Reserve Board Makes Rate To High Level

Act Is To Caution On Boom

WASHINGTON (AP)—The Federal Reserve Board today held a big sign above the gathering business boom by hiking its lending rate to its highest in a year to head off inflation of the reserve system.

The board approved, effective today, a jump of 2 1/2 to 3 per cent discount rate for the Minneapolis and San Francisco Federal Reserve banks. The rate for nine other banks—all except Chicago—went up from 2 1/2 to 2 3/4 per cent.

Directors of the Chicago Reserve Bank did not meet yesterday.

The discount rate is the interest which member banks may borrow from the Federal Reserve. The lending rates of their banks.

Normally, all 12 Federal Reserve banks adopt the same discount rate within a short time.

Agreement on a new rate was reached shortly. Not since May 1955 has the Reserve System's general discount rate been as high as 3 per cent. It had been no more than 2 1/2 per cent since October 1953.

The changes announced by the Reserve Board late yesterday had been forecast by some economists and business writers, and brought an immediate reaction.

The higher bank lending rate in the face of increasing demand for credit. Business loans to member banks in the Reserve System increased 1 1/4 billion dollars in February—a one-month increase of 5 per cent. Consumer credit also was reported increased.

The increase was the fifth in the last April 14, when the rate moved up from 1 1/2 per cent. In November it was 2 1/2 per cent. (Continued on Page Four)

Artesia Library board members are still studying possible sites for the new \$125,000 library to be built here, Mrs. S. P. Yates, chairman, said today.

The members plan in the near future to meet with City Councilman George Ferriman in regard to issuing general obligation bonds to pay for the structure and equipment. Ferriman was appointed Wednesday night by Mayor Bill Yeager to work with the Library board.

A regular library board meeting will be held at 1:30 p.m. Monday, Mrs. Yates announced.

By THE ASSOCIATED PRESS
New Mexico's traffic death toll climbed to 92 last night—18 ahead of the count at this time last year—with the death of Vincent Silva, 31, of High Rolls, N. M.

State Police said Silva was killed and three others injured in the head-on collision on State Route 83, about seven miles east of Alamogordo.

Riding with Silva, injured and taken to an Alamogordo hospital were Bennie Silva and Pat Torres. Also injured was the driver of the other car, Pfc. Warren H. Stenbach, 19, of Nebraska. He was taken to a Holloman Air Force Base hospital.

Thief Full Of Watermelon No Catch In Race

ARVADA, Colo. (AP)—A man who stole a watermelon and drank a gallon of orange juice before trying to burglarize a supermarket was caught easily in a foot race with two patrolmen yesterday.

Police Chief Leonard Smith said M. Webb, 24, was nabbed in a race after the patrolmen noticed the safe was not in its usual place in the window. Smith said Webb hid in the store icebox at the time, eating watermelon and drinking orange juice.

Webb was booked on suspicion of burglary.

Board Approves New Hope School

Bethel Baptists Hold Big Rally

Artesia district board of education inspected and approved the new \$60,000 Hope school building Wednesday, Supt. Vernon Mills said today.

Four board members accompanied by Mills and Jim Baker, representative of the Roswell architectural firm which designed the building, found only minor details not meeting their approval.

The contractor, Mill Losee of Artesia, will paint and clean up a few places which the board found unacceptable.

The building has been in use about six weeks and was begun a year ago last March. About 55 students will use the building of three classrooms and a cafeteria-kitchen.

Ralph Lee is acting head teacher with George P. White of Artesia, acting principal.

Board members who inspected the building were C. C. Nelson, Mrs. C. P. Bunch, George O. Teel and Earl Cox.

Star Spends First Night In Palace

Strolls In Rain With Her Prince

MONTE CARLO (AP)—Radiant Grace Kelly and her prince walked hand-in-hand in the palace gardens today.

Even a gentle spring rain didn't spoil their obvious pleasure at being together.

A palace spokesman, who passed on the news, did not say how long the morning stroll lasted.

The 24-year-old film star slept in her future palace for the first time last night. The prospective bridegroom, Prince Rainier III of Monaco, went off to his villa at nearby St. Jean-Cap-Ferrat at midnight after turning the 200-room royal dwelling over to Grace and her parents, Mr. and Mrs. John B. Kelly of Philadelphia.

Tension Eased In Israel As Both Sides Pledge Restraint

JERUSALEM (AP)—Tension eased noticeably across Israel today in the wake of pledges from Israel and Egypt to hold off any new shooting action except in self-defense.

The night passed quietly.

Early today no fresh clashes had been reported since yesterday's aerial engagement over Israel's Negev Desert and one incident of rifle firing across the Gaza frontier during the day.

Unofficial Cairo reports said Arab commando squads—the Fedayeen—were being withdrawn from Israel. An Israeli foreign ministry spokesman asserted, however, that Egypt was "trying to pull the wool over the eyes of the world."

Israel claims 13 Israelis have been killed and 33 wounded by Arab raiders since Saturday night. The Israelis said they killed 13 Fedayeen and captured 6.

U. N. Secretary General Dag Hammarskjold, in Cairo on the first leg of his Palestine peace tour, reported that Egypt and Israel had promised not to commit warlike acts against each other. Both countries, however, emphasized that they reserved the right to act in self-defense.

Shortly after Hammarskjold's report was made public at U. N. headquarters in New York, it was announced that Israeli Premier David Ben-Gurion had written the secretary general protesting that Egypt was continuing hostile actions.

In Cairo, the semi-official Egyptian News Agency said Israel had agreed in principle to a proposal by Hammarskjold that Israeli and Egyptian forces withdraw 500 meters—slightly less than one-third mile—from the frontier. (Continued on Page Four)

Expect Israel Truce Team To Be Doubled

WASHINGTON (AP)—American officials expect the United Nations truce supervision team in the Middle East to be doubled if present U. N. peace efforts are successful.

The United States is backing the U. N. mission to the limit. The little White House at Augusta, Ga. announced yesterday President Eisenhower had sent personal messages to Premier Gamal Abdel Nasser of Egypt and Prime Minister David Ben-Gurion of Israel.

Indications were that he was urging restraint on both sides in the critical situation.

The messages were sent Monday in connection with Eisenhower's public statement, announced then, which in effect told both sides to hold off any new shooting action except in self-defense.

Stephens Says He Is Ignored By State Press

Robert Stephens, one of the three Democratic candidates for the nomination for governor, visiting in Artesia yesterday on his way back from the Democratic rally at Carlsbad the night before complained bitterly that the press would not carry any news about his campaign and complained all so that Democratic county chairmen "would not open their meetings" to him.

He denied emphatically that he is a "stooge candidate" for Simms, and complained that Pickett's "stooge" charge is the only thing the press has seen fit to mention about him since he filed his candidacy.

Stephens said that his reason for waiting until the last minute to file was to take advantage of more favorable publicity, but cited, as proof that he did not decide at the last minute to run, the fact that he was booked on radio logs at Albuquerque stations for his announcement speech, well in advance of the filing date.

Perjury Charge Considered In Clovis Case

CLOVIS (AP)—A District Court jury today considered a charge of perjury against Louise Jenkins, a witness at the Clovis Cattleman's Club.

Yesterday, the jury found Edna Reed, another waitress there, guilty of perjury to a grand jury. Witnesses had testified they had ordered drinks and paid for them at the club, in dry Curry County.

The two women were indicted by a grand jury which also charged Jack Skipworth, operator of the club, with sale of liquor.

At the same time the grand jury charged the Rev. Harold Gress, Lovington Baptist minister, with perjury. Gress said he was an investigator for the Curry County Civic League and was attacked in Skipworth's club. Skipworth said Gress had flourished a pistol.

Trial of Skipworth and then Gress will follow completion of Miss Jenkins' trial.

To Disclose Farm Bill Decision, Ike May Go On Nation-Wide Hookup

NATO Chief To Retire From Army

AUGUSTA, Ga. (AP)—President Eisenhower today announced the retirement of Gen. Alfred M. Gruenther as NATO commander, effective toward the end of the year. The President picked Gen. Lauris Norstad to succeed Gruenther.

White House Press Secretary James C. Hagerty said at Eisenhower's vacation headquarters here that Gruenther, 57, is retiring from the Army and as supreme commander of the Allied forces in Western Europe "because of personal reasons." Hagerty said he could not elaborate.

Norstad, 49, now is air deputy to Gruenther in the NATO setup.

Gruenther, a close personal friend of the President, has been NATO commander since 1953. In 1951-52 when Eisenhower was supreme commander, Gruenther was his air deputy.

Norstad has been Gruenther's air deputy since 1953. Prior to that he commanded U.S. and Allied air forces in Western Europe.

Gen. Alfred M. Gruenther said in Paris tonight he is stepping out of his NATO assignment to make way for younger men and new ideas.

The general told a news conference at NATO headquarters that he thought that three years is "about the maximum" for a supreme allied commander in order to maintain the viability of the alliance and to give an opportunity to younger officers.

Otherwise, he said, "We run the danger of stagnation and a lack of new ideas."

The general said he had no per (Continued on Page Four)

Eisenhower, Benson To Confer On Measure; Veto Is Rumored

AUGUSTA, Ga. (AP)—President Eisenhower's headquarters said today he may go on nationwide television and radio next week to disclose his sign, or veto, decision on the politically explosive farm bill.

Reports persisted Eisenhower has decided to veto the measure, but James C. Hagerty, White House press secretary, declined comment.

Hagerty said "no decision has been reached yet" regarding an Eisenhower TV-radio talk, but that the possibility is being considered.

Hagerty made the statement to newsmen as Eisenhower awaited the arrival of Secretary of Agriculture Benson for a conference on the farm bill here tomorrow.

It is "quite probable," Hagerty said, that Eisenhower and Benson will decide tomorrow whether the President should go on the air.

Asked again about published reports that Eisenhower, who has called the bill unworkable, already has decided to veto the election year measure, Hagerty said:

"I never make any comment on presidential action on any bill until the President takes such action."

Asked then whether Eisenhower has made up his mind yet, Hagerty said: (Continued on Page Four)

Court Upholds 1955 Direct Primary Law

SANTA FE (AP)—The constitutionality of the 1955 direct primary law was upheld today by Dist. Judge James Scarborough.

Scarborough held that the law is not ambiguous, indefinite or uncertain as charged by lawyers for three Los Alamos and Santa Fe County men charged with violating its provisions governing filing for office.

And on another major contention of the defense, Scarborough held that the body of the law is adequately covered by its title. The way he put it, "the contents are germane to the title."

The defense had attacked the law on the ground the title did not fully refer to the contents of the act, as the Constitution requires.

Judge Scarborough dismissed the charges against one of the defendants, Glenn F. Lemmon, saying the complaint was insufficient.

The two other defendants were held for further action, their bond reduced from \$1,000 to \$300, with a possibility it might be lowered further in the case of a Los Alamos man.

The defense attorneys said they had no plans to appeal the judgment that the law is unconstitutional. In the first place, they said it is doubtful the order is appealable, since Scarborough made it while sitting as a committing magistrate and not as the final action in a formal trial.

Justice of the Peace Otis Whitfield ordered Nelson held without bond as yesterday's preliminary hearing ended. The Nevada was to be placed in the state prison to await trial, the date of which was not set.

During the hearing, Nelson accused Dist. Atty. John Murphy of lying.

Murphy had been called to the stand by his assistants as a state witness. He was cross-examined by defense attorney Rolando Matteucci on a contention Nelson was not fed from noon Feb. 5 until late that day after he signed a purported confession.

Murphy told of seeing Nelson eating in the kitchen of the Valencia County jail.

Nelson blurted, "That's a damn lie." Then, as Sheriff Medardo Sanchez moved from the back of the court room, Nelson looked at him and yelled, "You know it is too."

In the purported confession, Nelson said he shot his victim twice in the head before leaving the body in a highway culvert.

Two Lovington Men Killed In Plane Crash

LOVINGTON (AP)—A light plane crashed 13 miles east of Lovington late yesterday, taking the lives of two men.

Deputy Sheriff James Robinson said Ralph B. Dry Jr., owner of the Yoakum County Review, Plains, Tex., and Vernon Roland, a printer employed there, were burned to death.

The officer said authorities theorized the two were taking off from a landing strip and the plane nosed down and crashed just to the side of the end. There were no witnesses, Robinson said.

Robinson said Dry has a wife and four children at Plains, and Roland had a wife and five children at Winters, Tex. The plane was a single-engine Piper Super Cub.

Prince Bars Photographers

MONTE CARLO, Monaco (AP)—Angered by a roadblock photographers threw before his car, Prince Rainier III—tonight barred news cameramen from his palace for his wedding next week to Grace Kelly.

The prince announced in a communique only official photographers—there are three of them—will be allowed behind the pink and white stone walls of his palace.

He was angered by a group of photographers who barred his road today on a drive with his bride-to-be between Monaco and the villa of his sister, Princess Antoinette at Eze, a French village to the west.

Cards Need Sauer for The Long Ball

—By ED WILKS—

It looks like Hank Sauer, who at 37 is a misfit in the St. Louis Cardinals' accent on youth, may fill the bill for Manager Fred Hutchinson just by doin' what comes naturally—hammering home runs and looking with indifference on opening southpaws.

We've got the speed to steal, the extra base and hit-and-run, Hutch observed this spring, let's not kid ourselves, we need a guy who can hit the long ball.

General Manager Frank Lane exchanged for utility man Pete Rosen and a few bills, corded Sauer from the Chicago White Sox with the comment Hank not only presented a long ball threat, but as a righthanded swinger might counterpunch some of the sharp pitchers who have given the Cards, heavy with left-handed pitchers, so much trouble.

In the last two days, Hank has teamed with Stan (The Man) Musial for back-to-back home runs—each time off southpaws. Wednesday they mobbed the Chicago White Sox' Jack Harshman to overcome a 3-0 deficit. Yesterday they made up a 2-0 handicap with consecutive pitches by Billy Pierce and the Carls went on to score three in the 10th to nail the Sox.

That kind of swinging could put Hank in left field opening day at Cincinnati against the Redlegs' lefty, Joe Nuxhall. Even before Hank joined in the power partnership with Musial, Hutchinson admitted he had an edge over regular Rip Repulski. Rookie Jackie Brandt, also in battle for an outfield berth, backed a double in the winning 11th off Morrie Martin as the Cards made it four straight over the Sox. Vinegar Bend Mizell, Gordon Jones and Larry Jackson gave the Pale Hose seven hits, but cut them out after the second inning.

It was a day of home run hitting. The New York Yankees and the Cleveland Indians, each collected four while winning their games by 8-7 scores. Mickey Vernon Elston Howard, Bill Skowron and Hank Bauer homered for the Yankees to beat Cincinnati. Bauer's poke, off Bill Kennedy, broke a 7-7 tie in the eighth after Mickey McDermott and Jim Konstanty had blown a 6-0 Yank lead. Wally Post smacked a three-run homer

off McDermott. Rookie Rocky Colavito smacked two of the Tribe's homers, but the Indians didn't snare the New York Giants until the 11th when Jim Constable forced Colavito home by walking Chico Carrasquel. Vic Wertz and Bobby Avila got the other homers as Cleveland ended the series with an 11-8 edge over the Giants.

Gene Freese also walloped two homers, his second giving Pittsburgh a 2-1 decision over Kansas City in the 10th. The Pirates won the series 11-5. Art Swanson and Elroy Face held the A's hitless over the last five frames.

Eddie Mathews slugged a three-run homer and Bobby Thompson drove in two to break a seventh-inning tie as the Milwaukee Braves beat Detroit 7-5.

Boston drew six walks and four runs from Curt Simmons, who was clipped for a two-run single by Ted Williams, to beat Philadelphia 6-4. The Phils had homers from rookie Bob Bowman, who hit a pinch, two-run job, and Roy Smalley.

The only game without a home run saw rookie Gino Cimoli bat in five runs with a triple, double and single as Brooklyn defeated Baltimore 7-2. Charley Leplemton and Ken Lehman, rookie lefthanders, set down the Orioles on three singles and a harmless triple by Fred Marsh.

Siebern, Up From Birmingham, Looks Like 'Old Reliable'

NEW YORK (AP)—"Wait until you get a look at Norm Siebern in an action. He'll remind you of an old Yankee favorite, Tommy (Old Reliable) Henrich." So spoke Eddie Glennon, general manager of the Birmingham Club in the Southern Assn. early in spring training. Eddie had Siebern in 1953 before Norm went into the Army for a 2-year hitch. Unfortunately, Yankee fans will have to wait a while before they can judge for themselves. The 22-year-old Siebern, whose spectacular spring training hitting established him as an almost certain sure shot to open the season in left field, still is sidelined by a knee injury, from a crash into a fence at St. Petersburg, Fla. "Siebern is the finest young player we ever had in Birmingham," Glennon said. "It's a tossup who was the better outfielder—he or Jimmy Piersall. We had such fellows as Walter Dropo, Gus Triandos, Norm Zaichin, Karl Olson, Charlie Maxwell and George Wilson. But Siebern could be a better hitter than any of them. He'll fool you with his speed, too. He's a fine runner for a big fellow." Siebern batted only 281 for Birmingham in 1953, but wallopped 21 home runs and drove in 89 runs. "I'd rate Siebern another Henrich," Glennon said. "He's just the type for Yankee Stadium. He'll put plenty of balls into those near-by right field seats. He's got everything including disposition and character." Siebern made Eddie look good with his fine all-around play in the exhibitions before he got hurt. A long, lean lefthanded hitter, he batted over 300. Half of his 14

Texas League Opens Season With A Change

By THE ASSOCIATED PRESS The Texas League opens the season Friday night with its first change in membership in 16 campaigns. Austin's Senators, back in the Class AA circuit after an absence of more than four decades, will meet San Antonio at Austin in one of the openers. Other games have Dallas at Fort Worth, Oklahoma City at Tulsa and Houston at Shreveport. Beaumont, replaced by Austin, will be out of the league after 40 years of competing, its last few seasons being marked by badly declining attendance. Beaumont has dropped to the Class B Big State League. Crowds totaling 26,000 are expected for the first round of openers. Saturday night the clubs change stands for the second round. Opening attendance last year totaled 39,891 for both rounds. Fort Worth expects to take the lead in the race for the opening day attendance trophy. The Cats anticipate a crowd of 8,000. Austin looks for 7,000, Tulsa 6,000 and Shreveport 5,000. As the clubs go to the post, Houston appears to be the general favorite with Fort Worth next and Dallas and Tulsa the other two first-division choices.

Snead Takes Lead At Greensboro Open

GREENSBORO, N. C. (AP)—Sam Snead, a slick speech maker as well as a smoothie on the golf course, pointed out in a country club talk on the eve of the Greater Greensboro Open Golf Tournament that it is also known as the "Snead Open."

He followed with a practical demonstration by shooting a five-under-par 66 to take the first round lead yesterday in the \$12,500 tournament.

The White Sulphur Springs, W. Va., pro, 44 next month, put together a pair of 33s to lead Frank Stranahan of Toledo by one shot and take a big step toward a sixth Greensboro victory. Sam won the 1938 inaugural here and last spring won it for the fifth time.

The California pros, Jimmy Clark of Los Angeles and Bill Casper Jr. of Chula Vista were in third place at 68. They were the only ones in the field of 126 under 70 on the par 71 Starmount Forest Country Club.

Four others had 70, among them a 21-year-old amateur, Wayne Jackson of Warwick, Va., who gained his ticket with an eagle on the last hole. Doug Ford, PGA champion from Mahopac, N. Y., John Serafin of Fox Hills, Pa., and Al Beselink of Grossinger, N. Y., rounded out the group. Host pro Charlie Farlow and Mike Homa of Rye, N. Y., a one-time pro basketball player, came in with par 71.

Stranahan had birdied four of the last five holes to take a lead which stood up almost five hours before Snead came barreling in. Sam birdied three of the last five holes. Stranahan, who used only 23

putts, had nines of 35-32. Clark had a pair of 34s featured by a 25-foot putt for an eagle on the par five 14th. Casper, a rising member of the pro game's younger set, made it in 35-33. Art Wall of Pocono Manor, Pa., had a 72, Mike Souchak of Grossinger, N. Y., and Billy Maxwell of Odessa, Tex., had 74s. Tommy Bolt of Chattanooga, and Bud Holscher of Apple Valley, Calif., each had 75 and Bob Toski of Holyoke, Mass., and Henry Cotton, the three-time British Open champion, could do no better than 77.

ALAMOGORDO (AP)—The Highland Hornets are favored to win the eighth annual White Sands Relays for the third straight year here tomorrow and extend their marathon win streak to 37 meets. Highland trackmen have never lost here. The Hornets won in 1952, 1954 and 1955 but did not compete in 1953.

Coach Hugh Hackett, in Albuquerque, forecasts victories for Highland in at least eight of the 17 events. He looks for record performances by onte Doyel in the pole vault, Eddie Frasher in the 80-yard run, and Bob Crandall in the 180-yard low hurdles.

The 23-man Hornet squad entering the competition, originated as the only state high school track meet staged entirely on sand in 1949, with a string of impressive triumphs in the Duke City triangular, Albuquerque Relays, Big Four and Capital City Relays meet this spring.

The Hornets expect sternest opposition here from Las Cruces and Hobbs cindermen.

Other top individual entries include Hobbs' quarter-miler J. C. Gamble; Dexter half-miler Ned Moore; and Las Cruces sprint and

We Pay For Misinformation

PERHAPS the day will come when the taxpayers of the nation revolt against the pair propagandists working for the various government agencies and bureaus to promote those who have employed them.

There was a day and time when the newspaper people of the state dug up the facts about the activities of our various state and federal departments, bureaus, agencies and the public officials.

Newspaper people have been perfectly willing for the most part to go along, accept the handouts of the public relations employee of the state or the federal government and publish these.

In many instances they are fine publicity for the department having them handed out but they fail to tell the true story and to give the taxpayers, who in reality are paying the public relations man's salary, the true facts.

It is a mistake in most instances to accept the handouts as the true facts in the case. Many a good newspaperman has refused to accept these and has gone along and searched or dug out the facts for himself and his paper.

We would be far better off today if that were always the case. But some years ago someone in the employment of the government found out that a publicity agent could get a lot of propaganda for that public official in the paper.

They, of course, are employed by the department head or the public official and even though they are paid out of the taxpayers' money they are responsible to the man who hires them.

There are times, however, when the stories are just the opposite and they contain anything but the truth.

We believe it is to the interest of the taxpayers for the newspapers to go back to digging out the facts for themselves instead of accepting the handouts of some paid publicity agent.

We believe that the legislature and congress should eliminate all funds in the various department budgets for public relation agents.

(Continued from Page One) Frenchman—actually lay down in the narrow road to slow the prince's big green American limousine.

During a lunch of the couple at the villa photographers had sent in word that they would like to take some pictures and the prince replied that he didn't want any taken.

Photographers waited at a narrow turn in the road when he emerged. The prince tried to proceed through slowly, but stopped when the Frenchman lay down.

He told newsmen there was "no ulterior motive" behind his resignation.

Grueithner also said that health was not the reason for his decision.

"I've played tennis three times this week and I intend to win another match tomorrow. So I cannot hide behind the excuse of health."

He favors a revision of state tax laws to make the state more attractive to industry, Stephens says, and believes that the Economic Development Commission has fallen down on its job, in its efforts to attract more industry to the state.

Stephens says he favors outright revision of the "lien and the relatives' responsibility" sections of the state welfare law.

(Continued from Page One) week. Taking note of this, Humphrey said in a statement "I am sure our farmers will undersand that worry over a farm bill can get a man off his golf game."

The tone of Democratic attacks was set yesterday by Senate Democratic leader Lyndon B. Johnson of Texas. Johnson told newsmen that if Eisenhower rejects the bill "he will be taking two billion dollars out of the pockets of the farmers."

Sen. Goldwater (R-Ariz.), who voted against the measure, said he thinks the farmers are "divided on whether it is a good bill

or not."

Sen. Schoepfel of Kansas, who recently succeeded Goldwater as chairman of the GOP senatorial campaign committee, viewed a possible veto with misgivings. Schoepfel voted for the bill when it passed the Senate.

"I think a veto will make it pretty rough for us in some of the farm states," Schoepfel said.

(Continued from Page One) Arabs and Israelis the United States is determined to oppose any aggression in the area.

What American officials most fear is not that either leader would deliberately start a war but that a continuance of bloody border incidents would precipitate a general conflict neither side could stop.

The Palestine truce supervision organization under Canadian Gen. Edson Burns plays an important role in trying to avoid such incidents.

Dispatches from Cairo last night were somewhat optimistic about the U. N. peace mission, being handled personally by Secretary General Dag Hammarskjold.

One of his aims is to obtain withdrawal of forces from border areas. Another is to try to obtain guarantees of complete freedom of movement for the U. N. truce supervision team.

Eisenhower and British Prime Minister Eden offered at the conclusion of talks here in February to provide additional manpower for Burns if he wanted it.

It was learned today that Burns has discussed this possibility with U. N. officials.

Marine Corps Declares No Whitewash

PARRIS ISLAND, S. C. (AP)—The commander of this Marine Corps recruit depot says there will be "no whitewashing of anything this court of inquiry finds out" in the investigation of the deaths of six recruits who drowned during a forced march.

Maj. Gen. Joseph C. Burger, depot commander, is a member of the court which is probing the Sunday night march into nearby swamplands ordered by S. Sgt. Matthew C. McKeon, 31, a drill instructor.

McKeon said he marched 78 rookies into the swamps, "to teach them discipline." Burger said the Worcester, Mass., native had no authority to order such a march.

Burger told newsmen yesterday that the court, ordered by the Marine Corps commandant, Gen. Randolph Pate, is "making a thorough investigation. There will be no whitewashing of anything this court finds out or recommends."

Burger said the investigation will be one of the most thorough in corps history. He said it will extend beyond the bounds of the present incident and will examine the entire Marine recruit training program. He added:

"If there are any defects, and I don't think there are... they will be corrected immediately."

Burger talked to reporters following memorial services for the six recruits at the post chapel. The flag-draped bodies had been sent to their homes by plane earlier.

McKeon did not attend the memorial service. He will remain in custody until the court completes its investigation, probably next week.

In Washington, Gen. Pate quoted Lt. Charles E. Terlihy, a Navy psychiatrist who examined McKeon, as saying the sergeant "showed appropriate and proper remorse... He is perfectly sound and was sound when he did it."

Eisenhower-

(Continued from Page One) erty replied he would have no comment on that either.

Earlier, Hagerty said the likelihood still is that in any event Eisenhower won't disclose his decision until he returns to Washington early next week.

The press secretary refused comment last night on a Kansas City Star Washington dispatch that the President definitely had decided against signing the farm measure.

Benson, who also has spoken out strongly against certain major provisions of the bill, is scheduled to arrive by plane from Washington late tonight.

He will be accompanied by Undersecretary of Agriculture True D. Morse; Don Paarlberg, a Benson aide; Dr. Gabriel Hauge, presidential economic adviser; Fred A. Seaton, White House congressional liaison man; and Kevin McCann, assistant to Eisenhower on preparation of speeches and statements. They will meet with the President Saturday morning at his working vacation headquarters, the Augusta National Golf Club.

Inclusion of McCann in the Washington delegation touched off speculation that Eisenhower had summoned the writer specialist for preparation of a television-radio address to the nation on his sign-or-veto decision on the farm bill.

Asked about that possibility, Hagerty told newsmen that "nothing has been decided one way or the other."

One reporter remarked that calling McCann to Augusta seemed to indicate Eisenhower had decided to veto the bill and wanted an explanatory statement prepared.

Hagerty replied that was not necessarily so. He said the President plans to issue a statement whether he vetoes or signs the measure.

The New York Times said in a dispatch from Washington that sources close to the White House reported Thursday that Eisenhower would "go directly to the people" next week to "make clear

Arab-Israel Trouble Stems From Pre-World War I Era

—By JAMES MARLOW— WASHINGTON (AP)—Any war in the Middle East—springing out of Arab resentment of the Jews of Israel and the West—will have its roots in nationalism and memories that go back beyond World War I.

The Mediterranean is at Israel's back. On all other sides it is surrounded by Egypt, Jordan, Syria and Lebanon. All four fought the Israelis in 1948.

Britain and France dominated that area between the end of World War I and the end of World War II and reluctantly let go. The British hold on Egypt went back even further.

When World War I began the Turkish Empire included what has become Lebanon, Syria, Palestine and Jordan. Britain and France, to win over the Arabs when Turkey got into the war on Germany's side, promised freedom to the Arabs if Turkey lost. Turkey lost.

The League of Nations then gave Britain and France a mandate—control—over what had been Turkish territory. The French got Lebanon and Syria, granted them independence in 1920, but didn't get out.

The British got a mandate over Palestine and what is now Jordan but didn't give Jordan independence until 1946. The British didn't get out of Palestine until 1948.

Meanwhile, the Jews, who had not had a majority in Palestine since the Romans defeated them in 70 A.D., began in the 20th century to demand that Palestine be made a Jewish homeland. In 1917 the British said they looked favorably on the idea.

The British did nothing to make it a reality. When Jews smarted into Palestine to escape Hitler's persecutions in the 1930's, the Arabs were alarmed.

Came World War II which weakened the French and British France got out of Lebanon and Syria in 1946. Britain let Jordan declare independence the same year but retained military ties with the Jordanians. In 1947 the United Nations voted to divide Palestine into two states: One Arab, the other Jewish.

The Arabs protested this creation of a Jewish state where none had existed for 1,900 years. The British were getting out of Palestine. On May 14, 1948, the Jews there declared the republic of Israel.

Syria, Jordan, Egypt and Lebanon went to war against the Israelis. It lasted a year. The armistice that followed has been broken many times since by border clashes. The Arabs refuse to recognize Israel as a state.

In that war the outnumbered Israelis—there are about 1,600,000 of them while their four neighbors have 40 million people—out-

why he could not sign the election-year farm bill passed by Congress."

Adlai Stevenson and Senator Estes Kefauver of Tennessee, both candidates for the Democratic presidential nomination, called for approval of the measure.

The bill contains a major provision which Eisenhower wants—a soil bank program which would pay farmers subsidies of as much as \$1,200,000,000 a year to keep crop land out of production of certain surplus commodities.

But the bill also would scrap the administration's program of flexible farm price supports in favor of restoration of high, rigid price props under basic crops this year. Eisenhower is against that.

ALBUQUERQUE (AP)—The New Mexico wing of the Civil Air Patrol has resumed its search for two California aeronautical engineers missing in a light plane flight.

A. C. Statter, the pilot, and Hampton Hanley, engineers for North American Aviation, Los Angeles, have been missing since their single-engine Swift disappeared on a flight from Tucson, Ariz., to El Paso, Tex., April 2.

The search was cancelled April 9, but a CAP spokesman says it was resumed late yesterday after the aviation firm "took up a collection to pay for fuel and oil for the New Mexico CAP."

A White Sands Proving Ground spokesman discounted a lead the plane might have crashed in the Organ Mountains east of Las Cruces. He said a search was made, and only "old wreckage" was found.

That particular search started after R. D. Sherman, Martin Aircraft employe at Holloman Air Development Center found a piece of aircraft engine cowling 1.2 miles northeast of an access road leading to U. S. 70. The highway crosses the proving ground through the Organ Mountains.

Know YOUR Schools

By Jo Connell DID YOU KNOW that for the purpose of professional growth school secretaries have organized a New Mexico Educational Secretaries Association which is a unit in the National Association of Educational Secretaries?

This national organization puts out a quarterly publication for its members which includes informative articles to help the educational secretary improve her services to the school system. It prepares how-to-do-it handbooks on various phases of the school secretary's work.

The national association holds an annual convention and there are four regional conferences each year. At these conferences such topics are discussed as school of office machines, handbook preparation, records administration, applied English and trends in education. The theme for the national convention this year will be "Setting Up Professional Standards."

All school office secretaries are eligible for membership in the Educational Secretaries Association. School secretaries are also eligible for associate membership in the New Mexico Education Association.

School secretaries of this area held a meeting during the South-eastern New Mexico Education Association convention March 23 here in Artesia. Three subjects discussed by a panel for the meeting were: "What the school administrator expects from the secretary," "What does business expect of the secretary," and "Playing for and keeping the job."

School secretaries are essential members of the school personnel tasks are endless, helping members of the school program of our schools run smoothly.

SW Conference Teams Face Crucial Games

By THE ASSOCIATED PRESS

Southwest Conference teams face some crucial games this week end in the fast crystallizing race for the 1956 baseball crown.

The loop-leading Texas Christian Horned Frogs journey to Austin for Friday and Saturday tilts with the University of Texas Longhorns. The Steers, a longtime power in Southwest Conference baseball, could deal the Frogs plenty of trouble.

Defending Champion Texas A&M, whose chances of taking the crown again were hurt by the two defeats Southern Methodist administered last week, are host this weekend to the Baylor Bears in a two-game series.

Favorites On Top In Women's Golf At Phoenix Today

PHOENIX, Ariz. (AP)—The favorites were still in command as the second round of the 25th annual Women's Southwest Golf Tournament opened here today.

But a couple of them had to go extra holes to stay in contention in opening-round play Thursday.

Mrs. Cliff Prather and Mrs. William White, a pair of two-time Southwest winners from Phoenix, had no trouble with their first-round opponents. Mrs. Prather dropped Mrs. Peter Grant of Phoenix 4 and 3.

Mrs. Winston Glantz of Albuquerque, another top-seeded player, scored an impressive 6 and 5 victory over Mrs. Ned Rogers of Phoenix. Mrs. Glantz was the Southwest titlist seven years ago. The two highly regarded players who got in trouble in the first round were Mrs. Ann Hecker of Tucson and Mrs. Joe Vurich of Phoenix. Both won 1 up on the 19th hole. Mrs. Vurich over Mrs. Ed Hecker of Phoenix and Mrs. Hecker over Mrs. A. Ewald of Phoenix.

In other championship flight matches, Mrs. Ralph Frantz defeated Mrs. Roger Hafford of Phoenix 3 and 1, Mrs. Helen Duckworth of Mesa, Ariz., defeated Mrs. Ray McNutt of El Paso, Tex. 4 and 3, and Mrs. L. B. Curtis of Phoenix defeated Mrs. Joe Sallee of Tempe, Ariz. 5 and 4.

"Take My Hand!" Thus has spoken our true Leader. As He Journeys in the service of God, He calls women and men and children to walk with Him. He has led youth and age to peace and victory. He has been the 'Christ of the Indian Road.' He is the Christ of every road where God's children must walk.

What a privilege! Ordinary people may have high company. What a blessed invitation. As they enter upon the serious tasks of life, they may have royal fellowship. Especially to those who leave the home fireside, to face a lonely way, He calls... "Take My Hand." Not one of us is equal to meeting the world in our own strength. But we can be conquerors, if divine strength and wisdom flows in upon our souls.

To every one of us, He is repeating the gracious invitation of the centuries, "Take My Hand." Wonderful things have been done by those who hearkened to the call! We do not need to walk alone. We must not walk alone. He will be our Teacher, our Friend, our Comforter, our Lord, our divine Comrade. Attend His Church! Take His Hand!
