Atomic Strike Bolstered By Other Workers

LOS ALAMOS — A strike against Zia Co., which maintains an atomic laboratory city, has been bolstered by workers employed on projects handled by Associated General Contractors.

Pickets parading at the White-Bandelier junction on State 4, leading from Espanola to Los Alamos, were joined late yesterday by the Laborers, Ironworkers and Teamsters unions employed on General Contractors projects.

A union spokesman said the new group of strikers demands a \$4 weekly subsistence allowance. He said those workers are not housed at Los Alamos and must travel long distances to and from work.

Steadfast conditions between members of the Teamsters, Painters, Laborers, Carpenters and Iron Workers unions employed by it remained unchanged.

Zia spokesman said talks will resume when federal mediators find a basic agreement.

Frank Hults, chairman of a five-man stewards committee, raised question of difference in pay for similar work done by Zia employees and workers at the laboratory.

He said there was no objection to higher rate paid laboratory workers in similar lines, but an

Demo Not Afraid Of Ike-Nixon Team

By THE ASSOCIATED PRESS

Exultant Republicans were virtually certain today of an Eisenhower-Nixon ticket again this year. If the Democrats were worried about battling the same combination that beat them in 1952, they weren't showing it.

Thus — unless Eisenhower's health should falter — renomination of the GOP's 1952 team at the party's August convention in San Francisco appears to be a foregone conclusion.

House Republican Leader Martin L. Dierkes predicted Eisenhower-Nixon ticket would be renominated "with acclamation." Senate Republican Leader Knowland of California said Nixon's announcement "clarifies the political atmosphere."

GOP National Chairman Leonard W. Hall said Nixon has been "a great vice president." He predicted Eisenhower and Nixon-running on what he termed "a splendid record of performance."

Demos Switch Thinking On Farm Bill

WASHINGTON — House Democrats, in a fast change of pace, today switched their affections from short-lived new farm subsidy proposals to a two-billion-dollar farm bill patterned after President Eisenhower's suggestions.

Less than 24 hours after proposing it, Democratic farm leaders in the House last night dumped plans to press for "compensatory payments" to farmers in the form of subsidies intended to bring farm prices to the level of 90 percent of parity.

In its stead, they put forward plans to present a compromise farm bill containing Eisenhower's soil bank program and other non-controversial provisions of the catch-all measure vetoed two weeks ago by the President.

The switch, latest in a series of confused maneuvers, came after

To Seek New Rocket Record At White Sands

WASHINGTON — A new single stage rocket record of 190 miles will be sought Tuesday at White Sands Proving Ground, Navy scientists announced last night.

The test rocket will be the first production model of an Aerobee-HI. It is hoped it will hit 190 miles above the earth, 32 miles farther than any single stage rocket has ever gone. The previous single stage record was set by a Viking rocket May 24, 1954.

A two-stage Wac Corporal rocket has climbed 250 miles above the earth. A single stage rocket uses one propulsive mechanism in its flight. A two-stage rocket uses two, dropping one the first after its power is exhausted, and the second takes over.

The Aerobee-HI is the largest rocket the United States plans to use during the International Geophysical Year 1957-1958 for making direct scientific measurements in the upper atmosphere.

The rocket scheduled for launching on May 1 will carry about 120 pounds of scientific instruments in

Mayor Proclaims Tomorrow As Straw Hat Day

If there was any doubt that summer is on the way, it has been eliminated once and for all.

His Honor, the mayor, has officially decreed that tomorrow is "straw hat day" in Artesia. So gentlemen, it will be perfectly safe to venture forth wearing that new creation tomorrow.

There is only one catch. The mayor wants it implicitly understood that in proclaiming Saturday the day for straws, he assumes no responsibility for loss of new headgear in case the wind blows.

And that is exactly what the weatherman predicts for tomorrow afternoon.

National Guard Gets Certificate For Efficiency

The Artesia unit of the National Guard, following an inspection by Col. Henry R. Hodgkinson, of the inspector general's office, last night, was presented a certificate for efficiency in training.

The certificate was awarded Company of the Guard, commanded by Lt. Don Bartlett, and to the 1st Battalion, commanded by Lt. Henry L. Wall. The silver certificate stands for excellent.

GREENGLASS TELLS OF ATOM SPY WORK

WASHINGTON — Atom spy and Greenglass testified today while working at the Los Alamos Atomic Laboratory during World War II he had listed 20 to 30 fellow employees he regarded as potential recruits for a Soviet espionage ring.

Brought here from his cell in the Federal penitentiary at Lewisburg, Pa., Greenglass told the Senate internal security subcommittee that he has given the names of these persons to the FBI.

He said he had compiled the list at the request of Julius Rosenberg, executed atom spy, and turned it over to him. He denied Rosenberg, his brother-in-law, as "my mentor."

Subcommittee counsel Robert F. Kennedy asked if the list of names turned over to Rosenberg exhausted all of the "potential" spy ring

members who it was felt might be recruited at Los Alamos.

"No, these 25 were in my ken," Greenglass replied. He said there were "others who were just as sympathetic" he heard of, but that he couldn't check of my own accord.

Morris said Greenglass had given the subcommittee in closed session the names of some of those he had listed for Rosenberg, but Morris said "we are not prepared to have the names come into the record at this time."

Greenglass said that while he was an Army sergeant at Los Alamos Rosenberg had instructed him "to find people in the project who were sympathetic to communism."

Morris asked if he meant people who were "likely recruits" for Soviet Espionage. "More or less," Greenglass said.

RED LEADERS WOULD WELCOME ARMS BAN

LONDON — Soviet Communist leader Nikita Khrushchev insisted today Moscow would welcome a ban on all shipments of arms to the explosive Middle East—provided other nations were similarly pledged.

And Premier Bulganin announced after the departure of Premier Eden told the nation tonight "it may be that the immediate dangers of war have receded" as a result of his talks here with Soviet Communist leaders.

Eden made the statement soon after the departure of Premier Bulganin and Soviet Communist party boss Khrushchev for Moscow after a 10-day visit. At a news conference televised in Britain Khrushchev said Moscow would welcome a ban on all arms shipments to the Middle East—provided other nations gave similar pledges.

Eden also spoke before a nationwide television audience.

"The London discussions could be something important," he said. "They could be the beginning of a beginning."

House Passes Largest Road Program Today

WASHINGTON — The largest roadbuilding program in history—a \$1 1/2 billion dollar cooperative state and federal project—was ordered by the House today and sent to the Senate.

It carries with it a \$14,800,000,000 increase in taxes for the people who use the roads to make the program self-financing. Levies would be higher on gasoline and tires among other items.

The bill's main provision is a 27 1/2 billion dollars, 40,000 mile system of interstate highways connecting 42 state capitals and 90 percent of all cities over 50,000 populations.

The next step is up to the Senate. Last year the Senate passed its own roadbuilding program—a five-year, 18-billion dollar plan.

The Senate bill carries no tax provisions.

Both Republicans and Democrats supported the bill in the House, but differences arose on side issues.

The House settled a dispute on relocation of utility lines by adopting an amendment to permit the states to follow their previous practices on payment to utility companies.

The big debate came on determining wage rates for workers on the interstate system.

The original bill had provision saying the secretary of labor should determine the wages.

Montgomery Negroes Continue Bus Boycott

MONTGOMERY, Ala. — Angered by threats of arrest, Montgomery Negroes have committed themselves to continue their long boycott of city buses until public officials are willing to accept integration.

The boycotting Negroes thundered approval last night to a resolution pledging them to carry on the protest indefinitely. A minister put it like this:

"We will never go back to Jim Crow buses."

The resolution was adopted by the cheering, hymn-singing Negroes without a dissenting vote at a mass meeting at the Day Street Baptist Church. The congregation filled the main auditorium and the basement, where loudspeakers carried the speakers' words, and spilled out into the street.

The resolution was sharply critical of Montgomery's three city commissioners, who all belong to the pro-segregation White Citizens Council.

The resolution pointed out that Montgomery City Lines has ordered desegregation and that some other Southern cities also have abandoned their traditional separate seating arrangements.

Montgomery City Lines, which operates the city's only bus service, has ordered its drivers to stop enforcing segregation, but city and state officials have promised reprisals against any integration attempt.

Hammaraskjold Seeks Cease-Fire From Lebanon

BEIRUT, Lebanon — U. N. Secretary Dag Hammaraskjold began talks here today expected to produce a cease-fire pledge by Lebanon and advance his Middle East peace mission still another step.

Bolstered by cease-fire agreements from Egypt and Jordan and a tentative promise from Syria, the secretary general appeared on the verge of setting up a new ring of peace pledges between Israeli and all her Arab neighbors.

Hammaraskjold was to confer with Lebanon's president Camille Chamoun and Foreign Minister Salim Lahoud.

He is expected to go back to Cairo tomorrow for final talks with Egyptian Premier Gamel Abdel Nasser. Then he will return to Israel for further conferences with Premier David Ben-Gurion.

Sources in Cairo said the secretary general has laid down a

Camps And Villages Threatened As 1,000 Battle Forest Fire

ALAMOGORDO — Forest Service officials ordered evacuation of a colony of summer homes, many of them owned by Artesia people, and said two villages and a number of camps were in danger as a forest fire swept east today.

Fanned by gusts up to 50 miles an hour, the fire which had spread over more than 6,000 acres of timber by noon from its start yesterday, spread toward the colony.

Officials said the village of Weed and the smaller hamlet of Sacramento, a church assembly plant, and a Boy Scout camp also were endangered.

The fire, in the Sacramento Mountains of southern New Mexico, was reported out of control, but there was a dim hope it might be fought to a standstill by mid-afternoon.

One thousand military and civilian firefighters backed up by heavy equipment had been thrown into the fire lines, and 150 more Indian fire fighting specialists crews from northern New Mexico were ordered in. They were expected on the line some time tonight.

In addition, officials said they had other Indian firefighters from Zuni Pueblo in western New Mexico on standby basis.

The east edge of the fire was reported about one mile from Artesia Camp, the colony of summer homes where the fire crew's

U. S. Help For Egyptian Dam Is Opposed

WASHINGTON — Sen. George (D-Ga.) said today he opposes U. S. participation in financing of the proposed Aswan Dam in Egypt.

George is chairman of the Senate Foreign Relations Committee and chief spokesman on foreign policy in the Democratic-controlled Congress.

He said in an interview he thinks it would be "very unwise to help one of the belligerents in an area of possible conflict while there is no guarantee of stable peace there," and he continued:

"I am against making commitments for the Aswan Dam. The situation is bad in the Middle East and I think it would be one of the worst things we could do now. I don't know how we could justify it all."

The United States has joined with Britain in offering Egypt 70 million dollars for a start on the dam. The 56-million-dollar U. S. portion of this offer is available in foreign aid funds due to revert to the Treasury unless committed before June 30.

Later financing would come largely from the World Bank which has announced substantial agreement with Egypt. Talks are

Ten May Have Perished In Gas Explosion Today

PULASKI, Va. — A restaurant owner lit a match to a gas heater and touched off an explosion and fire today that leveled a three-story brick building with the possible loss of 10 lives.

The blast rocked the old business section of this manufacturing town of 9,000 and in matter of minutes the building was a giant torch. It housed a restaurant, two shops and a Salvation Army transient home on the ground level. Seven families lived in upper-floor apartments.

Four survivors of the 15 or 16 believed in the building were hospitalized and one unidentified body was recovered. Police Lt. G. E. Bouldin said he believed 10 to 12 bodies were in the smoldering ruins. Only the back wall and a small section of the side wall were still standing when firemen finally put down the flames.

A witness said the blast lifted the roof which then crumbled inward.

A National Guard company from the Pulaski-Radford area was ordered on duty.

Police Chief Lee S. Boothe said it probably would be late afternoon before the charred ruins could be examined carefully.

W. J. Mahaffey, the restaurant operator, said he was met with a roaring explosion when he struck a match to the gas heater at about 6 a.m. Mahaffey, a man in his 70s, was hospitalized with undetermined injuries.

Hiss Speaks Without Incident At Princeton

PRINCETON, N. J. — Alger Hiss spoke on the heavily guarded Princeton University campus last night in a calm anticlimax to weeks of fanfare.

It was his first public speech since his release from prison.

Protests against the heralded appearance of the convicted perjurer before a student debating society had led to rumors of possible demonstrations.

But all was peaceful. After speaking on foreign policy, Hiss slipped out a back door of the meeting hall to avoid a waiting crowd and returned to his New York City home.

Hiss, whose role at the Yalta conference has been in bitter contention for years, told the students that "we got what we asked for in terms of technical concessions."

He also said, "I don't happen to believe that Yalta was such a pernicious occasion."

A query from a student during

Reds Say Sailors Return Willingly

UNITED NATIONS, N. Y. — The Soviet Union's U. N. delegation says five Russian seamen who gave up U. S. asylum and returned to Russia went back "of their own free will."

A statement from the delegation denied that Russia's chief U. N. delegate, Arkady A. Sobolev, pressured the five men into going home.

The State Department Wednesday demanded the recall of two low-rank Soviet delegation members, Aleksandr K. Guryov and Nikolai Turkin, charging they engaged in "particularly objectionable acts" in connection with the case. It also warned Sobolev to adhere strictly to his U. N. functions while in the United States on diplomatic status.

The Soviet statement said arrangements for the return of the seamen were made by a Soviet consular official in Washington. U. S. immigration authorities at New York's Idlewild Airport inspected the men before their departure April 7, the statement continued, and found that the Soviet sailors were leaving the United States at their own free will.

L. M. Zamvatin, Sobolev's top political aide, told a news conference his chief and other members of the delegation went to the airport as friends and compatriots to see the seamen off. He termed groundless a State Department charge that Sobolev intervened during the immigration interview.

A source close to Sobolev said

Handicapped Track Team To Roswell

The Artesia Bulldogs send a weakened track team into District 4-A competition at Roswell tomorrow. The meet, following in the wake of seven star athletes from the track team, finds the Bulldogs at a serious disadvantage.

Carlsbad Cavemen and the Hobbs Eagles will be contesting the district championship.

Pre-meet figures lean toward the Cavemen as probable champions. In five previous meets against the Eagles, Carlsbad has been first four times, Hobbs once.

Yanks Up To Russian Threat At Melbourne

DES MOINES (AP)—Two of America's top authorities said today Uncle Sam's boys can take care of any Russian threat to their Olympic track and field supremacy at Melbourne, Australia, next fall.

Coach Bill Easton of Kansas University and Coach Payton Jordan of Occidental College, Los Angeles, here for the opening of the Drake Relays today, agreed that the United States can win the unofficial Olympic team championship again.

"I think we can beat 'em all right," said Easton, who may have a couple of his own boys on the U.S. team.

Jordan, president of the National Collegiate Track Coaches Assn. of America, said in another interview: "Quite frankly, Russia doesn't think they can beat us. But they are building toward their goal with the most emphasis they can."

"The American way is the best way and by the great enthusiasm of the American boy we'll beat them again—and badly."

Jordan had a close look at Russian preparations while on a European tour as a representative of the U.S. State Department.

"We all realize the Russians have consecrated themselves to winning the Olympic games to make the world feel their mode of living is the right one."

"We, in turn believe that the principles of free competition will produce the real champion."

El Paso Tops Hobbs For Share Of Lead

By THE ASSOCIATED PRESS
Jim Ackers Thursday night hurled a five-hitter at Hobbs that knocked the Sports out of sole possession of first place in the Southwestern League and narrowed the gap between the first nine teams to only two games.

Acker's sterling performance came as El Paso advanced to a share of the league's top rung with a 5-0 decision over Hobbs.

In the other games, Pampa edged out San Angelo 7-6, Ballinger got Plainview 5-3, Roswell crushed Carlsbad 15-4 and Midland humbled Clovis 15-6.

The teams all will stay in the same locations Friday night.

Pampa's victory over San Angelo was protested by Colt Manager Art Rowland, claiming the use of an illegal ball.

The Colts outbit the winners 16-7 but four home runs by Pampa made the difference. San Angelo came within one run of knotting it with a two-run rally in the ninth.

El Paso's Ackers struck out four Hobbs batters and walked five in the game, but was never in serious trouble. A two-run homer by Doug Lewis provided him with more than enough to win.

Ballinger came up with a four-run fifth inning against Plainview, all they needed behind the careful pitching of Bob Leach. Jim Moore hit two solo homers in the winning cause.

Roswell mounted a 20-hit attack in subduing Carlsbad. Heading the Rocket attack were homers by Hal Simpson and Joe Bauman.

It was much the same at Clovis—lots of hitting. The Midland Indians came up with 18 singles.

Pueblo Wins Sixth Straight To Hold Lead

By THE ASSOCIATED PRESS
Only Lincoln has prevented unbeaten Pueblo from opening up a comfortable lead in the Western League.

Lincoln scored the winning run over Des Moines on an error in the ninth last night to stay within half a game of Pueblo. The Dod-

gers, meanwhile, took their sixth straight victory without defeat, 6-1, over Colorado Springs.

Lincoln's victory came over Des Moines, 5-4, when Jim McDaniel, Des Moines center fielder, dropped a fly ball with the bases loaded

and the score tied in the last of the ninth.

In the other games, Albuquerque crept up to a share of sixth place by stopping Amarillo 8-5 and Sioux City crushed winless Topeka 10-3. It was Topeka's sixth straight loss.

The teams switch around tonight with Pueblo at Amarillo, Colorado Springs at Albuquerque, Lincoln at Sioux City and Des Moines at Topeka.

Ohio State Given A Year Probation By The Big Ten

COLUMBUS, Ohio (AP)—Buffeted by the biggest prestige blow in its history, Ohio State University sports code-Ohio State University started today to put its athletic house in order.

Kenneth L. Tug Wilson, Western Conference commissioner, announced the penalty yesterday in Chicago after a long and intensive probe.

The edict eliminated the Bucks from all chance at next season's Rose Bowl bid, should they win an unprecedented third straight conference football crown; ordered Coach Woody Hayes to comply with the rules regarding financial aid to athletes; insisted that the university supervise the work program of athletes diligently; and declared some 20 graders temporarily and theoretically ineligible. The players involved were not named.

Bulldogs Meet Clovis In Twin Bill Here

A suspension-handicapped Bulldog team will meet Clovis in a double header here tonight, and Coach Jack Barron says his boys "will make it interesting" for the visitors, in spite of the weakened condition of the team.

There will be a crowning of "Miss Baseball" for 1956, between the games. She will be chosen from the three Pep Club members who were selected as candidates on the basis of ticket sales. They are Barbara Butts, Mabel Kinney and Genevieve Brown.

The Coach plans to pitch Sophomores Jimmy Madrid and Jerry Russell, one game each. Kenny Parish will catch and the rest of the lineup is as follows:

Ray Brummett, first base; Bill Gray, second; Walker Lewis, third; Dewayne Sewell, short; Dwayne Hodges, left field; Tex Webb, center; and Able Tarin, in right field.

CARL EKUND DIES CLAYTON (D) — Services were to be held today for Carl Eklund, 90, who died Monday, three weeks after he broke a hip. Eklund came from Sweden and started ranching here in 1889 with 64 head of cattle. His JE Ranch, at its peak, grew from 160 to 150,000 acres.

Picture Same As Last Year At Las Vegas

LAS VEGAS, Nev. (AP)—The picture was about the same as one year ago as 22 select players headed into the second round of the \$37,500 Tournament of Champions today, with Gene Littler the most prominent in the golfing scene. The 25-year-old California star held a two-stroke lead over the field and, as the betting favorite in this betting town, seemed a hard man to beat. A year ago Gene and two others, Chick Harbert and Ed Furgol,

were tied going into the second round and held a bare one-stroke lead over their nearest challengers. Then Littler began to draw away and was never seriously threatened in his drive for the \$10,000 winner's share.

In many respects, for a Tournament of Champions, the situation was out of focus. Every player had to be the winner of a major open during the past year to qualify for the Las Vegas affair, now in its fourth year.

But a blustering wind that sometimes reached 40 m. p. h. and the Desert Inn Country Club course, 7,102 yards of man-fashioned golfing country with a par of 36-36-72 took their toll. Three former National Open champions felt the blow. Cary Middlecoff, who seldom shoots over 75, took 79 yesterday to get

around the place. The current U. S. Open champion, Jack Fleck, was high man with a fat 82. Lloyd Mangrum, under a threatening 35 on the front side, took a 40, a 75 and a back seat for the day.

Tommy Bolt may blow hot and cold, but only rarely ventures into the 80's. He had an 81 yesterday. This was understandable in view of the fact that the day before he attended the funeral of his father in Shreveport, La. He spent the night flying here. Two successive sevens on the ninth and 10th, killed him.

On the ninth, Tommy's ball landed behind a tree. He had to lose a stroke to get out to the fairway. Then he Shank the approach and missed the green completely. Tommy just doesn't shoot that kind of golf, even in his angriest moment.

Hoping to move in on Littler today such professionals as Doug Ford, Ted Kroll and Shelly Bayfield, who were only two shots back of Littler.

Poor Unhappy Early Wynn Wins Again

By The Associated Press If poor old Early Wynn can manage to remain miserable thru September, who knows, he may never lose a game this year.

It seems the worse he feels the better his pitches. At least that's the way it's been in his first two starts this season.

A week ago he read that Cleveland was considering trading him to Chicago. That saddened the 36-year-old right-hander.

He refused to be consoled despite denials by Cleveland General Manager Hank Greenberg. "Where there's smoke, there's fire," he said bitterly.

With a heavy heart he took the mound against Kansas City yesterday and turned in a four-hitter, winning 14-2.

The Indians picked up a full game on the defending champion New York Yankees, who were beaten by the Orioles 7-5 in Baltimore. The rest of the American League schedule as well as the entire National League card was wiped out because of rain and cold weather.

Wynn had to share the spotlight with a teammate, Chico Carrasquel. The Venezuelan shortstop enjoyed a banner afternoon at the plate, driving in seven runs with a home run and a double. His four-bagger came in the third inning with the bases full. His double also came with the bases jammed, in the fifth. The first blow was hits off four Kansas City hurlers, Fred Marsh.

and loser. The second blast was hit off Jack Crimin.

The Indians amassed a dozen hits off four Kansas City hurlers, including a home run by Bobby Avila and doubles by Viv Wertz and Gene Woodling.

The Orioles overcame a 4-0 lead plied up by the Yankees in the first and second, knocking out Tommy Byrne for single runs in the first and second, knocking out the veteran southpaw in the second. After the Yankees had a boosted their lead to 5-2 in the top of the sixth, the Orioles really took off on relievers Tom Morgan and Bob Grim, driving the two right-handers off the mound with a five-run explosion.

There was no more scoring thanks to an effective relief job by George Zuvernick. The right-hander relieved starter Jim Wilson in the top of the seventh and retired the Yankees in order except for Bill Skowron reaching base in the eighth on an error by Fred Marsh.

MANY of us smiled at the farmer in Pearl Buck's story of the Good Earth. It seemed to us most strange that a man should buy his coffin ahead of time and take grim satisfaction in looking at the fine box in which he was to be buried. Perhaps many of us are as strange in our American refusal to think about death at all. The old adage "as sure as death and taxes" should have put us in the frame of mind to look forward to our own death and to make some preparation for it. Too many of us, however, are like the proverbial ostrich; we dig our heads down into the sand and assume that while death will overtake everybody else, by some strange shift of good fortune, it will never knock at our door. We are "foolish virgins" as Jesus called the people who made no provision for the coming of The Great Day, because the hour was uncertain.

ONE of the SIMPLEST STORIES ever told is the one told by Jesus to the Disciples on how to be saved. . . how to be ready for death. He made it so simple that even a "little child" can understand. Let us not take lightly the responsibility of telling this simple story! May we be conformed to right; subject to, and influenced by the moral laws of the Supreme.

FACE TO FACE let's face the fact of death and its certainty for ourselves. Then make plans that take death into account. See to it that we have arranged our minds and our souls for the promotion that we expect, from earth to Heaven. See to it that our families have been adequately provided for; let us face the fact fearlessly. May we be resolute and more determined to keep telling the Simple Story of how to live and what to live for so that we may know how to die. Come with me to Church.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial and aiding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular church-goer and a daily BIBLE READER.
