Cross Plains Church of Christ

The Love of God

This great Love brings stability to marriages under attack. This eternal concept of willingly laying down your life for others, brings joy and completeness that exceeds the temporary pleasure of love based on feelings. The greatest pleasure men and women can experience is the joy of a confident and secure child that comes from a marriage based on this love.

As we drift further from God, our families disintegrate and become unhappy non-functioning rat holes where it is every man for himself. What a contrast Jesus calls us to; a loving family, where even an enemy can find peace in the home of a heavenly father. Are you tired of Hollywood's definition of love: as the endless pursuit of self-gratification? Has a Godless worldly view of romantic love left you empty and discouraged. Rise up, wash yourself, let Christ put his clean clothes on you and be empowered to love.

LOVE WITHOUT MEASURE

opera do people die of love." It's To her delight, the boss agreed true. You really can't love somebody to death. I've known people to die from no love, but l've never known anyone to be loved

We just can't love one another enough.

A heartwarming story tells of a woman who finally decided to ask her boss for a raise in salary. All day she felt nervous and

apprehensive. Late in the afternoon she summoned the cour-Freda Bright says, "Only in age to approach her employer. to a raise.

> The woman arrived home that evening to a beautiful table set with their best dishes. Candles were softly glowing. Her husband had come home early and prepared a festive meal. She wondered if someone from the office had tipped him off. Or did he just somehow know that she would not get turned down?

She found him in the kitchen and told him the good news. They embraced and kissed, then sat down to the wonderful meal. Next to her plate the woman found a beautifully lettered note. It read: "Congratulations, darling! I knew you'd get the raise! These things will tell you how much I love you."

Following the supper, her husband went into the kitchen to clean up. She noticed that a second card had fallen from his pocket. Picking it off the floor, she read: "Don't worry about not getting the raise! You deserve it anyway! These things will tell you how much I love

Someone has said that the measure of love is when you love without measure. What this man feels for his spouse is total acceptance and love, whether she succeeds or fails. His love celebrates her victories and soothes her wounds.

He stands with her, no matter what life throws in their direction. He may say that he loves her to death. But he doesn't. He loves her to Life. For his love nourishes her life like nothing

Upon receiving the Nobel Peace Prize, Mother Teresa said: "What can you do to promote world peace? Go home and love your family." And love your friends. Love them without measure.

Love them to Life. By Steve Goodier

ATV Rider Course to be **Offered** June 28th in **Abilene**

The Texas 4-H Youth Development Department of A&M University is proud to announce their newest program for youth, the 4-H ATV Safety Program, which is funded by a grant through the National 4-H Council and the ATV Safety Institute (ASI).

The new program allows any 4-H child (age 12 or older), 4-H family member, AgriLife extension agent or employee to take the 4 hour ASI RiderCourse at absolutely no charge to them. Families may bring their own ATV's or if the child needs the proper sized ATV and the family doesn't own one, the program will make arrangements to provide one for them. Agents and employees who have their own ATV's are welcome to utilize them or the program can provide them.

The RiderCourse teaches the basics of safe and responsible ATV riding and use, including the importance of safety gear, turning, braking, swerving, riding over obstacles, riding on hills and much more.

The proper safety gear must be worn during the course. If the student does not have a helmet, gloves or eye protection, the program will make arrangements to provide

The RiderCourse also provides the participant with the license required to ride on public lands almost any where in the US.

It's fun for the entire family and it's free! To sign up for the free RiderCourse, which will be held Monday, June 28th at the Taylor County Extension Office on the Expo Grounds contact Hoss Sasin, Callahan CEA-Ag at 325-854-5835 or the Taylor County AgriLife extension office at 325-672-6048. The Course will begin at 8:00 AM and end around noon. For more information online visit www.atvsafety.org

For more information on how to set up a RiderCourse for your area and the new 4-H program contact the 4-H ATV Safety Program coordinator, Carol L. Smith at (830) 612-3607 or (210) 912-1516, or by email at txteamm@dishmail.net.

SMITHSONIAN STAFF MEMBER, ERIK WASHAM -Although he missed the annual Robert E. Howard event by a couple of days, Erik Washam, Associate Art Director for the Smithsonian Magazine, found the local attraction just as fascinating and interesting as the most serious of Howard scholars.

Washam has been a fan of Howard's writings for as long as he can remember and made plans to stop here on one of his long driving tours around the USA to discover our great country up close and personally. His plan is to pitch his story of the Museum to the Smithsonian website in time to coincide with the major release of the next Conan movie.

Loaded down with books and shirts from the Shop and lots of pictures of the Museum and his Project Pride hosts, he headed on down the road. He will eventually end up back at his office in Washington, DC, writing a story about Cross Plains, Texas.

Interesting Guest Tells History of the Butterfield Overland Stage

John Warren Butterfield owner of the Butterfield Overland Stage visited the Cross Plains Public Library last Wednesday as part of the Summer Reading Program. Jeff Salmon from Frontier Texas treated the attending children and students with a living history rendition of life in the 1800's. Banks and businesses needed a way to deliver mail to the new territory of California at the time of the 1849 gold rush.

Butterfield merged his company with two rival companies to form the American Express, the same company that exists today, and created a way to get mail there in a little more than twenty days, when it usually took three months or more to arrive.

Speaking as Butterfield, Salmon explained how he found a new southern route to California instead of going over the Rocky Mountains. Stations were established every twenty to thirty miles along the way in order to have fresh horses and mules to keep the stage always in transit.

The educational story and facts about the past was so interesting and informative. Mr. Salmon emphasized the importance of the knowledge of history as he gave details about Frontier Texas and handed out free passes to the children with an invitation to come visit soon.

Miss Sue's Little Riders have continued to travel on the Reading Express and last week took trip a to Africa. After reading stories and folk tales about Africa, the children made an African Kente cloth to take

Next week at 1:00 p.m. the Little Riders will travel to the United States and learn about Independence Day and why we celebrate July 4th. The 2:00 p.m. program will be a tour to the Cross Plains Volunteer Fire

Farm Safety Day set for June 29th

A Progressive Agriculture Safety Day for children ages 9 to 15 is being planned for Tuesday, June 29th at the Taylor County Expo Center from 8:30 a.m. until 4:00 p.m. The event is being conducted by Texas AgriLife Extension in Callahan, Coleman, Fisher, Jones, Nolan, Shackelford and Taylor Counties in conjunction with the Progressive Agriculture Foundation. According to Luther Dunlap, coordinator for the event, children often see farm and livestock operations as exciting playgrounds providing endless hours of fun and adventure. But these facilities and the livestock and equipment on them also can set the stage for tragedy.

Each year, many children are killed or injured on America's farms and ranches. According to Dunlap, "This summer, safety days such as the one being hosted by Texas AgriLife Extension and the Progressive Agriculture Foundation, are being held in many locations across the U.S., Canada, the U.S. Virgin Islands, and American Samoa to teach rural children how to prevent injuries and reduce the risk of

farm incidents." During the safety days, children participate in interactive activities that reinforce the importance of taking responsibility for their own safety, respecting parents' safety rules and sharing safety tips with their family and Hands-on demonstrations teach participants lifesaving first aid techniques and reveal the hidden hazards of farm surroundings. Demonstrations focus on farm hazards, associated with electrical safety, rattlesnake safety, weather safety, ATV safety, fire safety, dog and animal safety, drug awareness, bee awareness and passenger

International, state/ provincial, and local sponsors of the safety days hope participants will maintain a healthy respect for farm hazards throughout their lives, and that, ultimately, the number of deaths and injuries among rural children will decline. Progressive Agriculture Safety Days are sponsored by Bunge, Agrium, Toyota, The Farm Credit System Foundation, Inc., John

Propane

Deere, Monsanto, and Pioneer.

The safety day program allows community leaders to structure a safety day that covers basic farm safety issues and first aid, as well as addressing specific local needs. Local farmers, manufacturers, and merchants donate their time and equipment to ensure that each safety day is a fun and valuable learning experience.

Parents can register their children to participate in the safety day by calling the Texas AgriLife Extension Service in Taylor County at 325-672-6048. Registrations must be received by June 14th. A \$5 registration fee for the event covers lunch, snacks, a takehome bag, and a safety day T-

Educational programs of Texas AgriLife Extension Service are open to all people without regard to race, color, sex, disability, religion, age, or national origin. The Texas A&M University System, U.S. Department of Agriculture, the County Commissioners Courts of Texas Cooperating.
