BALANCED BUDGET SENT CONGRESS

Simms To Ask Cooperative Inspector Plan

SANTA FE — Gov. John Simms today announced he will propose a plan by which the mining industry and mine labor groups would cooperate in strengthening the present state mine inspection system.

The proposal would leave the state with a provision over the national mine inspector's deputies which are proposed.

Simms, who conferred with State Inspector John Garcia on the plan, proposed that Garcia's staff be strengthened by two more inspectors, the cost to be borne jointly by the state, industry and labor.

The estimated cost of adding two inspectors to the present five-man staff until the end of the 1956-57 fiscal year was \$23,000.

Garcia was instructed to set up a meeting of state officials and representatives of the mining industry and labor to work out the details of the proposal, which would be adopted on a voluntary basis. Garcia will announce details of the meeting later this week.

Simms said a tremendous increase in mining activity and the inspector's "every limited budget" had occasioned the suggestion that industry and labor cooperate to solve the problem of more frequent mine inspections until the legislature can act on the subject.

If the voluntary plan is adopted, Simms said, Garcia would probably put one additional inspector in southeastern New Mexico because of greatly increased activity in the potash mines. The other new inspector would be assigned duties generally throughout the state.

Garcia told Simms that various mines opened as long as four months ago have not yet been inspected because of his manpower shortage.

Simms said the state readily would make available about \$1,800 toward the expense of the additional inspectors without resort to the finance board's emergency fund. This would include \$1,300 in Garcia's budget for part-time help and restoration of a 1950 budget cut.

Corporation Commissioner Talks Tough To Truckers

In Artesia yesterday at the invitation of G. W. Cramer, vice-president in charge of safety for Ferguson-Steele Petroleum Transportation Co., to present safe driving awards to 15 of the firm's truck drivers, State Corporation Commissioner Ingram Pickett talked tough to the drivers about highway safety.

Pickett had earlier denied published reports that he had begun proceedings to order a 90-day suspension of the operating license of the Artesia company, which has been defending its traffic accident record before the State Corporation Commission.

"You have in Mr. Cramer one of the best safety men in the country, and Ferguson-Steele spends \$60,000 a year to promote safety, which is more than the \$50,000 budget of the New Mexico Traffic Safety Committee, and yet you have a terrible record," Pickett told the drivers.

After Pickett's speech, Cramer took the floor to point out that in 1954 Ferguson-Steele ranked third in the nation among tank-truck fleets in lowest accident frequency. The accident frequency for Ferguson-Steele that year was 45 accidents per 100,000 miles travelled, Cramer said.

In the first seven months of 1955, Ferguson-Steele had lowered its accident frequency rate to 33 per 100,000 miles and still ranked third in the nation, with two ahead of it and 31 behind it.

"These things are tried in the minds of the public," Cramer told his drivers. "It does us little good to talk about miles driven without accident when the people only remember the accidents."

Pickett warned the drivers beforehand that he was going to tell them something they wouldn't like.

"A man is just as dead if killed by an accident as if killed deliberately by a blast from a shotgun," Pickett said.

Pickett told the drivers that after they leave the terminal they are on their own and nothing their employers or anyone else can do will help them, then. He asked them not to drive if their minds were not clear.

Concert Directors Plan Membership Campaign Apr. 2-7

The board of directors of the Artesia Community Concert Association met Sunday afternoon in the home of Mrs. E. E. Kinney, president, to make plans for the annual membership drive with Bob Stafford, a community concert representative from New York City.

The drive will be April 2-7 with Mrs. Hugh Parry campaign chairman. Present members will be given the opportunity to renew their membership at the Lolo Montez concert, March 12.

All applicants for new membership will be admitted to the final concert of this season, the St. Louis Sinfonietta on April 16. New applications will be honored in the order they are received until the auditorium is filled.

Mr. Stafford presented names of artists available to Artesia for 1956-57 season, which included such recognized attractions as Nadine Connor, Jorge Bolet, Mildred Johnson, Michael Rabin, Igor Gorin, John Carter, and the Totenberg Ensemble.

Plans were made for the next concert on Feb. 16 featuring Hansen and DeDell, duo pianists. Concert time is 8:15 p.m.

Walker Airmen Charged With Looting Cars Here Saturday

Two Walker Air Base airmen went on an alleged stealing spree Saturday night which included the looting of at least two cars on Main Street in Artesia and landed them in jail at Carlsbad.

Carlsbad authorities said they found the following items in the trunk of the airmen's car when they were arrested:

Two sets of Army foul weather gear, two suits of blue flight pants and jumpers, one duffel bag, four Army blankets, two pair of overshoes, one tire and wheel, one set of spark plugs, four Buick hubcaps, several pairs of men's dress pants and several suit coats, several women's dresses, a suede jacket, some neckties and gloves.

Dolphus Burnes, 406 Quail, had reported the theft of four Buick hubcaps and a set of fender skirts from a friend's car at the Ranch House Saturday night. It is believed the four Buick hubcaps found in the airmen's possession may have been from that vehicle.

Pickett To Take Doors Off Governor's Office If Elected

State Corporation Commissioner Ingram "Seven-Foot" Pickett, in a letter yesterday for the presentation of safe-driving awards to Ferguson-Steele truck drivers, said he will not take the doors off the governor's office until the legislature and state representative files for the governorship before deciding whether to run, himself.

"If Culbertson decides to run, just watch this old boy go," Pickett said.

Pickett said that he has planned for 18 years to run for governor in 1958. He said that he does not want to run against Simms if Simms seeks a second term nomination, but if Culbertson declares for the nomination, that will be a different story.

"With Simms representing just a special few, on the one hand, and Culbertson representing the public utilities on the other, who would represent the people?" Pickett said.

Pickett says one of the first things he is going to do, if and when he gets to be governor, is put glass doors on the governor's office.

"One of the first things I intend to do," Pickett said, "is to take those doors off the governor's office and replace them with glass doors so the people will know what's going on in there."

In addition to changing the doors on the governor's office, Pickett said he would also:

Tap record the sessions in both houses of the Legislature so that the people could hear later what went on; bar all lobbyists from the capitol grounds; appoint a ten-man cabinet of men from all walks of life to be his advisors; and transfer the Public Utilities Commission to a position under the State Corporation Commission.

Pickett said there would be no tax increases under his administration. The government would have to live within its means.

"I'll campaign on these things," Pickett said. "Maybe that's not what the people want but there's only one way to find out."

He said he would appeal directly to the people in his campaign as the politicians "hate his guts."

Store Owner Claims Employee, \$214 Missing

T. W. Brownlee, owner of the Artesia Shoe Store, reported today that \$214 was taken from the store over the weekend, and accused Lawrence Del Morton, Jr., formerly at 307 W. Grand and an employee of the store, of taking the money, city police said.

A warrant has been issued for Morton's arrest charging embezzlement.

Police Lt. Bill Gill, who together with Chief of Police Frank Powell, investigated the theft, said that the store had not been broken into and that Morton had been the only key to the building and was the only other person who knew where the money was kept.

Morton failed to show up for work today, further pointing the finger of suspicion toward himself. Police said he had checked out of his lodgings at 307 W. Grand.

The C. R. Anthony Co. reported later today that Morton had given them a bad check, amounting to \$40, for clothing.

The clothing purchased by Morton from C. R. Anthony Co. was the same clothing reported stolen from Morton's car while it was parked on Main Street Saturday night and later recovered in the possession of two Walker Air Base airmen arrested at Carlsbad.

The White Auto Store reported to police that Morton still owed them for a gun purchased there.

President Points Spending Up, Warns Against Tax Cut

WASHINGTON — President Eisenhower sent to Congress today balanced budgets for this year and next while urging higher federal spending he said would total almost 66 billion dollars in the coming fiscal year.

He said the government could stay in the black in the next 18 months by "slim" margins only if Congress gives him "the utmost cooperation" in holding down spending and awaiting a prudent time for tax cuts.

As long as booming prosperity continues, Eisenhower said, Congress should put at least some reduction of the national debt ahead of tax slashing.

"His new spending blueprint allowed for some debt reduction, but not for tax cuts. He reiterated that Congress should act to keep corporation and excise taxes at their present levels, rather than allow them to drop as scheduled on April 1 to the levels in effect before the Korean War.

For fiscal 1957 which begins next July 1, Eisenhower proposed that Uncle Sam spend \$65,865,000,000. He estimated that federal income in the 12-month period would be \$56,300,000,000. If both predictions are achieved, the government will wind up the fiscal year with a surplus of \$9,565,000,000.

In other main facets of his budget message Eisenhower:

1. Estimated that spending this year will total \$64,270,000,000, and that outlays in the next bookkeeping year will top that by \$1,565,000,000. It was the first time Eisenhower had pointed spending upward.
2. Predicted that revenues next year will be \$1,800,000,000 higher than this year's resulting in a federal surplus this year of 230 million.
3. Proposed to cut the federal debt by 74 million by June 30 to \$274,300,000,000 and by the following June 30 to \$273,800,000,000.
4. Called for new appropriations of \$86,250,000,000 — some \$26 million higher than projected spending and 44 billion higher than appropriations in the current year.

This indicated that federal spending may be trending upward for several years.

While he cautioned against a quick tax cut, Eisenhower's budget seemed to leave a loophole which might justify one under his guidelines.

The budget appeared to have underestimated revenues for the second successive year. A year ago Eisenhower forecast revenues of 60 billion dollars for this year — some 4 1/2 billions less than his new revised estimate.

His estimate for the coming fiscal year forecast an increase of about 1 1/2 billion dollars in individual tax returns. But his estimate for corporation tax returns was unchanged.

Corporation profits have been climbing rapidly. This appeared to leave considerable room for improvement of revenue estimates.

Eisenhower earmarked 903 million dollars, or almost two-thirds of the increased spending he proposed, for national security programs.

He said most of this increase would be used for the latest weapons, including guided missiles, which could be brought to bear on an enemy.

He laid new stress on continental defense through a radar fence to catch any attack on the wing, provided for a nuclear-powered Navy cruiser and a sixth giant Forrestal class aircraft carrier.

O'Keefe Admits Taking Part In Brinks Robbery

BOSTON — Joseph J. (Specs) O'Keefe, 47, pleaded guilty today to armed robbery in the \$1,219,000 Brink's holdup, largest cash haul in the nation's history.

O'Keefe was held without bail and sentence was deferred.

O'Keefe is expected to be the state's star witness in the trials of nine others of 11 indicted in the same robbery. One of the 11 named died a year ago.

The arraignment took only three minutes in Superior Court where Judge Daniel D. O'Brien presided.

Wearing the same tan gabardine suit and pastel sport shirt that he had on last week when he went before the grand jury which indicted the gang, O'Keefe looked nervous as he was led into the courtroom by Police Capt. Francis E. Wilson and Sgt. John Howland.

Wilson sat beside him and Howland in front of O'Keefe during the arraignment.

Dist. Attorney Garrett H. Byrne opened the arraignment by announcing:

"Your honor, the commonwealth moves for the arraignment of one Joseph J. O'Keefe under an indictment of robbery while armed in three counts."

O'Keefe rose, staring straight ahead as Clerk John Casey asked him:

"What do you say then to these complaints? How do you plead?"

"Guilty," said O'Keefe.

Byrne said he may move to bring the other six now in custody here for arraignment probably tomorrow.

Stanley Gusciora, 36, a seventh defendant, is serving a term in a penitentiary at Pittsburgh, Pa.

Two others, Thomas F. Richardson, 48, and James I. Faherty, 44, are still at large.

The 11th man indicted — Joseph Banfield — died a year ago.

The six in jail were picked up by the FBI last Thursday.

Artesian Reported Missing On Trip To Seek Work

A 53-year-old Artesian man, Ruben Steven Webb, who left here for Oklahoma City Dec. 17, to look for work, has not been heard from since, it was reported here Saturday.

Webb was reported to police as missing by his daughter-in-law, Mrs. Nina Webb, 1012 S. Rose-lawn, after it was learned that he had not stopped with relatives in Oklahoma City as he had planned.

The missing man's wife, Mrs. Ruben Webb, is staying with her daughter-in-law at the above address here.

Webb is described as 53 years old, 5 feet 8 inches tall, weighing 150 pounds, with blue eyes and balding hair. He was driving a green 1956 Chevrolet car with Oklahoma license plates.

Soviets' Sixth Five-Year Plan Calls For Huge Increase In Production Of Steel For Industry

MOSCOW — Again emphasizing heavy industry, the Soviet Union's sixth five-year plan calls for production of 68,300,000 metric tons of steel in 1960.

That would be about two thirds of what the United States is expected to produce that year. Last year the Soviet Union produced 45 million metric tons of steel, while the United States turned out 106 million.

The Soviets' 1956-60 program set a goal of a 70 per cent increase in heavy industrial production by 1960. It said industrial production climbed 85 per cent during the past five years.

The government directive announcing the plan declared: "The conditions for overtaking the most developed (capitalist) countries as regards per capita production have been created."

A number of basic shortcomings were noted in various economic enterprises, but the announcement said the Soviet Union "now possesses a powerfully developed economy, disposing of greater material resources and more skilled personnel than ever before."

It added that Russia intends to "strive for an expansion of trade with other countries on a mutually beneficial basis. The fulfillment of the plan will be tremendous stride toward strengthening the might of socialism in the world and insuring peaceful coexistence among nations."

The economic plan calls for a 60 per cent increase in consumer goods and improvements in many phases of Soviet life, such as housing. It said 55 million people would be working in industry by the end of 1960 at wages 30 per cent higher than in 1955.

In the agricultural field, the Soviets admitted the last five-year plan had not been fulfilled. The Communist party newspaper Pravda said this "delayed development in the spheres of food and light industries and the output of consumer goods." The newspaper said livestock and agricultural production increased, however, during the 1950-55 period.

Hope Rises For Needed Moisture In New Mexico

By THE ASSOCIATED PRESS
A rainbow — Biblical harbinger of hope — appeared in western New Mexico skies early today symbolizing the state's first important moisture of the new year.

Intermittent rains were reported in the northwestern corner of the state and in the Rio Grande valley.

Some snow is expected in high elevations and wind was forecast for some parts of the state.

Despite the bright prospects, the storm is expected to be short-lived. The District Weather Bureau in Albuquerque forecast general clearing over the state by Tuesday.

Masses of black clouds in western skies marked the appearance of the moisture — with traces at Farmington, Zuni and Albuquerque by early morning. The rain came as an offshoot of one of the Pacific storms moving eastward across the plateau region.

Showers and snow flurries were forecast for the northern mountains.

In a special advisory for highway travel, the Weather Bureau said the intermittent rains would change to snow above about six thousand feet, but that highway travel should not be hampered by the storm, since snow was not likely at lower elevations.

The frontal activity broke a long string of sunnyside days in the state. It also dropped temperatures as much as 18 degrees from some reporting stations in those reported Saturday.

Lowest maximum readings in the state Sunday was 45 at Clayton and the highest was 68 at Columbus. Twelve degrees at Clayton was the lowest mercury mark reported Sunday and 46 at Columbus was the highest minimum reading.

MOD Auction On Radio Thursday

The annual March of Dimes radio auction is Thursday night rather than Tuesday as stated last week.

The event will get underway at 7 p.m. over KSNV and will continue until all sale items are disposed of.

Capital Records New Building Of Circular Shape

By BOB THOMAS
HOLLYWOOD (AP)—You can hear all kinds of gags about Capitol Records' new circular building. Such as: "They're delaying the construction because they don't know whether to put it on at 33 1/3 or 45."

Well, the 150-foot structure does look a little bit like a monstrous stack of records to the motorists who drive past it on the Hollywood Freeway. But that was just an accident, says Capitol President Glenn E. Wallihs.

Weary of the jokes but proud of his building, Wallihs gave me a tour through the new place as it neared completion.

"The round design was the idea of the architect, Welton Becket," he explained. "At first I rejected it—sounded too much like a cheap stunt. But he convinced me it would be the best possible design for our purposes."

"And it has turned out beautifully. Making the building round has not been more expensive; in fact we may have saved some money on the final cost. And we've got a building that will be a real landmark."

Wallihs boasted that the Capitol building is the only circular structure of its size in the world. Its 13 floors are as high as a private building can go in Los Angeles.

Willa Green In Designing Contest

The Pollock Paper Corporation of Dallas, Texas, announced this week that Miss Willa Green, daughter of Mr. and Mrs. H. Green of Artesia, has entered the Pollock Folding Carton Design Contest for college students in the southwest.

Miss Green, a sophomore student at Texas State College of Women in Denton, Texas, is a member of the Art Club of the north Texas college.

When announcing the entry received from Miss Green, Pollock executives stated that judges will select the outstanding designs and the contest and award prizes to the students who have winning designs. First prize in the contest will be \$250, with other prizes totaling approximately \$650. Winners of the contest will be officially announced Mar. 1.

B & PW Meeting Planned Tuesday

Artesia Business and Professional Women's club will meet Tuesday at Artesia Hotel dining room for dinner.

Mrs. C. P. Bunch, will be the guest speaker.

--	--	--

World's easiest contest—just go to any Plymouth dealer and register the motor number of your 1950 or newer model car (any make). That's all. Nothing to buy or guess or solve.

It's our chance to celebrate our record-breaking sales—and to make even more friends. It's your chance to win up to \$50,000 in cash—a thrilling around-the-world trip for two, plus \$5,000—or any one of 783 other big cash prizes.

And it's so easy to win: You merely bring proof of ownership—for your 1950 or newer model car—to any Plymouth dealer, and copy your motor number onto the FREE entry blank. See rules.

That's all there is to it! There's no obligation—nothing whatever to buy or solve or rhyme. (Sure, we hope you'll look over the new jet-age Plymouth... biggest car of the low-price three... only low-price car with Push-Button Driving. And we hope you'll ask about Plymouth's red-hot deals.)

Don't miss this chance at \$50,000 or that exciting world trip for two. Hurry in to your dealer's now. You may have a lucky motor number!

PLYMOUTH

Sweepstakes opens January 17—hurry in and enter now!

OFFICIAL SWEEPSTAKES RULES

- Contest open to any person in U. S. or territories who owns a 1950 or newer model car, registered in his or her name prior to Jan. 17, 1956, except employees and their immediate families of Plymouth Motor Corp., Plymouth Division of Chrysler Corp., its advertising agencies, The Heuben H. Donnelly Corp., and Plymouth dealers.
- Nothing to buy or solve. Take your title, owner's card or registration certificate—any proof of ownership—in to any Plymouth dealer. Register your car's motor or serial number, make and model year on the entry blank. Then sign your name, address and telephone number, and have your entry signed or otherwise validated by a Plymouth dealer or salesman. Place entry in the contest entry box.
- Winners will be selected by The Heuben H. Donnelly Corp. by blindfold drawing. 1st prize winner will be selected first—2nd prize winner, second, etc., in successive drawings. Decisions of judges final.
- All entries become the property of Plymouth Division of Chrysler Corporation and none will be returned. Plymouth and its advertising agencies will not enter into any correspondence with any contestant, except winners.
- Contest opens at beginning of dealer's business day, January 17, 1956. Entries must be placed in entry box before close of dealer's business day, March 10, 1956.
- Winners will be notified by mail by May 10, 1956. Names and addresses of winners will be posted at Plymouth dealers. Prizes awarded at Detroit, Mich.
- Second prize winner must complete around-the-world trip within two weeks, by October 31, 1956. Total cost of trip for two not to exceed \$5,000.
- Contest subject to Federal, State & Local regulations.

Arguments Continue To Rage After East Stars Trip West

LOS ANGELES (AP)—The sixth annual Pro-Bowl football game goes into the books as a thrilling 31-30 victory for the East. But arguments continued to rage today in the wake of an official's decision which may have cost the West two winning points.

The dispute centered on Field Judge Joe Gonzales and the call he made in the final seconds of this sixth annual post-season all-star duel involving top talent from the National Football League.

The West trailing 31-30, tried a 50-yard field goal by Bert Rechbacher of the Baltimore Colts. It was obviously short of its goal and Joe (Scotty) Scudero of the Washington Redskins took the catch.

Enter the controversy. Did Scudero catch the ball on the 2-yard mark, as most observers believe, and then almost casually take a step or two back and ground the ball in the end zone? Or did he catch it on the goal line, or perhaps be forced back into the end zone by the momentum of the ball?

Whatever the case, the field judge ruled it an automatic touchdown and the ball was placed on the end zone 20 a moment before the game ended.

Ollie Matson, the fantastic ball carrier of the East, was the outstanding player of the game. The 210-pound powerhouse of the Chicago Cardinals returned the second-half kickoff 91 yards for a touchdown; he ran 15 yards over most of the West team for a second score. And his 50-yard gallop on a punt return set the state for a key gain.

Key gains were registered by two retiring greats of football, Doak Walker of the Detroit Lions and Pete Pihos of the Philadelphia Eagles.

Pihos caught four passes for 45 yards, including a 12-yarder to the score in the East's march to the first touchdown. And Walker's 16-yard reception of a pass set up a West touchdown.

Utah, Montana In Week's Skyline Opener Tonight

By THE ASSOCIATED PRESS

Utah and Montana will meet Monday night at Salt Lake City with every indication the result will give Utah its first straight league basketball victory and Montana is sixth straight loss.

This is the first of only three Skyline Conference games this week.

The other games Saturday send Denver (2-2) to New Mexico (3-2) and Utah State (2-1) against Montana at Missoula.

Utah and the league's co-leader, Brigham Young (3-0), have non-conference dates this weekend with Oklahoma City University. The Utes will entertain the Oklahoma City State and the BYU Cougars have their turn Saturday at Provo.

The past week's play featured a scoring duel between Utah's Art Bunte and New Mexico's Toby Roybal in which Bunte triumphed in a 28-point display that helped the Utes snap New Mexico's three-game winning streak, 87-73. Roybal flipped in 27 points against a Ute defense set to stop him. New Mexico took a 51-50 lead midway of the second half but Bunte, who got 21 points in the half, pushed the Utes in front.

Denver took apart travel-weary Montana at the Colorado Capital Saturday, 65-51. Sophomore Bill Peay keyed the Pioneers with 16 points and played a sparkling floor game. Montana's Ed Argbright topped the scorers with 20 points, but he could never put the Grizzlies in front.

American League Plans Record Arc Light Contests

CHICAGO (AP)—The American League's 1956 baseball schedule puts the season on night games with an all-time high of 238 arc light contests scheduled.

This tops the previous high of 224 games scheduled in 1953 and is far more than last year's 208 scheduled night games of which only 900 were played because of weather.

Opening day April 17 finds Cleveland at Chicago, Kansas City at Detroit, New York at Washington and Baltimore at Boston.

The champion Yankees will be at a disadvantage during the month of September. Although the Yankees finish the season home against Boston, they play only eight games at Yankee Stadium during September.

Cleveland, runner-up to New York last year, is home the entire final week of the season and plays 17 home games during September.

Washington leads with 45 night games, Kansas City has 44, Baltimore 42, Cleveland 30, Chicago 23, New York 16 and Boston and Detroit have 14 each.

Arnold Palmer Edges Sam Snead In Golf Playoff

PANAMA (AP)—Arnold Palmer, the Latrobe, Pa., newcomer starting his second year as a pro, had the Panama Open Golf title in his bag today and he got it the hard way—defeating veteran Sammy Snead in a sudden-death playoff that went six holes.

A 10-foot putt that fell for a birdie on the 395-yard sixth extra hole yesterday gave Palmer the championship and the \$2,000 first prize of the \$7,500 pot. Snead, the old pro from White Sulphur Springs, W. Va., had to settle for \$1,400 second money after sand-wiching a pair of pars around a birdie to match Palmer on the first five holes of the playoff.

Saddler, Elore Championship Bout Overshadows Fight Probe

A world featherweight title match at San Francisco Wednesday between champion Sandy Saddler and challenger Flash Elore will steal some of the headlines from the many-pronged investigations of the boxing guild.

Saddler, 29, is favored to cling to the title he has held since Sept. 8, 1950, when he recaptured it from Willie Pep. It has been almost a year since Saddler last defended against Teddy (Red Top) Davis.

The chief reason for the Elore match is that the little man from the Philippines beat Saddler in an over-the-weight match July 20, 1955 at Manila.

Warm Weather Hampering Games

CORTINA D'AMPEZZO, Italy (AP)—That feared monster of the Winter Olympics for the last 24 years, warm weather and fog, is threatening the games again.

With just 10 days to go before the Winter Olympics open here, the 13-inch snow cover is melting and there isn't enough ice on the bob run to move a sled two feet. The bobsledders are grounded and the skiers are close to it.

The natives all are saying: "This is unseasonable, most unseasonable."

Villanova Trackmen Capture Five Events In Boston Meet

BOSTON (AP)—Olympic committeemen and college track coaches take note: the team to remember is Villanova.

The Wildcats from suburban Philadelphia swept the outlookers Saturday at the invitational Knights of Columbus Games which launched the indoor banked board season. They won five events and gained a tie for first in the sixth event in which its members competed.

Big Stadium, Keen Fans May Transform Oregon City

By FRANK ECK

AP Newsfeatures Sports Editor

COLUMBUS, Ohio (AP)—Will Portland, Ore., become another Milwaukee in baseball?

The Beavers, a community-owned team, is moving from its 10,000-seat Vaughn Street Stadium to the Multnomah A.C. stadium which seats 32,000. It gives the team the largest minor league park in the country.

Commissioner Ford Friel has said in effect repeatedly "let the minors get the parks to seat big league crowds before they talk big league."

Portland isn't even talking big league franchise but it did things in a big league way at the minor league baseball convention here.

Portland General Manager Joe Ziegler, who broke into the game with the St. Louis Cardinals in 1935 and helped run Triple A franchises at Sacramento, Rochester, Toronto and Buffalo, is pro-minor minded, having been graduated from the University of Missouri where he majored in journalism.

"We don't care about the future possibility of major league ball in Portland," says Ziegler. "But if the day comes we'll be out in front and ready with a big league ball park. All minor league parks in the United States are obsolete. We are spending a quarter of a million dollars and putting in 1,800 box seats right on the field in front of raised concrete stands. We even throw out the dog track and it was bringing \$100,000 a year rental."

The champion Dodgers have been wonderful because I've known their deep Buzzie Bavasi for many years. It was he who recommended Tommy Holmes as our new manager, mainly because he has the big league background and personally knows most of the new Portland players and knows what baseball map.

College Basketball Teams Ready To Begin Push For Berths In NCAA Championship Tourney

By ED WILKS

The Associated Press

The collegians have half the basketball season behind them, and now the fun starts — with everybody shooting the works to gain a berth in the NCAA championship tournament.

Everybody, that is, except those amazing San Francisco Dons. They have their reservation in hand in their bid for a second straight title.

The Dons have tied the 39-game college winning record set by Long Island University and previously matched by Seton Hall. They are on the shelf to tackle mid-term exams and won't go after their record-setting 40th in a row until Jan. 28 when they meet California.

The Dons have an "automatic" entry into the NCAA Tournament come March since they can't miss being champs of the California Basketball Assn.

The other 24 berths in the playoffs, however, are wide open.

Dayton, with a 12-0 record, tops the independents at present but had to scramble to overcome Canisius 82-73 Saturday.

In the Big Ten, Illinois (3-0) and Purdue (3-1) are on top and they battle tonight. The Illini bounced Indiana 96-72 Saturday while Purdue upset Michigan State 66-62.

In the Southeastern Conference Vanderbilt and Alabama are challenging the reign of Kentucky.

Kentucky breezed Saturday, whipping Louisiana State 107-85 as Bob Burrow scored 50 points.

Vandy beat Mississippi 88-73 and Bama topped Auburn 86-77.

Duke and North Carolina share the Atlantic Coast Conference lead at 6-1. North Carolina beat Clemson Saturday 103-99, but needed a double overtime, while Duke toppled Maryland 76-62.

In the Southern Conference, West Virginia (5-1) has the favorite role.

Arkansas, SMU Rest On Laurels In SWC Lead

By WHITEY SAWYER

The Associated Press

Arkansas and Southern Methodist are first in the Southwest Conference basketball race, pretty much rest on their laurels this week as Arkansas' only game is with Texas A&M Monday and SMU doesn't play at all.

The surprising Razorbacks, boasting a 3-0 loop record along with SMU, knocked off Texas and Rice last week to climb into the tie. SMU, leading the season parade with 13 victories and two losses, played only one game, beating A&M 97-68.

Temple Tucker stayed ahead in the season and conference scoring race with 363 points for the season and 89 in loon play. Despite SMU's dearth of games last week, the Mustangs show their potency with three men, Jim Krebs, Larry Showalter and Joel Krog, listed among the top 10 season scorers.

Tucker is backed by Joe Durrenberger of Rice while Arkansas, which had a record of one victory and eight losses in pre-season play, relied mainly on team play with only Manuel Whitley listed among the top scorers.

Champion 'Poke Injured When Tossed By Bronc

DENVER (AP)—Casey Tibbs, the world's top rodeo cowboy in 1955, chafed under a doctor's orders today—and all because of a big spooky bronc named "Be Careful."

The buckskin's twisting jumps jarred Tibbs loose Saturday night at the National Western Stock Show and his foot caught in a stirrup. Tibbs suffered three broken ribs and chest bruises from the horse's flying hoofs.

Attendants carried Tibbs from the arena for the first time in his career. But after spending Saturday night in the hospital, the 25-year-old rodeo veteran from Fort Pierre, S. D., announced he was ready to go.

His doctor disagreed, despite Tibbs' protest "I've ridden with broken ribs before."

Perhaps, said the doctor, if complications don't set in, Tibbs can personally pick up his award for his all-around 1955 championship at formal ceremonies at the show Thursday night.

And, if the healing goes well, Tibbs probably will be ready for arena action by the time the Fort Worth rodeo opens Jan. 26 — a show he says he plans on entering.

NFL Opens First West Coast Meet

LOS ANGELES (AP)—The National Football League opens its first West Coast business meeting today, with the top order of activity—the draft of college players for 1956—probably starting tomorrow evening.

Commissioner Bert Bell said a definite time for the draft is still unsettled. But he thinks it will be started late tomorrow and possibly may not wind up until Wednesday morning.

The agenda otherwise is full of routine matters, Bell said, and nothing sensational is expected.

More than 2,000 years ago Chinese monarchs signed documents with their thumb prints.

Defending champ Colorado tops the Big Seven with a 30 mark, with Kansas and Kansas State right behind at 2-1. Kansas clipped State Saturday 91-80 and meets Iowa State tonight.

St. Louis (4-0) and Oklahoma A&M (2-0) are squared off for another Missouri Valley Conference scrap.

Southern Methodist and late-starting Arkansas rule the Southwest Conference at the moment with 3-0 records. Arkansas plays Texas A&M tonight.

Princeton 3-0 and Columbia (2-0) are the big guns in the Ivy League.

UCLA is tops in the Pacific Coast Conference at 4-0 with Southern California and Stanford 3-1.

WHO DOES IT?

Dates, Statements In Dulles' Life Give Insight To Thinking

By JAMES MARLOW Associated Press News Analyst

WASHINGTON (AP) - A few dates and statements out of the life of Secretary of State Dulles offer some insights into his ideas about foreign policy and his handling of it.

In April 1952, after watching the Truman administration for seven years devise various means for blocking Soviet expansion—such as foreign aid and military alliances—Dulles said:

"The United States was too much on the 'defensive' when it should have taken the initiative; it was 'dancing to whatever tune' the Russians played; and 'most of our actions have been reactions to Soviet Communist actions.'"

Since he became secretary of state in 1953 he has followed in a general way the broad policies of former President Truman: a continuation of foreign aid and even more military aid. It is perhaps

the only way. No one in authority has advocated another.

Last Nov. 29 Dulles told a news conference the United States "very distinctly" had the initiative in the Middle East. He said: "I believe what we are doing in the Middle East is of incomparably greater importance and significance than these tentative proposals the Soviets are making."

After this expression of confidence the secretary said the United States was not going to be drawn into an attempt to match every offer of economic aid the Soviets may make to the Middle East and Asia.

But on Dec. 20—by this time the visits of Soviet leaders to the Middle East and Asia were being considered a propaganda success, at least—Dulles made it known the administration wanted to step up its aid to the Middle East.

And President Eisenhower—al-

though there has been congressional opposition to continuing and prolonging foreign aid—said in his Jan. 5 State of the Union message his administration wanted to set up a 10-year foreign aid program.

Then yesterday Dulles, with Eisenhower's approval, called on the nation to "wake up" to all the implications facing this country in its struggle to keep the backward countries from Russia by economic help.

It wasn't the call so much that was unusual as the way in which it was made.

Dulles and his State Department have responsibility for making foreign policy. But Dulles said he and Eisenhower had approved a statement prepared by the American delegation to the United Nations.

This statement informed the country the Russians have shifted their tactics and that defeat in competing with them in helping underdeveloped countries economically might cost this country the cold war.

Why Dulles had not long before this called on the country to "wake up" or why the warning had to be
