Published Weekly at Silverton, Texas

Volume XXXVII

Number 24

**W. E. STODGHILL**, son of Mr. and Mrs. Hugh Stodghill, has been in service about four months. He is now serving on the Hawaiian Islands. His wife and two boys are living with her parents Mr. and Mrs. J. E. Cupell.

**PVT. JIM STEVENSON** is here on a furlough with his wife and other relatives. Jim is attached to a Hospital Corps and has been in Mississippi.

**ED DAVIS** of the Navy is here on leave visiting his wife and family and other relatives. He has finished his "boot camp" training at the Great Lakes Base.

**PVT. PURLYN HODGES** writes from England. "Dear Roy: I have been receiving your paper regularly. I enjoy reading it very much. It is nice to read about the things that happen at home. I don't guess that things will look the same when all of us boys return home. I was just reading in the paper where Silverton was trying to get an American Legion Hall. I know that all the boys would be proud of it. They would know that our fathers and mothers and other members of the family are thinking of us boys over seas. It is a hard job to stay over here. I was in France for 30 days but am now in England and would much rather be in England. To top all of it, I had rather be in the States. It may not be long before we can come home.

I was only married 4 months when I came overseas. And it sure is lonesome over here. Oh, yes, Roy, I don't know whether you remember me or not. I guess you know my grandmother Mrs. B. M. Hodges. But I am going to send you a picture of me and my wife. You can put it in the paper if you wish. I guess a lot of people would like to see what the girl I married looks like.

I must close for now, so keep things rolling and here's hoping to see you all soon. I look forward to the papers."

**PVT. HERMON ROBINSON** has been in service since 1939. He is with the Infantry and has been overseas 4 months. His wife and daughter reside in Silverton.

**ROBERT A. SEDGWICK**  
**LIEUTENANT COLONEL**

Robert A. Sedgwick, a native Texan, has been appointed Deputy for Training and Operations and has been promoted from the rank of Major to Lieutenant Colonel at the San Angelo Army Air Field, Col. G. M. Palmer, Commanding Officer, announced. Col. Sedgwick replaces Lt. Col. Robert Adhern who is now on detached assignment.

Born in Silverton, Texas, the newly promoted officer's home is in San Antonio, where his mother and father, Mr. and Mrs. William Sedgwick, reside at 137 Bailey Ave. One of the first officers to arrive on the field, Col. Sedgwick reported to duty at the San Angelo Army Air Field the day the field opened, Sept. 14, 1942, which also

(Continued to back page)

**What's Doing in the Churches**

**PRESBYTERIAN CHURCH TO HAVE MORNING SERVICE**

The Reverend C. N. Wylie of Dumas will hold communion service, Sunday morning, October 1st at the Presbyterian Church. All are urged to hear Rev. Wylie at this time.

There will be a change in the meeting time becoming effective this Sunday. Sunday School will start at 10:30 and Church services at 11:30.

**AMARILLO PRESBYTERY MEETS IN SILVERTON**

Amarillo Presbytery met in Silverton Presbyterian Church, Sept. 21st. Over thirty out-of-town ministers and delegates attended.

At 9:30 a. m. the meeting was opened with a sermon by Rev. J. Aiken, Jr. Herford. Rev. J. Hoyt Boles of Ft. Worth conducted devotions later in the day.

Report on missions was given by Rev. Robert Boshen of Pampa; Sunday School work, by Rev. C. N. Wylie, Dumas; War Time Service, by Rev. J. G. Glenn, Borger; Pensions by R. W. Jones, Canyon; Social Education Problems by Rev. H. W. Wilbanks, Canadian.

Other prominent ecclesiastics who addressed the body were Dr. R. Thompson, Amarillo, Dr. George Fender of Arlington, Texas, representative from the National Presbyterian Board in New York.

The Women's Auxiliary served dinner to the visitors, at the Methodist Church and were very grateful for the Methodist Ladies' convenient culinary equipment.

The meeting held until after 7 p. m. About 20 clergymen had a light repast in the home of Judge and Mrs. C. Wright, before starting on their long return trips.

**Report of Resolutions Committee of the Presbytery of Amarillo**

In the name of the Presbytery of Amarillo, we wish to express our thanks and sincere appreciation to the Presbyterian Church of Silverton, for the opportunity to meet here; and to the "Faithful Twelve" of the Ladies Auxiliary for the excellent, tasty, and ample lunch provided for our group, our hearty thanks.

Your committee commends the church of Silverton for its courage resourcefulness and faith in carrying on an active Sunday School, a working Ladies Auxiliary, and a living growing church.

Respectfully submitted to the Presbytery, Sept. 21, 1944.

The Committee on Resolutions  
The Reverend Floyd E. Grady  
Mr. C. R. Berrien  
Mr. Russell McConnell

**Warmth for the War-Stricken**

Liberated Europe needs clothing immediately. Any usable garment you can spare will help to keep warm this winter some man, woman, or child who has lost everything. We are cooperating with the United Nations Relief and Rehabilitation Administration in an Emergency Collection of Clothing for Europe during the week beginning September 24. Bring clothing to Methodist Church, which will be open from 9 a. m. to 5 p. m. each day.

**WHEAT FARMERS SMILE AS SLOW RAIN TOTALS 1.36**

A slow, even, drizzling rain started Tuesday night here and up to Thursday noon, had amounted to 1.36 inches. Skies are still overcast with an occasional trace of mist in the air.

The rain has been an ideal one and covered the whole of the Panhandle area, with some localities reporting as much as two inches. Coming as it did, it has put the wheat ground in ideal condition for a good fall growth.

Most of the wheat has already been sowed in this section.

Young folks always seem so silly after you have ceased to be one of them.

**Public Auction for Veterans Building Fund**

A lively enterprise connected with the Veterans Building Fund is slated for Saturday, October 7 when the Haylake committee will stage a public auction on the courthouse square in Silverton, the proceeds of which will be applied to the building of a Memorial Building for men in service.

Johnnie Burson, Hudie McClendon, Luther McJimsey, Stanton Crow, Mart Self and Jim Brooks are promoting the auction and securing the articles which will make up the sale. The sale will be one in which everyone is invited to take part and it will be one where only articles of value will be offered for sale. There will be livestock, furniture and most everything else you want on the auction block. The committee named above is busy now getting the stuff collected and ready for sale.

Whether you live in the Haylake community or not, the Haylake boys invite you to let them know if you have something you wish to donate to the sale. They will see that it is picked up and brought to the sale ring. Emphasis is placed on livestock and it looks like there will be some good stock in the ring.

Of course, the Haylake boys are anxious too for your cash donation. That is the idea of the thing—Money. Whether you are donating stuff to sell or whether you are bidding at the sale, remember that every cent of it is going for a good cause.

A more complete story and a list of articles for sale will be given in next week's paper.

**They Have The Situation Well In Hand**

**M-SGT. and MRS. PAUL S. RAGAN.** Mrs. Ragan is the former Nora Mae Thompson and is a Cpl. in the Marines. She entered service in April of 1943, took her boot training at Hunters College, N. Y. and is now stationed at Santa

Barbara, Calif. where she met M-Sgt. Ragan, who has spent 18 months in the South Pacific. They were married July 29, 1944. M-Sgt. Ragan is from Idaho. They are at home at 1216 Santa Barbara St. Apt. 4, Santa Barbara, California.

**DAVIS—RAMPLEY**

A romance of interest to the people in this community culminated in the marriage of Miss Faye Gean Davis and Lt. O. C. Rampley in Quantico, Virginia, Sept. 16th at 9 o'clock p. m. The marriage vows were read by a Baptist minister at the parsonage.

The couple was attended by Miss Rita Rexroads of Goodwell, Okla. and Lt. Dean Strain, who was a close friend of the groom.

The bride wore a grey suit with fuchsia hat and gloves. For something old, she carried the handkerchief her mother carried at her wedding.

The bride and groom are graduates of Silverton High School and attended West Texas State Teachers College at Canyon. The bride is the attractive daughter of Mr. and Mrs. D. H. Davis. She taught school at Girard the past year, and attended Hardin Simmons College this summer.

Lt. Rampley is the son of Mr. and Mrs. H. P. Rampley. He played football on the first team during his High School years here, and also played on the first team of the Buffaloes, being an outstanding player on both teams. He enlisted in the Marine Air Corps over a year ago. Promotions have come fast to him.

Both the bride and groom were favorites with their classmates and

**MRS. JEFFERSON IS BURIED AT SILVERTON, WEDNESDAY**

Funeral services for Mrs. Phyllis Hodges Jefferson, who died in the Plainview Sanitarium early Sunday morning, was held at the First Baptist Church in Tulia, Wednesday afternoon at 2:00 o'clock, with Rev. Clarence Howell assisted by Rev. H. E. East reading the rites.

Mrs. Jefferson, who was the daughter of Mr. and Mrs. H. A. Hodges of Tulia was born June 2, 1926 in Tulia. She attended the Kress schools where she was graduated in 1943. On August 29 of the same year she was married to Charles P. Jefferson.

She is survived by her husband S-Sgt. Charles P. Jefferson of Baca Raton Field, Florida; her mother and father, Mr. and Mrs. H. A. Hodges of Tulia; one brother Lt. Lawrence Hodges U. S. Army Fort Riley, Kansas; and one sister Mrs. G. M. Brown of Tulia.

Burial was made in the Silverton Cemetery.—Tulia Herald Sept. 21, 1944.

Mrs. W. T. Haley of Amarillo has been visiting his children.

are among the most popular of the younger set here.

They will be at home in Quantico, Va. for several weeks.

## Big Crowd Needed For Rodeo Sunday

**WOMEN'S ACTIVITIES**

**WOMAN'S 1925 STUDY CLUB RE-ASSEMBLES**

By Mrs. C. D. Wright, Reporter

The Women's 1925 Study Club of Silverton met last Wednesday for Re-assembly and Federation Day, in the newly decorated Red Cross Room at the Court House.

Mrs. W. Coffee, Jr., hostess and leader, cordially welcomed each member. Also there was cordiality in the renewal of friendly club associations, and eagerness for the resumption of worth while enterprises and study, and there was pleasure in the delightful meeting place for this year.

With the new chairman, Mrs. D. O. Bomar, presiding, the business routine was dispatched. Appreciation was expressed for the attractive year-books, and a vote of thanks went to the program committee for working out such desirable "Adventures in Reading for Club Women." Mrs. T. C. Bomar reported on the entertainment given by Silverton young folk, sponsored by the 1925 Study Club, for hospitalized service-men of the Bombardier School at Childress, in response to a Red Cross appeal.

Mrs. D. O. Bomar in her greeting as President, sounded a challenge for greater achievements than ever before, in individual and collective efforts, and a call for loyalty, unity, strength and growth.

The club was held enrapt as Mrs. O. T. Bundy gave for her book-review, the biography of Elizabeth Ney, world-famous sculptress, who lived in Texas during her last years. Mrs. Coffee spoke the club's approbation of the program. Mrs. Elva Wright Ownby was a visitor. Members present were Mesdames: R. G. Alexander, D. O. Bomar, T. C. Bomar, O. T. Bundy, W. Coffee Jr., R. E. Douglas, M. A. Graham, Fred Lemons and Clyde Wright.

Mrs. Tom Bomar will be leader for the lesson on Government, October 4, in the Red Cross rooms.

**MARCH OF TIME CLUB MEETS**

Reporter, Mrs. C. S. Mast

The March of Time Study Club met September 21, 1944 at 4:15 with Miss Anna Lee Anderson as hostess. Mrs. D. T. Northcutt, the president, welcomed four new members: Miss Annette Wulfman, Mrs. Gatewood Lusk, Mrs. Louie Kitchens and Mrs. C. S. Mast. Miss Anna Lee Anderson discussed current topics, Anna Tidwell gave the history of Sears, Roebuck and Company and Mrs. Tony Burson gave the test "Are You a Genius?"

The club adjourned to meet again on October 5, 1944 at which time Miss Janie Schott will present a book review.

**Presbyterian Auxiliary Meets**

By Mrs. O. T. Bundy

The Presbyterian Auxiliary met in the home of Mrs. Dean Allard September 18th.

The president Mrs. Bob Dickerson presided at the business session. Plans were completed for serving dinner to the "Presbytery" Sept. 21st.

Mrs. Gordon Alexander gave a very interesting study of the First Book of Chronicles.

During the social hour the hostess served refreshments of punch and cookies to the following ladies. Mesdames: Gordon Alexander, True Burson, O. T. Bundy, Bob Dickerson, Gatewood Lusk, Fred Lemons, Roy McMurtry, Perry Thomas Sr. Clyde Wright and Dan Wulfman.

Mr. and Mrs. Bruce Womack were in Big Springs last week. Mr. and Mrs. Womack plan to make their home their. Mr. Womack will be foreman in a garage and Mrs. Womack will do Bookkeeping.

Barring an especially bad day, day, the Veteran's Building Fund should be several dollars ahead after the Rodeo which is to be staged here Sunday afternoon, October 1st. All gate receipts will go to the fund, and several contestants have already promised their winnings (if any) to help build a Veteran's Memorial Building here after the war.

Plenty of tough roping calves will be on hand for the cowboys to work on, according to Paul Reid and other Silverton fans who are in charge of the rodeo. Inquiries are coming in from cowboys over the country and it looks like a full afternoon of sport.

A part of the events and the entry fee are listed here:

- Calf Roping ..... \$5.00
- Ribbon Roping ..... \$3.00
- Team Tie ..... \$3.00
- Ladies Garment Race ..... 50c
- Cigar Race ..... 50c

All entrance fees will be returned to the contestants, in the usual three-way split.

Bill Bingham, up at Canyon, has announced that \$60 in extra prize money is being posted by the Plains Chevrolet Company of Amarillo. In addition to the regular roping, there will be several good matched ropings that will be worth the money.

Adults admission has been placed at \$1.00 and children at 50c. This includes the federal tax of 17c on adult tickets and 8c on kid's tickets. Remember that the money all goes to the Building Fund. Be sure to attend and to invite the neighbors to attend. It should be the best rodeo of the year for this part of the state.

Entry fees for all events must be paid by 1:30. The show starts at 2:00 P. M.

**KEEP FAITH with them**

- T. R. Whiteside ..... \$100.00
- Dr. Roy McCasland ..... \$50.00
- Alvin Redin ..... \$100.00
- Tom Bomar ..... \$100.00
- H. S. Sanders Sr. .... \$100.00
- D. O. Bomar ..... \$100.00
- Roy W. Hahn ..... \$100.00
- T. T. Crass ..... \$100.00
- Jim Whitely ..... \$100.00
- Denton Smith ..... \$100.00
- Jake Honea ..... \$100.00
- John Bain ..... \$100.00
- Grady Wimberly ..... \$100.00
- H. Roy Brown ..... \$100.00
- W. Coffee Jr. .... \$100.00
- Printz Brown ..... \$50.00
- D. T. Northcutt ..... \$100.00
- Conrad Alexander ..... \$100.00
- Henry Teubel ..... \$50.00
- Jake Carthel ..... \$10.00
- Joe O'Neal ..... \$10.00
- A. L. McMurtry ..... \$100.00
- Mrs. N. C. McCain ..... \$50.00
- Ed Merrell ..... \$18.75
- Chester Burnett ..... \$25.00
- D. H. Davis ..... \$10.00
- M. C. Tull ..... \$50.00
- R. E. Brookshier ..... \$50.00
- W. E. Burleson ..... \$25.00
- Wylie Bomar ..... \$25.00
- Troy Burson ..... \$100.00
- Ben O. King ..... \$50.00
- Nettie Gilliland ..... \$10.00
- Mrs. M. M. Edwards ..... \$5.00
- Carver Monroe ..... \$50.00
- Holt School District ..... \$35.00
- Carl Wimberly ..... \$100.00
- Dallas Davis ..... \$10.00
- D. F. Wulfman ..... \$50.00
- Milton Dudley ..... \$10.00
- W. H. Newman ..... \$25.00
- R. G. Alexander ..... \$50.00
- W. K. Grimland ..... \$10.00
- Bert Douglas ..... \$25.00
- J. M. Lemons ..... \$100.00
- P. C. Hamilton ..... \$10.00
- Alton B. Chapman (calf) ..... \$100.00
- TOTAL ..... \$2863.75

**WHO'S NEXT?**

Mr. and Mrs. R. C. Smith of Fort Worth are spending their two weeks vacation with Mrs. Smith's mother, Mrs. Ben Garvin and other relatives here.

Mrs. Harold K. Ownby of Tulsa, Okla. is visiting her parents Mr. and Mrs. Clyde Wright.

 Barbara Hahn, News Editor

Entered as second-class matter at the Post Office at Silverton, Texas under the Act of Congress of March 3, 1879

IF YOU LIKE roping and riding you will be at the Silverton Rodeo Sunday afternoon. There hasn't been a rodeo at Silverton for several years. This used to be the best rodeo town in the country but for some time everybody has been too busy to make the arrangements or a good rodeo. This should be a very good affair, and whether it is or not there'll be a bunch there. All gate receipts will be given to the Veterans Building Fund. That itself should be a good reason to attend.

I MISPOKE myself a little on that. Federal taxes must be deducted for all gate receipts. That in itself amounts to one cent out of each nickel—but even that is a pretty good cause, so no one can complain. If I was guessing, I would guess that the rodeo will net the fund \$250.

I TALKED TO Hudie McClendon and Johnnie Burson Tuesday night and they are pretty enthused about the prospects for the auction week from Saturday. Hudie says that it was Johnnie's idea and Johnnie says it was Hudie's—makes no difference about that—it is a good idea and for a mighty good cause, for all of that money too, will go to the Veteran's Building fund. Johnnie said last night that if this county would just raise a nickel for every bullet that's being shot at Briscoe County men right now, that we could really build a fine building.

THE BOYS ALSO asked me to mention that any cash donations toward the building fund would be appreciated even more than a cow or a calf—they explain that they wouldn't have to use a trailer to bring the check to town.

OH YES? I nearly forgot the chief bit of ballyhoo that they

gave me for the sale. Next week (unless McClendon loses his nerve) one of our headlines will be "McClendon Goes On The Auction Block". He is offering one day's labor to the highest bidder. There will be one string attached to the offer—if it's either mixing cement or shocking feed—he wants it understood that the employer for the day must keep up with him.

HERE'S WHAT REGULATIONS can do to a man . . . Roy Teeter says that due to restrictions and so forth, he is unable to buy shorts that fit. He has solved the problem by using feed sacks. Says he just cuts leg holes in the bottom, and a draw string around the top and there you are—a neat little (?) pair of shorts that would do anyone up proud . . . I can see him now, in my mind's eye: The alarm clock rings at 8:30 and Mrs. Teeter says "Wake up, Roy, it's time for us to put on your underwear." Roy wakes up and rolls out and stands on the edge of the bed. The Missus takes the 1944 model pair of shorts (i.e. feed sack) and holds it at waist level in the center of the floor. During this time Roy has been flexing his leg muscles and inhaling the morning air and sunshine. At the sound of the gong he springs up and down a couple of times and sails into the air with the greatest of ease and drops into the bag. As his feet hit the floor Mrs. T. snaps shut the draw string and there he is right in the bag. There is only one draw back to these sack shorts as I can see it with only two holes cut in the bottom. There might come up some emergency requiring quick action and if a man had to get out of them in the same way that he got into them, he might find himself floating around in the air with no one to get him out of the bag. At any rate all my life I've heard the expression "It's in the bag". Now I know what it means.

I'D LIKE to nominate Eddie Cox as the man of the hour, as far as chivalry is concerned. The other day I was over at the lumber yard and Mrs. Jim Bomar came in to see Mrs. Sanders about some wall paper. "Where's Jessie?" she asked. "I'd like to have her show me some wall paper." "Why she's out in the back loading some cement", said our hero, "I will be glad to show you the wall paper." And that is really the way it happened although Eddie might try to say differently.

LAST WEEK, Friday to be exact, we had a football game. We won. The score, six touchdowns or so. We beat Flomot.

THAT COVERS THE football game as far as I can tell. Whether we have a game this week I do not know. Probably so. Time was, the Briscoe County News would have run a streamer head on beating Flomot. Time was too, when the editor had time to attend the games, no matter where. Time was when the high school athletic club co-operated with the local news office to the extent of furnishing details of the game.

JOHN LEMONS STOPPED today, asked if I had a checkbook, and wrote a check for \$100 to the Veterans' Building Fund. Asked if I thought that was enough and intimated that if it wasn't, he'd try to do better next time. A fellow like that always cheers me up all the way round. He is giving that \$100 for one reason only. Because he loves the boys of Briscoe County. Like he said, he may never even see the building, BUT, when it is built, he'll have a part in it. That is the kind of a fellow who keeps this country on an even keel. Never says much, but when the going is rough, he is in there pitching.

THAT LITTLE bunch of flowers doesn't detract a penny from the \$100 that Carl Wimberly gave this week. Carl is the kind of a guy who wants his money's worth. In fact I nearly know that when the place is built Carl is going to reserve one corner of the auditorium for civilians. He will equip that spot with a juke box, and any time he wants to he will go over and trip off a few steps of Little Brown Jug or the Heel-Toe Polka.

THIS WEEK everybody is really sober here in the shop, and so, when I say that the Service Men's record blank is at the bottom of the front page, I think it will be there. Fill it out, will you please. It is the only way we have of getting authentic, up-to-date dope on men in service.

**YOUR NUTRITION COMMITTEE presents**  
**Food For Folks**  
 in cooperation with

**The Basic Seven**  
 By Jessie Mae Watson, Chr.

No matter how you earn that "daily crust" the mere fact that you get it is pretty important. The reason—well because it fulfills one of the body's requirements. You see bread, flour, and cereals (natural, whole grain, enriched or restored) all have been banded together and called Group VI of the Basic Seven. There really is nothing new in recommending that you eat these grain products for it appears that wherever there is agriculture, there is grain. This is a mainstay in the diets of many people, mainly because it can be stored for use in seasons when products are relatively cheap.

Somewhere along the line it became common to take the germ and most of the bran layers from grain, but since we have come to know their value, more attention is being given to preparation of both the bran and the germ of human use. In case of oatmeal the greater part of the germ and a lot of the bran are to be found in the milled product. White rice (polished) has lost both germ and

...speak no evil!

"There is only one evil", wrote Socrates, "that is ignorance." And ignorance it obviously is, which sometimes prompts the careless car-owner to say that all motor oils are alike, that there is no difference between any of them. Oils vary in chemical composition, in stability, in freedom from harmful impurities, in lasting power, in ability to maintain viscosity, and in many other ways as well. That is why all intelligent car-owners naturally prefer a quality oil. But not of them know the simple, easy way to be sure of getting it, as explained by the following facts: Phillips offers a number of oils because car-owners' preferences vary almost as much as their cars and pocketbooks. But when you want our best oil, remember Phillips tells you frankly that Phillips 66 Motor Oil is our finest quality . . . the highest grade and greatest value . . . among all the oils we offer to average motorists.

It's Phillips Finest Quality

Figure the cost per year of draining and refilling with quality oil every two months, as experts advise, as against the cost of using cheap oil; and it is plainly foolish economy to take a chance. So when making the seasonal change from summer-worn lubricant, get quality by getting Phillips 66 Motor Oil.

CARE FOR YOUR CAR — FOR YOUR COUNTRY

bran, while brown rice is free from the husk, but keeps most of the bran and germ. "New Process" cornmeal has no germ and little bran. Whole wheat flour, shredded puffed and rolled wheat are practically whole grain, while white flour has neither germ nor bran.

Members of this Group VI are important because they are good sources of energy; they are plentiful; inexpensive, easy to digest and have a bland flavor. When these products have not lost their germ and bran, they are also pretty important for their iron and thiamine. The whole grain products also possess laxative qualities. To make sure that you and your family get the things wheat flour is supposed to provide, the government in December 1942 issued War Food Order No. 1, which provided that all commercially baked white bread had to be enriched. In April 1944 that order was stretched to include all white rolls. This flour and bread enrichment program did a lot to safeguard the diet at many points because certain amounts of iron, thiamine, riboflavin and niacin are added back to white flour under its provisions. Without this enrichment, the products made from this flour would not contain the riboflavin or niacin which these foods should provide for the body.

Another cherry note is that in milling oats, only the fibrous hull and adhering portions are removed

the germ and other vitamin and mineral portions being left. Thus, oatmeal ranks nutritionally as a whole grain cereal rather than as a highly milled product. Oatmeal also is considered richer than whole wheat in thiamine and is a good source of iron too.

A sort of postscript to all this would be a brief note about thiamine, of which foods in Group VI seem to have a generous share. Thiamine is essential to the right use of the fuel foodstuffs in our body tissues. Too little will cause a poor appetite, nervous disorders and poor digestion. It was primarily to increase the amount of thiamine in our diets that the National Research Council strongly supported the movement to enrich white bread and flour. Just remember, when you come to filling the Group VI for your menus choose: Enriched or whole grain products.

**THE FIRST PAPER MAKERS**

The common wasp which makes big, ball-like nests in the trees was the first papermaker. For hundreds of years men have experimented in making paper, using various materials but have come back, for most paper requirements, to the very same material the wasp uses—wood pulp. The first men to make paper were the Chinese—it was so many years ago that historians cannot set a definite date. Arabs and Moors plundering Chinese Turkestan brought back captives, some of whom were papermakers and, as the Moslem law provided that they might win their freedom by working at their trade, papermaking became known outside of China. Then the Crusaders came marching and the secrets of papermaking moved farther west. Papermills were established in Spain, Italy, France, Switzerland, Holland—and finally in England.

It was not until 1690 that the first papermill was established in America, near Philadelphia. Today in this country statistics show that the average citizen uses, in one way or another, over 229 pounds of paper per year. This totals twice as much poundage as the meat he consumes and indicates the giant proportions to which the paper industry has grown.

There were no Sunday School or Church services Sunday because of the rain. Come next Sunday and don't forget the Revival meeting beginning Oct. 22nd.

**RADAR!**

Radar is a code word meaning "radio-detecting-and-ranging." Radar will probably contribute more than any other single factor toward winning the war.

In non-technical language it works like this—an invisible ray of ultra high frequency is hurled

through space at the rate of 185,000 miles per second. It penetrates the ether until it strikes something a ship, a plane, or submarine. It then bounces back to the object sending it. The elapsed time for the round trip is measured by an electronic device. This device measures not only the distance to the object, but the speed at which the ship or plane is progressing and at what altitude or depth the craft is traveling. Because of the tremendous speed, calculations are accurate and can be checked and rechecked rapidly to determine the course which the object is assuming. Not only is it a defensive weapon but offensive as well.

Aboard a battleship at Guadalcanal, it is said a radar instrument picked up enemy ships and followed them until they were within 9 miles, then the guns of the battleship pointed in the direction indicated by radar and fired. The second salvo despite darkness and fog scored a direct hit, halting the tide of battle.

Truly this is the magic instrument of our time, and when it moves from its wartime to peacetime home, it will be harnessed to serve us as a constructive safety device equally as well as it is now serving as a destructive wartime device.

**ALWAYS BE ON THE ALERT**

Boys and Girls marching back to School from a summer of play, must be reminded anew of dangers that lurk at street corners and cross roads. Parents will have to remember to caution them, that though there may be less traffic on the streets and highways now than before the war, there are no fewer hazards to life and limb.

Young America must be kept on the alert against accidents. Young America must be guarded, for American Youth is the Future of Our Country.

months in which to immunize against winter colds, in other words its time to take the cold serum. It is also a good time to give the life time serum for the prevention of Diphtheria, whooping cough and scarlet fever. Come in and get started. 23-2tc

DR. O. T. BUNDY

**County Agent's Notes**  
By Leo White

Cotton pulling is getting well under way in the Silverton community and there is beginning to be a need for extra workers. In a recent letter received from D. A. Adam, Farm Labor Field Assistant at Plainview, we learned that many Mexican cotton pullers are passing through the Ballenger and Brady area in route to West Texas. Most of these migrants are destined for Crosby Lubbock, Terry and Hockley Counties and in order to turn them in this direction, it will be necessary to place orders for workers immediately. Give your name and location and the number of workers that you will need to the County Agent's Office. These workers will contact this office when they arrive in the county and unless we have some place to send them, we cannot place an order.

An announcement will be made in this paper next week about the ceiling price wage for cotton pulling. About 70 percent of the cotton producers in Briscoe County voted for the ceiling and the State Board met Wednesday, September 27th, in a final meeting. The results of this meeting are not here as yet.

Many truckers are coming into the Lubbock and Plainview area for truck load lots of threshed grain. These truckers prefer to deal directly with the farmers; therefore, if you wish to sell your grain at your farm, you can have the County Agent's Office order trucks for you. Elevator storage
