LAKEVIEW APRIL, 24, 1899. The teachers of Briscoe Co. met at Lakeview Friday, April 21, at eleven o'clock.

Instead of taking up the program, the chairman called upon Prof. McDonald for an extemporaneous speech. The Professor responded with quite an interesting talk. He concluded by complimenting our school system very highly.

Mrs. Ware Misses Linnie Cooper and Velma Reeves, and Messrs. Robert Campbell and Thomas Cooper furnished us with some excellent music. At 12 o'clock the good ladies spread an excellent dinner, and all present ate until their appetites were satisfied. The dinner we must say, was a glorious success. After dinner the program was taken up. Each one responded to their name, and the program for the evening was well rendered. All the teachers took an active part. The teachers program was an initiation.

Victims to general five and kidney troubles as well as women, and all feel the result in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville Ind. He says Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life. The Music given by the Band and Guitar Club, last Saturday night was a glorious success. The ladies rendered some very excellent music, while the Band boys did equally well even better than was expected by many, we hope that they will take the same interest always here by the time for the reunion they will be able to give some excellent music for the occasion.

I have been afflicted with rheumatism for fourteen years and nothing seemed to give any relief. I was able to be around all the time, but constantly suffering. I had tried almost every thing I could hear of and at last was told to try Chamberlain's Pain Balm, which I did, and was immediately relieved and am now as well as ever. I am happy to say that it has not since returned. JOSH EDGAR, GOSHAWTOWN CAL. For sale by Ed Crawford.

... diseases, civilized world... the most flattering testimonials have been received, giving account of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded to its soothing effects, and of dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerous consequences. It is especially prized by mothers for their children, as it never fails to effect a speedy cure, and because they have found that there is not the least danger in giving it even to babies, as it contains nothing injurious.
