Spend, Sucker, Spend

By Ralph de Castro

The last war - remember? Silk shirts! Pink ones, green ones, blue ones with white stripes—millions of them.

And silk stockings for the women - on leg that had never felt anything but cotton before. Wrist watches - rings - bracelets - hand-tailored suits - ten-dollar felt hats - better, sweeter apartments.

Then it happened! 1918 and the Armistice. The war boom petered out. In factory after factory the wheels turned slower—slower - and then stopped.

The cuffs on the silk shirts were frayed and the colors were faded—and the silk stockings were gone, and the rings and the watches were in pawn shops - and people moved back to where they'd come from. But -

"Don't let it get you down, Bud! You can't hold this country back. God's country! Don't sell America short—why with our natural resources—and the way we work -

So we started on the second lap, on the same circular track. 1923-1929. Prosperity. Nothing ever like it before in the world. Stocks—up 50 points in a week - thousands, millions—billions of dollars of profit—on paper.

STILL TRYING

RUSTY ARNOLD HAS SERIOUS HAND INJURY

Rusty Arnold had the misfortune last week to lose two fingers of his right hand last week while working for the Barnhill Construction Company. Arnold was working on the track of a heavy lifting wench.

TEACHERS CAN TAKE SUMMER JOBS

School teachers will not be prevented from taking jobs at higher pay under WMC Regulation No. 4 the "hold the line" order, nor will they endanger their regular positions by working during the summer vacation in war plants, agriculture or necessary civilian services, said Paul V. McNutt, chairman of the WBC recently.

MR AND MRS. ROY MAYFIELD SPENT SUNDAY IN TULIA WITH MR. AND MRS. JIM PERCY.

Mr and Mrs. Roy Mayfield spent Sunday in Tulia with Mr. and Mrs. Jim Percy. Donna Jean is spending the week with her cousin Lena Percy. John Ray Whitten of Tulia is spending the week with Charles Mayfield.

MRS. ROY ALLARD AND JONNI, MRS. LENA NORTHCUTT, MRS. LEM WEAVER AND MRS. GUEST SPENT TUESDAY IN AMARILLO.

Mrs. Roy Allard and Jonni, Mrs. Lena Northcutt, Mrs. Lem Weaver and Mrs. Guest spent Tuesday in Amarillo.

DOWN TOWN BIBLE SCHOOL CLASS FOR MEN

Following the example of churches in larger places, the First Baptist Church, being crowded for room, is holding the men's Sunday School class down town in the building south of the Palace Theatre lobby.

MINERALS

One of the common deficiency diseases is leg weakness, down in the back, and paralysis of the rear parts. Some people believe that this is caused by worms. It can be prevented by feeding the following mineral mixture:

- 2 lbs. limestone flour, 2 lbs. Steam Bone meal, 1 lb. of salt.

FEE REQUIREMENT

Granted good hogs and good management, about 400 pounds of feed will make 100 pounds of pork. Good pasture will reduce the amount of protein supplement required to finish a hog by about 50 per cent.

MILEAGE FROM SCRAP TIRES

To obtain additional mileage from tires that can be made serviceable with the addition of reliners, the Office of Rubber Director has excluded reusable tire carcasses from rubber scrap going to reclaiming plants.

NOTICE

The Church of Christ of Lake View will begin a meeting on Saturday night June 5th and will continue to June 13th. The Rev. Van Bonneau will preach. Everyone is invited.

MATERNITY CARE PROVIDED

Wives of men in the four lowest pay grades of the armed forces can now get maternity care plus medical, hospital, and nursing care for their babies in 23 states without cost to the family.

OUR NEIGHBOR

A Tribute in verse to Mrs. W. C. Robinson—by Nettie V. Baldwin. A sweet, loving neighbor, so Jolly and calm, She helped those around her, And also abroad.

TO OUR MANY FRIENDS

Since it would be almost impossible to express our appreciation to every individual for their kindness to us during the sickness and death of our dear wife and mother, we take this method of thanking every one of you. Also for the beautiful flowers. We hope to live in a way that we can keep all of you and add many, many more such friends as we go through life. Again we say thanks to all of you.

PAY OFF FARM DEBT

Increased revenue from crops and livestock should be used to pay off farm debt, said Secretary C. R. Wickard recently. He emphasized that the payment of outstanding obligations, along with as large an investment as possible in war bonds, is a sound protection for the future.

Mrs. W. C. Roberson Passes Away Suddenly

Howard Bigham

Miss Lola Howard, daughter of Mr. and Mrs. H. P. Howard of Silverton, became the bride of Technical Sergeant Richard L. Bigham of Charlotte, N. C., May 29, 1943, at 7:30 P. M. in the home of the bride's parents, with Rev. Arvil Richardson reading the single ring ceremony.

The bride wore a navy blue sheer crepe dress with white accessories. The couple was attended by Miss Madeline Ledwig of Lubbock and Staff Sergeant Lee O'Hare, who is stationed at the Lubbock Army Air Field.

Following the ceremony, a reception was held in the Howard home. Mrs. Bigham is a graduate of Silverton High School and is a sophomore Home Economics student at Texas Technological College.

The couple will be at home at 2304 - 15th Street, Lubbock, where the bride will continue her education. Sergeant Bigham has been stationed at Lubbock Army Air Field the past year as a technical inspector.

WEAVER DISCUSSES HOGS AND DISEASES & FEEDING

One of the common deficiency diseases is leg weakness, down in the back, and paralysis of the rear parts. Some people believe that this is caused by worms. It can be prevented by feeding the following mineral mixture:

- 2 lbs. limestone flour, 2 lbs. Steam Bone meal, 1 lb. of salt.

FEE REQUIREMENT

Granted good hogs and good management, about 400 pounds of feed will make 100 pounds of pork. Good pasture will reduce the amount of protein supplement required to finish a hog by about 50 per cent.

MILEAGE FROM SCRAP TIRES

To obtain additional mileage from tires that can be made serviceable with the addition of reliners, the Office of Rubber Director has excluded reusable tire carcasses from rubber scrap going to reclaiming plants.

NOTICE

The Church of Christ of Lake View will begin a meeting on Saturday night June 5th and will continue to June 13th. The Rev. Van Bonneau will preach. Everyone is invited.

MATERNITY CARE PROVIDED

Wives of men in the four lowest pay grades of the armed forces can now get maternity care plus medical, hospital, and nursing care for their babies in 23 states without cost to the family.

OUR NEIGHBOR

A Tribute in verse to Mrs. W. C. Robinson—by Nettie V. Baldwin. A sweet, loving neighbor, so Jolly and calm, She helped those around her, And also abroad.

THERE'S GRADY Wimberly, tusty Arnold, Frank Hunt, Tom Lamar, and maybe others -- all going around with their hands unged up, fingers off, burned, or ones broken. A lady asked Tom he other day what in the world t was that all the men around ere were reaching for -- What'er it is, Bill McCracken must ave gotten it, cause he's down in he back. Jimmie Webb got near ough to it to kick it -- and he ot a broken leg.

BACK TO BILL McCracken. He as some coal down there now, nd with the rest of his winter's rder supposed to arrive sometime n June Don't know whether or ot you have noticed, but there ill be no more coal shipped for ivilian use after July 1st Bill suggests in an ad in this paper that you get down sometimes right way and get your winter's coal. That is the one thing that Uncle

Sam wants you to hoard, and if you don't, you are liable to be out in the cold come next winter.

A LOT OF TIMES a bargain is not all that it should be, as is shown by the following -- An old boy was down here collecting for an Implement Company back in the lean years. He was pretty rough and could get money where apparently there was no money. He spent one day over in the west part of the county and the next day was over the line in Swisher. He got pretty rough with an old farmer and so the farmer got rough too. "If you'll just get out of that car, I'll whip you in a dozen different ways, you @#!-!@#X!! S. O. B." he cried. "Wait a minute, brother", broke in the collector. "You aren't offering me much of a bargain. Why just yesterday over in Briscoe County, a man offered me all that and offered to TAKE me out of the car--and I didn't even take him up."

SILLY SYMPHONY -- a harmonious discord written seldom but too often, about nothing but nothing. I believe that we folks here at home should never complain but a few more afternoons like this one might make a legal excuse for it. I just stopped in at the Sheriff's office and offered to cuss out anybody in town for nothing I usually have a fee for that kind of work. Jake had a guy in mind and told me to hop to it. I told Jake to remember that I'd be telling the guy off in Jake's name. "Well", sez Jake, "That'd be all right. And you can just take the whipping in my name too, if you want" -- some guy that Jake. . . . I talked to Lyon the people's choice, too, while at the courthouse. There was a busy man if I never saw one. He was studying up on law so he could get more guys to break 'em so he could rake in more fees. How'd you like to make your money that way--just like a buzzard waiting

his chance. Lyon is always trying to match me a fight so's he can match me double or nothing for the fine and then double or nothing for the gambling fine. Figures he'd soon be rich. . . . Coffee was in his den too. Must be going to snow. He had Little Coffee bearing down on some shorthand. The Judge dictates stuff to Evelyn and puts in all the voice that he would use if he were asking for the execution of John L. Lewis. I wonder if Little Coffee takes down what he says or that she sees out the window. I doubt if it'd make any difference cause I don't think he mails those letters anyway. . . . Cowart and Daughter absolutely saved the lives of the Briscoe County News family last week. We were about to start the grind of folding papers when in they walked and went to work. If there's anything they want that doesn't cost more than \$30.50 it's their's for the asking. . . . I'm always popping off. Now the next thing I reckon I'll be helping unload groceries. . . . That looks a little like work too. . . . The young Hahn just came in. He had been up visiting Mike Reid for a half hour. He went at two o'clock and got back at 5:30. That is the 1943 model of a war savings time half hour. . . . Kids are funny things aren't they. Take Bud Peeler. . . . The other day some little girl fell down right in front of the Utilities office. She really fell hard too, and old Bud stood there with his face a'working trying to keep from crying. I guess he knew darn well that it hurt. . . . Little Roy has a birthday this week. I've had so darn many now that I've made up my mind that there's nothing one can do about it. Barb says she is going to give me a wedding ring Helluva long time making up her mind if you ask me. I guess she has made up her mind that the marriage is going to last--or maybe she thinks I am getting too close to that fat, foolish and fractious age. . . . Any way, to tell the ruth I've always

wanted a wedding ring. . . . this jam session could go on forever, but right now I'm going to quit taxing my brain and your patience. . . . This is maybe so more tomorrow. This is just a teaser.

ONE OF THE jolliest, and friendliest ladies I have known here has left us. Mrs. W. C. Roberson has written the Francis News column for the paper for the past few years, and rain or shine, her news was always here. That was just one of the many little "extra" things she did in her community. She was a perfect example of the old saying--how does it go? -- "Living. . . not for herself alone."

WELL, THE NIGHT shift is on. I wish I was a coal miner with time on my hands--no I wouldn't want to be a coal miner right now. They have time on their hands all right--but they have something else on their hands too--it's blood. Every day that they are on strike is costing the lives of American fighting men--and it will be more so--unless the strike is ended at once--for factories must have coal--and our boys must have arms. But what seems to be more important, the miners must have more money.

THE WHOLE SET-UP is enough to curl your hair. A few months ago the F. B. I. caught some Nazis trying to enter our country. These men were executed because they were suspected of sabotage. That was right. Now we have another group and WE KNOW that they are saboteurs. But are they arrested? Convicted? No! So far they have been only mildly reprimanded. Why? Don't ask me. But it stinks.

THERE IS ONE thing on the coal strike that we are overlooking. We are all blaming Lewis--and of course he is the chief trouble maker. But the fact remains that Lewis couldn't have a strike

all by his lonesome. It isn't Lewis that is on strike--it's the miners themselves--and of course Lewis is making the most of a situation exactly to his liking.

YOU HEAR THE same thing about Hitler. Folks say, "Don't blame the German people. It's all Hitler's fault." In a way it may be. But the main thing is that Hitler came to power because he was a man who offered to lead the Germans exactly the way THEY WANTED to go--and the same thing applies to the coal strike situation.

DOESN'T IT burn you up to read where Ickes appealed to Mr. John L. Lewis to order the miners back to work. Appealed to him--begged him--our government, with our president supreme commander-in-chief ASKING a gangster like Lewis to put his men back to work. I say that it is time for FDR to use the power vested in him--regardless of how the next general election comes out.

FARM LABOR JOB ASSIGNED

Texas' 236 county agricultural agents have been assigned the of administering the farm labor program within their counties. H. H. Williamson, director of the A. and M. College Extension Service has announced.

Recruiting, training, and placement of all farm labor within the county, and of directing labor centers and the few camps for migratory workers in the state, will be among the responsibilities of the county agricultural agent. If and when war prisoners are available for farm labor in Texas this additional phase of the program also will be under the jurisdiction of the agents.

Quoting Lt. Colonel Jay L. Taylor, Panhandle rancher and business man who is the deputy administrator of the War Food Administration in charge of labor programs, Director Williamson said that "99 per cent of the program will be carried on in the State of Texas and the counties and one per cent in Washington. He emphasized, "There'll be no cotton chopped, pigs slopped or berries picked in Washington or College station. The problem and the job belong to the county."

The national farm labor act assigned the administration of the farm labor program to the Extension Services of the land grant colleges in the 48 states. President T. O. Walton of A. and M., chairman of the executive committee of the Land Grant College Association, recently pointed out that the Extension groups had not sought the program but would accept the responsibility "like good soldiers."

While farmers will not be able to obtain the type of labor to which they are accustomed, the Extension Service will help them obtain and make best use of the available workers.

OVERSEAS PARCEL POST

Packages now may be mailed to a soldier overseas if a request is received from the soldier and the envelope bearing the APO cancellation mark is presented at the time of mailing. Formerly, the approval of the commanding officer was required. Current restrictions as to weight and size of packages remain in effect.

STOCKING REGULATIONS

OPA's new regulation setting definite maximum prices on rayon stockings is based on construction which in turns governs quality. All full-fashioned rayon hosiery sold at retail must be marked

with the ceiling price and the gauge or needle count. Gauge and needle count govern wearability, not sherness. First quality, full fashioned rayon hosiery prices now range from 71 cents to \$1.31. Hosiery with special features such as "non-run", or mesh, reinforced heel, sole and welt, etc., are now priced from 98 cents to \$1.67. Irregulars, seconds and thirds are cheaper.

First quality, circular knit rayon hosiery prices range from 28 cents to 64 cents. Hosiery with special features is priced from 36 cents to 66 cents and irregulars, seconds, and thirds for less.

SUGAR SUPPLY FOR 1943

On the basis of prospective 1943 supplies of sugar, the current level of consumption in this country probably can be maintained, the War Food Administration has announced. The allocation of the prospective supply will be as follows: 1,153,000 tons for the armed forces, Lend Lease and other exports, and 4,600,000 tons

for civilian uses. The civilian uses include an estimated 2,258,000 tons for household use and home canning, and 2,342,000 tons for industrial and institutional sugar users.

KEEP 'EM ROLLING
Buy More Stamps and Bonds

There's no bull about the fact that we serve the biggest, juiciest steaks to be found anywhere along Highway 86. Try one tonight!

THE SILVERTON CAFE
Mrs. Earl Simpson, Mgr.

Order Coal Now

This is to confirm the report that you have read, that there will be no civilian coal produced after July 1st. With the coal miners out on strike, that government order regarding civilian coal is very apt to become more drastic — for our factories must run, that our boys may have fighting equipment.

We have a part of our coal on hand now, and the rest is supposed to arrive this month. We're not afraid we can't sell it... we're just afraid that some of our good friends and customers will be caught short when winter arrives.

Buy your coal and haul it now. Co-operate with the war effort and Uncle Sam says:

BUY YOUR NEXT WINTERS COAL NOW—WHILE YOU CAN!!

Silverton Co-op.

Suggestions

FROM OUR HOME SERVICE DEPARTMENT
Miss Mary Alice Crosson, Director

MONEY SAVERS

Make substitutions in recipes rather than purchase an item called for.

To make sweet milk sour, add one tablespoon vinegar to one cup of sweet milk.

One cup milk equals one-half cup canned milk plus one-half cup water.

One cup milk equals four tablespoons powdered milk plus one cup water.

Vinegar, orange juice or grapefruit juice may be used in place of lemon juice in salad dressing.

Two and one-half tablespoons cocoa plus one-half tablespoon shortening are almost equal in flavor and composition to one ounce of chocolate.

One cup bread crumbs equals three-fourths cup cracker crumbs.

TO USE LEFT-OVER WHITES OR YOLKS OF EGGS

Two yolks may be used for one egg.
Four whites may be used for two eggs.
If a white is substituted for a yolk in cakes, add one teaspoon shortening.

West Texas Gas Co.

No second chance...no other choice

FOR THOSE who fall and freeze on the lime-covered floors of the cattle cars that carry them to German labor camps—there is no other choice.

For the little children of Tepelini and Salonika and Athens who wait with swollen stomachs for the food ship that never arrives, there is nothing else to do—but wait.

For the Russian peasant with no choice but to turn his home before the Nazis reached it; for the Chinese of Nanking who suffered the terrorism of the Japs; for all of those in nameless graves and numberless cells—for all of them—there was no second chance, no other choice.

But for you—a choice still remains. For you—among all the peoples of the world, the road to freedom is still clear.

Never before have we been able to measure the price of freedom for ourselves and our children in such tangible terms. Will you help to keep the road to freedom open? Will you invest—all you can—in War Bonds?

It's not so-much to ask. Many of us are making more money than we have for years. The things we'd like to buy with that money are scarce—or unavailable. So, we're asked to loan money at good interest—\$4 for every \$3 when the Bonds mature. Money to help pay for the war—keep prices down—provide peacetime jobs and peacetime goods and a generally decent world for all of us when the war is won.

Chances are you're already in the Payroll Savings Plan—buying War Bonds—doing your bit. But don't stop there. Raise your sights. Do your best!

YOU'VE DONE YOUR BIT --- NOW DO YOUR BEST!

BOOST YOUR BOND BUYING THROUGH THE PAYROLL SAVINGS PLAN

Farm Machinery Quotas Lifted
All county quotas on rationed farm machinery were cancelled this week by the Texas USDA War Board.

Under the revised program, which goes into effect immediately eligible producers now may purchase machinery from any dealer in the state instead of restricting purchases to the county in which they carry out farming operations. They will be required, however, to locate the machinery they wish to purchase and obtain a purchase certificate from Farm Machinery Rationing Committee before making purchase. Producers are eligible for purchase certificates when their application for farm machinery and equipment is approved by local rationing committees.

Committees are not permitted to issue purchase certificates unless the machinery is first located. This procedure is to prevent issuing purchase certificates in excess of the available supply of machinery and equipment.

Under the new plan, producers wishing to purchase new machinery and equipment may make application to the Farm Machinery Rationing Committee (at the AAA office), the Committee will consider the application and, if approved will write the producer stating a purchase certificate will be issued when he has located the equipment applied for.

We do not have enough farm machinery because it takes \$1-million pounds of stock steel for a 25-thousand ton battleship... the three and a half million pounds of steel which goes into one destroyer is enough to make more than two thousand tractors and the steel that goes in to a heavy tank is enough for two hundred plows.

Officials say, "If the farmers can manage to get by with the small amount of machinery and equipment available in 1943, more farming equipment will be produced for use in 1944."

Farmers of Briscoe County have evidently come to the conclusion that steel which is used for the production of War Machines is steel well spent. Some producers are in dire need of additional farm machinery but are trying and getting the job done some way with out new machinery. Briscoe Co. Farmers and Ranchers are trying to do their part toward producing food and fiber necessary for aiding the war effort.

Mrs. R. E. Hardenburger visited friends in Silverton Monday.

THE STATE TEXAS TO:

Wylie Brashears, C. Flattum, Ed Strobel, Mrs. M. D. Carter and her husband if any, S. W. Montague, J. F. Beckner, W. A. Glass, R. B. Braly, Will Dreyer, G. R. Bruce, Fred Mitchell, M. M. Tucker, M. F. Brashears, and Belle Fluke, Lillian Fluke, Mrs. Mayme Gerdes and Fannie Robertson and their husbands, if any, J. J. Prentice, H. K. Hartley, Mrs. Ida Champion and her husband, if any, A. Svord, Carl Brask, W. P. Daily, and Frona Melton and husband, if any, their heirs and assigns, and of the unknown heirs and assigns, executors and administrators of said named parties, Defendants -

GREETING:
You are hereby commanded to be and appear before the Honorable District Court, of Briscoe County, Texas, at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this citation, same being Monday July 12, A. D. 1943, then and there to answer Plaintiffs petition, filed in said court, on the 23rd Day of May A. D. 1943 in this cause, numbered 1208, on the docket of said court, and styled,

Ether Wood, joined pro forma by her husband Floyd Wood, Plaintiff vs
Wylie Brashears, C. Flattum, Ed Strobel, Mrs. M. D. Carter, and her husband, if any, S. W. Montague, J. F. Beckner, W. A. Glass, R. B. Braly, Will Dreyer, G. R. Bruce, Fred Mitchell, M. M. Tucker, M. F. Brashears, and Belle Fluke, Lillian Fluke, Mayme Gerdes and Fannie Robertson and their husbands, if any, J. J. Prentice, H. K. Hartley, Mrs. Ida Champion and her husband, if any, A. Svord, Carl Brask, W. P. Daily, Frona Melton and husband, if any, their heirs and assigns, and their unknown heirs and assigns executors and administrators, the Federal Land Bank of Houston, Texas, the Land Bank Commissioner and A. C. Williams Trustee for said Land Bank and Land Bank Commissioner, and Troy Burson and Tony Burson, Defendants; The Nature of Plaintiffs demands are, Suit in Trespass to try Title to the following described two tracts of land, each tract being out of the N. W. 1/4 of Sec. 96, Blk. B-1, Cert 1-770, B. S. & F. in Briscoe County, Texas, and bounded on the West by the East line of the Town of Silverton, Texas; Tract No. 1, containing 42.8 acres more or less, and lying just S. of State Highway No. 86; and running E. 693 vrs; and South 348 2-3 vrs; Tract No. 2 lying along and adjoining said Highway on its N. side, extending E. along said N. side of said Highway 712 3-4 vrs, and 292 1-5 vrs, N. containing 36.2 acres more or less. Plaintiff also claims title to said land under the three, five, ten and twenty five years statute of limitation, and asks for judgment quieting her in the title and possession of said land for writ of restitution, costs of suit and such other orders as she may be entitled to.

The officer executing this writ shall promptly serve the same by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in Briscoe County Texas.

Herein fail not, but have you before said court, on the said 12th Day of July 1943 this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court in the City of Silverton Briscoe County, Texas, on this the 25th Day of May A. D. 1943.
(Seal) J. E. Arnold
Clerk District Court Briscoe County, Texas.

(Continued from Front Page)

we win by fighting won't be lost by waste.

Remember, we're at war! Dollars are needed just as much as men — to back up those men — to give your boy, your brother, or your pal the stuff he needs to beat the Axis, and come back alive.

Money wasted on foolish luxuries won't do this. Once spent, it's gone and neither you nor the boys fighting for you are any better off for the spending.

But the dollars you save in War Bonds or your savings account, will help Uncle Sam buy the guns, the tanks, the ships and the planes we must have to survive and win.

And those savings will guarantee your future — the financial future of you, your family, and the boys who are fighting for us all.

Nobody can tell you what's going to happen after the war, or its scarring effect on the nation. But somebody can tell you what will happen to you.

You can.
Make a plan and stick to it. Guarantee your own future. So many dollars every pay day into War Bonds and into your savings account.

Then come hell or high water — follow your plan. Protect your family. Build up reserves. Create a stock of money and make it grow. Your money. Your bonds. Your protection.

And the bigger stock of savings you create the better off you will be—to buy the things you'll want when the war is over—that new car—that refrigerator and radio you can't get now—things that make American life the best in the world.

Meanwhile, helping yourself, your savings money will go to work helping your country, to provide fighting equipment for your boys to lick the Axis—homes for war workers—roads, railroad equipment and ships to transport war materials from the factory to the front. Your dollars working for Victory and Peace.

So, when you save wisely, you are helping your country and your self at the same time.

Honest, now...
Could you ask for anything better?

DEHYDRATORS

Electricity offers certain definite advantages as a source of heat for home drying of fruits and vegetables, says Winifred Jones, specialist in food preservation for the A. and M. College Extension Service.

She explains that electricity is

clean and does not give off objectionable fumes. When this method is followed, the products are dried inside a cabinet where they are protected from dust, flies, and other contamination. An electrical dehydrator is convenient, requiring a minimum labor and attention and does not heat up a room appreciably.

Use of an electrical drier leaves the kitchen stove free for the normal preparation of food. It is easily portable and can be used at any time, regardless of the weather.

There are two general types of small electric dehydrators now in use, the "forced air" type and the type which depends on "gravity" for the natural circulation of the air. A small fan is necessary for operation of the first type, speeding up circulation of the air. The second type depends upon the rise of heated air through the cabinet for the drying process.

Material on the construction and operation of electric fruit and vegetable dehydrators for home use has been prepared by P. T. Montfort, research associate of the A. and M. department of agricultural engineer, and Miss Jones. This information and a leaflet on "Home Drying of Fruits and Vegetables" are available from county home demonstration agents.

peas, spinach, tomatoes, snap beans, fruit cocktail, sweet cherries, peaches, pineapple, and pineapple juice. Since the 1943 production is not known, current point values for these items will not be reduced.

REMEMBER . . . that
DRY CLEANING DEODORIZES,
AS WELL AS CLEANS YOUR
CLOTHES . . .

It's only once or twice a year that we give you THIS little reminder about hot sweaty clothing, which as you know is the really biggest problem in clothing for hot weather wear.

There's no short cut away from it — to insure against perspiration the garments must be cleaned regularly, and well. That's why we want to remind you that all garments are returned sparkling and clean and ODORLESS!

Let us care for your garments!

City Tailors

IT ISN'T GOSSIP . . .
IT'S A FACT!!

Yes the good news is out—that we are always anxious to help with your food-buying problems. Women are accepting the fact that Cowart's is the convenient and economical place to buy groceries.

- Our prices are kind to your budget,
- Our quality is kind to your taste,
- Our variety is kind to those precious points which must be carefully protected.

Let us help solve your food worries!
