NEWS from the BOYS IN SERVICE

CORPORAL W. A. SIMMONS Lubbock, has been transferred to Fort Charles, La. W. A. is a brother of Mr. C. A. Simmons.

JACK HAYNES of the United States Marines, graduated from First Officer Candidate Class Saturday, June 6th. Mr. and Mrs. Douglas received an invitation to the graduation exercises, and Jack said in part: Two more days and I'll be an officer in the U.S.M.C. I've wanted to be a pilot for quite a while but I didn't think I would ever have the chance. No leave at the present, hence later but I doubt it.

SGT. HOMER SANDERS, JR. will arrive in Amarillo Friday night. His parents will meet him here and he will be home on a furlough before entering Officers Training School at Fort Lee, Virginia. He has just returned from Hawaii.

Douglas Not To Be A Candidate

R. E. Douglas, who has served Briscoe County as County and District Clerk for many years, is this week announcing to the voters that he will not seek re-election this year.

Briscoe County folks have gotten pretty used to Mr. Douglas, the years he has served them, and he has made many friends through his courteous handling of the office.

He says to the voters: In announcing to you that I will not be a candidate this year for the office of County and District Clerk, I am doing so with some degree of sadness for I have enjoyed working for you and serving you the past fifteen years. The kindness and cooperation you have given me is appreciated from the depths of my heart.

In these trying times I feel that I can be of more service to my country in helping to win this war and at this time it is in my heart. I want to be every one for any favor that I have shown me in the past, and if I can be of any service to you hereafter, do not fail to call on me.

Your friend,
R. E. DOUGLAS

FINLEY'S STORE ATTRACTIVE NEW LOCATION

The Finley (5c-\$1) Store moved this week to the store formerly occupied by the Silverton Dry Goods. The move was made last week but it is just now that they are finally gotten everything arranged just as they want it. Mrs. Finley says that she is well pleased with her move and asked Briscoe County News this week to invite folks in to see her new store. Mrs. Finley, contrary to what store proprietors, has been steadily adding to her merchandise, knowing that many folks appreciate having a complete stocked variety store here at Silverton—and she has the new store stock full.

Miss Imogene Morton of Goree working at Kirks Cafe. Dan Milton from Smith, Texas is visiting friends here Tuesday.

WPB Issues Urgent Call For Scrap

SHAW - SULLIVAN

Miss Myrtle Shaw, formerly of Silverton; and Mr. Van L. Sullivan of Orleans, California, were united in marriage on June 4th, at Eugene, Oregon. County Judge Clinton Hurd performed the ceremony.

The bride's sister, Mrs. Frank Hill and Mrs. Patricia Sylvers were the only attendants. They are now visiting with Mr. and Mrs. Frank Hill of Springfield, Oregon.

The entire community wishes the couple a long and happy married life.

CARD OF THANKS

We want to thank our friends who helped us after the tornado—especially the Boy Scouts who worked so well clearing wreckage from the field.

Mrs. Ruth Watley
Mr. and Mrs. Gene Edmonds

Heads Appointed For Civilian Defense

The heads of the various departments of the Civilian Defense work for Briscoe County have been appointed by Co-ordinators of the City and County. A meeting has been announced for Friday night, June 12 at 8:30 for the purpose of outlining duties and practice nights. The meeting will be held in the District Court room and all appointees are expected.

Here are the appointments, and in every sense, these men are not being asked to take these jobs, they are being drafted for work in the same way that Co-ordinators were told to take their jobs:

- Air Raid Wardens, Silverton: M. K. Summers, Tom Allday
- Air Raid Wardens, Quitaque: Aubrey Lee Morris, W. L. Messmer, H. E. Berry

Other appointments for Silverton: Board Squad: Ray McEntire, Rescue Squad, Claude Carpenter, Auxiliary Foreman, Alvin Redin, Firewatcher, C. E. Anderson, Demolition, Bill Thompson, Road Repair, J. R. Foust, Decontamination, D. O. Bomar, J. S. Fisher, Medical Corps, Dr. O. T. Bundy, Messengers, Paul Reid

Watch for further notice of dates of informational and practice meetings. The men named above will pick their own workers and it will take considerable work to avoid conflicts.

NOTICE

Rev. W. L. Brain of Roaring Springs will preach at the First Baptist Church Sunday June 14th. The public is cordially invited and the membership is urged to be present.

Mr. and Mrs. S. M. Finley of Amarillo visited Mrs. Finley Sunday.

A letter from Donald M. Nelson, chairman of the War Production Board is in the nature of another urgent appeal for all the scrap iron and rubber that you may have on hand. Nelson's letter, which is being sent to every farmer reads in part as follows:

Today the mills making steel for ships and tanks as well as for new farm machinery are hungry for iron and steel scrap. The plants producing planes, guns and shells need ore copper, brass, and other metals. And our war machine must roll on rubber reclaimed from the scrap pile. Your abandoned binder can be melted down to make the steel for an anti-aircraft gun. That old cooper tubing lying in the barn may become part of a shell that will blow up a Jap cruiser. Your scrap rubber can be reclaimed for use in a jeep tire, and you should, therefore turn in now what you will not need.

Because the scrap on your farm is badly needed, your U.S.D. War Board in cooperation with the War Production Board is arranging for government collection trucks to call at your farm and other farms for your scrap material. You can donate or sell your scrap to the government.

Cards were enclosed with the above letter to be mailed back listing the amount of scrap you have on hand. In order to speed collections of the scrap a truck will call at your farm for the material you have on hand. A notice will be mailed a few days in advance indicating the date that the scrap truck will call for the old iron and rubber. It is very important, and when the truck calls every bit of the scrap you can move should be at your gate.

You can either donate or sell your scrap to the government. If you sell it you will be paid at the rate of 25¢ per cwt. for scrap iron and steel, and 1/2 cent per pound for old rubber. You can take your pay in money or in War Stamps. The government, in order to further speed delivery, will offer only the one price and it is only for unsorted metals. They suggest, however, that if you have a large amount of copper, brass, or sorted metals or old inner tubes, it is worth more money, and it will pay you to take the scrap to town yourself and get a higher price from the local dealer.

Whether you dispose of your scrap through the above government plan, to a dealer, or by other arrangement does not matter—the IMPORTANT THING IS TO GET IT MOVING NOW.

And incidentally, this is perhaps the last time that you will be ASKED to get your scrap metal and rubber to moving. We are at war, and the next request will be an ORDER from the War Production Board, and they will mean business.

CARD OF THANKS

We want to thank our many friends for the nice things they have done for us and the large contributions that have been given us since our loss in the storm.

The Walter Watters and Roberts Families

NOTICE FIRST AID CLASS

I will meet the Class in First Aid work Friday, June 12th, weather permitting. We will meet at 7 o'clock P. M., in the high school building. This will be our last meeting so bring a pencil and two sheets of paper with you.

Dr. O. T. Bundy

Mr. W. T. Leich of Clarendon who is running for Chief Justice of the 7th Court of Civil Appeals was campaigning here Saturday. Mr. and Mrs. H. D. Janey of Plainview visited Mr. and Mrs. H. Roy Brown Sunday.

FLAG DAY --- JUNE 14

Seven Men To Leave For Service Friday

Seven more men from Briscoe County have received their call from the local draft board and will report at the induction station, Friday, June 12. The list, as given by R. E. Brookshier, secretary of the local board, includes the following men:

- Robert Sherill Bonds
- Stanley Morris Wilson
- Woodrow Wilson Cobb
- Alvie Willis Tyler
- Elmer Beavers
- Walter Lee Smith
- John Jay Woods

No further calls for men have been received by the local board, however a press release received by the board speaks of men needed in "ever increasing numbers".

The board has received word of the enlistment of Virgil Gregg of Quitaque. He signed up with the Coast Guard June 2.

THOMAS SHOE SHOP TO CLOSE MONDAY NIGHT

Perry Thomas, owner of the Thomas Shoe Shop, is announcing in this week's paper that his shop will close "for the duration" on next Monday night. Thomas says however, that all work turned in before Monday night will be finished.

Perry has spent a lot of money in the last two years getting his shop completely modernized with the latest equipment. He says that now, however, he is unable to obtain supplies, leather is at a premium, and in short he can't get the stuff it takes to operate. His is a typical example of the war striking close at home.

YOUTH DAY TO BE OBSERVED AT METHODIST CHURCH

On next Sunday, at the Methodist Church, Youth Day will be observed at the Sunday School hour. An interesting program has been arranged with all the children of the Primary, Intermediate and Junior departments of the Church school participating. Norland Havran will be leader of the following program:

- Hymn True Hearted, Whole Hearted
- Scripture Lesson Norland Havran
- Prayer Mrs. T. G. Craft
- Special Music Charles, Lon Ed and Diane Rogers
- Poem Bennie Gardner
- Special Music Thelma Jean Mercer, Betty Craft
- Violin Solo Joyce Norird
- What Young People are doing Elsewhere Dex Douglas
- Benediction

Rex Douglas has just returned from a South Western Region YMCA Meeting held in Hollister, Missouri and his talk will be very inspirational and interesting to not only the young people but to the adults as well.

Evelyn Coffee will furnish the special music at the regular preaching hour.

All children in the Junior, Intermediate, and Primary departments of the Methodist Sunday School are requested to be at the Church at 4:30 Saturday afternoon for a special rehearsal.

Local Happenings

Haskell Jackson, who recently broke his foot when a can of cream fell on it, is around on crutches. He thinks he will be on the job again in about two months. He is employed by the Swisher Creamery.

Grady Wimberly took a load of lambs to the Fort Worth market this week.

Ms. J. S. Brookshier of Memphis returned to her home Sunday. She has spent the past two weeks here with her son R. E., while recuperating from an operation.

Mr. and Mrs. James Patton and Mrs. Jerry Stewart returned from Arizona Tuesday. Sonny Wynn returned with them.

The Seniors of 42 enjoyed a chili supper Tuesday evening at the home of Mr. and Mrs. Bob King.

Mr. and Mrs. Wylie Bomar, Mrs. Leo Comer and Mrs. Edwin Davis and Peggy are visiting Mr. and Mrs. Roy Bomar in Lubbock today Thursday.

Mrs. Comer and Mrs. Davis will leave by bus for El Paso, from there Mrs. Davis and Peggy will go to San Diego, California to visit Mrs. Davis' Mother.

Mr. and Mrs. Shorty Donnell moved to Amarillo Saturday.

Jack Carthel of Amarillo spent Saturday in Silverton. Thomas Olive returned to Amarillo with him.

Miss Neta Bob Carter went to Plainview Sunday. She entered Business College there Monday.

Mr. and Mrs. Norvill Dickerson and Don, and Mrs. Eva Morton and Children of Canyon visited their mother, Mrs. Billy Dickerson. Two of Mrs. Morton's children have been visiting their grandmother the last two weeks.

Mrs. Charles Cowart arrived home Sunday after spending the week in Matador at the home of Mr. and Mrs. Joe Stevens.

Mr. A. G. Tadlock who is stationed in the Air Corp at Midland visited Freda Lee Elliston over the week end.

Mrs. Jim Burson went to Amarillo Saturday to bring Mrs. Anna Gunter home for the week end.

The War Bond Club met for Coffee Wednesday morning with Mrs. H. S. Sanders. Mrs. Fred Lemons was a guest of the club, members present were, Mrs. Otis Wilburn, Mrs. Wulfman, Mrs. Luther Gilkeyson, Mrs. D. O. Bomar, Mrs. Tom Bomar, Miss Nordicia Graham, Mrs. A. L. McMurtry, Mrs. W. Coffee, Jr., Mrs. Marvin Tull, Mrs. W. E. Schott, Jr., and Mrs. Avis Cowart.

Mr. and Mrs. W. C. Womack of Quitaque, and Mary Jane and Jo Jo Alexander of Minerals Wells spent Sunday with Mr. and Mrs. Bruce Womack.

Briscoe County is getting war bond minded!

For the first time since county quotas were established Briscoe County folks decided to go "over the top" in their bond buying, and they did it in a big way. In the period from May 1st to June 1st, Briscoe County folks bought nearly twenty thousand dollars worth of stamps and bonds—\$19,659.45, to be exact. The closest record to that is of April when \$9,648.85 were invested in stamps and war bonds.

According to the Briscoe County News' "Bond Meter" on Page 3 of this issue, the May buying pushed the mercury over the top for the first time and shows that since the first of the year, we have invested \$53,326.30 in stamps and bonds.

The bond buying by months is as follows:

January	\$7,310.00
February	\$8,042.75
March	\$8,665.25
April	\$9,648.85
May	\$19,659.45

The bulk of the May buying was at the First National Bank in Quitaque. Here's where the bonds and stamps were bought:

Silverton P. O.	\$2,517.65
Quitaque P. O.	\$3,241.80
First National Bank	\$13,900.00

ALLRED OUTLINES HIS PLATFORM FOR SENATE RACE

All-out support of the war effort, benefits to men in service and "planning now" for the readjustment to come after the war were set forth in the platform of James V. Allred in filing for a place on the ballot as candidate for junior United States senator.

Allred's platform calls for uninterrupted production of war materials 24 hours a day, seven days a week. He was against strikes or slowdowns by either capital or labor unreasonable profits and cartel agreements.

For men in the service, Former Governor Allred proposes insurance without deduction from pay, transportation without cost from the training camp to the nearest city or town, laundry service without charge, employment and educational opportunities upon discharge.

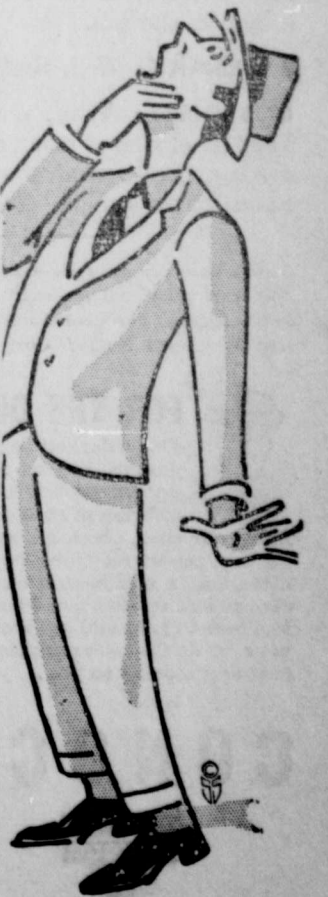

He called for immediate efforts to provide for all persons or concerns dislocated under the war economy and extension of government credit to little business thus affected; and after the war a program to provide employment and readjustment to an industrial and agricultural economy.

"We must write and enforce a peace that shall insure our children against the recurrence of the tragedy of war," he said.

Dear Lady:

YOUR MAN WILL LOOK UP TO YOU!

Tell him tonight of the high quality, and the low cost of the dry cleaning at the City Tailors... tell him of the scarcity of woollens and how our dry cleaning actually increases the life as well as the appearance of garments... Tell him that you have used our moth proof bags for last winter's clothes... Send us his suit today and show him how "nearly new" it looks. Yes, he will look up to you as a thrifty and fashionable lady.

NEXT WEEK YOURS True?ly and Mrs. Yours True?ly will be going it alone at the News Office. Jack is going out to the ranch to help his grand dad. Or at least he is going out there for awhile. I didn't argue with him about it for the past few months it has been like drawing a pint of blood every pay day.

JACK HAS WORKED here for nearly two years and is really a

mighty sweet little linotype operator. It will be an unhappy day I imagine about this time next week.

BARBARA IS learning the machine. I've kept her out of here for six years now because I don't much believe in it. I have enough things to fuss with her about now without adding a linotype to it. Another thing, I have always had in mind is that I had one thing that I was smarter in than she was. Anyway she's learning and pretty fast too War is hell isn't it?

THIS IS THE week for the bond meter ad. That page is being paid for by the merchants and men whose names are on the ad. And whether or not the ad has had anything to do with it, our bond sales have jumped a lot since we started the ad—and for May they were more than double of any previous month.

THE AGGIE BRIEFS this week are given over by McEntire to telling farmers how to save rubber. Bring your neighbor to town with you, etc. he says. Which is very good stuff. I could figure it out a little deeper though. What about having 'six-farmer' clubs? That way each guy would have to drive his car only once a week and yet would be able to be on the job here every day with business as usual. For instance there is Bill Hardin, Q. E. Brown, Dan Montague, Printz Brown, Joe H. Smith and Charley Garrison. That bunch could work out the club idea very well. I do believe that on Sunday, they should be allowed to bring their families.

LIGHTNING STRUCK around pretty close Tuesday night. Mrs.

Finley is still a little pale. The old boy with the bundle of hot darts aimed one at the corner of her store building that didn't quite miss. It burned out one of Ben O's dryers and a thermostat at Judd's hatchery.

DAN DEAN and wife took their breakfast in Silverton Thursday morning. He ran out of butane gas at home. Had some wood but nothing to burn it in. That's one of the penalties of the modern life. Imagine having to drive 25 miles just to get a couple of eggs cooked.

BERT DOUGLAS has a political announcement this week—one of those with the reverse English on it. He isn't going to run. Don't know whether Gordon scared him or bribed him. I have his picture here. The first one is the one he campaigned with. And not a bad looking fellow. Now that he isn't

after votes he let me snap another one in a very natural pose. Here it is. Why I've seen that old boy

look just like that dozens of times. In fact at any time one expects the picture to speak. I snapped it before he had eaten and he is like Dagwood—it's hurts his face to smile on an empty stomach. And boy his cupboard must have really been bare.

R. M. Hill purchased a new McCormick Deering cream separator this week from Tull Implement.

Mrs. Paul Reid and Paula are having the mumps this week.

From where I sit ...
by Joe Marsh

A FEW weeks ago, I had occasion to visit some friends of mine in Nebraska.

Nebraska certainly is a great State. I like Nebraska. I like those immense cornfields that seem to stretch from horizon to horizon. (Plenty of wheatfields in Nebraska, too.)

But the thing that interests me most about Nebraska right now is the very important social experiment the beer people started there several years ago.

Beer itself is naturally a beverage of moderation. Yet, all too often, people are inclined to blame beer wrongly for any misconduct of the customer or the proprietor in a place licensed to sell beer.

So, the brewers got together to see what they could do about this. They weren't really responsible for their retailers ... in fact, they're not allowed to control retailers. But the brewing industry worked out a plan by which it cooperates with the public authorities to eliminate bad conditions in the minority of places whose conduct would reflect on the law-abiding majority.

That program is now operating in many states -- and with the Nation at war, brewing industry organizations cooperate with civil and military authorities to assure good conditions in beer outlets around the army camps and naval stations.

Somehow, to me, that's a mighty important, public-spirited effort. I don't know of anything like it ever having been tried before. If people really help the brewers with that program they'll be doing a great thing for the country.

Joe Marsh

USED CARS AND HOW TO KNOW THEM

CUSTOMER: Both these cars appeal to me, but ...
SALESMAN: You won't find a better second-hand car anywhere than either of these. Wonderful buys!
CUSTOMER: If I only knew how the engines had been treated ... what oil the ex-owners used.
SALESMAN: This one, I don't know. But this red job I happen to know had nothing but Conoco Nth motor oil from its first mile!
CUSTOMER: Well, why didn't you say so! Conoco Nth! I'll take the red job, of course! First of all, whoever owned that car knew what was best for a car when they used Conoco Nth. With Conoco Nth in the crankcase, I'm sure the cylinders and moving parts were protected by OIL-PLATING—lubricant that doesn't all drain down at every chance, but stays on the job.
SALESMAN: Well, that'd sell me the red one.
CUSTOMER: Why, man, Conoco Nth can help keep an engine so clean of sludge and carbon that it easily ought to mean good long life. I'm going to cash in on this car's value—and keep on using Conoco Nth.

You can cash in, too. Cash in by getting all the engine life and good oil mileage that are winning sensational sales success for Conoco Nth oil. See Your Conoco Mileage Merchant today! Continental Oil Company

FOR THE DURATION of your car
Don't depend on spasmodic and hurried stops for gasoline to have your tires and car checked. Join my ONCE-A-WEEK CLUB. Choose one day each week to bring in your car. I will check and properly inflate your tires, check oil, radiator, and battery. I will look for and report anything beyond this that appears to need attention. I will keep a careful record of greasing and oil change and remind you whenever these services are needed. I'm here to help you get the maximum service and life from your car at the least possible cost and trouble to you. *Your Mileage Merchant*

Old Glory Waves Out New Challenge on Bonds

Lets Keep Our Half Of "The Bargain"

Keep Briscoe County Over The Top

OUR HALF OF THE BARGAIN

America needs Men . . . Materials . . . Money! And the money must come from you! Every man, woman and child must buy stamps and bonds if we are to keep our half of the bargain with the boys.

Briscoe County is doing her part and more with men! Briscoe County boys have flocked to the colors until more than 4% of our population is in uniform.

Are the rest of us in Briscoe County doing our share? Look at the Bond Meter on the right and see where we stand. Our quota for 1942 is very light for our county — \$126,800.

Let's go OVER THE TOP! Let's not have our boys from Briscoe County say that we didn't keep our half of the bargain!

Invest In Safety — With Perfect Safety

FACTS ABOUT DEFENSE BONDS

How much do they cost?	And you get back
You lend Uncle Sam:	at maturity:
\$18.75	\$25.00
\$37.50	\$50.00
\$75.00	\$100.00
\$375.00	\$500.00
\$750.00	\$1,000.00

WHEN IS MATURITY? Ten years from the time you buy the bonds but you can cash the Bonds at any time after 60 days from date of purchase. Naturally, the longer you hold the bond, up to 10 years, the more money you'll get back. But you'll NEVER get LESS than you put in. Bonds are guaranteed by U. S. Government.

WHAT'S THE INTEREST RATE? When held to maturity, Bonds pay 2.9 percent per year on your investment compounded semi-annually—you get back \$4 for every \$3.

WHERE DO I GO TO BUY A BOND? To your local bank, Post Office, or other Defense Bond agency.

AGGIE BRIEFS

Secretary Briscoe Co. Committee
By Ray S. McEntire

What Are You Going To Do When Your Tires Go Down?

What are you going to do when your tires are gone and you can't get any more? We don't know either.

But we do know that every possible step should be taken to save our tires if we are to produce the food needed to win this war. We will have to stretch the lives of our tires to the limit and it is going to take a lot of cooperation and care to do it.

Since transportation of our products is so important to the success of the Food for Freedom program, to the men who are fighting for us, we want to make a few suggestions on how to lengthen the life span of tires. Probably you are already doing most of these things but maybe some of your neighbors haven't thought of them.

1. Arrange with one or more neighbors to exchange trips. Pool your loads.
2. If you have an errand in town call up your neighbors and take everybody on the road who needs to go—then let them do the same by you.
3. Plan your buying in town so as to save trips.
4. Pick up all nails, pieces of glass, etc., around your driveways and on the highways.
5. Make sure you carry an inflated spare tire or the equipment to repair a flat—you don't want to have to drive in on the rim.

6. Keep larger supplies on hand to save unnecessary trips to town.
7. Arrange storage space so you can keep your produce at home in case of unexpected transportation tie-ups.
8. Cut down on some of the youngsters' trips to town—just for fun.
9. Don't drive in bad weather unless absolutely necessary.
10. Keep your car and truck under cover and locked up.
11. Take the best possible care of cars and trucks—and especially tires.
12. Look ahead a year or two or three. How will you be fixed then for car or truck?

ODT Order For Trucks

The Briscoe USDA War Board this week urged farmers to comply with the spirit of the ODT order restricting transportation by making the best possible use of their trucks.

The board urged pooling of facilities, best possible care of equipment, especially tires, and elimination of all unnecessary driving. Farm trucks are exempt from the Office of Defense Transportation Order requiring truckers to carry a three-quarters load on all return trips. Otis Wilson, chairman of the Board, explained, but farmers are expected to comply with the order voluntarily as far as possible.

"There's no sense in several folks living in one vicinity making separate trips to town when all could have gone together," Mr. Wilson declared. "We don't intend to force farmers to save their equipment and tires by pooling facilities, but we feel that they will all do their part if they understand the situation."

Transportation tie-ups would cause serious damage to Briscoe County agriculture and to the Food for Freedom program, he said, pointing out that trucks and trailers which bring produce to market are certainly one of the most important parts of our transportation system.

"Farmers in this county pledged greatly increased production of milk, eggs, pork, beef and other food products, but producing will not do any good unless we get the produce to market," the war official said. "The best way to make sure we'll be able to get them to market is to keep our trucks running just as long as they will go."

Antelope Flat News

By Mrs. Dan Dean

Lola Mae Turner left Monday for Oakland, California, where she is to make her home.

Mrs. Neoma Turner of Como, Texas who has been visiting her sister Lola Mae Turner, will make her home here with Mr. and Mrs. Dan Dean.

All of the above property described in this notice of sale is situate in Briscoe County, Texas.

Now, therefore, I, N. R. Honea sheriff of Briscoe county, Texas, will on the 7th day of July, A.D. 1942, same being the first Tues-

day of said month, between the hours of two o'clock P. M. and Four o'clock P. M. on said day at the courthouse door in said Briscoe county, Texas, offer for sale and sell at public outcry to the highest bidder for cash, the right, title and interest of said Briscoe county in and to said property, as is provided for by Law. Reserving the right to reject bids if deemed inadequate.

Dated at Silverton Texas the 10th day of June A. D. 1942.

N. R. Honea
Sheriff Briscoe County, Texas

**We're Two Years Old . . .
And With Your Help, We'll
Grow and Grow . . .**

Yes, we were organized two years ago as the Silverton Co-op. Since that time, we have gained in membership and in strength. We are trying hard to be a real service organization for farmers. . . For instance, this week we are paying a two cent patronage dividend on all wheat we handled last year.

We are ready now, and waiting for harvest to start. Everything is in ship-shape, scales tested, bins cleaned, and as far as we know we will be able to handle your storage in the same way as last year.

We want your wheat business. Come in this week and let's talk it over.

Silverton Co-Op

- PRUNES, No. 10 cans 39c
- KREMEL, Per package 06c
- PEAS, No. 2 cans, 2 cans 25c
- GREEN BEANS, No. 2 cans 10c
- HOMINY, Per can 06c
- JET-OIL POLISH, 3 bottles 25c
- Jersey CORN FLAKES, 3 boxes for 25c
- Camay SOAP, 3 bars 20c
- MILK, Borden's Large size can 10c
- COFFEE, Admiration, 1 pound 32c

Harvest Service

Harvest is nearly here — and with more problems than ever before.

We pledge ourselves to the very best service possible, to see that you have no unnecessary delays because of fuel, oil, or grease.

We will appreciate early orders. If, when we are coming your way, we can bring you anything from town, let us know. We'll help out any way we can.

And remember, Panhandle Products mean Peppier Performance.
