

A-C JACK BURLERSON

He traded his linotype for an air plane and will start his actual flying within a few days. Burlerson, a former employee of the Briscoe County News, has been attending Cadet Training School at the University of Tennessee.

H. C. PEUGH, writes to his parents "Sunday is here once again so I have time to write.

This week will complete my basic training. Then the next week will be a twelfth corps examination period. If you don't pass it, well it's just too bad.

I guess harvest is about to get underway. When you said something about the high wages it makes me want to be in the middle of it.

Mom, I wish you would quit talking about all the nice things you are having to eat. It makes me want to go on K. P. and tell those darn cooks how to cook. But really and truly we are fed pretty good. Believe it or not we actually eat out of china, and the food is relatively good. The only thing I am short of is sleep. I don't think I'm so bad because up until a week ago I weighed the same as I did when I came into the army.

We had a fifteen mile march Wednesday afternoon with that 65 pound field pack. Out of the battalion of 1,000 men there were 120 who fell flat on their faces. And I assure you they were opt. I've never fell out of a march of any kind. I believe you have once upon a time made fun of my No. 12 feet. Well I've never had a blister. I'm not bragging but in case Doc's laughing at this, tell him to try it sometime. When we get to our area camp, you dig yourself a trench and pitch a pup tent, and by the way Doc, the shovel you carry in your pack is slightly larger than a tablespoon, that's what you dig with. Then if you're lucky you can go to bed - on a nice flush blanket using mosquito netting for cover. You bat your eyes twice in a dazed sort of way then its three o'clock and time to get up, fill the trench you dug a few minutes ago, roll your full pack in the dark. Then if your feet are sore you can inform them of the good news that they are about to have a nice quiet fifteen mile stroll back to camp. In which they will make in 2 1/2 hours. Then your back in camp to have the remainder of the day off.

They are giving furloughs starting the 3rd of July, so I don't know when mine will come. They are giving me five days at home plus traveling time."

PVT. BUSTER THOMAS writes "Dear Roy - I am in Salt Lake City and it's plenty lonesome way up here. Guess I will be going over pretty soon, but I am just living forward to getting over there and do my part, so we can all come back home once more."

VALTON CHAPPELL, who is stationed in Pampa was here on furlough over the week end.

CAPT. T. L. ANDERSON and Mrs. Anderson visited his parents and other relatives over the week end.

J. VAUDER SELF, who is stationed at San Marcos was here over the week end.

CPL. and Mrs. John E. Johnson of Laredo, Texas are the parents of a baby boy, born June 19, 1943. He has been named Freddie James and weighed 7lb and 10 oz. Mrs. Johnson is the daughter of Mr. and Mrs. Jim Baker of Austin formerly of Silverton. This little boy is the first great grandchild of Mr. and Mrs. Sim Vaughan.

Mrs. C. L. Wilson received this letter this week from a sailor, who

Lt. Orval Graham Killed In Action May 10

received the Red Cross Kit which had her name and address in it. "Dear Mrs. Wilson; I received your nice kitte bag and I am pleased to have it. The boy's in my division send their thanks also.

We shore appreciate all the things you do for us boys in service.

I want to wish you a happy Mothers Day and many more of them. It may be a little late for that, but you see on Mothers Day I was out at sea.

I am a sailor on the U. S. S. Mount Vernon and my name is Robert Payeur. I'm from Manford, Maine but I shore would like to see Texas and all those pretty girls.

I will close my letter and wish you all the best of luck. - Bob"

LOCAL MAN BUYS REGISTERED JERSEY

The registered Jersey bull recently purchased by Bailey Hill of Silverton, came from the herd of T. L. Hamilton of Abilene. The name of the animal is Vol. Jane Beauty Blonds 445420.

The whereabouts of all registered Jerseys is known and carefully watched over by The American Jersey Cattle Club, with offices in New York City. This important job is made possible thru registrations and transfers made by Jersey Breeders everywhere.

Tattoo identification, somewhat similar to fingerprinting, keeps individuals of this dairy breed always known.

Jerseys make up 42 per cent of all dairy cows in the United States because they produce the worlds richest milk, and because there are more Jerseys than any other breed in America, their role in National Defense is an important one. Increased production of Jersey milk guarantees the protective food needs of here and abroad.

Francis Locals

Avanelle Brown
Mr. and Mrs. Milton Frizzell are the parents of a baby girl born June 23, 1943 at Lockney. She has been named Carolyn Joyce.

Mrs. Edwin Crass and children spent Sunday in Plainview with Mr. and Mrs. Clifford Simmons.

Weekend guests in the U. D. Brown home were Mrs. Weldon Whitford of Plainview and Miss Theta Stephens.

Mrs. Grady Wimberly and Curtis spent Sunday evening with Mr. and Mrs. Cary Wimberly.

Joy Bell Brown spent Sunday with Mike Reid.

Mr. Aubrey Rowell of Phillips came Monday to visit relatives. Mrs. Rowell and children returned home with him after spending two weeks with her parents Mr. and Mrs. P. D. Jasper.

Edward Raye Strange of Amarillo is visiting relatives.

Those visiting in the U. D. Brown home Thursday evening were Mrs. Homer Strange, Mrs. Hickey Pitts, Mrs. Silas Teague and girls, Mrs. Kit Carson, Mrs. Bill Price and Billie Earl, Mrs. W. A. Stephens and Theta and Virginia Reid.

Mr. and Mrs. Silas Teague are entertaining relatives from New Mexico.

Mr. and Mrs. J. Y. Bradford of Crowell spent Sunday night with Mr. and Mrs. U. D. Brown.

The L. T. D. Club met Tuesday afternoon with Mrs. Dutch Tidwell. The "guess what", guessed by Mrs. Roy Hahn was dresser draw compartments. Mrs. Ware Fogerson drew the defense stamps. Lovely refreshments were served to Mesdames Durward Brown, Ware Fogerson, Lem Weaver, J. T. Luke, Roy Hahn, T. T. Crass, Bob Hill and Johnny Lanham.

Mr. and Mrs. H. P. Ledbetter Sr. Mr. and Mrs. Eldon Ledbetter and children of Amarillo, Mr. and Mrs. L. M. Ledbetter, Don and Ronald were dinner guests of Mr. and Mrs. Irving McJimsey Sunday.

A telegram was received Tuesday noon from the war department stating that Lieut. Orval Graham, of Quitaque, had been killed in action May 10, according to the Quitaque Post. The message followed a former report that he was missing and blasted all the hopes of his parents and friends that he was still alive and perhaps in enemy hands.

Orval was the son of Mr. and Mrs. L. E. Graham, who now live in California. He was the pilot of a heavy bomber operating out of North Africa when he failed to return from a mission over enemy territory.

Graham is the fourth fatal casualty from this county and the second one killed in action. Mr. Scott, Quitaque editor says of the tragic news:

"This sad news of his fate brings the war right into our own town and hearts, for the life of this estimable young American held many rich promises, and is only one of the many such terrible sacrifices we will be called on to make before the heathen, barbaric and insane enemy is brought to his disgraceful knees."

The Briscoe County News sympathizes very deeply with the bereaved family.

Mr. T. L. Anderson was non-aged Sunday, on his 80th birthday, with a dinner. Those enjoying the dinner were Mr. and Mrs. Fred Elliston, Mr. and Mrs. Clarence Anderson and children, Capt. T. H. Anderson and Mrs. R. L. Campbell

Miss, Naomi Rieddy of Quanah Miss Lois Gordon of Mineral Wells Dinks Moore and Othelia Ritchie Hartley, and Miss Freda Worley of Portales, N. M. were here last week to help with the Vacation Bible School at the Calvary Baptist Church. Fifty-seven children were enrolled in the school. The school was concluded with commencement exercises at the Church Friday evening.

Guests in the Judd Donnell home Sunday were Mrs. Bill Bingham, Mr. and Mrs. Shorty Donnell and Grady Lee Duckett all of Canyon, Mr. and Mrs. Robert London, Mr. and Mrs. Charles Cowart, Mr and Mrs. Bob Dickerson and Mr. and Mrs. Eugene Sedwick of San Angelo.

William Bradford and Mr. and Mrs. John Bradford of Crowell were here on business the first of the week. William visited in the Louie Reithmyer home Sunday night.

MRS. JAMES BEIN HONORED

Mrs. Jess Brannon, Mrs. Hugh Stodghill, Mrs. Richard Hill, Mrs. Shelby Haynes and Mrs. J. E. Wheelock were the charming hostesses to a miscellaneous bridal shower, Wednesday afternoon June 23, in the home of Mrs. J. S. Fisher, honoring Mrs. James Bein, the former Charlie Allard.

The groom being in the United States Army, the colors of red, white and blue were used. The lace covered tablecloth was centered with a crystal vase of white hydrangias. Red, white and blue candles in crystal holders burned at each end of the table. Tiny wedding bells fastened together with red, white and blue chains carrying the names Charlie and James were used as plate favors.

Mrs. Freeman Tate a classmate of the bride invited the guests to register and write some impression the bride had made upon them, in the red, white and blue brides book.

Mrs. Carver Monroe another classmate of the bride presided at the crystal punch bowl.

Mrs. Jimmie Stevenson a friend of the brides ushered the guests into the gift room where many lovely gifts were displayed.

Mrs. Hugh Stodghill, Mrs. J. E. Wheelock and Mrs. Jess Brannon invited the guests to the living room where they were entertained by Miss Thelma Gean Mercer with a number of popular vocal solos. As the guests left they wished the bride much happiness and all expressed themselves as having spent an enjoyable evening.

Mrs. J. B. Hoover and children of White Deer left Monday for their home after spending three weeks with Mr. and Mrs. James Patton. Mrs. Patton and Mrs. Charles Cowart took them to Tulia to get the bus.

Mr. and Mrs. Maurice Foust of Lubbock were here Sunday visiting with relatives and friends.

Mr. and Mrs. Lee Helvy McMurtry and children of Dalhart visited Mr. and Mrs. J. S. Cowser over the week end. The girls are visiting their grandparents for a few weeks.

Mr. and Mrs. Emmett Bomar and children returned to their home in New Mexico last week. Mr. and Mrs. Virgil Bomar of Pueblo, Colo. visited here last week.

Miss Clark of Rotan visited in the S. P. Brown home last week. Hank accompanied her home and also visited in Fort Worth and Dallas. Hank has received his call to report to the Marines the First.

Mrs. Carl Hawkins and Linda Kay of Lubbock spent Sunday with her sister Mrs. R. C. Bomar and Raymond.

WEEK OF RAIN AND FOG SLOWS HARVEST

Briscoe County's harvest has been slowed by rain that totaled 2.53 inches since last week's paper and several days have been lost. Last Thursday, Silverton and near-vicinity received 1.64 inches in a hard dashing rain that extended over only a small area. Tuesday morning a slow steady downfall brought .89 inches. As much harvest delay has been caused by the damp and foggy weather as by the rain itself.

.41 inches was received here on June 14th along with considerable hail, and the June total of rainfall was nearly three inches, 2.94, to use the exacting figures of Ray Bomar, observer.

Cars have been received for a considerable amount of 1942 wheat that was stored, and a lot of new wheat that had been piled on the ground has been taken care of.

No report was obtained this week from the elevators as to the total amount of wheat brought in. These figures will be given next week if they are available.

FIRST BAPTIST CHURCH NEWS

Floyd County Workers Conference will meet with the First Baptist Church, this coming Tuesday, July 6. We are looking forward to a great day, as a good program has been planned, with some of our best speakers in the Association on the program. Lunch will be served at the church and everyone is invited to stay. We urge all of the members to attend. The First Baptist Church extends a cordial invitation to everyone to be with us.

We regret to say that too many of our church people were absent last Sunday from all of the services, for some cause or other. Some could have been over worked during these busy days of wheat harvest, others could have over slept Sunday morning, others might say that we had the Ox in the ditch. Whatever the cause, we urge that you be with us this coming Sunday in all of the services, and catch up on lost time.

A fine service was enjoyed by all that attended last Sunday evening. At the close of the preaching service, a beautiful Baptismal scene was witnessed. The candidates for baptism were Miss Lillian Brooks and Don Bomar. Come to the evening services

Mr. and Mrs. Noble Lyde of Bonham spent on Wednesday until Monday with Mr. and Mrs. Wylie Bomar. Mrs. Leo Conner returned home with them and will go to Louisiana, to see her husband who has been there on maneuvers the past month.

Billy Fay Heckman spent Friday night in the Ashel Cross home.

Pay-as-you-Go Tax Plan In Effect Today

IF YOU SWEAT - YOU NEED SALT

To help prevent heat cramps, salt should be added to the drinking water of those persons whose work is such as to cause excessive perspiration. Dr. Geo. W. Cox, State Health Officer, advises in an attempt to forestall a possible increase in the number of heat victims as the Texas thermometer hits 90 degrees and above.

Laborers, mechanics, farmers, and white collar workers whose work causes them to sweat profusely are in danger of having their body salt content become deficient, with resulting heat cramps or heat fog. Salt is a prominent constituent of sweat; the body loses as high as forty to fifty grams of salt during hot days. Workmen whose duties require muscular exertion should be especially careful to add more than the usual amount of salt to what they eat and drink.

In industry, a method of preventing heat cramps is to take a tablet of pure salt or a mixture of salt and dextrose with each drink of water. However, salt deficiency may be prevented by taking salt in various ways. Where prepared salt tablets are not available, a pinch of table salt may be added to each drink of water. Milk is a source of salt and will help to make up for the deficiency caused by sweating. Alcoholic should be avoided.

Heat cramp is characterized by pains in the abdominal region, headache and in severe cases, by nausea and vomiting. Body salt losses occur without the knowledge of the individual until there is a deficiency; then the abdominal muscles begin to cramp.

NOTICE

Certificates to renew the basic "A" Ration Books may now be obtained at any filling station. Fill our certificate and mail with your tire inspection record, back of old "A" book, and "D" part of certificate if you have purchased a tire.

20% to be Deducted from Salaries and Wages after Allowing Exemptions

The long awaited and much debated pay-as-you-go tax plan has been passed by both House and Senate, and President Roosevelt has signed the bill.

A very substantial and important part of this new bill becomes operative today July 1. The withholding tax starts July 1, and hundreds of thousands of employers have but a short while to prepare for the huge task of putting a tax withholding system into effect.

Under the new law the taxpayer whose income tax was \$50 or less in 1942 receives complete forgiveness; if he paid between \$50 and \$66.67 in 1943, then \$50 of that obligation is forgiven; and for the taxpayer who paid more than \$66.67 in '42 a 75 per cent forgiveness is granted, but he pays 12 1/2 per cent increase in taxes this year and in 1944.

From all wages and salaries earned after July 1 the employer must withhold from each pay check 20 per cent of the amount, after deducting allowed exemptions, on a weekly basis, or \$12 for a single person, \$24 for a married person and \$6 more for each dependent. Tables of deductions and withholding amounts have been prepared by the treasury and will be mailed to all employers in the near future. Under the new law the 2 per cent withheld represents a combination of the Victory Tax (at 3 per cent) and the withholding tax of 17 per cent for income tax and surtax. When an employee files his March 15 income tax return, he can take certain credits for the additional 2 per cent Victory Tax withheld from January 1 to July 1, and for money spent in purchases of War Bonds, and in paying debts and life insurance premiums.

The employer must maintain an accurate record of all taxes withheld from salaries and wages, and on January 1, statements of the total earnings and total deductions must be given the employee. The employer must also remit the money collected from the payroll deductions either monthly or quarterly, as directed by the Internal Revenue Collector. Those taxpayers who are not on payrolls, such as farmers, business and professional men, and those on salary or wages who have an income of more than \$100 from source other than salary, will be required to file declarations of their estimated 1943 income by September 15, 1943. These declarations will be filed with the Collector of Internal Revenue in the district. This estimated return will be subject to final adjustment with the returns made on March 15, 1944. After 1943 such estimated returns need be filed only on March 15, each year.

Under the new law, all single persons whose income is derived solely from salary or wages and does not exceed \$2,700 a year, and all married persons of similar source of income not on excess of \$3,500, will be on a current tax bases starting July 1, 1943. Their taxes will be kept current by the regular amounts withheld from their pay checks. All they will have to do is file a full return of 1943 income on March 15, 1944 and every March 15 thereafter. For the tax payments already made through withholding deductions these taxpayers make such deductions, then pay the small difference, or receive credit, as the case may be.

More complete information soon will be available on the entire and complicated new tax law.

PROGRAM for Floyd County Baptist Workers' Conference at the First Baptist Church July

10:00 Song Service - D. D. Bria

2:00 Brotherhood "Gods Need c Men"
H. P. Clemon
2:30 Inspirational Address - Rev. M. B. Carroll

EVERYTHING BUT RUNNING WATER

Rubber is playing an important part in the war. Not only does the modern mechanized army travel on rubber tires but many products made of rubber are used. Pictured above is a five-man boat made by The General Tire and Rubber Company with its complete equipment. This equipment consists of two tarpaulins, one used for a sail and the other for camouflage or to catch water; two long oars, one to hold the sail upright and the other to keep it spread out; a short oar for steering; a sea anchor; a boat bailer; a repair kit consisting of four bullet hole plugs, rubber cement, patches, sandpaper, pliers and scissors; a gas cylinder to inflate the boat; a hand pump for use in inflating the boat if punctured; a signal kit containing a pistol and five distress signals; seven water cans; three sea markers; nine type K rations; a flashlight; a scout knife; a police whistle; a first aid kit and a fishing kit containing hooks and lines and all other equipment needed for fishing.

AN EXCHANGE SAYS that in
the war effort on the home front
there is too much front and not
enough effort.

JULY FIRST SEES the start of
the pay-as-you-go income tax
which to most folks will be a great
deal more satisfactory than hav-
ing the 15th of March catch them
without enough money left to pay
the tax for the preceding year.
We've been paying them the hard
way and now they say it's going
to be easy, and what's more we
can rest easier in our grave be-
cause we won't owe Uncle Sam a
year of back taxes.

THE SUBSIDY PLAN for hold-
ing down prices is as unsound as
any of the screwy policies coming
out of Washington in the past few
years and that's pretty unsound.
Why not carry it out to its full
capacity? Why not have our food
commodities furnished to us FREE
and Uncle Sam make up the dif-
ference. What would be the dif-
ference — just a few more cents
a pound in subsidy — and think
of it, FREE groceries!

OUR GOVERNMENT IS a busi-
ness, the same as yours or mine,

and when the guys running it
realize that, and start treating it
as one instead of a never ending
fountain of grants and subsidies
for this and that, that much quick-
er will we start getting back on a
sound economic basis. And to fol-
low up, there will be no post-war
business unless our government
realizes that prosperity cannot be
obtained except through private
business, where one dollar can
be put to work to earn another
dollar.

COMES TUESDAY with more
rain—and right after the Briscoe
County News had announced that
it was the fastest moving harvest
in history.

COONEY ALEXANDER was in
today and was explaining the dif-
ference between the Catholic and
Protestant religions. He said that
the main thing that separated the
two main branches of religious
beliefs goes way back to the time
of Moses. One bunch believes that
Pharaoh's daughter found Moses,
in the bullrushes and the other
thinks "that was just what she
said".

MRS. MILTON DUDLEY told
me she had a sister-in-law that
was going to visit her soon and
that she had had a letter from
her. The lady takes the Briscoe
County News, and she wrote that
she wasn't coming clear across
the state without seeing the "big-
gest nut in Texas" the guy that
writes "Your Truly".

YOU SEE THERE just ain't
any just any justice. Here I am,
thinking nice sensible thoughts
for 99.9% of the time, doing good
deeds for 98% of the time and
writing history making paragraphs
for 95% (kinda blurred there
isn't it?) of the time. Yet, be-
cause I try to wax nonsensical for
less than one-tenth of one percent
of the time, by actual count I
get folks to thinking that I am
light-headed and lighter minded.
Why, I couldn't be a nut if I tried.
Nuts are rich, and I'm not. Nuts
are hard shelled, and I'm not.
Nuts are full of vitamins, energy
and so forth, and folks, whatever
it is that I'm full of, it isn't en-
ergy.

CHARLEY HERNDON, being a

man of great vision and an ex-
perienced advertiser, says that
he never saw advertising work
like it has for the elevators here.
They advertised for wheat, and
he says, "They durned sure got
wheat." There's an angle closer
to home for Chas. K. than that.
Last fall he advertised pretty well
for cotton to gin. It was his first
year here and he did the best job
of advertising of any ginner I
have known here. And, conse-
quently, if you ever saw cotton
keep coming in for as long a sea-
son, I don't know when it was.
If Charley will get in the buggy
now, this next year and increase
his advertising a little more, I
have no doubt at all, but what he
can gin cotton eleven months out
of the year. Why not twelve?
Well it takes two weeks to plant
it, and Charley needs another
two weeks for vacation once a
year.

MR. POTTER WAS just in and
renewed his paper for another
year. He has been living in the
Panhandle for 57 years and can
tell some mighty tall tales. He told
me about the first wedding out
here. Some guy moved in with an
eligible daughter and M. C. says
that every cowpuncher within
fifty miles heard of it and had to
come over on some excuse to look
the gal over. One soon had the in-
side track with the gal but not
with her old man. The young
couple wanted to get married and
the father threatened to kill the
young man if they tried it. One
day the old man had to leave home
and he told his son that if "that
danged cowpuncher" tried to leave
with his sister to kill him — and
the boy said he would. Well, sure
enough here came the cowboy. He
didn't pay much attention to the
gal and spent all his time visit-
ing her brother. They had a dug
well about 80 feet deep that need-
ed cleaning out. The boy was
gripping about having to haul the
water and the cowboy offered to
help him clean it out. Being the
lightest of the two, the girl's brother
was the one of course, who
went to the bottom of the well to
do the digging leaving the older
fellow to reel him up and down.
Well he reeled him down but he
didn't reel him up. The prospec-
tive husband hollered down the
well and said, "Well, brother you

Notice, Please

Dr. Wilson Kimble, Opt. D.
Floydada, Texas

will be out of his office from July
5th to July 15th . . . Office will be
open for repair and adjustments.

— Dr. Wilson Kimble

better holler a few times when
your Dad gets back, so he can
haul you up. I ain't got time to do
it right now, cause me and your
sister are going to get married." And
they did, and I suppose, lived
happily ever after.

THERE ARE A FEW cafes that
take up chicken raising in con-
junction with their main project
of feeding the people — but that's
what is happening at the Silverton
Cafe. If you hear a cheep now and
them from the back room it is only
a fryer announcing that he'll be
on the menu in a couple of months
That fryer has a history like you
never heard before. A couple of
weeks ago Mrs. Earl told Mr.
Earl to bring in some farm-fresh
eggs from the place and told him
just where he would find them.
And Earl did just as he was told
except that he made the slight
error of getting into the setting
hen's room in the hen house. He
brought a bucketful of nice, newly
gathered eggs to the cafe and or-
dered up a big order of boiled eggs
— because he knew the eggs were
fresh — (he had gathered them
hadn't he?) Just before they put
his eggs on to boil they heard a
cheep in the bucket and there
was a full blood Rhode Island Red
that had hatched out since he left
the farm. P. S. The price of boiled
eggs went up.

YOUR SOLES ARE JUST HALF THE SHOE

Too many folks are neglecting the
"uppers" of their shoes. We know, for
every week we half-sole many pairs of
shoes whose uppers are nearly gone.
Get a good grade of shoe cream and
use it CONSISTENTLY. It will double
the life of your shoes—as well as their
appearance. Boot tops especially, need
this extra care.

WE HAVE A FEW STARTED CHICKS

Our last hatch comes off Monday. We
took off a fine batch today and they are
not all sold. If you want chicks from ei-
ther of these hatches SEE US NOW!

See us for your poultry remedies and
feed, and bring us your poultry troubles
— we'll be glad to help you.

We Make Daily Deliveries Of ICE!!
Right Across From the Post Office

We Want More Wheat

We hope that you boys aren't getting
tired of our hollering "More Wheat".
We really appreciate the way you are
patronizing this elevator this harvest.
We've had a little hard weather the past
few days, hard on all of us—but you can
count on us to do everything possible to
facilitate the marketing or storing of
your crop.

We'll buy your crop at the day's high-
est price, or we'll store it for you.

WE STILL WANT YOUR WHEAT!

Investigate Us

We urge that you investigate this farmers' co-op. Join
in with your neighbors by becoming a member. We paid
a 2-cent patronage dividend on wheat handled in 1940,
1941, and 1942 — We believe we can net you more
money on your wheat!

Silverton Co-Op.

GENE WORLEY TELLS OF CONGRESSIONAL DOINGS

There was deep-seated resentment in both House and Senate when the President vetoed the anti-strike bill. There are many members of this body who served in the last war, others who have sons and relatives in this war and several members who have seen active duty in the present conflict. All of them know how deeply the boys on the battle front resent strikes which will curtail the sup-

ply of weapons they must have to protect their own lives and to vanquish the enemy. These members profoundly believe that the anti-strike bill will meet the labor crisis. Congress voted to override the President's veto by the necessary two-thirds vote. In the Senate the vote was 56 to 25; in the house 244 to 108.

Congress as a whole, and the nation as well, appreciate the excellent work which the very great majority of labor, organized and unorganized, is doing in the war.

Provisions of the bill were not aimed at these loyal and conscientious workers but at the few who are causing all of the trouble. The largest appropriation bill ever to come before Congress was passed this week, giving \$71,000,000 to the War Department for the 1944 budget. The vote was unanimous.

In hearings conducted by the sub-committee of the appropriations group, it was brought out that the cost of equipping one ground force infantry soldier, both as to individual and organization equipment (complete with rifle and other weapons) is \$299.47. Money from war bonds is being used to make the American soldier the best fed, best equipped and best trained soldier in the world. Your money is also being used to maintain the finest and best equipped medical department of any army in the world. This means that our boys have a much better chance to recovery, if wounded, than any soldier has ever had.

The mothers and fathers of service men can rest assured that every effort is being made to provide their boy the best possible medical care. First aid kits contain sulfadiazine tablets to be taken internally and a sulfa powder for his wounds to prevent infection. Records show that more than 97 per cent of our wounded men have recovered.

It is interesting to note that as weapons become deadlier armies

fight farther apart. Major General James Magee, surgeon general, states that in the Civil War soldiers generally fought 100 yards apart, now they are fighting 15 miles apart — hand to hand combat, of course, is another matter, says General Magee.

Local Happenings

Harley Chappell of Dalhart spent the week end here with his parents.

Mr. and Mrs. Roy Hahn and Collin were in Plainview Saturday evening.

AMBULANCE SERVICE
DAY OR NIGHT
T. C. and D. O. BOMAR

AFTER THEY'RE GONE!

With hired help scarce, it's more important than ever to keep your McCormick-Deering Tractor and Farm Equipment in good condition. When you do your part, your machines will do theirs. And when you need the help of an expert serviceman, call us.

We've all got to work together—and keep working together—to produce the food that will "win the war and write the peace."

WE'VE ALL GOT TO WORK—TO WIN

Harvest Time Is Hurry Time

Yes, you are in a rush this harvest and time is more valuable than ever before. You can save a little of that valuable time if you let us care for your clothes.

We have many customers, who leave it strictly to us to keep their wardrobe in order. Besides guaranteeing you complete satisfaction in cleaning and pressing, we specialize in alterations of all kinds, and at a very nominal charge.

You'll Go A Long Way Before You Find Better Service or Lower Prices Than You'll Find At The City Tailors.

One of our greatest problems is that of HANGERS. If you want your suit delivered on a hanger, it is absolutely necessary to bring your hanger. Those hangers have "gone to war" you know, along with dozens of other everyday articles.

City Tailors

Harvest Eatables

Harvest Days are upon us and we are wishing you the best yield ever. People of Silvertown and vicinity have been buying their harvest groceries at Cowart's for nearly a half century and have saved money by doing it.

It's a lot different this year because of food rationing. If you have extra hands to feed you may obtain extra ration points for harvest.

We'll be glad to furnish you with your harvest groceries and at the very lowest possible prices.

We want your business, not only at harvest, but every day in the year.

Cowart Grocery

SUNDAY is the Fourth of July

And how different it will be from many we have seen in the past—trips—celebrations—parades and fireworks.

This Fourth we have the fireworks, and they're the real thing too, with millions of Young Americans using them and learning to use them.

And so, while these boys are risking their lives for our liberty that we have always taken so complacently and celebrated so freely . . . Is it asking too much of us as Americans, that we pledge ourselves to support those boys, with hard work, and bonds and more bonds?

This Fourth Really Celebrate

— Buy An Extra Bond for Victory

Willson & Son Lumber Co.
Silvertown, Texas

This is a personal invitation to eat more often at the Hotel. Fried chicken — fresh vegetables. . . Everything it takes for a real old-fashioned family meal.

You can save with a meal ticket book.

Silvertown Hotel

Mrs. P. E. C. Cowart of Chicago, arrived Monday for a few days visit.

Mrs. C. L. Dunn and son of Lubbock spent Sunday with Mrs. W. Allard.

Billy Don Stevenson spent the week end with the Cowsars.

Miss Leota Rampy has finished her Home Economics work for the summer and left Sunday for her home in Clarendon.

Mrs. W. Coffee Jr. and Mrs. Tom Bomar were in Childress on Monday.

Mrs. H. G. Finley is in Quitaque this week, running the Finley Store there while Mrs. Miller is having her vacation.

Ruby and Opal West, Freda Wimberly, Fay Davis, Edith Stanford, Wilma Lee and Garland Cis and Carlyn and June West enjoyed a swimming party at the theatre Saturday afternoon in Plainview.
