Forget Differences

WHETHER WE AS INDIVIDUALS like to admit it or not, there are other folks in the work just as intelligent, just as wise, with just as much talent and ability as we possess. In fact, there are always individuals who are even a little wiser and perhaps a little better qualified to do particular jobs than we may be.

We presume it is only human nature, however, to assume that this isn't true rather than admitting that it is true.

On the other hand we realize fully there are individuals maybe with more intelligence and more ability than others and yet these people do not possess the willingness of some individuals to do community jobs—individuals who perhaps may not be as well qualified as the other fellow.

But the fact does remain that none of us have a monopoly on intelligence.

We know of one city in the state where those in charge of the city's affairs assume an attitude if they do not think it, suggest it, recommend it or undertake it—then it hasn't any value.

That, of course, is a serious mistake. It is not only a mistake but it handicaps the city and it denies the city having many of the things it could and should have.

In other words, in this particular city, the game of politics is played from beginning to end. It isn't even a matter of the party but it is a matter of factions and the faction in control regardless of what the other members of the party might do and think.

We have always been just a little happy this condition does not prevail in Artesia. We have always noted that it is the growth of the community that really matters here. We have always noticed that we can do a good job of putting politics second and the city's welfare first.

And that has been responsible in a large measure for the city's rapid growth, development and expansion.

We have been able to forget our differences when the future of our city was at stake. And we are sure that our civic and community leaders and our public officials are going to keep it just like that.

That is as it should be and Artesia deserves to be commended because it has been able to develop such a fine community attitude.—O.E.P.

It Can Be Done

WE HAVE NEVER BEEN MUCH SOLD on the idea so frequently advanced that "something" needing to be done just can't be done.

We recall living for 11 years under one state administration and during those entire 11 years, we were told time and again that it couldn't be changed.

Yet we recall living to see the day when it was changed—changed decidedly.

We are perfectly willing to admit that some things seem they will never change. We are willing to admit that a lot of things in this old world of which most of us don't approve appear they will never be changed.

Yet years have taught us that time does many things—time changes situations and conditions.

And we fully realize that oftentimes time needs a little help and a little assistance. And it is up to us if we believe the changes should be made to give this help and assistance.

We have seen political conditions and situations that have been built up over the years. They have grown stronger, it appears and they have grown worse. They have existed so long that the public is fully convinced that a change is not possible.

Yet through the long history of this nation there has never been a time when a corrupt, rotten political condition has not been changed by time.

It may seem like it is taking a long time to get the change. It may appear the change is never going to occur. It may seem that the thing needed will never come about or be brought about.

But that is exactly what those opposing the change want us to think. They would like to create the impression they are invincible. They would like to create the impression they can't be beat. They would like very much to keep things just as they are.

However, they only last so long. We do not care how well versed in politics they may be; we do not care how powerful they may appear and we do not care how strong they think they are. We still contend that the people have the final say and they will eventually bring about the change.

Yes, that change is possible even when it is a long time in arriving.—O.E.P.

Outlaw The A-Bomb?

AT THE TIME OF THE ANNOUNCEMENT some days ago that Russia now has an atomic weapon, possibly the atomic bomb, there appeared much in the press of the nation about outlawing its use.

Some writers pointed out that the dum-dum bullet was outlawed many years ago for use in wars. And since that time all nations have stuck to the agreement, although breaking treaties and other agreements when they get ready for war.

Poison gas was outlawed after World War I, but the real reason it was not used in World War II is that all nations concerned were afraid of reprisals if they started it. But don't get the idea that the nations did not have it ready, just in case. They all did, including the United States.

The same is true of bacteriological warfare. No one wanted to start it, for fear the other fellow had much more horrible bugs.

We hardly think the atom bomb will ever be used again, for the same reason, unless some aggressor figures he can practically wipe out at once another nation's ability to strike back.

It would be far better to outlaw war. But that can't be done, for as long as there are greed, selfishness and lust for power we will have wars.—A.L.B.

We Don't Like Carnivals

IN GENERAL, we don't like carnivals! We will admit the rides and some of the shows are all right and we enjoy walking around carnival midways and watching the kids have fun.

But we don't like the element which follows them and the shadiness of some of their deals. Some are much cleaner than others, but they all—even the very best of them—have some shady characters who are employed on the midway in one capacity or another, or merely follow the shows and make their living in some method which is not within the letter of the law, if not downright dishonest.

We hasten to explain that we are referring to carnivals—not to tent repertoire shows or good, clean circuses, although sometimes the latter have had followers.

What little money the carnival pays out for the privilege of showing in a community is far too small to offset the headaches if not actual losses suffered.

They don't come in to amuse. The majority come in to fleece. And the sooner we learn not to be fleeced at irregular intervals the better off we will be.—A.L.B.

Give It Some Thought

WE HAVE ALWAYS FELT that Artesia has been extremely fortunate with its law enforcement officers; with the efforts to enforce the laws and with the general attitude of the public in seeking to have law observance and enforcement.

There have been some things happen that haven't pleased the citizenship. There have been some things occur which those charged with directing the officers didn't like.

There will be other things occur which will not be generally approved. But action is always taken when something comes up to clear up the matter and to eliminate the condition prevailing.

This unfortunately is not true over the state. There are cases elsewhere where officers off duty but carrying their guns and badges appear in public in an intoxicated condition. There are instances where officers become involved in situations that should not prevail.

There are instances where state patrolmen sign bonds to release prisoners and now and then cases where these officers become intoxicated.

Yet politics saves the faces of these individuals and frequently prevent their removal from office.

It is our honest opinion that an officer whether on or off duty who becomes intoxicated should be removed from the law enforcement payroll.

But when politics control and dominate a situation—then there is little the average citizen can do. It does appear to us that those in control and in charge would want to change such conditions. It is our opinion that the political leaders would even realize that such a condition as having a law enforcement officer who become intoxicated was slowly destroying the party.

But that situation prevails over the state. And it is going to take some thought, some study and some consideration on the part of the voters to straighten out this condition in the state. When political leaders won't even stand for law observance and when those charged with enforcing the law are violating it and being excused by those over them—it is time for the citizens to become vitally interested and to take matters in their own hands.

And the one and only way that these conditions can be changed is to change those charged with directing those ignoring and violating the laws of common decency and those failing to show the proper respect for law although they are charged with enforcing the laws.

There is no question but what some of the conditions which have prevailed in this state have been permitted to prevail with the blessing of certain officials in Santa Fe. Grand jury investigations have not as yet accomplished the desired results.

But there are some conditions in Santa Fe that need to be changed and that will have to be changed if we restore law and order in this state.

And the one place the citizens can do this is by a visit to the polls and balloting to bring about changes.

And we are of the opinion that we need some changes in the state. We are going to have to have them if we expect to have law observance, law enforcement and respect for law and order.

As long as those charged with enforcing the law are guilty of violating it we can't expect the general public to have much respect for either the officers or the laws of our state.—O.E.P.

Advice to consumers from all quarters now includes everything except where to get the money.

Calls On President

Al Jolson
 SINGER Al Jolson puts on all his charm for the photographers in Washington after he called on President Truman at the White House. "I asked him if he was going to run again," Jolson later told reporters, "and he told me, 'I don't know whether they want me or not, but maybe I will need the job.'" (International Soundphoto)

Inside WASHINGTON

MARCH OF EVENTS

Arms Budget Unaffected By | Closer Co-operation Between
 Russ Possession of Bomb? | U. S., Britain Seen Certain

Special to Central Press

WASHINGTON—Indications are that the military budget will not be greatly increased as a result of disclosure that Russia has achieved an atomic explosion.

Administration officials say that President Truman probably will submit to Congress in January a military budget about the size of that which the defense establishment is operating on now.

This calls for nearly 14 billion dollars for the armed services. Funds for occupation of former enemy countries, and for stockpiling strategic materials will run the total close to 15 billion. Atomic energy will get another billion.

There has been no intimation that the President will increase his proposal for a 48-group Air Force, but Congress may force an increase, despite Navy opposition and the fact that the 48-group plan was created in the recognition that Russia would achieve the atomic secret.

ANGLO-AMERICAN CO-OPERATION—One certain result of the Soviet scientific advance will be revival of wartime co-operation between the United States and Britain. From the viewpoint of the Kremlin the wartime allies closer together, the British could not have done better than exploding an A-bomb.

State department thinking has centered on keeping Britain free, primarily so the United States would have a base close to Europe if the worst happens. If Britain falls, as one official sees it, there would be nothing left but to toss rockets over the North Pole without knowing the results.

It was this reasoning that caused the United States to come so quickly to Britain's aid in her dollar crisis. Now a continuing body will be set up to keep an eye on the English economy. In addition, atomic experts will join in another permanent group.

TAXES UP AGAIN?—Don't be surprised if a drive gets underway soon in Congress to increase taxes.

With Congress unable or unwilling to cut expenditures, it is faced with gigantic government deficits unless new revenue is provided. Only answer seems to be higher taxes and Congress may be forced to act next year despite Senate and House elections.

The gap between outlay and income is steadily increasing. Treasury red ink for the fiscal year which ended June 30 was one billion \$11 million dollars. Deficit for the first 11 weeks of the current fiscal year was two billion 461 million dollars.

Rep. Clarence Cannon (D), Missouri, House appropriations committee chairman, foresees a 10 billion dollar deficit in the next two years, which led Rep. Robert L. Doughton (D), North Carolina, ways and means chairman, to say: "We're going to face up to it." Doughton's committee drafts tax bills.

FARM BILL CHANCES WANING—Prospects for a new farm bill passing Congress this year are dim, barring a last-minute spurt of action by the Senate.

The House already has approved the Gore bill to continue the present 90 per cent of parity price support program, but the Senate has made little headway on farm legislation.

The Senate agriculture committee is awaiting a "go-ahead" from the Senate before reporting out the Anderson bill providing flexible supports of 75 to 90 per cent of parity. A Senate subcommittee has approved the measure.

However, even if the Senate does pass a farm bill it's pretty sure to run into a deadlock with the House, whose farm leaders strongly favor the present system.

used not to get closer than a mile to another car and never park where you'll have to back up."

A Climaxer
 But the trend of the times was best said by The Roswell Dispatch last week in one terse sentence: "Placed under the care of a doctor, the boy was seriously hurt."

The Typo Howler Front
 The Albuquerque Tribune, in advertising races at the Rio Grande Sports Bowl, heralded the Sunday afternoon performance as one of "Spills, Thrills and Shills."

Then The Hobbs News Sun, in playing up the wedding of Eleanor L. Striegel to Roy Sears Harvey, said Mrs. Kenneth Thomas sank several musical numbers. "You always run that danger."

The Clovis Chronicle misplaced a headline last week and it made interesting reading. Under the head of "Portales CC Sends Peanuts to Chicago," the text said that Dr. C. B. Wivel of E.N.M.U. was being sent to a Chicago meeting.

There's always that danger of getting respectable people mixed up with nutty peanuts in the peanut capital of Portales.

We don't suppose that the United Press radio wire from Los Angeles was calculated to do much damage to the reputation of the U.C.L.A. football team but the fact remains that "Jawn" Kirkwood of Clovis' KICA sent us a copy that

Try and Stop Me

By BENNETT CERF

THE late George Kittredge, one of the greatest professors in Harvard's history, was lecturing a class on the day preceding the annual football game with Yale. Knowledge that the class was not exactly concentrating upon his dissertation impelled the professor to pace up and down the platform even more energetically than was his usual wont. Suddenly he made one step too many and fell off the platform onto his face.

He was up again before a student could help him, shaken and bruised, but still composed enough to observe, "Gentlemen, I believe this is the first time I ever have descended to the level of my audience."

Kay Wister has a five-year-old friend whose parents set forth in their most elegant finery to attend a wedding. Impressed and excited, the youngster exclaimed, "What fun, mommy! Come home and tell me who won!"

Part Of Dexter Hatchery Open To Duck Hunters

The U.S. Fish and Wildlife Service will open a designated portion

of the Dexter Fish Hatchery grounds to hunting during the coming waterfowl season, Oct. 14-31 and Dec. 21-Jan. 7.

The section open to hunting will be the eastern half of the grounds. Hunters must enter by the front entrance on the county road east of Dexter. From this gate plain markers will direct the hunters to the parking lots. There will be three parking lots, one at each gate guard entering the hunting area. Hunters will be required to park in the designated areas and walk to the area open to hunting.

The following regulations must be complied with: No shooting on any of the ponds other than those in the designated hunting area; waterfowl only can be hunted; road signs, boards and pond outlets, fences or cattle guards must not be molested; be cautious about fires and extinguish fire immedi-

ately should one break out; comply with all state and federal laws. The Fish and Wildlife Service may close the property to hunting at any time such action becomes advisable. The station superintendent is authorized to close any part or all of the hunting area when hunting may interfere with normal operation of the station.

Committee For Scout District Meets Next Week

The Gateway Boy Scout district committee will have its first regular meeting of the fall months at 7:30 o'clock next Monday night, Oct. 17, at the Artesia Chamber of Commerce office, it was announced by C. D. Hopkins, district chairman.

It is to be a meeting to outline and co-ordinate the work of the six operating committees dealing with the administration of scouting in the district.

Heads of committees are: Advancement, Bob McQuay; camping and activities, Jay Mitchell; lead-

'Good Literature For Our Children' Is Mrs. Martin's Subject At P.T.A.

Mrs. W. Leslie Martin was guest speaker at the regular meeting of the Central School Parent-Teacher Association Wednesday afternoon. Her subject was "Good Literature for Our Children."

"A child's first experience with literature comes in the home and it is our responsibility as parents to direct him carefully, realizing that if we do not foster good literature in the youth, we will not find it in the man," said Mrs. Martin.

"If we would teach our children to read well, we must seek to create in them the desire to explore the pleasures of the written page. They then will enjoy literature from the very beginning."

Mrs. Martin discussed the value of nursery rhymes, fairy tales in the life and experience of the very young child and showed how these could lead to an early appreciation of poetry and the classics. Bible stories and the reading of the Bible itself can be of inestimable value in the forming of religious beliefs and living of the child, because his imagination is stimulated. Beliefs are formed or destroyed, experiences are widened, by the kind of literature children read, she said.

"Comic books," she said, "can hold no special terror for us, if we have helped our children to lay a good foundation in the choice they make of the literature they read. The comic book will then become only a sideline attraction for an hour's reading of pure enjoyment."

"Literature is the stuff from which dreams are made; dreams become visions, visions become plans and plans make for success."

Mrs. Martin had her subject well in hand and she was a very pleasing and forceful speaker.

Mrs. D. A. Saikin, the newly elected president, presided during the business session.

GUEST SPEAKER IS UNABLE TO ATTEND

Mrs. Harry Jordan has announced that Adlai Feather, who was to have been guest speaker at the Garden Club meeting today, will be unable to be present.

FOR SALE

Colorado apples, several varieties, pinto beans, potatoes, also white onions. A. G. Bailey, 110 Richardson, phone 239.

Fortnightly Club Has Luncheon At Glenn Booker Home

Mrs. Glenn Booker was hostess to the Fortnightly Bridge Club Tuesday for a 1 o'clock luncheon and bridge.

The home was beautifully decorated in fall flowers. Mrs. H. G. Watson held high score for the afternoon.

Members present were Meses. H. G. Watson, Albert Richards, R. M. McDonald, W. Leslie Martin, Charles Martin, William Linell, John Lanning, Grady Booker, C. R. Blocker and C. R. Baldwin and the hostess, Mrs. J. D. Smith and Mrs. O. R. Brown were guests of the club.

The next meeting will be Tuesday, Oct. 25, at the home of Mrs. William Linell.

First Afternoon Bridge Club Meets With Mrs. Rowland

Mrs. John Rowland was hostess to the First Afternoon Bridge Club Tuesday at her home.

A Halloween motif was carried out in the decorations, with a large three-tiered flower centerpiece made of orange marigolds, pumpkins and jack-o-lanterns and with black cats on each side of the table. The same color scheme of black and orange was carried out in the dessert course, served preceding the games. Beautiful bouquets of fall flowers were arranged throughout the room.

Members present were Meses. M. M. Alexander, H. C. Bidwell, Jim Berry, Jeff Hightower, J. J. Clarke, Sr., C. Hise Myers, James Nellis, Sr., J. W. Story and R. A. Brunk and the hostess, Mrs. E. J. Foster and Mrs. Dave Bunting were guests of the club.

Mrs. Brunk was awarded high score for the afternoon.

PAST NOBLE GRAND CLUB MEETING POSTPONED

The Past Noble Grand Club meeting scheduled for last night has been postponed until next Thursday night, it was announced by Miss Ella Bauslin.

Mrs. E. M. Perry Is Hostess To Study Group

Mrs. E. M. Perry was hostess to the Study Group of the Artesia Woman's Club at her home Wednesday morning.

The meeting was opened by Mrs. John Rowland, chairman, who conducted a quiz on "Who Said That?" Mrs. C. R. Blocker gave a report on "News and Recent Proceedings of the United Nations," which was followed by Mrs. J. E. Roberts presenting "News Short on the Life of Francis Marion Grandstaff" and his recent achievement in the music world with his cantata, "Big Spring."

Mrs. M. M. Alexander presented an interesting item of the "Artist Sharp." Mrs. D. M. Schneberg gave recent developments in "The World of Medicine."

Mrs. T. L. Archer's contribution on the program was a report on the result of the V-2 rocket which rose from the White Sands Proving Grounds at Alamogordo. Mrs. E. J. Foster posted everyone on "Approved Movies' Current Religion."

Mrs. H. B. Bidwell told of recent interesting items which have taken place in the present progress in India.

Mrs. E. M. Perry discussed the higher tuition and increased expenses for students which prevail in all colleges throughout the country this year. Mrs. Rowland brought the group up to date on the recent development of the atomic bomb and the position of this nation abroad as the result of Russian activities in that field.

The group enjoyed lively discussions of all topics presented during the meeting and were served dainty sweet rolls and coffee after the adjournment.

Members present were Meses. H. B. Bidwell, M. M. Alexander, Carl Lewis, E. J. Foster, J. E. Roberts, B. E. Kennedy, J. W. Rowland, T. L. Archer, C. R. Blocker, Dave Bunting and D. M. Schneberg and the hostess.

Memorial Service Held At Meeting Of Order Eastern Star

Artesia Chapter No. 18, Order of the Eastern Star, held its regular stated meeting Tuesday night at the Masonic Temple. Mrs. Clarence Roach, worthy matron and Ralph Pitt, worthy patron, pro tem, officiated.

Preceding the business meeting, a memorial service was conducted for the late Mrs. F. Abbie Aldrich, past worthy grand matron of the grand chapter of New Mexico.

Grand Chapter dates were announced as Oct. 20-22 at Albuquerque.

Flowers were sent to Judge and Mrs. Arba Green in honor of their 50th wedding anniversary.

A covered-dish dinner was served preceding the business meeting.

Atoka Woman's Club Meets At Green Residence

Mrs. Herman Green was hostess to the Atoka Woman's Club at her home Wednesday afternoon.

During the business meeting, over which Mrs. Russell Schneider presided, it was announced a flower show will be held at the Woman's Club in Carlsbad Saturday and Sunday. All entries should be in by noon Saturday.

A nominating committee composed of Mrs. Jim Berry, Mrs. W. T. Haldeman and Mrs. Herman Green were appointed to select nominees for officers for the coming year. The menu for the November covered-dish luncheon was arranged. This will be the final business meeting of 1949 and will be an all-day affair at the home of Mrs. Haldeman. There will be an election of officers.

Blanks were filled out by the members showing home improvements, articles made and canning done for the annual report of Miss Wynona Swebston, county demonstration agent.

The Eddy County Extension Clubs luncheon will be held in Artesia this month. A definite date and place are to be announced later.

The question of wrapping bandages for two Eddy County cancer patients as a club project was discussed. It was decided to devote one meeting for this work. The State Cancer Society furnishes the material and instructions for making the bandages.

The demonstration was on the making and remodeling of hats. Miss Swebston showed types of hats becoming to different types of faces and how to renovate felt hats by the use of a rubber sponge and how to steam the felt before reshaping. Miss Swebston also gave an interesting report of her recent trip to the national convention of extension clubs in Colorado Springs, Colo. About 2400 members were registered. Highlights of the convention program were an international tea, ice show, chuck wagon supper and the Koshare Indian entertainers.

Mrs. Green carried out a Halloween motif in the refreshments served to Meses. Glenn Sharp, Sam Warren, W. T. Haldeman, Russell Schneider, Paul Rogers, John Rowland, W. M. VanHorn, Paul Terry, Nevill Muncy and H. T. Gissler and Miss Swebston and Mrs. D. T. Walling, a guest.

Social Calendar

Plans Started In Artesia For Knife-Fork Club

Theodore Fisher, temporary secretary of the Knife and Fork Club of Southern Eddy County, Carlsbad and field director for the Knife and Fork Club, Inc., has been in Artesia this week in the interest of forming a sponsoring group, looking forward to the formation of a club here.

He explained - chapters hold meetings about once a month, at each of which there is an outstanding speaker, a man or woman of national or even international achievement and distinction. At least seven such meetings a year are guaranteed.

Fisher said memberships are offered mainly to married couples, but that single men members are permitted to bring women guests and two single or widowed women may share a joint membership.

He explained the Knife and Fork Club is not another civic, service or luncheon club, but has as its one purpose the meeting at intervals of about a month for evening dinner and an outstanding speaker.

Fisher said organization of the club in Carlsbad is well under way and should be perfected within 10 days. It is expected the first meeting there will be about Nov. 1. A club has been formed at Hobbs and will have its inaugural Oct. 26. Rev. Dr. Edward A. Heffner, who formerly was acting Episcopal vicar here, is the first president.

Mrs. H. R. Paton Gives Report On National Confab

Mrs. H. R. Paton, vice president of the New Mexico department of the American Legion Auxiliary, who was a delegate to the national convention in Philadelphia in August, gave an interesting and instructive report on the convention at the regular monthly meeting of Clarence Kepple Unit No. 42 Monday night at the Veterans Memorial Building.

Mrs. J. L. Briscoe, president, presided over the business meeting.

Mrs. L. E. Francis, chairman for October, presented a discussion on "The Education of War Orphans," which is the auxiliary's theme for the month of October.

Miss Anna Marie Dunn sang two numbers, "Smiling Through" and "Fiddle and Me," accompanied by Mrs. Glenn Caskey.

The refreshment table was covered with a lace tablecloth, centered with a crystal bowl holding marigolds and crystal candle holders on each side with orange candles. The napkins were of Halloween design. Refreshments were pumpkin pie with whipped cream, mints and coffee. Hostesses were Mrs. L. E. Francis, Jack Staggs, Frances Painter, Calvin Dunn and J. A. Fairey.

After the meeting, the members attended the open house at the new fire station in a body, where refreshments of delicious doughnuts and coffee were served.

Alyce Erickson Is Installed President Delta Kappa Gamma

Miss Alyce Erickson was installed as president of Delta Kappa Gamma at a meeting Tuesday night held in the home of Mrs. Richard Swartz.

Other officers installed to serve were: First vice president, Miss Alma Sue Felix; second vice president, Mrs. Gertrude McCaw; recording secretary, Miss Isabelle MacDonald; treasurer, Mrs. Leota Williams and parliamentarian, Miss Hildegard Kletke.

ARTESIANS ATTEND CARLSBAD D.A.R. MEETING

Mrs. Harold Kersey, Mrs. Frances Collins and Mrs. Tom Donnelly attended a meeting of Thomas Jefferson Chapter, Daughters of the American Revolution, in Carlsbad Monday evening.

The meeting was held in the home of Mrs. Jesse Murray with the regent, Miss Josephine Parker, presiding. After the business meeting, state conference reports were given by Mrs. L. E. Merchant and Mrs. J. H. Prince. The state conference was held in Silver City.

There's enough water in the Great Lakes to cover the entire U.S. a depth of 15 feet.

BALL POINT PENS by Fineline, the student's choice at \$1.50. Artesia Advocate, office supplies.

LOCALS

Mrs. Buck Williams and Mrs. James Ray have returned from Blythe, Calif., after spending two weeks with their daughter and sister, Mrs. O. B. Peacore, who underwent a major operation recently.

Mr. and Mrs. Hansford Shockley and Mr. and Mrs. Ed Shockley left Thursday for San Antonio and Austin, Texas. They expect to return Sunday.

Mr. and Mrs. W. P. George are celebrating their 50th wedding anniversary Saturday.

Mrs. R. F. McQuay is leaving tonight for Mayo Clinic at Rochester, Minn.

Recent guests in the home of Mr. and Mrs. G. V. Price were Mrs. J. G. Pashea and son Edwin Pashea and Mrs. Melvin Pashea of St. Louis, Mo. Mrs. Mary Thompson, mother of Mrs. Price and Mrs. Pashea, returned to St. Louis with them, where she will spend some time.

Dr. and Mrs. Frederic E. Crossman spent last week end in El Paso on a business and pleasure trip.

Clayton Fike, who graduated in May from Artesia High School, has left for Washington, D. C., where he will study law at George Washington University. He will be employed by Melpar, Inc., in Alexandria, Va.

Mrs. Leslie Warren returned home Monday from Abilene, Texas, where she had been called because of the illness of her mother, Mrs. J. R. Holloway, who was somewhat better when Mrs. Warren left there.

Peggyann Hutchinson of Mayhill was elected program director of the recently reorganized Forensic Society at the University of New Mexico, Albuquerque. All phases of public speaking are discussed at the weekly meetings of the society, held Wednesday evenings.

Mrs. E. T. Ashby returned home Wednesday morning from Edina, Mo., where she had been visiting relatives a month.

Fred Watson, son of Mr. and Mrs. Neil B. Watson, was pledged by Kappa Sigma, social fraternity, at the end of the rushing period at the University of New Mexico, Albuquerque, when 11 fraternities pledged 200 men.

Mr. and Mrs. LeRoy Davis, Jr., of Chicago visited Mr. Davis' aunt, Mrs. W. C. Thompson and Mr. Thompson from Monday to Wednesday, when they left for El Paso by way of the mountains. On Tuesday they went through the Carlsbad Caverns.

Local Firms Will Sponsor Free Show Next Monday Night

Myers Company, Inc., and the Mahone & Smith Motor Co., local International Harvester dealers, will play host to the Artesia community with a free stage and screen show to be held at the Artesia High School auditorium at 7:30 o'clock Monday night, Oct. 17.

In a jointly sponsored advertisement in the Tuesday edition of The Advocate, a cordial invitation was extended to "bring the family and have a lot of fun with us."

Appearing on the stage show will be: The King Brothers—sensational hand balancing team; Ed Coatsney—harmica virtuoso, formerly with Spike Jones; Evelyn Hill—queen of the accordion and John Ellis—magical master of ceremonies.

The screen play will feature "Monarchs of the Forest."

Spokesmen for both local firms urge everybody to attend. There will be no commercial announcements to delay the program.

Reaction—

(Continued from Page One)

nautics, Captain Worley said. They are given training by qualified senior members of the CAP and Air Force reserve officers.

The aviation subjects included are map reading, theory of flight, meteorology, navigation, aircraft structures, engines, instruments, crash procedure and civil air regulations.

In many areas funds have been donated to give flight scholarships to outstanding members, which it is hoped can be done here.

CAP cadets are given orientation flights in L-4 type aircraft on loan to the CAP from the Air Force.

Construction—

(Continued from Page One)

refreshment room and direct to the cars, Bartlett said.

The equipment has been here for some time, but the steel for the screen tower and fence has been hard to obtain, the manager said. However, unless certain other steel items are not obtainable now, because of the steel strike,

the construction work will progress without further delay and should be completed in about 60 days.

First Bride: "Does your husband nore in his sleep?"
Second Ditto: "Don't know. We nly been married three days."

Gas Is Generated From Unmined Coal in Missouri Experiments

Gas whooshes from electrode pipe. It comes from coal still in ground. GAS FROM UNMINED COAL is being generated in experiments at Hume, Mo., by the University of Missouri School of Mines. Successful development of the method may lead to its use for commercial and household gas supply. This is how it is done: Holes are drilled from surface to coal seam, iron pipes are inserted as elec-

trodes and the pipes are connected to pipes above ground. A current then is sent through the electrodes, and electrical resistance of the coal generates heat, causing it to give off oil-saturated gas which escapes up the electrodes and is caught in the pipes above ground. Coal tar is a byproduct of the process. (International)

Oklahoma Man Comes To Area Scout Work

the last four years has demonstrated his ability in developing new Scout troops and in organization work. Howard Brawn, Scout executive of the Eastern New Mexico Scout Council, in announcing Harris' appointment, said, "We consider ourselves very fortunate to get Yorrel Harris for our position at Hobbs and we know from his past record in scouting that scouting activity in the Hobbs area will be immediately increased. Harris is challenged by the opportunities in Eastern New Mexico and is interested in growing with the section and the council. "With the addition of Harris, the council now has a full staff of experienced men of proven ability and we anticipate great progress during the coming months."

Carrot Measuring Foot Is Raised Here By Wesley Sperry

An unusually large carrot, weighing a pound 14 ounces and measuring 12 inches in length and 10 3/4 inches in circumference, was raised by Wesley Sperry in his back yard. It is now on display in one of The Advocate windows, where it serves as a challenge to other amateur gardeners. Sperry said there undoubtedly are or have been larger carrots, but this is the largest he has ever seen. And besides, he said, it was his belief that the mountain area west of here was where they raised the big ones.

Possibility Cotton Insurance To Be Discussed At Meet

O. B. Briggs, state director of the Federal Crop Insurance Corporation, will conduct a meeting Monday night with farmers for a discussion of the possibility of cot-

ton insurance for Eddy County farmers. J. R. Ogden, vice chairman of the county committee, in announcing the meeting, said it will be held at 7:30 o'clock Monday night in the District Court room in the court house in Carlsbad.

He urged that as many farmers and other interested persons as possible from the North Eddy County farming communities attend, in order that Briggs may have a good representation of views on the program.

BISHOP METZGER IS GUEST OF FATHER GEARY

Most Rev. S. M. Metzger, Catholic bishop of the diocese of El Paso, was a guest of Rev. Fr. Francis Geary Sunday night. Bishop Metzger had been in Carlsbad Sunday afternoon to bless

the new St. Edward's School and was on his way to San Antonio, Texas, to attend a jubilee celebration.

CHIROPODIST TO BE HERE SUNDAY, MONDAY

Dr. B. G. Nofflett, Carlsbad chiropodist, announced in an ad in this issue he will be at La Vaughan Beauty Shop in Artesia Sunday and Monday for the convenience of those needing his services.

He said he has been planning for some time to make monthly visits to Artesia.

It's all yours for less than you think

THIS BUICK SPECIAL 3-PASSENGER COUPE (Model 46) does double duty as a business car and a spacious carrier for the small family.

TEN-STRIKE! Only Buick SPECIAL has all these Features!

Traffic-Handy Size • More room for the money • Dynaflo Drive optional at extra cost • Jet-Line Styling • Non-Locking Bumper-Guard Grilles • High-Pressure Fireball Straight-Eight Engine • Coil Springing all around • Low-Pressure Tires on Safety-Ride Rims • Greater Visibility fare and aft • Self-Locking Luggage Lids • Steady-Riding Torque-Tube Drive • Three Smart Models with Body by Fisher.

RUN your eyes over this fresh new beauty. Take in its style-setting non-locking bumper-guard grille, the graceful down-sweep of its fender lines, so unmistakably Buick, and we think you'll agree—

It looks like a lot of money—but the fact is, it's a lot for your money.

Take in those bigger interiors, the sofa-soft seats, the easy control and the high visibility you get from the more-than-generous glass area all around—and you'll beam at the news that this one's priced for really modest budgets, right down near the "lowest-priced three."

Beyond that—put this gorgeous new Buick SPECIAL through its paces.

Sample its valve-in-head straight-eight power—the lively, ever-thrilling kind that comes from a high-compression, high-pressure Fireball engine.

You'll find a ride that's pillow-soft smooth, level and steady. You get ample wheelbase—in shorter bumper-to-bumper length for easy parking, garaging, maneuvering.

You'll find a car that handles light as lace—made even more of a breeze by Dynaflo Drive, available at

your option at moderate extra cost. So why not do a thorough matching-up of price tags, and what they'll buy around town?

In particular, put this straight-eight beauty up against the sixes, feature for feature, dollar for dollar—and you'll see for yourself there's nothing to touch this Buick as a buy.

Yes, go see your Buick dealer, take in the SPECIAL from every angle—and learn how quickly you can have one for your own.

SEE AND HEAR OLSEN and JOHNSON'S FIREBALL FUN-FOR-ALL every Thursday on Television

SEEK SITE FOR NATIONAL OPERA

AFTER ANNOUNCING a plan for building a National Opera House in Washington, famed former opera star Mary Garden, 72, and Carleton Smith, director of the National Arts Foundation, look over likely sites in the vicinity of the National Gallery of Art. She said funds for the project would be raised by popular subscription. (International)

1949, the plaintiffs will make application to the Court for a judgment by default and judgment by default will be rendered against you, and each of you, as prayed for in said Complaint.

The name of plaintiffs' attorney is William M. Siegenthaler, whose Post Office address is Box 128, Artesia, New Mexico.

WITNESS my hand and seal of the District Court of Eddy County on this 21st day of September, 1949. (SEAL) Marguerite E. Waller, District Court Clerk, Carlsbad, New Mexico. 39-41-F-45

It's all yours for less than you think

THIS BUICK SPECIAL 3-PASSENGER COUP (Model 46) does double duty as a business car and a spacious carrier for the small family.

RUN your eyes over this fresh new beauty. Take in its style-setting non-locking bumper-guard grille, the graceful down-sweep of its fender lines, so unmistakably Buick, and we think you'll agree—

It looks like a lot of money—but the fact is, it's a lot for your money.

Take in those bigger interiors, the sofa-soft seats, the easy control and the high visibility you get from the more-than-generous glass area all around—and you'll beam at the news that this one's priced for really modest budgets, right down near the "lowest-priced three."

Beyond that—put this gorgeous new Buick SPECIAL through its paces.

Sample its valve-in-head straight-eight power—the lively, ever-thrilling kind that comes from a high-compression, high-pressure Fireball engine.

You'll find a ride that's pillow-soft smooth, level and steady. You get ample wheelbase—in shorter bumper-to-bumper length for easy parking, garaging, maneuvering.

You'll find a car that handles light as lace—made even more of a breeze by Dynaflo Drive, available at

TEN-STRIKE! Only Buick SPECIAL has all these Features!

- Traffic-Handy Size • More room for the money • Dynaflo Drive optional at extra cost • Jet-Line Styling • Non-Locking Bumper-Guard Grilles • High-Pressure Fireball Straight-Eight Engine • Coil Springing all around • Low-Pressure Tires on Safety-Ride Rims • Greater Visibility fore and aft • Self-Locking Luggage Lids • Steady-Riding Torque-Tube Drive • Three Smart Models with Body by Fisher.

your option at moderate extra cost.

So why not do a thorough matching-up of price tags, and what they'll buy around town?

In particular, put this straight-eight beauty up against the sixes, feature for feature, dollar for dollar—and you'll see for yourself there's nothing to touch this Buick as a buy.

Yes, go see your Buick dealer, take in the SPECIAL from every angle—and learn how quickly you can have one for your own.

SEE and HEAR OLSEN and JOHNSON'S FIREBALL FUN-FOR-ALL every Thursday on Television

SPECIALLY NOW

Tune in HENRY J. TAYLOR, ABC Network, every Monday

Guy Chevrolet Company

101 to 103 West Main Street

ARTESIA, N. M.

Will you get your \$2,064 out?

At average new-car prices, you've tucked about \$2,064 into your new car. What will you get out of it in service? Winter wear can steal away many a dollar of your car's value. Prevent that theft... OIL-PLATE your car!

2. Never Lets Go! Even when the fine lubricating oil itself isn't covering a part, OIL-PLATING IS! It protects your engine from winter's wear!

1. Oil-Plating—a feature of patented Conoco No. 8 Motor Oil—performs a wear-preventing miracle by fastening a shield of special lubricant to working parts.

3. Winter Is Poison! Now's the time when engine wear is most dangerous. New and older cars both urgently need Conoco No. 8!

See Your Conoco Mileage Merchant, NOW!

Elks—

(Continued from Page One)

Members of the Elks committee said a generous agreement was reached with the production company that it is likely the local organization will realize a greater profit for its benevolent work by postponing the show until after the first of the year.

It was understood a newer production than "Talk of the Town," which was to have been presented this week, is being readied and it is probable the Elks will decide to use it at the time they again schedule a play.

W. T. (Doc) Haldeman, exalted ruler, speaking for the Elks and

Larson, for the production company, expressed thanks to those who have been rehearsing or otherwise assisting in preparation for the presentation.

BRUNK'S TENT NOW BUTANE HEATED

The big Brunk's Comedians tent between Fifth and Sixth Streets on Texas Avenue, where the company is playing this week, is now heated by butane gas from tanks and heaters purchased from Artesia Gas & Appliance Company.

Henry (Hank) Brunk, owner, said in past years, a number of different heating methods have been used, but that he believed the present is the finest for a tent theater.

17 KILLED AS FAST TRAIN SMASHES INTO BUS

Bus Driver (arrow) lies dead in wreckage. Smashed vehicle is wrapped around front of locomotive.

Bodies of soldiers and girl friends lie on right-of-way as crowd watches rescue operations.

17 SOLDIERS AND GIRL FRIENDS are dead at Ontario, Cal., following broadside ramming of their March field bus when it was driven onto Union Pacific tracks in front of the Pony Express speeding 73 miles an hour from Los Angeles to Chicago. The bus party was returning from a beach outing. One survivor said driver was confused by cries of "Turn right!", "Turn left!" (International Soundphoto)

Citizens—

last year, about 2000 were helpless children, the chief said. And a large number were old or incapacitated people.

Although it would work a hardship on some of the owners, a number of old buildings here should be condemned by the city, the chief declared.

Of the fire hazards in homes, gas is the most dangerous, Chief Richards said, because sometimes

people smelling gas pay no attention to it. But if it should accumulate in the right mixture in some pocket, it could be touched off in any of a number of ways, even by so simple a thing as turning on or off an electric switch. This could cause an explosion and fire.

Chief Richards said the elimination of such a hazard is up to the individual, as the firemen can do nothing about it, other than attempt to extinguish a resulting fire. The chief called attention to the

excessive growth of needle grass this year and the fire hazard it creates. It soon will be loose and ready to be blown, as it did a few years ago. He warned that if this should happen and one decides to burn it, he should first wet it down. The chief said the needle grass will still burn if wet down, but that the danger of a flash will be eliminated.

He said electric fires are the fewest of all, but that they do happen from a blocked or over-loaded fuse or breaker. And the chief warned that it is possible to be killed by electricity, even though there is no fire. Such is possible, he said, from turning an electric switch while in a tub. The chief declared electric switches should be so located that it would be impossible to reach them while bathing.

Chief Richards also warned against burning trash where there is danger of igniting something else, or of wind whipping burning embers which might start another fire. He said if a large pile of trash or brush is to be burned, the department should be called, with a request that a manned fire truck be sent to stand by.

Gasoline, oil mops and fish bowls in the direct rays of the sun are other causes of fires, the chief said. In fact there are many and one sometimes wonders and cannot figure out what started a fire.

Chief Richards said spectators at fires sometimes observe mistakes made by firemen and criticize them. But he stressed that they are always trying and are continually learning and that they should be given a boost instead of a knock.

The chief said the department is still in need of some equipment, which it is hoped will be obtained. Included is another truck, one having a combination high and low pressure pumper, carrying 450 gallons of water and capable of building 800 pounds of pressure, which he said would take care of 80 per cent of all fires.

Potpourri—

(Continued from Page One)

moved off of Main Street, dating back several decades. There's another, almost as old, which is in plain sight under the gasoline station canopy at the Yeager Brothers Grocery at Second and Chisum Avenue, put there many years ago by Jess Cave. It has a nostalgic flavor: "Sudden Service—Ford Repairing—Road Service."

Milton Brown, Jr., of Clovis sent a coin and asked for a copy of the issue of The Advocate in which we told about the retirement of C. O. Brown, former station agent here, after 50 years of service for the Santa Fe Railway.

In his note, he said he worked for The Advocate in 1905. That was when this publication was a mere yearling and we presume Milton Brown was a young man. We don't know the gentleman, but we feel certain he as well as The Advocate has matured and mellowed with the years.

We've heard of hunting coyotes and eagles from airplanes. And they have been used to locate lost persons, fugitives and strayed livestock.

But this one tops them all: Weaver McClelland of Loco Hills and Loren Bowen of Eunice, formerly of Artesia, were hunting antelope north of Cline's Corners Sunday, when Bowen connected.

The two lay their scope-equipped guns down, took some pictures, lay the camera down, dressed the buck and drove off. Later, when they discovered what they had done, they tried to backtrack and spent the day hunting, not for an antelope for McClelland, but for their \$400 worth of equipment, to no avail.

Early Monday morning, McClelland took off from Artesia in an airplane piloted by Herman Fuchs. And when they reached the hunting territory, McClelland directed Fuchs to a large bowl, in which he thought the antelope had been killed.

After combing the bowl for some time, the trails of an antelope were sighted. And then the guns were discovered, so Fuchs picked a likely spot and set the plane down. And the equipment was recovered, but it was discovered it could not be seen at a distance of as little as 10 feet because of the grass.

Incidentally, this department would like some more antelope yarns and will be looking for deer-hunting stories next month. Hope we'll have one of our own to tell.

It has been suggested by one who erroneously calls us "Pop," instead of the correct "Pot" that we dub these efforts: "Potcorn."

Anti-Aircraft—

(Continued from Page One)

body returned to the armory. It was pointed out by Capt. William White, battery commander, that although the battery has a full gun crew and a working mess section, more men are needed to fill out other gun crews and to fill up the ranks of the communication section. Truck drivers, radio men and telephone and wire men are badly needed as well. Anyone interested in joining the local battery of the New Mexico National Guard or those interested in learning more of the opportunities of

the guard are urged by Capt. White to contact the first sergeant at the armory on Centre Avenue, phone 338-J for further information.

Forget-Me-Not—

(Continued from Page One)

annual sale of forget-me-nots by D.A.V. chapter a year ago amounted to \$533.33, which amount is hoped to exceed in the sale this day.

PAULIN FUNERAL HOME

Anxious—

(Continued from Page One) up of Clyde Guy, J. W. Sharp, Van Swearingen, Dr. H. A. Stroup and M. C. Livingston. They planned to hunt in the Mancos area.

Bill Hinde and Carl (Cotton) Pittman are to leave about next Wednesday for Farmington, where they will be joined by other members of their party for a hunt in Colorado.

And it is expected other hunters from the Artesia area will make the big-game season in Colorado, or have already left for there.

But hundreds of others in the Artesia community will not get away until the New Mexico deer season, which will be Nov. 10-21.

Hangar Flying

A party for pilots is being held Saturday night at the big hangar at the airport. It will be a Halloween party.

Eule Martin soloed Tuesday. He is taking training under the GI Bill.

Fritz Moeller flew to Carlsbad Tuesday on business.

R. L. Harrison of Albuquerque flew in to Artesia Tuesday morning in his Beech Bonanza.

Chuck Spangler and Herman Puchs flew to Odessa, Texas, Tuesday.

Holsum Is Better Bread

day, where Spangler visited a sister.

High southwest winds slowed down flying at the airport all last week end. On Sunday a 65-mile per hour wind was reported by the CAA weather station in Carlsbad.

Burford Schulz spent Monday night in Roswell.

Mr. and Mrs. A. H. (Sug) Hazel drove to Roswell Sunday to visit relatives and friends.

Gene Sherwood received his ground instructor's rating this week.

Russell Rogers, Ralph Rogers and Hugh Moutray flew to Chihuahua City, Mexico, Saturday on business.

R. T. Wilson flew to Fort Worth Monday.

NOTICE TO CONTRACTORS

Notice is hereby given that sealed bids for the furnishing of all labor and materials for the construction of a Junior High School Building, Artesia, New Mexico, will be received by Tom J. Mayfield, Superintendent of Schools, at his office in the High School Gymnasium Building, until 12:00 noon the day of November 9, 1949 and to be opened publicly at 1:30 p. m., on the same date.

The proposal will embody statements to the effect that the bid is accompanied by a certified check or a bid bond in a sum not less than 2% of the maximum bid, payable to the Board of Education, Artesia,

New Mexico, with the understanding that if the proposal is accepted, the bidder will within 10 days thereafter enter into a contract and give a Surety Company Performance Bond in the full amount of the bid for such work. In case of failure of the successful bidder to enter into a contract and give an acceptable bond, the said check or bid bond shall be forfeited to the Board of Education as liquidated damages, otherwise it will be returned to the bidder within 30 days from the date of the opening bids.

Bidders desiring plans and specifications may secure the same from Voorhees & Standhardt, Architects, Roswell, New Mexico, upon the payment of the sum of \$25.00, which sum shall be remitted if and

when said plans and specifications are returned in good condition within 10 days after the date of the opening of bids.

Proposal must be transmitted in accordance with the detailed plans and specifications on the forms prescribed for that purpose and the Board of Education, Artesia, New Mexico, reserves the right to reject any and all bids and to waive all technicalities.

Ordered by the Board of Education of School District No. 16, Artesia, New Mexico, this 12th day of October, 1949.

ATTEST:
Artie McAnally, President
Mrs. Landis B. Feather, Clerk
(SEAL)

Brunk's Bill 'Why Men Leave Home' Last Two Nights

MERCEDES REY

Mercedes Rey will play the part of one of the "scrambled wives" in "Why Men Leave Home" Friday and Saturday night of this week at the Brunk's Comedians tent theatre.

"Why Men Leave Home" is rather an amazing and unusual play, but Brunk's will produce it just as it was played on the road tour of the key cities. The play concerns a group of wives who are touring the country and having a wonderful time without their own husbands. It suddenly occurs to them their husbands at home may also be having a wonderful time without their wives. This thought suddenly sends them "scrampering" home.

The situation found by the wives when they arrive home, makes plenty of good fun and entertainment for the audience. It takes old "loxy grandpa" to unscramble the "scrambled wives" and get all the couple happy once more.

"Why Men Leave Home" is being presented two nights in order to give all Artesians an opportunity to get seats to see the play. Saturday night will be the last night here for Brunk's Comedians, who will play in Roswell all next week.

STATE ENGINEER'S OFFICE

Number of Application RA-1187, Santa Fe, N. M., Sept. 29, 1949.

Notice is hereby given that on the 17th day of March, 1949, in accordance with Chapter 131 of the Session Laws of 1931, Beulah Jones and others of Artesia, County of Eddy, State of New Mexico, made application to the State Engineer of New Mexico for a permit to retain for domestic purposes the artesian well described in Declarations Nos. RA-1187, RA-1190, RA-1491, RA-1871, RA-1898 and RA-1905 as being 6 or 8 inches in diameter and 876 feet in depth, located in the NE 1/4 NW 1/4 of Section 27, Township 17 South, Range 26 East and used for irrigation and domestic purposes since the year 1908. Said well has been replaced for irrigation purposes by a new well 13 1/2 inches in diameter and 907 feet in depth located in the same subdivision of said Section 27.

No additional rights over and above those set forth in Declaration RA-1187 and the others listed above are contemplated under this declaration.

The old well will be used for domestic purposes only and appropriation from it is limited to 3 acre feet per annum.

JOHN H. BLISS,
State Engineer.

All irrigation rights have been transferred to the new well and appropriation from it is limited at all times to 3 acre feet per acre per annum delivered upon the lands having valid rights under the various declarations for irrigation purposes only.

Any person, firm, association, corporation, the State of New Mexico or the United States of America, deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source, may protest in writing the State Engineer's granting approval of said application. The protest shall set forth all protestant's reasons why the application should not be approved and shall be accompanied by supporting affidavits and by proof that a copy of the protest has been served upon the applicant. Said protest and proof of service must be filed with the State Engineer within ten (10) days after the date of the last publication of this notice. Unless protested, the application will be taken up for consideration by the State Engineer on that date, being on or about the 8th day of November, 1949.

You ought to be driving a '49 PONTIAC

Here's Where the Best Begins!

Most people look no further after they've had a good look at a 1949 Pontiac—they know that the best begins here! Here is the best in beauty—with a "Silver Streak" personality all its own. Here is the best in performance—thanks to Pontiac's great engines, straight eight or six. Here is the best in comfort, luxurious detail and appointments.

And here is the best in real economy—a sensible price to begin with and the famous Pontiac record of rolling out miles and miles and miles with only routine servicing.

The best begins right in our showroom—come in and see!

THERE'S MORE COMFORT IN A PONTIAC!
It's so much nicer to ride in a Pontiac—there's loads of head- and leg-room, the doors are wide for easy entrance and exit. Every mile is smooth and comfortable.

PRESIDENT SIGNS ATLANTIC PACT

AFTER FORMALLY signing the North Atlantic Defense Treaty, in Washington, President Truman, points to his signature on the historic document. He is showing it to Sen. Tom Connally (D-Tex.), Chairman of the Senate Foreign Relations Committee, leader for ratification. At right (background) is Sen. Theodore Green of Rhode Island. (International)

Princely Porter

LOWE BROTHERS HIGH STANDARD PRIMER "holds fast" and seals the surface of both new work and re-painting to make the complete painting job last longer. Through controlled penetration, it defeats absorption — makes a perfect foundation for the finish coat and minimizes the danger of paint failure. So use High Standard Primer and take the guess work out of painting.

PRINCE BETIL of Sweden (left), head of Stockholm "Porter Corps," hauls on a rope as he helps launch a new boat at Stockholm. The "Porter Corps" is a group of 18 wealthy Swedes who do almost any kind of job for money, which is given to the poor and sick. (International)

Lake Arthur

(Joyce Foster)
J. B. Crook and F. M. Crook left Saturday for Arkansas to visit their father, who is seriously ill.
Mr. and Mrs. Newman Bynum are the parents of a son Steven. The baby weighed six pounds 10 ounces at birth. Mr. and

Mrs. Jess Huff are the grandparents.
Delbert Robinson, a student at Eastern New Mexico University, Portales, spent last week end at home.
Blonnye Foreman, a missionary to Brazil, was guest speaker at the Baptist Church Thursday evening of last week.
The Community Hall has been

wired and gas put in. O. E. Smith said it would be several weeks before it will be in use.

John Haven is in Santa Fe on business. He also plans to attend

'Child of the Year'

Matalie Wood star, Matalie Wood (above), 11 has been designated "Child of the Year" by the Children's Day National Council in New York. The first annual nationwide observance of Children's Day is set for October 16 (International)

the Scottish Rite ceremony while there.

Mrs. Rebecca Lanehart's guest for two weeks is her son, Willie Wilson of California.

Mr. and Mrs. Bob Merritt were business visitors in Roswell last week.

The Lake Arthur High School shop boys have added a joiner to their equipment. The electric motors have also been cleaned and repaired.

H. D. Cross of Greeley, Colo., spent last week end with his brother, B. E. Cross. They visited the Carlsbad Caverns Saturday.

The community gathering, which was to have been held Wednesday has been postponed because of six-week tests. It will be held Friday, Oct. 21.

Guests in the home of Mr. and Mrs. Gene Sooter last week were Dr. and Mrs. Mallate of Crocker, Mo.

Mrs. Ollie Smith visited several days last week with the O. E. Smith family. From here, she planned to go to Arkansas.

Guests in the home of Mrs. Gayle Broff were Miss Judy Taylor and Kay Foster.

GUMDROPS, NOT CHEESE. CATCH WILY MICE BEST

Burlington, Vt. (AFPS)—The world should soon beat a path to the door of the University of Vermont, for scientists there announce discovery of a better mouse trap.

At least they say long experience in their annual battle to keep old mice off the campus shows heese is not the best bait.

For best results, the scientists recommend, use gum drops.

By Jim Larkin

Let other fellows quaff and halt And sing to "brown October ale". The hearty draught is not for me; I'm "on the wagon"—make mine tea.

Scientists are anxious to create a temperature of absolute zero (-459.3 degrees) but are stuck at less than a degree from the goal. All of which will win little sympathy from our Dakota and Minnesota readers who will gladly settle for 40 degrees below during any winter.

MEN OF MERIT

is Guy Lee Noble.

This versatile fellow was born in Iowa and began his schooling in his home town of State Center. He then entered the preparatory school at Washington State College and received his B.S. degree at Iowa State College, majoring in dairying. Later he joined Armour & Co., and did extensive traveling in public relations and experimental work, finally serving as instructor at the University of Chicago. His writings and speeches are widely known.

Mr. Noble took a leading part in the organization of the National Committee on Boys and Girls Club Work and the National 4-H Club Congress in 1921 and was named director of the National Committee. In this position his capable work in all activities has been recognized in all parts of the country. Just as sound in his prestige in many other civic and social groups.

G. L. Noble is not a theorist; he is a practical farmer, having had active farm experience in Iowa, Canada, and on his own 200-acre farm in Lake County, Indiana. His fine record of achievement in everything to which he has given his aid spells Merit—with a capital M.

DEFINITIONS IN RHYME

One seldom hears it, though it is nice, When talk is SUCCINCT: snappy, concise.

Most folks indulge in a long verbal spasm; More words than needed, or a PLEONASM.

If you have a child who rides a bicycle, it is your serious duty to be certain that the youngster knows and obeys all the rules of the road, as well as the obvious and incidental safe measures in riding. "Never take any chances" should be the motto drilled into the minds of young "bike" riders.

From Jim Larkin, Jr., student at the U. of W. comes a clipping from the CAPITAL TIMES of Madison, Wis., which speaks of the Horlick (Racine) school football team and its "Left halfback, Simeck, 1165 pound senior". Simeck, with that weight advantage, should be able to make opponents not only "seem sick", but actually to be definitely indisposed.

This advice from a safety specialist has my full endorsement: Get up early enough to avoid the need of rushing to the job. Eat a good breakfast—you will be less apt to be jittery. Avoid any spats; persons under emotional stress are more apt to have accidents.

The prospect causes me to yawn As I note on our once green lawn The endless job. Each fall breeze Leaves, leaves, leaves, leaves, leaves, leaves, leaves.

To break the monotony while raking leaves, you might try reciting the names of leaf form classifications and which are: acerose, linear, lanceolate, elliptic, ensiform, obtuse, oblanceolate, ovate, obovate, spatulate, orbiculate, reniform, deltoid, panduriform, cuneate and cordate.

BIG BEAR By Alan Maver

WALTERS WILL WIN HIS 4th VARSITY LETTER FOR FOOTBALL THIS YEAR!

Proper Insulation Helps Poultrymen
Benefits From Practice Extend to All Animals

Farmers pay for 900,000 tons of chicken feed annually that they could save by properly insulating poultry houses.

That figure is reached by projecting results of tests conducted at Iowa state college, in which flocks living in insulated dwellings required 15 per cent less feed. The protected flocks laid more eggs and fatalities were fewer.

Benefits from insulation extend to all farm animals. Hog house insulation, for example, increases hog production, and lowers feed costs.

Only through proper insulation can such results be accomplished. In recent years an insulating material capable of such results has gained wide acceptance among

Zonolite vermiculite insulation being installed over ceiling of dairy barn at Sunnyside Farms, Oregon, Ill.

farmers. Known as Zonolite vermiculite, it is completely non-combustible, unburnable, and easily used as a lightweight plaster or concrete aggregate, or as insulating fill. Zonolite, a mineral of the mica family, weighs only about one-sixteenth as much as sand.

Perhaps its most important benefit is that it keeps the farm building warm and dry, and enables the ventilating equipment to work more efficiently. Here's how it functions in a hen house:

When outside temperature drops to zero, the heat given off by the birds might keep the interior at about 75 degrees. Unfortunately, the chickens also contribute moisture to the air, and at low temperatures, air can hold a great deal of moisture.

If the insulation is used to keep the inside temperature at 50 degrees, considerably more water will be removed. It is a fact that air at 50 degrees will hold six times as much moisture as air at 25 degrees and will take that amount with it when removed from the building by the ventilation system.

FIGHTERS INSURED

New York (AFPS)—The New York Boxing Commission recently announced that effective September 1 all fighters will be compelled to have insurance protection when they fight in this state. The cost will be borne by the promoters and will guarantee up to \$500 for hospitalization in the event of injury, and \$2,500 for dependents in case of death.

HE RAN INTO HIS BOSS

Raleigh, N. C. (AFPS)—This city bus driver does it the hard way. The "other car" in the collision that ended his thirteenth year without an accident belonged to L. V. Sutton, president of the company that owns the bus line—his boss.

MUST BE DOG DAYS

Portland, Ore. (AFPS)—Must be a shortage of dogs. People who make the headlines here have been bitten by people. All in one day, police reported, one man said he was bitten by an angry woman. And a barmaid reported a customer protesting refusal of service clamped his teeth into the ear of a nearby customer.

COAL, BUT NO STEEL AT CARNEGIE-ILLINOIS

COAL CARS stand idle beside a backlog of coal at the Homestead, Pa., works of Carnegie-Illinois Steel Corp., a U. S. Steel subsidiary, one of the many plants shut down in steel strike. (International)

Speeds Harvest

With another multi-million bushel corn harvest expected this fall, America's farmers are turning more and more to machinery to prepare the crop for use.

One improved machine (shown above) made by the New Holland machine company shells up to three and one-third bushels of corn each minute. This machine takes in ears of corn and seconds later ejects cobs in one direction and cleaned shelled corn in another. The shelled corn is either bagged or elevated into a wagon automatically.

Leaving Straw to Rot Costly to Dairy Men

Leaving straw to rot in the fields will get a farmer as much for his money as lighting a pipe with a 10-dollar bill.

Ivan H. Loughary, dairy specialist of the Wyoming agricultural extension service, says: "Use that straw for bedding down your dairy cows, and especially since the bedding problem always becomes acute during the winter months." He adds that straw is costly.

MUGGS AND SKEETER

TUNA CHAMP CATCHES BIRD ON FLY

THIS IS REALLY a bird of a fish story, and with a picture to prove it it seems that Walter McDonough, winner of last year's Maine tuna championship, was trolling off the New Jersey coast when a flock of birds went after his lure. One was hooked in the bill and, as shown here, turned out to be a shearwater, of the petrel family. (International)

\$100-A-MONTH PENSION CONTRACT SIGNED BY FORD

ENDING A TENSE, 35-hour marathon labor conference in Detroit, exhausted Ford Motor company and CIO-United Auto Workers negotiators reach an agreement on a precedent-setting pension plan contract. The company agrees to pay retiring employees up to \$100 a month, including social security benefits. The contract must be ratified by 40 UAW locals within three weeks. Smiling as the contract is signed by Walter Reuther, UAW president, are Kenneth Bannon (seated at Reuther's right), UAW's Ford director; William Clay Ford (standing, center), and John S. Bugas (seated at Reuther's left), Ford's negotiator. Ford is surrounded by happy union members. (International Soundphoto)

first, second and third prizes. Glenda Watts won a gold star with "The Babe Ruth Story." Patty Webb was second with "Unfinished Dance," and Carolyn Nelson and Jean Nickolds both reviewed "Kazan" and tied for third place.

Troop 13 elected the following officers: President, Gaynelle Brown; vice president, Linda Bradshaw; secretary, Zeldia Zelany and treasurer, Alicia Waldrep. They played the "Get Acquainted Circle" and made plans for the year.

Troop 14 voted to buy senior Girl Scout pins. The girls decided to "adopt" an orphan at the Children's Home at Portales and send clothes and gifts throughout the year. They also discussed going to Camp Mary White the last week in October. They reviewed the history of Girl Scouting and "Girl Scout Week" in preparation for their "Girl Scout Week" radio show Nov. 5 over station KSPV.

Troop 16 leaders, Mrs. Neil Watson and Mrs. B. E. Northcutt, entertained the troop committee members at a coffee Thursday morning. Mrs. W. R. Petty, Mrs. Verle Allen and Mrs. Orville Durbin were present.

The troop met at the Methodist Church and made plans for the year. They played games and sang songs and will answer roll call next week with some good deed they

LIGHTNING SHEARS OFF BUILDING

LIGHTNING DEMOLISHED this building in Chicago, cutting a swathe as perfect as a demolition crew could have done. Note the truck and convertible coupe almost buried in tangled steel and bricks which piled into the alley. Six persons were injured. Building was occupied by a rag merchant. (International Soundphoto)

Food Cooked in the Broiler

By ALICE DENHOFF

THERE are many foods that are fine for broiling. For instance, on a cool evening, serve a grilled bacon plate. Or a satisfying platter meal of pan-broiled tomatoes, bacon, little pork sausage and cornmeal mush squares.

Besides potatoes both sweet and just spuds, other foods fine for broiling are tomatoes, onions, mushrooms, canned asparagus, parboiled carrots, apple slices, oranges, grapefruit, bananas, peaches, pears and apricots. Other meats that broil well are lamb steaks and chops, franks, beef patties, bacon, sweetbreads, sliced ham, kidneys.

Good Combinations
Appealing combinations for broiled meals include: 1. Frankfurters split and stuffed with sauerkraut, broiled potato slices (first parboiled), sliced tomatoes. 2. Beef patties, and bacon, potato cakes, carrot slices (first parboiled), and onion slices. 3. Ham slice, sweet

potato slices brushed with butter, tomatoes. 4. Lamb patties, grapefruit slices, bunches of canned asparagus, parboiled parsnips. 5. Lamb or pork kidneys wrapped with bacon, tomato slices, Spanish rice. 6. Broiled tomatoes, broiled mushrooms, broiled ham steak. 7. Canned asparagus bunches, tomato quarters, broiled bananas, broiled lamb shoulder steaks. 8. Broiled pineapple slices, broiled onions on hamburger, bundles of canned green beans. 9. Grilled potato sticks, onion slices, parboiled carrot sticks and grilled calves liver. 10. Parboiled green pepper cases filled with cheese and rice, grilled tomatoes, Canadian bacon. 11. Sweetbreads, onion slices and peach halves.

If you broil the whole meal, you'll save on time and effort in preparation, cooking and dishwashing, besides serving something a little different, always appreciated by the family.

sidered 'occasional' on this forest," Pettingell continued.

"Big game populations contained on the Gila Forest in Southwestern New Mexico number 250 black bear, 4700 white-tailed deer and 15,000 mule deer. The Lincoln National Forest in South-Central New

Mexico is estimated to have 130 black bear, 1000 white-tailed deer and 14,100 mule deer. Turkey are considered 'common' in this area. The Coronado National Forest in the far southwestern tip of the state has approximately 510 perry, 2 black bear, 45 mule deer and 1100 white-tailed deer."

'Mr. Derby' Dead

COL. MATT WINN, colorful director of the Kentucky Derby since 1902 when it was just a \$6,000 horse race, is dead at 88 in Louisville, Ky., home of the turf event he made into a national institution. Winn died at St. Joseph's Infirmary, where he had been since Sept. 9. He suffered from an intestinal disorder. He watched Aristides triumph in the first Derby in 1875. (International)

Girl Scout Notes

There are several new troops which as yet do not have numbers. Those troops will be listed under the leaders' name until they are given numbers.

Mrs. L. A. Hanson's troop, made

up of some new girls and some from Mrs. G. L. Beene's troop, who go to Park School, met at the First Christian Church to get acquainted and fill out their registration blanks and discuss their tenderfoot work. These girls are to meet at the Christian Church next Monday afternoon.

Mrs. John O'Brien's group of Brownies played "Brave Indian," sang several Brownie songs and were told a Brownie story. The girls discussed sewing cat's head coin

purses, in which to carry their dues. Their leaders provided suckers for the girls.

Mrs. Wayne Adkins' troop learned the Brownie promise and "Smile Song" and salute. They played a "get acquainted" game and were presented a cotton stalk poster, on which each boll of cotton represented a girl present. Each girl must attend meetings before she is a Brownie and at the fourth meeting, the stalk should be covered with cotton.

Troop 10 planned and chose committees for a cookout to be next Thursday at the Girl Scout fireplace across from the Paulin Funeral Home. They plan to make Halloween favors for the hospital trays. The girls worked on hamburger grills made from coat hangers in preparation for the cookout. Clare Collins served pop and cookies.

Troop 11 members picked shut-in pals for the year. The Scouts wrote reviews on some movie they had seen and voted on them for

performed for their mothers and fathers during the week.

Troop 2 had a surprise party at the new city park. They rode out to the park, had pop and cookies and spent the afternoon playing games and singing.

Pettingell, after an 1800-mile personal survey through national forests and other game regions in New Mexico.

"In the reserve area on the Apache National Forest there are estimated to be 55 black bear, 1600 mule deer and 1300 white-tailed deer. Big game population in the Carson National Forest is approximately 300 black bear, 1400 mule deer and 100 white-tailed deer. Browe and mast are good in the higher elevations of this forest," Pettingell said.

"The Santa Fe National Forest which is divided into two divisions, the Jemez and Pecos, is estimated to have 430 black bear; 6100 mule deer and 20 white-tailed deer. All divisions of the Cibola National Forest contain an estimated 60 black bear, 75 white-tailed deer and 13,000 mule deer. Turkey are con-

FIGHTERS INSURED

New York (AFPS)—The New York Boxing Commission recently announced that effective September 1 all fighters will be compelled to have insurance protection when they fight in this state. The cost will be borne by the promoters and will guarantee up to \$500 for hospitalization in the event of injury, and \$2,500 for dependents in case of death.

HE RAN INTO HIS BOSS

Raleigh, N. C. (AFPS)—This city bus driver does it the hard way. The "other car" in the collision that ended his thirteenth year without an accident belonged to L. V. Sutton, president of the company that owns the bus line—his boss.

MUST BE DOG DAYS

Portland, Ore. (AFPS)—Must be a shortage of dogs. People who make the headlines here have taken to biting people. All in one day, police reported, one man said he was bitten by an angry woman. And a barmaid reported a customer protesting refusal of service clamped his teeth into the ear of a nearby customer.

COAL, BUT NO STEEL AT CARNEGIE-ILLINOIS

COAL CARS stand idle beside a backlog of coal at the Homestead, Pa., works of Carnegie-Illinois Steel Corp., a U. S. Steel subsidiary, one of the many plants shut down in steel strike. (International)

Speeds Harvest

With another multi-million bushel corn harvest expected this fall, America's farmers are turning more and more to machinery to prepare the crop for use.

One improved machine (shown above) made by the New Holland machine company shells up to three and one-third bushels of corn each minute. This machine takes in ears of corn in one direction and ejects shelled corn in another. The shelled corn is either bagged or elevated into a wagon automatically.

Leaving Straw to Rot Costly to Dairy Men

Leaving straw to rot in the fields will get a farmer as much for his money as lighting a pipe with a 10-dollar bill.

Ivan H. Loughary, dairy specialist of the Wyoming agricultural extension service, says: "Use that straw for bedding down your dairy cows, and especially since the bedding problem always becomes acute during the winter months." He adds that straw is costly.

MUGGS AND SKEETER

TUNA CHAMP CATCHES BIRD ON FLY

THIS IS REALLY a bird of a fish story, and with a picture to prove it. It seems that Walter McDonough, winner of last year's Maine tuna championship, was trolling off the New Jersey coast when a flock of birds went after his lure. One was hooked in the bill and, as shown here, turned out to be a shearwater, of the petrel family. (International)
