Two \$25 Bonds For Junk Saturday

In an effort to bring in more scrap metal, and to show their appreciation of their customers, the Silverton merchants and the Lions Club will give two \$25.00 War Bonds to folks bringing in scrap metal that day.

The Lions Club has pledged a \$25 War Bond and it is being matched by other merchants in keeping with the Junk Rally Day which is being held Saturday as part of the War Production Board program for getting in every available bit of junk this month.

The plan for giving the bonds is very simple: Everyone is eligible for a number who brings as much as 25 lbs. of scrap iron. For each additional 100 pounds, he will be given another number.

As you bring your junk in, drop by the County Agent's Office and receive your number or numbers, which will entitle you to take part in the drawing for the bonds, which will be held at 5 o'clock in the north block.

Your number will be placed in the hat along with others who have brought junk, and you may be awarded a bond.

The junk is yours to sell, or to donate on the Lions Charity pile on the corner of the court house square. Be sure that you get your number in before time for the drawing. If you wish to sell it first, your receipt from the local dealer will entitle you to your numbers for the drawing.

Don't forget that the iron is most valuable right now to the National War Effort. Every single pound is needed, and the prizes to be given are just to add a little stimulant to getting it in this month.

Most every farm can still rake up several pounds, as well as many folks here in town. Start the kids looking — they may find the very piece that will drop on Hitler's head, and besides that the money for your bond will be buying guns and equipment for our fighting men.

Securing the utmost cooperation in making the greatest possible use of workers already in the county. Farmers having or anticipating a shortage of labor were urged by Mr. Chery to discuss their problems with him at the Employment Service office, 111 W. 8th Street, Plainview, Texas.

TEN MORE INTO SERVICE SATURDAY

Ten more Briscoe County men left here Saturday for military service, and all were declared physically fit and retained for service. They were:

Carel Sanford Canada
Lemeul Lee Hartline
Hillie Tait Mitchell
Jack Davis Harris
Larkin Weldon Vardell
Lewis Truman Wakefield
Dallas J. Davis
Roy Eruest Fayne
O. V. Barrow
Warran Oberer Payne

The call was for fifteen men. Five of these however, had volunteered before they received their notice to report, and therefore the call was short five men. Accordingly, five more men must be added to the September call, according to R. E. Brookshier, secretary of the local draft board.

If, after a man has received his notice to report, he enlists in the Navy or other branch of service, the local board still can include him in the current "call", and report it as having been filled. This is a recent ruling.

U. S. EMPLOYMENT SERVICE FOR FARMERS

Briscoe County farmers, who have been called upon to produce exceptionally large crops in spite of a sharply reduced supply of labor, will have equally exceptional facilities to aid in solving their problems, Mr. A. B. Chery, manager of the United States Employment Service, said here today.

The Employment Service will act in close cooperation with the newly created county War Board to meet any labor problems that may arise in the county. A program worked out jointly by the two agencies calls for complete utilization of all available labor in the county and the calling in of workers from other counties only when help is no longer obtainable locally.

Success or failure of the Government's entire "Food for Victory" program may depend upon the extent to which the farmers in each county make use of locally available labor. Both the general labor shortage and the tire situation, which is curtailing the movement of workers from one area to another, are factors com-

LEN LEE RECEIVES WINGS

(U. S. Navy News Release)

Corpus Christi, August 21 — Roy Len Lee, son of Mrs. Ird E. Lee, Silverton, Texas, graduated today from the U. S. Naval Air Station, Corpus Christi, Texas. He was commissioned an Ensign in the United States Naval Reserve.

The award of wings by Captain Alfred E. Montgomery, Commandant, at graduation ceremonies in front of the Cadet Regimental headquarters marked the completion of an intensive training course fitting him for duty with the fleet.

Lee volunteered for Navy flight training in September, 1941. After receiving basic flight training at the Naval Reserve Base, Dallas, he was transferred to Corpus Christi.

Here at the "University of the Air", he has received thorough instruction in flying the Navy's fighting planes, has mastered the intricacies of instrument flying, and has completed all types of ground school courses ranging from navigation and radio code to recognition of friendly and enemy aircraft.

Lee attended Texas Tech. Inst. at Lubbock Texas. He is now here on a short leave with his mother and family.

IMPORTANT TIRE MEETING AT LUBBOCK

Mark McGee, State Director, Office of Price Administration, has called a South Plains wide farm tire meeting in Lubbock for Tuesday afternoon, Sept. 8, at 1:30 o'clock, to consider ways and means of moving this year's cotton crop from the farms to the gins. The meeting will be held in the Lubbock High School auditorium.

Mr. McGee, will personally, be in charge of the meeting and will have with him the heads of the departments dealing directly with tire allocation and rationing.

All members of county rationing boards, representative farmers from every school district and voting precinct on the South Plains, editors, bankers, county agents, Chamber of Commerce officials, County Judges, Mayors, and others, are being urged to attend this meeting.

The moving of the South Plains cotton crop from the farms to the gins this year is the greatest problem that has ever confronted the people of the South Plains. A survey shows that a large percentage of the trailer and trucks to be used in hauling cotton from the farms to the gins are without tires. It is a definitely established fact that tires for all these trailers and trucks cannot possibly be obtained.

The purpose of the September 8 meeting is to advise farmers and others interested (and everyone is interested) of the actual situation regarding tires and to try to work out ways and means to get the cotton crop to the gins.

The meeting has been arranged by the Lubbock Chamber of Commerce, which is writing letters of personal invitation to all individuals in the groups listed above and to various others, urging section wide attendance at the meeting.

Anyone planning to attend this meeting please contact Jake Honea or Claude Carreter.

Claggett Anderson arrived Wednesday for a short vacation here with home folks. He is employed by Boeing Aircraft at Seattle Washington.

Briscoe County News

Miss Genelle Fowler of Van is visiting her aunt and family Mrs. Paul Rogers.

Mr. and Mrs. D. O. McElmurry of Haynes California are the parents of a baby boy born August 17. He has been named Delma Keith. Mrs. Mc Elmurry will be remembered as Miss Wilma Welch

Lee Yates came in from California to visit his parents last week Gwendolyn Perry and Gwendell Burls came with him and are visiting their grandparents Mr. and Mrs. Milton Perry.

Mrs. Lena Northcutt who has been gone several months has returned to her home in South Silverton.

Mr. and Mrs. Ware Fogerson and children spent the week end in Matador with Mr. and Mrs. R. Day. Mrs. Fogerson and the children are spending this week with her parents the Days.

Zollie Belle Driver who has been visiting here left for her home in California Friday.

Judge Coffee returned home Thursday after completing a short course at A. and M. on Civilian Defense.

Mr. and Mrs. Wylie Bomar took Mr. and Mrs. Leo Comer to the bus at Tulia Friday, they were returning to El Paso after having a short vacation in Silverton and Lockney.

Mrs. Edwin Pehl of Blanco who has been visiting friends and relatives here the past two weeks, returned home Monday. Mrs. Pehl will be remembered here as Miss Minnie Phillips.

Mr. and Mrs. J. W. Lyon Jr. and Mrs. J. W. Lyon Sr. were in Amarillo Friday.

James Baird of Quitaque has been visiting Mr. and Mrs. Maurice Foust the past week.

Mr. and Mrs. Maurice Foust spent Thursday in Amarillo on business.

Mr. Hamel Carrol of Amarillo spent the week end with his wife. Mrs. Caroll and Mrs. Maurice Foust took him back to his work in Amarillo Monday.

The War Bond Club met Wednesday morning with Mrs. W. Coffee Jr. Mrs. Dick Cowart drew the bond. Mrs. Fred Lemons was a guest for the morning. The next meeting will be with Miss Nordicia Graham as hostess at the home of Mrs. Dick Cowart.

Conrad Alexander returned home Tuesday from working in Missouri and Colorado on a pipe line.

Mrs. W. W. Brown, Sr., Mrs. W. W. Brown Jr., and son from Sinton, spent a few days here last week with their sister and aunt Mrs. Ruth Watley. Bobby Louise Brown, who has been here with Mrs. Watley for the past two months, returned home with her mother, Friday morning.

Mrs. Ruth Watley, and her sister Mrs. W. W. Brown Sr. of Sinton, visited last week with a sister Mrs. J. C. Watley at Groom, Texas.

Mrs. Ruth Watley, living in the Wallace Community, is rebuilding her barn that was destroyed this spring by the tornado. All usable lumber from granaries, the old barn, and chicken houses is being used in the rebuilding. Eddie Cox is doing the work.

Mrs. G. W. Lee of Westfield Mass. is visiting relatives here this week.

Mr. and Mrs. Warner Reid moved to the Presbyterian Manse Wednesday.

FOR MERCY'S SAKE

There having been little in the paper in several issues about Red Cross Activities is no indication that nothing has been done. Just the contrary every few days some community sends in several knitted garments, or a lovely quilt and pillows of the softest down. Last week Antelope Flat sent in another quilt and Haylake another quilt and pair of lovely pillows.

It will be only a short time until there will be enough work that every Briscoe woman may have a share in preparing things for refugees as well as our own boys in service.

Recent word has been received that material has been shipped for making 186 girls blouses and 144 girls slips

Kits for service men embarking for overseas duty is a project that has grown to such proportions that Red Cross Headquarters have assessed our chapter to make and equip 400 kits.

Kits will be needed every month. We are hopeful that one eighth of our quota can be furnished by the end of each month beginning in September. This depends on the material arriving soon. Material for these kits is furnished by Red Cross but we must have individuals to provide one dollar or more to equip these kits. One dollar is sufficient for one kit.

Jake Honea has consented to act as collector for us, so please hand him your money as soon as possible so we can get to work on this project.

Mrs. Homer Sanders

Full Length Full Strength Full Weight McCORMICK-DEERING BIG BALL TWINE

Treated Against Destruction by Insects

Place Your Twine Order Now

YOUR order for binder twine, if placed now, will greatly help us to give you better service. Come in and tell us how much twine you will need. Figure your order on the number of acres you expect to harvest, estimating that it will take about 2 1/2 pounds of twine per acre.

This will enable us to get your order in to the Harvesters Company early, and will protect you in case we should order short of the local demand.

Also, if we have the binder twine business settled early, we will be able to give you better and faster emergency machine repair service at the busy season if you need it in a hurry. Help yourself to better service by ordering your twine now!

THE ELECTION just took my breath away. The buzz-wagon will be a feeble effort this week. I was never so surprised in my life when O'Daniel carried the county — and after I had personally appealed to the great heart and throbs of the voters — my readers. Oh, well, it's alright with me — and when the Republicans get in power in Washington again, he will be the swain of the Capitol.

JUST A THOUGHT — but how would a lot of us like to be in the Solomon Islands right now? Well, we have some Briscoe County boys there no doubt. You can help by buying more bonds and this week especially by bringing in all your scrap iron.

JUST TO MAKE it a bit more interesting, there will be some extra prizes Saturday for those who can rake up some scrap iron. The Lions Club is buying one \$25 bond and the rest of the business men are kicking in for another, and there will be a drawing for the bonds Saturday afternoon at 5:00 o'clock. The only thing it takes to make you eligible is to bring in at least 25 pounds of scrap metal. If you bring in more you get a number for each additional 100 pounds. You can sell the scrap, or if it is a small amount you will probably want to dump it on the Lions Club charity pile on the corner of the square. The money from that pile will go for the USO, Boy Scouts, China Relief or some really worthwhile cause. No vote has been taken on it yet. We'd sure like to see that pile grow this week end.

ABOUT THE CHINA RELIEF money, we now have the whole sum of \$21. This week the contributors were:
John Sanders -50c
Mrs. A. L. McMurtry - \$1.00
R. E. Brookshier - 50c
Calvary Baptist Church - 1.00
We should be ashamed!

A CARD FROM Bull Durham says that he will teach in the Amarillo School System next year. That is all that Amarillo needed. Now I know for sure that it is a real BOOM town. Anyway, fun aside, Bull is a darn good teacher and coach, and deserves promotion.

MY BRAIN 'S milked dry. And speaking of milk, my heart is too full of the milk of human kindness to mention any of the really good stories that are here this

week. I wonder just where the real scene of the war is? Or could there be more than one?

AND AS A secondary afterthought — "there is a great difference between Church and Christianity."

V-MAIL SERVICE IS PROVING SUCCESS

The Post Office Department announced today that the V-Mail Service, inaugurated on June 15, 1942, is now past the experimental stage, with each week showing large increases in the number of letters mailed to American soldiers overseas.

The War Department has increased its facilities to handle promptly the volume expected in the near future.

Facilities for photographing and reproducing V-Mail to and from the United States and the British Isles, Austria, India, Hawaii and other points are now in operation. A similar service is being planned for Iceland and other points where the volume may warrant.

Pointing out that V-Mail provides a safe means of communication with members of our Armed Forces, the Post Office Department gave assurance that the film (upon which the communications are reproduced) are given the most expeditious dispatch available. Because of the small space taken up by the rolls of film, they often can be carried on ferry planes or bombers.

Every pound of weight which V-Mail is given priority in dispatchments have directed that its limited, the War and Navy Departments destinations when space is available at an effort to insure delivery of military material.

In recognition of this, and in weight can be allotted vital military material.

overseas, said the Department, means that an equivalent of patch over all other classes — including air mail — when transportation facilities under control of those departments are used.

V-Mail letter sheets have been distributed at all post offices; and have been provided all military and naval personnel at overseas points through Army and Navy

post offices and military channels. Private firms and individuals have also been permitted by the Post Office Department to reproduce letter sheets. The sheets also will be available soon to all stores selling stationery.

V-Mail Service provides for the use by patrons of a special letter sheet form which is a combination letter and envelope of uniform size and design. The patron writes his message, completes the name and address of the addressee and the return card in the space provided, folds, seals, and mails the letter in the usual manner. Patrons are warned that only the inner or letter side of V-Mail letters are photographed, and should be careful to show the complete address of the person to whom the message is sent in the panel provided therefor above the space for the message. It is preferable to print the address in large block letters. Enclosures must not be placed in letters.

When V-Mail letters are addressed to places where micro-film equipment is not in operation, the letters are transmitted to destination in original form by the most expeditious means available. Even in these instances savings in weight and space are accomplished since there are approximately 97 V-Mail letters in a pound, whereas, ordinary letters average 40 per pound.

The War, Navy and Post Office Departments all cooperated in developing this Service, largely with a view to decreasing the volume of mail to be carried overseas and providing an expeditious service.

The public is urged to use it at every opportunity.

STAMP NO. 8 GOOD FOR 5 POUNDS OF SUGAR

War Ration Stamp No. 8 will be valid for the purchase of five pounds of sugar during the ten-week period beginning August 23 and ending October 31. D. J. Northcutt, chairman of the Briscoe War Price and Rationing Board, announced.

"This is a larger amount of sugar and the ration period is longer than has been assigned for any previous stamp," Mr. Northcutt explained. "but each person will have to continue using sugar at the original rate of no more than half a pound a week to make the five-pound ration last ten weeks."

Mr. Northcutt said the allotment of five pounds on Stamp No. 8 will permit household users to buy sugar in larger packages, and also will help to dispose of five, ten and 25 pound packages.

"Packages of these sizes were put up last fall and winter before it was known rationing would be necessary," he said, "and the stores have had difficulty in disposing of these larger packages, because the ration stamps heretofore have been valid for only one or two pounds purchases. Unless the sugar in the larger packages is sold, it would have to be re-packed, and that would cause an undesirable waste of labor and materials."

Bomb 'em with JUNK

Let's blast Japan—and Germany—and Italy—with the chain lightning of destruction that can be built from the scrap in our cellars, attics and garages, on our farms and in our places of business.

Scrap iron and steel, other metals, rubber and waste materials. It will all be used to make tanks, ships, planes and the fighting weapons our boys must have. It is needed at once.

Sell it to a Junk dealer—give it to a charity or collection agency—take it yourself to the nearest collection point—or consult the Local Salvage Committee... If you live on a farm, and have found no means of disposing of your Junk, get in touch with the County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!

This message approved by Conservation Division
WAR PRODUCTION BOARD
This advertisement paid for by the American Industries Salvage Committee (representing and with funds provided by groups of leading industrial concerns).

JUNK NEEDED FOR WAR

Scrap Iron and Steel

Needed for all machines and arms of war. Fifty per cent of every tank, ship and gun is made of scrap iron and steel.

Other Metals—Rubber—Rags—Manila Rope—Burlap Bags

Needed for making bombs, fuses, binoculars, planes, tires for jeeps, gas masks, barrage balloons; wiping rags for guns; parachute flares; insulation for electric wiring.

WASTE COOKING FATS—When you get a pound or more, strain into a large tin can and sell to your meat dealer.

NEEDED ONLY IN CERTAIN LOCALITIES—Waste paper and tin cans—wanted only in certain areas, as announced locally.

NOT NEEDED (at the time)—Razor blades—glass.

Local Salvage Committee—
Otis Wilson, Chmn.; Lem Weaver, Claude Carpenter

Thanks...

TO
THE PEOPLE
OF
BRISCOE COUNTY

WORDS OF sufficient emphasis and meaning are not at my command to express the depth of gratitude for the result of the Primary just passed, electing me to the office of District and County Clerk.

I THANK my friends and neighbors and fellow-citizens—the people—for this success.

I SHALL endeavor to give the interests of all concerned in each transaction, due consideration and proper attention—the county at large—as well as the individual.

THANKING YOU many, many times, and earnestly desiring and asking the co-operation of the entire populace, collectively and individually,

I am
Yours very sincerely,

John Arnold

Wheat Crop Insurance Deadline
August 31

If you want to insure your 1943 wheat crop, you'd better hurry to your county AAA office and get your name on the dotted line; for Monday, August 31, is the last day on which applications for Federal all-risk wheat crop insurance can

be obtained under the new plan in which the producer insures his crops for the next three years, R. E. Duke, Texas wheat crop insurance supervisor, warned this week. To date 3,386 applications for insurance have been received in the state office, but several thousand more are expected. Meanwhile 1942 insured producers who had crop losses have been receiving indemnity payments. Duke reports 5,493 claims totaling 941,249 bu. have been paid to Texas producers so far.

Wheat Loan Approval
Beginning next Monday, August 31, the County Committee will only be at the AAA office three days each week for the purpose of approving wheat loans. Some

member of the Committee will be available each Monday, Wednesday, and Saturday until most of the loans are completed.

1942 Wheat Production
So far only a small percentage of the wheat producers have reported their 1942 wheat production to the AAA office. It is very important that your wheat production be reported as the AAA payments are based on the normal yield; and the normal yield is based on preceding five year historical production on each farm.

Producers Get Seven-Pound Allowance
Texas cotton farmers will receive a 7-pound per bale allowance for cotton wrapped in cotton patterns this year. The new program, under which cotton is substituted for the traditional jute wrapping is the culmination of years of intensive action by state and federal agencies to get buyers and handlers of cotton to make allowance for the additional cotton in a bale wrapped with the fabric.

Cotton patterns and ties on a 500-pound bale weigh about 14 pounds while the jute wrapper and ties weigh from 21 to 22 lbs. Fred Rennels, assistant administrative officer of the AAA in Texas, said.

The cotton bale covering not only gives a neat appearing and well protected bale, but permits the packing of more lint per bale and gives producers and opportunity to use a fabric manufactured from their own product, he explained.

The 1942 program provides for production of 4,000,000 cotton patterns which will be sold by the mills to producers at a fixed price of \$1.10 and to wholesale distributors at \$1.00 per pattern. This is close to prevailing prices for jute patterns.

What About The Old Folks?

When they're not so active anymore and spells of constipation annoy them with dizziness, heartburn, headaches, or torturing gas pains, get ADLERIKA. We have many letters from thankful users who are far past middle-age. Your druggist has ADLERIKA.

PLAINVIEW — TEXAS

Since 11,000 bales are required to make 1,000,000 cotton patterns it would take about 130,000 bales to make enough patterns to cover a 12,000,000 bale cotton crop, Rennels said.

Francis Locals

The Helping Hand Club met with Mrs. W. Y. Strickland Thursday. The afternoon was spent quilting. The next meeting will be September 3rd with Mrs. Carl Wimberly.

Mr. Charles Davis and Miss Frances Simmons of Plainview were supper guests in the C. A. Simons home Wednesday night.

Wanda Maye Wilson spent Tuesday and Wednesday with Winona Brown.

Mr. and Mrs. Scott Smithee of Amherst, Mr. and Mrs. Fred Mercer spent Sunday in the U. D. Brown home.

Mrs. Bill Price, Owayne and Billie Earl, Mrs. Bob McDaniels spent Sunday with Mrs. C. A. Simmons.

Mr. and Mrs. Sam Hicks and son of Roscoe California spent Sunday night with Mr. and Mrs. W. C. Roberson. Mrs. Hicks will be remembered here as Bertha Gollyhorn.

Mr. and Mrs. C. A. Simmons, Blonnie Gene, Mrs. U. D. Brown and Mrs. W. C. Roberson visited Mr. U. D. Brown in the Veterans Hospital in Amarillo Thursday.

Mr. and Mrs. Bood Myers went to Gatesville Friday to spend a week. Marsh Pruett went home with them after spending several months here.

Ann Brown spent Saturday night with Mary Lou Fitzgerald.

Mr. and Mrs. Bob McDaniel visited Mr. and Mrs. W. C. Roberson Sunday.

Mr. and Mrs. Allen Kellum were Amarillo visitors Monday.

CHILDREN SHOULD HAVE PHYSICAL EXAMINATION

The State Health Department urges all parents to have their children undergo a thorough physical examination before entering school next month.

The importance of such examinations can not be over-emphasized according to Dr. Geo. W. Cox, State Health Officer, who declares that the health of the child has a direct bearing on his progress in school.

"It is advisable to have school children examined several days or even weeks before school begins," Dr. Cox asserted, "so that minor ailments can be corrected and any possible serious ones placed under treatment."

Dr. Cox also advised parents to take their children to a dentist for a thorough dental check-up and cautioned that an examination of the eyes be neglected.

"In the old days it was considered only necessary to have school children provided with necessary books and some new fall clothing," Dr. Cox said, "but today we recognize that it is more important to be sure that his health has been properly safeguarded."

should be effected before a child enters school, where he spends most of his time indoors with a large group of children, which facilitates the spread of infectious diseases. The student who has been immunized and whose health is under the observation of the family physician, whose eyes have been examined for corrective treatment, and whose teeth have been cared for by a competent dentist stands a much better chance of success in school than does the student who is handicapped by one or more physical defects.

REVIVAL MEETING AT FIRST BAPTIST CHURCH

Beginning Monday Sept. 7th, revival services will begin at the First Baptist Church, with Rev. Alfred A. Brian, Pastor of the First Baptist Church, Levelland, doing the preaching. So far as it is now known, the meeting will

continue through Sept. 12th. Rev. Brian is former District Missionary for this District, and counted as one of the best pastors, preachers and evangelists in the state.

A five dollar car stamp was found in front of the Methodist Parsonage last week. Serial No. is 16647731. Owner can get the stamp from Rev. Craft at the parsonage.

NOTICE

The March of Time Study Club will meet Sept. 3 at the Home Economics Building. The year-books are now available at the home of Mrs. Anna Tidwell.

THANKS, FRIENDS!!

Just a word to say "Thank You" to my friends for their support and votes in Saturday's Election.

Congratulations, John.
