AGGIE BRIEFS

By Ray S. McEntire
Secretary Briscoe Co. Committee

Correction

In last weeks issue of Briscoe County Aggie Briefs there was a geographical error made in the article relative to the 1942 wheat program. The following is the corrected copy: "... this means that the farm on which there is an allotment of 100.0 acres and seeds 111.1 acres of wheat for harvest in 1942, this producer can not plow the one acre to come within his allotment. ... The above applies there will be no tolerance allowed to producers in 1942. It is therefore very important that you want within your allotment since the rate of deduction for over planting is 10 times the rate of

Cotton Stamps

Mr. C. A. Grewe, Silverton, Texas was the first producer to be issued cotton stamps in Briscoe County. These first stamps were issued Wednesday morning, September 10. Since that time more than \$1800.00 worth has been issued. As soon as the availability of each producer is determined notices will be sent that the stamps are ready to be issued.

Burning Stubble

Since burned stubble is potentially dangerous to the health of the community, it is requested that you burn your stubble as early as possible. (Continued on Yours Turly Page)

Silverton Building Is On Upward Trend

1925 Study Club Has Enjoyable Opening

The W. Coffee, Jr., home was the scene of the meeting of the Club Wednesday when the years work was initiated with a Federation meeting.

Mrs. Alexander was leader of the program. For the opening number the Club collect was read in unison. Mrs. Bundy who is club President gave an inspiring talk, reminding the Club that the near future will bring many demands of loyalty to the nation and much thought must be applied to "Democracy's Goal, — The Preservation of Human Values" which is the course of study for 1941-42.

The "Individual" was discussed by Mrs. Whiteside, and "The Remaking of Man" by Mrs. Wimberly. Programs on the study of Democracy in many phases, and other topics of vital interest to the citizens of a Democracy today, promises constructive study for the ensuing year.

The Club books are attractively bound in white covers, printed in green lettering. The cover is the reproduction of the statue of liberty against a background of silver stripes and stars.

Besides the program outlines and constitution, and by-laws of the club, they contain The Pledge to the Flag, and many other things of importance.

The program committee is composed of Mrs. D. O. Bomar, Mrs. A. P. Dickenson, and Mrs. Ernest Davis.

Edd Thomas Hears From Culpepper

Dear Edd & Lois:
Well, I guess you would like to shoot me for not writing, but some things are impossible.

July 16th the Northampton and Salt Lake City left Pearl Harbor about four o'clock in the evening and headed for sea. We sailed for twenty days without knowing where we were going. On the 4th of August, we went in port at Brisbane Australia. Everyone was sure happy to see land and to know where we were, because we were all tired out from standing so many watches. We stayed there four days and we all sure did enjoy it. The population of Brisbane is two or three hundred thousand, don't know exactly. Nearly all of the men are gone to the front for England and the ones that are left are real old, crippled, or too young. Ninety percent of the men left are in uniform. The women do all the work. It was winter while we were there, but it wasn't cold, only at night, because Brisbane is in the northern part of Australia.

A couple of boys and myself went on several sight seeing trips and saw quite a few interesting things. The people are all about ten years behind in time, but I got used to it after a couple of days. The worst thing about it was the exchange of money, you sure had to watch every body or they would sure cheat you. I got on to it pretty quick.

On the way there we crossed the equator and in the navy when you cross for the first time you are initiated. Before you cross you are called a Poly Wog and after you cross you are called a shellback. There were only about 75 men on here that were shell backs and about 700 pollywogs so you can imagine what kind of workout the shellbacks got. Even the Captain was a polly wog, and had been in the navy 30 years. The men sure put him through.

But boy the best of all I got what I wanted finally. I was transferred yesterday to the V Division, that is the aviation division, and I can take aviation mechanics now. I don't know anything about it yet but I'll soon find out.

I would have written from Brisbane, but it just costs .70 to send a 1/2 ounce letter. So I thought it wouldn't be too long to wait till I got back.

Well I had better close and go to dinner.

Love,
Winston Culpepper

Homes And Business Houses Are Being Built And Repaired

Not extremely noticeable perhaps, but Silverton has the largest amount of building and construction now, that has been seen here in several years. Two new homes are being built, and several more are contemplating building their own homes.

M. K. Summers has practically completed a new five room residence in West Silverton and Bailey Childress is hard at work on a new five room home a block east of the Church of Christ. Jard Hollingsworth recently built an addition to his home in Northeast Silverton. Several more home owners have been making improvements, among them Bert Douglas, who is doing about \$500 worth of repairing and improving in the house occupied by Maurice Foust. Not too long ago, Arnold Brown built a new modern five room home in the Southwest part of town. (And Mrs. Roy Hahn has repainted the kitchen furniture again). Alvin Redin is building an addition to his home. F. C. Gatewood is doing some improving on his home.

At the Silverton Clay Plant considerable building has been going on. Fifty feet has been added to the clay storage and drying room, and a new building to house a laboratory and provide sack storage is being built. A new brick oven is being built inside the main plant.

Ray Bomar, at the Bomar's One Stop Station, has added more frontage to his building, giving more office space and room for accessories and parts. Crass Motor this week is remodeling the inside of their front office. Burson Motor plan to remodel and repair the front of their building across from the Post Office.

Frank Havran has been repairing and repainting his building. He has considerable more work to do, including stuccoing the buildings at the back.

LUNCHEON FOR COUNTY COMMITTEE AT AMARILLO

Mr. E. Byron Singleton, of Amarillo, who is District Chairman of the 18th Congressional District Defense Bond Committee, has announced that a luncheon for all county representatives and committeemen will be held in Amarillo on September 29. The luncheon will be held in the Amarillo Hotel, at 11:45 A. M., and is for the purpose of forming plans and launching the sale of Defense Bonds and Stamps throughout the 18th District.

Mr. Frank Scofield, of the Treasury Department at Austin, will be the principal speaker at the meeting.

The Briscoe County representatives of the 18th Congressional District Committeemen are as follows:

- H. S. Sanders
- T. R. Whiteside
- W. Coffee, Jr.
- Paul S. Rogers
- E. C. Fowler
- H. G. Gardner
- Orlin Stark
- E. G. Rice
- E. W. Scheid
- Sidney T. Bogan
- Lewis J. Bedwell

MEMBERS OF SILVERTON NATIONAL FARM LOAN TO MEET

September 20, 1941 has been set as the date for the annual meeting of members of the Silverton National Farm Loan Association, President R. E. Brookshier announced following a meeting of the association directors in the farm loan office at Silverton, Texas.

The annual get-together this year is expected to be a large and important conference of land owners of this territory, Mr. Brookshier said. The meeting will be held at the Odd Fellow hall, starting at 1:30. Details will be announced later.

J. E. Daniel, Secretary-Treasurer, heads the program committee. The board of directors will serve as the attendance committee.

Is your subscription paid up?

District Court To Open Monday Morn

Judge Alton Chapman will open the fall term of the District Court here next Monday morning, in what at this time appears to be a very light session.

Grand jurors who have been notified to appear for service at ten o'clock Monday morning are:

- C. W. Graves
- W. M. King
- A. L. McMurtry
- Roy Mayfield
- Eugene Long
- M. L. Welch
- Hugh Sanders
- Earl Malone
- J. A. Montague
- O. P. Frakes
- H. J. Bailey
- J. R. Stroup
- Dallas Culwell
- Paul Hamilton

OWLS PLAY FIRST GAME SATURDAY NIGHT

The Silverton Owls will meet the Plainview second team at Plainview in the first game of the season, Saturday night, September 20. The Owls expect to be in good shape by that time and Coach King expects the boys to give a good fight to the opposing team.

The Owls will look their best in new red, white, and blue jerseys.

Let's go to Plainview Saturday night and see the boys win that game! Come on, get behind those Owls!

Football Boys Are Guests Of Lions Club In Wednesday Meet

Forty men and boys met together at the Lions Club Luncheon Wednesday noon for an old time meal of fried chicken. Clyde Hutsell furnished the eatables for the Garden Club to serve.

Alvin Redin introduced Robert King, the coach, to the club, and King introduced the boys and told of their football work. The Silverton boys played the Lockney team Tuesday evening and came out on the short end of 12-0 score. King seemed satisfied with the way football prospects were getting lined out, and said that they had a good chance of winning over the Plainview B Team at Plainview Friday night.

The Club met Mr. Cullom, the new band director. He seemed confident that the band would be better this year, and expressed his willingness to help in civic affairs.

Next Wednesday Mrs. Bundy will be present to help straighten out the Lions on Parliamentary procedure. The Lions attendance has been growing and eighteen members were present at the last meeting.

Presbyterian Ladies To Publish Modern Cook Book

The ladies of the Presbyterian Church are beginning work on a Community Cook Book, which will be published within the next few weeks. Plans now are for about a fifty page book, attractively arranged and bound, and containing recipes from Briscoe County ladies—recipes that have been actually tested and are in use by the ladies in their homes.

The book is being published partly as an aid to the "Nutrition for Defense" Movement, and the front of the book will contain accurate and simple information concerning Vitamins, a subject in which every housewife is interested, but in which practically all are rather vague. The book, as being planned will be one that will be "wanted", and not just an ordinary cook book.

The ladies are working now gathering their material and recipes. Every lady who has a recipe or two that she has especially good success with, is invited to send it in for publication in the book. Every contributor will be given credit for the recipe. Bring or mail your recipes to Mrs. Fred Lemons, or direct to the Briscoe County News.

Francis Locals

Mr. and Mrs. Aubry Rowell of Phillips spent the past two weeks with their parents Mr. and Mrs. P. D. Jasper, and Mr. and Mrs. W. A. Rowell

Mr. and Mrs. W. C. Roberson visited in Valley View and Pilot Point last week.

Mr. and Mrs. O. A. Strange of Amarillo was a week end guest of Mr. and Mrs. Edwin Crass.

Mr. and Mrs. Follie Corder and family of Tulsa were visitors of Mr. and Mrs. C. A. Simmons Sunday afternoon.

Dinner guests in the F. A. Fisch home Sunday were Mr. and Mrs. Hood Myers, Mr. H. T. Myers and daughter, W. A. Simmons, Hollie Francis and Alva Jasper.

Mr. and Mrs. Wayland Fitzgerald and family spent Sunday with Mrs. Earl Cantwell.

Mrs. Bailey Henderson and daughter spent Friday with Mrs. W. C. Roberson.

Misses Betty Dickerson, Alena Francis and Nina Zell Cantwell spent Sunday with Ava Nell and Winona Brown.

Mr. and Mrs. Aubry Rowell visited in the Fred Mercer home Sunday and Sunday night.

Mr. and Mrs. E. L. Strange and George, Mr. and Mrs. F. A. Fitzgerald spent Sunday with Mr. and Mrs. Edwin Crass.

Visitors in the E. C. Strange Strange home Sunday were: Mr. and Mrs. Fred Rowell and son, Mr. and Mrs. Lois Rowell and family and Miss Hazel Rowell of Strathmore, California, Mr. and Mrs. Charlie Rowell and family, W. A. Rowell, Mrs. George Neese and Mr. and Mrs. Bryan Strange.

More Oil Activity In Silverton Area

Mrs. True Burson Is Host To Auxiliary

Mrs. True Burson's lovely farm home was the meeting place for the Presbyterian Women's Auxiliary last Monday afternoon; and a good crowd was in attendance.

There was a peppy business session with Mrs. Sid Richards presiding. It was decided to put the large assortment of exquisite Christmas Cards on display at the News Stand, in charge of Mrs. Perry Thomas, Jr., they may be seen there now.

Plans were presented for publishing an up-to-date cook-book containing latest vitamin information as well as the best recipes from Briscoe County's cookery-artists, and from State officials who are working on Foods for Defense. Mrs. Lemons was appointed general chairman. The Auxiliary hopes it can raise enough money this winter to help repair a leaky Church roof, and appreciates each order received.

Roll call was answered with verses from Genesis. Mrs. Dean Allard gave the devotional, and led the following program.

Eve — Mrs. D. T. Northcutt, Sarah and Lot's wife — Mrs. Thomas, Jr., Rebecca — Mrs. Jim Stevenson; Highlights from Missionary Magazine — Mrs. Tony Burson.

Mrs. Burson served delightful refreshments to mesdames: Alexander, Watson, Richards, Stevenson, Allard, D. T. Northcutt, Lena Northcutt, Tony Burson, Monroe Lowry, Kemp Thompson, Lemons, Perry Thomas, Jr.; Bundy, and Wright.

The Auxiliary meets September 29th, in an all day session with visiting Presbyterian and Synodical officers. There will be a covered dish luncheon.

By Ray Cash

The Scouts met Tuesday night in the Lions Den, with the following boys present: Norland Havran, Jim Crow, P. H. Webb, Ray Cash, A. Y. Doherty, Billie Dunn, J. C. Fowler, Alvie Gardner, Bennie Gardner, Billie Ellis, Coyce Kirk, Jerry Simpson, Edwin Norris, Freddie Garrison, and Clovis Hill.

Plans were made for the "camporall" that is to be held at Lubbock. The boys are planning a very good time at the camporall. The Scouts listed above plan to attend the camporall.

The following is a story sent from Lubbock on the activities and, etc. Nearly 1,000 Boy Scouts and their leaders, of the South Plains Council, will gather there Friday and Saturday to take part in the annual Council-wide Camporeall at Texas Tech campus. Lions Club of Lubbock is sponsoring the event. Price H. Caskey, chairman. Silverton Scouts are planning to attend.

Friday the Scouts will pitch camp in the grass west of the stadium, cook supper and then witness the Lubbock—Ft. Worth football game as guests of the Lubbock Westerners. Saturday the morning will be spent in field events with the Lions Club furnishing judges. Streamers will be awarded to all Patrols qualifying in "A", "B" or "C" ranks, scored by points in the events. After noon's meal tours are planned to the new airport base, the old airport with its new runways, etc. One Scout in each Troop will receive boat ride at Buffalo Springs. Another in each unit will take part in a Golf Driving Range feature.

That night, the Texas Tech — Abilene Christian college football game will climax the two-day event with all Scouts and leaders free to sit in the north stands.

The following new officers were elected Tuesday night. Senior Patrol Leader & Bugler, Curtis Wimberly; Scribe & Reporter, Ray Cash; Secretary & Treasurer, J. C. Fowler; Patrol Leaders, Billie Ellis and Norland Havran.

The Texas Company, and rumors concerning its activities north an east of Silverton, is arousing even more interest and speculation than week, than is the wildcat we nine miles south of town.

For several months Texas cor drillers have explored practically every part of the huge J. A. Ranch. They have an option on considerable of the JA holdings.

This week, the rumor was going the rounds in Silverton that an other wildcat well was to be drilled a few miles north of town, by the Texas Company. No confirmation has been received of this activity. The rumors were started when it was announced that the

MORE EQUIPMENT FOR PHILLIPS LOCATION

Three big trucks just passed the News Office, loaded with two large diesel engines and other equipment, for the Phillips test well nine miles south of Silverton. The driver did not know when the well would be spudded in—said he just had orders to dump the equipment on the location.

drillers were to drill three test holes 2,000 feet and one to 4,000 feet.

In spite of the fact that a regular rig will be used to drill these deep tests, the holes are still to be considered simply a part of the seismograph crews work and not as a regular well.

The first of these deep tests will be made about four miles west of the Antelope Store, it is reported, and the next about eight miles this side of that test. Just where the 4,000 foot hole will be located has not been made public.

The Texas Company has all of the JA Ranch under option to lease, and these deep tests will be a means of determining whether or not the option will be taken up. A number of the Texas drilling crew has arrived in Silverton.

BAND DIRECTOR SECURED FOR SCHOOL

The board of education has secured the services of Mr. G. C. Collum as band instructor. Mr. Collum attended Burleson College, Greenville, Texas, and is a graduate of Conn Band Conservatory, Chicago, Illinois. He has been band instructor at Hamlin for the past two years, and in 1931 was supervisor of instrumental music in the Dallas public schools. Mr. Collum comes to us very highly recommended.

Band classes will meet each Monday, Wednesday, and Friday and credit in music will be received by those who complete the course. Mr. Collum states that he also expects to enter the state band contest which will be held in Amarillo.

Antelope Flat News

By Lola Mae Turner

Crops are in good condition in this community in spite of the continuous rains this year.

Mr. Henry Edens is having a large trench silo filled this week. Anna Jean Williams of Lakeview spent the week end with Bonnie Nell Edens.

Those attending the F. H. T. water melon feast given by the F.F.A. boys of Lakeview Thursday night were: Dan Nelse Dean, Marian Evans, and Lola Mae Turner.

Mr. and Mrs. Hugh Sanders baby is reported on the sick list this week.

Mr. H. Salmeen and San Pat Salmeen of Brice visited in the Dan Dean home Sunday.

Mr. and Mrs. L. L. Dean were Sunday visitors of Mr. and Mrs. D. W. Evans.

Mr. Roy Waldrop is home for the week end visiting his parents. Mrs. Bill Miller and daughter Lynell were in Tulsa Saturday.

Mr. and Mrs. Oscar Bullock and son Jimmy were in Silverton Saturday.

Mr. and Mrs. Seth Eden of Plainview were visiting in the Oscar Bullock home Sunday.

F. E. Gibson and family of Brice were visiting Mrs. Bertie Sanders Sunday.

History in the News by FRED SCOTT WATSON

Camp Cavalcade SHADOWY figures in a cavalcade of American history—such as the men behind the names of the great army cantonnments scattered all over the United States, where young Americans are learning to be soldiers in order to defend their country when the need arises.

Camp Perry, near Port Clinton, Ohio, is one of the few, if not the only, army camp which is named for a naval hero.

It perpetuates the name of Oliver Hazard Perry (1785-1819), a native of Rhode Island, who entered the navy as a midshipman at the age of 14 and saw his first service against the Tripolitan pirates. During the War of 1812, he built a fleet of ships from green lumber and launched them on Lake Erie to fight the British fleet there. The result was the Battle of Put-in-Bay on September 10, 1813, after which Perry wrote his historic message to Gen. William Henry Harrison, commander of the American army in the Old Northwest: "We have met the enemy and they are ours."

Camp Dodge, near Des Moines, Iowa, is named for Henry Dodge (1782-1867), a native of Indiana who emigrated to Missouri, rose to the rank of major-general of volunteers in the War of 1812 and became the greatest Indian fighter of his day. Then he moved to Wisconsin, commanded the mounted forces in the Winnebago war of 1827, was made colonel of the Michigan volunteers during the Black Hawk war and won the decisive Battle of the Bad Axe river on June 15, 1832. Commissioned a major of the United States Rangers, then colonel of the First U. S. Dragoons, he led two successful expeditions against the Indians on the western frontier for which congress voted him a sword and the thanks of the nation. Later Dodge distinguished himself as governor of the Territory of Wisconsin twice, delegate to congress and United States senator from the new state of Wisconsin after which he retired to private life in Burlington, Iowa, where he died.

Among the Illinois volunteers who "joined up" to help subdue Chief Black Hawk and his Sacs and Foxes in 1832 was a tall, lanky young man from New Salem. He didn't distinguish himself as a soldier but fame was reserving a greater role for him. After many disappointments in politics, he would be elected President of the United States and as commander-in-chief of the United States army, lead his nation to victory after four years of the greatest civil war in history. Camp Lincoln, near Springfield, Ill., his "home town," bears his name.

Camp Bowie, near Brownwood, Texas, perpetuates the fame of a man whose name has become a common word in our language—the bowie knife. He was Colonel James Bowie (1795-1836), a native of Tennessee, who became a sugar planter in Louisiana and a smuggler of slaves which he bought from the pirate, Jean Lafitte. A vigorous, muscular six-footer, he roped and rode giant alligators for fun and won a fearsome reputation as a duellist and a fighter with the long-bladed knife which bears his name. There was a Bowie knife in his hand when he perished gloriously in the defense of the Alamo during the Texan War of Independence.

Origin of Army Unit Names The word company comes from the French word for bread (pain) and the Latin "con" (together). Men of a company eat bread together. The regiment is the unit under the "regime" of an officer. A brigade is a crew of many together. A corps means a body (Latin "corpus") of men. A division was originally a "part" of an army, now of an army corps. A platoon is a "ball of men," a squad, a "square of men"; and a battalion "a body of troops in battle-formation."

Household Hints by Lynn Chambers

LET'S MAKE A DATE FOR LUNCH (See Recipes Below)

FALL LUNCHEON As the leaves begin to crackle and fall's favorite flower, the chrysanthemum, stirs in the sweet smelling earth, and fruit hangs heavy and ripe on the trees—do your thoughts turn to luncheons and bridge?

If they do, prepare to have one now, using as your theme the leaves, fruits or flowers that fall has to offer as a welcome change from summer luncheons you may have had. If you are having a pre-luncheon bridge, try carrying out the fall theme on the bridge tables with small vases of fall flowers, in candies, and decorations. Favors can be had using the autumn theme and prizes may be wrapped in the burnished fall shades or tied with ribbons of that color.

Whatever you do, have your tables and especially the centerpiece stunning enough to stimulate interest and conversation. It'll make luncheon and bridge afterwards a real success, and star you as a smart hostess.

Play up the oranges and yellow in food for luncheon, picking it out here and there in this dish and that with a touch of green to heighten interest. Do something unusual in the main dish by having a frozen or cooked fish fillet lightly creamed and well garnished. Simple to fix, a dream to behold, yet delicate to taste, here's your main dish:

*Creamed Fillet of Flounder With Mushrooms. 2 packages quick frozen fillet of flounder, cooked or 2 1/2 c. cooked fish 2 1/2 c. fish liquor or light cream 2 1/2 cups sliced mushrooms 6 tablespoons butter 4 tablespoons flour Salt and pepper Watercress

If using frozen flounder, cook in a saucepan, adding 1 cup boiling water and 1/2 teaspoon salt, and cook until tender. If using cooked fish, be sure it is well drained. Flake fish. Cook mushrooms in butter, until well browned, add flour. Add fish liquor and cream, gradually stirring constantly and cook until thick. Add fish and seasoning. Serve on hot buttered toast or in paty shells. Sprinkle with paprika. Garnish with watercress.

When serving the vegetables, pretty the plate by serving both the green beans, cut in long, lengthwise strips, and the carrots cut lengthwise, side by side. Or have a mound of carrots or beans in the center, and then alternate mounds of green bean and carrot strips coming out toward the rim of the plate.

If you were to take a poll among your luncheon guests, you would probably be surprised how many

women confess to an extraordinary interest in rolls, bread and muffins. Here's a bread which highlights a luncheon perfectly and whose orange flavor gives just the right touch of piquancy to the meal:

*Orange Honey Bread. (Makes 1 loaf) 3 tablespoons shortening 1 cup honey 1 egg, well beaten 1 1/2 tablespoons grated orange rind 2 1/2 cups flour 2 1/2 teaspoons baking powder 1/2 teaspoon soda 1/4 cup orange juice 1/4 cup chopped walnuts

Cream the shortening until light, then add honey gradually, and continue beating until well blended. Stir in the egg and the grated orange rind. Sift the dry ingredients together several times, then add them alternately with the orange juice. Stir in the walnuts.

Pour the batter into a well-greased loaf pan and let stand 20 minutes before putting into oven. Bake in a slow (325-degree) oven for 1 hour or until well done when a toothpick comes out clean. If desired, 1/4 cup of candied orange peel may be added to the batter to give additional flavor, or may be substituted for the nuts.

I shall pass lightly over the subject of salads. Ours today follow nearly the same pattern as recipes printed in old cookbooks. But I would like to give you a recipe for a dressing. Used on a salad of hard-cooked eggs, lettuce, chopped onions and sliced radishes it's tops.

Rub the yolks of two hard-cooked eggs together with 1 tablespoon of cold water until smooth. To this add 2 tablespoons of salad oil and 1 teaspoon each of salt, powdered sugar and prepared mustard, and blend well. Finally, add 2 tablespoons each of plain and tarragon vinegar.

And last, but not least, here's a recipe for ice cream. Serve this with sliced fresh peaches topped with whipped cream.

Uncooked Custard Ice Cream. 1/2 cup sugar 2 eggs 1 1/2 cups top milk 2 tablespoons sugar Pinch of salt 1/2 pint whipping cream 1 teaspoon vanilla extract

Dissolve the 1/2 cup of sugar and the salt in the cold milk. Beat the egg white until stiff, add 2 tablespoons sugar and then beat in the egg yolks, one at a time. Combine with the milk and fold in the whipped cream and vanilla. Pour into freezing trays and stir every 15 or 20 minutes until firm. This may also be made in a crank freezer, but the amount should be doubled for the ordinary size of freezer.

If you desire to vary this recipe, here are suggestions:

Maple Ice Cream—Add maple flavoring to taste in place of the vanilla; about 6 drops will be needed.

Butterscotch—Substitute brown sugar for the 1/2 cup of white sugar.

Chocolate—Melt two squares cake chocolate and add to custard mixture. Four additional tablespoons sugar must be added as well.

Peppermint—Peppermint flavoring, oil of peppermint and enough pink coloring to give the desired color are added.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D., Dean of The Moody Bible Institute of Chicago. (Released by Western Newspaper Union.)

Lesson for September 21

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

OVERCOMING THE ADVERSARY

LESSON TEXT—Revelation 12:7-12; 15:2-4. GOLDEN TEXT—And they overcame him by the blood of the Lamb, and by the word of their testimony; and they loved not their lives unto the death.—Revelation 12:11.

War! What a familiar word men are saying we should put an end to war. We wish it were possible, but as long as sin rules in the hearts of men, there will be wars; in fact, our lesson tells us of a greater war, which is to take place in the heavens. The devil is busy not only on earth, but in the heavenly places, and wherever he is there is war. Only when Christ, the Prince of Peace, comes to reign will peace come to all the earth.

Our lesson presents three scenes: Conflict in heaven, rejoicing over victory there, and a victory on earth which brought joy in heaven.

I. War in Heaven (12:7-9). A clear, succinct, and helpful word on these verses is quoted from Dr. John R. Bradbury:

"The dispensational interpretation of this passage is that during the period of tribulation, which follows the rapture of the saints, as described in I Thessalonians 4:15-18; I Corinthians 15:51, 52, and other passages, there will be a war in heaven between Michael and his angels and the devil and his. Satan is not in hell now. It is wrong to teach that he is there. He is the prince of the power of the air. He rules the darkness of this world. He inspires wickedness in his domain and on earth. Against these conditions the Christian is solemnly warned to prepare (Eph. 6:10-18). When we say that Satan is in heaven, we do not mean the heaven of the immediate presence of God. The Bible speaks of different heavens and there is even a 'heaven of heavens' (I Kings 8:27)."

"From whence come all the cross-currents of wickedness now sweeping over the world—many of them contrary to the wishes of the vast majority of the people? That there is a malevolent genius directing sinister operations to hinder and baffle God and to destroy mankind is easy to understand. Many people ask, 'Why does not God destroy him?' The answer to that is in this lesson. His hour is coming. He will be expelled from his domain by Michael and his angels. Then, because the people of this world have co-operated with Satan so willingly, he will be allowed to take refuge in the earth. He will come down (v. 12) in great wrath, 'because he knoweth that he hath but a short time.'"

II. Rejoicing in Heaven (12:10-12). If we accept what seems to be the correct view; namely, that the woman of Revelation 12:1-5 is Israel, the nation in which the child (v. 5), who is Christ, was born, then it would appear that those who here rejoice in the victory over the dragon (Satan) would be the Jewish believers who will have come through great tribulation. At the same time it is quite appropriate to apply the truth of the passage to us who now find ourselves in conflict with Satanic powers.

The accuser does not hesitate to appear even in the presence of God to bring charges against us (see Job 1:6-12). But we need not fear him, for he is already judged (I John 16:11) and will (as we see in our lesson) one day be cast down to earth, and (as other Scripture reveals) will ultimately be cast into the lake of fire (Rev. 20:10).

But he is here now, a supernatural (but not divine) being, plaguing us, tempting us, accusing us. What shall we do about it? As to his accusation, we know we have a just and loving God and also have an Advocate to plead our causes before Him (I John 2:2). For his present attacks, our lesson gives the secret of spiritual victory in verse 11.

III. Victory on Earth (Rev. 15:2-4). The scene of victorious rejoicing which we see here is evidently in heaven, but it is because of victory on earth. Here are those that have come through the horrible conditions described in Revelation 13, and have been victorious over the beast, in spite of his great powers.

They sing; that is the token of real victory, of a heart victory. Whatever loss they may have suffered, and whatever trials they may have gone through, they have "gotten the victory" (v. 2). They sing the song of Moses and the Lamb (cf. Exod. 15:1-21 and Rev. 5:9-14).

It is right that the redeemed of the Lord should sing, glorifying the name of God (v. 4) and magnifying His great and marvelous works (v. 3). Let us remind ourselves again that if we are Christians, we are on the victorious side. The glimpse into the heavens which we find in our lesson should give us the right perspective with which to view the troublesome experiences of life. God has a plan, and He will bring it to complete and victorious fruition in His own time and His own way.

ASK ME ANOTHER? A General Quiz The Questions

- 1. How often do twins occur in the United States? 2. What is meant by the title of the book "Quo Vadis"? 3. Where are Plimsoll lines seen? 4. To what committee of the United States house of representatives do all bills for raising revenue go? 5. Which of the following is not a ruminant—buffalo, kangaroo and camel? 6. A gammadion is a symbol associated with what? 7. Who was king of France at the time of the revolution? 8. How many American women have become members of Britain's house of commons? 9. Which of the following would be most interested in an artifact—a magician, archeologist or a machinist? 10. The famous battle of Borodino took place in what country?

The Answers

- 1. One in 87 births. 2. "Whither Goest Thou?" 3. On a ship (load line marks). 4. Ways and means committee. 5. Kangaroo (a ruminant is a mammal which chews the cud). 6. The Nazis (same as swastika). 7. Louis XVI. 8. Two (Lady Astor and Mrs. Beatrice Clough Rathbone, who is a simple aboriginal art). 9. Archeologist (a product of simple aboriginal art). 10. Russia (Napoleon against the Russians under Kutusov in 1812).

JUST AS I AM Not That

"What do you mean by telling people that I was deaf and dumb?" "I didn't say deaf."

Frank Outlook "I am sorry you are leaving us, Jane," said Mrs. Browne, "but, of course, if you are going to better yourself, I—" "Oh, no, ma'am," replied the maid, "I'm going to be married."

Could It Be That? Prospective Maid—Thirteen children! I'm afraid the place won't suit me. Mistress—Don't be so superstitious.

Would Risk It "You'd faint if I told you what she said about her husband!" "Go on! I've got my smelling salts in my bag."

MOROLINE HAIR TONIC EASY-GRIP BOTTLE

Hitting the Line In life, as in a football game, the principle to follow is: Hit the line hard; don't foul and don't shirk, but hit the line hard.—Theodore Roosevelt.

YOU BUY INOCULATION ON FAITH

Field tests have shown a big difference in the quality of inoculator brands on the market. You cannot see the legume bacteria you purchase. Immediate demonstration is impossible. What is the reputation and experience behind the inoculation you buy? NITRAGIN is the ORIGINAL LEGUME INOCULANT, having served the farmers for over forty years. It was a GOLD MEDAL at the World's Fair, St. Louis, 1904. NITRAGIN is made in the most complete and modern laboratory of its kind in the world. NITRAGIN is the leader in its field by a big margin. NITRAGIN demand in the South has rapidly increased year after year. During the fall of 1940 the Southern shipments of NITRAGIN were for more than 45 million pounds of VETCH and WINTER PEAS. This large demand is due to many field tests carried on year after year. We prove by these tests that NITRAGIN is a good product. Send for our booklet "Plant Legumes to Prosper" showing 100's of field tests and how NITRAGIN is made. The booklet also gives you valuable information regarding the inoculation of legumes. If your dealer does not have NITRAGIN in stock, have him get it for you. Insist on NITRAGIN inoculation.

NITRAGIN THE NITRAGEN COMPANY, Inc. 3750 N. Booth St. Milwaukee, Wis.

Briscoe County News
Official City and County News

ROY W. HAHN
Editor and Publisher

THE COUNTY ACA office had me where the hair was short this week. One of those typographical errors—just a little matter of forgetting to put a n-o-t after the word "can". What difference does it make anyway. Just three little letters—that couldn't make much difference.

TRUTHFULLY I MADE that one on purpose—just wanted to show Ray that as yet they haven't regimented the press—Now if he had been giving me a lot of business, he could knock me into line by cutting me in on a little penalty. But that can't be done for the government agencies as a whole, have interpreted the term "FREE press" in its broadest sense.

RAY WAS VERY nice about the three letter error, however. Tom Allday, who is really the brains of the office, rubbed the fur as far north as he could. Anyone who ever talked to Tom knows that he never made a mistake. If he had been born 2,000 years ago, the New Testament might have had an altogether different content.

JUST GOT A press release from Eastern New Mexico College. It listed Datis Martin on the starting football line-up. It was listed, "Datis Martin, Portales". (What's the matter Date, gone high hat?) I'm going to send Date an autographed copy of "Home Sweet Home."

WAS TALKING TO Lola Fern Foust. She was slightly disgruntled because she isn't going to college this year. Said she guessed she would just have to stay around home and be an old maid. I can say one thing, if she turns out to be an old maid, there are some of the dumbest bunnies around Silverton, that have ever been born.

I WANT TO publicly retract any statements that I may have made in the past about Archie Castleberry and his reputation for being a "catfish". I talked to him yesterday, right after he had kissed the blarney stone, and he whispered sweet nothings in my ear about my writing. Said he thought that I really had a flair for an individual type of writing—thought that I might go far in my chosen field. There are others here who think (and wish) that I would go far—and others who think that I go too far.

ACTIVITY THAT BEATS any oil scare took place this week as Johnny Lanham boxed a couple of rounds with a bumble-bee. Johnny and Paul Reid were bringing in a load of gasoline from down around Electra. (I got the dope from Paul.) A bee of the bumble variety flew in under the cowl ventilator in the truck and sat down on Johnny's lap. Net result—a narrow escape from a truck wreck—a badly swollen leg on Lanham—and Paul has what he thinks is a funny story to tell.

NEWS ITEM — Tuesday marked the official opening of the open season on U-Boats, as announced by President Roosevelt. There will be no day's bag limit in the new law.

I HAVE HEARD of Little Nell, Good Time Nells, and Darling Nellie Grey, but W. Coffee pulled a new one on me today. I stuck my head in the office and asked him what he was doing. He looked up, brushed a loose strand of hair out of his eyes and said "I am Busier Nell".

JACK'S TYPESETTING has improved again a little this week. Boy was it terrible last week. I can't understand it—whole lines were left out, words misspelled, and what not. The improvement took place when he started getting letters postmarked at Lubbock.

More folks are finding that their food stamps go further here — and this week we are offering more for eggs in trade.

your next quart

New oil lasted 5,683 miles longer than the runner-up in Death Valley Death-Test ...CERTIFIED

5 BIG-NAME OILS bought retail by Referee. One 5-quart fill per car. Not another drop throughout the hot desert Death-Test.

Your own engine gauge-stick can tell you best about Conoco Nth motor oil. Next-best is to buttonhole the most frugal car owners you know around town. Some have never yet added a quart since changing to Conoco Nth. And you can see why right here—by the mileage figures from the Certified Death-Test of Conoco Nth oil vs. five other big brands.

The whole big success of Conoco Nth started down in Death Valley—so hot you can't sweat. Here 6 new stock cars, strictly alike, each got one 5-quart fill of some one oil being tested. Then the Official Referee clamped on the locks; never a drop of oil could be added.

Eyed by impartial officials every instant, the cars all reeled off their 57 miles hourly. Here and there on the desert a carcass lay bleaching—and desert death awaited these car engines, too. For none could finish till its oil hit bottom—finishing the engine beyond repair.

CONOCO Nth gave nearly twice the miles averaged by the others tested!

The 5-quart fill of Conoco Nth lasted 13,398 miles... Certified. Conoco Nth outlasted one big brand by 8,268 miles. Even the best of the five was outlasted 5,683 miles by Conoco Nth oil. Such a real difference must have a real source. And two real life-givers created by man... two modern synthetics... are in Conoco Nth motor oil.

You know of modern vitamin synthetics, making up for Nature's life-givers lost in some modern food processing. Similarly,

the extreme refining needed by oils for current cars has been destroying Nature's best life-givers! But in their place today Conoco Nth brings your engine the two patented Conoco synthetics.

One of these—man-made under the famed Germ Processed oil patent—will keep your engine OIL-PLATED with lubricant that can't all quickly drain off of inner surfaces. So OIL-PLATING is on guard against wear in advance!

And the latest Conoco synthetic—man-made under U.S. Pat. 2,218,132—will check "festering" of oil that's encouraged by foul leftovers from every engine's normal firing. This common oil trouble is now checked or inhibited by the new man-made Conoco life-giver—Thialkene inhibitor.

You'll never Death-Test your Conoco Nth oil in sinister Death Valley, any more than you repeat other proving-ground tortures. You'll still drain and refill at recommended intervals. But how you'll expect to stretch the distance before adding a quart, judging by this big fact: 5 heavily advertised oils in the Certified Death Valley Test were outmiledged 74% to 161% by Conoco Nth oil. Economy like that counts up into dollars! Change to Nth oil today at Your Mileage Merchant's Conoco station. Continental Oil Company—Pioneers in Bettering America's oil with Synthetics

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

H.M. Jacklin

Consulting Engineer, who during Academic year is Professor of Automotive Engineering, Purdue University

CONOCO Nth MOTOR OIL

Doug Northcutt, Silverton

However, if you will find two more people who will write and hand me that kind of a line, I will buy one. Of course I might have to trade you advertising for it.

THE PALACE THEATRE is offering another real top notcher Sunday and Monday in "Blood and Sand." The book sold fifteen million copies, and now we can see it, with Tyrone Power and Linda Darnell as the main stars.

JUST RELIEVED Bill Malone of two bucks for the paper. "Why, it costs as much as a good paper", he says. But anyway he took it—said he had to have it for something or other—I forget what.

"AGGIE BRIEFS"
(Continued from Front Page)

tial erosion hazard, penalties may be assessed against AAA farm payments.

Under 1941 farm program regulations, a deduction of \$1 per acre may be made for each acre of cropland in the farm subject to wind and water erosion on which approved measures have not been adopted. The amount of penalties, however, cannot exceed the total payments computed for the farm.

Erosion, and reduced fertility of the soil are some of the dangers resulting from burning off stubble, affecting not only the farm on which the practice is carried out, but neighboring farms as well.

In many sections of the state, heavy spring rains caused an unusually large amount of small grain straw which reportedly resulted in an increase of insects. In an attempt to check the insects and make fields easier to plow, the stubble is being burned.

It is generally conceded that vegetation and residue turned under make the soil more spongy and capable of absorbing larger quantities of water. Movement of soil by wind or water erosion will also be checked.

Burning of straw leaves a field more barren than crop failure, and makes it subject to unnecessary washing and blowing. Roots are not sufficient to check these damages since they are too deep to be effective in checking top soil. Fire also destroys organic matter vital to fertility when destroyed, future production will be effected.

1942 Allotments
Speeding up AAA work in the county to meet the demands of the defense campaign for greater food production, the AAA office promises that all farmers in the county will receive their 1942 allotments by November 1.

During the month of November, the farm plan, incorporating a survey of food production in 1941 and pledges on food production in 1942, will be presented for consideration of every farmer in the county in a farm-to-farm canvass.

Definite plans for the food production sign-up have been made, but, according to Secretary of Agriculture, Claude R. Wickard's recent announcement of food production goals, the campaign will be completed by December 1, and every farmer in the nation will be asked to do his part in meeting the food needs of this nation and the nations fighting aggression.

Allotment notices for cotton and wheat will be in the hands of producers before November 1 so that they can make definite plans as to how best they can do their part in the food drive. No allotments will be issued this year on vegetables or general crops.

Wheat Quotas
Since wheat farmers will vote in a national referendum next spring to decide on marketing quotas, Briscoe county wheat farmers should consider their acreage allotments when seeding their 1942 crop.

If quotas are approved by a two-thirds vote, farmers planting with-

in 1942 wheat allotments will be able to sell the entire crop without penalty, but farmers exceeding allotments will be required to pay a penalty of 50 percent of the national loan rate on all wheat defined as "excess" wheat under marketing quotas.

In event quotas are voted down next spring, a government loan will not be made since marketing quotas protect loan collateral. Loans at 85% of parity are in effect on this year's crop since quotas were given a favorable vote in a national referendum earlier in the year.

Secretary of Agriculture, Claude R. Wickard issued the wheat

proclamation several weeks ago, since, according to the AAA Act, announcement must be made prior to May 15 of any year when it appears the wheat supply will exceed to a normal year's domestic consumption and exports by more than 35 percent. The national referendum will be held before June 10, 1942.

HOME TOWN NEWS

By

SYBIL

STEVENSON

Mr. and Mrs. Donald Alexander recently moved to Logan, New Mexico where they will live on a ranch.

Lucian Evans of Phoenix, Arizona visited Mr. and Mrs. Jimmie Burson Saturday. He was enroute to Childress to visit a brother.

Mr. and Mrs. Charles Dunn and son and Maizie Garvin of Lubbock visited their parents Mr. and Mrs. W. Allard Sunday.

Roberta McMurtry of Plainview is home visiting her parents a few days.

Buel Dean Hill left Sunday for Denton where she will enroll in C.I.A. College.

J. T. Gilkeyson left Saturday for Amarillo where he will visit his Uncle Jim Tracy and Homer Gilkeyson.

Dwain Foster of Tulia was attending business here Saturday.

Mrs. Mac McKinney will work in the bank the next two weeks during the absence of Mrs. Ray C. Bomar.

Mrs. Pat Pavlicek and Miss Margaret Thomas left Tuesday for Dallas where Margaret is under the care of a Doctor.

Mr. and Mrs. D. T. Northcutt were in Plainview Friday. Mrs. Elmer Allard returned with them after a few days visit with her mother.

Blanche Thompson left Tuesday for Canyon where she will enroll as a sophomore.

Mr. and Mrs. Aubrey Rowell and children of Phillips, Texas visited their parents Mr. and Mrs. A. Rowell and Mr. and Mrs. P. D. Jasper over the week end.

Rev. John Anderson's two daughters of Waco and Floydada visited in the Jess Brannon home Thursday.

Mr. and Mrs. Ware Fogerson and children and Mrs. Florence Fogerson visited in Tulia Sunday.

Mrs. Freeman Tate is employed now at McEwin's Grocery.

Mr. Jess Brannon and Seymour Brannon who are now employed at Post spent the week end here with home folks and Mrs. Seymour Brannon returned to Post with them.

Dean Allard was in Floydada Friday attending business.

Mrs. F. T. Lee of Quitaque spent Monday with her daughter Mr. and Mrs. W. H. Brooks.

Mrs. Alva Mayfield and son and Mrs. Bob Dickerson were in Plainview Monday.

Mr. and Mrs. Pat Pavlicek and Margaret Thomas took Mrs. Walter Thomas and son to her home in Knox City Sunday after they had spent the past two weeks with friends and relatives.

Mr. and Mrs. Frank Havran were Canyon and Amarillo visitors Sunday.

Miss Alma Ruth Thompson who is teaching Math in the Lamesa High School visited her parents Mr. and Mrs. Marvin Thompson Sunday.

Mr. and Mrs. Lem Weaver moved Monday to the house formerly occupied by Mr. and Mrs. C. L. Cowart.

Leldon Gilkeyson went to Amarillo Tuesday to take a position in a bakery there.

Mr. and Mrs. Woodrow Grimland were in Amarillo Saturday.

Virgil Briscoe of Canyon visited Mr. and Mrs. H. E. Fowler Monday.

Mr. and Mrs. William McIntyre and son are visiting his father Horace McIntyre in Erick, Oklahoma.

Mr. and Mrs. J. B. Cogdill of Erick, Oklahoma spent the week end with their daughter Mr. and Mrs. Arnold Brown.

Anita Hill who is attending business college in Plainview spent Monday and Tuesday with her parents Mr. and Mrs. Jessie Hill.

Mr. and Mrs. Douglas Northcutt spent Sunday with Mr. and Mrs. Ronald Kitchens near Lockney.

Mrs. H. E. Fowler was attending business in Quitaque Tuesday.

Doc Minyard, George Netherland and Horace Ellis were attending business in Amarillo Tuesday.

Brock Pinchard of Turkey was here on business Tuesday.

Mrs. Aulton Durham and Mrs. Herman Ely were Amarillo visitors Friday.

C. G. McEwin is on the sick list this week.

Mrs. H. G. Finley spent last week end with Mrs. Miller in Quitaque.

Mrs. P. P. Rump and Mrs. Ray Persons of Quitaque were greeting friends inilverton Monday.

Nona Wadill and Mrs. George Lee were in Tulia Monday on business.

Mr. and Mrs. Robert London left Tuesday for a few days vacation in Corpus Christi and other points in Texas. Mrs. Milton Sheid and children accompanied them as far as Sagerton where she visit her parents.

Mr. and Mrs. William Dickerson and children of Canyon spent Sunday here with their parents Mrs. Flora Dickerson and Mrs. Sam Thompson.

Mr. and Mrs. Paul Stanford of Dickens spent last week end with her parents Mr. and Mrs. D. H. Davis.

Nora Mae Thompson, Ruth and Mary Dee Mercer were Quitaque visitors Sunday.

Mrs. Dee Garvin who was badly burned two weeks ago is much improved at this time but is not out of danger yet.

Mr. and Mrs. Roy S. Brown took their young son to Lubbock Friday for medical attention.

Mr. and Mrs. Blackie Durham and son and Doc and John Durham of Antelope Flat were in Silverton Tuesday.

Saturday evening story telling sponsored by Othell Bomar ended last Saturday when school started. The children enjoyed this very much and a good attendance was had all summer.

Mr. and Mrs. Ed May of Gunter, Texas visited relatives here last week.

Mr. and Mrs. D. F. Wulfman of Littlefield were attending business here Wednesday.

Mr. and Mrs. C. M. Strickland and Durene spent last week end in Lubbock.

Mr. and Mrs. D. H. Davis and Mrs. Ola Mills visited Mrs. John Montague, who is in the Amarillo Hospital and Etta Mae Mills who is attending barber school in Amarillo, last Thursday.

Mrs. C. R. Badgett and Mrs. Ross of Quitaque were greeting friends in Silverton Wednesday.

Elmer Stinson and Nona Wadill were attending business in Turkey Tuesday night.

Alton Strickland of Lubbock spent several days here last week with his parents Mr. and Mrs. C. M. Strickland.

Mr. and Mrs. Dalton Brain of Floydada moved to Silverton this week and Mr. Brain will work with the Highway Department.

Mr. and Mrs. J. T. Luke and Mr. and Mrs. Herman Ely were in Tulia Thursday.

Mr. and Mrs. Ed Thomas and Mrs. Sam Turner were in Amarillo Monday. Mrs. Turner visited her daughter Mrs. O'Neal Watson.

Mrs. Bob Hill and Mrs. Haley were attending business in Tulia Monday.

Mrs. Frank Havran and Mrs. John Bain, visited John Ed and Bernard in Lubbock Tuesday.

Mrs. Maurice Foust visited her mother, Mrs. Baird in Childress Saturday.

Mr. and Mrs. Jim Hill have returned from Dallas where they have been working for the past few weeks.

Willie Wood spent Monday and Tuesday in Tulia and Lubbock.

Mr. and Mrs. Myrtle Graham and children and Miss Dorothy Dee Sachse visited relatives in Quitaque Sunday.

Mr. and Mrs. Dick Bomar and Mr. and Mrs. Freeman Tate entertained Mr. and Mrs. Charles McEwin and Mr. and Mrs. Printz Brown with a fish-fry last Sunday.

Mrs. A. M. Allred left Wednesday for a three weeks visit in Hollister, Oklahoma with a sister Minnie Maddox, and a brother W. H. Oakley.

Mrs. Perry Thomas Jr., visited her mother in Plainview Sunday and her little son Dan remained for a few days visit with his grandmother, Mrs. Mayfield.

Mr. and Mrs. Louie Kitchens, Mrs. John Kitchens and Buck Pool visited friends and relatives near Dallas over the week end.

Mr. and Mrs. Maurice Foust were Amarillo visitors Wednesday of last week.

Mr. and Mrs. Wood of South Plains visited their son Mr. and Mrs. L. T. Wood Sunday.

Mrs. Lorene McDaniel who has been employed in the AAA office left Monday for California to join her husband who has employment there.

The second grade of school enjoyed a little party Monday afternoon honoring Pat Northcutt and Dora Ann Amason on their 8th birthday.

Mr. and Mrs. Ray C. Bomar left Sunday morning for a two weeks trip through South Texas, Louisiana and other points in the "deep South".

H. S. Sanders was in Electra on business Monday.

Mrs. B. P. Harrison was confined to her bed the first of the week with a nervous trouble.

Tull Implement reports several sales of equipment in the past few days. They are: A. L. McMurtry, corn binder; Chick Northcutt, corn binder; George Jones, 10-foot broadcast binder; and Mrs. John McCain, J. D. Bingham, and Joe McWatters, all of whom purchased new 10-foot McCormick Deering broadcast binders. Most farmers in this section have a bumper feed crop.

Mr. and Mrs. Ira Bean and family, attended a family picnic at Elwood Park in Amarillo Sunday. Those who attended were Mr. and Mrs. Carl Bean, Mr. and Mrs. Harold Byers of Amarillo; Mr. and Mrs. Esker Smith and daughters, and Mr. and Mrs. E. Smith, Boger.

MISERABLE AFTER EATING?
Maybe it's just acid indigestion. It often follows hurried or hearty eating. ADLA Tablets contain Bismuth and Carbonates to quickly relieve stomach distress from acid indigestion. Get ADLA from your druggist today.

40, and 50 weight	per case \$3.00

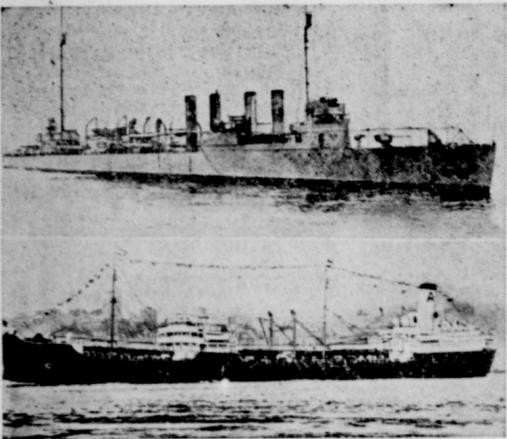

Farmers Fuel Association

WEEKLY NEWS ANALYSIS By Edward C. Wayne

Greer Incident Is Believed Nazi Test Of American Foreign Policy Position; Japanese Paper Sees German Defeat; General Winter Nears Eastern Front

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.) (Released by Western Newspaper Union.)

One Was Attacked; One Sailed Safely

Almost at the same time that a Nazi sub attacked the U.S. Greer near Iceland, the safe arrival at Vladivostok was announced of the 8,428-ton American oil tanker, Associated. (Below) The Associated carrying 85,000 barrels of high-octane gas for use by Soviet aircraft is the second tanker reaching the Siberian port without incident despite some Japanese talk of stopping American ships in a Japanese sea zone. The Greer, undamaged, dropped a depth bomb in a counterattack on the sub. The incident is the first in which an American warship figured in the present war. Showing (at top) is the U.S.S. Roper, sister ship of the Greer.

GREER: A Test by Nazis

The encounter of the U. S. Destroyer Greer 200 miles southwest of Iceland with a German submarine turned out to be an incident of the utmost importance in defining America's position in the world war.

It was not so much the nature of the battle, but the wording of the German announcements concerning it that increased its significance to Americans.

For the Nazis not merely admitted that it was a German submarine which was involved, they placed the blame squarely on President Roosevelt, not only because of the President's general foreign policy, but went beyond this and charged that Mr. Roosevelt had given general orders for the American navy to start shooting.

The Germans asserted that the Greer was the aggressor in the fight, had not merely contented itself with ascertaining the position of the submarine, but had begun the shooting, and that the German craft had defended itself without "being in a position to know" the nationality of the U. S. craft.

The President took the attitude that the Greer was on proper U. S. business on the high seas, that he saw no reason to consider a German blockade zone as having any effect on the freedom of the seas for American vessels, and that the Greer, in attempting to "eliminate" a German submarine after an attack, had acted properly.

In many quarters it was believed that the prime purpose of the U-boat attack on the Greer had been to create an incident which would test out the strength of the President's foreign policy, and perhaps create a national temper to have American troops withdrawn from Iceland, and the naval vessels ordered to keep out of the eastern parts of the Atlantic.

Perhaps, if the Germans had said: "We are sorry, but the torpedoes were launched from a considerable distance, and we had thought the Greer was a British destroyer," the furor over the incident would have died in a day or two.

No bones were broken or armor plate bent. But the Germans decided instead to charge Mr. Roosevelt with having ordered the American ship to attack the U-boat, and the reaction, as far as could be seen, was quite the reverse of what the Germans had planned and hoped for.

One congressman said: "I'd believe Roosevelt against Hitler any day in the week."

And that about summed up the general public reaction. Most interesting was the excitement of certain super-isolationists, who immediately, following the encounter, had said that the Greer was attacked by a British submarine in a gigantic plot to get the United States into the war.

The acceptance by Germany of the submarine's identity deflated these arguments abruptly.

JAPAN: Sees Defeat?

Arrival of a second tanker-load of oil at Vladivostok without Japanese interference was accompanied both by a stiffening of the British-American attitude toward Nippon and a sensational article in Japan News-Week practically predicting a Nazi defeat in this, the third year of the war.

No attempt was made to suppress the publication in a paper which often reflects the views of high government circles.

At the same time a national newspaper poll disclosed that Americans had voted 70 per cent in favor of a curbing of Japan even at the cost of war.

Japan's News-Week said: "The situation ushering in the third year of war is such that although it does not indicate that the Nazis and their ill-founded plans have been defeated, it does mean that by the end of the third year the finish of the horrible carnage should be within the grasp of the Allies."

"However well Hitler may have thought he planned his march to world domination, it is now quite apparent that even he is fallible."

Regardless of the official or unofficial character of the publication, observers saw in the permission to circulate this article a powerful sign of a milder Japanese viewpoint toward the world situation, and a doubt in thinking circles as to the wisdom of the Axis tie-up for Japan, an affinity which the United States and Britain were doing all in their power to break down.

LENINGRAD: Defense of City

Despite conflicting reports about the status of the battle for Leningrad, it was evident that the defense of the city already had started, and that once again the Russians were surprising the world with the tenacity of their resistance, and their willingness to make huge sacrifices for eventual victory.

Early in the German invasion of Russia it had been stated that if the Russians were willing to make the necessary sacrifices, and were willing to fight on even though forced into retreat that might cost them Leningrad, Moscow and Kiev, the Germans would find them as tough a nut to crack as the Japanese had found the Chinese.

France had the same opportunity, but had failed. Would the Russians really fight.

The answer to that question already had been written in the history of 2 1/2 months of warfare on the eastern front, and the Russian defense of their homeland was challenging the admiration of skeptical England and even more skeptical America.

The end of September was going to bring the end of favorable blitz weather for the Germans, and most military observers believed the Nazi army was in for a tough winter in Russia.

Claims were still conflicting, but the admission by the Germans of upwards of 1,500,000 casualties on their own side spoke volumes for the real character of the Russian defense.

The Finns were claiming "confusion" in Leningrad and the "city in flames," while Moscow reported its defense intact, and counterattacks on the borders of the city succeeding. The German communiques claimed only that her longer-range guns had found the city's industrial plants, but told of severe resistance "by men, women and children."

Seven Man Super-Defense Board

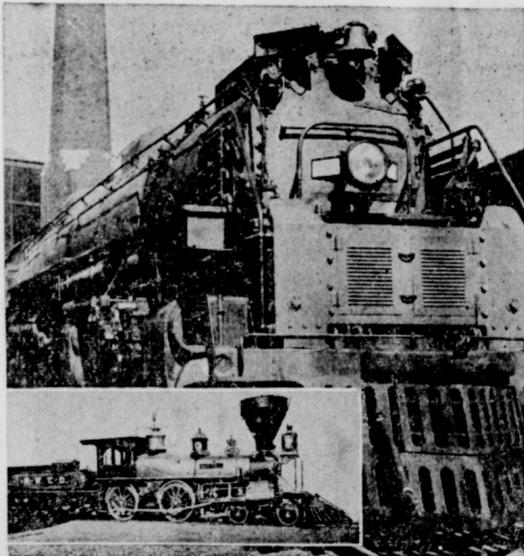

First meeting of the Supply Priorities and Allocation board. Photo shows (l. to r.) standing: James Forrestal, undersecretary of navy, representing Secretary Knox; Robert Patterson, undersecretary of war, representing Secretary Stimson; Leon Henderson, administrator, OPA, and Sidney Hillman, associate general director, OPA. Seated (l. to r.): Harry Hopkins, William Knudsen, Henry Wallace, chairman of the board; and Donald Nelson, executive director of the board.

Parley Held to End Oil-Gas Shortage

Oil and railroad men met in Washington to discuss reductions in rates for hauling petroleum from south to northeastern seaboard. L. to R., front row, J. M. O'Day (Sinclair); A. J. Cleveland (railroad assn.); D. T. Lawrence (Eastern trunk lines). Back row: J. A. Farmer, chairman western traffic committee; J. G. Kerr (So. freight assn.); C. F. Dowd, (chairman sub-committee on transportation); and A. C. Hultgren (tank car transportation committee). Right: Unused tank cars in Philadelphia, photo of which was shown committee.

World's Biggest Locomotive Takes to Rails To Head U.S. Mission

"Big Boy," the largest and most powerful locomotive ever built. It was constructed by the American Locomotive company for the Union Pacific, to handle increased traffic resulting from defense orders. It is 132 feet long. In inset is shown the Seminole, built 75 years ago for the Union Pacific, whose total size was about equal to the tender of "Big Boy."

Captain Mountbatten Inspects His Crew

Capt. Lord Louis Mountbatten, left, and Capt. G. Seymour Tuck, center, inspect the crew of the aircraft carrier, H.M.S. Illustrious, shortly after Captain Mountbatten took command of the ship in an American shipyard. The Illustrious is the ship that was "sunk" many times.

W. Averell Harriman will head the U. S. Mission to the joint conference at Moscow with Soviet and British authorities, looking to a co-ordination of greater resistance to the German threat. Picture shows Harriman at White House after conferring with the President and Harry Hopkins.

Heads Soviet Mission

Soviet Gen. M. Gromov, hero of trans-polar non-stop flight of 1927, head of mission of 47 Soviet technicians who flew to Nome, Alaska, from Russia en route to Washington.

Washington Digest

Billion More of Lend-Lease For Agricultural Products

But It's Some Job to Decide What Should Be Ordered Curtailed and What Expanded on Farms.

By BAUKHAGE National Farm and Home Hour Commentator.

WNU Service, 1343 H Street, N.W., Washington, D. C.

By the time this is in print another billion dollars will probably be allocated from the lend-lease fund to buy farm products.

When word of this was impending the well-prepared legions of the department of agriculture pushed the button and started one of the biggest campaigns in the history of farm-land to turn the product of field and pasture, sty and coop and creamery toward their most effective goals.

These goals are the expansion of production of those products which are needed for shipment to England, for commercial export and for home use. And it takes a nice eye and a sharp pencil to figure out in advance just what production to expand, what products to curtail so the farmer will come out right with enough to sell and yet without a glut on his hands.

Of course, milk and poultry products are high on the list of British needs. There are pork products, too. And all edible fats. And meat.

We have to have enough meat for home consumption, of course, and that has to be figured in, and when it comes to fats we face a possible shortage at home because imports are cut off. Take coconut oil. Normally, we use tons of that and we are not getting it now.

A series of meetings of members of the department of agriculture and other employees of state agriculture organizations and others started with the September 1 gathering in Salt Lake City. Then they moved eastward—September 18 in Chicago, on the twenty-second in New York and one in Memphis on the twenty-eighth.

These meetings are designed to instruct those who will go out and contact the farmers with regard to the need for expansion of production in certain lines, and the curtailment in certain others. It has taken a long time to find out just what Great Britain needs from us. But Undersecretary of Agriculture Paul Appleby and Triple A Administrator R. M. Evans have been in England for some time and they have managed to get together with the British food ministry and iron things out. Meanwhile, the experts here have been figuring out just what we need for ourselves and for commercial export and as well as the farm capacity to fill the need.

A Quick Glimpse At New Super-Board

Who are the seven super-men who make up the new super-board in charge of the defense program? Their composite name is SPAB, which stands, as you probably know by this time, for supply, priorities and allocation board.

Harry Wallace, chairman: Intelligent, unpopular with extreme New Dealers and conservatives, therefore presumably middle-of-the-roader. A man who can listen to two sides of a question and who has made the Triple A (whether you like it or not) work.

Donald Nelson, executive director: Successful business man, believer in defense, can get on with New Dealers.

Members: William Knudsen, successful, efficient master automobile producer. Not so good at planning but he won't have to.

Sidney Hillman, successful labor leader, shorn of many of his powers but free to do the administrative work he is capable of doing.

The secretaries of war and navy (Stimson and Knox) both cooperative, both with competent, co-operative staff men under them.

Harry Hopkins, close friend of the President, hampered by ill health, able to say "no" to the President.

Leon Henderson: Here is probably the most controversial subject on the board. However, I have heard many who disagreed with him thoroughly speak of his abilities with respect. He is a forceful figure.

Eight men with the greatest task of production ever put on any group of men in America. Upon their success or failure may depend the shape of the world to come.

The Business of Government Never Ceases

In the news room of the National Broadcasting company in Washington there is a bulletin board. About

24 hours before one of those dates on the calendar come the boss' secretary puts a note on the board. It reads: "Monday, September 1 (or Tuesday, December 25, or whatever red-letter day is) will be a broadcast day. Broadcasting will continue as usual."

The last sentence is a reminder to announcers, entertainers, commentators and engineers that what the rest of the world will be doing—loafing or motoring, "the show go on."

The news tickers will keep their monotonous chatter, the less lengths of yellow paper their multifold chronicle of the roll jerkily from the tiresless chimes, for those who care to listen, the story will go out over the ether. Shortly after the last time those "broadcasting as usual" messages was put on the bulletin board a message came over the news wire. It reads: UPR

Washington—Representative Wright of Oklahoma, says 12 congressmen died during the last Months From Worry and Overwork. Therefore, Reasons Cartwright, gress Needs a Rest . . .

The day before I had received a letter from one of my listeners complaining about the President's off fishing and spending so many week-ends in Hyde Park. Well, Cartwright may be wrong when he says that all those congressmen of overwork. Some of them, I open to know, did wear themselves out at their jobs. And for more than one government official, regardless of holidays, government goes on as usual.

As for the President, his job on at Hyde Park with very little interlude. For instance: It is a day in Washington, about 4:45 in the afternoon. The White House conference is over and 200 reporters are slowly filing out of the office which their combined body heat has warmed beyond the best efforts of the cooling system to combat.

A Few on Platform

Long before it is time for the official train to pull out of Union Station a few favored citizens are on the platform. The secret service is busy. A special police car is waving cars away from the entrance to the waiting room reserved for special parties. A crew of railroad men, detectives and others whose functions are mysterious to the layman are hurrying about.

The newsmen who are to accompany the President on the trip arrive and take their places in the special car. This car is the busiest on the train. The general Clarence Queen, dusky chief, has a wicker stockaded ladder.

The President won't use the ladder tonight. It is nearly 11 and a secret service man comes up and whispers in the ear of William Hassett, the secretary who usually accompanies the President to Hyde Park while Secretary Early holds the reins in Washington.

Hassett hurries off. In a few moments a limousine drives right to the private car. It stops opposite the ramp which has been set from the floor to the platform of the car. The President, without a word of any kind, makes his way to the ramp alone. There will be a last word with Hassett, perhaps a lemonade, and the presidential entourage will be called to the platform. The secret service men take up their vigil. The train pulls out.

Business Goes On

The lights in the diner and in club car will burn long. There are some early morning stories to be written by the reporters. But in President's car where the secretaries and other staff workers have their compartments, there will be silence.

Next morning the President will breakfast at his home in Hyde Park and out will come the brief again. There will be trips around the estate, perhaps a picnic in which the newsmen and the neighborhood joins as they always do on Labor day. But between times there will be phone calls to Washington, frequently official visitors. Government goes on.

BRIEFS . . . by Baukhage

The cans of vegetables which the army eats would make a pile nearly 9,000 miles high, according to the department of agriculture.

Secretary of State Cordell Hull has received an apology from the Japanese ambassador, Kichisaburo Nomura, who took Mr. Hull's hat by mistake.

In Washington, the Institute of World Organization is meeting the American university. Many persons connected with the League Nations are attending. They are trying to find out why and wherein the League failed, in the hope of making practical suggestions for a new world organization after the war that will work.

HARMONY CLUB MEETS

A coffee last Saturday morning at the home of Mrs. O. T. Bundy was the September club meeting of the Harmony Club. Mrs. O. T. Bundy and Miss Janie Schott were hostesses. The rooms were lovely with pink and blue asters. Miss Schott pinned corsages of asters on each member as they arrived and Mrs. Bundy presided at the coffee table.

Mrs. Gordon Alexander was the leader for the mornings program. Each member answered roll call with their favorite tree.

The president, Mrs. O. T. Bundy gave an address of welcome and told of her desire for the clubs work this year.

The musical program was: Piano solo, The Butterfly Dance — Miss Lola Fern Foust Vocal, Lovely Day — Mrs. Tseron Crass

Piano Solo, Murmuring Zephyrs — Miss Janie Schott Vocal Trio, Trees, — Mesdames, Marvin Tull, W. E. Schott and Roy Hahn

The club was very glad to welcome Mrs. Wilkerson back as a member of the club. The October meeting will be in the home of Mrs. Roy Hahn.

FARMERS FUEL CLOSING OUT THIS WEEK

The Briscoe County News this week carries an advertisement that has more money saving bargains for the farmer than an old time public sale. The Farmers Fuel Association has leased the Highway 86 location and equipment to Alvin Redin and are closing out their stock of oils, greases, gas stoves and tires at what they say is cost or less than cost.

Be sure to check over this ad and remember that they are going to clear the deck by Saturday night.

AMERICAN LEGION MEETING

The 18th District American Legion and Auxiliary Monthly meeting will be held at Friona, Texas, September 24. Lunch, all the chicken you can eat. Short business and Mr. Wallace P. Martin, past Commander of New Mexico will give the address. The meeting starts at 7:30 P. M. sharp.

TRI-STATE FAIR OPENS 29th

From start, Sept. 29th, to finish, Oct. 4th, The Tri-State Fair here will have top priority on enter-

tainment and education for thousands of men, women and children.

Gov. Coke Stevenson of Texas will be there for the opening of the exposition; Gov. John E. Miles of New Mexico will be there for the closing.

Among distinguished visitors during the week will be Capt. Charles E. Rosendahl, noted naval officer and flying authority.

FALL WEATHER IS BUILDING WEATHER . . .

Fall, with its cooler days, is the time to improve your home and other buildings. We want to remind you that we have everything you may need for building and repairing supplies.

Check over your roof and walls now. Do they need re-shingling, or insulating against heat or cold? The prediction for this winter is "colder than usual."

See us now, for like many other things, mills are behind in production, and lumber is bound to be higher.

Cowart's FOOD Bargains

We Accept Cotton STAMPS

In Trade For . . .

AMERICAN-MADE FINISHED COTTON GOODS!!

Farmers of this county are now receiving Government COTTON STAMPS under the Supplementary Cotton Program.

To co-operate with farmers and the Government, we have agreed to accept these stamps when used for the purchase of the following list of American manufactured cotton goods at our store:

Cotton Piece Goods	Sheets
Women's Dresses	Men's Pants
Housecoats	Children's Clothes
Men's Overalls	Men's Shirts
Men's Underwear	Work Gloves
Blankets	Stockings
Anything Made Entirely of Cotton — In America	

Turn your cotton stamps into the winter clothes that you and your family need. You'll be surprised at how much \$25 worth of stamps will buy here!
