BRISCOE COUNTY NEWS

Thursday, March 9, 1944 Published Weekly at Silverton, Texas Volume XXXVI Number 47

The Rampley Brothers

... PVT. O. C. RAMPLEY, son of Mr. and Mrs. H. P. Rampley has been in the Marine Corps nearly a year. He is attending Officers Candidate School in South Carolina. His work leads to a commission in the Marines. He enlisted from W. T. S. T. C. at Canyon, where he held down a regular position as guard for three seasons.

... BILLY RAMPLEY, another son of Mr. and Mrs. H. P. Rampley, chose the Merchant Marines. He has been in service for a little more than a year and has been in dozens of foreign ports and has virtually "sailed the seven seas." He was here recently on rest leave and recuperating from a touch of malaria fever.

COUNTY CONGRATULATED ON FOURTH WAR LOAN EFFORTS

H. S. Sanders, Chairman of the War Finance Committee, has received letters of congratulation for the people of Briscoe County from Mr. Nathan Adams, State Chairman and C. M. Smith, Regional Manager. Smith said, "We have been very proud of the record of Briscoe County, both on total sales and especially of E Bond sales. Due to such fine work our region was leading the State in the last official report, in percentage of both total sales, and E Bond sales. The total amount credited to Briscoe County as of February 26 was \$171,614.00. E Bond sales amounted to \$101,400.00."

FINAL — Mr. Sanders has just received the final tabulation of bond sales for the 4th War Loan. It shows a total of \$182,232.75, for bonds of all types. Of this amount, Series E bond sales were \$102,018.75 which is a particularly fine record for the individual bond buyers.

Nathan Adams, after sending congratulations to the people of Briscoe County, said, "I know that your committee went 'all out' on this campaign and I wish we could give you a well-deserved rest, but Texas has been assigned a quota for March of \$30,100,000, and Briscoe County's part of that amount is \$11,100,000. We have proved beyond question that we have the ability to do our part in War Loan drives. Now let's show our boys on the fighting fronts that we can make our regular monthly quotas also."

Inquiries at banks and post-offices show that very few bonds are being bought this month. Compared to the Fourth War Loan quota, \$11,100 is not much, but it takes an awful lot of small bonds to make it. Have you bought a bond this month?

Mrs. Roy Houston and Mrs. Algie Turner and son of Turkey visited last Thursday with Mr. and Mrs. Jeff Simpson.

Mr. and Mrs. Hubert Hall of Memphis spent Sunday with Mr. and Mrs. Berton Hughes.

WANT-ADS

Mrs. Clyde Wright returned home last week from Hutchinson, Kans.

I am the Red Cross

I send myself to stand beside my soldier as long as he needs my help.
I would go if I could, to be there with him.
I would cheer him when homesickness pulls him down.
I would try to make him forget the horror he has witnessed.
I would take his worries on my shoulders and relieve his mind of fear for the welfare of those at home.
I would give him comforts, things not expected at the time and place, and precious on that account.
If my soldier were taken prisoner I would see that he got extra foods, warm clothing, and needed medicines.
If he were wounded I would furnish my blood to save his life, and surgical dressings to bind his wounds.
I would be beside him in the hospital to give him comfort and make the hours less long.
If he were crippled I would help him adjust himself to his new and smaller world, and were he discharged for disability I would seek to safeguard his interests and see him and the family through any difficulty.
I am needed to do these things. I can do them—for I am the Red Cross.
By my generous gift to the Red Cross War Fund I do them all. This is my share.

JUNIOR PLAY MARCH 10th

The Junior Play, "Don't Take My Penny", will be presented the night of Friday, March 10. The show will start promptly at 8:30 P. M.

The public is earnestly invited to come out to the entertainment. Per tradition, the proceeds go to financing the Junior-Senior Banquet the big event of the year.

"Don't Take My Penny" is a three-act comedy with lots of laughs especially when Kerry (Clovie Hill) goes to drastic means to save "his Penny".

Sally (Irma B. Folley) interrupts a very important meeting to declare important news—Nellie the hen laid an egg!

You won't want to miss this riot of fun including a generous cast: Irma B. Folley, Mary Ruth Craft, Jackie McDaniels, Betty Jean Sumpter, Nina Zell Cantrell, D. L. Young, J. L. Self, Roma Lee Clemmer, Ruby Jo Neatherlin, Clovis Hill, Gene Dickenson, Donald West, Jack Snowden, Frances Tension, Wilford Brooks Elvirana Wesley and Claud Spilman

PRESBYTERIAN AUXILIARY HAS ALL DAY MEETING

The ladies of the Presbyterian Auxiliary met in the church Monday morning at 10:30 for an all day meeting.

The Home Mission book, "We Who Are America" by Kenneth D. Miller was studied. Mrs. D. T. Northcutt was leader for the day, she gave the first chapter of the book. Other chapters were given by Mesdames Sid Richards, O. T. Bundy, Gordon Alexander, Clyde Wright and Jim Stevenson.

The devotionals were conducted by Mrs. O. T. Bundy. Morning devotionals were sentence prayers for the needy and stricken people of the world. In the afternoon the devotional subject was "Peace". Mrs. Clyde Wright led the special prayer.

At noon lunch of sandwiches, cookies and coffee was served to all.

Mrs. Clyde Wright presided at the business session held in the afternoon. At this meeting plans were completed to send in reports on years work, to the District Presbyterian officers.

The following attended the all day meeting, Mesdames Roy McMurry, Allie Snowden, Sid Richards, Kemp Thompson, D. T. Northcutt, Dan Wulfman, Clyde Wright, True Burson, Jim Stevenson, O. T. Bundy and Gordon Alexander.

1925 STUDY CLUB

The 1925 Study Club will meet in its regular meeting Wednesday March 15 with Mrs. Clyde Wright. Subject of the program is "Science and Invention."

Mrs. O. T. Bundy will lead the lesson.
Roll call: New trends in science and inventions.
Dr. George Carver - Mrs. True Burson
Madam Curie - Mrs. Gordon Alexander
Thomas Edison - Mrs. O. T. Bundy.

Miss Lila McDorman fell last week while coming to her work at the AAA office and fractured her arm at the wrist.

Mrs. Sid Pace of Littlefield is visiting her father J. W. Tolbert.

Silverton May Have Cold Storage Plant

JOE JENNINGS SETS FORTH VIEWS TO VOTERS OF 120TH REPRESENTATIVE DISTRICT

In announcing as a candidate for representative from the 120th legislative district, I do so with the fullest realization of the importance of this position in our state government and of the duties incumbent upon our legislators. Of the three departments of state, the legislative is the most important in our government, since it is the legislature that formulates the policies of government and exercises full control over the state's financial structure. Through the State Tax Board it fixes our tax rates and is responsible for the expenditure of the peoples' tax money; it enacts laws and repeals laws. On account of the broad powers of the Legislature it is more important even than the office of Governor.

The Briscoe County News is this week authorized to announce the candidacy of Mrs. Eleanora Sample for the office of County Treasurer of Briscoe County. Mrs. Sample has lived in Silverton seven years, and is now employed at the County Clerk's office. She has had considerable clerical experience, and says that she believes herself capable of giving satisfaction in the office she seeks.

In her personal message to the voters she says:
To the Voters of Briscoe County After considerable thought, I have decided to make the race for the office of County Treasurer, and I take this means of announcing my candidacy, and to ask for your vote and support in the coming Democratic Primary.

I have a high school education, and a year's training at Draughon's Business College. I have been working at the County Clerk's office for the past year. Before that I was librarian at the Silverton School. I believe that my experience and training will enable me to handle the office in an efficient manner.

I have lived here in Silverton for the past seven years, and have been a resident of Texas 26 years. I have many friends and acquaintances here, and to those who are not personally acquainted with me, I feel sure that my friends will give me a recommendation, as to my background, character and ability.

I will appreciate your acquaintance. I may be unable to visit you personally, because of the transportation problems, but I want you to consider this as a personal solicitation of your vote and support.
Yours sincerely,
Mrs. Eleanora Sample

18 OUT OF 21 PASS PHYSICAL

Eighteen men on the physical-one sent last week for their physical examination at Lubbock passed. They are Willie Everhart, Ollie Everhart, Navy; Jack Bradley, Clarence C. Barclay, Albert H. Womack, Haskell O. Jackson, Navy; Armour D. McWilliams, Herman reeman, Carl E. Yocum, Larnee McCain, Navy, Orval Gene Rowell Billy B. Hall, Von Chandler, Navy, Loyd A. May, Charles P. McLeland, James S. Gilkeyson, Wm. H. McIntyre and Buter Snodgrass. Those not marked Navy are in the Army.

MAGIC PROGRAM MARCH 16 SAN JACINTO SCHOOL

"Mindano, The Mystic" and his company will present an evenings entertainment at the San Jacinto School House March 16th at 8:30 o'clock. Admission will be adults 25c and children 15c. If you enjoy magic don't miss this evenings entertainment.

Jack Sloan of San Diego has been visiting Mr. and Mrs. Printz Brown, prior to his induction into the Army Air Corp. Mr. and Mrs. Brown took him to Amarillo Tuesday to catch the train and also attended the Stock Show.

Mr. and Mrs. Allen Heard of Tullia were in Silverton on business Thursday.
Buy Another Bond Today.

Silverton will have a cold storage plant, in the future, if folks want it, according to Bert Northcutt, who was here Friday of last week. Mr. Northcutt and J. E. Henderson came down from Whitedeer, ready (they thought) to start building a 300-box locker system. They found it was not that easy, and the priorities and so forth must be obtained.

To obtain government permission to build, they must show the need of the plant, and must have 60% of the boxes rented before the priority is granted. This list of 180 customers must go to Washington and we accepted before a stone can be turned. However, officials assure them that there will be no difficulty in getting the permit, if the required number of names is sent in.

The men are going ahead with the plans for a plant, and here is the plan they are working on.

The rent, per year on the lockers runs from \$10 to \$12 per year, depending upon the box you choose. The contract has been left with Mr. Jake Carthel at the Conoco Station. If you want the locker plant in Silverton and want a box, see him at once. The money will not be used, but will be put in escrow at the First National Bank for six months. If the plant is not in operation by that time, your money will be returned.

The cold storage plant will be built according to standard specifications with 300 standard size boxes, together with the fast freezing compartment, and facilities for cutting and wrapping your meats. The price of your box is determined by its location. All boxes will be of the same size.

The important thing in signing in advance is to help Northcutt and Henderson obtain the permit to build. At stated above, 180 boxes must be signed for in advance. One-third of this number have already been taken, according to Carthel, although he has been unable to spend much personal time on it. Several have dropped him a card and told them to put their name on the list for a box. This cannot be done, as the personal signatures are needed on the contract before it is acceptable at Washington.

The signed contract must be handled through the local ACA office. The men are ready to build if you are interested in a locker box see Mr. Carthel at once, in order to obtain a god location, and to get the work started on the plant as soon as possible.

CALVARY BAPTIST TO HOLD MEETING

The Calvary Baptist Church will hold a meeting beginning on Monday night March 13th and continuing through March 19th.

The Reverend A. C. Hamilton Jr. of Margaret, Texas will have charge of the meetings. The public is cordially invited to attend each and every service.

Buy More Stamps and Bonds

Like To Feel Important?

YOU'LL BE important—to your country, and to your fighting men—if you take over a vital job in the Army.

In the Women's Army Corps you'll get expert Army training that may pave the way to a postwar career. You'll have a chance to improve your skill or learn a new one—to meet new people, see new places, have experiences you'll remember all your life.

Get full details about the WAC at any U. S. Recruiting Station. Or write for interesting booklet. Address: The Adjutant General, 4415 Munitions Bldg., Washington, 25, D. C. (Women in essential industry must have release from their employer or the U. S. Employment Service.)

WALTER ALLARD, JR., son of Mr. and Mrs. W. Allard, is one of the boys who are dealing the Japs such misery in the Pacific. He is serving aboard a United States Submarine. He is at sea now and his last letter was dated December 1st. If "Buster" plays any rougher at this game of hunting Japs than he did at football here at Silverton, the Japs better duck. He is married with one child.

TONY DENHAM writes from Camp Fannin of maneuvers and what training they receive. "I am sitting here just waiting for next Monday to get around. Yop know we go on "Bivouac" then. We will out 13 days. Sleeping in "pup" tents and fox holes. They tell me it is pretty rough, but it can't be much rougher than it has already been. But still it is a little rough.

Do you want to know a little about it? Well that is where we get our village fighting, crawl under the machine gun fire, and heavy anti air craft fire. Crawling under the machine gun fire is going to be a little hot. It is only 18 inches above the ground. That is all the clearance we have. Only 8 inches between your back and the bullets.

We took our first check over for overseas duty. I was O. K. in everything. We have another when we come off "Bivouac". I don't know what will happen then. There were 32 out of 208 in our company that could not pass. But I think they will be alright specially when our 17 weeks are up. Boy after you spend 17 weeks in this place if you're dead, then you can stand anything.

We will all be leaving in about two weeks. Most of them will go overseas. But I will go to Fort Benning, Ga. for some more basic training, but only for 4 weeks. Then I will get to come home and see all you folks."

This is a letter Mrs. Berton Hughes received from her brother Mc. C. H. Renfro 4th Marine Division: "Dear Sis and family, I will try to make a half way letter out of this; there isn't much to write. I was in the raid on the Marshall Islands on the islands of Namour, am O. K. and feeling fine. The Red Cross sure is good to us. If you're helping them, you are not losing anything.

I guess Berton has already gone to the Army, hasn't he? And how that little boy? I bet he sure is getting cute now. I sure would like to see him.

Tell Grace and all of them hello to me.

There isn't much to write about. I will sign off. I will try to write another letter soon. Your brother, Raymond H. Renfro."

J. W. FOUST, writes "Dear Roy: I am now at San Antonio, Texas and will not be here long so stop by paper until I let you know my new address. I had a little more rough luck. I washed out on my physical. My eyes tested 20-50 and correctable to 20-30 with glasses. I was recommended for aircrew in-combat duty. The classification officer said that I would go to aircraft mechanics school and eventually will get aerial engineer on Air Transport command. That won't be so bad, but I had quite rather fly. I got 10 hours while I was in C. T. D. and it was a lot of fun. I surely wish I could continue it. The standards are being raised every day for Cadets. They must not need them very much. All the eye tests have been passed since I've been here but I guess you can't tell what the Army is going to do next. I don't know any news so I'll sign off."

SAY, THERE AREN'T as many
big liars in this community as I
thought. Haven't gotten very many
answers on the "tall tale" con-
test. There's nothing to it. Just
write a big "windy" and of less
than 200 words. It's as liable to
win the \$10 cash prize as any.
The best of the stories will be
printed the last of this month.

I BARRED MYSELF from enter-
ing because of my reputation;

ROY TEETER SAYS

"The guy that does not believe
in Life Insurance should die
once without any and see how
it feels. . . I'll guarantee that
he won't do it again".

Seriously, how are you fixed for insur-
ance? Is your family fully protected?

— ROY TEETER

and now that I think of it I ought
to bar M. C. Potter too. He told
me that he had an idee running
around in his mind that he thought
would win. If it's any bigger than
that one he told about the cow-
boy locking the boy up at the
bottom of the well, it ought to be
the winner. The trouble with M.
C. is that he tells those things for
the truth. He was out here so darn
long before anyone else, that you
can't prove but what they are so.

ANYWAY, I'LL TAKE his en-
try, and yours too, if you'll just
get it ready. That ten bucks is
burning my pocket, and I don't
mean perhaps.

NEWS ITEM - T. R. Whieside
attended the Amarillo Livestock
Show in Lubbock Wednesday.

I HAVE A VERY interesting
story from Marine Headquarters
telling of Garner Guests part in
wiping out the last 156 Japs on
Tarawa. It will be published next
week.

I'M STILL WANTING pictures
of the men in service. It costs a
dollar and a quarter to have the
printing cut made. Bring in the
pictures. Many folks have told me
that that was the most interesting
part of the paper.

"WANT ADS pay, Roy" writes
Mazie Allen. Print me a box of
your nicest stationery that you
have been raving about; and also
100 calling cards." That is very
much appreciated—especially as
print shops are probably as thick
as flies, back there where Mazie
is living.

VITAMINS FOR VICTORY

That is the title of the story that
I am about to relate. . . I was o-
ver at Heard and Jones the other
day waiting for Barb to get out of
the dentist's chair. I was talking
to Mrs. R. V. Miller, who is clerk-
ing at the drug store. While I was
standing there an old boy came
up and said he wanted some Vita-
min B. My, you should have seen
the little girl go to work. She took
him over to the show case, and
started getting out the Vitamin
pills. She read the directions and
minutely described the effects and
after effects of each brand. The
old boy was a wolf for punishment
or else he liked the sound of her
voice. After about five minutes
of peppy sales talk, he got around
to say, "No, the kind I want comes
in a bottle". Whew! Talk about
reaction. If her husband wasn't
so darn big, and mean natured on
top of that, I would have offered
her my shoulder. It probably
wouldn't have worked out so well
anyway, for she was so flabber-
gasted that she might have mis-
taken my intentions too. It's a
cinch nearly, that she would have
I am sure that her first Vitamin
B customer aroused something in
her that wasn't the maternal in-
stinct.

BILL MILLER, of the Spearman
Reporter, has been discharged
from the Army and is again grind-
ing out the Spearman paper. In
typical style he blasted at Gene
Howe and Lewis Nordyke of the
Amarillo News, accusing them of
mis-reporting the Democratic
Washington's birthday dinner in
Dallas recently. Among other
things in his blustering harangue
this paragraph stood out. . . "you
can call'em Bureaucrats, Tommy-
crats, or what not—but you can't
shake the faith of a once impover-
ished Southwestern people in the
party that's brought them in to the
greatest era of prosperity we ever
dreamed of. . ."

MR. MILLER FAILS to expand
upon that era of "prosperity", in
that he overlooks two facts, 1. The
money that is making this "pros-
perity" is war money—blood
money for creating instruments of
death. It's a "prosperity" that ex-
tends here at home only, not to the
millions of men who are using
those instruments in an effort to
save our nation from destruction.

It's temporary "prosperity", that
every sane minded American
hopes will end as son as possible.

2. He fails to remind you that
this "prosperity" is not paid for.
It's a "prosperity" that puts us to
within 250 billions of the starting
point. That is a peculiar way of
being prosperous. It's like the guy
that trades in his jallopy on a big
fine car. It is a wonderful and ex-
hilarating sensation to drive this
car, and watch the people stare in
wonder and surprise. Comes the
inevitable—the car must be paid
for or else. He hasn't the money.
The finance company takes the
fine car. He is back where he
started only further—he hasn't
even the jallopy.

THAT SHOULD be enough for
me to say about an article that is
none of my darn business in the
first place, an article that I sus-
pect was written as much as any-
thing to let people know that Hon-
est Bill was home again.

DON'T LET ROY Teeter mis-
lead you with any story that he
might tell you about how he got
his arm broke. I talked to an old
boy that talked to an old boy that
was there at the time and I know
exactly how it happened. A fel-

low from under the Cap got to
twisting his arm for more gaso-
line. Old Teeter stayed with him
too, and was still saying, "No, no"
when the doctor set the arm.

FREEMAN TATE'S kid is really
growing up. She had her hair up
one day last week, and you know
how it is with these kids. The
next thing will probably be high
heeled shoes.

THE COMMUNITY OWES a
vote of thanks to the officers of
the Silverton National Farm Loan
Association. After battling the
Federal Land Bank of Houston
for several months, they have won
out on the right to keep the Sil-
verton office open. The Federal
Land Bank tried every possible
way to force the boys to close the
county seat office, and move the
office to Quitaque. It would have
been a big inconvenience to prob-
ably 150 members who live in this
end of the county. Apparently the
big boys thought they were up a-
gainst a bunch of country yokels
but according to a court decision
in December the local boys were
right. Incidentally, the local of-
fice, which is upstairs in the court
house now, will move by the first
of April to the building north of
the Triple-A office.

RUMOR HAS IT that 52 men
will go for their pre-induction
physical examination before April
1st. It is scuttle butt, but pretty
straight scuttle butt. . . and he
choir will now sing "Are You
Ready?"

NEXT TO A Bank, a cold stor-
age plant is needed most by this
community. We now have a chance
to have it. If you haven't rented
your locker, see Jake Carthel at
once. On the front page of this
paper I said that 60 of the boxes
had been sold. I just talked to

Jake and 71 are now gone. (Wed-
nesday night).

PATRIOTISM - Jack Haynes
told me while he was here the
last part of January that a cer-
tain lady told him that if the war
lasted three more years, they
would be pretty well fixed. Not
many of our folks. Thank God,
have that attitude. If they did the
war most certainly would NOT be
over in three more years. And to
think that she had nerve enough
to say that to a boy that led the
initial landing on Guadalcanal!

**Cold Storage
Plant Here?**

We are in a position to build a 300-box Locker Plant
in Silverton — however, there is one provision that
must be met before we have the government priority to
build.

**GOVERNMENT REGULATIONS REQUIRE THAT
60% (180 boxes) MUST BE CONTRACTED FOR
IN ADVANCE BEFORE THE PRIORITY TO
BUILD WILL BE GRANTED**

Here is our proposed plan:

Locker rent will be from \$10 to \$12 per year. If you
want a plant here, and a box, you may pay the rent
now to Mr. Jake Carthel at the Conoco Station.
The money will not be used and will be kept in es-
crow for six months at the First National Bank. If
the plant is not being built at that time, your money
will be returned. If the plant is in operation, your
locker rent is paid for one year.

The contract is ironclad and protects you in every
way. If you are interested, please act at once.
We are **READY NOW** to build, but we **MUST**
have the priority before we can do a thing further.

A. R. NORTHCUTT--J. E. HENDERSON

THANKS, FRIENDS,

I have sold my lease on the cafe to
Mrs. Jessie Hill. I found in just a few
days that my health wouldn't stand the
work. Thanks for all the nice things you
did for me, and for your nice patronage.
One thing that keeps me from feeling
too badly, is that I know that Mrs. Hill
will give you a No. One place to eat.
Thanks again!!

— MRS. GEORGE JONES

Come In

I have taken over the Jones Cafe, as
you perhaps know. I want to take this
way of telling you that you are welcome
here at all times. All of us in here now
have had a lot of experience in the cafe
business. We know that you want good
clean meals and quick service, and not
bragging, but we're just the folk that
can give you that.

The Cafe will open at 6:30 A. M., and
close at 10:00 P. M. on week days, mid-
night on Saturdays. The name of the
place will be —

Bill's Cafe

MRS JESSIE HILL

Local Happenings

Mrs. Guy Young and Don of Tulia visited Mrs. Judd Donnell Monday afternoon.
BILLY JO WOMACK arrived Monday from San Diego, Calif. to visit his wife and new daughter, and his parents Mr. and Mrs. Bruce Womack.
 Mrs. C. E. Anderson entertained Tuesday afternoon in honor of Mrs. Katherine Kiker of Houston.
 Mrs. Eunice Vardell McGowan left Saturday to work at Pantex in Amarillo.

Mrs. Raymond Bomar spent last Thursday in Lubbock with her sister Mrs. Carl Hawkins.
 Mr. and Mrs. Keltz Garrison and son of Crosbyton spent the week end with relatives.
 Mr. and Mrs. Roy Hahn and Collin were in Tulia Friday afternoon.
 Mrs. Roy Burrus and Tom Neil arrived home Sunday, after two weeks spent in Oklahoma with Mrs. Burrus's mother who is ill.
 Mrs. Lee Helvy McMurry and

daughter Toni Mac returned home from the Tulia Hospital Friday.
 Mrs. Avis Cowart is substituting in the 5th and 6th grades. Mrs. Bernice Welch has resigned to be with her husband, who is seriously ill.
 The former Essie Cowart visited here last week with many of the old timers. She is now living in Arizona.
 Mr. Brannon spent the week end with his parents, Mr. and Mrs. Jess Brannon.
 Charlene Garrison and La Verne Young spent Saturday night with Mr. and Mrs. Seymour Brannon. They all visited Mr. and Mrs. R. E. Young at South Plains on Sunday.

Joe Lynn Brannon spent last week in South Plains, with his grandparents Mr. and Mrs. R. E. Young.

Silverton Farm Loan Office To Remain In Silverton

No doubt you have recently received a letter from Mr. Sterling C. Evans, President of the Federal Land Bank of Houston, informing you that the Bank is discontinuing the servicing of your Federal Land Bank Loans through the Silverton National Farm Loan Association where your loan was made, and where you have always made your payments.

This is to advise you that this office is still being operated in Silverton, and WILL CONTINUE to operate here for your convenience.

In this connection, on December 8th, 1943, the United States Circuit Court of Appeals ruled, in part, that "If the Bank prefers, it may request direct payments, but cannot prevent the borrowers from paying through their association if they wish to". We therefore believe this shows clearly that this association can be kept here, if you, the Borrowers, choose to keep it here by recognizing it as your Association, and continue to transact your business here.

Please bear all this in mind, and come to your home office with all of your Land Bank Loan questions. The office is now located in the Court House, but after the first of April, we will be in our new location in the Montgomery Building, first door north of the AAA office.

The Federal Land Bank has been trying for months to get the Directors to agree to move this office to Quitaque, but knowing the disadvantages and hardships it would cause you, we have steadfastly refused to do so. The fact that Silverton is the county seat, where all titles of lands and records of all loans in the county are kept, and being the center of the area, together with various other reasons, substantiates our belief that this is the proper place for the office.

This office is still taking applications for new loans, will transfer old loans, and attend to all other matters incident to Federal Land Bank or Land Bank Commissioner loans originally made through this association.

Therefore, regardless of what you hear, from whatever source, just disregard it and continue to come to your home office which is now under the supervision of Mrs. Bertha Pavlicek as Secretary-Treasurer and who is well qualified to handle all business pertaining to this association.

Very truly yours,
SILVERTON NATIONAL FARM LOAN ASSOCIATION
 R. C. Hutsell, President
 R. H. Stodghill, Vice-president
 J. W. Monroe, Director
 W. R. Hardin, Director
 T. C. Bomar, Director

MAYBE...future cars with Glareless Lighting

BUT...OIL-PLATING YOUR ENGINE is like outdoing the future — today

3,965,194 people bought the "latest" cars—mostly 1941 models. Twenty-odd million cars are still older. All the probable new car orders—even if dated today—won't be quickly filled. Then what future car improvement is likely to mean more than the instant improvement of your present car's health?

The least you can do for it is to have unsuitable scratchy old Winter oil drained. But get more than an oil change; adopt the major advancement of oil that OIL-PLATES—simply by getting Conoco Nth motor oil for your indispensable Spring oil change. Conoco Nth adds protective OIL-PLATING to working parts by "magnet-like" effect. This comes from the special modern synthetic in Conoco Nth oil... at regular price.

OIL-PLATING defies engine acids. These infest every engine; they're part of every explosion. They tend to corrode metals most when your engine's driven little—not heated throughout—often re-started after full cooling. Yet even for more favorable postwar driving you'll want acid-resistant OIL-PLATING. Why not get it without waiting? Today! Simply change to Your Mileage Merchant's Conoco Nth oil for Spring. Continental Oil Company

GONOCO Nth MOTOR OIL

JAKE'S CORNER

JOE JENNINGS

(continued from front page)

I firmly believe in government strictly within the limitations of our constitutions, both state and national. I believe in government of law and not of man; in "government of the people, for the people, and by the people". I am opposed to government by bureaus, boards and commissions with powers of law, court and jury. It is my firm belief that if the constitution is to be amended that such amendments shall be enacted as provided

in the constitution. I believe in the adequate support of or government in all its necessary functions, but I am opposed to overlapping and duplicating boards and bureaus, and to those that perform no useful service to the public.

I believe in the independence of the legislative, executive, and judicial branches of government, and that there shall be no encroachment on the powers and prerogatives of one branch by another.

I believe in the uniform enforcement of courts, subject only to the

limitations of the constitution, in order that justice may be done without bias and prejudice, and strictly within the purport and provisions of the law as interpreted by the courts.

I believe in the uniform enforcement of all laws so long as they remain on the statute books, with equal rights to all and special privileges to none, and the repeal of useless and unjust laws.

I am for the adequate support of our educational institutions, both the common free schools and the institutions of higher learning, and our eleemosynary institutions, the blind, the deaf and dumb, and the insane.

I am for the adequate support of the needy aged, the blind, the crippled and underprivileged children, but I am opposed to trying to create and maintain an Utopia for any class of our citizens. Self support and self preservation are still the first laws of nature. Industry and frugality must ever be encouraged among our citizens, if we are to maintain a free, independent, and solvent government.

I am for a safe, sound, economical, and businesslike administration of our government, free from waste and extravagance. With the increasing demand upon our earnings to pay the cost of the war and to retire our national debt, state and local expenses must be held to a minimum in order to meet our obligations and to maintain a sound financial structure.

I am a firm believer in State's and individual rights with a minimum of interference and supervision necessary to proper governmental functions; also, in the good old American system of free enterprise that has made of America the greatest and richest country in the world, subject only to necessary protection against monopolies and the oppression of the weak by the strong.

This is my first time to offer for elective office, and I have made no promise to any individual, clique, or clan, and, if elected, I promise to represent my district and my state as a whole to the very best of my knowledge and ability.

On account of the gasoline and rubber shortage I know I will be unable to make an extensive campaign and, therefore, must depend upon my friends and others who would like to see me elected to assist in presenting my candidacy to the citizens of the district. Your vote and influence, I assure you, will be deeply appreciated.

Respectfully submitted,
J. W. Jennings
Lockney or Plainview, Texas

Mr. and Mrs. R. E. Stephens spent Thursday and Friday in Florent with Mr. and Mrs. Herbert Stephens.

News from Boys in Service

Continued from front page) Knox, Kentucky arrived Tuesday to visit his parents until Saturday.

Prayer: Mrs. Shelby Haynes. Season of Prayer and Meditation.

Benediction, Mrs. Paul Ledbetter.

Vigo Park News

Mr. and Mrs. H. C. Schafer received word last week that their son, George, was seriously wounded in Italy. George has been over seas two years and was in every major battle in Africa. Word from the government assures them that their son is receiving the very best medical care. We are all anxious for more news of him. George is the first to be wounded on our "Honor Roll".

Mrs. Lela Catleberry visited in Amarillo several days last week.

The Ladies made over thirty eight dollars at the sale last week. We are glad to report that Mother Jackson, found her son Crayer very much improved when she visited him last week.

Miss Lois Brown spent the week and at Plainview with her parents. Miss Betty McMurry was home this week end.

We are glad to welcome Mr. and Mrs. W. O. Tayler and son Travis to the community. They have bought the Lowe McGhee farm and are moving here from Lockney.

Mr. and Mrs. Ross Malone and son recently moved here from Crowell. Mrs. Malone is a sister of Mrs. Guy Todds.

We welcome these people and want them to come and take their places in the church and other community life.

S-Sgt. Donley Darnell is due to arrive home Wednesday of this week. Donley has been in school at Camp Richie, Maryland.

Mr. and Mrs. Leo Gardner and children visited in the Ben May home Sunday and had lunch with them.

Mrs. Leo Gardner and Mrs. Lela Catleberry visited Sunday afternoon in the G. H. Jones and the Otto Schuster homes.

Mrs. C. R. Gardner was sick last week and remained with her daughter Mrs. Hue Kelso this week.

NOTICE: Sunday March 12th, will be the First Quarterly Conference day for the Vigo Park Circuit. Dr. Will C. House, our District Superintendent will preach at the morning hour. We will have basket lunch at noon and conference in the afternoon. Everyone come who can.

Don't forget prayer meeting on Thursday night. If you believe in prayer bring your Bibles and come along; this means YOU.

Mr. and Mrs. W. J. Heims visited in the Lloyd Bullock home Sunday.

Mrs. J. L. Bice is visiting her daughter Mrs. Chester Burnett.

Mr. and Mrs. Lloyd Miller, Mr. and Mrs. Bob McNitt and children and R. G. Ciennin were guests in the Ed McMurry home Sunday.

Mr. and Mrs. Woodrow Bice and Jeanette visited in the J. M. Kemper home Monday.

Mr. Ransom Terrell of Etter, Texas was in the community on business last week.

Mr. and Mrs. Murray May, Mr. and Mrs. Lloyd Bullock and boys and Mr. and Mrs. J. H. Bice and Ernest visited in the Woodrow Bice home during the past week.

Mr. Esteen Latham installed a 500 gallon Butane tank the past week.

ROCK CREEK

Mr. and Mrs. Ernest Dickerson of Amhurst spent part of last week with their parents Mr. and Mrs. R. L. Johnson.

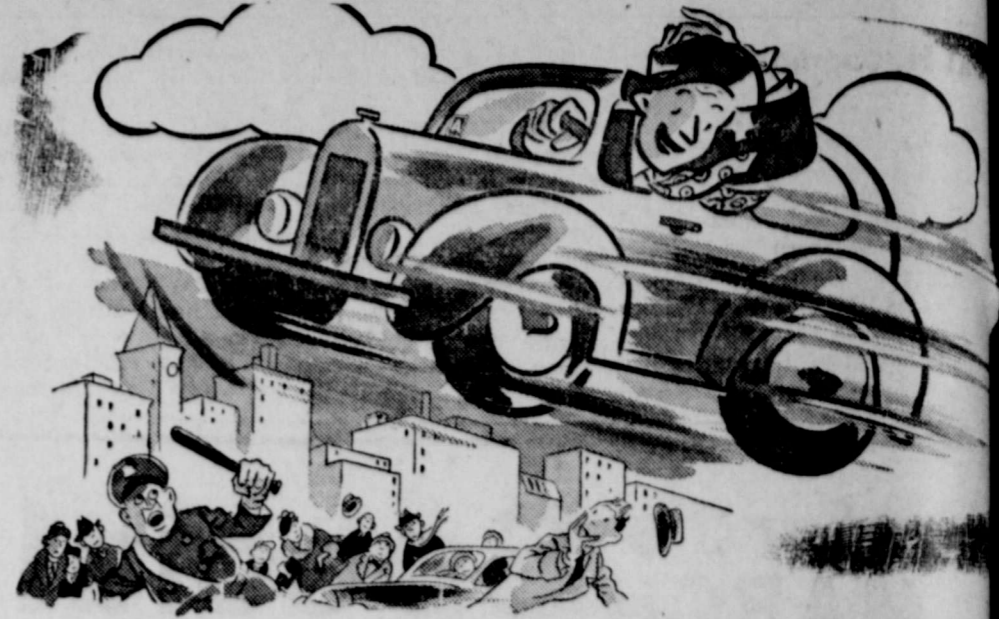

Mr. and Mrs. Wayland Fitzgerald spent Sunday in the Bob McDaniel home.

Mr. and Mrs. Joe McWaters spent Monday night in the H. L. McWaters home.

Mr. Merle Graham purchased the Q. E. Brown place last week. Don't forget the club meeting with Mrs. W. W. Reid, Tuesday March 15th.

Honor for Jean Northcutt

Miss Jean Northcutt of Silverton has been elected secretary and librarian of the Presbyterian speaking choir at Texas Technological college. The choir presented its first program Sunday evening, "To This Have I Been Born," an original

Would your car take-off and fly with 100-OCTANE GASOLINE?

"I had a strange dream last night," said the A-Card Driver. "Somehow I got a tankful of 100-octane gasoline; and when I left the gas station, my 1939 puddle-jumper had such fantastic pep and power that it took-off and sailed right over the head of the traffic cop."

Strange dream is right! Because strange as it seems, today's 100-octane aviation gasoline will not greatly improve the performance of today's cars. Your present engine was designed for the gasoline which was available at the time you bought your car, and 100-octane would add little or nothing to its satisfactory operation.

When victory comes, however, automotive designers will undoubtedly develop smaller, much higher compression engines which will deliver remarkable mileage and power with post-war super fuels.

When that day arrives, Phillips will be ready... because Phillips was one of the first, and remains one of the largest makers of high octane aviation fuels. Phillips present production of 100-octane gasoline could fuel

enough Flying Fortresses to drop 600 tons of bombs on Berlin daily. And soon the figure will be up to an equivalent of gasoline sufficient to drop tons of bombs per day on the German capital.

Actually, this American super fuel is not made by ordinary refinery processes. It is a synthetic chemical, made by chemical processes rearrange the petroleum hydrocarbon molecules.

That is why we say: Every time you see the Phillips 66 Shield, let it remind you that Phillips refinerries, in addition to producing gasolines, lubricants, and fuel oils... are also gigantic chemical plants pouring out weapons for victory.

PHILLIPS PETROLEUM CO. Bartlesville, Okla.

FOR VICTORY... Buy U. S. War Bonds and Stamps

inal manuscript by the Rev. W. Jack Lewis, former Presbyterian student director now a Navy chaplain in the South Pacific.

Miss Northcutt is the daughter of Mr. and Mrs. D. T. Northcutt. She is a freshman foods and nutrition major.

Roy Teeter in some manner received a fractured elbow last Tuesday.

If you suffer MONTHLY FEMALE PAIN

You who suffer such pain with tired, nervous irritable blue feelings—due to functional monthly disturbances—should try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Here's a product that RELIEVES NATURE. It is also a fine stomachic tonic! Follow label directions. Worth trying.
