Army Says Guided Missile Program Needs To Double

State Fears Bigger Military Land Grabs

By SANKY TRIMBLE
ALAMOGORDO (AP)—Open concern has been expressed that the armed forces may have further plans for acquisition of additional New Mexico land in the future for research and training. The fear was voiced here yesterday at a hearing over an Army bid for more than 700,000 acres in southern New Mexico and Texas for a guided missile

The committee, a subcommittee of the House Armed Services Committee, said it would take under "serious consideration" the Army proposal after hearing training base.

a high military spokesman say that needs for guided missile an anti-aircraft firing training would increase 100 per cent in a year. Most observers agreed after the hearing that congressional approval probably will be given to the acreage bid. But they expressed hope that the Army

would be allowed to take the land only on a limited lease basis rather than assume full ownership. They also expressed hope that testimony brought out at the hearing might help to get what they described as fair value for the land involved.

Concern over possible future expansion of military activities—and the resultant withdrawal of New Mexico land for use by the military—ran like a thread through the testimony from opposition witnesses. These witnesses included state officials and leaders of various New Mexico industries. Shewood Culbertson, president (Continued on page four)

Way to End Wars Shown To Soviets

SAN FRANCISCO (AP)—Secretary of State John Foster Dulles told Russia in blunt language today that the way to end the cold war is to stop using force against other countries and to stop supporting subversion. In a stinging attack on communism, Dulles declared: "To bring the cold war to an end, seven points are not needed; this one is sufficient."

SPEAKS AT U. N. The secretary spoke at the U. N.'s 10th anniversary meeting, which Wednesday heard Soviet Foreign Minister V. M. Molotov propose a seven-point program to liquidate the cold war. Dulles spoke with President Eisenhower's "full confidence and concurrence." The President himself said so on Monday when he addressed the opening session. Ike Drops Hint He May Seek Second Term

WITH EISENHOWER IN NEW HAMPSHIRE (AP)—President Eisenhower's "teaser" suggestion he might seek a second term focused close attention today on his tour of New Hampshire—first state to support him in the 1952 primaries. The President has two more speaking engagements in the Granite State—one at Lincoln, the other at Franconia. Notch-and there was plenty of advance speculation whether he might deal again with the big question: Will he run again? He dealt with it in only a teasing at Concord, N.H., but it completely surprised his police-estimated audience of 15,000 persons in State House Plaza. There was no shred of certainty afterward whether he was just having a bit of fun or whether he had meant to put across the idea that he is in the market for another term. Many of his listeners were inclined to the latter idea.

Four Artesians Slightly Hurt In Car Accident

Four Artesia young people were injured, none of them seriously, when the automobile in which they were riding overturned four miles west of Maljamar at 2:34 a.m. this morning, State Police reported. Injured were Carol Smith, Rachel Bogart, Henry Chandler and Bob Powell. Powell was released but the other three are being held for observation at Artesia General Hospital. The car, a 1952 Oldsmobile, failed to negotiate a curve and overturned. The vehicle was a total loss, the officer said.

THIS IS part of the crowds of Artesians who visited the new telephone company offices and plant Wednesday and Thursday during open house held by the Mountain States local operation. The occasion gave the public an opportunity to see the new central office automatic equipment and to learn some of the intricate details of its operation.

Grows Discouraging

THERE are times in this modern day and time of ours when we hear so much about juvenile delinquency when those seeking to handle and work out these problems for society grow very discouraged.

We know that most of those seeking to handle juvenile problems in this state encounter some situations that are almost impossible to work out. We know they face conditions that seem to be beyond a solution.

They haven't adequate and proper facilities for holding children if they have charges brought against them. They do not have suitable places to send those who need some special training and some special discipline for a period of time.

Our present institutions are inadequate and not as well staffed perhaps as they should be.

They face problems with the parents or the relatives of those with whom they are seeking to reach solutions. They have irresponsible parents; they have broken homes; and sometimes they encourage an attitude of utter indifference.

Many groups and organizations working with youngsters needing a little guidance get discouraged, too. They realize they are working with so few and yet so many seem to need help.

Most of us need to give a little word of encouragement to these workers and to these organizations. We need to voice our thanks and appreciation for their work and their efforts.

We need to give our support and our backing and to let them know that even if the percentage of the youngsters they set on the right track is not as great as they would like to see their program, their work and their efforts are all very much worthwhile.

But when the parents and other groups and organizations will work with our juvenile officials and give them the assistance and the cooperation they deserve their program will be far more successful.

Up to now we have seemingly wanted to let others do a job that only parents can do and that parents should be doing.

Perhaps the day and time will come when we fully realize and appreciate this and when we do some of the problems the juvenile officers will not have as many matters to handle as they have today.

But a little encouragement from citizens helps make them feel they are accomplishing the things they are seeking to do.

Pampa Tied Up In WT-NM Play

Pampa widened the margin on its hold on the West Texas-New Mexico League lead Thursday night by a full game with a slug-happy 13-12 win over Abilene's Blue Sox.

Second-place Plainview dropped its second game in a row to last-place El Paso 5-2 to fall 1 1/2 games behind the Oilers.

Albuquerque took a double win from Clovis, 5-2, and 9-6, to make a strong third-place bid 3 1/2 games back.

Amarillo for the first time this season gained a place in the first division by taking a pair of games from lowly Lubbock 16-7 and 7-3.

Peoples, Carper End in Deadlock

Esther Williams Launches Swim Campaign

HOLLYWOOD (AP)—Esther Williams launched a campaign this week to get America into the swim.

"People ought to swim more," she argues. "Not only so they'll be safe in the water, but because it's healthful and fun, too. A swimming pool is the best thing in the world for a family. It brings the family together and brightens everyone's life."

Esther is certainly a walking testimonial for what a life in the water can do. Besides helping her achieve one of the world's most admired figures, it has brought her fame and fortune.

The first gun in her campaign is her announcement that she will operate a swimming school at the Beverly Hilton Hotel in Beverly Hills, opening Aug. 11.

Later she expects to establish them at Hilton hotels throughout the world. She plans to license schools throughout the United States, operating as dance studios do today.

Esther also aims to encourage Americans to swim in their own back yards. She and her husband, Ben Gage, are planning to merchandise a low-cost pool, constructed of cement blocks with a heavy plastic liner.

The Gage-Williams aquatic plan also include a projected water show.

European audiences, she said, are used to seeing shows "in the round."

"So that is how we'll do our show," she said. It will have three rings around, 100-foot diameter, swimming pool made of fibre

Montgomery Stars As Lawman In Technicolor Hit

Bat Masterson, the toughest lawman ever to go up against a lynch mob, is thrillingly brought to life on the screen in Columbia Pictures' newest outdoor-action drama, "Masterson of Kansas," starring George Montgomery at the Otillo Theatre in color by Technicolor and featuring Nancy Gates and James Griffith. Masterson, sheriff of Dodge City in the days when it was a bustling frontier boom town, is one of the Old West's most legendary figures.

In the film, Masterson comes to the aid of a rancher framed for murder by the leader of a gang of cattlemen, because he had set aside a tract of land for an Indian settlement. Masterson is warned by the Indians that if their friend is hanged, war will follow. The Dodge City lawman enlists the aid of two other feared gunmen, Doc Holiday and Wyatt Earp, in tracking down the real killer.

Before Masterson can expose the frame-up the townspeople are incited into storming the jail in

Roswell Dumps NuMexers 14-9 in Wild Fifth

WELL, N. M.—Al Chester continued to materially winning his game here last night, in three runs in the big fifth, as the Rockets took victory from Artesia.

Artesia needed help in the sixth, as George Payte, who finished the game, used four pitches, losing being charged to Al Siff.

Other extra base blows were needed by the Rockets, as Mario Cossio and Manager Greer on a ball lost in the end that blew up the closeness of the game.

Artesia switch tonight, Artie Roswell at home to take on the Rockets.

San Angelo Ties NuMexers for Longhorn Lead

By THE ASSOCIATED PRESS

The top of the Longhorn League standings tightened up in a rush last night as San Angelo's Colts galloped into a tie with Artesia for the league lead.

Midland iced last-place Big Spring 3-1 to trail the leaders by one lone game.

The gap was closed on Artesia's 14-9 loss to sixth place Roswell, which San Angelo was smearing Odessa's Oilers 11-1.

Romeric Soto shattered Big Spring's five-game win streak by scattering four hits for the Colts.

Big Spring attendance for the game was the largest since opening day, reaching 1,168. Fans were drawn by a pre-game marriage ceremony between Big Spring Catcher Buck Doe and Emma Stephens, Garden City, Tex.

A big Roswell fifth inning saw pitcher Al Chester triple in three Rocket runs. Chester was credited with the win, although he needed help in the sixth from George Payte, who finished. Artesia sent four hurlers to the mound in a futile attempt to slow Rocket scoring.

Midland Righthander Orville McElrath blanked Odessa batsmen until the bottom of the ninth, when the only two hits of the game for the Eagles gave them their lone tally. Three Midland homers, two by Elias Osorio, put icing on McElrath's hurling.

Carlsbad's Patashers led all the way against Hobbs, jumping off to a healthy 5-0 edge in the second and third innings.

The teams move around tonight to start two-game series with Carlsbad at Midland, Big Spring at Hobbs, Artesia at San Angelo and Odessa at Roswell.

Oriole Trade-Offs Bite The Hand That Fed 'em

The Associated Press

If Baltimore Manager Paul Richards is keeping a record of the players he has traded, away, he can call it, "Poor Richards' Diary."

Give a look, Richards, who doubles as general manager for the last place Orioles after leaving the pennant-contending Chicago White Sox, has palmed off, among others, pitchers as Bob Turley and Harry Byrd and outfielder Gene Woodling.

Woodling, traded to Cleveland last week, really boomeranged. He got 4-for-4 and batted in four runs as the Indian's trounced the Orioles 9-2 yesterday.

Byrd, a 30-year-old right-hander bundled off to the White Sox nine days ago, gave just four hits and blanked Washington 7-0. It was his second victory in two starts since leaving the Orioles.

And Turley, the young fire-baller who went to New York's Yankees in an 18-player deal that whipped Woodling and Byrd to Baltimore last winter, fanned six, walked just one and shut out Kansas City on three singles 3-0.

The other American League game was won by the Boston Red Sox without any help from Richards. The Boston's whipped Detroit 7-0 behind Frank Sullivan's 2-hitter, moving to within one percentage point of the fourth-place Tigers.

Those results — with each winner sweeping a three-game series — left the Yankees out front by two games over the White Sox, who in turn were two ahead of Cleveland, Boston and Detroit are both 10 games behind New York.

In the national, first-place Brooklyn swept three from Chicago by winning 7-4. The Cubs in second place since May 25, slipped one percentage point behind idle Milwaukee.

St. Louis beat Philadelphia 7-1 in the only other game scheduled.

his initialed symbol of justice, represents law and order. The whole problem of reverence for God and respect for the law is up to you. Father, Mother, when your child gets out of control for lack of discipline, when you fail, the Law must step in to keep your child from becoming a menace to others. The church stands for right, for order, for law enforcement. Children who go to church most, need the judge and policeman least. We must keep our children in church...keep them under the influence of good, so that our homes may remain our castles and we shall not walk in fear."
