## Hope Growing Ford Strike Avoided

By NORMAN WALKER  
DETROIT (AP)—Tense auto indus-  
try talks centered today on  
avoidance of employer liability  
for a supplemental jobless pay-  
ment which one large producer,  
Ford, has reportedly accepted in  
principle.

Acceptance of the basic  
principle behind the CIO United Auto  
workers guaranteed annual wage  
plan—that employers would part-  
ly pay for maintaining workers' pay-  
ment when they are laid off—  
ended hope that a strike Mon-  
day among Ford's 140,000 workers  
would be averted.

Ford has reportedly  
agreed to provide its laid-off work-  
ers with weekly payments, sup-  
plementing their state unemploy-  
ment compensation benefits, for  
a maximum 26 weeks, or half  
the amount to a guar-  
anteed semi-annual wage instead  
of the full 52-week pay assurance  
plan proposed by union President Walter  
Reuther.

But, probably less  
than a stumbling block in solving  
the pay issue in the crucial  
negotiations is the amount of sup-  
plementary jobless payments  
Ford is willing to make.

The company has reportedly of-  
fered to supplement a worker's  
state unemployment benefits for the first four  
weeks to provide him  
an aggregate of 65 per cent  
of regular take-home pay—the  
amount he gets in his pay en-  
velope after tax and other deduc-

tion. The next 22 weeks Ford

pensation payments that would

## Meeting to Restudy City's Golden Jubilee Plans Set

A meeting to reconsider plan-  
ning a Golden Jubilee celebration  
for Artesia in August has been  
called for 2 p.m. Wednesday at  
the Chamber of Commerce office.  
Paul Scott, chamber manager,  
said heads of all clubs and or-  
ganizations—along with the re-  
tail merchants executive commit-  
tee and other interested persons—  
are invited.

The meeting was called after it  
became "apparent that interest  
in the celebration had not died,"  
even though chamber directors did  
decide in March against a \$7,000  
contract with an Ohio producing  
company for the observation.  
Our idea now is to plan a one  
or two-day affair in connection  
with our annual rodeo Aug. 10-13,"  
Scott said. He urged all club and  
organization heads to be present

with their ideas on planning a  
program.  
Chamber directors decided  
against the Ohio deal March 14  
after a survey of merchants strong-  
ly indicated disfavor "on spending  
that kind of money."  
C. D. Hopkins, vice chairman  
of the retail merchants executive  
committee, said, "We talked with  
merchants and businessmen all  
over town and it was our opinion  
that we should not enter such a  
contract."  
Under that contract, with the  
John D. Rogers Producing Com-  
pany, Artesia would have been  
committed to a minimum expendi-  
ture of \$7,000. The fee would  
have included scenery, costumes  
and a professional producer to  
write and direct a pageant.

## Hail Storm Batters Eunice, Rips off Roofs, Antennae

By THE ASSOCIATED PRESS  
An aggravated thunderstorm  
broke over Eunice in extreme  
eastern New Mexico yester-  
day, ripping roofs from houses  
blowing down at least five build-  
ings and battering the town with  
hail.

The isolated storm did no damage  
in the surrounding area. It was one  
of several scattered thundershow-  
ers which sprinkled other points in  
southeastern New Mexico and  
along the eastern border with  
light rains.

One of the most badly damaged  
homes was that of A. P. Mitchell,  
three miles east of Eunice. Hayes  
said the roof of the building was  
blown off, window panes knocked  
out and the home flooded through  
the broken windows with about six  
inches of water. The winds were  
accompanied by heavy hail and an  
estimated inch of rain.

Nearby Hobbs and Andrews, Tex.,  
reported no damages with Hobbs  
getting only a sprinkle of rain.  
Hayes said damage to Eunice  
homes might total \$25,000 counting  
interior damage caused by water  
driven through broken windows by  
the winds.

More scattered thundershowers  
were forecast along the eastern  
border today, creeping over from  
a storm center in Texas.  
The rest of New Mexico remain-

ed high and dry. Weather bureau  
said, with temperatures expected  
to cool off somewhat and return  
to normal.

## Air Force Slates Special Look at Hobbs, Las Vegas

WASHINGTON (AP)—Secretary of Air Force Talbott has  
agreed to give special consideration to Las Vegas and Hobbs,  
N. M., as possible locations if the Air Force opens a new base,  
Sen. Chavez (D-N.M.) says.  
But Chavez warned New Mexico cities not to be too opti-  
mistic this early in the game.

Chavez several days ago  
quoted Talbott as saying New  
Mexico would get fair consid-  
eration of any new bases are opened  
in the event the Air Force ex-  
pands.  
"Since then, the senator said, he  
has received more than 200 letters  
and telegrams "from every size-  
able city and town in the state"  
on the matter.

Chavez said Carlsbad sent a de-  
legation to Washington seeking lo-  
cation of a new base there, but he  
managed to persuade two other  
cities from sending delegations.  
Chavez said the efforts are wel-  
come, "but it is very premature."  
Until the Air Force is authorized  
to expand its present strength, no  
new bases will be considered any-  
where, Chavez said. He outlined  
a talk with Talbott, at which he  
said the secretary "kindly consented  
to give the state every considera-  
tion on its merits alone and  
agreed to consider in particular  
Hobbs and Las Vegas."

If and when the Air Force is  
authorized to expand to 12 wings,  
Chavez said there would be plenty  
of time for "each interested town  
and city to file briefs extolling  
their merits."

He said the Air Force plans to  
resurvey several possible base  
sites in New Mexico, including  
Hobbs, in order to bring its in-  
formation up to date.

## Accidents Hike State's Traffic Deaths to 114

By THE ASSOCIATED PRESS  
New Mexico's traffic death toll  
rose to 114 last night with the  
deaths of two persons in widely  
separated accidents.

One soldier was killed and an-  
other critically injured in a one-  
car flip-over between White Sands  
Proving Grounds and El Paso. A  
Santa Rita man, Fe Pineda,  
30, was killed when his fast-mov-  
ing car skidded off the road east  
of Central.

Pvt. Melvin Williamson, 20, was  
killed instantly and Pvt. Condon  
H. Dutcher, Jr., 23, was critically  
injured in the accident on a desert  
road out of White Sands. Both are  
stationed at White Sands. Dutcher  
was taken to William Beaumont  
Hospital at El Paso. Their car  
failed to make a curve.

Pineta died of a crushed chest  
after his car skidded 154 feet be-  
fore leaving State Road 180 one  
mile east of Central.  
At this time last year 146 had  
died on the state's highways.

## Chavez Switches, Fights Gas Rule

WASHINGTON—Sen. Chavez (D-NM) now opposes  
federal regulation of natural gas production at the wellhead.  
A former proponent of such regulation, Chavez explained  
the shift in his position in a letter yesterday to Chairman  
Warren Magnuson (D-Wash.) of the Senate commerce com-  
mittee.

Stating that New Mexico is now the fourth largest pro-  
ducer among states of natural  
gas for sale, Chavez declared:  
"New Mexico is the largest  
royalty owner of oil and gas  
in the nation, and our public  
schools and state institutions are  
largely financed through the re-  
venue derived from the leasing of  
state lands for oil and gas pur-  
poses, it logically follows that the  
people of New Mexico are direct  
beneficiaries of the commercial  
production of this natural resource."  
"In matters such as these, it is  
not within my province to exercise  
personal opinion."

Chavez said he believes there is  
a "firm economic ceiling" on the  
price of natural gas. "In the ab-  
sence of any evidence to show that  
gas producers are attempting to  
extract the last dollar out of their  
product," he said, "I would be  
willing to let the economic rule  
govern."  
The commerce committee is con-  
sidering bills to free certain gas  
producers from federal control.

There's a possibility that golf  
teams honoring Babe Zaharias  
and Ed Fungul will be formed  
for the tournament, but plans  
on this Friday were indefinite.  
After the tournament, mem-  
bers will enjoy the outside  
barbecue and after that, the  
dance.

## Look Out—Them Two Families Is At It Again

The Hatfields and McCoys  
will feud publicly Saturday.  
But instead of bounding rifles  
balls off "punkin heads," they'll  
be bouncing golf balls off the  
country club greens.  
This feud, along with a dance  
and barbecue, is all part of the  
club's observation of National  
Golf Day.

All participants are required  
to wear mountain clothing. Any-  
thing resembling a Dogpatcher  
will do.  
In the golf tournament, Jack  
Spratt and Cliff Loyd will lead  
the Hatfield family and Doc  
Mahone and Bill Bullock will  
lead the McCoys.  
The shenanigan starts at 1  
p.m.

## Miller Predicts ENMU Becoming State's Biggest

PORTALES (AP)—President J  
Cloyd Miller of New Mexico West-  
ern College at Silver City last night  
predicted that Eastern New Mex-  
ico University may some day be  
the largest in the state.  
Miller addressed the largest  
graduating class in ENMU's history:  
120 candidates for degrees  
from the state's third largest and  
youngest college.

Anderson for aid  
WASHINGTON (AP)—Sen. Ander-  
son (D-NM) voted with the ma-  
jority yesterday as the Senate ap-  
proved 59-18 a 3½ billion dollar  
foreign aid program. Sen. Chavez  
was not listed among those voting.

## Last 9-Mile Stretch Due For Building

Improvements on the remaining  
9-mile improved section of High-  
way 83 between Mayhill and Eik  
possibly will start at least by late  
summer, a bureau of public road  
official informed the Artesia  
Chamber in a letter today.

District Engineer W. J. Keller,  
writing to Chamber Mgr. Paul  
Scott, said it was his "personal  
opinion that funds for the project  
would be here soon—and that im-  
provements on the road will at  
least be started by late summer."  
It was his further opinion that  
the balance of the work would be  
finished next year.

He said any move on the pro-  
ject, however, will be dependent  
upon congressional appropriations  
for 1956. Providing the appropria-  
tion is approved, Keller said "we  
should get some action sometime  
after July 1."

Keller wrote the letter in re-  
sponse to Scott's request for an  
opinion on the project.  
Keller said that all forest high-  
way funds now available have been  
spent. He emphasized that no  
money has been transferred from  
this to other projects.

The engineer noted a suggestion  
that \$300,000 be used for place-  
ment of a bituminous mat on the  
highway between Cloudford and  
Mayhill, when and if funds are  
available.  
"However, the state highway de-  
partment has agreed to take care  
of this project during the present  
construction season," he said.

## Young Democrats Begin Arriving

SANTA FE (AP)—Some 100 dele-  
gates arrived today for a three-day  
national committee meeting of the  
Young Democrats of America.  
The delegates represented nearly  
all the 48 states, plus Hawaii,  
Alaska and Puerto Rico. Neal E.  
Smith of Des Moines, Iowa, na-  
tional president of the group, pre-  
sided over opening sessions.

Talks by Gov. John Simms and  
Texas Agriculture Commissioner  
John C. White were to be a high-  
light of tonight's session. Tennes-  
see Gov. Frank Clement is the  
scheduled speaker at a Saturday  
night banquet.

## Junior Rodeo Ad Campaign Set By 20-30 Club

A drive to assure the success  
of Artesia's first Junior Rodeo  
will be started today by the mem-  
bers of the 20-30 club, who are  
sponsoring the affair. The mem-  
bers will contact merchants,  
farmers and townspeople to se-  
cure advertising for the rodeo  
program booklet.  
Jim Williams, chairman of the  
rodeo, said that if good local sup-  
port is given to this first rodeo,  
it will be held each year. This  
will mean the attraction of many  
out-of-city visitors to Artesia and  
an increase in local business at  
this time. Chamber of Commerce  
manager, Paul Scott, agrees that  
the rodeo will benefit Artesia,  
and will give it his endorsement  
and support.

# Artesia Boy Staters Plan Hot East Side Caucusing

There's liable to be some heavy  
caucusing among Boys Staters  
from Artesia, Hobbs, Jal, Eunice,  
Carlsbad and Roswell tomorrow  
in preparation for Boys' State, 1955,  
opening Sunday at Socorro.  
Representatives from these  
schools will ride on the same bus  
to the campus of New Mexico In-  
stitute of Mining and Technology,  
scene of the week-long government  
operation.

It's all in practice. The boys,  
some 260 from all sections of the  
state, will spend the time learning  
how government works by estab-  
lishing and running a mock gov-  
ernment.  
In previous years participants  
had little opportunity to compare  
notes and "make deals" prior to

arriving at Boy's State. Sponsors  
believe this "pre-work conference"  
among eastern New Mexico stud-  
ents "will give them a look at an-  
other phase of politics."  
Scheduled to go from Artesia  
are Robbie Alford, Max Ratliff,  
Bob Cerny, Larry Haney, Don  
Cullins, Buddy McQuay, Dick Cox,  
Bill Jones, Bill Lorang, Marshall  
Martin, Jim Belvin and Tom Mob-  
ley.

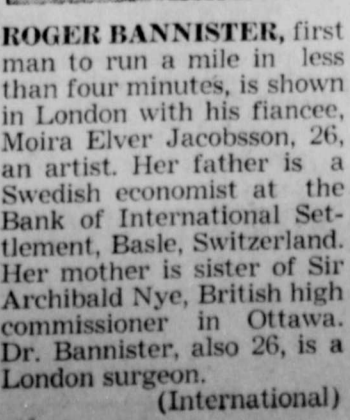

They'll leave at 8 a. m. tomor-  
row from the Veterans Building.  
The American Legion sponsors the  
event with help from other  
state service organizations. The  
Legion's executive secretary for  
Boys' State, G. Y. Falls of Albu-  
querque, said the mob arriving  
Sunday will be the largest ever.

"We started out in 1948 with  
about 100 boys at El Rito," he  
said. "This is the biggest group by  
far. It'll have to be the limit, in  
fact, because we're bursting at  
the seams as it is."  
He explained that the delegates  
are housed on the campus at New  
Mexico Institute of Mining and  
Technology. He said dorm space  
for more than this year's total is  
not available.  
The week-long session puts the  
selected high school leaders  
through the motions of govern-  
ment at all three levels—state,  
city, and county.  
Falls said they pass laws, legis-  
late appropriations, spend bud-  
gets, stage trials and hold elec-

tion's the faculty and sometimes a  
faculty-student group.  
Only junior boys are eligible, he  
said. The training is pointed for  
student leaders who will learn  
from the summer session how to  
do a better job of running school  
government, Falls said.

"We get letters every year from  
principals, telling us how much  
good it's done the students who  
attend."  
Monday—Each of the three  
dorms will be organized as a city  
and city elections will be held.  
City officials will prepare city or-  
dinances.  
Tuesday—State and county pri-  
mary elections will be held in the  
afternoon with results announced

that night.  
Wednesday—General election  
campaigning will start, and elec-  
tions will be held. Justice Com-  
pton of the State Supreme Court  
will swear in the delegate gov-  
ernor. Gov. John Simms will make  
an address.  
Thursday, Friday and Saturday  
—All governments—including the  
Senate and Legislature—will meet  
and solve mock problems under  
expert direction. A general assem-  
bly Saturday night will elect two  
boys to represent the state at  
Boys' Nation in Washington.  
Awards will also be made then.  
Earle W. Starke of Albuquerque  
is director of the program.

## June Month of Roses for Business Men

By SAM DAWSON  
NEW YORK (AP)—Businessmen are counting on consumers making June a month of roses. Retail sales may well set a new high for the month. Some expert sales to total 15 1/2 billion dollars.

Industrial leaders at the same time are well aware that the month will have some thorns. Labor-management bargaining will come to a head in both the auto and steel industries. And production in both is expected to reach its peak and could start tapering off by the end of the month, even if labor peace is maintained.

But what is confidently expected to be the nation's greatest vacation season will begin this month. Resorts, motels, hotels, transportation companies and the like will prosper.

People are in a spending mood. Merchants expect summer clothing to sell well this month. Gasoline dealers expect to pump more fuel than ever into the nation's cars. Grocers report consumers buying freely of better quality food.

The home building boom is rolling along with so much momentum that the construction industry expects this June to be one of its best.

Purchasing agents report that new orders are on the upgrade, insuring good industrial activity this month. A tendency to increase inventories has replaced the former drive to cut them. And this too will help keep factories busy.

Industrial production in general, backed now to its 1953 peaks, is expected to hold high in June before the usual summer vacation slump in July and August. Unemployment has been declining slowly.

Car dealers, with inventories of new cars at a record high, look for June to be a record sales month. That is the seasonal pattern. This year some customers may be influenced to buy because of worry over the labor outlook. If a strike develops in the industry, dealers might do a land office business for awhile.

But there are other thorns besides the labor strife. Some observers say that the record auto sales earlier in the year could mean that the usual June buying fever won't develop on schedule.

RULES AGAINST GOVERNMENT ALBUQUERQUE (AP)—U. S. Judge Carl A. Hatch has ruled against the federal government in an 11-year-old suit against an Artesia oil trucker for \$1,772.49. Hatch made his judgment on grounds of "insufficient evidence." The action, filed in 1944, sought a judgment against Jim L. Ferguson for alleged overpayment on transportation of gasoline in Texas and New Mexico.

Jim Ewell, trainer of the Kansas City Athletics, was once the bat boy for the Norfolk Tars in the Piedmont league.

DANNY KAYE and his co-star, Mai Zetterling, get themselves involved with foreign agents in the brand new Technicolor comedy hit "Knock On Wood," which is due to open Saturday at the Ocotillo Theatre. A Paramount picture, it was written, directed and produced by the talented team of Melvyn Frank and Norman Panama.

## Hilarious Kaye Film Opening Here Saturday

How funny can a film get? Well, local moviegoers are about to get the answer to this pleasant question when Paramount's brand new Danny Kaye comedy, "Knock on Wood" opens tomorrow at the Ocotillo theatre.

It will continue with Sunday and Monday performances.

Already hailed as one of the best, funniest rollicking, great and what have you films of all time, the fun-fest frolic co-stars lovely Swedish actress Mai Zetterling and was filmed in color by Technicolor.

In a phrase, "Knock on Wood" is an all-out assault on the funny bone.

Naturally the main feature of the film is Danny Kaye in a role designed strictly for laughs. It is the first picture for Danny in years that allows him to indulge in sheer, uninhibited clowning and needless to say, the inimitable Mr. Kaye takes full and hilarious advantage of this wonderful situation.

The story by Norman Panama and Melvyn Frank, a multi-talented pair, who also directed and produced, has Danny boy as a famous ventriloquist who has to seek psychiatric aid when his dummy starts talking back to him. The doctor he consults turns out to be the beautiful Miss Zetterling. Danny promptly falls in love with her and at the same time gets himself involved with a group of international espionage agents.

From here on the events become too riotous for words as Danny, caught in the midst of warfare between the two rival gangs of spies is accused of all the murdering they are practicing on one another. As a matter of fact, the police seek him as the "red-haired ripper."

mixed with water, it will be poured into the pipeline. Pumping stations along the way will keep it moving. At the receiving end the mixture will be "dewatered" and the coal stored for use.

Pittsburgh Consolidation Coal Co. and the Cleveland Electric Illuminating Co. announced yesterday they have entered into a contract for the delivery of about 18 million tons of coal over a 15-year period.

The pipeline will extend from the coal company's Georgetown properties to the Eastlake plant of the utility.

George H. Love, president of Pittsburgh Consolidation, said construction will begin shortly. He estimated the cost between 8 and 10 million dollars.

The Pennsylvania Railroad, the New York Central and the New York, Chicago and St. Louis Railroad are cooperating in the project. They serve the mine and the utility.

Most of the coal produced at Georgetown, one of the largest commercial coal operations in the world, will continue to be shipped by rail, Love said.

## Coal Shipment By Pipeline Is In Near Future

PITTSBURGH (AP)—Now they're going to ship coal by pipeline. Impossible? It's all been worked out, and plans are virtually complete to build a 108-mile pipeline from a mine in Ohio to a utility in Cleveland.

The coal will be cleaned and pressed into small pieces. Then,

## On the House

Everyone who buys a new home does not buy a house—some buy an apartment in a cooperatively owned building. Of course, they do not actually own the apartment they occupy. They own stock in a corporation which owns the building. This entitles them to occupy and maintain their apartment—so it amounts to about the same as owning the rooms.

However, lots of people would rather establish their homes in or near the heart of a crowded city, where they can be within walking distance or a short taxi ride from their jobs, than travel a long distance for the pleasures of lawn mowing, snow shoveling and falling off painters' ladders.

So the other day we took a look at how the other half lives, visiting a swank new cooperative project on New York's Fifth Avenue, directly opposite the Metropolitan Museum of Art. We found a very fine apartment that compares favorably in space with a nice house in the country—A terrace overlooking Central Park.

The price for this apartment is \$26,325 and the estimated total annual charge, including maintenance and other fixed expenses, is \$5,872.50.

Now of course you can find cooperative apartments for much less money. In the past 10 years many cooperative apartment buildings were erected for the average man with the aid of subsidies or FHA assistance. In each case the advantages of real estate tax deductions on your income tax return were stressed.

So in this luxury building, where income taxes are no joke for the apartment dwellers, the salesman point-out that if you are in the 50 per cent tax bracket (if he says) your deduction for real estate will amount to \$1,822.50 yearly, which leaves you only \$337.50 for an actual monthly charge to live there.

# NuMexers, Midland Return Tonight after Splitting Two Games

## Lanning to Protest Abuse of Suspension in League

Longhorn League President Steve Lanning will protest abuse of suspension procedure in the league.

Lanning said last night a Longhorn meeting is scheduled for this weekend.

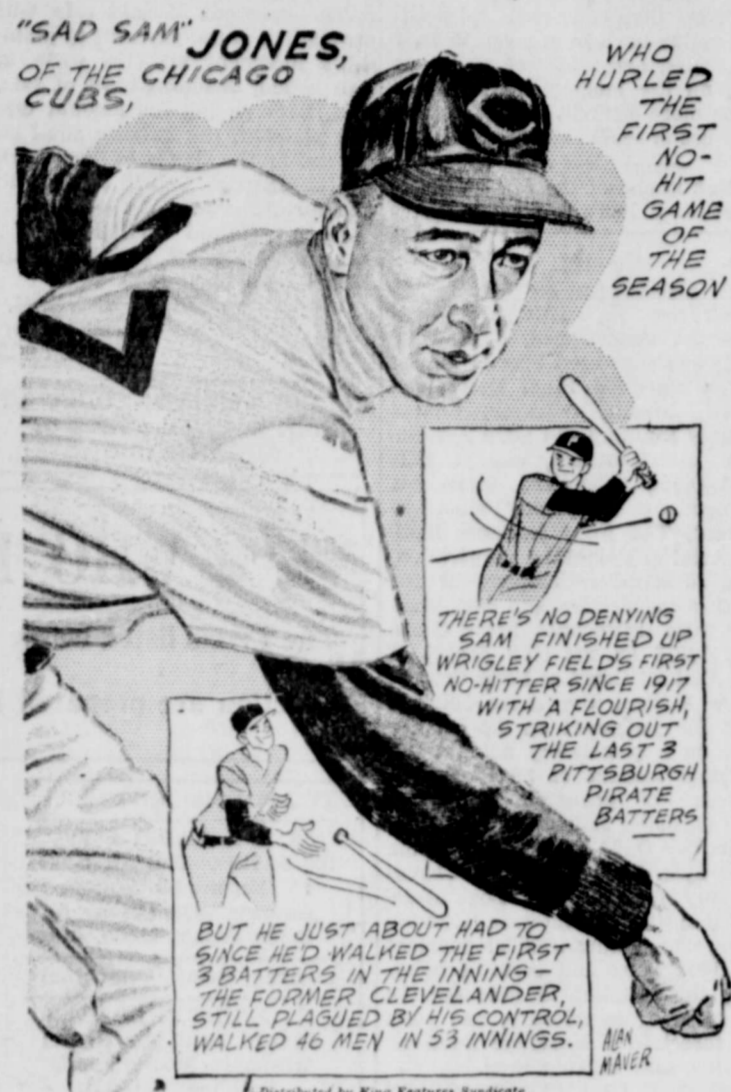

Longhorn clubs have been using suspension procedure to carry over a player or two on their roster, Lanning said.

Lanning said he has done it himself.

"The way it works: A club suspends a pitcher one night, then the pitcher comes back, pull the suspension, and the pitcher is back to the active roster."

Lanning said a player is under suspension, Lanning says, does not mean the player is suspended from computing salary.

## AROUND THE LONGHORN—Upper Division Clubs Win Again in League

By THE ASSOCIATED PRESS

Longhorn league-leading Midland split a doubleheader with Artesia Thursday night, losing the opener 2-1 but winning 3-0 in the nightcap.

Carlsbad edged Odessa 3-2. San Angelo tripped Hobbs 10-4 and Roswell swept a doubleheader from Big Spring 16-15 and 9-4.

It was the first shutout Artesia has suffered this season. Midland's Bob Swanson gave only four hits.

San Angelo came from behind to down Hobbs. In the fourth, Jeff Williams homered with a mate on for the winners.

At Carlsbad, Odessa got a 2-0 lead on Jim Ackers' homer with Mgr. Rudy York on base, but Carlsbad tied it in the bottom of that frame. The winning blow came in the ninth when Pedro Osorio singled home Kermit Sakewitz.

The final game at Roswell was called with two out in the bottom of the fourth for unnecessary delay by Big Spring.

## Carlsbad Wins In Last Frame

CARLSBAD (AP)—Pedro Osorio came through for the second night in a row in the last inning when his bases loaded single gave Carlsbad a 3-2 victory over Odessa Thursday night.

The Potashers' Kermit Sakewitz and Odessa's Jim Carson hooked in as fine a mound duel as seen at Montgomery field this season.

Both utilized plenty of junk and soft stuff, forcing batters to supply their own power.

Odessa jumped to a 2-0 in the fourth when Jim Ackers homered to left with Mgr. Rudy York on first.

Carlsbad tied it up in the home half on Regis Burn's single and Osorio's triple to left. On the hit Ackers crashed into the wall and had to be removed from the game with a cut on his head.

A physician reported the injury as "not serious."

Home runs—Ackers (Odessa), 4th, with one on.

## Roswell Defeats Cosden Twice

ROSSELL (AP)—A weird night of Longhorn league baseball was played here last night as the Roswell Rockets swept both ends of a doubleheader 16-15 and 9-4 over the last place Big Spring Cosden Cops.

The final game was called in the bottom of the fourth inning with one out for unnecessary delay by Big Spring by umpire George Thomas. The game had already been under protest by Roswell Mgr. Stubby Greer several minutes before and Cop pilot Bob Martin had lodged his protest also.

The first game was a wild affair with six homers, a trio of triples and a grand slam, and a grand slam total of 35 hits by both sides.

Roswell went to the lead 8-5 the first inning, added three the second, and one in the third. Big Spring pushed one across in both the third and fourth, three in the sixth to go ahead 14-12. The Cops added one more the next inning.

Roswell bounced back with three runs in the bottom of the seventh, the last on a homer by Joe Bauman. (his 17th of the season) to tie up the game.

The contest moved into the bottom of the 10th when a single and a pair of Cops errors allowed the winning Roswell run to cross the plate.

First baseman Jim Zapp bashed a grand slam homer in the initial inning of the first game and Roswell left fielder Dick Adams and another base-clearing blow in the second frame of the final game.

Big Dean Franks also came on to win the first game, his 11th win of the year and second in two nights.

## Angelo Rallies, Defeats Sports

SAN ANGELO, Tex. (AP)—San Angelo's Colts came from behind last night to beat the Hobbs Sports 10-4 behind the 4-hit pitching of Gil Guerra.

It was Guerra's sixth victory against two defeats.

Hobbs scored once in the first and twice in the second on pitcher Ray Romero's one-on-homer. Jeff Williams homered with a man on for the Colts in the fourth and tied it 3-3 in the fifth.

Four runs on two hits and errors set up the game for the Colts in the sixth inning.

The Colts wind up the 3-game series tonight.

Hobbs 120 000 100—4 4 4  
San Angelo 006 214 03X—10 12 1

## GIRL HOSPITALIZED

PAULS VALLEY, Okla. (AP)—A 13-year-old girl was hospitalized here last night after she told officers a scar-faced man kidnapped, raped and burned her with cigarettes during a harrowing 12 hours.

Blonde Emilea Long told Garvin County Deputy Sheriff Robert Hood she got into the man's car at Hood's home after he had hired her home after he had hired her on the pretense of needing a baby sitter.

## Effect of Death Unknown, Artesia President Says

What effect the death of R.E. "Dick" Burnett will have on the future of the Artesia NuMexers is unknown, Pres. Steve Lanning said Thursday.

"It's too early to tell," Lanning said in answer to a query.

Artesia has a working agreement with the Dallas Eagles, which Burnett, wealthy Dallas oilman, owned. The NuMexers are now in the second year of the working agreement with the club.

Burnett died Wednesday of a heart attack.

## Controversial Bids for Tracks Not Mentioned

ALBUQUERQUE (AP)—The State Racing Commission scheduled an Albuquerque meeting today with no mention of the controversial application for tracks at Hobbs and Carlsbad on the agenda.

Secretary Ray Lewis said no further applications have been received for horse racing tracks at the two eastern New Mexico cities since they were turned down last year.

A new chairman will be named to succeed Tom Clossen of Santa Fe. Also up for consideration are re-hearings for three jockeys ruled off New Mexico tracks in the last seven years.

Other board members besides Clossen are B. M. Keohane, Roswell; O. M. Lee Jr., Alamogordo; Elmer Hepler, Carlsbad; and Paul Woolter, Socorro.

## Carper Defeats Peoples 19-4 In Babe Ruth

Carper Drilling defeated Peoples State bank 19-4 in a Babe Ruth league contest Thursday afternoon.

The Carpers shelled a pair of Peoples' pitchers for 13 runs in the five-inning contest.

The game featured three homers, including two by the losing Peoples' club. Wilbanks and Terrell knocked round-trippers, both solo for the bankers, while Long, first up for Carper in the fourth, knocked a four-sacker with none aboard.

Sewell took credit for the win, limiting Peoples to six hits.

Tonight First National and Union Supply meet for the first time this season. Game time is 5:15 at Babe Ruth park, east of NuMexer park.

## Artesia Shut Out for First Time in 1955

Artesia was shut out for the first time this season in the second game of a doubleheader with Midland here last night after taking the first match 2-1.

Midland's Bob Swanson allowed the NuMexers only four hits as the Indians took the second game 3-0. Chester took the loss.

In the first game Frank Gallardo scored the NuMexers' initial run on an infield grounder by Paul Dobkowski. Gallardo made first on an error and stole second.

Midland tied it up in the seventh on a double by Glenn Burns and a two base error by Dobkowski. Julio Ramos ran for Burns from second to score the tying run.

In the eighth, Gallardo, Jordan and Dobkowski singled successively to load the bases. Charley Watts struck out. Jim Bawcom walked to send in Gallardo and the winning run. Gene Locke was the winner. Romo Soto the loser.

In the second game Swanson scattered four hits through seven frames. The Indians scored in the first, second, and sixth frames on three hits, given up by Chester. Larry Honza, who came in to pitch in the sixth, held the Indians hitless for the rest of the game.

Tonight the teams play the last of their four game series.

## MAJOR LEAGUE ROUNDUP—Antonelli Works Charm, Downs Redlegs Again

By ORLO ROBERTSON  
The Associated Press

Baseball didn't necessarily borrow an adage from the turf but it is true there are pitchers for teams just as there are horses for courses in racing.

Now Johnny Antonelli, the New York Giants' talented left-hander, has joined the group with the Cincinnati Redlegs his favorite sparring partner. Apparently all Johnny needs to set himself right is to pitch against the Redlegs.

Belted out in his last three starts, the Giants' ace southpaw got himself back on the beam Thursday as he went all the way to turn back Mgr. Birdie Tebbetts' crew 6-3.

It marked the eighth straight time Antonelli had beaten the Redlegs since joining the Giants last year. Before that, as a member of the Milwaukee Braves, he was on the wrong side of the ledger with a 3-5 record against Cincinnati.

But the Giants failed to gain on the Brooklyn Dodgers, for the National league leaders went on a 10-run scoring spurge in the eighth inning and defeated the Braves 13-2. The defending champions, however, did pick up a game on the Chicago Cubs who dropped an 8-4 night game to the resurgent Philadelphia Phillies.

The Pittsburgh Pirates cut loose with a 17-hit barrage to down the St. Louis Cardinals 12-3.

The New York Yankees held to their three-game lead in the American league by thumping the Kansas City Athletics 12-6 in a night game.

Herb Score, Cleveland's rookie southpaw, fanned 10 in the first four innings and then cooled off as the Indians turned back the Baltimore Orioles 9-3. Young Al Kaline regained the American league batting lead with two singles and a triple in Detroit's 4-3 victory over the Washington Senators.

And the Chicago White Sox edged the Boston Red Sox 4-2 for Virgil Trucks' fifth pitching triumph.

## Durocher Thinks Dodgers' Sluggers Are Overrated

By JOE REICHLER  
NEW YORK (AP)—As far as Leo Durocher is concerned, the Brooklyn Dodgers' fearsome array of sluggers is vastly overrated. Even their home runs are phony.

Before today's game the Dodgers owned 68 homers in 45 games, a much faster pace than that set by the 1947 New York Giants when they accumulated a record 221 four baggers.

But did that make much of an impression on the voluble Giants manager? Not so you could notice it. A reporter asked Leo if he had occasion to see Wednesday night's Milwaukee-Brooklyn game at Ebbets Field when the Dodgers blasted six homers—three by Duke Snyder.

"Yeah, I watched it on television," Durocher snapped. "I turned the foolish thing off any on a couple of times and finally shut it off for good after Snider hit his third."

Why? Was there anything wrong with the sound? Didn't he get a clear picture?

"Sound ... picture ... my foot. I was just plain disgusted by those cheap fly ball homers. With the exception of Snider's second one, all were fly balls. Homers, horse feathers. Everything is a home run in Ebbets Field. All you gotta do is get the ball up in the air and it will go over some fence. The fences are right behind the infielders.

"Sure they've got a lot of home runs. Why shouldn't they with a park like that? It's made to order for them. I'll tell you what, I know they've played more games on the road than at home but I'll bet they've hit more homers at Ebbets Field than in all the other parks combined."

A check showed Leo was right. The Dodgers have played 21 games at home and 24 on the road, but they've hit 38 balls out of Ebbets Field and only 30 in seven other parks.

"If Willie Mays could play 77 games in Ebbets Field he'd smash all existing slugging records," Leo said. "Homers? He'd hit a ton of them."

## Suchak Thrown to Wolves, Comes Out on Top of Paek

By WILL GRIMSLÉY  
GREAT NECK, N. Y. (AP)—Muscle boy Mike Suchak emerged as a strong threat for the Deepdale Round Robin of championship play because he refused to be "chewed up."

Mike, 27, the nation's leading muscle winner, and one of the brightest of the new pros, was fed to the wolves yesterday in the opening round of this mathematical jigsaw puzzle, but it was the Gallardo, 2b, who came out yelping, tails between their legs.

"They're giving Mike the works" commented one observer when the first day pairings were announced. "They'll cut the big guy to pieces and eat him without salt."

Suchak was matched in the opening foursome with defending champion Sam Snead, Masters champion Gary Middlecoff, and PGA champion Chick Herbert.

But when the sun set over Deepdale's 18th green, there was the 208-pound Suchak even with Snead at 68, the best score of the day. He had five plus points, three points out of first place. Herbert was minus three and Middlecoff who is a weekend partner of President Eisenhower, was next to last in the field of 16 with minus seven.

## First Division Texas Leaguers To Clash Again

By THE ASSOCIATED PRESS

The first division clubs in the Texas league start clouting each other Friday night, and some changes in the standings are coming up.

Dallas and Houston, second and third place clubs, take the night off because of the death of R. W. "Dick" Burnett, Dallas owner. But San Antonio, leading the race by 2 1/2 games, battles resurging Fort Worth, a close fourth, at Fort Worth.

Saturday night Dallas and Houston clash.

There were no changes Thursday night. All four first-division clubs won. San Antonio snapped out of a losing streak that had extended to two games by edging Oklahoma City 6-5.

John "Red" Murff took over the league pitching leadership as he hurled Dallas to a 7-0 triumph over Shreveport. It brought Murff's victories to 12—one more than Annee Adkins of Shreveport.

Houston stayed 1/2 game back of Dallas by losing Tulsa 7-6 in a slugfest. Houston got 11 hits and Tulsa 10. There were 11 extra base blows.

Danny Ozark powered a 370-foot homer with a mate on base to give Fort Worth a 6-4 victory over Beaumont.

## Young, McNece Meet Tonight

NEW YORK (AP)—Paddy Young and Billy McNece, two rough and ready characters who would look good in a battle royal, meet tonight at Madison Square Garden and you can't hardly find them kind no more.

After the clever boxing ability of Carmelo Costa and Lulu Perez last week, this 10-round match figures to satisfy the taste of those who prefer blood and thunder.

Young, a solid left-hander who once fought Bob Olson for the "American middleweight title" in 1953, takes on one of his own kind in "Wildcat" McNece, a red-yrongerster from Central Islip, N. Y.

## Our Greatest Need in New Mexico

ALTHOUGH we do a great deal of talking and discussing of our educational problem in our state little is said about our real need—that of vocational training schools.

We are now spending a large sum to build a new state prison. There is little question but what we need it but a school to provide training for youths to save them from being inmates would have far more value for the state of New Mexico than the new penitentiary.

Perhaps when we build the new prison and get it completed we can turn our attention to an adequate, well staffed and a modern training school for those youths who need a little correcting and training. We believe it would be a good investment because it could save these boys as well as save the state the expense of taking care of them if they should follow a life of crime because they do not receive the right training.

But there is another need in New Mexico besides more teachers, more teacher's funds, more operating funds and more classrooms. That need is vocational training schools for those youths who may not be able to take a high school education or who do not have the mental qualifications for a college education.

Whether we like to admit it or not we have such individuals. This doesn't mean, however, these individuals could not be trained in some vocation and made ready to serve the public and earn their livelihood as well as live a usual life in this old state of ours.

There has been an increase in courses being offered of recent years but our school courses are too numerous now and it appears for us to have a successful program along this line means we are going to have to have separate trade schools or vocational schools.

That, in our opinion, is one of the greatest needs in our state along educational lines. We have provided the public schools and the colleges to train those who can take this education but for those who are not capable of this higher education, we need courses in various vocational fields.

Several of our states have worked out and they now provide such a program. In this way they have not only provided trained workers in these various fields of endeavor but they have made it possible for individuals capable of being good workers to have a vocation in which they are fully qualified.

## Strange TV Jobs Topped By J. Fred's Girl Friend

By HAL BOYLE

NEW YORK (AP)—In the field of television there are many odd jobs. Pretty Mary A. Kelly, who is regularly kissed by a chimpanzee and recently rubbed noses with a \$750,000 horse, has one of the oddest. She is a "guest finder."

Miss Kelly, a rugged, bountifully built young lady with Irish red hair and hazel-green eyes, is a feature editor and writer on Dave Garraway's "Today," an NBC network morning program. But one of her chief chores is to route famous guests from their beds in time to appear on the show.

It's strictly a by-the-dawn's-early-light job, full of strange adventures and mishaps.

"Four out of five days I have to be up by 5 o'clock," said Mary. Usually she knows the night before the guest she is supposed to meet.

But sometimes the studio phones her at 4 a.m. to tell her she is to pick up Mrs. Franklin D. Roosevelt at her hotel, go down the bay to get comedian Jerry Lewis off an incoming liner and steer him through customs, or race out to the airfield to meet a missionary just released from Communist China.

"It's the uncertainty that makes it interesting," said Mary, who enjoys the excitement of tracking down her guests.

It is a task that on occasion takes the agility of a greyhound, the tenacity of a bulldog, and the diplomacy of an ambassador.

Mary, who usually sets out on her morning patrol in a rented limousine, has all these qualities in abundance. Her native cheerfulness is always a big help in calming ruffled guests who have an idea it is bad for the nerves to look at the sun before noon.

"Most famous people are surprisingly good-natured and well-behaved early in the morning," she said, "particularly after they get a cup of hot coffee."

"But a hotel lobby can be a pretty dismal place at dawn."

On one guest, finding the hotel elevator unattended, Mary stepped in and operated it herself, managing to hit the right floor after a few misses. On another, a hotel detective seeing her sitting in the lobby, asked her mission, and Mary replied:

"Trying to pick up a guest."

THIS seemed to confirm the detective's worst suspicions.

"It took a phone call to the network to straighten that out," said Mary, laughing.

Miss Kelly, who started as a typist for a Hartford, Conn., insurance firm, came here in 19 and landed a job as a newspaper copy girl. Later she worked for a feature syndicate before going into television.

She has been adopted as a foster mother by J. Fred Muggs, TV's pioneer chimpanzee star. She chaperoned J. Fred Muggs on a world tour last summer.

"If I come into the room and don't go over and let him kiss me, he throws a fit," said Mary.

On a recent trip to Dublin to get film material for the show she also was bussed on the nose by Tullyar, the \$750,000 Irish National stallion. On still another assignment she donned a steelworker's helmet and climbed the rigging of a midtown building under construction.

## Decision on Bar In Gallup Is Expected 'Soon'

SANTA FE (AP)—A decision is expected soon on the results of a liquor hearing held for the Silver Moon Bar in Gallup, the first following Gov. Simms' recent under-construction there.

Acting Liquor Director John W. Gurley heard the case with Hilton Dickson, new liquor director who hasn't officially taken office, sitting in.

State Police officers Maurice Cordova and Bill Lucas were chief witnesses for the state. They testified they saw two minor boys and a girl drinking beer in the Front Street bar April 23. The officers were in plain clothes at the time, acting under orders of Simms to investigate alleged liquor violations among Gallup bars.

State Rep. Dennis Cowper of Belen was attorney for the bar operators, John and Frank Caviggia.

At least two more liquor hearings for bars in Gallup will be scheduled next week, Dickson said.

## State Lacking Authority to Aid Magdalena

SANTA FE (AP)—There seems to be nothing the state can do in the way of disaster relief funds for Magdalena, Gov. John Simms says.

The governor received a request for funds for the small town, which had a portion of its downtown area gutted by fire Wednesday.

But, after checking, the damage seems to be confined to business places, the governor said. Under the circumstances, the state has no authority to issue funds he said.

Sixty nations have resumed normal diplomatic relations with Japan since the San Francisco peace treaty was signed in April, 1952.

## Senate Probers Charge \$90,000 In Extra Profit

WASHINGTON (AP)—Counsel for the Senate investigations subcommittee said today contract changes approved by Air Force Capt. Raymond Wool gave an extra \$90,000 profit to a Chicago hat manufacturer.

Wool testified he approved the changes in a two-million-dollar contract with manufacturer Harry Lev to produce white Navy caps. But he said he couldn't tell how much profit they involved.

Wool, now stationed at Shelby, Ohio, was on the witness stand in the subcommittee's inquiry into alleged graft in uniform purchases for the armed forces. Wool formerly headed the armed services' textile purchasing unit.

New York manufacturer Leon M. Levy, a rival of Lev, has told the subcommittee he heard that Wool received a \$50,000 payoff for swinging the two-million-dollar contract to Lev. Levy said he didn't actually see any money handed Wool.

Wool today stuck to his sworn admission that he had falsified his federal income tax returns.

## Women Urged To Use Rights

SAN JUAN, Puerto Rico (AP)—This generation of women must work towards more fully using the civil and political rights already gained, says Mrs. Floyd Lee of San Mateo, N. M.

Mrs. Lee, the United States' delegate to the convention of the Inter-American Commission of Women, read the women greetings from President Eisenhower and Secretary of State Dulles.

"Now that both civil and political rights have been given to women," Mrs. Lee said, "we are entering on the much wider and perhaps more difficult task of making full use of these rights."

## The House of GOD

Here is the Sanctuary where men meet God. It is where His message is spoken to the careless, sinful and needy... WHERE MEN ARE MOLDED FOR HIM. This is the church—where men bow to the God of forgiving grace. Partner, if you haven't been a regular attendant, you are missing much. It is a place where we can kneel in prayer, enjoy religious fellowship and receive help for the difficult task ahead. If you will join me here at church, in the spirit of humility, and recognize God as father, friend and Saviour, right then YOU'LL BECOME ONE WITH THE COSMIC LIFE.
