2 More Highway Deaths Put State Toll at 230 Mark

By The Associated Press Two more names have been added to New Mexico's rapidly growing list of highway dead.

The toll now stands at 230 for the year, compared with 232 at this time last year. The latest to die were Leo Montano, 21, Albuquerque and Alan A. Andrews, 30, Hobbs. They died in separate accidents Thursday night.

Police said Montano's car failed to make a curve six miles north of Albuquerque on Rio Grande Blvd. Andrews was killed when the car he was driving crashed on a curve 15 miles north of Hobbs on State Road 132. State Police blamed excessive speed as the cause of the one-car accident.

Ike Fires Army Intelligence Head

NEW YORK (AP)—The New York Daily News said today President Eisenhower fired Maj. Gen. Arthur G. Trudeau as Army intelligence (G-2) chief at the "personal request" of Allen Dulles, head of the Central Intelligence Agency.

In a Washington story by John O'Donnell, the News said Trudeau "actually was removed from his intelligence command by Eisenhower despite the violent, though suppressed, opposition of the Pentagon, from Secretary of Defense Wilson down through the all-powerful Joint Chiefs of Staff and uniformed professionals of Army, Navy and Air."

GIVES AUTHORIZATION

ALBUQUERQUE (AP)— Authorization to purchase right of way to extend the new Santa Fe-Albuquerque highway through Albuquerque has been extended by the State Highway Commission. State Police Open All-Out Holiday Road Safety Drive

SANTA FE (AP)—At 6 p. m. today state police will begin an all-out effort to keep motorists from committing suicide on New Mexico highways during the Labor Day weekend.

Unmarked cars, patrol cars, airplanes, roadblocks and radar units are being pushed into service to keep the 1955 highway death toll from climbing any higher than the present 229 deaths that have been recorded so far.

Four state airplanes will cruise above highways and spot traffic violators, radioing to patrol cars below. State police said they would have 80 regular patrol cars on the roads and from 75 to 100 unmarked cars in an effort to curb traffic violations.

The National Safety Council listed New Mexico's share of the estimated 400 holiday deaths at two. Three persons lost their lives on New Mexico highways last Labor Day weekend.

Old Man Gloom Burns Tonight At Start of Santa Fe Fiesta

SANTA FE (AP)—A pontifical low mass celebrated by Archbishop Edwin V. Byrne and attended by the Spanish re-conqueror, Don Diego de Vargas as played by Edward Moya, opened the historic Santa Fe Fiesta today.

City to Repave Rough Places on Thirteenth Street

City street department equipment was busy today leveling rough places and filling potholes in Thirteenth st. on both sides of Main, preparatory to resurfacing the bad spots.

At the scene were the department's blade, asphalt distributor, street roller and several trucks. The street repairs will extend from Grand Ave. on the south to just beyond Eagle Draw on the north.

"We want to get Thirteenth St. back into good shape and make some other street repairs before cold weather sets in," City Engineer Doug Fowler said today. "The work has been retarded because so much time was taken up with work on the water system due to the urban project."

Her father, Clifford Dye, had left home a short time earlier to go to Lovington. The mother heard the shot and ran to the bathroom where she found the child lying on the floor.

As the mother picked up Connie Jean, the girl gasped "Mother" and died.

LA Set For Another 110-Degree Day

LOS ANGELES (AP)— Southern Californians braced themselves for another scorcher today in the wake of yesterday's record high temperatures which were blamed for three deaths and 28 cases of heat prostration.

The mercury soared to 110 degrees in Los Angeles, cracking a 64-year-old mark by one degree. Nearby Tujunga recorded a sizzling 120. And on the normally torrid Mojave Desert it was a comparatively cool 90 to 103.

More heat was forecast today, with a high of 108 expected for downtown Los Angeles.

Soaring winds fanned a brush fire in San Dimas, 25 miles east of here, which engulfed 12 homes and blackened 200 acres.

Farmers in interior valleys reported that tens of thousands of chickens had succumbed to the heat, 12,000 at one ranch in suburban Bellflower. Commercial flower crops also were damaged. Several downtown offices closed yesterday afternoon.

San Diego County authorities said the 104-degree heat there was a major disaster to the multi-million-dollar poultry industry. A farm bureau director, Warren Hooper, estimated that nearly 6,000 chickens and turkeys dropped dead in their pens.

Several persons were treated in Santa Monica for burns on the soles of their feet, received as they raced across the oven-hot beach sands to the water.

At neighboring Torrance, city construction projects were halted when concrete set before it could be poured and tar boiled in the streets.

Los Angeles consumed a record amount of water yesterday — 692 million gallons. Officials said there was a plentiful supply for the area. Dozens of autos stalled on freeways, their engines vapor-locked. Minor traffic snarls resulted.

Hundreds of people spent last night and the night before in parks and on the beaches. Temperatures remained in the 90s and high 80s at night.

Authorities attributed three deaths to the heat yesterday, second day of the hot spell. Victims were Clifford Hollis Ince, 46, Glendale; Mrs. Juared Petra, 57, Highland Park; and Charles Harris, Los Angeles.

In New York the CIO Transport Workers Union postponed its strike of 25,000 nonoperating employees of the Pennsylvania railroad. President Eisenhower yesterday set up an emergency fact-finding board. Under the Railway Labor Act, this

Osorio Assailant Is Bound Over On Felony Charge

CARLSBAD (AP)—Justice of the Peace Harvey Fort has bound William Jones over to district court on a charge of assault with a deadly weapon.

The action came at the end of hearing yesterday in which Jones had pleaded innocent to the charge. He is charged in connection with the shooting of Pedro Osorio, Panamanian first baseman for the Carlsbad Potashers.

The shooting, in which Osorio was wounded in the shoulder, occurred in the Saloon Bar Aug. 22. Jones is part owner of the bar.

Jones was not held and his bond remained at \$1,000. Asst. Dist. Atty. Charles Feezer quoted witnesses as saying there had been some allegation "as to Osorio's race" before the shooting started.

Testimony in the hearing brought forth evidence that Osorio had been "hit on the forehead" of the head with the gun, which was swung in a downward motion and which later discharged.

Teenagers' Expenses Rising With Modern, Everyday Living

NEW YORK (AP)—The Oddity Almanac: If you think today's teenagers do nothing but hang around street corners, you've got the younger generation all wrong.

A survey by Lester Rand, head of the Youth Research Institute, showed 7 out of 10 American teenagers hold down part-time jobs or earn money on the side. Their chief sources of income: Working in drug or grocery stores, typing at home, baby sitting, ushering in movie houses.

Some 81 per cent of the teenagers receive a regular weekly spending allowance from their parents, but three percent earn their full support themselves.

Being a teen-ager today, like everything else, costs more than formerly—and it costs more to be a girl than a boy. The survey showed that girls in the 13 to 15 age bracket spend boys \$2.72 a week to \$2.11. The weekly spending of girls 16 to 18 years old averages \$7.04, that of boys \$6.93.

Teen-agers who date regularly spend an average of \$5.55 a week on social activity.

Rockets Win, 0, in Wild Hit Spree

WELL (AP) — The Roswell Rockets blanked the Artesia NuMexers for the second time in a row last night as Dean Franks pitched a five-hit ball and picked up the Longhorn League victory.

Roswell allowed no walks and hit six. This makes 18 innings in which the Rockets have not been outscored or issued a base on balls. Franks pitched off four innings and had four hits in five at bats, including a three-run home run in the fifth, doubled in the sixth and singled in the second and seventh.

One Roswell player failed to get a hit in four times at bat and Bob Wilson doubled in the eighth frame for the only extra-base blow.

Rockets take on the Odessa Oilers in the first game of a series tonight.

Despite Desperate Battles, AL Leaders in Same Spots

By ED WILKS
The Associated Press

For all the huffin' and puffin' they did during August, the three leading contenders for the American League pennant might just as well have taken a month's rest. It just didn't do 'em no good, no how.

For the past 32 days, Chicago, Cleveland and New York (all idle yesterday) have been scraping to a standstill. Going into the final 3 1/2 weeks of the season today, they're practically in the same spot, they were Aug. 1.

On that date Chicago was in first place with a 614 percentage. Cleveland and New York trailed with 603, each one game behind. Today Chicago leads with a 608 percentage. Cleveland and New York half a game behind, are tied for second with 603.

Sal the Barber Maglie Chosen Indian Hurler Against Chicago

CLEVELAND (AP) — A surprise choice, Sal (The Barber) Maglie, hurls tonight for Cleveland as the Indians take on the Chicago White Sox in the opener of a four-game struggle for the American League's first place.

It will be Maglie's first start in Cleveland since his sale by the New York Giants a month ago. The 37-year-old right-hander made only one start for the Tribe, a 7-5 loss in Washington.

Facing the Barber will be Connie Johnson, who pitched a 6-0 shutout against the Indians last July 9 in Chicago.

The White Sox, leading both the

Indians and the New York Yankees by half a game, will be starting a 19-game tour of the circuit.

They have only five home games remaining—two with the Tribe and three against Kansas City—all to be played the final week of the season.

Cleveland Manager Al Lopez said he picked Maglie because he wanted a curve-ball specialist to go against the Sox.

Up to now Cleveland and Chicago have divided 16 games, the Indians winning four out of seven at home. In the past two seasons, they have finished with 11 games apiece.

Early Wynn is slated to pitch for the Indians tomorrow and Bob Lemon and Mike Garcia in a double-header Sunday.

In the final three games, the White Sox are expected to send Billy Pierce, Jack Harshman and Dick Donovan to the mound, though the order they will follow is not yet certain.

WT-NM Contest Boils as Dukes Pick Up a Game

By THE ASSOCIATED PRESS

The West Texas - New Mexico League race was as hot as a baby volcano today as the Albuquerque Dukes stood only one-half game behind league-leading Amarillo by virtue of an 8-2 win over Abilene Thursday night.

Amarillo bowed to third-place Pampa 11-9.

Pampa now is only 2 1/2 games behind the Gold Sox in one of the tightest races in league history.

Fourth-place Plainview, now six games out, whipped Lubbock 19-10, and Clovis dominated cellar-dwelling El Paso 6-5.

Four Games Left To Play in Big State Loop Race

By THE ASSOCIATED PRESS

A couple of positions still could change in the Big State League race although there are only four games to play.

Waco drew within a half-game of leading Corpus Christi Thursday night by beating Austin 12-4 while the Clippers were losing to Texas City 3-2.

Port Arthur, three games out of fourth place and considered through, licked Harlingen 3-2 to climb back into the race. Now Port Arthur is only two games behind Harlingen and has four games to play—a last one Friday night with Harlingen.

81-Year-Old Trainer Is Amazed At Way Nashua Outraced Swaps

NEW YORK (AP) — Sunny Jim Fitzsimmons, 81-year-old dean of American trainers, admitted today he was really surprised when Nashua stepped away from Swaps at the start of their match race at Washington Park Wednesday.

"From what I had heard I didn't think my horse could outrun Swaps," said Mr. Fitz from his return from Chicago, where Nashua won by 6 1/2 lengths. "I knew Nashua could break fast if necessary but from what they told me I thought it would be Swaps first out of the gate."

Mr. Fitz was not on hand when Swaps beat Nashua by a length and a half in the Kentucky Derby early in May.

"Actually, I didn't care if we

got to the front at the start," the veteran trainer continued. "Eddie Arcaro and I agreed it would be the best if he could go right to the front but if he couldn't then I told Eddie to keep that other horse busy."

Nashua came out of the gate with Arcaro plying his whip vigorously. The William Woodward colt went right to the front and never was headed.

Mr. Fitz expressed regret on hearing that Swaps had turned up lame. He said he hoped the two horses would meet again in the course of the regular racing season this year. Nashua's next start probably will be in the \$100,000 added mile and one-eighth of the Sysonby at Belmont Park Sept. 24.

Razorbacks' Coach Dolorous As Team Fumbles in Drills

By THE ASSOCIATED PRESS

Southwest Conference football players were back at the training grind Friday, getting in shape for the flashing runs and smashing tackles that will thrill the crowds this fall.

Most important right now is condition, and what coaches witnessed Thursday made most of them happy. But Jack Mitchell of Arkansas was unhappy.

The Razorbacks, last year's champions, came on the field with 22 lettermen. But Mitchell, successor to Bowden Wyatt, watched the former single wing squall fumble through the new Split T and said they were in terrible physical condition.

Things were more leisurely at Rice. The Houston school doesn't open until Sept. 24 when the Owls meet Alabama.

Coach Jess Neely had the squad running drills in shorts and T-shirts. Of the 68 players reporting, only center Don Wilson was ailing.

Rice is a mild favorite for the title this year.

Texas Christian, a school that may surprise a lot of folks, had what Coach Abe Martin termed a "fine first day."

The Frogs, with lettermen almost two deep at every position, spent the day on timing and fundamentals.

The Texas Longhorns opened practice with a show of spirit that may make Coach Ed Price a happier man this year. Price said he is pleased—"so far."

Price said "the team was in fine condition for the time of year."

Southern Methodist started drills with Coach Woody Woodard in Kansas to attend the funeral of a relative.

Quarterback John Roach ignored an arm injury suffered in a handball game and fired sharp, accurate passes.

Baylor's 58 football hopefuls spent most of their day running passing drills. Bobby Jones, Jimmy Davenport and Kenneth Helms did most of the passing and looked sharp.

At College Station, Coach Bear Bryant found only three of his boys overweight, so he ordered contact work at A&M. Bryant has to get the 64 men, including 11 lettermen and 36 sophomores, ready to meet UCLA Sept. 16.

La Mesa Declines

While Ruidoso has been increasing its handle and attendance, however, La Mesa Park has suffered a slight decline. The Raton track has had a handle of \$3,534, 285 this season, an average of \$109,962 a racing day compared with an average of about \$114,000 last season.

Kicking off the three-day weekend at Ruidoso this week is tomorrow's top card. Heading the attractions is the "Billy The Kid Allowance" at 6 1/2 furlongs. Redwood Ace, Beldan and Air Eternal are top weighted at 120 pounds.

At La Mesa, tomorrow's top attraction is the "City of Amarillo Purse" at one mile. Time Sir carries 110 pounds, with Margaret W. Miss Essex and Red Letter each with 116.

Chubby Costa Favored Over Bell in Bout

NEW YORK (AP) — Carmelo "Chubby" Costa is a 2-1 favorite to beat Bobby Bell in their "rubber" bout tonight and keep alive his chances of getting a title crack at featherweight champion Sandy Saddler.

The Madison Square Garden 10-rounder, starting at 9 p.m. (EST) will be broadcast and telecast by NBC.

Saddler hasn't defended his crown in over six months and Costa, a flashy 21-year-old from Brooklyn, wants the next chance.

"Chubby has the style to beat Saddler," said manager Steve Paris, who does all the talking for his shy fighter. "He'll box rings around Saddler, who's ready to be taken."

Bell can gum things up like he did before to Costa. The 26-year-old ex-soldier from Youngstown, Ohio, is one of the two featherweights who whip Costa. Rudy Garcia was the first.

Hollywood Stars Finally Twinkle In Coast League

By THE ASSOCIATED PRESS

The Hollywood Stars finally are twinkling atop the Pacific Coast League.

The Stars shut out Los Angeles, 3-0, last night while Seattle, heretofore the leader, bowed to Portland, 5-1. The loss dropped Seattle a half game behind Hollywood.

San Diego stayed within three games of Hollywood by beating Sacramento, 4-3. Oakland took San Francisco, 9-7, putting the Seals back in the cellar.

Rocco Calvo, a member of Cornell's 1952 football team, will be starting his first season as a grid coach at Moravian College, Bethlehem, Pa., this fall.

Sox Manager Apologizes to Will Harridge

NEW YORK (AP) — Frank Lane publicly apologized for his vocal outburst against an umpire during a game in Chicago last week, but the general manager of the White Sox insisted the umpire was at fault.

Lane berated Umpire Larry Napp before American League President Will Harridge in the seventh inning of a game between Chicago and Boston last Tuesday. He was summoned to New York yesterday, fined \$500 and ordered to apologize.

Commissioner Ford Frick said: "For conduct unbecoming a baseball official and for using violent profane language Frank Lane is fined \$500. . . . It is understood Lane will make a proper public apology to Mr. Harridge, the American League and to the Chicago fans."

The stormy Chicago official readily apologized and then gave his own explanation:

"I went to Mr. Harridge's box to complain about Umpire Larry Napp but my remarks were directed at Cal Hubbard, chief of the league's umpires, who also was there."

MARCH OF EVENTS

Administration Might
Lift Secrecy Curtain
Believe Action Would
Help Harness Energy

WASHINGTON—The administration is thinking seriously of lifting the secrecy curtain from government efforts to harness hydrogen-bomb energy for peaceful purposes. Up to now, few United States scientific ventures have been kept under tighter wraps.

But the administration believes it might be much better to end the secrecy—that in doing so might lie the only hope for finally achieving a break-through in the tremendous problem.

The argument in favor of secrecy is, of course, that Russia is just as interested as the United States in the possibility of using the H-bomb energy for industrial purposes.

But some administration officials lean to the view that the problem is such a great one that it can only be solved by permitting scientists to gain full access to all available data.

They also warn that, as long as H-power developments are shrouded in secrecy, United States private enterprise will be reluctant to take part in the development of atomic energy for peaceful purposes.

ARTHUR SUMMERFIELD apparently is determined to make another effort to persuade Congress to vote a raise in postal rates, but he probably will be rebuffed once again.

The administration proposal to boost the cost of first class letter rates and other mailing costs was spiked in this year's session of Congress, despite heavy pressure for enactment.

With an election coming up in 1956, the House and Senate are even less likely to vote any increases that might prove politically unpopular.

Congressmen always have feared ballot box repercussions from such legislation, and there is little chance they will prove more courageous in the coming year.

CREDIT DANGERS—The Eisenhower administration is becoming increasingly worried over the rapidly rising volume of consumer credit. Too many family budgets, the experts fear, are being tied up with promises to pay large amounts over the next 12, 24 and 36 months.

Consequently, in case of a slight economic recession, inability to pay debts could snowball into a major problem. Not only unpaid debts but a volume of reclaimed merchandise would become a drug on the whole market.

The recent trend in automobile financing—with payments extended to 36 months as dealers continue their all-out drive to set new records—is cited as one development that needs to be changed.

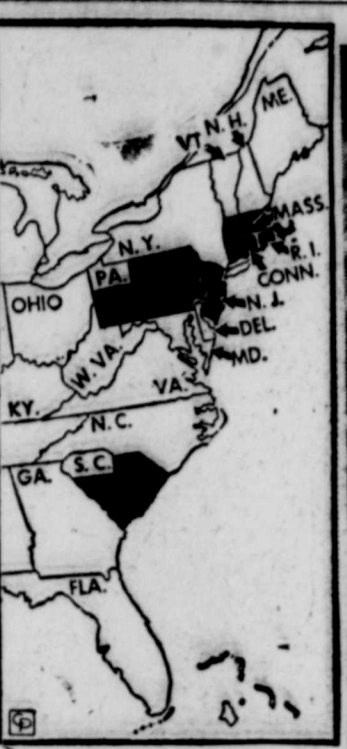

The government hopes an educational campaign, conducted through the Federal Reserve System, will check this. But major electrical appliances also are being sold in large volume on a \$1 down, 36-month-to-pay-plan.

Looking to the future, the government apparently wants to apply the brakes gently so that outstanding consumer borrowing will not get too far out of line with reasonable anticipated income.

POSTAGE INCREASE!—Postmaster General Arthur Summerfield apparently is determined to make another effort to persuade Congress to vote a raise in postal rates, but he probably will be rebuffed once again.

The administration proposal to boost the cost of first class letter rates and other mailing costs was spiked in this year's session of Congress, despite heavy pressure for enactment.

The PASTOR

That crucial hour when one must have counsel by a trouble-sharing, God-loving pastor has come to this man. The broken in spirit and warped of soul must have guidance... the way must be pointed out. God's ministers are serious and their counsel good. But better still, they know the way of access to God. There is one waiting to help you, and he is as near as the church or your telephone. When you are down and out; when you have lost all faith in yourself... that's when you need him most. That's when you need God, too. There is no comfort like that which comes from Heaven, and to the seeking soul, Heaven is not far away. Your Pastor wants to help you.
