A Change is in Order...
Illustration of a man and a woman fishing in a boat.
Change to OIL-PLATING!
QUIET! . . . There's an added ingredient in husky Conoco Nth Motor Oil that fastens a shield of lubricant right to your engine's working parts . . . protects them from wear. So change to Nth motor oil . . . and an OIL-PLATED engine.

Change to OIL-PLATING!
Illustration of a Conoco Nth Motor Oil can.
READY TO GO! . . . because Conoco Nth's OIL-PLATING can't all drain down, even overnight. Cylinders are lubricated, ready to go, at the touch of the starter!
RUNS SMOOTH! . . . because another exclusive additive in Conoco Nth combats combustion acids and power-robbing sludge and carbon due to wear.
CUT COSTS! . . . because Conoco Nth is made from fine paraffin-base crude — has wonder-working additives to reduce wear. You'll save on repair bills!
Oil-Plate today at your Conoco Mileage Merchants!

Ounce of Prevention...

COWBOYS of just a few years ago would have been puzzled by the above illustration. But livestock producers today see it as a picture of a routine job . . . vaccination of a calf to help keep him healthy.

Livestock producers and meat packers have a common goal: to supply America with all the wholesome, nutritious meat this nation of ours needs. And so at every step of the way—from range, farm and feed lot to the tables of consumers—precautions are taken to produce meat of the best possible quality . . . meat that will receive the familiar round purple stamp "U. S. Inspected & Passed."

Growing animals are subject to various ailments. Meat, milk, wool and other valuable by-products . . . enough to supply a good-sized nation . . . are lost on farms and ranches each year. Add to this the lost grain and grass fed to animals which never live to maturity, or fed to unthrifty livestock that gain slowly. Total dollar losses run into billions.

Much has been done toward reducing these losses. New drugs and chemicals, such as the sulfas, penicillin and phenothiazine, are conquering livestock ailments, pests and parasites. But some of these causes of reduced production and profit are stubborn. To lick them will take increased knowledge, cooperation among neighbors and a constant watch for danger signs.

OUR CITY COUSIN

Make City Cousin
A stick-in-the-mud!

Price Balances Supply and Demand

In the first six weeks of the year livestock and meat prices have dropped with great rapidity. In my 24 years with Swift & Company I have never seen so violent a drop. On the other hand, I have never seen prices start down from so high a level. It is the law of supply and demand at work.

When the wholesale prices of meat—the amount meat packers can get for it—go down, it means lower prices for livestock. It always has been and always will be that way. When demand for meat increases, we are able to pay producers more for their livestock. The prices Swift & Company, and the other 26,000 meat packers and commercial slaughterers, pay for livestock are governed by what they can get for the total available supply of meat and the by-products. As in the past, so in the future, livestock prices will result entirely from the balance between supply and demand.

Let's Be For Things
Seems to me that most of us spend too much time and blood-pressure being against things. Let's be for things. Let's be for freedom of choice and initiative. Let's be for a system which allows a man to choose freely his own work, to make his own opportunities, to plan his own production. Which lets him decide where and how he lives; how he spends or invests his earnings. Let's be for our country, where a man's the boss of his own time, his own thoughts and his own political and religious beliefs. Let's take a good look at the rest of the world, then reverently thank God, and be for the United States.

Hope you have a prosperous summer, and we'll be looking forward to being with you again. Meanwhile, if you're in Chicago, plan to visit us at Swift & Company. All of us in the Agricultural Research Department cordially invite you to drop in for a chat. We'll be looking for you!

Martha Logan's Recipe for DELUXE CORNED BEEF HASH PATTIES
1 can corned beef hash
2 tablespoons shortening
1/2 cup thinly sliced onion
2 tablespoons flour
1 No. 2 can peas (2 1/2 cups)
3/4 teaspoon salt
Yield: 4 Servings
Melt 1 tablespoon shortening in a frying pan and brown onions lightly. Sprinkle flour over onions and combine thoroughly. Drain juice from peas (approximately 1 cup). Add salt and juice from peas to onions and flour. Cook until sauce is thickened. Add 1/2 cup peas, stirring gently. Open can of hash at both ends. Push hash out on a board. Slice in four portions. Brown in 1 tablespoon shortening in a frying pan. Serve Corned Beef Hash Patties with vegetable sauce.

Quotes of the Month

The livestock producer, both by nature and by necessity, is a true conservationist. He would no more deliberately ruin the property on which he depends for his livelihood, and which he hopes to pass on to his children, than the manufacturer would deliberately tear down the plant in which he operates.

Livestock provides one-third of all the food energy in the American diet, and 80 per cent of all the land used to produce the nation's food supply is devoted to livestock production. That is the story of a big business, vital to all Americans.

Saving More Lambs
By Alexander Johnston, Wool Specialist
University of Wyoming, Laramie

Because every lamb grown to market maturity will now bring from \$15 to \$20, lamb mortality has become a source of increasing loss. Lambing practices reflect this. Open range lambing is decreasing. Pasture lambing is increasing in favor. Bands of from 500 to 1500 ewes are run in fenced separate meadow pasture. If spring storms are prevalent, shelter sheds are provided. The ewes lamb by themselves with little assistance.

Shed lambing is popular, especially when July or August fat lambs are desired. The lambing band is kept in a feed corral or small pasture adjacent to a lambing shed. When a ewe lams, she and her "green" lamb are taken into the shed to an individual pen or "jug." After a day in the "jug," they are put in a larger pen with others. Gradually, over a period of 3 to 10 days, larger and larger units are merged. From the shed these bunches go out to green pastures or into feed yards until the pasture grows. Under this system of almost complete control, a very high percentage of lambs is saved.

The paddock system of lambing also is receiving favorable attention. Ewes, after they lamb, are transported from the range to the lambing shed by trailer. After a day or two in the shed, a small bunch is made up and turned into a small pasture with a shelter shed. In a day or two, several small bunches are merged and go into a larger pasture. This is repeated until at the end of two weeks or so, the summer bands are assembled.

**NOTICE
STATE ENGINEER'S OFFICE**
Number of Application RA-1336-A and RA-1363-A, RA-1439-B and RA-1998, Santa Fe, N. M., March 30, 1949.
Notice is hereby given that on the 28th day of March, 1949, in accordance with Chapter 131 of the Session Laws of 1931, L. T. Lewis of Roswell, County of Chaves, State of New Mexico, made application to the State Engineer of New Mexico

to change location of well and place of use of 210 acres...
Subdivision E 1/2 SE 1/4 except SW 1/4 SE 1/4 SE 1/4, Section 12, Township 15 S., Range 25 E., Acres 70.
Using a shallow ground water well located in the SW 1/4 SW 1/4 SW 1/4 of Section 19, Township 16 South, Range 26 East and described in Licenses Nos. RA-1439-B and RA-1998, and RA-1363-A, for the irrigation of 70 acres of land described as follows:
Subdivision Part S 1/2 SE 1/4, Section 19, Township 16 S., Range 26 E., Acres 70.
No additional rights over and above those set forth in Licenses Nos. RA-1336-A, RA-1363-A and RA-1439-B and RA-1998 are contemplated under this application. Lands in Section 12, Township 15 South, Range 25 East, to be completely dried up to all use of underground water for irrigation and all rights transferred to the 70 acres above described in Section 19, Township 16 South, Range 26 East. Appropriation of water from all sources combined to be limited at all times to a maximum of 210 acre feet per annum delivered upon the 70 acres in Section 19, Township 16 South, Range 26 East, above described.
Any person, firm, association, corporation, the State of New Mexico or the United States of America, deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source, may protest in writing the state Engineer's granting approval of said application. The protest shall set forth all protestant's reasons why the application should not be approved and shall be accompanied by supporting affidavits and by proof that a copy of the protest has been served upon the applicant. Said protest and proof of service must be filed with the State Engineer within ten (10) days after the date of the last publication of this notice. Unless protested, the application will be taken up for consideration by the State Engineer on that date, being on or about the 9th day of May, 1949.
JOHN H. BLISS,
State Engineer.

pleting the protest shall set forth all protestant's reasons why the application should not be approved and shall be accompanied by supporting affidavits and by proof that a copy of the protest has been served upon the applicant. Said protest and proof of service must be filed with the State Engineer within ten (10) days after the date of the last publication of this notice. Unless protested, the application will be taken up for consideration by the State Engineer on that date, being on or about the 9th day of May, 1949.
JOHN H. BLISS,
State Engineer.

pleting the protest shall set forth all protestant's reasons why the application should not be approved and shall be accompanied by supporting affidavits and by proof that a copy of the protest has been served upon the applicant. Said protest and proof of service must be filed with the State Engineer within ten (10) days after the date of the last publication of this notice. Do you tell time by Baby?

At his feeding times, yes. He sounds off on the dot when a meal's due. But the rest of your day, you're wise to depend on electric clocks.
With a baby in the house, it's surprising how much you depend on electric service—to prepare and refrigerate his food, heat water for his bath and laundry, wash his clothes, and so on.
Of course, you depend on electricity to help take the work out of your housework too. Always ready, it lends a willing hand with heavy chores, provides comfort, ease and even entertainment. And best of all, you can depend on its economy—for what other item in your budget does so much for so little?
Your friends and neighbors in this company—under sound business management—are continually using their technical skill and practical experience to keep electricity the biggest bargain in that budget of yours. You can depend on that tool

Your first thrill is seeing it...
Your greatest thrill is driving it!

The Styleline De Luxe 2-Door Sedan
White sidewall tires optional at extra cost.

The most Beautiful BUY of all
now made even more attractive by **new lower prices!**

The most Beautiful BUY for Styling. Yes, it has smoother, smarter lines—front, top, side and rear! Add to this the glowing color harmonies, the luxurious fittings and fabrics of its Bodies by Fisher, and you'll understand why people call Chevrolet the most beautiful of cars.

The most Beautiful BUY for Driving and Riding Ease. With new Center-Point Design. This great 4-way engineering advance—including Center-Point Steering, Center-Point Seating, Lower Center of Gravity without loss of road clearance, and Center-Point Rear Suspension—brings you a brand new kind of driving and riding ease exclusive to Chevrolet and higher-priced cars.

The most Beautiful BUY for Talk about thrills! Performance with Economy. You'll get the biggest "triple-thrill" in motoring out of seeing, driving, and saving money with this new Chevrolet—the most beautiful buy of all—now available at new lower prices!

And, while you'll naturally be happy to know it's the beauty-leader, we believe you'll get your greatest thrill out of driving it. You'll experience amazing new handling ease and riding ease, thrilling acceleration, and outstanding hill-climbing ability—plus typical Chevrolet economy. For here's the only low-priced car with a world's champion Valve-In-Head engine—of the type now being used on more and more higher-priced automobiles.

Give yourself and your family the biggest "triple-thrill" in motoring—see, drive and save with Chevrolet—the most beautiful buy of all!

The most Beautiful BUY for Comfort. Enjoy the lounging restfulness of a Super-Size Interior with extra-wide "Five-Foot Seats," extra-generous head, leg and elbowroom, and the advanced heating* and ventilating system of a "car that breathes." *(Heater and defroster optional at extra cost.)

The most Beautiful BUY for All-Round Safety. Featuring: (1) Certi-Safe Brakes with "Dubl-Life" rivetless brake linings (2) Extra-Strong Fisher Unisteel Body (3) Panoramic Visibility (4) Safety Plate Glass in all windows, and (5) the super-safe Unitized Knee-Action Ride.

More Land Into Conservation Is Forehand's Advice

Now that the war and post-war demands for the production of a number of farm products are easing and the loss of the over-normal grassy area is beginning to fill, it is time for the farmers of Bitter County to begin to think about the use of land that may be taken out of possible excess crops.

If more wheat, cotton, potatoes and other crops are produced than the market will absorb at fair prices to farmers, it may become necessary—probably will become necessary—for farmers to shift the use of some of their land to other uses.

In stressing this point, Roy Forehand, chairman of the Bitter County Agricultural Conservation Committee, advised that in land use plans, the emphasis should be on uses that will conserve and build the soil for future production. With population increasing and the amount of land limited, the proper use of this land becomes increasingly important.

The Agricultural Conservation program, says the chairman, provides a way in which the farmer and the remainder of the people can cooperate in carrying out soil and water conservation practices on land taken out of the production of excess crops. It is the farmer's job to make for seeing that a vital job is done.

Forehand pointed out that the Agricultural Conservation Program

provides assistance for seeding grasses and legumes—for pastures, protective cover, or green manure. It provides assistance for the application of phosphate, and other essential which stimulate the growth of these conserving crops. He urges that farmers making plans to reduce acreages of crops that are approaching the excess stage see the county committee or the local community committee about conservation practices for land taken out of excess crops.

As the chairman explains, "Now is the time to build for a better future instead of wasting soil resources, water, labor and operating expenses in the production of crops for which there is no ready market."

WHERE IS IT?

Glass Blocks Offer Builder Advantages Use Features Practical Feeder Barn Planning

The practical feeder barn, given above, not only offers good ventilation, freedom from drafts and abundant daylight, but is designed to cut maintenance costs as well.

Designed practically for dairy stock, it has a labor-saving floor arrangement with a feed room and six compartments to the feeding alley. Doors at either end provide vent-

ilation through the latter alley to remove steam, simple roof vents disperse summer heat, and the circulation of air in winter as it leaves under the peak of the gable.

Control over ventilation has been carefully planned to eliminate crowding drafts. Sliding doors insure a tight closure and the generous use of glass block panels minimizes drafts usually encountered with conventional windows. These panels are fitted with tough rubber which are easily swung for ventilation. The glass blocks transmit an abundance of daylight. Even on cloudy days the barn is bright and cheerful.

As a built material, glass block offers many advantages. If hollow construction with a partial vacuum inside, the block has a high insulating factor which can help maintain heat in the barn in winter. This insulating value minimizes cold drafts. Condensation and freezing are practically eliminated.

An all-important advantage in these days of high costs is the permanency of glass block panels. In winter, the glass is impervious to weather and snowdrift. It is safeguarded by chemical treatment often required to maintain durability. An occasional washdown with a hose is all that is required to keep the panel surfaces sparkling clean. Painting is never required.

The floor plan has been developed for efficiency and functional use of space.

NOTICE STATE ENGINEER'S OFFICE
 Number of Application 118, Santa Fe, N. M. March 21, 1948.

Notice is hereby given that on the 7th day of March, 1948, in accordance with Section 8, Chapter 128, Session Laws of 1941, J. W. Bradshaw of Artesia, County of Bernalillo, State of New Mexico, made formal application to the State Engineer of New Mexico for a permit to change point of diversion of 340 acre feet of water per annum under License No. 118, diverted from Spring Lakes of Pecos Stream System, by changing from present diversion under No. 118, located in the SE 1/4 of Section 2, Township 18 South, Range 28 East, N.M.P.M., to point of diversion of License No. 2485, located in the SE 1/4 of Section 34, Township 17 South, Range 28 East, N.M.P.M.

This point of diversion is to be retained and new point of diversion is to be used when water is too low in lakes to permit use of old point of diversion.

Any person, firm, association, corporation, the State of New Mexico or the United States of America, claiming that the granting of the above application will be truly detrimental to their rights in the waters of said stream system, may protest in writing the State Engineer's granting approval of said application. The protest shall set forth all protestant's reasons why the application should not be approved and shall be accompanied by supporting affidavits and by proof that a copy of the protest has been served upon the applicant. Said protest and proof of service must be filed with the State Engineer on or before the 23rd day of May, 1948, the date set for final consideration of the application if not protested.

J. W. BRADSHAW, State Engineer.

Check Fire Equipment, Farmers Are Advised

Farmers are urged by county agents to check the equipment in their barns to be certain they are satisfactory. These warnings are based on reports from Fire Protection Institute, a national fire safety organization, that many "unapproved" extinguishers have been made available during the past few years.

Know Your Pesticides

As every county agent will point out, it is profitable to the farmer to know how to choose and use pesticides properly.

There are many well known and many relatively new chemicals for controlling pests. Their strong points and their weak points should be compared before making a choice.

"It is important," he points out, "to be familiar with your pest problems and to recognize and follow reliable recommendations rather than mere reports and suggestions of untrained persons."

"Study the problems that may follow use of certain materials, such as residues and off-flavors. Consider timing of applications, dosage, methods of removing residues, etc., as a means of overcoming any ordinary problems. Be sure you are fully conversant with all regulations."

"Accuracy of thought is one of the fundamentals in the use of modern chemicals. Read labels and accompanying directions carefully."

Maljamar News

(Mrs. Kenneth Shields)
Mrs. M. P. Blakley and Mrs. Bob

Patterson were co-hostesses at the Patterson home Friday, April 1, honoring Mrs. Steve Carter with a pink and blue shower. Bridge and "42" were played. Cake and ice

cream were served with yellow rabbits holding baskets with a pink baby dolls in them. Those attending were Mrs. H. E. Rich, Mrs. Roy Anderson, Mrs. John Leo, Mrs. Ralph McGill, Mrs. Oscar Loyd, Mrs. Dick Davis, Mrs. J. C. Davis, Mrs. E. Stricklin, "Ma" Payne, Mrs. George James, Mrs. Kenneth Shields, Mrs. W. W. White, Mrs. Jimmy Sykes of Loco Hills, Mrs. H. C. Hunter. Those sending gifts were Mrs. Jimmy Cunningham, Mrs. George Ross, Mrs. Cecil Holeman, Mrs. Son Taylor, Mrs. Dru Taylor, Mrs. Lacy Dunlap, Mrs. Woodrow Williams, Mrs. Odell O'Neal, Mrs. Ott Vowell, Mrs. Elmo Young, Mrs. Calvin Harman, Mrs. Curtis Hoover and Mrs. John Farmer.

to Elida where they were dinner guests of Rev and Mrs. James Barton Friday night, April 1.
Mr. and Mrs. Ralph McGill and Mr. and Mrs. John Leo spent the evening in Hobbs Saturday, April 2. They visited Mr. and Mrs. Roy Eveland.
Mr. and Mrs. Kenneth Shields attended a tea given in honor of Mrs. Tom Lawlor at the home of Mrs. W. F. Edwards Saturday afternoon, April 2.

Mr. and Mrs. M. G. Elliott, had a guest last week, Mr. Elliott's mother, Mrs. S. H. Elliott of Lubbock, Texas.

Mr. and Mrs. Ira Castleman of Carlsbad, formerly of Maljamar, were visitors of Mr. and Mrs. Luther Kelley Sunday of last week.
Mr. and Mrs. Luther Kelley and family spent a day in Hagerman visiting Mr. and Mrs. Joe Masters, Mr. Kelley's brother-in-law and sister.

W. G. White promised the young people a few weeks ago if they showed a good attendance for three weeks in Sunday school, he would see that they were taken through the Carlsbad Caverns. He kept his promise Saturday, April 2. Mr. and Mrs. Son Taylor, Mrs. Oscar Goodman, Mrs. M. P. Blakley, Mr. and Mrs. W. G. White and Travis Elliott took their cars and the young folks. Mrs. Goodman and Son Taylor did not take the cavern trip. Those who did were Rock and Virginia Ashcraft, A. C. Taylor II, Druella Holeman, Sue and Kenny Elliot, Thad Standard, Kenneth Kelley, Sue Martin, Peggy Vowell, Patricia Blakley, Larry Alexander, Kenny and Ronny King, Dick Hunter, Johnny Cox and Molly, Tommy and Jerry Cooper.

The Maljamar community had a wiener roast Friday night, April 1, at the Taylor barn. Approximately 80 persons attended. Oscar Goodman was elected president, Cecil Holeman, vice president and Mrs. John Leo, secretary. They planned to have a business meeting once a month, the date of which will be posted ahead of time at the Hoover Grocery and Maljamar Cafe and in the Maljamar news.
The Baptist Church plans to have

a sunrise service Easter and an Easter egg hunt.

Brenda Farmers played the piano and Billy Golden the accordion in a recital in Lovington Saturday, April 2.

Arthur McMurray of Bixby, Okla. visited relatives here last week. He came to be present at a meeting of the Masonic lodge at Lovington to see his two brothers, John and James McMurray, receive their third degree in the lodge.

Mrs. H. C. Hunter went to El Paso Saturday, April 2, to get her husband, who had been operated on recently. They returned Sunday of last week.

The Maljamar band met at the home of Mr. and Mrs. M. G. Elliott Saturday night. Those attending were Mr. and Mrs. Pennington of Loco Hills, Mr. and Mrs. Leo Martin, Mr. and Mrs. George Ross, Mr. and Mrs. Clarence Dozier, Mr. and Mrs. Mickey Sweeney, Thad Standard and Jerry Cooper.

The Women's Missionary Society met at the church Tuesday afternoon of last week. Mrs. Oscar Loyd conducted the meeting in the absence of Mrs. Hunter. Mrs. W. G. White read Scriptures. Mrs. M. P. Blakley served refreshments at the Maljamar Cafe after the meeting. Those attending were Mrs. W. W. White and daughter, Ann; Mrs. Oscar Doughty and children, Junior and Polly; Mrs. Oscar Loyd and daughter, Janice Kay; "Ma" Payne and Mrs. Kenneth Shields.

Guests Sunday of Mr. and Mrs. Ira Pleasant were Mr. and Mrs. Curtis Stack of Loco Hills.

Mr. and Mrs. Kenneth Cox had as guests Sunday of last week at a dinner Mr. and Mrs. Other Furrh and son.

Rev. and Mrs. James Barton were entertained Sunday of last week in the home of Mr. and Mrs. Oscar Loyd.

Guests Sunday of last week of Mr. and Mrs. Zealey Edwards were Mr. and Mrs. Woodrow Woods of Lovington.

Guests of Mrs. and Mrs. H. E. Rich for the week end were Mrs. E. V. Sweatt and son of Carlsbad. Dinner guests Friday evening of

Mr. and Mrs. Ira Pleasant were Mr. and Mrs. C. P. Stack of Lovington. Guests of Mr. and Mrs. Zelmar Glover last week were Mrs. Glover's parents from Rising Star, Texas.

Maljamar had several distinguished visitors last Thursday, the graduating class of the School of Mines, from Socorro. The group which had dinner at the Maljamar Cafe together were Clarence B. Folsom Jr., professor of petroleum

engineering, New Mexico School of Mines; E. E. Kinney, New Mexico Bureau of Mines, Artesia; William S. Akers, Milton H. Barber, Gordon H. Gray, Thomas O. Webb, Henry L. Karnes, and Andrew T. Valeson, all of Socorro. Others attending the dinner were W. B. Macey, American Republics Corporation, Artesia and A. W. Golden and Claude Crossley of Maljamar. Mr. and Mrs. Bob Patterson en-

tertained several persons Sunday evening for dinner at their ranch home. Mr. and Mrs. Marvin Carter, Mr. and Mrs. Steve Carter and daughter, Janie and Mr. and Mrs. M. P. Blakley and son, Pat.
M. G. White has written another son, "The Comforter Has Come." This is the second song he has composed and he is working on his third one. It is an Easter song.

GARDENING FEVER**

Here Are Some Helpful Fertilizing Suggestions
to Make Your Lawn and Flower Beds More Attractive

COTTONSEED MEAL has many advantages that recommend it as a fertilizer for lawns and its popularity is increasing among those who take pride in the attractiveness of their lawns. Cottonseed meal does not contaminate the lawn with weed seeds and will not injure foliage; the rate of availability of its nitrogen is slow which allows grass to develop with a uniform, dark green color. Apply 5 pounds (about one gallon) per 100 square feet of lawn in the early Spring and again in the late Summer.

COTTONSEED MEAL is widely-used fertilizer for shrubs and flowers. Cottonseed Hulls, mixed with the soil when evergreens and shrubs are planted or applied at intervals, help to hold moisture and loosen heavy soil. When shrubs are planted, one teacupful of cottonseed meal should be worked into the topsoil around each plant. Larger plants require two to four teacupfuls of cottonseed meal. Continued use of Cottonseed Meal maintains good growth after shrubs and evergreens have been planted.

For Roses, Cottonseed Meal is an excellent fertilizer. In setting out roses, work a teacupful of Cottonseed Meal into the topsoil around the plant and water well. The same amount will help your growing bushes and should be done twice a year. When your beds are spaded, apply about 6 pounds per 100 square feet and work well into the soil. For potted plants, work a teaspoonful of Cottonseed Meal into the soil every four to six weeks.

YOU CAN SECURE FULL INFORMATION and BUY COTTONSEED MEAL and HULLS FROM THESE DEALERS:

(Mrs. Earl Smith)
Mrs. O. C. Rogers and son, Ronald, were in Roswell Saturday, in order that Ronald could take a music lesson.
Mrs. George Owens and son, Gaston of Quitaque, Texas, were week-end guests of her brother, Frank Gattis and family. Gaston was the song leader Sunday at the First Baptist Church.
Mr. and Mrs. A. E. Mahres, formerly of the Burnham Oil Company Lease, are moving from Mesilla Park to Hobbs.
Miss Bobbie Don Till, who recently moved with her parents to El Centro, Calif., spent last week end as guest of her aunt, Mrs. Wilburn Davis and family. Bobbie Don has moved to Artesia and is mak-

ing her home with her grandparents, Mr. and Mrs. C. H. Mahres. Mr. and Mrs. George Beal and children spent the week end in El Paso.
Mrs. L. N. Dunham went to Carlsbad Tuesday of last week to meet Mr. Dunham's father, C. M. Dunham of Bradford, Pa., who arrived for an extended visit.
Roland Rich Woolley of Los Angeles, Calif., is here looking after his oil interests.
Mrs. Charles Phelps, who has been a patient in a Carlsbad hospital, was able to return home Tuesday of last week. She is somewhat improved.
Mr. and Mrs. B. Newton were business visitors Saturday in Sundown, Texas.
Guests Sunday of "Grandma" Standard were Mr. and Mrs. R. B.

Standard and son of Buckeye, Texas.
Mrs. Ray Herricks, Mrs. A. O. Duckworth and Glen Unangst were on the sick list last week.
Mrs. Floyd and son, Kenneth Joe of El Paso spent last week end visiting her sister, Mrs. Sam Beal and family and her brother, John Danley and family.
Mr. and Mrs. John Sergent and baby of Monohans visited her parents, Mr. and Mrs. Pat Ranspot, last week.
A friend from the University of New Mexico in Albuquerque visited last week with Mr. and Mrs. Charles Rogers.
Mrs. Ora McCann was hostess to the women of the W.M.U. of the First Baptist Church at her home last Thursday evening. Several guests attended. Refreshments were served.
Marvin Thorne of Putnam, Texas arrived Tuesday of last week to visit his sister, Mrs. Walter Westerman and Mr. Westerman and his niece, Mrs. Charles Campbell and family. Mrs. Westerman, Mrs. Campbell and daughter, Silvia and Mr. Thorne went through the Carlsbad Caverns Wednesday of last week.
Mrs. Max Ensinger, who was in Hot Springs and El Paso for medical treatment, has been home several days and is able to be up and around.
Mr. and Mrs. Jim West were in Roswell Saturday on business.
Mrs. Lester Will and daughter, Elaine Mae of Carlsbad and another daughter, Mrs. James Barrow and her son, Jimmy, of Camp Hood, Texas, who are visiting in Carlsbad, were guests last Thursday of Mrs. Earl Smith.
Mr. and Mrs. Earl Merchant and children spent the week end in Silver City visiting relatives.
Guests Tuesday of last week of Mr. and Mrs. Ed Jackson were Mr. and Mrs. Earl Jackson and children of Hobbs.
Mr. and Mrs. Earl Smith and son Cordell, Mrs. Harold Meller and daughter, Alice and Gale Jackson enjoyed a wiener roast Sunday near the Pecos River.
Kenneth Newton of Loco Hills, Raymond Woodside of Artesia and Glen House of Lakewood spent the week end in Albuquerque.
Edward Staggs of Ardmore, Okla., is here visiting his sisters, Mrs. Junior Watkins and Mrs. Floyd Doughty and families. Mrs. Watkins took her brother, Sam, who had been here visiting, to Ardmore and her brother, Edward, returned with her.
Lolo Matthews was honored on her 15th birthday Tuesday of last week with a party by her parents, Mr. and Mrs. Claude Matthews. A pink and white color scheme was carried out in the decorations. Games were played and John Floyd and Jo Ann Byrd were prize winners. Birthday cake, ice cream and cold drinks were served to 33 young people. Dorothy Green and Jean Vogel of Artesia were guests.
Guest of Marilyn Stack Tuesday night of last week was Jean Vogel of Artesia.
Mr. and Mrs. Garel Westall were hosts Saturday evening at a double birthday party honoring Mrs. Kenneth Shields and Mrs. Jack Plemons. The honorees received lovely gifts. Cake, coffee and gelatin dessert were served to Mr. and Mrs. John Leo, Mr. and Mrs. Kenneth Shields of Maljamar, Mr. and Mrs. Jack Plemons and Mr. and Mrs. Garel Westall of Loco Hills.
Mrs. S. A. Dyar was honor guest at a pink and blue shower given in the Fred Heard home, with Mrs. A. O. Duckworth as co-hostess, Tuesday afternoon of last week. Mint punch, salad and cheese sticks

were served to Meses. Ora McCann, Sam Beal, W. E. Proffitt, B. Newton, E. L. Pendleton, Alvin Bland, Ray Herricks, Bill Case, Harold Adams, W. R. McClendon, Carl Jones, Edgar Chase, and Garel Westall. Those sending gifts were Meses. John Danley, Charles Wier, L. E. Vandever, George Beal, David Scott of Loco Hills, Floyd Riley, A. C. Windham Sr., and A. C. Windham, Jr., of Jal.
Visitors in Carlsbad Tuesday of last week were Mrs. A. E. Schafer and Mrs. J. D. Peek.

(same person as Rebecca S. A. May), Carrie Marshall (same person as Carrie C. Marshall), Arthur E. Wilder, Harry S. Wilder, Patrick A. Wilder, James W. Wilder, Katherine A. May, J. W. Griffin, W. R. Studebaker's really rolling!

During the first 3 months of 1949 Studebaker retail sales throughout the U.S. set a new all-time record!

More people bought new Studebaker cars and trucks in January, February and March of this year than in any previous quarterly period in Studebaker history!

Studebaker is the '49 buy word all over America!

Andrews Trio To Present Concert At School Today

The Andrews Trio, an instrumental group featuring marimba, violin and piano, will present a program of melodic selections ranging from the classical to the popular in the Artesia High School auditorium at 3 o'clock this afternoon.

Beverly Reynolds, marimbist, of New York, took up the study of the marimba and other percussion instruments at an early age. She studied eight years at the Eastman School of Music, Rochester, N. Y., receiving her bachelor of music degree. She also studied a year at the American Conservatory of Music, Chicago.

Mary Nell Snow, pianist, of Dallas, studied at Southern Methodist University and for two years at the University of Texas. While at Austin she accompanied for voice students, did solo work and assistant student teaching at the University of Texas. She has been pianist for the Dallas Training Symphony Orchestra and did accompanying and directing at the Community Center, Augusta, Ga. She was music director at the girls' camp, Sylvania of the Rockies, Denver, Colo., the summer of 1948 and will return there this summer.

Marguerite Gillette, violinist, hails from Miami, Fla. At the age of 15 she went to Chicago to study under the late Dr. Leon Sametini, teacher and vice president at Chicago Musical College. At his death she was transferred to Paul Stassevich, who succeeded Dr. Sametini. At the 1947 commencement, when she received a bachelor of music degree at the age of 21, she won the honor of appearing as soloist with the Symphony Orchestra.

Bob Hope And Troupe Are To Be At Roswell

In one of the largest aerial entertainments in history, Bob Hope—nation's top comedian—will bring his all-star Hollywood show to Roswell for a twilight show at 5:30 o'clock Tuesday afternoon, sponsored by the Roswell Lions Club.

Fifty performers and the entire production are being flown by specially chartered planes on this whirlwind in-person show packed with mirth, melody, and pretty girls. Roswell is one of 25 cities throughout the United States that Hope is visiting on this tour.

Jam-filled with talent, the two-hour show boasts in addition to the favorite comedian of stage, screen and radio, other clever comedians, scintillating singing and dancing

stars and other performers. The Hope show has been termed a combined big-time vaudeville bill, a circus and a spectacle all rolled into one.

Colorful 'El Paso' Boasts Thrills And Star Cast

A picture of such vast proportions that it required the services of five top stars is promised film fans when Paramount's "El Paso" is shown Thursday through Saturday, April 21-23, at the Landsun Theater, with John Payne, Gail Russell, Sterling Hayden, George (Gabby) Hayes and Dick Foran in the leading roles.

John Payne, in his first Western characterization, will be seen as a Charleston lawyer who, shortly after the Civil War, goes to El Paso on a business mission, and to look up the Charleston girl—Gail Russell—with whom he fell in love during the war. There he finds a far different world from genteel Charleston—a world of ruthless lawlessness, where, to live long a man has to know how to shoot fast.

Every one of the town officials is a robbing murderer. The judge, Gail's father, played by Henry Hull, is a drunken wreck of a man who does their bidding. Gail's loyalty to her father prevents her from returning to Charleston with Payne. Payne's love for her and his belief in justice and fair play keep him in El Paso, determined to establish law and order there.

But Payne's legal measures don't stand a chance. Hangings and lootings continue and he is finally forced to take the law into his own hands—to learn to shoot, to kill and to terrorize. The pitched battles between his men, who kill in self-defense, and the others who kill to retain their vicious control of the town, are said to represent some of the most suspenseful action ever filmed.

Sterling Hayden and Dick Foran play the leading heavies in the drama.

World Census Of Agriculture To Appear In 1950

Specialists representing the United States and 65 other countries are preparing forms and training census takers for the 1950 census of world agriculture.

This census, the most comprehensive of its kind ever undertaken,

is being planned under the general leadership of the Food and Agriculture Organization of the United Nations, commonly known as FAO. Other agricultural surveys were taken in 1930 and 1940 under the guidance of the International Institute of Agriculture, which FAO has absorbed. These earlier surveys were helpful but are now inadequate.

So far, the world census planners, who include U.S. Department of Agriculture officials, have boiled down the schedules to 65 questions, under six main categories. They do not include yield figures, as so many farmers in the world have faulty memories or inaccurate records.

The census takers the world around will find out about farm size and tenure, about the amount of arable land, orchards, meadows, pastures and woods. They will list the number of people living on farms, and the area harvested in principal crops. They will note whether or not the farmer uses animal or mechanical power. And they will list the number of different kinds of stock. Their reports are expected to prove a big help in farm planning in the years just ahead.

Cushion your financial bumps by investing in U. S. Savings Bonds.

 Santa Fe, N. M., March 30, 1949.

WHERE IS IT?
 It's 1102 West Quay. Kaiser Elec-
 tric Co., phone 823-J. 14-21c-15

Two-drawer, Art Steel junior fil-
 ing cabinets, with or without locks.
 -Advocate office.

Notice is hereby given that on
 the 28th day of March, 1949, in ac-
 cordance with Chapter 131 of the
 Session Laws of 1931, L. T. Lewis
 and J. L. Taylor of Roswell, County
 of Chaves, State of New Mexico,
 made application to the State En-
 gineer of New Mexico for a permit
 to change location of well and place
 of use of 270 acre feet per annum
 of the shallow ground waters of the
 Roswell Artesia Basin by abandon-
 ing the use of wells Nos. RA-1337
 and RA-1337-S for the irrigation

of 90 acres of land described as
 follows:
 Subdivision NW $\frac{1}{4}$ SE $\frac{1}{4}$, Section
 7, Township 15 S., Range 26 E.,
 Acres 40.
 Subdivision SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section
 7, Township 15 S., Range 26 E.,
 Acres 40.
 Subdivision E $\frac{1}{2}$ E $\frac{1}{2}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$,
 Section 7, Township 15 S., Range
 26 E., Acres 10.
 and drilling a new shallow ground
 water well 14 inches in diameter
 and approximately 250 feet in
 depth, at a point in the SW $\frac{1}{4}$ SW $\frac{1}{4}$
 NW $\frac{1}{4}$ of Section 9, Township 16
 South, Range 26 East, N.M.P.M.,
 for the purpose of irrigating 90
 acres of land described as follows:
 Subdivision Part S $\frac{1}{2}$ SW $\frac{1}{4}$ NW $\frac{1}{4}$,
 Section 9, Township 16 S., Range
 26 E., Acres 15.00.
 Subdivision Part N $\frac{1}{2}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$,
 Section 9, Township 16 S., Range
 26 E., Acres 18.30.
 Subdivision Part S $\frac{1}{2}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$,
 Section 9, Township 16 S., Range
 26 E., Acres 18.95.
 Subdivision Part SW $\frac{1}{4}$ SW $\frac{1}{4}$,
 Section 9, Township 16 S., Range
 26 E., Acres 37.75.

No additional rights over and
 above those set forth in License
 No. RA-1337 and RA-1337-S are
 contemplated under this applica-
 tion.

90 acres described in Section 7,
 Township 15 South, Range 26 East,
 to be completely dried up to any
 use of underground water for irri-
 gation and all rights are transferred
 to the 90 acres described in Sec-
 tion 9, Township 16 South, Range
 26 East. Appropriation of water
 from all sources combined to be
 limited at all times to a maximum
 of 3 acre feet per acre per annum
 delivered upon the land.

Any person, firm, association,
 corporation, the State of New Mex-
 ico or the United States of Ameri-
 ca, deeming that the granting of the
 above application will be truly detri-
 mental to their rights in the
 waters of said underground source,
 may protest in writing the State
 Engineer's granting approval of
 said application. The protest shall
 set forth all protestant's reasons
 why the application should not be

approved and shall be accompanied
 by supporting affidavits and by
 proof that a copy of the protest has
 been served upon the applicant.
 Said protest and proof of service
 must be filed with the State En-
 gineer within ten (10) days after
 the date of the last publication of
 this notice. Unless protested, the
 application will be taken up for
 consideration by the State En-
 gineer on that date, being on or
 about the 9th day of May, 1949.

JOHN H. BLISS,
 State Engineer.

Hangar Flying

Morgan Nelson of Roswell spent Monday at the airport checking his plane before taking off on a long cross-country trip to Georgia. Nelson is prominent in the New Mexico Flying Farmers organization.

George Didlake of Roswell visited "Sug" Hazel at the airport Saturday morning.

Vernon Wintheiser of Albuquerque visited in Artesia last week.

He was flown back to Albuquerque by Herman Fuchs in the Beechcraft.

Mr. and Mrs. Claude Withers and daughter flew to Hot Springs Saturday with H. P. Termain.

A. R. Matthews of the New Mexico Asphalt & Refining Company, was flown in to Artesia Monday morning by H. P. Termain in the Cessna 190.

Mr. and Mrs. Herman Fuchs and children, Frances and Freddie, went through the Carlsbad Caverns Sunday.

Herman Fuchs flew Jim B. Moutray to El Paso Friday, where Moutray visited his doctor.

Gene Sherwood returned from El Paso Saturday night with Roy Lee Williams. Gene who suffered a gunshot wound last November, is to receive the remainder of his treatments here in Artesia.

Farmers who had their hay dusted by airplane the last week included Russell Rogers, Ed Wilson, Bill Jackson, Earl Bowman, a Mr. Harris, J. J. Terry, Orville Gray, Elzie Swift and Jay Taylor.

An Invitation from The American Legion to Parents of the United States

The American Legion is asking for a few minutes from every parent in the United States to point out a problem that seems very important to us. We hope that it will seem important to you also.

Perhaps you haven't thought about it lately, but we want to remind you of the old truth that our country and our form of government (which we are sure is the best in the world) has its roots deep in religious and moral values. Can you imagine an America without churches?

With all the blessings we enjoy in this great nation of ours, it does seem strange that instead of advancing in spiritual matters we seem to be growing stagnant. We are worried because the America we know and love can't be the same if people lose their faith in God. And it looks as though we might be heading in that direction.

Here are some of the things that have been bothering us:

• Six million high-school-age youths have no regular contact with any church and receive no regular religious instruction. At the same time the FBI reports that 250,000 children each year are brought into juvenile courts as delinquents, and nearly 1,000,000 others come to police attention; that 300,000 children are each year detained over night or longer, many of them in local jails or detention homes; that 30,000 children are in training schools as juvenile delinquents; that about one-fourth of all arrests made in the United States are youths 21 years of age OR LESS. Yet juvenile court judges tell us that of the increasing number of cases which they hear, seldom is a boy or girl brought before them who has had regular religious instruction.

This situation has arisen during a period when free public education has reached its highest peak in the United States, when the numbers of young people in colleges and universities are the largest in history. It is evident, then, that secular education alone is not enough to build the character which America needs in its young people. In addition to regular class-room education, young people need religious education and spiritual guidance.

Article I of the Bill of Rights of our Constitution guarantees freedom of religion, and we certainly aren't suggesting that the public schools make secular religious training a part of the curriculum. We have to look to some other place than the public schools for the religious education of children. And that place is in every child's home and in every child's church and church school or Synagogue and Sabbath school—whatever may be the choice of religious worship.

Maybe you haven't been too regular yourself in attending services these past few years. Maybe you haven't thought too much about whether your children are developing morally and spiritually the way you expect them to. If that's true, The American Legion wants to invite you, yes, and urge you to become re-acquainted with your own church—the church of your choice. And we especially want to ask that your children have the benefit and fellowship which the church can offer them.

Parents have the mission and the right to raise their children according to their own best judgment. This is an inalienable right, but it is also joined to a strict obligation. No other person or institution could possibly take your place in the life of your child. You expect the schools to help you in the education of children. But long before children ever go to school, parents have provided the foundation for their formal education by teaching them to talk and by teaching them many other things which they must know before entering even the first grade.

In the same way, the child's religious instruction must begin in the home and be aided by the church so that the child may take his place in the world with a knowledge of the Creator and of personal dependence on Him.

So, what we are saying is: "Let your form of religious worship (church or synagogue) help with your child's spiritual development." It can do a lot if you will give it a chance.

selves in agricultural pursuits, President Fred G. Gurley has announced.

The awards are cash sums sufficient to defray all traveling and other expenses for the winners to attend the National 4-H Club Congress held in Chicago. Certificates of merit from the Santa Fe president are presented to the individuals as a keepsake record of their achievement and participation in the awards.

Winners are certified by the state 4-H Club leaders to the National Committee on Boys and Girls Club Work headquarters in Chicago, and the railroad takes no part in the selection of winners except in establishing the original basis for the awards.

Farmers and ranchers invested 4½ billion dollars in E Savings Bonds in 1948, and reports indicate heavy continuation of purchases in 1949. Farmers find E Bonds convenient for keeping up a financial reserve against emergencies of all kinds and for accumulating funds that will enable them to take advantage of future opportunities.

The E Bonds mature in 10 years, earn 2.9 per cent when held to maturity, and can be cashed at the owner's convenience, after 60 days from purchase.

Income From State Land Is Up 25 Per Cent

Income from New Mexico's 11 million acres of state land amounted to \$2,715,000 the first three months of this year, Land Commissioner Guy Shepard announced. This is an increase of \$541,000, or almost 25 per cent, compared to the land revenue during the first quarter of last year.

Around 95 per cent of the three-month income this year came from oil and gas leases and royalties, the commissioner said.

All of the net revenue is distributed to New Mexico's public schools and the land endowed institutions, Shepard explained.

"Prospects appear good for still more oil and gas production on the state acreage in several counties," he said.

By MERV WORLEY

Recently there was a story in the newspapers about a woman of 94 who is starting to take up singing lessons. She says she "always wanted" to be a singer, but she's been too busy to get to it. Now that's an attitude that is as encouraging as the first robin of Spring. Too many of us complain about our lost opportunities and rain our lives. There's nothing like new hobbies and interests to keep us on our toes and help us to get the most out of life. Since 1900 the life expectancy of men has increased 17 years, and women 19 years. We've got more time. Shucks, let's make the most of it.

An operation on a sick bull in Hamburg, Germany, revealed the animal had a Nazi party button in his stomach. A lot of people were not able to stomach the Nazis either. However, if your car motor acts sick and sluggish, there's another answer. Bring it in for diagnosis to ARTESIA IMPLEMENT & SUPPLY CO., 808 South First St. This is the place to come for Kaiser-Frazer sales and service. Courteous, efficient service. Guaranteed parts and workmanship. We know your car inside and out. Come in any time and talk over your car problems with us, PHONE 93.

Anthropological Finds In State Are Important

What may prove to be one of the most important anthropological finds in New Mexico was reported

Fine
PIANOS
Cash or
Easy Terms

GINSBERG MUSIC CO.
Roswell, N. M.

in Las Vegas by two Highlands University graduate students.

Following a lead by Fritz Broske, Optic linotype operator Frank Wilson, Santa Fe and Robert Bennett, Las Vegas, began a search in the Lower Gallinas Canyon which resulted in the discovery of two cliff dwellings as well as signs of a much larger field for future operations in that vicinity.

Although this section of New Mexico has not been explored for anthropological purposes, one of the world's most outstanding anthropologists, Dr. Helmut De Terra, Viking Foundation, New York, expressed interest in the area running from Gallinas Canyon to Starvation Peak while in Las Vegas last summer.

At the time, Dr. De Terra said he considered that area the logical place to find some of the oldest ruins and evidence of Folsom and pre-Folsom man. Considering the

time element, he said it compares with the Stone Age of Europe.

Speaking for both Bennett and himself, Wilson said the dwellings offered definite proof of inhabitation for a long period of time by heavy carbon deposits on the ceilings. He further said the area offered literally hundreds of sites for excavation, being possibly one of the largest anthropological sites in the country.

Awards To 4-H Members To Be Given By Railway

Sixty-five educational awards to outstanding 4-H Club members in Colorado, New Mexico, Texas and other states served by its lines will be offered in 1949 by the Santa Fe Railway, in continuance of its pol-

icy of annually encouraging American boys and girls to train them-

All Tired Out?

Ever feel that way without having undergone unusual physical exertion?

It's Probably Your Eyes

They affect the whole nervous system, and that means the brain and the muscles.

Those wearing correct glasses will tell you of the relief, comfort—yes, happiness imparted by properly fitted glasses. Life looks different through them. Don't Neglect Your Eyes
