CAPT. TIBBETS GETS FLYING CROSS

THE IX TACTICAL AIR COMMAND THUNDER BOLT BASE, Belgium—Three years after they met at advanced training school Major Joseph H. Sherwood 9095 Cherry, Ada, Okla. and Iowa Park Texas, and Capt. Ernest D. Tibbets, 218 E. Alpine, Plainview, Texas, exchange congratulations on receiving the Distinguished Flying Cross in ceremonies at this advanced base of the IX Tactical Air Command. Major Sherwood, now a squadron commander and Capt. Tibbets, an operations officer, in Colonel Carroll W. McCoplin's P-47 Thunderbolt Fighter group, have been together since their graduation at Mitchell Field, N. Y., Dec. 11 1941. Both are 26, Tibbets nine days the oldest. Major Sherwood married the former Miss Betty Kilgore, Orlando, Fla., last New Years Day. Capt. Tibbets married Miss Mozelle Bechtol, of Amarillo and Lubbock, Texas last January 24. The two combat pilots were decorated with the DFC by Major General Hoyt S. Vandenberg, commanding general of the Ninth Air Force, and the Air Medal by Brigadier General James W. McCauley, wing commander, in the double ceremony at this station.

Capt. Tibbets is the son of County Attorney and Mrs. Ernest Tibbets of Plainview.

ROLAND BELL writes from Pensacola, Florida, "Dear Roy: I guess that I had better let you know where to send my paper, so I will not miss the News from there.

It sure is good to be south for the winter, where it is warm and the sun shines most all day. At present I am fixing to go to a Specialist "G" School. After 12 weeks I will leave here as a Gunnery Instructor. Boy, do I feel sorry for the boys I will teach. I wanted in Quartermasters. They put me in Synthetic Devices then changed me to Sp. Gunnery, so I don't know to much about this course.

This sure is someplace. Am stationed in a Pontoon of an army camp that they went using. We live in 6 man huts. I guess it will be all right in a short while."

JACK E. BROWN, S 3-c son of Mr. and Mrs. D. E. Brown, is with the Coast Guards. He entered service August, 1942 and is now in New Guinea. He is married to Faye Love Brown of Tulla.

Brown Is Still Playing Football

Somewhere in the Pacific: (Delayed) — Just a few weeks ago they were stalking cave-entrenched Japs.

To-day, under a tropical Pacific sun, they are reliving their college and high school campus days. Days when they were football players.

As Leathernecks they stormed the beaches of Saipan and Tinian. Veterans of Rio-Namur in the Marshalls, they scored two smashing island victories over the Japanese.

Now they are getting to be sport smen again.

Organized as a morale building program for Marines, two football teams, boasting many ex-college, pro and high school griders, have started a series of inter-division games.

BUSINESS HOUSES TO CLOSE AT 6:30

Beginning Monday Silverton stores will close at 6:30 P. M. each week day, according to an agreement reached Monday. Saturday closing hours will remain the same. With the days becoming shorter and darkness falling earlier, it is thought that the new hours will meet the approval of all customers.

A A A COMMITTEE ELECTION

The election of the farmer committeemen who are to represent the farmers and ranchers of their respective AAA Communities in connection with the 1945 AAA farm program will be held at the following times and places: Silverton, Francis and San Jacinto Communities, 3:00 P. M., December 16, 1944 at the County Court room, Silverton; Quitaque and Kent Communities, 3:00 P. M. December 16, 1944 at the High School Auditorium, Quitaque; and Antelope Flat Community, 8:30 P. M., December 12, 1944 at the Antelope School House.

Farmers will choose committeemen for each community, and delegates from these meetings will later name three county committeemen and alternates. Conservation practices for 1945, production goals, and general agricultural outlook will be among the subjects discussed at the meeting.

Committeemen represent both their neighbor farmers and the Executive branch of the Federal Government in the work and responsibilities of the Agricultural Adjustment Agency. Their recommendations, based on general personal knowledge and experience, help shape agricultural programs to fit the needs of their own localities and to meet the problems of farmers and consumers through out the nation.

"The election meetings will give local farmers a chance to consider the problems and demands of the coming year," says J. N. Partin, County AAA Chairman. "A program is being arranged for a full discussion of what's ahead. Every farmer should attend the meeting for his community to take part in that discussion and to vote in this election.

T. J. HODGES BROTHER PASSES AWAY AT IOWA PARK

W. L. Hodges, brother of T. J. Hodges of this community, died at a hospital in Wichita, Mo., Friday, November 24, 1944. He had been a resident of Iowa Park, Texas since 1898.

Funeral services were held Sunday at the Methodist Church in Iowa Park. Mr. Hodges was a long time member of that church and one of its staunchest sustaining members. Interment was made in the Riverside Cemetery at Wichita Falls.

From knowing T. J. Hodges of this community, one can easily place the deceased as a man of sterling character, and this is borne out by reports from his home town of Iowa Park.

Mr. Hodges probably has the distinction of holding the only one man school election known. When the issue of bonds came up for the new school at Iowa Park, it so happened that he was the only voter. His vote for a larger school system was declared legal and Iowa Park has one of the finest schools in that area. An oil painting of Mr. Hodges hangs in the H. S. School Auditorium with the inscription "the father of the school."

Mr. T. J. Hodges and Mr. and Mrs. Vernon Garrison attended the funeral services. Mr. T. J. Hodges has the sympathy of the entire community in the loss of his brother.

THE IDEAL gift for either men or women, personal stationery with their name and address. Come in early and make your selection while stocks are complete.

NEWS OFFICE

Mrs. Monroe Lowrey of Happy was here last week visiting her parents Mr. and Mrs. J. E. Henderson.

Thank You Neighbors! Thank you neighbors for the kind remembrance on our 62nd Wedding Anniversary. We were indeed surprised and happy to be remembered at this time. Many thanks to each of you.

SUBSCRIPTION BUSINESS IS PERKING UP ON BARGAIN DAYS

Folks have been slow in taking advantage of the special \$1.50 offer on the Briscoe County News, but are now beginning to notice that the time is flying. All papers whose labels show 11-44 or 12-44 are now due and early payment will be appreciated very much. During the summer bargain offer considerable more than the subscription dollars was invested in War Bonds during the drive, and we hope to beat that during the Sixth War Loan.

Folks who have subscribed during the past thirty days are: Mrs. Alpha Kitchens Mrs. Berton Hughes J. B. Brooks W. Arnold Brown R. N. McDaniel, Sr. H. S. Crow Vernon Garrison Arlon Donnell Jim Wiman Garvin Long J. E. Long J. R. Steele L. B. McGavock T. T. Crass W. H. Steele J. A. Montague Virgil Sanders I. M. Mills R. L. O. Riddell H. L. O. Many of these subscribers have taken advantage of the extra savings and combined their Briscoe County News with their favorite daily paper. These combination rates have been published before, but in case you have not noticed, the combination price is your daily paper plus one dollar—that pays both papers for a year. We will be very glad to take care of your subscription to the Amarillo Daily News, the Fort Worth Star-Telegram, or the Wichita Falls Record News.

Thank you very much. —R. H.

Raymond Barrow is back in the states after serving 18 months in the South Pacific. He has received a medical discharge and is at home in Dalhart, Texas.

LEGION ELECTS NEW OFFICERS

New officers for the coming year were elected by the Williams-Graves Post of the American Legion at a called meeting Tuesday night. New officers are:

Commander A. L. Redin Vice-Commanders, George Jones, Orlin Stark, Edd Morrell Adjutant Conrad Alexander Finance officer Cliff Harris Service Officer Tom Bomar Sgt.-at-Arms Jim Whiteley

The local post has been rather inactive for some time, but it is planned to have regular meetings the third Tuesday of each month starting in December. Commander Redin has also called a meeting for Tuesday, December 5. The meeting is called largely to discuss ways and means of helping the committees in the various communities to raise their portion of the fund for building a Memorial Building for returning veterans.

Considerable comment was aroused at the meeting when T. R. Whiteside produced a copy of the Matador Tribune showing that Motley County people had subscribed \$13,000 in only two weeks toward building a Memorial Building for the Veterans.

Members of the William-Graves Post wish to call attention to the fact that returned veterans of this war are eligible for membership and are urged to join. The old Vets of 1918 are anxious to step out of the way and turn the active management of the post over to the younger men. The Post will accept applications now for men in service, although they have not returned to civilian life. Parents may make the application.

NOTICE

The Rev. W. C. Hinds, District Supt. of Plainview will preach at the Methodist Church, Sunday December 3rd at eleven o'clock. Rev. Hinds will also hold the 1st Quarterly Conference at this time.

POST OFFICES URGES EARLY XMAS MAILING

Public response to the Post Office Department's "Shop Now! Mail In November" campaign is good but needs to be better, according to Postmaster General Frank C. Walker.

"Extraordinary wartime conditions face us," Mr. Walker said. "Unless more people buy and mail this month the Postal service cannot do its job of delivering all Christmas gifts on time.

"It is not pleasing to us to have to ask the American people to mail packages so far in advance of the delivery date. We do so only because it has to be done. The job is a tremendous one, but we are confident that it will be done because we know from experience that given sound reasons Americans cooperate magnificently.

"Unprecedented shortages of man power and transportation facilities growing out of the war compel early mailing. The Postal Service has given 50,000 experienced employees to the armed forces and 300,000 railroad workers have gone to war. Equally serious is the fact that rail and other transport facilities are taxed to the limit with the great burden of war traffic which all of us know must take precedence.

"In a great number of our 43,000 post offices the man power situation is critical. The 200,000 extra workers whom we normally recruited to handle the swollen Christmas volume of mail were able to work long hours of overtime and to do the heavy work. This cannot be expected from the

"The way in which everyone registers to whom in large part we must look this year to meet the situation.

"The in which everyone responded in making it possible for us to handle a volume of 70,000,000 parcels for the armed forces overseas leaves no doubt in my mind that the EARLY Christmas mailing will be equally successful. I ask for the help of the press, radio, business advertisers, civic groups and all Americans in making it possible for the Postal Service to do its work.

"We urge everyone to buy now, mail right now and mark gifts "Do Not Open Until Christmas."

Mrs. H. G. Finley went to Holbert, Oklahoma last Wednesday to attend a family reunion, she met four of her sisters and the family of a brother there. She returned to Silverton Sunday.

CRASS MOTOR ANE IMPLEMENT CO. GETS TRACTORS

Crass Motor and Implement Co. received 3 M's and 2 H's tractors this week. It has been nearly six months since the last shipment. Tractors were bought by Ronald Kitchens, Coleman Garrison, D. H. Davis and C. L. Whitehead.

SILVERTON OWLS ARE BI-DISTRICT CHAMPIONS

31-6 Defeat of OklaUnion Gives Owls Championship of District 1 and 2 for Six Man Ball

The Silverton Owls won the Bi-District Football Championship here today with a win of 31-6 over Oklaunion, champion of District 2.

Silverton got the jump on their down state opponents in the first two minutes of play and really never lost the initiative. Every man on the team played the best game of the year. Oklahomunion gained their only score as a result of a run by Snertz, a fast and versatile man.

The secret of Silverton's success this year may be summed up by a remark by Paul Webb, star player for the Tulla Hornets when he said, "I'd hate to play Silverton. I never have been tackled that hard."

A complete play-by-play description of the game will be given in next week's issue of the Briscoe County News.

REV. H. W. BARNETT NEW PASTOR

Rev. H. W. Barnett of Earth has succeeded Rev. T. G. Craft here as pastor of the Methodist Church. He moved here two weeks ago and preached his first sermon the 19th. The two Baptist churches dismissed their evening services and came with their congregations to hear Rev. Barnett that night. His two daughters who are attending Texas Tech College spent the week end with their father. One son is a minister and is in the Air Corps.

Rev. Barnett has been pastor at Turkey, Higgins, Abernathy and other places.

STUDENTS RECITAL

Friday, Dec. 1st, 1944 in the High School Auditorium at 7:30 o'clock Mrs. R. Wilkerson will present her students in a recital. The Junior High Chorus and the Musical-Arts Choral Club will also appear at this time.

All interested friends and relatives are cordially invited to attend.

CLEMMER BUYS DUNAGAN JEWELRY STORE

Boone Clemmer, formerly of Meadow, Texas, has purchased the Dunagan Jewelry Shop here and is open for business.

Mr. Clemmer, a jeweler, since 1935 is adding new tools and equipment and is very able to serve you. He formerly operated the Peacock Jewelry in Lubbock.

STUDY CLUB ENTERTAINS

Reporter, Mrs. C. D. Wright

A Red-letter-day on the 1925 Study Club Calendar is the annual meeting when husbands are admitted.

Wednesday evening, Nov. 15th, the Club president, Mrs. D. O. Bomar and her husband dispensed Texas hospitality in their delightful home, for the 1944 "open meeting." Autumn garden-flowers were used in artistic profusion; and the floral piece-de-resistance was a vase of huge creamy chrysanthemums and fern that reminded one of November brides and "heavy foot-ball dates."

The committees on decoration, entertainment and refreshments, who assisted Mrs. Bomar, "did themselves proud", according to the men's verdict. Everyone was genuinely entertained with visiting, games of dominoes and '42, delicious eats and the atmosphere of friendly welcome and felicity.

Did you know that there is a drive in progress for War Bonds this month? It is called the Sixth War Loan, and although there is absolutely no talk of the drive here and seemingly very little interest being taken, the drive is on in Briscoe County at this time.

W. Coffee, new chairman of the County War Finance Committee, says that he is unable to make a statement at this time as to how sales are going because no reports have been turned in to him, as to sales being made by school district workers. T. R. Whiteside is acting as Silverton Chairman, instead of H. S. Sanders as announced previously.

A report from the Silverton Post Office, furnished the writer by the postmaster, is utterly disgraceful. It shows that \$506.25 in bonds have been sold by the local post-office, for the WHOLE MONTH OF NOVEMBER. Of course that it not a true picture, for many Silverton folks buy many of their bonds through the First National Bank.

A telephone call to Bedwell at the First National Bank in Quitaque shows that the bank has sold \$76,429.00 in all types of bonds. Of this amount \$23,17.00 has been Series E Bonds. The county quota for E bonds is \$85,000.

Most of the large buyers do it early in the drive, and so it must be assumed that the bulk of the of the bond buying for the remainder of the Sixth War Loan must come from the small investors—those we are able to buy less than \$1000 bond.

The pessimistic report above should not be discouraging—rather it is intended for a stimulant for each of us to start buying and "talking" bond sales. The Briscoe County News goes each week to some 260 Briscoe County boys.

Many of these are on the actual fighting fronts. We are expecting them to do their best, and they are. Their showing is good. They have the same right to expect us at home to do our best. So far in the Sixth War Loan, we have not done our best and our showing is POOR.

Lets drop the idea that WE are winning the war. The war is being won by those men in the fox-holes and the tanks. At our present rate we are merely spectators in this war—and we are doing a poor job of "cheering."

On the front page is a little notice telling of earlier closing for the business houses. That of course does not apply to the Briscoe County News. There is nothing business-like about this joint—we just work until we get through. We are just as apt to be here at midnight as not—on the other hand sometimes we get gone by five. With the policy of being open when we are here, and open when we are not here too—we believe that we can meet the approval of all our customers. Tut, tut. Don't let those \$30 birds kid you—they are not thinking of their customers they are merely fixing it so they can get their feet under the supper table a half hour earlier.

SPEAKING OF BUSINESS gets me around to Christmas buying. This year, of all years, Personalized Stationery is THE gift. We have a very large assortment of really fine stationery. Printed in suitable type, it makes the perfect gift for anyone. Don't know whether they are kidding me along or what, but folks from other towns are really surprised at the quantity and quality of the stationery we handle. Prices are good. By that I mean they are good for you and me both. Mrs. Watson Douglas was in and rigged up a pretty nice order but she said she would come back and order some more—said that I had a one track mind and

that it was running on the \$2.50 track, and she is going to give me a chance to change gears. I am going to fool her. When she comes back I am going to charge her ceiling prices. The ceiling is the highest thing I can see from here.

ORDER YOUR CHRISTMAS GIFTS EARLY.

ALVIN REDIN has been giving the coyotes fits for some time now. He has a couple of hungry old dogs that can walk up on a coyote like he was standing still. He rolled in Monday morning with a load that he got while he was feeding his cattle. Alvin likes to chase them but doesn't do it except while on a cattle feeding trip because of the gasoline shortage. If you spot a coyote let Alvin know and he will round him up for you. His feeding hours are from 7:30 A. M. until 6:00 P. M.

AND NOW FOR the real scoop—a story of a guy who is introducing a mode of living that may revolutionize life here in these United States—a mode of life that puts the twin bed idea completely in the shade. D. O. Bomar is moving to Lubbock in a short time and he is moving his house with him. I asked him if he didn't buy a house over there a short time ago and he said he did, but that he wanted this one over there too. He went on to say that a few years ago he tried this twin bed idea and it really clicked. And the more he thought about it the more he liked the thing. In fact he finally decided that if it were well to put the wife in another bed—why not in another house altogether. Hence the house moving. They will be adjoining homes with Carrie Tice living in one and D. O. in the other... the thing that Bomar forgot to mention is that the one he will occupy will be the one commonly known as the dog house... especially if she happens to read this line of bunk which he handed me about the twin houses. As for Bomar, he will paw and snort and tell around that he didn't say a bit of it. But if you will just put two and two together you will find that it makes four, which proves as usual that Yours True? ? ? ? ly was right.

YOU KNOW?—I'd rather be

right than Vice-President.

I HAVE BEEN going to Canyon to a guy who is gradually working a kink out of my hip, said kink in my opinion being caused by a little lifting proposition that I have every Thursday afternoon. I got to watching the old boy and decided that Barb could get that kink out for nothing just as well as he could for two bucks and a lot quicker. He gets me up on a table and pushes shoulders one way and hips the other until something gives. So far it has been me. But to get back to my original theme of saving that two bucks—Barb just couldn't get the hang of it. She would push on both my hips and shoulders with the result that she just pushed me off the table. But I succeeded tonight. She came in the bedroom and I was under the bed with just my shoulders sticking out. I began to razz her about the house mess that was under the bed and... you know the rest. She landed on my head and shoulders like a ton of brick and the trick was done. What she doesn't know was that I had wound my bottom half up in the bed springs. When she landed on me she did exactly what the chiro did—she slipped that hip back in place. Now I have a whalava kink in my neck and heel marks on my nose. I am going back to Canyon once more. If that doesn't fix me up, I'm going to get a bottle of Lydia E. Pinkham's and forget my troubles. Besides that kink, those hot flashes are driving me nuts.

I CAN'T SAY as to how the Bond Buying is coming in this Sixth War Loan. Coffee is the man of the hour and so far hasn't had much to say. Confidentially, I think we are all a little too anxious to get into our post war plans before we have finished our "Win the War" plans. Next week I will print a report of sales from the bank and postoffices and my guess is that we will have less than 25% of the goal. There is far too little talk of buying bonds—too much of the attitude that "I've got all I can handle." By next week perhaps, school district chairmen will have filed their reports with Mr. Coffee and it will give a line on what we are doing; or not doing.

I READ A little skit in the Slatonite that was commenting on the plans that have been made for celebration of V-E Day. It quoted

from a letter received from a boy in the South Pacific and he said: "When you celebrate Victory in Europe, please parade pretty easy when you go by my house on Ash Street. Out here in the Pacific the Japs don't know we have won the war. They are fighting for every ditch, and we are paying with our dead for every new beach head we take."

MY APOLOGIES to Dee Reid and other solicitors whose lists were omitted in last week's paper. It was an oversight and the omission is corrected in this week's paper. Miss Lila McDorman was the typist and that no doubt accounts for the fact that we overlooked one half page. I think that I had the copy in the shop, but when Lila sits down at a typewriter and gets that "Frank-Sinistra-Here-am-I" look on her face, anything can happen. And it did—(Buck passers please take notice.)

Money Raised for Red Cross Overseas Kits

The Camp and Hospital Council of the American Red Cross sent an urgent request this week to Mrs. T. C. Bomar, for 30 overseas packages to be shipped at once to San Francisco for our sailor boys. A quick drive was made for funds and these boxes are being prepared. Those who helped in the drive said the people responded cheerfully with their dollars. It took only a short while to raise the amount needed. This drive was made under the auspices of the 1925 Study Club and they wish to thank those who so kindly helped. The Council also asked for 30 individual gifts for the station hospital at Childress. These gifts will be given patients in the hospital. They are being prepared by members of the club.

WE'RE SET UP TO HELP YOU FARM

... IN WARTIME !

● These machines of yours are now tools of war. Most of them you can't replace. Your next year's crops depend on them. And so does the amount of food you raise to help the nation win the war.

You know how a soldier cares for his gun. That's the way to maintain your war tools. We're set up to help you do it. We have the shop and equipment. Also the skill and knowledge of farming.

Come in and see us. If the shop is swamped with work we'll make a date with you to service your machines before you need them again. And we'll keep our promise.

Please Give Us Time To Do A Good Cleaning Job

In spite of all handicaps we are determined to give you the finest dry cleaning service possible.

One big handicap is the shortage of experienced workers. Another is the lack of special cleaning materials—the cleaning fluids we formerly used have been diverted to war uses. It takes longer to do a good cleaning job with fluids now obtainable.

So please give us time—at least a few days, and we'll do you a good cleaning job!

News from Boys in Service

(Continued from Front page)
Representing the foot-Marine who slogs through mud and Jap infested fields and caves are the "East Gulchers." Their opponents in this Pacific league are the "West Gulchers," men of the artillery, engineers and headquarters troops.
Under a broiling Pacific sun the test game was played before a sports-hungry throng of thousands of Marines, Army and Navy spectators. The two elevens battered a scoreless tie, but in the second game, the East Gulchers won a thrilling 13-0 contest.
Playing a wide open game, the East Gulchers are coached by Marine Maj. Frank E. Garreston of Seattle. Head coach of the West Gulchers is 1st Lt. Sam Mandich.
Also on the East squad is Pfc. RICHARD L. BROWN of Silverton, Texas, former Hardin-Simmons University half.

TONY DENHAM writes to the editor from England. These letters have been delayed. "I am sorry I haven't written to you. I haven't been getting the paper but expect I couldn't get it when you didn't know where to send it.
I am in the Hospital now. I have a piece of schrapnel in my right leg. It isn't very bad, but I will be here for a good while. I got hit while in Holland. One good thing is that it is only a flesh wound. So I'll be out in a few weeks.
Say Roy, you can do me an honor, that is if you are in anyway acquainted with Uncle Sam, will you please ask him to send

We used to ride a lot

Wistful young America may not be able to understand why those long, lovely rides in the country are now only a memory.

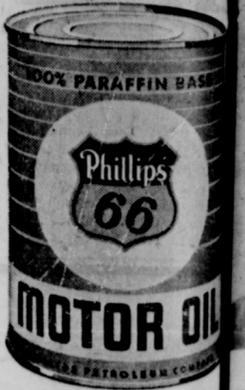

But their patriotic fathers, meeting the necessity for conserving gasoline and for prolonging the life of tires and cars, have reduced their driving to a minimum. They know that "Care for your car—For your country" is more than a slogan, that such care is important lest the nation face a wartime crisis in domestic transportation.

So now, more than ever, they want a quality oil to preserve and protect their motors. Their only question is: How can I tell which are the quality oils?

Here is one easy answer, in a very frank statement by Phillips: If you want our best oil, remember we specify that Phillips 66 Motor Oil is our finest quality . . . the highest grade and greatest value . . . among all the oils we offer to average motorists.

Experts recommend changing oil every two months. Especially, don't neglect the seasonal change this fall. Get rid of contaminated, summer-thin oil. Drain and refill with a quality lubricant. Ask for Phillips 66 Motor Oil.

me somewhere else. This England is worse than Alabama. It's a very beautiful country but that is all, but it is not for me, I just can't get used to the English ways and the beer, for sure. There is no taste to it.

Then in another letter dated Nov. 1st. Just a few lines to say hello, and to thank you for the Christmas present. I received it today. I had some fun with it. All the boys here in the ward gathered around to have a bite of it and it turned out to be soap. So they couldn't very well eat soap. It sure has a sweet smell. I should be able to catch a lot of girls when I use it.

Well Roy, I am sorry I haven't time to write more but I have got to close. They took the stitches out of my leg to-day, so it won't be long now until I am out.

Word received from Tony Denham this week that he is now able to walk on his leg and that he has

received his Purple Heart and that he is sending it to his mother.

Let us have the pictures of your son or sons in service. The cost is \$1.25 for the engraving. We just have four pictures that haven't been run. So get the boy's pictures in. You don't want their picture to be one of those not in the annual which will be printed at the end of the war.
