## State Comptroller Approves Artesia's Fiscal Budget

### Four Changes Recommended by Officials

cept for minor amendments, the city's proposed budget for the current fiscal year—upwards of a half million dollars—met the approval of Manuel R. Baca, acting state Tax Comptroller, today.

Baca recommended approval of the city budget as amended after a hearing in city council chamber at city hall, tax and budget special committee usually approves a budget if he so recommends.

Tax Commission is scheduled to act on the recommended budget the first Monday in September.

### Four Changes

changes were made in the budget at Baca's suggestion. These were:

\$12,000 recreation fund, increased from the state tax on cigarettes, which had been included in the general fund was made a separate fund, as provided by statute.

An estimate of \$20,000 for valorem tax on real estate was continued on Page Four.

### Iron Quits Party Move to Force Argentine Peace

ENOS AIRES (AP)—President Peron's party in the House of Deputies today accepted the resignation of its leaders as officers of the party and chose an almost entirely new group to replace them.

Peron's move was in compliance with his July 15 proclamation. Peronista officers of the party stepped down as part of his pacification program.

Peron announced then his own resignation of the party leadership and government officials resigned their party posts.

Today the president stood against appeals from the junta that he continue as chief.

Peron's deputies have been acting for a week over their resignation for officers of the House of Deputies. Agreement on a slate was reached today. Their resignation is assured because of the overwhelming Peronista majority.

### Fund Shortage Closes Desert Town's Bank

TWENTYNINE PALMS, Calif. (AP)—A \$678,000 shortage has shut down this Mojave Desert town's only bank and its vice president-cashier, who also is a race horse owner, is under arrest on an embezzlement charge.

Asst. U. S. Atty. Ray H. Kinnison said an audit disclosed the shortage at the Joshua National Bank, a seven-year-old institution serving 3,200 residents of this community and a nearby Marine Corps training camp.

Nabbed Monday

The bank official, Roscoe D. Coon, 46, was arrested yesterday by FBI agents at his Del Mar race track stable in San Diego County. He was specifically charged with embezzling \$10,000 of the missing \$678,000.

Coon was remanded to the San Diego County Jail in lieu of \$50,000 bail pending arraignment.

Coon, a short, ruddy man wearing a flowered sport shirt and slacks, told newsmen:

"I don't know what the charges against me. I'm still in the dark about this whole thing. I was sitting in the sun at my B and R Stable when the FBI came and told me I was under arrest. It was a big surprise to me."

On Sick Leave

He explained that he had been (Continued on page four)

### Kaiser Steel Buys Largest S. Coal Lands Near Raton

TON (AP)—Kaiser Steel Corp. announced the purchase for \$1 billion dollars of coal lands by the St. Louis, Rocky Mountain and Pacific Coal Co. of Wyoming.

The purchase is the largest single tract of coal and ownership in the States—529,904 acres in eastern New Mexico.

The announcement was made at a news conference here today by Jack Ashby, vice president and general manager of the Oakland, Calif. company.

The Kaiser purchase in acquisition of title to 202,000 acres of coal-bearing land, and mining rights on an additional 100,000 acres.

Kaiser official said there are no plans at present to increase the scope of the coking plant at Raton. Some shipments will continue to be made to firms Fontana, Calif., steel testing and development.

Today's luncheon were attended by John F. Simms and more than 50 state and local civic, business and religious figures.

Simms said that in the past, all shipments of coking coal have been made from the company's mines to Fontana,

## Artesia School Bus Drivers To Attend State Institute

At least 13 of Artesia's 22 school bus drivers plan to attend the 14th annual school bus drivers institute at New Mexico Western college in Silver City, starting Aug. 1.

"More drivers may find it possible to attend," Walter Short, director of special activities for the school system, said today. "Any driver who has never attended the institute should go if it is at all possible. The faculty is very good and the courses of tremendous benefit to school bus drivers."

The local drivers who have expressed intention to go are: G. Edward Kaiser and Mrs. Kaiser, Warren Johnston, Sank Tunnell, Neil Hardin, Mr. and Mrs. C. H. Murdock, Mr. and Mrs. A. G. Greenwood, John Bannister, R. N. Teel, Leonard Whitaker and Herman Ford, Kaiser, Murdock, Teel

and Greenwood are contractors for as well as drivers in the school transportation setup. Kaiser will serve on the institute's attendance committee.

Director Short also will attend the five-day institute.

According to an announcement at Silver City by Jess Holmes, institute director, more than 1,000 school bus drivers in the state are expected to attend. Classes are given in safety, public relations, child psychology, first aid, traffic law enforcement, maintenance, records and reports and there will be a superintendents' workshop and one for contractors.

One of the highlights of the Bus Institute is the Roadco with each county being represented by its best driver. Each driver is rated by both written examination and actual performance. Members of the State Police and consultants from the National Safety Council and the Bus Drivers Association will make up the judging committee for the competition.

The Bus Drivers Association, composed of only regularly employed drivers, (Continued on Page Four)

### Optimist Official Pleads for New Recreational Aids for Young Folk

A plea for full speed ahead in promoting recreational facilities for young folk, to combat the blighting influence of the times, was left with Artesia Optimists by Bill Tate, of Dallas, former vice president of Optimist International.

Tate was featured speaker at the board meeting of the 19th Optimist district Sunday at the Artesia hotel.

Some 50 delegates attended from the district, which comprises New Mexico and El Paso and Juarez. High tribute was paid to the Juarez members who could not attend because they are busy feeding 500 flood refugees in their stricken city from the kitchen facilities of their Optimist club.

First Time Here

It was the first time the Artesia club had played host to a district board meeting. Representation was reported 100 per cent for zone B, which includes Artesia, Carlsbad, Roswell and Alamogordo.

District Gov. Scott Miller, who presided at the sessions, recounted that Optimist International was established in 1911 and, although juvenile delinquency was an unheard of term then, the organization took as its motto, "Friend of the Boys."

Since the inception of District 19, Miller said, it has worked with 7,000 boys. Optimist International, he said, has helped almost one million boys.

Principal purpose of the meeting (Continued on Page Four)

CAPTAIN HAREAL MATHIS, of 703 Bullock, is now stationed at Mountain Home AFB, Idaho. He is assigned to the 9th Headquarters Sqd. He entered the service in Jan., 1941 and attended Aviation Cadets School. He got his commission in Sept., 1944. His unit is part of the 9th Bomb Wing in General Curtis E. LeMay's famed Strategic Air Command.

### Overtaken Boat Arouses Fears Of Lake Drowning

Fear that some Peccos Valley boat owner had perished in Lake McMillan, 15 miles south of Artesia, was aroused with the report to police here that a boat had been floating upside down in the lake for more than a week.

The report, by the caretaker at the lake, was relayed to the police by F. M. Parrish, of the General American Oil Co., Loco Hills.

However, checking by police here and at Roswell failed to disclose anyone missing. It was concluded that the boat had been torn loose from its moorings and overturned by wind.

### Mrs. Anna Derring Dies of Illness

Mrs. Anna Lou Derring, sister of Mrs. C. R. Baldwin, Artesia, died in Texas, Sunday morning after a lingering illness.

Funeral services were held at 10 this morning at Borger, Texas.

Mr. and Mrs. C. R. Baldwin, Mr. and Mrs. C. N. Baldwin and children, and Miss Bernice Baldwin, all of Artesia, are in Borger for the funeral services.

## Continental Oil Co. Reports Income Gain Despite Cost Boost

Despite expenditure of \$2.5 million dollars more in the first six months of 1955 than for the same period last year for drilling and other development, consolidated net income of the Continental Oil Co., rose from \$21.9 millions for the first half of 1954 to \$22.2 millions for the six months ended June 30.

That encouraging picture was drawn in figures on the interim financial report of the company made public today through Emerson G. Smith, Continental's director of public information at Houston.

Under the accounting practice followed by the company, intangible development costs incurred in drilling all oil and gas wells are charged against current earnings. Those costs totaled \$18.2 million dollars for the first six months of 1955, as compared with \$15.7 million for the same 1954 period.

First Quarter Hikes

Increases came in the first quarter of the year, since consolidated net income for the second quarter of 1955 was only 10 million dollars, compared with 10.3 million for the second 1954 quarter. However, development costs in the second quarter rose from 8.9 million in 1954 to 10.5 million this year.

The six months' earnings amounted to \$2.27 per share, as against \$2.24 last year. The quarter per share earnings were down from last year by 3 cents a share. Dividends paid each quarter this year were 70 cents, up from last year's 65 cents for the same quarters.

## USAF Counsel Says Talbott Affairs Legal

WASHINGTON (AP)—John A. Johnson, Air Force general counsel, testified today he discussed secretary Harold E. Talbott's outside business interests with Atty. Gen. Brownell last January, and Brownell "expressed no disagreement" with his opinion that they were legal.

Johnson told investigating senators he wrote a "draft memorandum" on the matter after learning that the Radio Corp. of America was questioning both the propriety and legality of doing business with a management engineering firm in which Talbott was a partner.

Johnson said "the secretary asked me to discuss the matter with the attorney general," and that he did so last Jan. 6.

"My meeting with the attorney general was very brief," Johnson continued. "I showed him my draft memorandum."

(Continued on Page Four)

## Road Easements Being Purchased

P. E. Conradt of the right-of-way division, State Highway Department, was signing up easements today for the new 4.2-mile Artesia - Atoka highway project south of the city.

Additional property is needed to permit widening the highway to 150 feet. Old pavement is to be torn up and a new road constructed. Cooperating with Conradt is a state-appointed appraiser. Contracts for the project are scheduled to be let the last of August.

FENDERS CRUSHED

Tressie Cook, employed at the telephone company building, reported to police that some driver sideswiped her car while it was parked in front of her home at 404 N. Sixth St. Fenders and the door on the right side were damaged.

## Congress May End Session By Saturday

WASHINGTON (AP)—Chances for adjournment this week of the 1955 session of Congress teetered in the balance today as both House and Senate struggled with the usual last-minute rush of bills.

Senate leaders took the position there still is a good chance to wind up by this Saturday night. House leaders appeared somewhat less optimistic.

House leaders called up today one of the big controversial measures of the session—a road construction bill to provide for 48½ billion dollars of federal and state spending over the next 13 years. The Senate has passed it in different form.

The Senate works on a \$1,826,111,614 supplemental money bill—the cleanup appropriations measure for this year with items in it for dozens of government agencies. This has cleared the House in different form.

## Scott Catching Up After Dallas Trip

Paul Scott, manager of the Artesia chamber of commerce, is bee-busy at the chamber this week catching up on his duties after his attendance at the Southwestern Chamber of Commerce Institute in Dallas.

Chamber of Commerce managers and officers from eight states attended the institute. Scott served as a member of the board of managers at the institute.

## U.S. to Seek Cease-Fire in Formosa Crisis

WASHINGTON (AP)—Secretary of State Dulles said today "war danger has receded" as a result of the Big Four summit talks at Geneva.

Dulles' news conference statements amounted to saying in new words what President Eisenhower said last night—that a spark of world peace was ignited at the Big Four summit conference, but much patience and sacrifice will be needed to keep that spark alive.

Eisenhower, in a nationwide broadcast report on the session from which he had just returned, added that "some giving on each side will be needed."

Case-Fire Hopes

Dulles told his audience of newsmen the United States intends to find out at talks in Geneva beginning Monday whether Red China will accept a cease-fire in the Formosa area.

He added that the American representative at the Geneva meeting will be ready to listen to and discuss any matter which Red China brings up which directly involves Red China and the United States.

Dulles said he is convinced (Continued on page four)

## Jubilee Rodeo Queen Ballot Boxes in Place

First count in the penny-a-vote contest for Rodeo Queen of the Jubilee will be conducted Wednesday. Ballot boxes for the four contestants are in place and voting is under way.

The contestants and locations of their ballot boxes are as follows:

Mary Ann Goodson — Irby Drug fountain, Smoke House, Mann Drug store.

Terry Jane Gray — Toggery, AR Pool hall, Elks club.

Michele Ruppert — Irby Drug store, Artesia Hotel cocktail lounge, Cliff's lounge.

Barbara Funk — Thompson Price Co., Mint Bar, Palace Drug store.

## Water Carnival Registration Due

Registration will begin next week for the Water Carnival to be held Aug. 11 in connection with the Golden Jubilee, it was announced today.

Beginning at 3 p. m., the Water Carnival will include: a pajama relay, medley relay, 100-yard free style, funny book relay, and pearl and straight diving. There will be prizes for boy and girl contestants.

## From The Files Of 50 Years Ago

July, 1905

Our people were quite willing to fold their arms and do nothing Monday and Tuesday. The good rain was such a blessing, especially for stockmen on the range. Those who own big wells care little for rain, but it is nice for outside stock.

It seems that Mr. J. R. Blair had some oats to sell, but the waters got up and the oats set sail.

A number of new prospectors arrived Wednesday and Thursday from the north, which added new impetus to business in our thriving little city. All those who have arrived say that others will come a little later, therefore, we expect a great rush in the fall. Natural advantages here surpass those of any other section of the south and the people back east are finding it out.

Messrs. Ray, Gibson, Cornell and Swebston spent Thursday afternoon fishing in Spring Lake. They had no asafetida with them and of course had no luck.

Mr. and Mrs. Bert Roby are now the proud parents of another fine girl, born Monday. Mr. Roby is now worth four million dollars, as he values his girls at something over a million each.

Mrs. Mattie Mauck and Miss Lizzie Eakin have moved their millinery stock into the E. A. Clayton building on Main street, opposite the Bank of Artesia. They are now prepared to handle the Artesia trade in the most up-to-date manner.

FAST PROGRESS on Artesia's First Street highway project has been made possible by the mighty maw of this stone crusher. Roaring away at the Longenbaugh & Coe installation beyond the airport, the huge crusher provides road material at an amazing pace. Despite delaying rains, the construction has kept ahead of schedule. (Advocate Photo)

THE SCOTT PUBLISHING CO. ARTESIA, N.M. PRINTED AND BOUND AT THE SCOTT PUBLISHING CO. ARTESIA, N.M. THE BINDING ON THE DOCK...

### OES Past Matrons Euologize Late Member Mrs. Eva Coll

Memorial services were held for Eva Coll, a charter member of the Past Matrons Club, Order of Eastern Star, at a meeting held Monday afternoon in the home of Mrs. Don Riddle.

Mrs. Earl Darst, president, conducted a short business session, and this was followed by the memorial services.

Mrs. Darst opened the service, Mrs. Calvin Dunn gave the tribute.

Mrs. J. C. Floore placed the white flower in the vase. Mrs. George Teel read a poem on friendship, "If I Have Time," and Mrs. Nathan Kelly closed with a prayer.

Refreshments of punch and cookies were served.

Those present were Mrs. Reed Brainard, Mrs. R. L. Cole, Mrs. P. V. Morris, Mrs. Harold Kersey, Mrs. J. C. Floore, Mrs. L. P. Glasscock, Mrs. Nathan Kelly, Mrs. Rufus Stinnett, Mrs. John Rowland, Mrs. Calvin Dunn, Mrs. Earl Darst, Mrs. Jesse Funk, Mrs. George S. Teel, and Mrs. Don Riddle.

### Personal Mention

Mr. and Mrs. H. W. Langford and children have returned from a visit to Denton, Texas, where they visited relatives. Mrs. Lee Mosley returned home with them and will visit her sons, Frank Mosley and H. W. Langford in Artesia, and Albert Mosley in Carlsbad.

Mrs. Margaret Dillard and children, Dianne and Dickie have returned from a week's trip to Fort Cobb, Okla., where they visited mother and grandmother, Mrs. Oscar Davidson.

Mrs. Bill Keith of Sallisaw, Okla., arrived this week to visit her sister, Mr. and Mrs. C. H. Winters, and other relatives.

Mr. and Mrs. Louis Baker on Sunday went to Clouderoff, White Sands, returning late that evening.

Mrs. B. A. DeMars spent last week in Pinon in the home of Mr. and Mrs. A. E. Jernigan.

Guests Sunday in the home of Mrs. Mildred Chipman were Mr. and Mrs. Joe Potter of Fort Worth, Texas, and Mr. and Mrs. John Alexander of Moody, Texas.

PERSONAL MENTION

Mr. and Mrs. Kenneth White and children of Rockford, Ill., arrived Saturday to spend several days here visiting Mrs. White's parents, Mr. and Mrs. R. C. Higley, 610 S. Roselawn.

Mr. and Mrs. Marvyn Jackson and Mr. and Mrs. Jimmy Reed and children, all of Lovington, spent Sunday here visiting their parents, Mr. and Mrs. J. M. Jackson and other relatives.

### Recreation Chief Speaks at Church

"The Bright Side of Life" was the address given by H. Floyd Davis at a meeting of the Yucca sub-district of Methodist Youth Fellowship which was held on Sunday afternoon at the First Methodist church.

Dick Cox, president of the Artesia group, presided over the business meeting.

Yucca sub-district is composed of Roswell, Hazerman, Dexter, Carlsbad and Artesia.

At the close of the meeting refreshments were served.

The next meeting will be in September in Carlsbad.

### STEP-BROTHER, SISTER TO WED

THOMAS TAYLOR, 22, and Dayna Hutchins, 21, are shown in Berkeley, Calif., after announcing their June 24 wedding date, climax of a romance preceded by marriage of their parents, which made them step-brother and sister. They started dating in high school, and this led to meeting of her mother, a widow, and his father, a widower. The parents beat them to the punch, Dayna is a University of California coed. (International Soundphoto)

### Youth Fellowship Sets Retreat Plan

Christian Youth Fellowship of the First Christian Church left Artesia at 1:45 p. m. Sunday for James Canyon to plan a retreat.

Plans were made for the next three months. They were based on the international theme, "No Hands But Ours." They set a goal of \$75 for the Christian World Friendship fund. The international goal is \$125,000.

The officers leading the retreat were Jim Shipp, president; Shey Patterson, secretary-treasurer; Mary Ruth Haag, worship area chairman; Shey Patterson, recreation area chairman; and Betty Juarez, enlistment area chairman.

After a sack lunch, the group held worship service and singing.

Others making the trip besides the officers were Lu Ann Siegenthaler, Carolyn Barton, Shearill Shearman, Henry Allen, Steve Kelly and Pat Reeves.

### Hartman Fears Scramble After Taxation Money

Former State Comptroller Edward M. Hartman, said here today that increases in revenues suggested by Gov. Simms to aid the state welfare department might be diverted to other uses through the machinery of the state general fund.

This, Hartman said, was the basis for his letter to Simms and members of the legislature pointing the way to meet Welfare department needs without tax boosts.

"The present administration apparently wanted to please everybody and granted appropriations to every state agency without regard to revenues.

"Now it wants a special session to grant new revenue increases which would be placed in the general fund. But there is nothing to say that these funds wouldn't be used to benefit other agencies as well as the welfare department."

Commenting on the so-called party "rebels" who might take the bit in their teeth at the special session, Hartman said he "wouldn't be a bit surprised" if these legislators were to convene on the govern-

### Being a Good Hostess Easy If You Just Pamper Guests

By VIVIAN BROWN  
AP Newsfeatures Writer

Remember your last miserable weekend as a house guest? We don't put your guest in the same spot.

A weekend guest deserves to feel that you have anticipated her visit and are happy to have her there.

Everything should be ready when the guest arrives. No one likes to sit down and wait until a room is made up so do have everything organized.

It is easy to be a good hostess. The first step is to insure your guests' comfort. Keep these things in mind.

Be sure the guest room is inviting with crisp curtains at the

windows and sparkling clean linens on the bed.

Clean washcloths, facecloths and towels should be left in the guest's room unless she has a private bath.

If the bath is to be shared, remove old grubby soap scraps. A guest should have a new cake of soap. One English firm exports visitors' disks especially for this purpose. The guest soaps are six to a box in a range of beautiful decorator colors and fragrances.

Your guest room should certainly have a small bouquet of flowers, a plant or single rose in a bud vase. There is nothing more cheery than walking into a guest room with flowers. It is a welcome sign in itself.

Be sure there are enough hangers in the closets, extra blankets in closet or bureau drawers, a good reading lamp at the bed. Many guests like an alarm clock so they will not oversleep and disturb the household.

Cleansing cream, powder and tissues are musts in the guest room. The changes are your guest will have her own cosmetics, tooth paste and tooth brush but in the eventuality she forgets them, it is embarrassing to ask to borrow these items. Place them handily on a tray so she might avail herself of them if she chooses.

A newspaper is a wonderful eye-opener at the breakfast table. Order an extra one for the days your guest is to be with you. Some people do not like to hold a conversation early in the morning. And what better conversation starter is there than a newspaper?

### Talented Beauty

MARTHA CHESTNUT, 19, of Conway, an accomplished pianist, is South Carolina's choice in the Miss America beauty and talent pageant at Atlantic City, N. J., in September. She is shown with her trophy. (International)

### Church Women to Purchase Banner

Members voted to purchase a banner at a meeting of Catholic Daughters of America, Queen of the Rosary court 1673, held Monday night in the home of Mrs. Charles Solga.

Mrs. Solga, grand regent, presided over the meeting. Members discussed ways of raising money for the coming year.

Those present were Mrs. Robert Anderson, Mrs. Charles Snyder, Mrs. Paul Terry, Mrs. J. W. Jones, Mrs. George White, Mrs. Don Kennedy, Mrs. Hazel Mills, Mrs. J. J. Clarke, Sr., and Mrs. Solga.

The next business meeting will be held Monday, Aug. 8.

### July Birthdays Celebrated By Amiga Sewing Club Group

Amiga Sewing Club honored members having birthdays in July with a party on Sunday afternoon at the home of Mrs. Reed Dowell.

Hostesses were Mrs. Ted Carter, Mrs. C. V. Miller, Mrs. Margaret Dillard and Mrs. Reed Dowell.

Those having birthdays were Mrs. Paul Terry, Mrs. C. E. Roach, Mrs. Tom Boyd and Mrs. Chester Mayes.

The afternoon was spent in visiting and looking through old magazines.

Refreshments of birthday cake, coffee and punch were served.

Others present besides the above mentioned were Mrs. H. T. Gissler, Mrs. Ed Thompson, Mrs. J. C. Watson, Mrs. Bill Meacham, and Mrs. Ralph Barr.

Guests present were Mrs. Lavena Beck, Mrs. Cleo McAlester, and Mrs. Crow, all of Artesia, and Mrs. Marvyn Jackson and Mrs. Jimmy Reed of Lovington, and Mrs. Jack Madison of Roswell.

In southeast Pakistan, people often keep cows as a sign of prosperity although they make no use of their meat, milk or hides.

### Swim Party Set

Alpha Lambda chapter of Beta Sigma Phi will hold a swimming party at 10 o'clock tomorrow morning at Artesia Country club and will be followed by a luncheon.

As of January of this year, 25,000 South Vietnam refugees received Red Cross parcels of clothing, and other necessities.

# Slam-Bang 7th Frame Gives NuMexers 5-2 Win Over Colts

## SPORTS

### Bawcom Gets Homer; Only a Game Behind

Artesia's rampaging NuMexers repeated their victory habit over league-leading San Angelo last night, exploding in the seventh inning for five runs to take the game 5-2 and clip the Colts' lead to a single game.

It was another big night for Jim Bawcom, Artesia centerfielder, who drove a home run down the middle of the diamond in the seventh with two men on. Eddie Locke, pitching for the home team, held the Colts to six hits while personally accounting for two singles and a double in four times up.

The Artesia scoring spree occurred after one out in the seventh. Locke singled and was driven around by Gallardo's triple. Honza's single scored Gallardo. After Coscia struck out, Boyd walked and then Bawcom clouted his four-bagger.

The game was continued after the fourth inning under San Angelo's protest. Hot arguments over umpire Bello's rulings on balls and strikes brought ejection of two Colts — Catcher Bowland in the seventh and Brewer, second baseman, in the eighth.

### Stengel's Hitters Ain't Hittin' And His Pitchers Ain't Pitchin'

NEW YORK (AP)—Prof. Casey Stengel looked into space. He didn't want to look at his New York Yankees, who have him almost, but not quite, at a loss for words.

### DiMaggio Joins Baseball Hall Of Fame Roll

COOPERSTOWN, N. Y. (AP)—In his prime, no New York Yankee game was over until Joe DiMaggio had his cut. And yesterday, as baseball paused to add six more names to its scroll of immortality, it was as if Joe were still in the dugout.

Those who gathered to watch the enshrinement greeted the first five newcomers to baseball's Hall of Fame with polite respect, applauding warmly as first Frank "Home Run" Baker and then Ray Schalk, Dazzy Vance, Gabby Hartnett and Ted Lyons were introduced.

But the formality was gone when Commissioner Ford Frick extended his hand to DiMaggio. The cheering was unrestrained. The crowd whistled and shouted. There were cries of "Alta Boy, Joe!"

This is a happy day for me," said Joe, and then he talked of how he came up with the Yankees. Of how he had followed every move of the late Lou Gehrig, learning "what makes a big leaguer."

"I'm proud, indeed, to be put alongside Lou, Bill Diekey, my other old teammate, and those other great players of my time and before."

Afterward, the Boston Red Sox defeated the Milwaukee Braves 4-2 in the annual exhibition game held in conjunction with the festivities.

### League Prexies To Confer With Guest Official

ABILENE (AP)—George M. Trautman, president of the National Association of Professional Baseball Leagues, will confer with officials of the West Texas - New Mexico, Big State and Longhorn Leagues here Thursday.

### Ford, Middlecoff Needle Each Other On Style of Playing at PGA Meet

DETROIT (AP)—Doug Ford and Cary Middlecoff, who square off today for the 37th PGA championship, simply don't like each other's style of play.

### Girl Tag Match On Mat Program Tomorrow Night

Wrestling returns in force to Our Lady of Grace Center this Wednesday night with four girls on the main event. Ella Kowalski of Detroit, Mich., and Priscilla Gallegas will team up to meet Kitty Starr and Laura Martin both of Dallas, Tex.

### Union 9 Edges First National

Union Supply tallied two runs in the last of the fifth to edge out the First National bank team in the Babe Ruth league at Municipal park yesterday. The score was 7 to 6.

Lonnie Higgins, Union's right-flier, scored four of his team's runs.

Madrid, the First National pitcher, allowed only four hits but walked two in the fifth to get into trouble.

### Union 9 Edges First National

DETROIT (AP)—Doug Ford and Cary Middlecoff, who square off today for the 37th PGA championship, simply don't like each other's style of play.

### Girl Tag Match On Mat Program Tomorrow Night

Wrestling returns in force to Our Lady of Grace Center this Wednesday night with four girls on the main event. Ella Kowalski of Detroit, Mich., and Priscilla Gallegas will team up to meet Kitty Starr and Laura Martin both of Dallas, Tex.

### Five WT-NM Men Fined for Temper

ABILENE (AP)—The West Texas-New Mexico League office has announced that \$40 in fines have been handed out to five players in the past week for use of overripe language in arguments with umpires.

Those fined were Jim Martin and Red Dial of Pampa, Chuck Thomason of Amarillo and Jim Lemons and Jack Cardey of Plainview.

### White Sox Invade Yankee Stadium in Try for Lead

By ED WILKS The Associated Press

The run for the American pennant starts tonight as Western teams invade the East. The Chicago White Sox, still trying to get the hang of staying in the lead, barge into Yankee Stadium to harass first-place New York.

And Cleveland, just two percentage points behind second-place Chicago, tries to keep the lid on the Red Sox at Boston.

Four are the teams to watch — although it might be better to keep an eye on Detroit — as the contenders try to snarl the tight AL race. Could schoolteacher

beat to beat in women's western

CHICAGO (AP)—The form sheet is slightly tattered, but schoolteacher Beverly Gammon, of St. Paul, the 1954 runner-up, still hopes the gal to beat as the 55th women's Western Amateur Golf

championship is played today. Yesterday's qualifying round whittled an original 114 to a field of 32, knocked out two

contenders and nearly wiped out the meet's only former champion, Marjorie Lindsay, of Chicago.

Marjorie Nelson, of Indianapolis, runner-up in the 1953 Western, flunked with an 87, a two strokes behind the co-medalist, 18-year-old Wilfi Smith.

Smith, a former champion, was dethroned by Carol Diring, 29, of Tiffin, Ohio, who fired par 75.

NEW BRUNSWICK, N. J. (AP)—Davy Bell, who coached in the Davy O'Brien, who was on the 1938 All-America at Texas Tech in 1938, have been named to the Hall of Fame.

SMU, now director of Athletics at SMU, coached at Haskell Institute, Texas A&M and Southern Methodist. He had a Rose Bowl team in 1935. In his career he compiled a record of 155 victories, 86 losses and 17 ties.

O'Brien was the quarterback of the Christian's undefeated, undefeated national champions of 1938. He beat Carnegie Tech in the Rose Bowl. He was noted as a great all-around player although never weighing over 100 pounds. He still holds the lowest conference record for yards—1,733 in 1938. He completed 110 passes to tie the record.

Wilson Burbrink, St. Louis Cardinals catcher, is one of the oldest catchers to make the majors. He's 47 and broke into organized baseball in 1940.

### U. S. Davis Cup Netmen Improve Under Talbert

NEW YORK (AP)—The three men most directly concerned with keeping the Davis Cup in the United States today look ahead to the Challenge Round next month with guarded optimism.

Non-playing Captain Billy Talbert and his two aces, Tony Trabert and Vic Seixas, have one big tournament — the Pennsylvania Championship — under their belts and it went just as they expected.

Trabert beat Seixas in the final. "Vic has a lot of work ahead of him," acknowledged Talbert. "He certainly is not up to the form he showed last December when he won back the Davis Cup from the Australians. But he's in the right frame of mind and should respond to some concentrated effort."

The qualifying rounds of the Invitational Tournament will be played on Thursday, the 4th, climaxed by a Calcutta Dinner in the evening. Match play will begin on Friday, the 5th, and will continue through Sunday, the 7th.

All flights will be 8-man except the championship Flight which will be made up of 16 players. There will be equal prizes for all flights, including the consolation. The entrance fee remains \$10 as in previous years.

### Socorro's Golf Invitational Is Set for Aug. 3

SOCORRO—The Socorro Golfers Association will hold its Third Annual Invitational Golf Tournament Aug. 3-7. The sporty all-grass New Mexico Tech golf course will be the scene of the event. All golfers, both professional and amateur are eligible for the tournament.

A Pro-Am Tourney will be held Wednesday, the 3rd, with a purse of \$250 being added for the professionals.

Mines Are Made, Not Found

The old time western prospector, with his burro carrying a few simple tools, had a keen eye for pay dirt. But if he had located the ore being mined today by Chino Mines Division, he would have passed it by. To him it would have been a worthless rock pile.

The prospector would have been right, because with his tools and muscles, he couldn't have obtained enough copper to pay for his bacon and beans. A mine like Chino's can be worked successfully only through the use of mass mining methods and expensive tools and equipment. It must be made.

Through the years, it has taken an investment of \$38,000,000 to establish the operation that today produces the everlasting metal from ore containing an average of only 14 pounds of copper to the ton. And to mine a ton of ore, almost two tons of waste must be removed first.

The millions of dollars needed to buy the tools used by Chino Mines Division's 2500 employees came from Kennecott Copper Corporation's owners — 90,000 shareholders who invested their savings with the company.

Their investment made a mine. It turned a rock pile into a source of benefits for the people of New Mexico. Chino payrolls, supply purchases and tax payments help produce prosperity throughout our state.

## Where Do We Get Money?

There is going to be a lot of conversation about the proposed federal road building project with most of it based on where we are going to get the cash to pay for the roads.

We find this a bit strange and yet perhaps it is only to be expected. When congress gets ready to appropriate money for foreign aid—they don't ask where they are going to get the money. They just appropriate it and let the American taxpayers worry about it.

We had some \$11 billion dollars on hand for foreign aid but we voted another \$3.5 billions to provide defense, to buy this and that and to take care of some of the things we keep contending we must aid to have their friendship.

Most of us have learned through the years you can't buy friendship but Uncle Sam hasn't learned that as yet.

So we appropriate billions to aid and help others but when it is a problem at home; when it is an American need; when it is something we should have provided a long time ago we spend most of the time arguing about where we are going to get the money.

You can be sure there will be some arguments over that, too.

One plan calls for the issuing of bonds on which the American taxpayers would pay a tremendous interest and pay off in time. But the House wants to provide funds and provide taxes to furnish these Monies. This pay-as-you-go financing of a 12-year interstate highway construction program authorizes a total of \$725 million for federal aid.

The proposals call for increasing the present two cent gasoline tax to three cents; and the diesel fuel tax from two cents to six cents a gallon for 15 years; from 1956 through July 1, 1970 when the tax on both would revert to one and one-half cents. It proposes also a tax of 50 cents a pound on large truck tires as compared to the present 5 cents and 20 cents a pound on recapped and retread large truck tires. The proposal does not change the present tax on smaller vehicle tires including new and retread.

It is estimated that the tax income for 15 years from the program will be in excess of \$38 billion or about \$16 billion more than from existing taxes.

All indications point to a real fight on the new levies proposed.

But the point is that when we get ready to provide something for America and Americans, we worry about where we are going to get the money but if it is foreign aid, the money is immediately available.

## Four-

(Continued from Page One)  
personal property was reduced to \$19,850.

3-The miscellaneous fund was cut by \$200 to \$800.

4-The group and public liability insurance for employees fund was increased from \$3,040 to \$3,240.

Attending yesterday's hearing were Mayor Yeager, Councilmen H. A. Campbell, Harry Gilmore and Clarence Key, City Engineer Fowler, City Clerk, Ragdale and several interested taxpayers.

Discussion was largely devoted to the proposed increase of \$15,000 in the amount to be transferred from the water department fund to the general fund. This

ing was to present the district and international Optimist program and outline how its objectives can best be achieved. Tate urged that Optimists stress to others the advantages of membership to the individual, to his town or city, to his state, and to the nation.

## Situation Unchanged

Burl Wilkerson, Roswell, district secretary-treasurer, said that in his opinion there are not proportionately more juvenile delinquents than 40 or 50 years ago. He explained:

"We do not approach the problem from the juvenile delinquency angle but from the view of the potential good in every boy that will grow if proper facilities are provided."

## Fund-

(Continued from Page One)

on "sick leave" with a stomach ailment the last three weeks. "They were working me to death at the bank. The worry and drudgery were taking their toll."

He said he became interested in racing as a business and now owns five horses—Wright Down, Bayou, Boy, Fabricate, Cotton and Andy G. He planned to race them at Del Mar, he added. The track's season starts tomorrow.

Coon said his horses have raced at all California tracks and in 1953 his winnings grossed \$114,000. He denied he bet heavily on horses.

However Kinnison said it is believed Coon had lost heavily at the race windows in recent months.

John F. Malone, FBI agent in charge of the Los Angeles office, said Coon is accused of ordering currency in \$50 and \$100 bills from the Los Angeles branch of the Federal Reserve Bank and of keeping the money instead of depositing it in the bank.

Kinnison said the \$10,000 was a tentative amount and that thefts apparently have been going on since last January or before.

The bank's Board of Directors ordered the institution closed and it was immediately taken into receivership by the Federal Deposit Insurance Corp. Deposits are protected by federal insurance up to \$10,000 each.

An official said the bank's assets were three million dollars.

Coon has a wife and three grown children and owns a home in Altadena, near Los Angeles.

## EXONERATED IN 'LOVE KILLING'

After inquest, Mrs. Haynes weeps as she talks to reporters.

Willis Haynes and his paramour, 19-year-old Nancy Penton.

ACCIDENTAL is the ruling of a six-man coroner's jury in Washington in the fatal shooting of 19-year-old Nancy Penton, shoe repair shop clerk and paramour of Willis Haynes, 32, a door-to-door vacuum cleaner salesman. The ruling came after Mrs. Katherine Ann Haynes, 28-year-old mother of Haynes' four children, cross-examined her husband at the inquest, asking questions about his illicit affair with the victim. The jury learned how Mrs. Haynes marched Haynes into the girl's apartment at gunpoint, and the girl, wearing only pajama tops, was shot to death. Mrs. Haynes said gun went off when girl slipped at her. (International)

## U. S. To-

(Continued from Page One)

man unification is in the air and that eventually this cherished goal will be achieved.

He listed the major results of top level Big Four meeting as these:

1. Relations between the West and Russia have now become less brittle. This does not mean an early settlement of all issues but that diplomats can begin negotiating problems without fear that war will suddenly break out.
2. A far reaching demonstration of resourcefulness and initiative by the Western powers in dealing with the Soviets.
3. There is hope Russia will do something about the subversive activities of international communism. Soviet leaders made no promises in discussing this but they now realize something must be done in this direction if they want to improve relations with the West.
4. The West brought home to the Soviet leaders their view that eastern European satellite countries must have a measure of freedom, including opportunity to select their own governments.

## Artesian Robbed

John Soto, resident of the Bank Room hotel, reported to police that three men in a gray Ford Victoria stopped him in the 100 block of E. Main about midnight Saturday and robbed him of his wallet containing \$50 and valuable papers.

## TAX MAN HERE

C. B. Caviness, collector from the zone Internal Revenue office in Carlsbad, and his assistant W. B. Damon, were in Artesia today on routine delinquent income tax collection matters.

### NOTICE OF SALE

\$250,000.00  
School District No. 16, Artesia, Eddy County, New Mexico  
**Serial Bonds**  
NOTICE IS HEREBY GIVEN that the undersigned County Treasurer of Eddy County, New Mexico, and the President or Clerk of the Board of Education of School District No. 16, Artesia, Eddy County, New Mexico, will receive and publicly open sealed bids at the office of said Board at the Administrative Office Building located at 1106 West Quay Street, in the City of Artesia, New Mexico, at the hour of 10:00 o'clock A. M. on the 18th day of August, 1955, for the purchase of \$250,000.00 general obligation bonds (serial) negotiable coupon bonds of School District No. 16, Artesia, Eddy County, New Mexico. Said bonds will be serially numbered from 1 to 50, will be dated July 1, 1955, will be in the denomination of \$5,000.00 each, and bear interest at the rate of not to exceed 2 1/4% per annum, payable January 1, 1956 and semi-annually thereafter both principal and interest to be payable at the office of the State Treasurer or the office of the County Treasurer of Eddy County, Carlsbad, New Mexico, at the option of the holder.

er. Said bonds will be payable from unlimited ad valorem taxes levied on all taxable property in said School District.

Only unconditional bids for the entire issue will be considered and each bid except the bid of the State of New Mexico, shall be accompanied by cash, or a certified check drawn on a solvent bank or trust company, for not less than 5 per cent of the amount of the bid, payable to the order of the County Treasurer, Eddy County, New Mexico, as a guarantee that the bonds will be taken by the bidder, if his bid is accepted and to constitute liquidated damages if the bid is accepted and the successful bidder shall fail or neglect to complete the purchase of said bonds within thirty days following the acceptance of his bid. All bids submitted shall specify the lowest rate of interest and the premium, if any, above par at which such bidder will purchase said bonds; or the lowest rate of interest at which the bidder will purchase said bonds at par. Split rate bids, that is, bids at more than one rate will be accepted. None of such bonds shall be sold at less than par and accrued interest to the date of delivery to the purchaser, nor will any discount or commission be allowed on the sale of such bonds.

Bidders are requested to submit bids on the following schedule of retirement: \$50,000.00 on July 1 of each of the years 1956 through 1960, inclusive.

The certified transcript of proceedings and legal opinion of William M. Siegenthaler, Attorney, Artesia, New Mexico, will be furnished by the School District to the successful bidder. If the purchaser desires any further legal opinion it will be at the expense of the purchaser. The purchaser will pay for the printing and delivery of the bonds. Delivery of the bonds is to be made in Artesia, New Mexico. Each bid must be enclosed in a sealed envelope addressed to the undersigned Clerk at 1106 West Quay Street, in the City of Artesia, New Mexico, and should be marked on the outside "Proposal for Bonds."

The right is reserved to reject any and all bids received.

**DATED** at Artesia, New Mexico, on the 14th day of July, 1955.  
(Sgd.) Mrs. Leslie Burns, County Treasurer.  
(Sgd.) Howard R. Stroup, President Board of Education, School District No. 16, Artesia, New Mexico.

**ATTEST:** (SEAL)  
(Sgd.) Earl Cox, Clerk of the Board of Education, School District No. 16, Artesia, New Mexico. 7/26/52

### NOTICE STATE ENGINEER'S OFFICE

Number of Application RA-1672-A, Santa Fe, N. M., July 22, 1955. Notice is hereby given that on the 21st day of July, 1955, in accordance with Chapter 131 of the Session Laws of 1931, Restlawn Memorial Park of Artesia, County of Eddy, State of New Mexico, made application to the State Engineer of New Mexico for a permit to change place of use of 5,655 acre feet of artesian ground water per annum by abandoning the irrigation of 1,885 acres of land described as follows:

Subdivision Part SW 1/4 SE 1/4, Section 29, Township 16 S., Range 26 E., Acres 1,885

and commencing the irrigation of 1,885 acres of land described as follows:

Subdivision Part SW 1/4 SE 1/4

## Santa Fe Plans Van-on-Flatcar Service in N. M.

Trailer-on-flatcar service for New Mexico points on the Santa Fe railway for shipments to and from southern California, the San Joaquin valley and San Francisco will start July 30, according to an announcement by G. E. Duffy, traffic vice-president of the Santa Fe in Chicago.

\*Most New Mexico points north to Raton and south to an including El Paso, Tex., will be served by the new arrangement, which will provide pickup and delivery service door-to-door by the truck-drawn trailers. Damage-safe trailers then will be loaded on flatcars for the long haul. Rates include pick-up and delivery service, Duffy said.

and SE 1/4, Section 29, Township 16 S., Range 26 E. Acres 1,885. No additional rights over those set forth in Amended Declaration No. RA-1672 are contemplated under this application.

Appropriation of water from all sources combined not to exceed a total of 3 acre feet per acre per annum.

The 1,885 acres to be moved from to be dried up to further irrigation from artesian ground water.

Any person, firm, association, corporation, the State of New Mexico or the United States of America, deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source, may protest in writing the State Engineer's granting approval of said application. The protest shall set forth all protestant's reasons why the application should not be approved and shall be accompanied by supporting affidavits and by proof that a copy of the protest has been served upon the applicant. Said protest and proof of service must be filed with the State Engineer within ten (10) days after the date of the last publication of this notice. Unless protested, the application will be taken up for consideration by the State Engineer on that date, being on or about the 20th day of August, 1955.

**JOHN H. BLISS,** State Engineer. 7/26/8/2-9

# Senior 4-H Club Members Due At A & M Aug. 8-12 For 31st Encampment

Senior 4-H club boys and girls, local 4-H club leaders, and county extension agents from 31 New Mexico counties will assemble at State College, August 8-12 for the thirty-first Annual 4-H Club Encampment. About 400 are expected to attend.

During their five days on New Mexico's A&M campus the boys and girls will compete in agricultural and home economic demonstrations and judging contests, state finals in public speaking, and a talent hunt. Highlighting the girls' activities will be the annual state dress revue.

Awards will include ribbons, savings bonds and expense-paid trips to the National 4-H Club Congress in Chicago and the National 4-H Western Roundup in Denver.

Presiding over many of the functions at the state encampment will be New Mexico's four National 4-H Camp delegates, Mildred Terry, Portales; Jo Sondra Magarus, Clovis; Henry Chavez, Jr., Las Lunas; and Franklin McKay, Clayton. The four are also slated to make their first official report on National Camp activities.

Highlighting the educational phase of the program will be exhibits, tours, and group discussions. Leading the group discussions will be Fern Shipley, associate director of 4-H club and YMW programs for the Federal Extension Service, Washington, D. C.

A reception, picnic at White Sands, get-acquainted party, and the annual banquet will round out the social activities.

Special guests at this year's encampment will be three International Farm Youth Exchange dele-

gates, K. L. Joshi and Krishna E. Gurung of Nepal, and Aurea Serra Andrade of Brazil. Awards to top state contestants

## Cotton Insecticide Application Gear To Be Studied at Beltwide Conclave

Application of insecticides to cotton today is far ahead of the old method where a worker applied a mixture of calcium arsenate and molasses with a homemade mop—but there's still room for progress.

What's needed in the way of better equipment for this job will be studied at the ninth annual Beltwide Cotton Mechanization Conference at College Station, Tex., September 7-9.

Thorough coverage of the cotton plant is essential in the application of pesticides. The problem of designing equipment that will do this job under widely varied conditions isn't an easy one.

In some sections of the country, for example, special high clearance rigs are required to effectively distribute poison on high, rank cotton. Then, too, nozzles must be the right type, properly adjusted, and the correct pressure must be maintained to distribute the recommended amount of material.

Relation of insect control to overall mechanization progress also will be discussed at the conference. Lack of plant uniformity, due to pest damage, can cause trouble in defoliation and mechanical harvesting. When normal or uninjured plants reach maturity and are ready for most effective defoliation, the damaged plants are in various stages of maturity and will not defoliate well. Damages by thrips, aphids, lygus, fleahoppers, or bollworms can cause abnormal development of the cotton plant, making efficient mechanical harvesting difficult.

The conference is sponsored by the National Cotton Council in cooperation with the Texas A&M College System, USDA, Farm Equipment Institute, and Cotton Belt land-grant colleges.

## Water Levels At Portales Still Falling

Water levels continued to decline in 1954 in the Portales Valley, N. Mex., Secretary of the Interior Douglas McKay announced today. His statement was based on measurements made by the U. S. Geological Survey in cooperation with the State Engineer of New Mexico.

From January, 1950 to January, 1955, the decline amounted to more than 20 feet in a small area about 6 miles northwest of Portales. Around this area and extending along a narrow strip to about a mile east of Portales, water levels declined more than 18 feet during the 5-year period.

From January 1954 to January, 1955, water levels declined more than 4 feet in 6 small areas along the axis of the valley extending from about 10 miles northwest to about 3 miles southeast of Portales. However, the net declines during 1954 were less than those observed during 1953. The smaller declines may be attributed primarily to reduced pumping for irrigation as a result of above-normal precipitation during August, 1954.

From 1932, when water-level measurements were begun in the Portales Valley, to January, 1955, water levels declined more than 34 feet in an area of about 4.5 square miles extending from Portales to a point about 4 miles northwest.

A tabulation of annual water-level measurements made in January 1955 and changes in water levels in 1954, together with maps showing the location of observation wells and areas of water-level change from January 1954 to January 1955, January 1950 to January 1955, and 1932 to 1955, are on file in the offices of the State Engineer at Santa Fe, Roswell, and Deming, N. Mex.; the County Agent, Portales, N. Mex.; and the Geological Survey, Room 1242-G, General Services Administration Building, 18th and F Streets, NW, Washington, D. C., and Room 279, Geology Building, University of New Mexico, Albuquerque, N. Mex.

in the various demonstrations and judging contests will be presented at the final banquet in Milton Hall, Friday evening, August 12.

Coccidiosis in chicks occurs more frequently and is more severe in hot weather.

## GM Builds New Train

CHICAGO — GENERAL MOTORS LIGHTWEIGHT TRAIN, shown here in artist's conception, will be unveiled at the GM Powerama—a "world's fair of power"—in Chicago August 31—September 25. GM's Electro-Motive Division at La Grange, Ill., is building the revolutionary train at the request of a committee of railroad presidents. After its introduction at the spectacular Powerama, the train will be tested on major railroad lines.

## High-Low Vacuum Milking Machines Tested On Ag College Herd to Determine Differences

High-vacuum and low-vacuum milking machines have been tested on 44 cows in the New Mexico A&M College herd to find out whether there was any significant differences between the two machines on udder health, the incidence of mastitis, and the speed and completeness of milking.

The cows (Holsteins and Jerseys) were all milked with a high-vacuum machine for 90 days, then with a low-vacuum machine for the next 90-day period. The experiment was continued for four 90-day periods to give data on two different periods for each type of machine. The same operator milked the cows throughout the experiment.

The machine used for the first and third periods was operated at 13.5 inches vacuum and at 48 pulsations per minute while the other machine was operated at 10 inches

vacuum with approximately 120 pulsations per minute. Both were operated according to the manufacturer's instructions and were kept in good mechanical condition throughout the experiment.

Possible incidence of mastitis were studied by means of the strip cup and bromthymol blue test. Of the 44 cows on test, all except 15 gave a positive test by the bromthymol blue test at some time during the experiment, while only three showed flaky milk on the strip cup. These three cows all had some history of former mastitis and the results of this mastitis study did not reveal any significant difference between the two machines used.

Palpation of the udders for atrophy and fibrosis in the mammary tissue did not show any differences between machines.

Leucocyte counts and total bacteria counts on the foremilk from

the cows failed to show any clear-cut differences between the two machines as far as udder health was concerned. Older cows showed higher counts than first-calf heifers. Changing machines, either way, caused a temporary rise in the leucocyte count which soon subsided.

Neither total milk yields nor the rate of decline in production were affected appreciably by the machines used. A slight drop in production for the first two or three days was the only evidence shown on the records, and this resulted at each change of the machines.

Vacuum measurements on the two machines revealed that the low-vacuum machine exerted the greater negative pressure to the teat on the high side of the pulsation cycle than did the high-vacuum machine. There was little difference in the tendency for the teat cups to climb higher as milking progressed.

Hard milking cows were milked out faster and more completely by the high-vacuum milker.

Operators preferred the high-vacuum milker because it did not drop off the cow so frequently as the other machine.

The researchers said that their machine, when properly operated, did a good job of milking with no apparent harmful effects. They say more emphasis should be placed on good milking technique rather than trying to find a machine which will milk out a cow without the attention of the operator.

Complete details of the experimental work are contained in A&M Agricultural Experiment Station Bulletin No. 394, entitled "Effect of High and Low Vacuum Milking Machines on Udder Health and Milk Removal." Researchers who carried on the experimental work and reported the results are Drs. Robert Porter and D. D. Miller, assistant dairy husbandmen at New Mexico A&M College and Dr. S. R. Skaggs, dairy husbandman and head of the College's Dairy Department.

Single copies of the bulletin are available at county extension agents' offices or may be procured by writing to the Department of Information, New Mexico A&M College, P. O. Box 757, State College.

## 300 Future Farmers To Attend State Convention At Fair

About 300 New Mexico Future Farmers and vocational agriculture teachers are expected to attend the twenty-seventh annual State FFA Convention in Albuquerque, July 31-August 2. Registration for the Convention will begin at 9 a.m. Sunday, in the Youth Building at the New Mexico State Fair Grounds.

Highlighting the three-day conclave will be the presentation of State Farmer degrees to 44 FFAs, awarding of honorary State Farmer degrees to nine individuals who have made outstanding contributions to the Future Farmer organization and agriculture, and recognition of FFA boys who have distinguished themselves in leadership and chapter farm program work.

The State FFA Board of Directors and State FFA Advisory Council will hold their annual meetings

Sunday afternoon. Convention business session will get underway Monday at 8:30 a.m. with Lawrence Widner, Melrose, State FFA president, presiding. The morning sessions will feature an address by Mrs. Georgia Lusk, state superintendent of public instruction, presentation of chapter activities award reports by State and District FFA officers, and appointments of Convention committees.

Monday afternoon the Future Farmers will hear from National FFA vice-president Jay Wright of Alamo, Nev., and Miss Jerry Ann Bonds, Tucuman, state president of the Future Homemakers of America. Topping off the afternoon program will be the presentation of Sunshine, District, and State Farmer awards, honorary State Farmer degrees, FFA Foundation awards, and recognition of several Future Farmers who have excelled in various phases of FFA program work.

Committee meetings and election and installation of State FFA officers will spotlight Tuesday meeting with adjournment Tuesday afternoon.

L. C. Dalton, State FFA Adviser, says, "Our 1955 Convention should promise of being one of the biggest and best in the history of the State FFA organization. We welcome visitors at all sessions."

Prevent spontaneous ignition of hay. Do not store wet hay in barns. Make frequent examinations of cured hay after storage.

Need some good rams? Get them at the annual New Mexico Ram Sale, August 4-5. The sale will be held at the State Fair grounds in Albuquerque.

A message from Fred and Jim, 'Your Pharmacists'

IN YOUR PRESCRIPTIONS are medicines that are the results of much research and study by Pharmaceutical chemists, Scientists, and Health Foundations.

BY LECTURES, DIRECT MAIL, and articles in Medical journals, we Pharmacists and Physicians are informed about these new drugs and as soon as they are available a supply is sent to our prescription department.

DURING 1954 MORE THAN 430 MILLION DOLLARS was spent for the research and informative publicity necessary before these new drugs could be ready for prescription use.

LAST YEAR OVER 400 MILLION PRESCRIPTIONS were compounded, and in the price you paid for your prescriptions, this research expense averaged about \$1 per prescription. Of necessity it is part of the wholesale costs of the price we pay for the ingredients of the prescriptions we compound.

IT IS A TRIBUTE to Pharmacy, and the American free enterprise system that more than 50% of the prescriptions we compound for you cost you less than \$2, and the average charge for all prescriptions we compound is less than \$3.00.

## Farming Laborer Accident Death Rate High in '54

"The accidental death rate of farm workers in New Mexico last year was almost double the 1953 total. Today farm work is the second most hazardous occupation in the state," A. E. Triviz, Associate Director of Extension at New Mexico A&M College, said today.

"It is high time that we stepped up our thoughts and actions to cope with the speed of modern farm machines and techniques, if we are to reverse this trend," he said.

"I urge every farmer and rancher in the state to take inventories of all work habits during National Farm Safety Week, July 24-30, and eliminate practices that are apt to cause accidental injury or death to any farm worker."

The Rural Electrification Administration has approved a loan of \$219,000 for the Continental Divide Electric Cooperative, Grants, N. Mex. The money will be used to finance the construction of 78 miles of distribution line to serve 116 new rural consumers and system improvements, including five miles of new tie line to provide better electric service. G. B. Ramsey is president and Lon R. Adams is manager of the Continental Divide Cooperative.

Coccidiosis in chicks occurs more frequently and is more severe in hot weather.

## OUT FROM UNDER 'THE HAT'

THE JUSTICE DEPARTMENT is studying Senate testimony in the investigation in Washington of Harry (The Hat) Lev of Chicago, who is accused of making millions of dollars off the government by buying information, inspectors and Army officials, and who was unable to account for some \$214,000 in cash he passed around somewhere in 1952-53. (International)

On stand, uniform cap maker Lev says sadly that investigators have "ruined" him and he is "no more a millionaire."

Michael Weintraub of New York, former Quartermaster Inspector, testifies that "This man (Lev) tried many times to bribe me and called me filthy and profane names when I refused..."

An easy-to-make and delicious appetizer for parties is a clam dip. Follow directions on the can of minced clams, but use cream cheese and chives instead of plain cream cheese (adding a little cottage cheese is good, too) and thin your dip to your favorite consistency by adding sour cream. Make this several hours ahead of time and chill in your refrigerator.

Ninety per cent of New England's corporate communities are governed by town meetings.

**AMMO-PHOS**  
FERTILIZER  
is water soluble...

Experiments prove that crops take up more phosphate from water soluble Ammo-Phos fertilizer than from common mixed fertilizer.

**MAKE THIS EASY TEST**

Place one-half teaspoonful of the fertilizer in a glass of water. Then place a similar quantity of Ammo-Phos in another glass of water. Stir both mixtures for several minutes. Notice how water soluble Ammo-Phos goes into solution while the mixed fertilizer collects at the bottom of the glass. Even if left for several days, the ordinary mixed fertilizer will not dissolve completely.

With Ammo-Phos your crop gets what you put in the ground.
