Mine Union Meets To Draw Up Collective Bargain Program

SALT LAKE CITY (U.P.)—International Union of Mine, Mill and Smelter Workers delegates met to draw up a collective bargaining program which will guide union actions in this year's contract negotiations.

Orville Larson, chairman of the independent union's wage and contract committee, will present his group's proposals, and then delegates will make recommendations from the floor before a program is adopted.

Most contracts negotiated with independent union's wage and contract committee, will present his group's proposals, and then delegates will make recommendations from the floor before a program is adopted.

Wednesday the third day of the five-day convention - the union passed a resolution calling for impeachment of senators and congressmen who oppose the desegregation decision of the Supreme Court.

The resolution said "Democratic Sen. Eastland of Mississippi and other legislators who call for nullification of the Supreme Court's decision by organizing hate groups such as the White Citizens' Council should be disciplined by the institution of impeachment proceedings."

Other points of a civil rights resolution urged: economic and political equality for all Americans regardless of race; the attorney general of the United States to use his office to determine the means to prosecute the real subversions in our country "who have conspired to deny 15 million Americans their rights guaranteed by the Constitution"; the Supreme Court decision on segregation be carried out in every state, city and locality, and that the union support and organize activities that will bring the maximum pressure to bear upon Congress and the executive office for legislation to help the Negro.

Other resolutions passed Wednesday called for:

1. Repeal of "antilyncher" and "other Democratic laws which proscribed the organization, expression and movements of Americans." This would require repeal of the Taft-Hartley law, the Smith Act, and "all state legislation which provides for so-called loyalty oaths or outlaws or curtails the activities of civic, fraternal, political, religious, academic, social or other organizations."

2. Two mine-mill leaders, M. E. Travis and Clinton Jencks, have been convicted of perjury for saying under oath they had never seen or heard of the Communist party.

3. The continuation of peace "by reduction of armaments of all nations, by outlawing weapons of mass destruction and by establishment of free trade throughout the world."

4. Commendation of the union for aid given members of the Idaho and Connecticut locals who were hard-hit by floods last year.

Past Matrons Vote To Donate Book To Library

At the Past Matrons club meeting Monday afternoon, members voted to donate a book to the library. The meeting was held in the home of Mrs. Calvin Dunn with Mrs. J. C. Floore, as co-hostess.

The meeting was opened with a prayer and meditation on Easter. Mrs. Earl Darst, president, was in charge of the business meeting. Mrs. Jesse Funk gave a book review on the book "Billions, Blunders and Baloney" by Eugene W. Castle.

The Easter theme was carried out in decorations and refreshments. Those present were Mrs. George S. Teel, Mrs. R. L. Cole, Mrs. L. P. Glascock, Mrs. John Rowland, Mrs. N. T. Kelly, Mrs. P. V. Morris, Mrs. Jesse Funk, Mrs. John Prude, Mrs. Harold Kersey, Mrs. Darst, Mrs. Maude Condey, Miss Linda McCaw and the hostesses.

The next meeting will be a luncheon April 23 in the home of Mrs. Funk.

Hagerman News

Mrs. Robert Cumpsten flew to Dallas, Saturday to visit Mr. and Mrs. Bill Albright and daughter Sally. Mrs. Albright is the former Polly Cumpsten. Mrs. Cumpsten returned by plane to Roswell last Tuesday.

Mrs. Laura Moss left March 16, for Fort Worth, Texas, to be with her husband, who is ill and her son Larry. Her daughter, Sue is staying with Miss Mona Davenport while Mrs. Moss is away.

Mrs. J. C. Wyman is ill and is not able to teach. Mrs. R. A. Long is substituting for Mrs. Wyman in the first grade.

Mr. and Mrs. Richard Lang and children Patrick, Delores, and Barbara left March 16 for Santa Fe where Lang attended a meeting of the Grand Lodge. They returned home Tuesday afternoon.

Robert Cumpsten and Howard Menefee left Sunday for Santa Fe to attend the meeting of the Grand Lodge. They returned Tuesday.

Mr. and Mrs. Calvin Turpening and children Jerry and Susan of Artesia visited at the home of Mrs. Rose Van Kirk Sunday.

Mrs. Al Henry and daughter Carrie and Mrs. Wilson Hart of Artesia were visitors in Hagerman, March 18.

Mrs. Jack Higgins and daughter Ann of Artesia were visitors at the C. R. Nail home Sunday. Mrs. Higgins brought Ann to visit Patty Nail who was visiting her grandparents, Mr. and Mrs. Nail, last Sunday.

Mr. and Mrs. Byron Oglesby and children Bart and Teresa left for Albuquerque Monday afternoon after receiving word of the death of Oglesby's mother, Mrs. Mathilda Oglesby of Albuquerque. They plan to return home Sunday.

The Hagerman School band went to Dexter Thursday where it played at the Dexter Town Hall at which time Gov. Simms was guest speaker.

The Hagerman Chapter of FFA left Thursday at noon for Las Cruces to attend a judging contest. Those attending were Tommy Bledsoe, Joe Elliott, John Tulk, Daniel Gomez, David Wyman, Richard Long, Donald Bannister, Orville Freeman, Nathaniel Hamilton, Wilbert Wrinkle and Frank Rhodes.

The Missionary-Aid Society of the Hagerman Presbyterian Church met at the home of Mrs. Edith West Wednesday afternoon. The meeting was opened by the president, Mrs. B. W. Curry, reading the names of Missionaries from the Year Book of Prayer. This was followed by prayer. After a short business session the study of Ephesians was resumed.

At the close of the meeting refreshments were served to the following members: Mesdames Charlie Michelet, W. E. Utterback, C. O. Holloway, T. D. Devenport, M. D. Menoud, E. E. Lane, B. W. Curry, W. P. Elliott, and one visitor, Miss Nell Johnson, and the hostess, Mrs. West.

The combined choirs of the First Methodist Church and the First Presbyterian Church met Thursday night to complete preparations of the special music to be presented during the Easter season.

COMPETE FOR U. S. WOMEN'S SKATING TITLE

LEADING CONTENDERS for U. S. Ladies Senior Figure Skating Championship in Philadelphia are, from left: Catherine Machado, Los Angeles; Claralyn Lewis, Colorado Springs, Colo.; Mary Ann Dorsey, Colorado Springs; Carol Heiss, New York, world champion; Penley Albright, Olympic and defending champion, Newton Center, Mass.; Charlene Adams, Chicago; and Nancy Heiss, New York, a sister of Carol.

Artesia Concert Assn. Has Choice Of More Than 100 Musical Greats

More than 100 artist attractions will be available for the Artesia Community Concert Assn.'s 1956-57 series, according to Juanita Denton, association secretary.

Miss Denton also stated that the list of artists published in a bulletin issued to members at the last concert included only a few of the big-name attractions which it is possible for the Artesia Concert Assn. to engage next season.

To date, 102 adults and 46 student memberships have been renewed, these being committed at the Lola Montes concert March 16. Mrs. Hugh Parry, membership chairman for the coming campaign, urge all members to renew at once if possible, so that workers may spend more time seeking new memberships in the drive which will officially open April 3.

"We must know," she said, "our total membership list by April 7 so that we can make our talent selection which is based upon the number of members and the budget available to engage such talent."

Anyone desiring a new membership may mail or call in his application.

Price Daniels Enters Race For Texas Governor

DALLAS (U.P.)—Sen. Price Daniel got into the race for governor Monday and vowed he had made "no trades or deals" for anyone to succeed him in Washington.

Daniel's entry, expected for several months, raised the number of candidates to five with at least three others considered as possibilities.

The senator indicated he would not resign unless he wins the Democratic nomination, and that if he wins the vacancy will be filled by a special election.

"I will time my resignation so that the people will have the freest possible choice of my successor before I take office as governor," Daniel said.

"I would not think of appointing my own successor, and neither would he be appointed or hand-picked by anyone else."

Daniel thus entered the race along with Lee O'Daniel of Dallas, Reuben Senterfit of San Saba, J. J. Holmes of Austin and Everts Haley of Canyon.

San Fidel Man Beaten To Death

ALBUQUERQUE (U.P.)—Two men were held Monday in connection with the death of Dan Jesus, also known as Dan Hudson, 25, San Fidel, whose body was found near Skan Fidel Sunday.

Mortuary officials said Jesus apparently had been beaten to death. Police said the man had been dead about 24 hours.

No charges have been filed, but two men were held in Grants, State Policeman Ed Bell said. He said the body was discovered about one mile north of San Fidel.

Power Company Manager Faces Federal Charge

ALBUQUERQUE (U.P.)—A former head of the Otero County Electric Co-operative at Clouderoft has been indicted by a federal grand jury here on charges of falsifying records and illegally diverting funds to his personal use.

Winston C. Cooper, who was manager of the power company from 1948 to December, 1952, has recently been director of public utilities for the island of Guam.

The Guam News said Cooper is awaiting papers to return him to New Mexico and is presently on a personal appearance bond. The newspaper said he had resigned his position in Guam.

Cooper is charged in the indictment with entering into two contracts with the Army in the name of the company and then failing to enter the transactions on the books. He is charged with diverting the profits for his own use. Allegedly involved is \$9,931.48.

Del Rio Police Hold Tucson Boy

DEL RIO, Tex. (U.P.)—Sheriff Herman Richter says a 15-year-old boy, recently feared the victim of foul play, is being held in jail for Tucson police.

Richter said Thomas Leroy Matthews was picked up after he "stole a box of 32 shells" from a store and was turned over to juvenile authorities.

The boy left home March 10 accompanied by George A. Jackson, 20, of Ontario, Calif. Jackson was arrested in Carlsbad, N. M., March 13 on a California car theft charge, and the boy's clothing was found in his car.

NM Ranchers Think Farm Bill Complicated

ALBUQUERQUE (U.P.)—The consensus of New Mexico ranchers seem to be the farm bill is so complicated it's hard to tell just what it will mean to agriculture.

A number attending the New Mexico Cattle Growers Assn. convention have been asked what they think of the measure.

This is what Sherwood Culbertson, association president, says: "That bill's been changed, amended and re-amended so much nobody can be sure now just what's in it."

"We hope to find out enough about the bill to allow the association to take a stand on it at this convention."

NM Prisoner In California Set For Release

SACRAMENTO, Calif. (U.P.)—Tom Talle, member of a prominent ranching family in the Las Vegas area of New Mexico, imprisoned in 1950 for the murder of his wife, is due to be released on parole April 4.

The California Adult Authority's said Talle, "has been a very exceptional model prisoner."

E. A. Burkhardt, the authority's executive secretary, said Talle will probably be released somewhere in Southern California. He is now in Chino Honor Camp No. 9 at Moreno in San Diego County.

Talle's term was set for 10 years by the authority in 1954. Last year it was decided to permit him to go on parole the last four and a half years.

HOSPITAL REPORT

Admissions: March 26—Mrs. Ernest Evans, 1010 Mann; A. C. Taylor, Mallamar; Mrs. Harold Bynum, 1210 Clayton; Crespio Mejia.

Dismissed: March 26—Mrs. Charles Huelsman and baby, Billie Jean Bradley.

LAUNCHES EASTER SEAL DRIVE

RECEIVING FIRST SHEET of 1956 Easter Seals, President Eisenhower gives Clara Jo Proudfoot, 4, Miami, Fla., \$5, then rummaged through desk and presented 1956 Easter Seal child with silver dollar, British shilling, ball-point pen, rubber band and pen knife. (International Soundphoto)

BATIE-JONES MARRIAGE IS LEARNED HERE

Mrs. C. W. Batie of 604 S. Tenth st., received word that her granddaughter, Miss Laverne Batie, and Robert Jones Jr., were married in Clovis March 9.

The bride is the daughter of Mr. and Mrs. W. W. Batie of Rocky Ford, Colo., formerly of Artesia. She is a teacher in the English department in Clovis, and he is with the Air Force stationed in Clovis, where they are making their home at 1019 Connelly St.

Business News Fed By Glowing Earning Reports

NEW YORK (U.P.)—People who given to shuddering with apprehension when things are "too good" must be having the shakes. News of business — past, present and future — has been so good that it's spilled off the financial pages onto the front page.

The few words of caution—that things might turn out to be less wonderful than they now promise—apparently have fallen on deaf ears.

Businessmen themselves have fed their own growing confidence with glowing reports on their earnings, with predictions of better sales volume to come, and with plans to spend more than ever to build up the nation's industrial capacity to meet the demands of the bright new world.

Some of these plans for record expansion are coming from the very same men who only a year ago were wondering out loud if the Korean War expansion spree hadn't built their own industries up beyond peacetime needs.

The urge to expand has grown rapidly in recent months. Last fall the Department of Commerce asked industrial firms what they planned to spend in 1956 for new plant and equipment. Now, in the waning weeks of winter, the department has asked them again. Their present intentions are sharply more expansive than three or four months ago.

They now expect to plunk out a record 35 billion dollars, which is 22 per cent more than they spent last year.

The secretary of commerce thinks this "the best economic news so far this year." But there have been other rose-colored predictions—and some solid figures—in the last day or so.

The Federal Reserve Board thinks consumers are ready to spend as much this year as last. Stock traders have expressed their optimistic view of the future of business by bidding up prices of many stock to new highs.

An impressive list of corporations have reported increased earnings last year, coupled with predictions that this year's first quarter, now drawing to a close, will see even higher records set.

Almost every major group in industry has advised the Department of Commerce that it looks for higher sales this year than last—anywhere from 4 to 9 per cent higher.

Santa Fe Ry. Asks Board To Postpone Strike

LOS ANGELES (U.P.)—The Santa Fe Railroad has asked the National Mediation Board to intervene in a strike authorized on its coast lines for 1:01 p.m. (MST) Friday.

A spokesman said the railroad is confident the board will order a frequently invoked 30-day cooling-off period.

Officials of the Order of Railway Conductors and Brakemen and the Brotherhood of Railroad Trainmen announced Monday the authorization for a strike of 2,700 conductors, brakemen and yardmen on Santa Fe lines west of Albuquerque.

Negotiations on rules and working conditions broke down Monday. Another dispute between Santa Fe and the Brotherhood of Locomotive Engineers reached a strike threat stage last week.

Exhibition Games Tough Teams General Managers

The Associated Press exhibition games don't offer the races for pennants, sure can be tough on managers waiting for the winter trades. As a rule, the exhibition games don't offer the races for pennants, sure can be tough on managers waiting for the winter trades. As a rule, the exhibition games don't offer the races for pennants, sure can be tough on managers waiting for the winter trades.

Collum, by the way, has appeared in three games for the Cards so far—for a 0-1 record. A bases-loaded, two-out error by Card shortstop Alex Grammas—muffing Lawrence's tap—sent two Redleg runs across in the seventh.

It might also be noted that Larry Doby, acquired from Cleveland for Chico Carssquel in a winter deal executed by Chuck Conisky after Lane's departure, continued to connect with his bat as the White Sox leveled the Boston Red Sox 9-2.

Doby, enjoying one of his finest springs, rapped home the first Chicago run with a triple and added a single to boost his average to .419.

The Brooklyn Dodgers followed the pattern they set in trimming the New York Yankees in last fall's World Series, and clobbered the Bronx Bombers 15-7 after losing the first two games of their spring series. Maury McDermott, involved in the Yanks' winter trade with Washington, was rapped for 11 runs in the second inning.

Ray Crone of the Milwaukee Braves was tagged for four runs in three innings as the Pittsburgh Pirates won 16-9. Dale Long drove in five Buc runs with a double, triple and homer.

Del Ennis walloped a grand slam homer in a five-run fifth that gave the Philadelphia Phillies a 6-2 decision over the Detroit Tigers. Johnny Antonelli allowed only four hits while going seven innings for the first time this season as the New York Giants poured it on Baltimore 14-1.

The Chicago Cubs dumped the Cleveland Indians 9-5 with Warren Hacker pitching shutout ball for six innings.

Texas Teams Score In Basketball Tourney
PHOENIX, Ariz. (AP)—Two teams from Texas scored first-round wins in the first annual National Basketball Congress Tournament here last night.

Roy Hayes Home Builders of Port Arthur, Tex., swamped the Holbrook, Ariz., "M" men, 93-42, and Beaumont, Tex., belted Park Central of Phoenix 83-61.

RUSSELL DEFIES GRAVITY LAWS

SPORTS

Redlegs Manager Tebbetts Annoyed At Time Kluzewski Takes To Heal

FORT MYERS, Fla. (AP)—Manager Birdie Tebbetts of the Cincinnati Redlegs, threatens to leave Ted Kluzewski, the club's big slugger, behind when the team begins its northward trek next Monday.

"Klu's just starting spring training right now," Tebbetts said. "He is taking light workouts and coming along pretty good. But he says it still hurts him to swing and his thigh is all taped up. When we break camp, there's a strong probability that Klu will be left either in Tampa or in one of our minor league camps in Douglas, Ga."

Tebbetts tried his best to sound optimistic but there was a definite suggestion of annoyance at the length of time Klu has taken to begin working himself into shape. He expressed confidence that Kluzewski would be in the opening day lineup but said he was prepared if he isn't.

Tim Woodin Eliminated In AAU Wrestling
TULSA, Okla. (AP)—One of the four defending champions has been eliminated from the AAU's national free-style wrestling tournament, and three others are finding the going anything but easy.

After 86 opening-day bouts yesterday, only five wrestlers could boast a pair of falls, the prime target of all AAU grapplers. All are former national winners, but none of the defending titlist had unmarred records.

Sitting on the sidelines as the meet went into another marathon program today was Tim Woodin, 1955's (191-pound) champ from Ithaca, N. Y., now attending Oklahoma A&M College. On the verge of elimination was Dr. Melvin Northrup, San Francisco, a 48-year-old five-time titleholder at 160.

Woodin went out after losing on a fall and a decision. Northrup won and lost decisions. Joe Scandura, the New York Athletic Club's 147-pound title defender, and Bill Kerlake, heavyweight king from Cleveland, Ohio, each scored one fall but also had to settle for a decision apiece.

Double-fall winners were Frank Bettucci, New York A. C., 147.5; Tommy Evans, Tulsa, 147.5; Dick Delgado, 114.5. Sooner A. C., Norman, Oklahoma; Joe Henson, U. S. Navy, 136.5; and Danny Hodge, Sooner A. C., 174.

Larry Baker In Ring Bout Is Big Surprise
NEW YORK (AP)—It will be a long, long time before Pat Lowry, whose race notices said he carried dynamite in his gloves, gets another television shot in St. Nicholas Arena.

Lowry entered the ring against Larry Baker, an unknown from Mount Vernon, N. Y., last night. It should have been nothing more than a brisk workout for Lowry, who had knocked out 28 opponents in the process of piling up a 40-0 record.

But it was Baker who made what fight there was. He piled it right from the start and was the whole show until Referee Petey Scalzo stopped it after 47 seconds of the eighth round of the scheduled 10.

Baker weighed 147½, Lowry 149½.

Kluzewski would be in the opening day lineup but said he was prepared if he isn't.

"If he isn't ready by opening day, then I probably will play Frank Robinson, a fine-looking young player, still on the Nashville roster," he said.

Kluzewski was hurt the second day of training, swinging in batting practice. Until March 19 he did not appear in the lineup. On that date he tried it for three innings against the Pirates.

"He was struggling so hard I decided to get some competent medical man to tell him it wouldn't hurt him to keep playing," said Tebbetts.

Matchmaker Is In Contempt
LOS ANGELES (AP)—Contempt charges against Los Angeles Matchmaker Babe McCoy are being sought by James Cox, head of Guy Goodwin Knight's special committee investigating boxing in California.

"As far as I'm concerned, McCoy is in contempt of this hearing for having failed to make his books available on this date Monday in the office of his accountant as he was ordered by Judge John J. Ford," Cox said as he prepared for today's seventh session.

When Watson Jones, former California state light-heavyweight champion, testified yesterday he "threw" four fights, three on orders of McCoy, matchmaker at the Olympic Auditorium, the list of allegedly "fixed" fights rose to 12, according to witnesses' statements.

Baseball Game Is Fatal To Boy
SAN LEANDRO, Calif. (AP)—Twelve-year-old Hubert Dolly collapsed as he crossed the plate Monday after homering in a baseball game. He was dead when he reached a hospital. Deputy Coroner Guy Robinson said the overweight boy apparently suffered a heart attack induced by strain and excitement.

ARAGON-GIOVANELLI
HOLLYWOOD, Calif. (AP)—Art Aragon, talkative Los Angeles welterweight, meets Brooklyn's Danny Giovannelli tonight in a 10-round main event at the Legion Stadium.

Fred Corcoran Predicts Hogan Man To Beat In Augusta Masters Tourney
NEW YORK (AP)—The man who turned the professional golf tour into a gold mine came home from Florida with the report that the "Beat Hogan" chant is back as No. 1 on the golfers' Hit Parade.

"The Forty-And-Over Club is in the saddle again," said Fred Corcoran, former tournament director of the Professional Golfers Assn., and still an advisor, "and Ben Hogan is the keenest and sharpest of the lot."

"Jimmy Demaret is playing some of his finest golf. He says he has discovered 'nerve control.' Sam Snead is overweight but hitting the ball as well as he did at 25. And Lloyd Mangrum has shown he's reformed his old touch."

Corcoran added, however, that he was most impressed with Hogan, who announced after a play-off loss to Jack Fleck in the 1955 National Open that he's never seriously work for a championship again.

"Ben has been practicing a solid month at the Seminole Club in Palm Beach," Fred said. "People stand around and watch him on the practice tee the way they do Ted Williams when he goes into the batting cage."

"To most people he's still the champ, and they want to see him swing."

Baltimore Ball Club Mentor Thinks Team Somewhat Better

SCOTTSDALE, Ariz. (AP)—Paul Richards, the boss and brains of the Baltimore ball club, believes the team will be somewhat improved this year over 1955, and wroth it may be.

No one in the camp, however, expects any miracles, and one of the Baltimore baseball writers, Neal Eskridge, may have pegged the situation correctly when he observed, with a melancholy sigh:

"Washington is about the only club we'll finish ahead of, I'm afraid."

So it went with the seventh-place finishing Flock last year, 4 games ahead of the Senators and 6 games behind Kansas City. Richards describes himself first and foremost as a defensive manager, and defense is probably the Orioles' strongest point.

With the bright exception of at least one rookie, Tito Francona, however, the long ball, the knock-out punch, has not been evident thus far this spring.

The key players may be regarded as Hal Smith, the No. 1 catcher, and Gus Triandos, the first baseman who also spells Smith on occasion behind the plate.

The manager has expressed satisfaction with Smith and Triandos, and with Willie Miranda at shortstop and his outfield performers.

He also feels that of the pitchers, Jim Wilson, whose 12 wins was the most for the Oriole hurler last year; Bill Wight, Ray Moore, and Irv Falica are fairly well established.

Art Schallcock has shown good form in relief throwing. Richards is still studying the chances of such other candidates as George Zuverink, Fred Besana, Bob Harrison, Harry Dorish, Don Ferrarese, Hector Brown and one or two others.

Baltimore has four bonus kids who, by baseball rule, must occupy places on the roster, for better or for worse. They are Tom Gastall, a catcher; infielder J. Wayne Causey, and two outfielders, Bob Nelson and Jim Pypburn. Neither has exactly astonished anyone to date.

If played in the American League starting tomorrow, it is probable that the infield would list Triandos and Miranda, Fred Marsh at third, and Bobby Adams acquired from the White Sox, at second.

The outfield might include Jim Dyck, Chuck Diering and Dave Pope with another veteran, Dave Philley, available and adequate.

Moore To Fight King Tonight
SACRAMENTO, Calif. (AP)—Archie Moore, an overweight light-heavyweight champ if there ever was one, goes against Howard King of Reno tonight in a 10-round non-title fight at Memorial Auditorium.

Moore, minus a goatee and with just a slip of a moustache, said he figures to weigh in at about 195, some 20 pounds more than King. The Reno fighter stayed 10 rounds with Moore last month in San Francisco.

The State Athletic Commission ordered Moore to remove the chin whiskers, but Archie said would have done it anyway. He says he grew the goatee for a movie in which he played the villain.

John Anastasia Named Assistant MMA&M Coach
STATE COLLEGE (Special)—John Anastasia has been named assistant football coach at New Mexico A&M College. He will report for duty July 1.

Anastasia played football at San Jose State College for three years. He received his bachelor's degree in physical education in 1953. That fall Anastasia was backfield coach at Hartnell J. C. in Salinas, Calif. The team played a tie with the Oklahoma junior college champions in the 1953 junior Rise Bowl.

"He went into the service in 1954 and that fall was backfield coach at Ft. Ord, Calif. Last year he was at West Point, where he was assistant backfield coach under Earl 'Aed' Blaik.

Group To Ask For More Races On State Tracks

ALBUQUERQUE (AP)—Directors of the New Mexico Quarter Horse Assn. will petition the State Racing Commission for creation of more races at New Mexico tracks limited to state bred or state owned horses.

Directors at the meeting Monday expressed the opinion that state tracks are not now giving enough encouragement to New Mexico horses, which must compete on an equal basis with highly trained and practiced mounts from other states at the three main racing meets in the state, at Ruidoso, Reno and the State Fair.

Association President Heber Stewart of Clovis named a four-member committee to attend the April meeting of the Racing Commission to petition for the writing of more races for New Mexico horses. They are Warren Shoemaker, Watrous; R. C. (Punch) Jones, Tatum; Ray Lewis, Racing Commission secretary, Albuquerque; and Richard Thompson, a racing steward at Ruidoso Downs.

The association went on record as favoring an all-quarter horse race meeting for New Mexico and decided to look into the possibilities of holding such a meeting.

A point system, was also established for selection each year of the top New Mexico quarter horse based on showings in both halter and performance classes. The president also named a committee to work with the New Mexico Palomino Exhibitors Assn. in setting up a judging school to be held each year at the State Fair.

Nassau Boat Races Enter Final Day
NEW ORLEANS (AP)—Durward Knowles of Nassau, Bahamas, held a slim 1-point lead today as the Star Class Jahneke Cup sailing series entered its final day.

Knowles' fourth place Monday and second in the opening race Sunday gave him a total of 92 points, 1 more than H. P. Williams of Chicago. Williams, second in the standings, was second Monday and fifth Sunday.

Howard Lippincott of Riverton, N. J., was third with 85 points.

Dons' Russell Leads West To Shrine Victory

KANSAS CITY (AP)—San Francisco's fabulous Bill Russell scored 18 points and snagged 10 rebounds Monday night to lead the West to an expected victory over the East, 74-62, in the fifth annual Shrine All-Star basketball game.

The West clicked well at times, with Russell's San Francisco teammate, K.C. Jones, doing the ball feeding. But teamwork was not conspicuous in the game, played before 9,000 fans. The result widened the West's edge in the series to 4-1. Last year the East won 90-77.

Trophy Named For Dead Airman
HOUSTON, Tex. (AP)—The annual team medal trophy for the Southwestern Intercollegiate Invitational Golf Tournament here this week has been named the Marion Hickey Memorial Trophy in honor of the young golfer who was killed in an Air Force plane crash last week.

Hickey, a native of Pocatello, Idaho, led the North Texas State team to the National Intercollegiate championship in 1952.

This year's 16 entries in the tournament, which starts Thursday, include the top four teams in last year's NCAA meet, Louisiana State, North Texas, Oklahoma A&M, and Houston, and defending conference champions, Colorado, Southern Methodist and Texas Tech.

TRINITY COACH NAMED
SAN ANTONIO (AP)—Leslie W. Robinson, who has been basketball coach at Allen Academy since 1941, has been named head coach at Trinity University as part of the school's accelerated athletic program. There will be 12 basketball scholarships available at the school next fall.

Everyone Is Interested

THOSE seeking public office always go and see the folks at the newspaper office and usually the various party leaders or members in every community.

Many of them go and visit as many of the voters, the citizens and the taxpayers as possible. Others never seek out those who actually do the voting.

We have always regretted that all of the voters can see, meet and talk to all candidates seeking public office. We believe if we did that we would be far better informed regarding the candidates and certainly we would be better prepared to vote for the best qualified candidate.

Those elected to public office are named to handle our business—the business of the public. They are paid salaries out of the public's money; they spend the public's money to operate the office, to pay their employees and to conduct the affairs of their office.

They are there to serve the taxpayers, the voters, the citizens and the public and not just to serve their own party, the members of their party or their friends.

We need to take more time to meet the candidates; to learn about them; to check on them; and to come to know them. Only in this way can we be in a position to cast an intelligent vote and help name those best qualified to serve us.

We appreciate fully there is not always sufficient time for the candidates to call on all the voters but it would be a fine thing if they could. We realize that some of us would not want to take the time to visit with the candidates to get their thinking on the duties of their office and their views as to public affairs but we should.

But we can usually find someone who knows the candidates or we can find certain facts and data on the candidates, their records, or their announcements.

And certainly in considering a candidate for public office we are interested in the ability, the experience and the qualifications of that particular candidate and not interested in the faults of the other candidate.

Meet as many of the candidates as possible prior to the primary and general election and then vote your own convictions on election day.

Demo Congressional Leaders Called On Carpet By Butler

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—The Democratic National Committee has just told the Democratic leaders in Congress, in effect, they're not doing enough to build a record for the party against the Republicans in this campaign year.

Paul M. Butler, committee chairman and therefore the party's pilot in the campaign, has written to some congressional Democrats a letter which he said reflects the committee's wishes.

It went to the two Texans who are the Democrats' leaders in House and Senate—Speaker Sam Rayburn and Sen. Lyndon B. Johnson, who has been mentioned as a possible presidential candidate—and to some others.

It was this kind of letter: if you don't put up, we may have to shut up. If this was ever intended to be strictly intraparty, private correspondence it didn't remain so. The letter became public.

The Democrats have been accusing the Eisenhower administration of the giveaway of natural resources ever since the middle of 1953 when the Republican-run Congress gave the oil-rich submerged lands to the states.

That was not entirely a Republican performance. And the Democrats don't seem to be saying much about it now although they said plenty at the time. Some of them did, that is, Johnson and Rayburn voted for it. So did many other Democrats.

The Democrats have been running Congress since the beginning of 1955. With the Republicans in control of the White House and the executive branch of the government, the Democrats naturally look to their leaders in Congress to set a party record for the next election and point up, if not create, the issues.

This would be expected in the field of natural resources since the Democrats have been banging away at the Republicans on the "giveaway" theme for years. But

In his letter Butler wrote: "I am fearful that our party and its nominees for president, vice president, the Senate and the House next fall may be in a very weak position on the area of natural resources unless some action is taken to bolster our legislative record in this session of Congress."

Being thus told he's not handling the leadership of the House right may simply anger Rayburn, an old professional in politics. A nudge like this from his own party may pain Johnson, who seems to be growing increasingly sensitive to criticism.

Poison—

(Continued From Page One)

other bottles of ginger ale were sent to the West Virginia State Hygiene Laboratory at Charleston. The tests will not be complete until tomorrow (today).

"At Washington Friday the second crew member, the steward, went aboard Chessie 29 and with the chef gave the galley a complete cleaning as is customary before a car is put back in service after overhaul.

"Also on Friday, it was established that President Eisenhower would use Chessie 29 for his trip Sunday night

Baughman said there was "no question" in his mind about the loyalty of the C&O employees who had access to the car last week.

Law Enforcement Conferences Planned

ALBUQUERQUE (Special)—N. R. Johnson, special agent in charge of the Albuquerque office of the Federal Bureau of Investigation, has announced that an FBI law enforcement conference on auto theft will be held April 3, in Albuquerque. Additional conferences will be held at Farmington April 5, at Raton April 11, at Tucumcari April 17, Carlsbad April 19, and at Deming April 24.

New Mexico

(Continued from Page One)

heard Culberson declare the outlook for their industry is healthy. They closed their day with a dance at the Hilton Hotel here.

Meetings of the associations various committees Monday afternoon produced few results in the line of proposed resolutions. The big taxation committee discussed against recommending any resolutions. The transportation and traffic committee decided to recommend opposition to the Southern Pacific Railroad's application to abandon its Dawson-French line.

The new farm bill came up for discussion at Monday's session but no action was taken in the way of recommendations.

It was indicated in yesterday's sessions the resolutions to be considered today may be similar to those passed in recent years: opposition to further acquisition of New Mexico land by the military, proposed changes in Forest Service grazing regulations and the calling of higher tariffs on livestock.

At yesterday's session, New Mexico's leading role in beef production, and his own agency's work in promoting beef consumption was outlined by Neumann.

Neumann told the stockmen the nation's ranches this year will produce a record amount of meat—28 billion pounds, or enough to supply every person in the United States with 162½ pounds of meat, most of it beef.

Dr. Corbett told the stockmen that lack of phosphorous in nearly all New Mexico range grass was discovered some time ago by an A&M professor, W. E. Watkins, and that the problem has now been practically solved.

Addition of phosphorous to salts fed to cattle has added about 25 pounds to each calf, Corbett estimated, for a total state-wide increase in ranch income of about \$1,800,000.

Directors of the New Mexico Aberdeen-Angus Assn. decided to hold the annual sale at Clovis Oct. 22.

Several directors of the association called for closer cooperation between the state association and the Malpi Angus Assn., which operates mainly in northeastern New Mexico, and which also holds an annual sale.

State Auditor James Hannah Has Competition From McGrath

SANTA FE (AP)—Two Democrats are seeking their party's nomination for state auditor. One has spent much time in the job. The other has sought it on many occasions but never won it.

The rivals are James D. Hannah, the incumbent seeking reelection, and Tom McGrath of Las Vegas. The unopposed candidate for the Republican nomination is Ben Chavez of Albuquerque.

The job these men seek involves the pre-audit of vouchers, payrolls and all other claims of every nature for expenditure of appropriations payable from the state treasury. The issuance of warrants against those funds and the making of fund transfers to all institutions and departments, in conformity with law, is part of the job.

Hannah says he probably knows as much about the state's finances as any man. His experience in auditing and accounting in business services with the U. S. Treasury Department, including six years with the Bureau of Internal Revenue.

Born in Mississippi, Hannah came to New Mexico before statehood and has lived here all his adult life.

He went to work in the state comptroller's office when it was created in 1923. He has worked with the Highway Department, the WPA and the Treasury Department. He was named chief assistant state comptroller in 1939 and held that position until he was elected auditor in 1942. He was re-elected in 1944. Then, being unable to seek the office after two consecutive terms, he spent four years as state budget director and state comptroller, a post he lost when the Republicans drove the Democrats out of the governorship in 1950.

Hannah then went to work in the Democratic State Land Office as chief auditor. In 1954 he won his party's nomination for auditor and was elected.

McGrath is a native New Mexican, grandson of an Army sergeant buried at Ft. Union, son of the late J. Dee McGrath and the late Guadalupe Griego de Baca.

"I was born at Santa Clara, a U. S. government post on the Old Santa Fe Trail," he once said. "I was reared at Ft. Union. My name was McGrath at birth and it is now McGrath."

In 1954 and 1952 he wanted the Democratic nomination but failed to get the convention's designation. In 1950, in a five-man race in the district primary, he ran second behind Robert D. Castner, 26-278 to 24,902. That is the closest he ever came in his many attempts to have the people of New Mexico make him their state auditor.

That 1950 race apparently "was the one he had in mind when he wrote, in 1954, that he failed to receive the nomination 'by only a few votes.'" He could not afford the expense of a contest, he said, so he accepted the result as a good Democrat.

In his various efforts for the nomination, McGrath frequently has blasted opponents he said have fed at the public troughs for years.

Hangar Flying

R. F. Kirkpatrick passed his flight check recently for commercial pilot.

Carl Freeman purchased a Luscombe B. recently.

Ferdie Blessing has entered his twin engine course on the G. I. Training Bill. Both M. H. Peters and G. W. Sherwood are instructors on this plane.

Mrs. G. W. Kirby, accompanied by Geneva McCullum, was flown to Ottawa, Ill., by M. H. Peters in Beechcraft Mrs. Kirby is the sister of Mrs. M. D. Schneberg.

R. E. Ferguson and wife flew to Farmington Monday, accompanied by Mr. and Mrs. Wendell Welch.

Ground school is being conducted regularly every Tuesday at 7:30 p.m. at the airport, M. H. Peters, is instructing.

J. L. Dorris spent afternoon at the airport Sunday.

J. M. Lee has killed about ten eagles in past few days for ranchers. Ranchers who have served as gunners for Lee are Robert Parks, Edsel Runyan and Lloyd Treat.

Edsel Runyan received his private pilot's license recently.

Reserves—

(Continued from Page One)

The difference in pay for the same work has been called the biggest stumbling block to the Reserve Forces Act of 1955, he said.

The pay increase is the only change submitted after a detailed study into the operation of the new Reserve Forces Act by the Brooks Committee.

Army Reservists from the Roswell area normally take their basic training at Camp Chaffee, Ark. Following basic training they go to the armor school at Ft. Knox, Kentucky, or the finance school at Ft. Benjamin Harrison, Ind., depending upon the type of unit to which they are assigned.

NY Scientist Finds Pimples Treatment

SYRACUSE, N. Y. (AP)—A scientist here says he has found a medical treatment for pimples.

Dr. G. Arnold Cronk of the Syracuse University Department of Health and preventive medicine reported Thursday that he had found tetracycline, one of the new miracle drugs, 90 per cent effective.

Dr. Cronk said he had tested the treatment for a year on 72 Syracuse University students of both sexes. In 65 cases, he said, the pimples either cleared up completely or showed marked improvement.

Stassen Asks Reds To Join Military Cuts

LONDON (AP)—The United States has asked Russia to join in a military manpower cut which would whittle the armed forces of each nation to 2½ million men.

The plan was placed before the five-power U. N. Disarmament subcommittee Thursday by Harold E. Stassen, President Eisenhower's personal adviser. The Russians made no immediate comment.

Stassen said the plan which would seek proportional cuts by Britain, France and other nations, calls for a parallel reduction in armaments and military spending of each country.

Stassen insisted, however, that first the nations would have to agree on satisfactory control safeguards and an effective mutual inspection system. This has been a major stumbling block in the years of previous East-West disarmament negotiations.

The new U. N. proposal would mean a reduction of about 13 per cent in American land, sea and air forces, now totaling about 2,900,000 men. With Russia's armed strength estimated at four million men, it would take 37 per cent of her men out of uniform.

The U. S. proposal made no specific mention of Red China, whose army alone is estimated at 3½ million men.

Richards Co. Holds Showing Of Norge Range

Richards Electric Co. was hostess to a group of local women for the first showing of the Norge Futura vertical broiler electric range. A complete meal was cooked in 14 minutes.

This new range is available in white or a choice of three popular pastels—pink, green or yellow.

With this new style broiler there is no smoke, and at the same time potatoes or other foods can be broiled with the meat, the juice from the meat will season the food.

Boyle's Baby Turns Into Ogre At First Great Change In Life

By HAL BOYLE

My wife, Francis, and I have a little old lady 2½ years old—one dwelling with us now. She is our daughter, Tracy Ann.

Actual parenthood reverses your own concept of children, and your memories of your own childhood. I had always thought of children as fairly stable little animals—married only by an open passion for dirt—at least until they reached kindergarten. Only then, I felt, would they reach an age to have their hearts broken, and rebel against the chafing harness of this world.

It seems I was wrong. Little girls get to be little women much earlier in life than I realized. When Tracy was 2, a veteran mother visiting us looked at her and sighed:

"I feel so sorry for you, don't know what comes next. It is such a little angel now in another half year she will be into a regular little ogre."

It appears that at 2½ she really do go through the cease to be babies and begin to become human beings, and a great and emotional struggle.

Tracy, who had been all become alternately an angel ogre, laughing one moment crying the next. If crossed in any way, she would turn the issue into another Alamo.

She was absolutely unmanageable.

For a week she refused to carry in a pretty new dress. But she had it on, she broke out in a big storm when we would wear it to bed.

One of the chores she likes to carry in a machine, she would put my breakfast table on my mouth. Most people at York City over 40 take from six to six pills or capsules a day in the morning, being in a hurry, I immediately got down on my hands and knees and with the rug with a torrent of tears.

Her small misdeeds multiplied. She seemed determined to try to see how many could get away with them. I applied a small punishment. She again, I learned I had to let out of a wrong attitude. The threat of punishment turned into another Joan of Arc, who you to put her to the stake.

Once, in exasperation, I claimed to my wife, "I feel like your husband's hell." I have some stubborn times."

Every morning now she sits out of her bed, patters into room, and says, "Hi, ladies, g'mornings! How are you today?"

With considered gravity, and then she observes, and wonderingly: "SA!"

"I'm not a little baby any more, I'm a big girl."

Our part-time ogre is getting back on the job of being an angel. But, I suppose, she never quite leaves.

However, I am comforted by thought that Tracy Ann will have a small residue of ogreish handicap in the art of being a good woman.

Speaker Urges—

(Continued from Page One)

many developments which have occurred in Asia. He listed the countries now wholly or in part dominated by Communist Russia, as Egypt, Arabia, Iran, Pakistan, India, Burma, Thailand, Indo-China, Red China, Malaya, and the Republic of Indonesia. He said the Soviets are working a giant encircling movement against Australia and building up for seizure of Japan.

He specifically attacked American policy during the Korean War for failure to destroy war-making potentials in Manchuria. Also, he said previous administrations had placed first emphasis upon preserving Europe.

In the Korean War, he declared, "America was hampered because she did not know anything about Communist war plans, while Russian spies knew secrets not even Gen. MacArthur had been told."

"The action to defend South Korea," Park said, "was right and courageous, but the lack of determination to win victory there was wrong."

Park for years has been considered one of America's leading authorities on Asian affairs. A native of Korea who lived in Manchuria, he has written half a dozen books, all of which have been violently anti-Communist.

Agricultural Engineers To Hold March 30 Meet

STATE COLLEGE (Special)—Agriculturalists and engineers from seven southwestern states will be on the New Mexico A&M College campus March 30-31 when the first annual spring conference of the Rocky Mountain section of the American Society of Agricultural Engineers is held.

The two-day conference will be highlighted by members from Oklahoma, Texas, Utah, Arizona, New Mexico, Colorado, and Wyoming, and speakers will be present from all over the country.

NEWLY-CREATED DEAN STATE COLLEGE (Special)

Dr. Earl Walden, head of the mathematics department since 1946, has been named dean of the newly created Graduate School at New Mexico A&M College, according to an announcement by Dr. Roger B. Corbett, president.

ON TRIAL IN BUS BOYCOTT CASE

STANDING OUTSIDE COURTHOUSE, Rev. Martin Luther King and wife (left) discuss issues of his trial on charges of boycotting Montgomery, Ala., bus line. Negroes are refusing to patronize utility because they say seats are reserved for "whites while Negroes are obliged to stand." (International)

FRENCH REINFORCEMENTS ARRIVE IN ALGIERS

DISSEMBARKING AT ALGIERS, French troops in battle array reinforce soldiers trying to cope with rebellion. Robert Lacoste (right background), new French resident general, has just flown back from Paris with authority to smash rebels. (International Soundphoto)

SPRING ARRIVES IN CHICAGO

LIVING UP TO MAXIM, this early bird robin grabs worm at Chicago's Lincoln Park, proving spring has arrived in windy city even though blizzards and other winter annoyances have struck Atlantic states. (International Soundphoto)

HORSES LOSE AGAIN
BALTIMORE (AP)—A horse
trough was moved into storage by
the Society for the Prevention of
Cruelty to Animals after it was
knocked off its stone legs by an
automobile.
The SPCA said there was no use
setting it back up; horse-drawn ve-
hicles have been banned from that
street during rush hours and for
all practical purposes.

FOUND HANGED
LAS VEGAS, N. M. (AP)—Dist.
Judge Luis Armijo says the body
of Jake Shope, about 25, has been
found hanged in a woodshed near
his home. The body was found
Sunday after the man had been
reported missing from the home
of his parents, Mr. and Mrs.
Charles Shope, for several hours.

WE ARE DOING RESEARCH HERE.
WE ARE FROM XANSZU PROVINCE, SECTOR SEVENTEEN.
I NEVER HEARD OF SUCH A PLACE WHERE ON EARTH IS IT?
NOT ON EARTH. ON THE PLANET YOU CALL—MARS.

Oil Production Falls In Week

TULSA (AP)—Daily average production of crude oil fell 11,350 barrels to 7,163,110 during the week ended March 17, the Oil and Gas Journal's survey shows. The week's output raised 1955 production to 545,826,190 barrels compared to 517,908,124 a year ago. Oklahoma was down 1,600 to 616,800; Louisiana down 350 to 74,000; Colorado was up 1,100 barrels to 157,300. Production was unchanged in Texas at 3,024,400 barrels and in New Mexico at 245,200.

South Will Not Take Kefauver, Says Ellender

WASHINGTON (AP)—Sen. Ellender (D-La.) has said he thinks "the South will not accept" Sen. Estes Kefauver of Tennessee as the Democratic presidential nominee. Kefauver, generally regarded as the front runner for the nomination since his victory over Adlai Stevenson in the Minnesota primary Tuesday, will test his strength in the Florida primary May 29. There again he will contest with Stevenson, the 1952 nominee. Ellender said he would be "100 per cent" for Senate Democratic Leader Lyndon B. Johnson of Texas for the Democratic nomination. Johnson has said he is considering a suggestion by Speaker of the House Wm. W. Whelan (D-Tex.) that he seek endorsement as Texas' "favorite son" role at the convention and a serious bid for the presidency. Ellender told an interviewer that "from all indications, Stevenson is going to lose popularity from here on out" and that "it will be necessary to nominate someone else other than Kefauver."

NM University Indicates State To Have Better Future Years

ALBUQUERQUE (AP)—The year 1955 was the best business year in New Mexico history, the University of New Mexico has said. Furthermore, investment and expansion were encouraged which will make possible even better years in the future. New Mexico is one of the "few economic frontiers" remaining in the United States, the UNM Bureau of Business Research said. New records were set in every sphere of the state's economy except agriculture and utility sales. But even more significant than high marks and special milestones, said Bureau Director Ralph Edgel, was the enduring growth that the prosperity made possible. "This growth—power plants, oil and gas wells, shopping centers— took place in a wide variety of economic areas—large and small—and was well distributed throughout the state," he said. "We think that this was sound growth and we are very hopeful about the future." Personal income added up to more than \$1,187,000,000 in 1955—a gain of 57 million dollars or 5 per cent over 1954. Largest contributor to the state's record business activity was retail trade, which chalked up a gain of 17.5 per cent over 1954 and 15.6 per cent over 1953. Sales of service and amusement establishments gained 11 per cent over the preceding year. "Consumer confidence was also bolstered by visible evidence of business expansion in most communities," Edgel said. The new mines, oil fields, manufacturing plants, and other projects encouraged the expansion of retail and service firms in turn. In so doing, they employed more workers and paid more wages, and thus the happy cycle of business activity was continued. New Mexico's economy has shown a steady, consistent growth in recent years. Last year, the report said, non-farm employment in raised an average of about 3.3 per cent. This makes a gain of nearly 20 per cent since 1950. Wage rates increased in many categories. New jobs and higher incomes encouraged consumers to buy a record amount of goods and services. New Mexico's retail stores chalked up a gain of 17.5 per cent over

CHECKS MINNESOTA RETURNS

CHECKING FIGURES, Senator Estes Kefauver (D), Tenn., and assistant Charles Aldrich are in serious mood as they realize smashing nature of his victory over Adlai Stevenson in Minnesota Democratic presidential primary. Picture was made at Kefauver's Minneapolis headquarters. (International)

There's Chance Paint Retail Price To Rise As Result Of Other Jumps

NEW YORK (AP)—The paint industry hopes this will be its biggest year. Its sales volume is expected to rise by 10 per cent to a new record of \$1,667,846,400. There's a chance retail prices of paint may rise to meet recent boosts to the cost of linseed and soybean oils, some pigments, freight, labor and the hike announced in the price of cans. Much of the sales talk now in the paint industry is built around marvls such as polka dot paint, jellied paint, or colors in collapsible tubes. Other marvels are being hunted down by radioactive isotopes. These byproducts of an atomic pile, widely used as tracers, are being turned lose in paint to see what may come of it in the way of new and better spruce-up jobs. The industry also counts on the psychological impact of a widely enlarged choice of colors on the army of determined do-it-yourselfers. You have all the way up to 1,000 choices—not to mention what a home-owner may accidentally stumble on in spite of himself. The National Paint, Varnish & Lacquer Assn. estimates almost 50 per cent of homeowners now are brave enough to tackle outdoor painting. Get them inside and out of sight of the neighborhood critics and 70 per cent will wield a brush or roller on interior paint jobs. The Retail Paint and Wallpaper Distributors of America says, with the deepest disapproval, that some

There's Chance Paint Retail Price To Rise As Result Of Other Jumps

30 million American homes haven't had a new coat of paint in 10 years. It also turns a critic's eye on all the several million homes built since World War II and asserts—perhaps to no one's surprise—that in its view 70 per cent could stand a new coat right now.

Retailers Are Optimistic For Spring Buying

NEW YORK (AP)—Retailers hope the Federal Reserve Board is right in its finding that Americans plan to go on living it up this year. Retail sales, taken as a whole, have been running behind the fast pace set in the closing months of last year. Retail inventories, taken as a whole, have been rising. If the Easter trade doesn't come up to expectations and if the public doesn't loosen its purse strings generously, price cutting could become a significant part of the merchandising scene later on. The food chains have shown the way with some tempting bargains in recent weeks—and the public has responded appreciatively. The real test of consumer spending is yet to come. Right now the emphasis is largely on spring apparel. Women are expected to dash into the stores between snow flurries and buy new spring outfits for themselves and their children and—if there's any money left over—maybe a new tie or hat for their husbands to sport in the Easter parade on April Fool's Day. The official arrival of spring—and its retail arrival somewhat later—is counted upon to increase the yen for a new car, a house in the suburbs, and all manner of furnishings, durable or soft, for present homes. The federal reserve's survey of the public's spending mood, conducted annually for it by the Survey Research Center of the University of Michigan, indicates that about as many persons this year as last plan to indulge themselves in car, house and appliance purchases. It is out of this optimism that retail sales, particularly installment plan sales, are born.

County Agent Has Results On On-Farm Tests

Results of 1955 on-farm demonstrations are available now at the county agents office, according to County Agent Richard G. Marek. The report of results covers 12 demonstrations carried on in Eddy County as well as 200 demonstrations carried on in other parts of the state, Marek said. These demonstration plots were carried on by farmers throughout the county and the state in cooperation with county agents and the Agricultural Services department of New Mexico A&M. The demonstrations varied from three to 25 acres and were carried out under standard farming operations, Marek indicated. In Eddy County there is a great deal of interest in cotton fertilization, so three demonstrations were planned. These were on the farms of Brown-Smith in Loving, Albert Calvani of Carlsbad, and Adolph Zelény of Artesia. Each plot was divided into nine blocks with different applied rates of nitrogen and phosphate and different sources of nitrogen. In the different sources of nitrogen, there was no significant difference in seed cotton yields which was also true in 1954. On the Brown-Smith farm, 64 pounds of available nitrogen was found to be the most economical application and made the most seed cotton per acre, 4131 pounds. On the Calvani farm, 128 pounds of available nitrogen made the highest yield with 3465 pounds of seed cotton and on the Zelény farm, 128 pounds of nitrogen also made the highest yield, however, this rate did not prove to be the most economical rate of application for the farmers. Continued demonstration work will have to be carried out on county farms as one year work cannot be taken as the complete solution. Cotton fertilizer demonstrations will be carried on again in 1956, which will be the third year for such work. Six forage sorghum varieties, Hi-Hegari, Atlas Forgo, Sumac 6550, Sugar Drip Sorgo, Tracy and Sart, were planted on the farms of Valley Land Co., Malaga, and Neal Nichols, Jr., Carlsbad. These sorghums were cut for silage and samples sent to New Mexico A&M for feed analysis. On the Valley Land Co. demonstration, Sart produced 25.2 tons per acre followed by Sugar Drip which produced 23.0 tons per acre. Tracy was the high producer on the Nichols farm. However, when the total digestible nutrients were calculated from feed analysis reports, Sugar Drip Sorgo was the highest feed producer on both farms. These demonstrations will be grown again this next year with hybrid corn added. Wrapped bakers' breads may be put in your freezer in their original wrappers, but use them after two weeks.

County Agent Has Results On On-Farm Tests

Results of 1955 on-farm demonstrations are available now at the county agents office, according to County Agent Richard G. Marek. The report of results covers 12 demonstrations carried on in Eddy County as well as 200 demonstrations carried on in other parts of the state, Marek said. These demonstration plots were carried on by farmers throughout the county and the state in cooperation with county agents and the Agricultural Services department of New Mexico A&M. The demonstrations varied from three to 25 acres and were carried out under standard farming operations, Marek indicated. In Eddy County there is a great deal of interest in cotton fertilization, so three demonstrations were planned. These were on the farms of Brown-Smith in Loving, Albert Calvani of Carlsbad, and Adolph Zelény of Artesia. Each plot was divided into nine blocks with different applied rates of nitrogen and phosphate and different sources of nitrogen. In the different sources of nitrogen, there was no significant difference in seed cotton yields which was also true in 1954. On the Brown-Smith farm, 64 pounds of available nitrogen was found to be the most economical application and made the most seed cotton per acre, 4131 pounds. On the Calvani farm, 128 pounds of available nitrogen made the highest yield with 3465 pounds of seed cotton and on the Zelény farm, 128 pounds of nitrogen also made the highest yield, however, this rate did not prove to be the most economical rate of application for the farmers. Continued demonstration work will have to be carried out on county farms as one year work cannot be taken as the complete solution. Cotton fertilizer demonstrations will be carried on again in 1956, which will be the third year for such work. Six forage sorghum varieties, Hi-Hegari, Atlas Forgo, Sumac 6550, Sugar Drip Sorgo, Tracy and Sart, were planted on the farms of Valley Land Co., Malaga, and Neal Nichols, Jr., Carlsbad. These sorghums were cut for silage and samples sent to New Mexico A&M for feed analysis. On the Valley Land Co. demonstration, Sart produced 25.2 tons per acre followed by Sugar Drip which produced 23.0 tons per acre. Tracy was the high producer on the Nichols farm. However, when the total digestible nutrients were calculated from feed analysis reports, Sugar Drip Sorgo was the highest feed producer on both farms. These demonstrations will be grown again this next year with hybrid corn added. Wrapped bakers' breads may be put in your freezer in their original wrappers, but use them after two weeks.
