REA Records Steady Progress

The 11th anniversary of the rural electrification program on May 11 finds REA-financed Floyd County Rural Electric Co-op, which serves this area, making steady progress with its war activities despite handicaps to line building, according to an anniversary report by J. S. Callihan, president of the co-op.

Pointing out that this month marks the end of the first year of wartime line building, Callihan stated that the cooperative has built 175 miles of line and extended service to 222 new rural consumers since Aug. 14, the date of Japan's surrender.

In its current construction program, covered by loans already approved or now pending with the Rural Electrification Administration, the cooperative will add 362 miles and over 700 consumers to its lines as soon as the materials situation permits.

This is the first stage in the cooperative's planned area coverage program, which will bring service eventually to an additional 1000 consumers in this area, Callihan stated.

The cooperative obtained its first loan of \$189,000 from REA in 1928, and built its original 175 miles of power lines in Floyd and other counties. These lines were organized in May, 1939, and served 219 consumers. Today, the system consists of 445 miles of line serving 977 consumers in Floyd, Hale, Crosby, Dickens, Briscoe and Swisher counties.

To finance its program, the cooperative has to date received a total of \$655,000 in REA loans to be repaid over a period of 35 years with interest at 2 per cent. To date, \$13,662.07 has been paid principal on the loans, including \$127.98 repaid on principal in advance of due dates, Callihan stated. In addition to funds already received, the cooperative has received approval of loans totaling \$115,000 that are available for new construction and has applied for \$200,000 more in loans for finance construction planned in the future.

REA's 11th anniversary finds that agency handling the greatest volume of loan applications in its history, Callihan said. Throughout the nation, REA borrowers were in operation on July 1, 1945, were deluged with new service applications shortly after the lifting of restrictions were removed. This forced an enlargement of their postwar construction plans. In less than nine months, nearly 100 new rural electrification projects became active in unserved areas and more than half of them had received approval of REA loans. A dozen new systems were organized in the country during the same period.

Material shortages that are now delaying building operations are receiving special attention by REA experts and co-op officials, Callihan explained. The pole situation, most acute of all a few months ago, is improving. Line hardware, including transformer, conductor and meters, is still critically scarce.

The program of Floyd County Rural Co-op is affected most by shortage of poles.

"In spite of these aggravating delays," Callihan said, "more than 3,000 miles of new lines and 3,000 rural consumers were added to REA-financed facilities in the nation during the first eight months of the current fiscal year. It is only a question of time until these bottlenecks are broken. When they are, the rate of new construction will surpass any peak attained in prewar years."

Regular meeting of the local chapter of the American Legion will be held at the Legion hall Tuesday night of next week.

All members, or those who desire to become members are asked to attend. Several matters of importance will be discussed.

Asks Cooperation of Public in Disposing Of Waste Materials

Cooperation of the public was asked this week by the Texas Highway department concerning the dumping of junk along the highway right-of-way.

"Spring has brought with it, as usual, the urge to get out and give our homes and property a thorough cleaning," a highway spokesman stated. "As a result, there is always a load of junk to haul away."

"Through a misunderstanding or lack of knowledge concerning highway regulations," he continued, "some people have been dumping their junk along the highway right-of-way at various places. The state highway department takes this means of asking that all citizens please cooperate with it in keeping our highways as neat, clean and safe as possible."

The public is asked to dispose of all junk, bottles, wastepaper, etc., in the proper places. It was pointed out that such debris left on the right-of-way may become scattered on the pavement where it becomes a hazard to all who travel the highways.

Floydada Services For Mrs. Sanders

Funeral services for Mrs. Willie Alice Sanders, who died Saturday night in Roswell, N. M., were conducted Tuesday afternoon at 2:30 o'clock from the First Methodist church in Floydada. Rev. Lloyd H. Jones, pastor, officiated.

Mrs. Sanders was well known in Silvertown, having visited her son, Homer Sanders, many times when he resided here. She was born Feb. 28, 1852, in Illinois. She was married to William D. Sanders in Lamar county in 1888. Mr. Sanders died in 1926.

Survivors include three sons, O. D. Sanders, Howland; L. W. Sanders, King City, Calif.; and Homer Sanders, Muleshoe; two daughters, Mrs. Walter Egbert, Roswell, and Mrs. W. O. Osterdock, Stockton, Calif. Other survivors are 17 grandchildren, five great-grandchildren and 1 great-great-grandchild.

Interment was in the Floydada cemetery.

Build Reserve for Farming Operations

Many rural youth are building a reserve for their farming operations by raising meat animals. They are obtaining expert knowledge in livestock production through participation in the National 4-H meat animal award program. In that activity they learn how to select, properly feed and manage, protect against diseases, fit for shows and market livestock.

This is the 17th year of the program. The awards for outstanding 4-H records are donated by Thos. E. Wilson, Chicago meat packer. They comprise gold-filled medals to county winners and a gold watch to the state champion. The highest scoring state winner in the extension section will receive an educational trip to the 25th Anniversary National 4-H Club Congress in Chicago and a \$200 college scholarship.

The state extension service will provide information and suggestions to help 4-H Club members attain the program's objectives. Last year's state winner in Texas was Dietrich J. Garmbler, Jr., of San Antonio. County winners were named in 172 counties.

Mrs. Anna Stallings left this week for San Antonio where she will make her future home.

Miss Wilma Roddy of Kirkland was a weekend guest of Mr. and Mrs. Troy Cox.

Mr. and Mrs. Luther Gilkeyson were Lubbock visitors Tuesday.

My Mom BY FLORENCE E. MERRIMAN Her life has not been like the scented rose That requires long hours of care, In a garden that's well-protected Before it will blossom there...

VFW Signs New Members Tuesday

Signing of new members constituted the business of the Veterans of Foreign Wars at a meeting Tuesday night in the district courtroom.

J. E. Dean of Tullia, veterans service officer, was present to explain the procedure for organizing a post. A charter has been applied for by the local group.

In attendance were F. C. Gatewood, Clarence M. Jasper, R. M. Norris, Haskell O. Jackson, C. F. Tate, C. R. Quillin, A. J. Rowell, Garner M. Guest, Billy B. Hall, William A. Colston, John Ed Bain, Williams W. Curley, John E. McCain, Tom F. Perkins, W. B. Hill, O. T. Bundy, H. A. Bcmar, Walter L. Perkins, Riley R. Yates and A. B. Childress, all of Silvertown; L. L. Russel of Matador and Leota W. Elkins of Tullia.

Lyndon Stephens Aids In Rescue Work

During the tidal wave in the Hawaiian Island area, Lyndon E. Stephens, aviation machinist mate, second class, USNR, son of Mr. and Mrs. W. A. Stephens, Silvertown, aided in rescue work.

More than 12 lives were saved by the unit to which he is attached. Rubber life rafts were dropped from planes and extensive rescue work was done in devastated areas along the shore.

Stephens attended Friona High school and Eastern School of Agriculture in New Mexico. He was formerly employed by Consolidated Aircraft, San Diego, Calif.

He entered the service in 1940. Before his assignment at the U. S. Naval air station on Kaneohe, Oahu, T. H., he was stationed at San Diego.

Attend Conference

A large number of local Methodist church members were in attendance at the seventh session of the Plainview district conference at Lockney Tuesday and Wednesday.

Rev. H. W. Barnett, local pastor, headed the delegation. Elected delegates were S. R. Turner, J. S. Fisher and E. L. Gardner. Ex-officio members are Bailey Hill, Arnold Turner and Mrs. R. M. Hill.

Rev. Barnett brought the devotional at the Wednesday morning session. Hill accompanied a group of young people to the youth fellowship meeting Tuesday night.

Those attending from Silvertown on Tuesday were Rev. Barnett, Mr. and Mrs. Arnold Turner, Mr. and Mrs. E. L. Gardner, Mr. and Mrs. Orville Turner, Mrs. P. T. Allday, Mr. and Mrs. S. R. Turner and Mrs. Billie Dickerson.

Mr. and Mrs. John Bain and John Ed spent Sunday in Tullia visiting her parents, Dr. and Mrs. Ed Crawford.

Changes Made in Business Houses

A flurry of activity marked the business scene in Silvertown this week.

The Bain Beauty Shop, which has been located in the Ballard drug building, is moving to the Bain building where the Corner Cafe has been located. Mrs. Irene Smith, manager, announces she will be in her new location Monday, May 13.

O. O. Toler, owner of the Corner Cafe, is moving into the building formerly occupied by the bakery.

Miss Ruby Jo Neatherlin is working on a beauty shop to be located in the Thomas shoe shop building. She will announce her formal opening soon.

Workmen were preparing to pour the concrete for the floor of the second floor of the Fowler apartments. Rock facing has been completed for the first floor of the building.

Mr. and Mrs. Hugh Nance will assume management of the former Hill Food store on Monday. The establishment will be operated as the Nance Food store.

Dust Is Plentiful, But No Rains Came

Threats of rain both on Monday and Wednesday turned out to be mostly dust, as nature again played tricks on farmers of this section.

Threatening clouds both evenings brought hopes of a real down-pour, but only a trace of rain fell as the dust preceded the clouds.

Little hope is held for the dry-land wheat around Silvertown, although some fields will stand a few more days of dry weather.

Mrs. Bob Hill returned to her home Monday from Plainview where she has been under the care of a doctor.

Makes Appeal to Local People for Starving Children

Every parent in Briscoe county has a stake in the present food campaign to help feed millions of starving children in Europe and Asia, according to R. M. Haverty, local chairman of the USDA council.

Homeless, starving children of these war-torn countries are the adults of tomorrow with whom the present children of the United States must do business, he explained, adding people must be strong and healthy to help make a peaceful world.

Recent surveys reveal that of 70,000 school children tested in Poland, 40 per cent showed signs of lung disorders caused by malnutrition, and in Greece tuberculosis had increased nearly five times during the war. Many thousands more will be crippled for life by tuberculosis of the bones and joints. In addition, millions of these hungry children also are homeless and they must have food now, Haverty emphasized.

"Reducing bread consumption by a slice or two a day and fats and oils by a spoonful is no sacrifice for us when we can substitute other foods that are just as nourishing," he said.

Until the harvest season in Europe and Asia, which still is several months away, civilians are asked to reduce consumption of wheat products by 40 per cent and fats and oils by 20 per cent.

Rites Held Friday For Betty Lesley

Services to the memory of Betty Lesley, 16, were conducted Friday morning, May 3, at 10 o'clock from the Silvertown High school auditorium. Rev. G. A. Elrod officiated at the rites, assisted by Rev. H. W. Barnett.

Betty Louise Lesley was born Sept. 27, 1930, and died Thursday, May 2, in the Tullia hospital. She was the daughter of Mrs. Dovie Lesley of Hillsboro. Her father preceded her in death.

Miss Lesley had been making her home with Mr. and Mrs. Austin Bailey and attending the Silvertown High school. She was enrolled as a junior.

Active pallbearers were Fred Brannon, William Long, L. B. Garvin, George Wayne Rampley, Jimmie Price, Carl Tidwell, John Arthur Arnold and Bruce Price.

Honorary pallbearers were Joe Lynn Allard, Bobby McWilliams, Clovis Hill, Milton Clemmer, Bobby Bradford, J. W. Brannon, Jr., Roy Mack Walker and Donald West.

The body was taken to Hillsboro for interment.

Standard tests started Wednesday for the Silvertown grade school and will continue through next week. The tests are being given under direction of Mrs. Willie Redin, elementary school principal. They are very accurate and will give definite information concerning the strength and weakness of the individual pupils, according to Supt. F. M. McCarty.

O. C. RAMPLEY, Silvertown, has been elected one of the three senior class representatives to the Student Senate, campus governing body of West Texas State college, Canyon, for the year 1946-47. Representatives are elected by student balloting each spring. Rampley, a junior, is an ex-service man and a member of the Buffalo "T" Club, campus athletic group.

Plan Survey of Land Ownership in State

Sometime around May 15 about one out of every 10 Texas landowners will receive a USDA bureau of agricultural economics land ownership questionnaire.

This form, the Texas A. and M. college extension service has been informed, will be the basis on which up-to-date information as to opportunities on the land will be provided for veterans and for studies on various farm ownership problems.

It will be the first survey on this subject since immediately after World War I, according to Dr. L. P. Gabbard of the Texas agricultural experiment station's division of farm and ranch economics, who is representing Texas A. and M. college on the project.

Individual replies will be held in strict confidence, he said. All land owners who fill out and return the questionnaire will receive a copy of the final report.

County agricultural agents will receive information copies of the survey form through the Texas extension service and may be consulted on points arising in filling out the questionnaire.

National 4-H Club Camp is Announced

The first National 4-H Club to be held since 1941 will take place in Washington, D. C., June 11-18, according to James W. Potts, 4-H Club specialist for the Texas A. and M. college extension service.

The camp will be held on the campus of the American University in Washington. Adequate additional facilities, including the use of barracks adjacent to the main campus, have been made available by the United States Navy department, Potts says.

Selection of boys and girls from Texas who will attend the camp will be announced later.

Tech and A. & M. Want Pantex Plant

Seeking opportunity for study of livestock losses on wheat and other pasture, Texas Technological college, Lubbock, and Texas A. and M. college are making joint application for use of the Pantex ordnance plant near Amarillo as an agricultural experiment station.

Should the federal government's War Assets administration approve the application, the two colleges will have available for their study about 8,500 acres of land and 13 buildings.

W. L. Stangel, dean of Texas Tech's division of agriculture, believes the Pantex project offers "untold possibilities of benefit to wheat and livestock producers of this area." He said special reference to the study of grass tetany would be made in experiments.

Roy Coffee and Dee McWilliams went to Dallas last Friday on a merchandising trip for Coffee Brothers Dry Goods. They returned to Silvertown Tuesday.

City To Elect 1 Councilman

One member of the city council will be elected tomorrow (Friday) at a special election called for that purpose. The ballot will carry the names of Ben O. King and Joe B. Mercer.

Voting will be held in the district courtroom. The vacancy on the council was created after the scheduled election in April in which Virgil Ballard was officially elected but could not qualify, because he had not resided in Silvertown the required time.

Firemen Elect New Officers Tuesday

J. B. Mercer was re-elected president of the Silvertown Volunteer Fire department at a business meeting Tuesday night in the city hall.

Other officers are: Earl Brock, re-elected secretary; Judd Donnell, re-elected treasurer; Wayne Crawford, fire chief; Len Perkins, first assistant; and Joe Clemmer, second assistant.

Perkins had served as chief, following the recent resignation of T. T. Cross, who had served several years.

Announcement was made of the semi-annual Panhandle Fireman's convention in Childress Tuesday, May 14. Four members of the Silvertown department plan to attend.

Olin Culberson, member of the Texas Railroad commission, will be among the speakers. Other distinguished guests will be Judge Fisher of Canadian and Frank Williams, Texas A. and M. extension service.

Pumper races will be held at 4 o'clock, and a barbecue is scheduled for 7:30. A dance at 9:30 will climax the convention.

Social Security Numbers Needed

According to the statement of J. R. Sanderson, manager of the Amarillo field office of the Social Security board, there has been an increase in recent months in the number of employees in this area for whom wages have been reported without a record of the employee's social security number being shown.

"No employee," Sanderson said, "can receive credit for wages reported for him until his correct account number is ascertained."

Each employee, therefore, especially if he changes jobs frequently, is urged to see that each employer for whom he works is furnished an exact record of his name and social security number. Failure to furnish the employer this information amounts to the same thing as mailing in a premium on an insurance policy without stating whom the premium is from.

In order to save needless waste of time and expense, all employers are urged to demand that they be furnished a record of the social security number of each employee before he is placed on the payroll.

Any questions on the Federal Social Insurance program in the Texas Panhandle area should be addressed to the Social Security board field office, Amarillo.

PRE-REGISTRATION FOR STUDENTS NEXT WEEK

Pre-registration for high school and eighth grade students for the next term of school will begin on Monday, May 13, Supt. F. M. McCarty announces.

The schedules will be compiled during the summer vacation, thus eliminating much of the confusion usual at the beginning of a new term. It will make it possible to start classes the second day of school next fall.

TO FETE SENIORS

Members of the senior class of Silvertown High school will be guests at a picnic and wicker roast Friday evening at 7:30 on the lawn of the First Baptist church. Ladies of the church will be hostesses.

SINCE THE END OF gas rationing, traffic deaths have mounted alarmingly. In 1945, 28,500 persons were killed, 1,000,000 injured. There will be a much higher toll in 1946 unless all car owners drive safely and carefully in cars that are in safe mechanical condition. To curb the slaughter, the International Association of Chiefs of Police will launch a six week Traffic Safety Check program on May 15. The program will be conducted in all parts of the United States and Canada, with police officers checking the brakes, lights, tires, windshield wipers and horns of cars involved in accidents or traffic violations. Drivers are urged by the police to drive safely and courteously in cars that are mechanically sound, in order to reduce the shameful toll of automobile accidents.

Dallas Speaks Up

Any reader of Time magazine who saw the full-page advertisement of the Dallas Chamber of Commerce in the issue of March 18 must have been impressed by the liveliness of Dallas businessmen. It said nothing about the advantages of Dallas over Ft. Worth or Houston, and it said nothing about the advantages of Texas over our neighboring states.

The point of the advertisement brought home to industrialists over the nation the economic benefits available in the entire Southwest. It tells the nation how many people we have and how much money we have to spend. It points out our diversification, our advantages when depressions come.

Every good Texan must admire the Dallas Chamber of Commerce for the spirit of cooperation that is evident, for the unselfish attitude in showing advantages of all the Southwest and for promoting goodwill. By just such actions Dallas has become, in the eyes of many citizens, Texas' first city.

It is true that Houston has a larger population than Dallas, but it does not have the financial strength of the North Texas metropolis, fourth city in the United States in per capita wealth. The palatial homes in Highland Park and University Park give Dallas as fine a residential section as any in the country. The stores of Dallas and the smartly dressed women are noted the nation over.

As mentioned here previously, we have much faith in the future economic development of the Southwest in general and Texas in particular. But we are at a loss to understand why the Dallas Chamber of Commerce or a gas company or the railroads of Texas should have to take it on themselves to tell the world about our advantages. Why should the State of Texas not bear the expense of such advertising? Why is it that some state agency does not see that the rest of the nation learns more about the benefits of having business and industry in Texas and the Southwest? If one page in one magazine is good, then several pages in several magazines should be better. We think it is time our state should assume its own responsibilities.—Haskell Free Press.

Lee Bomar and Patsy and Mrs. Pearl Simpson were in Plainview Thursday for medical treatment.

Mr. and Mrs. Lee Bomar were Friday visitors in Floydada.

SUPERVISORS FOR CAP ROCK DISTRICT—Earl I. Cantwell, Chairman, Louie Kitchens, Obra Watson, Pierce White and Bray Cook.

Ed Whitfill, a cooperator two miles south of Silverton, established irrigation ditches on 80 acres of native pasture last Friday. Whitfill has obtained good results by rotating watering of grass land and not watering the same land every year.

"Improved pasture is the only solution for the irrigation farmer," according to Fulton Gregg, a cooperator of the Gregg conservation group. Gregg seeded six acres early last September to a mixture of smooth brome, crested wheat, perennial rye grasses and alfalfa and is highly pleased with grazing obtained to date. The only fault Gregg found with improved pasture was that he did not have enough acres seeded to this crop. He plans to make that correction by seeding 30 additional acres in the near future.

Grady Wimberly, Alvin Redin, Edwin Crass, H. H. McPherson and Charles Wallace, cooperators with the Cap Rock Soil Conservation district, are planning to make seeding of improved pasture this fall.

Hubert Setliff and Lawrence Bedwell, cooperators in the Gasoline conservation group, seeded 12 acres of sand and weeping love grass on their farms. The seed was planted in 40-inch rows and will be cultivated similar to other row crops, according to Setliff. Seed for these plantings were

furnished by supervisors of the Cap Rock Soil Conservation district as a part of their assistance to a complete soil and water conservation program adopted on their farms. These grasses are adapted to light sandy soils which are found in this vicinity.

The irrigation well on the Joe Mercer farm, four and one-half miles southeast of Silverton, will be gauged Tuesday, May 14, at 2 o'clock to determine the number of gallons per minute being pumped, the water level down, draw down, and revolutions per minute of pump and motor will also be checked at this time. These tests and check will be made by a soil conservation engineer, assisting supervisors of the Cap Rock Soil Conservation district. All parties interested in seeing these tests made are invited by Mercer to be on hand at the above time.

Mrs. Ira Bean was admitted to the Plainview hospital Thursday for surgery. She was accompanied to Plainview by her son, John; her mother, Mrs. F. M. Autry, and her sister, Mrs. Marvin Thompson.

Mr. and Mrs. W. A. Rowell and son, A. J., and Put Jasper were in Plainview for medical treatment last Thursday.

Mrs. Charles Lindsey and Festus Elrod were Plainview visitors on Thursday.

Are you really one of the best drivers in YOUR COMMUNITY?

Here's a way to rate yourself in the POLICE TRAFFIC SAFETY CHECK

Let's be honest, now . . . remember, your own safety and that of your family depend on the way you drive.

- | | | |
|---|--|--|
| YES NO | YES NO | YES NO |
| <input type="checkbox"/> 1. Do you always signal before turning or coming to a stop (never play guessing games with the driver behind you)? | <input type="checkbox"/> 4. Do you obey traffic lights—even when you're in a hurry? | <input type="checkbox"/> 8. Do you know and observe the rules of the road in your community? (Frankly, now, have you ever looked them up?) |
| <input type="checkbox"/> 2. Do you always come to a full stop at a stop sign (never coast through)? | <input type="checkbox"/> 5. Do you drive in and turn from the proper traffic lane? | <input type="checkbox"/> 9. Do you keep alert when driving—watch traffic? |
| <input type="checkbox"/> 3. Do you give the pedestrian a break even though he may not have the right of way? (You walk, too.) | <input type="checkbox"/> 6. Do you refuse to drink before driving? (Think, now, before answering.) | <input type="checkbox"/> 10. Do you drive within the speed limits—never yield to the temptation to do a little "low altitude flying"? |
| <input type="checkbox"/> 7. Do you drive with extra caution in fog, rain or snow and on wet or icy pavement? | | |

10 "YES" answers—Are you really that good?
8 to 10 "YES" answers—Good driving. We need more of you!
6 to 8 "YES" answers—Fair driving. You must improve.
Less than 6 "YES" answers—Poor driving. You're headed for trouble; possible injury and serious financial loss!

P. S. Take another look at your score. Would your family and friends rate you the same? Seriously, don't you wish when you and your family are on the streets that all drivers could truthfully answer Yes to all ten questions? Of course you do—and the next driver feels the same way about it. So start today to improve your score.

COOPERATE WITH THE POLICE
The Police Traffic Safety Check sponsored by International Association of Chiefs of Police.

CHECK YOUR CAR!

These are the mechanical features that will be examined in the Police Traffic Safety Check.

- BRAKES**—Do they need adjustment? How about the hand brake?
 - LIGHTS**—Do any bulbs need replacing? Are headlights properly focused and aimed? Are tail and stop lights in good condition?
 - TIRES**—Are they all in safe condition? (No cuts, fabric breaks, excessive wear?)
 - WINDSHIELD WIPERS**—Do they operate satisfactorily? Do blades need replacing?
 - HORN**—Does it operate easily and when you need it?
- Are there any other safety items that need attention, such as steering, defects in glass, rear view mirror, muffler, etc? (Have these checked regularly.)

ONE INDUCTED
Oris E. Chandler of Quitaque left Monday for Oklahoma City where he was inducted into the Army. Claude Mayes, also of Quitaque, left Sunday for his pre-induction physical examination.

Miss Loy Catherine Barnett, student at Texas Tech, Lubbock, spent the weekend with her father, Rev. H. W. Barnett. Sunday afternoon callers were Mr. and Mrs. Elmer Tarbox and daughter, Lois, also of Lubbock. Mrs. Tarbox is another daughter of Rev. Barnett's.

Mrs. J. C. Cunningham of Cleburne is visiting her sister, Mrs. J. N. Cantwell, for an indefinite time.

Mrs. W. W. Allard and Mrs. Lou Allard went to Canyon Monday to visit their sister, Mrs. Edgar Tucker.

Mrs. Wylie Bomar, J. W. Haynes, Shelby Haynes, Earl Brock and Pearl Simpson were Plainview visitors Monday.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for May 12

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

LEARNING TO LIVE TOGETHER

LESSON TEXT—Matthew 18:15-17: 21, 22; Mark 10:33-45.

GOLDEN TEXT—By this shall all men know that ye are my disciples, if ye have love one to another.—John 13:35.

'One world! Men have discovered in recent years that we do live in one world and that we must learn how to get along with one another, or we may find that we have destroyed civilization and one another.

God has always taught in his Word that all men are of one origin, and that despite their differences, they are to live in unity and peace. That would have been blessedly true if men had obeyed God and his law. Sin brought division and confusion.

Now in our day, when we should be far on the way to the attainment of God's purpose, we find men more inclined than ever to be suspicious of one another, grasping in their desires and purposes, and evil in many of their ways.

We have not yet learned to live together as nations. Let us set ourselves to the task of living together.

I. A Method for Dealing With Differences (Matt. 18:15-17).

This is the God-prescribed method for dealing with personal problems in the Christian church. That body in which love should reign is often rent by jealousies and personal resentments. If permitted to run on unchecked, they create division and even strife before the world, with all the disgrace it brings on the cause of Christ.

Such matters are to be dealt with promptly. The aggrieved one is not to wait for the sinner to make the approach, but is to go to him and place before him the evidence of his guilt. Done in kindness and with tact, this is

frequently all that needs to be done. A man may thus win his brother, with no further ado or fuss in the church.

If he proves stubborn, the next step is to bring some brethren along and talk it over again. This evidence of their concern may break the stubbornness, or their prayers may win him. And if it does not work, the things said and done will have been witnessed by brethren, who can faithfully report them to the church.

The final step is to bring the erring brother before the church. Now he may see the seriousness of his offense and repent. If not, there is one plain duty; he is to be put outside of the fellowship of the church.

Does that mean that he is abandoned and forgotten? Certainly not. He is to be "as a heathen man and a publican." Does the church, have any interest in such individuals? Indeed it does, for the primary business of the church is to win both heathen and publican to fellowship with Christ.

II. A Measure for Determining Forgiveness (Matt. 18:21,22).

Peter's question was a practical one. He supposed the case of one who sinned repeatedly against one who had shown a forgiving spirit. Most of us need not suppose such cases; we have them before us.

We forgive and are ready to let it all be forgotten, when lo, the offender turns up with an even greater wrong, indignity or sin! Then there is weeping and apparent repentance, followed almost at once by another offense.

How long is this business to go on? The Jews said, "Three times, then let the judgment fall." Peter, being a follower of Christ, went much further. He would forgive seven times. Well, that's a lot of forgiveness; let us recognize that. Most of us haven't even gone as far as the Jews, and Peter is way ahead of us.

But it is not enough! Forgiveness which has any limit set on it is not forgiveness at all. The very genius of forgiveness demands that we do not stand there with a measuring line or an account book. It must be from the heart, without limit and without restraint.

III. Means for Attaining Greatness (Mark 10:35-45).

To want to be truly great for God is certainly not a sin. In a world which was rejecting Christ and getting ready to crucify him, this mother wanted her two boys to have a place of honor in the service of Christ. So far, so good; but then came the thing which spoiled it all—selfishness.

To seek honor for oneself, or for those one loves in order that the ego might be inflated and self given a chance to show off, that is definitely unchristian.

If then it is right to seek proper greatness, how may it be done? Verses 43-45 tell us. It is by way of sacrificial service, the denial of self.

This world and its kingdoms say that one who serves is inferior to the one who is served. In the kingdom of Jesus, it is the one who serves who is greatest.

Where will such a path lead? For Christ it led to the cross, and beyond it the victory of resurrection day. It may mean death for us, for a real willingness to serve connotes a willingness to give all, even life itself, for his glory.

Supt. F. M. McCarty made a business trip to Plainview Monday. He was accompanied to Tulia by his daughter, Mrs. Tommie Wyrick.

Mr. and Mrs. Raymond Bomar made a business trip to Amarillo on Wednesday.

3,000,000 homes needed in next two years

To house our returning veterans, and those who have been living with relatives, in trailer camps, or abandoned army camp barracks, America needs over 3,000,000 new homes that should not cost over \$6,000 each.

Like the carpenter above, we also hope that veterans get the first new homes built. They deserve them. They should have priority over all other groups.

If you happen to be one of those who are to have first choice of the new homes built

and if you would like to make your new home a place of good-will and cheer, we offer this suggestion.

As soon as you are settled, visit the Churches in your neighborhood and select one that you and your family like. Then, give it your active support. You know the utter uselessness of war, its horrors, its waste, and sorrows. Fight for peace, so that your children will never know the meaning of "a call from the draft board."

TRAIL DUST

By
DOUGLAS MEADOR

Nothing asks so little and gives so much as the truth.

An arm of light claws the plains soft garment of tranquility as the stream-liner pounds iron rails with restless hoofs and spews out of space like a silver monster whose heart is on fire. The tremulous horn reverberates its plaintive despondency into dark valleys between the stars, and with a swish of its red tail the inconceivable metal demon is gone. But the sound of its cry hangs on the cornice of silence like the scream from a tortured child in the star-chamber of a miserable dream. It bellows at the gates of distance and echoes in hills of darkness, finally sobbing on the deep pillow of horizon. In a flame of madness, another gleaming train plows its path through the night and again

the melancholy lamentation; the cry of estrayed lovers lost to each other for eternity.

Roaches were spaced in motionless impudence on the greastained wall beside the virulent coffee urn in the small Oklahoma cafe. Yellow pimples of dried egg rose from the unwashed counter near the tangerine blonde who rested her chin in her hands and looked up at the young miner with thoughts that spoke. Odor of boiling cabbage, stale grease and scorched potatoes passed under the low and sagging ceiling. Hanging askew above the empty pie case was a small sign bearing this wording: "We speak Texas language."

Being reluctant to accept facts until they are established, I admit the arrival of spring after witnessing heel-flies chase the cattle in wheat pastures and observing an increased number of apparently empty automobiles parked along the highways at night.

Nothing is more revolting than a man who laughs at his own jokes unless it is a man who brushes fingernails on his coat lapel and looks away, absorbed in other thoughts, at the climax of my story.

Old highways, like broken webs of the past, dangle from the hills in silent testimony of progress' cruel disregard for its parentage. Dead weeds clot the empty veins where life once moved, and erosion covers unknown history that perished without recording. Now a ragged shelf on the red hills, no one remembers the new buggy with wheels glittering in the sunlight, that made tracks in the dust. There is no record of the young bride's whispered vow at the bend in the old road. No trace remains of the wagons freighted with new and pungent pine, that would build new homes in a new country. Where is the laughter of children who passed this way, their bare legs brushing sunflowers as they sat on the floor of a wagon bed? The chugging, narrow-wheeled automobiles are gone after cutting ruts in the mud that spring rains left, and the snows of many winters have melted, unbroken by rolling wheels. Perhaps youths of a half-forgotten war, their cheeks still wet with mother tears, passed on this road never to return. Before the corridor was gutted of its bridges, friends followed in slow procession the grim caravans of the dead; lovers halted beneath the altar of stars to pledge their devotion. Abandoned roads are empty pockets in the world's old coat, which once contained the sweetened bread of life.

White and gleaming beneath bright Oklahoma sun, the new roadside filling station bore testimony of the two young partners' confidence in the future. Small gold buttons were fixed in the pocket flaps of each boy's spotless unionalls. Young grass will soon be sprouting in the mulched soil which held the sign, white with ten-inch neat-painted letters, these two words: "CLEAN LADIES."

Office supplies at the News.

Uncle Hank says, "There may be a shortage of shirts in Texas but there's no shortage of stuffed shirts."

Getting around over the State: A touch of the Southwest, on the courthouse lawn in Plainview is a windmill. . . Saw a cowboy leading his horse across the Colorado river bridge at Austin—and they were walking on the bridge sidewalk. . . P. B. Ralls of Ralls has a collection of walking canes, 84 of them. . . Sign in O'Donnell, "hamburger and chili king; 141 miles to the next."

Scowhere on the high seas is

FARM FACTS
WORTH KNOWING

Q. When may turkeys be vaccinated for fowl pox?

A. The vaccination is easily given when the birds are removed from the brooder house when they are between six and 10 weeks of age.

Q. How much fresh water does a dairy cow need?

A. A cow should drink a minimum of about five gallons of water for each gallon of milk she produces, although many cows will drink more. Even when dry, dairy cows need a regular supply of clean, fresh water.

Q. How does the value of wool produced by the angora rabbit compare with that of sheep?

A. On a dollar-and-cents basis, the angora rabbit out-produces the sheep. The rabbit clipped five times per year will produce about 12 ounces of wool, which would have a value of approximately six dollars on today's market.

Q. How many pigs must be marketed from each litter to pay for the production costs of the litter?

A. Long-term records from the Research Farm of the Ralston Purina company indicate that when farrowing two litters per year, the returns from five pigs per litter are required for payment of production costs of the entire litter.

Q. How great is the financial damage caused by weeds?

A. The extent of financial loss caused by weeds is indicated by the fact that seeds of cockle and bulblets of wild onion and garlic annually cost Southern Illinois wheat growers \$350,000.

Send your questions about any phase of farm management to FARM FACTS, 833 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this column, as a service of this newspaper.

a present destined for this columnist: it is a Japanese sword, 440 years old, and is the gift of Lt. Col. Ralph Yarborough of Austin, whose Army division—the 97th—was the only one to serve in both Europe and the Pacific. Among his many important assignments has been directing the military government in an area containing one-seventh of the population of Japan. Col. Yarborough has received two battle stars, a bronze star, a commendation citation and ribbon.

A little Texas story: A farmer living near one of the big cities became quite noted for his weather predictions, which were more accurate than the official forecasts. At last, the weather forecaster of the city decided to learn what the other's system was, so he drove to the farm and found the old fellow plowing. The visitor (let's call him Brown) did not introduce himself but opened the conversation with:

"You are very successful in predicting the weather; how do you do it?"

The farmer replied, "My method is simple; I just see what that fool Brown predicts, then I predict just the opposite and I hit it nearly every time."

That story suggests the one about the pioneer who was asked, "Are you pretty good about figuring out what the weather is going to be?" He answered, "I was until the government took the weather over—and now I can't figure what it's going to do at all."

POLITICAL COLUMN

Subject to the action of the Democratic primaries, The Briscoe County News announces the candidates below for the offices set above their respective names:

For Representative 120th Judicial District of Texas:

Profitable Power
FOR THE SMALLER FARMS

FARMALL-B TRACTOR

Profitable power—that's what you get in the Farmall-B Tractor. This tractor is built especially for the man who wants to enjoy Farmall farming but doesn't need the extra power of the larger models. Farmall-B is power-scaled for the smaller farms where standard 2-row cultivation is desired or where narrow-spaced vegetable crops are grown on the flat or on beds. You can use it for plowing, tilling, planting, cultivating, haying, harvesting—in fact, for all kinds of farm work, including belt and power take-off. There is a full line of equipment built to go with it.

See us for full information on this low-cost, profit-making Farmall. We will be glad to demonstrate it for you.

New Phillips 66 is engineered to give plenty of smooth power under every driving condition!

For years Phillips research scientists have worked to eliminate vapor-lock and wasteful fuel consumption.

Now with war experience to draw on, and with new power-components available, you can get a smooth, even-burning gasoline that will give you even, economical performance no matter how hot the weather gets.

Find out for yourself today. Just stop at your nearest Orange-and-Black 66 sign and ask for the new anti-knock Phillips 66 Gasoline.

ORDER OF ELECTION
STATE OF TEXAS
COUNTY OF BRISCOE
KNOW ALL MEN BY THESE PRESENTS: That, whereas on the 15th day of April, 1946, a petition was presented to me for an election in Wallace Common School District No. 8, of Briscoe County, Texas and a separate petition was presented to me for an election in Silverton Independent School District of Briscoe County, Texas, both of which petitions prayed that an election be ordered to be held in each of said districts at the earliest practical dates, to determine whether the aforesaid Common School District should be

consolidated with the Silverton Independent School District, such consolidated district to be known as "Silverton Independent School District," and
It appearing that the aforementioned petitions bear the requisite number of signatures of legally qualified voters of said respective districts and are in every respect in conformity with law; and
It is further appearing that said Common School District is contiguous to the said Silverton Independent School District:
NOW THEREFORE, I, J. W. LYON, JR., COUNTY JUDGE OF BRISCOE COUNTY TEXAS, as requested in said petitions, do hereby order that an election shall be held in each of the above men-

tioned Common School District and the Silverton Independent School District in the school houses thereof, to-wit: At the Wallace School House, located and situated in Common School District No. 8, Briscoe County, Texas; and the High School Building, located and situated in Silverton Independent School District of Briscoe County, Texas on the 18th day of May, 1946, for the purpose of determining whether said Common School District shall be consolidated with the Silverton Independent School District of Briscoe County, Texas and that ballots shall be provided, printed as by law prescribed, and containing the words, "Official Ballot" and "For Consolidation" and "Against Con-

solidation", and each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his or her vote; and all legally qualified voters of said Districts shall be allowed to vote at said elections; and that said elections be held during the hours and in the manner prescribed by the General Election Laws of the State of Texas, and that the returns be made to the County Clerk and County Judge of Briscoe County, Texas and shall be canvassed by the Commissioners' Court of said County.

It is further ordered that the following named persons are hereby appointed officers of said election in Common School District No. 8:

J. W. Monroe, Presiding Judge.
Ronald Kitchens, Clerk.
B. B. Joiner, Clerk.

It is further ordered that the following named persons are hereby appointed officers of said election in Silverton Independent School District:

S. R. Turner, Presiding Judge.
Mrs. Manley Wood, Clerk.
Mrs. Lillie Mercer, Clerk.

It is further ordered that separate notices of said elections on the proposition of consolidation shall be given by posting copies of this order in three public places in Common School District No. 8, and at the Courthouse, First State Bank, and High School Building in Silverton Independent School District not less than twenty (20) days prior to the date of said elections, and that this order be published in three weekly issues of The Briscoe County News, within Briscoe County, Texas not less than twenty (20) days prior to the elections.

WITNESS MY HAND and seal of the Commissioners' Court of Briscoe County, Texas this 25th day of April, 1946.

(SEAL)

J. W. Lyon, Jr., County Judge of Briscoe County, Texas.

CITATION BY PUBLICATION
THE STATE OF TEXAS,
COUNTY OF BRISCOE,
TO: . . . Mollie Jones, (widow),
Brent Jones, Mamie Bowen and husband Fred Bowen and Birchie Craig and Husband Lewis Craig all Non Resident Citizens of this State.

You and each of you are commanded to be and appear before the Honorable District Court of Briscoe County, Texas to be held in the City of Silverton, Texas, on the Third day of June, 1946, then and there to defend, if you wish, a certain suit wherein the City of Silverton is Plaintiff, and Mollie Jones, et al are defendants said cause being Number 1290 on the docket of said court.

The State of Texas, County of Briscoe, and The Silverton Independent School District are interpleaded defendants in said cause; the nature of said suit being a suit to collect taxes, interest and penalty and to foreclose a tax lien on the following described property, to-wit: All of Lot No. 20 and One half of Lot No. 19 in Block 21 in said City of Silverton, Briscoe County, Texas.

The State of Texas and County of Briscoe claiming the sum of \$13.32, for taxes, penalty and interest.

HUNGER

JUST SAY THAT WORD OUT LOUD, AND YOU GET THE FULL FORCE OF ITS TERROR. "HUNGER" HAS A DEEP, DANGEROUS TONE TO IT. HUNGRY MEN ARE ANGRY MEN. WOMEN AND CHILDREN FACED WITH STARVATION ARE

BEWILDERED, DESPERATE. HUNGER IS THE STUFF OF WHICH REVOLUTION AND WAR ARE MADE. PEACE IS NOT POSSIBLE IN ANY PART OF A WORLD IN WHICH 500,000,000 PEOPLE HAVEN'T ENOUGH TO EAT.

3 ways you can share a meal and save a life:

- 1. SAVE AND SHARE WHEAT AND FAT**
Go light on foods that take wheat and shortening . . . breads, macaroni, cakes, pies and pastries.
- 2. USE MORE OF THE PLENTIFUL FOODS**
Balance diets with the more plentiful foods such as potatoes, fruits, vegetables, eggs, poultry and fish.
- 3. WASTE NOT**
Use and re-use your fats for cooking. Turn in all used fats promptly. They are needed to make soaps and other products for us here at home.

WITH-THE PRODUCTION of 22,526 pounds of milk and 714.8 pounds of butterfat during the year ending February 1, Ionia Ormsby Queen of the Ionia State Hospital farm, Ionia, Mich., has added the title of world's champion milk producer to her 12 records, displacing Essex Suzone April Belle, who was announced as a new champion only last November. The Holstein-Friesian cow's lifetime herd test record, over a period of 15 years, shows the tremendous production of 252,563 pounds of milk and 8,071 pounds of butterfat, with an average of 351½ days per lactation. Her highest individual record, at six years, shows 23,866 pounds of milk and 771 pounds of butterfat, milking three times daily, 365 days. Four of her records are over 700 pounds of fat and all over 500 pounds, with nine of her marks topping 20,000 pounds of milk.

NORTH WARD

Mr. and Mrs. J. E. Wheelock made a trip to Canyon Tuesday.

Mrs. R. M. Haverty visited Mrs. McWalters Tuesday.

Mr. and Mrs. Herman Ely made a business trip to Amarillo Saturday.

Mr. & Mrs. N. R. Homea	10.00
Mr. & Mrs. D. T. Norhtcutt	5.00

Phillips Profits Up

Marking its highest first quarter profits in the last eight years, with the single exception of 1945, Phillips Petroleum company recently announced a net profit for the first quarter of 1946 of \$4,244,933, or 86 cents a share, after provision for all charges, reserves and taxes. In the same period last year, the net profit was \$9,145,293 or \$1.86 a share, including 61 cents of non-recurring profit from the sale of stock in another company.

The company's first quarter sales of motor fuel were 25 per cent greater than for the same period a year ago, and 28 per cent higher than in the last pre-war first quarter of 1941.

Mr. and Mrs. C. G. Harrison spent Wednesday and Thursday with their daughter and family, Mr. and Mrs. Leo Hoffman, in Hereford.

Mr. and Mrs. Carl Crow and Mr. and Mrs. Stanton Crow spent several days last week in Johnson county visiting relatives.

HAYLAKE

Freddie Dunham was a weekend visitor in the Nash Blasingame home at Brice.

Mr. and Mrs. Willard Morrell and Billy and Mrs. Eula Barnes and daughter attended the funeral of Mrs. Martin at Flomot Monday.

Mr. and Mrs. John Vaughan, Patsy Ann, and Linda Fay Brannon were Sunday guests in the M. L. Welch home.

Mr. and Mrs. John Vaughan, Mr. and Mrs. M. L. Welch and Othel were in Plainview Monday on business.

Those visiting in the home of Mr. and Mrs. J. E. Vaughan Sunday evening were Mr. and Mrs. M. C. Kitchens and Mr. and Mrs. Grewe.

Mr. and Mrs. M. C. Kitchens were Quitaque visitors Tuesday.

Dandelion Doomed

The dandelion is doomed.

The horticulture department at Texas Technological college of Lubbock has experimented extensively on the campus with a new compound; 2-4-D, known commercially as Weedone.

If the compound is used in sufficient concentration, it is sure death to the dandelion yet does not injure grass, according to Dr. W. W. Yocum, head of the department at Tech.

Mrs. Dee McWilliams and Mrs. Curtis Bingham were in Plainview Thursday to visit their mother, Mrs. C. L. McWilliams, who is in the hospital.

Mr. and Mrs. Leroy Sand and children of near Tulla visited her parents, Mr. and Mrs. Gabe, on Sunday.

WHAT IS A CUSTOMER?

A CUSTOMER is the most important person ever in this store in person or by mail.

A CUSTOMER is not dependent on us—we are dependent on him.

A CUSTOMER is not an interruption of our work—he is the purpose of it. We are not doing him a favor by serving him—he is doing us a favor by giving us the opportunity to do so.

A CUSTOMER is not an outsider to our business—he is a part of it.

A CUSTOMER is not cold statistics—he is a fresh and blood human being with feelings and emotions like our own.

A CUSTOMER is a person who brings us his wants. It is our job to handle them profitably both to him, or her, and to ourselves.

A CUSTOMER is our friend whom we seek to serve at all times. We invite you to become one of our customers.
