Jointly, the Lazbuddie Fire Department and Lazbuddie EMS will be holding a benefit supper for the Lazbuddie ambulance on Friday, March 30, at 7 p.m. in the Lazbuddie School cafeteria.

The barbecue meal will be catered by Dyer's Bar-B-Que of Amarillo. Tickets will be \$7.50 for adults and \$2.50 for children age 10 and below.

Tickets are currently being sold by the Lazbuddie Fire Department and EMS and will be available at the door.

All proceeds from the meal will go to the fire department and EMS to build a new fire station and to operate the ambulance.

Late Monday afternoon, Frank Saldana Jr. filed as a candidate for Precinct Three, Board of Trustees for the Muleshoe Independent School District.

Filing previously for Precinct Three was Susan Copeland.

Incumbents Sam Harlan and Cindy Purdy were unopposed at presstime.

The school board trustee election will be held Saturday, May 5.

Filing for positions on the Muleshoe City Council were incumbents Paul Wilbanks, District Four and James Roy Jones, District Three.

Final date for filing as a candidate was 5 p.m. on Wednesday, March 21.

The only organizational meeting for the Muleshoe Youth Baseball and coaches, will be tomorrow, Friday, at 8 p.m. in the Muleshoe State Bank meeting room.

For further information, call Joe Lozano or Mike Hahn at 272-4594.

Educator of the Week at Watson Junior High School is Myrlene Read, Special Education teacher.

Principal awards went to Rebecca Snell, sixth grade; Jimmy Gauna, seventh grade; and Chetan Patel, eighth grade.

A benefit concert will be sponsored by the Sudan Fire Department on Saturday, March 24, at 7 p.m. in the Sudan High School auditorium.

Featured entertainment will be The Convertibles, as well as The Anchor Brothers Band, along with Penni Hargrove and Ann Walker.

As an added attraction, during intermission; a pie and cake Cont. Page 6, Col. 2

**SURE SIGNS OF SPRING**--Just before spring officially arrived around 3:47 p.m. Tuesday, March 20, fruit trees in the area started bursting into bloom. This tree is representative of the sights of fruit trees in full bloom across the South Plains. Unfortunately, the trees take advantage of early warm days, and usually get frozen back with late hard freezes in the area. They do present a beautiful sight, however, and a steady reminder that spring and summer are not far behind. (Journal Photo)

## Rotary Hears Special Olympics Program Discussed By Director

It was a day for 'Special Olympics' for the Muleshoe Rotary Club Tuesday. Herb Parks was in charge of the program and introduced Sharon Donnell, Special Olympics Director for Area 17, comprising some 20 counties. She is also a Special Education teacher with the Lubbock Independent School District.

Parks said he had worked with the Special Olympic Program since 1971 and added, "I sure think a lot of the program."

Parks said the program had grown from almost '0' to over 750 members in this area.

Sharon Donnell said the Special Olympics program was the fastest growing organization in the world, and credited "wonderful volunteers" to the success of the program.

She said the program started with the late President John F. Kennedy, who asked for a committee to study the needs to see what was being done for the Mentally Retarded, focusing on youth. The report, which he expected to be quite lengthy, was a one page report with one word,

"nothing."

The Kennedy's believed "The growth of a nation, and a nation's growth can be judged by how it treats those who are less fortunate."

Following this credo, the first Special Olympics was held in Chicago in 1968, and volunteers started working with the program nationwide.

Ms. Donnell said youths start training for Special Olympics at the age of eight, and there is no upper age limit. "In fact," she said, "Region XVII has one male, age 50, who has participated in Special Olympics for the past 18 years."

## Postmaster Takes Oath With City

Tuesday morning marked a 'first' for the Muleshoe City Council when Mayor Darrell Turner administered the oath of office to Abel Arguello, as city councilman, District One.

Arguello, the Muleshoe Postmaster, thus became the first Hispanic to serve on the city council.

He will complete a two year, one month term served by Troy Stegemoeller, who moved to Ralls.

The other three city council members are A. V. Wood, Paul Wilbanks and James Roy Jones.

Meeting with the city council was Frank Goodman, from GTE, Littlefield.

Goodman told the council that GTE's franchise with the city expires in July of this year and he presented the proposed new franchise agreement for the city to study.

In response to a question, City Manager Dave Marr said the current contract due to expire was a 25-year contract. He also said the proposed franchise contract will be sent to the Texas Municipal League (TML) for study and advice.

Following a brief discussion, the city council agreed with the city manager's decision to seek Cont. Page 6, Col. 1

She said the participants train in both summer and winter Cont. Page 6, Col. 1

## Band Plans 'Work Day' As Fundraiser

Does your house have dirty windows? Is your car a traveling dirt clod? Is old, unwanted junk piling up in your closets?

If you can answer 'yes' to any of these questions, the Mighty "M" Band can help you!

The MHS band will be representing Muleshoe at the Buccaneer Music Festival in Corpus Christi in April, and to help with the cost of the trip, the band will be sponsoring a spring cleaning work day on Saturday, March 24.

Have a crew of band members come to your house and clean every window, inside and out, for only \$20-\$30 if you have storm windows.

And/or take your car to Pizza Hut to be washed and looking like new in minutes.

These will run from 8-5 p.m. Also, if you have any items that are just sitting around collecting dust, you can bring them to the old Western Auto building, across from Anthony's on Friday from 3-6 p.m.

These items will be sold in the band garage sale on Saturday from 8 a.m.-5 p.m.

If you're feeling under the weather, or just can't get out of the house -- **NO PROBLEM!!** Just call 925-6413, 272-3438, 946-3647 or 272-3087 and you can make arrangements to have your car picked up or any items you wish to donate to the garage sale picked up.

Also, use our toll free numbers to schedule your window wash.

But hurry -- **FIRST COME, FIRST SERVE!!**

More than 25 local business people were represented at a general membership meeting of the Muleshoe Activities Committee (MAC) Tuesday night in the Muleshoe State Bank meeting room.

Following a lengthy discussion of ways to change the current method of giving MAC tickets to local customers, MAC approved a new method, which will be instituted following the May 5 MAC drawing.

It was decided to give a MAC coupon, which the customer will sign, the card will be punched with the percentage of the money to be given away, and deposited in a box in the store at the time of the purchase.

It was explained by Chairman Harvey Bass that the new method would eliminate having

## Summer YCC Applications Being Taken

The Muleshoe National Wildlife Refuge is accepting applications from young men and women to fill five enrollee positions in the Youth Conservation Crops (YCC) program. No prior work experience or special skills are required. The eight week program will run from June 4 through July 27, 1990.

To qualify, you must be 15 through 18 years of age and a permanent resident of the United States, its territories or possessions. Employment is without regard to social, economic, racial, or ethnic backgrounds. Handicapped youth who can effectively participate in most YCC activities are eligible.

The YCC program is a well balanced work-learn-earn program that develops in participating youth an understanding and appreciation of the Nation's environment and heritage. It offers gainful summer employment to youth, minimum wage of \$3.80 per hour for a 40-hour work week.

Applications for the program will be accepted through April 15, 1990. Blank forms may be obtained from the Muleshoe National Wildlife Refuge, P. O. Box 549, Muleshoe, Texas 79347, telephone 806/946-3341, from area high schools, and the Muleshoe Chamber of Commerce.

In order for an applicant to be considered for employment, the completed application must be received by April 15, 1990. Five names will be selected by a random drawing. All individuals selected must have a Social Security number by the first day of work.

to keep up with tickets, and trying to locate a possible winning ticket in a large amount of tickets on a cardboard.

The percentage punched out on the coupon will correspond with the amount spent in the individual business. As an example, if the customer spends \$10, a 10% will be punched out on the coupon; if the purchase is \$20, a 20% will be punched out. This will enable the person whose name (or coupon) is drawn, to win the percentage of the amount shown on the coupon.

Another example, if 20% is punched out on someone's coupon, they will be eligible to win twenty percent of the money being given away. In no instance will any one person be eligible for more than 50 percent on one coupon.

Thus, if the amount to be given away is \$600, and the first coupon drawn shows 50 percent punched out, that person will win \$300 in MAC Bucks. Then, if the next winner has a ticket showing 30 percent, that individual will win \$90 and that will leave \$210, and if the person whose coupon is drawn next shows, say, 40 percent, they will win 40 percent of the remaining \$210, or will win \$84.

Rules remaining the same are that you have to be present to win, and the MAC Bucks must be spent with one of the approximately 50 MAC member businesses.

According to the coupons drawn, any amount not given at any one MAC drawing will be in the next drawing as an increased amount for that particular drawing.

Norma Bruce addressed the group, explaining incorporation instruments she has drawn up. Muleshoe Activities Committee is incorporating to protect individual members from lawsuits. Harvey Bass said this is for the protection of MAC members for all MAC-sponsored activities.

Speaking for Muleplex Production was Pat Prater, chairman. She said *The Man Who Came to Dinner* will be staged, with the tentative date of July 2-3. Tryouts for the production will be on April 27, with rehearsals beginning immediately after the cast of some 15 people is chosen.

She said MAC had agreed to again handle the candy sales, although they wanted to increase the sacks of candy from last year's 1,800 to 2,500 for this year. It was explained that MAC sold 800 sacks of candy last year in less than three minutes on the last night of the two night production.

Briefly outlining planned activities for the annual July 4th celebration, Nancy Kidd, man-

## Wedding Shower Honors

### Mrs. Deborah Harding

The home of Danette Underwood was the scene of a wedding shower Saturday, March 17 honoring Deborah Harding, nee Deborah Lackey.

Brenda Lackey, mother of the bride, and Ruth Lackey, grandmother of the bride, greeted the guests as they called between the hours of 3 and 4:30 p.m. and Diann Evins registered the guests.

Rhonda Low and Mona Kinder served blue and mauve thumb-print cookies, mints, nuts and strawberry punch from crystal and silver appointments.

The serving table was covered with a blue table cloth with a lace overlay, and was accented with a fresh ivy centerpiece accented by

blue and mauve silk statice in brass container. The honoree's corsage consisted of mauve alstromeria lilies with blue silk statice.

Special guests included: Brenda Lackey, mother of the bride, and Ruth Lackey, grandmother of the bride.

The hostesses gifts were an Eureka Boss upright vacuum cleaner and the centerpiece.

Hostesses for the occasion included: Rhonda Low, Barbara Mills, Kathie Ballard, Danette Underwood, Diane Allison, Zona Gatewood, Vannett Field, Lynda Low, Diann Evins, Irma Leal, Wanda Snell, Tami Allison, Judy Loudder, Toni King, Rosemary DePalma and Mona Kinder.

DEBORAH HARDING

MRS. ZANNA KELLY

### Mrs. Zanna Kelly Honored With Baby Shower

Mrs. Zanna Kelly was honored with a baby shower Saturday, March 17 from 2:30 to 4 p.m. in the fellowship hall of the Richland Hills Baptist Church.

Special guests included: Clea Robertson, mother of the honoree, Mrs. Virgil Obenhaus, grandmother of the honoree, and

the honoree's aunt Hazel Pollock.

The serving table was covered with a white table cloth edged in wide lace and accented with an arrangement of miniature ivy and baby's breath in a wicker baby basket with pink and blue toys and baby items accenting the arrangement. The honoree's corsage consisted of baby roses with pink and blue ribbon.

The hostesses gifts were a baby monitor and humidifier.

Hostesses for the occasion included: Maxine Donaldson, Betty Obenhaus, Dani Heathington, Hellen Adrian, Audrey Peterson, Louvenia Garlington, Rama Smalling, Kathi Franks, Norma Bruce, Gayla Toombs, Alene Bryant, Betty Jo Davis and Laverne James.

### Muleshoe Retired Teachers Meet

The Muleshoe Retired Teachers Association met Friday, March 16 at the 16th and Ave D Church of Christ friendship room with Nettie Belle Hilbun, president, presiding.

Mabel Wolfe introduced Pat Prater and Norma Bruce who gave what was reported to be an interesting and informative report on the activities of the local Little Theatre group, which is planning their second presentation for sometime late in April. The play will be, "The Man Who Came to Dinner," and they urge all interested persons to attend their next meeting which will be announced soon.

Pauline Guinn reported that the number of volunteer hours served by the Muleshoe Retired Teachers in 1989, totaled 13,356. These were in the areas of church, health care, and civic activities as well as education.

The hostesses, Katherine Sanders and Wilma Smith served refreshments to the following members, Mabel Wolfe, Josephine Mitchell, Margie Moore, Ethel Allison, Maude Blaylock, Letha Patterson, Maxine Ragsdale, Pauline Guinn, Mary Louise Thaxton and Nettie Belle Hilbun.

The next meeting will be on April 20 and the program will be presented by Johannah Wrinkle and her students on their trip to Europe last summer.

### Sudan Lions Club News

The Sudan Lions Club met for its regular meeting Wednesday, March 7 at 6:30 a.m. With several items of business to be discussed the regular meeting was adjourned and a Board of Directors meeting was called to order.

Several items of old business was discussed, upcoming projects including the concession stand for track meets April 6 and 13, Broom Sale June 2, and entering Lions Queen, Kristi Hargrove, in District Queens contest to be held at the District 2T-2 Convention, May 18 and 19 at Levelland.

Also discussed was the acceptance of Albert Wallace to Leader Dog training in Rochester, Mich. in June. The cost for the leader dog and recipient training schools, is approximately \$6,500. Through the sponsorship of the Sudan Lions Club, Albert is

receiving the Leader Dog training at no cost to him, and the Sudan Lions will be paying his round trip transportation to get his leader dog. Albert will be in Rochester about four weeks for his training with his leader dog. Having the leader dog will give back some of the independence Albert had before he lost his sight.

A number of names has been turned in to the committee for the Meals on Wheels project. The Lions Club would like to have a meeting of all president and project committee charimen of all the clubs and organization and any interested person wishing to help with this project to set up a board of directors for the Meals on Wheels. The date for this meeting has been tentatively set for March 26 at 7:30 a.m. at the Community Center. Your attendance is needed.

JENNYSLIPPERS PRESENT CHECK---Norma Bruce, left, presented Doris Wedel a check for Meals on Wheels during the Jennyslipper meeting Tuesday, as Pat Langfitt, president of Jennyslippers, looks on. (Journal Photo)

SHARRON DAVIS

### Former Muleshoe Girl Makes

#### Good In Lubbock

Sharron Davis, daughter of Cleon and Wilma Davis, is the Branch Manager for TRW Information Systems, a credit reporting business in Lubbock and Amarillo. She started as a sales representative eleven years ago, and became manager of Chilton Reporting in 1980. Last March, Chilton merged with TRW Information Systems, making them the largest credit reporting agency in the world. "My staff of five in Lubbock and two in Amarillo are really wonderful. We have worked together for five to eight years and we're a great team. We're all very excited about the merge with TRW. They are a larger company with more benefits and potential for professional growth."

Sharron is a member of Credit Women International, of which she was the founder, the American Cancer Society, Lubbock Chamber of Commerce, and the Advisory Board of the Distributive Education Program. "I was in D.E. in high school," says Sharon. "I believe it helped me get to where I am today. I think it helps many students to continue their education when they can also work part-time and still get credit." She also participates in the United Way

Fund raising and ABWA, the American Business Women's Association.

Growing up in Muleshoe was a safe and comfortable childhood for Sharon but her mother encouraged her to leave for a time, and see what more life had to offer. Sharron attended college receiving a degree in Fashion Merchandising and ultimately into financial reporting. "I'm a semi-workaholic," says Sharron. "Our business is very demanding and requires good time management and organizational skills."

The private life of Sharron is filled with her gardening, travel and her miniature dachshund. "I go to Carmel, California at least once a year. It is the most peaceful place in the world. It's like a Swiss Village. I walk about 10-12 miles a day, the trees go right down to the water, and I leave the windows open and

listen to the waves. Everyone should experience it at least once!"

"From professional to personal, Sharron really is a remarkable woman."

CELEBRATING FIFTY YEARS--Mr. and Mrs. W. F. Bartley will be celebrating their fiftieth wedding anniversary Sunday, March 25, with a reception in their home, 1705 W. Ave. H. The couple will receive their guests between 2:30 and 5 p.m. and request no gifts. Hosting the event will be their children and grandchildren, the Dale Roberson family, the Tom Hall family, the Bo Bartley family and the Ronald Elliott family. (Guest Photo)

Hard work still represents the main essential ingredient of success in life.

#### LATE SNOW INCREASES MOISTURE

Shortly after midnight Friday, light snow began falling in the area, and continued falling until mid-afternoon Saturday. Around 9 a.m. Saturday, if the snow had started sticking more, an estimated four to eight inches would have been on the ground.

However high winds whipped much of the snow into drifts and on Monday afternoon, a foot to foot and half deep snow drifts were still on the ground in some rural areas near Muleshoe.

### NOTES, COMMENT

Truth is the last thing that some educators want to teach.

If you want to get rich, learn how not to spend.

### FHA Banquet

#### Held At Sudan

The Sudan FHA held their annual banquet Monday, March 5 at Mamarita's Restaurant in Lubbock. Twenty-three members attended. The 1989-90 officers were recognized and include: Olga Ruiz, president; Brandy Martin, vice president) and Jean Murillo, Historian/Reporter. They were all awarded certificates of appreciation.

Also honored were eight members who earned the most points on the point system. Those receiving certificates of participation were: Olga Ruiz, Candy Weaver, Patricia Jackson, Emily Martinez, Jean Murillo, Amy Martinez, Teresa Williams and Bonnie Ortega.

The honors of FHA Beau and FHA Sweetheart went to two seniors--Efrain Maldonado and Olga Ruiz.

Olga Ruiz also received the honor of being named Outstanding FHA Member for 1989-90. As outgoing president, she gave a speech about the rewards of being an FHA officer for the past two years, particularly as president this year. She commended the FHA members for their participation and support. In closing, she presented the FHA sponsor, Mrs. Lanette Whitley, with red tulips--a gift of appreciation from the 1989-90 FHA members.

The group was served a Mexican food supper.

"Special appreciation goes to LaRhonda and Rick Hill for chauffeuring the group to Mamarita's."

The individual who seeks the truth rarely thinks he knows it all.

Human beings are different and no rule can be applied to them en masse.

## Special Olympics

Cont. From Page 1

sports, and Special Olympics is a year-round training program.

The participants learn fitness capability, sharing, participation and see what they can do.

She said the Texas Special Olympics is the largest in the world, with more than 24,000 participants. She also commented that Russia had joined Special Olympics during the last three months.

Ms. Donnell also spoke of the benefits to the parents, and how they gain through their child's participation.

She reminded that we all have 'flaws' but that does not affect our acceptance in the community.

The director talked about educational and work opportunities gained through Special Olympics, and how many of the youth progress to where they can, and do, compete against 'mainstream' athletes.

Ms. Donnell also talked about how Special Olympic youth have

City...

Cont. From Page 1

advice from TML on the new franchise contract.

In other action, the city manager and mayor updated council members about the upcoming changes in landfill operations.

They talked about joint meetings with the cities of Levelland and Littlefield, as well as Morton for a possible four-county landfill operation.

Although one meeting was held on March 15, no county commissioner, nor the county judge attended, according to the report given.

The city leaders said the county will ultimately have to be involved, due to the amount of garbage generated outside the city limits.

The mayor said the city manager had been named to both the SPAG regional and four-county committees to study the landfill problems.

It was unanimously that not only Muleshoe, but the entire state will find the cost of disposing of garbage extremely costly with the new state mandates.

preferences for their sports' participation, and their pride in the ribbons and medals they win.

The Special Olympics motto is: *Let me win, and if I cannot win, let me be brave in the attempt.*

Near the end of her presentation, and before showing a video on Special Olympics, Ms. Donnell was highly complimentary of Mary Nell Bleeker, Special Olympics coordinator for the Muleshoe Schools. She reminded that Mrs. Bleeker, and her assistants are all volunteers in the program, and receive no pay for their activities.

She spoke of various supplies that Mrs. Bleeker could use in her program in Muleshoe, supplies that cannot be made available through regular school financing. Some of these needs include, softballs, a starting gun and blanks, markers, whistles, and other supplies.

President Terry Hutto again reminded Rotarians of the District Conference, scheduled for April 20-22 in Ruidoso, N.M., at the Inn of the Mountain Gods.

He sent around clipboards for Rotarians to sign up to work the track meet or the concession stand at the Watson Junior High School Track meet this weekend.

It was announced that previous winners of the Polio Plus would have a Paul Harris Fellow award made in one of the names, as drawn for the grand prize. The winner was Ted Barnhill, so the Paul Harris Fellow award will be presented in his name.

A new Polio Plus drawing was started, with Fred Ivy's name being the first drawn for the new contest.

Visitors at the Tuesday meeting were Bill Boling, Texico-Farwell Rotary; Jim Cox, Mary Nell Bleeker, Ernest Cadenhead, Jed McKee, Joe Coker, Judy Coker, John Rose and Judy Watson.

## Muleshoe...

admission will be held.

Admission price is \$3 for adults, \$1.50 for children 6-12 years of age, and children under the age of six will be admitted at no charge.

**MOTORCYCLES ON PARADE**--Last weekend, more than 100 motorcycles were in Muleshoe for the annual Muleshoe Roadriders Motorcycle Rally. The motorcycle shown is representative of the many outstanding machines on display in Muleshoe Friday night and Saturday. (Journal Photo)

## ASC Disaster Program Reports Are Due Soon

Danny Noble, county executive director of the Bailey County ASCS office, has released the following information which is of concern to all county producers:

### 1989 DISASTER PROGRAM

The final date to sign up for disaster benefits for crop losses on a 1989 crop as a result of drought, hail, freeze, excessive moisture, excessive wind damage or insect infestation is April 2, 1990. This is also the final date for all required signatures, insurance papers, etc., except for production evidence, and it is April 27, 1990.

**1990 PROGRAM SIGNUP**  
All producers who wish to participate in the 1990 Farm Program MUST sign up their intentions by no later than April 13, 1990.

### BASE DISTRIBUTION FACTOR

If you sign up for paid CU acres, (0/92) or (50/92), you will need to be careful to provide land that is irrigated if you get the CU and planted acres of the crop in 1988 and 1989 will be a factor to determine the base distribution factor between dryland and irrigated.

### PRICE SUPPORT

The final date for obtaining Price Support Loans for 1989 crops are as follows: wheat, barley, oats, and rye - March 31, 1990. Corn, grain sorghum, soybeans, and cotton - May 31, 1990.

### INTEREST RATE

The loan interest rate for March is 8.125 percent.

### FINAL CORN AND GRAIN SORGHUM DEFICIENCY

The 1989 Final Deficiency rate has been announced for corn and grain sorghum. Corn, .58 and grain sorghum, .66. Advance payments were .356 on corn and .36 on grain sorghum, leaving

## Join The Jennyslipper Walk-A-Thon Saturday 9 a.m. Money Talk

By Charles B. Carson  
**Dow Theory Forecasts**  
There are a number of analysts, including myself, who have become bearish on the market. Nevertheless, there now seems to be a prevailing sentiment among investors that a protracted downward move in the market is unlikely. Don't believe it.

The last eight years have spoiled many investors and created the notion that stocks, intermittent corrections notwithstanding, only move in one direction--up.

However, market veterans well know that stocks can move lower as well; the fact that the market has not had a full-blown bear market in eight years makes it all the more likely that a major decline is ahead; it could last 12-18 months and peel up to 900 points from peak level

## MAC Changes

Cont. From Page 1

ager of the Muleshoe Chamber of Commerce and Agriculture said all activities, except for the ones scheduled in the evening in the new city park, would be held on Main Street in Muleshoe.

Main Street, from Highway 84 to Anthony's will be blocked off, and all activities, including Mule pitching, the parade, children's activities and the Muleshoe Fire Department Water Polo, along with numerous booths and games will be held on Main Street.

MAC agreed to hold the drawing for MAC Bucks at 2 p.m. at its usual location at the corner of Main Street and Avenue C on that day.

The July 4th committee will be meeting tonight, Thursday, at 7 p.m. in the Muleshoe State Bank meeting room, and all clubs, organizations, church and school groups, and interested individuals are encouraged to attend.

Dick Pylant and Edwin Cox spoke about major chain stores, and how they move into small towns and 'ruin' small businesses. They gave a number of graphic illustrations as to what can, and has happened to many small towns once a major chain store moves in. They cited research figures and urged people not to support the large chain stores who take looks at small communities.

Speaking briefly, Bob Donaldson encouraged businesses to compete more to encourage customers to come into their stores to shop.

CofC manager Nancy Kidd spoke of too much complacency and a lackadaisical attitude on the part of many local business people, and encouraged "Unity" and an end to negativism.

Rounding out the evening were Dick Klikeman and Walter Schmidt, chief officers of Almeria Inc. told the group what prompted them to choose Muleshoe as a location for a major greenhouse operation.

Each explained different aspects of the proposed operation and how they expected to market the gourmet, exotic and ethnic vegetables they will be producing south of Muleshoe.

## Lazbuddie FFA

### Judging Teams

### Fifth Overall

In their first judging effort for the 1990 season, the Lazbuddie School judging team placed fifth out of a field of 33 teams entered.

Judging at Gruver, the judging was sponsored by Frank Phillips College, Borger.

Team members from Lazbuddie were Lance Ivy, Jason Morris, Casey Russell, Casey Bradshaw and Clint Farris.

Lance Ivy was high team individual; Jason Morris tied for 10th overall in cattle judging and Casey Bradshaw was fourth high individual in swine.

# EXENCIONES DE RESIDENCIA

## PUEDEN REDUCIR LOS IMPUESTOS QUE PAGA POR SU CASA

Una exencion de residencia le ayuda a reducir los impuestos sobre la propiedad que tiene que pagar por su residencia reduciendo el valor que se utiliza como base para calcular sus impuestos. Por ejemplo, si su casa esta valorada de \$50,000 y usted recibe una exencion de residencia de \$5,000, usted va a pagar impuestos de residencia como si su valor fuese de \$45,000.

**Usted puede recibir** una exencion de residencia si usted era el dueño de su casa el primero de enero y la usaba como su residencia principal en la misma fecha. No importa si su residencia es una casa, un condominio o una casa remolque.

**Hay exenciones** que cualquier persona que es dueño(a) de su residencia puede usar para rebajar sus impuestos escolares. Exenciones adicionales se ofrecen a duenos de residencia que estan incapacitados o tienen 65 años o mas. Otras exenciones pueden ofrecerse a propietarios por distritos escolares, condados, ciudades y distritos escolares.

## Spring Gardeners Out Getting Soil Prepared

By Spencer Tanksley, CEA-AG

Serious gardeners are eager to get started. Recent snow and rain moistened top soil making it mellow and easy to till. Nurseries are advertising seeds, onion plants and asparagus crowns. Spring gardening itch is rampant. Recent rainfall was not enough to leach down accumulated salts. Some soil tests will show salinity to be higher than desirable. This calls for intermittent sprinkler irrigation to dissolve the excess salts, move them down below the root zone and replenish soil moisture. Do this well before adding fertilizer and tilling your garden.

February is a good time to locate seedling sources for the best varieties for your area. A suggested list for vegetables to be grown in our area is available at the Extension office.

It is time to sample your garden soil and have it tested by the Soil Testing Laboratory of the Texas Agricultural Extension Service in Lubbock. Soil sampling forms and instructions are available in your county Extension office.

### Phil Gramm Gets Treasury Watchdog Award

U.S. Sen. Phil Gramm has been awarded a Watchdog of the Treasury, Inc., award for his effort in 1989 to eliminate government waste and reduce the federal budget deficit.

The award is presented annually to members of Congress who score at least 75 percent on the organization's Economy Voting Record, an analysis of selected votes on economic and fiscal issues.

"Your effort to bolster the fiscal integrity of our country are highly commendable," said WTI President George W. Koch in presenting the award.

Gramm scored 95 percent on the Economy Voting Record in the first session of the 101st Congress.

The index covered a total of 22 votes on proposals which included legislation to repeal of the catastrophic health tax, motions to waive the Gramm-Rudman-Hollings deficit reduction law and a bill to begin offering rewards in order to uncover major government fraud cases.

Other Texans who received recognition from Watchdogs of the Treasury include U.S. Reps. Dick Arney, Joe Barton, Larry Combest, Jack Fields, Ralph Hall, Marvin Leath and Lamar Smith.

office. Fertilize according to soil test results before tilling your garden in the spring. Many South Plains garden soils contain enough reserve phosphorus for several years of bumper yields. The consequences of applying too much phosphorus are wasted money and grief from seeing iron deficiency in your plants. A yearly soil test is one of your best investments. The cost of N-P-K testing is \$7.00 and a complete test cost is \$10.00.

March wind can be very stressful to transplants, even onions, newly set into the garden. Combine the wind with wide swings in temperature from way above to well below freezing and you can have very stressed plants, maybe even dead plants. Always use windbreaks to protect newly set plants to keep them alive and start them growing fast and strong. Try placing plastic row covers over your first planted vegetables. You will marvel at the rapid, healthy plant growth that results.

Cold tolerant annuals and vegetable plants that you buy this month need to be acclimated to our cool temperatures and wind before being set out into the garden or field. Never withhold water from plants you are acclimating to outdoors. Drought stress does not hasten increased cold tolerance. It only renders the plants more prone to injury by below freezing temperatures. To acclimate tender plants expose them gradually to lower and lower temperatures for several nights prior to setting them out in the garden.

Set out lettuces, cabbage family members, asparagus crowns and rhubarb divisions. Transplant onions. Plant potatoes. Sow spinach, radishes, more lettuce, greens of all kinds. In where it is warm, sow tomato seed only if you will be ready to plant them in about five weeks.

Get plastic wrapped cages ready for your tomatoes and other tender fruiting vegetables like squash, pepper, cucumber and eggplant. All do very well inside plastic wrapped cages for the first month of their life out in the windy spring gardens.

Check your irrigation system to be sure all valves work and flow without leaking and emitters flow freely. Replace drip system filters, flow meter and any other part that Malfunctions before you start serious irrigating.

Asparagus will often start growing in March. Watch the weather forecast and harvest all spears regardless of size if the temperature is forecast to fall below 32 degrees F.

## Fire Department News

by: Ralph Sanchez

The Muleshoe Fire Department logged the following activity from March 1st-15th 1990.

•3-4, 12:27 p.m., Grass fire, 2 miles South on FM 214, 1/2 mile West, 14 firemen responded.

•3-4, 3:17 p.m., Grass fire, 10 miles North on FM 214, 10 firemen responded.

•3-4, 10:15 p.m., House fire, 500 block of East 5th, 1 fireman injured, 19 firemen responded.

•3-13, 5:30 p.m., Grass fire, North of Birdwell feed yard on FM 1731, 14 firemen responded.

•3-14, 5:05 a.m., House fire, on Coop Gin road, 13 firemen responded.

•3-15, 11:30 a.m., Grass fire, 8 miles East on HWY 70, 11 firemen responded.

### FMHA Director

### Futch Retires;

### Johnson Named

Sox Johnson, currently serving as acting administrator for the Farmers Home Administration in Washington, will succeed outgoing Texas FmHA Director Lynn Futch, U.S. Sen. Phil Gramm has announced.

Also, John Kirchoff of Plainview has been named the new FmHA deputy state director.

Futch, 64, is retiring after completing 20 years with the agency in Texas, including nine years as state director.

Johnson, of Arlington, joined the U.S. Department of Agriculture and FmHA in 1973 and served as executive assistant to the administrator in Washington until 1977. In 1981, he returned to FmHA and subsequently served as executive assistant to the administrator, deputy administrator, state director at-large and acting associate administrator.

"Sox Johnson brings a wealth of experience and talent to the Texas FmHA," Gramm said in making the announcement. "The farmers and rural communities which count on FmHA can count on Sox Johnson."

The new deputy state director, Kirchoff, has farmed and raised cattle in Swisher and Hale counties and presently is a partner in the Kirchoff Co., a real estate firm in Plainview.

FmHA, created in 1921, oversees a range of rural financing programs, including operating loans for family farmers, emergency loans following natural disasters, soil and water conservation program financing and economic development in rural areas.

FmHA's Texas headquarters are located in Temple. The agency employs 548 people statewide and operates 127 local offices across the state.

## Letter To The Editor

Please except our warmest thanks for the advertising which you gave to the HealthCare Center for our chili luncheon Fri. March 16th.

It was a great success and We owe much of the success to you.

The Bailey County Journal employees are always very supportive. We really appreciate, the encouragement that you so freely and lovingly give.

God Bless

Health Care Center Residents and Staff Joy Stancell

Soviet party votes to end monopoly.

### IN FASHION

Lace has had a part in fashions for many years. It's traditional that brides choose gowns adorned with hand-beaded Alencon Lace.

In the coming seasons, lace is definitely "in". Much of the leg wear will feature lace designs. Lace capri tights will be seen under flowing chiffon skirts.

Some designers, who cater to the more extreme and bold fashions, are showing lace mini skirts, dresses and blouses.

## GTE Gets Honor: Business Of Year

GTE Southwest Incorporated has been selected to receive the publicly held Business of the Year Award from the Texas Association of Business (TAB) in recognition of its achievements in business management and operations, employee relations, and contributions to the communities and industry in which it operates.

The Association, a broad-based organization of large and small companies throughout Texas, presents the Business of the Year Award annually to one privately held company and one publicly held organization. GTE Southwest won the award in the latter category.

"The employees of GTE Southwest deeply appreciate this great honor from other Texas businesses," said Earl A. Goode, President of GTE Southwest. "In accepting this prestigious award, GTE Southwest pledges its continued commitment to providing our customers with the very best quality products and service. We are pleased that the company's performance has merited such distinguished review."

The Business of the Year Award will be presented to Goode on Thursday, April 12 by Lt. Governor Bill Hobby during a luncheon in Austin at the Marriott Hotel.

H. Dane Harris, President of TAB, said GTE Southwest exemplifies the kind of achievement and corporate leadership that helps to further the Association's goals. "One of TAB's primary objectives is to establish and maintain a business climate that is conducive to attracting further economic development in the state," Harris said.

### John Bridges

### Funeral Services

### Held Wednesday

Funeral services for John Bridges, 55, of Earth were held at 2 p.m. Wednesday, March 21 in the Earth First Baptist Church with the Rev. Joe Vernon, pastor, officiating.

Burial was under the direction of Parsons-Ellis Funeral Home of Earth. Bridges died at 7:20 p.m. Monday in ST. Mary's Hospital in Lubbock.

Born September 13, 1934, in Castro County, Bridges had been a resident of Earth since 1956, moving there from Sunnyside. He was a rancher and a member of the Earth First Baptist Church. He married Evelyn McNeill on June 4, 1953, in Springlake.

Survivors include his wife, Evelyn; two sons, Bruce Bridges of Sunnyside and Brad Bridges of Earth; his mother, Rebecca Bridges of Dimmitt; and seven grandchildren.

"We are able to accomplish this when we can boast of business and industry statewide that serves customers well and also are supportive of the communities in which they operate."

Texas Association of Business, founded in 1922 as the Texas Manufacturers Association, has presented the Business of the Year Award annually since 1972. The award recognizes "outstanding companies for achievements in building a better climate for business and industry in Texas."

Companies are evaluated on their performance in such areas as productivity, operating efficiency, innovation, research and development, employee training programs, benefits and incentive programs, environmental programs and corporate contributions in the community.

## Patients in Muleshoe Area Medical Center

MARCH 16-19 FRIDAY

Cruz Torres, Ermelinda Guillen, Gudelia Arpero, Aline Locke, Emma Schuster, Oma Stratton, Jimmie Gregory and Nellie Gonzales

particularly to education. GTE Southwest received high marks in all categories.

Dually headquartered in San Angelo and Irving, Texas, GTE Southwest, a subsidiary of GTE Telephone Operations, serves approximately 1.4 million customer access lines in Texas, Arkansas, Oklahoma and New Mexico.

GTE Southwest, with approximately 8,800 employees, has established itself as a leader in bringing technological advances on line for its customers. Of its 1.4 million customer access lines, 73 percent are served by state-of-the-art digital switching equipment and 20,290 miles of fiber optic cable.

GTE Southwest places great importance on contributing toward the betterment of the communities in which it operates, targeting 38 percent of its overall contributions to education. For example, GTE Southwest has awarded 160 grants totaling \$780,000 since 1983 to fund teachers' continuing education through the company's Growth Initiative For Teachers (GIFT) program and contributed \$230,000 in 1989 to 45 United Way branches in its operating area.

In addition, GTE Southwest supports employees serving as tutors and providing other supportive assistance to 15 public schools the company has adopted, contributed \$120,000 directly to 90 agencies in its operating area for hours worked by employee volunteers, participates in its parent's GTE Corporation, exclusive underwriting of the national public television program, "DISCOVER The World of Science" with a \$4.5 million grant.

## Public Notice

Southwestern Bell Telephone Company hereby gives notice that it has filed an application requesting the PUC to declare Southwestern Bell's intrastate Billing and Collection market subject to significant competition and to authorize the following form of pricing flexibility: detariffing of the rates, terms and conditions of the Billing and Collection services now offered in Section 8 of Southwestern Bell's intrastate Access Service Tariff. Approval of the application as filed would result in all tariff sheets in Section 8 (Billing and Collection) of Southwestern Bell's Intrastate Access Service Tariff being cancelled, and the service thereafter being provided on a contract basis. Through this application, using procedures established by P.U.C. SUBST. R. 23.27, Southwestern Bell seeks to obtain uniformity of rates, rules and regulations for intrastate and interstate Billing and Collection services.

Approval of this application would remove all rates, terms and conditions applicable to billing and collection from Southwestern Bell's Intrastate Access Service Tariff. Intrastate billing and collection service would continue to be subject to PUC regulatory oversight only to the extent that (1) Southwestern Bell would be required to maintain current price lists at the Commission for the service, and (2) the revenues or losses from the service would be subject to the regulatory treatment specified in P.U.C. SUBST. R. 23.27(p). Further, under procedures established by P.U.C. SUBST. R. 23.27, the PUC's General Counsel, the Public Utility Counsel or any affected person could seek a subsequent review of the rates, terms and conditions of this service.

Persons who wish to intervene or otherwise participate in these proceedings, or who would like further information, should call or contact the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, (512) 458-0100. Further information may also be obtained by calling the Public Information Office at (512) 458-0227, or (512) 458-0221, teletypewriter for the deaf.

The PUC has assigned this matter to Docket No. 9224. A prehearing conference will be held on April 19, 1990, at 9:00 a.m. at the Commission's offices at 7800 Shoal Creek Boulevard in Austin, Texas. The deadline for filing motions to intervene is April 26, 1990.

Southwestern Bell Telephone

## TAXPAYERS' Rights, Remedies, Responsibilities

Want to learn more about the property tax system? That's possible by reading a pamphlet the State Property Tax Board has written and made available at the local appraisal district office.

It's called "Taxpayers' Rights, Remedies, Responsibilities" and it may help you save money. Learn about tax relief available through

- homestead exemptions
- disabled veteran exemptions
- special productivity value for farm, ranch, and timber land
- tax deferral for over-65 homeowners

You'll learn how your property is appraised. That way, you can decide if the appraisal district's value is reasonable.

If you think it isn't, the pamphlet tells you how to prepare an appeal to the appraisal review board. You'll learn the types of protests the appraisal review board can hear and useful evidence to bring to your hearing.

Important dates in the tax year are listed. You'll know what your responsibilities are and when you are obligated to satisfy them.

"Remedies" is free to taxpayers. Ask for yours today at

State Property Tax Board

Box 15900 Austin, TX 78761-5900

Bailey County Tax Appraisal District

104 E. Ave. C. Muleshoe 272-5501

## Traffic Death Down Slightly From '88 Report

Traffic deaths in Texas decreased by 1 percent in 1989 compared with 1988, a reduction in part caused by a substantial decrease in the number of motorcycle deaths in the state.

A total of 3,361 traffic deaths were reported in Texas in 1989, a decrease of 34 deaths from the 3,395 fatalities on Texas streets and highways the year before. Motorcycle deaths dropped 18 percent, from 295 in 1988 to 243 in 1989.

"Texas had a slight increase in the number of traffic deaths in 1988, but the overall trend for the last decade has been downward," DPS Director Col. Joe Milner said. "I am very pleased to see that 1989's increase apparently was not the beginning of a sustained upturn in traffic deaths in Texas."

Milner also mentioned that there were no fatal traffic accidents reported in the state on June 13, 1989. "The last time this occurred in Texas was January 5, 1977. We would like to have at least two deathless traffic days this year," he added.

According to data gathered by the State Department of Highways and Public Transportation, record 159,679 billion vehicle miles were traveled in Texas last year. Based on that data, the DPS has calculated a death rate of 2.1 deaths per 100 million miles driven in Texas—the lowest death rate ever recorded in Texas.

"When you consider that in 1935, when traffic records were first kept on a statewide basis, the death rate was 16.6 with far fewer miles driven, Texas is a vastly safer place for the motorist than it has ever been," Milner said. "This is the result of heads up traffic law enforcement, the declining social acceptance of drinking and driving, and progressive legislation, such as the safety belt law and the recently passed law requiring

### Researchers

#### At Baylor Seek

#### Cure For EMS

Researchers at Baylor College of Medicine in Houston are seeking the cause and cure for a painful and sometimes fatal ailment associated with the over-the-counter drug, L-tryptophan.

Twelve hundred Americans have contracted eosinophilia myalgia syndrome (EMS), most after using the now-recalled L-tryptophan for relief from insomnia, muscle cramps and allergies. Thirteen have died.

"The number of patients with the syndrome increased dramatically in 1989, and a clear association was established with L-tryptophan," a synthetic version of an amino acid, said Dr. Yedallati Ravati, a Baylor associate professor of neurology.

"We don't yet know whether L-tryptophan caused it or whether some of the drug was impure or contaminated," Ravati said. "It could also be that the normal breakdown of the drug in the body caused it to become toxic for some reason."

The symptoms of EMS are muscle and joint pain, fatigue, coughing and shortness of breath. Because these can also be symptoms of other conditions, Ravati recommends two procedures: a blood count, since an elevated number of eosinophils or a kind of white blood cell is a sign of the syndrome, and muscle biopsy, important for diagnosing the syndrome.

The biopsy involves a small incision in an arm or leg and the removal of a small amount of muscle with its covering, called fascia. Under a microscope, physicians can look for an inflammation that accompanies the syndrome.

Ravati and his associates at Baylor College of Medicine have performed a number of such biopsies and are devising studies to determine what causes eosinophilia myalgia syndrome and to see if L-tryptophan is indeed the culprit and why.

"Although we have some ideas as to possibly effective treatments, a lot remains to be learned," Ravati said.

motorcyclists to wear helmets," Milner said.

These developments are supported by 1989 data, which show 1,304 alcohol-related fatalities in 1989 (a 4.2 percent drop from 1988), a 3.7 percent decrease in traffic deaths in rural areas, and an 11 percent decrease in deaths on rural interstates.

"We are particularly delighted with the decline in motorcycle fatalities in Texas," said Henry Palma, manager of the DPS Motorcycle Safety Bureau. "The decline in motorcycle deaths began last year before the helmet

law went on the books, but we think the debate that preceded the Texas Legislature's action served to raise public awareness of the extreme danger of riding on a motorcycle without a helmet," Palma said. "In 1989, 66 percent of the motorcyclists killed were not wearing a helmet, compared with 78 percent the year before."

"After looking at another year's data, we should be able to see for sure whether the helmet law has had the impact we think it has," Palma said.

**Quite Right**  
An old lady was sending a pile of a friend's packages. Examining the postmark carefully, the post clerk inquired if it contained anything breakable.

"Only the 1st Com-mandments," was the reply.

## Corn Growers Association Receives Changes

Texas Corn Growers Association has received word that it was victorious in getting changes made in the USDA's under-ground pipe cost-share assistance program which would have severely hampered irrigation practices on the High Plains.

"We were successful in having damaging language in the cost-share program removed," said Carl King, TCGA president and a member of the Texas Corn Producers Board.

"If the program hadn't been changed, it would have prohibited the bulk of High Plains irrigation farmers from qualifying for cost-share assistance," added King, who learned of the change in policy while attending last week's U.S. Food Grants Council meeting in New Orleans.

In the original USDA program directive, to be eligible for cost-share assistance, "land that has been diverted for conservation or conserving use must be irrigated for at least one season after being released from the provisions of the other (farm) program."

TCGA was able to have this portion of the USDA directive eliminated, said King, noting that TCGA received much help in its endeavor from Sen. Phil Gramm and Rep. Bill Sargant. "Credit is certainly due to both men for their assistance in this matter," he said.

King said local ASCS offices should receive detailed information on changes in the program soon.

Price of postage stamps likely to rise in 1991.

## Who Knows?

1. Name the goddess leader for a 1995 red devon with legs.
2. Why preceded Margaret Thatcher as prime minister of Great Britain?
3. What is the Biblical name for Palestine?
4. Who said, "In case another's heartache is as large as mine's?"
5. What was the relationship of presidents John Adams and John Quincy Adams?

### Answers:

1. Gulliver.
2. James Callaghan, 1976-1979.
3. Canaan.
4. Abraham Lincoln.
5. John Quincy Adams, 6th president, was the son of John Adams, 2nd president.

## Senate In Review

The Texas Senate will vote this week on a \$1.3 billion education bill aimed at equalizing funding among the state's nearly 1,100 public school districts.

By a vote of 16-0, the Senate Subcommittee on Public Education approved a committee substitute for Senate Bill 31 last Thursday. The bill is sponsored by Lt. Gov. Bill Hobby and Senators Carl Parker of Port Arthur and Kent Caperton of Bryan.

The measure, which provides for an additional \$1.3 billion in education spending for fiscal 1990-91, would, if passed by the Legislature, increase the state's annual education budget to \$6.5 billion.

The Texas Legislature on Monday (March 19) enters the final full week of a special session called by Gov. Bill Clements to come up with a plan to close the gap in financial resources between rich and poor school districts.

The State Supreme Court has ruled the current funding distribution plan unconstitutional and has given lawmakers until May 1 to present a plan to correct the problem.

In addition to increased state school funding, the Senate bill proposes a number of reforms that include financial incentives for innovative programs, more student testing, and state funding of classes for disadvantaged pre-schoolers.

An amendment by Sen. Carlos Truan of Corpus Christi was added to the bill to provide funds

over and above the basic allotment to black, Hispanic and poor school districts. The amendment increased the cost of the original Senate bill from some \$800 million the first year to the \$1.3 billion figure.

The Truan amendment is aimed at ensuring that poorer school districts receive funding equal to richer districts to pay for such programs as bilingual education, free lunch programs, special education and vocational education.

If the bill passes the Senate this week, it will then go to the House where members are now considering a \$450 million education spending plan. A compromise between the Senate and House bills will be sought during the session's remaining days.

In other activity last week, William Bennett, President Bush's National Drug Control Policy Director, praised Texas' war on drugs during an address to House and Senate members.

Bennett urged legislation that would suspend driver's and professional licenses of convicted drug offenders; require drug testing of employees of state contractors; and create drug-free zones around schools.

The Senate also unanimously approved a number of Gov. Clements' nominees for vacancies on various state boards and judicial districts.

The Senate will convene Monday (March 19) at 11:00 a.m.

## Texas Crime Showed Slight Decrease In '89

The Texas crime rate decreased in 1989 and the number of major crimes reported increased only 0.1 percent compared with 1988 figures, according to the Texas Department of Public Safety.

The 1989 crime rate--the

### CofC Plans Luncheon

### For Members

By Nancy Kidd, Mgr.

All Chamber of Commerce members don't forget the appreciation lunch on Thursday, March 29th from 11:30-1:30 (serving time), at the Bailey County Coliseum.

If you haven't updated your Chamber of Commerce dues and you're on the delinquent list, or if you've never been a part of the Chamber of Commerce and would like to, we'd be glad to get a membership form to you. Also, memberships are not for businesses only. We have individual memberships. There is always something going on and if you're a part of the Chamber, you can take advantage of these. The city will always benefit from anything that happens, but it's fun and satisfying if you're involved. It's better when 'it's your Chamber and you.'

We'd like to take special space to say a BIG THANK YOU to the sponsors of this Chamber of Commerce membership lunch:

General Telephone Company, Bamert Seed Company, K-C Muffler & Mfg. Inc and Five Area Telephone Co-op Inc.

'Up Front Presentations' with Raymond 'Cotton' Lewis, farmer, cattleman, educator, author, yarn spinner and cowboy poet.

A delightful program of light-hearted entertainment while you enjoy a delicious meal with friends.

Budget cuts to silence voice of American stations.

number of major crimes reported per 100,000 population--dropped 1.2 percent, from a rate of 8019.6 in 1988 to 7926.8 in 1989, DPS crime statistics show.

"Considering some of the past increases in crime Texas has experienced, we are very pleased to see the crime rate has actually dropped and the number of crimes reported has grown only slightly," DPS Director Col. Joe Milner said.

The total number of major crimes in Texas, which include murder, rape, robbery, aggravated assault, burglary, theft and motor vehicle theft, edged up from 1,345,688 to 1,346,846--an increase of 1,158 offenses.

"Unfortunately, the news is not all good," Milner said. "Motor vehicle theft, which has been a major problem in Texas for several years now, increased by 12.4 percent. That was the largest gain in any of the categories."

Milner said increases also were reported in aggravated assault (up 6.5 percent); murder

(up 0.4 percent) and theft (up 0.3 percent).

All other crime categories were down, including burglary (down 5.5 percent), robbery (down 3.6 percent) and rape (down 2.1 percent), Milner noted.

Texas peace officers cleared 20 percent of the major crimes they investigated, the same clearance rate reported in 1988.

The total number of arrests in Texas increased by 5.8 percent, from 855,259 arrests in 1988 to 905,166 arrests in 1989. Arrests for drug-related offenses soared 13.2 percent, from 63,450 in 1988 to 71,800 in 1989.

Arrests for drunkenness increased by four percent, from 159,096 in 1988 to 165,495 in 1989, while DWI arrests decreased slightly (0.5 percent), from 103,482 in 1988 to 103,008 in 1989, a difference of only 474 arrests.

"Law enforcement in Texas has had a price," Milner said. "In 1989, 17 law enforcement officers died in the line of duty--eight officers in criminal actions and nine in duty-related accidents."

The number of peace officers assaulted in Texas increased by eight percent from 4,242 cases in 1988 to 4,580 cases in 1989.

## Sudan News

By Ann Gaston

Eight members of the Sudan Chapter of Future Homemakers of America earned the right to attend the Region I Conference in Lubbock Friday and Saturday, March 9 and 10. They are Olga Ruiz, Candy Weaver, Patricia Jackson, Emily Martinez, Jean Murillo, Teresa Williams and Bonnie Ortega. They earned the privilege of attending the meeting by showing the greatest amount of participation in the local chapter's programs and projects this school year.

They attended sessions on topics such as leadership, people with special needs, adoption, etc. The Sudan Chapter was hostess to one of the eight competitive events during Friday night's session.

Following the afternoon session Saturday, the delegates from Sudan toured the Home Economics Department at Texas Tech and learned of the many career options that can be pursued there.

## Farmers Get Ballots In Corn Referendum

Sixty-one thousand ballots were mailed to Texas corn farmers on March 7 and 8 by the Texas Corn Producers Board. In the election, that will conclude on April 4, Texas producers will vote on expanding the unified corn market development and research program to include the entire state, and election of board members to administer the program. Currently there are seven High Plains counties in the TCPB area.

The terms of three incumbent directors expire with this election. They are Chariman Weldon

Davis of Hart, Executive Director Carl King of Dimmitt, and Bert Williams of Farwell. All three are seeking a new term. A total of twenty-six candidates are listed on the ballot for the nine positions to be filled in the election with the passage of the referendum.

Farmers throughout the state have asked for a united effort to solve problems and conduct projects which are too big to manage individually. Aflatoxin in the Blacklands, and South Texas, regional mite and insect problems, and expansion of food grade corn sales have been the main reasons farmers gave for requesting the program.

All Texas corn producers and landowners are eligible to vote for nine directors at large. Approval of the referendum will increase the current nine person board to fifteen. The ASCS mailing list of corn farmers and landowners was used, however if any producer does not receive one through the mail, ballots are available at the local county agent's office. The farmers within the seven county TCPB area (Deaf Smith, Castro, Parmer, Swisher, Bailey, Lamb, and Hale counties) will vote in the director election but will not vote in the referendum to expand the territory.

Passage of the referendum will require a two-thirds majority of those voting. Chairman Weldon Davis encourages all corn farmers to vote in this important election.

Board nominees by region are:

North Panhandle--Marion Garland and J. Morris Carter of Sunray; V.B. Morris, Gruver; Harold Grall and Michael "Dee" Vaughn of Dumas; Jack Thompson, Hartley; and Robert Young, of Dalhart.

Seven County High Plains TCPB area--Incumbants Weldon Davis of Kress, Carl King of Dimmitt, and Bert Williams of Farwell; and Neal Burnett of Plainview.

Blacklands and Central Texas--Andy Armstrong, Ennis; John Baker, Temple; Kirk Hansen, Chilton; David Magness, Roysse City; Ray Stewart, McGregor; and Tom Zander of Otto.

Gulf Coast Region--Jimmy Barger and Gerald R. Donaldson of Wharton; Curtis H. Jensen, Danevang; and Jerald Nesloney of Orange Grove.

Lower Rio Grande Valley--Jim Paul Gamble, La Feria; Carl Hensz, Harlingen; Leonard Loop, Brownsville; Chuck McDonald, Edcouch; and Otto Wagner, Jr. of Edinburg.

### NOTICE OF TARIFF CHANGE TO CENTRANET® SERVICE

GTE Southwest Incorporated gives notice of its proposed tariff changes to CentraNet® service, which is a Central Office-based service that provides PBX-type features to multi-line business customers and is currently being offered in all company wire centers where such facilities exist to provide the service.

The Public Utility Commission of Texas approved a generic tariff for CentraNet® service up to 100 lines in Docket No. 7652. The proposed tariff revision would establish specific rates for CentraNet® service involving 101 to 400 lines. Other proposed revisions involve the rate applicable to changes, additions, or deletions to the data bases and a new rate is proposed for additional trunks.

The names of the three CentraNet® packages have changed from Standard, Premium, and Deluxe to CentraNet® 1000, CentraNet® 2000, and CentraNet® 3000, respectively. Direct Call Pickup has been added to the three CentraNet® packages while Multiple Call Park and Shared Speed Call 30 have been added to CentraNet® 2000, and Speed Call 30 and Call Forward Busy/No Answer Split have been added to CentraNet® 3000. Flexible Night Answer and Automatic Route Selection also have been added as new optional features.

The proposed changes and new service offerings have been assigned Docket No. 9251, and pursuant to Section 43(d) of the Public Utility Regulatory Act will become effective June 23, 1990. Rates for service will be applicable to customers who subscribe to the service as well as existing customers. Therefore, there will be no effect on any other rates of the company. The company's gross annual revenues will increase by approximately \$399,600, or less than one percent annually.

The proposed rates are on file with the Public Utility Commission of Texas, and are available for public inspection at the offices of GTE Southwest Incorporated. Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission. The deadline to intervene in this docket is 3:00 p.m., April 9, 1990.

A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas, 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

## Methodist Hospital Will Soon Have Heart Transplant Program

A number of people in West Texas and Eastern New Mexico require heart transplants each year. That's why Methodist Hospital is committing to a heart transplant program, to be operational as soon as possible.

"This program, the first in the West Texas/Eastern New Mexico region, is a natural progression of the hospital's commitment to the care and treatment of cardiac patients," said William D. Potet, III, FACHE, president/CEO of Methodist Hospital.

Overall medical direction will be provided by Paul A. Overlie, M.D., a cardiologist with Cardiology Associates of Lubbock. John Seager, M.D., and John Zias, M.D., cardiologists also with Cardiology Associates, will be involved in the program as well.

Dr. Overlie has had a longstanding commitment throughout his training and clinical practice to the care and management of the patient with advanced cardiac disease. He played a significant role in the initiation and development of the Cardiac Transplant Program at Sharp Memorial Hospital in San Diego from October 1985 through October 1988.

D. Vincent Rittmann, Jr., M.D., a cardiovascular surgeon, has been selected by his surgical group, Southwestern Cardiovascular Surgical Associates (SCSA) and a number of community cardiologists to receive training in heart transplant surgery. Dr. Rittmann has been a cardiac, peripheral vascular and thoracic surgeon for five and one half years.

He will train for about 12 months under George P. Noon, M.D., at the Heart Program at The Methodist Hospital in Houston. The eminent heart surgeon, Michael E. DeBakey, M.D., directs the Heart Program.

Residents from West Texas and Eastern New Mexico who require a heart transplant currently must travel east to Dallas or Houston or west to Albuquerque or Phoenix for the procedure. Lengthy convalescence and monitoring can keep the patient and his or her family members from home for weeks at a time.

Methodist Hospital has a tradition of providing premier cardiac services. The hospital was the site of the first open heart surgery in the region, performed by Donald L. Bricker, M.D., in 1970. Since then, more than 6,000 open heart surgeries have been performed at the hospital.

The hospital's extensive diagnostic and patient care resources include cardiology, cardiac ultrasound, EKG, three cardiac catheterization labs and peripheral vascular services. In addition, the hospital features a 32-bed Cardiac Intensive Care Unit, a 28-bed Surgical Intensive Care Unit, a 15-bed Medical Intensive Care Unit, a 37-bed Step-Down Telemetry Unit and The Centre for Cardiac Rehabilitation and Fitness, to help cardiac patients recover and live a healthier lifestyle.

"Because of our comprehensive cardiac programs, the hospital already has the necessary equipment for a heart transplant program. We are now initiating steps to make such a program a reality," Potet said.

Sonia Alarcon, Viola Anzaldua and Elena Perez

The Anzaldua family has been serving the Muleshoe area since 1968 with their tortilla factory El Jacalito's; and in the restaurant business since 1982.

Since opening their restaurant Viola's in 1982, they have expanded and are now associated with Juanito's in Clovis and Plainview, Rodriguez Restaurant in Littlefield and Maria's in Dimmitt.

It has been our pleasure to serve our customers authentic homemade Mexican food made from Violas' special Southwest recipes.

Roy Anzaldua is presently in Aberdeen, Scotland helping Mrs. Robin McCoy niece of Mrs. Nelda Merriott and Mrs. J.W. Frazier with her new mexican food restaurant 'Durango's.
