## WEE WISDOM

The best way to break a habit is to drop it."—Mrs. J. D. Barton, Van Buren, Amarillo. (The man pays \$1 for sayings of 12 or less used here.)

VOLUME XXXIX, NUMBER 22

PUBLISHED EVERY THURSDAY AT SILVERTON, BRISCOE COUNTY TEXAS

THURSDAY, JUNE 6, 1946

## Hot and Dry, No Moisture

The weather in Silverton continues to be hot and dry with no moisture and plenty of wind. This record being kept by Ray... the hottest day of the year registered on Wednesday... the mercury reached 92... other observers predict a hot day today (Thursday), but... high winds will probably hold the temperature down... moisture has been recorded... the past week, and those... are in the middle of harvest, hoping that the rain will hold... for awhile, as no good to the... can result from rain and... can be done so easily.

## Regional VA Office in Lubbock

The Veterans Administration Lubbock regional office officially opened for operation, Monday, June 3, Robert W. Sisson, Regional manager has announced. The regional office will be located at the Lubbock Army Air Base until... office building can be constructed for VA occupancy in... town Lubbock.

The organization is not complete... of the divisions; however, effort is being made to have... regional office in full operation within the next few days... de-centralization is complete, the Lubbock regional office... render every service, right in... book, that is performed by... regional office.

The Lubbock Region will include 81 West Texas counties... files have already arrived... the Waco regional office for... counties formerly served by... office. The 26 Panhandle... are being served by the... Kookee, Okla., regional office, the six counties in the El... area being served by the... quaque regional office will... activated by the Lubbock office... July 1, Sisson said.

Sisson has announced the following division chiefs for the Lubbock regional office: C. Ross... chief, personnel division;... Collinsworth, chief, confidential division; Eldon F. Fuller... vocational rehabilitation... education division; Benjamin... chief, adjudication; J. La Barge, M.D., chief medical officer; Fred Young, chief... division; Conn D. Catterton... communications and record... division; Joe B. Chambers, deputy... officer; Cecil E. Pickens, chief, finance division. Bill D... has been named acting... manager; Stanley M... van, acting chief coordination... planning; and Carroll Smyers... relations officer.

## 50 Bible Certificates for Bible School

There were 84 certificates presented at the closing exercises... day night of the vacation... school sponsored by the... Baptist church. Enrollment for the week was... children who contributed... in free-will offerings for... work.

## Wilbert J. Hyatt in Beaumont Hospital

Dr. Wilbert J. Hyatt of Silverton is at William Beaumont general hospital, one of the area's largest, at El Paso. Prior to his entrance in service, he was engaged in farming. He was inducted at Oklahoma City, June 3, 1946, and completed his... training at Fort Lewis, Wash. At present he is completing his basis medical training at... Blis. When he receives his discharge, he plans to resume his former... work. His parents are Mr. and Mrs. W. J. Hyatt of Silverton.

**THE LONG BROTHERS** are home. George, RM3c, left, and Minyard, SAO3c, have both received their discharge from the Navy. They are sons of Mr. and Mrs. Eugene Long. George who entered the service March 27, 1944, saw service in Japan. Minyard served at Leyte and Manila. He entered the Navy on July 18, 1944. Both boys are graduates of Silverton High school and attended West Texas State college, Canyon, a short while before joining the Navy. They plan to resume their studies.

## Donations Surpass Budget Set by Girl Scout Council Here

Budget for the Girl Scout council has been surpassed, according to a report made this week by N. R. Honea, finance officer.

A total of \$470.26 has been donated to the council. The budget until September of 1947 was set at \$350.

Solicitations in Silverton resulted in \$196, while \$25 was given by the Briscoe County Development club. The now inactive Lions Club divided its finances between the Boy and Girl Scout councils. This resulted in \$185.60 being added to the funds.

Residents of the Francis community sponsored a pie supper Friday night with proceeds earmarked for the Girl Scouts. A total of 24 pies sold for \$63.66. Earl Cantwell was auctioneer. Earl Brock, president of the council, stated, "We want to thank every individual and organization that contributed toward this worthy cause. I am sure every individual Girl Scout will echo my thanks."

## Girl Scout Meeting Called for Lubbock

A meeting was scheduled for Thursday evening at 8 o'clock in the Hilton hotel at Lubbock for the purpose of organizing an area Girl Scout council. Dr. M. Harvey, temporary chairman, called the meeting.

On May 16, a meeting of the adult members of Girl Scouts in the counties of Bailey, Briscoe, Castro, Floyd, Hale, Lamb, Cochran Swisher, Crosby, Gaines, Garza, Hockley, Lubbock, Lynn, Terry and Yoakum was held in Lubbock.

Organization of the boundaries, officers, cost, budget and quotas were discussed at that time.

In addition to Dr. Harvey, Mrs. Roy Mack of Slaton was named secretary. Mrs. J. J. Depp of Plainview is now serving as secretary pro tem.

## Judge Chapman Has New Term of Court

Alton B. Chapman, district judge, was in Silverton on Monday of this week and opened a new term of court. The courts of the several counties of his district are held in continuous sessions, and the new term was opened here with the beginning of June.

A brief session was held Monday morning when a number of tax suits were heard. No jury was required for these cases, and since there were no criminal cases reported, no grand jury was summoned. After disposing of the several civil matters, court was dismissed, subject to call.

## CAMPAIGN MANAGER

Jerry Sadler, candidate for governor, has announced that his cousin Harley Sadler of Sweetwater, has accepted appointment as his campaign chairman for West Texas.

Miss Jo Webb of Tulla visited her sister, Mrs. Dee McWilliams, and family and friends Tuesday.

## Two Spills, No Injuries

Two spills, involving a car and a trailer, were reported this week, but no serious injuries or excessive damage resulted.

P. B. Force turned over a trailer of steers four miles south and one mile west of Silverton Monday afternoon. The steers, being hauled in the trailer, all moved to the back and to one side, causing the trailer to turn over. The trailer was soon righted and Force continued on his way.

About eight o'clock Tuesday evening, a car driven by a Mr. McGee of Lakeview turned over just at the west edge of Silverton. McGee was reportedly on his way from Lakeview in Hall county to Dimmitt with his four children when a tire blew out, throwing the car out of control. Although the car turned over, no one was seriously hurt. After checking the car, the McGee family continued to Dimmitt.

## Cemetery Cleaned On Memorial Day

Work was the order of the day when more than 300 people gathered at the Silverton cemetery on Memorial Day. G. W. Seaney, president of the cemetery association, reports that the large crowd came prepared to do any work necessary toward putting the cemetery in the best of condition, and that by the end of the day a wonderful improvement had been made.

Prior to Memorial Day it was planned to have a commemorative program, but the visitors were so busy taking care of the graves and the cemetery in general that no program was held.

Mrs. Alton Stee, secretary, reports that a wonderful response has been received from a plea for funds to hire a caretaker, and that to date more than \$800 has been donated. This fund is expected to keep a caretaker on the job throughout the summer months when weeds have tendency to grow so fast.

## Papers for Soldiers Expire Upon Release

In order to clear up some misunderstandings, it is again called to the attention of all that those papers being sent to men in service expire when the men are released from service.

These subscriptions were sold at a low rate with the understanding that they would be sent to the men in service so long as they remained in service, but that the paper would be discontinued when they were released unless paid for at the regular rate.

Nearly everyone who bought these subscriptions understood this, but a few did not, so the management of the News is making this statement to clarify for those who did not understand.

## No Reduced Harvest Rate

The Briscoe County News will not offer a special harvest rate this year. As is the case with all businesses, rising costs of production must be met, and only by maintaining certain prices can this be done.

The management of the News has endeavored to give its readers the best newspaper possible and a newspaper which is worth the price asked for it, \$2.00 per year. It is hoped that the readers will feel that the News is worth this much to them and that they will not object to paying the price. A number of subscribers have already paid the \$2.00 for their subscription, and it would be an injustice to them to offer it to someone else at a lower rate.

The management will continue to give its readers the best newspaper possible under existing circumstances, and the readers can show their appreciation by paying their subscription when it comes due. If your expiration date is circled, it means your subscription has expired, and you will soon be taken off the list if you fail to pay.

## Urges Immunization For Sleeping Sickness

It is more important for horses to be immunized against sleeping sickness than it has been in the past several years, County Agent Leo White stated this week.

The late spring and early summer is the proper time to vaccinate, since this disease usually occurs during a period of hot, dry weather. The first cases of sleeping sickness usually appear in July or August.

White pointed out that this year the disease appeared much earlier than usual, which indicates that there will be numerous cases before the end of the summer unless the animals are immunized.

The immunizing treatment consists of two vaccinations injected into the skin of the neck at seven and 10-day intervals. This treatment will give immunity until cold weather prevents the spread of the disease by flies and mosquitoes.

## Lynden E. Stephens Receives Discharge

Lynden Earl Stephens, son of Mrs. M. Stephens, recently received his discharge from the Navy at the separation center at Terminal Island, San Francisco, Calif. He held the rating of AMM2c, USNR.

When he enlisted in the Navy on Oct. 10, 1942, Stephens was working as a mechanic for Consolidated.

His naval service took him from Midway to Palmaria. He was entitled to wear the Asiatic-Pacific and American area ribbons and the Victory medal.

For helping in the tidal wave rescue on Hawaii, Stephens received the Ltr. Commendation.

Following graduation from high school, he attended Eastern New Mexico college, Portales.

**SILAS AFTON TEAGUE**, son of Mr. and Mrs. S. Teague of Silverton, received his discharge from the United States Navy at the separation center at Norman, Okla., on May 21. He served in the Pacific theater of war for 14 months. His last duty station was the USS Briscoe. Teague held the rating of Seaman 1c.

## Lions Club Funds Divided Between Boy, Girl Scouts

At the meeting last Thursday evening of the Briscoe County Development club, members of the now inactive Lions Club voted to divide the funds of the club equally between the Boy and Girl Scout councils of Silverton. The Lions' fund contained \$300 in War Bonds and about \$70 in cash.

Mr. Cline of the South Plains monument works in Plainview was present at the meeting and gave the group figures on the erection of a monument to veterans of World War I and II. According to Cline, the monument, to include names of all veterans of Briscoe county, could be erected at a cost of between \$1750 and \$2000.

Joe Mercer, vice president of the club, plans to appoint a committee within the next few days to study the matter further with the idea in view of devising some plan of action for the completion of the project.

A committee composed of W. Coffee, Jr., and Earl Brock was appointed to study the famine program and work out some means whereby Briscoe county might participate in this work.

Next meeting of the group is scheduled for Thursday evening, June 13, and will be held at the school building at 8 o'clock.

Mr. and Mrs. R. D. Wheelock and John Robert of Amarillo are spending the week in the home of his parents, Mr. and Mrs. J. E. Wheelock.

Mr. and Mrs. George Terry and children of Dallas arrived Saturday to visit her parents, Mr. and Mrs. A. P. Dickenson.

## Harvest in Silverton Area Into Full Swing This Week

A wheat harvest that materialized in spite of dry weather is now beginning to get into full swing in the Silverton area. Production per acre varies probably greater than it ever has before, local grainmen say.

Wheat that was planted on summer fallowed ground is showing the greatest yield to date, some of this wheat is producing 15 bushels or more. Some wheat is being cut that is producing barely enough to pay for the cutting, but every bushel is being saved in order to alleviate the world shortage.

Early Thursday morning, a check-up showed that between 350,000 and 400,000 bushels have already been delivered to the elevators in Silverton. Some of the wheat that is coming is still high in moisture content, indicating that a few more days of ripening might have helped. Most of the farmers are attempting to cut their wheat just as soon as possible in order to keep it from falling down, since the stalk is very weak this year. Practically all of the sap in the stalk went to the head in order to form grain, and where the stand is at all thin there is a tendency for the high winds to lay the wheat low.

Cutting of irrigated wheat is several days later than the dry land acreage, and it is expected that the yield will be better on these acres. Almost every farmer has expressed amazement that the production has been as good as it is, since but little moisture was received during the period when wheat needs it most.

So far, any farmer whose wheat was ready to cut has been able to obtain help. In fact, there has been an excess of combines and labor this year, which is contrary to the conditions that have existed during the past few years. If all of the wheat that is now practically ready for harvest is saved, Briscoe county will be doing a big share in relieving the shortage which exists. A large part of the wheat that is now coming in is being stored, but enough is being sold to meet the quotas that are asked by the government.

If the present, dry weather continues, it is thought that all of the acreage in this section will be cut before July 1, which is just a few days earlier than usual.

## Stevenson Announces For County Treasurer

A. G. "Ab" Stevenson this week requests the News to announce his candidacy for county treasurer of Briscoe county.

In making his announcement, Stevenson said, "I have no promises that are necessary to be made to the people of the county, as I held the office from 1928 to 1932 and those who know me know my record."

Stevenson has been a resident of Briscoe county since 1893 and now resides in Silverton with his wife and daughter.

## Attend Convention

Heydon Hensley, vice president of the Silverton First State Bank, and Perry Whittemore, cashier, were in Amarillo Monday to attend a meeting of the Panhandle Bankers Association.

T. H. Deaver, vice president of the First National Bank of Memphis, was elected president of the association. E. L. Norman, vice president of the Floydada First National Bank, was named vice president; C. R. Brock, cashier, American National Bank of Amarillo, secretary, and Guy W. Walden, vice president Clovis National Bank, treasurer.

More than 500 delegates were registered for the one-day affair at the Herring hotel.

Frank Havran of Sunray was a visitor in Silverton on Wednesday. He reports that he recently returned from an extended visit through the western states where he saw some wonderful country.

Mrs. A. H. Chappell and son, G. W., visited Mrs. Chappell's mother, Mrs. Betty Graham, in Nocona last week.

## Two New Members Added To Faculty For 1946-47 Term

Two more members have been added to the faculty of the Silverton schools for the 1946-47 session. Supt. F. M. McCarty announces. They were employed by the school board at its regular meeting Monday night.

T. M. Cox, who made application for the coaching assignment, was offered the position as well as assignments in high school.

W. N. Bailey accepted a position as teacher in the high school.

Cox completes his B. S. degree at Texas Tech, Lubbock, in August. He worked as assistant in the athletic department in the college for the past three years and has worked with the city recreation department as coach during the summers. Cox coached in the back field for the Red Raiders the past three seasons, lettering each year. He comes with recommendations from A. C. Hamilton, who has charge of the Lubbock city recreation department; Dell Morgan, head coach at Tech; Ernest Wallace, assistant dean arts and sciences, and Morley Jennings, athletic director of Tech.

Bailey, 24, a graduate of Texas Tech, applied for the position of vocational agriculture teacher. A telephone call was placed to Mr. Ryan, area supervisor of vocational agriculture, Lubbock, asking him if there was any possibility of reopening the department. He said that nothing could be done until congress acted upon a bill now under consideration for providing funds for reopening departments. He said he would assure Silverton that the department would be reopened as soon as funds were made available.

The board offered Bailey a high school teaching position with the understanding that he would be given the agriculture assignment when it opened, but to take other teaching duties until that time.

Before going into the service, Bailey taught agriculture at Meagard and Whitharral. He saw action in the European theater and was later sent to the Philippines. Bailey was only recently discharged after four years service in the army. He is married.

## Seniors Return on Friday from Trip

Members of the 1946 graduating class of Silverton high school returned Friday afternoon from their annual trip after five days spent in sight-seeing.

The group left Silverton Sunday morning May 26, visited Mt. Capulin, N. M., and spent the first night in Walsenburg, Colo.

Visits were also made to the Royal Gorge, the state prison at Canon City, Colo., Garden of the Gods, Seven Falls, Mount Manitou, a fish hatchery, the oldest mission in the United States and the pueblos at Taos.

Making the trip were Bobby McWilliams, Erma Lee May, Betty Nan Burson, Lester Paige, Bruce Price, Truman Stephens, Clenda Arno'd, Dorothy Lynn Bailey, Gerene Bingham, Winona Faye Brown, Mildred Carruth, Jeanne Dudley, Joyce Dell Hardin, Lougene McClendon, Thelma Gean Mercer, Deal Self, Wanda Teague, Norma Vaughan, Carrie Dell Waters, and Othel Welch.

Accompanying the seniors were Supt. F. M. McCarty, Mrs. Leota Alexander, Miss Opal Cross, and Miss Lella Graham. Luther Gilkeyson drove the bus.

## RETURN FROM OKLAHOMA

Mr. and Mrs. J. N. Cantwell have returned from Erick, Oklahoma, where they were called when their son-in-law and grandson, A. M. and Mack Hill, were seriously burned. The accident occurred when Hill was cleaning a tractor in his garage. Gasoline fumes collected in the garage, and when the tractor was started the fumes ignited. The tractor and garage were a total loss.

**THIS CZECH YOUNGSTER** seems to be afraid someone may take away his weak soup and bread crust. It is his one meal for the day. There are millions of others in Europe and Asia who have not even this meager ration. You can help save them from starvation by giving money or food in tin cans for the Emergency Food Collection that is now in progress.

Mrs. D. O. Bomar and Don of Lubbock spent Monday night and Tuesday with relatives. Mary Tom Bomar and Mrs. Pearl Simpson accompanied them home.

Milton Perry visited his son, W. L., and Mrs. Perry in Fort Worth from Friday until Monday.

Mrs. J. E. Morton of Goree left Thursday morning after visiting with her daughters, Mrs. Lee Bomar, Mrs. Wayne Crawford and Mrs. Donald Alexander.

Mrs. George Jones, Mrs. Albert Roland and Mrs. Martin were in Childress last Thursday.

SUPERVISORS FOR CAP ROCK DISTRICT—Earl I. Cantwell, Chairman, Louie Kitchens, Obra Watson, Pierce White and Bray Cook.

Allen Kellum, a cooperater of the Crass conservation group, lowered the pump in his irrigation well 20 feet last Wednesday and practically doubled the water capacity of the well. Soil conservation engineers assisting the supervisors of the Cap Rock district gauged the amount of water being pumped and the depth down on Kellum's well several weeks ago.

Terraces constructed by H. W. Hamilton, W. W. Woods, E. L. Chandler and Jack Williams, cooperators, were checked for completion by soil conservation service engineers last Thursday.

Earl I. Cantwell, chairman of the board of supervisors, sent a copy of the following letter regarding land levelers to all irrigation cooperators last week:

The letter which I sent you regarding the land leveler has drawn so much attention, that I think it expedient to write still another.

The results of the inquiry are such as to show that the proposed plan would never be workable. Too many cooperators over too great a territory have expressed an eagerness to participate in the plan. This being the case, I am suggesting to you another plan, which I have submitted to a great many who came to me and which seems to be received by them as a much better plan.

This plan is that the members

of each designated group purchase at least one leveler among themselves. This could be done at little more cost than the advance lease which we had in mind under the other plan. The purchase price of one popular machine is approximately \$300, which divided, could well be less than the cost of building a wood float.

Please express your opinion in regard to the proposed plan and if you decide to enter into such a plan, either contact me or someone in the local soil conservation office and inform us as to your desires.

NORTH WARD

Mrs. Oral Wineinger and children and Jimmy Neatherlin and wife visited their parents, Mr. and Mrs. George Neatherlin, over the weekend.

Mr. and Mrs. Jimmy Neatherlin left Monday for Savannah, Ga., where they will make their home.

Mr. and Mrs. S. O. Neatherlin and children of Quitaque visited his parents, Mr. and Mrs. George Neatherlin, Sunday evening.

Thomas Olive visited relatives over the weekend.

The North Ward Quilting Club entertained families of the members with a picnic supper Friday night, May 31.

Those attending were Mr. and Mrs. Winston Hamilton and sons, Mr. and Mrs. George Neatherlin and daughter, Mrs. Oral Wineinger and children, and Jimmy Neatherlin and wife of Amarillo, Mr. and Mrs. M. W. Hartman and sons, Mr. and Mrs. Arthur Arnold and children and Mona Brock, Mr. and Mrs. Floyd Woods and sons, Mr. and Mrs. Bill Edwards and son, Mr. and Mrs. Herbert Brown and son, Mr. and Mrs. R. H. Stodghill, Jr., Mrs. Virgil Sanders and sons, Mrs. M. M. Edwards and family, Mr. and Mrs. Herman Ely and girls.

Office supplies at the News.

Means Better Care FOR YOUR CAR

Better care because... when you get Certified Mobil Lubrication at our station, you get more than just another "grease" job. You get lubrication that pays attention to the needs of your particular car... lubrication that uses the correct oils and greases to make your car run smoother and better. Let us care regularly for your car—the Mobil Lubrication way!

Just think! In 20 years, I can vote.

And what will happen to him during the next 20 years?

Oh, he will probably have the measles, the croup, the mumps, maybe fall out of a tree, learn to swim, play baseball, football, kick about his home-work, and, if lucky, he may be a graduate from some college the day he votes.

Every Church, every denomination in this community, needs the active, constant, and continuous support of every man, woman, and child. Why not affiliate yourself, today, with the Church of your choice. You will meet new and interesting friends and set a living spiritual pattern for your children, needed by them as they move out towards life's battles.

What about his spiritual life? Only you, his parents, can answer this question.

**Surplus Monoplanes Offered for Sale**

More than 350 surplus Stinson AT-19 cabin monoplanes, former lend-lease aircraft which have been returned by the British, will be offered for sale beginning on June 3, Hamilton Morton, War Assets Administration director, Fort Worth, announced Monday. The planes are located at Chambers field, naval air station, Norfolk, Va. They are priced at \$1,500, \$2,000 and \$2,500 each, depending on condition cash only, with no discounts. On June 3, sales were made to federal agencies for their own use. Veterans of World War II may use their priority from June 4 through June 18. June 19 has been set aside for RFC purchases for resale to small business, June 20 for state and local governments and subdivisions and June 21 for eligible non-profit institutions. Beginning June 22, the sale will be open to the general public. Inquiries regarding aircraft disposal may be made at WAA regional office, 2001 McKinney ave., Dallas.

**TRAINING FOR SERVICE**

LESSON TEXT—Mark 6:7-13; Luke 10:2, 14:25-27. MEMORY SELECTION—And he that taketh not his cross, and followeth after me, is not worthy of me.—Matthew 10:38.

Workers for God and with God! Such is the high privilege of the men and women who respond to his call and who go out to witness for him.

On the one side, we have a world desperately in need of the gospel, perhaps more so than any generation in history. On the other hand, we have the gospel of the saving grace of God in Jesus Christ, the only solution to the problems of mankind, the perfect answer to man's need.

How shall these two be brought together? By sending out witnesses to tell the glad tidings of redemption and peace. Where shall we find these witnesses? In the church, for only the believers in Christ is qualified to tell others of his saving grace.

Our lesson, in telling of the Lord's calling and sending forth laborers into his harvest field, gives us much helpful instruction regarding service for the Lord. We learn that

**I. God Provides for His Workers** (Mark 6:7-10).

Jesus sent out his 12 disciples two by two, thus providing every worker with fellowship and help in hours of discouragement and trial. This also served to keep a man in balance so that he would not become self-willed and proud of his own achievements. It was a wise provision. Per-

Phone 292 Plainview

haps the church should have observed it with more care, and thus have saved some good workers from going astray.

They were not to be cumbered with extra equipment, nor be concerned about their daily sustenance. The Lord would provide through the hospitality and generosity of his people.

Note that the expected hospitality was not to be allowed to hinder their work. (cf. v. 10 with Luke 10:7). Many a preacher or evangelist has ruined a series of meetings by letting social life hinder prayer, soul-winning, or preparation for preaching.

**II. God Gives Power to His Workers** (Mark 6:7, 11-13).

He gave them authority over evil spirits, so that they could drive them out. He gave them power to heal; he gave them power to preach effectively.

The man who goes forth to speak for the Lord does not have to muster up his own puny powers or depend on the weak arm of some human helper. His resources are infinite and omnipotent. He speaks for the Almighty God. He has a message with saving power.

All too often the servants of the Lord are apologetic and hesitant in their ministry. They mistake weakness for meekness, and in their desire not to assert themselves, they fail to speak a ringing, "Thus saith the Lord."

We need a revival of authoritative preaching, of that holy boldness which was not afraid to rebuke sin and any unwillingness to do the Lord's will (v. 11). We need a new emphasis on repentance (v. 12).

**III. God Calls Helpers for His Workers** (Luke 10: 1, 2).

After the 12 were sent out, he called and commissioned the seventy. That blessed process has gone on ever since. How blessed it is that even in our day of unbelief and sin, hundreds of young men and women are going out to all the mission fields of the world to work with older and experienced missionaries.

Perhaps these words will be read by some young man or woman who has felt the promptings of the Spirit of God to go into his service. Step out by faith just now, and begin to prepare yourself for God's service. If the writer of these notes can be of help to you, do not hesitate to write to him. God is looking for more workers.

Do not overlook the important admonition in verse 2. The Lord is waiting for his people to pray for laborers for fields which stand white and ready for harvest.

**IV. God Requires Self-Denial of His Workers** (Luke 14:25-27).

The mighty works and the powerful words of Jesus made it impossible for people to ignore him. Multitudes followed him, but he, knowing the fickleness of the human heart, faced them with the real demands of discipleship.

### Where a Little is a Lot

Hard work is no stranger to the farmer. He knows that what you get out of a job is based generally upon what you put into it. Most farmers, knowing the amount of effort it takes to have a successful farm, buy insurance against rain, hail or tornado damage to their buildings and their crops.

But the farmer, like the city resident, cannot protect himself or his family by any known means against a disease, infantile paralysis, which again is on the march in the United States.

However, while no means of prevention or cure of polio have been discovered, much can be done in the way of treatment, the National Foundation for Infantile Paralysis points out.

Treatment of infantile paralysis is expensive. Should someone in your family be stricken, the cost of prolonged treatment might sweep away your life savings were it not for the fact millions of farmers and city dwellers voluntarily support the annual March of Dimes—sole source of National Foundation funds.

Through such contributions multiple services await whenever polio may strike in any county of the nation, for National Foundation chapters stand ready to aid infantile paralysis victims regardless of age, race, creed or color.

There is no insurance against polio; but there is assurance that no infantile paralysis victim need go without aid because of lack of funds. That indeed proves a little can mean a lot.

### Nation's Health Will Benefit

The United States is destined to eat less in the near future, in order that other countries may have a little more food. Far from hurting the health of the nation, medical spokesmen say it will do us good. In fact, the health magazine Hygeia, a publication of the medical profession and a recognized authority in its field, declares that "this cannot possibly harm the average American citizen. Indeed it is likely to help him, since overweight after middle life is recognized as one of the important causes of abbreviated longevity." It then gives some practical suggestions for diminishing the consumption of wheat and fats, such as one-piece sandwiches, buckwheat cakes for breakfast, the substitution of fruits and other desserts for pastries and cakes, broiled instead of fried meat, and bread and jam without butter.

The wholehearted manner in which our people have expressed a desire to share food with other nations, is encouraging. It is the mark of a reviving civilization.

THE NEW-STYLE "Umbrella" TYPE OIL FILTER ELEMENT

KEEPS OIL CLEAN TWICE AS LONG

Be prepared to keep your tractor engine fully protected. Make sure that the oil which reaches vital engine parts is free from dirt, sludge and abrasive particles. The new International Harvester "umbrella" type filter element removes all such harmful material... filters out even the tiny, micron-size particles. This new-style element is made of special, creped cellulose, resin-impregnated and baked to form a plastic-like material that withstands hot oil without collapsing. Its extra-large filtering capacity keeps engine oil clean twice as long (120 hours for gasoline engines). By replacing the filter element regularly full protection is assured even under adverse operating conditions.

Take home a supply of the new-style "umbrella" element today.

## BOYCE HOUSE "Gives You Texas"

How to avoid falling hair: Jump quickly to one side. To keep a horse from slobbering: Teach him how to spit. In time of danger, what is more to be desired than presence of mind? Absence of body.

Tell a woman who is trying on shoes that one foot is larger than the other, and you have lost a sale; but tell her that one foot is smaller than the other, and you have gained a customer.

Getting around over Texas: When the First National Bank in Cisco was re-modeled, the side door opening on to the alley was eliminated. It was through that door the Santa Claus robbers marched out, using bank customers and members of the bank's force as shields, during the battle that cost three lives, back in 1927. And the pole near the jail in Eastland, from which the Santa Claus later was hanged, is still standing.

A tribute to our teachers, entitled "Builders," written by an unknown author:

A builder built a temple; he wrought it with grace and skill. Pillars, groins and arches, all fashioned to work his will.

Men said when they saw its beauty, "It shall never know decay."

"Great is thy skill, O builder, thy fame shall endure for aye."

A teacher built a temple with loving and infinite care. Planning each arch with patience, laying each stone with prayer.

None praised his unceasing efforts; none knew of his wondrous plan.

For the temple the teacher built was unseen by the eyes of man.

Gone is the builder's temple, crumpled into the dust. Low lies each stately pillar, food for consuming rust. But the temple the teacher built will last while the ages roll. For this beautiful unseen temple is a child's immortal soul.

### TRAIL DUST

A new school of thought advocating the necessity of a poor memory is refreshing. Its principals deserve consideration since there is a smooth-mouth fact that more trivial than important incidents occupy our time. More useless than worthy words are uttered; more wretched than happy hours claim parts of our lives. Without remembering we are able to meet each instant with a wholesome aspect. There is no excess burden left in the attics of our souls.

Hanging between the leafless limbs of perished years, the once gossamer web of ambition now sags with the dust of many failures; the weight of secret tears.

My cowboy friend who rolls a tamale-shaped cigarette without

licking the paper has an opinion that the men who look at their watches with the greatest frequency are not going anywhere.

Wind like a tumbling wall pushed the cottonwoods from their places in the moving car lights and yellow leaves laced the darkness. Blinded and afraid, the small bird was unable to escape the impact with eternity. In the fleeting instant I knew that one of God's numbered sparrows had returned.

Time is a sea of solvent which consumes all that falls into it. The mountain and a lover's promise perish like snowflakes that lay for an instant beneath the sun.

Rich windows of diamonds and soft gold arrest many a hurried step on the city's weird street. When soulless rain spills through the night's leaky roof and fears walk in pairs past the shadows and sounds, jewelry windows seem brighter. They become cold flames that attract grounded moths; lanterns to light the faces of dreamers. Few of us that pause appear to possess the amounts on price tickets. We will be great spenders once our ships ever anchor in the harbor of tomorrows.

Apparently no one has foreseen the complication which may arise from the practice of West Texas counties paying bounty on the ears of coyotes. Some day an attractive young girl is certain to ask if money is paid for the ears of any kind of a wolf.

"Home, Sweet Home" is a nice motto if you have some place to hang it.

How can I know the wealth of youth without having lived it? A child has no method to evaluate the worth of a coin until after it is spent.

Love gives more than it expects to receive or perishes from its own miserliness.

There is a sermon in the church bell's ringing on a tranquil Sabbath morning.

### Dallam Seventh in Endowment Drive

A check for its full quota toward the \$450,000 statewide drive of the National Americanism Fund last week made Dallam county the seventh in the state to complete its objective and put the 18th District at the top of the three counties fully subscribed. Lon C. McCrory, president of the Citizens State Bank, Dalhart, was county campaign chairman.

Armstrong county had met its quota before the campaign opened, and Hemphill had gone over the top earlier last week. James R. Moore, Amarillo radio station executive and recently-elected 18th district commander of the American Legion, reported that others of the 28 counties in his district are approaching the successful completion of their campaigns.

The Americanism Endowment Fund is a trust fund administered by 21 trustees prominent in business and finance, organized labor, the professions and public life, which was set up to meet the tremendous responsibilities facing postwar America by means of a broad program of public welfare work and education in the duties and responsibilities laid upon every citizen by the Constitution.

President Truman is honorary national chairman of the \$15,000,000 national campaign. Gov. Coke R. Stevenson and the governors of 46 other states are honorary state chairmen.

Mrs. O. T. Bundy left Friday for Lubbock to spend several days with her daughter, Mrs. Clarence Mast, and family.

**WE'RE MAKING PROGRESS — WE'RE ON OUR WAY**  
To Help Develop This Territory

Long before V-J Day, we made plans, and started putting them into effect. New generating capacity in six power plants, one complete new plant, miles and miles of new transmission lines to bring more electric power to more people at a lower cost than ever before. That, in a nutshell, is what our vast expansion program consists of.

All this means better living in the home electrically, better farming, more and bigger industries, more profitable business.

Yes, we're on our way to help develop a better, more prosperous territory.

**James Richards To Wed in Mid-June**

Of interest to Silvertown residents is the announcement of the engagement and approaching marriage of Miss Mary Farrar of Elgin, Okla., and Cpl. James Richards of Cache, Okla. Cpl. Richards is the son of Mr. and Mrs. Prentice Richards of Cache who were reared in Silvertown. He is also a nephew of Sid Richards of Silvertown.

The marriage will be solemnized in mid-June in Hily City chapel in the Wichitas near Lawton, Okla.

The bride-elect is the daughter of Mrs. J. T. Farrar, and the late Mr. Farrar. She was graduated from Elgin high school and attended the University of Oklahoma for three years. She was a member of Kappa Phi religious sorority, the Cadettes and other organizations. She is now teaching in the Cache public schools.

A graduate of Cache high school, Cpl. Richards is stationed at Fort Sill, Okla., with gunnery headquarters.

Mr. and Mrs. L. L. Hughes and Evelyn and Mrs. J. P. Cogdill and James of Erick, Okla., visited Mr. and Mrs. George Seaney and Mr. and Mrs. Arnold Brown over the weekend. Mrs. Cogdill remained for a visit of several days with her daughter, Mrs. Brown.

Mrs. R. H. Stodghill and Mrs. W. R. Hardin were visitors in Floydada Monday.

**Winona Francis is Bride of Cecil Franks on May 31**

Miss Winona Francis became the bride of Mr. Cecil Franks, son of Mr. and Mrs. Audra Franks 206 Georgia st. Amarillo at 2 p.m. Friday, May 31, at the home of her parents, Mr. and Mrs. J. Lee Francis of Silvertown.

MRS. CECIL FRANKS

The double ring ceremony was read by Mr. Earl Cantwell before an improvised altar of greenery and white gladioli.

Miss Wilma Lee Francis, sister of the bride, was maid of honor, and Glen Franks, brother of the groom, was best man.

The bride wore a white marquisette dress with matching half-hat and an orchid corsage. Her going away suit was a light weight blue wool with white accessories. After a short trip, the young couple will live in Amarillo.

The bride, a graduate of Silvertown high school, received a degree in business administration from West Texas State College. She was a member of Alpha Chi, national honor society, and president of Delta Zeta Chi sorority.

The groom is attending school at West Texas State college after serving his country as a marine.

At an informal reception after the ceremony, the following were present: Misses Carlyn and June Wimberly and Misses Ruby and Opal West of Canyon, Miss Polly Steele of Lubbock, Bob Rountree and Gene Groom of Amarillo, Mr. and Mrs. Wade Steele, Mr. and Mrs. Alton Steele and daughter, Mrs. W. R. Sams, Mrs. Joe Mercer, all of Silvertown, and the bride and groom's families.

Mr. and Mrs. Bob Smith and Mrs. Ben Garvin returned Monday night from a visit with relatives and friends in Dallas and Fort Worth.

Mr. and Mrs. Jim Carter and family of Canyon spent Friday with Mr. and Mrs. Dee Garvin. Jerry Garvin accompanied them home for a visit.

Use Chemicals For Control of Weeds

The use of chemicals for weed control is rapidly becoming popular on farm land and lawns, according to County Agent Leo White. The new chemical containing 2 4-D is now available in many business places. It will destroy practically all broad leaved plants and it is not harmful to people or livestock, White said. It has very little effect upon grasses and it does not harm the soil. 2 4-D is a hormone which kills the plant by overstimulation. It comes in a powder or liquid form which will mix with water to make a spray material. The cost is \$7 to \$10 for enough material to kill an acre of such troublesome plants as ragweeds or bindweeds. One hundred and 50 to 300 gallons of spray are needed to cover an acre of solid weeds. Most plants are killed with one application if all parts of the plant are well covered. Best results are obtained if the spray material is applied when the temperature is about 70 degrees. It has not been definitely determined if this new material will permanently kill blueweeds, but some recent experiments make it look promising for blueweed control, White said.

Mr. and Mrs. Jim Feagan of Fort Worth spent the weekend with his sister, Mrs. J. R. Guest.

Gerald, Gene and John Arthur Arnold spent the weekend in Midland.

Poppy Sales Good

Response was good to the poppy sales sponsored Memorial Day by the American Legion Auxiliary, according to Mrs. Wayne Crawford, auxiliary president.

A total of \$31.37 was collected Wednesday afternoon and Thursday for rehabilitation work for war veterans. Members of the senior Girl Scout troop and the Rainbow troop conducted the sale.

Mr. and Mrs. O. C. Rampley, who are attending West Texas State college at Canyon, spent several days here this week visiting relatives.

Mr. and Mrs. W. A. Colston, Mr. and Mrs. Johnnie Quillin and Carl Dean Bomar spent the weekend in Amarillo.

Mr. and Mrs. Ray Brown and Mr. and Mrs. Milton Dudley spent Monday in Plainview.

Mr. and Mrs. Bob Hill spent several days the first of the month in Plainview.
