound heavy calf to D. F. Porter. The lightweight calf winner, entered by Penny Zumwalt of Carlsbad, weighed 825 pounds and was bought by the First National Bank of Artesia.

The Artesia Chamber of Commerce, Cottonwood Gin Company, and Artesia Farmers Gin Company all purchased calves entered by South Eddy County boys, which did not place.

In the dairy cattle division, Bobby Barley of Hope was the only boy to enter the show. He took first and second places in both Holstein and Jersey divisions.

Wade Green and Jeff Floyd of Artesia won first places respectively in White Leghorn pens and singles.

Tommy Price of Lakewood carried off top honors for the ewe division and Ira Garner, Jr., of Artesia took second.

Awards in the girls' exhibits by North Eddy County girls: Clothing II, Thelma Hayhurst, Artesia, first; Erma Jean Howard, Lakewood, third; clothing III, Cleo Johnson, Artesia, first; clothing IV, Audean Horton, Cottonwood, first; Dorothy Hayhurst, (TURN TO SOCIETY PAGE, PLEASE)

Simon Is Elected Permanent President Of Bulldog Boosters

Simon was named president of the Artesia Bulldog Boosters when the permanent organization was formed at a meeting of the group held at the city hall Monday night.

Chatham was elected secretary, while Otto Carpenter, and Artie were named as members of the board of directors. The organization, which will be composed of the officers and three members.

Boosters also voted to make the student body president of the Artesia High School an advisory member of both the board of directors and the advisory committee. Joe Watson is president of the student body while Jimmie Blue will be president next year.

During the regular meeting Boosters Club Monday afternoon held a meeting to discuss various problems of the organization.

The Chamber of Commerce will hold here during September when the members of the squad were guests. Tempest officers were named at this time and plans made for a permanent organization.

Since then the club has sponsored a special train to Portales; they have ordered a special youth activity bus; and are aiding and helping in providing uniforms and instruments for the band.

They launched the Halloween party, which was held here Wednesday night and which is to be concluded tonight in cooperation with the band organization, parents, and various civic and community groups.

It is their plan and purpose to aid and help in the school activities and the school programs. They have already voted to become cosponsors of the Fifth District annual track meet, which was started last year by the Lions Club.

They have voted to join the Lions in the sponsoring of this annual athletic event.

The club hopes to increase its present membership to around 500 to 600 and is extending a cordial invitation to all, who are not members now, to join the group.

In connection with the purchase of the bus they are conducting a (TURN TO SOCIETY PAGE, PLEASE)

Med Discount Ad Rates Avail Starting Next Week

based on the new rate, which goes into effect as of Nov. 1 on display advertising in The Advocate. This rate is 50 cents per column inch. Discounts are granted only to those who have a signed contract calling for the use of a definite amount of space. The cash earned discount then is granted on the basis of the amount of space used.

The earned discount calls for a 10 per cent reduction on the use of 30 inches of space; 11 per cent discount on the use of 40 inches of space; 17½ per cent discount on 50 inches of space; 20 per cent discount on the use of 60 inches of space; and 25 per cent discount on the use of 80 inches or more per month.

Advertisers will be given discount on each month's bill on the basis of above earned cash discount. At the end of the month the inches of space, which they (TURN TO SOCIETY PAGE, PLEASE)

A Capella Choir Will Open Concert Series In Program Tonight

North A Capella Choir presented here at 8 o'clock in the auditorium of the High School in the first series of concerts being given by the Artesia Concert choir.

The choir of 47 voices is under the direction of Dr. Wilfred C. and is making a fall tour of Texas, Oklahoma, and New Mexico.

Choral organizations have such instant recognition as a Capella Choir from which was founded eight years ago by Dr. Bain. He has a superior singer from the choir of 3750.

Dr. Bain's choir is a rigid discipline that the conductor imposes during the long hours of rehearsal and in the intense concentration required during the performance itself, it was pointed out.

Concert programs are an hour and ten minutes in length. The music is unaccompanied; at no time during the performance is any instrument used, either for accompaniment or for securing the starting pitch.

Although many of the compositions are sacred music, as such the finest A Capella music has been written for the church, the concert program is arranged to appeal to the widest possible public. The program is designed to give a panoramic view of choral music from the time of Palestrina to the present. Compositions on (TURN TO LAST PAGE PLEASE)

Former Artesia Man Is Held In Dexter Murder

John W. Carter of Clovis, formerly of Artesia, is being held in Chaves County on charges of murder in the fatal stabbing of Candido Baldonado of Dexter, 28, in a Dexter bar Saturday evening.

Carter was apprehended in Artesia by local officers about three hours after the murder, at the request of Chaves County officers that a watch be made here for him.

Also being held in connection with the murder are Carter's daughters, Mrs. Polly Bowling, against whom a warrant was filed, charging her with being an accomplice after the fact, and Miss Johnnie Carter, as a material witness. Officers said Miss Carter was slightly wounded in the arm in a scuffle preceding the fatal knife.

Officers said Baldonado had been in Roswell with his brother, Refugio, a few hours prior to the killing. The men went from Roswell to Dexter by bus about 9 o'clock Saturday evening and went to the bar.

There, they said, when Baldonado passed Carter's table, the two men exchanged words, after which there was a scuffle, in which it is alleged Carter drew a knife.

Baldonado was stabbed twice, once in the right shoulder and once over the heart. After being stabbed, the wounded man is said to have opened the door of the bar and run about 80 feet before he fell on the sidewalk.

A preliminary hearing was scheduled to be held at Dexter Wednesday afternoon.

Carter had been working in Dexter about two weeks at the time of the stabbing. He formerly operated the First Street Cafe in Artesia.

Negro Is Fatally Shot In Game Of 'Playing Cowboys'

The dangerous game of playing with a pistol by two 21-year-old Negroes, both former servicemen, here last Thursday evening resulted in the death of one, when the pistol was accidentally discharged and the bullet entered his skull.

Tyler Powell, the victim of the "fun," who was shot at about 9:30 o'clock last Thursday evening at a home on North Fifth Street, died at 4:30 o'clock Friday morning in Artesia Memorial Hospital.

Haston Nelson, who admitted to officers the gun belonged to him and that it was in his hands when Powell was shot, is being held pending further investigation by officers, but no formal charge of manslaughter had been filed Wednesday. It was indicated, however, that a lesser charge of possession of the gun might be filed against him.

Nelson told officers that he and Powell were "playing cowboy" with the gun and that he, Nelson, stepped behind a curtain at the home of Prudie Dawson and daughter, Georgie Faye Dawson. While Nelson was hiding behind the curtain, he said, Powell grabbed through it at him and the pistol was discharged.

The bullet entered Powell's skull about three inches above his left ear and came out about an inch and a half farther back. (TURN TO LAST PAGE PLEASE)

Everybody Vote Next Tuesday

VOLUME FORTY-THREE ARTESIA, NEW MEXICO, THURSDAY, OCTOBER 31, 1946 NUMBER 44

Work Sealing Streets Here Has Started

Work of sealing Artesia streets started here on Monday with work completed on Chisum Avenue from First Street to Fourth Street and it is expected that the work will be continued as rapidly as possible.

City Manager P. V. Morris pointed out the city has some \$12,000, which it has set aside for completing the Artesia streets. This, he stated, will purchase 120,000 square yards of sealing and it will be made to go as far as possible.

Present plans call for the sealing of the worst east and west streets first and then for sealing the north and south streets, which are in bad condition.

The contract for doing this sealing work was awarded to Armstrong Construction Company of Roswell.

Every effort is to be made to place as many of the streets in first-class condition as possible, it was stated. Many of the streets are extremely rough at the present time.

It is hoped that when the present money has been spent that sooner or later additional funds will be available to seal any remaining streets, which may need this attention.

The work of paving approximately 100 additional blocks of streets in Artesia will be carried out, it is hoped, at some future date. The engineering work and survey on these streets must be completed and the estimates submitted before contracts can be let.

Besides sealing the streets in Artesia the work of completing streets in the Hightower Addition has now been done.

Death Comes To Miss Maxey, 67, Early Pioneer

Miss Lucinda Maxey, 67, a New Mexico pioneer and a resident of the state half a century, for many years a resident of the Cottonwood community, died in a Carlsbad hospital at 4:25 o'clock Saturday morning. She had been critically ill about four months.

She was born in McCullough County, Tex., Oct. 17, 1879, a daughter of Joel and Nancy Maxey.

After the death of her mother 50 years ago, she made her home with Mr. and Mrs. C. J. Buck and came with them to the Cottonwood community April 8, 1897. The Buck family was first in the vicinity.

After the death of Mr. and Mrs. Buck, Miss Maxey went to Douglas, Ariz., to make her home with her sister, Mrs. Mary Hicks. She returned here only a short time before her death for medical care, after a lifetime spent helping others.

Miss Maxey is survived by the sister and a niece, Mrs. Dick Langford, both of Douglas, who were here for funeral services, which were from Paulin Funeral Home at 2 o'clock Tuesday afternoon by Rev. S. M. Morgan, pastor of the First Baptist Church. Burial was in the family cemetery on the Buck estate farm.

Biennial Election Will Be Held Next Tuesday

The people of New Mexico will go to the polls next Tuesday to elect a United States senator, two representatives in Congress, and state officials from governor down at the biennial election. For Eddy County offices the Republicans have no nominees.

Only the two major parties are represented on the New Mexico ballots this year, the Democrats and Republicans. But on the same ballots, to the right of the party tickets, are the two constitutional change propositions, on which electors are to vote at the same time.

The first proposed constitutional amendment, if carried, will do away with the present two sessions of the State Legislature of 30 days each, with a 30-day recess, providing instead a continuous session not to exceed 60 days.

Constitutional amendment No. 2 is relative to tax-exempt property, providing that public property, which is subject to a lien, taxes, or assessments prior to its becoming public property shall not be exempt from such lien, taxes, or assessments.

Below the explanation of each constitutional amendment proposition are two lines reading, "For the Amendment" and "Against the Amendment," after each of which is a voting square. The voter is to place an "X" in the square of the line for which he wishes to vote. He should not cross out either line, which would invalidate his vote.

The polling places in Artesia have been increased from four to five since the last general election.

The general divisions and polling places for the precincts: 6-A, south of Quay and east of Fifth, Church of the Nazarene; 6-B, north of Quay and east of Fifth, city hall; 6-C, south of Quay and between Fifth and Ninth, including the new Alta Vista Addition, Central School; 6-D, north of Quay and west of Fifth, Christian Church; 6-E, south of Quay and west of Ninth, high school.

The dividing lines beyond the city limits do not all follow extensions of the streets designated, but the descriptions given are for general guidance.

A complete list of candidates and the election judges and clerks for the Artesia precinct will be found on page 8.

VOTE

Although Democratic and Republican leaders are somewhat at odds in the candidates for whom they hope the electors will vote, they are agreed on one thing—that every qualified voter should go to the polls next Tuesday, Nov. 5, to make an expression of who should be in public office.

The two party names imply the type of government the United States has and the manner in which officials should be selected—by voice of the people.

And although leaders of both parties would prefer that everyone "put an 'X' under our party emblem and vote 'er straight,'" all will admit that it is every elector's privilege to "scratch" his ballot, if he so chooses, or to vote the other ticket.

But being good Americans, they agree that all who may will go to the polls and do it the American way—vote as you wish, but vote!

'World Community Day' Here To Be Observed Friday

Dr. W. S. Dando, Carlsbad Presbyterian pastor, will be the speaker at special services at 1 o'clock Friday afternoon, Nov. 1, "World Community Day," when members of the Artesia Council of Church Women observe the day at the First Methodist Church.

Women of the several Artesia churches are participating in the annual observation of "World Community Day," which will be observed throughout the nation.

Prior to the special services, members of the Council of Church Women are to take to the Methodist Church "Kiddie Kits," on which they have been working. They are to contain a number of items for the use and comfort of children up to 4 years old.

The kits are to be assembled here and then sent to a collection point for distribution under the direction of the United Council of Church Women.

Mrs. J. H. Walker of Artesia is president of the New Mexico Council of Church Women, and Mrs. Rex Wheatley is president of the Artesia council.

They explained that the United Council of Church Women plans on Nov. 1 to assemble 500,000 packets for suffering and denied children throughout the world.

'Chavez' And 'Hurley' Meet And Speak At Lions Luncheon Here

The Artesia Lions Club luncheon Wednesday noon probably was the only scene of its kind in the current, hot, political campaign, when "Senator Dennis Chavez" and "Gen. Pat Hurley" appeared on the same program, speaking on issues of the campaign.

The burlesque was staged by George Heatham, who was introduced as "Buster Mulcock's good friend, Gen. Pat Hurley," and Ralph Nix, as "Bill Dunnam's pal, Sen. Dennis Chavez."

Mulcock, Democratic precinct chairman, was a guest of the meeting and took the "ribbing" in good nature.

Another "candidate" also spoke, "H. R. (Ray) Rodgers," impersonated by D. D. Archer.

'Chavez' And 'Hurley' Meet And Speak At Lions Luncheon Here

The Artesia Lions Club luncheon Wednesday noon probably was the only scene of its kind in the current, hot, political campaign, when "Senator Dennis Chavez" and "Gen. Pat Hurley" appeared on the same program, speaking on issues of the campaign.

The burlesque was staged by George Heatham, who was introduced as "Buster Mulcock's good friend, Gen. Pat Hurley," and Ralph Nix, as "Bill Dunnam's pal, Sen. Dennis Chavez."

Mulcock, Democratic precinct chairman, was a guest of the meeting and took the "ribbing" in good nature.

Another "candidate" also spoke, "H. R. (Ray) Rodgers," impersonated by D. D. Archer.

Oklahoma Governor To Speak On New Mexico Hook-Up Friday Night

Gov. Robert E. Kerr of Oklahoma will make a broadcast over a statewide radio hook-up in New Mexico in behalf of the Democratic ticket in the approaching election from 6 to 8:30 Friday evening, Nov. 1, it has been announced by county Democratic leaders.

Governor Kerr is to speak from the studios of KOB in Albuquerque, it was stated.

Dwight Lee, Democratic candidate for sheriff of Eddy County, who has no Republican opponent on the ballot, will speak over station KAVE, Carlsbad from 8 to 8:30 o'clock Friday evening, Nov. 1.

Scout-Chest-USO Drive Still \$1500 From Goal Of \$5000

With \$1500 still needed to reach the quota of \$5000 in the campaign here to raise funds for the Boy Scouts, Girl Scouts, Community Chest, and USO, pleas were sounded for all workers to complete their calls and help complete the drive.

A total of \$3500 has now been raised in the drive here, it has been announced by Hollis Watson, general chairman. This was accomplished by the approximately 50 workers, who responded to the pleas to aid in the campaign.

It is hoped that all workers, who took cards, will complete their calls and callbacks and then submit their reports to the general chairman. Several, it was stated, have not as yet reported. Several others, who were expected to work, have not as yet called for their cards at the office of Chairman Watson. The hope was voiced that each and every one of these would call at the local office, take their cards, make their calls and then turn in the contributions, which they receive.

A plea also was being sounded for all individuals or firms, who have not been contacted, either to send or leave their checks or donations or mail them to Chairman Watson.

Confidence has been voiced that the goal will be reached, but considerable work remains to be done and help is needed to accomplish this task.

The goal, of course, for the four organizations was set at \$5000. The hope was voiced that the campaign could be completed in one day. However, since there were only 50 workers, this could not be accomplished.

A total of some 1200 prospects to give to the causes had been carded here on index cards. It was estimated that if some 200 workers could be secured that each worker would only have to contact six individuals or firms.

An effort was made to give not over six names or cards to any (TURN TO SOCIETY PAGE, PLEASE)

FIREMEN RESPOND TO PICK-UP FIRE WEDNESDAY

Firemen were called at 9:15 o'clock Wednesday morning to Quay and Roselawn, where there was a small fire under the hood of an unidentified pick-up truck.

Power With Purpose Is Possible, Rotary Gov. Spence Tells Local Club

R. T. (JACK) SPENCE

"If peace is our purpose, if war or peace is in our minds, cannot we have power with purpose, service above self?" asked R. T. (Jack) Spence of Carlsbad, district governor of Rotary International, when he made his official visit to the Artesia Rotary Club Tuesday noon.

Gov. Spence, who lived at Artesia some years ago, chose the club in his former home for his first of dozens of visits throughout the district.

Calling attention to the first atomic bomb, released little more than a year ago, the realization of which disclosed to man that a new power had been developed in the world, which could be used for the destruction of all, Gov. Spence used as his subject, "Power With Purpose."

He pointed out the growing influence of Rotary International. (TURN TO SOCIETY PAGE, PLEASE)

Australian Young Clubmen's Envoy Addresses 20-30

A special 20-30 subdistrict meeting was held in Carlsbad Friday in honor of a special guest of 20-30 International, Bill Tressie, president of the Apex Clubs of Australia, young businessmen's service clubs of that country, which was attended by a delegation from the Artesia 20-30 Club.

Tressie was on a tour of the western part of the United States as a guest of 20-30 after a meeting of the Council of Young Men's Service Clubs, which was held in Sacramento, Calif., Oct. 5-8.

Bearing a document from the prime minister of Australia appointing him a special ambassador of good will, Tressie made an interesting report on the meeting of the council, and then continued with a lecture which immediately established him with the 20-30'ians as a "grand guy representing a great nation."

Tressie reported that the Council of Young Men's Service Clubs was very successful and attributed its success to the fact that all delegates, by nature of the ideals of their respective organizations, had mutual desires and ideals which made for harmony in understanding one another's desires and beliefs. Delegates were present from four nations, Australia, Mexico, Canada, and the United States. An English delegate was (TURN TO SOCIETY PAGE, PLEASE)

Hallow'en Frolic Gets Off To Good Start; Winds Up Tonight

Beautiful October weather greeted throngs of Artesia people last evening for the opening night's fun at the Hallow'en Frolic on Morris Field, as about two dozen groups cooperated in stunts, games, and concessions to raise funds for the benefit of the school band.

It is planned to reoutfit the band with new uniforms and to purchase badly needed band instruments and equipment.

The second night's activities of the Hallow'en Frolic will be staged this evening, with the highlight to be the crowning of a carnival queen from among candidates representing grades 7 to 12. Spectators at the frolic will have an opportunity to vote for their favorite candidates prior to the crowning of the queen, which will be held in the auditorium of Artesia High School. The coronation ball will be held immediately

afterwards in a girls' gymnasium.

The booths and concessions at the carnival are arranged in two large rectangles on the football field, each operated by the sponsoring organization. All were cunningly planned to encourage the spending of money for the band activities fund.

Under the field floodlights a crowd milled last evening, in true carnival mood and many of the sponsoring organizations reported the people were spending freely.

Touching off the opening evening's activities, a parade was staged in downtown Artesia yesterday afternoon by groups of school students, with the school band bringing up the rear. In the parade were a number of boys and girls on horses and ponies, others riding in cars, and some walking. (TURN TO LAST PAGE PLEASE)

New Chamber Commerce Manager Coming In Time For Nov. 14 Meeting

Dave Moore, new secretary-manager of the Artesia Chamber of Commerce, will be presented to the members of the civic group at the regular monthly luncheon to be held on Thursday, Nov. 14, it has been announced by President Artie McAnally.

Moore has indicated he would be here for that date and it is expected he may arrive a few days before that time. He had planned to assume his new duties here on Nov. 14.

Dave Moore, new secretary-manager of the Artesia Chamber of Commerce, needs a house or an apartment for his home here. His family consists of his wife, his 2-year-old daughter, and himself.

He expressed the desire to secure a house if possible but probably will be interested in an apartment, either furnished or unfurnished. He expects to arrive in Artesia by Nov. 14.

Anyone having a house or an apartment, which will be available about Nov. 14 is urged to contact the Chamber of Commerce office and leave their name and address.

President McAnally has sounded a plea for a full attendance of members for this first luncheon of the new manager. The October meeting was poorly attended and it is hoped there will be more members present for the November session. All desiring to attend the luncheon should notify the office of the Chamber of Commerce here in order that preparations can be made at the hotel. It is necessary that advance notice be given the Coffee Shop, which prepares the dinner.

Moore succeeds Tom Watson as local Chamber of Commerce manager. He recently resigned as secretary of the Chamber of Commerce at Fordyce, Ark., where he had held this position for several months. (TURN TO LAST PAGE PLEASE)

Are We Sincere?

WE RECALL A BEAUTIFUL Christmas story, which was told many years ago, stressing high ideals. It was the story of an outcast, so to speak, a "no-good" in the community. It was the story of church people who were busy practicing and working on a Christmas pageant—so busy they had no time to perform in life the very deeds, which they were depicting in their Christmas pageant.

Into that community came a poor family in a covered wagon. The husband and father was ill, critically ill. But the "no-account," "no-good" individual knew of the family; he provided Christmas for them; he did the things, which a good Christian would be expected to do. He had time to do it. The fact is that while the church people were going through the motions of their tableau dedicated to high purposes and high ideals, this individual, who was considered to be "nobody," was performing in reality the things, which matter in this world.

And so it is with us. We spend too much time talking about the high ideals and the fine things of life. Too much time discussing what we could do and should do and too little time doing them. We proclaim what should be done and then go out and do the opposite. Often times, while we are discussing these, citizens who should be participating in these discussions are out doing the very opposite of the things, which we claim to be good.

Far too often, those charged with responsibilities and certain duties are failing to perform these duties because of fear; because of unwillingness to oppose those we feel to be of some importance in our community. Far too often, we have made the law something to be observed by the individual considered of little importance in our community, while those who feel or are considered to be a step higher on the ladder of life get away with many things.

Laws supposedly are no respecter of persons. Our standing, our position, our prominence has nothing to do, at least in theory, as to whether we observe the laws and enforce the laws.

Our position of importance; the fact that others may believe we have influence; the fact that we may be considered prominent or have connections, has nothing to do with whether we observe the law or whether those charged with administering the law see that we do follow it.

But it does and it has to be long. If we expect to create public sentiment to back enforcing and administering of laws here to provide a safety program, then all must be arrested for violating the law, or we must be prohibited from ignoring the law, whether we hold the highest position in the community, or whether we have the least influence in the community.

It hasn't been done in the past. It is not being done now.

And until we prove our sincerity; until we show we are willing as citizens, as law enforcement officers, as court officials, that the laws will be enforced; sentences handed down; and arrests made of all violators of the law—then we can't expect much co-operation from the general public.

While the meeting was in progress here to organize the safety council and to work out plans, violations were in progress of the very things these citizens were discussing and sworn duties were not being performed by those charged with administering the law.

The general public and those who have received the full penalty are questioning and doubting our sincerity.—O.E.P.

All For No. 83

AFTER NEXT TUESDAY the real efforts can be launched to secure the completion of Highway No. 83.

It is true, of course, that regardless of the candidate winning the governor's race, that he will not take office until January 1. However, that leaves just enough time for the organization to be completed to keep the matter of completing Highway No. 83 constantly before the governor and the new state highway commission.

It is generally agreed and admitted that Southeastern New Mexico is entitled to Highway No. 83. It is admitted that fruit, vegetables and lumber production in the mountains, plus the tourist travel, will make the construction of the rest of this highway a very good investment for the state of New Mexico.

However, experience has taught us in the past

that decisions on the construction of highways, as well as state constructed projects, is not based on sound business, or even the fact that the road should be built where there is the greatest need.

Highways are built for political expediency. But when sufficient people raise their voices loud enough it gets results. After all, people vote, and when sufficient people can be satisfied and their goodwill can be secured through the construction of a definite project—well, it can be secured.

And that is exactly what we have to do if we want State Highway No. 83 completed. We have to work at the job from now on until we secure that road.

Although no definite pledge or promise was secured during the campaign, which closes Tuesday, we have at least brought it to the attention of two men who are seeking the office of governor and they have said they would build it if funds are available.—O.E.P.

Go And Vote

THE MOST IMPORTANT THING you have to do next Tuesday, November 5, is to go to the polls and cast your ballot.

On next Tuesday it is your American privilege and your American duty to help select one United States senator, two members of congress, and several state and county officials.

This is all you or any other voter will have to say about the officials who, theoretically, are your servants for the next term of office. There is, of course, during these days and times, considerable question as to whether public office holders are any longer the servant of the people.

But anyway, on Tuesday you have a voice in selecting of those who will fill the various offices. After Tuesday, you will have nothing to say, or at least whatever you say won't matter much one way or the other.

The Artesia Advocate does not care how you vote. It feels you are perfectly able to weigh the merits and qualifications of the various candidates and vote your convictions.

We are only pleading for you to go to the polls and vote those convictions.—O.E.P.

New Mexico's Secret Ballot

WELL, HERE WE GO AGAIN to the polls next Tuesday to cast our "secret ballots."

As we have pointed out in the past, and will continue to point out in the future, until such time as the New Mexico State Legislature sees fit to change the number system on ballots used at elections, we do not have secret ballots in this state.

Whenever a ballot cast by an elector bears a number—though hidden behind a blob of black ink—and that number corresponds with the same number alongside an elector's name in a pollbook, it ceases to be secret.

We will admit that in the vast majority of cases, no one ever takes the trouble to see how an individual votes. And we know that ballots are supposed to be kept locked up until a certain time, then to be destroyed, with it against the law for anyone to check up on how an individual has voted. And we know that the only time ballots ever are supposed to be inspected is in the case of an election contest.

But such an inspection, under court order and the jurisdiction of a judge, would disclose to interested eagle eyes who voted how. When that happens, the ballot is no longer secret.

Perhaps there are other times when eagle eyes scrutinize ballots, even without a court order. Perhaps, we said, for we do not have actual knowledge. But it could be done!

Therefore we do not have a secret ballot in New Mexico and the State Legislature should rectify this evil at the earliest possible moment.

In the meantime, secret ballot, or no secret ballot, it is the duty of every qualified elector to go to the polls next Tuesday and vote his or her convictions.—A.L.B.

Deeply Appreciated

THE FINE RECEPTION, which has been accorded the announcement of the increased advertising rates of The Artesia Advocate is deeply appreciated.

We have found nothing so far except understanding expressions regarding the move, with the comment that we have been fortunate enough to be able to hold off as long as we have.

Several have already requested a copy of the contract to sign it. These contracts will be ready in ample time so they can be signed during the month of November. Discounts, of course, will be granted for all advertising run during this month where a contract has been signed and where the discount has been earned.

The newest ABC circulation figures have just been received for the period ending September 30. The audited circulation of The Advocate is 2155. This is the paid subscribers and does not take into account complimentary copies or the number of papers given employees or others, who actually read The Advocate. The press run of The Advocate (actual number of copies printed) is 2300.

Anyone interested in having fuller information on The Advocate's new advertising rate, including the earned cash discount, can obtain this information by phoning No. 7 or dropping into The Advocate office.—O.E.P.

We are never given credit for our intentions. It is only our actions, which bring us credit or discredit.

It is the dollars, which you spend here, which help to build Artesia. Those you send or spend out of town never return.

Had you ever noticed that it is the fellow, who is always yelling about wanting law enforcement that hollers the loudest when he is arrested for ignoring the law?

When everyone, who says he is sold on Artesia and will do everything he can to help build it, actually does it, we will grow a lot.

It always takes a lot of plug to get something done but it is worth it. Artesia, N. M. or we wouldn't continue our effort.

Up and Down Main Street

IT'S YOUR RIGHT
IT IS YOUR DUTY
UP AND DOWN MAIN

We are going to the polls next Tuesday, Nov. 5, and cast our ballots for the candidates we think are best qualified to fill the office, which they seek. And we are going to base our decisions on what we know about the candidate; what we have heard about the candidate that we have accepted as the truth; and on the conduct of that official in the offices they have held or the record they have made in their lives. We are going to base our decision on what we feel they can do for the nation and for our state. We are not going to be concerned about party lines; about factions; about what other members of their party have or haven't done. We are going to the polls and vote as all Americans should do and employ our best judgment. We owe that to the candidates, who are running for office; we owe it to our city, our county, our state and our nation. We hope you do exactly the same thing. No one is going to tell us how we are going to vote or should vote. We hope no one tells you. There might be some exceptions to that idea. You may be on a payroll; you may have an obligation; and maybe it is your duty to vote for a set of candidates. But, on the other hand, we are speaking for the average person and the average voter. Few of us have any obligations to support any particular candidate. We can go to the polls and cast our vote for those we feel are best fitted and qualified to fill the office and to render the best service to our country, during these trying days and times. We do not care how you vote, but we are urging you to go to the polls and vote. Go and cast your convictions.

Rev. S. M. Morgan making some early morning business calls . . . Paul Dillard purchasing some ink remover . . . Dr. J. J. Clarke back visiting with friends after his trip to Miami, Florida for the Dental Society meetings . . . Dr. Louis Hamilton explaining how his car was stolen and recovered within thirty minutes . . . John Mathis all smiles and reporting he was extremely busy . . . Judge J. D. Josey back from the Eastern Star sessions at Albuquerque and reporting he was happy to be home . . . M. C. Ross greeting and visiting friends as he headed up the street . . . D. D. Archer plenty busy at his law office . . . "Buster" Mulcock checking up on the sample ballots being printed for the election, which is to be next Tuesday . . . Jess Truett taking some clothing to the cleaning shop . . . Murle Sharp arriving at the Star Grocery to start the day's work . . . Charles Finke reporting he couldn't find a tall enough ladder . . . Lloyd Simon plenty busy dashing here and there . . . Mr. Carr reporting that the races held on Sunday were well attended and very much worth while . . . Lewis Story going toward the Palace Drug Store . . . D. I. Clowe reported ill at his home and being missed at his office . . . Stanley Blocker with a box of Coke bottles and heading into the store . . . H. A. Denton inquiring about how often elections are held . . . Voters being urged to go to the polls and to cast their ballots . . . Wayne Paulin returning to the funeral home . . . Wesley Sperry enjoying the morning cup of coffee . . . W. C. Thompson back from market and declaring he had a fine trip . . . Leland Price seeking a little information on the Black Hills oil test . . . All being urged to purchase tickets for the Booster Club's dance on November 30 and help swell the

fund to pay for the school activity bus . . . That was Up and Down Main this week.

We, of course, have made our choices. We have selected those we feel best suited for offices. This, however, is our own personal business just as it is your own personal business for whom you vote. It certainly is none of our business. For that matter, it is no one else's business how you vote or for whom you vote on election day. The last thing we want to do is to try and tell you how you vote. All we are trying to tell you is that you should go and cast your ballot. For years we know individuals have talked about situations and conditions, which they do not like. They lambast the congressmen, the senators, the state legislators, the state office holders and county office holders. They condemn their acts and actions, yet they never take the trouble to go to the polls and have their say. What they say on the street corner or in the grocery store or in their home doesn't matter much one way or the other. What you say in the polling booth does count and does matter and it does carry weight. The only way you can have any part in changing office holders, if you desire to change them, is to go to the polls and cast your ballot. Many, we know, did not register. They waited too long. But many, who have failed to register in the past, did qualify themselves to cast a ballot in this election. However, in the past, the percentage of those who bothered to go to the polls, was far too small. Next Tuesday there should be a record number of votes cast. It should be one of the heaviest votes cast in the history of the state. It will only be a heavy vote, however, if and providing that every individual and every qualified voter takes the trouble to go to the polls and cast his or her ballot. No one else can do it for you—you alone must cast your vote if you want it to count. And our final plea to you now is to set the time of day you expect to go vote and then go and cast that ballot.

Habitat Is All-Important Factor In Production Game Fish And Birds

Habitat is the all-important factor in the production of game fish and birds, the New Mexico State Department of Game and Fish declares in its October bulletin.

We fear that many sportsmen are too optimistic about the effect the state's new game farm will have on hunting, the bulletin reads, continuing:

Many, it seems, overlook the fact that habitat is the all-important factor in production of either game or fish for the sportsman. Without proper habitat, that is a liberal amount of the kind of cover, food, and water required by the individual species of game and fish, no amount of stocking is going to produce game and fish for the sportsman's bag and creel.

In South Dakota they have no game farm at all, but despite that fact there will be found in that state the best pheasant hunting in the world. The kill last year amounted to about seven and a half million birds! Why? Because the habitat for the pheasants is ideal and extensive. Un-

der those conditions all that was needed was an initial stocking and the birds then spread over the area and maintain their numbers against predators and an unusually heavy hunter take.

At best, New Mexico has an exceedingly limited area of comparatively poor habitat. We can perhaps help keep a few thousands of birds annually at the game farm, but we cannot hope to have the kind of pheasant hunting found in Nebraska or the Dakotas, now or ever.

The game farm probably will serve its best purpose in providing quail and pheasants for restocking disaster areas, rather than providing birds directly for the sportsman's gun. Possibly also it may serve a valuable purpose in getting chukar partridges established if it develops that these birds will thrive in any areas of the state.

Far too often sportsmen attribute poor fishing and poor hunting to lack of stocking of waters with hatchery produced fish or hunting areas with farm raised birds. Too little thought is given to habitat requirements. More stocking in most cases is not a cure-all.

It seems that the sooner that sportsmen recognize the fact that habitat is the all-important factor in game and fish production, and buckle down in cooperation with the Game Department in a program for improving and increasing habitats the sooner they will begin to get the results we are all looking for—better hunting and fishing.

Department Of Game Explains Ban On 30 M-1

The October bulletin issued by the New Mexico State Department of Game and Fish explains the reasons for the ban on the use of the 30 caliber M-1 carbine for the taking of big game in the state. It reads:

Contrary to the belief of many, muzzle velocity is not the only item of ballistics by which a cartridge is judged a good big game killer. Energy, that is the foot-pounds striking power, is really the more important item. The 30 caliber M-1 carbine is comparable in this respect to the 32-20 with 80-grain bullet, which few if any hunters consider a good deer gun.

Besides, the 15-shot automatic feature of the M-1 carbine makes it undesirable as a sporting rifle. We have seen it fired from the hip as a machine gun to sweep a hillside where deer had been sighted in the brush. Is that a sporting way to hunt? Since we can't ban such hunters we have to ban the gun.

Then there is no suitable ammunition for the M-1 carbine. The military ammunition is unsuitable and illegal and the filing off of the point or filing a cross on the point does not make a satisfactory cartridge. Instead it makes a dangerous one, as the gas pressure which runs up into thousands of pounds, on the exposed lead base would blow out the core and leave the metal jacket stuck in

the bore for the next bullet to slam into.

But to get back to the killing power of the M-1 carbine. No one denies that it did a good job on the Japs and Germans at very close range, but that doesn't make it a good deer gun. The 30-30 is a fair to good deer gun at reasonable ranges, but few hunters consider anything with much less killing power as being satisfactory. The 30-130 with 170 grain bullet has a muzzle velocity of 2200 feet per second. Its energy or striking power at the muzzle is 1830 foot-pounds. The M-1 carbine with its 110 grain bullet has a muzzle velocity of 2000 feet per second, but the muzzle energy is only 900 foot pounds or half that of the 30-30. At 100 yards the 30-30 still develops 1405 foot-pounds energy, while the 30 caliber M-1 carbine at 100 yards develops only approximately 500 foot-pounds. At greater distances the striking power rapidly decreases.

In other words at the average range at which deer are shot at the M-1 carbine has only about one-third the killing power of the 30-30 and about half the killing power rated by experts as the very minimum for a satisfactory deer rifle. For the above reasons the 30 caliber M-1 carbine has been banned as a hunting rifle in New Mexico. Other rifles which are banned for big game (other than turkey) are any rifle using rim-fire cartridges and any other rifle using bullets lighter than 46 grains.

New Mexico Has Few Members Of '52-20' Club

That the majority of New Mexico veterans have made their readjustment to civilian life without filing even one readjustment allowance claim was evidenced by figures released by Benjamin D. Luchini. Less than 28 per cent of an estimated 52,000 New Mexico discharged veterans have filed any such claim during the last two years. These figures are considerably less than the current national averages.

Only 14,424 New Mexico veterans have started claims since September, 1944, when payments to

unemployed veterans began chairman of the Employment Security Commission said. He has averaged less than 12 checks so far. These figures are less than the current national average.

New Mexico still has hundreds of veterans who have checks for many weeks, but cases are mostly in the rural areas, where few jobs are available. All such cases are being checked out those who are really seeking work as required by the Servicemen's Readjustment Act. The GI Bill is definitely requirements that claimants available for work and the Veterans Administration has placed strict interpretation on this of eligibility, Luchini said.

IN THE DISTRICT COURT IN AND FOR EDDY COUNTY, STATE OF NEW MEXICO.
 GEORGE BERISINO, Plaintiff, vs. GEORGE BERISINO, Defendant.
 Case No. 9684

NOTICE OF PENDING SUIT
 STATE OF NEW MEXICO, to George Berisino, GREETINGS: You will take notice that there has been filed in the District Court of Eddy County, New Mexico, a civil action numbered 9684 on the docket of said Court, wherein Lues Berisino is plaintiff and you, George Berisino, are the defendant; that the purpose of said suit is to obtain a divorce and restoration of maiden name, and unless you appear, answer, or defend herein on or before the 4th day of December, 1946, the plaintiff will apply to the Court for the relief prayed for in her complaint filed herein and judgment will be rendered against you in said cause.

The plaintiff's attorneys are ARCHER & DILLARD, whose office address is Ward Building, Artesia, New Mexico.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal this, the 22nd day of October, 1946.

Marguerite E. Waller,
 Clerk of the District Court (SEAL)

43-41-46

of land with Artesian rights under file RA-764 and described as follows:
 Subdivision: E 1/4 NE 1/4, Section 9, Township 18-S, Range 26-E; 80 acres irrigated.
 Subdivision: E 1/2 W 1/2 NE 1/4, Section 9, Township 18-S, Range 26-E; 40 acres irrigated.
 Subdivision: E 1/2 W 1/2 W 1/2 NE 1/4, Section 9, Township 18-S, Range 26-E; 20 acres irrigated.

Any person, firm, association, corporation, the State of New Mexico or the United States of America, deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source, may protest in writing the State Engineer's granting of approval of said application. The protest shall set forth all protestant's reasons why the application should not be approved and shall be accompanied by supporting affidavits and by proof that a copy of the protest has been served upon the applicant. Said protest and proof of service must be filed with the State Engineer within ten (10) days after the date of the last publication of this notice. Unless protested, the application will be given final consideration for approval by the State Engineer on the 18th day of November, 1946.

MR. and MRS. CITIZEN:-

One of the greatest protecting bulwarks of American liberty, and the form of government we all love, is the ability of the average American to think for himself, to make his own decisions, and to stand by his convictions. We are at the present time in the most confusing period of our history. Old standards of action no longer apply and we stand at what might be called the crossroads of destiny. The individual citizen this year needs more than ever before to think clearly, to separate the wheat from the chaff, to form his opinions based solidly on the bedrock of duty, and to place his state and its welfare above any smaller partisan feelings.

"There is among you the man who is not bound by party lines. You vote according to your common sense and your calm judgment after hearing each party set forth its program. To you I say that the strength of this independent thought is the great contribution of the American political system."—Franklin Delano Roosevelt.

Under our balanced system of government, in which the legislative, judicial and executive branches all have their proper place, American industry has given the average American citizen more of the good things of life than were ever enjoyed before by the rank and file of any nation's people. Under our Constitution and its Bill of Rights we have enjoyed greater individual freedom and more liberty than any other people in the world. Those things we must cherish and preserve.

This is a great country and we are proud of it. Some of us are Democrats and some of us are Republicans. But we are all Americans first. As long as we do not lose sight of this fact the future of our nation will not be in doubt. This year, more than ever before, it behooves the average citizen to keep always in mind that his Americanism comes ahead of loyalty to any party or any creed. When the candidates of our political party are good men who stand for the principles in which we believe, we should give them our support. When the candidates of our party are not good men they should not command our support and our votes merely by reason of the fact that they wear the same lapel button. We are Americans first—Democrats or Republicans second. As Americans we have many serious considerations to take under advisement this year before we decide how our votes will be cast.

It Is Not Only An Election—It Is Our Future

Miss Elsa Runyan Becomes Bride of Jack J. Fox In Double-Ring Ceremony

A wedding of interest to many Artesia residents was solemnized at St. Paul's Episcopal Church at 8 o'clock Sunday evening, Oct. 27, when Miss Elsa Runyan, elder daughter of Mr. and Mrs. John F. Runyan of Artesia, was married to Jack J. Fox of Berget, Tex.

Rev. Joseph Harvey of Roswell, pastor of the local church, officiated at the simple, double-ring ceremony.

Prior to the service the immediate family of the bride, the bridesmaids, and the members of the wedding party enjoyed a pre-wedding party at the Runyan home.

The wedding date was chosen to coincide with the birthday of the bride's mother.

The bride was given in marriage by her father, who also attended the bridegroom as best man.

Miss Pattie Runyan, sister of the bride, was her only attendant.

A two-piece suit of light wool, in the popular winter white shade, was selected by the bride for her wedding. Her accessories were black.

Miss Runyan carried a white prayer book, which she had used at her confirmation, to which was attached a bouquet arrangement of pink rosebuds and white stephanotis, from which hung streamers of narrow white satin ribbon.

The bridesmaid was dressed in a pastel blue suit, with black accessories. A shoulder corsage of pink carnations completed her costume.

After the ceremony the bridal party returned to the home of the bride's parents, where a wedding cake was served and a "toast to happiness" was proposed by the bride's father, after which Mr. and Mrs. Fox departed for their home in Berget, Tex., where Mr. Fox is employed as an engineer by the Phillips Petroleum Company.

Mrs. Fox, a member of a pioneer Artesia family, received her education in the Artesia public schools and the University of Colorado. For the last year she has been employed in a secretarial capacity by Chuck Aston.

Mr. Fox is the son of Mr. and Mrs. John J. Fox of Winchester, Idaho. He attended the University of Idaho three years before entering the Navy V-12 program at the University of Colorado, where he was granted his degree in engineering. Mr. Fox received his commission in the Navy from the University of Notre Dame, and served three years in the U.S. Navy, one year of which was spent in the South Pacific.

Mrs. Dunn Is Hostess At Meeting Of Past Matrons' Club

Mrs. Calvin Dunn was hostess to the Past Matrons' Club Monday afternoon for the regular meeting of that group.

The president, Mrs. Lee Glasscock, conducted a business meeting, after which Mrs. J. D. Josey gave a lecture, using as her topic, "Love One Another," taken from a Bible story.

The next meeting will be held Monday, Nov. 25, at the home of Mrs. Josey. A Christmas party is planned for Dec. 18, and the husbands of members will be guests.

A social hour followed the business session and the hostess served delicious refreshments to Mrs. J. D. Josey, Sid Wheeler, Jesse I. Funk, Jeff Hightower, Arba Green, J. M. Story, W. S. Hoggsett, Lee Glasscock, J. C. Floore, and J. W. Rowland.

Girl Scout Vesper Service Sunday Is Quite Impressive

The Girl Scout vesper service, held Sunday afternoon, was considered very impressive by all who witnessed it.

In addition to devotion services, prayers, and Biblical talks, the girls enacted a campfire scene typical of the closing campfire at the end of a two-week camping trip. Girls who participated in this part of the program were La Verne Batie, Erma Hopp, Marcia Whelan, Alpha Crouch, Wanda June Burch, Dorothy Brown, Marilyn Saiken, and Peggy Peppers. These girls were active speakers in the skit.

Mrs. Glenn Caskey furnished the music for the vesper services and the Scouts expressed their thanks to her.

Jimmie Pendecost Is Attendant of Queen At HU Homecoming

Miss Jimmie Pendecost of Artesia, a freshman at Highlands University, Las Vegas, was one of the attendants of the homecoming queen Saturday afternoon in a ceremony between halves of the homecoming game.

Miss Pendecost was one of the candidates for queen in a contest which was won by Verna Todd of Gallup. The unsuccessful candidates served the queen as attendants.

The homecoming celebration began with a rally and bonfire Friday night. A lunch was served on the lawn in front of Springer Hall Saturday noon. This was followed by a parade featuring the university band and floats. After the game, which Highlands lost to New Mexico State Teachers 6-0, fraternities and sororities entertained their alumni. A dance completed the first homecoming at Highlands since 1942.

Christian Endeavor Has Masquerade Party At Church Monday

About 30 members of the Christian Endeavor and their sponsors enjoyed a masquerade party in the basement of the Christian Church Monday evening.

The first prize for the best costume went to Larry Beadle and Bobby Wallace while the second prize was awarded to R. A. Hayes, Jr. Mrs. Lee Francis was the judge.

Games in keeping with the spirit of Halloween were entered into by all of those present. The refreshments consisted of apple cider and doughnuts.

LOCALS

Mr. and Mrs. Ted Keith, of Dallas, Tex., are here visiting Mr. Keith's parents, Mr. and Mrs. W. F. Keith. Mr. and Mrs. A. B. Sloan and son, Jimmie, of Kermit, Tex., are also visiting Mr. and Mrs. Keith.

W. I. Owen of Fort Worth was in town over the week end transacting business and visiting his daughters, Mrs. Oryville Durbin and Miss Ann Owen. Miss Owen has been here for some time and is visiting in the Durbin home.

Mr. and Mrs. Walter Nugent and daughter, Pat, were visitors in Dallas last week end.

Russell Lee Withers, son of Mr. and Mrs. R. L. Withers of Artesia, was recently pledged to Kemas, men's social club at Texas Technological College, Lubbock.

Dr. Ed Stone attended sessions of a study group and lectures of the Texas Optometric Association at Amarillo Sunday.

W. F. Hinde and Brooks Miller returned home last Thursday from La Salle National Forest in Utah, where they both killed two buck deer, as allowed by Utah law for the area.

Mr. and Mrs. T. C. Donnell returned home Monday of last week from Athens, Tex., their old home town, where they visited relatives and friends three weeks.

Mrs. G. Taylor Cole returned home last week from Roswell, where she underwent an operation about a month ago. She is looking and feeling quite well.

Thomas Marvin McCaw of Artesia, has graduated from Worcester Polytechnic Institute at Worcester, Mass. He was at a member of the 78th graduating

class of that institution, and received a degree of bachelor of science and majored in electrical engineering. Mr. McCaw graduated with high distinction and will be retained as a member of the faculty for the coming year. Mr. McCaw served 44 months in the Navy as a radar machinist's mate.

Mrs. S. M. Wilson of Ardmore, Okla., was a visitor in the home of her son, Arthur Wilson, last week. She arrived Thursday and left Saturday. J. J. Gazaway of Ardmore also was a visitor in the Wilson home.

Mr. and Mrs. Jerry Marshall left Saturday morning for Big Spring, Tex., where they boarded an American Airlines plane for New York City. They were to go from New York to Hartford, Conn., to visit Mrs. Marshall's brother, Clyde Cobble. After sightseeing through New York and Connecticut, Mr. and Mrs. Marshall will drive back to Artesia. They planned to be gone about two weeks.

Joe Priestley, Eagle Scout who was one of four Eagle Scouts representing the state of New Mexico at the ceremonies held at Boulder Dam on Wednesday, Oct. 23, returned to his home here on Friday, Oct. 25. The New Mexico Scouts were flown to Boulder City via the Continental and Western Airlines via Denver and returned on the train. They participated in the ceremonies at Boulder Dam and presented a New Mexico flag for the exhibit building, which was dedicated during the ceremonies.

Alberto Paz entered the hospital Wednesday for medical care. Miss Ella Hartley underwent major surgery Wednesday and is recovering rapidly.

Glen Farmer entered the hospital for medical treatment Wednesday morning. Albert Blake came to the hospital as a medical patient Wednesday.

Three new "income tax deductions" arrived at the hospital this week: Mr. and Mrs. Prudencio Briceino have a boy, Florencio, who arrived last Thursday and weighed six pounds five ounces.

Mr. and Mrs. Elbert Murphy have named their daughter Carolyn Sue. She arrived Friday and weighed seven pounds one ounce.

Mr. and Mrs. Brown L. Elder's daughter Yvonne, arrived Sunday and weighed seven pounds three ounces.

Masterpieces Viewed By 500 At Open House

More than 500 persons attended open house at Park School Tuesday evening to enjoy the showing of 150 reproductions of the Great Masters and to visit the building.

Programs were presented in the various rooms by the students, each depicting in a living picture one of the masterpieces.

Walter Short, principal of Park School, said the ticket sale put on by the boys and girls was a complete success.

However, the sale of prints of the masterpieces during the week and at open house Tuesday evening was disappointing. Short said the prints still may be had at the school by those who wish them. The profits from their sale is to be added to the proceeds of the open house ticket sale for the purchase of prints for the school.

The exhibit of Great Masters is at Central School today, the last day they are to be shown in Artesia. Persons who did not view them at Park School are invited to go to Central School this afternoon for the showing.

Short expressed the appreciation of the faculty of Park School for the splendid response by the public in turning out to see the masterpiece prints and in support of the program to raise funds.

Week Of Prayer To Be Closed At Lake Arthur Sunday Night

The Lake Arthur Methodist Church will close the "Week of Prayer" Sunday evening, with services at 8 o'clock.

A program is planned with the following topics for prayer: "Devotional," Mrs. Clyde Nihart; "Personal Prayer," Mrs. John Lane; "Prayer for the Home," Mrs. R. O. Waltrip; "Hospitality," Mrs. Bill Oppfer; "Prayer for Others," Mrs. Ned Hedges, and "Prayer for the Nation," Mrs. M. A. Ryerson.

Mrs. C. P. Bunch of Artesia will close the program with a lecture on "Africa." This will be a public meeting and anyone interested is urged to attend.

Hospital News

Mrs. Foster H. Hilliard entered the hospital Wednesday of last week and left Sunday. She was a patient for medical treatment.

Master Alvino Baca underwent a tonsillectomy last Thursday.

Al Bartow Lowrey was a patient for medical attention last Thursday through Saturday.

Master Eusebio Eredia underwent a tonsillectomy Friday.

Mrs. Elesro Morales came to the hospital Friday for medical care. She was able to leave Sunday.

Mrs. Durward Tyler underwent medical treatment from Saturday to Monday.

John P. Lowry received medical care Saturday.

Miss Refugio Domingues came to the hospital Saturday and underwent major surgery. Her condition is reported satisfactory.

Mrs. Claude W. Lovewell came to the hospital Saturday for treatment for burns.

Baby Jacqueline Merchant underwent medical treatment from Friday to Monday.

Glenn Reece Booker was brought to the hospital Sunday and remained until Tuesday when he was able to be dismissed.

Mrs. Florence Carrell underwent an appendectomy Sunday. She is doing nicely.

Girl Scouts Here Are Honoring Founder, Juliette Low, This Week

Artesia Girl Scouts, who are joining with girls of the nation this week in honoring the founder of the Girl Scouts, Juliette Low, during annual "Girl Scout Week," will wind up the special observation Saturday afternoon, when a tea will be held at the Woman's Club to introduce Miss Helen Grimes, regional director.

During the week, the Girl Scouts have been carrying out their "Theme a Day" program, by putting small displays in one of the windows of Marie's Shop, each corresponding with a theme indicating a phase of the organization's work.

The over-all theme of the window each day has been Juliette Low.

Another window sponsored this week by the Girl Scouts in the Mann Drug Company store, designed to demonstrate the worldwide aspect of scouting and the connection between scouting, home, church, and country.

The wish has been expressed that everyone in Artesia interested in the Girl Scout program will attend the tea Saturday afternoon, which will be from 3 to 5 o'clock, and meet Miss Grimes.

At that time she will line up a program to include more of the girls on the waiting list, unable at this time to become Girl Scouts because of lack of leaders.

Mrs. Joe Dunn, who is in charge of arrangements for the tea, said attendance is not limited to persons interested in becoming leaders, but that all interested in the Girl Scouts are invited.

Especially invited are parents of the Girl Scouts and other girls desiring to join.

The Girl Scouts opened their week of activities with vesper services under the direction of Mrs. B. A. DeMars, the first of its kind put on in Artesia. The services were nicely put on and were well received.

VETS ADVISORY OFFICE TO CLOSE MONDAY, TUESDAY

Bill Dunnam, advisor of the North Eddy County Veterans Advisory Committee, with office in the city hall, said the office will not be open Monday and Tuesday, Nov. 4-5.

"We have not been open on Saturday for some months, which means the office will be closed from Friday afternoon until Wednesday," Dunnam said.

In cases of emergency, Dunnam is always available at his home, 212 South Roselawn, phone 374-J, any hour of the day or night. He will also take care of cases from out of town at any time, if it is not convenient for these veterans to come to the office during office hours, he said.

Campaign Opens To Raise Funds For Assembly

Members of the board of control of the Methodist Assembly in the Sacramento Mountains met in the First Methodist Church of Artesia Monday, to make plans for raising \$50,000 for the rebuilding of the assembly.

The campaign was launched, and each of the four district superintendents was given his quota to be raised in the next year and a half. The Pecos Valley district

is to raise \$18,000 of the whole amount, and the local Methodist Church will raise \$3,000 to \$5,000 of that amount.

The following prominent ministers and laymen attended the meeting: Rev. A. C. Douglas, Pecos, Tex.; Rev. L. L. Evans, Pasa; Rev. M. L. Sims, Clovis; Rev. I. L. Morgan, Albuquerque; Frank Greathouse, Rogers, N. M.; J. R. Clifford, Alamogordo; Rev. R. L. Willingham, El Paso; Rev. S. H. Crockett, Carlsbad; Fred Jacobs, Mr. and Mrs. Mar Yates, Jr., and Rev. C. A. Clark Artesia.

Honorable James A. Farley

National Democratic Chairman and Postmaster General for 8 years under Franklin D. Roosevelt, on Sept. 5, 1946, said:

"The Democratic party is now in the throes of trying to rid itself of the Communist and Communist-fellow traveler element which attached itself to the party for its own subversive ends."

FBI Chief J. Edgar Hoover

Speaking at a national convention of veterans in San Francisco last month, said:

"During the past five years, American Communists have made their deepest inroads upon our national life."

Dictator Joe Stalin

Of Soviet Russia last week appealed by radio to American voters to elect candidates endorsed by PAC, Communist and Communist-dominated organizations. The following democratic candidates have the endorsement Stalin requests:

- | | |
|---|--|
| For Senator
DENNIS CHAVEZ | Congress
GEORGIA L. LUSK |

THERE SIMPLY ARE NOT ENOUGH NEW CHEVROLETS TO GO AROUND

We are getting our fair share of the current production of new Chevrolet passenger cars and trucks. And as strikes and shortages decrease, as the Chevrolet plants are able to produce more and more new passenger cars and trucks, we'll get more and more of them to deliver to our customers.

Meanwhile, as long as shortages do exist, it is our purpose to apportion our share of the new Chevrolets available fairly and justly among the many customers, new and old, whose continued friendship and patronage are the keystone of our business.

So that you may have no doubt as to our method of distribution of new Chevrolet passenger cars and trucks, we make the following—

DECLARATION OF POLICY

- PRIORITY OF DELIVERY**—New Chevrolet cars and trucks will be apportioned on the basis of: (1) essential public services, (2) veterans' occupational requirements, (3) priority of date in placing orders.
- PRICES**—All new Chevrolet cars and trucks will be sold at the authorized prices current at time of delivery.
- TRADE-INS**—No trade-in will be required from any customer who does not have a car to dispose of at the time of the transaction. Customers who do have cars will be given allowances based on honest appraisal and fair value at the time of delivery.
- ACCESSORIES**—No customer will be asked to purchase accessories as a condition of securing delivery.
- STATUS OF ORDERS**—Customers will be informed, upon request, of the true status of their orders in our files.
- NEW ORDERS**—We welcome your order for a new Chevrolet at any time.

WE THANK YOU FOR YOUR PATIENCE AND LOYALTY IN AWAITING DELIVERY OF YOUR NEW CHEVROLET

CHEVROLET

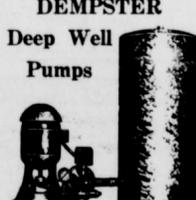

Guy Chevrolet Co., Inc.
Artesia, New Mexico

IT'S OUR JOB TO HELP YOU DO YOURS BETTER

We live here so we like to see local prosperity, and we think one of the best ways of achieving it is to keep local farms supplied with the things they need to produce greater crops.

Forces of Attraction Keep a Comet in its Course...

and OIL-PLATE Your Engine!

BASIC forces of attraction and repulsion keep a comet in its course around the sun. By ceaseless study of the molecular attraction between liquids and solids, Conoco engineers are able to bring America's motorists new and better oils.

For example, under the laws of molecular attraction, a special ingredient in Conoco Nth motor oil is attracted to working surfaces of your engine. So strong is this attraction that cylinder walls and other parts are OIL-PLATED.

And because molecular attraction holds OIL-PLATING up where it belongs... prevents it from all draining down to the crankcase, even overnight... you get these benefits:

- added protection when your engine starts up
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

BETTER OIL-PLATE NOW!

Pedestrians should look first to the left, then to the right, before crossing a street. Traffic coming from the left is nearest.

Warning Of Fire Dangers Issued To All Hunters

Always when hunting season opens there is increased danger of fires getting started. This is true of bird seasons in the grasslands as well as big game seasons in the mountains. Tens of thousands of hunters in the field smoking and building thousands of camp fires presents a great fire hazard. Especially so since the season of forage maturity is then at hand and the dry, well-cured grasses and weeds, as well as fallen tree leaves, are becoming

as inflammable as an oil soaked rag. The Game Department is always fearful that some careless hunter will start a fire which may do untold damage to winter forage, property, and game. Such incidents are tragic and result in bringing the whole hunting fraternity into disrepute with the Forest Service and with farmers and ranchmen who often provide the home for wildlife and a place for the sportsmen to hunt.

Fire can be avoided if every individual will do his part. The use of effective prevention measures are simple and cost nothing. If all hunters will observe the following simple rules no prairie or forest fires will be started by them:

Always put out matches and cigaret stubs and put them in your pocket instead of throwing them away. Do not build any kind of camp fire in the grass lands. It is not necessary.

In the big game areas build camp fires only in safe places after all inflammable material is cleared away. Be sure the fire is out before leaving it.

Should you observe a fire, exert every effort to put it out before it becomes uncontrollable.

State Game Warden Elliott Barker said, "We don't want to have to close any hunting seasons on account of fire hazard. We won't have to if you sportsmen will all do your part in preventing fires. Remember hunters, you are definitely on the spot."

"We earnestly urge every hunter to put out his matches and cigaret stubs and always put them in his pocket. That is so much safer than throwing them away. Fire prevention costs nothing; fires are destructive of your interests and expensive for the land owner, whether he be an individual or a public land agency. Let's all do our part faithfully in preventing fires this year."

Veterans Can Obtain Possession Of Homes Bought In Six Months

Veterans who buy houses for their own occupancy must now wait a standard period of four months before they can evict tenants, whereas non-veterans are required to wait six months, according to District OPA Rent Executive Flynn O'Malley.

The new ruling relieves rent area directors of responsibility for deciding how long the veteran buyer should have to wait. Previously the area directors had au-

thority to shorten the six-month period for a veteran, deciding for themselves what the time should be on the basis of the needs of both buyer and tenant.

Now the two fixed periods, six months and four months, apply to everyone who buys a rented house to live in, regardless of the tenant's status.

Modern automobiles carry a minimum of five control gauges on the instrument panel. There are gauges for fuel, oil pressure, heat, electricity, and speed.

There are 36 columns in the Lincoln Memorial, representing the number of states in the Union at the time of Lincoln's death.

NOTICE OF SALE

WHEREAS, on the 14th day of November, 1945 WARREN E. NUNNELEE executed and delivered to RECONSTRUCTION FINANCE CORPORATION a chattel mortgage lien on:

- 1-1941 GMC long wheel base 2 1/2-ton rated capacity truck, Engine No. 24815948
- 1-1941 Hyde Pole trailer equipped with booster brakes, Serial No. KP305

to secure the indebtedness described in said chattel mortgage, being one promissory note in the principal sum of \$2,750.00 bearing interest at the rate of 4% per annum and providing for monthly payments of \$114.59 plus interest, commencing 30 days from date of note; said chattel mortgage being filed in the Chattel Mortgage Records of Eddy County, New Mexico on the 20th day of May 1946 under No. 66928; also filed of record in the Chattel Mortgage Records of Otero County, New Mexico on the 16th day of November, 1945; and

WHEREAS, default has been made in the payment of said indebtedness secured by said chattel mortgage and Reconstruction Finance Corporation, a corporation, the legal owner and holder of said indebtedness, has exercised the option granted in the said note evidencing same and in chattel mortgage, and has accelerated the maturity of said indebtedness and has declared all of the unpaid principal and interest due and payable and possession of the collateral securing said indebtedness has been delivered to Reconstruction Finance Corporation under the terms and conditions of said chattel mortgage and Reconstruction Finance Corporation will proceed to sell said property, or so much thereof as may be necessary to satisfy the mortgage together with all costs incident to taking

possession of, caring for, advertising and selling such property.

NOW THEREFORE: NOTICE IS HEREBY GIVEN: That on the 23rd day of November 1946, between the hours of 9:00 A. M. and 5:00 P. M. I, the undersigned, as Agent for the Reconstruction Finance Corporation, will sell said personal property at the ARTESIA ALFALFA GROWERS' ASSOCIATION'S place of business in Artesia, New Mexico, to the highest bidder for cash, said property offered for sale being:

- 1-1941 GMC long wheel base 2 1/2-ton rated capacity truck, Engine No. 24815948
- 1-1941 Hyde Pole trailer equipped with booster brakes, Serial No. KP305

WITNESS my hand this 17th day of October 1946.
A. J. McKinnon,
Agent.

SC Choir To Sing Here Tonight

Here is the A Capella Choir of 47 voices from North Texas State College, which will appear at the Artesia High School auditorium at 8 o'clock this evening in the first of a series of concerts scheduled for the com-

ing winter months, under the sponsorship of the Artesia Concert Association. The A Capella Choir is under the able direction of Dr. Wilfred C. Bain, dean of the School of Music at NTSC.

Hatch Stresses Curtailment Of Federal Spending

The efforts President Truman and the government are making to curtail federal spending and to balance the budget were stressed here Wednesday evening of last week, when Senator Carl A. Hatch of New Mexico was principal speaker at a banquet in his honor on the Roof Garden of the Artesia Hotel.

His listeners were guests of the local Democratic party organization, which had to turn down reservations, after the capacity of the Roof Garden had been filled.

Senator Hatch said he realizes Artesia is in need of a new post-office, but that perhaps the community can wait a little while, as the program of curtailing expenditures for public works is being pushed. "I just mentioned this to show you what I mean, as we do want to keep down expenditures," the senator said.

In opening his remarks Senator Hatch reviewed the histories of the Republican and Democratic parties and pointed out progress under the latter. He quoted many people as saying, "We have had enough and want a change." Then, relating the accomplishments under Democratic leadership, Senator Hatch said, "I have not had enough."

Harking back to the days after World War I and comparing them with the present, Senator Hatch said this is practically the only nation in which freedom of enterprise and private competition are enjoyed. "No, I have not had

enough of progressive humanitarianism," he said.

Deficit spending was inherited from the Republican party, the senator said, and there was nothing else to be done at the time. And then during the recent war it was known that the quicker the nation equipped itself and the better equipped, the more of the nation's sons would come back.

But now, the senator continued, an effort is being made to balance the budget and President Truman has curtailed public works. Senator Hatch related that he spent a month watching the atomic tests and that he visited some of the battlefields where American boys are resting far from home.

"I think of them tonight," the senator said. "They fought and died in order that this country might survive. We have our institutions. Are we not going to preserve the institutions of free government and cast a ballot to preserve the kind of government we want? It is part of our patriotic duty to vote on election day."

Senator Hatch was introduced by H. R. (Ray) Rodgers, Democratic candidate for state treasurer, who happened to be in Artesia.

Vets Training Under GI Bill Must Report

Veterans who are in training, either institutional or on-the-job, under Public Law 346 (the GI Bill) are required to submit to their respective regional offices a report on their earnings for the months of August, September, and October.

The Veterans Administration presiding at the banquet was J. B. (Buster) Mulcock, Democratic precinct chairman.

has announced that unless this report is made to the regional office on or before Nov. 12, the veteran's subsistence allowance payments will be suspended and will not be resumed until a report of earnings is received.

Forms on which this report of earnings may be made were enclosed with checks covering subsistence allowance received by veterans on Sept. 1 and Oct. 1. The forms will be enclosed with checks to be delivered Nov. 1. In case the veteran does not have this form, he should report his earnings by letter to the regional office, stating the total amount of wages, salaries, or other remuneration by month, regardless of whether such income is related to his course of training.

It was Will Rogers who said, "Everything is funny as long as it is happening to somebody else."

Fresh milk, butter, fresh fruit juices, yolks of eggs, meat juices, and cereals are foods particularly rich in vitamins.

It was Edmund Burke who said, "If I were an American and a foreign troop landed in my country I never would give up my arms."

Inhabitants of Alaska and Northern Canada use the caribou as a work animal.

The popular name of the B-29 war plane is the Superfortress.

'Apple Week' Is To Be Observed Oct. 26-Nov. 2

The week of Oct. 26 to Nov. 2 has been proclaimed as "Apple Week" and Oct. 31 has been designated as "Apple Day," according to Edith Woodard, nutrition specialist of the New Mexico Extension Service.

The 100% NEW PEACOCK WALLPAPERS ARE HERE

They represent the work of FOUR YEARS and combine the latest and the best in wallpaper design and coloring.

Mayes & Co.
601 S. Second — Phone 102

The apple is probably today's most underrated nutritional food, Miss Woodard says, although as long ago as 1906 the USDA had analyzed the apple and found it contained 13 per cent carbohydrates. A further breakdown showed that the apple contains 2.2 per cent glucose, 7.25 per cent fructose, 2.7 per cent sucrose, and .2 per cent starch.

"As there is a good apple crop in the United States this year," Miss Woodard declares, "home-makers can include apples in the diet every day. This may be done by serving apples for breakfast, baked or as apple sauce or apple juice. And for luncheon or dinner they may be served baked, in apple salads, or the ever popular apple pie. Eaten at night, an apple is a dentrifice for the teeth and a regulator for the body."

"When sugar is short, make a fruit salad with plenty of apples. Or try using two slices of apple instead of bread with a slice of cheese between, as an apple sandwich for afternoon tea or lunch."

"Remember," the nutritionist adds, "there's lots of sense to the old adage about an apple a day keeping the doctor away."

The fifteen pounds of grain it takes to feed three or four non-producing hens for a month will provide enough grain to feed a starving person for the same period, says E. E. Anderson, poultry specialist of the New Mexico Extension Service.

REA coops are genuine coops in every sense of the word—they are owned, operated, and controlled by the people they serve.

Farm Topics
Heavy Eating Bees Must Be Well Fed
Annual Requirements Six Times Bees' Weight

By W. J. DRYDEN

Some colonies of bees gather a type of honey in the fall that they cannot digest during the winter. All bees need about six times their own body weight a year in feed, which means that a 10-pound colony requires 60 pounds of honey and four or five combs of pollen stored in the hive to carry them through the winter.

When bees are lacking in honey they can be fed sugar syrup im-

Sugar syrup being given to hives of bees at USDA testing laboratory immediately after the fall honey flow ceases, to provide them with food for the winter.

When bees are confined their rations must be watched. If they run out of pollen, it may be furnished by feeding soybean flour. The flour should be fed on top of the frames where they can get it during bad weather when they need it most.

When new bees are housed, a can of sugar syrup may be placed in each hive, as shown in the illustration. This same method may be followed when bees run short on honey for any reason.

Permanent Pasture Is Paying Off Well For Otero County Rancher

No one understands the meaning of the word, "permanent" more fully than the rancher who has had to beg, borrow, or steal water for his livestock during drought seasons, says Gertrude Painter, Otero County ACA secretary.

Gilbert Langford, whose ranch is located 17 miles southeast of Alamogordo, set about with the assistance of the Agricultural Conservation Association in 1937 to put his 12,098-acre ranch into shape so that he would not have to beg, borrow, or steal!

Boundary fences were rebuilt to eliminate trespass, cross fences were built to make deferred grazing possible, tanks were built in the new pastures, barren acres were re-seeded to permanent pasture grasses, and this year three wells ranging from 230 feet to 340 feet deep have been drilled.

FARM PRODUCT DEMAND TO REMAIN HIGH

Farmers can expect another year of strong demand for their products in 1947, though demands may taper off during the last half of the year.

This is forecast by the Department of Agriculture, which also believes that the net income—the Profits of farm operators next year may be 10 to 15 per cent less than in 1946 because prices paid by farmers may advance faster than prices received for farm goods. Probable farm income, however, may be 2½ times the 1935-39 average.

All Steel Junior Two Drawer letter size files now available at The Advocate.

ADVOCATE WANT ADS GET RESULTS

Farms In U.S. Chalk Up Year Of Record Crops

New production records for corn, wheat, tobacco, potatoes, peaches, pears, plums, and truck crops are pushing the 1947 harvest to the highest levels in history for U.S. crop production. Crops this year are generally tops in quality too, USDA reports indicate.

Crops in the near-record class are oats, rice, peanuts, grapes, cherries, and sugar cane. Average or better crops are promised for hay, soybeans, dry peas, flax seed, sorghum grains, sugar beets, sweet potatoes, and apples. Dark spots in the production picture are cotton—for which prospects have dropped to the lowest in 15 years—rye, broomcorn, dry beans, and pecans. Prospects for total oil crops remain lower than last year.

Food and grain crops will probably total the highest on record. Food grain production will amount to 127.5 million tons, 4 per cent above the 1942 previous high. This total is made up of 337.4 million bushels of corn, 1527 million bushels of oats, 255 million bushels of barley, and 88 million bushels of sorghum grain. Feeding supplies per animal unit are expected to be the most liberal in history, despite relatively small carry-over stocks. Liberal roughage seems assured by the 97-million-top crop of hay, with record large carry-over and large crops of rough forages.

Production of food grains at 37.4 million tons also tops any previous year. The wheat crop is estimated at more than 1169 million bushels—46 million larger than any previous crop—rice production at 70 million bushels, and rye at 21.4 million bushels. Sugar crop prospects continue high, though sugar beets have declined slightly.

Grain Branch Is To Sell Grass And Clover Seed

More than 12 million pounds of Sudan grass seed from the 1944 crop is available for sale, according to an announcement from the grain branch of the Commodity Credit Corporation. The Sudan grass seed is now being retested and will be reoffered for sale next month at a little more than 7 cents per pound, f.o.b. storage point, Kansas City, Mo.

C. V. Hemphill, director of the Production and Marketing Administration, in releasing this information said the Commodity Credit Corporation also has a large stock of Lespedeza Kobe of the 1945 crop, which is available at cost or about 16 cents per pound, and more than a quarter million pounds of Alyce clover of the 1945 crop at 26 cents per pound, both prices f.o.b. storage point, Kansas City.

In addition, Commodity Credit Corporation has about 72 thousand pounds of top quality Ladine clover seed from the 1945 crop available at \$1.50 per pound, f.o.b. storage point, Portland, Ore.

These seeds have been acquired by the Commodity Credit Corporation under the hay and pasture seed loan programs, Hemphill said. They are for sale in lots corresponding to the quantity shown on individual warehouse receipts or cartlots.

Inquiries for Sudan grass, Lespedeza Kobe, and Alyce clover should be directed to the director, Grain Branch, United States Department of Agriculture, 1004 Baltimore Avenue, Kansas City 13, Mo., and for Ladine clover seed to director, Grain Branch, United States Department of Agriculture, Eastern Outfitting Building, Portland 5, Ore.

Cotton Quotes

"The world need for cotton has not fallen off. It has, to the contrary, increased as population has increased despite the war."—Oklahoma Cotton Grower.

"King Cotton's realm faces heavy readjustments, but these point to a stronger position than ever for his product and greater

wealth for his subjects."—William Hurd Hillier in Forbes Magazine.

"There is as much danger today of a cotton famine as there was of a cotton surplus five years ago."—Carolina Cooperator.

"Five bolls of cotton are now worth a cent. All of us have seen the time when it took 35 to be worth a cent. Debts made at 35 bolls of cotton to the cent can now be satisfied in all honesty at five bolls to the cent."—J. M. Elcater in Progressive Farmer.

"Any student of cotton who realizes the crop's proper place in a balanced Texas farm economy comes to the conclusion that we have about reached the irreducible minimum. There are many reasons why cotton crops in Texas should increase."—Victor H. Schoffelmayer in The Dallas News.

"The cotton stalk destruction program has greatly increased the yield of cotton in this section. In 1945, I had 25 acres of cotton and made 16 bales; in 1946, I had 36 acres and made 33 bales."—Felix Keller, cotton farmer, Edcouch, Tex.

"Even if cotton acreage in 1947 should jump 50 per cent, it is doubtful if that production and carryover would be sufficient to require the secretary of agriculture to order acreage quotas in 1948. With domestic and foreign consumption of American cotton expected to remain at high levels throughout 1947, the added production would still keep the 1948 carryover below the level normally considered adequate for supply and demand."—Edward Jamieson in The Cotton Trade Journal.

Farm Briefs

One point stressed by the New Mexico Extension Service is the need for storing only the fruits and vegetables that are mature and in good condition, free from the slightest sign of injury or decay. Once decay starts in a bin of food, the whole lot may spoil quickly. Stored foods should be checked frequently during the fall and winter and any that show signs of spoilage should be removed promptly.

If we're to have plenty of fresh vegetables for winter eating from our backyard gardens, it's the right time now for fall gardeners to get seeds in the ground for winter lettuce, carrots, cabbage, cauliflower, beets, turnips, spinach, chard, and winter peas.

Pears, peaches, and plums are the three record-size fruit crops of 1946, according to the latest report of the U.S. Department of Agriculture. Also making records this year are wheat, corn and truck crops. Near-record size crops are grapes, cherries, peanuts, and sugarcane. Crops that are average-size or better are prunes, apricots, sugar beets, soybeans, and dry peas. In contrast the crops that are below average this year in size include rye, which is far below average, and buckwheat, dry beans, sweet potatoes, and pecans. The oil crops as a group are much smaller than last year.

Some people think the principal role played by the honey bee is to produce honey and beeswax. But this is not true. The bee's main benefit to mankind is the job he does in the pollination of agricultural crops for the production of seed and fruit. Without insects to effect pollination, many species

of plants will not set seed or produce fruit, no matter how well they are cultivated, fertilized and protected from disease and pests.

United States farm flocks laid 3,636,000,000 eggs during August, 28 per cent fewer than in August, 1945, but 17 per cent more than 1935-44 average, according to E. E. Anderson, poultry specialist of the New Mexico Extension Service.

The total egg production in the nation for the first eight months of this year was 41,670,000,000, or 2 per cent less than for the same period in 1945, but 27 per cent above the average. New Mexico produced 92 million eggs from January to August, 1946, averaging 1228 eggs per 100 layers during August.

The total of 11,100,000 people engaged in farm work in the United States includes 8,300,000 farm operators and unpaid members of their families and 2,800,000 hired hands. The total farm population in the nation this year is 25,990,000, which is 800,000 more than last year and the first increase in 14 years.

The word, "sesame," had various meanings in legend and literature, but in modern food and trade sense it means a tiny seed yielding chiefly a useful vegetable oil.

A medium-sized potato has the same calorie count as a big apple, says Edith Woodard, nutrition specialist of the New Mexico Extension Service.

If one non-layer out of every seven hens on New Mexico farms were marketed, 150 million more pounds of meat would be available to relieve the meat shortage and conserve the grain.

By 1960 the world will have to double its food supply to feed its population adequately, the FOA conference in Copenhagen reports.

When tillage begins, other arts follow. The farmers, therefore, are the founders of human civilization — Daniel Webster's "Remarks on Agriculture," Jan. 13, 1840.

Consumption Of Food This Year Above 1935-39

Per capita food consumption in the U.S. this year is running 15 per cent above the prewar 1935-39 average and 3 per cent above last year. The USDA Bureau of Agricultural Economics says this high eating rate is expected to continue in 1947 despite the current, well-publicized shortages.

Meat consumption this year will probably average between 140 and 145 pounds per person, compared with 137 pounds last year and 125 pounds before the war. Next year's meat supplies will be about the same as this year but may be spread more evenly throughout

the year. BAE expects about the same supplies of chicken and turkey, vegetable fats and oils, potatoes, dry beans, and most fruits for 1947 as this year.

Smaller supplies are in prospect for eggs, fresh vegetables, and milk. Increases are expected in supplies of butter, lard, cheese, citrus fruits, flour, rice, sugar, and fish.

WOOL SELLING PRICE RAISED TO PARITY

The selling price of wool owned by the Commodity Credit Corporation has been increased, effective Oct. 14, an average of 1½ cents a pound, grease basis, with variations for grade and size. The adjustment is the first increase since prices were reduced in November, 1945, to encourage the consumption of such wool by domestic mills.

This upward adjustment is in-

tended to bring the price with parity, and will apply to domestic wool owned by C

of Artesia was elected a vice president of the Men's Brotherhood.
Of 43 persons from here at the convention, 34 men attended the men's opening session Monday evening, the largest representation of any church in the state. Total registration of men and women was about 1200.

The women from here attended sessions of the Women's Missionary Union.

Besides Cole, officers elected to head the Men's Brotherhood were: President, Harry Latham, Deming; vice president, Hubert Chapman, Clovis; recording secretary, Charles Willis, House; general secretary W. J. Lits, Albuquerque; chorister, Joe Daniels, Roswell; pianist, V. E. Boyd, Portales.

Those attending some session from Artesia: Rev. and Mrs. S. M. Morgan, Rev. and Mrs. S. S. Perry; Mr. and Mrs. D. A. Benson, Mr. and Mrs. Burr Clem, Mr. and Mrs. Fred Cole, Mrs. T. E. Brown, Mrs. J. C. Vandeventer, Mrs. Vernon Bolton, Mrs. G. E. Jordan.

**New Weed Killer Is
Approved For Payment
Under ACP Practices**

The chemical, 2,4-D, has been recognized and approved as an effective chemical for use in the eradication of bindweed under the 1947 Agricultural Conservation program, and farmers and ranchers may earn payment by the use of this chemical, subject to prior approval by the county ACA committee.

Hoey Connelly, PMA program specialist, says that Department of Agriculture scientists have reported that cattle and sheep grazed on pasture treated with 2,4-D reveal no unusual effects from the herbicide. They point out, however, that their experiments have been conducted with pure 2,4-D, and warned that commercial 2,4-D preparations could contain impurities and other ingredients which might have toxic effects.

Awards Durbin
Service Emblem**

MARLIN DURBIN

Marlin Durbin, local employee of Southern Union Gas Company, has completed 10 years with that organization and, as is the policy of Southern Union, has been awarded a service emblem, signifying the completion of 10 years of continuous service.

Mr. Durbin was employed by Southern Union on Oct. 30, 1936, as a laborer. During the years he has been with the company, he has worked in various capacities. He has done service work on the main line, construction work in hooking up gas wells, running main lines, building the compressor stations. He has also acted as inspector on many of Southern Union's main line construction jobs.

Southern Union Gas Company provides natural gas for 29 towns and cities in New Mexico and West Texas. The local office in Artesia located in the Carlsbad district, is under the direction of Charles T. Gaskins, District manager s H. N. Oldham of Carlsbad.

HANGAR FLYING

H. J. Bradley took both his dual and solo cross-country flights this week. He is training for a private pilot license on the veteran training program.
A course in civil air regulations will be held at ground school at 7 o'clock this evening.
A showcase has been added at the airport.
Cross-country students stopped in this week at Socorro to visit the

New Socorro airport manager, Ted Heidel, formerly of Artesia and the Hazel Flying Service. They reported Heidel doing nicely but missing his Artesia friends.

No new pilot licenses were issued this week. Flying was very slow and scarce.

Jimmy Cunningham soloed last week. He is a veteran trainee.

Robert Gates and Herman Fuchs flew to Magdalena and Socorro Sunday on dual cross-country.

A. L. (Pot) Bert took his first passenger hop Sunday when he took his wife and son, "Pistol," for a ride. He recently received his private pilot license.

Work is being done on restrooms at the airport.

John Mathis And Son Are To Open Insurance Agency

John A. Mathis, Sr., has announced the opening of the Mathis and Mathis Insurance Agency with offices temporarily located at the Mathis home at 704 Texas Avenue. John A. Mathis, Jr., a son of John A. Mathis, Sr., will be associated in the new firm here, which announces it will handle a complete line of life, fire, casualty, and all affiliated lines of insurance. Mr. and Mrs. John A. Mathis, Jr., are spending this week in Denver, Colo., where they are studying office routine and securing complete and full information on fire and casualty insurance of old line companies. Mrs. Mathis will be in charge of the office upon their return. Plans call for the setting-up of a suitable downtown office as soon as adequate quarters for the office can be found and secured. The

new firm plans for the operation of their company to begin business on Nov. 1. Mr. Mathis has been a resident of Artesia for some six years and is manager for the Union Life Insurance Company of Little Rock, Ark. He has many clients and is well known here. He is a member of the Chamber of Commerce, the Rotary Club, and is a civic worker and booster for Artesia. John A. Mathis, Jr., was discharged some months ago after serving 20 months overseas. He has resided in Artesia or called this his home for four years. He is a graduate of Texas A and M College. Mrs. Mathis is a graduate of Baylor University. Mrs. Mathis has been active in the Parent-Teachers Association at Central School and church affairs since they have resided here. They decided to go into business in Artesia because they like the city, want to live here and because they feel it is a fine community in which to reside and to raise their two sons.

Evangelist Is In Campaign At Nazarene Church

REV. THOMAS HAYES

An evangelistic campaign at the Church of the Nazarene in Artesia opened Tuesday evening, to run through Nov. 10, with Rev. Thomas Hayes of Colorado Springs, Colo., bringing the messages. The services are being held at 7:30 o'clock each evening at the church at Fifth and Quay. Rev. Hayes is a speaker of national reputation and is known from coast to coast for his ability as an evangelist, according to Rev. Joe Stephens, pastor. Here for the evangelistic services is Will Collins of Pueblo, Colo., who sings and plays an electric guitar and leads in the congregational singing. Rev. Hayes is assisted also by two members of his family, Mrs. Hayes and their daughter, Miss Nadene Hayes, who also sings. The pastor has extended an invitation to everyone to attend the

Church of the Nazarene evangelistic services and hear the messages which Rev. Hayes is bringing to Artesia. The Holland Tunnel, connecting New York City and Jersey City, and built under the Hudson River, is the most expensive automobile road ever built in this country. It is only 1.6 miles long, but cost \$48,000,000.

It was Mark Twain who said, "Cauliflower is nothing but cabbage with a college education."

Thousands of Veterans Killed

PETER J. RENO, Left, and Late SENATOR CUTTING

When the so-called "Economy Act" was passed by Dennis Chavez and his political gang. That was the act that tossed sick, helpless, disabled veterans out of Veterans' hospitals. Thousands lost every cent of their pensions and 70% to 80% cuts were frequent. Those poor, sick, helpless heroes died for lack of medical and hospital care, food and attention, while Dennis Chavez and his gang filled these hospitals with their civilian political proteges.

What Did They Do With The Money Saved?

Here's where a good hunk of it went—to the CRRA—Chaves Relatives Relief Association. Following is a partial list of the CRRA and the salaries each received:

- Sen. Dennis Chavez, \$10,000; Brothers-in-law Raymond Espinosa, \$7,500; Bob Jeffries, \$6,000; G. Blythe, \$3,000; Gilberto Espinosa, \$3,000; Tinny Espinosa, \$3,000; Luis Espinosa, \$1,200; Gillie Salazar, \$1,240; Joe Brazil, \$980; Connor Kerr, \$7,500; Son Dennis Chavez, Jr., \$4,400; Son-in-law, Stanley Miller, \$1,800; Sisters, Clementina Salazar \$3,000; Barbara Sena, \$1,500; Anita Tafoya, \$900; Sister-in-law Carmen Espinosa, \$1,500; Nieces Angie Salazar, \$1,080; Marie Brazil, \$1,080; Annie Brazil, \$1,080; Nephews, Salamon Tafoya, \$1,500; Georgie Tafoya, \$1,500; Tito Tafoya \$1,200; Daniel Tafoya, \$900; Ray Sena, Jr., \$1,300; Dave Sena, \$720; Mike Chavez, \$980; Cousins Tegue Cortez, \$1,800; Mrs. Tegue Cortez, \$980; Dick Durand, \$3,000; Juan Nuanes, \$1,800; Godfather Tony Werner, 5,000. Total, \$80,440.

That's how Senator Dennis Chavez and his family were faring at the public trough while the Administration of which he so proudly boasts, allowed thousands of sick and helpless veterans to die for lack of a few dollars.

Peter J. Reno

This is a picture of just one of the thousands of disabled veterans who were the victims of the ruthlessness of Chavez and his political gang. Here is Reno's story, taken from the July, 1933, issue of a Veterans' magazine:

"Brutal effects of the so-called 'Economy Act' was dramatically brought home to the Senate when Senator Bronson Cutting, New Mexico Republican, introduced a war-shattered veteran from whom the 'Economy Act' had taken \$70 of his \$100 monthly pension. "With a gaping wound in his back through which his heart can be seen beating, the veteran, Peter J. Reno of Fort Bayard, N. M., arose in the Senate gallery when Senator Cutting pointed to him. "Reno fought in FIVE MAJOR OFFENSIVES IN FRANCE and on two occasions was cited for bravery. He was gassed and while still in the Army developed an infected lung. He was honorably discharged. "At a Veterans' Bureau hospital, surgeons cut away 12 ribs in an operation on his lung. The incision was so broad and deep the wound never closed. Reno was first notified the Government was going to take away \$80 of his \$100, but after Senator Cutting took up his case, they took away only \$70." Senator Cutting paid Reno's way to Washington and by showing him to the Senators, he put over legislation partially repealing the "Economy Act." For this, Chavez and his political gang never forgave Cutting and in 1934 Congressman Chavez ran against Cutting, but the veterans stuck to Cutting and beat Chavez. Before Chavez and his gang criticize Hurley or anyone else for their treatment of veterans, it would be wise for them to review their own. It wouldn't do any harm for Senator Chavez to explain how he and Judge Mabry missed two World Wars. VETERANS: LET'S NEVER LET THIS HAPPEN AGAIN. VOTE FOR YOUR COMRADES AND FRIENDS. There are seven veterans on the Republican ticket. Let's go down the line for the GOP. They've done it for us.

We're back AT YOUR DOORSTEP WITH Price's PRODUCTS

It's been over three years since we have had the pleasure of making regular calls on our customers.

Starting Monday, November 4th, Price's will resume regular house to house deliveries—and—we're glad to be back because we've missed the friendly contacts with our host of customers here in Artesia.

Wartime emergencies and the lack of manpower and equipment forced us to discontinue deliveries but we're becoming readjusted rapidly and are happy to be able to

give Artesia a better and more complete service.

Price's hope that the return of our regular delivery service will reestablish old friendships and enlarge our family of Price's fans.

Price's products are scientifically protected and processed—they are all tops in taste, nutrition and purity.

Now we can DELIVER the finest dairy products obtainable regularly—TO YOUR DOORSTEP.

CHRISTIAN SCIENCE SERVICES
 613 West Main
 Sunday school, 10 a. m.
 Sunday service, 11 a. m.
 Wednesday service, 7:30 p. m.
 "Everlasting Punishment" is the
 subject of the lesson-sermon which
 will be read in all Churches of
 Christ, Scientist, on Sunday, Nov.
 3, 1946.
 The Golden Text is: "The Lord
 is known by the judgment which
 he executeth: the wicked is snared
 in the work of his own hands."—
 (Psalms 9:16.)
 Among the citations which
 comprise the lesson-sermon is the
 following from the Bible: "Let

the wicked forsake his way, and
 the unrighteous man his thoughts;
 and let him return unto the Lord,
 and he will have mercy upon him;
 and to our God, for he will abund-
 antly pardon."—(Isaiah 55:7.)
 The lesson-sermon also includes
 the following passage from the
 Christian Science text book: "The
 destruction of sin is the divine
 method of pardon. Divine Life
 destroys death, Truth destroys
 error, and Love destroys hate. Be-
 ing destroyed, sin needs no other
 form of forgiveness. Does not
 God's pardon, destroying any one
 sin, phopsey and involve the final
 destruction of all sin?"
 Visitors always welcome.

Santa Fe
that's the System!

One shipper tells another:
 the way to get better on-
 time delivery of freight ship-
 ments to and from the West
 and Southwest is to ship
 Santa Fe.

Here are some of the rea-
 sons Santa Fe keeps freight service "on
 the advertised" (which is railroad lan-
 guage for "on-time performance"):

- 1: world's largest fleet of freight diesel locomotives.
- 1: more miles of double track than any other western road.
- 1: more miles of Centralized Traffic Control, which enables freight trains to meet and pass non-stop.
- 1: world's largest private telephone system, to keep shipments moving more swiftly.
- 1: increased yard capacity, and improvements along the line, such as curve straightening, new bridges, longer sidings.

It all adds up to getting what you want where and when you want it, when you ship Santa Fe.

Ship Santa Fe all the way

For freight and passenger information see your local Santa Fe Agent

New Chamber—
(CONTINUED FROM PAGE ONE)

Moore entered the armed forces in April, 1942, being a member of the Air Corps. He was discharged in November of 1945. He came out with the rank of first lieutenant. Prior to entering service he had attended the University of Missouri, where he had taken journalism. He worked for the United Press and for the Little Rock Gazette and then joined the Greater Little Rock Chamber of Commerce, where he served as assistant industrial secretary. He

resigned that position to become manager of the Fordyce Chamber of Commerce. He is married and has a 2-year-old daughter. Moore was selected here by the board of directors to carry on the work, which Watson started. Some He hopes and expects to become acquainted as quickly as possible eight applicants had applied. President McAnally has requested the full cooperation of officers, directors, and members in assisting him in this and in the program for the city of Artesia and the Artesia community.

National Dental Examiners Honor Dr. J. J. Clarke

DR. J. J. CLARKE

Dr. J. J. Clarke, prominent New Mexico dentist and a practicing dentist in Artesia for more than 40 years, was elected vice president of the American Association of Dental Examiners at the national convention held in Miami, Fla., recently. Doctor Clarke has served for the New Mexico Board of Examiners for many years and is known as the dean of examiners in this section of the nation. The convention in Miami was the 63rd annual session of the national organization. Doctor Clarke also attended the national convention of the American Dental Association House of Delegates and was a delegate from New Mexico. This convention followed that of the Dental Examiners. He returned to his home in Artesia last Thursday morning and has resumed his practice here. Doctor Clarke stated that the two conventions stressed many of the problems of their professions and devoted considerable attention to new phases of dental work and to new and recommended practices in dental surgery and dental work.

Grayburg Stakes Wildcat, To Be Drilled To 5000 Feet By Rotary Rig

After no completions reported in the Eddy County oil fields last week, only one was made this week, while two new locations were staked. One of the locations is the Grayburg Oil Company's Grayburg 13-B, a 5000-foot rotary wildcat test in SE NE 26-17-29. It was disclosed that if no production is encountered by the time the 5000-foot depth is reached, the well will be used for an input well for pressure maintenance on the Grayburg lease. The other location was the George Turner, Wills 16, SE NW 13-20-28. Completed was Skelly Oil Co., Dow 12-B, NE SW 21-17-31; total depth 2200 feet; flowed 50 barrels of oil per day after shot. **Drilling Report** Magnolia Petroleum Corp., Black Hills 1, NW NE 31-17-20, rank wildcat deep test west of Hope. Total depth 5846; fishing bit cones. Potash Co. of America, Riggs 1, SE NE 22-21-23. Drilling at 3690. J. N. Fidel, Fidel 1, SW SW 35-18-29. Drilling at 2285. G. B. Suppes, Johnson 10-B, SW SW 34-16-31. Drilling at 3360. S. P. Yates, Leonard 3, NW SW 34-17-29. Drilling at 2830. Mesa Retailers, Inc., Blindsnake 1, NW NE 2-16-25. Drilling at 950. Skelly Oil Co., Dow 11-B, NW NW 23-17-31. Total depth 3724; plugged back to 3528; cleaning out after shot. Red Lake Oil Co., State 14, NE NW 28-17-28. Total depth 1986; running tubing to test. American Republics Corp., Robinson 12-B, SE NE 27-17-29. Total depth 2902; testing after acid. Grayburg Oil Co., Keely 11-A, NE SE 24-17-29. Drilling at 2701. E. Orcutt, Kepple 2, NE SE 19-17-27. Total depth 1805; preparing to cement. Franklin, Aston & Fair, Yates 8-A, NE NW 6-18-30. Drilling at 2625. F. E. Levers, Donohue 1, SE SE 27-16-29. Drilling at 1910. George Turner, State 1, SW NW 21-20-28. Total depth 800; shut down for orders. Willis F. Lackey, Anderson 1, NW SE 31-19-28. Drilling at 1010. C. L. East et al, State 1, NE SE 33-17-29. Total depth 3237; plugged back to 3101; preparing to acidize. Sanders Bros., Hultman 1, SE NE 32-16-26. Total depth 6761; plugged back to 5300; preparing to acidize. American Republics Corp., Robinson 9-B, SE SW 27-17-29. Total depth 3070; running plastic plug. American Republics Corp., Robinson 7-A, NE SE 27-17-29. Drilling at 895. Snowden Oil & Gas Co., Ltd., George Etz 9-X, SW NW 35-16-30. Total depth 3565; bridged back to 2990; cleaning out. Grayburg Oil Co., Grayburg 13-B, SE NE 26-17-29. Derrick erected; waiting on rotary. J. E. Beddingfield, Brainard 1, SW SE 25-17-29. Drilling at 70. Fren Oil Co., Friess 7, SE SW 19-17-31. Drilling at 595. Martin Yates III, Yates 5-A, NW SW 6-18-30. Total depth 431; waiting on cement.

Examination For Postoffice Jobs Here Announced

Applications are being received for an examination for substitute clerks and carriers for the Artesia postoffice, it has been announced by C. L. Edwards, director of the 13th Civil Service region. They must be received not later than Nov. 13 at the office of the 13th Civil Service region, New Customhouse, Denver, Colo. Full information may be secured from C. G. Twilley, secretary of the Board of U.S. Civil Service Examiners at the Artesia postoffice. Edwards announced the starting salary for the positions of substitute clerk and carrier is \$1.04 an hour and systematic increases on a regular schedule are provided. It was pointed out the most important means of communication today is the efficient and far-reaching mail service in this country, which it has taken years of growth and organization to develop such a system, today accepted as part of modern living.

Van Welch Asks Senator Chavez To Explain Vote

Van S. Welch, prominent Artesia independent oil operator, wrote to Senator Dennis Chavez Wednesday by airmail, asking the senator to justify the fact he had voted against Senator Moore's amendment to the last OPA bill for decontrol of oil. His letter in full: The Honorable Dennis Chavez, Santa Fe, New Mexico. Dear Senator Chavez: Being an independent oil producer and taxpayer in the state of New Mexico, I am naturally interested in the development of the state's natural resources, especially oil and gas, which contribute more revenue to the state than any other industry. Therefore, I would like to have you justify the fact that you voted

against Senator Moore's amendment to the last OPA decontrol of oil, knowing that you must have known the control of oil had been given by the various government agencies and that there was a constant supply of crude refined products to the demands. Also, that the oiling industries had "white" by the OPA bill but notwithstanding, 100 per cent during emergency. Yours very truly, V. S. Welch

Negro Is—
(CONTINUED FROM PAGE ONE)

Funeral services for Powell were held from the Church of God in Christ Church Sunday afternoon, conducted by Elder Billy Johnson. Burial was in the Negro section of Woodbine Cemetery. Powell was born at Ralls, Tex., Feb. 17, 1925, and came to Artesia from Lorenzo, Tex., about five years ago. He served three years in the Army and saw about 24 months of overseas service.

Sudderth Breaks Bulldog Jinx In Game Here With Tucumcari

John Sudderth broke the jinx, which had been hounding the scoreless Artesia Bulldogs all season, and trotted over the Tucumcari Rattlers' goal line on Morris field here for the first touchdown of the year, and then a moment later went over again for the extra point. However, the Rattlers came out on top with three touchdowns and a final score of 20-7. Sudderth scored early in the third period, five plays after he had made the most spectacular run of the game, from the Artesia 39 to the Tucumcari 12, for a gain of 49 yards. The run was on the first play from scrimmage after Tucumcari kicked off at the start of the second half. Three plays later the Bulldogs had earned another first down, with four downs to make it from about a yard and a half. Sudderth went over on the next play. Artesia made another serious threat in the second quarter, when the Bulldogs fought from their own 49 to the Tucumcari 10, as they made three consecutive first downs. The Rattlers scored twice in the opening canto, the first in the opening minutes of the game, when J. A. Abeyta completed a pass to Charles Barbers on the Artesia 18. Jim George booted the extra point. Later in the quarter Abeyta went around left end with the ball on Artesia's two-yard line. George again made the placekick good. Tucumcari's third touchdown was made in the final period, with Jim George carrying the ball over from the Artesia seven-yard line. His toe failed him in this attempt for an extra point. The school band, under the direction of Franklin Wiltz, took to the field between halves and maneuvered to make first a "T" in honor of the visiting Tucumcari team, and then an "A" for Artesia. The Bulldogs will play at home again Friday evening, Nov. 1, when the New Mexico Military Institute Colts invade Morris Field.

Last Opportunity To View Masters Is This Afternoon

This afternoon, Thursday will be the last opportunity for those in Artesia to view the art exhibit, which was arranged here by the Park School. The exhibit of the reproduction of Great Masters was held at the Park School Monday through Wednesday. The exhibit is to be at the Central School gymnasium on Thursday afternoon. Open house on the exhibit was held at Park School on Tuesday night. An advance sale of tickets has been conducted but it is hoped that everyone, who did not buy a ticket, will take advantage of this opportunity to view the pictures. Included in the collection is the work of French, Italian, Flemish, English, Dutch, Spanish, German, and American schools of art. Most of the masterpieces are those studied by the children in school and they consist of famous portraits, landscapes, marine and pastoral scenes. There is a total of 150 pictures in the collection. Funds realized from the small admission charge and from the sale of the pictures goes into a fund to purchase pictures for the classrooms of Park School. Anyone desiring a print of any of the pictures can order it through Park School and the school receives a 20 per cent commission on the sale.

The wise one will speak to an animal, especially a horse or mule, if he must walk behind it. Common sense is not inherited, but acquired. Sixty-five per cent of the world's population live on farms. The P-39 war plane is popularly called the Airacoba. Mark Twain, the famous author, was red headed.

NTSC A Capella—
(CONTINUED FROM PAGE ONE)

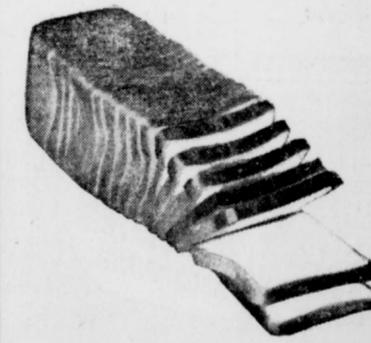

the program range from the most elevated church music, such as the great motet for double choir, J. S. Bachs "Sing Ye to the Lord," to Negro Spirituals and the stirring "Ballad for Americans." The program to be presented here by the choir includes: "Ballad for Americans," text by John Touche and music by Earl Robinson; Palestrina's "Credo in Unum Deo" from "Missa Papae Marcelli," "The Song of Mary," by Carl A. Fischer; "Brazilian Psalm," by Jean Berger, and "The Peaceable Kingdom," from the Book of the Prophet of Isaiah. Folk Tunes and ballads to be sung include: "Dark Water," by Will James; "I Wonder as I Wander," by John J. Niles; Leo Knipper's "Song of the Meadow Land;" "Deep River," arranged by H. T. Burleigh, and Jeromme Kern's "O Man River." The concert will be concluded with Henry Crowell's "To America" and "The Lord Bless You and Keep You."
