#### Sheriff Warns Melon Patch Raiders

Those melons on the vine may be tempting, but you had better not yield to temptation, if the melon patch doesn't happen to be your own, Sheriff Dwight Lee warns. The sheriff's office has received a number of complaints from melon growers that their patches have been raided and damage done to the vines. Several melon poachers have been apprehended and the areas are being patrolled, according to Lee. Owners of the patches are also on guard, and lifting a melon may prove costlier than buying one. — Eddy County News.

As you will notice after reading the above that Sheriff Dwight Lee has given warning to those who enter watermelon patches without permission. That same warning should be given to some persons in and around Hope who have been stealing melons. It is a shame that after people have worked hard, including widows, trying to raise melons and make a living, that boys and young men don't have any more sense than to steal them. It also can be said that unless parents here in Hope stop their boys from molesting public and private property, trespassing and prowling around at night, that their names will be turned in to the sheriff's office. Also some boys and men are guilty of driving ears at night without lights, which is dangerous. Parents, it is up to you to know where your sons are, and your girls too, and what they are doing at night, or it will be too late.

About Dec. 1, the Driver's License Bureau of the State Revenue Department

ment will be sending out application blanks to renew driver's licenses. There should be some plan worked out whereby every Dick, Tom and Harry that has a dollar cannot secure a license to drive a car. There are too many of these scatterbrain people getting a driver's license which gives them permission to drive a high-powered motor vehicle on the highways and thereby endangering the lives of pedestrians and other motorists. Over 400 people killed in the United States during the Labor Day holiday season is a record that shows where we are heading to if something isn't done about it. What to do? We don't know. It will take a smarter person than we are to find the answer to the question of how to stop this reckless speeding on the highways of New Mexico.

If weather conditions do not improve over the Southwest this winter, we are due for a serious shortage of water next growing season. We are not referring just to the Penasco Valley, but we mean West Texas, New Mexico, Arizona and California. We must have an unusual amount of snow or rain this winter or our goose is cooked. Of course we can't make it rain but what we can do is conserve water, don't waste a drop of it. Last week's Advocate had a good editorial on water. In conclusion, The Advocate editor said, "We have failed to realize the importance of conserving our water in the past but maybe the condition, which prevails now, will show us our folly and teach us to realize that we must conserve in the future if we want to continue to be able to have water to irrigate our crops."

Henry Wallace is still talking about a third party. Wonder if he really believes himself in a third party. He has to have something to talk about and a third party is about as good a subject as any. Personally, we don't think he will swing many votes for a third party candidate, even if he is successful in getting such a party started. And of course you can guess who the third party candidate for president would be. No other but Henry A. Wallace.

President Truman's trip to Brazil is well worth the time and trouble. More good will tours of like nature should be taken by the president or someone that represents him that is reliable. There is little hope that the nations of the world will band themselves together to maintain

peace, therefore it is up to the nations of the western hemisphere to join together for mutual protection.

Calling on the nation to join in a concerted effort to prevent fires, President Truman has proclaimed the week beginning Oct. 5 as "Fire Prevention Week." In his proclamation, the president said, "I earnestly request every citizen to eliminate all possible causes for destructive fire in his home and place of business."

#### ARIZONA RESIDENTS VISIT FRIENDS IN HOPE

Mr. and Mrs. C. M. Blakeley of Gilbert, Ariz., stopped at Hope Tuesday afternoon and visited with Mr. and Mrs. W. E. Rood and Mr. and Mrs. John Hardin. They were returning from an extended three-month trip that had taken them over the biggest part of the middle west and Canada and the east coast. Mr. Blakeley is in business in Gilbert. When Highway 83 is completed over the mountains they promised to come back this way and visit Cloudcroft en route, which will be next summer about this time.

#### REA LINE TO BE EXTENDED

This month may see the beginning of an extension of the REA lines out to Joe and Anderson Young's, Sam Hunter, Lyle Hunter, Robert Parks, George Teel, F. Harris, Irving Cox, and Maurice Teel. And east of Hope, the line will be extended to Alvin Kincaid's and Cecil Coates.

#### Eddy County Sheriff's Posse To Lead Parade

The Eddy county sheriff's posse of 50 mounted members headed by Sheriff Dwight Lee has accepted the invitation of the State Fair Commission to attend this year's state fair and take part in its opening ceremonies and parades when the fair opens Sept. 28, Floyd B. Rigdon, fair commissioner, of Carlsbad, has announced. It will be the first time the Eddy county group has attended the State Fair since 1940 when Howell Gage, now superintendent of the state penitentiary and then sheriff of Eddy county, brought the mounted men to the fair.

Rigdon said that similar invitations to attend and take part in State Fair parades had been extended to every sheriff's posse, mounted patrol and round-up club in the state. There are 19 such organizations in New Mexico. Rigdon expressed the hope that all would accept.

#### A Little About This And A Little About That

Ervin Miller and Ad Bain have been working out to the Cauhape farm doing the stuccoing; Russell Lee has been employed as carpenter. Mr. Elliott, the coach at the high school, was called to Oklahoma over the week end on business. B. L. McElroy finished cutting his third crop of hay last week. S. C. Lovejoy is talking about going fishing, if he could find some good big worms. Emit Potter went to Carlsbad Wednesday after a load of cattle and took them to Clovis. Mr. Byers was transacting business in Artesia Tuesday. Raymond Chalk was in early Wednesday morning. Construction work on Highway 83 is progressing rapidly. Contracts for construction of 6 1/2 miles was let Sept. 2. By this time next year Highway 83 should be blacktopped from Artesia to Cloudcroft. That will be good news for the fruit and vegetable haulers. The Coates boys have been busy this week in connecting up their new cistern. Water will be piped to the front of the service station. Jess Musgrave has been busy this week in painting the front of the store building. Walter Coates is driving a new car. Mrs. Anderson Young went to Artesia Wednesday. Jess Musgrave believes that a little paint applied in the right place helps the looks of a building, and we believe he is right. It is rumored that the Coates boys will soon install a hydraulic lift. It won't be long before we will have strictly modern service stations. Bryant Williams and his little granddaughter were in town Wednesday. And that's all for this week.

#### SCHOOL NEWS

The Hope school started Thursday with the following enrollment: Mrs. Marable's room, 34. Mrs. Fowier's room, 26. Mrs. Lipsett's room, 24. In high school, 34. There are a few pupils yet to come in. Our assembly was held on Thursday and was well attended by parents and patrons. All children from 6 years of age until they reach 17 are to be in school. It is the parent's responsibility to see that their children are in school. The attendance law will be enforced in all counties this year. All parents should see to it that their children have been vaccinated for smallpox and inoculated for

diphtheria. This is a state law.

The painters have completed their work and the building looks much better. All rooms have new ceilings and new paint except the primary room.

Softball will get underway before long. Coach Elliott has several boys trying out for the different positions.

#### Hope News

Ray Bell, who is living on the Keller place, is harvesting his crop of watermelons, which are unusually good.

Mrs. A. A. Smith and Pilar Orduñez were in Artesia Wednesday on business.

Mr. and Mrs. Nelson James have rented apartments at the Hilary residence.

#### Riding Class At

##### New Mexico Fair

The riding class for boys and girls under 16 years of age promises to be an interesting feature of this year's New Mexico State Fair horse show, Leon H. Harms, fair manager, has announced. Since distribution of the fair's premium book a large number of entries in this children's riding class have been received, Harms said. So many of these have come in that Jack Dean, horse show superintendent, is considering putting the young horsemen and women through their paces in age groups. Judging will be on horsemanship only. Awards in the class are \$20, \$15, \$10 and \$5 for the four first placings.

I LIKE BOTH THE WOOL AND THE LEATHER ONES.

THERE IS QUITE A VARIETY FROM WHICH TO CHOOSE, ISN'T THERE, BILLY?

THE CAVEMAN INVENTED GLOVES TO PROTECT HIS HANDS, BY USING ANIMAL SKINS MADE INTO "BAGS".

SEE--HE HAS FOUND A WAY TO COVER HIS HANDS.

I'LL DO THE SAME WITH THE FIRST ANIMAL I KILL TODAY.

GLOVES OVER 8000 YEARS OLD WERE FOUND IN KING TUTANKHAMEN'S TOMB IN EGYPT.

WELL DONE, GLOVE MAKER. WHAT IS YOUR NAME, SINCE YOU MADE ONLY FOR ME.

O, KING, HERE ARE THE NEW GLOVES. THE KING WILL WANT MORE.

GLOVES BECAME POPULAR WITH WOMEN ABOUT 1800 WHEN THEY WERE INVITED TO TAKE PART IN FALCONRY.

I HOPE YOU ENJOY YOUR FIRST FALCON HUNT. THE SPECIAL LEATHER GLOVE PROTECTS YOUR SKIN FROM THE TALONS.

WHY CAN'T I HAVE A PAIR OF GLOVES MADE FOR SOCIAL AFFAIRS AND TRAVELING?

MAKING OF GLOVES HAS ALWAYS BEEN A FINE ART. IN THE 17TH CENTURY ONLY NOBILITY COULD AFFORD THEM.

WHICH GLOVES WILL HER MAJESTY WEAR AT THE KING'S RECEPTION?

WITH 300 PAIRS IN HER WARDROBE IT IS HARD TO MAKE A SELECTION!

THE MANUFACTURE OF GLOVES IN UNITED STATES BEGAN IN 1760 WHEN SCOTCH CRAFTSMEN SETTLED IN NEW YORK STATE.

I FEEL SO PROUD WHEN PEOPLE ASK FOR THE ONES WE MAKE.

SCOTCH GLOVES WHO SETTLED IN FULTON COUNTY, N.Y., MADE IT THE GLOVE CENTER OF AMERICA.

SINCE OUR FATHERS MADE GLOVES HERE, AND TAUGHT US, AND WE WILL TEACH OUR SONS, WHY NOT CALL OUR TOWN "GLOVESVILLE"?

EXCELLENT. NOW WE'LL VOTE.

REMEMBER, EACH GLOVE MUST BE STAMPED WITH OUR CREST.

THEN FOLKS CAN REMEMBER OUR NAME.

NAMES ON GLOVES TODAY REPRESENT THE PRIDE OF SKILLED CRAFTSMEN IN AN ANCIENT ART.

ALL GLOVE MAKERS TRY TO PLEASE THE PUBLIC--GO TO THEM. CAN I HAVE A PAIR OF EACH OF THESE KINDS?

THEY PRODUCE MANY STYLES.

**CROSS TOWN**  
By Roland Coe

"Whatever it was you planted in the cold-frame has certainly popped up nicely!"

**BOBBY SOX**  
By Marty Links

"Frederick's so wonderful! He just refuses to believe me when I tell him we're through forever and always!"

**Veterans' SERVICE BUREAU**

**EDITOR'S NOTE:** This Newspaper through special arrangement with the Washington Bureau of Western Newspaper Union at 1616 Eye Street, N.W., Washington, D. C., is able to bring readers this weekly column on problems of the veteran and serviceman and his family. Questions may be addressed to the above Bureau and they will be answered in a subsequent column. No replies can be made direct by mail, but only in the column which will appear in this newspaper regularly.

**State Bonus Laws**

Because of the numerous queries received on the subject, Veterans Service Bureau has made a quick survey and learns that 13 states have already approved or passed veterans' bonus laws subject to referendum. In addition, 12 more states have the question up for consideration by their state legislatures this year.

Due to the fact that the plans vary to such an extent both as to amount of bonus and method of financing, this column will not attempt to go into detail concerning the various plans.

Connecticut, Illinois, Michigan, Massachusetts, New Hampshire, Rhode Island, Vermont and Alaska have provided bonuses and have authorized more than 800 million dollars for payment.

In six other states, Ohio, Iowa, North Dakota, South Dakota, Indiana and New York, legislatures have authorized bonuses but they are subject to referendums of the people.

Generally, the proposed method of finance is the issuance of long-term bonds to be retired by increased taxes. As an example of two of the plans, Connecticut provides \$10 per month of active service up to a maximum of 30 months and lump sum payments up to \$300 to eligible survivors of veterans who died in service. The Ohio plan provides \$10 per month for domestic and \$15 per month for overseas service, up to \$400.

**Questions and Answers**

**Q.** My husband receives 100 per cent disability compensation. He has applied for training under the vocational rehabilitation act (public law 16.) Will his compensation continue while he is engaged in such training?—Mrs. J. R. G., Oklahoma City, Okla.

**A.** Your husband will be entitled to receive the full amount of his disability compensation while training under public law 16. His compensation will not be reduced because he is engaged in such training. Only reason for a reduction in compensation would be a decrease in the degree of disability or the fact that the disability has been cured.

**Q.** I am the owner of a small machine shop and have several disabled veterans in on-the-job training in my shop. Can you tell me how much Veterans' administration supervision and assistance they are supposed to receive?—W. T. McR. Jr., Hayes, Kan.

**A.** According to Veterans' administration, their training officers inform and assist veterans who are taking on-the-job training in all matters effecting their training. These VA officers are continually on the alert for circumstances that might prevent a veteran's proper progress and they exert every effort to remove those obstacles.

**Q.** I have just been discharged from the navy but received a so-called yellow discharge. Am I eligible for veterans benefits under the G.I. bill?—J. L. B., Union, Utah.

**A.** You are not necessarily ineligible since a yellow discharge may be either dishonorable or other than honorable. If it is dishonorable you are not eligible for benefits. If it is other than honorable you are entitled to file a claim with Veterans' administration and the agency then will determine whether or not you were released under circumstances which permit your receiving G.I. benefits.

**Q.** I am a veteran of the South Pacific campaigns and have been out of service for more than a year. My young daughter needs an operation. Will Veterans' administration pay for her medical care?—D. M. R., Valparaiso, Ind.

**A.** No. Under existing laws only veterans are eligible for VA hospital care.

**Q.** What is the deadline for filing for enlisted men's terminal leave pay? Do I still have time to do so? I was discharged in November, 1945.—A. D. F., Brooklyn, N. Y.

**A.** Filing deadline for applications for terminal leave bonds has been extended from September 1, 1947, to September 1, 1948.

WEEKLY NEWS ANALYSIS

See Aid to American Nations; Huge Budget Surplus Predicted; Terms of British Loan Relaxed

Released by Western Newspaper Union

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

John Snyder, secretary of the treasury (left), explains statistics to President Truman as James Webb, director of the budget bureau, looks on at the yearly budget seminar. Mr. Truman predicted record government surplus of 4.7 billion dollars for current fiscal year.

THE AMERICAS:

Aid Promised

"We must reject an encroachment upon the fundamental rights of the state. I am confident that we all agree that the state exists for man, not man for the state—and that we abhor any limitation upon the freedom of expression of men throughout the world."

Thus, in his first address before the inter-American conference at Petropolis, Brazil, U. S. Secretary of State George Marshall issued a reaffirmation of democratic principles in the western hemisphere and then bulwarked his expression of idealism with specific assurances of U. S. economic aid to Latin America.

He told the delegates that the U. S. government "will continue to take up economic questions with its sister republics and seek a sound basis for practical cooperation."

Marshall at Rio  
"... the state exists for man ..."

That was interpreted as meaning that the U. S. is willing to help solve Latin America's economic problems through a series of bi-lateral pacts. There was also a hint that the big northern neighbor is counting on sending down its capital.

Although the ostensible purpose of the conference was to arrange a joint hemispheric defense treaty, little was said about that at the outset. Also somewhere in the background was the U. S. plan for standardization of arms in the Americas. Many of the smaller and poorer nations are in opposition to the arms standardization proposal, however, because they feel that there is a greater need for economic rehabilitation than for armaments.

SURPLUS:

Budget Review

President Truman's budget business made big news again when the chief executive (1) forecast a record treasury surplus next June of nearly five billion dollars, and (2) hurt Republican feelings by telling the nation that congress trimmed the 1947 budget estimates by only 1.5 billion dollars.

His mid-year budget review estimated tax receipts this year at \$41,667,000,000, which is 2.1 billion dollars more than any previous forecast.

Mr. Truman made his announcement coincidentally with a bureau of labor report which indicated that the U. S., far from being in for a business depression, can look forward to a period of prosperity continuing "indefinitely."

The present jolly outlook for the state of the budget is based upon an expectation of continued high prices, taxes, incomes and employment, all of which precludes a depression.

From the Republican point of view, however, the President's budget review was a snide attempt to play politics. Sen. Styles Bridges (Rep., N. H.), chairman of the senate appropriations committee, said the new estimate of greater tax receipts proves that the nation was "robbed of a tax reduction by purely political vetoes."

It was a sure sign that the Republicans would renew their tax reduction fight when congress reconvened in January. Equally certain appeared to be the probability that the President would meet such a measure with another veto.

RELAXED:

Loan Terms

Groggy and hanging on the ropes, dollar-starved Great Britain was given a reprieve from economic doom when the U. S. agreed to suspend the controversial "free convertibility" clause of its 3.75 billion dollar loan to England.

That particular clause, a major drain on the English dollar supply, required that Britain surrender dollars on demand to any country which held English pounds. In other words, foreign countries having a supply of pounds could turn them in to Great Britain and get dollars in exchange.

As the action was taken, Britain announced that it would withdraw between 150 and 200 million dollars more of the 850 million dollars remaining of the original loan. Cancellation of the "free convertibility" clause, British leaders hope, will enable them to stretch their swiftly dwindling credit.

Actually, few persons outside of the monetary technicians handling the matter, understood the details of the transaction. It was, in the words of Robert A. Lovett, acting secretary of state, "a terribly complicated matter."

CRYSTAL BALL:

Next President

General Douglas MacArthur will be the next president of the United States.

That, at least, is the occult prediction of a 75-year-old Japanese fortune teller, Kakudo Tomioka, who eulogized: "MacArthur has a glorious future in store for him."

Tomioka, who is said to have a record of several accurate predictions, placed the general on a plane with Mohandas Gandhi in the field of social welfare.

"There presently are two living men who have succeeded in realizing a peaceful revolution," he said. "They are MacArthur and Gandhi. But, then, Gandhi's mission is over. And MacArthur has his most glorious task to accomplish for the world in the future."

It was not immediately known whether MacArthur would use Tomioka's recommendation as a plank in his platform if he runs in 1948.

Headliners

IN DALLAS . . . Mrs. Warren J. Woodard, 24, housewife, got up in arms about legs.

She organized the "Little Below the Knee club" for women who oppose the long skirt now in style. The girls organized a parade and ankle through Dallas streets to give emphasis to their protest.

IN LAS VEGAS . . . Senator McCarthy (Rep., Wis.) put the bite on congress for its "do nothing" attitude toward veterans. Congress, said he, "did foully by our disabled veterans, their widows and dependents."

IN BALMORAL SCOTLAND . . . Princess Margaret Rose of England, just turned 17, received as a birthday present her first military title—colonel-in-chief of the Highland light infantry.

IN SEATTLE, Secretary of Commerce Averill Harriman, former ambassador to Russia, had a harsh word for his former stamping grounds. Soviet leaders, he said, are counting on a U. S. depression to give them "an opportunity to push forward and expand the areas of their domination."

PUTTING WAINWRIGHT ON CANVAS . . . Retiring after 41 years in the service of his country, Gen. Jonathan M. Wainwright, the man who stayed on Bataan and Corregidor, sits for his portrait by Joseph Cummings Chase at the National Arts club in New York. The portrait is destined to hang in the Smithsonian institute.

HIGH PRICES, PRODUCE ROTS . . . Food is being dumped in hungry Britain. Tons of vegetables and fruits are being carted from London's Covent Garden markets to the country for dumping and plowing under because of a glutted market. Wholesalers charge retailers with refusing to buy large quantities in order to maintain "scarcity" prices. Retailers say wholesalers prefer to waste food rather than sell at low prices.

GOOD HOT WEATHER SPORT . . . Probably it wasn't exactly fair, but while millions of persons all over the United States were steaming and fuming in the heat wave, these two cuties, Elba Hooper and Marion Charlton by name, were playing Chinese checkers in the deliciously cool waters of a pool at Banff, Alberta, Canada. This does not prove that Chinese checkers cools you off when it's hot. The swimming pool, and maybe even Canada, are the most necessary ingredients for coolness.

Ain't It So?

Big shots are only small shots who keep on shooting.  
Most people when asked to take a rear seat, take affront.  
There are two sides to every question—your side and the wrong side.  
The man who has no secrets from his wife either has no secrets or no wife.  
The honeymoon is over when the breakfast nook won't hold but one of them at a time.  
Because of the great scarcity of things these days, this period will go down in history as the short age.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

DOAN'S PILLS

# SUNDAY SCHOOL LESSON

## Earning and Spending

LESSON TEXT FOR SEPTEMBER 7—Proverbs 11:24-27; 16:8; Ecclesiastes 5:10, 11; James 5:1-6.

MEMORY SELECTION—Better is a little with righteousness than great revenues without right.—Proverbs 16:8.

EDITOR'S NOTE: Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

By WILLIAM CULBERTSON, D. D., Of The Moody Bible Institute, Chicago.

AS BELIEVERS in Christ we are responsible not only for the way we earn our living, but for the way we spend what we earn.

Possessions are a trust from God, and we shall have to render an account of our stewardship.

Just because we have given a certain percentage of our income to Christian causes is no reason to think we shall meet with divine approbation with regard to our stewardship. If we give a tithe, well and good, but what about the other nine-tenths? Is God pleased with our stewardship there?

I. The Vanity of Wealth (Eccles. 5:10, 11).

IN ANY study of wealth, it seems necessary to begin with an understanding of its limitations. We live in a world in which men frequently lay great importance on possessions, and indeed, there are many things which wealth can purchase. On the other hand, there are some things that money cannot buy. And further, we should recognize that our possessions are not eternal, that they may suddenly fade away.

The passage here reminds us of the fact that wealth for wealth's sake is bound to be a disappointment. The man who loves silver shall not be satisfied with silver, any more than the man who loves pleasure shall be satisfied with pleasure. Augustine was right when he said that man could be satisfied with no less than God.

Notice how accurately the picture is drawn. If we have increased wealth, we have increased responsibility (v. 11).

II. The Proper Accumulation of Wealth (Prov. 16:8).

IT IS just as true as when Solomon wrote it, that "Better is a little, with righteousness, than great revenues with injustice."

This statement needs no argument, needs no proof. If we would have the honor of men, self-respect, and the blessing of God, there is no alternative.

III. The Improper Accumulation of Wealth (James 5:1-6).

THE apostle James speaks of a condition that will obtain in the last days (v. 3). There are many evidences that the condition he describes has had altogether too many fulfillments in recent history. James excoriates the rich who have defrauded their employees in order that they might fare sumptuously and live riotously. These unscrupulous rich have taken advantage because they were not resisted (v. 6). Such wealth is corrupted.

Notice once again that the result of their sin will rise to break them. It is a serious thing to trifle with sin, to eat the bread of iniquity. God has no patience with injustice in social relationships. Sooner or later judgment will come.

IV. The Proper Use of Wealth (Prov. 11:24-27).

LIBERALITY should characterize the child of God. It is true that the Bible condemns the attitude of imprudence, yet it also condemns the attitude of the miser. To withhold more than is meet, also tends to want.

To have it within our power to help, and fail to do so, is to bring upon ourselves censure and condemnation. Therefore, we should seek to perform the good (v. 27).

This passage concludes with the statement that one who searches after evil shall find that evil will come to him. The man who sets his heart to do wrong will not have to wait long to find the occasion to do that which is in his heart.

Many are the injunctions in the New Testament regarding the proper use of wealth. For example, the Christian has a duty toward his own family (I Tim. 5:8). He is enjoined to be sympathetic and generous in his giving to help others (II Cor. 8:8-15). Certainly he is to dispense his goods with the glory of God in view (cf. Col. 3:17).

UNDER FLOODLIGHTS . . . For 74 years, Seven Falls and South Cheyenne Canyon have been among the major scenic attractions in the Pikes Peak region of Colorado. Visitors now can view the famous falls at night, under electric lights. The waterfall, shown above, is lighted by 28 large floodlights with alternating white and color effects.

### IN THESE UNITED STATES

## Floodlights Now Cast Beam On Scenic Falls and Canyon

WNU Features.

COLORADO SPRINGS, COLO.—Embracing "the grandest mile of scenery in Colorado," majestic Seven Falls and picturesque South Cheyenne Canyon have intrigued visitors to the Pikes Peak region for the past 74 years. Their beauties, however, have been shrouded when nightfall descended but now, through completion of an electrical engineering feat, this major scenic attraction of the Rockies can be viewed under electric lights.

The project, which makes this Colorado beauty spot the only completely lighted canyon and waterfall in the world, required the use of 80 huge floodlights and more than 1,000 small spotlights. More than two miles of heavy copper rubber insulated cable was installed underground.

The waterfall, which has seven separate falls in its 266 foot descent, is lighted by 28 large floodlights with alternating white and color effects. The crystal clear trout pool at the foot of the falls is lighted by eight underwater lights, revealing the rainbow trout gliding about in its depths.

The magnificent weather beaten pink granite walls of the canyon, which rise to a height of more than 2,000 feet, present countless shadow effects as the lights play upon them. Various rock formations, such as the "Setting Turkey," "Devil's Slide" and "Wrestling Bears," are spotlighted by 500 to 1,500 watt lights.

Majestic pine trees on the banks of the splashing mountain stream are bathed in various colored flood lights, while others are sprinkled with colored lights. Standing as a sentinel at the entrance of the canyon are the familiar "Pillars of Hercules." It is at this point that the huge, \$10,000 anti-aircraft carbon arc light has been installed. The big light has eight million candlepower and shoots an effective beam five miles in the air. The Lonesome Pine, Eagles Cliff and other features of interest are caught in its bright path. It also will be used to sweep the sky to indicate that Seven Falls is now under lights.

As a final touch, a 90 watt sound amplifier system has been installed to play soft music.

Al G. Hill, Dallas, Tex., oil man, who purchased the 1,400 acre scenic attraction June 1, 1946, immediately began a program of improvements which have taken more than a year to complete and have cost approximately \$100,000. In addition to the lighting project, a stairway of 250 steps has been erected to a spectators' platform on the south wall of the canyon from which point all Seven Falls can be seen at one time. Part of a mountain slope was removed by bulldozers to provide parking space for cars, and a graceful arch has been erected over the roadway at the mouth of the canyon.

The canyon, approximately one mile in length is a "box" or dead end type. Before the coming of the white man, the Indians stampeded herds of buffalo from the plains into the canyon where they then were killed as food was needed. The canyon also served as a strategic retreat from which the Indians fought off their enemies.

At the top of the falls lies a picturesque valley with many small waterfalls and shady rocks. A short hike takes the visitor to Inspiration Point, which is 1,500 feet above the floor of the canyon. From this point, a breathtaking panorama of mighty cliffs and distant plains is seen. The beauty of Inspiration Point inspired Helen Hunt Jackson to write some of her most famous books and poems; and, on her death in 1885, her last request was that she be buried there.

## Mule Postman Loses Contract In Remote Area

PORTLAND, ORE.—The lonely existence of the scattered families living in the remote fastness of Siskiyou national forest no longer will be relieved by periodic visits from the mule-driving postman.

The mule-pack postal route between the isolated towns of Illahe and Marial, near Grants Pass, has been terminated by the government because the carrier, who has a monopoly on mules, submitted too high a bid.

The action leaves only one route served the year around by mules although 12 others are served by mule and horse during the stormy winter months.

Residents of the remote mountain areas served by the mule routes do their shopping through the mail order catalogues and depend upon mule packs for everything—clothing, accordions, rifles, even food, according to Fred H. Twohy, railroad mail district superintendent who has spent 10 years traveling the mountain regions to check on his mule postmen.

"One winter not even a horse could get through the heavy snows," Twohy recalls. "The residents were shut off from the world, and there was quite a squawk."

Obliging postmen resorted to sleds to reach the isolated areas. Twohy adds, "and the first thing the people ordered by parcel post was several cases of beer."

The Marial route was typical of the involved carrier setup required to get mail to secluded areas. Mail went 34 miles up a river in a flat-bottomed river boat from Wedderburn. Then it was transferred to mule for an additional 16-mile trip.

It was "kind of expensive," Twohy admits, costing about \$400 a person to keep the route open. "The stamps don't begin to pay for it," he adds.

"I have a hard time convincing them back in Washington that these routes are worth the expense," Twohy says.

# AROUND THE HOUSE

When sanding unfinished furniture for painting, sand thoroughly with fine sandpaper wrapped around a padded wood block. Wipe off with a soft lintless cloth.

Backless summer dresses should be made with a jacket, if you want to get full service from them. On cool nights a light bolero jacket will protect your back.

When winding a hank of wool, wind it on a moth ball. Then, if the wool isn't all used or is put aside for awhile, the moth ball discourages moths.

Files which are kept in a tool box should be wrapped separately in heavy paper or cloth to protect them from other tools.

Serve hot cakes or waffles with heated honey and butter mixed together. For extra flavor, mix a little orange juice and grated rind with the honey before heating.

To clean glass straws, use an ordinary pipe cleaner. For the larger size glass straws use two or three cleaners twisted together. Cleaners may be used a number of times.

## Gay Chrysanthemum As Motif on Towels

7075

A FLOWER-FESTIVAL that's simply irresistible! Twelve splashy chrysanthemum motifs in 5-to-the-inch cross-stitch for linens or curtains.

By INEZ GERHARD

JOSEPH COTTEN may be driven to writing a mystery story centered around his swimming pool. Of course, there was no mystery about the time he missed his sedan, and next morning found it parked in the deep end of the pool; that could be laid to brakes that didn't hold. But when he returned to Hollywood after five months in New York, making "Portrait of Jenny" with Jennifer Jones, the swimming pool held the following items—one roller skate, one shoulder-type diving helmet, and one pogo stick. A one-legged skater who skates under water, an amateur diver, a pogoist—those are his characters so far.

Myrna Loy's co-starring appearance with Cary Grant in "The Bachelor and the Bobby-Soxer"

MYRNA LOY

worked out so well that she'll report at RKO in mid-September to make "Mr. Blanding Builds His Dream House" with him.

Paramount is really going to lay it on for C. B. DeMille's "Unconquered," starring Gary Cooper and Paulette Goddard. The advertising campaign, which will extend through November, will be the biggest and most extensive ever given a Paramount picture. All calculated to make the public rush to see it during the general Thanksgiving Day week release.

Bing Crosby's wife and sons thought he ought to do it, so he did; he's ordered 16-millimetre prints of his 36 motion pictures, from "The Big Broadcast of 1932" to "The Emperor Waltz" and "Road to Rio." He says it'll be fine for the boys, who never saw some of the stars who appeared with him—W. C. Fields, for instance, who was in "Mississippi" with Crosby.

With "Duel in the Sun" grossing more than ten million dollars so far, other studios are following where David O. Selznick led. MGM likes the idea of showing "The Hucksters" simultaneously in hundreds of theaters, and 20th Century-Fox will do it with "The Captain From Castille" and "Forever Amber." Ten million dollars is a nice mark to shoot at!

When Abigail Adams was under contract to MGM she spent her training period correcting her Southern accent—she hails from Greenville, S. C. She made a screen test with Lee Bowman the other day, and as a result signed a contract with Columbia. She has had excellent experience—you've been hearing her on the air in radio dramas with Orson Welles.

On the eve of releasing "Song of Love," MGM asked the Motion Picture Research Bureau to poll a cross-section of the public on the ten greatest love stories. "Gone with the Wind" led, with "Romeo and Juliet" second.

When Gary Moore decided to go it alone, after five seasons with Jimmy Durante, nobody knew what he would do. He landed the Phil Baker spot on "Take It or Leave It" because his audition records were exceptionally good.

Because New Orleans jazz says musically what the makers of RKO's "Crossfire" wanted to say visually, Kid Ory's Creole Jazz Band was engaged to record two numbers; they aren't seen in the picture, just heard.

It's said Boris Karloff wants to leave ABC's "Lights Out" because his roles are too grisly. But Luther Adler is withdrawing from NBC's "Mystery Without Murder" because his roles are too gentle for him!

**Hundreds of Interesting Questions About Our Government Answered**

That the "Star Spangled Banner" did not become our national anthem until 1931? That a President can be impeached, but a congressman cannot? Do you know why "capitol" and "capital" are spelled differently? Hundreds of interesting questions about the government are answered in booklet No. 202. Send 25 cents in coins for "Know Your Government" to Weekly Newspaper Service, 243 West 17th St., New York 11, N. Y. Print name, address, booklet title and No. 202.

**Route of Cyclone**

A cyclone may travel around the world. One cyclone which originated in the state of Montana on February 23, 1925, traveled around the world and finally broke up in the Gulf of St. Lawrence river about a month later.

**Putting It Nicely**

The new preacher had arranged to preach on Jonah and the whale. He was very nervous. "And for three days and three nights," he began, "Jonah was in the—" He blushed, stammered, stopped, then started again: "For three days and three nights Jonah was in the—" Once more he was covered with confusion, and once more he stopped and mopped his face, from which the perspiration was pouring. Then he gathered his courage in both hands, and with a mighty effort he finished triumphantly: "And for three days and three nights Jonah was in the society of the whale."

(See recipe below.)

**Budget Pointers**

There's a tendency to go along with the crowd when it comes to spending money, especially on food, instead of seeing what can be done to stretch the food dollar. Getting the most out of the food dollar does not, fortunately, mean that we have to tighten our belts; it just means a bit of maneuvering.

In the midst of soaring food costs, there's plenty of help for the woman who wants it, and today's recipes are designed to give you plenty of food for thought. Give your family a change of menu, and give the budget a chance to stay within its limits at the same time.

There are several general rules to follow: Buy wisely; don't overbuy and let food go to waste; serve and cook whatever you have properly, and don't toss away good leftovers.

For main dishes you can call on good quality proteins for front line duty; they're cheaper than the expensive cuts of meat and do just as much for you.

**Macaroni-Cheese Souffle.**  
(Serves 6)

- 1 cup cooked macaroni
- 1 cup sweet cream or condensed milk
- ½ cup butter or substitute
- 1 cup soft bread crumbs
- ½ green pepper, minced
- 1 medium green onion, minced
- 1 tablespoon chopped parsley
- ½ cup grated cheddar cheese
- Salt and pepper
- 4 eggs, separated

Cook macaroni in boiling, salted water until tender. Drain; scald milk and add other ingredients. Stir in beaten yolks, then fold in stiffly beaten whites. Turn into a greased casserole and set in a pan of hot water. Bake in a moderate (350-degree) oven for one hour. Serve with mushroom or pimiento cream sauce.

**Eggs Foo Young.**  
(Serves 6)

- 6 eggs, beaten
- 1 No. 2 can bean sprouts
- 2 tablespoons chopped green pepper
- ½ cup shredded onion
- 1 teaspoon salt
- ¼ teaspoon pepper
- ¼ pound mushrooms, sliced, if desired

Add salt and pepper to eggs and beat well. Add remaining ingredients. Taste and add more seasoning if desired. For each cake, measure out ½ cup of the mixture and use 1 tablespoon of fat for frying. Pour mixture into skillet, leveling vegetables evenly over the surface of the cake. Brown on both sides, turning once. About five minutes are required to cook each cake. Serve with soy sauce.

**Rice Nests With Egg.**  
(Serves 6)

- ¼ cup butter or substitute
- 1½ cups cooked rice
- 6 slices bacon
- 6 eggs
- Salt and pepper

Butter a baking dish and place rice in it, forming nests out of it with a spoon. Broil the bacon and place one strip around each nest, holding it in place with a toothpick. Break an egg in each nest and sprinkle with salt and pepper and

**LYNN CHAMBERS' MENU**

- Crusty Rolls Beverage
- \*Date-Nut Custard Pudding
- \*Recipe given.

dot with butter. Bake in a moderate (350-degree) oven until the white of the egg is cooked but the yolk tender. This will take five to six minutes.

Among the kind - - - the - budget items is corned beef hash that comes canned and ready-to-serve. It's easily dressed up in pinwheels of baking powder biscuit dough, and certain to be a favorite with the men of the house.

**\*Corned Beef Hash Rolls.**  
(Serves 4)

- 1 cup sifted flour
  - 2 teaspoons baking powder
  - ½ teaspoon salt
  - ¼ cup shortening
  - ¼ to ½ cup milk
  - 1 1-pound can corned beef hash
- Mix dry ingredients together and sift. Work in shortening. Add liquid gradually, mixing to a soft dough. Roll to a thickness of about one-fourth inch. Spread corned beef hash on dough; roll and cut in four parts. Place on a greased cookie sheet (lifting with a pancake turner). Bake in a moderately hot (400-degree) oven for 30 minutes.

For an easy vegetable, take a can of green beans and make this:

**\*Sweet Sour Green Beans.**  
(Serves 4 to 5)

- 2 strips bacon
  - 1 small onion
  - 1 No. 2 can green beans
  - 2 teaspoons sugar
  - Salt and pepper
  - ¼ cup vinegar
- Cut the bacon in half inch pieces. Brown lightly with diced onion. Add liquid drained from green beans. Cook down to about ½ cup. Add remaining ingredients and beans. Heat and serve.

If you want to keep the budget trimmed, don't splurge on desserts.

**\*Date-Nut Custard Pudding.**  
(Serves 6)

- 1 egg
  - 1 cup milk
  - 1 tablespoon sugar
  - ¼ teaspoon salt
  - Dash of cinnamon
  - ½ teaspoon grated lemon rind
  - 1 8-ounce can date-nut bread
- Beat egg slightly, add milk, sugar and salt. Cook in a double boiler until mixture coats the spoon. Remove from hot water and stir in lemon rind and cinnamon. Cut date-nut bread into pieces and combine with custard. Chill.

Here's a cookie that will take care of leftover egg whites and bread crumbs. Serve it with fruit for a nice, light dessert:

**Pecan Brownies.**  
(Makes 3 dozen)

- 2 egg whites
  - 1 cup brown sugar
  - ½ teaspoon maple flavoring
  - 1 cup pecans, chopped
  - 1 cup fine dry bread crumbs
- Beat egg whites until stiff, add sugar and flavoring. Stir well, then fold in nuts and crumbs. Shape into small balls, place on a greased baking pan and bake in a slow (325-degree) oven for about 20 minutes.

Released by Western Newspaper Union.
