Annual Ag Meeting Gets Good Response

ACCEPTING KEYS TO NEW CAR--A jubilant Tamra Bussey, left, accepted the keys to a new Ford Escort Tuesday morning from Ray Day, manager of the Serv-All Thriftway store in Muleshoe. Tamra was the first of 13 winners in the current promotion 'Our Best To You!' 'Insta-Win Sweepstakes. Twelve more Ford Escorts will be presented on a weekly basis, during the promotion. Arrangements were made with Robert Hooten at Muleshoe Motor Company for the new car. (Journal Photo)

ISD Board President Transfers Sons From Muleshoe Schools

It was learned that Howard Watson, president of the Board of Trustees of the Muleshoe Independent School District had had taken the step of transferring his sons from the Muleshoe schools.

He was questioned about having his sons transferred; one to the Lazbuddie Schools, and the other to complete his high school

requirements through testing at a college.

Watson was asked, "What insurmountable problems did you find with the Muleshoe school system that prompted you to move your son to Lazbuddie?"

The questioner added, "If there are those type problems that you do not believe that this school board and these administrators cannot handle, then the citizens need to know."

He responded, "Two reasons, basically. One of them being on a doctor's recommendation. It is a state-recognized procedure that we followed every step of this."

The school board president said the doctor and counselors recommended the change for his physical health.

Watson said he has a stomach condition that was brought on by stress. It's not anything terribly abnormal with the school system. A lot of it is his personality perceived for a period of time."

However, Watson had no response when reminded that his son said more than two years ago that his parents were going to transfer him to the Lazbuddie school.

Watson added, "I have no problem with the system. I don't think there's anything wrong with the system. It's not a perfect system, but I don't think there's anything wrong that we can't correct."

He was then asked about his senior son, who is dropping out of the Muleshoe schools. He said Troy has a clear plan. He said his son had taken courses at Texas Tech between his junior and senior years, and will get credit by exams and by correspondence to meet the requirements of graduation.

LELAND GUSTIN

around muleshoe

In the MHS district opening games for the 1989-90 basketball season, the varsity Lady Mules lost to Tulia, 56-44. Heather Hutton was leading scorer with 15 points.

The Mules defeated the Tulia Hornets the same night by a score of 71-55.

Leading scorer for the Mules was Colin Tanksley, with 18 points.

The 1990 organizational meeting for Muleshoe Youth Basketball is scheduled for Thursday, January 18, at 6:30 p.m. in the Muleshoe State Bank meeting room, according to Terry Field.

He said youth basketball is for grades three through six, both boys and girls.

All parents, potential coaches, and other interested individuals are encouraged to attend.

Five area students attending Angelo State University in San Angelo, are listed on the honor roll for the fall semester at the University.

Those listed on the 3.00 to 3.49 honor roll include Kevin Q. Owen, animal science major from Farwell; Marcos Antonio Mata, a government major; Timothy Harold Lust, an animal science major and Jodi N. Ferris, a nursing major.

Listed on the 3.50 to 4.00 honor roll was Aaron Lowell Hargett, a psychology major.

Russell D. Daily and Sylvia L. Shelton of Muleshoe have been named to the ENMU-Cloviss Dean's Honor Roll, according to Dr. Frank W. Wright, dean of instruction and student development.

The students earned at least a 3.50 grade point average while Cont. Page 6, Col. 5

The school board president also said he had not been approached by anyone who was upset because his sons were dropping out of the Muleshoe schools, but had been approached by persons who were wanted to know why parents were not notified about the early college courses offered to students.

When asked whose responsibility it was to notify the students about the college credits available, Watson replied, I think it Cont. Page 6, Col. 4

Leland Gustin Announces For Judge

Leland Gustin, who has announced his candidacy for County Judge, Parmer County, has been a lifelong resident of Parmer County.

He was born and raised in the Lazbuddie community. Upon graduation, he attended the University of Houston. After college, he moved to the Rhea community where he and his wife raised their children.

Leland and Geneva Gustin currently live in Friona. Donnie and his family live in Farwell, and Diana and her husband live in Lubbock.

"Because I am familiar with the diverse population of Parmer County, I feel as though I can adequately represent each and every community in this county," said Gustin.

He cites his record as a successful farmer. He has owned and operated several businesses and has served as Parmer County Democratic Chairman. "Because of my political experience, I am highly respected among members of the Texas and U. S. Congress," he added.

"I feel that a strict and consistent judge is the key to bringing safety and security to the residents and businesses of this county. Realizing the responsibilities of county judge, I have structured my business so I can devote my time and energy to this position."

Gustin is known by his humorous attitude and ability to work with people. "As judge I will continue to work for and with the people of Parmer County." He asks everyone to vote for the candidate of their choice on March 13, 1990.

Rotary Names New Officers During Meet

Following an election at the Muleshoe Rotary Club on Tuesday at noon, the following slate of officers will be leading the Rotary Club in the next year.

To be installed will be Bruce Purdy, president; Randy Field, vice president; Bret McCasland, secretary; and Abel Arguello, treasurer.

Four new directors were elected, and they are David Tipps, James Turnbow, Nick Bamert and Scott Campbell.

President Terry Hutto discussed several possible fund-raising activities for the Rotarians.

The project generally agreed on will be a trip for two to Hawaii, with all expenses paid, or a possible cash prize in lieu of the trip.

It was also discussed issuing the cash in the form of MAC Bucks to keep the "Dollars in Muleshoe, and spent with local businesses."

No definite decision was made about the fund-raiser, but several incentive ideas for selling tickets at probably \$5 each were discussed.

Hutto said it would be easier to conduct a fund raiser now, as the last Legislature approved giving cash prizes.

He suggested that Rotary members think about the proposed fund-raiser and make a decision at the next meeting.

Because of the election, no program was presented. Rotarians responsible for the next four programs are Max King, Robert Lepard, Bill Liles and Dave Marr.

Tom Bonds was winner of the Polio Plus drawing.

Visiting Rotarians were Barry Knight and Roy Cahill, Portales; Bill Schilling, Clovis; and Jay Messenger, Abilene. Other visitors were Ernest Cadenhead and Brett King.

DON SEALES

SPEAKERS FOR AG CONFERENCE--This is seven of the eight speakers for the annual Bailey County Ag Conference on Monday morning. They are from left, Wayne Wyatt, Jim Lutz, Gene Miller, Danny Noble, Tony Pardo, Dr. Roland Roberts and Jay McKay. Not pictured is Dr. Ed Smith, who had not arrived when the picture was taken. (Journal Photo)

TPW Suggests New Way To Harvest Cash Crop

To get the 'New Decade' started off right, the annual ag conference for Bailey County featured a new, and innovative approach to 'producing crops.'

As the fourth speaker for the morning at the ag conference spoke, it was apparent that Gene Miller, of the Texas Parks & Wildlife Department, Amarillo, was boosting a new industry for the area.

He talked about the 56 counties he covers as a biologist for the TPW and said he wanted to give the more than 50 people at the conference, "some things to think about, and to work with."

He started off by discussing the lesser Prairie Chicken, and said that although it was an endangered species for several years, it is huntable now in Hockley, Cochran, Terry, Yoakum, and in limited numbers in Bailey County.

He showed ideal habitat for the prairie chicken in a slide presentation, and mixed in a picture of buffalo and other wildlife with his presentation.

Miller said it is potential for Prairie Chickens to start expanding, by working through CRP practices and on CRP land.

He showed a number of slides showing what makes 'good Prairie Chicken Factories' and what does not make good 'factories' to produce Prairie Chickens.

The biologist showed slides of various locations, some from

Don Seales Asks 'Vote' For Re-Election

Don Seales has announced his candidacy for re-election as Bailey County Commissioner, Precinct Two.

Seales was born and raised in Bailey County and has lived in Precinct Two all his life. He has farmed in the Longview and West Camp area for 41 years.

He and his wife, Laura, have two children, Larry and Liz, and have five grandchildren.

Commissioner Seales serves on the South Plains Community Action Board. He is also a director on the board of Five Area Telephone Cooperative, Inc.

"The majority of the people in the community have supported my efforts to serve the precinct and county. I appreciate their support and look forward to continued service," Seales said.

Bailey County, denoting what areas would make good habitat to support a good build-up of Prairie Chickens.

He said weed control is a necessary practice during the establishment phase, adding, "weeds are good from a wildlife standpoint. But, you must get established, a manageable grass stand."

He added, "you people right here are responsible for your own wildlife in this county."

Going into a presentation on quail, he showed slides of various types of quail and where they could be found. He then showed pheasants and discussed desirable grasses for wildlife, including pheasants, who like a different atmosphere to quail.

Some of the grasses shown included switchgrass, old world bluestem, little bluestem, sprangletop, sideoats, sacaton and kleingrass.

In showing other types of wildlife in this area, he showed waterfowl, prairie dogs, antelope and owls.

Miller left those present with much to think about in turning wildlife into a 'commercial venture.'

Bailey County Extension Agent Spencer Tanksley moderated the meeting, and after welcoming all those present, introduced the first speaker, Danny Noble, Bailey County Executive Director of the ASCS office. Noble told the group about the 1990 Farm Program and the 1989 Disaster Program. This was listed in detail in the Sunday, January 7, 1990 issue of *The Bailey County Journal*.

He then outlined the projected deficit rate which he had received on Saturday, January 6.

According to Keith Bjerke, executive vice president of the U. S. Department of Agriculture's Commodity Credit Corporation, the producers who participate in 1990 farm programs may request advance payments during program sign-up, January 16 through April 13. Advance payments will be made in cash, according to Bjerke.

Projected deficiency payments will be made as advance payments on the basis of 40 percent of the projected total deficiency payment rates, including emergency compensation commonly known as "Findley payments," for wheat, feed grains, upland cotton and rice, less certain reductions, outlined below. Payments made to producers will be further reduced by 1.4 percent, as required by

Cont. Page 6, Col. 1

Chamber Corner
By Nancy Kidd

I had paper in the typewriter and quite an article one-half written: Topic: 1989, and where time goes and what happens when it goes. Things that have happened in Muleshoe and to Muleshoe. I noticed for every tragic event, there was a happy or fruitful event. If there was a death, then a birth. If a loss, than a win. When we nearly lost the medical facility, a new financial system was voted in. Prices on crops weren't too good, but a new industry is announced.

In everything that happens, there is a union. In death, there is an eternal union; in birth, a union of infant and family. If we had lost our medical facility, the community would have been forced into a union with medical facilities in other towns, but because Muleshoe pulled her forces together, and there was much unity, there was success.

The unity of the men on the Industrial Foundation Board has resulted in much success. But it took unity from within and without Muleshoe for this to happen.

When we don't shop Muleshoe, we join our monies to other cities and we help their tax structure. We have hospital, school, city, county and state taxes, and when we aren't keeping our tax dollars in union with our tax area, our businesses, hospital, schools, homes, etc. can't exist.

Let's try in 1990, to see our economy as what we want our future, our children, and grandchildren's future in Muleshoe to be.

Can you feature main street without Poynders, Wilson Appliance, Western Drug, The Fair Store, Damron Drug, Higginbotham, Anthonys, Perrys, Williams Bros., and the list could go on.

When businesses go, banks go! What Then!!

We can do it to ourselves. But let's don't do it. Let's have a good 1990; let's have a good 2000. Let's not let any more stores close. Instead, let's help fill the empty ones.

I feel good about the Chamber of Commerce. On the Board are good men who are interested in what happens to Muleshoe. Some of these men are on the Industrial Board; and Chamber of Commerce members are in MAC, and from all of these and the city are the Jennyslippers, and all are working together to better Muleshoe.

Merchants, take a look at you and your business; what are you doing to reach out to the customers? Is your business attractive? Does it invite people in? Do you have a good selection, a good variety of sizes, colors, etc.? Are you just a little higher than other towns? Can customers drive to another town and still shop more economical?

Restaurant owners, do you make eating out more enjoyable? Is it a treat to eat in your establishment? We have the most 'eating out' population I've seen anywhere. Let's keep these 'eaters' in Muleshoe. Why should people have to go out of town to get a quality steak cooked quality style.

Do our car dealerships back their service? Do they work hard to get what customers want in an automobile?

If a piece of furniture isn't in stock, will you, as a business, try

to order that furniture, or help that customer purchase what they want?

What I'm saying is: Muleshoe, take inventory of what you are offering. Would you shop at your store if you were a customer? We have to all work together at what we have or what we are doing to make our community work to the best, and only the best will keep businesses open. Let's don't stay complacent. Let's make a challenge!

Let's have a very successful 1990!

J.C. O'Brien Services Held At Morton

Funeral services for J.C. O'Brien, 84, of Morton were held at 2 p.m. Tuesday, January 9 in the First Baptist Church of Morton with the Rev. John Culwell, pastor, officiating, assisted by the Rev. John Jenkins, retired Baptist Minister from Lubbock, and the Rev. Paul McClung, pastor of the First Baptist Church in Ingram, TX.

Burial was in Morton Memorial Park under the direction of Ellis Funeral Home. O'Brien died at 6:30 p.m. Sunday in Lubbock.

Born March 8, 1905, in Eastland County, he moved to Morton in 1950, from Dawson County. He was a farmer and a member of the First Baptist

Nina Heard Funeral Services Held At Lubbock

Services for Nina Elizabeth Heard, 65, of Lubbock were held at 2 p.m. Monday, January 8 in Resthaven Funeral Home chapel with the Rev. Dennis Heard, pastor of Spade Baptist Church, officiating.

Burial was in Resthaven Memorial Park under the direction of Resthaven Funeral Home. Ms. Heard died at 8:30 a.m. Friday in Methodist Hospital following a brief illness.

She was born in Newcastle and moved to Lubbock in 1973, from the Muleshoe area. She married O'Dean Heard on June 8, 1942, in Florida. He died on Sept. 20, 1986. She worked at Dillard's Department Store since 1975 and was a member of Highland Baptist Church.

Survivors include a daughter, Donna Pierce of Lubbock; two sons, Ronnie of Houston and David of Dallas; three brothers, Tun Foster of Keller, Demp Foster of Lazbuddie and Shan Foster of Fayetteville, Ark.; four grandchildren; and two great-grandchildren.

The family suggests memorials to Highland Baptist Church.

Church in Morton where he served as a deacon. He was past director of Star Route Co-op Gin. He married Minnie Louise Barron on Dec. 28, 1930, in Dawson County.

Survivors include his wife, Minnie Louise; two sons, Ray O'Brien of Morton and Mike O'Brien of Stratford; a daughter, Geneva Jones of Levelland; three sisters, Velma Kennedy of Bledsoe, Vera Harp of Welch and Mamie Lee O'Brien of Denton; two brothers, Cecil O'Brien of Lamesa and Harl O'Brien of Eastland; eight grandchildren; and seven great grandchildren.

A daughter, Peggy O'Brien preceded him in death in 1952.

Dick Cheny, President:
"I am generally pleased with the bill because it authorizes funds for effective modernization of our strategic forces."

SCAC News

The Student Community Action Club met on December 18 in the home of Kendra Wilson. Vice-president, Kim Harris opened the meeting and Stephanie Cox said the prayer.

The members finished the last details of the Muleshoe Heritage Foundation membership drive and are anticipating great results. Each member was asked to bring a canned good or toy to donate to the ambulance service.

The meeting was then adjourned. Following the meeting, refreshments were served and then the members bundled up to go Christmas caroling.

The next SCAC meeting will be held at 7:30 p.m. on January 15 in the home of Amy Montgomery.

Nursing Home News

by: Joy Stancell

We have had so many good people to come bring us favors and goodies and bring tidings of joy among those are a group of carolers, Mission Friends from First Baptist Church, G.A.'s from the First Baptist Church, Brownie Troops and Rotary. Thank you for coming.

Our thanks to Larry Winkler for arranging for Santa to visit the residents, children and grandchildren and little friends Friday night. Santa "Larry" held the little visitors on his lap as they expressed to him their Christmas wishes. He gave each one a big sack of Christmas goodies and a favor. Refreshments of eggnog, punch and cookies were served to all attending. Thank you Larry.

The Methodist Women's Circle came Thursday and brought large plates of beautiful packaged home made goodies and fruit for each resident.

Our Christmas party was a great success. We had a good attendance. We thank all of you for helping make it a special event. Thank you Gary Wilcox and Children Choir from Lazbuddie Baptist Church for entertainment, Bud and Lisa for being Santa and his elfs, Lona Embry for being our hostess, for all the ladies that baked cakes and helped us to serve. Also dietary for providing food and drink. Thanks special friend for the gifts for each resident.

I thank each and every one from the bottom of my heart for

the special Christmas gift. I am very touched by your love and generosity. Bless each one of you, Thank You too Special friend.

Our thanks to Eastern Stars for the sacks of fruit for our Christmas party and to Vivian White, Barbara Marlow and Myrtle Puckett for the beautiful lap robes.

We have had a marvelous response to our Christmas Card Project. We thank each of you who participated and to Sammie Ethridge for her hard work and dedication.

The Ave. D. Church of Christ came caroling and passing out fruit as they sang up and down the halls Wednesday night.

We appreciate so much Helen Free for coordinating the tribute to the staff this week. The Christmas goodies have been fun and delicious.

Our Thanks to Five Area for bringing chairs for our Christmas party Tuesday.

Mary Sisemore was taken to a family reunion early Friday morning. We know Mary enjoyed the trip and being able to be with her family.

Our thanks to the volunteer ladies that shampooed and set our ladies hair Tuesday. We appreciate you so much.

Ernest Kerr came to the film that was being shown Friday morning. We were so pleased that he was able to attend with his wife, Ruby Lee.

Happy January birthday to Cora Duncan, Jan. 2, 1901 and Floss Baldwin, Jan. 23, 1912.

The Needmore Community

Club will host our monthly birthday party Thursday, Jan. 25 at 3 p.m. Please come and join us.

We invite you to come and play Skip-Bo or Dominoes with us on Thursday afternoons about 2:30.

Friday afternoon we had a pre-New Year's party, in the HealthCare Center day room. Balloons, streamers, party hats and blowouts decorated the table and arrayed the room. The residents (those who wished to) made new New Year's resolutions and predictions for the coming year. Refreshments of egg nog, cake, fruit cake and pretzels were served. Our thanks to Shawna Delaney for helping us.

Saturday afternoon Laverne James, Ruth Clements and Marie Bradley came to play Bingo and other games with the residents.

Thursday morning Pastor Mike Doyle, conducted a memorial service in honor of the Rev. Gene Davis and Ruth Williams. Zora Bellar and Clara L. Jones lead the singing and played the piano as those attending sang along. Lona Embry was in charge of decorating the table.

The Muleshoe Church of Christ came to sing gospel songs and visit with the residents Sunday.

Holly Ann Milsap brought pop corn and served it to the residents Monday, New Year's Day.

Enochs News

by: Mrs. J.D. Bayless

Mrs. Brenda George and son, Brent, Mrs. Dolores Mooster and children, Chris, Kim and Kelly came by and picked up their parents, Louise and Shorty McCall Wednesday and they went to Ruidoso, N.M. to the Mosser cabin for a family get together for Christmas. Marthan and Rick Walker and children, Taysha and Trinity of Eager, Ariz. met them there also Robert George and Steve Mosser went up Thursday and they had their Christmas dinner Friday and exchanged gifts.

Mr. and Mrs. Leland Jo Miller of Portales, N.M. were dinner guests in the home of Mr. and Mrs. E.N. McCall New Year's Eve.

Mrs. Ted (Hall) Martin of Lubbock formerly of Enoch's is a patient in South Park Hospital in Lubbock, room 114.

Mr. and Mrs. Goldman Stroud were in Littlefield Wednesday to visit the Boyd Maxeys.

Michael Wright came Wednesday and spent til Wednesday with his grandmother, Mrs. Inez Sanders. He left Saturday to go back to Tucson University there. She enjoyed having him to visit with her.

Jesse Helms, Senator (R-N.C.), on restoring North's pension: "Ollie North has been punished enough; let the persecution end. Let the vendetta end."

Record Toys Collected By Sunbelt Santas

A record-breaking 34,036 toys were collected during the 1989 Sunbelt Santas Toy Drive sponsored by Sunbelt Savings, FSB. This amount more than doubles the 15,000 new toys collected in 1988.

"We were pleased in 1983 to collect 2,000 toys, and now just six years later, to collect 34,000 toys for the children of Texas is just amazing," said Tom Wageman, Sunbelt Savings President and Sunbelt Santas campaign spokesperson.

The annual toy drive collects new toys and distributes them through charitable organizations to needy children throughout Texas. The additional toys collected this Christmas enabled Sunbelt Santas to provide new toys for children through over 120 charities, 30 more than the 90 charities Sunbelt Santas assisted last year.

"It seems as though the harder things get in Texas, the more people are inclined to dig a little deeper to bring joy into the lives

of a little child," commented Wageman. "All of us at Sunbelt Savings who work in the Sunbelt Santas program are touched by the sense of caring that is demonstrated by our customers, business associates and friends in communities across the state. We are deeply grateful to everyone who helped this year to bring a Christmas present to a child who might otherwise receive nothing at all."

Sunbelt Santas is one of the largest toy drives in Texas. Toys collected in the Muleshoe area were given to children through

several charitable organizations, such as, the Muleshoe Fire Department.

Sunbelt Savings, FSB, with \$9 billion in assets, operates 101 branches in 75 cities. Its deposits are insured by FDIC.

Jimmy Carter, former president:

"I've never criticized what presidents Nixon, Ford or Reagan do with their post-White House years. But that's not what I want out of life. We give money. We don't take it."

MANY SENDING IN REQUESTS FOR RIDE IN NEW FORD CAR

"Requests for demonstration rides in the new Model A Fords have been swamping our telephone since the new bodies were shown to the public of Muleshoe for the first time Tuesday of last week," said Neil Rocky, local Ford dealer.

"We are glad to accommodate any resident of the city who may wish the experience of a trial ride in the new bodies that now adorn the Model A Ford chassis.

"It is an experience that we have not enjoyed yet ourselves" continued Mr. Rocky. So great is the interest of the public in the beautiful Model A that the types on display in our show rooms have been busily occupied holding the center of attendance to permit of their being taken off the floor for the time being.

"However, note is being made of requests for demonstrations, and, as soon as we are in position practically to satisfy such requests, we will be more than glad to give our friends the pleasure of riding in the car."

MARRIAGES DIVORCES SHOW RATIO 7-1

There were 77 marriage licenses issued by the county clerk during 1939, all certificates being returned properly filled out by officiating person.

District Court records also show there were 11 divorces granted in Bailey County last year, or one divorce to seven marriages. Reports from some counties show a ratio of as much as seven to four.

Goodby Mr. 3 cent Stamp CITY MAIL DELIVERY IN MULESHOE BEGINS FEB. 20 BOXES REQUIRED

City mail delivery in Muleshoe will begin on the morning of Saturday, Feb. 20 Arnold Alcorn, postmaster, told The Journal after receiving notification from the department.

Three letter carriers will begin to deliver all types of mail in the city on that day. There will be

two deliveries in the business district and one in the residence section daily, he said.

Alcorn warned everyone who wishes to have mail delivery to the home, to come to the postoffice and fill out a change of address card.

Also it was pointed out that those who wish to receive mail delivery will have to provide a suitable mail box, placed conveniently for the carrier. Mail will not be delivered unless this is done. Carriers will pick up mail as well as deliver.

NO MORE 3 CENT STAMP

"You won't need 3 cent stamps in Muleshoe after Feb. 20" the postmaster said. He added that city first class mail, route mail, and out of town mail will be 4 cents after city delivery begins.

HUGE SNOW STORM SLOWS TRAFFIC

Muleshoe, along with much of the Panhandle and South Plains rocked under a snow storm which deposited more than four inches of snow Sunday and Monday. Traffic slowed to a crawl, or stopped completely, with wheels spinning futilely at curbs.

Drifts up to six feet were noted at the edges of town and some dirt roads were closed.

Western "66" Co., Needmore, reported four or five inches of snow with three to four foot snow drifts.

Raymond Cage of Cage Gin at Circleback said he didn't know just how much snow fell but "there is 5,000 pounds of snow on my scales at the gin." He also said they had up to six feet drifts and that the road to Needmore was closed for a time due to drifts.

Seven to 10 foot snow drifts were reported in the West Camp community, with the deepest snow near the New Mexico line.

Grocery specials advertised this week in the Journal included: 3 pound can Crisco \$1.99; 25 pound bag flour \$3.99; 15 ounce can chili 59 cents; 18 ounce jar peanut butter \$1.15; 6 ounce jar instant coffee \$3.29; 16 ounce can corn or green beans 3 for \$1; 10 pound potatoes 89 cents; avocados 3 for \$1; cabbage 15 cents pound; 2 pounds onions 29 cents; slab bacon 99 cents pound; spare ribs \$1.19 pound; pork chops \$1.69 pound; pork steak \$1.29 pound; pork roast \$1.19 pound; and turkey hens 79 cents pound.

NOTES, COMMENT

A half-truth is far more dangerous than no truth.

TOPS SIX MONTHS BEST LOSERS--Thursday night, January 4, Muleshoe TOPS Chapter No. 34 crowned their 'Six Months Best Loser.' Clea Robertson, best loser, and runners-up include (from left) Alma Robertson, first runner-up; Evelene Harris, second runner-up; Mollie Davis, third runner-up; and Alene Bryant, fourth runner-up. (Journal Photo)

Muleshoe High School Spotlights Special Education

Understanding that all students do not learn at the same rate, at the same time, and at the same level, the Muleshoe School system has developed a strong special education department that is designed to meet the needs of "special needs" students. Under the guidance of Herb Parks, the director of special education, the two teachers and one teachers' assistant at MHS work diligently to help each student to attain the highest level of learning that is possible. Some of the students need special help in only one area while others are channeled through special education classes for two or more periods per day.

Herbert Parks, the new director of special education and gifted/talented programs in the Muleshoe ISD, has completed twenty-one years in the Las Cruces, New Mexico, school system. He stated that a primary goal of his for the 1989-90 school system is to learn how the special education and gifted/talented programs operate on a local, state, and federal level. He holds a B.S. degree with specialties in elementary education and special education for grades K-12. Parks stated that he has worked with and around children for most of his life, and that his love for exceptional children began with one of the first classes he took in college, a hands-on experience in a teaching laboratory class. He believes that the future of our country lies in the education of our youth. He stresses the philosophy that teachers must help our youth to think for themselves and not just collect facts. He feels that if an educator helps students to dig for the truth in all of their endeavors, then some day that teacher can say "I did make a difference." Parks stated, "It is great to be around students who some day will have the opportunity to contribute to society." He has met several students in Muleshoe who have the opportunity to "make a difference," and he hopes to be around to witness their contributions. He further expressed his pleasure at being in a system that is "good and working to get better." Parks and his wife, Judith Ann, have three children; two of them are married and one is in college. They also have two dogs. In the area of his hobbies, Parks stated that he enjoys fishing, hunting, golf, woodworking, bookbinding, and eating, although not necessarily in that order of priority.

Mary Nell Bleeker worked as a teachers' aide for six years in MISD before returning to college and completing the necessary steps in order to become a certified teacher. She holds a B.S. degree in elementary education and special education, all levels; in addition, she has earned phonic (dyslexic) certification. Her philosophy that "All students will learn" is vitally important as she works daily with students of many different learning levels. Mrs. Bleeker feels that it is the job of the teachers to guide individual student learning in the direction that will be most useful to his or her present and future needs. She hopes to be able to help each student gain self-confidence by gaining knowledge, experience, and the ability to cope with practical living situations. Mr. and Mrs. Vernon Bleeker have four children, two boys and two girls, and ten grandchildren.

Her major interests outside of her school responsibilities include gardening, hand crafts,

church and family.

Catherine Baldwin is serving as a resource teacher at MHS for the second year. Before coming to Muleshoe, she taught for nine years at Estacado High School in Lubbock; prior to that, she taught in Portales, New Mexico, Las Cruces, New Mexico, Norman, Oklahoma, and Oklahoma City. She has earned a B.S. degree in home economics from North Texas State University and a M. Ed. in Special Education from Texas Tech University. Her goals for the 1989-90 school year include teaching study skills to mainstreamed resource students, teaching practical math and English that will help students cope and survive away from school, and preparing students vocationally. Mrs. Baldwin's husband, George, is a math instructor at ENMU; they have three married daughters, two of whom are teachers, one son, and, according to "Grandmother," three wonderful grandchildren. In addition to her family, Mrs. Baldwin enjoys sewing, crafts, cooking, decorating, and reading. Mrs. Baldwin exhibits her love for her students by stating, "I love teaching them material that will really prepare them for life. Too often we teach academics they aren't ready for and fail to equip them vocationally. I believe kids will stay in school if they are challenged and believe it is relevant."

Dorothy Hanes, teachers assistant, provides able assistance for Mrs. Bleeker and Mrs. Baldwin. She has worked for MISD for twelve years; she previously lived in Montana for twenty years and in Minnesota for ten years. Her husband, Frank, is a local businessman, and daughter Justine is attending Texas Tech. Mrs. Hanes loves working with high school students and feels that they are our future. She states as a primary goal the desire to help the students learn skills which will help them

survive after high school and get along socially; she also realizes the importance of helping students to feel good about themselves. To reinforce that belief, she stated, "All of us, no matter what our position, must believe in the students. They learn every day, and so do I."

With teachers who care and who desire to see each student attain his or her potential, the special education department will continue to meet the needs of any student who requires the special help this department can offer.

After working for several years as a teacher's aide for the Special Education Dept., Dorothy Hanes recently began a new assignment; secretary to Herb Parks, Director of Special Education. She assumes the duties of Mary Stegemoeller, who has moved from Muleshoe.

Heart Association Met Friday In Regular Session

The Bailey County Division of the American Heart Association board members met for their regular monthly meeting on Friday, January 5 at the Old Corral Restaurant.

Linda Turner, president, gave the welcome and said starting with the new year and new decade we have new opportunities. She then turned the meeting over to Carolyn Kennedy, Regional Director.

The minutes and treasurer's report were given by Dorothy Turner.

Ms. Kennedy read an article entitled "Volunteering is Good for your Heart."

Georgia Pena, Program Chairman, reported that the teacher training for Getting To Know Your Heart would be held Tuesday, January 9. It was reported that publicity had been put in the paper in November.

Jump Rope for Heart will be held the end of January and first of February. The children will be getting pledges and then collecting monies on pledges around the second week of February.

Winston Allison brought a report and discussion was held on Radio Day to be held on February 10.

The meeting was adjourned.

Without police protection there would be comparatively little civilization.

The world has many people anxious to help you along, when you no longer require assistance.

CELEBRATING FIFTY YEARS--Mr. and Mrs. J. C. Shanks will celebrate their fiftieth wedding anniversary with a reception Sunday, January 14, in the Bailey County Civic Center. The couple will greet their guests between the hours of 2 and 4 p.m. They stated that your love and friendship are cherished gifts and they respectfully request no other. Hosting the event will be their children, Mr. and Mrs. Gerald Shanks and Mr. and Mrs. Donald Shanks of Springdale, Ark. Co-host will be their three grandchildren. Mr. and Mrs. Shanks also have two great-granddaughters. Shanks and the former Ethel Odessa Vaughn were married January 14, 1940 in Texico, N. M. (Journal Photo)

Date bread updated

In reviewing its recipe archives in preparation for the 75th anniversary of Pyrex brand bakeware, Corning has noted the truth of the old saw that "what goes around comes around."

Take, for instance, the current craze for bran as a key element in healthy diets. In a 1920s index card recipe collection, one of the first offerings was "Arkansas Date Bread," which listed bran as an ingredient.

But, the recipe's ingredients listing shows its age by calling for "melted fat." Also, the cook is told to sift the flour, not once but twice. Today's cook, hardly knowing where to look for "melted fat," would use melted margarine instead. And who sifts flour anymore?

Nevertheless, with some minor adjustments to bring it into step with the 1990s, the recipe is still a palate-pleaser today. Besides switching to modern-day margarine and all-purpose flour, the updated version adds half a cup of chopped pecans (or walnuts) to a half a cup of chopped dates where the original called for one cup of chopped dates.

Two notations in the original recipe, however, remain in the realm of memory. The dish recommended in the original recipe was the Pyrex 1-quart loaf dish, which was then priced at 65 cents. While today's Pyrex line offers no 1-quart loaf dish, the 1 1/2-quart loaf dish will do nicely. The price, however, is a bit more than 65 cents...more like \$3.50 for today's Pyrex Originals loaf dish.

ARKANSAS DATE BREAD
(Revised)

- 1 cup all-purpose flour
- 1/2 teaspoon salt
- 1 teaspoon baking soda
- 1 cup whole wheat flour
- 1 cup bran
- 1/2 cup chopped dates
- 1/2 cup chopped pecans (or walnuts)
- 1 egg, lightly beaten
- 1/2 cup unsulphered molasses
- 1 1/4 cups buttermilk or sour milk*
- 1 1/2 tablespoons margarine, melted

Combine and thoroughly mix first five ingredients. Blend in the dates and nuts. In a separate bowl, combine the egg, molasses, milk and margarine.

*To sour fresh milk, add a tablespoon of fresh lemon juice or distilled white vinegar to a cup of room-temperature milk, stir and let stand five minutes.

Remove from oven, let stand a few minutes, then turn the loaf out on a rack. Let dish return to room temperature before washing.

(Revised in 1989 from 1920s Pyrex Recipe File) P2906077

LISA EMBRY

Creative Living

by: Sheryl Borden

Information on healthful baking and a demonstration on quilting will be the featured topics on "Creative Living" on Tuesday, January 16 at 12 noon and Saturday, January 20 at 2 p.m. (All times are Mountain.)

Mari-Lou Callahan with the Hershey Foods Corp. will demonstrate some chocolate desserts that are low in fat, calories and cholesterol. Each of the dessert recipes uses unsweetened cocoa which has been approved for baking by the American Heart Assn. Mari-Lou will also share some tips for modifying some other favorite dessert recipes to make them more delicious and much more nutritious. Mari-Lou is from Hershey, PA.

Margaret Prina is co-owner of The Quilt Works in Albuquerque and will show an array of quilting supplies that make the job easier. Margaret will also show how to quilt and then share some tips that will make the task easier to do.

On Tuesday, January 16 at 9:30 p.m. and repeated on Thursday, January 18 at 12 noon, "Creative Living" will present information on a product called QRB and a demonstration to make food more appealing to children.

Lynn Gerhart will go over specific wood toners and stains and show how to get the exact color desired--using a product called QRB. QRB is a unique product developed by Lynn's father, Ron Hack. This product stands for Quickly Restores Beauty and works without a lot of elbow grease and mess. Lynn lives in Boynton Beach, FL.

Sandy Allison, former Texas Extension Agent, will demonstrate making food more appealing to children by making foods attractive and tasty. Sandy will discuss nutrition for children from prenatal to pre-school.

"Creative Living" is produced and hosted by Sheryl Borden. The show is carried on more than 100 PBS stations in the United States, Canada, Guam and Puerto Rico and is distributed by Pacific Mountain Network, Denver CO. Viewers can request copies of materials offered on the show by sending one 25 cent stamp for each handout requested. Send the stamps, along with your name, address and booklets requested to:

LIGHTER CHOCOLATE DESSERTS

Light Chocolate Pudding
3 tablespoons Hershey's Cocoa
3 tablespoons cornstarch
1 teaspoon vanilla extract
1/4 cup sugar
2 cups 1% low fat milk
In medium saucepan combine cocoa, sugar and cornstarch; gradually stir in low fat milk. Cook over medium heat, stirring constantly, until mixture boils; boil and stir 1 minute. Remove

from heat; stir in vanilla. Pour into serving dishes. Press plastic wrap onto surface. Cool. Chill. 4 servings.

Elegant Chocolate Angel Tarte
1/2 cup Hershey's Cocoa
2.8 oz. pkg. (2 envelopes) whipped topping mix

- 1 teaspoon vanilla extract
- 1 cup strawberries
- 1 pkg. (14.5 oz.) angel food cake mix
- 1 cup cold skim milk
- 1 cup strawberry puree

Combine cocoa and contents of cake flour packet. Proceed with mixing cake as directed on package. Bake and cool as directed. Slice cooled cake crosswise into four 1" slices. In large mixer bowl combine topping mix, cold milk and vanilla; prepare according to package directions. Blend in strawberry puree. Place bottom cake slice on serving plate; spread with topping. Continue layering cake and topping. Garnish with strawberries. Refrigerate. To serve, use sharp serrated knife and cut with a gentle sawing motion. About 16 servings.

Chocoberry Splash

- Crushed ice
 - 1/4 cup sliced fresh strawberries
 - 2 tablespoons Hershey's syrup
 - 1/4 cup chilled skim milk
 - 2 tablespoons club soda
 - 2 tablespoons vanilla ice milk
- Fill tall glass with crushed ice. Into blender container measure all ingredients except club soda. Cover; blend on medium speed until smooth. Pour into glass over crushed ice; add club soda. Serve immediately. One 12-oz. serving.

The happiest person in this community is probably the one who has helped the most people, in some way.

Human nature is what encourages individuals to find an excuse for what they happen to desire.

Bridal Shower Honors Mrs Lisa Embry

Lisa Embry, nee Lisa Killingsworth, was honored with a bridal

shower Saturday, January 6 in the home of Janelle Turner. Guests were greeted by Sherry Embry, mother of the groom, and the honoree between the hours of 3 and 4 p.m.

Three Way News

by: Mrs. H.W. Garvin

The Kindles' had Christmas dinner in the Bob Foley home Monday.

Mr. and Mrs. Lamar Pollard, Wade and his wife and Brian were dinner guests in the Rayford Masten home Christmas day.

Mr. and Mrs. R.L. Davis and Mr. and Mrs. Robert Kindle visited Mrs. George Tyson in Methodist Hospital Monday in Lubbock.

Mr. and Mrs. Bud Huff spent Christmas Day in Lubbock with their son, the Steve Huffs'.

Duane Simpson from Lake Charles La. spent Wednesday with his grandmother, Mrs. Jim Simpson.

Cookies and cranberry punch were served from brass appointments and crystal.

The serving table was covered with a beige linen table cloth and accented with a burgundy floral arrangement.

The hostesses gift was a set of cookware.

Special guests included: Mrs. James Robinson, Wilma Polson, Grace Prater, Teresa Polson and Kathy Killingsworth.

Hostesses for the event were Janelle Turner, Polly Oliver, Sandy Turner, Melba King, Sharon Grant, Linda Lutz, Maxine Donaldson, Susan Puckett, Nancy Stovall, Donna Black and Sue Reese.

We know some pompous individuals who look like they have swallowed themselves.

Thank You

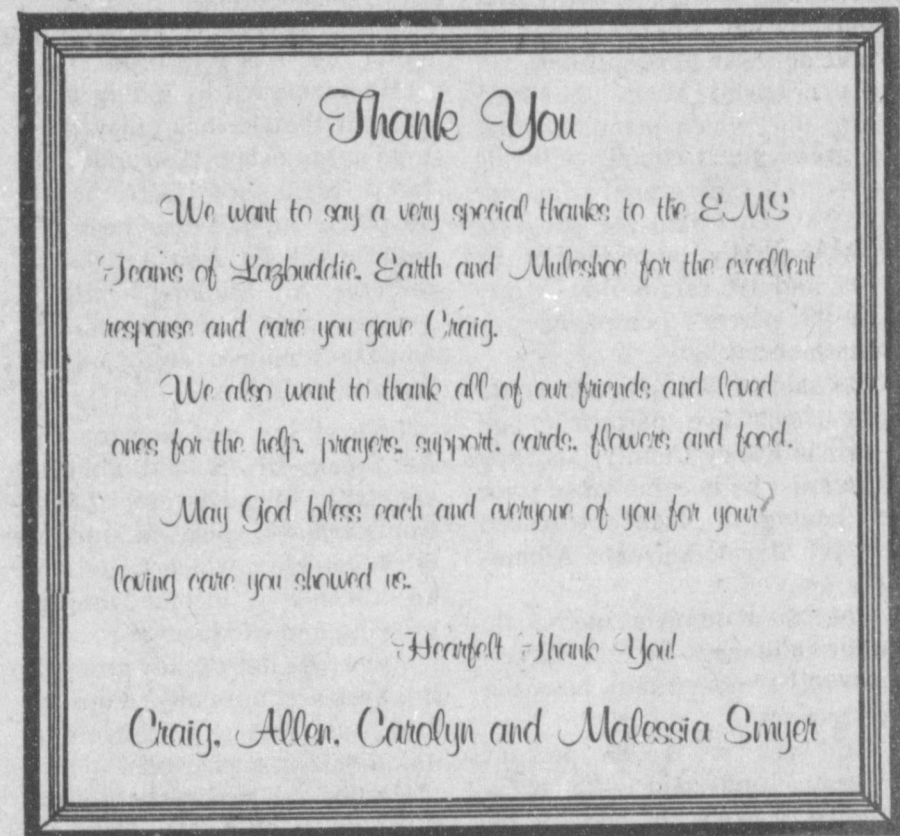

We want to say a very special thanks to the EMS Teams of Logsdell, Earth and Muleshoe for the excellent response and care you gave Craig.

We also want to thank all of our friends and loved ones for the help, prayers, support, cards, flowers, and food.

May God bless each and everyone of you for your loving care you showed us.

Heartfelt Thank You!

Craig, Allen, Carolyn and Melissa Smyer

Budget and Emergency Deficit Control Act of 1985.

For instance, on wheat, per bushel, .90 is the rate, and 40 percent is .36, reduced by .0233, resulting in .3367 to the producer. Others are corn, per bushel, .90, .36, .0233 and .3367. Sorghum, per bushel, is .91, .364, .0221, and .3419; barley, per bushel, .26, .104, .0200, .0840; there is no deficiency for oats.

Cotton is for upland cotton, per pound, .105, .042, .00515, .03685 and rice, per hundredweight, 4.06, 1.624, .0515 and 1.5725.

Noble did not receive an explanation for the following statement in the release: "The deficiency payment rates for wheat and feed grains on acreage devoted to conserving use under the optional acreage diversion program -- the 0/92 program -- will not be less than the projected deficiency payment rates shown above."

Noble noted that more than 300 contracts in Bailey County cover CRP (Conservation Reserve Program) land and that Bailey County has been in full CRP program since 1987.

Jim Lutz, manager of the Blackwater Valley Soil and Water Conservation District office in Muleshoe was next speaker.

Lutz talked about the 1985 Farm Bill, which mandated that programs must comply with the conservation program by January 1, 1990. Lutz said the program must be fully implemented by 1995, and had said Bailey County had 99 percent compliance by September, 1989.

He said SCS employees would spot check five percent of all farms in Bailey County, and any farm must be in compliance prior to having a loan processed through Farmers Home Administration.

Lutz then demonstrated a flow meter purchases by SCS directors and demonstrated how the meter works.

He said it is 99 percent accurate, and said with it, a "bunch of wells can be checked in a short time period."

According to Lutz, the meter reads one inch diameter pipe through 20 inch diameter pipe.

He asked that producers call SCS to schedule a time to have their well checked.

Lutz added that the meter measures velocity and gpm within one minute after the meter is set up.

Spencer Tanksley introduced

Jay McKay, of the FmHA office as the next speaker, saying that Friday would be McKay's last day with the local office. He is going to Midland as assistant to Henry Taylor, a former FmHA representative in Muleshoe.

McKay said a new county supervisor would take over in Muleshoe on January 28.

McKay said FmHA money is tight again this year, and in fact, is tighter than last year, when there wasn't enough money to go round.

He discussed a debt restructuring program for producers, and said persons who qualified for the program would have from 15 years, in some cases, to 30-40 years to payback, with lower interest rates available.

However, he cautioned that the restructuring program is not a 'revolving door type thing.' He said once it is done one time, the district office can do nothing further, and the producer must go to the state office for any further assistance.

McKay said to his knowledge no emergency designation had been made for Bailey County for FmHA loans and that the application process is as complicated as it has ever been.

"The money is there," he said, "but it is very tight."

He concluded by telling those present that he has enjoyed his time in Muleshoe. And added, he liked Muleshoe better than anywhere he had ever been. He said he will be assistant district director at Midland, with a territory that reaches from the Lamesa-Seminole area, to Del Rio and to El Paso.

Following a mid-morning coffee break, Dr. Roland Roberts, vegetable specialist for TAES, from Lubbock, spoke on 'specialty' vegetables, which he termed an alternative income through growing and producing.

Any crops not already grown in this area are 'specialty' crops, he said, as there is something unique about such crops.

He told the producers present that he wanted to show the importance of preparing for such vegetable crops.

"These crops make a profitable income for a good number of people in Texas," said Dr. Roberts. "We will find they are competent managers who have been in business for a long time."

"If you look at any bulb crop, don't plan to get in just a year at a time, as there are no short term successors, and there certainly are some short term failures."

Dr. Roberts told the producers at the meeting that people are re-thinking their long-term goals, and are considering entering the marketplace.

He reminded that vegetables are very expensive to store, and have a short 'shelf-life,' so urged those thinking of entering that field to take a market-posture or market-position, and plan to work over a long period of time. He said the individual with fresh vegetables for the market must be aggressive and, have a

distinct market for their product.

Quoting from *The Packer* a vegetable trade magazine, Dr. Roberts said the consumer is more and more headed toward 'freshness.' He said the standards of buying are going up, and consumers expect a margin of freshness.

He also said buyers like the qualities of Texas vegetables, and like the qualities of High Plains vegetables. Dr. Roberts singled out cabbage, citing that it is 'sweeter' than varieties grown in other locations.

Other crops he mentioned included onions, with three colors and three sizes; potatoes; broccoli; snap beans; summer squash and cucumbers.

"We must develop a reputation for quality," he added, "and we must meet production and quality requirements."

The TAES vegetable specialist then presented slides showing the various ways onions can be started and produced for maximum yields and protection of the crop.

Next speaker was Tony Pardo, TAES ag chemical specialist from Lubbock.

Explaining that he had been working with the "Right to Know" law for almost a year, Pardo explained who must comply with the law and how to keep a license, whether it be a private applicator license or a commercial applicator license.

Going into the enforcement law, Pardo said there had been only one instance of enforcement in Bailey County since the law was implemented.

He also explained the continuing education requirements, and how many hours are required to have the license renewed.

He said persons with an applicator license, either commercial or non-commercial, must have 20 continuing education hours in five years or the license will be revoked.

He concluded by telling the group that a private applicator license is no longer free, and that persons seeking the license must attend a training session, pay a \$50 fee and pass a test before being issued the license.

Wayne Wyatt from the High Plains Underground Water District No. One, spoke on the Soil Moisture Program, and said field men were taking soil moisture measurements this week. He said they had found a four inch deficiency in southern Bailey County, and the deficiency ranges from 4-8 inches across the High Plains.

Another focus for the speaker was Water Quality. He talked about pesticides, and said that although 'trace' amounts of nitrates had been found, no significant amounts had been denoted in many tests.

"We all share the same concern about groundwater," he said, "and no one would intentionally harm our water."

"Many people perceive farmers as people who use chemicals indiscriminately, and who must be closely supervised."

"Many times the press seems to want to print anything bad, as that sells newspapers," he added.

He particularly cited the large duck 'die-off' which got the attention of a lot of people. "After an extensive study, no residue of significance was found in water supplies," he commented.

He also cautioned about handling chemicals on the farm around wells, as they often contaminated the well casing, and showed up as 'bacteria' in tests. He included abandoned wells in this warning.

Concluding speaker was Dr. Ed Smith, TAES representative from College Station.

He focused on Farm Bill issues and Ag Policy.

BOARD OF TRUSTEES, MULESHOE INDEPENDENT SCHOOL DISTRICT--This picture of the members of the Board of Directors of the Muleshoe Independent School District, was made Monday night. Seated from left are Sam Harlan, secretary; Howard Watson, president; and Cindy Purdy, vice president. Standing from left are board members Lyndon Huckaby, Edwin Cox, Max King and Curtis Shelburn.

Dr. Smith cited the upcoming Farm Bill hearings January-March; the Major Proposals expected to be made by April 1, 1990; and the hopeful passage of the Farm Bill, with a September 1, 1990 target date, and the mandated date of December 31, 1990.

He said the 1990 Farm Bill would be very close to the 1985 Farm Bill, which was considered a 'workable bill.'

He also cited the Kiplinger Letter as a part of his dissertation, and said public perception would be very important in the 1990 Farm Bill.

However, Dr. Smith said the 1985 Farm Bill would be 'fine tuned' before it turns into the 1990 Farm Bill. "The objectives compare," he said. "In 1990, the

Board Meeting

Cont. From Page 1

would be the administrator's responsibility."

Watson emphasized that his younger son was transferred for health reasons.

In other action, the board approved a bid for \$22,945 by Texas Roofing to re-roof the gym at Watson Junior High School. It was reported that the original bid, to Ortega Construction, was voided after it was learned that the construction company could not obtain a manufacturer's warranty. Texas Roofing was the second highest bidder for the re-roofing job.

The board approved the District 1988-89 Annual Performance Report and discussed a school board training session for January 9.

In reports, the superintendent reported that this week ends the first semester, with the new semester beginning next Tuesday.

He also talked about a special legislative session to resolve the school funding problem.

Thomas Alvis, assistant superintendent for business, reported on the underground storage tank, and current testing underway. He also talked about installing of windows and insulation at Dillman Elementary.

Alvis also told board members of repairs which needed to be made at Watson Junior High School.

Elizabeth Watson, assistant superintendent for instruction, discussed several training classes which will be held in the near future for both teachers and students, including a writing course, to teach young people how to write; a course at Wayland Baptist, for ESL teachers and the three fall classes to be conducted by South Plains College in Muleshoe.

Mrs. Watson also told the board members about the up-

Farm Bill will have a big emphasis on Flexibility and Incentives for Conservation."

In closing out the meeting, the County Agent said "We appreciate you all coming in and

Around Muleshoe

Cont. From Page 1

enrolled in 12 or more credit hours during the fall semester at the Clovis campus.

Rick Copp, vo-ag instructor at Lazbuddie, said three Lazbuddie students entered the Parmer County Lamb Jackpot on Saturday, January 6.

Sheena Seaton placed fifth with a medium wool and eighth with a cross; Seth Black had a third place medium wool; and

appreciate your comments. Our door is open. Let us know what your needs are and we'll try to help you by responding to them."

Mandy Seaton was fourth with a medium wool and sixth with a fine wool.

Tamra Bussey won a new Ford Escort in an "Our Best To You! INSTANT - WIN SWEEPSTAKES" game promotion at Serv-All Thriftway in Muleshoe.

"OUR BEST TO YOU!" INSTANT - WIN SWEEPSTAKES" is a supermarket promotion currently running at Serv-All Thriftway in Muleshoe and 82 other supermarkets in Colorado, Texas and New Mexico.

Mrs. Bussey won her new Ford Escort by entering the second-chance sweepstakes portion of the game. Arrangements have been made for her to receive her car from Muleshoe Motor Company in Muleshoe.

Her husband, Jeff, is employed by Valley Grain.

Spring COURSES

Application for Admission

Applications should be completed prior to registration. Forms are available in Room 126, 8 a.m. to 4:30 p.m., Monday through Friday.

Tuition

Resident In-District Students

1 hour -- \$28 per hour
Each additional hour up to 12 hours -- \$20 per hour
13-18 hours -- No additional charge
*19 plus hours -- \$20 per hour

Resident Non-District Students

1 hour -- \$29 per hour
Each additional hour up to 12 hours -- \$21 per hour
13-18 hours -- No additional charge
*19 plus hours -- \$21 per hour

Non-resident tuition** is printed in the schedule.

** Non-Resident Students enrolling for six or less hours will be charged non-district fees. If a student registers for more than six hours, the non-resident tuition will be charged.

Counseling

Plan to talk with a counselor before you register. The counselors can help you plan your course work or file a degree plan. Call 769-4015

lot, Cent. A&H, built-ins, and much more.
LET'S LOOK TODAY!!!!\$160's

NICE 3-2-1 Brick Home, Cent A&H,
built-ins, large den with fireplace. Fenced
yard, storage bldg. \$40's!!!!

PRICE REDUCED 2-2-2 Brick, corner lot,
Cent. A&H, spacious rooms, utility, cov.
patio, fenced yard, & much more. 40's

HIGH SCHOOL
JUST LISTED-COZY 2-1 Home, nicely
remodeled, fenced yard, & more \$17,000!!!

2-1/2-1 Brick, fl. furnace, CA, fenced yard
& more. \$20's!!!!!!

NICE 2-1/2-1 Home, corner lot, built-ins,
nice carpet, heat pump, fenced yard,
storage bldg. & more!!!!!!

PRICE REDUCED 3-1-1 Home earthtone
carpet, fenced yard, storm cellar &
workshop!!!!!!

3-1/2-1 Brick, Cent. A&H, built-ins, fenced
yard, much more. **SOLD**

Africanized Bees Expected In U. S. During This Year

Researchers tracking the progress in Mexico of the aggressive Africanized honey bees, popularly known as "killer bees," now expect them to arrive in the Brownsville area between February and May of 1990.

At the latest, they report, the bees should arrive in the Rio Grande Valley by August or September.

The Texas Africanized Honey Bee Advisory Committee, chaired by Dr. Fowden Maxwell, head of Texas A&M's Department of Entomology, based its updated projections on recent monitoring of the bee's movement in Mexico.

Dr. John Thomas, a committee member and Texas Agricultural Extension Service entomologist who specializes in honey bee management and pollination, said the leading swarm of Africanized bees has been observed six miles east of Soto la Marina, in the Mexican state of Tamaulipas.

"That's 160 miles from Brownsville," Thomas said. The bees have traveled 260 miles since May, when a leading swarm was found about 80 miles north of Veracruz near Naulta. The rapid movement of the bees up the coast has led researchers to revise their estimates made last May, which had put the first swarm arriving in Texas between March 1990 and March 1991.

Thomas said the latest swarm was found in an Agricultural Research Service trapline spanning an area from Ciudad Victoria to La Pesca in November. The work there is supervised by Dr. Anita Collins, research leader at the U. S. Department of Agriculture's ARS Honey Bee Research Lab at Weslaco.

Thomas said first (or "founder") swarms of Africanized honey bees will be few in number and tend to become a part of the local honey bee population. After the bees arrive in the Brownsville area they are expected to spread northward up the Gulf Coast toward Corpus Christi and then Houston.

The rate of natural spread is anticipated at about 200 to 250 miles per year, although it is uncertain how far north the bees will be able to live. Thomas pointed out that this kind of bee is a tropical insect, and there is speculation that the bee may not range much beyond the southern half of Texas.

Thomas said that the Africanized honey bees aren't really "killers," but there is not a question that they are a significant pest.

"These bees are not going to hunt people down and kill them," he said. Only one person a year dies from bee stings in Texas, and Thomas said he would be greatly surprised if that number increased appreciably with the arrival of the Africanized bees.

"But this is a honey bee with a personality problem," he said. "Mainly, Africanized bees are more defensive and will react more vigorously when disturbed or provoked. A person who stumbles into their path should get away as quickly as possible."

The Africanized bees have created many problems for the beekeeping industry as they have moved across South and Central America since 1957, when they reportedly escaped from a breeding program at Sao Paulo, Brazil.

Thomas said the Africanized bees do not produce as much surplus honey and cannot be managed as well as domesticated bees for pollination of crops. There is concern among beekeepers and farmers about their potential impact. Commercial beekeepers, he said, will have to manage their hives carefully to breed out the Africanized traits in their bees. This can be done by introducing domesticated queen bees into the hives at prescribed intervals, among other techniques.

Thomas said that the annual value of domestic honey bees as crop pollinators is estimated at \$800 million in Texas and \$20 billion in the U.S.

Other values of the Texas beekeeping industry, through the sales of honey, wax and other hive products, totals \$9 million to \$11.5 million each year. Nationwide, annual gross income from honey and wax sales of beekeepers totals \$175 to \$200 million.

Thomas said a Texas Africanized honey bee management plan has been developed by the advisory group, but has not yet been funded. The plan will address the anticipated impact of the pest on rural and urban Texas and seek to establish strategies for public information, public health, research, regulatory aspects and beekeeper management practices.
