

School, City Elections Slated Saturday

School Official Explains Changes For Future Trustee Elections

With the school trustee election just around the corner, Dr. Tom Alvis, assistant superintendent for business for the Muleshoe Independent School

District, was guest speaker for Rotary on Tuesday.

He was introduced by Dr. Lawrence Ward, superintendent of the MISD, who first talked briefly about the Strategic Planning Committee, and about the 25 members representing the school, community leaders and students who met for three days drawing up long-range goals for the MISD.

Now, Step II of Strategic Planning will be coming up and 11 more teams will be chosen as Action Teams.

Dr. Ward said response has been very good for the Action Teams, but more team members are needed to help make plans.

Dr. Alvis talked about changes, not only in the Legislature, but in the way Muleshoe Independent School District elects trustees.

He reminded that Tuesday, May 1, was the final date to vote absentee in the election, following a lawsuit that was filed against the school in Lubbock on November 2, 1989, that almost stopped the school trustee elections this year.

According to Dr. Alvis, the first the local school heard of the lawsuit was when people started calling the school on November 3, and telling school officials they had read about the lawsuit in the legal section of the Lubbock Avalanche-Journal. On November 9, the court mailed lawsuit papers to the Muleshoe schools.

The suit had been filed by Alberto Daniel and Juan Chavez citing that the MISD method of electing trustees violated their civil rights, saying that white people were voting as a 'bloc' with the at-large method.

Also, Dr. Alvis said it was pointed out constantly in the lawsuit that the plaintiffs (Daniel and Chavez) were also

seeking the school to pay legal and attorney fees.

However, Dr. Alvis said the school liability insurance was paying for the legal fees involved, so no additional money would be asked from taxpayers, and school funds could continue to be used to educate the young people.

With the lawsuit, the school district has been divided into five precincts, with two at-large districts.

The speaker read the lawsuit and mentioned several points brought out in the suit, including the request for single member voting districts and the elimination of the at-large system.

Dr. Alvis said the two at-large trustees will be elected by a plurality, rather than a majority vote, as the other trustees will be elected.

This year, trustees will be elected for Precincts Two, Three and Five; in 1991, trustees will be elected for Precincts One and Four and the two at-large trustees will be elected in 1992.

Also, Dr. Alvis said a lot of voters may not realize that the law has changed on write-in votes. A write-in candidate must declare their intention of being a write-in candidate before such a vote is legal.

Undeclared candidates cannot win in a write-in campaign unless they have filed the proper papers, and the vote will be discarded.

At this time, the trustees and their Precincts include: Curtis Shelburne, One; Cindy Purdy, Two; Howard Watson, Three; Lyndon Huckaby, Four; Sam Harlan, Five; and at large trustees are Max King and Edwin Cox.

There are approximately 1,860 people in each voting precinct.

Before Dr. Alvis spoke to the group, President Terry Hutto asked David Tipps to report briefly on his recent trip to Vienna, Austria. Tipps visited a Rotary Club meeting in Vienna, presented the club with a Muleshoe Rotary banner and brought back a banner from the Vienna Rotary Club.

He also said that next

Tuesday, new members would be installed and that on May 15, Howard Watson's brother would be bringing a helicopter to the meeting. Then, the next three programs will be the responsibility of James Turnbow, Paul Wilbanks and Jess Winn.

Kenneth Henry was winner of the Polio Plus drawing.

Visiting Rotarian was Charles Aycock of the Texico-Farwell Club. Rotary Ann Purdy was also a visitor.

One-Act Play Competing In Austin

Currently in his 30th year at Muleshoe High School, drama Director Kerry Moore has taken the MHS one-act play to state competition at least a third of that time, and this year is no exception.

Yesterday (Wednesday) Kerry Moore took his one-act play cast to Austin for the state competition this year.

Romeo and Juliet is the play for this year.

The highly acclaimed cast members include:

Jason Clarkson, *Prince*; Greg Combs, *Benvolio*; Andy Langfitt, *Romeo*; Kip McCall, *Servant/Peter/Balthasar*; and Amy Turner, *Lady Capulet*.

Also, Stephanie Cox, *Juliet*; Michelle Holmes, *Nurse*; Virgil Snell, *Mercutio*; and Clarence Lewis, *Tybalt*.

Also, Brett Pylant, *Friar Laurence*; Cory Collins, *Lord Capulet*; Marsha Wilson, *Lady Montague*; Chris Dominguez, *Paris*; Kyle Kenmore, *Lord Montague*; and Mark Hicks, *Watchman*.

Members of the stage crew are Guy Wiley, Jeff Bradley and John Orozco.

Patsy Chance is in charge of the costumes and sets are by Steven Hatfield.

Alternates are Cary Skaggs, Kimberly Chance, Tami Randall and Brandon Mullins.

We all wish the one-act play cast the best of luck in state competition.

Saturday is election day in Muleshoe again. To be elected will be three members to the school board and two city council members.

In the city election, incumbents Paul Wilbanks and James Roy Jones.

As the city has now been divided into districts, please check this issue of *The Journal* for a map showing the four districts. Only the persons residing in the candidates' districts will be eligible to vote this Saturday, 7 a.m. to 7 p.m. at the Muleshoe City Hall.

Also, maps are included in this issue of *The Journal* showing the school district boundaries. Only persons living in Districts Two, Three and Five will be eligible to vote for the three school board members.

Polls will be open at the Muleshoe High School cafeteria 7 a.m.-7 p.m. in the school board election.

Six candidates are vying for the three positions open on the school board.

Seeking election from District Two are incumbent Cindy Purdy and Juan Cruz Chavez.

Seeking the District Three slot are Susan Copeland, Eusebio 'Charlie' Villarreal and Frank Saldana Jr.

Sam Harlan is unopposed for District Five.

More than a month ago, each of the candidates in the school board election was sent a questionnaire form, and asked to complete it for *The Journal* immediately preceding the election. Below are the responses from the candidates:

CINDY PURDY DISTRICT TWO

Today, our public educational system faces many challenges. We must continue to seek alternative funding methods from both public and private sources to fulfill state mandates and meet district needs and also keep an open line of communication with Texas Education Agency and other fund provider services. One of our constant challenges is keeping up with technological progress throughout our curriculum and vocational programs and a continuous evaluation of instructional and extra-curricular programs so we serve the needs of all the students.

Another challenge we face is a long range plan for facility improvement and replacement which should be annually updated as to the current and forecast needs of the community.

We must strive for community involvement and partnership in education. Working together with our educational team we can bring community resources

Muleshoe FFA Plans Banquet Thursday Night

For the first time in several years, the Muleshoe FFA will be holding a banquet. It is at 7:30 p.m. tonight, Thursday, in the Muleshoe High School cafeteria.

Special speaker will be Ellen Miller an animal science major in the Texas Tech University College of Agricultural Sciences.

She is serving as one of the department's 14 Ambassadors for Agriculture.

A native of Lufkin, she was a 1988-89 FFA State Vice President. She formerly received awards as Star Greenhand, Star Chapter Farmer and the State Fair of Texas Honor Award.

At Tech, she is a co-host for a weekly television talk show, "Food, Fiber and You," which airs on the PBS TV station KTXT, Lubbock.

into our schools and enrich experiences for our children.

I feel we need to continue providing support for professional development for administrators, teachers and support

Cont. Page 6, Col. 1

around muleshoe

Monica Clemmons, freshman at Muleshoe High School will be competing at state level in the high jump on May 11.

The daughter of Terome and JimElla Clemmons, Monica set a new school record at 5'4" in the high jump at regional competition last weekend.

The previous school record was 5'2".

Also participating at regional level was Monica Swint in the discus. However, she did not advance to state competition at Austin.

At 2:30 p.m. Tuesday, May 1, the final date to vote absentee in the school board election, great interest was indicated in the election for three trustees.

In Precinct Two, 38 absentee ballots had been cast in person and one mailout; in District Three, 52 had voted in person and there were nine mailouts; and for District Five, 15 had voted in person, with no mail out ballots.

Jeff Hicks of Muleshoe, and son of Jerry Hicks and Shirley Hicks, was among the students honored at the Western Texas College Awards Day program held April 26 in the Fine Arts Theatre.

Hicks was honored as the Outstanding American History Student. His award was presented by Robert Adams, assistant professor of government and history.

A second round of tryouts for *The Man Who Came To Dinner* to be presented by Mule Plex Production Co., will be held at 7:30 p.m. on Monday, May 7, in the Muleshoe High School auditorium.

Classroom Teachers Association Honors Mrs Costen

The Muleshoe chapter of the Texas Classroom Teachers Association met Friday, April 27 for the purpose of honoring retiring teacher, Joyeline Costen, and conducting an informational meeting. Mrs. Costen, a teacher at Mary DeShazo, was honored with a plaque and a brass mule as mementos of her 41 year teaching career and her association with Muleshoe. President Alice Liles gave a legislative update on the current state of affairs concerning the education funding issue in Austin. It was brought out that TCTA as a group stands opposed to walking off the job as a form of protest as was the case in Oklahoma recently. The Muleshoe chapter agrees that it is in the students' and teacher's best interest to keep schools functioning and to work within the existing system to solve

their problems. Muleshoe CTA was honored at the state convention recently with a certificate of merit for an increase in membership. There are 34 members in the local chapter. Door prizes provided by Something Special were won by Johanna Wrinkle and Jennifer Givens.

HONORED FOR FORTY-ONE YEARS--Alice Liles, left, president of Muleshoe Classroom Teachers Association, presented Joyeline Costen a plaque Friday afternoon from the Classroom Teachers Association, in recognition of her 41 years of teaching. Mrs. Costen is retiring at the end of this school term. (Journal Photo)

Creative Living

by: Sheryl Borden

Information on "yo yo" diets, child safety, and "heart healthy" food will be the featured topics on "Creative Living" on Tuesday, May 8 at 12 noon and Saturday, May 12 at 2 p.m. (All times are Mountain.)

The term "yo yo" eating means that we vary our eating patterns in terms of one week we diet, and then the next week we reward ourselves in indulging. Marilyn Willinson, Senior Vice President of Communications and Public Relations with the United Dairy Industry Association in Rosemont, IL, has the perfect solution to those times when you do choose to indulge. In fact, it combines all three of America's favorite desserts into, one-ice cream, brownies and chocolate!

Anne O'Malley, representing World Book, Inc. in Chicago, IL, will explain a new childhood safety program called Play It Safe! Mrs. O'Malley will tell how this program, featuring Alphabet Pauls, can help parents prevent many childhood injuries.

Marilyn Rose, with the Florida Department of Natural Resources Seafood Marketing Bureau, will discuss buying and storing seafood. Seafood is not only an ideal "heart healthy" food, but is also low in total fat, saturated fat and cholesterol. Ms. Rose is from Plantation, FL.

On Tuesday, May 8 at 9:30 p.m. and on Thursday, May 10 at 12 noon, "Creative Living" will present information on Southwest decor, great ideas for brown baggers and pattern blending.

Susan McWilliam, an interior decorator with Trans Designs in Albuquerque, will talk about the do's and don'ts of pattern blending in decorating. Ms. McWilliam will also show examples of some of the newest

colors, textures and patterns that are being used in decorating today.

Nancy Byal is with Better Homes and Gardens in Des Moines, IA and will share some great ideas for brown baggers. Ms. Byal will take the always-popular sandwich and give it a new and nutritious twist and will also put together a delicious alternative to a sandwich.

Southwestern decor is becoming popular all across the country. Kay Willmon, a decorator with Inside Source Designs in Albuquerque, will share some very contemporary southwestern looks.

"Creative Living" is produced and hosted by Sheryl Borden. The show is carried on more than 100 PBS stations in the United States, Canada, Guam and Puerto Rico and is distributed by Pacific Mountain Network, Denver, Co. Viewers can request copies of materials offered on the show by sending one 25 cent stamp for each handout requested. Send the stamps, along with your name, address and booklets requested to:

Baby Shower Honors Mrs. Scolley, Daughter

The home of Bobby Dunham was the scene of a baby shower Saturday, April 28 honoring Sondra Scolley and Ashley Nicole.

Guests were greeted by the honorees and were registered by Brenda Stephens, sister of the honoree, between the hours of 1 and 3 p.m.

Cacie McCutchen served thumbprint cookies and punch from brass and crystal appointments.

The serving table was covered with a white lace table cloth and

accented with a floral arrangement in shades of pink. The honoree's corsage consisted of white baby booties with white ribbon.

Special guests included Leavell Parker, grandmother of Ashley Nicole; Naomi Owen, great grandmother; and Mrs. O.T. Howard, great great grandmother.

The hostesses gift was a Graco Stroller bed. Hostesses for the occasion included: Bobby Dunham, Becky Churchman and Cindy Magby.

MRS. SONDRA SCOLLEY AND ASHLEY NICOLE

Scholarships Available For WTC Staff

Scholarships equaling eight paid staff positions on the Western Texas College Student newspaper are available for the 1990-91 school year. Donny Brown, mass communications instructor, has announced.

Two scholarships equaling approximately \$400 per semester will go to students with a working knowledge of writing, editing and layout skills using

the Macintosh computer. Requirements for the six other scholarships are either writing or photography skills.

Anyone interested in the scholarships should contact Brown at WTC before May 11. He can be reached by telephone at 915-573-8511 during his office hours, 2-4 p.m. Monday through Thursday.

Mrs. Day, Ryan Scott Honored With Shower

The home of Ann Mount was the scene of a baby shower Saturday, April 28 honoring Kathy Day and son, Ryan Scott.

Guests called between the hours of 10 and 11:30 a.m.

A southwest theme was used in decorations. The serving table was covered with a Southwest tablecloth and accented with an arrangement

of tulips. The honoree's corsage consisted of daisies.

Fruit and breads, juice and mint tea were served from crystal appointments.

The hostesses gave individual gifts. Hostesses for the occasion included members of Priscilla Sunday School Class of the First Baptist Church.

FIVE GENERATIONS--Saturday afternoon five generations were present for the shower honoring Mrs. Sondra Scolley and Ashley Nicole. (From Left) Mrs. Scolley holding Ashley Nicole; Leavell Parker, Naomi Owens and Mrs. E. H. Howard. (Journal Photo)

COOKIE SALE PRIZES AWARDED--Friday afternoon Girl Scout Troop No. 300 received their prizes earned during the Annual Girl Scout Cookie Sales. Stephanie Kirk sold the most cookies and received one of every gift awarded. This troop was also honored for being in the top five troops in the Caprock District in cookie sales. (Journal Photo)

Girl Scouts Receive Cookie Sales Prizes

Prizes were awarded Friday afternoon to Girl Scout Troop No. 300. Donna Kirk was troop Cookie Mom and her duties were to keep up with all the girls cookies and monies.

Stephanie Kirk was the top seller in the troop as well as top seller in the Muleshoe Council. She sold 820 boxes, Lisa Marie Ramirez sold 250 boxes and five girls, Adrienne Ashford, Casey Tosh, Elizabeth Torres, Shari Alanis and Karen Wimberley,

all sold 150 boxes.

Others selling cookies and receiving prizes Friday were: Diana Gable, Chyla Torres, Jennifer Pacheco, Megan Tipps, Olimpia Hernandez, Rosa Recio, Cami Kenemore, Shari Alanis and Vienna Hernandez.

On Saturday, April 21, the 1990 Annual Council Meeting was held in Lubbock. Recognized as one of five top selling troops was Muleshoe Troop 300 out of 18 counties that Caprock Council serves.

Friday afternoon the Muleshoe Girl Scouts planted a tree in the yard of the Girl Scout Hut.

Muleshoe Girl Scouts and their troop leaders include: Troop No. 228, Lela Villarreal, leader; Linda Tosh, assistant leader; Cynthia Villarreal, Tori Tosh, Shawna Dale, Jennifer Castorena, Priscilla Aguirre, Iesha Norman, Rea Gonzales, Melissa Pineda, Kimberly Dickerson, Natasha Norman, Angela Castorena, Brenna Farley, Melissa Aguirre, Cassandra Florez and Alma Gonzales.

Troop No. 322, Cheryl Pucket,

leader; Anita Johnson, assistant leader; Maria Carrion, Kayna Puckett, LaRhonda Copley, Melissa Lozano, Heather Jarmillo, Cambri Lewis, Larkin Price, Kimberly Anzualdua, Misti Johnson and Melissa Williams.

Troop No. 200; Cherie Maddox, leader, Pam Hancock, assistant leader; Chelyn Maddox, Bobbie Benham, Marissa Beversdorf, Latisha Morris, Lela Hancock, Kristal Griffiths and Leesa Gable.

Scout Troop No. 152, Rhea Morris, leader, Terry Radford, assistant leader; Marthella Lewis, Kimberlee Vaughn, Lacy Morris, Aimee Hugg, and Leslie Radford.

Troop No. 300, Mary Ann Ramirez, leader and Linda Tosh assistant leader; Shari Alanis, Diana Gable, Viena Hernandez, Stephanie Kirk, Lisa Marie Ramirez, Megan Tipps, Elizabeth Torres, Karen Wimberley, Adrienne Ashford, April Garcia, Cami Kenemer, Jennifer Pacheco, Rosa Recio, Chyla Torres, Casey Tosh and Olimpia Hernandez.

Enochs News

by: Mrs. J.D. Bayless

Congratulations to Melinda Turney as she won all district on the basketball team and was named All Star on the team. She will play in the All Star Team at Stephenville this summer. She also made all district in volleyball. She was named to All State Ball Academic and will run reginal in the tract meet in Levelland. She was named Valedictorian of the Senior Class at Three Way.

Mrs. Frances Nix of Littlefield mother of Mrs. Beverly Turney underwent surgery at Methodist Hospital in Lubbock last Monday.

Mrs. Florene West of Tatum, N.M. has been a patient in the hospital in Lubbock since January. She is the daughter of Mrs. Sharon (Turney) Drennan. Florene and Sharon were former residents of Enochs.

Mrs. Ellen Bayless visited in the home of Mrs. Clara Coffman Thursday and had lunch with her. Mrs. Olive Cox came over and visited with them in the afternoon.

Rev. and Mrs. Donnie Howell attended the funeral of a cousin in Plainview last Monday afternoon. They also visited Mrs. Frances Price and Mrs. Frances Nix at the hospital the past week.

Dinner guests in the home of Rev. and Mrs. Donnie Howell Sunday was their daughter, Kathy and Max and two girls from Plainview. She played the piano at the church Sunday morning. Ellen Bayless also had lunch with them.

Mrs. Inez Sanders visited Mrs. Frances Price at the hospital in Lubbock. She also visited a granddaughter, Peggy Hurley and family at Shallowater.

Elnita Key celebrated her birthday in Littlefield Saturday. She also visited a friend, Mrs. Lucille Johnson at Knights Nursing Home. Kathy Johnson from Keller, TX was also visiting her.

BAILEY COUNTY RECEIVES \$10,965 TRANSPORT AID FOR SCHOOLS

That Bailey County has received a gross grant of \$10,965 school transportation aid from the state, is the statement of M.G. Miller, county superintendent, who further states that when all deductions have been made this means a net grant of \$8,258, the first payment of \$3,598 having been received this week, and is being distributed among the various districts of the county, according to bus earnings of pupils hauled.

ROBBERY SUSPECTS STILL JAILED HERE

At presstime, three Lubbock County residents were still incarcerated in the Bailey County Jail.

The trio was charged with robbery by firearm following a daytime robbery last Monday at Lindsey Jewelry.

They were arrested approximately 20 miles south of Muleshoe on State Road 214 by Texas Department of Public Safety Trooper Jim Dulin, following a five minute chase. Some 14 minutes after the robbery was first reported to the dispatcher at the Bailey County Law Enforcement Center, Dulin reported the suspects were "in custody."

Owner of the jewelry store Vi Lindsey and her two clerks, Ethel Murray and Joann Sikes, reported they were herded at gunpoint into a back room at the store, where they were tied up.

Elections Set

Cont. From Page 1

staff, thus enhancing instructional effectiveness and resulting in improved student achievement.

We must continue to set clear goals and directions for our school and make a public commitment to school improvement.

On May 5, I am seeking re-election as a Trustee on the Muleshoe Independent School Board, District Two. I have enjoyed serving on the Board the past three years and I am currently representing the board as the vice president. I feel that we need to constantly strive for educational excellence for our children and I am proud to serve as a representative of our community. I feel with the time I have to give, dedication, experience and educational background I can continue to work to help ensure the highest quality education for all of our children.

I taught school for nine years, one year at Dillman Elementary School in Muleshoe.

I was the owner and instructor of Purdy's School of Dance and Gymnastics and now work parttime in the Muleshoe Family Medicine Clinic.

I am a Level 10 Women's Gymnastic Judge for the United States Gymnastics Federation and also serve as the Assistant State Judging Director for the State of Texas.

I am married to Bruce, a medical doctor in Muleshoe, and we have three sons: Aaron, 10, who is a fourth grader at Mary DeShazo; Tyson, eight, who is a second grader at Dillman Elementary, and Derek, age three.

I graduated from Ball High School in Galveston, TX and continued my education at Sam Houston State University where I received a Bachelor of Science degree in education and Masters of Education. I also have 12 hours credited toward an Administrator's Certificate from Texas Tech.

I attend First Baptist Church with my family.

I am currently serving as a representative for MISD on the Bailey County Appraisal District, on the board of directors for the South Plains School Board Association, member of Beta Sigma Phi Service Sorority, National Association of Women's Gymnastic Judges; and a member of the United States Gymnastics Federation.

(Editor's note: Juan Cruz Chavez, also a candidate for District Two, did not respond to the information request.)

SUSAN COPELAND DISTRICT THREE

Susan Copeland, who is the owner/operator of Retail Merchants Association of Muleshoe, is a candidate for District Three.

A graduate of Muleshoe High School, she makes her home in Muleshoe with her husband and two sons.

Mrs. Copeland and her family attend the First United Methodist Church.

She stated: I am a candidate for Muleshoe Independent School District Board of Trustees, District Three.

I am the mother of two young sons attending Muleshoe schools and I am very interested, not only in the education of my children, but in the education of each child in the school system.

I believe that each child deserves the best education we can possibly give them. I further believe that each student's education is not only the teacher's responsibility, but also the responsibility of the parents.

I believe it takes total commitment by each person in the school district to achieve a quality education.

Your school board members must be open and willing to keep the doors of communication open to the public. Input creates awareness, and awareness is the first step in finding a solution to a problem.

As a school board Trustee, I would try to be as responsive

and responsible as possible to your questions and needs. I would try to maintain the high standards that our present board members have maintained during the past years.

In lieu of being active in a club or organization, as the mother of young children, I have chosen to be involved in my children's activities. I am a member of the Muleshoe Youth Baseball organization and served as chairman of the Muleshoe Youth Baseball Fundraiser.

I am totally committed to devote as much time as necessary to be the best school board Trustee that I can be. I am not involved in any other clubs or organizations that would take away my time from my duties as a school board Trustee.

I could, therefore, devote my time and energies to working as hard as possible for the best education for each child in the Muleshoe School District.

FRANK SALDANA JR. DISTRICT THREE

Frank Saldana Jr. is the owner/operator of a plumbing and construction business.

He and his family are Assembly of God.

Saldana said he has a General Educational Development (GED) certificate from the Muleshoe Schools.

He and his wife, Janie, are members of the Muleshoe Heritage Foundation; he is Democratic Precinct Chairman for Precinct Seven; and he is a member of the Political Association of Hispanics for Minorities.

Saldana stated:

I am for equality for all students, regardless of race, creed, national origin, or religion.

I want to help bring about desired changes which will benefit the welfare of all children in the district.

EUSEBIO 'CHARLIE' VILLARREAL DISTRICT THREE

Villarreal listed his clubs and organizations as being a Girl Scout leader for two years; a member of the Board for Muleshoe Youth Baseball, Inc., three years; a nine-year T-Ball

coach; and a veteran of the Vietnam Conflict.

He said he believes we need more parent involvement in order to bring the students' performance to a higher level; a need to improve communications with school and community; and a need to allocate funds properly as we have in the past.

Villarreal added: I have been given the opportunity to serve the community in the best interest possible.

I feel that as our community grows and changes occur, a well-informed board member needs to keep abreast of the research that makes a better school system.

I feel that I am acquainted with our school system. I was raised in Muleshoe and graduated from Muleshoe High School. I also have two children in school here.

I would be a key communicator to all the people in our community, and a participant instead of a spectator.

Solving the challenges that arise in giving our children the best education possible is my priority.

Furthermore, I would work to insure that all children have equal opportunity to receive the best possible education with the funds taxpayers can provide.

I would work closely with the administration in finding ways to help children finish school in order for them to become productive citizens.

SAM HARLAN DISTRICT FIVE

Sam Harlan, incumbent, is unopposed on the ballot for District Five. A farmer, he lives with his family, northwest of Muleshoe.

He graduated from Lazbuddie High School in 1966, and graduated from South Plains College with an associate in science degree in 1968. In 1970, he graduated from Texas Tech with a B.S. in agricultural engineering.

He and his family are Baptist and he is a member of the Muleshoe Rotary Club; Texas Society of Professional Engineers (Petroleum Engineering);

Bailey County Farm Bureau and Texas Pest Management Association.

He said, I believe the major problems we have in Muleshoe are common to most of the schools in Texas and in the United States. They focus on how well our children are learning and school funding.

1. How we measure how our children learn is an inexact science to say the very least. How a child performs on a standardized test does not always show how that child is performing. The children can be coached in the classroom to prepare for a particular test and disregard learning in other areas such as writing and speaking skills etc.

Tests are important but should not be the only means of determining how our schools are performing.

We should also not be satisfied with the minimum scores but also to direct our efforts toward expanding the knowledge of those children who have a capacity for learning more. Each child should be treated as an individual and should positively be encouraged to be the best they can be.

Not all children desire to go to college and those children should be prepared to go out in the world and perform as responsible adults.

2. Presently we are unsure of our funding supplement from the state. The Legislature is now meeting with the purpose of determining a fair means of funding public schools. The Supreme Court has determined that the present method is unconstitutional.

We are unsure whether we will be funded from the state past the May 1 deadline as proposed by the judge. This past year, taxpayers saw our local tax rate for Muleshoe ISD go from \$.85 to \$1.01. During this school year we will witness spending in excess of revenues of about \$350,000. We can not continue in this manner another year.

The tax increase we saw this past year was due to the

Legislature mandating pay increases for our teachers and then leaving it up to the local districts to come up with the money as best they can.

As school Trustees we must be frugal spenders of the money we have available and all of us must encourage our Legislators to be responsible when it comes to mandates and school funding.

As a school trustee, the title of the position indicates that the office is different than that of most elected positions.

As a school Trustee you are elected by the public to serve as a Trustee, or to act in the best interest of the children of Muleshoe Independent School District.

A school Trustee has no authority except when a school board meeting is in session and at that time the Trustee has one vote of the seven Trustee members.

As a school Trustee, a person must be able to act in behalf of all the children in the district and not a representative of a particular group.

I believe that I have in the past been able to look at the interests of all the children of the district and have been able to work as a member of the team, as a board member, and not as an individual.

I urge each one of you to find out which school district you live in and if this year the position is one of the districts in which a Trustee is to be elected, please go vote.

District 5, the district in which I am elected, there are no other candidates on the ballot. This places an additional burden on you as voters to make the extra effort to come to town and vote.

I respectfully seek your vote. And with the best of my God given abilities, do what I can to see that all the children of Muleshoe Independent School District receive the best quality education possible.

Do not squander time, for that is the stuff life is made of. -Benjamin Franklin.

WINKLER MEAT COMPANY WINS GRAND CHAMPION--Winkler Meat Co. of Muleshoe was the winner of a grand champion award during the second annual West Texas and South Plains Meat Seminar product show April 20-21 at Texas Tech University. Winkler Meat Co. received a first place award for its entry in the commercial ham class and second place awards in the deli tray and smoked sausage classes of the competition. Larry Winkler (shown) represented the company at the competition. (Guest Photo)

Soil District Celebrates Stewardship

Blackwater Valley Soil and Water Conservation District has announced they will join in the national observance of Soil and Water Stewardship Week April 29-May 6, 1990, according to an announcement by Carl Bamert, chairman of the District.

Bamert believes the need for stewardship is vital if we are to maintain the productive capabilities of our basic natural resources of soil and water. Together we must work for the good of all to utilize, conserve and properly manage those resources in our care, reminded Bamert.

Participation in Soil and Water Stewardship Week activities offers an opportunity to reflect on the nation's natural renewable resource problems and consider actions to resolve them or reduce their impact.

Blackwater Valley Soil and Water Conservation District was organized in 1941 for the purpose of offering farmers, ranchers, and the local community a voluntary conservation technical assistance program through which individuals could

seek and request conservation assistance to meet their individual land's capabilities and needs.

"Basically, it is the district's responsibility to provide technical assistance when requested relative to proper soil use and treatment, erosion control practices, solve drainage problems and assist farmers and ranchers with crop, range and pastureland management," said Bamert.

The National Association of Conservation Districts has spon-

sored Soil and Water Stewardship Week in the United States since 1955, in cooperation with the nation's nearly 3,000 soil and water conservation districts.

Informative material on the Soil and Water Stewardship Week theme each year is distributed through local conservation districts to clergymen, lay leaders, civic and educational organizations and to individuals interested in participating in the celebration.

Youth Buckle Series Playdays Continuing

This weekend, Saturday, May 5, the second of four youth Timed Event Playdays, is scheduled for the Muleshoe Roping Club Arena, east of Muleshoe on Hwy. 84, just west of Muleshoe Livestock Auction.

Youth must participate in two of the first three playdays to qualify for the fourth and final round in the Buckle series.

Winners will receive a \$150 belt buckle.

Five belt buckles will be presented in each age group and cost of entry is \$5 per event per day.

Events for those age eight and under are goat race, barrels, poles, flags and stakes. For the nine-12 year olds are goat race, barrels, poles, flags and stakes; and for the 13-15 year olds there will be goat tying, barrels, poles, flags and stakes.

Age 16-19 will be a \$20 jackpot with \$15 paid back and no buckles will be awarded.

Events get underway at the Muleshoe Roping Club Arena at 1 p.m. and for further information, contact Randy Thomas at 965-2434 or 965-2423 after 6 p.m.

Results of the first go round on April 28 are as follows:

TREE PLANTING TIME AT DESHAZO ELEMENTARY SCHOOL--This group of students at DeShazo Elementary School helped with the planting of more than 70 trees around the school last week, commemorating Earth Week. Also planted were some 50 bushes. New 'log' enclosures also enhance the appearance of the school. (Journal Photo)

Healthy, Green Lawn Needs Very Good Care

by: Spencer Tanksley
CEA-AG

Lawns are a big part of our weekly activity from spring to fall. All homeowners want to have a healthy, green lawn that is free of weeds and is low in cost per month. This time of the year brings many questions to the Extension office about lawn care and maintenance.

Here are some of the most common questions with answers or explanations:

(1) *What is the best lawn grass?*

There are several good choices for our area of the state. *Common bermuda* is the most widespread. It grows best in full sun and is easily started from seed, sod springs or by hydro-mulching. You can use a wide variety of weed killers on bermuda lawns without hurting the grass, and it stands traffic very well.

Some homeowners may want to plant *bluegrass* or *tall fescue grass*. Both of these grow better under the shade of trees and where the home shades out sunlight. These grasses have good cold tolerance, green up early in the spring but require more water and weekly maintenance. Fescue varieties recommended are: Olympic, Rebel, Falcon and Adventure. Best

results may be by planting a mixture of these varieties. *Buffalo grass* is growing in popularity, particularly in landscapes where irrigation is difficult.

(2) *How can I eliminate weeds?*

The best way is by taking outstanding care of your turfgrass. Vigorous grass crowds out the weeds. Where weed problems exist, apply a weed-killer material. Use pre-emergence weedkillers on any type of lawn grass to prevent the germination of annual grassy weeds. Apply Balan, Betason, Dacthal or Simazine in early spring, late spring and early fall to control the weeds before they germinate. Use a broadleaf weedkiller in any lawn to control existing non-grassy weeds. Call the Extension office for specific herbicide recommendations for hard-to-control weeds.

(3) *How high should I mow my grass?*

Common bermuda should be cut at 1-1/4 inches; *hybrid bermudas* at 1/4 to 3/4 inches, depending on type; *fescues* are cut at 3-4 inches in height.

(4) *Should I catch the clippings or leave them on the lawn?*

Current research says you can leave the clippings so long as you now mow frequently (5 to 7 day intervals). The clippings

will return nutrients to the soil for re-use by the lawngress.

If for some reason you're unable to mow that frequently while the grass is actively growing, catch the clippings and put them in a compost pile.

(5) *What kind of fertilizer should I use on my grass?*

Nitrogen is the nutrient required in the largest amount by lawngress. Grass responds to nitrogen in a number of ways, including density, dark green color, greater drought resistance, faster recovery rate and greater traffic tolerance. *Bermuda grass* requires 4-6 pounds of nitrogen per year to maintain color and density.

(6) *How often should I water grass?*

Watering is essential to maintain a green turf. A general rule is to water as infrequently and as thoroughly as possible to give the lawn sufficient water. A lawn needs .3 to .4 inches of water per day during the hottest months (June, July and August) and approximately .2 inches per day in the spring and fall.

Infrequent watering gives better growth and healthier plants. The optimum is to water once or twice a week. The best time of day to water is early morning. At this time of day you should have the least amount of wind and less water due to evaporation.

(7) Several Extension publications are available at the County Agent's office on lawn care and maintenance, disease and insect control, and other horticulture-related subjects.

MISD Provides Early Childhood Training Here

The Muleshoe Independent School District provides comprehensive education services for handicapped children living in the district, and these services include an Early Childhood program. This program for early childhood is known as Early Childhood Education for the Handicapped (ECEH). It provides for early detection and education of handicapped children from birth to five years of age.

Services may be provided through special classes in one or more of the following areas: Speech-language development, social-emotional development, self-help skills, mental development, and fine and gross motor development.

The Early Childhood Special Education program is a source of early intervention for aiding young children with handicapping conditions. This program will provide the opportunity to raise the level of functioning and potential of handicapped children.

The Early Childhood classes available free of charge to all eligible children in the district. Eligibility is determined by a battery of comprehensive tests

after a referral is made. Anyone may refer a child who may have problems in the following areas: speech or language disability, mental retardation, orthopedic handicap, hearing and/or visual impairment, deaf/blind, learning disability, emotional disability, autistic, and other health impairments.

The classes are located on the campus of Neal B. Dillman Elementary School. Daily instruction is provided from 8 a.m. to 11 a.m. and 12:25 to 3:25 p.m. Class size is kept to a minimum by offering two classes to provide as much individual assistance to each child as

possible.

For additional information and/or referrals contact the Special Education Office in the Muleshoe High School building, telephone 272-5239, Herb Parks, Director.

Delmer Calvert Graveside Services Held Wednesday

Graveside services for Delmer L. Calvert, 87, were conducted at 2 p.m. Wednesday, May 2 in Muleshoe Memorial Park with Earl McDonough, Church of Christ minister from Plainview, officiating.

Burial was under the direction of Ellis Funeral Home. Calvert died at 10 p.m. Monday in Lamb County Health Care Center.

Born March 25, 1905, in Indian Territory, Okla., he was a resident of Amherst 21 years moving there from Lorenzo. He was a retired farmer. He married Mae Haymes in 1924, in Matador.

Survivors include his wife, Mae; a son, Johnie Calvert of Muleshoe; a sister, Alma Purdy of Littlefield; a brother, Roy Calvert of Littlefield; a granddaughter, Judy Davenport of Muleshoe; two grandsons, Larry Calvert of Lubbock and Scott Calvert of Muleshoe; and two great grandchildren, Damon Davenport and Misty Davenport both of Muleshoe.

EIDL Loans Available To Businesses

Walter Bransford of the U.S. Small Business Administration (SBA) in Lubbock announced today that SBA is accepting applications for Economic Injury Disaster Loans (EIDL) from eligible small business concerns and small agricultural cooperatives (without credit elsewhere) located in the following Texas counties: Bailey, Cochran, Dalhart, Deaf Smith, Hartley, Othman, and Parmer.

The Secretary of Agriculture made a disaster designation for 13 New Mexico counties as a result of drought conditions which occurred January 1 through August 31, 1989. Businesses in the seven Texas counties are eligible to apply with SBA because they are adjacent to the New Mexico declared counties. Businesses in those counties, as well as the New Mexico counties and Cimarron County in the State of Oklahoma have until September 22, 1990 to submit an application to the SBA. Applicants must have sustained substantial economic injury because of agricultural damages caused by the drought. Farmers and ranchers are not eligible for EIDL loans, however, nurseries that are victims of drought disasters are eligible.

The EIDL program is intended to assist agriculture-dependent businesses and small agriculture cooperatives who sustained a substantial decrease in sales (or other forms of economic injury) directly due to losses incurred by farmers and ranchers to whom the business usually sells. In some cases, this may include non-agriculture-related businesses which sustain a substantial economic loss directly due to the inability of the farmers affected by the disaster to purchase goods and services at their normal levels. Small businesses claiming to have been physically injured by the drought conditions are not eligible for SBA economic injury loans.

The EIDL program is available only to businesses that are considered small by SBA size standards and do not have credit available from other sources. The interest rate for loans processed under this designation is four percent for small businesses concerns and small agricultural cooperatives without credit available elsewhere. The loans are limited to the financial needs of the applicant based on the actual economic injury and may be made for up to \$500,000. A loan may extend to 30 years, depending on repayment ability.

Eligible victims seeking loan information and application forms may call, toll free, 1-800-527-7735.

Know The Weather

Most people fail to realize how vital important wind is on planet earth. Yet the movement of air and resulting weather changes make life possible.

The sun heats the earth, causing hot air near it to rise and this rising air loses some of its capacity for moisture as it cools, and produces rain. The movement of air upward causes surface air to move laterally as it's drawn in to replace the rising air.

Air movement from cold regions brings us cold fronts, warm air regions send us warm fronts—all this change, and transfer of moisture, plus effect of the sun, has made it possible to grow crops, sail ships, run windmills, etc.

Winds follow a general pattern on earth, which sometimes varies but the general pattern remains the same. The famed trade winds blow from the east to the west to, about 30 degrees

latitude both north and south of the equator.

These were the winds which brought so many sailing ships across the Atlantic. Above thirty degrees, the winds tend to blow from the west to the east and these winds were sought by many ship captains when they returned to Europe from America. These winds also prevail both north and south of the trades, up to about 60 degrees.

Wind moves from west to east in the United States, as a rule. That means coastal regions of states on the Pacific ocean enjoy a more moderate climate than coastal regions of those on the Atlantic, where the weather movement is generally from west to east, fronts moving in from land areas.

This subject—wind movement—holds the hope of cheap electric power today.

with SURGE**

Check what surge could do for you:
✓ push your water out faster
✓ put it down more uniformly
✓ apply light irrigations
✓ keep penetration in the root zone
✓ stop tailwater runoff
