OUR MEN and WOMEN IN UNIFORM

LEONARD MCGAVOCK son of Mr. and Mrs. B. M. McGavock, has been in service with the Navy since June of 1944. His boot training was at San Diego, and he is now on duty in the South Pacific. His wife Mrs. Evelyn McGavock and his son and daughter live in Amarillo.

LOYD HODGES arrived home last week to visit his parents Mr. and Mrs. T. J. Hodges. Hodges has returned from the South Pacific.

EM STEVENSON arrived Sunday evening from his camp in Mississippi to be with his father, Stevenson, who is seriously ill in the Plainview Sanitarium.

ED DAVIS S.2-c. son of Mr. and Mrs. Jeff Davis. Has been in service about 5 months. Had his boot training at the Great Lakes Naval Training Center, and is now stationed at Norfolk, Virginia. He is married and has his wife and two children at home in Silverton.

C. PEUGH is back in the States from England. He hopes to be furloughed soon to visit his parents. Peugh is a paratrooper.

BLACK MONTAGUE has sent the Medal home to his father J. A. Montague. No letter accompanied the medal as his father is expecting one. Jack is with a bombing squadron in the European theatre and has received very little mail going overseas.

DEENE DONNELL S 2-c son of Mrs. Cora Donnell is in the Navy. He entered service March 28, 1944. He is now at San Francisco, California.

WYLLIE V. BOMAR JR. C. M. arrived home Wednesday night after 23 months in the South Pacific.

"BARNY" BOGAN writes to the editor from the South Pacific. Roy: A few weeks ago I received a letter from my very good friend O. R. Stark Jr., informing that you were sending me the news. I was very glad to know that it was on the way to me but I knew that it would take some time for it to reach me, since

SILVERTON OFFICER AWARDED PURPLE HEART IN FRANCE

With the 28th Infantry Division in Luxembourg — First Lieutenant Homer S. Sanders, Jr., son of H. S. Sanders of Silverton, Texas, recently received his second Purple Heart award of the war, thousands of miles from the area where he received his first.

Lt. Sanders was awarded his first Purple Heart December, 7, 1941 at Pearl Harbor. Then an enlisted man, he was injured when the Japs made their famous sneak attack. Later Lt. Sanders was graduated from the Quartermaster officer candidate school at Camp Lee, Virginia.

He now has charge of maintenance of the quartermaster company of this division. He was graduated from high school at Quitaque, Texas, attended New Mexico Military Institute at Roswell, N. M., and the University of Hawaii for three and one-half years.

HOWARD BROWN RECEIVES SEVERE EYE INJURY

Howard Brown is in the St. Anthony's hospital at Amarillo, following an injury to his left eye that might cost him the sight of that eye. He and R. E. Douglas were grinding feed at the Douglas farm Monday afternoon when a maize stalk caught in some way and was driven through the lid of his eye. He was rushed to Tullia where Dr. Stewart recommended an eye specialist, saying that the eye ball was ruptured. Reports Tuesday from Dr. Streit in Amarillo, were that the sight would be saved unless infection set in. He had been treated with the new penicillin drug in the hopes of cutting out the infection. Howard's mother Mrs. Ed Brown remained in Amarillo to be with him.

A change of wind caused the stalk to strike him as it did, according to Mr. Douglas, who was also cut up across the face by the flying stalks.

NEW CHAIRMAN ANNOUNCES SIXTH LOAN DRIVE

W. Coffee, Jr., has been named as chairman of the Briscoe County War Finance Committee, by Nathan Adams, state chairman, and succeeds H. S. Sanders who has been chairman since the beginning of the war. Sanders resigned a few weeks ago, and intends to move to Muleshoe within a few months.

Mr. Sanders has been very successful in the conduct of the many war fund drives in this county and his influence will be missed. However, a good man succeeds him in W. Coffee, who has had a world of experience in public affairs in this community.

The former county judge makes his first official statement in announcing the Sixth War Loan Drive which opens officially on November 20th. According to word received by Mr. Coffee from the State Chairman, Briscoe's County quota for the drive is \$155,000, over-all, of which \$85,000 must be Series E bonds. The quota for the State of Texas is \$414 million over all, with \$103 million Series E bonds.

The primary object of the Sixth War Loan, according to Nathan Adams, is to reach as many small investors as possible, and he ends his letter with this statement, "The war news is not nearly so optimistic as it was 30 days ago. Germany could last all winter—Japan several more years. Our job is to finance these operations with sound legitimate sales to investors that will stay sold."

Chairman Coffee will announce his local plans for the coming drive with in a few days.

Rev. and Mrs. C. N. Wylie were guests in the home of Dr. and Mrs. O. T. Bundy Sunday. Rev. Wylie held an evening service at the Presbyterian Church.

Mr. and Mrs. Jones of Littlefield spent last week with Mr. and Mrs. R. E. Stephens.

Nothing is given so profusely as advice.

SILVERTON OWLS DOWN TURKEY 38 to 6

The Silverton Owls trounced the Turkey Turks on the Silverton field Friday afternoon, October 27 by the one-sided score of 38 to 6.

Many Silverton fans feared that the heavier Turkey team would come back with a vengeance after their humiliating 24 to 6 defeat at the hands of the Owls on the Turkey field early in the season. The Turkey team was in good shape and it looked for a while as if it might be anybody's game. But when the Owls began tossing passes that seemed always to find receivers, things looked better for the local boys.

The first touchdown came when Donald Weast took a pass from Gene Dickenson and carried it over the goal line. Hill's attempted kick was wide. Silverton's second touchdown came when Dickenson heaved a long pass to Hill in the end zone. The half ended with the score 12 to 0 in Silverton's favor.

The Owl's third corner came when Dickenson threw a pass to Hill in the end zone. Dickenson passed to Hill for the extra point. John Arthur Arnold tallied for Silverton again, but the attempt at conversion failed.

Turkey's lone touchdown came in the fourth quarter. Coach Bran non had sent in a number of the second team men and Lane started on the Turkey 10 yard line swept around his left end and fairly outran all opposition to carry the ball over. The conversion failed.

The most spectacular play of the game came when Dickenson threw a long pass over the heads of two Turkey men to catch Donald Weast in full stride. He took the ball over his shoulder, a seemingly impossible catch and outran the whole Turkey team for the score.

Another high point in the game came when Dickenson intercepted a bullet pass from Lane and carried it over for a touchdown.

Lane was by far the outstanding Turkey player. He passed and ran and passed effectively keeping the Owls in constant danger.

The Owls go to Kress Friday.

CARD OF THANKS

Thanks to the many friends who visited me during my "shut in" days, and for the beautiful flowers, cheerful cards, numbers of gifts and tasty foods sent and brought to me. Words cannot express the gratitude we feel for the many kindnesses of our friends.

May God bless each of you. May the Giver of all things good and true Shower His blessings down on you Blessings to give you cheery days Blessings to brighten dreary days, Blessings that strength and courage send — Blessings that never end, never end.

Mr. and Mrs. Jess Brannon and family

Claynell Fowler Pledges Social Club

Miss Claynell Fowler of Silverton has been pledged to Las Vivarachas social club at Texas Technological college. A total of 110 women students were invited to join the five women's clubs on the campus this semester.

Miss Fowler is the daughter of Mr. and Mrs. E. C. Fowler. She is a sophomore education major in the division of arts and sciences.

Clarence Curtis Barclay Obituary

Clarence Curtis Barclay son of Pfc. and Mrs. C. C. Barclay passed away October 24, 1944 in a Memphis Hospital. The baby had been ill two weeks in the home of its grandparents Mr. and Mrs. Grover Harris of Brice. The baby was two and a half months old at the time of its death.

He is survived by his parents Pfc. and Mrs. C. C. Barclay, two sisters Christina Jane and Shirley Gene, his grandmother Mrs. Barclay of Oakland California, and his grandparents Mr. and Mrs. G. S. Harris of Brice; also one great grandmother of Silverton, Texas and numerous aunts and uncles. The father was not permitted to attend the funeral. He is now in New York, N. Y.

HOME FRONT MORALE

It's pretty hard not to stop worrying for a moment or two, but of course there it a difference between worry which is destructive, and increased effort in a happier frame of mind.

There seems to be little doubt that a large segment of the Axis population knows that the jig is up eventually, that is. If they think otherwise they either don't think or they don't know what's cookin'. But in America we know in our hearts we will win this war. Just how long it will take is another story, and for that reason any over-confidence which results in production let-down is obviously going to prolong the struggle, which nobody wants on this green earth.

We've got to back our winning teams while they are winning because in this game it is not just for nine innings, or four football quarter-periods, or so many sets of tennis. This is like the old fight-to-a-finish contests: nobody wins until the opponent it out cold! We are bruising and punching and hurting the Axis in many vulnerable spots. But that old death punch is still to be delivered.

So let's be a little more light hearted, surely there's no harm in that, but let's not be gay to the point of slipping into careless over-confidence.

It's pretty easy for us fellows on the home front when the discomfort of our fighters is contemplated, and with all of our problems, great or small annoyances, and sacrifices, we're still on the sunny side of the fence.

Home front morale means a lot of things to different types of people. The mother with sons fighting is going to need one kind of comfort, the fellow making shells another, but all in all, while the good news is coming through, let's take it like thoroughbreds—and not let it go to our heads like a rich-new bottle of champagne!

The Annual Fall Bargain rate for the Briscoe County News goes into effect when you read this. In spite of advances made by many papers, we are holding our price the same, and the Bargain Rate is \$1.50 per year. There is one change subscriptions for persons outside of Briscoe and adjoining counties will be \$2.00 per year.

There is only one reason for this difference in price—more work and less time to do it. Each of these outside papers is wrapped individually and this little job alone takes around two hours each Thursday night. Also at this particular time, dozens of changes come in each week from our out-of-county subscribers. Each of these addresses cost a nickel for postage due at the post office, and a new name stencil. So to make it plain, the rates from now until the end of the year are:

In Briscoe and adjoining counties — \$1.50 Outside above area — \$2.00 There are several hundred subscriptions that will expire this month and next. It will be appreciated very much if you renew as early as possible, to avoid a pile-up at the end of the time.

Daily Papers
The Briscoe County News is your authorized agent for the Fort Worth Star Telegram, the Amarillo News and the Wichita Falls Record News. We will appreciate it very much if we can handle your subscription. You can save by combining your daily paper with the home paper. Add \$1.00 to the price of the daily paper if you wish BOTH papers renewed.

Rates on dailies are:
Star Telegram — \$8.95
Amarillo News — \$10.00
Wichita Falls Record News \$6.50
Only renewal subscriptions will be accepted to the Star Telegram and the Amarillo News. We can take NEW subscriptions to the Record News.

DIAL 2-9923 LUBBOCK, TEXAS

The War Fund drive ends November 11, and with a week to go, Briscoe County appears likely to exceed the quota of \$1617.00 by a considerable amount. Denton Smith, county chairman of the drive, reports that Wednesday, contributions had reached \$1560.07 which is within a hundred dollars of the goal.

Considering that this is an extremely busy time of the year for nearly everyone, Mr. Smith is highly pleased over the work that has been done by the volunteer solicitors. However, there are 23 workers that have not reported as yet, and thirteen whose report is still incomplete. When these reports and donations have been received the county should be "over the top."

Listed below are the amounts received and reported by workers up to Wednesday noon:

Solicitor	Amount
Mr. & Mrs. J. K. Bean	\$14.00
Mr. & Mrs. Nash Blasingame	23.50
Mr. & Mrs. D. O. Bomar	132.00
Mr. & Mrs. Omer Cornett	15.00
Mrs. Avis Cowart	\$82.50
Mr. & Mrs. T. T. Crass	48.00
Mrs. Bobbie Edwards	16.50
Mr. & Mrs. John L. Francis	49.33
Mr. & Mrs. Gabe Garrison	24.00
Mr. & Mrs. R. M. Haverly	30.50
Mr. & Mrs. Bob London	61.00
Mr. & Mrs. Eugene Long	23.00
Mr. & Mrs. Wright May	7.00

QUITE A BIT of spookin' Hal-low'e'en night, but nothing serious I guess. The flag pole deal wasn't to hot. The window marking is not to bad as long as they refrain from writing "their own names" on the window. I don't know what fun the boys gets out of it but personally I'd rather have my window marked up than to have somebody's three-holer sitting on the front porch when I got up.

I AM ABOUT to clear up an old mystery. Joe O'Neal was telling me about a little stunt that happened when he was in high school. Ted Reid was superintendent and some of the boys tipped over the outhouse and Ted was on the inside and couldn't get the door open to get out. Joe said "Boy, twas a good thing for us that he didn't find out who did it." And now I don't know whether it is too late for Ted to do anything about it or not but there's the information. It should be looked into methinks.

HERE'S ONE THAT shows a few things about just how figures and statistics can be made to read. I wouldn't say whether it is authentic or not—you can figure that out for yourself.

Roosevelt and Myself: Franklin is always off fishing or meeting with some half-baked educated idiot and I am getting damned tired of running this Country alone.

Very Truly Yours
Eleanor

TUESDAY IS THE big day, or at least it is election day. It will probably be just one more day out of sixteen years. The thing that is going to re-elect Mr. Roosevelt is the claim that he is needed to sit in at the peace talks. My opinion will not, and isn't intended to influence one vote, but Mr. Roosevelt has always bought his way to the things that he thought best. It has been very costly buying his way through the past twelve years when the program included only the United States. The United States Treasury is deep and our resources are great but if the new deal policies are continued on a WORLD WIDE scope Uncle Sam will find himself with nothing in his pocket but a hole and the memory that it was a whale of a lot of fun while it lasted.

AND A GUY asked me the other day "Well haven't you done better in business under the new deal than any other administration?" Well of course I have. In fact the new deal has been in business four years longer than I have.

AND THAT IS all the election say I have. All that is left is the voting. And as Alvin Redin says,

"I'll have just as good a president after the election as you will."

IT IS A little early to say for sure but I think that old Santa Claus is coming this year. Last year, Barb's mother gave me a keen knitted sweater for Christmas. It was always a little too big, her thinking that she had a pretty big man for a son-in-law, and I never wore it much. She is here visiting us and she is ravelling that sweater out and reknitting it. And do you know what? I'll bet she is working on my Christmas present again. What I am wondering is how many years she can make it last . . . Dad Whitney gave me a shirt for Christmas a few years ago, and it was too big too, and I gave it back to him for Dad's Day. It fit him and suited him in every way—and it should have, for he picked it out in the first place.

AND NOW COMES up the case of the lost cigarette lighter . . . When Garner Guest was here, he told me he really liked the paper (what few he received) while in the South Pacific and he was trying to pay up his subscription and so forth. Wound up by dealing with him for a cigarette lighter that he had in his hip pocket while he was digging that fox hole with his teeth that he was telling about. But he never did get around to bringing it to town. Called on the phone before he left and said that he was afraid to come to town for fear he'd get kidnapped or something and that he would send it. And now I have his address and am starting the paper up again but still no lighter. If he don't come across pretty soon and fags get any scarcer, I won't have any use for the thing.

GEORGE SEANEY is now the No. 1 coyote chasing champ by virtue of a 4 to 0 victory last Friday. Johnnie Burson called him and said there were four coyotes out on the Burson pasture. George and Charles Cowart jumped in the big old Army Jeep and took off. They sighted four of the critters and within ten minutes had killed them all. They ran up on them and shot them with shotguns. George says that Jeep will go in the fields just as fast as in the road and that a coyote hasn't got a chance.

Two-thirds of the world's gold supply is stored away in the bank vaults of America.

Caves of perpetual ice are found under the lava flows along Highway No. 66 in western New Mexico. Although the summer temperature may reach 100 degrees, the ice in the caves does not melt.

SPENCE ZELDA MILTON

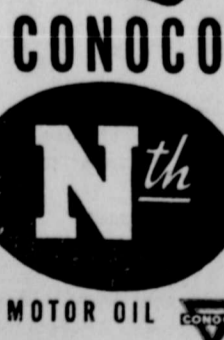

Erratic driving proves so inefficient in Wartime that it's no longer favored any of the time.

Deftness is the style in motoring. Tactics like swooping in and out of line seem wasted, when the little coupe—from miles behind—presently shows up anyway in the "thrill-driver's" mirror.

That's skill—making a steady good average; not leaping and bounding to make it up. You'll show still greater regard for dutiful mechanism by having your engine OIL-PLATED—internally surfaced to resist corrosion by the unavoidable acids of combustion.

Changing to Conoco Nth motor oil will automatically give you an OIL-PLATED engine. Costly pioneer research created the special Conoco Nth ingredient that gives this popular-priced oil its magnet-like action. And that's what joins OIL-PLATING to inner engine surfaces, as if to stay.

Acids stay too, these days—infesting every cylinder in unreasonable quantities. Former chances of ousting corrosive acids are decreased these days by low engine temperatures—longer stretches of standing cold—mileage limitations of any kind. But you can keep your engine's fine inner finish under cover of protective OIL-PLATING—resisting corrosion! Just change to Conoco Nth motor oil at Your Mileage Merchant's. Continental Oil Co.

News from Boys in Service

second class mail takes an extra long time to get out here and also I've been moved quiet a bit lately. It had been something like a month since we had received our mail finally caught up with us. In that group of mail that I received was two or three News. Then again to-day some more of them arrived. I want you to know that I appreciate them very much, more than I ever can tell you. Even though I'm not a "citizen" of Silverton I know that I have several good friends there and enjoy keeping up with them. I know most of the boys that I used to bang heads with on the football field, in the boxing ring, and on the basketball court are in some kind of service. I'd like to take this opportunity to say hello to them wherever they may be and hope that someday soon we can have a happy reunion back home.

So far I haven't found life in the South Pacific as the movies demonstrates it. In fact it has been about ten months since I've seen anything that even resembles civilization. I have seen a good many of the islands but they are something like a western movie (honest I'm not kicking against the motion picture industry) once you've seen one of them you've seen them all. It is interesting at first to see how the natives live under what we might call great difficulty. Most of them seem to be quiet content just carrying on with their easy going life. We had quiet an experience at one place. They seemed to be bargaining for cloth. It didn't matter to them what kind it was just so it would reach a-

round their body. They had Jap money, spears, all kinds of shells and things of that nature they would trade for cloth. They also were very fond of the American cigarette. No matter how small the children were, they were all smoking cigarettes or cigars.

Our recreation is very scarce right now. We have a movie at night. The ones we've had at the present location haven't been so good, but up until now they have been very good and late pictures. We had boxing for a while. We would go to a nearby beach every Saturday night. I fought three times and managed to win each time. The terrific heat that we have discourages too much exercise.

It is just about time to turn in for the night, so let me once again try to express my appreciation for the paper by saying, thank you very, very, much. I hope and trust all is well with you. Goodnight and the very best of luck."

ALVA GARDNER writes to his parents from the South Pacific: Dearest Dad: I received your most welcome letter to-day. It seems like a long while since you have written me. It was about the first letter I've received in a few months. I usually write all of you about three times a week but the past few weeks I got so tired of writing and not getting any mail, from home I mean. I get lots of letters from different people but never from home.

Don't let Ben drop out of school. I hope he doesn't have to get in this war. Sometimes I think I can't take too much more of it. I think I've got a long way to go, before I see the good old U. S. A. again. I would just about as soon stay over until it's over with, then go home

for good. As to go home and then have to come back. This particular island I am on now, isn't so bad. It was pretty awful for a while. But it doesn't take long to take over a place and get it settled.

I guess I haven't any gripe coming some of these poor guys have been in on as many as 4 or 5 invasions, me only two so far.

I don't think you would know me now. I have stayed in this tropical sun so long that I'm really turning black. I feel fine, and most of the time in good spirits. Have church on Sunday now. I have gone once. I have to work seven days a week. So don't get to go much but I attend as much as I can.

We have a radio in the chow hall now. We get state side programs. A movie every night now. It's getting better all the time. There was a movie actress here one day. But Dad, I wish to heck she hadn't come. I never saw anything like it in all my navy career. They were so darn drunk they couldn't put on the show. It kinda made me mad. I've seen the time when I could have taken a few drinks myself though. But don't think me a drunkard.

I would like Willie Smithes address, also Lynn Welch's. I suppose Smithes is having a good time in New Guinea. Its according to which part he is in. I may get to see Doug sometime. I saw his ship once before, but didn't know then that he was aboard.

Well Dad, I have about written a book and you are probably tired of reading this mess, so will close for now."

PUMPKIN and WINTER SQUASH

By Jessie Mae Watson, Chairman

When the frost is on the pumpkin—most folks have their minds on their favorite autumn dishes, and not the least of these is pumpkin pie. This naturally brings up the topic of the perennial favorites—the pumpkin and his brother the winter squash.

Pumpkins were cultivated by the Indians long before Columbus came to America. The hard shell winter squash is American in origin and has been cultivated on this continent since the earliest days of record. De Soto found the Indians growing squash among rows of maize. In fact the pumpkin and the squash seem to have become as much as American autumn tradition as football.

WANT TO BE SURPRISED?? ??

All of us like to be pleasantly surprised! We like this surprise, especially if it is buying something at a less price than we anticipated. . . .

You may become accustomed to high prices, but when you find low prices and high quality, that is a REAL surprise.

We have many pleasant surprises for our customers.

RIGHT on the Corner,
RIGHT on the Job,
RIGHT on the Price,
RIGHT on the Quality,
READY to Serve You!

Hill Grocery
BOB HILL, Owner

They are not only popular by taste test, but also with those who know that both pumpkins and squash are good sources of vitamin A. The outstanding function of this vitamin is the role it plays in the building and working of normal cells of the body's membranes. A shortage of vitamin A may show up in the normal growth and functioning of the skin or mucous membrane of the eye, the respiratory tract, the digestive tract or the excretory system. It is well known that keenness of sight of aviators, industrial workers and autoists is reported to have been increased by diets containing more vitamin A.

No matter how you plan to use pumpkin or squash, to get all the good fresh flavor, boil the pieces in a minimum of water. When the pumpkin is tender, put it through a sieve. If you want to get out every bit of water, you'll have to cook the pumpkin longer. The best way to do the extra cooking is in a double boiler with the cover off. Besides pie, pumpkin or squash may be used baked, boiled or steamed as a vegetable, and as pumpkin custard for dessert. Both pumpkin and squash can be found

in most markets through the fall months, but they are also available during the other months of the year, either frozen or canned. Both are rather inexpensive. Both should be stored in a cool dry place, but should not be allowed to freeze. They should be examined for signs of mold or rot, and should be turned occasionally.

Allow about an hour for baking winter squash. To get the squash ready, wash the outside and cut into pieces about 3 inches square.

Remove all seeds and string. Put squash in a greased baking dish. Pour melted fat over the pieces and sprinkle with salt and pepper. Cover and bake in a moderate oven until squash is tender.

Mr. and Mrs. Durward Brown were in Amarillo on business Monday.

Mrs. Sam Brown left last Thursday to be with Doris June Brown in Fort Worth, when she underwent a tonsilectomy.

To My Friends and Patrons:

Announcing my new office schedule:
