They Celebrate 62nd Anniversary

MR. AND MRS. M. C. POTTER

Miss Demeris Poe became the bride of Mr. Martin Potter in a simple ceremony in San Saba County, November 23, 1882, and Thursday of this week, this fine couple will celebrate their 62nd Wedding Anniversary at their home in Silverton, Texas. They moved to the Panhandle in 1888 and settled at old Estacada, in North Floyd County. Then in 1899 he moved to Quitaque, where he was postmaster for many years. In 1916 he was elected County Tax Assessor and moved to Silverton, where they have lived ever since.

Mr. Potter is 87 years old and Mrs. Potter five years younger. They have the sincere congratulations of hundreds of friends in the Panhandle. Is there another couple who have seen more wedding anniversaries?

WILLIAM TARVER HALEY OBITUARY

William Tarver Haley, was born Oct. 17, 1883 in Collins County and passed away, Nov. 19, 1944 at the age of 61, at his home in Amarillo. Mr. Haley's death came as a result of a heart ailment.

He had spent most of his married life in Clarendon where he was engaged in farming, later moving to Silverton and then to Amarillo, where he was employed at Pantex.

Funeral services were held Nov. 21, 1944 at the San Jacinto, Baptist Church in Amarillo with interment in the Plainview Cemetery.

He is survived by his wife Mrs. Nola Haley, and the following children Mrs. Ernest Davis of Plainview, Mrs. Robert Hill, Mrs. Buster Wilson, Mrs. Jack Green of Amarillo and Bennett Haley of the Navy, who is somewhere in the South Pacific. He is also survived by five grandsons and one sister, Miss Eula A. Haley of Clarendon.

CARD OF THANKS

We want to thank our many friends for their kindness and sympathy in the loss of our husband and father, Mr. William Haley. The floral offerings were lovely and you have done much to lessen our grief. Thank you.

A REMINDER ABOUT YOUR SUBSCRIPTIONS

The annual \$1.50 offer for the Briscoe County News is in effect and is bringing in a few new and renewal subscriptions to the paper. However, there are dozens of subscribers whose date shows 11-44 that should come in sometime this month, and have the time extended. The \$1.50 offer will remain in effect during most of December, but it will be greatly appreciated if subscribers make their renewals as quickly as possible, in order that the changes may be made the same week, instead of piling up at the end.

As local agent for the Amarillo Daily News, the Wichita Falls Record News, and the Fort Worth Star Telegram, the News Office can give you increased savings if you combine your daily paper subscription with the home paper. The Star Telegram is \$8.95 per year. This daily paper and the Briscoe County News together are \$9.95. The Wichita Falls Record News is \$3.50 per year. Add one dollar if you wish to combine with the home paper New subscriptions can still be accepted for the Record News.

The Amarillo Daily News is \$10.00 per year. Adding a dollar for the home paper makes the combination price \$11.00. The larger daily papers are having more trouble keeping supplied with news print paper than the smaller ones. There is no indication thus far that the Briscoe County News will be unable to take new subscribers.

So, look at the address label on your paper and see if you need your paper needs renewing. Tell your neighbor too, that he can now subscribe for \$1.50.—R. H.

Uncle Jim Hazelwood visited from Wednesday till Sunday with Gene Longs. The Longs took him to the home of Walter Woods at South Plains on Sunday.

The Bond Club met with Mrs. O. T. Bundy with eleven members present and four visitors. Two bonds were drawn by Mrs. Nash Blasengame and Mrs. O. T. Bundy. The next meeting will be with Mrs. R. E. Douglas, December 1st at 8:30 o'clock.

Mrs. Chas. Davis has a baby daughter, born November 18, 1944 at the Plainview Hospital. She is truly a war baby as her Daddy was killed in a plane crash four months ago. He was in the Navy. Mrs. Davis is the former Brownie Simmons.

The armed forces use over 700,000 items made from paper.

SEVERAL HARD FREEZES HERE PAST FEW DAYS

Old Jack Frost finally got tuned up and down as far as the Texas Panhandle, and several nights recently have seen the temperature drop sharply below the freezing point.

Car owners have made a last minute rush to get their radiators doped up ready for freezing weather. Prestone, is unavailable here as an anti-freeze, and most are using either their old supply or alcohol.

Lady quit sniffing. That delicious little odor isn't your neighbor's breath—it's his radiator!

NOTICE

The Reverend C. N. Wylie of Canyon will hold an evening service at the First Presbyterian Church, Sunday November 26, at 7:30 o'clock.

Mr. W. B. Byrd and Mr. and Mrs. L. M. Austin and two children of Robert Lee visited in the home of their daughter and sister Mr. and Mrs. J. W. McCracken over the week end.

Mr. and Mrs. V. R. Turner, Mr. and Mrs. Algine Turner and Jan of Turkey spent Sunday with Mr. and Mrs. Jeff Simpson.

Mrs. A. G. Tadlock left last week for Denver to be with her husband who is stationed there.

NEW JOHN DEERE COTTON HARVESTER MAY BE SEEN IN ACTION FRIDAY and SAT'DAY

There will be a demonstration of the John Deere Cotton Harvester and Cleaner at the D. Garvin farm, three miles west of Silverton, Friday and Saturday of this week.

The demonstration is sponsored by W. Coffee, Jr., local John Deere dealer and everyone is invited out to see the new machine at work. Garvin has a 40-acre cotton field, and it is thought that it will take most of the two days to clean the field. However, if the machine has moved, inquire at the hardware store as to where it is working.

Mr. Coffee has seen the machine at work and is very enthusiastic about its operation.

LEGION MEETING

There will be a meeting of the members of the local chapter of the American Legion at the court house, Tuesday night, November 28, at 8:00 o'clock, according to Tom Bomar.

Election of officers will be held and other business transacted. A discussion of plans for raising the money for the Veterans' Building will highlight the meeting.

All veterans of both World War I and World War II are urged to attend the meeting.

The Silverton Owls, winners of seven straight games, will play Oklaunion for the bi-district championship here, Thursday, November 30. The game is the highlight of the 1944 season, and will wind up the season for the Silverton boys. A huge crowd is expected to see the game, as it is the first time for several years that Silverton has fought its way to the top of the heap in the district.

It is difficult to arrive at any comparison of the two teams. Neither has played any team in the other's conference, so there is no way of arriving at any "dope" on the outcome of the game. Coach Brannon scouted the Oklaunion-South Lockett game Friday night. He said they looked "tuff" to him, and that they were big and fast. The first string played only a part of the game, since the opposition did not require their services. He said that he believed that the Owls might have a chance if they were "just right."

Silverton has won seven games this year, defeating Turkey, Kress and Quitaque twice each and Flomont once. The Silverton goal line has been crossed only four times, while they have averaged better than thirty points to the game. The Owls go to Flomont this week to play their last regularly scheduled game.

The starting line-up for the bi-district game will be Hill, left end; Self, center; McWilliams, right end; West, quarter back; Arnold, full back; and Dickenson, full back. This will be one of the outstanding games ever played on the local field.

Donald Wayne Crawford

Donald Wayne Crawford, 3-months-old son of Mr. and Mrs. Don Crawford of Seminole, passed away Sunday, November 19, in the West Texas Hospital in Lubbock. The little fellow had been ill only a few hours.

Funeral services were conducted at the graveside and interment was made in the Silverton Cemetery Monday afternoon.

The baby was the grandson of Mrs. E. Rogers of Morton. She was formerly Mrs. Tom Crawford.

CARD OF THANKS

We are very grateful for your sympathy in the death of our baby boy.

The Presbyterian Auxiliary Meets

The Presbyterian Auxiliary met in the home of Mrs. Dan Wulfman Nov. 20, 1944 at 3 p. m.

Mrs. Bob Dickerson, the president presided at the business session. It was decided to have a Country Store, December 9. All kinds of country produce will be sold. There will be a "White Elephant" booth, also a table of handwork. Coffee, sandwiches & chili will be sold during the day. Mrs. Clyde Wright was appointed chairman.

Mrs. Roy McMurtry gave the devotional, reading scripture from Ezra, followed by a prayer.

Mrs. O. T. Bundy led the study of Ezra, all joined in the discussion.

Those who enjoyed the social hour were Mesdames Gordon Alexander, Dean Allard, O. T. Bundy, Bob Dickerson, D. T. Northcutt, Roy McMurtry, Kemp Thompson, Clyde Wright and Mrs. C. C. Whitney of Jewell, Kansas and the hostess.

Mrs. Perry Thomas, Sr. and grandson Don Thomas, are leaving Thursday for Thanksgiving with her daughter Ruth at Brownville, Texas.

Mr. D. G. Shelton is leaving Thursday to take his mother and brother Temp to Center Point, Tex. to spend the winter.

Mrs. R. E. Douglas attended the Passion Play in Amarillo Monday evening and spent Tuesday there.

H. S. Sanders and J. M. Willson of Floydada were in East Texas in the hopes of obtaining lumber for the lumber yard here.

I'm thankful for the blessings I have,
For all that God gives to me;
And I know by giving thanks for them,
Still greater things will be.

Just to look at the stars above,
When I'm walking in the night,
Makes me humble, thoughtful, and glad
For the truly great blessing of sight.

Think what I'd miss if I saw the birds,
Yet couldn't hear their song;
The more I think of all these things,
Why, there just isn't anything wrong.

Good health I have, and a will to win,
What more could anyone ask;
That's enough to make it easy
To do the most difficult task.

I'm thankful for loyal friends I have,
As I've traveled here and there;
That's one of my greatest blessings,
'Cause a real, true friend is rare.

I'm thankful for the home I knew,
For the fun I had when a lad;
And I'll never stop being grateful
For my precious Mother and Dad.

When I get to thinking things are wrong,
When I fill up with fear and doubt,
I have only to think of the blessings
I have
And it puts all misgivings to rout.

No matter what happens as time goes on,
Even tho' Heavens themselves may fall,
There's a kind, loving God with us all.
I'm thankful today that I can know

YOUR TRUE?
 JUST CAME OUT of the picture show— "The Seventh Cross"— a picture showing an escape from a German concentration camp. Perhaps it was not intended as such, but it was a very good Thanksgiving picture. We here in America are the most fortunate in the world. We have the most wonderful country and people in the world. We have the greatest industrial system in the world. We have the greatest and most scientific farmers in the world. We have the greatest system of free enterprise in the world. We have the greatest army and navy, made almost entirely of civilians (a couple of years ago) in the world. . . . If there is a shred of Christianity in us, we will thank God for our blessings this week and every week. This nation didn't just happen, and in spite of our many faults and failings, I think it has the backing of Almighty God. Let's ask him to continue to favor us, and let's make it fifty-fifty and do a few more things HIS way.

THAT IS MY Thanksgiving sermon. I didn't intend to write that, so it must be good. I better get on another trail before some of the

preachers have to start complaining about competition.

IT LOOKS LIKE from here that I've whipped the cigaret shortage. Found my old Bugler rolling machine the other day and I have made a deal with the young Hahn to roll 'em for me. The ceiling price on the rolling is 20 for a jitney.

MERRICK, THE INFERNAL revenue man dropped in and whatever I had in mind last night is gone. However, what I write this morning is bound to be fresher. Merrick is quite a guy. Much nicer to deal with him on pleasure than business methinks.

HE WAS TELLING me a bunch of stuff that happened to him back in his maiden days. He served his army apprenticeship in the Philippines when he ended 33 months on Corregidor in 1931. Even then, he said the Japs were getting ready though they didn't think too much about them. However, every few days they'd bring in a Jap "fisherman" that was caught taking pictures and depth soundings in the bay. Invariably these birds refused to speak English and so went merrily on their way.

MERRICK RUNS INTO lots of things he says, in correcting income tax returns and such. He has come to one definite conclusion . . . the phrase, "untold riches" must mean that it isn't mentioned on the income tax return.

I JUST RECEIVED some election statistics from the Democratic National Committee. They show a couple of funny things. Dewey carried 12 states with a majority of 312,690 and received 99 electoral votes from them. If 157,000 of these votes, properly placed, had switched from Republican to the Democratic column, Dewey would not have received a single electoral vote. Roosevelt was given a majority 522,728 votes in 12 so-called doubtful states for 169 electoral votes. IF 262,000 of these votes, properly placed, had switched from the Democratic to the Republican column, these 169 votes would have gone to Dewey and President Roosevelt would have been defeated.

IT IS A screwball way of holding an election, this electoral college system. With 45,000,000 people voting, it should not be possible for such a few votes to swing the election either way. In the second described case above, had the switch taken place, Roosevelt would have been defeated altho three million people indicated that they wanted him. I think it is time our presidents be elected by a pop-

ular vote of the people. As it is, none of us have ever voted for the President of the United States.

I BOUGHT ANOTHER job press last week and like the big sap that folks say I am. I bought one with a 220-volt motor. The only line I have running into the shop is 110. So now I have another nice-looking jobber, and until I find a motor trade, it is nice-looking, and nothing else. Seriously, if anyone has a 1/2-horse 110 motor that they might trade for a 220, let me know. As easy a trader as I am, you could no doubt make a lot of dough on the trade.

ONE OF MY nephews has been given a medical discharge from the Army. He has been in since before Pearl Harbor, and it seems as if now he doesn't have enough short ribs on one side, or something like that. He evidently had them to start with when he passed his first physical exam. What in the heck went with them?

THERE ARE STILL a lot of you boys and gals too, who need to be untracking your little paddies down toward the news office. There are a lot of unpaid November subscriptions here. I need the money and you need to ease up the pressure on your conscience—so, let's be up and doing. You come up and I'll do the rest. I am sure that buck-fifty will fit my pocket as well as it does yours. I was never one to complain of sitting on a bumpy billfold.

ANOTHER THING I'd like to call your attention to is the special rate on buying a bond and a subscription. Right now you can buy a \$25 War Bond and a year's subscription to this paper all for only \$20.25. This is a bargain combination that you can't beat anywhere, and the only place I know that you can get it is at the Briscoe County News office. I will be glad to take care of it for you, any time.

War forced closest attention to every motoring detail. And this fine habit of thoughtfulness has grown on car owners.

You'd only be testing human kindness by changing to a half-flat spare and setting out for the next air hose. Where a forgetful man actually tries it, a good Samaritan generally drives up alongside, pointing a helpful warning. America has become as thoughtful as all that toward her indispensable cars. And of all the examples of car-care the greatest single one you can follow is to have your engine OIL-PLATED. In that way—by changing to Conoco Nth motor oil for Winter—by changing to this patented oil that OIL-PLATES—you'll give your engine's insides the nth degree of protection from acid corrosion.

All engine combustion creates corrosive acids. They're bad enough even when "exhaled" fairly well, but from now on they won't be! Winter's extra-low mileage and cool operation mean acids at their worst. Patented Conoco Nth oil, however—thanks to costly pioneer research—brings the special ingredient whose magnet-like effect OIL-PLATES your engine's fine inner finish, to cope with corrosion. Attached as closely as protective chrome plating could be, the internal OIL-PLATING keeps up its steadiest possible hindrance to direct contact between acids and engine parts. . . . Then down go the chances of corrosion, just as soon as you change to popular-priced Nth oil for Winter, at Your Mileage Merchant's Conoco station. Continental Oil Company

COOKINGS GOINGS AND DOINGS

The March of Time Study Club met November second in the home of Mrs. Tony Burson with Misses Evelyn and Janie Schott as co-hostesses. The club members enjoyed a Big Carnival. Each was given a fancy hat to wear, had her name told by a renowned palm-ist, played bingo and ate hot dogs, cream and coffee.

Two new members: Miss Leota Campy and Mrs. Eunice Elkins

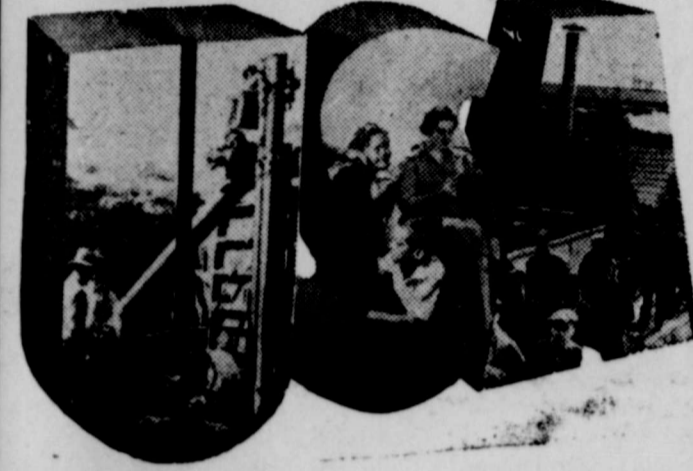

was welcomed into the membership of the club.

On November 16th the club met in the regular meeting place. Mrs. C. S. Mast reviewed the book "Here is Your War" by Ernie Pyle. This was the story of the African Campaign and the part taken by the American forces in chasing Rommel out of North Africa.

The club adjourned to meet on December 7th at which time a book review will be given by Mrs. Tony Burson.

Mrs. A. P. Dickerson returned last week from Dallas where she had been visiting her daughter Mrs. George Terry.

Much to be Thankful for.

THE GREATEST thing we have, for which to give thanks, is the good Old U. S. A., and the fact that we are Americans. That fact is No. 1, of our many reasons for thankfulness.

Personally, here at the store, we want to thank you for a fine patronage and increasing business since we have been in this store. We shall do our best to warrant your confidence.

FOOTBALL, FOOTBALL!!

Next Thursday, the Silverton boys play Oklaunion for the bi-district championship. Let's be out to the game in a bunch and show the boys that we're back of them. It will be a fast game. Let's Go, Silverton!!

Back in the Pilgrim Days the boys had this trouble, but it is due to the efforts of the early Americans that we now have the greatest country on earth. We owe a great debt to those early American pioneers.

Now we have ten million Americans in uniform, fighting to preserve the American way of life. We owe it to these men to back them up on the home front with our work and our money.

In closing let us thank you for your friendship and patronage at the Silverton Co-op. We send you our very Best Wishes.

100 OCTANE GASOLINE won't grow wings on a car

EXPECT NO MIRACLES from your present car if the tank were filled with 100-octane gasoline. Its motor was engineered specifically for the gasolines which were available at the time you bought your car. To secure the benefits of very high octane fuels, post-war motors will have much higher compression ratios, will be smaller and lighter, and will deliver greatly increased power and extraordinary mileage. All this will be possible because of the super gasolines to be made available for motorists in the post-war period. And you have every reason to expect that Phillips will be among the first to offer these vastly improved motor fuels soon after victory. Why? Because Phillips is today one of the nation's five largest

producers of 100-octane aviation gasoline. Phillips is also one of the leaders in the war production of butadiene for synthetic rubber. These achievements are a direct result of Phillips long years of peacetime research to extend the frontiers of knowledge concerning hydrocarbon chemistry. Other accomplishments, which cannot now be told for security reasons, flow from Phillips wartime exploration of the limitless possibilities of chemical production of new and better things from petroleum gases as well as from petroleum. This is why we say: Every time you see the Phillips 66 Shield, let it remind you that Phillips refineries, in addition to producing gasolines, lubricants, and fuel oils... are also gigantic chemical plants pouring out weapons for victory.
