Volume XXXV Number 9

NEWS FROM THE BOYS IN SERVICE

RONALD ANDERSON is now stationed at Norfolk, Va. He is on active duty with the Naval Reserve and has an Ensign's commission.

ELMER STINSON, who has been on the waiting list for the Naval Reserve, leaves today for Dallas. He expects to be sent on to Norfolk for active duty.

CORP. SHORTY BINGHAM of Fort Sill, is here for a ten day furlough with his parents.

BRUCE BURLESON, JR., writes of doing out his way on the west coast.

Dear folks: Well we are just saying around and resting today. Our Squadron is new and there isn't much doing as yet. There are seven of us from school in my squadron. There are about 100 in the squadron now and should be filled up to 300 soon. We are about the only ones who have been to school and we expect ratings very soon.

Probably instead of becoming actual mechanics the ones out of school will become "aerial engineers". You see being in a ferrying squadron, we just deliver the planes. The aerial engineer goes with the plane. It's a dream come true for me. We will never do any combat duty—just ferry. And think of the money we will make. Our regular pay plus half regular pay for flying and six dollars a day while we are out of the U. S. Sure hope I make it OK. It's the best job in the whole doggone army.

These guys here (aerial engineers) leave one day and two days later are back in the States from Hawaii. Oh boy ain't it thrilling? I'm a lucky rascal in being here. Some of the others are going across—for keeps.

PRIVATE MASTON REA MISSING IN ACTION

Mrs. M. L. Rea, daughter of Mr. and Mrs. J. N. Cline of Tullia, has received word from the War Department, that her husband, Private Maston L. Rea, is reported "missing in action" after the battle of Java.

Private Rea was a member of the Second Battalion of the 131st Field Artillery, a Texas National Guard unit of about 800. He joined the National Guards in October, 1940 and received a year's training at Camp Bowie. The battalion left Camp Bowie November 11, 1941 and landed in Java January 11, 1942.

The battalion has not been heard from since the fall of Java on March 6, so the War Department said "it is presumed" the men in the battalion are prisoners of the Japs.

Price Stone is located in Baltimore, where he is receiving special instruction toward becoming an Inspector in the Signal Corps.

Charles Truett Berry and Bob Lee, who have been in the Army now for almost a year, have requested and received transfer to the Army Air Corps. They have both passed mental and physical exams and will start their training at Kelly Field next month.

Bill Gilkeyson, of the U. S. Naval Reserve dropped a card to Dean Allard this week announcing that he was in El Paso, and that he was in pretty much of a hurry. His card showed a fat lady being closely pursued by a bear. The inscription, "Can't stop now. Have a big bear behind." And she did.

Lieut. G. W. Lee, who has been stationed in California, has been transferred to Massachusetts, according to his mother, who visited him in Dallas last week end. He stopped over in Dallas at the home of an aunt, Mrs. Estelle Ward. His sister, Faeann (Mrs. Woodrow Wilson) accompanied Mrs. Lee down to visit G. W., and then returned to Silverton for a short visit.

Glyn Austin is now stationed at Co. Q 3, Coast Guard, Tr. Station, Algiers, New Orleans, La.

Mrs. Roy Hahn entertained the L.T.D. Club Tuesday afternoon. The "guess what" which was a set of crystal ash trays was guessed by Mrs. Robert Hill. Mrs. Virgil Ballard was a guest of the club. Those enjoying the afternoon were Mesdames T. T. C. J. T. Dutch, Tidwell, J. W. Lyons.

Wheat Promises Best Yield Since Bumper Crop Of '37

DAUGHTER OF FORMER RESIDENT IS MARRIED

Miss Christine Seaman, daughter of Mr. and Mrs. Chris Seaman of Lockney, became the wife of Mr. Jean A. Shelton, son of Mr. and Mrs. W. O. Shelton of Altus, Oklahoma, in a very pretty wedding Monday, June 1, in the home of Mr. and Mrs. E. L. Hensley of Altus.

Rev. W. T. Savage, pastor of the Tabernacle Baptist Church of Altus, read the ceremony which was performed before a beautiful improvised altar of palms, ferns and dahlias.

The bride was attractive in a white two-piece suit with white accessories and corsage of white carnations. She carried a white Bible and wore a bracelet as something old.

In the reception which followed Mrs. Shelton cut and served the first piece of her lovely two-tiered wedding decorated with a miniature bride and groom. Mrs. Hensley and Mrs. W. O. Shelton then presided at the serving table. Mrs. Shelton attended school in Altus, was graduated from Lockney High School with high honors and is now a Junior student at Texas Tech in Lubbock.

Mr. Shelton, a graduate of the Altus High School, is a machinist mate in the U. S. Navy and is stationed at Norfolk, Va. (Note - Christine is a granddaughter of the late Mr. and Mrs. H. C. Seaman, pioneers of Silverton; and also of the late Mr. J. A. Baker and Mrs. Baker, pioneers of Lockney, Her father, C. C. Seaman was born and raised in Silverton.)

FORMWAY — MORGAN

The marriage of Miss Atha Formway, daughter of Mr. and Mrs. E. E. Formway of Kress, and Mr. Steven Morgan, son of Mrs. Eddith Morgan of Lubbock, formerly of Silverton, took place at seven o'clock, Saturday evening June 13, 1942, at the home of the brides parents. Rev. Clarence Howell of Kress, reading the single ring service.

The bride wore a pink dress with blue accessories. Those present were: Mr. and Mrs. E. E. Formway of Kress, Mrs. Eddith Morgan of Lubbock, Miss Naomi Chitty and Mr. Norman Chitty of Silverton.

BOMARS ADDING TO HOME

Ray C. Bomar, has been busy for several weeks building an attractive addition to his home. A new kitchen, bathroom and bedroom have been added, and the whole house painted. Eddie Cox and Ray are doing the work.

Bomar is a perfect example of an optimist. His wife is wondering what she needs with a larger house, if and when. . .

TRY OUR WANT ADS

NEW CAR STAMPS ARE PUT ON SALE AT THE POSTOFFICE

The new Federal Car Use Tax Stamps were placed on sale at the postoffice last week. The old stamp will expire on June 30 and all car owners must have the new stamps affixed to the windshields on July 1.

The new stamps are of much better material than the ones issued last year. The stamps are printed in red, and the face of the stamp is glued so that they may be stuck to the windshields facing out. Each stamp has a serial number, and car owners are advised to keep a record of the serial number of the stamp they buy.

On the back of the stamp are four blanks for make of car, model, engine number and State tag number. Car owners may write their names on the stamps.

The stamps cost \$5.00 each. The first stamps were for only part of a year and sold at \$2.09. Each car owner was required to send in a postcard when buying the first stamps, but this has been eliminated with the new stamp.

Which department of government will enforce this law is not clear. So far as any one knows, no check has been made on cars which might be violating the law. But this is like many other federal laws—the violator is safe so long as he gets away with it—but is due for a \$10,000 fine if caught by Uncle Sam. Practically all car owners prefer to pay \$5.00 rather than run the risk of a \$10,000 fine.

QUITAQUE OBSERVES FLAG DAY

A nice Flag Day program and parade was staged at Quitaque Sunday. The Turkey Home Guards paraded with colors, and music was furnished by the Silverton Band. Jean Northcutt rounded up the members of the band, which is now without an instructor, and took charge. They gave a very creditable account of themselves, according to Huck Berry. Huck should know as he spent two years with an Army Band and spent several years in well known bands.

Dr. and Mrs. C. M. Mast went to Amarillo Sunday afternoon to see Dr. John Mast, from there they went to Lubbock where they will be the guests of Mrs. C.M. Mast and Dr. and Mrs. Henry Mast.

The 1942 wheat harvest got under way Saturday when George Weast brought the first load of the season to the Silverton Co-op. The load, however, was too green and the test was only 54. He quit cutting to allow the wheat to ripen better. The field was making from 18 to 20 bushels to the acre. Spencer Long brought several loads that tested from 56 to 59, and was yielding 16½ bushels.

H. C. Mercer brought the first load to the Farmers Elevator and it too, was of poor test because of being green. The yield was good however, and the Mercers have some wheat that will go a good test.

From all indications and reports the 1942 wheat crop should turn in a yield better than any year since the million bushel crop of 1937. That is, of course, barring all natural and unnatural accidents such as usually happen in the wheat section.

All local elevators are in first-class shape and ready for the wheat. There have been several changes in management this year. At the Farmers Elevators, R. G. Billingsley of Lubbock is manager for W. T. Graham, both at Silverton and Whitley. Billingsley reports that the half million bushel storage is empty and ready for use.

Nig Reid has leased the Ferguson Grain Company and it is being managed by Boots Bryant, it is rumored. Actual contact has not been made by the News editor.

Carl Crow is in charge at the Silverton Co-op and this week announced new arrangements for handling government loans thru Commodity Credit.

The harvest will not really get under way till the first of next week, and this week the boys are testing their machines, getting last minute repairs and so forth. By the next issue we should be able to give a more definite report on yields and tests.

When Rip Van Winkle woke up (so we read in the Stanton Reporter) and wandered back to the old home town, he was neither recognized or remembered. He found his wife gone, his daughter married, his native village remodeled and American independent. He had slept clear through the Revolution! Nevertheless, Rip was a lucky man, because we'd never have known about him to this day if Washington Irving hadn't written him up.

Any industry that is contemplating hibernation from advertising during World War '41 might well consider the plight in which Rip found himself. For after this war, even a Washington Irving --- if you could find one --- might not be able to bring back into the public favor a once popular trade name!

Yes, sir, and yes, ma'am, your columnist is in the race for Lieutenant Governor of Texas. And if the editor will be kind enough to let this by the blue pencil, any reader who feels he can come to know me through this weekly message about Texas and would like to hand some campaign cards to friends and neighbors, just drop a postal card -- and say how many you can use -- to Boyce House, 3329 Park Ridge, Fort Worth. Thanks.

— Boyce House

YOUR WORK IS FINISHED!!

Our 'last minute work' is finished and we ask to you to please call for it. Our doors will not be open after this Monday.

Thanks a lot for your patronage. We hope to be able to serve you again.

Perry Thomas' Shoe Repair Shop

SCRAP RUBBER GOING OVER IN A BIG WAY

We can well be proud of the way that Silverton and vicinity is responding to the call for old scrap rubber. The local stations are all co-operating with the call issued by President Roosevelt and are all handling the scrap rubber without profit for themselves.

From Monday morning until Thursday morning, nearly seven tons had been brought in to the Silverton Stations. The stations reported the following:

- Alvin Redin, 66 2,000 lbs.
- Conoco 2,009 lbs.
- Crass Motor 783 lbs.
- Shaffer's Panhandle 225 lbs.
- J. T. Luke 350 lbs.
- Bomar One Stop 500 lbs.
- Maurice Foust 4,800 lbs.
- Texaco Station 3,646 lbs.

The drive will end on June 30 and every man, woman and child is asked to turn in every piece of old rubber scrap they can find. It is important and no piece of rubber is too small to throw away.

Co-operate! Bring in your junk rubber. The stations are all paying 1-cent a pound.

HAYLAKE RED CROSS CLUB

By Emma B. Folley

The Red Cross Club of Haylake met last Wednesday, June 10th at 3:00 o'clock.

The Nutrition Course was started. The roll was called and there were eight members present. Four came in later. Mrs. Watson showed us the tender and less tender cuts of meat and how they should be cooked as we were studying proteins. We learned what they do for our bodies. We discussed the lesson and took down our questions for the next time.

After the class was dismissed the club gave a shower for the Roberts family.

Mr. and Mrs. J. W. Lyon, Jr., and Mrs. J. W. Lyon, Sr., and Mrs. Robert Hill and son, spent Thursday night and Friday in Amarillo visiting relatives. Mr. and Mrs. Bennett Haley of Amarillo returned with them and visited their parents until Sunday.

Miss Bess Garner and Miss Dorothy Sasche spent the week end in Silverton with friends.

Jo Ann Bryant of Fort Worth is visiting relatives.

Special harvest offer on the Briscoe County News. \$1.25 will bring the News for a year.

Two More Enter Race For County Clerk

LEWIS ENTERS CLERK'S RACE THURSDAY

E. P. Lewis asked the Briscoe County News to announce his candidacy this week to the voters, and having the customary \$10 in hand, no objection was raised by the News staff. Mr. Lewis is not so well known in the Plains section of the county, but he comes highly recommended from his community. His personal word to the voters follows:

To the Voters: I have entered the race for County and District Clerk of Briscoe County and earnestly solicit your sincere consideration in my behalf.

I have never before sought a public office. I have devoted twenty-two years of my life to molding the character, and helping the boys and girls of the Texas Rural Schools to make useful citizens. I have been a taxpayer in the county 17 years, in which time, in my spare time, I have been farming.

Nine years of my teaching career has been spent in Briscoe County, in the Gasline school. Those years in that school have been short. I have enjoyed every minute of them. In my twenty-two years I have never taught in a finer community. Those patrons have stayed with me thru thick and thin. I feel that the citizens of the Gasline community are typical of the citizens of Briscoe county, and feeling that way about it I am asking for a chance to serve all the people of Briscoe county as your county and district clerk.

I graduated from North Texas State Teachers College at Denton, Texas, in 1918 and now hold a permanent teacher's certificate and diploma from that institution. I believe this training and the experience I have had with school records, and as a school executive, qualifies me for the office for which I am asking.

I waited until your present clerk definitely announced that he would not be a candidate for the office, before I threw my hat into the ring. Now he is out and I am in the race.

I promise you people of Briscoe county if you elect me your county clerk, I will discharge the duties of that office with the most diligent sincere, considerate and courteous manner that I know how.

It will be impossible for me to see each and everyone of you personally due to the tire shortage and the short time in which I have to make my campaign; but I will see as many of you as possible under the circumstances. Should I fail to see you personally, however, and present my candidacy please accept this as my personal appeal for your vote and influence.

Thanking you in advance for your support during my campaign, and your vote on July 25, I am
Anxious to serve you,
E. P. Lewis

TO REORGANIZE SUNDAY SCHOOL AT ROCK CREEK

A meeting will be held at the Rock Creek Church Sunday, June 21, at 10:30 for the purpose of reorganizing the Sunday School. Everyone interested is cordially invited to attend.

PREACHING AT FIRST BAPTIST CHURCH SUNDAY

Rev. F. N. Allen, pastor of the First Baptist Church of Anton, Texas, will preach at the First Baptist Church in Silverton next Sunday, June 21st. He will conduct both morning and night services.

Bomar Drug Store "We Have What You Want—When You Want It!"

John Arnold, Silverton; and E. P. Lewis, Gasline; Toss Hats In Ring

Two more candidates for the office of District and County Clerk, have made their appearance in John Arnold of Silverton; and E. P. Lewis, Gasline school teacher.

JOHN ARNOLD ANNOUNCES FOR COUNTY CLERK

John Arnold dropped in the office the first of the week and ask us to run the following announcement which states that he is a candidate for the office of County and District Clerk. Mr. Arnold needs little introduction to the voters of Briscoe County. He has made this his home for many years and is known as a conscientious, hard working, average citizen.

In his personal message to the voters, he says:

To the People of Briscoe County: I am a candidate for the office of County and District Clerk, subject to the Democratic Primary, July 25.

Existing conditions will not permit me to make personal contact with each and every citizen, by an entire-county campaign, but I will make a strenuous effort to see as many of the voters as possible before the Primary.

I believe that I am capable of executing the duties necessary for satisfactory fulfillment of the requirements of the office, and I earnestly solicit your support and vote.

Yours very sincerely,
JOHN ARNOLD

NEW REQUIREMENTS FOR GLIDER PILOTS

Sergeant Harvey M. Gist, U. S. Army Recruiting Officer, Plainview, Texas, announces the following changes in requirements for Glider Pilot training.

Applicants between their 18th and 36th birthday WITHOUT AERIAL SERVICE may now be accepted for enlistment for glider pilot training provided they are able to pass or have previously passed either the Army General Classification test with a minimum score of 110 or the Aviation Cadet Test AC Ten. ABS a minimum score of 75 or Aviation Cadet AC 10—B minimum score of 65 and have physical qualifications for Glider Pilot.

This course includes flying a light plane and a limited number of selected graduates in each of the units will receive commissions and others will be appointed Staff Sergeants on flying status.

For further information see the U.S. Army Recruiting Agent nearest you.

(A free subscription to any man in the service with each new or renewal subscription).

THE BEST NEWS since the discovery of America and the subsequent bombing of Tokyo just 450 years later, comes this week. It is that the Harvest Special is on. You can now subscribe for the Briscoe County News again for only \$1.25. That will send it

anywhere in the world, and drops the rate back down to a price that everyone can afford.

BEFORE I FORGET it, the 2-for-1 offer we have had for some time of sending the paper to the men in the armed forces, does not apply during the Harvest Bargain rates. For two dollars, though you can still send the paper for a year to any man in service, in addition to your own subscription.

AND JUST TO give the Harvest Bargain Offer a little patriotic flavor, anyone who wishes, may pay me off in War Stamps. Five 25c Stamps will get the job done. Besides getting the home educator you will be assured of buying the equivalent of 25 machine gun bullets. And so if you are blood-thirsty for Japs or Germans, or thirsty for home news, drop around to the office and let's get our beaks together.

I WENT TO Tulia last Friday a campaign speech for Senator. He is plenty smooth and his professional politicians and too many fessional politicians and to many professional premlisers. As an example he said, "If you had a grocery store, you'd get a grocer to run it; if you had a farm you'd get a farmer; if you had a flour mill, you'd get a miller; and if you had a political job you'd get one who was versed in politics."

HE REALLY HAS a pretty outstanding record for a man 43 years old—several terms as District Attorney; then two as Attorney-General; two more as Governor; and three years as Federal Judge.

I WISH THAT Tom Bomar and Q. E. Brown could have heard the ex-Governor, I believe that they wouldn't vote for W. Lee, if they had.

HARVEST JUST ISN'T what she used to be. I remember back when I was a kid and the hands would come in. Boy, that was really something. In the first place the banker always went to the eastern part of the state (Kansas, where else) and bring back a trainful. He took a survey before he went and would know how many were needed at the time. The farmers who had ordered hands would meet the train and first come, first served and what I mean, some of those professional harvest hands were cards.

THE FORERUNNER of the present day striker was the I. W. W. You got hold of one of those boys and they were plenty tough. You would get about two rounds made and down they'd go. More money or no workee. My dad has let more than one walk the seven miles to town, because he was just about as stubborn as they were smart—not only walk to town, but no more eats. When they called the turn for more wages, out came the check book and off they went to town—afoot.

AND THEN SOME of those old boys, the most of them in fact, were real hands. Some from their own farms whose harvest was already in the stack. They worked, it seemed just because they liked to see a good crop put up. They were tops in hands.

AND THEN THERE was the third brand—those who were willing but had never been on a farm. They were willing and hard workers and if they could stand it physically, would make a good hand in three or four days. One year we got hold of three Italians. I even remember their names, Louie Pezzini, Paul Marchi, and

Peter Tessaro and they were from Knobview, Missouri. Those old boys tried to help with the milking and they couldn't milk. They couldn't harness a horse and they couldn't get two dozen straws on their fork. But in three or four days they caught on and made the whole harvest.

Misses Evelyn Coffee, Jean Northcutt and Dorothy McMurtry are spending from Wednesday until Sunday in Lubbock as guests of Misses Lou Ann Williamson and Roberta McMurtry.

I Give You Texas
By Boyce House

Because it might well be considered a tribute to doctors everywhere --- and especially the small town doctors --- the following poem, "A Tribute to Dr. Thomas A. Lowrey" and signed simply "A Friend", is reproduced from the Chillicothe Valley News:
Out of his bed at midnight:
Over a snowbound trail;
Watching a case 'till daylight;
Braving a winter gale—

Up from a meal at mid-way,
Off on a hurry call;
Miles on a lonely highway;
Out through a summer squall—

Called from an evening's pleasure
Into the bitter night;
Lured from a moment's leisure
Into a patient's plight—

Rushing away at daylight
Into a blizzard wild;
Soothing a mother's heart-ache
Over a suffering child—

Ever a willing servant,
Never a selfish end;
Solace, kind, observant,
Doctor, advisor, and friend!

Mrs. Maurice Foust is spending the week in Childress with her mother Mrs. Sarah Baird.

NOTICE PUBLIC SALE

THE STATE OF TEXAS
COUNTY OF BRISCOE,

Whereas, on the 7th day of March A.D. 1939, the property hereinafter described, except when otherwise indicated, was duly and legally sold at public sale for delinquent taxes and Briscoe county became the purchaser of same at a price equal to the taxes and costs due against said property and taking title in her name.

And whereas more than 2 years six months have elapsed since said property, here'n described, was sold for taxes and such property has not been redeemed from said tax sale.

And whereas, I, N. R. Honea Sheriff have been requested in writing by Briscoe county, a tax-

ing unit acting by its commissioners court to advertise and sell said property at public outcry as is provided for by law.

Said property being described as follows, to wit:
Lots 4, 5, 6, 7, 8 in block 36 original town of Quitaque, known as Maggie Corder place.
Lots 1 and 2 in block 5 in Grundy addition to town of Quitaque known as T. E. Boyles place.
Abstract 1021, certificate 2-876, one acres of land out of survey 28, A. R. Jago addition to town of Quitaque, known as W. A. Frazier place.

Lots 1 and 2 in block 25 in the original town of Quitaque known as S. J. Harlan place.

Lot 12 in block 4 in J. L. Grundy addition of town of Quitaque, known as Henry Harris place.

Lots 5 and 6 in block 26, in original town of Quitaque, sold for taxes first Tuesday in July 1939 known as Mrs. C. M. McFall place.

Lot 14 in block 47 in the original town of Silverton known as

Hatchery building; same was for taxes first Tuesday in December 1938.

Lot 7 in block 52, in town of Silverton, sold for taxes December 6, 1938.

All of the above property described in this notice of sale situate in Briscoe County, Texas.

Now, therefore, I, N. R. Honea Sheriff of Briscoe County, Texas will on the 7th day of July, A.D. 1942, same being the first day of said month, between the hours of two o'clock P. M. to Four o'clock P. M., on said day at the courthouse door in Briscoe county Texas, offer for sale and sell at public outcry the highest bidder for cash the right, title and interest of Briscoe County, in and to said property, as is provided for by law. Reserving the right to reject bids if deemed inadequate.

Dated at Silverton, Texas the 10th day of June A. D. 1942.

N. R. Honea
Sheriff Briscoe County, Texas

Co-operative Handling Of Your Wheat Will Make You Money

We want to remind you again that we are operating as a co-operative elevator—a farmer-controlled concern. There are many advantages in a co-op but right now, the chief one is that we can net you more money on the wheat you haul us.

We have been designated as a lending agency of the Commodity Credit Corporation. We can now handle government loans on wheat stored on your farm or in this elevator, and your check is written right here in our office. There's less red tape — and less delay!

Investigate Us

We urge that you investigate this farmers' co-op. Join in with your neighbors by becoming a member. We paid a 2-cent patronage dividend on wheat handled in 1940 and 1941 . . . WE BELIEVE WE CAN NET YOU MORE MONEY ON YOUR WHEAT!

Silverton Co-Op

AGGIE BRIEFS

By Ray S. McEntire

Wheat Bins

Wooden wheat bins have been made available by the Commodity Credit Corporation for purchase by farmers in the wheat area to relieve shortage of storage facilities.

Two types of bins are available: the smaller bin of 1592 bushels capacity is 12x14x10; the larger of 1843 bushels capacity is 14x16x10. Each type is prefabricated, being made in sections which are bolted together.

The delivery price is \$225.90 for the 1592 bushel bin and \$270.00 for the 1843 bushel bin. The bins

may be purchased for cash or by signing a chattel mortgage and note agreement which is due December 31, 1943. The note bears 3 per cent interest.

A producer purchasing these bins will have to furnish a foundation and assemble the structure. The roof is a gable type shingle roof. Sufficient nails, bolts, shingles, etc. are furnished for the completion of the granary.

As each type of bin may be ordered only in car load lots of five bins it is necessary that we have orders for five bins before placing any order.

We urge you to place your order now as late orders may have to be canceled because of the limited number of bins constructed.

For further information see your County Agent, County Committee, or AAA Office.

Rubber Drive

The USDA War Board urges each of the farmers in this area to take part in the present drive

for old scrap rubber.

Unless this drive is successful we face not only gasoline rationing but the possibility that our army and navy will not have essential rubber supplies to insure the prosecution of the war.

Let's Do Our Part

NUTRITION WEEK

Many housewives may assume that Nutrition Week, now being observed throughout the nation is something that concerns only the underprivileged groups. But that is far from the case while the poor account for most of the undernourished, many persons who can afford the best foods suffer from fatigue and inefficiency because they do not choose the foods their bodies need.

Briscoe has two Red Cross Nutrition Instructors, Mrs. Jessie Mae Watson, who has an appointment to teach both the standard and Canteen course. Mrs. Watson is teaching a class at Quitaque and one at Haylake. Miss Leota Rampey is the other instructor, and con-

ducted a class in Silvertown.

The Red Cross nutrition program is in connection with the civilian defense set-up, but there is still need for more efficient spreading of information on nutrition.

The nation's war tasks make it more important than ever that every American have the food he needs most for health and strength. Lend-lease shipments, army food demands and priorities on materials formerly used for containers have complicated America's food problem.

There will be enough food for everyone; but substitutions may be necessary in some instances and housewives will have to cook beans and foods formerly bought in cans.

The war situation also gives incentive to home canning. But none of these adjustments will be difficult if proper attention is given to nutrition and to food marketing.

LIBRARY BOARD ADOPTS NEW RULES

The Library Board met June 8th at the Silvertown Library and adopted the following rules:

Library Rules

1. The Silvertown Public Library is for the free use of residents of Briscoe County.

2. The Library shall be open each day from 12:00 P.M. until 5:00 P.M. with the exception of Sunday and legally constituted holidays, and in the months of June, July, and August from 1:00 P.M. to 6:00 P.M.

3. Each adult and child using the Library shall be required to sign a registry card, signifying responsibility for all books taken out under his name. An adult shall be construed to mean all persons who are fourteen (14) years of age or older. Registration cards of all children—those of fourteen (14) years of age or younger—must be signed by the child's parent or legal guardian.

4. Books shall be issued for a period of seven (7) days and may be renewed for 7 additional days.

5. Not more than two books may be issued to a bonafide registrant at any one time, nor may he have more than two (2) library books in his possession at any one time.

6. A fine of five (5) cents per week shall be collected for all overdue books.

7. Each registrant shall be responsible for all books issued in his name. He shall also be required to pay an amount equal to the initial value of all books lost, destroyed, or not returned to the Library. He shall also pay a sum equal to the damage incurred on any Public Library book issued in his name.

8. A transient may borrow books from the Library by meeting one of the two requirements:

a. He shall make a deposit of two dollars (\$2.00) for each book borrowed, this sum being refunded on return of the book or,

b. He shall have a Briscoe County tax payer sign his borrower's card showing that he will resume responsibility for book borrowed by the transient.

9. A person violating any of the above rules shall forfeit his privilege to use the Library until he clears his Library record.

Francis Locals

Mr. and Mrs. P. D. Jasper visited Mr. and Mrs. F. A. Fitzgerald Sunday.

Mr. and Mrs. James Savage entertained the young folks with a party Thursday night.
