

This Is Artesia

We had our water shortage here today along with Hobbs, Mountainair and Alamogordo. But it wasn't from lack of supply but rather from too much of it in the wrong place.

THE ARTESIA ADVOCATE

Artesia's First Newspaper — Founded in 1903

Artesia Weather

Possibilities of late afternoon or evening thunderstorms Saturday were predicted but the weatherman said it would be fair otherwise in the area. The low for tonight will be a warm 70 and the high Saturday 98. Temperatures for the last 24 hours KSPV were high 99, low last night 60.

ARTESIA, NEW MEXICO, FRIDAY, JULY 1, 1955

FULL LEASED ASSOCIATED PRESS WIRE

NUMBER 130

THE ARTESIAN WELL

By RICK RAPHAEL

A newspaperman is one male of the species who invades the women's social whirl more than any other of his sex. And sometimes it can be a loggone embarrassing. We felt that way yesterday wandering like a lost soul through the Extension Club dress revue at Memorial Hall. Our stubbly start on a Jubilee beard was as a prop to that delightfully feminine setting as a buffalo on a bicycle. And we'd certainly like to hand out the orchids to the decoration and staging committee. The hall looked like a setting from Vogue illustrations and the charming and fashionably-gowned young ladies seemed to have stepped from the pages of Harper's and Mademoiselle.

The safest driving you'll see in the state on the Fourth of July will be in Roswell. That's when the district Soap Box Derby trials will be held. Seven of our young Artesia wood-and-wheels racers are entered and we certainly hope that there will be a good Artesia delegation on hand to cheer them on to victory.

See that the Navajos are being frightened from their homes by an "erupting" volcano. If they think that's frightening, they should live around Santa Fe when the legislature is in session. Not even Mt. Etna could compete with the volume of hot gas, clouded issues, and loud noises which emit from the capitol dome.

If Roswell is to be the home of the world's tallest TV transmitting antenna, Artesians can look forward to much better reception of the commercials. Understand the George Gobel show is coming up with a radically new idea for TV—an hour-long program in which the entertainment will take up more of the time than the commercial. Good idea but probably won't be popular with the sponsors, that is.

Maybe that's what's wrong with the NuMexers—too much TV hurting the game attendance. Might help if Steve Lanning hired a good orchestra and a couple of acts for between the innings. Not to entertain, you understand, but to act out commercials for the Longhorn League and other local advertisers. Might make folks feel right at home. Apparently league-leading baseball isn't enough to draw the Artesia fans away from the TV screens.

They are scheduled to let out bids Monday black-topping the new stretch of highway along First Street. It will sure be nice to see blacktop on the road which will eliminate dust-topping on every Artesian within several locks of the new construction.

And speaking of toppings, male Artesians will soon have to sprout or pay. The Lions Club has taken over the Jubilee project of selling shaving permits to those who are (1) unable to grow a beard (2) who dislike to scratch, and (3) whose wives have laid down the law. Incidentally, our best wishes to Bert Jones and the other new officers of the Lions Club installed this week. May you have a successful year in office and keep high the goal set for you by previous hard-working, civic-minded Lions Administrations.

DWYRE TAKES JOB

SANTA FE — Former State Highway Engineer Burton G. Dwyre has joined the Santa Fe engineering firm of Gordon Herkenhoff and associates. Herkenhoff made an announcement. He said Dwyre would work primarily with highway construction.

NuMexers May Fold Tomorrow If Fund Drive Falls Short

ARTESIA (AP)—This city may be without a team in the Longhorn League by tomorrow night. That was the word around Artesia today following a financial report meeting of NuMexer ball club officials and fans last night.

Club president Steve Lanning said the team is in bad financial straits and that unless immediate action is taken by the community, the club will have to fold.

In an effort to stave off the end, the NuMex Asphalt and Refining Co., offered to restore its previous backing of the team to \$9,000. At the start of the season, the sponsoring budget had been cut to \$5,000.

String Attached
However, there was a string attached to the offer. The budget would be restored only if the citizens of Artesia raise \$10,000 in the next 24 to 36 hours.

An all-out "do or die" drive was started this morning by directors of the ball club in cooperation with the "100 Club", a booster organization, to attempt to raise the needed amount.

The \$10,000 figure, a club spokesman said, is needed in addition to the increased sponsor's fund, in order to meet current obligations and to continue through the rest of the season.

An innovation in box office was attempted here last Wednesday when about 700 fans were admitted free to the double-header game and then asked to make a donation. About \$500 was raised. The 700 attendance was about double the average attendance for home games at which admission had been charged and was the source of the club's financial difficulties.

At present, the NuMexers, despite their money troubles, hold a two-game league lead.

Soap Box Derby Race Time Shift

Soap Box Derby race time at Roswell has been changed from 1 p.m. to 10 a.m. Monday, officials announced today in order to get the races over before hot weather softens the asphalt paving.

All contestants on hand by 8 a.m. Monday will be given a free trial run down the hill to test their car but they must be there by 8 o'clock.

Alamogordo Is Short On Water

ALAMOGORDO (AP)—The Alamogordo city commission Thursday declared what is hoped will be a brief moratorium on lawn watering and car washing in the face of a temporary shortage of water in the city reservoirs.

City spokesman explained that the level of water in the reservoirs had dropped to about a day's supply, and the measure was taken to insure an adequate level for fire fighting or other emergency demands.

Only one city well has been functioning of recent weeks. A new pump was being installed on a second new well today, and it is expected that with both in operation the water level may be raised rapidly.

SANTA FEAN FOUND
SANTA FE (AP)—The body of William S. Leonard, 26, Santa Fe, was found yesterday in Vallecito Reservoir, 23 miles northeast of Durango, Colo. A capsized boat was found June 13 by the reservoir superintendent, and the search began. Sheriff Ralph Graham of La Plata County, Colo., said the boat was launched the night before by Leonard.

WASHINGTON (AP)—All signs point to congressional approval at the present session, of a \$16,809,500 military construction program for New Mexico.

The House this week authorized the program, part of an over-all \$2,368,988,000 building plan. The Senate is expected to go along with the House figures for New Mexico projects, which are specific proposals of the Army and the Air Force.

Seven Projects
The New Mexico projects with the authorization for each:
Holloman Air Force Base, \$4,965,000; Kirtland Air Force Base, \$905,000; Walker Air Force Base, \$5,259,000; Clovis Air Force Base,

Broken Main Cuts Downtown Water Supplies Friday

Water service along the length of Main Street was cut off early Friday morning when a main at Second Street burst about 4:30 a.m.

Business establishments and eating places along the central thoroughfare were borrowing water for breakfast service from other areas.

The break marked the second time in about a week that the cast-iron pipe main has given way.

City water department crews were on the scene early in the morning and service was to be restored by mid-morning.

Band Concert Tonight Will Feature Soloist

Artesia's first concert under the stars will be held this evening at 8 o'clock in Central Park.

Under the direction of Justin D. Bradbury, the summer concert band and vocal soloist Albino Baca, will present a 45-minute program of classical and popular favorites.

The band composed of school-boys and a few interested adults, will give the concert at the Park located between Seventh and Eighth Streets on Quay.

Baca, making his first appearance in summer concert will sing two Rogers and Hammerstein hit numbers, "Some Enchanted Evening," and "If I Loved You."

Band presentations include "The Star Spangled Banner," Olivadotti's "El Caballero" march, the Choral and Overture by Tchaikowsky, Goldman's famous "On the Mall" march, the overture from Los Picaadores by Caneva, the ever-popular "Bali Hai" from "South Pacific," and three John Phillips Sousa band marches.

During the program, Floyd Davis, city recreation director will outline more of the summer recreation plans for the city which went into effect this year.

Fire Wrecks Highlands U. Main Building

LAS VEGAS (AP)—Spectacular flames early today swept through Springer Hall, Highlands University's main classroom building and landmark in this plains town.

The four-story brown-stone building was gutted above the first floor. The walls were left standing and the roof was not destroyed. But the wooden interior was damaged extensively.

Springer Hall housed the chemistry, physics, biology and mathematics departments.

Dr. E. Gerald Meyer, head of the chemistry department where the fire was believed to have started, said the fire was believed to have started in the night before by Leonard.

WASHINGTON (AP)—All signs point to congressional approval at the present session, of a \$16,809,500 military construction program for New Mexico.

The House this week authorized the program, part of an over-all \$2,368,988,000 building plan. The Senate is expected to go along with the House figures for New Mexico projects, which are specific proposals of the Army and the Air Force.

Carlsbad and Hobbs Crippled By Sudden Telephone Strike

JACKIE McNEIL, 15, Cottonwood and Jean Rayroux, 16, Alta Vista, Carlsbad, modeling their ensembles in the senior sweepstakes winners of the Eddy County 4-H Dress Revue held Thursday in Veterans Memorial building. (Advocate Staff Photo)

Cottonwood, Clover Club Girls Win Senior Eddy County 4-H Clubs Annual Dress Review

Sweepstakes winners in the Eddy County 4-H annual dress review held on Thursday at the Veterans Memorial Building were juniors—Carolyn Ahrens of Alta Vista, Carlsbad, modeling a skirt and alternate, Gwen McCaw, Artesia, modeling a dress. In the senior, Jackie McNeil of Cottonwood, modeling a wool ensemble, and alternate Jean Rayroux, Clover club, Carlsbad, modeling an

pongy and linen ensemble. Miss Marjorie Lee Howell, county extension agent, introduced the group and Mrs. Elsie Clark, assistant county extension agent, presented the awards.

Mrs. H. Magatagan and Mrs. Jack Ballard were the judges, music was furnished by Bobby Jean Freeman, and narrator was Mrs. Raymond Netherlin. Escorts were Donald Thigpen, Bill Gray and Roby Zumwalt.

Junior 4-H girls winners in aprons were: Carol Hand, Artesia, first; Dorothy Laman, Artesia, second, and Janice Lucas, Artesia, third.

Skirts—Carolyn Ahrens, Alta Vista, Carlsbad, first; Beverly Achen, Alta Vista, Carlsbad, second, and Marian Lujan, Cottonwood, third.

There was no hit of violence. The graveyard shift filed out at 7:30 a.m. and the shutdown started.

One union spokesman said it would take about 30 minutes to stop most of the operations. He added it would take a skeleton crew about 16 hours to close down the smelter.

State Highway Department officials have approved use of three blocks of Main Street in August for the Golden Jubilee Celebration.

This announced Friday by Bill Bennett, Jubilee chairman. Bennett said the state approved blocking off Main street providing the city established a detour for the three days—Aug. 9-10-11. The city has already given approval to the plan at a council meeting last week.

Meanwhile, Bennett and chamber manager Paul Scott traveled to Roswell Thursday where they contacted officials of both the Malco corporation and Glover Packing Co.

Malco agreed to underwrite the cost of a film recording the Jubilee festivities and also will donate several prizes to be used during the celebration.

Old time rolling equipment will be added to the parade and Jubilee through the efforts of the Glover firm. They will have an old time fire engine here, as well as a two-wheel buggy, a surrey with the fringe on top and possibly a covered wagon.

Glover is tentatively planning an exhibit booth at the Jubilee demonstrating a wienie skinning machine.

Bennett plans to contact Hope officials to integrate that community into the gala doings here in Artesia.

Both Cities On Emergency Only Basis As Union Calls Work Stoppage On Contract

Employees of the General Telephone Co. of the Southwest walked off the job today in Hobbs and Carlsbad, leaving those cities on an "emergency only" basis on long distance calls.

Neither group was calling it a strike. The Hobbs union, representing about 75 workers, said it was calling for an emergency meeting for discussion of the contract.

Manager Gordon Priest of the Carlsbad telephone company said his employees were calling it a "work stoppage" rather than a strike. Priest himself was handling the long distance switchboard. About 65 workers are affected in the Cave City.

Priest said he was having no trouble in handling emergency long (Continued on page four)

C. W. Sanders Dies in Car Road Tragedy

Charles W. Sanders, 75, father of Artesia's Marvin H. Sanders was found dead last night in the wreckage of his car near Altus, Okla.

Sanders, who had recently visited with his son and family here was en route to another relatives home when the accident occurred.

Police said a witness reported seeing Sanders slump over the wheel just before the car hit a bridge abutment on U. S. 62. Officers theorized he may have had a heart attack.

He is survived by his sons, Marvin, owner of Sanders Office Supply Co. here and Pete in Missouri, three daughters, Mrs. Frank Grayham, Loco Hills, Mrs. Bennie Nicholson, Davis, Okla., another daughter and sister in Altus.

Marvin and his sons Freddie and James left Thursday night for Oklahoma after being notified of the tragedy. Mrs. Sanders and another son and daughter were visiting in Altus when the accident took place.

Hurley, Santa Rita Mines Shut Down By Strike

SILVER CITY (AP)—Local mining unions with jurisdiction over about 2,050 employees made good their strike threat today by halting work at the Chino Mines Division of the Kennecott Copper Corp. at Hurley and Santa Rita.

Picket lines were thrown up at 6 a.m. They allowed only office workers utility plans employees, management and emergency workers to enter.

There was no hit of violence. The graveyard shift filed out at 7:30 a.m. and the shutdown started.

One union spokesman said it would take about 30 minutes to stop most of the operations. He added it would take a skeleton crew about 16 hours to close down the smelter.

State Approves Closing Off Of Main Street In Jubilee

State Highway Department officials have approved use of three blocks of Main Street in August for the Golden Jubilee Celebration.

This announced Friday by Bill Bennett, Jubilee chairman. Bennett said the state approved blocking off Main street providing the city established a detour for the three days—Aug. 9-10-11. The city has already given approval to the plan at a council meeting last week.

Meanwhile, Bennett and chamber manager Paul Scott traveled to Roswell Thursday where they contacted officials of both the Malco corporation and Glover Packing Co.

Clyde Guy Home is Scene Of Xi Iota Graduate Tea

Iota chapter of Beta Sigma Phi honored the girls of the 1955 graduating class of the Artesia high school with a tea Wednesday afternoon from 3 to 5 o'clock at the home of Mrs. Clyde Guy.

Mrs. Roy Richardson presided at the tea table which was covered with an all-over embroidery cloth and centered with an arrangement of white and orchid shasta daisies flanked by purple candles in harmonizing ceramic holders.

Small white cakes topped with violets and ribbon sandwiches carried out the purple and white, chosen colors of the senior class.

Mrs. O. R. Gable, Jr., intro-

duced Mrs. Clyde Guy, president of Xi Iota chapter and Mrs. Maynard Hall, immediate past president.

The program led by Mrs. W. C. Thompson, Jr., and Miss Nancy Haynes was an informal discussion on "Come Walk With Us in a Life of Beauty." The girls of the senior class were introduced to Nu Phi Mu, a counterpart of Beta Sigma Phi.

Beta Sigma Phi is the largest Greek letter organization in the world. It was grown from seven members in Abilene, Kans., in 1931 to the present 120,000 members around the world including every state in the United States, every Canadian province, England, Scotland, Greece, Germany, Austria, Finland, and Japan.

The purpose of Beta Sigma Phi is to make an art of living, social-

ly, culturally, and through community service.

To its members Beta Sigma Phi offers and official travel counselor and two planned and conducted "Ramble Tours" each year to many interesting places in the world, the opportunity to belong no matter where you go, the opportunity to participate in an international service project that belongs entirely to the membership of Beta Sigma Phi. Nearly \$150,000 has been given to cancer research, Girlstown, U. S. A., and allocated to the building of a home for the aged.

Nu Phi Mu's are also eligible for the loan fund, established for the members, who because of illness or accident, needs emergency financial help, and may be borrowed without interest to help any member difficulties.

Loco Hills News

By MRS. O. C. ROGERS

Mr. and Mrs. Doyle Gray and daughter, Norma, spent last week in Artesia visiting relatives.

Bill Fescemeyer has returned from an extensive trip through the eastern states and Canada.

Attempt Is Made To Assassinate N. Y. State Supreme Court Justice

BUFFALO, N. Y.—Four men in an automobile shot at Justice Hamilton Ward of State Supreme Court last night as he drove along a highway near here. The jurist was not injured.

The 50-year-old Ward told reporters that the shooting might have stemmed from jail sentences he has given juvenile delinquents recently.

The shooting occurred shortly after 11 p.m. as Ward was driving southwest on Route 20 toward his summer cottage on Lake Erie.

Ward said he believed there were four shots fired as the automobile drew up beside his car. He said that there were four men in the other vehicle and that a quick glance indicated they were young. He said he could not be certain of identification because of the darkness.

One shot smashed the left rear window of Ward's automobile. The judge said the shot range—perhaps only four feet—indicated to him that two other shots probably passed through the open front windows.

Personal Mention

Mr. and Mrs. Herman Fuchs and son of Albuquerque, former Artesians were visiting in the city Wednesday.

Mr. and Mrs. George Gore and family of Boise, Idaho, left Thursday after visiting in the home of his brother and family. Mr. and Mrs. E. T. Gore. They also visited friends while here as they were former Artesians. George Gore is with the Mountain States Telephone and Telegraph Co., and three years ago was transferred to Boise.

POLIO KILLS CHILD
SANTA FE—Ronnie Allen, nine-year-old Las Vegas boy became the state's first polio fatality. He died Wednesday of bulbar polio. State Health Director Stanley Leland said he had not received the Salk polio vaccine or had contact with any child who was vaccinated.

Cows on lush pasture tend to give large amounts of milk, but to lose weight unless they are fed grain and hay supplements.

Bethel Church Funds Drive Is Opening

Bethel Baptist church, corner of Church and Seventh St., is announcing the opening of a financial drive also their 17th anniversary.

At the close of the drive will be the laying of the corner stone at 3 p.m. Sunday, July 31. There will be special programs each week and on Sunday afternoons at 2:30 with guest churches from Hobbs, Roswell, Clovis, Carlsbad, Lovington, Loving, and Artesia. The public is invited.

The drive will open with barbecue dinners served consisting of beef, pork or chicken starting today through July 4. The public may be served at the church new dining room or orders will be taken for delivery to your home. Those desiring special barbecue orders for July 4, may dial SH 6-4552. Sauce and vegetables are furnished with each order. The goal is \$1,500.

Those present were Mrs. Bennie L. Juarez, Mrs. E. T. Gore, Mrs. N. T. Kelly, Mrs. C. C. Connor, Mrs. Albert Richards, Mrs. C. V. Miller, Mrs. William Siegenthaler, Mrs. Earl Darst, Mrs. Hollis Grissom, Mrs. John Sparks, Mrs. John Lanning, and Mrs. Gilmer.

House Committee Increases Funds For Walker AFB

WASHINGTON—The Senate Armed Services Committee has increased a construction appropriation for Walker Air Force Base, Roswell, from \$5,259,000 to \$6,657,000.

The action was in line with other increases voted for air fields and shops needed for long range bombers.

The House Armed Services Committee earlier had approved the smaller figure.

The total Senate committee bill approved \$2,357,317,300 for defense construction projects around the world, many of them secret. This was 11 million below the total voted by the House and 38 million below administration requests.

However, the committee added 27 millions for airfields and shops needed to step up production of B52 bombers. It added another 14 million for secret aircraft warning

facilities for the Air Defense command.

In the overall appropriation bill the Senate also added 356 million dollars to speed up production of the B52, the Air Force's long range heavy jet bomber and the nation's chief weapon for intercontinental atomic bombing missions.

This addition was requested by the Pentagon after an argument developed over whether Russia was besting the United States in this vital field. Critics of the administration defense program including Sen. Symington (D-Mo.) former secretary of the Air Force, have said they are confident the bill will keep America ahead of Russia in the aerial striking power.

Inside WASHINGTON MARCH OF EVENTS

See More U. S. Flyers Freed Soon by Red China | India Envoy Krishna Menon May Be Factor in Release

WASHINGTON—United States officials feel that chances are good that Red China soon will release some more American airmen held prisoners by the Chinese Communists. The recent release of four American fliers brightened the prospects for freedom for their fellow Americans jailed behind the Bamboo Curtain.

The visit to Washington of India's roving Ambassador V. K. Krishna Menon is believed to be a step in this direction. It was Krishna Menon who first announced release of the four airmen.

Reports from the Far East indicate Red China, as a "face-saving" move, wants the relatives of still-imprisoned Americans to visit them before the jailed men are sent back to the United States. Krishna Menon is expected to urge this course on Washington officials. Whether the State department is willing to go along with the idea is questionable but some compromise may be worked out.

The United States government opposed a previous invitation to the relatives by the Red Chinese. However, with a chance to win freedom for more Americans, it may just sit quietly by and let the relatives go without publicly discouraging them from the trip.

SOVIET WELCOME—State department officials are intrigued with the reports they have received from Moscow on the welcome that Indian Prime Minister Nehru got when he arrived in Russia recently. Nothing like it has been seen for a long time. The Kremlin high command met Nehru at the airport. Thousands of Moscovites lined the streets to cheer him. The motorcade was showered with flowers.

Officials here realize, of course, that the Russian rulers are trying to get Nehru on their side. However, they see more than that in the kind of welcome he received. It's been a long time since the ordinary Soviet citizen was given a chance to cheer at anything or anyone.

Coming as his did only a short time after Nikita Khrushchev behaved like the most ordinary of men in Belgrade, officials here are convinced the Kremlin now realizes the austerity it has imposed on itself and its subjects just won't win a single friend or influence a single person.

BIG FOUR—A man named Douglas MacArthur will play an important role at the Big Four heads of state conference at Geneva next month. Douglas MacArthur II, State department counselor and nephew of the five-star general, will head the policy co-ordinating group accompanying President Eisenhower and Secretary of State John Foster Dulles.

The career foreign service official is regarded in diplomatic circles as one of the shrewdest bargainers in the entire State department. MacArthur is an expert on both European and Asian affairs and has been a member of American delegations at virtually every high level conference since World War II.

POSTAL RAISE—Postal employees were highly indignant over what they termed the "shenanigans" of Postmaster General Arthur E. Summerfield in changing the pay period. Summerfield's action, which came on the very day that President Eisenhower signed into law the bill granting 500,000 postal workers an 8.1 per cent raise, had the effect of doing away with the retroactive boost that came with the overall pay increase.

AFL Postal Clerks President Leo George charged that the administration "arrogantly flaunted" the will of Congress in delaying the pay period from July 15 to July 22. The week's pay will be added to the amount paid workers when they leave the service.

George called the action "another example of the administration's talent for losing friends and alienating people."

Plans Underway For Christian Women's Picnic

Plans were made for the annual church meeting which will be a picnic on the church lawn at 6:30 p.m. Wednesday, July 6 at a meeting of the executive board of Christian Women Fellowship of the First Christian church on Thursday morning in the home of Mrs. John Gilmer.

Mrs. Bennie L. Juarez, president, conducted a short business meeting.

Coffee and donuts were served.

Those present were Mrs. Bennie L. Juarez, Mrs. E. T. Gore, Mrs. N. T. Kelly, Mrs. C. C. Connor, Mrs. Albert Richards, Mrs. C. V. Miller, Mrs. William Siegenthaler, Mrs. Earl Darst, Mrs. Hollis Grissom, Mrs. John Sparks, Mrs. John Lanning, and Mrs. Gilmer.

Carter Singers to Be Heard Here

The original Carter singers of Fort Worth, Texas, will appear in a concert at Bethel Baptist church, corner Church and Seventh St., 7:30 p.m. Tuesday, July 5.

The public is invited and admission is free.

INDIAN JOIN FORCE

ALBUQUERQUE—Herman Tsosia, a Navajo Indian from Espanola, was sworn into the Albuquerque Police Department yesterday. He is the force's first Indian officer. He attended Baldwin Wallace College, Berea, Ohio.

facilities for the Air Defense command.

In the overall appropriation bill the Senate also added 356 million dollars to speed up production of the B52, the Air Force's long range heavy jet bomber and the nation's chief weapon for intercontinental atomic bombing missions.

This addition was requested by the Pentagon after an argument developed over whether Russia was besting the United States in this vital field. Critics of the administration defense program including Sen. Symington (D-Mo.) former secretary of the Air Force, have said they are confident the bill will keep America ahead of Russia in the aerial striking power.

Experts Suggest Income Tax Revision Study to Tie in With Welfare Needs

SANTA FE—State Rep. Virgil McCollum, veteran legislator and fiscal expert from Carlsbad, has suggested income tax revision as one major point to be considered in any special session on the welfare problem.

The views of McCollum, respected chairman of the House Appropriations Committee, were made public here by the Legislative Council Service. Jack Holmes, director, said McCollum outlined a four-point program he felt should be in the form of proposed statutes if and when Gov. John F. Simms recalls the Legislature into special session.

A money shortage resulted in drastic cuts in welfare payments April 1. There have been indications that Simms may call the Legislature into special session late this summer to deal with the problem.

Holmes listed McCollum's four points as follows:

1. An income tax revision "which will provide sufficient revenue for an adequate but tightfisted welfare policy."
2. Lien recovery laws. Such a

law permits the state to recover from the estate of a deceased person who during his lifetime was a welfare recipient.

3. The un-earmarking of most of the main "captive funds." An earmarked fund is one diverted by law to a specific use. Gov. Simms has indicated he feels earmarking is not good governmental policy.

4. On the theory that un-earmarking would result in a bigger general fund and less receipts to the departments which have received the earmarked money, McCollum suggested the possibility the General Appropriations Bill would have to be rewritten, insofar as it affects the agencies getting earmarked funds.

"Mr. McCollum wants these things at least in talking shape, ready for any preliminary discussions that may be held before any call is issued for a special session," Holmes said.

Gov. Simms has indicated he might have such a preliminary session with leaders of the Legislature.

Holmes said he is assigning McCollum four points to his assistant, Inez B. Gill, and to Clay Buchanan, council attorney, for their study.

REDUCING TO AVOID DIVORCE

MRS. LILLIAN KORZEN, 44, is shown in Chicago after slimming down to 170 pounds from a hefty 190 in an attempt to save her marriage. Her goal is the trim 127 pounds she was when she became the bride of Michael Korzen, 42, a transit employe, who asked in court for a divorce because of her appetite, but hinted he might change his mind if she dieted. They have two children, Delores, 10, and Michael, Jr., 11. The case comes up again Sept. 27, and she says her husband is in for a pleasant surprise. (International)

House Votes Defense Funds

WASHINGTON—The House whisked through by voice today the year's biggest money bill—nearly 32 billion dollars to run the armed forces for the year beginning tomorrow.

House passage sent the huge compromise measure to the Senate which was expected to send it quickly to the White House for President Eisenhower's signature.

The final package earmarks \$7,239,953,000 for the Army, \$9,118,179,556 for the Navy and \$14,739,763,170 for the Air Force, including an extra 356 million dollars tacked on at Secretary of Defense Wilsons request to speed the output of B52 jet bombers.

Next 10 Days May Decide American League Flag Race

By THE ASSOCIATED PRESS

The next 10 days — from now until the All-Star Game break — may decide the American League pennant race. And it looks as if the best thing the four challengers to the New York Yankees can do is pray for rain.

If the Yanks, ahead by 5½ games, don't come out smelling like roses, one of the four contenders, at least, figures to wind up a bit groggy. The pressure is on Chicago, Cleveland, Detroit and Boston.

The schedule tells the story. New York plays 10 games in the 10 days, with two days off. Eight of the games are with Washington and Baltimore, the seventh and eighth-place clubs the Yanks have beaten 17 out of 21 times thus far.

Boston is the only toughie immediately ahead for the Yanks. The Red Sox, whose five-game winning streak was cut by Washington 3-2 yesterday, have lost six of eight to New York but are much stronger now. And Ted Williams probably will be back in service for the Fourth of July double-header at Yankee Stadium.

Second-place Chicago, dropping its fifth straight yesterday to Detroit 3-2, plays 11 games in the 10 days, with only one day of rest. Seven are with third-place Cleveland, just 1½ games behind the White Sox.

After a three-game set with the Indians that opens tonight, Chicago plays its other four games between sixth-place Kansas City and Detroit.

In addition to the seven games with Chicago, the Tribe has three scheduled with Kansas City and two with Detroit.

The Tigers play eight of their next 12 games against the A's, whom they've beaten in five of eight meetings. The Red Sox have 13 games on tap—the two at New York and nine against Washington and Baltimore.

Detroit wrapped up a sweep of the three-game set with the White Sox as Ray Boone pumped a two-run homer in the eighth to overcome a Chicago lead. It was victory No. 8 for Steven Gromek, who was tapped for a 430-foot home run by Minnie Miñoso with a man on in the sixth.

Slamming out in a big first inning that saw the entire batting order go to the plate the Union Dupples nine romped over Carper 15-7 Thursday afternoon in Babe Ruth League play.

Max Coleman's single off the steady pitching of Cal Long started Union on its way and they had tallied 7 runs off of 5 batters, including Barry Hager's double.

By the top of the fourth frame Carper had pushed up to within two runs of the Suppliers and the game stood at 6-8.

But Union broke loose again in the bottom of the fourth for six more runs, collected another in the fifth off of relief hurler Duane Howell and the ball game was over.

Bobby White's single in the top of the sixth scored Long for the Carper run.

Dec Fondy, first baseman for the Cubs, accepted 310 fielding chances before he made his first error this season.

NuMexers Fall 11-12 as Pair Of Singles Win

HOBBBS — The Hobbs Sports took a 11-12 win over Artesia NuMexers here tonight in a ten inning ball game.

The Sports had a nine run lead at the end of five innings of play, but could not hold it for the full nine innings as the NuMexers rallied twice to knot the score in the ninth.

A home run in the third by Julio De La Torre helped the Sports score their first three runs. Two singles, one by Ozzie Alvarez and the other by Bert Baez added the other two runs after De La Torre had hit his round tripper.

Again in the fifth Hobbs counted for three runs on three base hits and a NuMexer error.

Ollie Ortiz made the score nine when he hit one out of the park in the sixth inning.

Artesia's two big innings were the sixth and seventh when they scored four in the sixth and five in the seventh. The big hit of the sixth rally was a triple by Jim Bawcom with three men on.

In the eighth frame the NuMexers scored five runs on four singles and a base on balls plus one Hobbs error.

In the ninth inning Artesia tied the score with two men away on two base hits and an Hobbs error. One ball was hit out of the infield as the Hobbs inner defense folded to let the NuMexers even the count.

A single by Ozzie Alvarez a sacrifice by Bert Baez and a single by De La Torre, who collected four for six, won the game for the Sports in the bottom of the tenth inning.

Romero was the winning pitcher with his three inning relief job.

Homer Breaks Tie For San Angelo

By THE ASSOCIATED PRESS

Herm Charles came up with a homer to lead off the 10th inning at San Angelo last night that had the following effect on the Longhorn League.

1. It gave San Angelo a 4-3 decision over Midland.

2. It moved the Colts out of a tie with Midland into sole possession of second place, and,

3. It cut Artesia's lead to only two games.

Artesia's margin was trimmed when the NuMexers fell 12-11 to Hobbs in another 10-inning affair. In the other games, Roswell beat Carlsbad 12-3 and Odessa stopped Big Spring 8-6.

The teams all switch around tonight with Roswell at Big Spring, Artesia at Midland, Odessa at Carlsbad and San Angelo at Hobbs.

Elias Osorio and Jim Williams battered home runs for San Angelo in the seventh and eighth innings as the Colts came from behind a 3-0 deficit to tie it up. Marshall Epperson, who got the benefit of Charles' homer, was the winner.

At Hobbs, the Sports held a 10-4 lead at the end of six innings but Artesia chased in seven runs in the last two innings to tie it up. Julio De La Torre singled Big Spring.

home the winning run for Hobbs in the 10th.

Roswell had things all its own way in its easy decision over Carlsbad. The winners collected 14 hits, including two homers.

Rookie Tom Goodwin hit his first professional homer to break a 5-5 deadlock and hand Odessa the lead that stood in its victory over Big Spring.

Russian-American Showdown Looming Big As Rowing Teams Challenge at Regatta

HENLEY ON THAMES, England (AP)—A Russian-American showdown in rowing with Britain's most valued trophy as the prize awarded likely as the Royal Henley Regatta moved in to the quarter and semifinal stages today.

The University of Pennsylvania's heavyweight crew and Russia's Red Banner Club eight generally were favored to survive today's semifinals in competition for the regatta's 116-year-old Grand Challenge Cup.

Many regard it as rowing's most glittering trophy. Russia won it last year. The last American crew to hold it was Harvard in 1950.

In the semifinal, Penn's heavyweight crew faced the British Thames Rowing Club. Thames is as strong crew but most observers of performances so far gave the Americans an edge.

The rugged Russian oarsmen met the Vancouver Rowing Club, a Canadian outfit which has not been tested in Thames water. The Canadians had a little bad luck with injuries but looked keen in practice rows.

Should the final be an American-Russian contest the Pennsylvanians will give away a pound a man. The average weight of the Russians is 178 pounds, the Americans 177.

The Soviet eight had to go all out yesterday to defeat Jesus College of Cambridge while the Americans had no trouble with the London Rowing Club. The Russians' time over the mile and 550-yard course was an impressive 7 minutes 1 second. The Americans, taking it easy, came home in 7:14.

The clubs will switch around Friday night with El Paso at Lubbock.

buquerque, Amarillo at Clovis, Plainview at Pampa and Abilene at Lubbock.

Plainview Gets New Manager

By THE ASSOCIATED PRESS

Pampa stretched its West Texas New Mexico League lead and Plainview got a new skipper in the jammed-up circuit Thursday night.

The pace-setting Oilers moved out to four full games, one of the biggest leads of the season, with a 15-6 walloping of Lubbock.

Plainview's manager, Jackie Sullivan, was notified in a telephone call that he was being replaced as field boss.

Albuquerque took advantage of the Ponies' shock at finding their boss gone to pile it on with a 15-5 conquest.

In the other games, Ken Yoke scattered five hits in fine fashion in hurling El Paso to a 1-0 victory over Amarillo, while Clovis had

Precautions Still Wise

MOST of us have seen and read so much about polio vaccine and the various experiences we have undergone with it that perhaps we would like and appreciate a rest for a few days.

But we also are extremely happy, of course, that we have polio vaccine and are hopeful it will do all that it is expected to do. There is every reason to believe that it will.

But that should not result in us taking down our guards; getting careless; and taking unnecessary chances.

Although we have certain children who have been vaccinated we have far more who have not as yet had their shots. Many who have had their first shots have not had their second shots.

In some instances the vaccine has not been available; in other cases we decided to delay it; and in other cases we just didn't get around to it.

The supply of vaccine, of course, will sooner or later be built up to the point of where perhaps everyone can have their shots, children and adults. It won't be too long until we are definitely sure what it will do and until most of the danger hat is attached to any large scale experiment no longer exists.

But in the meanwhile it is just wise to continue to follow the various recommendations that have been given in the past concerning polio. It is wise not to take chances; to employ the precautions urged; and to do everything possible to avoid or to escape the disease.

We do know that the summer and fall months have seemingly been the worst months for polio. We know that it seems to appear from nowhere and strikes before we realize it.

We still need to learn more about it; how it is carried; and what causes the disease. But in the meanwhile it is wise to keep all of the good rules of sanitation. It is wise not to take any chances; it is wise to play safe and just practice good health rules and regulations.

Following good sanitation practices also helps to contribute to the halting of other diseases. It is still good practice to keep down the number of flies; to cover the garbage cans; to use spray freely; and to do everything else such as being sure the water supply is safe and the milk supply is good.

Observing of good health rules is always a wise procedure. lfhetruexgkib

Trabert, Nielsen Clash on Courts Today for All-England Net Title

WIMBLEDON, England—Tony Trabert and Kurt Nielsen, two blast-away players of great power bombard each other on Wimbledon's center court today for the men's singles title in the All-England Tennis Championships.

Either Trabert, the awesome American, or Nielsen, the dangerous Dane, will walk off the court recognized as the unofficial but undoubted world's amateur champion.

For both men this is their biggest day in tennis. For the spectators the battle promises booming services, stinging volleys and tactics calling for attack and more attack.

This should not be a contrast in styles. Both believe in pounding the ball hard and taking charge at the net as soon as possible. In a duel like that the man who cracks first usually loses the whole thing.

Trabert, the pride of Cincinnati and of American amateur tennis, is fit, relaxed and confident. So is Nielsen, a Copenhagen sporting goods importer.

Both are 24. They have met three times previously and Trabert has won each time.

Surface Water In Rio Valley Reported Gone

By THE ASSOCIATED PRESS

Balmy dry weather continued in most of New Mexico today as the Santa Fe Railway reported that surface water supplies are practically exhausted in the Rio Grande Valley.

The mercury soared to the 102-degree mark this week at Carlsbad in the southern part of the State. This compared with only 41 average at Gallup, Grants and Zuni.

The railway's crop report said the wheat harvest is later than usual with only a few fields being cut. It is doubtful if more than 500,000 bushels will be harvested, the report said.

"Except for a few counties in the northeastern part of the state, moisture conditions still remain very unfavorable, although most of the intended acreage of cotton and grain sorghums have been planted," the railway said.

"Considerable replanting of sorghum has been necessary because of lack of moisture to maintain a stand."

The railroad said last October's flood in the Pecos Valley provided sufficient runoff to give a good supply of water from Alamogordo and Red Bluff reservoirs. It said Rio Grande water supplies were nearly exhausted, "except where supplemented by wells."

Experts say the best way to remove a tick which has become embedded in your skin is to put light-colored fluid, nail polish remover, chloroform or ether on him.

About 200 persons attended the revue.

Steel Industry, Union Agree On New Wage Boost

PITTSBURGH—U. S. Steel Corp. and the CIO United Steelworkers today agreed on a 15-cent plus average hourly wage boost to end the shortest nation-wide strike in the steel industry's labor history.

The union's wage-policy committee gave a cheering, whistling ovation to union President David J. McDonald.

McDonald personally negotiated long talks with John A. Stephens, the wage pact in nearly eight vice president and chief negotiator for U. S. Steel.

The walkout began at midnight last night, but the settlement was expected to set idle mills and furnaces back into operation in quick order.

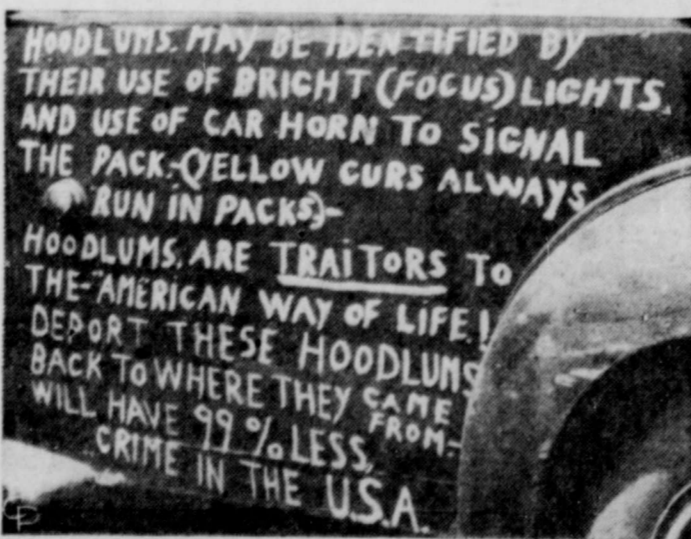

PONY MANAGER OUSTED

PLAINVIEW—President Sam Lanford of the Plainview Baseball Assn. has announced that Jackie Sullivan will be replaced as manager of the West Texas New Mexico League team. Outfielder Don Stokes has taken over temporary control of the club.

SAW THINGS IN WRONG LIGHT

Officer John Maggioncola talks to Jackson (right) in jail.

This is the legend painted on side of Jackson's panel truck.

THESE PHOTOS show opening phase of the strange case of truck driver William Jackson, lodged in Uniontown, Pa., jail, under charge of assault with intent to kill. Jackson is accused of firing shots at 12 autos whose drivers he said didn't dim their lights. From the legend on side of his truck (above) you gather that such an oversight is one of Jackson's pet peeves. Now Jackson himself is one of the pet peeves of Uniontown police. He is from Palagosa Springs, Colo. (International Soundphotos)

items. Shuler said facilities are needed to process about 9,000 tons of such items a year.

Shuler told the committee the principal mission of White Sands Proving Ground "is the execution of all technical and engineering responsibilities for flight testing of guided missiles, rockets and other munitions."

Of the \$1,247,000 in the bill, he said, \$262,000 would be used for an enlisted men's mess, \$476,000 for a technical-engineering building, and \$509,000 for a "missile counter-measure laboratory."

Shuler said the technical-engineering building would allow for the consolidation of the entire White Sands technical staff, numbering 218, involved in the guided missiles and rocket programs. Their activities are now carried on in four quonset buildings on loan from the Navy.

At Sandia Base, Shuler said the requested \$1,231,000 would be used for 90 family housing units.

When committee members asked him the size of the Sandia installation, Shuler replied: "Sir, the information on these stations is classified."

Eight Planes—

Continued From Page One

They were under command of Capt. Rangel de Lima, known as "Lucky Lima." He landed safely and reported the squadron flew into thick fog and the eight crashed jets had apparently smashed into a mountain.

Lima said the 12 planes were near Coimbra when the fog closed down. They were flying in three formations one above the other. He was in the top group. Blanketed and invisible in the fog just ahead of them was the 1500-foot-high Sierra Dos Carvalhos.

The captain said he heard a tremendous crash and saw flames shoot up from a spot immediately beneath his aircraft. He signalled to his three followers to return to base. His radio calls to the eight planes below were unanswered.

The Portuguese formation flight to death resembled a Swedish air force disaster May 2. Four Swedish jets, blinded in a fog, plunged together through the melting ice of Lake Gotter near the Baltic.

Col. Platte Rodrigues, commander of the Ota Air Base, called it "the biggest accident in the history of Portuguese aviation."

Fire—

Continued From Page One

started, said he feared an important cancer research project being carried on by the department was pretty much of a total loss. Officials would make no early damage estimates.

A large number of students and townspeople turned out to watch as volunteer fire departments from Las Vegas Old Town and New Town fought to control the flames raging through the old structure.

The building stands high on a hill in the center of the Highlands campus. It was built in 1898 but destroyed in 1922 in a winter fire when firemen had trouble getting water to the blaze because of frozen lines. It was rebuilt in that year.

Today's fire swept through the second, third and fourth floors after apparently starting on the first floor was left pretty much intact except for water and smoke damage.

The biology department, at the south end of the building, escaped serious damage. O. M. Beard, Carlsbad, and Bill Bullock and Cliff Lloyd, Artesia, Highlans authorities said nobody was in the building at the time the fire started shortly after 6 a.m.

Strike—

Continued from Page One

distance calls, but was having to turn down some regular calls.

Rex Harp, president of the CIO Communications Workers union in San Angelo, Tex., where the General Telephone Co. has its headquarters, said no strike has been called and any worker walking off the job without notice from the union would be acting unofficially.

Negotiations between the Communications Workers and the company were recessed today in San Angelo until Tuesday at 9 a.m. MST.

Union and company officials said the recess would allow representatives of the Federal Mediation Service time to get to San Angelo for the sessions.

The contract between the CWA and the 5-state telephone company expired at midnight, but no strike was called.

Some 2,000 union workers voted Wednesday to authorize union officials to call a strike if a new contract was not agreed upon by the time the old contract expired.

The union represents some 2,000 employees in scores of exchanges in Texas, Louisiana, Arkansas, Oklahoma and New Mexico.

Contract talks were bogged down on several issues. The union had 26 demands, including a starting minimum of \$1.25 per hour. The present starting minimum is 75 cents an hour.

Management presented 14 demands.

WHO DOES IT?

LUNCH DISAGREE WITH THEM?

THE UNSMILING expressions of Russia's V. M. Molotov (left) and Secretary of State John Foster Dulles indicate perhaps something disagrees either with them or between them. They are at the Russians' rented Hillsborough mansion near San Francisco, where Soviet foreign minister gave luncheon. (International Soundphotos)

Prospectors Invited to Probe Old Taos Mineral Right Lands

DENVER—A new uranium firm holding mineral rights to old land grants near Taos, N. M., today invited prospectors to explore their property in the Carson National Forest.

E. V. Storey, manager of the Monarch Mining & Development Co. of Denver, said his firm now owns mineral rights on 18,000 acres northeast of Taos. It will be opened to prospectors July 9 and each prospector will be assigned 250 acres, he said.

Storey said the land about 12 miles from Taos is in a "highly mineralized belt."

Announcements by the Atomic Energy Commission for the area said AEC ground survey teams have examined "several radioactive deposits of uranium and thorium" in the Taos area and in the Tusas Peak country west of Taos across the Rio Grande.

Several firms are doing exploration work in the Tusas area, the AEC said.

Most of the radioactive finds in the Carson National Forest area have been in pegmatite, which so far have not been too successful in producing commercial quantities of uranium, mining sources said.

Storey said he believed the Taos grant contained uranium in commercial quantities, as well as other minerals.

"If commercial ore is discovered, the company will have the privilege of setting the price and terms to buy or sell, whichever the prospector desires to do. The price to the prospector will be based on 10 per cent royalty of all ore mined," Storey said there would be no charge for prospecting permits.

Now you know!

The answers to everyday insurance questions By Don Jensen

QUESTION: I wonder if you can tell me if it is possible to get the cost of my window sign included in my glass insurance? ANSWER: Yes, your sign can be insured at a slight extra cost.

* If you'll address your own insurance questions to this office we'll try to give you the correct answers and there will be no charge or obligation of any kind.

THE CHURCH OF JESUS CHRIST OF LATTER DAY SAINTS

100F Hall, 510 W. Main
 Services each Sunday 10 to 12 a. m.
 Services in charge of Elders Peterson and Gottfredson.

The VERDICT!

Some things are so final. One of them is Judgment. But whether we like it or not, it is coming. The child at school knows a test is set—he must make ready for it. The man at his bench knows the work must get done, and on time. All life should help us face the coming verdict. The wise person gets the better of it by setting his own judgment at the close of every day. Life is made up of years, of months, of days. Why wait for luck or chance which might make an escape possible? **YOU CANT BEAT THE VERDICT.** God will allow you to reap only what you have sown. You write your own verdict... *God announces it. Go to church every Sunday. Confess your sins to God. Write a clean page. Keep the record clear. Then the verdict will be well with your soul.*

YOUR CHURCH NEEDS YOUR SUPPORT!
