

NEWS from the BOYS IN SERVICE

Lieut. J. D. McCutcheon, is a brother of Mrs. H. B. McClendon. He is a bombardier, and has been cited for the Air Medal. He has taken part in many of the recent raids over Germany. He has been advanced to the rating of First Lieutenant since he entered active combat.

JACK MONTAGUE of Arizona is here on furlough with his father.

CPL. NORA MAE THOMPSON of Santa Barbara, California arrived the first of the week for a furlough with her mother.

EDGAR MILLS, second class seaman, is the son of Mrs. Ola Mills. He has been in service only six months, but is already in combat service in the Pacific. He has had training in Radar, and is aboard an aircraft carrier.

MARY DEE MERCER Y-2-c of Pensacola, Florida arrived the first of the week to spend her leave with her parents Mr. and Mrs. H. C. Mercer.

TED CHIDRESS is leaving the 28th for army duty. His name was omitted in the list as it came from the draft office last week.

ROY H. STODGHILL JR. H. A. writes "Dear Roy, Just a line to let you know my new address. I am working here in the Marine Hospital in Galveston at the present time.

I sure enjoyed that furlough after my four months of school up in Conn. Only it was too short for me to see many of the folks. However this is war and we can't have everything as we want it. So lets make the best out of the worst."

CPL. ROBERT BROOKS who has had a long siege in the hospital writes, "Hello Roy, Will try and drop you a line to let you know I am getting along O. K.

To my friends in Silvertown. Dear Friends, I am leaving the hospital to-morrow after spending 10 days here. I am doing fine. I am on limited service now and have been reassigned to Pickett, Va. (You can get Bobs complete address here at the News office.)

By the time this is printed I will be in sunny California. I have a 21 day sick leave to go home. The wife and baby are doing fine. Hope good old Silvertown is still going good.

Roy, I sure enjoy the paper. I am saving the pictures of service men for my scrap book. Keep up the good word Roy that paper gives us all a lift.

I will use this way to say hello everyone who gets the paper. A former Silvertown Boy, Cpl. Robert Brooks."

W. METT YOCUM from somewhere in England writes, "Dear (Continued on back page)

Support Price Given For 1944 Products

When, on March 1, War Food Administrator, Marvin Jones, announced the 1944 support prices on farm products made effective by Congress' provision for carrying out the support price program, he gave assurance to producers they could go ahead with an all out production program this year without fear of a collapse of prices. A brief summary of the support price program for principle farm products grown in Briscoe County is given below. Complete information on methods to be used for supporting prices on the various commodities may be obtained at the County AAA office or from AAA Committeemen. Wheat: Non-recourse loans at 85 percent of the parity price as of July 1, 1944 on wheat stored on farms or in approved warehouses, (The U. S. Parity Price on wheat as of February 15, 1944 was \$1.50 per bushel.) Cotton: Non-recourse loans at 90 percent of the parity price as of August 1, 1944 on cotton stored on the farm or in warehouses. (The U. S. Parity Price on cotton as of February 15 was 21.08 cents per pound.) HOGS: The WFA will support until September 30, 1944 the price on good to choice hogs weighing 200 to 270 pounds at \$13.75. Chicago basis and from October 1, 1944 through March 31, 1945 hogs weighing 200 to 240 at \$12.50 Chicago basis. Grain Sorghum: Non-recourse loans on grain sorghums stored on farms or in warehouses at 95 cents per (56lbs.) bushel for No. 2 or better - a deduction of 7 cents per bushel for warehouses stored grain sorghums will be made unless storage is paid through April 30, 1945. Barley: Non-recourse loans on barley stored on farms or in warehouses at 85 cents per bushel, a deduction of 7 cents per bushel for warehouse stored barley will be made unless storage paid thru April 30, 1945. Mrs. L. B. Dyer came Wednesday to visit her daughter and family Mr. and Mrs. Edwin Davis.

133 COLD STORAGE BOXES HAVE BEEN RENTED

Forty-seven more cold storage boxes remain to be sold before any further work can be done on the Cold Storage Locker System here, according to Jake Carthel, who is acting as Mr. Northcutt's agent in the advance sale of the boxes. 180 boxes must be rented in advance before federal priorities will be granted to build. If you want a locker, see Mr. Carthel at once. It is that that around 90 days working time will be needed to put the plant into operation, after the work is started.

HARD FREEZE HERALDS OPENING OF SPRING

Old Man Winter got in a few good hard licks this week and last with temperatures reported as low as 16 degrees Saturday night of last week. Several other nights have shown temperatures of below the freezing mark during the past week. Most fruit and very early vegetables are believed to have been destroyed. Many peach trees were in almost full bloom and early vegetables were up when the hard freeze came, and they are gone. Many are happy at the freezing weather, saying that it was worth plenty, in that it has destroyed millions of tiny weeds just starting through the ground. Wheat is not believed to have been injured. And so Spring is here, and the first night of the new season showed a low of 28 degrees. However, that was probably just a back slap and from now on you may go to work in the garden and in the fields . . . we hope.

SOUTHWESTERN PUBLIC SERVICE TO INCREASE SILVERTOWN'S ELECTRICAL POWER LINES

Material has been received and work will be started in the near future to increase Silvertown's electrical power, according to Earl Brock, local manager. The substation capacity will be increased in order to take care of the needs of the Silvertown Clay Plant and other industrial businesses in this town. This addition will naturally increase the voltage for every electrical user here. The estimate of the work and material was drawn up by Jeff Peeler, who is working in the engineering department of the Plainview office. The total cost of the project will be more than \$5,000 according to his estimate. Silvertown has a very fine Utilities Company, and this additional power will be greatly appreciated by all customers.

THIS IS THE week that I had
in mind for printing of the Tall
Tales, but at the time I never
noticed that the month of March
has five Thursdays in it—and so
it will be next week. The deadline
for the stories was March 21, but
now I'll accept them until March
28. If I had all on paper that had

been told me on the street, the
judges would have a month's job.
However those you tell me don't
count, so get your pencil busy. P.
S. I still have the ten bucks.

I AM STILL anxious to run
pictures of the men in service.
Have had more favorable comment
on them than any other thing. If
you have a picture of your boy or
boys, bring them in so I can get
them off to the engraving company

SPEAKING OF PICTURES, I
guess I nearly had a real action
picture last week. Bill Hardin and
Printz Brown took in the Fort
Worth Show and Printz got in the
rodeo department and had his pic-
ture taken riding a ferocious buff-
alo. Bill had the picture and was
bringing it home for publication.
They stopped in Childress, how-
ever, and were in a little cafe there.
One of the waitresses got a glimpse
of the picture and said, "That's
the first time I ever knew that
Clark Gable did any fancy riding."
And Whattaknewjoe, that old
gal hauled out five dollars and
bought the picture. Said she just
had to have it for a pin-up. And
who was Bill to turn her down?
Hence, the Briscoe County News
was left holding the sack and our
subscribers were forced to under-
go the pleasure of seeing a modern
Buffalo Bill in action.

MOST EVERYONE TALKS too
much but here's one about an old
boy that just asked one question
too many. They say it really hap-
pened in Silverton and for two-

bits a throw I'll point out the char-
acters in the story. A wife was dis-
cussing a certain girl and said,
"She brags that she has dated
every married man in town ex-
cept one." Came the revealing
answer, "Zat So? Wonder who he
is?"

IF IT WASN'T for Alvin Redin
and myself, they'd have to stop
having City Elections. They
wouldn't have any amateurs to
put in the race. Alvin and I were
supposed to be taking turns at
tantalizing Tom Bomar, but this
year I lost out. It was really my
turn but I will gracefully step out
of the picture. I wouldn't do it, but
they let me have a chance at
Councilman to sooth me off.

I AM WARNING the voters of
this town now, that if I am not
elected, I shall spend not one more
cent, nor one more moment of my
time in trying to get elected. I
guess it is just the old, old story
of not being a politician, or else
it is too hard to buck the big
money. I shall not stoop to throw-
ing dirt in this campaign, unless
my opponents start it first & thank
goodness, I don't think they have
time. I do wish to state at this

time, however, that in the time
Ben has held office, I am sure that
he has cut many of his friend's
throats. Tull seems fairly efficient.
I must admit, but friends, do you
really think he needs the office? It
is my personal opinion that his in-
come is sufficient without the sal-
ary of city councilman. . . . Contrary
to rumors put out in former cam-
paigns, the Briscoe County News,
if I am elected, will not be sus-
pended. I shall devote my full time
to the duties of the office, and the
paper will be under the able man-
agement of Mrs. Hahn. (Don't let
this get to the draft board.)

SO GO TO polls and vote, my
friends. Do not be deceived by out-
ward appearances. You can't tell
the capacity of a barrel by the size
of the bung hole, and you can't tell
the quality of a cake until you
have partaken thereof.

PATRIOTISM is a funny thing.
It can't be grown like a flower—
it can't be purchased and it can't
be sold. You either have it or you
don't. I'm leading up to a little
story on a local boy. He leaves for
induction the 28th, and I got the
story from another boy who took
his physical exam at the same
time. The examiners were about
to turn this old kid down—in fact
maybe they had. And he told them
that they were NOT going to turn
him down—that he came down
there to join the army and that
was what he was intending to do.
And he stood his ground, and beg-
ged and talked his way INTO the
army and now he leaves for ser-
vice the 28th. The kid is Ted
Childress. I think he has what it
takes.

KIDS LIKE HIM are doing
little stunts like that every day.
They don't want in the service ex-
cept for one thing—they know that
there's a job to do. They know it's
a big job, and a dangerous one—
but they're not willing for some-
one else to do their job.

**NOTICE TO PRESBYTERIAN
CHURCH MEMBERS**

Because of the irregularity of our
church meetings, I want to take
this means to call your attention
to the fact that the Presbyterian
dues and benevolences must be
sent in this month. Our local treas-

ury is at a very low figure and
your dues and contributions will
be very much appreciated. You
may mail the check to Mrs. Sid
Richards, church treasurer.

THANKS

We want to thank our good
friends for their thoughtfulness to
Ray and his mother, in helping to
make things more pleasant for
them. The thoughtfulness that you
have shown them means more to
us than the words "Thank You."
May you all live a long and useful
life and each and everyone have
our blessing.

SKILLED WORKMEN WANTED

Shortage of skilled workmen
handicaps the efforts of our West
Coast and Hawaiian Navy yards
now when maintenance of the U.
S. Navy at top fighting strength is
of vital importance in shaping the
course of the war in the Pacific,
Lt. Comdr. N. N. Dahl, construct-

ion officer at Mare Island Navy
Yard, pointed out today. The ac-
celerated pace of warfare in South
Pacific waters has brought addi-
tional demands for repair and over-
haul of battle-damaged vessels
which must be returned to the
fighting fronts as rapidly as pos-
sible.

Navy Department and Civil Ser-
vice Commission representatives
are conducting an intensive re-
cruiting drive throughout the
Southwest to enlist electricians,
machinists, sheetmetal workers,
and other types of workers, both
skilled and unskilled. Persons not
engaged in essential industry are
urged to apply for these positions.
Information may be obtained at
Navy Recruiting Stations, U. S.
Employment offices, or first or
second class postoffices. A repres-

entative is available in most lo-
calities to offer immediate appoi-
ntment to qualified applicants.

All appointments are made in
conformance with War Manpower
Commission regulations.

An Army Ordnance sergeant
was drilling a platoon of rookies
He bellowed "Forward," prepar-
atory to the command "March."
Someone from the rear rank shout-
ed "Here." The sergeant blew
He dashed to the rear of the platoon,
found the culprit and pro-
ceeded to berate him with the
words sergeants use on such oc-
casions. "But," the victim finally
protested, "but my name is For-
ward-Private Hardy Forward."

RUBBER SOLES and HEELS

There always was, and always will be
a place for leather and rubber on the bot-
tom of shoes. But today, with the ser-
ious shortages in leather, we are depend-
ing more and more on good quality rub-
ber soles and heels in repairing your old
shoes. It's the same two-fisted, tough,
rubber soles and heels that millions of
our fighting men are wearing.

We appreciate your co-operation and
have our assurance that these soles will
deliver long wear and all-around satis-
faction.

I GIVE YOU TEXAS

Can you recall those distant days when, as you walked home in the gloaming, you knew what families were going to have steak by the sound of the pounding of a plate in the kitchen?

"We honestly think that when a man or a woman has the nerve to enter politics for personal or other reasons, they should be given most respectful hearings and help them through their task, which at times is most unpleasant," comments Editor Robert L. Bairdridge in the Clifton Record. "Some have to handle the political business of life and some enjoy it, and others would not participate in such for any amount of money."

Speaking of Mark Twain.

The great writer had little formal schooling—which was the reason perhaps that his naturally robust and vigorous style of writing had the luxuriance of a forest in its native state and not the trimmed exactitude of a garden hedge. Punctuation bothered him, so he prefaced one article with 4 lines of periods, six lines of commas and three or four miscellaneous lines of semi-colons, colons, hyphens, exclamation points and question marks, then followed with the declaration that authorities differed so much on punctuation that he was giving the reader a liberal supply of the different marks and he could put them in to suit himself.

Of course, Twain's most famous saying was the one about the weather "Everybody talks about it but nobody does anything about it."

Another was when it was reported that he had died and he notified the newspapers, "The report of my death is greatly exaggerated."

ROY TEETER SAYS

One of the oldest sayings is "You can't take it with you". . . Well, I know one that is just as true, "You can't leave it behind—not if you don't have it".

The beauty of Life Insurance is that it is not only a fine investment, but you know that your family is taken care of, if you die before your plans are complete.

Evans, President of the Federal Land Bank of Houston, informing you that the Bank is discontinuing the servicing of your Federal Land Bank Loans through the Silvertown National Farm Loan Association where your loan was made, and where you have always made your payments.

This is to advise you that this office is still being operated in Silvertown, and WILL CONTINUE to operate here for your convenience.

In this connection, on December 8th, 1943, the United States Circuit Court of Appeals ruled, in part, that "If the Bank prefers, it may request direct payments, but cannot prevent the borrowers from paying through their association if they wish to". We therefore believe this shows clearly that this association can be kept here, if you, the Borrowers, choose to keep it here by recognizing it as your Association, and continue to transact your business here.

Please bear all this in mind, and come to your home office with all of your Land Bank Loan questions. The office is now located in the Court House, but after the first of April, we will be in our new location in the Montgomery Building, first door north of the AAA office.

The Federal Land Bank has been trying for months to get the Directors to agree to move this office to Quitaque, but knowing the disadvantages and hardships it would cause you, we have steadfastly refused to do so. The fact that Silvertown is the county seat, where all titles of lands and records of all loans in the county are kept, and being the center of the area, together with various other reasons, substantiates our belief that this is the proper place for the office.

This office is still taking applications for new loans, will transfer old loans, and attend to all other matters incident to Federal Land Bank or Land Bank Commissioner loans originally made through this association.

Therefore, regardless of what you hear, from whatever source, just disregard it and continue to come to your home office which is now under the supervision of Mrs. Bertha Pavlicek as Secretary-Treasurer and who is well qualified to handle all business pertaining to this association.

Very truly yours,

SILVERTOWN NATIONAL FARM LOAN ASSOCIATION

R. C. Hutsell, President
R. H. Stodghill, Vice-president
J. W. Monroe, Director
W. R. Hardin, Director
