NEWS from the BOYS IN SERVICE

ENSIGN R. L. LEE, (Red to us) writes and encloses two dollars: "As you see I have moved again which doesn't make me unhappy. This is a wonderful town and Florida is beautiful. We have just been playing around for the past week waiting for more planes to arrive — British and Canadian officers say that of all the states they have heard of back home, Texas is Number One. I am flying P-47 'Wildcats' now, which make me think those planes at Corpus weren't so hot and fast after all. Ha! Give my regards to all — sincerely, Redman Lee."

L. B. LOUDERMILK has moved. He says: Please change my address as noted below. At the present I'm attending Electric Hydraulic school here in Washington two months. From here I will go on a tour of the factories which make hydraulic equipments for two months and then back to sea I suppose. Looking forward to the next paper. — L. B.

LLOYD SHERMAN writes his mother from the Guadalcanal in the Solomon Islands. Simply said everything was well with him, and sent greetings to his friends. Censorship prevented him from saying more.

EDWARD EDWARDS writes to the editor, "I am out here in the Navy now. I guess you thought I would never write but for awhile I was pretty busy, that is until I finished Boot Camp. I finished my basic training last Monday and since then I have had a very easy time. I am now in transport unit, waiting for my draft to go to school. All I have to do now is help serve meals which is a pretty big job serving 7 thousand men 3 times a day.

But one thing I can say for the Navy. I believe it is the cleanest place I have ever been in. A person can have a good time here in the camp because they have swimming pools, golf courses, bowling alleys, pool halls, and every kind of ball games, also libraries. So a person can pick his kind of sport. Everyone is at liberty from 4 o'clock in the afternoon to 9:30 at night when they blow taps and we have to be in bed by then.

I sure did enjoy my trip out here and got to see a lot of pretty country and I think most of the camps are located in pretty country, at least the four camps I have been stationed in. I have gotten several leaves to go to town but can't tell any difference from this town and any other large town, with the exception of the beach. It seems to me the town was built in the jungles because it is up hill and down all over town.

But to tell you what I think of the Navy, I sure believe it is O. K. for anyone and I believe they will enjoy everyday they are in it.

DURWOOD GRESHAM is now in the army. He is stationed at Fort Sill where he is in Bakers school.

PRESBYTERIAN NEWS
Members of the Presbyterian auxiliary who attended the meeting Monday afternoon enjoyed Mrs. Fred Lemons' genuine hospitality, as well as the worship together and a very fine program. Mrs. Sid Richards, chairman; dispatched business matters, and Mrs. Tony Burson led the Study period. Mrs. Burson and Mrs. Lemons led the Spiritual Fellowship period. Fourteen members answered roll call with Bible verses. Mrs. Burson gave a talk on "Gladness." Mrs. Bob Dickerson spoke on Alaska in relation to Missionary work. Other members contributed facts on these subjects.

Mrs. Richards dismissed the group for a pleasant social time together as Mrs. Lemons served refreshments. Those present were Mrs. R. G. Alexander, Mrs. Dean Lard, Mrs. O. T. Bundy, Mrs. Tony Burson, Mrs. True Burson, Mrs. J. E. Daniel, Mrs. Bob Dickerson, Mrs. Roy McMurry, Mrs. T. Northcutt, Mrs. Sid Richards, Mrs. Perry Thomas, Sr., Mrs. Thompson, Mrs. Clyde Thompson, and the hostess, Mrs. Fred Lemons.

Wylie Here Sunday
Rev. and Mrs. Wylie of Canyon, attended Silverton friends Sunday morning and Monday. Rev. Wylie conducted Vesper Services at Presbyterian Church Sunday evening.

ROARING SPRINGS MAN IS NEW BAPTIST PASTOR

Rev. Walter L. Brian has accepted the pastorate of the First Baptist Church here, and took up his duties here Sunday. Brian has been preaching at Roaring Springs for the past two years.

Rev. Brian and Mrs. Brian and their three daughters, Maggie Lee, Gean, and Arlene, moved here Friday to their new home. The community extends a cordial welcome to the new folks, and the First Baptist Church extends a cordial invitation to meet their new pastor at church.

WALTER L. BRIAN

their three daughters, Maggie Lee, Gean, and Arlene, moved here Friday to their new home. The community extends a cordial welcome to the new folks, and the First Baptist Church extends a cordial invitation to meet their new pastor at church.

HALLOWEEN CARNIVAL

The Senior Class will hold a carnival at the High School Auditorium, Halloween Night, October 31. Each class will have a candidate for Carnival Queen and she will be elected by a popular penny vote contest. The candidates for Queen are: Freshmen, Wilma Lee Francis; Sophomores, Mary Ruth Craft; Juniors, Lilly B. Brooks; Seniors, Dorothy McMurry. The usual booths and games will be operated by the various high school classes, and all in all, a big Halloween Party is planned.

There will be no admission and everyone is invited.

PRESIDING ELDER TO MEET WITH METHODISTS

Dr. L. N. Lipscomb, presiding elder of the Plainview District, will be at the Methodist Church here Sunday night, and will deliver the regular Sunday night sermon, according to Rev. T. G. Craft, local pastor.

The fourth quarterly conference will be held after the regular church services. All members are urged to attend the services. Remember that Sunday School starts at 10:30 A. M. The evening services are at 8:30.

School To Dismiss Friday For Scrap Day

WEST TEXAS BELIEVE IN ALL — OUT

West Texans really believe in doing their part when it comes to "joining-up" with Uncle Sams fighting men. Based on total population, the West Texas Army Recruiting and Induction District led in September volunteer enlistments in the entire Eighth Service Command. Each day sees large numbers of West Texans of all ages joining the thirteen branches of America's rapidly growing army which are open to men between the ages of 18 and 45. Some branches are also open for men up to 50.

Regardless of everything else the people of West Texas are determined to do their part in bringing about the downfall of the Axis nations as quickly as possible.

At this time special openings in all of the 13 branches of the service are available to young men of 18 and 19. The army is in urgent need of young men who are capable of action and quick thinking. The army needs young men capable of becoming officers. These special opportunities are available only to young men of 18 and 19 years of age.

Ample opportunities are also open to men of 20 to 45. Mechanics and skilled workmen are needed now to keep Uncle Sam's war machines rolling. The man who has made his living with his hands can help to win this war by working in the army at the trade he knows. There is a place for every able bodied man to serve.

This is a woman's war as well as a man's war. The women of the nation have found a definite place to serve in the Woman's Army Auxiliary Corp. Women between the ages of 21 and 45 who are in good health and of excellent character are needed NOW to replace men for combat duty.

There is a place of service for every West Texan who wants to do his part. West Texas will not let Uncle Sam down.

You can join the branch of your choice by inquiring at any one of the Army Recruiting Stations located at Odessa, Big Springs, Sweetwater, Pampa, Amarillo, Plainview, El Paso, Fort Bliss, and Lubbock.

Cuppell — Cuppell

Mrs. Leilla Maybell Cuppell and Mr. Leroy Cuppell were united in marriage Sunday evening October 18, 1942. Rev. Craft read the marriage vows.

Gene Vaughan has enlisted in the army as an Air Corps Specialist.

The kids are still after the scrap! Friday of this week, school will be dismissed and they will all be after scrap metal. They have been taking surveys and locating the scrap for several days and tomorrow, all the Junior and Senior boys with pickups or other conveyances have volunteered to haul in the scrap that the school children have located.

Silverton students will send their totals in to the Texas Salvage Committee in a contest for poundage per pupil. The three schools having the highest average will send a candidate and the principal to christen a new LIBERTY ship.

The pupils in Silverton School have as good a chance to get this honor as in any school. They are working hard. If you have some odds and ends, let them have it.

Mrs. O. Huxford of Tulia returned by plane from Sacramento, California, where she has been with her daughter Mrs. Tech Sergeant C. L. Wesley, who recently had a baby girl, who has been named Billy Ethelyne.

Mr. and Mrs. Willie West and Mr. and Mrs. George West left Friday morning for Garden City, Kansas, to visit their father Mr. W. West.

NEW ENLISTMENTS announced from the Recruiting Office at Lubbock include from Silverton, A. T. Brooks Jr., Paul Elmer Neese and Elmo Dear Baird. All have enlisted as air corps specialists. Raymond Lewis Earthman of Quitaque enlisted in the Civilian Pilot Training.

WEDDING CEREMONY FOR DOUGLAS-MCWILLIAMS

Miss Gaynelle Douglas, daughter of Mr. and Mrs. R. E. Douglas of Silverton, was united in marriage to Lieutenant Joseph F. McWilliams of Dallas and Wellington on October 12th at 8:30 in an impressive single-ring ceremony in the Travis Park Methodist Church in San Antonio, Texas. The church is a quaint old church noted for its many weddings and friendliness and is situated in the heart of the city.

Preceding the ceremony, the organist, Mrs. Harry Leap, played a group of love songs. Lucy West, a student in the University of Texas, lighted the candles. The traditional wedding march, Lohengrin, was played.

The ceremony was read by Rev. C. Reginald Hardy as the couple stood facing a lighted cross before an altar banked with palms and baskets of potted gladioli, with lighted tapers outlined in the background.

The bride was given in marriage by her brother Rex Douglas, who is a student at the University. She was attended by her cousin, Mary Katherine Douglas of Kerrville, Texas. The bridegroom was attended by his cousin, Marion Crites of San Antonio.

Wearing a turquoise blue street dress and brown accessories, the bride wore a corsage of tallies and roses. The Maid-of-Honor wore a Navy street dress with a corsage of red sweetheart roses. Miss West wore a tailored rust gaberdine suit with a corsage of white gardenias.

For something old, the bride wore an old Sweetheart Lavalier that belonged to an aunt.

Following the ceremony the party went to the Gunter Hotel where a reception was held for the wedding party in the Army and Navy room. The military motif was used in the decorations.

The table was centered with a beautiful wedding cake which was entwined with a wreath of fern and red, white and blue carnations. Red, white and blue tapers burned from crystal candle holders. Open faced sandwiches, mints, salted nuts and coffee were served to the guests. The wedding party consisted of the bride and bridegroom; Miss Katherine Douglas, of Kerrville; Miss Lucy West of Silverton; Mr. Rex Douglas of Silverton; Mr. and Mrs. M. M. Crites of San Antonio; Mr. and Mrs. Maurice Foust of San Antonio; Dr. R. Coulter of Kerrville; Captain and Mrs. Albert Osborn of San Antonio; and Barbara Ann Hazelwood of San Antonio.

Mrs. McWilliams, who was before her marriage, Miss Gaynelle Douglas, is a graduate of West Texas State College of Canyon, Texas where she was a member of Gamma Phi Sorority and Alpha Psi Omega. At the present she is employed in the Personnel Department of the Pantex Ordnance Plant in Amarillo. Previous to that, she had studied at the Pasadena Playhouse and taught in the High School at Childress, Texas and later at Skellytown.

Lt. McWilliams is now stationed at Duncan Field in San Antonio in the Quartermaster Corps. He was employed by the First State Bank of Wellington before his induction in the Army.

The couple plan to make their home in San Antonio.

LAST MINUTE RUSH

In a last minute rush, 20,000 Texans a day are applying for drivers licenses. State Police Director Homer Gerrison said today.

No old style licenses — the ones with two detachable segments — will be good after Nov. 1. The law provides that, unless the holders of these old licenses get their applications for renewal in to the mail before midnight of Nov. 1, they will have to take an examination.

So many people have waited until near the deadline to file their application that "we are just about snowed under," Drivers License Chief J. B. Draper said. While the Drivers License Division is able to issue 10,000 renewals a day it may be three or four weeks before late applicants get their licenses back.

Mrs. Annie Burlison is here for a week's visit at the McMurry home and with other friends.

Gifts For Men Overseas Must Be Mailed Nov. 1

CANNING SEASON PROGRESSES

Canning in Briscoe County has been in full swing for several weeks and continues at a high peak, Jessie May Watson, home management supervisor for the Farm Security Administration, reported.

"It's the biggest and most important canning season we've ever had," she declared. "It marks an important era in our struggle against wartime food shortages, and our canning goal this year is 50 percent over last year's all-time high."

Mrs. Watson said about 150 FSA farm wives began planning their canning budgets early last spring. They checked their canning equipment and planted foods that would be expensive or hard to get this winter — foods full of vitamins for the health of their families. These women, she said spent the summer weeding their gardens, and now they are harvesting and canning for home use the greatest stores of food that ever lined their shelves.

Greater than the cash savings — estimated at about four times the cost of producing the food — will be the effect on the health of families. Mrs. Watson believes. During the winter FSA families will eat wholesome fruits and vegetables because they are canning, on an average for each person in the family the following, which will be one quart daily per person for each of the 240 days which go to make up the 8 month non-productive period of the year: 48 quarts of tomatoes 128 quarts of assorted vegetables 64 quarts of fruit etc.

Each member of the average FSA family will also have two or three bushels of stored food. More vegetables, such as carrots, potatoes, turnips beets and so forth, will be stored this year, in the opinion of Mrs. Watson, so as to save available jars for the foods which need to be canned.

Mrs. Watson predicts a record amount of canning of meat and meat products later on this fall during the butchering season.

Sign in a cafe:

"We'll sympathize with you if your wife does; understand you; we'll hold your horse; we'll tend to your baby — but don't ask us to cash your check."

Another sign:

"Don't swear before ladies — let them swear first."

American Red Cross services to the armed forces are free. No charge can be made, at any time, for services for which the American people have given their money to the Red Cross.

Combine your daily paper subscription with the Briscoe County News and save money!

The following rules issued by the Postoffice Department in cooperation with the Army Postal Service of the War Department, apply to the mailing of Christmas parcels for members of our Armed Forces serving outside the continental United States.

TIME OF MAILING: Christmas parcels and greeting cards should be mailed during the period beginning October 1 and ending November 1, 1942, the earlier the better. Special effort will be made for delivery in time for Christmas.

SIZE AND WEIGHT: Christmas parcels shall not exceed 11 pounds in weight, nor 18 inches in length, or 42 inches in length and girth combined. However, the public has been urged to cooperate by voluntarily restricting parcels to the size of an ordinary shoebox and the weight to six pounds.

USE CARE: Remembering the great distance this mail is to be transported and the necessary storage and frequent handling it is absolutely necessary that articles be packed in substantial boxes or containers; and be covered with wrappers of sufficient strength to resist pressure of other mail. Each parcel is subject to censorship and delay may be minimized by securing covering to permit ready inspection of contents.

HOW TO ADDRESS PARCELS: Addresses must be legible. They should show in addition to the full name and address of the sender the name, rank, Army serial number, branch of service, organization, A. P. O. number of the addressee and the postoffice through which parcels are to be routed. Units located within the continental United States may be addressed direct, using name, rank, organization and location.

POSTAGE: The postage must be fully prepaid. The rate on parcels of fourth class matter (exceeding 8 ounces) being the zone rate applicable from the postoffice where mailed to the postoffice in the care of which parcels are addressed.

GREETINGS: Inscriptions such as "Merry Christmas", "Do Not Open till Christmas" and the like may be placed on the covering of the parcel if it does not interfere with the address. Cards may be enclosed and books may bear a simple dedicatory inscription.

INSURANCE and REGISTRY: Gifts of value should be insured. Articles of small size and considerable value should be sealed and sent as first-class registered mail.

MONEY ORDERS: The Army Postal Service recommends use of postal money orders to transmit gifts of money to members of Armed Forces outside the United States. These are cashed at A. P. O. in local foreign currency at rate of exchange on date of presentation.

Please get your news and ads around early next week.

BRUBS BOMAR was here on a short leave from the Navy the first of the week. He said "If you can't get these 50- and 50s to read the Briscoe County News any other way, put them in the Navy."

THERE ARE 63 men in service receiving the paper. There ought to be some war worked out so that they all could get it.

EARL CANTWELL had the misfortune to lose his forger in a circle saw at his work in Lubbock Monday. He was taking it pretty well too. He said that it could have been worse — could have been his thumb, or his hand.

San office today, fighting the war and running things in general with Homer and he told me that they had another car of lumber coming soon — a car of oak I asked him what the heck he wanted with oak and he said, "To build granaries with." Said too, that that was the only kind they could promise him for sure so he took it. Sanders is going to monkey around and spoil a lot of old traditions about barns and granaries and chicken houses. Imagine these high-flutin' old boys getting oak floors in their barns and granaries. I've seen a job of barn floors but none with oak floors. Bur back in the good old days a guy could take a barn loft with a plain floor and add enough corn meal, and just plain "corn" till it would be slick as glass.

KNEW A GUY one time that had a crippled leg. It had been broken and never set and was in an awful fix. He was standing, or weaving right in front of an open window in a barn loft, and he weaved right backwards out of the window and broke the leg again. They hustled him off to a hospital he came out with his leg as good as anybody's. That's the truth, so help me. Needless to say, that guy was, and I mean still is, a strong believer in corn, both as an anesthetic, and for the use on the barn loft floor.

BUT BACK AGAIN to Sanders and his oak floored hen houses. You can say what you want, he's a man that you farmers ought to be proud of. He has pulled strings, and threatened, and wigged around till Silverton has had about the best supply of building materials of any town I don't know how much longer his luck will last. But if Homer tells you to build your granary of oak, you can take it for granted that that's about the best available.

HE IS SO DARN certain of things, and outspoken that I am trying to get him to write this column next week, in case I am not here. I'm nearly scared, to cause he might pull the nightshift off my own back. But I doubt it and what I mean he's always got a pretty good story to spring. He gets so mad he can't talk any longer and so he springs a yarn to get his balance back again. If he writes next week — gals, watch your breath. You might have it taken right away.

WANT ADS GET results is being proven every week. Take Junior Havran (Frank to you) — he bounces in here with a 30¢ want ad on his car for sale, that was last Thursday. Today, Tuesday, he bounces faster than ever, jerks out a big check and said, "Boy, it

got results." Two weeks before he advertised a bicycle and he came over and got a paper Thursday night before they were mailed. He laid the paper down in the shop and a lady saw the ad and bought the bike. That was BEFORE THE PAPER WAS MAILED. Results? Tch! Tch!

WHY DON'T YOU try these small cost line ads. 10¢ a line is the cost and you can figure their worth, in DOLLARS.

THIS IS TUESDAY night and I came down here to do a little repair work for the lady operator. You know how helpless they are. And now it's time for her to be back from the show and here I sit. Shooting the bull. Old Shooting Sitting Bull, you might say. But don't try that one too fast.

IT MAYBE ISN'T authentic, but I hear that H. Roy Brown and T. R. Whiteside are the boys on the gas rationing board. Tch, Tch! Like I told them it's just like tossing a couple of wolves into a pen of little lambs. Just to set a good example, Brown is going to build a hitching rail in front of his store. Of all the guys in the county though, those two will top everything ever seen or heard in the rationing business. I can see T. R. Now, a guy will come in about his gasoline allowance. "M-m-m a-hem," says T. R., as he looks the old boy over. He thinks to himself, "I don't handle that brand of shirt nor that style of shoes," and aloud he says, "I'm just real sorry but that will have to do you. It will be

enough if you don't go too far from home." And Brown is planning a little deal that won't hurt anyone much and will help him a lot. He plans to issue a 3 1/2 gallon card, and take the other two quarts for himself. There might be enough that way so ever Arnold and Dward could have a little. "All we'll have to do to get some more," he says, "is to drive in the station and holler. We're rationing OFFICIALS. Got to go to Austin on business — fill'er up."

WELL, JACK JUST walked in and he was a man most glad to see. He will get out your next week's paper, while the Hahn's make their "Xmas" trip to see the folks. If you folks will get the folks, if you folks will get your copy around as early as possible it will help him a lot. T. R. Graft will help him, and probably Cooney Alexander. In fact this is going to be a co-operative project with every co-operating (I hope) but me.

I CALLED JACK the other night in Plainview. He had come home for a little while before going to enlist and I convinced him that if he waited another week, that the war wouldn't last more than a month longer than if he did. And that's the how of it.

I'LL BE SEEIN' you in a week or so—that is, if I survive 600 miles at 35 miles an hour. Mrs. Frank Havran left Wednesday for Dallas, to visit her niece who has recently had a baby.

Overstocked

Our misfortune by overstocking on these items is your good fortune. We must move part of our excess stock — so we are offering you this new Fall and Winter merchandise at drastically reduced prices. We invite you to come in and look them over!

DON'T BE FOOLED BY A FULL JUNK YARD!

Don't listen to people who say—"They can't need scrap very badly. Look at that junk yard, or the auto graveyards—

we've got plenty of scrap. And remember the last time we had a drive the stuff sat around for weeks." Tell such

people these true facts . . .

Of course the junk yards are full. They are "factories" that turn out finished scrap—sorted, broken up, soe bundled . . . ready for the mills of America. The scrap has to go through these yards, and it keeps going through fast. The auto graveyards too, are busy. They specialize in used car parts. But produce plenty of scrap as well. In June alone, these yards moved 450,000 tons of scrap. They are not to junk with 60 tons as many cars as they buy.

drives. All this scrap can't be taken away at once. The junkies can't handle it and the mills can't store it. But every pound is needed and will be used. We've got to pile it up ready for instant use at any time.

The day when all junk yards are empty, when the auto graveyards are cleaned out, when all the local scrap

stockpiles are gone—that is the day to dread. It's a day to avoid at all costs.

So remember—steel is needed to fight the war, and millions of lives depend on it. This steel is made of 50% scrap—and the mills have not enough scrap to last even 30 days longer. Don't fail to do your part in this emergency.

Get your scrap ready for the drive that starts Monday. Watch this paper for details of the big scrap drive and what you must do to begin.

CANE GRAZED WILL BE SOIL-DEPLETING

Recently the Briscoe County AAA Committee sent a recommendation to the State AAA Committee that Sweet Sorghum be al-

lowed to be grazed and still be classified as soil-conserving acreage. Below is quoted a letter received from Mr. Lester Young in answer to the above recommendation.

"In answer to your recommendation on grazing Sweet Sorghum (cane) we wish to state that cane grazed will not be classed as soil-conserving and will not help toward meeting your 20% requirement."

FARM TRANSPORTATION SIGN-UP

All farm trucks and pick-up owners having received their applications for Certificate of War

Necessity are requested to go to the ACA Office in Silverton, Texas, Oct. 22, 23, and 24 for assistance in filling out all necessary forms received by the Office of Defense Transportation.

Those who do not receive their application blanks by Oct. 24 should report to the Briscoe County Farm Transportation Committee as soon as possible in order that their names may be sent to the ODT with a request that an application be mailed.

Each person owning a "pick-up" or farm truck or a fleet of trucks will have to have a Certificate of War Necessity in order to lawfully operate their vehicles after November 15, 1942.

Mr. and Mrs. J. L. West and

There are lots of ways to work for Victory. We believe that our main job is to care for your clothes, and do it so that they will wear longer, look better, and perhaps in that small way there will be more for the boys who are doing our fighting for us. More and more, we are stressing alterations. Let us show you what we can do for that last winter's dress.

"FOR MERCY'S SAKE"

The local chapter of the Red Cross have just received 10 pounds more navy yarn. Every woman who has the time, and can knit is asked to get their yarn now.

The work on the Army Kits has been going fine and our quota for October will be met on time. The women of North Ward, Haylake, and Lakeview have responded generously in making the kits.

Great interest is being shown in the Red Cross Home Nursing class. Join the classes on Tuesday and Thursday nights at the Home EC Cottage, Between Pearl Harbor and midyear, 372,874 men and women completed home nursing courses - a 44% per cent increase over the same period of the previous year. Red Cross Home Nursing Courses place emphasis on the importance and technique of keeping well to neutralize the gap caused by the loss of nurses from the public health nursing service.

Mrs. M. C. Tull

Mr. and Mrs. J. C. Anderson and family will move this week end to Abernathy.
