OFFICIAL PAPER FOR BRISCOE COUNTY

VOLUME 19—NUMBER 51

PUBLISHED WEEKLY AT SILVERTON, BRISCOE COUNTY, TEXAS

THURSDAY, NOV. 21, 1929

Silverton

Accounting the glories and feats of Silverton high school football the story is not complete unless mention is expressed for the girls' squad. They have been at every their enthusiasm as brightly as their costumes of solid red. Encouraging, sympathetic losses and injuries and rejoice in the gains. In spite of the cold last Friday afternoon, the girls weathered the elements with no small part in the well-earned victory over these rivals of standing.

ary to expectation the major people in the Quitaque commission appears to be in favor of the position court hiring a home department agent. If current commission is a division of opinion in the where either would result in good for the entire county. It should be put to a popular home agent would probably be the farm agent by a large

week the Lions club of Silverton voted to recommend to the that a farm agent be selected, upon the theory that a farm would add more to the financial. It was very evident that the of the club as a whole was with the question proposed. The shortness of the time did permit an extended discussion. There was only one speaker, C. D. Wright, who pointed out advantages a farm agent would and a favorable vote was poll-

Volunteer Fire Department Is Active Again

NEW SET OF OFFICERS ARE INSTALLED WITH PLANS OF MANY ACTIVITIES; QUITAQUE DEPARTMENT CHALLENGED FOR FOOTBALL GAME.

Silverton's volunteer fire department, which had been inactive since the removal of the former chief, W. W. McClister, to Happy, has been reorganized with a new set of officers, according to Wayne Crawford, secretary.

Bruce Burleson is the new fire chief; his assistant is Jack Coffee; and Wayne Crawford is secretary. More definite programs of meetings and instruction are planned for the future, together with some enlivening activities.

The fire department of Quitaque has been challenged to a football match, the proceeds to apply on slickers and other equipment needed by the volunteers.

Considering of purchasing the old hatchery property which lies adjacent to the municipal power house, and its conversion into a fireman's hall are contemplated by the city, it is claimed. A more efficient department is promised if needed equipment and a permanent home can be acquired.

Apache Deer Hunters Had Two Big Bucks

Warren E. Smith of Apache, Okla., had his car laid up for repairs for several hours here Monday. He was returning from a hunt in New Mexico and had two bucks to show the home-folks at Apache. One of the deer had an unusually fine set of horns, but unfortunately a collision with another car had broken the antlers. The successful hunt was made on Rainey Mesa near the Arizona line.

School Department News to Be Issued

Student Staff Will Carry Regular Weekly Feature in Briscoe County News.

Organization of a staff among the high school students for the purpose of issuing a weekly School News Department in the columns of the Briscoe County News is practically complete, according to Supt. C. R. E. Weaver. The first issue will appear next week, and it is hoped closer contact of the public with scholastic work and activities may be established through this medium.

No name for the department has been announced, but a suitable title for this kind of news will be selected within the next few days.

The editorial department of the News will cooperate with the school staff in presenting a creditable publication, as this form of public contact is recognized as of great value, both to the student and the community.

Thanksgiving Sale Announced

A Thanksgiving clearance sale is announced this week by A. R. Castleberry Dry Goods. Store-wide reductions have been marked out for the sale which will open Saturday with unusual and liberal offerings and will continue through the following Saturday.

"Here are some real Turkey Day bargains," said Mr. Castleberry in completing his ad copy for the News. "We have decided to sell every article in the store at reduced prices from now until the last day of the Month, Nov. 30. The thrifty buyer will save a lot of money here."

Moving to Amarillo

Wells McClendon was in Silverton most of last week looking after his property interest here. Mrs. McClendon visited her sisters, Mrs. Tom Bomar and Mrs. Roy Johnson, Monday and Tuesday. The McClendons are moving this week from Eastland to Amarillo.

ASSISTANT TO HYDE

E. N. Meader of Cassville, Mo., has been appointed assistant to Secretary of Agriculture Arthur M. Hyde. He succeeds Roger R. Kauffman. Mr. Meader has been a special assistant to the attorney general since June, 1928.

Methodist Pastors Assigned for Year

Brotherhood Returned to Silverton and Yeats to Quitaque; Presiding Elder Beavers Retained.

The Methodist congregation here is pleased to have their former pastor, Rev. Marvin Brotherhood, returned to Silverton for another year by the annual conference which ended in Pampa Sunday night, at which time assignments for Northwest Texas Methodism were read by Bishop John M. Moore.

Rev. Brotherhood was in the midst of a building project for the church, and his return here will permit of his "carry on," and within a few months he should be conducting his work within the first unit of the building plan.

PLAINVIEW DISTRICT ASSIGNMENTS

Canyon, C. E. Jameson; Dimmitt, John R. Bright; Earth, Lloyd H. Jones; Floydada, G. T. Palmer; Flomot, J. R. Bateman; Happy, H. C. Smith; Hale Center, O. M. Addison; Hart, R. B. Walden; Kress, O. C. Koppaer; Lockney, J. E. Stephens; Matador, Joe E. Boyd; Muleshoe, W. B. Hicks; Olton, J. T. Howell; Petersburg, J. W. Price; Plainview, D. B. Doak; Quitaque, E. L. Yeats; Roaring Springs, D. B. Herring; Silverton, M. G. Botherton; Tulla, J. W. Hendrix; Turkey, J. F. Michael; Vigo Park, N. R. Plant; M. M. Beavers, presiding elder, and B. L. Nance, dual extension secretary.

Other assignments were: Hereford, I. A. Smith; Clarendon, S. E. Allison; Claude, L. B. Smallwood; Abernathy, J. A. Wheeler; Crosbyton, T. M. Johnson

Bruce Burleson and Dean Allard went to Des Moines, New Mexico with I. N. Summers to help him with the "moving."

Municipal Sewer Plant Completed At \$28,000 Cost

FORMAL ACCEPTANCE MADE OF PLANT LAST FRIDAY BY CITY OFFICIALS; READY TO HANDLE ALL POSSIBLE CONNECTIONS.

The city formally accepted last Friday the new municipal sewer system as a completed job from the contractor, Ed Manning of Lockney. G. W. Parkhill, representative of the Roberts Engineering company of Lubbock and engineer in charge of the work, made final check-up of the system and acceptance of the project was ordered.

Installation of the sewer system, which entailed a cost around \$28,000 and paid for by warrants, was begun several months ago by Mr. Manning with a 45-working day expectation for completion, but wet weather and other hindrances extended the time into the middle of November.

The operation of the sewer plant is announced by the city office and connections with the lines are solicited by the secretary, J. E. Minyard, who has the new business in his hands along with the water department. The residential rate is \$1.50 a month, and it is the desire of the officials for a larger number of citizens to contract for the sewer service and eliminate as far as possible the unsanitary outdoor toilets. Cess-pools have proved unsatisfactory and dangerous as well. Several pools have caved in the past few weeks, besides the one on the courthouse yard in which the horse was drowned.

Relatives of Redin Burned at Bellevue

Sad news was received Monday by W. E. Redin of Francis that his brother's wife at Bellevue had been burned to death and his brother was so severely burned that there was little hope of his recovery. Mr. and Mrs. Redin and their son, Alvin, left early Monday for Bellevue.

BELLEVUE, Nov. 18.—Mrs. J. M. Redin, 50, injured Sunday night in an explosion at her home, died early Monday. Her husband also was injured critically and little hope was held for his recovery. The explosion occurred when gas that had accumulated in the house was ignited as Redin struck a match to find an electric light switch.

BELLEVUE, Nov. 20.—Mr. Redin could not recover from his burns and died Tuesday morning.

Carr in Hospital

Hubert Carr, who has been ill for some time, became so much worse Tuesday that he was taken to the Plainview hospital for treatment

ENVOY TO SPAIN

Irwin B. Laughlin of Washington and Pittsburgh has been appointed American ambassador to Spain, succeeding Ogden H. Hammond, resigned. Mr. Laughlin has been in the diplomatic service for twenty-five years.

Mullin Bros. Assets Sold at Auction

Colcaver of Roswell Successful Bidder for the Merchandise in Both Silverton and Turkey.

The assets of Mullin Bros., in bankruptcy with stores in Silverton and Turkey, were sold to highest bidder Tuesday by order of the federal court. All assets brought the total of \$9,308.17. The fixtures of the store here were under mortgage to I. A. Stephens, former owner of the Toggery, and were not included in the sale.

Mr. Colcaver of Roswell, N. Mex., was the principal bidder, getting the Silverton stock at \$2,600 and the Turkey stock and fixtures at \$5,515. Accounts at Turkey brought \$422.17 and lots in the town were bid in at \$771.00. The auction was held in Turkey earlier in the day, and the party of bidders then drove to Silverton for the sale here.

It is estimated that general creditors will receive about forty per cent on their claims.

District Lumbermen Here

The November meeting of the employees of the Willson & Son Lumber Company will be held here next Saturday in the new office building of the Silverton firm, according to T. M. Nichols, local manager. These regular meetings have been held in Floydada in the past, but the brick addition to the yard here, with the most improved office fixtures and arrangements, makes it a desirable place for housing a business session.

Attends Home Ec Meet

Miss Francis Annis, home economics instructor in the high school, attended the Panhandle district convention of home economics teachers in Amarillo last week, returning Saturday night.

Owls Hoot and Panthers Are Subdued, 7 to 0

ANCIENT RIVALS FOUGHT A DETERMINED BATTLE; McCLENDON, PATTON, MORTON, AND DUNHAM WERE OUTSTANDING PLAYERS; ROARING SPRINGS NEXT.

The Owls "hooted" last Friday at Quitaque and won the football championship of Briscoe County at the expense of their ancient rivals. The game was the hardest fought game of the year. Both teams were fighting to win.

The boys under the caprock entered the game with determination to stop Haynes McClendon but in this they failed for it was this ball carrier that intercepted a pass and with the aid of good interference ran 45 yards for a touch down. Patton made the extra point by plunging over the line for the necessary two yards.

The playing of Dunham for the Quitaque team stood out and this lad carried the ball for many nice gains and was easily the class of the defeated team.

H. Morton starting his first regular game turned in a good game, making several good gains and he broke up all passes to his side of the field. The Owls threatened to score several times but were held by a desperately fighting Quitaque team. The game ended as the Owls were making a determined march down the field.

The Owls play Roaring Springs here Friday at 3:00 p. m., Nov. 22, in the last home game of the season, and most of the stores are closing for the match. They go to Matador Thanksgiving, where they play on Turkey Day. This game is scheduled at 10:30 a. m.

Mankins Appointed Deputy

J. F. Mankins has been appointed deputy sheriff by Sheriff N. R. Honea. Mr. Mankins will function in that executive capacity in Quitaque.

Grades Set Program For Thanksgiving

Public Is Invited to Young People's Program Arranged for Wednesday Morning.

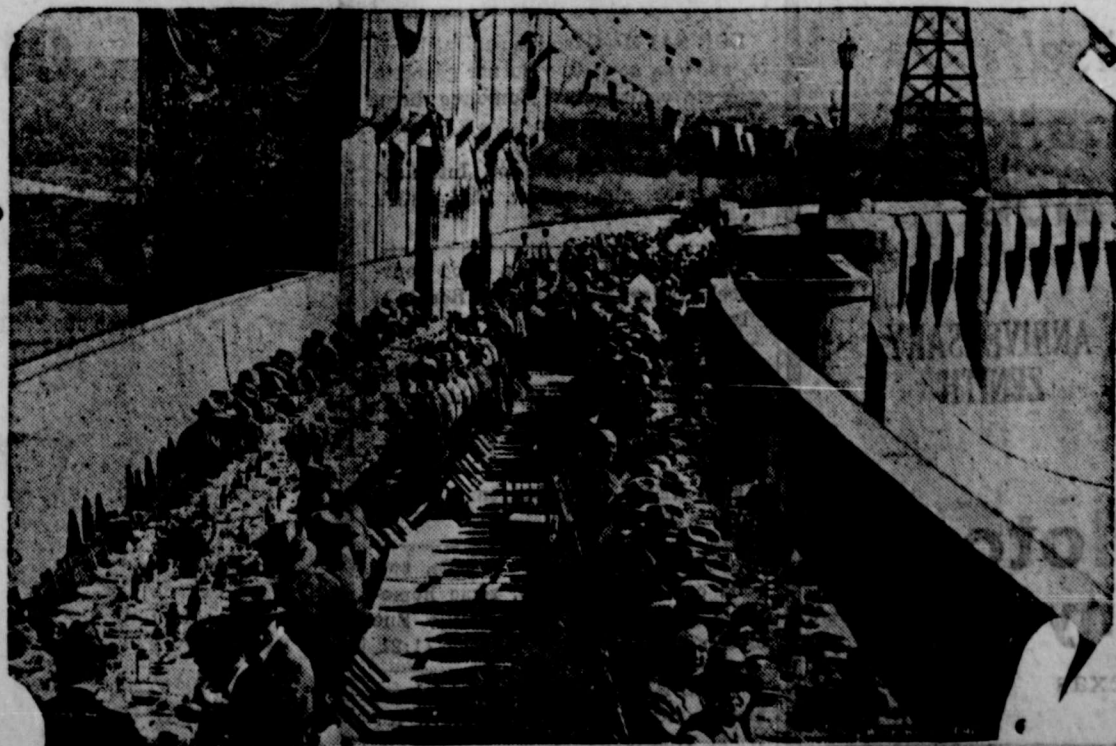

A Thanksgiving program for next Wednesday morning has been announced by the grammar school, and the following statement is made by Chester Strickland, principal: "We give each of you a welcoming invitation to attend our program Wednesday morning, Nov. 27, beginning at 9 o'clock in the grammar school building. Do you know why we have such a day as Thanksgiving? Leave your duties for one hour and come join us in giving thanks. "We do not invite you to this program only, but every Wednesday morning we would be more than delighted to have you with us for our chapel exercises. We are small but our programs will surprise you."

Helping Pay for Mule Friends are contributing this week to a subscription list for partial reimbursing Parker Rampley, who lost a valuable mule three weeks ago in a run-away. Mr. Rampley was working free of charge on the excavation for the Methodist new church when the accident occurred.

1st Anniversary Celebrated By Local Lionism

Light hearts were replete with merriment for local Lionism Wednesday evening as the club Anniversary was celebrated in the form of a Ladies' Night Banquet. Seriousness bowed to frivolity, formality yielded the palm to informality, and austerity retired before the tide of engulfing gaiety, as forty or more Lions and escorts enjoyed their anniversary fete.

Luncheon on a Huge New Dam in California

The gigantic municipal Pardee dam, in the foothills of the Sierra Nevada mountains, impounding the waters of the Mokelumne river to serve 450,000 people in the cities of the east shore of San Francisco bay, was dedicated recently. One of the novel features of the ceremonies was the luncheon served on the crest of the dam where 500 persons were served.

NORTH ROUTE

Mrs. Jno. Clayton Correspondent

Rev. R. P. Davis of Silverton was a pleasant caller in the homes of Mr. and Mrs. J. N. Pitts. Mr. and Mrs. S. E. Turner and Mr. and Mrs. J. M. Clayton last Wednesday afternoon.

J. L. Watters motored to Quitaque last Saturday evening doing business there

Fulton Gregg of the Lakeview community was a business visitor in this neighborhood Monday.

Gid Mayfield of west Silverton was a business visitor in the neighborhood Saturday.

Mr. and Mrs. Homer Gregg of Quitaque spent Sunday with his brother, Arthur Gregg of this neighborhood.

Master Billy Gregg spent Monday night with his uncle's family, Fulton Gregg of Lakeview.

Mr. and Mrs. T. J. Allard and Miss Edna Allard returned to their home in Estancia, N. Mex. last Friday, after a ten days visit here with relatives.

Miss Opal Johnson spent Saturday night with friends in Silverton.

Harmony

The Misses Pharr's of Silverton spent Monday night with their school friend, Gldys Faye Johnson.

Mrs. Arthur Gregg and daughter, Miss Alice, were pleasant callers on Mrs. Jno. Clayton Saturday afternoon.

A goodly number from this neighborhood attended the Plateau singing Convention held at Silverton Sunday.

Not at all foolish to say the printer owns a gold mine; but the real benefit goes to the advertising space user.

One nice thing about being quiet and dumb is that you escape a lot of disagreeable committee work.

ROCK CREEK

Miss Jewell McCain Correspondent

Mrs. W. W. Reid and son, Percy motored to Tulia Monday on business

Willie Chappell of Hereford spent the weekend with his brother, C. M. Chappell.

Mr. and Mrs. T. A. McCain and children were callers in the A. M. Jones home Sunday afternoon

Edna Jones spent Sunday with Eunice Normalene McCain.

Billie McDaniel spent Sunday with Walter Bradley.

The young folks of this community enjoyed a play party in the E. L. Gardner home Friday night.

Douglas Gardner spent Monday night with Loise Edman Joiner.

Charlene Clines spent Monday night with Sara Jane Cline.

Jake Penn and children attended the singing at Silverton Sunday.

Mr. and Mrs. Cross McDaniel visited her mother, Mrs. J. N. Pitts Thursday.

The following took dinner in the C. M. Chappell home Sunday: Miss Lola Mae Reid, Viola and Francis Jones, Easter Clines, Ruby McDaniel

and Jewell McCain, Master Ashel McDaniel, Paul and Dee Reid, Clifford Jones and John Estell McCain.

Mr. and Mrs. Alvin Dudley and children were callers in the Gip Joiner home Sunday.

There will be a pie supper at Rock Creek school house Friday night, Nov. 22. Everybody come.

Mr. and Mrs. Lee Roberson and family spent Sunday with his brother, Earl Roberson.

I. O. Penn has returned after a visit with his relative of Dallas.

Lola Fern Foust

Has Birthday

Lola Fern Foust was given a party in honor of her sixth birthday Nov. 11. A crowd of little folks spent the time in playing games and listening to stories told by Mrs. Jim Bomar.

At the last hour popcorn candy, cake and cocoa were served to the following: Juanita Bob Carter, Royce and Charline Garrison, Betty May Simpson, Gwinn and Louene Williamson, Patricia and Faytice Bomar, Rex Douglas, Mary Inez Cowart, Johnnie Kendrick, Mary Lee Lockhart, Wyona Lee, Helen Marie Davis, Jan Castleberry, Evelyn Coffee, and Lola Fern Foust.

Nothing else will put pep into conversation like a religious controversy.

Local Candidate Named in Master Teacher Contest

SMALL ENROLLMENT IN SILVERTON CLASS AND LACK OF BOYS FROM THE FARM MAKE VOCATIONAL TEACHER INELIGIBLE.

In a recent communication from the state department of education, vocational division, W. M. Gourley, local teacher, has been informed that he has been nominated as a candidate for the Master Vocational Agriculture Teacher Award by the state office.

The Master Teacher will be decided by a state committee at Austin during the month of December. All records of the candidates not in must be filed by December 1. Only one or two teachers in each of the main regions are considered, it is understood.

Since the nomination comes only after strict elimination, it is indeed a high honor to be named a candidate. However, in an interview with Mr. Gourley Monday, he reported that he is unable to accept the candidacy offered him, as the score card that will be used in determining the winner requires that the teacher to be eligible must have 75 students enrolled for definite instruction; forty must be students of high school in the all-day classes, and the remaining may be adult evening school attendants.

Silverton cannot show this large enrollment for several reasons. A heavy science course is offered here; participating in athletics, especially football, shortens and home project work after school; and the enrollment is not equal to the institutions that will have competing teachers.

Although Silverton has a magnificent plant and building, the number of scholastics here, especially high school boys eligible for vocational work, is small compared to other schools having this department. Until the school district fills up with a larger number of farmers, there will not be an opportunity for Silverton to enter the contest or gain the distinction of having the Master Teacher since not enough boys will be available.

Boys Are Preparing Financial Reports

The vocational agriculture students are busy this week compiling financial reports on their projects for the past school year, 1928-29. After all records are in and compiled, a complete record will be published.

Some excellent achievements of the year are promised and will be brought to the attention of the readers. A preliminary survey of the nature of these individual reports indicates that the vocational agriculture students not only contribute to the maintenance of the standards of the school system in the way of keeping up the affiliation and credits but contribute directly to the material wealth and development of the community and school district.

These young boys are charged with the responsibility of improving the one great industry in this section—agriculture, the industry from which tax revenues are derived to maintain the county, state government, and public schools; and all businesses in Silverton depend upon this enterprise for their welfare.

Show the town you're alive and young in spirit: advertise.

Home Canning Made Easy

By GRACE VIALL GRAY
Household Science Institute.

GOOD YEAR FOR CANNING

This is the year to can, according to all reports coming from the berry, fruit and vegetable sections of the country.

There is a big crop of high quality of practically all fruits and vegetables. There are going to be hundreds of carloads of luscious pears, peaches, plums, cherries, beans, tomatoes and corn to can, and best of all, they are going to be offered at reasonable prices in bushel lots for canning, says one authority.

Cherries are being shipped from Idaho, where there is a bumper crop, 240 carloads, compared with 200 last year. Cherries are also plentiful in Michigan and Oregon.

The plums that are coming from California are of good size and excellent quality.

Alberta peaches that women want for canning are going to be plentiful and cheap.

So 1929 seems to be a "lucky" year for all good homemakers who believe that it is "smart to be thrifty," and who therefore like to put away jars of preserved food at reasonable prices for future winter use.

The United States Department of Agriculture advocates the use of the pressure cooker for canning all non-acid vegetables such as corn, peas, and beans as well as meats, fish and poultry. The high pressure made possible in the pressure cooker kills all spores, thus making canning safe.

The total for the state Nov 1 was 3,144,983 bales, compared to 3,865,022 Nov. 1, 1928, a loss of 720,000 bales.

Local cotton men estimate that approximately two-thirds of the local crop has been harvested and expect the season to drag out through the winter months before the entire crop reaches the gins.

Local cotton men estimate that approximately two-thirds of the local crop has been harvested and expect the season to drag out through the winter months before the entire crop reaches the gins.

year for all good homemakers who believe that it is "smart to be thrifty," and who therefore like to put away jars of preserved food at reasonable prices for future winter use.

The United States Department of Agriculture advocates the use of the pressure cooker for canning all non-acid vegetables such as corn, peas, and beans as well as meats, fish and poultry. The high pressure made possible in the pressure cooker kills all spores, thus making canning safe.

Ginnings Slow and Cotton Loss Seen

Cotton ginned in Briscoe county prior to November 1 totalled 4,649 bales, according to figures compiled by the department of commerce. This amount is practically the same as for last year at same time, 4,716 bales. Around 700 bales have been ginned in Silverton, with about half the crop gathered. The unfavorable weather of the past few weeks has resulted in some heavy losses to cotton in the fields.

The total for the state Nov 1 was 3,144,983 bales, compared to 3,865,022 Nov. 1, 1928, a loss of 720,000 bales.

Hegari Help Cut Butterfat Cost

WACO, Nov. 14.—Producing butter fat at a cost of 6.6 cents per pound in one month and at a cost of less than 10 cents per pound butter fat during the past four months is the record of J. H. Youngblood, member of the McLennan County Cow Testing Association. Cured hegari bundles, ground up stalk and all, and mixed with a little cottonseed meal, together with good pasturage, is the system of feeding on the Youngblood farm. Cows that produce more than 20 pounds of milk per day get a little ground oats added to their rations. Mr. Youngblood cut 500 tons of hegari from 50 acres and expects that amount from the second cutting also.

Take your foot out of the grave; put it on the gas.

Ginning to Date Total 3,714 Bales
—111 Ginned in Past Week.

QUITAQUE, Tex., November 18.—Slowly mounting to the 4,000 mark, Quitaque ginnings were almost at a standstill during the past week, due to rain and freezing weather which set in the latter part of last week. A total of only 111 bales was turned out by the four local gins during the week just past, with cotton beginning to come in a little faster the latter part of this week.

Ginnings to date amounted to 3,714 bales at noon on Thursday of this week, according to figures furnished by the local gins.

The same moisture which is holding back the harvesting of the cotton crop is helping out the wheat farmer and is giving a good winter season which is expected to be appreciated next spring.

Local cotton men estimate that approximately two-thirds of the local crop has been harvested and expect the season to drag out through the winter months before the entire crop reaches the gins.

Aggie Association Meets in Amarillo

The Panhandle-Plains Agriculture association will meet in Amarillo Saturday afternoon at one o'clock in the offices of the Board of City Development, according to W. M. Gourley, president, who has mailed out letters to all members urging their attendance. These meetings help to bring about closer professional relationship among the vocational agriculture teachers of this region, states Mr. Gourley, and the objectives set up are being promoted through such meetings.

Higgins—Cotton gin operating at capacity.

Boys and Bullets Dangerous Mixture

In the midst of the hunting season, it is timely to caution Silverton fathers against leaving guns, shells or ammunition of any kind lying around where the children can get hold of them. Only last week four small boys in an eastern town were injured while attempting to drive a bullet from a cartridge shell with a hammer and nail, the cartridge exploding while they were hovered over it. That is but one of scores of like incidents happening all over the country. When weapons are kept in the house they should be put away where the children cannot get to them, and especially is this true of the ammunition intended to be fired in them. To keep them loaded and within reach of the little ones is nothing short of criminal. Weapons have their place, and they are all right in that place. But they are a menace in the hands of the youngsters under any and all conditions.

Dalhart—Contract awarded for construction of district highway office and store room.

Levelland—Favorable developments seen at Lehman oil well.

Eggs Scarce When Mash Gave Out

SEMINOLE, Nov. 18.—Because he ran out of mash and neglected to buy more, C. H. Westcott, Gaines county poultry demonstrator, reports a temporary loss of \$1.30 per day. The day before running out of mash he gathered up 106 eggs from 250 hens. One week later the same hens laid only 44 eggs. As soon as he began feeding mash again, the county agent says, the production began to increase again.

Van Horn—Work underway of clearing ground for new hotel to be erected here.

It's slightly amusing when a fourteen-year old girl indulgently refers to her thirty-seven-year old father as "Old-timer."

Bleeding Sore Gums

If you really want quick, certain, and lasting relief, from this most disgusting disease, just get a bottle of LETO'S PYORRHEA REMEDY and use as directed. LETO'S is always guaranteed.—Silverton Drug Co.

The BOOK I BANK On

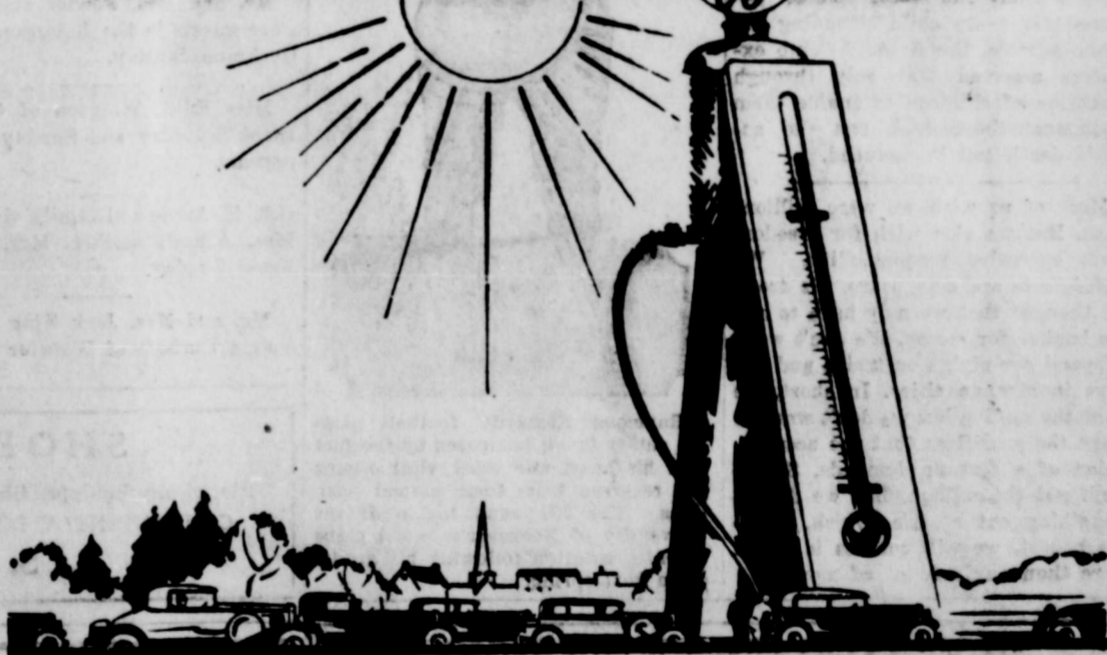

The safe book to bank on at all times is a bank book. It is your pleasure when everything is going smoothly. It is your true friend in time of need, ever ready to come to your assistance when you really need help.

Quitaque Men Successful In New Mex. Hunt

TEN QUITAQUE HUNTERS BRING BACK TEN DEER FROM NEW MEXICO MOUNTAINS—PLENTY OF GAME REPORTED IN NEIGHBORING STATE.

QUITAQUE, Tex., November 18.—Ten local hunters who left for the mountains of New Mexico over the Armistice holidays, qualified to the title of "Nimrod" on their return, when ten bucks, ranging from 4 to 8 pointers, were proudly exhibited as the result of their efforts.

The first party to return included J. T. Persons, E. B. Tunnell, Archie Alexander and J. Tunnell, and they were closely followed by Frank Van Meter, B. D. Witcher, J. W. Lyons, Frank Wise and Hood Wise, and ten bucks were hanging in local storage the next day.

Clyde Tunnell and W. P. Hall, encountered car trouble during the trip, and had not returned on Thursday of this week.

Plenty of deer were reported to be ranging the mountains of New Mexico by all who braved the first real cold norther of the season to make the start last Friday and Saturday. Muddy roads were encountered on the Plains both going and coming, the hunters reported, with plenty of rough roads as the mountains of New Mexico were reached.

Snow and sleet in the mountains added to the discomforts of the chase, both parties encountering several who had been forced to leave their heavy automobiles by the road and proceed on foot to their destination.

SAFETY EDUCATION DECLARED NEED FOR SCHOOL CHILDREN

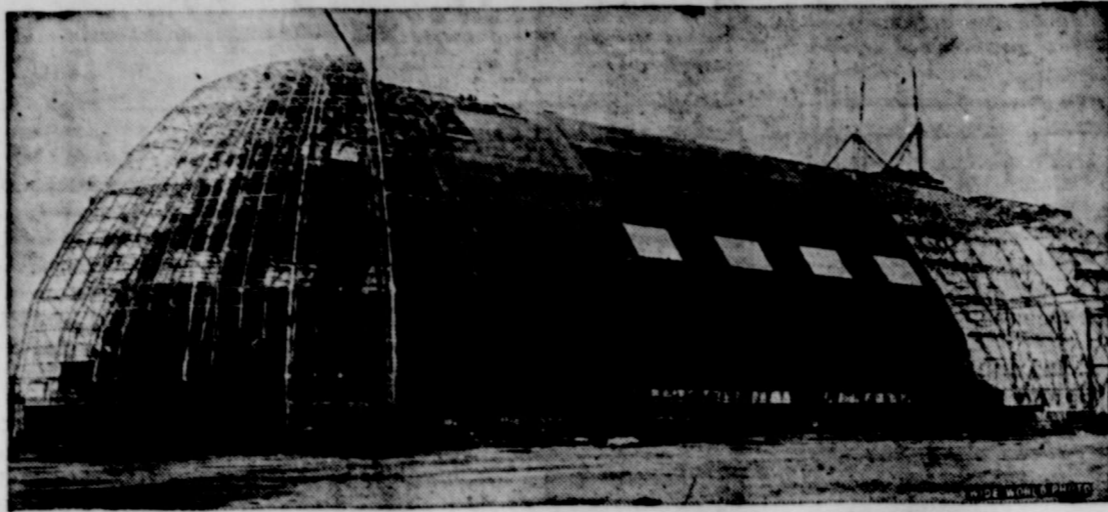

Although states are gradually increasing the amount of attention given to health and safety in the public schools, there is still a great need for safety education to enable these youngsters to protect themselves on the streets and highways, according to W. O. Gattton, president of the Panhandle Auto Club, which is affiliated with the American Automobile Association.

Mr. Gattton made this statement in connection with the national safety program launched by the A. A. A. and said that millions of children will receive safety lessons this year as a result of this extensive campaign.

Calling attention to the fact that there is today one motor vehicle registered for every child attending the public schools, the A. A. A. club executive asserted that only through education of children to enable them to protect themselves, can the nation's death toll be reduced.

Most of us wish we were millionaires. But we also wish for freedom from excessive responsibility. We seek leisure and composure. We dread the thought that we may have to ask our banker for mercy. We don't want to spend our nights on trains and our days in strange cities. In short, we want the million but we don't want to make the sacrifices that the accumulation of a fortune demands. So we don't get the million. But we do get something out of life, which, if we are honest, we will confess is worth more than any amount of money.

New American Dirigibles Need Big Hangar

An exterior view of the giant hangar at Akron, Ohio, which will house the new American zeppelins. The ships will be of 6,500,000 cubic feet in capacity, nearly twice the size of the German Graf Zeppelin.

BROKEN ENGINE SOON IN SHAPE

Repairs Made to Crankshaft—Expected to Be Running By Thursday Night.

QUITAQUE, Tex., November 18.—With the broken crankshaft of the Diesel engine repaired, workmen of the West Texas Utilities Co. are engaged in replacing the broken part and expect to have the large engine which furnishes power to both Turkey and Quitaque running by Thursday of this week, C. R. Seale stated this morning.

The engine break down occurred four weeks ago, and power has been furnished since then by two auxiliary engines of the plant, with little or no inconvenience to local power users.

It was necessary to send the broken crankshaft away for repairs, a new section having been welded into place.

Move Into New Home

Mr. and Mrs. Roy Allard, who recently purchased the residential property of I. N. Summers in the Sunset addition, moved into their new home this week.

HEART MISPLACED

Raymond Richards' football playing ability is not hampered by the fact that his heart and other vital organs are reversed from their normal positions. The 200-pound tackle of the University of Nebraska's squad plans to enter aviation following his graduation next spring.

LIONS TO FOSTER SECOND RURAL RT.

Committee is Named to Get Action on Petition to Postoffice Department.

QUITAQUE, Tex., November 18.—E. G. Rice and Ralph Buell were named as a committee of the local Lions Club to attempt to get action on the establishment of a second rural route running out of Quitaque, following action taken by the club at its meeting on Wednesday of last week.

The committee was instructed by the club to confer with local postal authorities to obtain definite information of the steps to be taken relative to the route. Agitation for rural route No. 2 has been general for more than a year, and the sentiments expressed by the club members favored action on the proposal.

A vocational talk on the drug business was given the club by C. R. Badgett. Among the points brought out by Mr. Badgett, he deplored the tendency of customers to conversation while prescriptions were being filled, stating that this practice might lead to serious errors on the part of the man compounding the prescription.

Your indecision about your advertising is apple-pie for your competitor.

It will cost you less to advertise now than later.

CHURCH AND CLUB

All-Day Meeting Planned by Aux. Of Presbyterian

The Presbyterian Auxiliary met Monday afternoon at the church, with Mrs. Gordon Alexander leader for the Mission Study on the mountains of Kentucky, Tennessee, etc. Mrs. Bundy gave a splendid paper, and Mrs. C. L. Dickerson made a good talk. In the business session it was decided that the ladies should have an all-day meeting Dec. 4 for the study of the Auxiliary book, "The Crowded Ways." Next Monday the Methodist and Presbyterian ladies will have a joint meeting for the study of Exodus.

Opens New Brick Home in Tulia

Mrs. George Childress, who was before her marriage Miss Faye Christopher, opened her lovely new brick home in Tulia last Thursday with a house-warming party for a number of Tulia friends and also several Silverton folks.

Fall flowers were used to decorate the elegantly furnished rooms where the glow from the fireplace and from the pretty lamps and hanging lights helped to create a cheery atmosphere.

During the games of "42" the hostess served fruit and later pink and white cake with pink and white ice cream were served. The guests from Silverton were Misses Teresa Bomar, Kate Hodges, Cleora Turner, Sadie and Lauriena Summers and Messrs O'Neil Watson and Arnold Turner.

Bridge-Luncheon of Mrs. L. L. McAnaw Is Smart Affair

Adding another social success to her list of smart affairs, Mrs. Leo L. McAnaw, last Thursday entertained members of the Wednesday and London Bridge Clubs and a few other guests, with an elaborate bridge luncheon. Her roomy apartment had been made into a bower of autumnal beauty with rich decorations of gold and orange and black. The subdued light from yellow Chinese lanterns and candles was like the amber haze of Indian summer. Orange streamers were festooned above sparkling glass and silver arrayed on dainty linen. Gracing each of the eight tables was a low bowl of purple grapes. Place cards tied with yellow ribbons were fastened in corsages of yellow chrysanthemums. A salad of fruits arranged to represent a turtle was served. Then sliced turkey, dressing, giblet sauce, molded cranberries, potatoes au gratin, peas patties, hot buttered rolls, pumpkin pie with whipped cream, coffee.

The tables were cleared for bridge, following the lovely luncheon; and in the games Mrs. Ralph Buell received the guest prize for high score, a glass candy jar of green tint, in futuristic design. Mrs. E. G. Snapka won high for the London Bridge club, and Mrs. J. Guy Whitacre was high among the Wednesday club members. Their prizes were beautiful imported boxes of bath crystals of pastel shades in individual glass holders.

The second prizes were lemon plates with Japanese forks, and were won by Mrs. Roy Allard of the London Bridge and Mrs. O. T. Bundy of the Wednesday club.

The tallies were large acorns and autumn tinted oak leaves.

Those who enjoyed Mrs. McAnaw's lavish hospitality were club members: Mesdames Arch Castleberry, Hubert Simmons, John Bain, Jr., Elmer Allard, Dean Allard, James Meeker, Oran Bomar, Wood Hardcastle, Dick Cowart, Roy Allard, Raymond Patton, Max Crawford, T. C. Bomar, Walter Lee Bain, W. Coffee, Jr., Jeff Gunter, Tom Murphy, E. G. Snapka, J. A. Neill, Bruce Burleson, O. T. Bundy, J. Guy Whitacre, Charles Gollihar, Clyde Wright and Miss Teresa Bomar. Out-of-town guests were Mrs. Ed Crawford and Mrs. Lola Connor of Tulia, and Mrs. Ralph L. Buell and Mrs. Perrin Rumph of Quitaque; other guests were Mrs. Roy Johnson, Mrs. E. Tibbets and Mrs. Roy Leslie.

Roy Johnson of the Famous Cup cafe proved himself a most efficient caterer in the luncheon service provided.

Clever Contest Enjoyed at Bridge With Mrs. Whitacre

Mrs. J. Guy Whitacre entertained the Wednesday bridge club last week in a delightful way. Everyone enjoyed her beautiful home, profusely decorated with lavender asters; they enjoyed, too, the cozy chat by the fireplace for a short while. Then Mrs. Whitacre cleverly introduced a clever contest. She stated that as an indispensable member of the Study Club she felt called upon to give said club a new type of literature worthy this present intellectual age, and that as she had not the time to compile such a work, she aspired to inspire it for other writers. Thereupon each guest received a card with four unrelated and unrhyming words, on it and each was requested to write a verse of poetry. The first one to finish received 400 points toward score, the second 300, third 200 and fourth 100.

In the final count Mrs. Wright won the guest prize—a lovely picture—thanks to her gift of 400 points for "poetry." Mrs. W. Coffee had high member's score and received a rare piece of imported pottery.

The tallies like the floral decorations, were of orchid tints.

A delicious plate lunch was served to Mesdames W. Coffee, Jr., Tom Murphy, W. W. Fogerson, Leo L. McAnaw, John Bain, Jr., Jeff Gunter, J. A. Neill, Bland Burson, Frank Bain, Bundy, and Clyde Wright. Mrs. Whitacre was assisted in entertaining by her sister, Amye Burson.

A lot of wives would be perfectly happy if they didn't talk things over with other women.

Marathon—Six thousand lambs were shipped from here on recent date.

Baptist Women Announce Bazaar

The missionary society of the First Baptist church met in Bible study last Monday afternoon at 2 o'clock. "Jesus Calls Us," was the opening song. The pastor, Rev. R. P. Davis, gave an interesting exposition of the first chapter of Jonah.

A good attendance was reported, and all are invited back to help carry out the program planned for the coming year.

It was voted to hold a bazaar Dec. 29, and all Baptist women are urged to take part in the bazaar.

Present at the meeting were Mesdames W. Coffee, E. H. Perry, J. R. Foust, R. E. Stephens, G. C. Patton, O. C. Allard, D. M. Morgan, R. L. Buchanan, S. Haynes, R. P. Davis, V. R. Dillard, J. Bomar, R. Miller, and J. B. Garrison.

Pep Squad Is Hostess to Football Team

The Pep squad entertained the football boys Saturday night in the high school gymnasium. Mrs. A. L. Kelsay, who is always successful as a game leader, introduced several new entertainments that were unusual and fun-provoking. Sandwiches were served to thirty-nine young people besides Mr. and Mrs. A. L. Kelsay, Mr. and Mrs. C. R. E. Weaver and little Mary Jane.

Upper Classes at Theatre Parties

The seniors, juniors, and sophomores had theatre parties Monday night to see "Fast Company." Half the proceeds of the show went into the Sweater Fund for the football team. The school and class organizations expressed appreciation for the generosity of the manager, W. W. Flournoy.

Seniors present were Sudie Lee Foust, Graham Chandler, Jack Wright, Herbert Davis, Fadean Lee, Albert Dickenson, Maurice Foust, Eugene Dickerson, Powell Miller, Haynes McClendon, and Hoyt Hill and Mrs. A. L. Kelsay, sponsor.

Error Corrected In 1925 Study Club Luncheon

An error was made in giving the list of those present at the 1925 Study Club annual luncheon of Oct. 31. In-

stead of Mrs. John Blackwell, the name should have been Mrs. Champ C. Blackwell. Errors like that occur sometimes without any apparent cause, just as we might let slip a sack of eggs on to a concrete floor when they are at 50c a dozen, too. The News regrets the mistake and promises closer vigilance in the future.

Methodist Bazaar Set for Dec. 14

A study of "New Africa," led by Mrs. R. E. Douglas, was made by the Woman's Missionary Society of the Methodist church which met Monday at the home of Mrs. M. C. Potter. It

was an interesting session. The W. M. S. will meet next month with Mrs. Simpson.

The bazaar of the Methodist ladies will be held in the old City Grocery building December 14, it was announced. Each woman of the church is urged to respond to make it a success.
