

MICKEY PITTS writes from the Philippines to the editor: Dear Friends: I am sorry I haven't written to you in such a long time but have been on the move most of the time and a person don't have much time for writing. I will try to make up for that now.

The cigarette shortage has just hit us, but we can however get Filipino cigarettes, they are not so hot tho. While in the city one day, I saw a brand that I was tempted to buy, a pack of 30 for 55 centavos, they were La Indiana brand but the name was deceiving and the cigarettes tasted more like La Mexico.

The Philippines have about every kind of weather there is except winter. Since landing in the Philippines, I have gone through a Typhoon and the wind and rain comes freely, the night of the typhoon, we were all huddled beneath our blown down tent and a boy from Amarillo remarked, "Not bad just like picnic weather back home."

The people of the Philippines are much darker than I thought they would be. They are of a small stature but seem very strong for their size, I have seen small children balance a heavy load on their heads and trot down the roads, women carry 60 to 70 pounds on their heads while their husbands walk along beside them with a proud look. I guess he is proud of his wives strength because it couldn't be her beauty, but that is one fine custom, the women do all the work while the husbands visit and loaf.

While driving down the road the children hold up their fingers & yell "Vic-tor-le", "Cigarello Joe or "Ca-bu-hi!" Any child regardless of age is free to smoke anywhere he or she chooses, I have seen children two or three years old of both sex hanging on to their mother's neck smoking a cigarette. Old women smoke black cigars self-made and upon trying one I found they were much too strong for me.

The civilians grow their vegetables, they raise sweet potatoes, okra, cucumbers, tomatoes, corn and beans. Several country dwellers have their own banana groves, a few oranges and limes. They have their big days each week, Tuesday, Thursday and Saturday, those are the market days, every husband loads his wife down with garden stuff and heads for the market. Each city of any size has a market house similar to those at home, but not quite as clean, I milled through the crowd one day and saw their produce piled in baskets or on a woven mat spread on the ground. The tobacco market seems to be the busiest with the fish market a close second, the fish market, My! Oh! My!, fish an inch to six inches long sun dried but they retained all of their aroma, hurrying on pass into the vegetable spread, I stopped and ask the prices, tomatoes 10 centavos, cucumbers large 60, bananas 10, and everything else in comparison. Hen eggs 40 centavos each, Duck eggs 50 centavos. Then came the meat department they had a Carabao slaughtered and cut in chunks with the intestines in a wooden tub (they sold too) some woman would choose a hunk of meat and the butcher would place it on a balance scale and quote the price. I was standing beside the scales while a woman was making a purchase and made the remark, "If you would shoo the flies off, the meat wouldn't weigh so much". The woman grinned and the butcher frowned and I walked on in to the candy department. The candy is made from the juice of sugar cane and coconuts and is molded in their own designs.

Along with the horrors of war comes inflation, while the Japs were here, houses rented for 1000 Pesos, and tomatoes, eggs, a bulb of garlic sold for 100 to 150 Pesos each.

(Next Column Please)

Clothing Needed For Allied Nations

They raise a lot of garlic here too, I have seen enough garlic to last a number of Frenchmen a whole month. Inflation is in the making now but I think it can be curtailed as soon as food and clothing can be put on the market. The Japs left nothing in the shops or stores and what good is money if one can't buy anything. For transportation they use two wheel carts, some are really fancy all metal chrome plate and the wood part hand painted in circus colors, these are called Calissas and are drawn by a small pony, the pony is a cute little fellow and strong too. Seven or eight persons crowd in the Calissas and the little pony trots easily down the road. The Carcemeta is the farm wagon drawn by a Carabao or a cow, they are a two wheel contraption and it is surprising the way the cow or Carabao trot down the road. The cow looks like a Brama, but are not near as mean.

When learning that we were coming to the Philippines, I had a vision of seeing a beautiful city again, but instead I saw a city destroyed. At a distance one could see smoke and flame reach a mile in the air and the flames casting their reflection much higher. The Japs left hurriedly but blasted and burned as they did so. It looked to me as an act of jealousy more than a military tactic. The Japs took over homes but from appearances they did not enjoy the modern conveniences, the vacated houses I was in had nice tiled bath rooms complete but were filthy and showed they hadn't been used for some time the tile was busted and the walls dirty and the house itself badly in need of repair showed no signs of having been used.

One can look around and see that the word JAPAN just means J-ust A P-poor A-mbitious N-ation.

Your friend, Mickey Pitts

LT. ROSS W. DOWDY wrote to his parents on April 6th: "I am on the Island of Oahu in the Hawaiian Islands. I flew across from Fairfield Sarau AAB, California. It was a very nice ride. Flying over the water is as smooth as silk. I slept most of the way. I am planning to go on a trip tomorrow around the Island. I have seen Pearl Harbor and Honolulu. I don't know how long we will be here."

Mrs. Arnolds Program A Success

Mrs. Gertrude JoDon Arnold presented her program "Silver-ton's Prairie School" to a good audience and it was well received.

Mrs. Arnold gave this evenings entertainment for the benefit of the Red Cross. The proceeds went to the Briscoe County Camp and Hospital Council.

The amount received was \$50.00.

T-SGT. DON OVERCASH is the son-in-law of E. L. Gardner. He entered the service in June 1940 and is now on Oahu Island in the Hawaiian Islands. He is a graduate of Chanute Field, Ill. He was Line Chief at Kistland Field, Albuquerque, N. M. for 3 yrs. He is married to the former Alta Gardner and was a druggist before entering the service.

The drive for relief clothing to be distributed among the war-torn countries is getting under way this week, it is one drive to which all Americans can contribute outstandingly. The family is a rarity which has no discarded clothing and shoes that would not be welcomed by the destitute allied and liberated peoples. Most American homes could assemble an armload of such articles without sacrifice, and the donations will make a lot of difference in other lands.

It is estimated 125,000,000 people in allied and liberated countries are desperately short of clothing. Thirty million of these have virtually no clothes, according to official survey. In one Belgian family of seven people only one usable shirt was found. It was worn in turn by members of the family who could leave home only one at a time. Children in a French town remain absent from school while their one garment is washed. Feet of Holland children are being injured by ill-fitting wooden shoes. In Greece a pair of synthetic shoes good only for a few miles walking costs, \$220.

Textile mills and clothing factories throughout Europe largely have been wrecked. For those that remain there are no raw materials and little skilled manpower. Getting discarded clothing and shoes to these countries to tide them over is predominantly America's job. And America, judging by past performance, will respond with a will.

The Clothing drive in Silverton is being sponsored by the March of Time Study Club. A box has been placed at the Hill Grocery and you are urged to leave your donation of clothing there before Saturday April, 29.

RED CROSS CALLS FOR USED BOOKS

The Camp and Hospital service of the midwestern area has been asked to collect some 40,000 used books for us in American Red Cross camps and hospitals overseas. This activity should be enthusiastically received by Briscoe County people. Mrs. T. C. Bomar is chairman of the Briscoe County Camp & Hospital Committee and is requesting that you bring your books to Coffee's Hdw. at the earliest date possible.

Mrs. Bomar states that the following instructions should be carefully observed.

1. Books should be in excellent condition.
2. The selection of books should consist of novels, detective stories, travel, biographies and a few scientific books.
3. The books must not contain any written material or notes from the donor.

The planet of Jupiter is covered by a layer of ice 16,000 miles thick, scientists estimate.

PVT. WARNER WARD, is married to the former Miss Sue Gardner. His home is at Tulia. He entered service in September, 1943. He is now in the South Pacific. He is serving on a submarine and has seen duty in several major engagements.

A KANSAS CITY MAN WRITES OF PRESIDENT TRUMAN

W. F. Brookshier writes his brother, R. E. Brookshier, an interesting letter of President Roosevelt's death and something of his personal acquaintance with President Truman.

My Dear Emmett: Today our beloved President Franklin Delano Roosevelt has been laid to rest in the flower garden of his ancestral home on the banks of the Hudson River in his native State of New York.

I believe that the past four days have been the most sorrowful in our generation for the people of America. The sorrow of America has been shared by all the civilized peoples of the world. It must now be clear to all that President Roosevelt's great qualities of human understanding and sympathies gave courage to the world in its most critical period of all history. His courage and vision as a leader had made of him not only one of the greatest president's in American history but almost a world president as well. Those who have tried so hard to engender so much hatred toward him must feel humble indeed - surely they must now realize how dearly he was loved - and why.

A great many people are wondering about the capabilities of President Harry S. Truman. People here in his home community are not in doubt. They know that Harry Truman is every inch a man and that he has no mark or stain upon his character or public record. He is clean, honest, sincere, able, diligent and courageous, as well as a man of modesty and determination. He will make a fine President for America and will be highly respected among the nations of the world as a worthy successor to President Roosevelt.

I first met Harry Truman more than twenty years ago when he was presiding judge of the county court. I have met him and heard him speak many times during the succeeding years before he became a vice presidential candidate. We are not intimate acquaintances but to meet the man, shake his hand, and hear him talk informally wins your confidence. Those same qualities of humility, simplicity and sincerity were the true secrets of President Roosevelt's influence upon the leaders and peoples of all nations. I think he must have selected Harry E. Truman as his possible successor because he was endowed with the same qualities of simple greatness. The world now trusts President Truman because he trusted President Roosevelt who trusted Truman for the man he knew him to be. Very soon the world will trust President Truman for the same reasons that Roosevelt trusted him. Because of his own strength of character. Most of all, the people of the United States will trust President Truman because they have learned to trust the American people.

Idea and I attended public memorial services for President Roosevelt in the Municipal Auditorium at the hour during which funeral services for him were being conducted in the East Room at the

HUGH STODGHILL HAS NARROW ESCAPE

Hugh Stodghill narrowly escaped death Thursday when a tractor backed him against a wall and made a few wicked passes at him. Hugh had cranked the tractor and when it started he found that it was in reverse gear. As it started backing away, he ran around to get on the controls. Someway he missed and was caught between the tractor and a brick wall. The seat caught him in the mouth and the frame of the tractor pressed his side and short ribs. He has been in bed several days but is improving.

POST HOLE DIGGER DOES A STRIP TEASE ON OPERATOR

What could have been a tragic accident had a happy and nearly funny ending. Bill Edwards was operating a power post hole digger Thursday when his clothes became entangled in some way. He received a bad gash on the leg but otherwise was uninjured. All of his clothes were torn off, however, and at the end of the first round Bill was dressed only in his shoes and the cuffs of his shirt.

WILLENE BOMAR COMER NEW NEWS WRITER

Mrs. Leo Comer (formerly Miss Wilene Bomar) is again gathering local news for the Briscoe County News. Wilene is not new at this job as she reported local news for the paper several years ago.

If you have had company, or any local news, hand it to Wilene and she will appreciate it very much.

QUITAQUE EDITOR GETS HAND IN PRINTING PRESS

W. R. Scott received a badly mangled hand last Thursday evening when he caught his hand in the cylinder printing press. He was rushed to the Plainview Sanitarium and remained several days. We have had no report on how badly his hand was hurt.

Roy Hahn, of Silverton, went down Friday morning and helped Mrs. Scott for a few hours.

White House yesterday, April 14. Ten thousand people jammed the auditorium and stood in reverent silence that would have made a whisper seen loud in that enormous building. Other thousands of people stood reverently silent in the streets. Every form of vehicular traffic was stopped for 3 minutes at the hour of the funeral. All business was suspended. Only a skeleton crew remained on duty at the post office and they too stood in silent tribute for a three minute period. All letter carriers and rural carriers were instructed to curtail their deliveries and end their day at 1:00 P. M. and every post office station was closed for the day at that hour. In a city of this size it was an impressive public demonstration participated in by all races and creeds with not a single variation in the uniformity of its observance nor the sincerity of the participants.

City Clean-Up Week, Apr. 23-30

CROP INSURANCE PREVENTS HARVEST UNCERTAINTIES

Cotton Crop insurance as offered by the Federal Crop Insurance Corporation, protects crop investments and virtually eliminates the gambles in raising cotton. The Federal insurance program offers a choice of coverage of 50 or 75 percent of the average farm yield, and protects against uncontrollable hazards to growing crops. A farmer has to live with the weather, and every year sees thousands of farmers robbed by flood, hail, storm, etc. of their crops in which they have invested planning, money and hard work.

Farmers of Briscoe County have only until April 25, 1945 to insure their cotton crop under the Federal Crop Insurance Corporation plan.

Farmers may get details about the insurance program, from AAA Committeemen, at the County AAA office, or from Mr. Orin Stark and Mr. H. G. Gardiner at Quitaque.

Methodists, W. S. C. S.

The W. S. C. S. met Monday the 16th with 21 present, at the attractive home of Mr. and Mrs. S. R. Turner in an all day meeting for our mission study. The American Indian. The session was opened with the song, "Send the Light" and prayer by Mrs. R. M. Hill. The devotional was Love, (human and divine) was given by Mrs. Dickerson.

In the forenoon the first and second chapters of the study were given by Mrs. R. E. Douglas and Mrs. Arnold Turner. A duet "Un-answered Yet" was sung by Mrs. John Arnold and Mrs. Billy Dickerson. A delicious lunch and peasant social hour was enjoyed at noon.

The afternoon session reassembled with the singing of "O, For a Thousand Tongues to Sing," and prayer by Mrs. Jeff Simpson, then the remaining four chapters of the lesson were discussed by Mrs. Edd Thomas, Mrs. Joe Smith, Mrs. R. M. Hill and Mrs. Orville Turner. Upon special request the duet of the morning was sung and the assembly was dismissed by Mrs. R. M. Hill. Altogether the club enjoyed a pleasant and profitable day together.

Capt. Hammond visited with Mr. and Mrs. Alvin Redin Friday night, enroute to his home in Boise City. He has been with Harley Redin for sometime in the South Pacific.

Mr. and Mrs. Charles Cowart took their baby girl to the hospital in Plainview Monday.

Miss Winona Francis from Canyon was home over the week end. Mr. and Mrs. Jeff Stephens of Matador spent Friday with Mr. and Mrs. Charles Cowart.

The week of April 23 to 30 has been named as City Clean Up week by the City Council, and everyone is asked to clean up their premises and pile the trash, old cans, etc., on the alley. A city truck will pick up the junk and trash the last of the week if it is piled where the men can get at it.

Especially the City Council is calling attention to the junked car bodies and old iron that is piled on many vacant lots here in the city. Such lots will be cleaned up by city employees and the bill charged the owner, if not taken care of by May 1st, according to M. K. Sumfers, city secretary.

A lot can be done in the next week to improve the appearance of our town. Don't wait for the neighbors to do it—start now and have your junk and trash piled on the alley ready for hauling.

OVER INCH OF RAIN HERE DURING WEEK

The rain gauge this week has registered 1.03 inches of moisture, according to Ray C. Bomar, local observer. This has fallen in several showers and is reported to be heavier east of Silverton.

More rain is needed but the amount received has brightened the faces of the wheat farmers. D. H. Davis has decided that his wheat will make just three times what he expected—for as he says, there are two sucker stalks now besides the original. Many farmers however, are very pessimistic about crop prospects for this year.

No crop is assured of making here until it has been killed out five times. Ours is yet to undergo green bugs, rust, and hail.

Gardner Family In Service

ALVY GARDNER, S. 1-c is in the Navy. He is the son of Mr. and Mrs. E. L. Gardner. He entered service in September, 1943. He is now in the South Pacific. He is serving on a submarine and has seen duty in several major engagements.

FVT. LAWSON C. GARDNER, (Carlton), son of Mr. and Mrs. E. L. Gardner went into service in January, 1940. He served as a medical sergeant for a long time and then signed for duty as a paratrooper. He has since been transferred to the Infantry, and his last address was Fort Meade, Maryland.

DOUGLAS GARDNER, s-1c son of Mr. and Mrs. E. L. Gardner, entered the Naval Reserve March 18, 1944. He is married and has two children. His wife, the former Bonnie Potter lives at Tulia, Tex. Before the war Douglas worked at a Tulia Elevator. He has already seen five months combat service as a Navy gunner attached to a merchant vessel. He wears the Purple Heart for shrapnel wounds received during the Invasion of Leyte.

MEMBER PANHANDLE PRESS ASSOCIATION

THE PASSING OF our late president was cruel in one sense of the word, in that he never saw the actual victory for which he had worked so hard. In another sense though, it was a death that comes only to a few. He slipped away peacefully and with no mental agony or pain. He certainly will take his place now in our histories as the greatest man of his time. And just as in his Fire-side Chats he came into our very

homes—in death he came into our hearts, and no American but feels that he has lost a personal friend.

LOTS OF FOLKS think that President Truman took over his job with two strikes already called on him. Personally, I think he took over with the odds in his favor for doing a good job. Mr. Churchill and Mr. Stalin do not know just exactly what to expect of the new president and they are going to have to handle him with gloves on—and while they are putting on and taking off their gloves President Truman may get in a few good licks for the U.S.A.

INCIDENTALLY, Hudie McClendon has done that day's work that he has been owing me for so long. Just as we had passed the half-way mark printing the papers Thursday, he came in and hollered, "President Roosevelt Is Dead—stop the press." Naturally, I thought he was just talking and so I kept feeding the press. He almost had to drag me off the press to make me see that he was serious. And so, he has paid that day's work—I'll bet he never thought he'd do it as a star reporter of world news.

HEARD ONE UP at Holt's Cafe today that really did me a lot of good. I had gotten out my big community sack of Country Gentleman, and passed it around and everybody had a smoke—all but old Earl Simpson. Simp sat there and after everyone had rolled one

he got out a package of Old Golds and lit one and said, "They've got cigarettes here at the cafe. Why don't you ask for them?" Well personally, I don't smoke anything but Country Gentleman when I can get it but just to be doing I asked the waitress if they had any fags. She said NO. I told her that Earl Simpson said that they did have. She said again, We do NOT have any cigarettes and FURTHER MORE, tell that darn Earl Simpson to stay out from under our bed." Such folks!

BILL HARDIN is really getting the business nowadays. What his business is, I don't know but I do know that it is a success, and that he owes it all to a little sign of his wears inside the waistband of his trousers. It says, "First come, first served—as long as I last."

WAR NOTE - The Russians have two million troops massed on the Eastern front. They are going to make a last ditch stand to keep the onrushing Yanks from going straight on past Berlin.

ERNIE PYLE, famous war correspondent was killed Wednesday on the Okinawa front. The Japs marked him off with machine gun fire. Thus passes one of the most brilliant of the hundreds of war correspondents. He wrote, not of military actions but of individual soldiers and sailors and marines. His idea was that the common infantry soldier was the greatest of them all—and they are all heroes — but Ernie was as big a hero as any of them. No risk was too great for him if it meant getting to interview some homesick soldier.

CARD OF THANKS
We wish to thank each and everyone who helped in any way during the sickness and death of our dear father, grandfather and uncle. Also for the beautiful flowers and words of sympathy.
May God's richest blessing rest on all of you.

Mrs. Elma Baker
Walter Watters and family
Mr. and Mrs. J. H. Lovett and girls
Bill Watters and family
Mr. and Mrs. E. C. Newman
Mr. and Mrs. Bounce Baty
Mr. and Mrs. T. D. Reed and family
Mrs. Effie Jacobs
The Ramy Brothers

Mrs. H. Mosley and daughter and Mrs. Webb of Flomot spent Monday with Mr. and Mrs. Chas. Cowart.

Mrs. Noble Lyde and Dee Ann arrived Monday from Biloxi, Miss. where they were with Noble. He has been transferred to A. T. C. and is now training in Tucson, Arizona.

Mr. and Mrs. J. H. Burson were in Tulla Monday to see the doctor. Billie Woods left Monday for

his examinations for the Navy at Dallas.

Mr. Milton Dudley, Norland and Billy Ellis were in Lubbock Monday.

The W. S. C. S. of the Methodist Church met with an all day meeting in the home of Mrs. S. R. Turner Monday.

Soldier News:

WILLIE AMEL SMITHEE in the South Pacific writes to his parents, Dear Mom and Dad. I didn't get a letter from you today but had one from Gladys and Chester. Said it sure was cold.

Well I got that bracelet and mailed it this morning. It was just a little bracelet and had an Australian three cent piece on it. It might be just a little small for you but it was as large as I could get. I sure hope you like it and be sure to write when you receive it. I also got me one it is a big one and not as pretty as yours. They sure are high and they are made from some part of an airplane wing. They are hard to get over here, they won't let many of the boys make them, because they make too much money on them. I also got a little more Jap money however I won't send it home, I will just wait and bring it home myself. This bracelet I got myself I would send it to you Dad, but you have to go thru a good bit to send one and its pretty big so I will bring it, then if you want it you can have it.

I am not going to have very many souvenirs or things to bring back home, so don't be expecting anything. I don't care if I bring anything back or not or come back naked just so I can get myself back and still be in good shape. Besides you don't you don't want many things to remember this over here by, you just want to forget it, instead of remembering it.

I have been thinking about you all a good bit here lately as we have been fishing a good bit. I have caught a few pretty good ones. However the fishing around here isn't any too good. I don't think I ever did write you all about the big shark we caught coming over here (some 16 months ago). We used a great big rope about three inches in diameter and nearly a whole ham for bait. They pulled him up on the back of the ship and then shot him about 15 times in the head, but he never did look like he was good and dead. He was about eight feet long and weighed about 450 lbs. Some of the boys took his teeth out to make things with. They were about two inches long and sharper than razor blades. However I didn't get any. We have never caught any around here however there are lots of them. I never have seen any of those sheep head like we caught down on the coast that time. Fishing not to good here but I enjoy trying. There are some fish with wings that fly. They are called Flying Fish and come up out of the water and fly 200 or 300 yards and hit it again. I have just seen one whale. I looked at it through field glasses and then didn't get a good look, but boy it was really big. You can see nearly any kind of fish out here they run in schools.

They also say there are all kinds of animals in the mountains, but I have never been back up in there as the natives are not too friendly. They like human meat too well. However we always carry guns when we go up the mountains and all are very pretty and a still set on then water is just like you have seen in pictures.

Well as you can see, when I get home its going to take me quite a while to write you. Different things as I have just hit the high points in this letter and I am not sure whether the censor will let it go thru or not, but hope so. I haven't heard anymore about getting back to the states this summer sometime, but I doubt it. Keep my boots shined and maybe I can wear them before long. And don't worry a bit about me because I am going to make it just fine. Just take good care of yourselves and don't work too hard.
Willie

**So the city folks have done it!
Well, WATCH OUR SPEED!**

WORD comes from Washington that the fat-salvage problem has got to be licked in the small cities, the towns and on the farms.
We women have to save enough used fats in our kitchens to help make munitions, medicines, fabrics, soap for military and civilian use, and many other essentials.
The job, to date, has been done largely by city people, because arrangements for collecting the fats were made in the cities first. And these city folks are turning in more than twelve million pounds a month!
Now we're called on. And will the women on the farms and in the towns and small cities break that record?

Stockholders Annual Meeting

Clean-Up WEEK
April 23-30

The week of April 23 to 30 is City CLEAN-UP WEEK. Have your trash, tin cans, and junk cleaned up and piled on alley where the city trucks can pick it up. There is no charge for this hauling service.

Special Notice
It is a violation of City Ordinance for any junk, wrecked cars, or old machinery to be stored or piled on any lots, alleys, or streets within the City Limits, except in the Industrial District near the railroad.

Let's make Clean-up Week a real success. Let each person do his part and the job will be done easily. Do it now!

City of Silverton
(By order of City Council)

The Presbyterian Auxillary Studies Book of Psalms and other Song's of Bible

The Presbyterian Auxillary met in the home of Mrs. Sid Richards Monday afternoon. The retiring president Mrs. Bob Dickerson opened the meeting with a short talk, then Mrs. Gordon Alexander the new president presided at the business session.

Mrs. Bob Dickerson gave the devotional using the 42 Psalm, her discussion was very interesting. Mrs. Fred Lemons was program

leader. She gave a short history of the Book of Psalms. Mrs. Gordon Alexander discussed the Song of Hannah. Mrs. Bundy, the Song of

Solomon. Mrs. Wright read verses from Psalms, that prophesied the coming of the Messiah.

The roll call was a favorite Psalm and was answered by Mesdames Dean Allard, Gordon Alexander, O. T. Bundy, Bob Dickerson, Fred Lemons, D. T. Northcutt, Sid Richards, Kemp Thompson, Dan Wulfman and Clyde Wright. A social hour followed.

Mrs. Cleat Miller underwent a major operation at the Plainview Sanitarium Monday morning.

Mrs. Gordon Alexander and Mrs. O. T. Bundy are attending Presbyterial at Borger, Thursday and Friday. Mrs. Alexander goes as delegate from the local Auxillary. Mrs. Bundy as Presbyterial Secretary. They will be guests in the Bland Burson home.

Miss Evelyn Coffee spent Monday in Turkey, where she ran the Coffee Hardware while Mr. and Mrs. Roy Coffee were in Amarillo.

The I. A. Allards of Fort Worth have been visiting Mr. and Mrs. W. Allard for two weeks. They are now visiting in Canyon before returning to their home in Fort Worth.

Mr. and Mrs. D. O. Bomar of Lubbock were here last week on business Thursday and Friday.

Mr. and Mrs. Orlee Mills were in Plainview Wednesday of last week.

Mrs. R. E. Brookshier and Dan were in Lubbock Thursday for medical treatment.

Mr. and Mrs. Robert London attended the funeral of her cousin in Stamford Friday. Mrs. Pearl Simpson taught school in her place.

Mrs. Ira Lee of Lubbock was here Wednesday of last week.

Prf. Alfred Hunt left Tuesday for Palm Springs, California. He will report to a hospital there for a check-up.

Mr. and Mrs. Olin Pearce and daughter of Plainview were Sunday dinner guests of Mr. and Mrs. Orlee Mills.

Mr. and Mrs. J. S. Fisher, Mr. and Mrs. Bob Hill and Robert Haley; and Mrs. Pearl Simpson were dinner guests in the home of Mrs. A. L. McMurtry Wednesday.

Mrs. Grady Wimberly is home after spending several weeks at Mineral Wells for medical treatment.

Mr. and Mrs. Wylie Bomar and Willene were in Floydada Thursday on business.

Mrs. Arnold Brown and son came home Sunday after a visit with her parents at Clovis, N. M.

Mr. and Mrs. C. L. Cowart of Alpine are expected in this week end.

Mrs. Dessie Gerlach from Amarillo visited relatives here Thursday and Friday. She has been visiting her husband who was stationed in Washington with the Army.

"It's a Hard Life!"

Temper and Tears won't help you, Junior. The only riding you'll do, for the duration, is in your own baby buggy. The family bus never, never goes bye-bye for pleasure any more. It's not patriotic.

Yes! Everyone must care for his car for his country! So enlist the aid of your Phillips 66 Dealer. In addition to specific car-saving, tire-saving services, he will be glad to recommend a quality motor oil to help protect the ageing motor from excessive wear and tear.

Your Phillips 66 Dealer is never in doubt when you ask him for the finest quality oil which he sells. Among the many grades he has... for different preferences and pocket-books... he knows that Phillips 66 Motor Oil is "our finest quality." And that's the quality you always get when you ask for Phillips 66 Motor Oil.

Right now is the time to drain winter-worn oil and refill with fresh summer-grade Phillips 66 Motor Oil.

CARE FOR YOUR CAR—FOR YOUR COUNTRY

... HELPING TO FILL UNCLE SAM'S BREAD BASKET

Electricity on the Farm has done wonders in helping to win the fight for vital food production. Farmers who depend on electric power know of its dependability—its efficiencies—its economy—particularly during these war times when an unprecedented demand has been made for their products.

When peace is ours, Electricity on the Farm will bring even greater efficiencies and comforts to those who have it.

SOUTHWESTERN PUBLIC SERVICE COMPANY

**CITY CLEAN-UP (and paint-up)
WEEK, APRIL 23 to 30**

Let's really all get at it this time and clean up our town. You'll be needing rakes, and hoes, and forks — and we've got 'em.

It's really wonderful what a new coat of paint can do for a building—both for beauty and preserving. We carry a full line of Sherwin-Williams paint and varnishes.

Come in. We will furnish you everything but the ambition!

AND IMPLEMENT COMPANY

For a real old fashioned, "reach it yourself" dinner come to the Silverton Hotel. All you want to eat and drink for 50c. Can you beat that?

You can save another 50c by buying a \$5.00 meal ticket.

Silverton Hotel

**Lots of Hot Water
With Natural Gas**

Hot water spells freedom to the housewife... freedom from the old-fashioned tea kettle and from the tyranny of an uncertain supply. Hot water makes light work of laundry, dish-washing, cooking, and cleaning, as well as baby-care and health and beauty routines. Every household can afford the luxury of WATER HEATED BY NATURAL GAS. The extra economy and satisfaction of an AUTOMATIC GAS WATER HEATER soon pays for the cost. After the war, look for the embodiment of new ideas in the science of water-heating by gas, and make your plans now to enjoy these benefits.

West Texas Gas Company

**NEWS
from the
BOYS
IN
SERVICE**

AFTON TEAGUE writes to J. A. Ziegler. Dear Mr. Ziegler:

How are you getting along? I guess I will be leaving pretty soon as I am on the draft that leaves Sunday. I guess they will send us overseas from the way things look now. I just got back from a shake down cruise this morning and when we got off of the ship they marched us out on the grinder and called out 400 names and my name was one of them and they said you are on draft and have 36 hours liberty. All of the other drafts they told them where they were going but they didn't tell us.

How are things around Silverton? Everything is dead around here and I am glad I am leaving this place. This is the first time in a long time that I have used a type writer as you can tell by reading this letter. I can't think of much to write as it is the same thing every day work eat and sleep. What time you aren't working someone is eating you out about something. It is really fun to hear some Bosn Mate trying to eat out a bunch of men because the men have gotten use to it now and they tell him what they think. The officers told us that we were the worst bunch of men they ever had on the base and I wouldn't be surprised either because when all of the other groups are at attention we are supposed to be but we are at ease and the officers, standing out there cursing us for all we are worth. They caused it their selves because the first day we were here they told us that they could make it hard on us or they could make it easy on us and the first thing they gave us an eating out and it made everyone mad and ever since then they don't care what happens. The other place we were told us that we were a good bunch of men and everyone liked them and they would do anything to please. But you take a bunch of men that have been in the Navy that long and you can't treat them like you can in boot and get away with it.

We really had a good bunch of officers while we were on board ship. They said that they had gotten down in the hold of the ship and worked just like the rest of the men when they were in battle and they said that they have almost gotten down on their knees and begged the men to work because they had been at their battle stations day and night for so long that they were so tired that they didn't care whether they lived or not. They said they didn't blame the men because they felt the same way but they had the

rank and had to do the job. All of the men on that ship really liked their officers. Write every chance you get."

JOHN HENRY CROW writes to his parents from Italy. The letter is dated March 30th.

Dearest Mom, Pop and Jim, I have received your letters of the 10, 12, 15 and 17th since I last wrote. Got a letter from Willie Amel, he really wrote a nice letter too. Today I got a letter from Aunt Jesma.

Mom, my shoulder is getting along O. K. It is nothing serious and I had very good treatment. Boy, those nurses were swell!

The Chaplain who conducted Billie Rampleys funeral was at the hospital I was in. In fact I remembered hearing him tell about conducting the funeral but I didn't know then who was involved. Just the same I went to see Chaplain West as soon as I got your letter and showed him the clipping you had sent. He told me all about Billie's death and burial and I am going to visit his grave just as soon as I can get a pass to go there.

Too, Chaplain West said he was going to write the Rampleys again. I told him all about them—he was quite pleased when I told him they were Baptists. He is a Baptist minister and a very interesting man.

We have a nice Red Cross club now where we can get cookies and coffee. It is really nice to have a cup or two of coffee and some cookies through the day. I am almost getting the habit of wanting something to eat between meals now.

Got a letter from Bernard the other day. He was getting a 20 day furlough home. His Dad had gotten hurt and he was very anxious to get started. I am just like him; home is a wonderful place. I love you ever so much and am thinking of you all the time.

Love, John Henry

Nimitz now has:

Dear Hahn: Just thought I'd write and let you know I hadn't died—yet. No fooling though, except for 10 weeks of boot camp, this Navy isn't half bad. Instead of repairing shoes now, I am wearing them out on the "grinder" (macadam parade ground). It is time for "lights out" now so I will close for now. Here's my new address.—Perry.

LEN PERKINS writes "Dear Bud, Sis and kids, — Just a few lines to let you know I am O. K. I had a letter from Dad and he told me that Bud was a prisoner of war. I am sure he is O. K. or I hope he is. Well I know you will be surprised, I can tell you at last where I am. I am at Casablanca, and still doing Engineering work. A fellow told me to-day that I was on a list to go home, said I was fourth, so its possible that I'll get to come home some time in the very near future. I sure hope so, as I have a lot to straighten out when I get back and I mean just what I say too. Well I must close for this time. Answer real soon and a long letter."
